FORMER LOCKNEYITE—While at the Tech game last Saturday night Lockney band members got to see a former LHS graduate in action as Libby Williams performed with the Tech cheerleading squad.

## Bybee and Fortenberry provide history day with taste of Old West

Among the many volunteers who will be making "history come alive" for Texas history students and buffs at "History Day at the Ranch" near Matador on October 18 and 25 are Mr. and Mrs. Donnie Bybee of Lockney and Mr. and Mrs. Eddie Joe Fortenberry of Abernathy.

However, Bybee and Fortenberry will go one step further and provide a "taste of the Old West." Fortenberry's specialty is whipping up sourdough biscuits while Bybee's talent lies in cooking the biscuits to perfection in dutchovens over hot coals. That's likely to be no small or easy task.

Using last year's History Days as an example, they served up as many as two or three biscuits per person for an estimated 875 people.

The team has been called on many times during the Sesquicentennial celebrations, including serving the non-English speaking members of a Bavarian band during a duststorm in March. May found them camped on the Motley County Courthouse square demonstrating their technique at the Folklife Festival.

The wee hours of the following morning found them stoking the fires to serve their tasty biscuits to appreciative wagon train participants. Mule-skinners as well as riders returned to the campfire for plate loads of biscuits topped with creamy white gravy.

The chuckwagon, the last stop on the rugged two- to three-hour tour of History Day at the Ranch, which takes place on a ranch between Floydada and

Matador, is a popular place since youngsters and old-timers alike seem to be fascinated by cooking over a bed of mesquite coals. As they help themselves to another biscuit, all agree that eating outdoors whets their appetites. Cowboys will be on hand to bend an ear with tall tales while a fiddler adds atmosphere by playing tear-jerking melodies.

Another stop on the tour of the on-site history program will include a sandstone-lined dugout where costumed pioneers will be demonstrating fireplace cooking and housekeeping chores such as quilting, soapmaking, rub board washing and churning.

The tragic story of the young man who built the dugout and tried to establish his homestead amid a huge and powerful ranch will be told by Edna Leonard Waybourne, whose father bought the nester's holdings.

Along the banks of the cottonwood studded Mott Creek, an Indian tipi lodge, black powder gun demonstration and authentic costuming of the mountain man era will be provided by the Free Trappers Buckskinners group.

Amateur archeologist Wayne Parker, descendant of Quanah Parker, and Floyd County Judge Choise Smith, grandson of pioneer Hank Smith, will display an extensive artifact collection,

demonstrate the use of weapons and tell how the Indians in the area lived.

On hand to tell the soldiers' side of the Indian-soldier conflict will be members of the newly-formed Mac-

### Correction

The Beacon incorrectly stated last week that Dr. Bill Mangold was valedictorian of the Lockney High School Class of 1961. Actually, June Caldwell was valedictorian of that class and Mangold was salutatorian. The Beacon apologizes for the error.

## Chester Carthel elected director of First National Bank in Lockney

Chester Carthel was elected to the board of directors of the First National Bank of Lockney on Thursday, September 18.

Commenting on the election of Carthel to the board, FNB president Kim King stated, "The bank owners and management are honored to have this fine member of the Lockney community serving on the board. He will be a real attribute. This is a part of our continuing program to involve the community in the administration of the bank."

Carthel is a lifelong member of the

Lockney community and is actively engaged in farming in the Prairie Chapel Community.

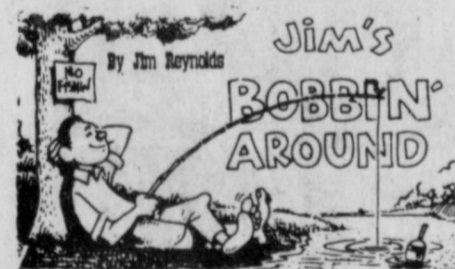

He is presently a member of the board of directors of the Lockney Hospital District. He was first elected to that board in September of 1975 and served until April of 1983. He was called on in August of 1983 to fill the unexpired term of George Sparkman who had moved from Lockney. He has since been elected to serve another term on the board and serves as the chairman of the hospital board.

He has also served on the board of the Floyd County Farm Bureau and on the

board of Consumers Fuel Association of Lockney.

He is a very active member of the West College and 3rd Church of Christ in Lockney.

Carthel will join other board members of the First National Bank that include Robert Wilson and Don Cosby of Lubbock, Gary Fletcher of Canyon who is an advisory director, Tom Nichols of Lubbock who is the chairman of the board, and Lockneyites June McDonald, Dub Dipprey, Kim King, Ronnie Harden and Terry Keltz who is the secretary to the board.

## Clar Schacht's resignation accepted by school board

At the regular monthly meeting of the Lockney school district board of directors, Clar Schacht turned in his resignation from the board.

Citing his move to Floydada this week and job requirements as the reasons, Schacht resigned after serving four years as a member of the board.

Commenting to this paper, Schacht said, "I have really enjoyed serving on the board. It has been a pleasure to help provide the best possible education for the students in Lockney. I have also enjoyed seeing the improvements that

were made on the buildings in recent years. All the board members are working to provide the students in Lockney with the best possible education and the best environment in which to learn.

"I would also like to thank members of the Lockney community for their support of the board and the work that the board is doing. Lockney has three fine schools and the board will continue to provide the best service to the students of Lockney."

Appointed to fill Schacht's seat was

Eddie Joe Foster, former president of the school board. Foster had chosen not to run for re-election to the board in April of this year but had served on the board for a number of years prior to leaving. Board president Kelton Shaw commented, "We are sorry to lose a fine board member like Clar, and we have asked Eddie to serve in his place

Continued on Page Three

## Bicyclist injured

Last Wednesday night at about 7:00 p.m., a young man, 13-year-old John Garcia was injured while riding his bicycle near Mary Hutton's station. He was hit by a green Chevrolet pickup and was transported to the local hospital by ambulance, with a bump on the head and bruises and abrasions.

Though not seriously injured, he was detained in the hospital for observation and was released on Thursday.

Lockney police chief Tim Thompson commented, "The accident was the

fault of the bicycle rider who ran out in front of the pickup. Young people riding bicycles should be aware that they must follow the same traffic laws as the driver of any motor vehicle. They must stop at stop signs, yield where indicated and follow all the laws that pertain to motor vehicles."

Even though bicyclists must obey traffic laws, motorists should be on the lookout for these young people and their two wheeled vehicles.

### SIMPLE TEST

Unlike the TECAT for teachers, a passing score is not required on this test devised by Marshall Day, editor of The Seminole Sentinel.

This is a rather simple test, but common sense is required. The test, with answers following:

1. How many outs are there in an inning of baseball?
2. If you divide 30 by one-half and add 10, what is your answer?
3. You are tired. It is 8:00 p.m. You set your alarm for 9:00 a.m. How many hours sleep will this permit you to have?
4. How many birthdays does the average man have in his lifetime?
5. How far can a dog run into the woods?
6. Where do they bury people living west of the Pecos?
7. A man builds a house with four sides. Each side has a large bay window with a southern exposure. A bear walks by. What color is the bear?
8. What can you fill a bucket full of to make it lighter?
9. How much dirt is in a hole one yard deep, three feet long and 36 inches wide?
10. What is Smokey the Bear's middle name?
11. An appendectomy is the removal of your appendix, a tonsillectomy is the removal of your tonsils. What is the name used for the removal of a growth from your head?
12. Which will burn longer, a blue candle or a red candle?
13. If you had only one match to enter a room which had a kerosene lamp, an old heater and a wood stove, which would you light first?
14. Some months have 30 days, some 31. How many have 28 days?
15. I have two U.S. coins in my hand. They total 55 cents in value. One is not a

## This Week . . .

### LOCKNEY 4-H

The Lockney 4-H Club will meet Monday, Sept. 29, at the ag building at 7:30 p.m. This night has been set aside as guest night.

### Adult Education Classes

Adult education classes have now begun at Lockney Junior High School. Call the junior high for more information on the classes.

### VOLLEYBALL

Anyone who is interested in playing volleyball on week-day evenings, please contact Lozell Keeter. She will then set up a meeting for those interested and set days to play in the high school gym.

### LIONS TO WORK TELETHON

The Lockney Lions Club will be helping to raise money for the Texas Boys Ranch on October 4. The annual Texas Boys Ranch Telethon will take place on that day and the Lockney Lions Club will be

taking local donation calls at the First National Bank from 4:00 p.m. to 9:00 p.m. on October 4.

### SPECIAL FOOTBALL NIGHTS

The Lockney football coaches have set Friday, October 17, as parents night for the 1986 season. Also October 31 will be the night that the 1986 football queen will be announced.

### PTA MEETING

The first meeting of the Lockney PTA organization will be held on October 6 at 7:30 p.m. at the Lockney Elementary Cafeteria. It is important that anyone interested in the local PTA organization be at this meeting. Featured speaker will be Susan Crider, new first grade teacher at Lockney Elementary School and a former president of the Plainview PTA. She will be explaining the functions of the PTA organizations and the parts that both parents and teachers play to make the PTA a worthwhile organization.

TIED DOWN—Lockney Band Director John Lewis found one way to keep Clay Golden still at the Texas Tech, New Mexico football game in Lubbock last Saturday. Lewis borrowed some handcuffs from another student and attached Clay to the

handrail near his seat. "We can report that the Lockney band members were very well behaved during the ball game," commented a Beacon reporter.

—Staff Photo

## In times like these... By Mary Jo Fielding

Cuts in overseas aid, which the White House considers a prime foreign-policy tool, now are inevitable to meet spending limits imposed by Gramm-Rudman-Hollings legislation.

The White House quandary, where to make the cuts, is compounded by the fact that three countries, Israel, Egypt, and Pakistan, get almost half of all U.S. economic and military assistance. Aid to all three is considered almost untouchable for political and strategic reasons. That means cuts, which could exceed 50 percent in some cases, for some 50 other nations. The toughest decisions will concern allies in the North Atlantic Treaty Organization whose assistance is tied to military base pacts and in Central America, which is high on the

president's priority list.

Assistance cutbacks in Central America could hit \$76 million for El Salvador, \$28 million for Honduras, and \$44 million for Costa Rica. All are important to the U.S. goal of isolating leftist Nicaragua. El Salvador's military forces hold a clear upper hand over Communist insurgents, but the democratic government of President Jose Napoleon Duarte could collapse if U.S. economic help is cut too severely. Honduras and Costa Rica are being counted on to provide bases and supply routes for U.S.-financed contra rebels fighting the regime in Managua. An aid cutback would increase the already evident reluctance in both countries to cooperate.

## Curtsinger wins first in football contest

Last week's football contest brought a few surprise upsets and caused more missed games than any of the contests this season.

The first place winner, Jim Curtsinger, Lubbock, missed only three games in the contest. He was the only entrant to accomplish this and he will receive the first place check of \$10.00.

Second place was a little tougher to judge as there were several entrants who only missed four games. Second place this week will go to Keith Marricelle of Floydada who missed four games on the contest and had a total score of 35 on the Lockney, Seagraves game. He will receive the check for \$6.00.

Third place winners, Dr. Gary Mangold and girls also missed only four games this week and had a tie breaker score of 32 on the Lockney, Seagraves game and they will receive the \$4.00 prize money.

Competition for the tickets to the Dallas Cowboys game is heating up. Thus far we have 23 entrants who have turned in entries each week, which is important to stay in contention for the tickets.

Leading the pack is Jim Curtsinger of Lubbock who has 33 points. He is followed by six entrants who have 30 points each. They include Willis Reynolds, Dr. Gary Mangold and girls, Retha Wofford, Kenneth Wofford, Karla Josey and Keith Marricelle.

Other standings include:  
 29 points - Johnny Dorman, Lisa Mosley, Homer Ragland  
 28 points - Frankie Armstrong, Roy Saucedo, Joe Copeland, Boyd Lee

# Mitchell to attend 4-H Congress

By Mary True

Joel Mitchell, the 15-year-old son of Warren and Charlotte Mitchell, will be one of the fifty some odd 4-H'ers from Texas attending National 4-H Congress in Chicago, Illinois, in December. His Santa Fe 4-H record book placed sixth out of 24 in state competition which awarded him the opportunity to take an expense-paid week in Chicago.

Mitchell along with two other senior Floyd County youth, submitted record books for state competition. Kelli LaBaume and Chad Edwards did not win a trip, but they did place well. Miss LaBaume placed 6th with her Foods and Nutrition record book and Edwards placed 5th in the Beef category.

Mitchell is the fifth 4-H'er in the last three years to win a trip with his record book. Earl Brosech, Heather Holt, Matt Mitchell, and Lisa Terrell were the

other winners.

The Lockney youth has been a 4-H member for the past six years. His record book was entered in the Santa Fe Awards Program. In this program, the 4-H'er has 2-3 main projects and several others in which they are active.

His main projects included Shooting Sports and Recreation. Some of his other projects were: Foods and Nutrition, Sheep and Goats, Public Speaking, Agriculture, Computers, Automotive, Aerospace and Electricity.

Mitchell has participated in and led countless activities. He has shot at the state 4-H rifle contest, been a member of a "Share-The-Fun" skit, worked as a member of the stage crew at the state "Share-The-Fun" contest, won the county and district food shows, been the junior and teen leader for several projects and been on three interstate

exchange trips.

4-H had given Joel a host of memories. He received the "Electric Camp Vice" award last year which he will not soon forget. Also, on an exchange trip to Missouri, he participated in some waterfights. He says, "When he put on that hot, soggy, heavy firesuit and helped my three man team hang on to that firehose, I gained new respect for firemen."

Mitchell will be attending the 65th Annual National 4-H Congress with 13 other 4-H'ers from District 2 and a total of about 50 4-H'ers and leaders from across the state. It will be held at the Conrad Hilton the week of December 7. The trip will start December 5 for Joel when the Texas delegation will meet in Dallas for orientation and to get acquainted.

While in the "Windy City" Mitchell will have an opportunity to meet people from across the United States and Puerto Rico. Tours of the Sears Tower, Museum of Science and Industry and other well known buildings and places will be available. Joel will attend numerous banquets one of which will be with representatives from the Santa Fe Railway system, who are the sponsors of his contest.

State 4-H record book winners are selected on the basis of their accomplishments, leadership, citizenship and community service. There are 36 project areas which can be entered. "Learning by doing" is a process 4-H believes in and it gives its members a lot of choice of projects in which they can do things and grow into productive American citizens.

JOEL MITCHELL

## Lockney Care Center Capers

Hello Friends,

My name is Dianne and I am the new activity director. I have enjoyed meeting all of the residents and staff of the care center. I would like to invite all of you to stop by so that we may get acquainted.

We have another new face among us, Mrs. Nellie Franklin of Flomot, Texas. We would like to welcome her to our family.

We would like to offer our condolences to the family of Mr. Marvin Patton. Our thoughts are with you.

We have had a busy week which has included such activities as daily exercise, ball playing, Bingo, movies and even a lawn picnic.

On behalf of the residents and staff of the Lockney Care Center we would like to thank the church members that come and have fellowship with us. You are deeply appreciated and loved. Our sincere thanks also goes out to Mr. Roy McAnally, of The Aiken Farmer, for the hot and bell peppers he gave to us and for the pumpkin that now decorates our lobby.

Until Next Week  
 Dianne Reyes-Galvan

kenzie's 4th Cavalry Memorial unit. At the line camp house, the last manager of the lower division of the old Matador Ranch, Johnny Stevens, will tell the history of the ranch which once covered a million acres, assisted by Motley County historian and judge, Billy Whitaker. From the angle of a ranch hand living in the untamed territory, Swisher County Judge Jay Johnson will tell about the two shoot-outs at the linecamp which claimed the

lives of three hands. For a taste of sourdough biscuits, or a taste of the Old West, advance reserva-

tions and tickets at \$5 each must be made as soon as possible. Planners are expecting another sell-out event. For

more information contact: Mrs. W. E. Burselson, 903 W. Lee, Floydada, 806-983-3624.

# Clar Schacht's resignation accepted by school board

Continued from Page One

because of his prior experience on the board."

Foster will serve on the board until April of 1986 when a person will be sought to run for a two year term to fill Schacht's unexpired term.

In other action the board approved the substitute teacher list for the 1986-87 school year. Included on that list are Arla Copeland, Reeda Cay Smith, Kathy Hunter, Laura Wilson, Cheryl Teeter, Juanita Brosech, Sandy Adrian, Lozell Keeter, Mary Blanchard, Penny Taylor and Anita Bigham.

Also serving as substitutes will be Karen Wilson, Diane Johnson, Nellie Webb, Chris Taylor, Vickie Young, Joann Carthel, Donna McCarter, Esmeralda Vasquez, Kim Lambert, Deneen Marrison, Martha Mangold, Tami Wof-

ford and Cindy Cotham.

During the meeting the building principals reported the enrollment figures for each school and superintendent W.H. Hallmark commented that the enrollment figures are up overall from last year.

Elementary school has a total of 406 students. Broken down by grades they include 21 students in early childhood, 69 in kindergarten, 76 in first grade, 65 in second grade, 60 in third, 56 in fourth and 59 students in the fifth grade. Also at elementary there are 24 teachers and 12 aides.

In junior high there are 141 students. That includes 46 in sixth grade, 49 in seventh and 46 in the eighth grade. There are ten teachers full time in junior high and seven aides. They also share several teachers with high school.

High school has 167 students and by

grades they include 40 freshmen, 40 sophomores, 49 juniors and 38 seniors. There are 21 teachers in the high school building.

High school principal James Poole asked the board to approve a new pep squad for high school. The board approved and the new squad can be seen at the ball games wearing sweat shirts proclaiming them as the "Riot Squad."

Also discussed at the meeting were the liability insurance needs, building repairs and school board training sessions. No action was taken in any of these matters at the meeting.

In other action the board approved the minutes of the previous meeting and the payment of current bills and the making of investments. They also approved tax report #12.

Replied the preacher, "Bad time for you — good time for my building fund."

\*\*\*\*\*

**LIMITATIONS OF AGE**  
 Age does have its limitations.

At least that's what one county's oldest living residents, pegged at 100, seemed to suggest to the newspaper reporter who was interviewing him.

"What do you think about modern women?" the reporter asked the elderly man.

"I can't help you there, Sonny," he replied regretfully. "I gave up thinking about women two years ago."

\*\*\*\*\*

**SOMETHING FOR EVERYONE**  
 Each issue of the Hominy (Oklahoma) News-Progress carries the following copy as a part of its masthead: "In case you find mistakes in the paper, please consider they were put there for a purpose. We publish something for everyone, and some folks are always looking for mistakes."

### THINGS ARE PICKING UP

"Things are really picking up in West Texas," the speaker said. "Last week they picked up my boat, the week before that they picked up my camper trailer..."

That's what Max Von Roeder of Snyder, governor of District 2-T2, Lions International, has been telling fellow Lions during his official visit.

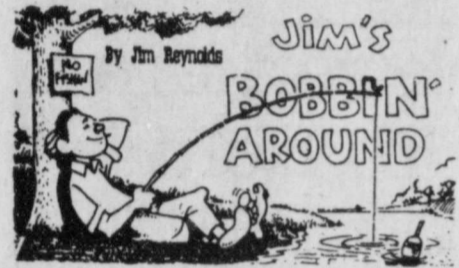

While on his visit to an area town, he shared a couple of other tales.

He explained about the following church marquee: "If you're tired of sin, if you want to clean up your life," it said, "Come worship with us this Sunday." But someone had added a postscript, "If not, call 762-XXXX..."

Von Roeder also told of the preacher who called on a successful businessman who belonged to his congregation. The minister walked into the executive's office because the secretary was not at her station, only to find the secretary and the executive embracing passionately.

The man of the cloth turned and walked slowly out of the office and the businessman jumped up and followed him.

"I'm sorry you caught me at such a bad time," said Mr. Big. "It's such a bad time!"

Continued from Page One

nickel. What are the two coins?

16. A farmer had 17 sheep and all but nine died. How many did he have left?

17. Two men are playing checkers. They played five games and each man won the same number of games. There were no ties. How is this possible?

18. An archaeologist claims that he found a gold coin dated 16 B.C. Is this possible?

19. How many animals of each species did Moses take aboard the ark?

20. Is it legal for a man in New Mexico to marry his widow's sister?

Here are the answers:

1. There are six outs in an inning — three in the top half and three in the bottom half.

2. 70.

3. The answer to this one, at one time would have been one hour. However, with the new clocks, this question is outdated and the clocks now can be set for a.m. or p.m.

4. Only one — the rest are birthday anniversaries.

5. Halfway — then he is running out of the woods.

6. You don't bury people who are living.

7. White — the only place a house can have southern exposure on all four sides is the North Pole and the only bears there are polar bears.

8. Holes.

9. There is no dirt in a hole, regardless of size.

10. The.

11. Haircut

12. Neither. Candles don't burn longer, they burn shorter.

13. The match.

14. All months have 28 days.

15. A half dollar and a nickel — one is not a nickel, so the other is.

16. Nine.

17. They were not playing each other, but someone else.

18. No — BC was a measurement of time established after the fact.

19. Moses did not take the animals on the ark — it was Noah.

20. It is impossible — if the man's wife is a widow, then he is dead.

\*\*\*\*\*

### SECOND OPINIONS

Second opinions are very popular these days. People think a second and then give you their opinion.

\*\*\*\*\*

### RAINFALL CHAMPION

Floyd County has received far more moisture in 1986 than average. In fact, this is one of few years we've heard grumbling about TOO MUCH RAIN.

But, can you believe, this county is behind Vigo Park, up in Swisher. A fellow in that community says his gauge has caught 29 inches this year.

Can anyone top that?

\*\*\*\*\*

### THAT'S NOT THE WAY WE DO IT IN TEXAS

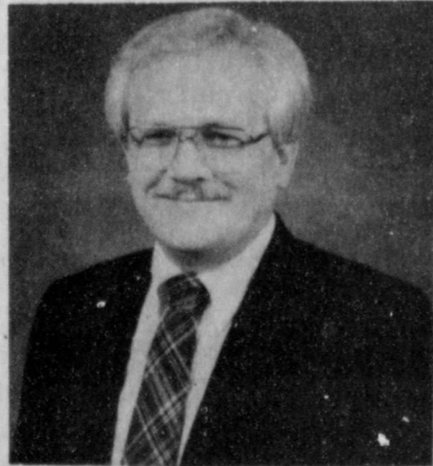

You remember reading about the bears attacking the Boy Scouts over in New Mexico at the Philmont Scout Ranch. Five Scouts were injured, six bears killed.

Now comes this story from "Enchantment, Voice of New Mexico's 17 Rural Electric Cooperatives":

"How to Shoot Bears —

"Bears" searches for food often take them to unlikely places. Charley Bird, now retired from the New Mexico Game

**MANY MARCHERS**—The Lockney Longhorn Band was one of over thirty that participated in the Tech Band Day at Texas Tech University this past weekend. There were over 2800 area band students in all. At half time area band members joined the Goin' Band on the field. The Tech band formed the outline of the United States and area band members filled in the inside. STAFF PHOTO

**El Progreso Club meets**

The El Progreso Study Club met in the home of Kathleen Thornton for the first meeting of the new year. A lovely luncheon was served by the second half of the membership.  
 President Mary Blanchard presided and challenged the members to a club year of finding happiness and service to others.  
 After a short business meeting secret gift was exchanged and names revealed. New names were drawn for the coming year.  
 The meeting was adjourned with the reading of Woman's Club collect led by hostess, Kathleen Thornton.  
 Present were: Dimon Schacht, Mary Blanchard, Dorothy Smith, LaVerna Sams, Pauline Sams, Katherine Ball, Hazel Johnson, Faye Ferguson and Kathleen Thornton.

8:00 (1) 'INTIMATE ENCOUNTERS' (Premiere, Drama) Donna Mills, James Brolin. Boredom sends a housewife back to college, where she finds her romantic fantasies becoming uncomfortable realities.

# Longhorns suffer first '86 setback

Friday night the Lockney Longhorns lost their first game of the 1986 season to Seagraves by a score of 20 to 14.

Getting on the outside and running with great bursts of speed seemed to be Lockney's main problem in keeping the Eagles in check during the game. The Eagles managed to get on the outside of the Lockney defense and run down the sidelines with the ball to make the big plays which gained them a win over Lockney.

The Eagles took an early lead in the ballgame when they scored from inside Lockney territory on an eight yard pass. The extra point attempt was no good and with 6:25 left in the first quarter Seagraves was ahead of the Horns.

Lockney surged back in the second half to go out in front on the scoreboard.

The scoring drive began in the last few seconds of the first quarter when the Eagles were forced to punt the ball. Jimmy Ballejo, acting as quarterback, passed to Javier Bernal on the first down play. On the second down play the ball was handed off to Bernal and he carried it to the Eagles 22 yard line and a Horn first down.

Bernal also carried on the second play. With third and six in Seagraves

territory, quarterback Ballejo took the option keeper and moved the ball to the Eagles 12 yard line and a first down.

On the first down play the ball was handed off to Bernal who made the Horns first touchdowns of the game. Ben Schuster added the extra point and the Horns lead by a score of 7 to 6.

The Eagle bounced back and with just 6:56 left in the half they scored again on an 8 yard quarterback run. A two point conversion play put the Eagles ahead by a score of 14 to 7.

The Horns second scoring drive of the game came late in the second quarter, when Michael DeLeon returned a punt from the Eagles to the Lockney 36 yard line. On the first down play quarterback Steven Cates kept the ball and gained one yard, and the second down play saw Cates pass complete to Joe Torrez and the Horns had another first down on the Eagle's 12 yard line.

Javier Bernal took the first down hand off and moved Lockney four yards closer to a touchdown. Jimmy Ballejo took the handoff from Cates on the second down play and carried six yards for the second Horn touchdown of the night.

Ben Schuster kicked the extra point

and the score was tied at 14 all, and it was still tied at the half.

The Eagles did come out at the half and scored again to win the game in the third quarter.

The Horns are now 2 and 1 on the season. They presently lead opponents in yardage gained. Lockney has gained 872 yards on the season and have held opponents to 532. They also lead in

points scored with Lockney having 77 points on the season and the only team to score against the Horns are the Eagles with 20.

This week Lockney will travel to Floydada to fight for the honor of keeping the county championship trophy in Lockney for the third year in a row. Floydada is presently 2 and 1 for the 1986 season.

### INDIVIDUAL STATS

**Rushing:** Lockney—Jimmy Ballejo 15/66, 1TD; Javier Bernal 9/34, 1TD; Clay Harrison 4/10; Dickie Hernandez 1/2; Steven Cates 2/5.

# Horns of the Week...

**RUSTY TEETER** is the son of Eddie and Cheryl Teeter. He has played football all four years of high school. The 6'2" 170 pound Senior is #44 on the Longhorn team. His positions are tight end and defensive end. Rusty was all-district tight end last year. During high school, has belonged to FCA, NHS, FHA, and band. Rusty is currently President of the Student Council. Other sports that he participates in are basketball, track, and tennis. Good luck against the Green, Rusty!

STAFF PHOTO

**STEVEN CATES, #19**, is the son of Benny and Marilyn Cates. He has played on the Longhorn team all four years. He is 5'11", 175 pounds and plays quarterback and safety. In his high school years, he has belonged to FCA, National Honor Society, and the Student Council. He has served as a class officer each year and is a part of basketball team. Hit the Winds, Steven!

STAFF PHOTO

## Seventh grade Horns fall to Seagraves

Lockney seventh grade traveled to Seagraves last week and came out on the short end of an agonizing 8-0 score. After dueling to a 0-0 standoff in the first half, the adolescent Horns appeared to have dented the goal line wall when Augustine Pena jaunted 27 yards to paydirt on a sweep to the weak side of an unbalanced formation. But a motion penalty cost the Horns not only 5 yards

but the 6 points as well. Seagraves finally overcame the previously impregnable Horn defense on a 32 yard run and added the 2-point conversion to ring up the 8-0 victory. Today (Thursday) the Horns played for the seventh grade county championship with a scheduled 5 p.m. kickoff at Wester Field in Floydada.

# Texas says "No" to drugs

Texas will take the lead in President Reagan's proposed "War on Drugs" by hosting the national "Just Say No" (To Drugs) march and rally kick-off to be held in Austin on Saturday, September 20.

The kick-off will begin at noon on the south steps of the State Capitol building when Governor Mark White becomes the first chief executive officer of a state to raise an official "Just Say No" flag bearing the special inscription, "Texas Says No To Drugs."

The flag-raising will be followed with a march down Congress Avenue by thousands of Texas youth to Auditorium Shores lead by Texas First Lady Linda Gale White and children. They will be accompanied by Cherie Johnson of the "Punky Brewster" show, "Gimme A

Break" star Lauri Hendler and Olympic swimmer Steve Lundquist.

The event establishes Texas as the first state to officially declare support for the national movement and First Lady Nancy Reagan's "Back To School Declaration Month."

Past leadership efforts on the part of Texas youth in the "Just Say No" movement lead to the selection of Austin as the site for this year's national kick-off. The 1986 campaign focus, say leaders, is to encourage communities and schools to form their own "Just Say No" clubs which promote the idea that "not using drugs is okay."

Targeted at children 7-14 years old, the "Just Say No" clubs build solidarity through peer support, positive reinforcement, and up-to-date educational programs.

## LHS cross country results

By Patti Purser

The Plainview International meet was a great success for the cross country teams. Our goal was to improve on our best individual time for this year and each runner was able to fulfill this goal.

The boys varsity was not able to enter as a team because only four members attended the meet. Eddie Garza was 1st for LHS finishing 11th followed by Cory Luna, 20th; Albert Martinez, 21st, and David Rodriguez, 48th. There were 95 runners in their division from 3A, 2A and 1A schools.

The girls varsity competed well also. Melinda Molina ran 1st for us placing

30th followed by Ronnie Blanco, Linda Cruz, Teresa Vasquez and Gayla Luna. The team finished in 13th place with 265 points. These young ladies all cut from 1 to 2 minutes from their best time ever, and I was extremely proud of them.

The Jr. Varsity participants for boys and girls was one strong with Michael DeLeon finishing 66th out of 102 runners and Renee Brotherton finishing 123 out of 130 runners. The junior high was represented this past weekend by Roland Rayes who finished 85 in the J.V. division.

The next meet is at Hereford, Sat. 27th starting at 10:00.

## Roundup at LHS

The Juniors are planning their first money-making project of the year. They are planning on selling mums for the Hart game on Oct. 17.

The 1987 yearbook will be on sale for \$12 on Oct. 7. If they are not bought at this time, they will be \$15 when they come in.

The FHA officers and skit committee This is "Deflate a Whirlwind" week.

Get 'em, Red!

## School Lunch Menu

Sept. 29-Oct. 3

**Monday:**  
Breakfast — Bacon, toast, pineapple, milk  
Lunch — Italian spaghetti, green salad, buttered corn, garlic bread, fruit cocktail, pudding, milk

**Tuesday:**  
Breakfast — Buttered rice, fruit cocktail, milk  
Lunch — Grilled cheese sandwiches, fried okra, pineapple, brownie, tomatoes, milk

**Wednesday:**  
Breakfast — Cold cereal, peaches, milk  
Lunch — Chicken fried steak, gravy, creamed potatoes, green beans, cherry cobbler, hot roll, milk

**Thursday:**  
Breakfast — Waffles, bacon, apple-sauce, milk  
Lunch — Burritos with chili and cheese, lettuce and tomatoes, strawberry shortcake, French fried potatoes, biscuit and honey, milk

**Friday:**  
Breakfast — Cheese toast, French fried potatoes, milk  
Lunch — Hamburger, hamburger

met Wednesday to prepare a skit for the Floydada pep rally.

The Journalism class began selling ads to businesses this week. If a business is interested and a staff member happens to miss calling on you, please contact us at 652-3325.

The Cross Country teams will journey to Hereford Saturday. Good Luck!

salad, pineapple in gelatin, peanut butter cookies, vegetable soup and crackers, milk

# Coach's Corner

By Bob Purser

I think we got caught in a hornets nest Friday night. We played Seagraves at probably the worst time to be playing them and we made too many mistakes to have a chance against a good football program like they have.

I think the Horns were ready to play and they had their minds on business but the breaks just did not fall our way. It seemed like when the opportunities presented themselves in the 3rd and 4th quarter we either had a penalty or a fumble and most of the time when you make that kind of mistake consistently you get beat.

Our players of the week were Joe Torrez, receiver and def. back, Ben Schuster, forcing unit, Michael DeLeon, special teams, Dickie Hernandez, Big Hit and we had a tie for MOE of the

week between Steven Cates and David Rodriguez. Also chosen offensive line-men of the week was Ron Cates.

Our injury situations should be better this week with Rusty Teeter who suffered a hyperextended elbow so questionable.

It's that time of the year when everybody gets excited about this particular Friday night when we play for the county championship. Floydada looks to have their best team in years so each should be a major task to hold on to the county trophy. However in talking with the kids we decided we'll go over there anyway just to see who's the best. Don't miss it because it'll be a great football game. See you Friday.

Together We Go  
The Horns of 86

**GETTING THE TACKLE**—Lockneys Steven Cates takes down a Seagraves Eagle during the game last Friday night in Lockney. The Horns fell short of a victory against the Eagles and this week will face the Whirlwinds in Floydada for the county championship.

## SWBT supports program that addresses school dropout problem

Texas' most precious resource is not oil or gas, but rather the young men and women of the state. Unfortunately, a large proportion of these youths will never reach their fullest potential because of their decision to drop out of school. They end up cheating themselves, and society, out of the contributions that only they and their unique talents can make.

Recently published statistics reinforce the severity of this problem: The dropout rate in Texas hovers around 30 percent. Last spring alone, one out of every three potential high school seniors in the state — about 80,000 — failed to graduate.

This problem affects all of us, since young people with little education often turn to crime when they are unable to find a job. In 1985, more than 100,000 people under the age of 17 were arrested in Texas. And, this is not a new phenomenon — 85 percent of the 30,000 inmates in Texas prisons are high school dropouts.

Although these numbers paint a grim picture, a group of concerned citizens have approached this age-old problem with a new and promising solution — it's called Communities in Schools (CIS). We, at Southwestern Bell Telephone, feel that CIS will pay future dividends to the people of Texas because it addresses the individual needs of our state's troubled youths.

A highly focused program, CIS coordinates efforts of many social service organizations into a centralized, efficient, yet humanized, unit. It works closely with public education personnel to encourage students — who run a risk of dropping out — to complete their education.

### CIS treats students as individuals

CIS counselors work one-on-one with these students to solve problems that often cause them to drop out. It takes a "whole child" approach, recognizing that many factors — including family, financial and psychological concerns — affect a youngster's decision to leave school.

Southwestern Bell Telephone has been an enthusiastic supporter of CIS since it began as a pilot program in 1979. Through the past seven years, we have provided direction, money, equipment and manpower to give floundering students in Texas another chance at a good education.

SWBT believes in the program because it works: Since its inception, CIS has helped more than 5,000 students. Even more impressive, over the last two years, 87 percent of the youngsters in the CIS summer program are still in public school, or have gone on to college, additional training or unsubsidized jobs.

We are happy to report that under the leadership of SWBT's Texas Division President Jim Adams, the program is spreading into additional school districts across the state.

Although CIS is not available in all Texas communities, SWBT is committed to building a better state, through its participation in organizations like CIS. We feel it's our obligation — and privilege — to enhance the quality of life for all Texans, through state-of-the-art telephone service, as well as worthwhile community programs.

Be sure to check your local television schedule for the airing of "Hispanic Dropouts: America's Time Bomb," a documentary that explores why so many Hispanics are leaving school and what can be done to prevent it. Written and produced by Southwestern Bell Telephone, it features Miami Vice's Edward James Olmos.

ARNOLD SCHWERTNER

### Schwertner named to ag committee

Arnold Schwertner, a cotton, wheat and sorghum farmer in Floydada, is a member of the newly formed 19-member Lubbock District Agriculture Advisory Board of the Texas Department of Agriculture.

The board was announced at its first meeting, Friday, August 15, by Texas Agriculture Commissioner Jim Hightower, making it the ninth such board.

During its first meeting at the district office, the board also received an overview of its function, TDA's marketing initiatives and the agency's regulatory services in the 24 counties that the Lubbock District serves.

Joe Heinrich, a Slaton milo and cotton farmer, was elected board chairman. Ted Higginbotham of Seminole, who grows vegetables, cotton and grain sorghum, was elected vice chairman.

# Tax reform generally beneficial to farmers

Most farmers and ranchers will likely benefit from the tax reform bill currently awaiting approval in Congress.

"While there are both pluses and minuses in the bill as far as farmers and ranchers are concerned, generally 80 percent should come out ahead," says Dr. Wayne Hayenga, economist with the Texas Agricultural Extension Service. The proposed tax bill is expected to cut individual taxes by an average of 6.1 percent, says the economist.

However, the effects of the bill will not be uniformly spread around. Livestock producers will lose the important benefit of capital gain treatment on raised breeding stock. Purebred breeders and crop farmers especially will miss the benefit of the 10 percent investment tax credit on purchased depreciable tangible property, Hayenga points out.

Income averaging, which was used by 10 percent of farmers in the past, will be gone. Expensing of up to \$10,000 worth of equipment will be possible in 1990, but if one needs to depreciate capital items, all depreciation schedules will be lengthened.

Cash accounting will still be allowed but with restrictions on some deductions for unused supplies. This restriction may also help curb some perceived abuses of the accounting rules by investors.

Farmers and ranchers will be able to deduct 25 percent of their health insurance costs under the new tax plan, says Hayenga. Also, the income level at

which no taxes would be paid will increase. A family of four could make up to \$13,000 a year and not pay any taxes.

This compares to the current cut-off point of \$10,000. As far as tax cuts are concerned,

families with annual gross incomes between \$10,000 and \$30,000 will see about a 10 percent reduction in taxes,

mainly due to increased personal exemptions from the current \$1,080 to \$1,950 in 1988.

## Answers to questions about \$1 beef checkoff

By Beef Industry Council of the Meat Board

I want to introduce you to a cattleman who is not unique among cattlemen, but is one who does not believe in advertising.

This cattleman wakes up in the morning after sleeping on an advertised mattress, washes with advertised soap, shaves with an advertised razor, puts on advertised clothes, eats breakfast at an advertised restaurant, glances at an advertised watch, rides to work in an advertised car, writes with an advertised pen, drinks an advertised soft drink, but yet this same cattleman hesitates to advertise, saying that advertising does not pay. Finally, when his unadvertised business goes under, he will advertise it for sale.

Thanks to the Beef Promotion and Research Act, a part of the 1985 Farm Bill, this cattleman will join his colleagues in participating in a checkoff program which will catapult the faltering beef industry into the 21st century of advertising and promotion.

This united effort by cattlemen to regain the market share that beef has been steadily losing to its competitors — poultry and seafood — will be

targeted toward consumers who avoid beef either for reasons of health or because they do not perceive beef as a convenience food.

Plans for implementing the mandatory \$1/head checkoff in Texas were recently shared with Keith Shapman, executive director of the Livestock Marketing Association of Texas. "It appears to me that the Texas Beef Industry Council is trying to do everything possible to make this program workable for the average cattleman. The simplified checkoff forms they have designed should help keep paper work to a minimum. I like the way things are progressing."

### 1. Who will be assessed this new mandatory \$1/head checkoff?

Each producer will pay at the time of sale. (A person acquiring ownership of cattle for 10 days or less to facilitate a transfer of ownership of such cattle from the seller to a third party is not considered a producer.)

### 2. Who collects the checkoff dollars from the producer?

The purchaser, (including those in the country) who are legally responsible for collecting the funds from the seller. When sales take place at auction markets or feedyards, these places of business will collect the funds.

### 3. Where can the necessary forms be obtained?

Forms and informational booklets will be sent to all livestock markets, feedyards, county Farm Bureau offices and county Extension Service offices.

### 4. When does the \$1 checkoff begin?

Oct. 1 is the beginning date for this new checkoff.

### 5. When does payment need to be made?

All money collected during a month must be submitted to the Texas Beef Industry Council by the 15th of the following month.

### 6. Where are the dollars sent?

All monies collected in Texas will be sent to the Texas Beef Industry Council.

### 7. What is the Texas Beef Industry Council?

This newly-formed non-profit corporation was established to enable Texas cattlemen to collect their own checkoff dollars, to conduct programs of promotion and research and to keep cattlemen informed on ways their dollars are used.

### 8. Who organized the Texas Beef Industry Council?

Representatives from various beef organizations across our state met together to form this council. These cattlemen and cattlemen represented Independent Cattlemen's Association, Livestock Marketing Association of Texas, Texas Purebred Alliance, Southwestern Meat Packers Association, Texas & Southwestern Cattle Raisers Association, Texas Cattle Feeders Association, Texas CowBelles, Texas Farm Bureau and the dairy organizations.

### 9. How will checkoff dollars be spent?

Our best estimates project that the largest portion of the dollar will go towards advertising — 54 cents. Other programs areas such as research, communication and education will use 13 cents. Six cents will be set aside to keep Texas cattlemen informed about this new program and the various expenditures of their dollars. Administrative costs will be kept at a minimum — 2 cents for Texas and not more than 5 cents for the National Cattlemen's Promotion and Research Board. The remaining 20 cents will be set aside for possible refund requests.

### 10. Can refunds be obtained?

Yes, producers will be entitled to a refund for assessments collected prior to the referendum. Refund forms, which must be requested from the Texas Beef Industry Council, must be submitted by mail to the TBIC within 60 days of the sale. (6504 Bridgepoint Parkway, Suite 400, Austin, Texas 78730.) All requests will be held until after the referendum.

### 11. What assurances are there that everyone is paying?

Computer software has been designed to cross-check all information to insure that all collections are made. The Texas Beef Industry Council will also employ a field staff to work with cattlemen although the integrity of Texas cattlemen is worth bragging about. Most contracts on cattle are conducted with the shake of a hand as "a cattleman's honor is as good as his word."

### 12. Is imported beef covered by this \$1/head checkoff?

Yes, the \$1/head checkoff will be levied on imported cattle and on the equivalent number of pounds of imported beef products (509 pounds). An estimated \$5 million will be collected from importers.

### 13. What is the penalty for non-compliance?

A restraining order may be issued, then a civil penalty of up to \$5,000 for violation of the order may be assessed.

### 14. Can we obtain a copy of the Beef Promotion and Research Order?

Yes, you may obtain a copy by contacting the Texas Beef Industry Council at 6504 Bridgepoint Parkway, Suite 400, Austin, Texas 78730.

### 15. When will the referendum be held?

The referendum must be held no later than 22 months past July 18, 1986.

Beef producers will finally have an opportunity to witness the results of advertising dollars. Why have people been flocking to poultry this past decade? Perhaps their ability to spend \$64 million compared to our \$6 million had something to do with it! Beef will finally have an opportunity to flex its muscles.

## Producers federation

The nation's sorghum farmers are not waiting for someone else to help them solve their problems of overproduction and low prices. They have united to form a coalition of all their state and national organizations in support of a Grain Sorghum Promotion Federation to coordinate and direct research and promotion of their crop.

In its charter meeting on Sept. 12, the federation adopted a plan of action to launch an aggressive sorghum sales program anywhere there is a feed grain market. That program will include livestock nutrition research and feeding demonstrations for livestock producers in the U.S. and overseas.

Market analysis teams have been assigned to five market regions — the Middle East, Mexico, South America and Europe-USSR. These teams will travel to the region to determine why more sorghum is not being sold and to develop plans and implement programs to demonstrate the value of U.S. sorghum.

Six aerial applicator planes Sept. 18 reported to the McAdoo airstrip for the beginning of the 1986 High Plains Boll Weevil Control Program.

Planes and spray equipment were inspected by program officials and pronounced ready for the first application which, weather permitting, will begin Sept. 22 in counties just below the Caprock along the eastern rim of the High Plains. The control effort is a PCG producer service program that has continuously kept weevils out of concentrated "clean" cotton fields above the Caprock for the past 22 years.

Spring and summer surveys and trapping this year revealed much higher weevil numbers than in 1985, according to PCG Field Service Director Ed Dean, "and with wet weather and lush green cotton favorable to weevil population growth, we have to be ready for a much larger program this year," he says.

Aggregate acreage to be sprayed is likely to at least double the 234,000 that required treatment in 1985, Dean thinks. The first application alone, he points out, will cover about 50,000 acres, compared to only 18,000 last year.

Treatment of half-a-million acres or more would not be unusual. Average annual acreage sprayed over the life of the program comes to about 650,000,

and in 1977, the largest operation ever, 1,250,000 acres required treatment.

Bids for the spray contract were solicited nationally, the low bidder being McAdoo Flying Service for the fourth consecutive year. The contractor this year will be paid \$5.35 per gallon of low-volume malathion, applied at 12 ounces per acre. That price translates to a per-acre application cost of about 50 cents and compared to a 65 cents per-acre cost last year, reflecting the greater acreage to be sprayed.

Manual surveys and trapping will continue throughout the season and, where justified by weevil populations, fields will be sprayed every 10 to 12 days until the weevils' food supply is destroyed by harvest or frost.

The total cost of the program is borne jointly by High Plains cotton producers, the U.S. and Texas Departments of Agriculture. USDA currently matches the contributions of producers and TDA, but as of January 1, 1987 its share of the cost will be reduced to 30 percent. That's the same percentage of cost paid by USDA in boll weevil eradication efforts in the mid-South, Southeast and Far West areas of production.

The program is conducted under the guidance of PCG's Boll Weevil Steering Committee, chaired by Jarrell Edwards of Route 1, O'Donnell.
