Kansas City Stock Report.

Kansas City Stock Yards,
November 4, 1901

Contrary to the expectations of many, receipts of cattle at Kansas City during the month of October were well up towards those of October 1900. As the month was a record breaker and the past season has embraced many features that were hardly conducive to a heavy fall run there was every reason to believe that receipts for October this year would fall far short of the bumper month a year ago. Last month's arrivals were over 270,000 and less than 19,000 short of October 1900. Hog receipts for October were 226,500 against 241,400 last year and the sheep supply amounted to 117,200 as compared with 122,800 for October 1900.

The quality of the cattle during the past week has shown some improvement and the reduction in the supply was confined to consignments of range cattle and stockers and feeders. Corn cattle prices were probably shaded a little, quality considered, and the top price for the week was 6.45, but the absence of heavy grass offerings stimulated values of such cattle to the extent of 10 to 12¢ above the previous week's average.

A good many thin cows are finding their way to market as a result of the fall range cleaning and herd shaping for the winter and while there is no difficulty experienced in disposing of them the range of prices is at about the lowest point of the year. Females in good flesh are not so plentiful and sell well and quickly.

Light receipts of feeders has improved the condition of the country shipping trade and the apathetic feeling of the previous week has entirely disappeared. The demand for the better class of feeders continues strong, country buyers take hold of the medium qualities with a better spirit and the week closes with the yards practically free from "hold over" supplies. Shipments to the country during the month of October amounted to about 95,000 against 120,000 during October 1900.

Southern steers were benefited by the falling off of range consignments in the native division and closed 10 to 15¢ higher on the week. The best steers offered sold at 3.60 to 3.85, the 3.60 price including some cattle that

averaged less than 870 pounds. Some good dry cows sold up to 3.00 but the most of the arrivals consisted of common to fair cows that sold at 1.75 to 2.55.

True to the established precedent hogs declined throughout the month of October closed 1.10 to 1.25 lower than at the beginning. Values still rule 1.00 to 1.20 higher than a year ago with prime heavy hogs selling at 5.90 to 6.00; mixed and medium weights at 5.70 to 5.90; lights at 5.25 to 5.75 and pigs at 4.75 to 5.25. The shrinkage for the week was 20 to 30¢ per 100-weight, and local prices continue to hold some prestige over Eastern points.

Mutton sheep revelled in popularity during the past week and present indications portend still stronger values. All fat offerings found ready sale and leading salesmen are quoting prime fat wethers worth up to 4.00. Western yearlings are quoted at 3.40 to 3.60 and aged wethers at 3.25 to 3.50. A choice lot of Mexican ewes realized 3.10 on Wednesday and prime natives sold at 3.40. Choice native spring lambs are quoted at 4.75 to 5.00 and 4.85 was realized during the week while prime Western lambs are worth 4.40 to 4.60 and fair to good lots 4.00 to 4.40. The feeding demand shows some improvement and feeding lambs of good quality sell around 3.25 to 3.50. One commission firm quotes fat sheep and lambs in strong demand with the outlook brighter than has appeared so far this season.

Receipts of live stock for the past week were:

Cattle	44,000
Hogs	60,000
Sheep	24,000

For the preceding week:

Cattle	62,200
Hogs	59,500
Sheep	27,400

Corresponding week last year:

Cattle	46,600
Hogs	62,400
Sheep	13,600

OUR PATRONS.

You can always find anything you want to eat in either staple or fancy groceries, canned goods, candies, pickles, dried fruits, etc. at the

Canyon Mercantile Co.

Canyon City is daily improving, the croakers to the contrary, notwithstanding. The Stockmen's National Bank have just completed a building of pressed brick with cream colored stone trimmings that is a beauty and would be a credit to any city. Quite a number of new residences, some of them handsome, are in course of construction. Go into any business house and note how busy the clerks are, some of them seem almost tireless and yet never idle for a minute. Wagons loading and loaded block the streets nearly every day. Verily for a dead or dying town, Canyon City is very lively.

The Hadley Drug Company have recently overhauled their store and find they have a large stock of fancy and plain stationery which they want to sell right away. Call and get bargains while this lot lasts.

Sam Long and others sold cows this week to John W. Puckett at prices around \$18.00.

Mr. C. M. Hardin was down Saturday.

The Hadley Drug Company have some lovely jewelry they are selling cheap. Now is the time to buy presents for the holidays while you can get your choice.

About October 18th, a pair of small ponies strayed from Canyon City: A bay branded LES on the left hip and another brand on the right hip, and has been fistuloid. The other is a small, heavy set white pony, branded with a rocking chair on the left shoulder and a smoothing iron on the left hip. I will pay a liberal reward for their return, or the information leading to their recovery.

J. T. Parks, the barber, Canyon City, Texas.

Coal is cheaper in Canyon City than in either Hereford or Amarillo and hundreds of tons are being hauled out from here.

Oils, Paints, brushes, lead, etc., in fact, everything usually carried in a first class drug store at Hadley Drug Company's.

For absolutely pure mixed paint sold under an iron-clad guarantee, go to M. T. JONES LUMBER COMPANY. They also carry Doors, Windows, Mouldings, Cypress Shingles, Lead, Oil, Varnishes, Brushes, Glass, Putty, Etc., Etc., and you may rest assured that their prices are all right.

Any of Ramon's Remedies can now be had at the Canyon City Pharmacy.

Running Water Notes.

Mr. Bell, of Dimmitt, who has been baling alfalfa hay for Messrs. Windsor and Mayhew, returned home last week. We understand that he baled about eighty tons for them while here.

Mr. Baker, from Comanche county, who bought land west of here some time ago from T. E. Mathew, has arrived with his family. We welcome such citizens as Mr. Baker in our midst.

Mr. T. A. Cowart is on the road to Hereford this week. His son Charley is acting miller for him. Mr. Cowart's gasoline engine is now in good running order. A few days ago he had it connected with all the machinery in the house and it pulled each with sufficient speed to do good work.

only a wire gate between the lot and the yard and have a lot of boys who never can be made to see the harm in leaving the gate down "just a minit." Oh dear, how faithfully I have tried to beautify and seen my fondest hopes disappear in a lovely hen wallow for Mrs. Biddie and her babies or seen my budding rose bushes and ambitious vines furnish a delectable morsel for the calf or colt who has just run in a minute. Verily the path way to flower gardens and landscape beauty lies not through the open gate but we can beautify the inside of our houses and cultivate our minds if we cannot have beauty outside. The long winter evenings are here now when the young people like some amusement. The boy or girl who likes to read can by a little planning and management always have something new and good to read with but small outlay; but those who neither read, play or sing. Oh dear me, that reminds me of my big brother. He will not read, can not play or sing and how to amuse him I am racking my brain over now. He is not old enough to go to some other girl for amusement and expects me to entertain him.

If any of the cousins can suggest something new let us have it by all means; something that will not raise the roof with noise and yet, noisy enough to suit a door-slaming boy.

Dear Cousins:—

I have enjoyed reading your various letters; but sorry to see a disposition on the part of some to say cutting little things about the neighbors. Now this is all wrong. Let us strive to say only pleasant things about our neighbors. They are all nice people because there are very few sorry people on the Plains and they are not the ones we all know. X. T. Z. wants us to talk about beautifying our home, etc. Now I do wonder if he or she ever tried to raise flowers, motherless calves, chickens and motherless and fatherless colts, all at the same time and under the same fence, well not exactly the same fence either, but with

A Violent Attack of Croup Cured.

"Last winter an infant child of mine had croup in a violent form," says Elder John W. Rogers, a Christian Evangelist, of Filley, Mo. "I gave her a few doses of Chamberlain's Cough Remedy and in a short time all danger was past and the child recovered." This remedy not only cures croup, but when given as soon as the first symptoms appear, will prevent the attack. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. For sale by the Hadley Drug Company, the Leading Druggists.

TO CORRESPONDENTS

We are anxious to have correspondence from each school community in the country tributary to Canyon City.

Rains, conditions of crops and grass, sales of stock when the price, condition and age of stock, and names of parties to the transactions are given are of interest to stockmen. Births, deaths, marriages, persons moving into the community, residents going out, etc. are matters of local interest.

Religious, educational and social matters indicate to the world the attention given to such things. Strictly avoid mentioning little troubles or other matters that will be unpleasant to any one.

Correspondents will kindly furnish us the name and post office of the school teacher in your neighborhood. As matters of importance come in late we would urge correspondents to have communications to reach us as early as Tuesday morning to be certain of publication that week. If they are later we will do our best to put them in.

The Canyon post office issued for the month of October, \$7.384.81 in money orders. How is that for one month's business?

ASTOUNDING DISCOVERY.
From Cooperville, Mich., comes word of a wonderful discovery of a pleasant tasting liquid that when used before retiring by any one troubled with a bad cough always ensures a good night's rest. "It will soon cure the cough too," writes Mrs. S. Himmelberger, "for three generations our family have used Dr. King's New Discovery for Consumption and never found it's equal for coughs and colds." It's an unrivaled life-saver when used for desperate lung diseases. Guaranteed bottles 50¢ and \$1.00 at Hadley Drug Co's.

The Hadley Drug Company have just received a lot of Parke Davis & Company's blackleg vaccine and syringes for applying it. Stock men are invited to call and examine them.

League Mite Social.
Next Friday night November 8th at the residence of Mr. and Mrs. John A. Wallace a League Mite Social will be given, the proceeds to be applied to the last payment on the Methodist church organ. An interesting program will be rendered by Mrs. M. J. Overhuls, Mrs. Ernsberger, Miss Adair, Mr. Frank Wilson, Professor Ernsberger and others. Refreshments will be served and a nice time is promised to all. Come spend a pleasant evening and help a good cause.

Home Comfort coffee is the best. Wansley & Hicks.

Persons desiring fruit or ornamental trees, flowers, shrubs, or other nursery stock will do well to see S. H. Baker, of Wright, Texas. He is representing the celebrated Stark Bros., of Louisiana, Missouri.

The market in Canyon City was supplied last Saturday with cabbage, green and ripe tomatoes, sweet and Irish potatoes, cushaws, squashes, pumpkins, turnips greens, apples, chickens, turkeys butter, eggs, beef and pork besides the great quantity of dried and canned foods on sale. Verily the house wife here has much to select from where with to win her way to husband or fathers heart and thereby gain the coveted winter hat.

The Best Stationery at the Canyon City Pharmacy.

Mr. J. R. Baird brought us in a bushel of sweet potatoes that averaged eight pounds apiece, each potato being well shaped. How is that for a bushel of big "taters" and he says his whole crop is like them.

Many people are suffering fearfully from indigestion or dyspepsia, when one single bottle of Herbine would bring about a prompt and permanent cure. A few doses will do more for a weak stomach than a prolonged course of any other medicine. Price 50¢ at Hadley Drug Company's.

Faulkner, Hogan and Tudor.

Mr. Robert Skipworth has decided to leave the Plains and go back east. He has sold his place north of Wright to Mr. James; so there is a country in Texas that suits everybody, but we would like to see the country that beats the Plains in every respect. Some claim the loco is bad. Well then, get good cattle, turn loose all their sections but two or three and take the money that they get for the rest and hire the loco cut off and then raise plenty of feed. A few good cattle, well cared for, beats a big bunch not attended too, get more for them and look better so there is no use in grumbling about loco when it can be remedied.

Cattle in this part of the country are in fine condition because most of them have cut the loco. Some have not. Mr. W. R. Adkins looks pleasing. He has a young man stopping at his house. It was so disagreeable yesterday the young folks had to stay at home. They had no singing anywhere. Rev. R. B. Wagoner made a flying visit to Wright on Wednesday; getting ready for conference. He has a young man

On October 15th the Governor issued a proclamation governing the movement of cattle from November 1st 1901 to November 1st 1902. Cattle cannot cross the quarantine line except from November 1st to December 31st and then they must have been inspected.

Cattle cannot be taken from the counties of Wilbarger, Foard, Knox, Haskell, Childress, Jones, Fisher, Mitchell, Sterling, West Tom Green, Irion, Upton, Cottle, Crane, Hardeman, King, Stonewall, Scurry, Borden, Howard, Garza, Glascock without first being inspected.

The States of Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, New York, New Jersey, Delaware, Pennsylvania, Ohio, Kentucky, Tennessee, Indiana, Michigan, Illinois, Wisconsin, Minnesota, Iowa, Nebraska, Missouri and Colorado are quarantined on account of tuberculosis.

Louisiana is quarantined on account of anthrax and charbon and the quarantine extends to cattle, horses, mules and sheep. An effort is being made to control anthrax and glanders now in the state.

OUR OFFER TO THE PUBLIC SCHOOL OF THE PLAINS

In order to further the school interests on the Plains and show to the outside world what progress Young America is making in the wild west, we will give to the school making the highest "general average" in their studies and deportment" for six months, or the full term of school if the term does not last six months, Webster's Unabridged Dictionary, late edition, with stand to hold it.

The principal of each school competing must send to THE STAYER for publication, a monthly report giving the names the pupils, the deportment and general average. A report for the month of October will be included.

The contest will be limited to communities where THE STAYER circulates. Mr. Edgar Money, of Sherman county, is visiting his father Mr. C. P. Money.

SPREADS LIKE WILDFIRE.

When things are "the best" they become "the best-selling." Abraham Hare, a leading druggist, of Belleville, O., writes: "Electric Bitters are the best selling bitters I have handled in 20 years." You know why? Most diseases begin in disorder of stomach, liver, kidneys, bowels, blood and nerves. Electric Bitters tones up the stomach, regulates liver, kidneys and bowels, purifies the blood, strengthens the nerves, hence cures multitudes of maladies. It builds up the entire system. Puts new life and vigor into any weak, sickly, run-down man or woman. Price 50¢. Sold by Hadley Drug Co.

HENRY H. ROELOFS & CO., Philadelphia.

Canyon City has had a super-abundance of "Cheap John" business. These are usually the product of some one who wishes to make money by pandering to the desire of the people to get goods as cheap as possible, and usually results in dissatisfaction. While prices too high should be condemned, yet, we must be

careful not to condemn honest profitable prices that yield general prosperity and produce "Cheap John" establishments that give us inferior goods and keep us continually buying. This is worse than the other extreme for it causes men to lose confidence in his fellow men and begets a desire to retaliate.

New Passenger Schedule.

DIRECT CONNECTION IN BOTH DIRECTIONS BETWEEN CANYON CITY AND KANSAS CITY. THROUGH SLEEPERS BETWEEN CARLSBAD AND WICHITA.

Beginning Sunday, November 3rd, the Pecos System will put in effect a new schedule of passenger service, the changes being of special advantage to patrons of the line. Train No. 202 for the north will leave Canyon City at 6:08 p. m., arriving at Amarillo at 6:55 p. m., where direct connections will be made with the Southern Kansas of Texas train for Kansas City, arriving at Kansas City on the evening of the second day.

A special feature of the new schedule will be through sleepers in each direction between Carlsbad and Wichita, Kansas making close connections with the Santa Fe Kansas City sleepers. Train No. 201 from the north will reach Canyon City at 10:05 a. m., leaving Amarillo at 9:25 a. m.

If a person will look over Canyon City and note the shabby painting that has been done within the past two years he can realize that the coming of Mr. Trimble to our town was needed. He should not be expected to do good work at shabby prices.

Higgins	9.50 " "
Gage	10.45 " "
Woodward	11.35 " "

Where it will connect with a train on the Atchafalpa line that it is hoped will put cattle into Kansas City for Wednesday's market, BUT IT MUST BE UNDERSTOOD THAT WE DO NOT GUARANTEE TO MAKE THIS MARKET, AS WE ARE LIABLE TO BE DELAYED IN GATHERING shipments all along the line, as this train contemplates, and may have to unload for feed and rest, in order to comply with the law. We have selected Wednesday's market for the reason that we are assured that the market on the following day, Thursday, is equally good, and our patrons are therefore protected as far as we can protect them against loss on account of possible delay as above suggested.

We will still continue to handle train load shipments, with proper notice, on any day of the week as suits shippers. This weekly stock train is simply intended to take care of shipments that would otherwise have to be handled by way freight trains and necessarily suffer considerable delay. Don A. Kansas City Stock Report.

Kansas City Stock Yards.

November 4, 1901

Contrary to the expectations of many, receipts of cattle at Kansas City during the month of October were well up towards those of October 1900. As the month was a record breaker and the past season has embraced many features that were hardly conducive to a heavy fall run there was every reason to believe that receipts for October this year would fall far short of the bumper month a year ago. Last month's arrivals were over 270,000 and less than 19,000 short of October 1900. Hog receipts for October were 226,500 against 241,400 last year and the sheep supply amounted to 117,200 as compared with 122,800 for October 1900.

The quality of the cattle during the past week has shown some improvement and the reduction in the supply was confined to consignments of range cattle and stockers and feeders. Corn cattle prices were probably shaded a little, quality considered, and the top price for the week was 6.45, but the absence of heavy grass offerings stimulated values of such cattle to the extent of 10 to 12% above the previous week's average.

A good many thin cows are finding their way to market as a result of the fall range cleaning and herd shaping for the winter and while there is no difficulty experienced in disposing of them the range of prices is at about the lowest point of the year. Females in good flesh are not so plentiful and sell well and quickly. Light receipts of feeders has improved the condition of the country shipping trade and the apathetic feeling of the previous week has entirely disappeared. The demand for the better class of feeders continues strong, country buyers take hold of the medium qualities with a better spirit and the week closes with the yards practically free from "hold over" supplies. Shipments to the country during the month of October amounted to about 95,000 against 120,000 during October 1900.

Southwestern steers were benefited by the falling off of range consignments in the native division and closed 10 to 15% higher on the week. The best steers offered sold at 3.60 to 3.85, the 3.60 price including some cattle that

averaged less than 870 pounds. Some good dry cows sold up to 3.00 but the most of the arrivals consisted of common to fair cows that sold at 1.75 to 2.55.

True to the established precedent hogs declined throughout the month of October closed 1.10 to 1.25 lower than at the beginning. Values still rule 1.00 to 1.20 higher than a year ago with prime heavy hogs selling at 5.90 to 6.00; mixed and medium weights at 5.70 to 5.90; lights at 5.25 to 5.75 and pigs at 4.75 to 5.25. The shrinkage for the week was 20 to 30% per 100-weight, and local prices continue to hold some prestige over Eastern points.

Mutton sheep revealed in popularity during the past week and present indications portend still stronger values. All fat offerings found ready sale and leading salesmen are quoting prime fat wethers worth up to 4.00. Western yearlings are quoted at 3.40 to 3.60 and aged wethers at 3.25 to 3.50. A choice lot of Mexican eyes realized 3.10 on Wednesday and prime natives sold at 3.40. Choice native spring lambs are quoted at 4.75 to 5.00 and 4.85 was realized during the week while prime Western lambs are worth 4.40 to 4.60 and fair to good lots 4.00 to 4.40. The feeding demand shows some improvement and feeding lambs of good quality sell around 3.25 to 3.50. One commission firm quotes fat sheep and lambs in strong demand with the outlook brighter than has appeared so far this season.

Canyon City is daily improving, the croakers to the contrary, notwithstanding. The Stockmen's National Bank have just completed a building of pressed brick with cream colored stone trimmings that is a beauty and would be a credit to any city. Quite a number of new residences, some of them handsome, are in course of construction. Go into any business house and note how busy the clerks are, some of them seem almost tireless and yet never idle for a minute. Wagons loading and loaded block the streets nearly every day. Verily for a dead or dying town, Canyon City is very lively.

The Hadley Drug Company have recently overhauled their store and find they have a large stock of fancy and plain stationery which they want to sell right away. Call and get bargains while this lot lasts.

About October 18th, a pair of small ponies strayed from Canyon City: A bay branded LES on the left hip and another brand on the right hip, and has been fistulosed. The other is a small, heavy set white pony, branded with a rocking chair on the left shoulder and a smoothing iron on the left hip. I will pay a liberal reward for their return, or the information leading to their recovery.

For absolutely pure mixed paint sold under an iron-clad guarantee, go to M. T. JONES LUMBER COMPANY. They also carry Doors, Windows, Mouldings, Cypress Shingles, Lead, Oil, Varnishes, Brushes, Glass, Putty, Etc., Etc., and you may rest assured that their prices are all right.

Any of Ramon's Remedies can now be had at the Canyon City Pharmacy.

Running Water Notes.

Mr. Bell, of Dimmitt, who has been baling alfalfa hay for Messrs. Windsor and Mayhew, returned home last week. We understand that he baled about eighty tons for them while here.

Mr. Baker, from Comanche county, who bought land west of here some time ago from T. E. Mathew, has arrived with his family. We welcome such citizens as Mr. Baker in our midst.

Mr. T. A. Cowart is on the road to Hereford this week. His son Charley is acting miller for him. Mr. Cowart's gasoline engine is now in good running order. A few days ago he had it connected with all the machinery in the house and it pulled each with sufficient speed to do good work.

Dear Cousins:—

I have enjoyed reading your various letters; but sorry to see a disposition on the part of some to say cutting little things about the neighbors. Now this is all wrong. Let us strive to say only pleasant things about our neighbors. They are all nice people because there are very few sorry people on the Plains and they are not the ones we all know. X. T. Z. wants us to talk about beautifying our home, etc. Now I do wonder if he or she ever tried to raise flowers, motherless calves, chickens and motherless and fatherless colts, all at the same time and under the same fence, well not exactly the same fence either, but with

only a wire gate between the lot and the yard and have a lot of boys who never can be made to see the harm in leaving the gate down "jest a minit." Oh dear, how faithfully I have tried to beautify and seen my fondest hopes disappear in a lovely hen wallow for Mrs. Biddie and her babies or seen my budding rose bushes and ambitious vines furnish a delectable morsel for the calf or colt who has just run in a minute. Verily the path way to flower gardens and landscape beauty lies not through the open gate but we can beautify the inside of our houses and cultivate our minds if we cannot have beauty outside. The long winter evenings are here now when the young people like some amusement. The boy or girl who likes to read can by a little planning and management all ways have something new and good to read with but small outlay; but those who neither read nly or sing. Oh dear me, that reminds me of my big brother. He will not read, can not play or sing and how to amuse him I am racking my brain over now. He is not old enough to go to some other girl for amusement and expects me to entertain him.

If any of the cousins can suggest something new let us have it by all means; something that will not raise the roof with noise and yet, noisy enough to suit a door-slaming boy.

Well, I could write a lot more but fear the waste basket.

Cattle are going into winter in fine shape.

Immense feed crops have been harvested on the Plains this year, nearly every stock farmer has an abundance and some to spare.

GOOD ADVICE

The most miserable beings in the world are those suffering from dyspepsia and liver complaint. More than seventy-five per cent. of the people in the United States are afflicted with these two diseases and their effects: such as sour stomach, sick headache, habitual costiveness, palpitation of the heart, heartburn, waterbrash, gnawing and burning pains at the pit of the stomach, yellow skin, coated tongue and disagreeable taste in the mouth, coming up of food after eating, low spirits, etc. Go to your druggist, J. N. A. dley, and get a bottle of August Flower for 75¢. Two doses will relieve you. Try it.

Mr. J. M. Vasant is now in the real estate business and solicits the patronage of the public. Give him a trial and be pleased at the results.

A Violent Attack of Croup Cured.

"Last winter an infant child of mine had croup in a violent form," says Elder John W. Rogers, a Christian Evangelist, of Filley, Mo. "I gave her a few doses of Chamberlain's Cough Remedy and in a short time all danger was past and the child recovered." This remedy not only cures croup, but when given as soon as the first symptoms appear, will prevent the attack. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. For sale by the Hadley Drug Company, the Leading Druggists.

TO CORRESPONDENTS

We are anxious to have correspondence from each school community in the country tributary to Canyon City.

Rains, conditions of crops and grass, sales of stock when the price, condition and age of stock, and names of parties to the transactions are given are of interest to stockmen. Births, deaths, marriages, persons moving into the community, residents going out, etc. are matters of local interest.

Religious, educational and social matters indicate to the world the attention given to such things.

Strictly avoid mentioning little troubles or other matters that will be unpleasant to any one.

Correspondents will kindly furnish us the name and post office of the school teacher in your neighborhood.

As matters of importance come in late we would urge correspondents to have communications to reach us as early as Tuesday morning to be certain of publication that week. If they are later we will do our best to put them in.

The Canyon post office issued for the month of October, \$7, 384.81 in money orders. How is that for one month's business?

ASTOUNDING DISCOVERY.

From Cooperville, Miss., comes word of a wonderful discovery of a pleasant tasting liquid that when used before retiring by any one troubled with a bad cough always ensures a good night's rest. "It will soon cure the cough too," writes Mrs. S. Himeburg, "for three generations, my family have used Dr. King's New Discovery for Consumption and never found it's equal for coughs and colds." It's an unrivaled life-saver when used for desperate lung diseases. Guaranteed bottles 50¢ and \$1.00 at Hadley Drug Co's.

The Hadley Drug Company have just received a lot of Parke Davis & Company's blackleg vaccine and syringes for applying it. Stock men are invited to call and examine them.

League Mite Social.

Next Friday night November 8th at the residence of Mr. and Mrs. John A. Wallace a League Mite Social will be given, the proceeds to be applied to the last payment on the Methodist church organ. An interesting program will be rendered by Mrs. M. J. Overhuls, Mrs. Ernsberger, Miss Adair, Mr. Frank Wilson, Professor Ernsberger and others. Refreshments will be served and a nice time is promised to all. Come spend a pleasant evening and help a good cause.

Faulkner, Hogan and Tudor.

Mr. Robert Skipworth has decided to leave the Plains and go back east. He has sold his place north of Wright to Mr. James; so there is a country in Texas that suits everybody, but we would like to see the country that beats the Plains in every respect. Some claim the loco is bad. Well then, get good cattle, turn loose all their sections but two or three and take the money that they get for the rest and hire the loco cut off and then raise plenty of feed. A few good cattle, well cared for, beats a big bunch not attended to, get more for them and look better so there is no use in grumbling about loco when it can be remedied.

Cattle in this part of the country are in fine condition because most of them have cut the loco. Some have not. Mr. W. R. Adkins looks pleasing. He has a young man stopping at his house. It was so disagreeable yesterday the young folks had to stay at home. They had no singing anywhere. Rev. R. B. Wagoner made a flying visit to Wright on Wednesday; getting ready for conference. It has rained again. A norther blew up Saturday night which brought the roses to the cheeks of the pretty girls Sunday. It was not cold enough to make the old cows hump their backs but enough to make a fire in the parlor necessary and the old man hump to meet the coal-bill.

An enthusiastic mass meeting was held last Monday evening at the court house to determine whether or not Randall county should send a delegate to meet the commission who are to locate the new experiment station that the last legislature authorized for Western Texas. Judge Lair was unanimously chosen to go and instructed to do all possible to secure the station, first, for Randall county if possible, then somewhere in the panhandle as second choice. Elder, J. T. Burnett was also instructed to help Judge Lair any way possible as it was understood Mr. Burnett would be in Ft. Worth on the 6th.

WRIGHT WRUMLINGS.
Well winter is here at last. We had a rain Friday night on Saturday night at 8 o'clock a norther blew up so this morning, Monday, a good big frost; also ice.

Roads are very muddy and disagreeable for traveling, especially on poor freighters. Frank Moore and T. A. Ross started to Canyon City this morning. Several have gone out of this neighborhood with cattle to ship. Messrs. Skipworth,

GREAT LUCK OF AN EDITOR.
"For two years all efforts to cure eczema in the palm of my hand failed," writes Editor H. N. Lester of Syracuse Kan., "then I was wholly cured by Bucklen's Arnica Salve." It's the world's best for eruptions, sores and all skin diseases. Only 25¢ at Hadley Drug Co.

Messrs. L. G. Wilson and J. H. Garrison are on a ten days trip to the lower country. For first class painting or paper hanging see I. G. Trimble. His is the best work. He has lived on the Plains a long time and his work at Plainview and other places are his recommendations.

OUR OFFER TO THE PUBLIC SCHOOL OF THE PLAINS
In order to further the school interests on the Plains and show to the outside world what progress Young America is making in the wild west, we will give to the school making the highest "general average" in their studies and deportment" for six months, or the full term of school if the term does not last six months, Webster's Unabridged Dictionary, late edition, with stand to hold it. To the pupil of each school making the highest "general average" in all studies and deportment" an appropriate premium to be determined later. The principal of each school competing must send to THE STAYER for publication, a monthly report giving the names of the pupils, the deportment and general average. A report for the month of October will be included. The contest will be limited to communities where THE STAYER circulates.

When things are "the best" they become "the best-selling." Abraham Hare, a leading druggist, of Belleville, O., writes: "Electric Bitters are the best selling bitters I have handled in 20 years." You know why? Most diseases begin in disorder of stomach, liver, kidneys, bowels, blood and nerves. Electric Bitters tones up the stomach, regulates liver, kidneys and bowels, purifies the blood, strengthens the nerves, hence cures multitudes of maladies. It builds up the entire system. Puts new life and vigor into any weak, sickly, run-down man or woman. Price 50¢. Sold by Hadley Drug Co.

Canyon City has had a superabundance of "Cheap John" business. These are usually the product of some one who wishes to make money by pandering to the desire of the people to get goods as cheap as possible, and usually results in dissatisfaction. While prices too high should be condemned, yet, we must be

careful not to condemn honest profitable prices that yield general prosperity and produce "Cheap John" establishments that give us inferior goods and keep us continually buying. This is worse than the other extreme for it causes men to lose confidence in his fellow men and begets a desire to retaliate.

New Passenger Schedule.

DIRECT CONNECTION IN BOTH DIRECTIONS BETWEEN CANYON CITY AND KANSAS CITY.

THROUGH SLEEPERS BETWEEN CARLSBAD AND WICHITA.

Beginning Sunday, November 3rd, the Pecos System will put in effect a new schedule of passenger service, the changes being of special advantage to patrons of the line. Train No. 202 for the north will leave Canyon City at 6:08 p. m., arriving at Amarillo at 6:55 p. m., where direct connections will be made with the Southern Kansas of Texas train for Kansas City, arriving at Kansas City on the evening of the second day.

A special feature of the new schedule will be through sleepers in each direction between Carlsbad and Wichita, Kansas making close connections with the Santa Fe Kansas City sleepers. Train No. 201 from the north will reach Canyon City at 10:05 a. m., leaving Amarillo at 9:25 a. m.

If a person will look over Canyon City and note the shabby painting that has been done within the past two years he can realize that the coming of Mr. Trimble to our town was needed. He should not be expected to do good work at shabby prices.

RAILROADS CREATE PROSPERITY.

This has been demonstrated by the marked improvement in conditions along

"THE DENVER ROAD"

In

THE TEXAS PANHANDLE.

Whether other lines have come to share in the results of the good times in that section.

PROSPERITY DEMANDS RAILROADS.

The Chicago, Rock Island & Mexico

Already crossing "The Denver Road" at Dalhart.

The Choctaw, Oklahoma & Gulf

Soon to join "The Denver Road" at Wichita Falls and Amarillo.

The Blackwell, Enid & Southwestern

Now building to "The Denver Road" at Vernon.

The Kansas City, Mexico & Orient

Expected to join "The Denver Road" at Chillicothe.

The Frisco System

Which may meet "The Denver Road" at Acme.

The Arkansas & Choctaw

Headed for "The Denver Road" at Wichita Falls.

All this, taken with the activity of immigration and real estate agents, many new settlers, numbers buying Special 30 Day Home Seekers' Tickets, and others seeking information, indicates that "THE DENVER ROAD" is considered good company in a desirable neighborhood.

Roswell	4:00 "
Portales	8:30 "
Bovina	10:30 "
Hereford	12:30 P. M. "
Canyon City	2:00 "
Amarillo	4:00 "
Washburn	4:30 "
Panhandle	5:35 "
Miami	7:35 "
Canadian	8:35 "
Higgins	9:50 "
Gage	10:45 "
Woodward	11:55 "

Where it will connect with a train on the Atchison line that it is hoped will put cattle into Kansas City for Wednesday's market, BUT IT MUST BE UNDERSTOOD THAT WE DO NOT GUARANTEE TO MAKE THIS MARKET, AS WE ARE liable to be delayed in gathering shipments all along the line, as this train contemplates, and may have to unload for feed and rest, in order to comply with the law. We have selected Wednesday's market for the reason that we are assured that the market on the following day, Thursday, is equally good, and our patrons are therefore protected as far as we can protect them against loss on account of possible delay as above suggested.

We will still continue to handle train load shipments, with proper notice, on any day of the week as suits shippers. This weekly stock train is simply intended to take care of shipments that would otherwise have to be handled by way freight trains and necessarily suffer considerable delay.

Traffic Manager.
