### Lockney Football 1989

By Coach Clark  
It all started in August, with 28 ath-

letes. It all ended in November, with 27 athletes playing in the play-offs.

It was tough in August, working twice a day in the heat (early and late). But then came the scrimmages, Crosbyton and New Deal which gave us a chance to see how far we had come. After the scrimmages came our opening game with Ralls, which started our non-district schedule. The non-district schedule was tough, but to help prepare us for district. Our district started with Hale Center and ended with Olton. We went 4-1 in district. The only loss was to district champ Farwell 28-21. Our most exciting victory in the district race was a 28-0 victory over Abernathy.

The other district scores were, 39-6 Hale Center, 30-0 Hart, 32-21 Olton. We finished the year with a 5-4-1 record, and runner up in district 3AA.

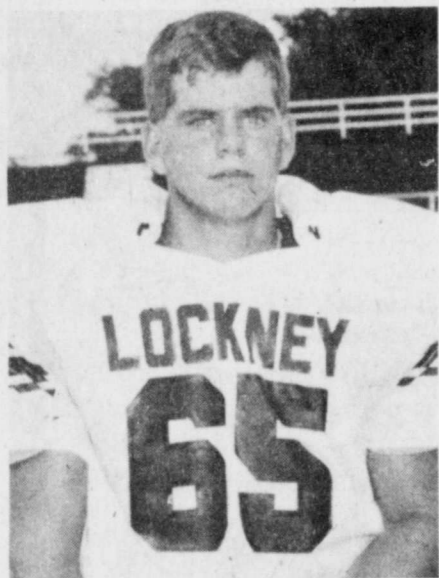

Lockney played Shallowater in the first round of the play-offs (bi-district). We lost the contest 25-7. Last time Lockney was in the play-offs was 1985.

Looking back on the year, we had a team that was picked to finish fifth in their district, and was used up in the play-offs. What made it all possible?

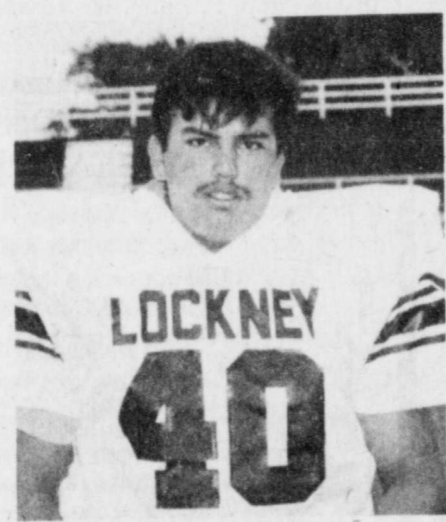

All of this was made possible because of the desire and dedication the team had from the beginning. Six seniors where the leaders, Teeter, Martinez, Glasson, Perales, Guerrero, and Monroe. These young men kept the team together and working hard.

Also, the best group of coaches I ever had. Outstanding support from the community and school groups. But most of all, everyone willing to pay the price, whatever it takes.

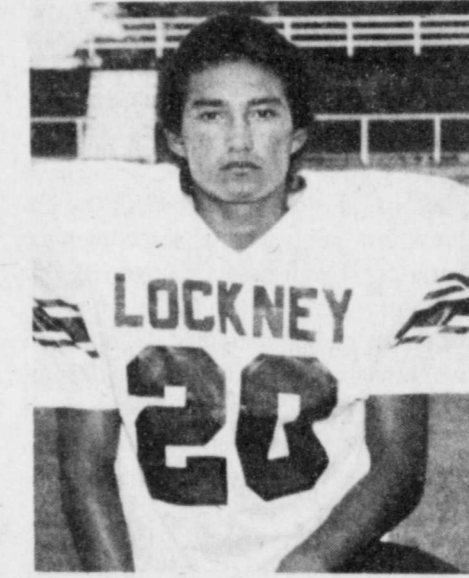

JUST DO IT.

cuits, cream gravy, coffee and juice.

## Jackson sustains injury in pedestrian-auto clash

Floyd County Commissioner Floyd Jackson, of Lockney, received serious lacerations on both of his ears, Thursday, November 30, as a result of a vehicle-pedestrian accident in the parking lot of the Lockney Post Office.

According to Lockney police, the injuries occurred when Jackson was hit while he was leaning inside the opened passenger door of a pickup, parked facing south and parallel to the east curb in the Post Office parking lot. The driver of the pickup, Jerry Cawley, had pulled alongside the curb to talk to Jackson.

While Jackson was talking to Cawley, another pickup, driven by R.V. Webster, of Lockney, backed from his horizontal parking space directly in front of the post office. "Cawley's truck was in a blind spot for Webster," said Chief Leonard Gilroy. "He did not see Jackson or the pickup and he continued to back up until the left rear portion of his truck struck the passenger door that Jackson was standing behind. Jackson's head then became pinned between the top of the door frame and the door. The force of the blow severely lacerated both ears."

Jackson was immediately transported to Lockney General Hospital, but because of the severity of the cuts he was

transported to High Plains Baptist Hospital in Amarillo.

"He was taken care of by Dr. Kellerher, the best plastic surgeon in Amarillo," said Mrs. Jackson. "He was in surgery for approximately 1-1/2 hours. They think they have been able to save his ears. There was no damage to his hearing and no other head injuries. He also received a deep bruise on the calf of his leg that the doctor said we should watch. It was a miracle that he was not killed. We were real afraid of other head injuries, but he was very fortunate."

"The majority of reported accidents that we investigate are in the Post Office parking lot," said Chief Gilroy. "It is a very congested and busy area and we urge people to be extra cautious when driving in and out."

## Cruz completes secretarial course, receives certificate

To the Editor:

On behalf of Wellman Schools, the football team, and the community of Wellman, I would like to express my gratitude to the officials of Lockney ISD and the Chamber of Commerce for "rolling out the red carpet" for us last Friday. All details, arrangements, and workers for the play-off game between Wellman and McLean were handled by these groups, so that we only had to show up for the ball game. We appreciate also the reception given by the Chamber for our school and booster club officials. Thanks also to Pat Frizzell for hosting the cheerleaders for pre-game refreshments.

The game did not go as we would have planned, and we apologize for the abbreviated game. That is sometimes the nature of 6-man football, however. Our team progressed much further this season than we had imagined, though, and we were thankful to have come this far.

Again, the generous welcome given to our team and fans is appreciated. Thank you, Lockney, for your hospitality.

Sincerely,  
Raymond Lusk  
Superintendent

## Explanations are given for recent personal property tax advertising

Taxpayers may wonder what all the ads in the paper mean regarding taxing of personal property. In the last legislative session, a bill was passed that required all taxing bodies to advertise when they plan to pass their annual resolution to tax personal property.

It should be pointed out that this is not a new tax. Nothing has changed. Taxpayers won't be paying more unless you have brought a new car or automobile.

The various boards are required to inform the taxpayers of the need to continue this taxing.

Example: Personal property for Lockney ISD is valued at approximately \$4,000,000. At 75 cents per \$100 valuation

that generates \$30,000 for the district. If the district dropped the taxing of personal property to make-up the difference the tax rate would have to be raised 4 cents from 75 cents to 79 cents per \$100 valuation.

## Poinsettia Day celebrated on December 12

'Tis the season again. Time to bring out the holiday decorations and "deck the halls" with holly and poinsettias. The holiday season also brings Poinsettia Day, December 12, to honor Dr. Joel Roberts Poinsett, the plant's namesake.

Poinsett, who was born March 2, 1799, in Charleston, S.C., introduced the plant to the United States after serving as U.S. ambassador to Mexico 1825-1829. While there, Poinsett became fascinated with the "flower of the holy night."

According to legend, it appeared at the feet of a poor Mexican boy who, having nothing for the altar on Christmas Eve, offered only his ardent prayers for the Christ child.

Although native to Mexico and some parts of Guatemala, the poinsettia now is grown in hothouses around the world. The actual flower of the plant is a small yellow blossom. It is the leaves, referred to as "bracts," that occur in red, white, pink and yellow forms, making them festive plants.

## Resume submitted for opening of minister's position rejected

A church was in need of a pastor. One of the elders was interested in knowing just what kind of a minister they desired. He therefore wrote the following letter, as if he had received it from the applicant and read the letter before the pulpit committee.

"Gentlemen: Understanding that your pulpit is vacant, I should like to apply for the position. I have many qualifications which I think you would appreciate. I have been able to preach with power and have had success as a writer. I have been told that I am a good organizer. I have been a leader in most places I've gone.

Some folk, however, have things against me. I am over fifty years of age. I have never preached in one place for over three years at a time. In some places I have left town, after my work caused riots and disturbances. I have to admit that I have been in jail three times, but not because of any wrong-doing. My health is not good, though I still get a good deal done. I have had to work at my trade to help pay my way. The churches

"OUR PLEASURE IS TO SERVE YOU"

## Local businesses sponsor book for third grade

Students in the third grade of Lockney Elementary School have received the gift book entitled "Feeling Good About Me". It is a bound book of stories about learning traditional values and self-esteem.

Local sponsors providing this gift to the children are City Auto, Floydada, Lockney Insurance Agency, Lockney; Schacht Flowers, Jewelry and Gifts, Lockney; and Clark Pharmacy, Lockney.

"Feeling Good About Me" contains eight stories about realistic problems young people might encounter and how, using traditional values, they are resolved.

Each story has a full color illustration and teaches such lessons as right and wrong, appreciation of family, what it means to be a good citizen, living up to ones potential, and why (and how) to stay away from drugs.

In the first story, "A Day With Granddaddy," young Wendy is mad. The most popular girl in school has invited her to a slumber party but SHE has to go to her grandparents house on the lake, a visit she usually enjoys. During a conversation that takes place as Wendy fishes with her Granddad, she learns the relative importance of the party and the visit (her values are put into perspective) and

she feels good about herself and visiting her grandparents.

Other stories involve the meaning of friendship, family relationships, respect for others, loyalty and the importance of being your own unique self, lessons not always covered in school curriculums. They reflect positive influences that build a child's self-esteem.

Each story is accompanied by a teachers guide, which covers discussion starters, lesson objectives, and follow-up

applications. The purpose of the lesson is to teach young people good values and encourage discussion of values between children, their parents and other family members in a home setting.

In "Real Heroes", a war game among a dozen boys and girls results in several broken windows at school. At the principal's office, the youngsters learn from an army veteran that being an American hero isn't something that must happen on the battlefield, but also

occurs by being a good citizen and doing whatever they can for their country.

In another story that takes place in a video arcade, Brian and Darrick must weigh the chance to get free games dishonestly against the effects of such actions. With the help of a lesson learned from Darrick's dad, honesty wins out.

Local sponsors provide this gift to the children because they know young people are the most important resource of this community.

## SPC honor students selected into Phi Theta Kappa fraternity

David Martinez of Lockney, South Plains College honor student, was recently inducted into Phi Theta Kappa, national honor society for community college students.

Martinez is a pre-pharmacy major and the son of Mr. and Mrs. Luis Martinez of Lockney.

During the recent induction ceremony SPC President Dr. Marvin Baker challenged the students to take serious the responsibility of leadership that has been given them. "You are the most outstanding of all community college honor students in the United States," Dr. Baker told the initiates.

Following Dr. Baker's address, offi-

cers of Kappa Mu, SPC's local chapter of Phi Theta Kappa, gave a description of the symbolic meaning of the elements of the fraternity coat of arms, a statement of what it means to become a member and a charge to each initiate to do his or her best to fulfill the duties and responsibilities of the order. A pledge was recited by the initiates collectively followed by a candle lighting ceremony that officially inducted each of the nominees into the club.

According to Dr. Baker, SPC's first

## Math team competes in Wichita Falls

On December 2, the Lockney High School Math Team attended the Hirsch Math Contest in Wichita Falls.

Competing with juniors, Orlando Mondragon placed fourth in number sense and Angie Moya placed tenth in calculator.

In the Sophomore number sense contest, Ignacio Luna placed sixth and Chris Villa placed eighth.

The next math meet will be held in Shallowater on December 9.

chapter of Phi Theta Kappa was sponsored in 1959. "Since then we have seen the organization grow substantially," he said.

Phi Theta Kappa originated at Stephen's College in 1910 as the Ladies National Honor Society. It wasn't until 1924 that men were allowed to join. Dr. Baker said that because the organization originated in community colleges, it was uniquely American. "It is the only institution of education that we (Americans) have started ourselves," he said.

Dr. Peggy Skinner, professor of psychology, has been sponsor of Phi Theta Kappa for five years. "Our goal is to help these students acquire scholarships when they graduate from SPC," she said. "It is true that they will meet interesting students and gain many leadership skills, however, achieving funds to finance their education for their furthered success is important."

According to Dr. Skinner, SPC does not compromise on its required qualifications for students who wish to join the organization. Students must be enrolled in 12 semester hours and hold a required grade-point average of 3.5 or higher. "We require a grade average that is a little higher than the minimum national standard," Dr. Skinner said. "But, we find that these students are working hard to achieve a 4.0 average so their averages are often above the minimum standards we set."

According to Dr. Skinner, community college graduates who become members of Phi Theta Kappa are recruited heavily by four-year schools and receive outstanding scholarships as incentives to attend those colleges and universities.
