Hurrah for Hereford.

Last Saturday morning broke dull and grey with leaden clouds, a cold north wind blew in the Hereford boys to play ball with the Canyon City Coyotes. The Hereford boys were a motley crew as to clothes, but a jolly, smiling lot as to faces. They were out for a good time and we hope they had it; but my, how they can play! They scared the Coyotes clean off the earth with only a few small boys to root for them, and worst of all won the sweetest smiles of some of the coyotes lawful rooters. To describe the various costumes of the Hereford Howlers is beyond us; but they were some. One lovely youth with flowing locks, wore a striped sweater with baby blue inexpressibles. He was nearly as cute as the dreamy eyed one who was all in red. Anyway, they can play ball and the Coyotes did not. Following is a list of the Hereford boys:
Manager—McClothlin
Catcher—Luther Lipscomb
Pitcher—John Boyd
First base—Mart McCracken
Second base—Herman Beach
Third base—James Bell
Short stop—Chas. Orr

Left field—Eugene Dyer

STOOD DEATH OFF

E. B. Munday, a lawyer of Henrietta, Tex., once fooled a grave-digger. He says: My brother was very low with malarial fever and jaundice. I persuaded him to try Electric Bitters and he was soon much better, but continued their use until he was wholly cured. I am sure Electric Bitters saved his life. This remedy expels malarial, kills disease germs and purifies the blood; aids digestion, regulates liver, kidneys and bowels, cures constipation, dyspepsia, nervous diseases, kidney troubles, female complaints; gives perfect health. Only 50¢ at Hadley's drug store.

An exchange says that a fellow looked through the bible to find scripture to justify him in using tobacco and found but one passage. It is found in the last chapter of Revelations, and is the second sentence of the 11th verse, and we'll bet some of the old sinners who use tobacco will read that verse within an hour after reading this paragraph.

The Stayer office has put in a telephone to aid us in gathering news from the lower country as well as other purposes. Now help us make the best paper in the country.

Last week a little Canyon City girl went with her father to a home in the country where they kept a few gentle sheep near the house. When the little girl returned to her home here, and was asked if she pulled the sheep's wool said, "No they didn't have any wool, but they were covered all over with cotton."

that the grand jury found 27 indictments their last term, nine felonies and eighteen misdemeanors.

The grand jury found 12 indictments at Silverton. Two felonies and ten misdemeanors. All this does not show an increase in crime but an awakening among the people to the fact that unless smaller offenses are punished, greater ones will be committed. The time is here when grand juries can no longer afford to overlook poker playing, crap shooting, etc. among the boys, as they did a few years ago. The fact has been brought home to thinking men that if petty offenses are virtually winked at by law abiding citizens, a contempt for all law is engendered in the minds of many of the youthful members of society that leads them to commit first small offenses then graver ones until some good christian father and mother will be called on to defend a loved, but untrained son for worse than poker playing.

Fresh creamery butter received each week at Smith, Walker & Co.

Mr. Oscar, Hunt is in Kansas City this week buying more furniture. The sales of furniture made by him in the last six months have been phenomenal and still he needs more. Not in years before has it been our pleasure to look over a more elegant and extensive stock than is now on exhibition at his salesroom. His prices are not the very cheapest because he does not handle the cheapest grade of goods but good furniture, furniture that is worth the money you pay for it is not sold cheaper in Texas than he sells it.

For first class painting or paper hanging see T. G. Trimble. His is the best work. He has lived on the Plains a long time and his work at Plainview and other places are his recommendations.

Miss Holland will soon have her fall millinery in shape to display. She will have some lovely pattern hats before time to go to the Dallas Fair. Wait and see them.

THE MARCH OF COMPANY A.

"Forward, march!" was the captain's word,
And the tramp of a hundred men was heard,
As they formed into line in the morning gray,
Shoulder to shoulder went Company A.

Out of the shadow into the sun,
A hundred men that moved as one;
Out of the dawning into the day,
A glittering file, went Company A,

Marching along to the rendezvous,
By grassy meadows the road ran through,
By springing cornfields and orchards gay,
Forward, forward went company A.

And the pink and white of the apple trees,
Falling fast on the joyful breeze,
Scattered its dew, scented spray
Straight in the faces of Company A.

A breath like a sigh ran through the ranks—
Treading those odorous blossom-banks,
For the orchard hillside far away,
The northern hillside of Company A.

Forward, march!—and the dream was sped:
Out of the pine wood straight ahead
Clattered a troop of the Southern gray
Face to face with company A.

Forth with a flash in the Southern sun
A hundred sabres leaped like one.
Sudden drum-beat and bugle-play
Sounded the charge for Company A.

Halt! What is here? A *slumbering child*,
Roused by the blast of the bugle wild,
Between the ranks of the blue and gray,
Right in the path of Company A.

Nothing knowing of North or South,
Her dimpled finger within her mouth,
Her gathered apron with blossoms gay,
She stared at the guns of Company A.

Straightway set for a sign of truce
Whitely a handkerchief fluttered loose,
At front of the steel of the Southern gray
Galloped the captain of Company A.

To his saddle-bow he swung the child,
With a kiss on the baby lips that smiled,
While the boys in blue and the boys in gray
Cheered for the captain of Company A.

Forth from the ranks of his halted men,
While the wild hurrahs rang out again,
The Southern leader spurred his way
To meet the captain of Company A.

Out of the arms that held her safe
He took with a smile the little waif,
A grip of the hand 'twixt blue and gray,
And back rode the captain of Company A.

Up there, in the distant cottage door,
A mother clasping her child once more,
Shuddered at sight of the smoke-cloud gray
Shrouding the path of Company A.

A little later and all was done—
The battle was over, the victory won.
Nothing left of the pitiless fray
That swept the ranks of company A.

Nothing left—save the bloody stain
Darkening the orchard's rosy rain.
Dead the chief of the Southern gray,
And dead is the captain of company A.

Fallen together the gray and blue,
Gone to the final rendezvous,
A grave to cover, a prayer to say.
And—Forward, march! went Company A.

—The Century.

The Alamo.

A brief outline of plan to beautify the Alamo in a manner due its unique position as chief and most precious relic of Texas is hereby submitted:

First. Buy all property available of the block now surrounding the Alamo. Develop and beautify as a park.

Second. Build monument to the martyrs of '36, directly opposite the Alamo, where the bodies were burned, present strip of park being extended as far as Houston street and surround Alamo north, east and west.

Third. Endow Alamo, monument and park with a fund in perpetuity, sufficient for their proper care.

Fourth. Form board of trustees, three in number, to be appointed by the Governor of Texas, with ex-officio member in the person of the Governor, who shall hold a deciding vote in case of disagreement, all action on the part of the board to be unanimous.

Fifth. Raise requisite sum for the purchase of the property for necessary expenditure incidental to enterprise, and for permanent endowment fund, by solicited subscription of FIFTY cents from every adult Texan.

Sixth. Start endless chain letter October 1st from the 240 county judges, to the effect that any one enclosing full name and address and fifty cents (or forty-nine cents in stamps with paraffin protection, purchasable of local postmaster) will secure by return mail a photograph of the painting of the Alamo, presented to Wm. McKinley, President of the United States, on the occasion of his recent visit to San Antonio.

The money will be sent to special committee, appointed by the Governor of the state, custodian of the fund to be State Treasurer. Each name of contributor, as received, will be registered and printed upon a monster memorial to be deposited later beneath the corner stone of the monument.

Prizes of three hundred, two hundred and one hundred dollars will be offered for the best editorial written during the months of August, September and October, on the subject of the Alamo, its history, its moral lesson, the duty of the state towards its preservation, etc.

Mr. J. M. Vansant is now in the real estate business and solicits the patronage of the public. Give him a trial and be pleased at the results.

Mr. George Taylor had the misfortune to get his right hand severely mangled in setting up some machinery last Saturday. He is taking a lay off for a few days but he does not look like he enjoyed it a bit.

A SHOCKING CALAMITY
"Lately befell a railroad laborer," writes Dr. A. Kellett, of Williford, Ark. "His foot was badly crushed, but Buckle's Arnica Salve quickly cured him. It's simply wonderful for burns, boils, piles and all skin eruptions. It's the world's champion healer. Cure guaranteed. 25¢ Sold by J. N. Hadley."

TO HORSE RAISERS.
Those who patronized my horse, RANGER, in 1900, and have colts, have the privilege of showing each one in a contest for a fifteen dollar premium. Bring them to the court house square at 3 p m Saturday, Sept. 28, select your judges and see what you have.

Respectfully,

Found—A baby's cap in the street near the Stayer office. It is brown and white silk, nearly new. Owner can get it by applying at this office.

The time has come when more attention must be paid to the public roads. The trade of our town, and the peace and best interest of the county call for it. I hope that the various road overseers will take advantage of the opportunity to work the roads while plowing can be done and put them in good condition. Kindly remember that I should not be blamed if any of you get into trouble about it. Remember that I am not the maker of either the law or the facts. I do not have any say as to what is the law, and you are NOT the builder of the facts. The commissioners court placed this burden upon you, this is how the duty rests upon you. Your neglect calls for the legal machinery to be set in motion. Then do not blame me if you are caught. Do you expect me to neglect my duty because you do not do yours? Kindly save yourself and me, too, any annoyance about this.

Very Respectfully,
R. W. Morgan,
County Attorney.

The Stayer is in better condition to turn out job printing than it has ever been before. The lack of reliable help has been a great annoyance to us and our patrons too, sometimes preventing us from turning out our work within a reasonable time. We now have as good, if not the best help on the Plains. The high class of work we have been turning out is well known to our patrons and we are now able to do it much quicker and equally as good as ever.

Mr. Jess De Vaney, formerly of this place but now of Hereford, was with the Hereford ball team. While all of us were glad to see him, to one there is no other. Mr. De Vaney is very popular here and we would be glad to again have him a citizen.

J. N. Hadley, the popular druggist and Mr. E. H. Brewer, Park Davis & Co's drummer, made a flying trip south, returning Tuesday. They took in Plainview, Hale Center, Lockney, Floydada, Lubbock, Emma, Silverton, Estacada and Tulla, not in the order they are named but as they came to them in the road. They report a fine time, lots of business and lots of fried chicken and buttermilk.

"The Best is the Cheapest."
Not how cheap, but how good, is the question.

The Twice-a-Week Republic is not as cheap as are some so-called newspaper. But it is as cheap as it is possible to sell a first-class newspaper. It prints all the news that is worth printing. If you read it all the year round, you are posted on all the important and interesting affairs of the world. It is the best and most reliable newspaper that money and brains can produce—and those should be the distinguishing traits of the newspaper that is designed to be read by all members of the family.

Ranch Sold.

One of the largest ranch deals of the year was closed in this city yesterday when final title deeds were passed to the purchasers, Messrs. J. W. and H. C. Kokernot, of San Antonio, who bought through J. N. Winters & Co., of this city a ranch of 75,000 acres in Lubbock county, known as the 'Iowa Ranch,' and said by competent judges to be one of the best ranches in West Texas. The price paid was \$1.85 per acre, all cash. The Messrs. Kokernot have refused an offer of \$1.75 per acre from which fact comes the inference that they got a bargain in its purchase.—Fort Worth Register.

Fanchon, Sep. 18, 1901.—School began at Salem (Hastings school house) last Monday morning, Miss Burleson of Lockney, teacher, who comes to us highly recommended. School also began on the same day at Beverly, Miss Nellie Grayson, teacher.

Union school began about the 1st of the month taught by Miss Pearl Betts.

Many of our citizens are attending district court this week, at Tulla. Range stock of all kinds doing well, as the late rains have made a fine coat of grass as well as a fine crop of forage. While Indian corn is very short on account of drought, sorghum, milo maize, millet and kafir corn are fine and will make an abundance of feed to carry the stock through the winter.

Something over twelve hundred head of good steer yearlings can be bought, at reasonable figures, near this place for which the owners are anxious to find buyers, also a goodly number of fat cows and mixed cattle can be bought at reasonable price. Success to THE STAYER which failed to reach us last week, but we hope to see it this week in a brand new dress. Old Spike.

Rev. W. H. Younger, Baptist minister at Claude, had the misfortune to lose all his household goods, wearing apparel and library by fire Saturday night about 8.40. The building was owned by Jerry Cavanaugh and was not insured, and in fact, house and furniture was a total loss with no insurance. Loss about eleven hundred dollars including library.—Hall County Herald.

We have not always agreed with brother Younger but we know him to be an honest and faithful servant of his Master and now in his hour of need we feel sure he will reap the reward he has earned. We extend our sincere sympathy to him. We feel sure his household goods will be replaced but his library is a loss not always reparable. Money will not always buy the books we have learned to love.

J. N. Hadley now has his store entirely full and running over with everything usually contained in a first class city drug store. He buys in large quantities consequently can undersell his competitors.

Dysentery Cured Without a Doctor's aid.

"I am just up from a hard spell of flux," (dysentery) says Mr. T. A. Pinner, a well known merchant of Drummond, Tenn. I used one small bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy and was cured without having a doctor. I consider it the best cholera medicine in the world." There is no need of employing a doctor when this remedy is used for no doctor can prescribe a better medicine for bowel complaint in any form either for children or adults. It never fails and is pleasant to take. For sale by J. N. Hadley The Leading Druggist.

Probably You Know It

but for fear it may have slipped your memory, we beg to call attention to the very low rates offered by the Texas & Pacific Railway Company, for the Texas State Fair at Dallas, September 28th, to October 13th, 1901. Beginning September 27th, and continuing daily to and including October 12th 1901, we will sell round trip tickets from all stations on the line in Texas at about the same rates offered in former years. The tickets bear the final limit of October 14th, and may be used to return from Dallas on any day from date of purchase until expiration.

The management of the fair this year has assured the railroads that the excellent standard of amusement will be maintained, every possible attraction is engaged and the exhibitors encouraged by the successes of past years, promise greater displays than ever. Among the various features of entertainment we find the famous Contorno's Military Band, a continuous Free Vaudeville Show in Music Hall, the most complete Race Meet ever held in Texas, the greatest Live Stock bench and Poultry show ever held in the South-west, exciting automobile races on Sundays and a dazzling, incomparable Midway while the grounds and buildings will be beautifully illuminated at night.

Our agents are supplied with large flyers showing the arrangements of special days and will be pleased to explain everything regarding rates, sleepers, etc. Call on them or write.

H. F. Hughes, Traveling Passenger Agent, F. T. Worth, Texas.

Note Regarding The Delineator for October.

STYLES FOR THE WINTER. The easiest and simplest way we can suggest for our readers to get a good idea of the styles that will be popular this winter is to buy a copy of The October Delineator, just on sale at every news stand. The Delineator for October foreshadows, by means of its New York, Paris and London connections, those tendencies of fashion that will certainly prevail.

In addition to the fashion features and practical dressmaking advice that has made The Delineator famous the October number is full of good general reading, most tastefully illustrated under the immediate direction of the well-known artist, William Martin Johnson. Mr. Johnson's work is known to lovers of the beautiful by reason of the Garfield edition of Ben Hur, as well as some other books of large sale. Mr. Johnson believes in illustrations that illustrate, rather than in pictures that only ornament a page. The whole October number of The Delineator is full of interest to men as well as women.

General Stock News.

C. J. Parke sold to A. J. Nesbit and will ship from Claude to-day 17 cars of twos and threes.

R. B. Pyron is over at his Wheeler county ranch this week closing up some land trades. He is buying a good many adjoining tracts, and now has about 120 sections in that ranch.

Milt Handlin was in from the eastern part of the county yesterday and reported good general rains and crops in fine shape. He will soon begin putting in 50 or 60 acres of wheat.

R. H. Elkins, the popular Bar X manager, was in town yesterday getting himself measured for a new Stetson as a gift from Gene Smyers. He reports his cattle fat and range as good as in the spring.

D. A. Gathings, of Cleburne, has bought the 15-section improved ranch of S. H. Vaughn, near Goodnight. Mr. Gathings is an old friend of J. M. Clower and will likely remove his family to Clearendon.

A traveler named Roberts had 22 head of cattle, 11 horses and 4 mules killed by a double header freight train about seven miles up the road one night this week. He had camped near the railroad and the passing train stampeded his herd of 200 or more animals, resulting as above. The first engine was derailed by the accident.—Clarendon Banner-Stockman.

Fresh Oysters.

Now is the time to eat them. This is September and you can find them raw or cooked, day or night at the T. Anchor Restaurant. Special attention paid to supplying party suppers etc. T. Anchor Restaurant.

We acknowledge the receipt of a season ticket to the Dallas Fair but as we must get ourself photographed before the ticket is usable and we are not likely to be able to be in Dallas more than two days, we prefer to pay our way in rather than be the recipient of such grudging payment for advertising which the management hope to get from us. As a general thing country newspapers usually do anywhere from 5 to 25 dollars worth of advertising and in return get this ticket whose cash value is \$5.00 if all is used.

Hadley has just received a most extensive line of stationery all the newest styles, colors and shapes in box paperies and a full line of tablets and envelopes to match at very low prices.

The Biggest Trust.

The biggest trust on earth has been discovered at last. It is the country newspaper trust. They trust everybody, get cussed for trusting and trusted for cussing—and finally get bursted by trusting.—Decatur (Tenn.) Sun.

A diseased liver declares itself by moroseness, mental depression, lack of energy, restlessness, melancholy and constipation. HERBINE will restore the liver to a healthy condition. Price 50 cents at J. N. Hadley's.

The most delicate constitution can safely use BALLARD'S HOREHOUND syrup. It is a sure and pleasant remedy for coughs, loss of voice and all throat and lung troubles. Price 25 and 50¢ at J. N. Hadley's.

WALLACE & HICKS.

A Sad Accident.

Last Saturday one of Daff Griffith's hogs got out of the pen and Mr. Griffith and the older boys were trying to pen the animal, when their six year old twin boys were out playing near the lot. The hog became enraged and viciously attacked the little ones, seizing one and hurting him considerably, then dropping him rushed upon the other little fellow and with his teeth lacerated the flesh in several places. One leg was badly cut from the thigh down below the knee, completely severing the knee cap and stripping the flesh from the bone. The little fellow is in a precarious condition and it is feared amputation of the limb will be necessary. The Ledger extends sympathy to the parents in their misfortune.—Lockney Ledger.

A NIGHT OF TERROR.

"Awful anxiety was felt for the widow of the brave general Burnham of Machias, Me., when the doctors said she would die from pneumonia before morning" writes Mrs. S. H. Lincoln, who attended her that fearful night, but she begged for Dr. King's New Discovery, which had more than once saved her life, and cured her of consumption. After taking, she slept all night. Further use entirely cured her." This marvelous medicine is guaranteed to cure all throat, chest and lung diseases. Only 50¢ and \$1.00. Trial bottle free at Hadley's drug store.

As the rape plant is used in Canada for putting cattle, sheep and swine in fancy, fat fix, and we know from actual experience that it grows well on the Plains, we have concluded to buy a lot of the seed to distribute among our subscribers for trial. Suppose that the cattle on the Plains, now held for sale, had been put on such pasture some time ago and made very fat. They are now bringing from 4.99 to 6.00 on the Kansas City market. In a time like this year, if not all time, such pasturage would be a boon to the country as well as to the cattle industry.

For tan, sun burn, freckles or rough skin get Hadley's toilet cream, it will work marvels.

How do you like the looks of THE STAYER this week? TEXAS HOUSE OF REPRESENTATIVES

OFFICIALLY RECOGNIZES THE SHIRT WAIST.

The one thing that is sure to stir up The American Public is any radical departure from custom—anything that is not in style and lacks Ome Fastid's approval, no matter how sensible and full of service the new idea is—vide the shirtwaist man, for instance. In time, however, the merits of any worthy innovation impress themselves, and the distrusted theory becomes FACT—as in the case of the shirt waist, adopted at Austin, August 6th, by official vote, as the proper thing.

"THE DENVER ROAD" was the first to break away from the electro-ling method of display advertising, giving the people something to read, with frequent changes, and it worked well. This year in the interest of our "constant readers" we have put in a little time courting the Muse, also the Amuse, and—Has it worked? Well, the shirtwaist man realized that he had been flattered and backed into a blind siding when he heard the talk. The "TALK" was what we were after—we that the people a trifle slow in coming to a full understanding of what we were offering them for their money.

Within the last three years "THE DENVER ROAD" has made several quite radical departures in the matter of regular, daily equipment and service, viz: Pullmans with comfortable large dressing-rooms for ladies, Cafe Cars, meals a la carte, Day Coaches—of the most modern variety—a handsome, box-vestibled train, run thru without change. These trains, as well as our individual advertising—both strictly "Poetry of Motion"—have attracted considerable attention, and we are doing a good business, which is a compliment to the intelligence of the people who are our guests.

W. F. STERLEY, A. G. P. A. A. A. GLISSON, G. A. P. D. CHAS. L. HULL, T. P. A. Fort Worth, Texas.

P. S.—Unless you go via "THE DENVER ROAD," you'll not get quite all you should for your money. Two things to remember: "Only One Road!" and "No Apology Necessary!"
