timate, though it is very large. For example, we believe that the value of every acre of farm land within a radius of 20 miles will be increased on an average \$5 per acre. This will mean \$1,500,000. All city real estate will be increased in value much more in proportion.

"Herewith we submit a form of proposition and we suggest that cities which desire to secure the location of this school put their propositions in substantially this form:

"On condition that the Board of Trustees of Panhandle Presbyterian College secure an endowment of \$25,000 prior to Dec. 31, 1908, we the citizens of will donate to the Board the sum of \$ in cash, (not less than \$25,000 in cash will be considered and other things being equal the city that makes the largest donation in cash and other property will be chosen as the location of the school) together with a plot of ground of acres for a campus (at least 12 acres) and to be deeded in fee simple to the Trustees of Panhandle Presbyterian College. We will make deed to all real estate as soon as satisfactory evidence is produced by the Board of Trustees that they have secured their \$25,000 endowment in cash or bankable securities and we will pay one-half of our cash bonus within three months, one-fourth more within six months and the balance within nine months from that date."

"All propositions must be in the hands of the secretary, M. H. Frank, Canadian, Texas, not later than Nov. 15th.

BOUNDS OF PRESBYTERY

"Amarillo Presbytery belongs to the American Presbyterian Church with which the Cumberland Presbyterian Church has lately united. The united church has one and one-half million members and ten thousand ministers. The Presbytery embraces the counties of Archer, Wichita, Baylor, Knox, King, Dickens, Crosby, Lubbock and Cochran together with all that part of Texas which lies west and north of these; forty-five counties in all. This is an area greater than the state of Ohio. There is no Presbyterian school now in the Panhandle."

The above is substantially the proposition re-submitted to Panhandle towns by the Panhandle Presbyterians and it is up to Canyon City to say whether or not she desires to put in a bid.

To The News it doth appear as the our Presbyterian brethren want a "teetle" too much of the thing their way. The towns under this proposition are asked to do it all, or nearly so, the College Board merely pledging the interest, say 5 per cent, on \$25,000 endowment.

THE PRESBYTERIAN COLLEGE.

November 15th Now Fixed as Date For Deciding on Location.

The matter of locating the Panhandle Presbyterian College has been re-opened. Some hint, may say, that this question has been re-submitted to Panhandle towns in order to let Amarillo in. But, be this as it may, the way is now opened to all comers both old and new. From a folder sent to the Canyon City Commercial Club by this prospective College, board of trustees, The News takes the following:

"The kind of a proposition we now desire is one in which the town will agree to donate a plot of ground for a campus and give a cash bonus on condition that the Board succeeds in raising the endowment. Other things being equal the town that makes the best proposition along this line will be chosen as the location of the school.

"We believe that we are now working along lines that will appeal to the best business sense of the Panhandle people and of the friends of education everywhere. We ask you to put up a bonus on condition that we obtain sufficient endowment funds to enable the school to be a success from the start and to guarantee that it will be increasingly successful as the years come and go.

"Any city in the Panhandle ought to be glad to give us a plot of ground for a campus and from \$50,000 to \$100,000 bonus in cash or other property in order to secure the location of our Presbyterian College, on condition of our placing as much as \$25,000 endowment upon it to start with, for every dollar of the money thus donated will be spent at once in buildings which will beautify and adorn the very city that furnishes the money. And the greater the liberality of the citizens the more beautiful and substantial the buildings.

"The real estate or financial value of such a school as we propose to establish is difficult to es-

Come in any day during the week. Make our store your headquarters. Have coffee and biscuits with us.

Come if you wish to buy or not; the information gained will serve you in the future.

Facts About The Great Majestic Range

It is the only range in the world made of Malleable and Charcoal Iron.

It has, beyond any question of a doubt, the largest and best reservoir.

It uses about half the fuel used on other ranges, and does better work by far.

The Majestic All Copper Nickel Reservoir heats the water quicker, and hotter than any other. It is the only reservoir with a removable frame.

The Charcoal Iron Body of the Great Majestic Range lasts three times as long as a steel body.

Being made of non-breakable material, there is practically no expense for repairing the Majestic.

As for baking, it is perfection, not only for a few months, but for all time to come.

A Great Majestic Range lasts three times as long as a cheap range, but it doesn't cost three times as much.

PROOF—We don't ask you to take our word for any of the above statements, but if you will call at our store, a man from the factory, where Majestic Ranges are made, will prove to your satisfaction, that these are absolute facts, and will show you many more reasons why the Great Majestic Range is absolutely the best that money can buy.

OUR SPECIAL ADS.

The News is rather full on special advertising this week and, of course, when this is the case it goes without saying that special opportunities are offered to its readers.

First in order of size comes the Thompson Hardware Co., telling of the wonders of the "Majestic Range," its good cooking and the economy of its use. To demonstrate all this and even more they propose to serve hot coffee and biscuit to all interested comers next week. Read their big Ad carefully and when the time comes for the hot coffee etc., be there and take one with The News reporter.

Next we have the Supply Co., with their prize offer and they are doing a fine business; not because of it, perhaps, but rather on account of the fact that they have an excellent line of goods and are selling them at close prices. The chance for the prizes is still open.

Then comes the "Canyon Mercantile" with the "Cash Sale" tickets. In this their prices still remain the same—as low as anybody's—and every buyer gets a premium for simply paying the cash now in place of waiting until the end of the month. Such a system saves charging, billing and collecting—and saves money for the cash customer and thereby all are evened up.

And Keiser Bros. & Phillips Ad. You will see it on the first page in the form of a field view on the farm of T. C. Simms. It is a new thing this week and therefore might be called special for this issue, but from now on for sometime to come it is to be a regular feature of The News and always with a new Randall county view. This firm is doing much to induce a sturdy class of farmers to come and abide with us as citizens and by their works, in selling as well as in buying land, they give ample evidence of the great faith they have in what Randall county offers in the line of agricultural possibilities.

Another special ad, altho not its first appearance, is that of the Light & Ice company. Their offer to wire residences and other houses for a limited time in order to introduce their lightening goods should not be overlooked. See T. D. Smith about it.

And last but not least, by any means is the Sells-Floto show ad. See them next Wednesday.

All in all our advertisements for this week are worth, to the careful buyer, whether of lightening, other goods or real estate, much more than a full year's subscription to the paper.

Our National Park Bill.

The committee appointed by the Commercial Club last week to push this matter, to wit: Jasper N. Haney, J. C. Hunt and A. S. Rollins, have gone to work in a way that should bring results. Extra copies of last week's News, four hundred copies of the Club resolutions and as many circular letters have been sent broadcast, where it was thought they would accomplish the most good, asking attendance at the proposed convention to be held here on November 12th. Judge Hunt says that he has written Senator Bailey to come and that from a conversation formerly had with him, he rather expects him to be present.

At any rate Canyon City, through her Commercial Club, is doing all she can and if others equally interested in results do half as well we may look for the passage of the Park bill through Congress at an early date.

Governor Campbell's proposition, also advocated by other prominent men of Texas to exempt the homestead of a family from all taxation, is, in the main, a good one. It should, however, have some limitations as to value other than those now fixed by the State Constitution.

The State Fair at Dallas opened last Saturday and will continue for sixteen days.

At the Missouri State Fair Texas ranked first in exhibits after Missouri.

Children in the Home.

Small children are always a source of anxiety to parents. Coughs, colds, croup and whooping cough attack the little ones and serious illness results almost before they are aware of it. One trial of Chamberlain's Cough Remedy for these troubles will prove its efficiency and keep it in the home ever after. For sale by S. V. Wirt, druggist.

Garrison-Cruikshank.

Tuesday of last week at Brownfield, Loyd Garrison and Miss Willie Cruikshank were married. His parents knew nothing of it until Monday when the information reached this office. Mrs. Cruikshank was the only relative present at the marriage ceremony. These young people are well known to all old Randall county citizens and all of us wish them well. They will reside at Plains, where Loyd, in partnership with his father-in-law, J. G. Cruikshank, has opened up a grocery store.

An Infallible Remedy.

No matter how severe an attack of diarrhoea may be, Chamberlain's Colic, Cholera and Diarrhoea Remedy never fails to give relief. You cannot afford to be without it. For sale by S. V. Wirt, druggist.

Thad Cobb has leased Rev. J. T. Burnett's place, near Umbarger, for three years and will move there right away.

J. E. Coleman left this week to take his little boy and girl to his father's at Denton. He is expected back before long.

The familiar face of Henry Shinebarger is in evidence this week. He came down from Ohio, getting here Tuesday evening.

Vince Reeves came in last week from Roswell. He is here on a visit to home folks and will go back, he says, in a week or so.

Bunyan Hatchell was up from Plainview Saturday returning home Sunday. He has an experience to relate to the "inside."

Frank Yeager, one of the county pets, has been discharged from the Hotel de Slover and has taken up his abode at Amarillo again.

M. C. Brock of Ipava, Illinois, down here this week bought, through Hall & Abbott, the Orr section 2 miles west of town at \$16,000.

R. E. Foster goes to Mineral Wells this week to consult a specialist and see if the waters down there will relieve his stomach troubles.

Mrs. John Rusk returned Friday of last week after a visit to the Jamestown Exposition and relatives in Virginia, West Virginia and Washington, D. C.

J. W. Dison begins this week on a barn 20x40 and a house five miles north of town for H. J. Weber, an Iowa man who will move down here before long.

Mrs. J. C. Pipkin was at Plainview last week returning home Sunday. Her daughter, Mrs. Tom Wilson, and two little girls came up on their way to Mineral Wells.

Geo. L. Abbott went to the State Fair Wednesday to be back Monday, so he said.

P. Friemel and another man with interests at Umbarger, bought out Rufus Arnold's half section, part of the old Thomas place, at \$20 per acre.

The brick for foundations of the Light & Ice Machinery has arrived and the company hope to be ready for business by the middle of next month.

L. G. Conner on yesterday sold for the owner the S. E. quarter of the block lying between the Presbyterian and Christian churches, to H. J. Weber at \$630.

Bert Phillips, Mose Wesley, and 'tis said Jim Curry, fitted up and went to the deep gorges on the Pale Duro canyon this week on a trapping and hunting expedition.

Miss Sue Wilson accompanied her brother, Smylie, to Dallas Monday where they expect to spend a few days and then make a visit to their sister, Miss Berta, and other relatives at Milford.

F. L. McGrew of Warrensburg, Mo., will, until further notice, represent The News as local reporter and solicitor and courtesies extended him in that capacity will be appreciated by the management.

L. G. Conner has sold the J. E. Bell half block, which lays east of the Christian church and J. F. Smith's, to Walter B. Pierce of Elgin, Illinois. Mr. Pierce says he will improve it and is talking of a two-story residence.

Pat Young got back Tuesday from his job of looking after affairs on the R. W. O'Keefe ranch. Mr. O'Keefe has conditionally sold this property, some 17,712 acres, to the Rife Land Co. at \$8 per acre, making a round sum of \$141,696.

Jas. W. Stoddard, one of our best farmers living about nine miles south of town, recently sold to Albert Jett a pair of two-year-old colts weighing 1,300 lbs. each. \$437.50 was the price paid. These colts, age, make-up and weight considered are said to be the best in the county.

Mr. and Mrs. B. T. Johnson were among News visitors Saturday bringing with them by way of a present two new subscribers, Will Cage, and Miss Lyon, their present school teacher. The Johnsons have always been good friends of this paper and their unselfish efforts in its behalf are very much appreciated.

Among the Iowa people here last week who subscribed for The News were J. E. Winkelman, of Jefferson, J. W. Beard of Oskaloa, and J. J. Burrier, of Eddyville. All expressed themselves as being well satisfied with the looks of the country and predicted quite a settlement of Iowans here in the near future.

C. W. Jochen has sold his place near Umbarger, one and a half sections, to C. O. Keiser for \$15,360. In town Wednesday making the deed Mr. Jochen said that he was sold out so suddenly by Garrison & Harrison that he hardly knew where he was at yet, or where he would go to. He is one of Randall county's best farmers and will be quite a loss to us, under present circumstances, if he leaves us.

At the Woman's Book Club meeting on Wednesday evening the following officers were elected: Mrs. S. L. Ingham, President; Mrs. Oscar Hunt, Vice-president; Mrs. R. A. Sowder, Sec'y.; Miss Emma Brandon, Treas., and Mrs. Sterling Coffee Librarian. The Club room in town has been given up for the winter months, the meetings to be held for an indefinite time, at the home of Mrs. Ingham.

J. Frank Smith left for Dallas this morning.

Local Weather Record.

Some rain in the county Sunday and rain a pretty fair one, Wednesday night, yesterday morning and again last night. Sloppy this morning—good for wheat and fall sown alfalfa. Clear as we go to press.

Sells-Floto Shows.

The attention of our readers is called to the advertisement, elsewhere, of the coming to this place of the Sells-Floto Shows. It is to be here next Wednesday and show in the afternoon only. They have big water-proof tents and no matter what the weather the sightseers will have ample protection.

The advance agent assured The News that the entire outfit was coming here and if he was correct, it will be the biggest thing in the way of a show that has ever struck Canyon City.

Elder Sam T. Shore, of San Angelo, who preached at the Christian church Sunday left the following day for his home. He may conclude to come here, the brethren having made him an offer for his services. They expect his answer by the last of this week. Elder Shore is a man of good ability and of a nervous magnetic temperament, valuable assets always to a public speaker. The News is inclined to think our people would like him.

A lady, in the presence of The News editor this week, remarked that she was just on the point of sending an order off for goods when upon entering one of our stores she was surprised to find that she could do fully as well in Canyon City. Several others might profit by this statement. Try it anyway.

Mr. and Mrs. R. W. Morgan of Amarillo, were in the city Sunday and Monday visiting the Herald family and prospecting. They will probably decide to locate here in the very near future. —McLean Herald.

County Court.

The jury was discharged Monday. The Dobbs and R. E. Foster cases were continued.

There is nothing on the criminal docket for this term. Tuesday S. V. Wirt secured judgment on account against H. S. Parks for \$249.83 and costs. The Canyon Coal Co. vs. Becos Valley was set for Friday of next week.

Except a motion to be heard in the Dunbar case tomorrow there will be no further business until next week except, perhaps, some probate matters.

Died—R. T. White, residing about seven miles north of town, died suddenly at Amarillo Saturday. He had been hauling wheat there during the week and was eating dinner at a restaurant when he expired.

Mr. and Mrs. C. P. Money and daughter, Miss Florence, left for Fort Worth Thursday. They will visit relatives at McGregor. Moody and several other points while gone returning home in the first part of next month.

Rev. W. M. Baker, a Presbyterian minister from McGregor, came in with his family last week and is in the old Wirt residence north of the court house. He thinks of locating here or further south on the Plains.

H. J. Weber of Jefferson, Iowa, came in on the last excursion and is now engaged in building a house, barn, digging a well and otherwise improving his half section five miles north of the city preparatory to moving here early in January.

J. G. Cruikshank was here the first of the week, a witness in the Dobbs case. He had had a rib or so damaged by coming in actual contact with the whims of a mule; nothing very serious however, but just enough collision to make him feel bad.

The R. E. Lee Chapter U. D. C. is called to meet at the home of Mrs. J. C. Pipkin at 3:00 p. m. Thursday, October 31st, for the purpose of electing officers for the ensuing year and also selecting delegates to both State and National conventions. A full attendance is desired.

The Majestic Manufacturing Co. of St. Louis, Mo., will have a man at the Thompson Hardware Co.'s store all next week who will show you how to bake biscuits, brown top and bottom, in three minutes. Don't miss this chance of seeing the great cooking wonder.

J. Harrison writing from Cleburne and enclosing a subscription to The News says: "While we do not live there any longer we still desire to keep up with conditions on the Plains." Thanks, Judge. No better way to do it than to read the Canyon City News.

J. F. Mains, editor of the Graphic at Stronghurst, Illinois, and R. L. and E. E. Taylor, father and son and business men of the same town, were callers at The News office Tuesday. They had been looking over our prairies for five days and were well pleased with the land and its productions. It was their unanimous opinion that with the same land laws as Oklahoma this country would have had a farmer on each quarter section.

Saturday night between eleven and twelve o'clock fire destroyed Oscar Smith's barn, or sheds, including a surrey and harness. His father's mare was in the shed but the Major rushed in aid, notwithstanding the flames, which were shooting out all about, induced his mare, by the use of a scantling, to get out. For a few minutes it looked as though the house might go, but the use of a little water on the roof and the still night saved it. A considerable crowd collected at the fire for the origin of which Mr. Smith says he can assign no cause.

An Inquiry Answered.

A gentleman at Bembsi, Rhodesia, writes to inquire where Chamberlain's Cough Remedy can be procured. He says he has learned of the good effects resulting from its use, and as children in that locality are often subject to coughs, he desired to give it a trial. This remedy may be procured from any store or chemist. For coughs, colds and croup there is nothing better, and as it contains no injurious substance it can be given to the smallest child with perfect security. For sale by S. V. Wirt, druggist.

M. B. Hagle of Marshaltown, Iowa, owning land three miles north of town, is fixing to build on his place and intends moving here about December 1. John W. Vonholt of Fontanelle, Iowa, owning a quarter section about four miles southeast, is building on it and will move there before long.

C. T. DeGraftenried returned Friday from the Royal Stock Show at Kansas City. John Hutson with five of his bulls was, so DeGraftenried says, the only representative of the Panhandle. The exhibitions closed Saturday and Mr. Hutson is expected back this week. Mr. DeGraftenried says the show, all the way through, was great.

Advice of the largest coffee dealers in the world is always to buy the old-fashioned Arbuckles' ARIOSA Coffee in the sealed packages. Don't ask for a pound of Mocha and Java, or buy by the price, for Coffee fluctuates and you cannot get the same coffee for the same price all the time unless you pay too much for it. Most of the so-called Mocha and Java Coffee is simply masquerading, and is not nearly as good coffee for you as Arbuckles' ARIOSA, the blend of the Brazilian Coffees most suitable to the taste and health of American people. By the looks there is no difference between roasted Java and Brazilian Coffees; many people drink Brazilian but pay for Java. The principal difference is that Arbuckles' costs you less. It is a mistake to believe that a high price guarantees quality. When you buy Arbuckles' ARIOSA Coffee, you get a full one pound package of the leading Coffee of the world. Its sales for 37 years are greater than the combined sales of all the other packaged coffees. By giving better Coffee for the money, we have built up a business exceeding the combined businesses of the four next largest coffee firms in the whole world. If your dealer will not supply the genuine, write to ARBUCKLE BROS., New York City.
