

## PRESS MEETING VERY SUCCESSFUL

C. W. WARWICK NEW PRESIDENT OF ASSOCIATION.

Next Meeting Goes to Amarillo—Banquet at Night Ends Busy and Profitable Day.

Thirty members and visitors of the Panhandle Press association were in Canyon Saturday to enjoy the best and most profitable meeting the association has ever had. In the past the organization has been weak, but with the addition of fourteen new members Saturday, it is believed that in the future there will be no stronger organization of newspaper men and women in the state. The profitable day was closed by a banquet at the Baultimore Hotel attended by forty seven.

The program was carried out almost completely as published in the News last week. Only a few on the program were unable to be present.

The following were the officers elected for next year:

President—C. W. Warwick, Randall County News.

Vice President—A. M. Hilburn, Wheeler County Texan, Shamrock.

Secy-Treas.—Miss Ida M. Farrell, Glazier Review.

Amarillo was chosen for the next meeting place, the vote being 9 to 12 between Amarillo and Plainview.

The following were the standing committees appointed:

Job work cost—H. M. Russell, Panhandle Printing Co., Amarillo, Miss Ida M. Farrell, Glazier, C. W. Warwick, Canyon.

Newspaper Cooperation—L. D. Shaw, Higgins, A. C. Elliott Hereford, Homer Steen, Floydada.

Standard Advertising Committee—A. C. Elliott, Hereford, B. O. Brown, Plainview, H. R. Greer, Amarillo.

To draft resolutions to send to the state association and to other Texas newspaper associations in order to obtain better legal advertising rates—A. G. Richardson, McLean, I. F. Smith, Lockney, F. R. Jameson, Canadian.

Resolutions were passed thanking the people of Canyon for their hospitality during the meeting of the association.

The banquet at night was a great success. Prof. B. A. Stafford was toastmaster and during the regular toast program called up a number for extemporaneous toasts. The banquet closed exactly at 12 o'clock.

The following were the visitors during the day: H. M. Bainer, Amarillo, J. M. Adams, Plainview, Rev. J. A. Campbell, Umbarger, J. L. Pope, Amarillo, A. C. Elliott, Hereford, Miss Ida M. Farrell, Glazier, H. R. Greer, Amarillo, A. M. Hilburn, Shamrock, Mrs. C. R. Hairfield, Plainview, Mr. and Mrs. A. G. Richardson, McLean, J. J. Taylor, Dallas, H. M. Russell, Amarillo, Mrs. L. D. Shaw, Higgins, Mr. and Mrs. Lee Satterwhite, Tulia, B. F. Smith, Lockney, Homer Steen, Floydada, L. V. Hamner, Claude, G. L. Wren, Miami, A. D. Hodge, Dallas, H. M. Bransford, Dallas, A. D. Bridgers, Oklahoma City, and Colonel F. B. Baillio, Dallas.

Mrs. J. D. Camp, of Wellington, who has been visiting at the home of her daughter, Mrs. F. M. Neal for the past month, returned home Tuesday.

## 7 RANDALL CO. CONTESTANTS.

Are Competing in D of the State Contest Given by the Texas Industrial Congress.

Randall county has seven contestants in the \$10,000 crop contest of the Texas Industrial Congress, all of them competing in class D, or the unirrigated forage crop. All of these contestants are located within a few miles of Canyon and are all fine farmers.

The following is the list of contestants:

J. W. Hancock.  
Mrs. J. W. Hancock.  
H. J. Weber.  
Chas. Weber.  
Jos. Crowley.  
E. C. Prichard.  
Henry Blazier.

The News compliments these people for having joined in the contest and hopes that some of the contestants will get a large prize.

### Records of Panhandle Meet.

The following are the records that have been established during the past two years at the Panhandle field and track meet. The meet this year will be Saturday May 3, and all the high schools and colleges are invited to send teams.

Running broad jump, Dreman, Tulia, 1911, 20 feet 10 inches.

Discus, Lust, Hereford, 1912, 92 feet 8 inches.

440 yard run, Moore, Hereford, 1911, 1 minute.

Running high jump, Edmondson, Tulia, 1911, 64 inches.

880 yard run, Burgess, Tulia, 1911, 2 minutes 30 3/5 sec.

Pole vault, Zimmerman, Hereford, 1912, 8 feet 8 inches.

### Will Move to County.

H. C. McCardell, of Newton, Iowa, writes the News this week stating that H. A. Bohne will move to his land near Happy this fall. Mr. Bohne is a fine farmer has greatly prospered in Iowa, has bought two sections of fertile Randall county land. Mr. Bohne has seven grown sons who will come with the family and help run the farm. Mr. Bohne will make money in Randall county as he is a splendid farmer.

Geo. Hummell, of Newton is also considering moving to Randall county. He is a good farmer and has come to the conclusion that there are greater opportunities in Randall county than in any other place.

The News will keep these gentlemen posted as to conditions during the summer.

### Trustees Elected.

The following trustees were elected in the various school districts at the election week ago Saturday:

District 1—Oliver Tumbleson, H. E. Gray.  
2—M. Wakefield, E. A. Oberst.  
10—Henry F. Miller, J. A. Currie.  
11—H. G. Breckenridge, A. P. Baird.  
16—W. H. Belles, J. J. Bauer.  
20—E. E. Williams, F. C. Floyd, C. H. Roberts.

Mr. and Mrs. J. T. Holland returned Wednesday from Georgia, where they have been making a two months visit with relatives.

## DALLAS BOOSTER EXCURSION NEXT

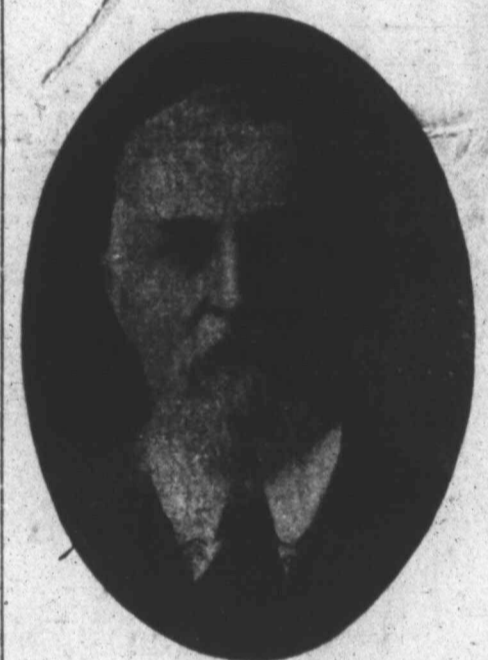

VISITS CANYON NEXT TUESDAY AFTERNOON AT 4:30.

One Hundred Business Men From Texas as Trade Center Want to Meet All Canyon Business Men.

Canyon will be the host for one hundred representative merchants, business men, manufacturers and bankers of Dallas who will visit the city Tuesday afternoon April 22, on the occasion of the thirteenth annual excursion of the Dallas Chamber of Commerce. The special train of seven Pullmans and a dining car leaves Dallas April 17. One of the Pullmans will be used exclusively by a brass band which will accompany the party. Great interest is manifested in the trip for the reason that local business men are interested in the Panhandle, having watched with interest for years past the splendid exhibits of farm products and livestock from that great section of the state. They will visit Canyon for the express purpose of meeting personally the business men and merchants of that city.

The excursion arrives in the city from the west at 4:30 and will remain until 5:15.

Here 26 Years.

W. F. HELLER

Twenty-six years ago yesterday, Wednesday, April 16, 1913, the first settler arrived in Randall county. This man was W. F. Heller. Ever since that date he has lived on the same place he then bought from the state and, with the exception of W. C. Baird, is the only man in Randall county among the early settlers who now reside on the place they originally bought from the state. When Mr. Heller arrived here there were no evidences of civilization.

Mr. Heller helped organize Randall county and was the first county clerk. He has always been a progressive citizen of the county. He is highly esteemed by every Randall county citizen and all hope he will live to see the county thickly settled. Mr. Heller is now 68 years of age and is very active for one so far advanced and takes great pride in keeping his home and orchard beautiful.

### Install Pastor Sunday.

Rev. A. B. Haynes will be installed pastor of the Local Presbyterian church next Sunday evening. Rev. J. S. Groves will preside at the installation and will deliver the charge to the congregation. Rev. W. M. Baker, pastor of the Hereford church, will deliver the charge to the new pastor. A cordial welcome is extended to the public to be present.

## BOTH DEBATES LOST SATURDAY

NORMAL TEAMS LOSE OWING TO POOR DELIVERY.

Judges State That Arguments Were as Good as Opponents'—Renewed Vigor for Next Year.

The Normal boys lost both debates Saturday night but they are going to work with a determination to win next year. The responsibility of defeat is due largely to poor delivery as one of the judges stated that the arguments the team put up against the Denton team were as strong as those presented by the visitors. Reports from the team that went to San Marcos shows that the same conditions existed in the San Marcos debate.

This year is the second of debating in the Normal and those in charge are not at all discouraged by the defeats of the past two years, as it takes much time to develop debating in a new school.

The boys selected this year were hard workers and did splendidly with the subject. They feel that they have been highly repaid for the efforts expended in the past few months' study preparing for the final debates.

### Society Notes.

Mrs. C. O. Keiser entertained Tuesday afternoon from three to six o'clock in honor of her sister Mrs. R. R. Selway of Sheridan, Wyoming.

Five hundred was played during the afternoon. The games made doubly interesting by perfume from pink and white carnations.

Those present were Mesdames Shaw, Cullum, Luke, Pipkin, Ingham, Winkelman, Griffin, Hutson, Warwick and Miss Lester.

### Beat Hereford and Clovis.

The Normal baseball team beat the Hereford baseball team Monday by a score of 3 to 2 and beat Clovis Tuesday by a score of 23 to 8. In the Hereford game Reynolds struck out 5 men and Black 6 men. In the Clovis game Black struck out 5 and Reynolds 4. Both of the games were easily won by the Normal aggregation.

### New Road Opened.

The commissioners court ordered the following road opened in compliance to a petition by E. Edmonds and others. Beginning at the S. W. corner of section 88 and N. W. corner of section 105, I. & G. N. land, thence east to head of Timber creek about 2 3/4 miles. The road will be 40 feet wide.

### Another New Telephone Directory.

A second new telephone directory was issued from the News office this week. The one this week was published by J. E. Winkelman, C. N. Harrison, C. E. McAfee and the Leader. It is on a card and at the head of each column of names is the name of one of these firms printed in red. The directories are being distributed over the city by these firms.

Mr. and Mrs. W. E. Groendycke, of Amarillo, were callers in the city Sunday.

## PENRY FOR LEGISLATURE.

Plainview Man Will Have Open Field for Place Caused by Death of Judge Hunt.

At the press association Saturday it was formerly decided that Judge L. C. Penry, of Plainview, would be given an open field for the legislature to succeed Judge J. C. Hunt, so far as Canyon, Hereford, Tulia and Plainview were concerned. Editor Lee Satterwhite, of Tulia, and Editor A. C. Elliott, of Hereford, agreed to stay out of the race and let Judge Penry have the field to himself.

Judge Penry will make a fine representative from this district. He is an eminent lawyer, well acquainted with the needs of the Plains country and is a fine orator.

Governor Colquitt has not called the special election to fill the vacancy caused by the death of Mr. Hunt, but he will probably do so within a very short time, the election to be held in July when the amendments are voted upon.

### F. Schaeffer Died Sunday.

The sad news of the death of F. Schaeffer at Ft. Worth Sunday reached the city late Monday. Mr. Schaeffer lived in the Ceta neighborhood but was a business caller in the city every few days and had many friends among the business men of the city. He had been in Ft. Worth for several weeks for medical treatment. Mr. Schaeffer came to Randall county three years ago from Pauldine county, Ohio. He was an excellent farmer, a good father and a splendid neighbor.

The remains arrived in Happy Monday and were met by a very large number of his friends and neighbors. The funeral services were held at Beulah Wednesday and were very largely attended.

The many friends of the family extend sympathy in this sad hour of death.

### Bondsmen Suit Dismissed.

A settlement between the bondsmen of R. H. Sanford, deceased, and the commissioners' court was made last week where by the bondsmen paid the county \$500 and the suit against the bondsmen was dismissed.

### Sunny Hill Items.

It is still very dry but the farmers are beginning to plant Indian corn and kaffir.

Oats is coming up in spite of the dry weather.

The acreage of wheat has been cut nearly half by the wind blowing it out of the ground, but what is left is looking fine and possibly will make up for what was lost.

J. M. Burkhalter purchased 100 head of cows last week and is busy now feeding cake.

Miss Gracie Moon is on the sick list.

Quite a number of young people attended a party at Bud Rusk's Friday night.

Misses Roberson, Nesbett, Reeves and Knox of the Normal and Miss Florence Trowbridge of the Canyon high school attended the week-end party at the Trowbridge home Saturday night.

Mr. and Mrs. J. A. Currie gave a dinner Sunday which was attended by a large crowd of young folks and several married couples.

Mr. and Mrs. Noble Roberson left for their claim near Douglas, Arizona, Sunday morning.

## PROMINENT MEN VISIT CANYON

SEE CATTLE ON KEISER RANCH NORTH OF CITY.

Associate Editor of Saturday Evening Post and Country Gentlemen and Santa Fe Officials.

B. W. Currie, associate editor of the Curtis publications, was in the city Monday with three Santa Fe officials to visit the feeding pens on the C. O. Keiser ranch north of the city where Mr. Keiser is feeding 80 yearling Herefords for the Chicago market. This baby beef caused exclamations of surprise and delight from the visitors, moreso when told that the results seen were obtained alone by feeding native grown grain.

Mr. Currie was on a tour of inspection of the Plains country. He is a prominent newspaper man, having been on the staff the New York Work for ten years. He recently joined the Curtis publications and is working up stories for the Country Gentlemen and possibly the Saturday Evening Post. He visited Canyon, Amarillo, Plainview and Hereford on his trip. N. H. Reed, of the publicity department of the Santa Fe, J. Brinker, general passenger and freight agent, and H. M. Bainer agricultural demonstrator, accompanied him on the tour.

These gentlemen stated that this bunch of fine yearlings was the best sight they had seen on trip of these several towns. Mr. Keiser explained to them that the results obtained in fattening his cattle were obtained exclusively through the use of kaffir and maize in his silos supplemented by these grains in the bundle.

### Burrow Elected Director.

C. R. Burrow received notice Monday that he had been elected to the board of directors of the Lumberman's Association of Texas. This is a state organization and is one of the most active organizations in the state. Mr. Burrow has been in the lumber business for years and is well acquainted with the duties of the organization and with all the ups and downs of the lumber business. He has been the efficient manager of the Canyon Lumber Company for a long time and his friends in the city extend congratulations for his election.

### Ladies Aid and Mission.

The Ladies Aid and Mission society of the Baptist church will meet with Mrs. Brent Taylor April 22. The following is the program:

Subject—Home and foreign missions.  
Scripture—Selected.  
Roll call—Name and station of a foreign missionary.  
General discussion of Mission work. Leader, Mrs. Johnson.

### Select Cemetery Fence.

The Civic Improvement League met Monday to select the fence for the cemetery. Mrs. F. M. Wilson, president of the League, reports that hardly enough money has been received to complete the work, but that it hoped the necessary additional sum will be received within a short time. Work will be started as soon as a little more money can be raised.

## You Know Us

We are in business right here where you live. You are an acquaintance, neighbor or a friend of ours. This money-back-if-not-satisfied offer should prove the sincerity of our claims.

When we say we believe we have the best laxative and back up our statement with our unqualified promise to return without question or formality the money paid us for it, if it does not prove entirely satisfactory to you, we believe we are entitled to your confidence.

Our business success and prestige depend upon your confidence in us. We know we must secure and hold your confidence in order to get and keep your patronage. Therefore, we would not dare make this offer if we were not positively certain that we can prove our claims for

### Rexall Orderlies

Our experience with them and the many reports we have received from those who have used them prove that they are really the most pleasing and satisfactory bowel remedy we know of.

Rexall Orderlies taste like candy. They are soothing and easy in action. They don't cause griping, nausea, purging or excessive looseness, as do the usual physic or laxative. Rexall Orderlies seem to act as a tonic-strengthening upon the nerves and muscles of the bowels. They promptly

relieve constipation. They act to overcome the cause of constipation. They tend to eliminate the cause of sick headache, biliousness, bad breath, nervousness and other ills attendant upon inactive bowels.

### Make Us Prove This

We want you to come to our store and get a package of Rexall Orderlies. Use a few or use up the entire box. Then, if you are not entirely satisfied, come back and tell us and we will promptly return the money you paid us for them.

You promise nothing—you sign nothing—you obligate yourself to us in no way whatever. We accept your mere word.

Don't you now believe that Rexall Orderlies are worthy of a trial? Could any offer be more fair?

### Try Them at Our Risk

We particularly recommend Rexall Orderlies for children, aged persons and for delicate people.

Rexall Orderlies come in vest pocket tin boxes, 12 tablets, 10c; 36 tablets, 25c; 80 tablets, 50c. Usual dose one tablet.

#### Amarillo High Beaten.

The Normal team defeated the Amarillo high school baseball team Friday afternoon at Amarillo by a score of 8 to 3. This is the second game with the highs, the first being won by the latter. The game was much better played than any game so far. The Normal team showed increased speed and knowledge of the game and at all times had the highs at their mercy. Reynolds and Wallace composed the Normal battery and both did fine work, keeping the "wireless" reputation.

The Normal boys are much elated over the victory as the highs were confidently slated as Panhandle champions this season. The third game of the series will be played in Canyon within a few weeks, and the Normals expect to put another over on the Amarillo bunch.

#### German Examinations.

A. Schack, editor of the Waco Post, a German newspaper, was in the city Saturday to hold examinations in German for the prizes that will be awarded by the Order of Sons of Herman. Mr. Schack was well pleased with the examinations held and reported that the work in German in the Normal college was equal to any he has seen in the state. This is a great compliment to Prof. F. P. Guenther, head of this department. The Order will give \$150 in prizes to the students and the winners will be announced as soon as Mr. Schack returns to Waco where the examination papers will be examined.

**ECHOES FROM AMARILLO.**

Amarillo Happenings Always Interest Our Readers.

After reading of so many people in our town who have been cured by Doan's Kidney Pills, the question naturally arises: "Is this medicine equally successful in our neighboring towns?" The generous statement of this Amarillo resident leaves no room for doubt on this point.

Mrs. S. O. Winn, 605 Jefferson St., Amarillo, Texas, says: "I have used Doan's Kidney Pills when I lived in Clayton and they gave me relief from backache after other remedies had failed to help me. I was also rid of a feeling of languor and nervousness and my strength and energy was restored. I found Doan's Kidney Pills to be a very effective kidney tonic."

**Planting Kafir, Maize, and Feterita.**

The following methods for handling Kafir, Milo Maize and Feterita are practical. The Agricultural Demonstration Department of the Santa Fe System recommend that their co-operators follow out these suggestions as nearly as conditions will permit.

**The Crops.**—All of us know that kafir and milo are the corn crops for this country. We recommend that the total acreage of these two crops, planted on each farm, be about equally divided. Feterita belongs to the same family as kafir and milo. We do not know that it is any more drouth-resistant than these other crops. It requires the same tillage methods.

**Preparation of Seed Bed.**—All of these crops are good sod crops and often make good yields under these conditions with little preparation and no cultivation, yet they respond to good tillage as much as any crops, especially under old land conditions. The ground should be thoroughly and deeply prepared either by plowing or listing. Fall work of this kind is preferred. We do not know any better method than to list deep in the fall. We find extra good results come from running a sub-soiler several inches deep in the bottom of these furrows immediately following the lister. This provides a good safe place for quick storage of moisture which may fall at any time before planting. As soon as any moisture has fallen and the ridges become dry enough to work, they should be harrowed, this is especially advisable for tight lands. On sandy lands, it is often best to cultivate the ridges rather than harrow them, especially if there is danger of blowing. All crusts should be kept broken and all weeds should be destroyed until planting time. When deep plowing cannot be done at the proper time (early), we prefer listing rather than shallow plowing. Where possible, always double list—list early and work ridges until planting time, then re-list and plant immediately.

**Contouring and Terracing.**—All listing furrows, especially planting furrows, should be run on the contour, which means that they should be run directly across the slope and not up and down it. This plan prevents water from running off a field even during a heavy rain, but it may call for very winding rows in some fields. However, the question of looks is of minor importance.

**Planting.**—These crops should be planted in furrows, regardless of whether the ground was plowed or listed. Best results come from planting two rows at a time in these furrows with a two-row planter. The planter covers the seed and packs the soil better than the lister attachment, thus insuring a stand. If the ordinary lister planter is used, some method should be devised, equal to the two-row planter, for packing the dirt over the seed. This packing can be done with packer wheels, a roller, or a small bag of sand as a drag. If planting is done in a lister furrow, the little trench into which the seed is dropped should be made very narrow (one inch in width is enough). The seed should be dropped into a little trench, even if it is necessary to make an extension to the seed conveyor, and the loose dirt should be packed over the seed at once.

**Seed.**—The seed should be hand-threshed, from heads selected directly from the field last fall. It pays to plant the best. One bushel of good seed should plant 40 acres, especially on well prepared land. We usually plant too much rather than not enough seed. We recommend that Kafir and Feterita plants be from 24 to 30 inches apart in the row, and that Milo

**LOCAL DRUGGIST MAKES STATEMENT**

**Says Dodson's Liver Tone is the Best Remedy for Constipation and Shirking Liver he has Ever Sold.**

Every Person who has tried Dodson's Liver Tone and knows how surely and gently it starts the liver to working and relieves biliousness will bear out the City Pharmacy drug store in this statement about Dodson's Liver Tone.

"It is a purely vegetable liquid, that entirely takes the place of calomel, harmless and pleasant to the taste, that has proven itself the most satisfactory remedy for a slow working liver that most of our customers have ever tried. A large bottle sells for fifty cents and we do not hesitate to give the money back to any person who tries a bottle on the strength of this statement and is not satisfied with the result."

In these days of doubtful medicines and dangerous drugs a statement like the above is a pleasant assurance that Dodson's Liver Tone is a reliable remedy for both children and grownups. In buying a bottle for immediate or future use it is well to make sure you are getting the genuine Dodson's Liver Tone and not some spurious imitation that has copied our claims, but do not stand back of their guarantee. You may be certain of getting the genuine if you go to the City Pharmacy for it.

plants be from 20 to 24 inches apart.

**Time to Plant.**—Kafir from May 1st to May 15th. These planting dates will be controlled by season and moisture conditions. We do not recommend planting all of one crop at one time.

**Cultivation.**—It often happens that a dashing rainfall occurs after planting and before the seed comes up, and crust forms at the bottom of the furrow which interferes with the plant coming through. This can usually be overcome by dragging the furrow or row, with a trough which has large spikes driven through from the inside. An arrangement of this kind can be made to cover 3 or 4 rows at once. In fact, it is a good plan to use the above in connection with the harrow for the first two or three cultivations. If the crop was planted with the lister, the lister cultivator or "Go Devil," will do excellent work once or twice after the harrow. Later cultivations should be done with sweeps or small shovels. In cultivating these crops do not throw too much dirt to the row, but rather keep the row lowest all the time, if possible. Under this method, surplus rain water will accumulate at the row rather than between rows. Cultivate deepest and closest to the plants at first. Do not cultivate shallower than 2 1/2 to 3 inches at any time. Cultivate every ten days or oftener, if necessary. It pays to use a one-horse harrow between

**Calomel! Dangerous!**

Is a warning that should be placed on every package of that drug. Any reputable physician will tell you that mercury should not be taken into the system and that it is only used by Doctors in extreme cases and then great care is used to eliminate it as soon as possible on account of the danger, both of salivation and the bad after effects of the drug. The frequent use of calomel, or mercury in any form, generally causes Rheumatism and other ills as an old age heritage.

Don't take Calomel, Salts, Castor Oil or nasty tasting Mineral Waters. When you are sick tongue coated, your head aches, and you feel bad generally, your Liver is out of order. You need PODOLAX. PODOLAX does not gripe nor sicken, tastes good and every bottle guaranteed to give entire satisfaction or you get your money back. 36m6.

**Don't Buy a Cream Separator until you see and try THE DE LAVEL**

No matter what claim any separator salesman may make for his machine, don't give him an order until you try out a DE LAVEL.

The DE LAVEL is easier to wash, easier to run and skims cleaner than any other separator ever built, and if you will only give us a chance, we will be glad to set up a machine on your place, give you a free trial, and YOU CAN PROVE IT FOR YOURSELF.

It isn't what anyone CLAIMS for his machine that interests you. It is what the machine WILL DO.

That's why we say again, see and try a DE LAVEL before you buy a separator.

Good farming makes a big maize and kaffir crop. Maize and kaffir makes the best ensilage known. Ensilage makes beef faster than grain. Ensilage makes milk flow in winter faster than in summer. Beef and milk means prosperity to the people generally. The home of maize and kaffir is the great Panhandle of Texas. What does all this mean? Simply that farmers should raise more maize and kaffir, put it into silos and watch the Panhandle become the richest country in the United States.

The News is glad to see the new city administration starting out so faithfully in a campaign to clean up the town. Dr. Wilson, our esteemed mayor, states that the city is going to be clean this year if there is any laws compelling people to keep their promises in a sanitary condition. The administration will be assisted in this noble work by every loyal citizen in Canyon. Let's get into the clean up band wagon today.

Tomorrow has been designed by the Governor of Texas and Mayor of Canyon as a general clean up day. Let every person get his rake and shovel and clean up every pile of dirt he sees.

It is started that the Huerta government in Mexico is losing ground. Well, who has seen a government in Mexico during the past few years that hasn't lost ground, and on one occasion the head of the government lost his head.

Scientists may differ just as to the number of eggs the early fly lays, but it is enough to make several thousand of these deathly creatures before the season is over. Swat the fly now.

who was born at Susquahana Pa. July 6, 1859, and departed his life March 28, 1913, beg leave to report the following for your consideration:

First. Whereas it has pleased our heavenly father to remove from our midst brother W. S. Cook, whose untimely death we deeply deplore,

Second. Therefore be it resolved, that in his death the lodge and Masonic Fraternity has lost a faithful and earnest mason, good man, and his family a fond and loving husband, and father, the community in which he lived a true friend and neighbor, and society a law abiding and good citizen.

Third. That while our hearts are bowed in grief over his untimely death yet we humbly submit to the will of him who doeth all things well, and whose humble servant of old has said the Lord hath given and the Lord hath taken away, Blessed be the name of the Lord.

Fourth. That we humbly invoke the blessings of all mighty God upon the wife and children of Brother Cook, earnestly desire that wherever the several lots may be cast that inestimable blessings of health and prosperity may attend them.

Fifth. That the altar be draped in mourning and that the brethren wear the usual badge of mourning for thirty days. And that a copy of these resolutions be spread up on the minutes of the lodge and furnished the family of the deceased and also a copy be offered the Randall County News for publication.

Respectfully submitted, your committee.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease, and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only Constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. ### Sheriff's Sale.

Notice is hereby given that on the first Tuesday in May, A. D. 1913, being the sixth day of said month, within lawful hours, at the Court-house door of Randall County, Texas, in Canyon, Texas, as Sheriff of said County, I will sell to the highest bidder for cash: that certain tract or parcel of land situated in said Randall County, known as Survey No. Sixty-three (63), in Block No. Six (6), located by virtue of Certificate No. 1522 issued to the International and Great Northern Railroad Company and patented to said Company by Patent No. 634, Vol. 61, and containing six hundred, sixty-two and 79-100 (662.79) acres of land more or less, lying and being situated about sixteen miles N., 79 E. from the city or town of Canyon in said Randall County, Texas.

The said sale will be made by virtue of an order of sale issued out of the District Court of Travis County, Texas, upon a judgment in favor of Thomas R. White, Jr., John J. Phelps and Charles W. Cox against E. Van Metre, S. S. Wright and J. W. Wright on the 15th day of February, A. D. 1913, for the sum of Fifty-nine hundred and one and 74-100 Dollars (\$5,901.74) with ten per cent interest thereon from said date, and costs of suit, and foreclosing the plaintiffs' vendor's lien on the land hereinabove described as the same existed on the 31st day of December, A. D. 1908, and as it has at all times since existed against the defendants, E. Van Metre, S. S. Wright and J. W. Wright and against all other defendants in said suit, viz: Mrs. Della Bradley Gerkin, Ethel May Gerkin and Mabel Agnes Gerkin, which said order of sale bears date March 11, 1913, and the same was levied by me upon the aforesaid land on the 13 day of March, A. D., 1913.

WITNESSED my hand, this the 13 day of March, A. D., 1913.

riars was a winsome face, with smiling lips, and frank good nature in its contour. He was surprised to note how fresh and well she looked. "Are you tired?" "Not very. It seems more as though I had dreamed all this than actually passed through the experience. Perhaps when I do realize, the reaction will set in. But now I am strong, and—

made me savage, and all my efforts to ascertain the truth have proven useless. "That is why you enlisted?" "Largely; there is no better place to hide one's past than in the ranks out here on the plains. I—I could not remain at home with that disgrace hanging over me." "You must tell me all about it." Her head lifted suddenly as she gazed out across the river, shading her eyes. "Why, what are those?" she exclaimed eagerly, "there, moving on the bluffs opposite?" His glance swept to the northward, and he was as instantly the soldier again. Far away on the upper plateau, clearly outlined against the blue of the distant sky, appeared a number of dark figures. For a moment he believed them buffaloes, but in another instant decided instead they were horsemen riding two by two.

"What the Hell (Begging Your Pardon, Ma'am) Has Happened Here?"

Jenkins, and I have met your father—of the Sixth Infantry, is he not? So glad to be of service, you know. You were in the stage, I understand; a most remarkable escape." "I owe it all to Sergeant Hamlin," she replied, turning to glance toward the latter. "He bore me away unconscious in his arms. Indeed, I scarcely realized what happened. Do you know anything regarding my father?" "Oh, yes, I can put your mind at ease so far as he is concerned. I presume you were endeavoring to reach his post when this unfortunate affair occurred." "Yes." "Sheridan has ordered Devere abandoned for the present, and the major's troops are to return to Dodge. No doubt we shall be in the field within a week or two. But we can cultivate acquaintance later; now I must straighten out this affair." He bowed again, and turned stiffly toward Hamlin, who had dismounted, his manner instantly changing. He was a short, heavily built man, cleanly shaven, with dark, arrogant eyes, and prominent chin.

"You are a sergeant of the Seventh, you said," he began brusquely. "What were you doing here?" "My troop is stationed at Fort Union," was the quiet response. I carried despatches to Devere, and while there was requested by Major McDonald to intercept his daughter and turn her back." "Were you subject to Major McDonald's orders?" "It was not an order, but a request." "Oh, indeed; a mere pleasure excursion." "It has hardly turned out that way, sir, and conditions seemed to justify my action." "That is for others to determine. When was the attack made?" "Just before sundown last evening. The driver and guard escaped on the lead horses, and the wheelers ran away, wrecking the coach." "There were four passengers?" "Yes; we fought them off until after dark, although the Mexican was killed by the first fire. I don't know when the other man got his." "Who were they?" "Gonzales ran a high-ball game at Santa Fe; the other, Moylan, was post-sutler at Fort Mercy." "How many Indians? Who were they?" "About thirty; we must have killed five or six. It was hardly more than daylight when they left, and I could not tell just how many bodies they strapped on the ponies. They were a mixed bunch of young bucks, principally Arapahoes, led by Roman Nose." "Went west, hey?" "Yes, sir." The lieutenant turned his gaze up the river, and then looked at Wasson, who remained seated in the saddle. "Must be the same lot Maxwell told us about up on Pawnee Fork, Sam," he said at last. "He will be likely to cut their trail some time today. We knew a bunch had headed south, but didn't suppose they had got as far as this already. Better leave Maxwell to run them in, I suppose? Our orders are to return to Dodge." "They haven't three hours the start," ventured Hamlin in surprise, "and cannot travel fast with so many of their ponies doubly loaded." "That is for me to decide," starting insolently, "and I understand my duty without any advice. Is there any damage done west of here?" "The station at the crossing is burned; two dead men there; I don't know what became of the third." "Then it is just as I thought; those fellows will turn north before they get that far, and will run straight into Maxwell. What do you say, Sam?" The scout lolled carelessly in the saddle, his eyes on the river, his lean, brown face expressionless.

County Court. Very little business was transacted in the County court this week. The following were the Cases disposed of. Sarah E. Morgan et al, vs. J. W. Hancock, was dismissed and costs assessed to plaintiff. Henry J. Fink vs. O. Keen et al, was poned by agreement. J. L. Prichard vs. Joe Foster was continued by agreement. The Butterick Publishing Co. vs. The Leader was continued. P. L. Swartzell vs. W. T. Bowen et al, judgment for plaintiff \$482.99.

Johnson School District. Henry Utesch and brother Fritz, from near Hereford were visiting friends in this neighborhood the first of the week. This is their first year on an irrigated farm and there is nothing like it. Ace Johnson, of Bussy Iowa reached Happy Saturday and is visiting W. T. King who has been this spring. He will return this week. W. A. Carney went to Canyon on business Saturday. School will close this week. Most of the large pupils quit when spring work began. Twelve pupils attended during the last month. J. H. Crowley and wife, of Pleasantview visited W. T. King and family the first of the week.

Mayor's Proclamation. In keeping with Governor O. B. Colquitt's clean up day proclamation, Mayor F. M. Wilson of this city issued the following proclamation Wednesday: "Come let us reason together." Whereas, one of the greatest economic wastes of the country is the result of not exercising proper care and precaution in preventing destruction of property by fire, and allowing various and sundry kinds of waste material to accumulate on the premises of persons owning or occupying property subject to destruction by fire; and Whereas, it is necessary that some united action be taken or the part of the citizens of Canyon to prevent the accumulation of waste material which subjects property of nearly all kinds to destruction by fire. Now, therefore, I, F. M. Wilson, Mayor of Canyon, do hereby proclaim April 18, A.D. 1913, as a general clean-up day, being the day set aside by proclamation of Governor Colquitt to be observed throughout the state, and I especially request owners and renters of property give personal attention to the removal of all rubbish and debris from their premises; that all chimneys and flues be carefully examined, and that carelessness in permitting the burning of rubbish and combustible refuse near adjoining buildings be discontinued. And, it is especially recommended that our town shall observe the above mentioned date as "clean-up day" for the purpose of awakening the proper sense of responsibility of our people and minimize as much as possible the damage from fire within the city and to cultivate a taste for civic attractiveness. F. M. WILSON, Mayor.

A DEADLY MENACE AND PUBLIC SENTIMENT.

The presence of flies is a disgrace to any community. It is all right to engage in crusades to kill the beasts, but it is far better to look to it that the breeding places are abolished. Flies breed chiefly in stable manure, street dirt and garbage. The presence of a large number of flies around any one place is a sure sign of filth being somewhere in the vicinity. When people come to realize that flies mean filth and filth means criminal negligence a degree of disgrace will attach to the presence of flies around a store, restaurant, soda fountain or residence that will seriously impair the prestige of the offender in the community. The flies are quite the most dangerous and dirtiest beasts that roam through our mysterious creation.—El Paso Herald.

A FLY CATECHISM.

Where is the fly born? In manure and other filth. Where does the fly live? In all kinds of filth. He carries filth on his feet and wings. Where does the fly go when he leaves the manure piles and the spittoon? He goes into the kitchen, the dining room and the store. What does the fly do there? He walks on the bread and vegetables, bathes in the milk and wipes his feet in the butter. What diseases does the fly carry? Typhoid fever, diarrheal diseases, diphtheria, scarlet fever and any communicable disease. How can the fly be prevented? By destroying all the filth about your premises. Screen the privy vault, cover the manure bin, burn all waste matter, destroy your garbage, screen your house. Either man will kill the fly or the fly will kill man. PREVENT THE FLY.

How to Prevent Breeding.

If you have a stable do not allow manure to accumulate. The manure should be removed twice a day to a closed pit and should be removed from this twice-a-week. Do not tolerate manure piles. Green vitriol, one pound in a gallon of water, applied once a day will kill the maggots in the manure from a one horse stable. If the old fashioned dug outhouse is used it should be thoroughly treated at frequent intervals with chloride of lime. Garbage cans should be closely covered, or, better, should have a fly trap attached to the cover in such a way that all flies flying upward from the garbage will be sure to enter the trap.

KILL THE WINTER FLY.

The crusade against the fly has spread to all parts of the country. It is well that this is the case, as the fly is responsible for much disease. It is an especially prudent plan to kill every fly possible before the real warm weather sets in.—Rochester Times.

CHAPTER XVII.

The Parting. They recrossed the stream carefully, the horses restless and hard to control in the current, the men riding on either side, grasping the bit of the girl's mount. Others had joined the little squad of troopers on the bank, and welcomed her with a cheer. The Lieutenant dismounted. At sight of the girl's face he whipped off his hat, and came forward. "Miss McDonald," he said, pleasantly greeting her, "I am Lieutenant
