

Lockney Elementary School sets conferences

Parent conferences will be scheduled for parents of students at Lockney Elementary during the week of November 6-10. In order for these conferences to be scheduled, school will be dismissed each day at 2:15.

* Conferences will be scheduled to

allow time for sharing information concerning the progress of your child (ren).

* Parents will receive a notice of their scheduled time to meet with each teacher for their child (ren).

* Elementary students will be dismissed at 2:15 each day to allow time for

teachers to conference with parents.

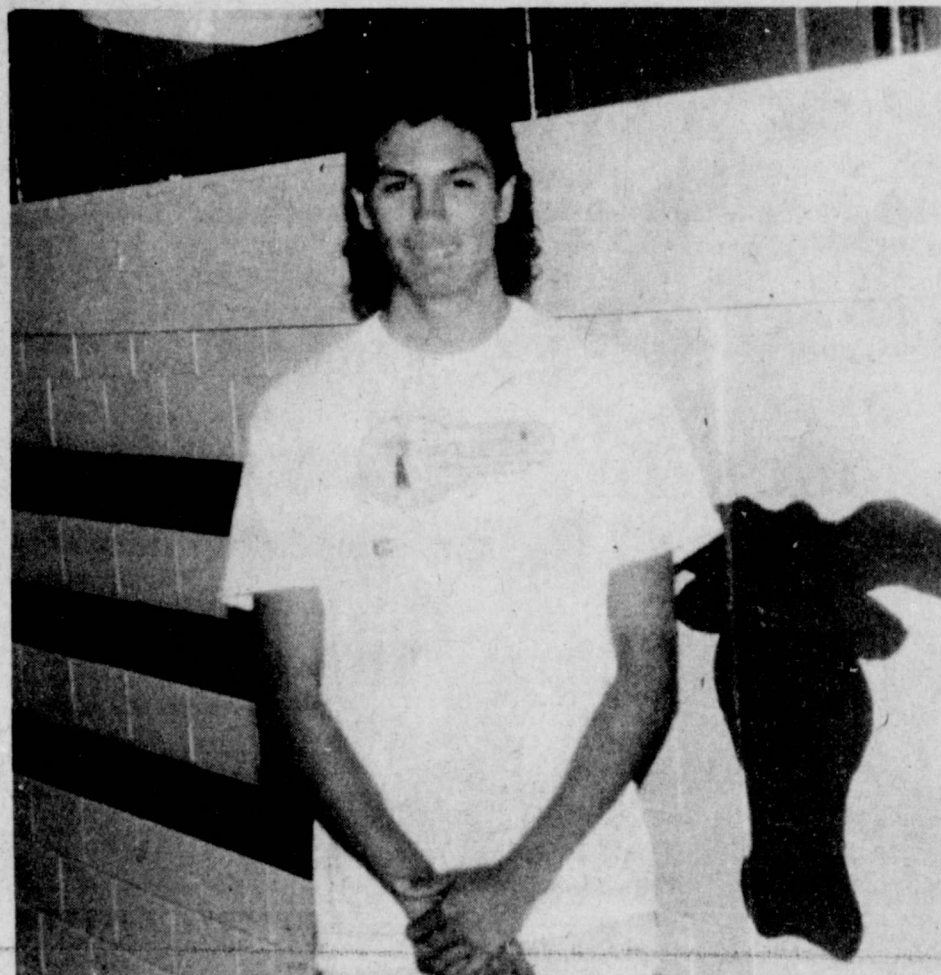

* Bus students will remain at school with supervision and wait until 4:00 o'clock for the regular bus schedule. Parents may pick them up rather than have them wait. All other students will be dismissed at 2:15, but not in junior high or high school.

* Parents are urged to meet with each teacher at scheduled time. Arrive a few minutes early and go to the room immediately. For these visits it is not necessary to check into the office.

* For parents that work, we ask that employers provide an opportunity for employees to leave work briefly to attend these conferences. Your cooperation will be greatly appreciated.

* Mothers and fathers are invited to attend.

* Interpreters will be available for Spanish-speaking parents, if needed.

DISTRICT CROSS COUNTRY WINNER--Mark Gatica ran the cross country course in 17.05 minutes to take first place in the district meet. He will advance to regionals in Lubbock, on November 4. Gatica placed second at the district meet in 1988 and was a member of the Lockney team who made it to the state finals. The district meet was held in Lubbock at Mae Simmons Park Saturday, October 28. Robin Bowden is the cross country coach. Staff Photo

Arriba Club holds initial meeting here

The Arriba Club held its first official meeting Oct. 24.

Elected officers are as follows: Rosie Rendon, president; Maria Nolan, vice-president; Bertha Hooten, secretary; Sally Rodriguez, treasurer; Alamar Mercado, sgt.-at-arms; appointed positions: Ofelia Ortegón, historian, and Soila Reyes, public relations.

The Arriba Club originated when Rosie Rendon and six other ladies met to

discuss the possibility of forming a predominantly Hispanic ladies club.

After an exchange of ideas and information and feeling that all had skills and talents that could be of benefit to the community and specifically to the Hispanic community, it was determined that the group, which now numbers 13, would evolve into a service club.

Widener, Fulton and Wilson are eighth week football contest money winners

Thirteen was the lucky number for Brandon Widener and Pam Fulton in the eighth week of the Lockney football contest.

Widener and Fulton both correctly picked thirteen games out of fifteen. They both picked Lockney to win and their tie breaker score was 27. They will split the first and second place prize money and each will take home a check for eight dollars.

Dwayne Wilson garnered third place by correctly picking twelve games with a tie breaker score of 32. He won out over Nicole Mosley. She also picked twelve correct games and her tie breaker score was 28. He will pocket the third place check of four dollars.

Fifteen entrants missed only four games and correctly selected eleven, they are Kimberlee Widener, Cindy Means, Wesley Teeter, Retha Wofford, Kenneth Wofford, Lisa Mosley, Eddie Fortenberry, Mike Anderson, Malcom Moerbe, Kip Holt, Doug Ward, Elisha Morris, Brent Sanders, Sarah Sanders, and Carrie Davis.

Ten contestants missed five games and chose ten winners. Scoring ten points were Ryan Ford, Phillip Glasson,

Michael D. Means, Justin Means, Dede McCarty, Jerod Glasson, Ricky Mosley, Johnnie Mosley, Jared Mosley, and E.M. Pyle, Jr.

Owen Thornton and Jana Davis chose nine winning teams.

Picking eight winning teams were Dickie McCarty, Roy Saucedo, Glenda Wilson, and Omar Burselon.

The number of entries were down in this weeks contest. Thirty four wishful thinkers continue to send in their contests in hopes that the leading score will lead to football tickets to the Dallas Cowboy Thanksgiving weekend game.

Mike Anderson continues to lead the race for the football tickets. He has a total of 87 points.

Again following a close second is Kip Holt with 85 points and in third place with 84 points is Malcom Moerbe.

Brandon Widener has 83 points, Doug Ward, 82 and Phillip Glasson 82. Michael D. Means has garnered 80, Brent Sanders 80, Jarod Mosley 80, Pam Fulton 80, and Eddie Fortenberry 80.

Those scoring in the 70's are Cindy

Means 79, Sarah Sanders 79, Ricky Mosley 79, Johnnie Mosley 78, Kimberlee Widener 78, Lisa Mosley 78, Carrie Davis 78, Glenda Wilson 77, Nicole Mosley 75, Dickie McCarty 75, Wesley Teeter 74, Justin Means 74, Dwayne Wilson 73, Ryan Ford 73 and Jana Davis 72.

With only two games left the contestants are coming down to the wire in a close finish. To be sure that you stay in the running you must turn in an entry each week. For those not in the running your chance at the weekly prize money is as good as anyone's. Keep those contest entries coming in.

Be sure to patronize the sponsors of the weekly football contest and let them know that you appreciate their support of the schools and the community.

Sponsors for the Football Contest are Clark Pharmacy, Attebury Grain, Floyd County Farm Bureau, D&J Gin, Pay-N-Save of Lockney, Davis Lumber, Tye Company, Wilson Photography, Schacht Flowers, Sun-Vue Fertilizer, First National Bank of Lockney, Don Hardy Car Wash, Lockney Insurance, Providence Farm Supply, and Muncy Elevator.

The cotton was stripped south of Lockney and was ginned at D & J Gin. The bale weighed 524 pounds and graded out at 4134 with a 21.4 percent turnout. D & J Gin is a participating member of the Lockney Chamber of Commerce. Staff Photo

4-H Achievement Banquet honors youths

Hinsley and Patridge were presented with plaques, certificates and the "I Dare You" book form the Danforth "I Dare You" committee.

Winners of the Friend of 4-H Awards were the Floyd County Farm Bureau, accepted by Clar Schacht, and Tim and Tom Assiter of Assiter and Associates. These businesses were recognized for the support they provide to Floyd County 4-H throughout the year through their time, resources and unselfish service to the organization.

The Rookie of The Year award was presented to Leslianne Hickerson and Gretchen Quebe. This award, which was started last year, goes to two first year 4-H members who were very active and did a number of outstanding things in 4-H. Hickerson and Quebe both turned in recordbooks, entered the food show and did posters for the Fair Booth.

Connie Bertrand and Jon LaBaume were the recipients Silver Spur Awards. Silver Spur awards are given to reward outstanding leadership. The awards were presented by Larry Ogden of Lighthouse Electric.

Four-H Sweetheart Awards were presented to Janet Himes, of Floydada, and Jennifer Fortenberry, of Lockney. These girls represented their club at the Floyd County Junior Livestock Show in the Queens Contest. Fortenberry sold the most memberships and went on to become Floyd County Junior Livestock Show Sweetheart.

Each year outstanding recordbook awards are given to those 4-H members whose recordbook scored highest at

judging on the county level. Tim Mitchell won the Outstanding 1st Year Recordbook Award. Mitchell was the high scoring 4-H member who had not been in 4-H for more than 2 years and had not done a recordbook before this year.

The Outstanding Junior 1 Recordbook Award was presented to Kaci Mathis, who had the highest scoring recordbook in her age division.

Two other outstanding recordbook awards were given to 4-H'ers who excelled in their division. Misty Bertrand received the Outstanding Junior 2 Recordbook Award and Grant Cage won the Outstanding Senior Recordbook Award.

National Recordbook Awards, presented by Linda Terrell, were won by Lance Patridge for placing second in state and to Grant Cage for placing first at state with his Shooting Sports recordbook. Cage also won an expense-paid trip to National 4-H Congress in Chicago. Also the Game Conservation International awarded Cage a watch for being a bi-district winner. Floyd County 4-H also awarded Cage a plaque for his outstanding accomplishments.

Jim Bob Martin, was also awarded a plaque for assisting the state placing recordbook participants.

Four-H members who excelled in the Clothing Project were Kaci Mathis, Misty Rowan, Stacey Lloyd, Mandy Hunter, Charla Yeary, Joni Smith, Misty Bertrand and Amy Turner. All of these 4-H'ers won county and went on to compete at the District Fashion Show.

At district, Rowan placed 1st, Lloyd placed 2nd, Hunter placed 3rd, Smith placed 1st and Bertrand placed 2nd.

The winners of the Foods and Nutrition Award were: Tim Mitchell, Johnnie Mosley, Kaci Mathis, Chelsea Patridge, Rhonda Hickerson, Lezlie Warren, Mandy Hunter, Charla Yeary, Lila Booker and Shonda Guthrie. At district, Yeary placed 2nd, Warren place 2nd, and Guthrie placed 3rd.

Grant Cage received the Small Arms Expert Award for scoring highest overall. Small Arms Sharpshooter Awards were presented to members of the Senior Rifle Team who placed 2nd at District and competed in State. They were: Grant Cage, Phillip Glasson and Heath Rexrode.

The four junior rifle team members who received the Small Arms Marksman Awards were: Todd Cage, Matt Whittle, Derrick Martinez and Tim Mitchell. They placed first in district competition.

Thirteen 4-H members participated in the archery project. The recurve champion shooter was Michael Mercado and compound winner was Mark Todd Terrell. Members participating were: Neal and Lonnie Nelson, Travis Rowan, Terry Harris, Resa Mercado, Stacy and Shane Lloyd, Allen and Sarah Martin and David and Amy Turner.

The following 1989 Recordbook Awards were handed out at the banquet: Achievement Award, Mark Todd Terrell, Junior 2, and Tim Mitchell, Junior 1;

County receives lateral road funds

The Treasurer each year disburses money appropriated by the Legislature for the Lateral Road Program. The grants may be used by counties for the purchase of right-of-way and for construction and maintenance of lateral roads, farm-to-market roads or state highways.

The money is allocated to each county under a formula based on the

county's area, rural population and lateral road mileage, Treasurer Richards said.

State Treasurer Ann Richards is sending checks totaling \$7.3 million to Texas' 254 counties for lateral road construction and maintenance. Floyd county's shall be 30,192.32 based on lateral road mileage of 1,094.

Il Penseroso Study Club hosts Halloween party

Il Penseroso Study Club had a Halloween Party, Thursday, October 26, at the home of Kim Lambert. Co-hostesses were Cindy Cotham, Tami Wofford, Kay Brock and Robin Stoerner. We had the Fireman's Auxiliary as our special guest. Kim had decorated her whole house like a spook house. Several guessing games were played. There were three winners of the costume contest: Terri Wright came as a butcher, Sherry McDonald was Tammy Faye Bakker, and Kim Lambert was a jersey cow.

Tami Wofford lead a short business meeting. A \$1000.00 donation was made to the Floyd County Child Welfare Board. This was made possible from our Christmas Wrapping Paper sale. The Halloween Carnival was discussed. Everyone was reminded about the club's 25th reunion, November 4.

Special guest and members present were, Terri Wright, Charlotte Hooten, Nora Martinez, Karen Hooten, Bertha Hooten, Arleen Hayter, Kay Brock, Cindy Cotham, Sandra Cummings, Jo Beth Dietrich, Rise Ford, Shawnda Foster, Renee Hrbacek, Kim Lambert, Sherry McDonald, Jamie Moerbe, Lisa Roberts, Lezlee Sherman, Robin Stoerner, Traci Tannahill, Tami Wofford, Pam Fulton, Donna McCarter, Julie Ellison, Karla Stapp, Julie Dorman and Terri Fortenberry.

Club donates to earthquake disaster fund

The Lockney 4-H Club met on Monday evening, October 23, at the Lockney Elementary School Auditorium. Over fifty 4-H members and parents attended. The group held a food auction with Bill Turner serving as auctioneer. Over \$250.00 was collected to aid the California Earthquake Disaster victims. The meeting was led by Amy Turner, president of the club, and Michelle Delgado was responsible for planning the food auction. Recreation was conducted by Chelsea Patridge, and refreshments were provided by: Lila Booker, Jennifer Anderson, Diane Cory, Jessica Lemons, and Jennifer Fortenberry.

Lockney Care Center Capers

By Linda Cumbie

Hi there! Another week has gone by. We have been pretty busy this week getting ready for Halloween.

Monday, we went on our bus ride to Plainview. We stopped at the "Stars" Drive-In for ice cream. Thanks "Stars" for treating the residents.

Tuesday, we had a great time! The "Happy Hatters" from Dumas were here for a wonderful show. These ladies are outstanding and I recommend them to anyone, if they are ever in your area.

Friday, we played bingo. Bessie Jackson did the calling for me, as I had some paper work to do. "Thanks Bessie!"

Thanks to all the ones who helped with our devotionals. We enjoy them so

much.

We want to "Thank" Elaine Gibson for the cans, Lanita Cantwell for the cookies, Chelsea Patridge for coming and hanging Halloween decorations on the residents doors. We also want to "Thank" Mrs. Rattan for making "ties" and putting them on the robes. "Thanks" to everyone else who have brought items this week. We appreciate this very much.

We want to extend our sorrow and sympathy to the family of Mr. Chaford Tipton. We will miss him here at the Center very much.

Hope that everyone will have a happy and safe Halloween.
Till next time!

TDH answers calls about nursing homes

When a family places an elderly or disabled member in a nursing home or other facility, they often must overcome both emotional and financial difficulties. The Texas Department of Health (TDH), which licenses, certifies and inspects long term care facilities of all types, offers information and guidance through each stage of decision-making.

However, according to Charlene Stowers, information officer for the TDH Bureau of Long Term Care, family responsibility for a resident's well-being does not stop when the resident enters new surroundings.

"Even if a family and the resident are completely satisfied with the care they have selected, family members still need to visit the nursing home as often as possible, not only for the sake of their loved one's happiness, but also to observe whether the home is fulfilling its commitments to its patients," Stowers said.

She explained that TDH routinely conducts at least two inspections yearly at each of the state's 1,500-plus nursing homes, personal care homes, facilities for the mentally retarded, and adult day care centers. One of the inspections is done during the facility's annual licensing or certification renewal. All inspections are unannounced, and may be in response to complaints about the quality of care at a given home.

"We want to know about any violations of state standards for service in nursing homes or other facilities licensed or certified by TDH. We also need information about any unlicensed homes operating unlawfully. The identities of both the complainant and the resident are protected. The facility staff will not be given their names. Complaints are given priority, and to make reporting them easier for the public, we operate a toll-free line in Austin, for receiving complaints or providing information," Stowers said.

She explained that the information line (1-800-252-9106) is used by people inquiring about the types and locations of facilities, how to select the facility best suited to the individual's needs and other information vital to families making the decisions to place a relative in a nursing facility.

However, she said, "An increasing number of people use the number for reporting suspected inadequacies at facilities. In Fiscal Year 1989 more than 7,000 complaints were received, requiring investigations." She said that the TDH Bureau of Long Term Care recently has added specially trained nurses and investigators to ensure prompt and thorough responses to all complaints.

Facts and myths about staying fit

Are you staying in shape? Maybe you have a regular fitness program, but are you getting the most from your hard work? Cyndi Gaule, director of The Centre for Cardiac Rehabilitation and Fitness of Methodist Hospital, offers a little quiz to separate facts from myths:

1. When exercising, do you need more protein or carbohydrates?
2. Jogging burns the most calories in one hour. What form of exercise is next highest - bicycling, walking, swimming or jumping rope?
3. How many calories per week should you try to burn off with exercise - 2,000, 3,000, 3,500 or 4,000?
4. You should exercise at least 15 minutes three times a week at your Target Heart Rate. Do you know yours?
5. If you suffer from osteoporosis, which exercise is better for you - swimming, bicycling or walking?
6. Which lifestyle is more likely to lead to a heart attack - smoking or leading a sedentary life?
7. If you have coronary problems, should you avoid strenuous exercise?

ANSWERS

1. You need more carbohydrates.
2. Jumping rope burns 750 calories an hour - second only to jogging which burns 920 calories an hour.
3. Burning 3,000 calories in exercise each week is a good goal.
4. Your Maximum Pulse Rate (MPR) is determined by subtracting your age from 220. Your Target Heart Rate should be 60 to 85 percent of your MPR when you exercise.
5. Walking or bicycling puts impact on bones. Osteoporosis patients need this impact to build bone density.
6. The smoker and the couch potato are both three times as likely to die of a heart attack compared to someone in good physical condition.
7. Vigorous exercise is often appropriate for heart patients. "It's very important that you consult your doctor before beginning any exercise program," Gaule said.

Eggs contain less cholesterol

If you've been avoiding eating eggs because of their cholesterol content, you can still enjoy them in moderation.

Latest research data reported from the U.S. Department of Agriculture's Nutrition Composition Laboratory shows the average large egg contains 25 percent less cholesterol than previously thought, said Dr. Mary Kinney Sweeten, nutritionist with the Texas Agricultural Extension Service.

She said research indicates the average large egg contains 213 mg of cholesterol, not the 274 mg as previously thought. "Eggs also are an important source of protein, Vitamin A, riboflavin,

Vitamin B-12, iron, zinc and phosphorus."

Dr. Gary Beecher, chief of the USDA nutrition laboratory, said the nutrient composition change has resulted from better testing methods and changes in the egg industry feed, husbandry and breeding practices.

What does this mean to consumers? There should be less concern about dietary cholesterol intake but possibly more concern with saturated fatty acids, according to another researcher, Dr. Donald McNamara of the University of Arizona.

Sweeten said it's true that a high blood cholesterol is a risk factor for heart disease, but blood cholesterol is not the same as dietary cholesterol, and most people are confused.

McNamara's research indicates that 80 percent of the cholesterol in the body is made by the body. Concerning dietary factors, the primary determinant of blood cholesterol is the type of fat in the diet, not dietary cholesterol.

Sweeten said dietary cholesterol has an impact in about one-third of the population whom we call 'non-compensators' because their bodies lack a normal regulatory response to high cholesterol intakes. McNamara's research shows that for the majority of people, cholesterol metabolism is well-balanced so that either the body produces less or excesses are excreted.

Sweeten said for this majority, concern about dietary cholesterol in animal products, eggs and lean meats is unwarranted.

The nutritionist said too much saturated fatty acids in the diet can elevate blood cholesterol. These acids are found in animal products and other sources such as coconut and palm oils.

Sweeten said, in contrast, diets that replace saturated fatty acids with polyunsaturated fatty acids like certain vegetable oils such as soy or sunflower, may actually lower blood cholesterol.

Research indicates that dietary cholesterol is found only in animal products, usually in conjunction with saturated fatty acids. Eggs contain less saturated fatty acids than mono unsaturated fatty acids, but comparatively more dietary cholesterol.

"Most nutritionists agree that you should not eliminate milk, meat, eggs or other wholesome foods from your diet. There are many lean cuts of meats and low-fat dairy products available," Sweeten said.

She cautioned, however, to beware of products labeled "cholesterol-free" because they may still contain some saturated fatty acids in the form of coconut or palm oils. These labels are quite deceptive and imply that because they do not contain dietary cholesterol the product will not affect blood cholesterol in most people.

"This new information about today's lower-cholesterol eggs should help more people realize a source of many nutrients other than cholesterol," said Sweeten. "In moderation, eggs, lean meats and low-fat milk products can still be enjoyed by health-conscious consumers."

Girls basketball workouts begin

By Coach Fortenberry

Workouts began for Lockney Girls Basketball on October 23, at 4:15. The girls will have 2 to 3 hour workouts each day. Pre-season workouts conclude on November 14, when the Lady Horns travel to New Deal for the season opener. There will be two scrimmages for the Lady Horns. The first scrimmage will be on November 7, at Spur beginning at 5:00 p.m. It will be a three-team scrimmage with Lockney, Lubbock, Roosevelt and Spur. On November 11, the Lady Horns will travel to Ralls to conduct a three-team session with Lockney, Ralls and Paducah. Both the Varsity and Junior Varsity will participate in each of these scrimmages. On Thursday, November 2, the Lady Horns will conduct an inter-squad scrimmage beginning at 7:30 p.m. in the High School Gym. The inter-squad scrimmage will be open to the public, we encourage everyone to attend.

The Lady Horns are coming off a 13-16 season. This record represents the best win-loss percentage since 1982. Coach Fortenberry welcomes back 8 lettermen off last years ball club. Hopefully things will fall in place for the Lady Horns and more wins will come their way. The strengths of the team should be its overall height, which is much better than in the recent past. If there is one glaring weakness on the team it would

be the lack of Seniors and Senior leadership. The roster shows no Seniors in the program and this should indicate that better things will come.

Returning starters include, 5'9" Junior Tandi Gant, who averaged 13 points and 15 rebounds per outing. Miss Gant hampered somewhat last season by a leg injury, but is back healthy. Other returning starters are 5'6" Sophomore guard Almadena Basaldua, 5'5" Junior guard Erin Adrian and 5'6" Junior guard/forward Amy Turner. During district play Miss Basaldua played very well and should contribute considerably this season. Miss Adrian saw plenty of action that position again this season. Miss Turner, who is a very accurate shooter, was a continuous threat at the 3-point range last season. Returning at the other forward position will be 5'8" Junior Shedia Hill, who averaged 6 points and 7 rebounds per game last season. Other returning letter winners who should see considerable action are Jessica Lemons, Michelle Delgado, Jennifer Fortenberry and Anna Cortez. Promising newcomers to the team are Freshmen Carolyn Turner, Nicole McDonald and Kori Kellison. The overall outlook appears to be promising, but the Lady Horns might be a year away from a very successful season.

The district appears to be a one horse race with the odds on favorite Aber-

nathy to return to the Super Drum and to come home with the State AA title. Hale Center will be down somewhat, but will still be a tough team to beat. Hart and Farwell will be improved and can not be counted out as contenders. Olton was hit hard by graduation and probably will not figure into the race until next season. With a little luck and hard work, the Lady Horns could figure into this race somewhere around second or third. This is a lofty goal for a team which lost 28 games in 1986-1987 and lost 20 games in 1987-1988. Rapid improvement was shown in 1988-1989 with 13 victories.

Children 2 and older need social security number

Children who will be 2 or older on or after December 31, 1989, will need Social Security numbers to be claimed as dependents on 1989 tax returns because of a new law. This law amended the Tax Reform Act of 1986 which required that a Social Security number be shown on tax returns for by phone and apply by mail. It is no longer necessary to go to a Social Security office. Just call Social Security and ask for Form SS-5, Application for a Social Security Card.

When you get it, complete and sign the form and return it, along with the required documents. A Social Security number card will be issued to your child about two weeks after we receive the application and all the documents.

Social Security requires the following evidence to issue a Social Security

number card for your child:

* Evidence of age. We need to see an original birth certificate. If you cannot provide one, in most instances we can accept a hospital record of birth or a baptismal certificate or other early religious record of age or birth.

* Evidence of U.S. citizenship or lawful alien status. A U.S. public birth certificate or naturalization document can provide evidence of U.S. citizenship. For evidence of lawful alien status, an immigration document is required.

* Evidence of identity. Evidence is required both for the child and also for the person applying on behalf of the child. Acceptable evidence for the child can be a medical (i.e. immunization shots, doctor record or doctor bill), school or day care record, an insurance policy or a

membership card. For adults, acceptable evidence can be a driver's license, an employee identification card, a marriage or divorce record or a health insurance card.

If your child was born outside the United States, the foreign birth certificate and an immigration record can be used as evidence of age, identity and lawful alien status.

There is no charge for Social Security to obtain a Social Security number.

You may have received mail from an organization that offers for a fee to assist you in obtaining a Social Security number for your child. It is costly and unnecessary to pay a third party to obtain the number. For additional information or to request an application you may call toll-free 1-800-234-5772.

Lockney falls to Farwell, 28-21

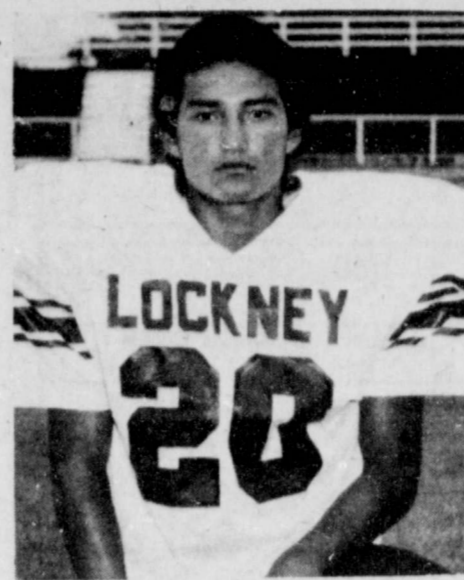

by Holly Norwood
Being down 21-0 at half you could almost count them out. But the Longhorns never gave up and overcame the 21 point deficit and gave Farwell a run for the district title.
The game really began the second half for Lockney scoring almost immediately after the kickoff. Horn quarterback Louis Peralez led Lockney down the field running. Peralez was the team leader in rushing with 104 yards and the TD that got the Horn's blood pumping. Guerrero's kick was good.
Farwell came back early in the fourth scoring on a one yard pass TD. The kick was good bringing the score 28-7.

no time-outs left and time running out, Horns couldn't convert a first down.
"It was one of the best come back efforts I've ever seen," Coach Jim Clark said about Friday night's game against Farwell. "We made some big plays and forced turnovers."
The final was Farwell 28, Lockney 21.
Lockney will face Abernathy there to decide the district runner-up.

McDonald and Johnson lead Shorthorns to win

The 7th grade Shorthorns continued their winning ways by defeating Plainview 30-8. The Shorthorn offense rolled up 232 total yards, while holding Plainview to only 59 yards of total offense.
O'Brien McDonald lead the Shorthorn offensive attack with 115 yards on 13 carries. Tanner Johnson added 72 yards on 9 carries for the Shorthorns. The Shorthorns took the opening kickoff and drove 80 yards for an early 8 to 0 lead.
McDonald scored the first Shorthorn touchdown on a 20 yard run. Johnson added the 2 point conversion.
Late in the first quarter, Jared Mosley, Shorthorn QB, scored on an 8 yard run. Johnson scored the two point conver-

sion. Johnson scored the third touchdown for the Shorthorns with the 2-point conversion failing.
In the fourth, McDonald put the icing on the cake with a 20 yard TD run and a 2 point conversion by Mikhael Durham. The final was 30-8.
The Shorthorn offensive line was

Matthew Raissez, Eric Martinez, Michael Hernandez, Gilbert Laudele, Lalo Chavira, and ends, Jason Clark and Justin Graham.
Key defensive plays: By Mikhael Durham and Lalo Chavira.
Fumble recovery: Mark Todd Terrell.

Lockney Shorthorns defeat Farwell 30 to 6

By Dick VanHoose

The Lockney 8th grade Shorthorns soundly defeated the Farwell Steers for their second district win at Mitchell-Zimmerman Stadium. The Steers recovered a fumbled option pitch in Lockney's end zone for their only score of the game in the opening quarter.
Lockney's own dynamic duo of Carlos Raissez and David Luna got warmed up in the second quarter to score a touchdown each.
Raissez scored the extra points on one of the touchdowns to make the score 16-6 at halftime.
Speedy Carlos Raissez started the scoring for the Shorthorns in the second half with an outstanding scoring jaunt of 56 yards. The defense once again str-

mied the erratic steer offense and took control offensively. After a controlled balanced ground attack, standby tailback Oscar Palomin slammed into the line and broke open down the left side of the field for the last score.
An errant snap on an extra point kick attempt forced kicker David Luna to run for the two points to finish out the scoring for the evening.
The offensive and defensive line dominated the line of scrimmage all evening for the Shorthorns allowing Farwell only two first downs. The Shorthorn offense racked up seven first downs and 223 yards total offense.
The Shorthorns will next be in action against Abernathy this Thursday at Zimmerman field.

Go Lockney Longhorns!!

Texas Political Report

A Project of Free Market Foundation

Vol. II, No. 18 Publisher: Richard Ford • Editor: Diane Vanderburgh • Research: Marlene McMichael September 30, 1989

Floyd County voters will have an opportunity to express their opinion, on November 7, on a number of proposed Constitutional Amendments. A brief description of the proposals, along with brief descriptions of the arguments, pro and con, prepared by the Texas Political Report, is listed below. We recommend a vote "against" number one. We recommend a vote "For" propositions 4, 5, 8, 10, 11, 12, 13 and 17. We have no strong feelings about the others, although we are inclined to vote for number 3 at the moment. In any event, vote your conscience.

TEXAS VOTER'S GUIDE

On The Constitutional Amendments To Be Voted On November 7, 1989
The 71st Legislature in the Regular Session passed 20 joint resolutions proposing 21 constitutional amendments.
All of these proposed amendments will appear on the November 7 election ballot.

Clip and Save For Voting Day Nov. 7

PROPOSITION 1—HJR 102 (1)

To limit the salary of the Lieutenant Governor and the Speaker of the House of Representatives to not more than one-half of the Governor's salary and to limit the salary of a member of the Legislature to not more than one-fourth of the Governor's salary.

For

Legislators are long over-due for a salary increase from the \$600 a month they are currently making. This salary level ranks them 36th out of 50 states.

Against

Amendment is deceptive; "to limit the salary" actually triples their pay and removes forever taxpayers ability to control their pay scale. Future raises would be tied to the Governor's salary and therefore, the legislators would get a pay raise simply by raising the Governor's salary.

PROPOSITION 2—SJR 5

Authorize the issuance of an additional \$500 million of Texas water development bonds for water supply, water quality, and flood control purposes.

For

The state must continue to protect and preserve its important water resources through such a comprehensive approach.

Against:

The use of bonds is debt and violates Texas' pay as you go constitutional mandate. Water promoters already have from previous elections \$1.38 billion in state bond money approved but unused.

PROPOSITION 3—HJR 51

Authorizing the legislature to provide for the recovery and further development of the state's economy, with goals of increasing job opportunities and other benefits for Texas residents, through state financing of the development and production of Texas products and businesses.

For

In today's economy, it is difficult for the agriculture industry and for small businesses to survive. The state dollars would serve to boost these industries and to improve the economy.

Against

The state should not finance "risky" businesses who cannot obtain financing through regular sources. Voters rejected an almost identical proposal in 1987, because voters object to increasing state debt to subsidize private business.

PROPOSITION 4—HJR 13

To authorize the legislature to exempt property of nonprofit veterans organizations from ad valorem taxation.

For

Historically, charitable organizations have not been subject to taxes. This amendment would make clear a previous law and ease the burden making sure charitable organizations maintain their tax-exempt status.

Against

By including charitable organizations on property tax rolls, it increases revenues for cities. Charitable groups, including the veterans, already receive enough benefits.

PROPOSITION 5—SJR 11

Promoting economic growth, job creation, and fair tax treatment for Texans who export goods to other states and nations by restoring and allowing, on a local option basis, an ad valorem tax exemption for certain personal property that is in Texas only temporarily for the purpose of assembling, storing, manufacturing, processing, or fabricating.

For

The "freeport" exemption would encourage companies to bring their business to Texas, creating more jobs and bolstering economic develop in the state. Proponents say this will boost free enterprise in Texas.

Against

Such an exemption may result in lost revenues to municipal governments.

PROPOSITION 6—HJR 4

Authorizing the members of a hospital district governing board to serve four-year terms.

For

Allowing for extended terms gives greater flexibility in order to meet local needs. Extended, staggered terms allows elections to coincide with county elections, saving tax dollars.

Against

Two year terms make board members more accountable to the public and opponents feel it limits government.

PROPOSITION 7—HJR 40

To require that a member of the Legislature, the Secretary of State, and an elected or appointed officer, before assuming office sign a written oath stating that the member, the Secretary of State, or the officer did not engage in bribery to obtain the office.

For

The written statement, which would eliminate the part of the present oral oath relating to bribery, would have greater significance. The new oath would be shorter and more similar to those used by other states.

Against

The oral sworn statement against bribery has been used for more than a century. There is no need to fix what is not broken. Why waste tax dollars on another method, when the current one is satisfactory and more cost effective.

PROPOSITION 8—SJR 24

Authorizing the issuance of general obligation bonds for projects relating to facilities of corrections institutions, and mental health and mental retardation institutions and for the expansion of statewide law enforcement facilities.

For

Measure provides an additional \$400 million to construct and equip badly needed new facilities for correction institutions and mental retardation institutions.

Against

The use of bonds is debt and violates Texas' pay as you go constitutional mandate. Total repayment on these bonds over 20 years equals \$809.7 million.

PROPOSITION 9—HJR 101

Authorizing the legislature to organize and combine various state agencies that perform criminal justice functions.

For

Measure attempts to streamline the administration of the state criminal justice system, eliminating duplication of efforts by departments and opening communication in the system.

Against

The plan eliminates the separation of powers among the three branches of government needed to provide checks and balances especially crucial in the criminal justice area to protect the accused.

PROPOSITION 10—SJR 4

Authorizing the Legislature to require or permit courts to inform juries about the effect of good conduct time and eligibility for parole or mandatory supervision on the period of incarceration served by a defendant convicted of a criminal offense.

For

Allows the jurors to know how much of a prison sentence the defendant would actually be required to serve.

Against

Such knowledge would add confusion to the process and cause jurors to impose longer prison sentences.

PROPOSITION 11—HJR 102 (2)

To set the amount of per diem received by a member of the Legislature at the amount allowed for federal income tax purposes as a deduction for living expenses incurred by a state Legislator in connection with official business.

For

Increasing the per diem from \$30 a day to \$81 is justified since costs for room and board during the 140 day session has increased significantly.

Against

Future per diem increases would be automatic and the citizens would no longer have a vote to control the amount of per diem paid to the Legislators.

PROPOSITION 12—SJR 53

To provide for using the permanent school fund and its income to guarantee bonds issued by the state for the purpose of aiding school districts.

For

School districts would be able to save money with this program, as it makes use of less expensive bond money.

Against

The program would allow the state to evade the constitutional requirement for voter approval of all state debt created through general obligation bonds.

PROPOSITION 13—HJR 19

Providing a bill of rights for crime victims.

For

By recognizing their rights, crime victims would be guaranteed a more active role in the judicial process. For too long, victims of crime have not been given free access to the judicial process, even to the extent of being barred from the courtroom. Seeing a criminal brought to justice is a very small repayment for the injuries suffered by the victim of crime.

Against

Victims should be given every courtesy, but their rights should not be allowed to undermine the principle of the accused being innocent until proven guilty. Too, a criminal defendant might feel harassed having the victim in court during proceedings.

PROPOSITION 14—SJR 71

Requiring a District Attorney serving in Fort Bend County to be elected and serve a term in the manner provided by general law for Criminal District Attorneys.

For

Passage would ease the transition as Fort Bend County divides the office of Criminal District Attorney into two new offices of District Attorney and County Attorney.

Against

Voters statewide do not need to resolve the whims of local officials in one out of 254 counties. The proposal is an attempt to avoid a gubernatorial appointment, the normal procedure, for the new office of District Attorney.

PROPOSITION 15—HJR 32

Authorizing the Legislature to permit and regulate raffles conducted by certain nonprofit organizations for charitable purposes.

For

Hundreds of legitimate charitable groups, unaware of the present illegality, use raffles now to raise funds.

Against

Raffles only open the door still wider to legalized gambling. A previous exception for bingo has been abused by commercial operators, gaining little for charities. Opponents feel this amendment goes against traditional family values.

PROPOSITION 16—SJR 34

Granting to the people the right to decide whether to create and maintain hospital districts to protect the public well-being in a manner independent of the legislature.

For

Local option elections to create such entities better reflect the will of the citizenry.

Against

The proposal would cause a proliferation of hospital districts, with taxing authority, to be established in haste.

PROPOSITION 17—HJR 33

Authorizing the state to provide scholarships, grants, loans, and other financial assistance to local fire departments and other public fire-fighting organizations to purchase fire-fighting equipment, to aid in providing necessary equipment and facilities to comply with federal and state law, and to educate and train their members.

For

State assistance would benefit smaller communities which cannot afford to provide adequate services.

Against

State money should not be used to finance a local concern when other financing alternatives already exist.

PROPOSITION 18—SJR 44

To eliminate certain time limitations relating to the issuance of Texas agricultural water conservation bonds.

For

Passage would provide for the implementation of the \$200 million Agricultural Water Conservation Bond Program authorized in 1985. The nine-week "window" now available for issuance of the bonds is too narrow.

Against

The time limits built into bond programs are there to insure their proper usage and to prevent unnecessary state debt. The time limit should not be disregarded. \$200 million is also far more money than the program is ever likely to use.

PROPOSITION 19—SJR 59

To authorize local governments to invest their funds as provided by law.

For

Passage would allow local governments to earn a better rate of return on their money.

Against

This proposed amendment would open the door to investment in risky money-market mutual funds by local governments not accustomed to evaluating such investments.

PROPOSITION 20—SJR 16

To abolish the office of County Surveyor in Cass, Ector, Garza, Smith, Bexar, Harris, and Webb counties.

For

Passage would abolish unneeded positions and save tax dollars.

Against

Maintaining the surveyor job assures public access to the county survey records.

PROPOSITION 21—SJR 74

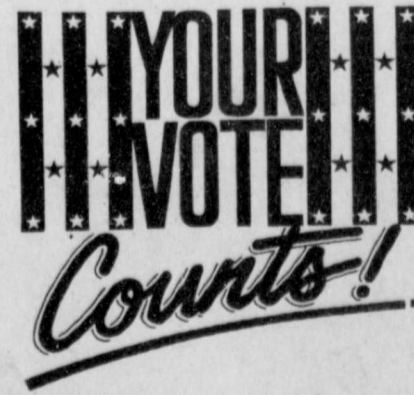

Providing for the issuance of general obligation bonds as college savings bonds to provide educational loans to students and to encourage the public to save for a college education.

For

Bonds will finance student loans and promote long term savings for college education.

Against

Demands for these loans are so low the previous issue has not even been fully subscribed. Why do we need more?
