

COLQUITT AND CULBERSON LEAD SENATORIAL RACE

Brooks Wins in North Texas—Ferguson Easy Winner—Submission Close.

The Democratic primary election Saturday was closely contested in the state, and resulted in a few surprises to the people of this section.

Submission was very close and it may take the official count to decide the result.

In the United States senator race, Colquitt and Culberson won by a very substantial lead. Brooks was third in the race.

Colquitt and Culberson will be in the second primary, which will be held August 26.

Chief Justice Nelson Phillips was easily elected to the Supreme court over Jenkins.

Indications are that all of the state officials were re-elected over opponents, including Yantis, Looney, Robinson, Mayfield, Robinson, Davis and Terrell.

Governor Ferguson won over Morris by about 75,000.

Cyclone Davis was laid on the shelf McLemore being returned as congress man-at-large, Daniel E. Garrett being elected to the other place.

Judge B. Frank Buie of this city was defeated by Wm Boyce of Amarillo to the Court of Civil Appeals.

The county ticket in which there were contests resulted in the election of the following officers:

County Judge—C. R. Fleisher Sheriff and Tax Collector—Worth A. Jennings.

County Treasurer—S. H. Heyser. Animal and Hide Inspector—J. A. Tate.

E. T. Miller badly defeated Henry Bishop for district attorney. Bishop had held the office for fourteen years.

County Commissioners W. C. Baird and E. W. Neece had no opponents, and were therefore elected. Commissioner M. S. Park was returned over J. W. Blair. Wm. Schmitz was defeated in the third precinct by J. J. Bauer.

H. T. Shelnett has elected without opposition to the office of Justice of the Peace in precinct one, while J. W. Turner was elected to the same office at Umbarger, precinct 8.

D. A. Park was re-elected County Chairman. There were no candidates for precinct chairman, and a number of men received votes in all of the precincts. The only elections were as follows: No. 2 C. P. Hileman; 3, R. W. Bruce, 4, Chas. Sutton; 5, James Park. Geo. A. Brandon and C. W. Warwick each received 11 votes in precinct one, while R. E. Baird and Frank Weismiller tied in number 8.

W. C. Black was elected constable in precinct one.

(FULL REPORT OF RANDALL COUNTY'S VOTE IS FOUND ON PAGE TWO)

Must File Expense Accounts.

Candidates for various offices should keep in mind that under the law they are required to file an itemized account of their campaign expenses with the county judge within ten days after election. No accounts have yet been filed with Judge Coss.

Alumni Club Friday Night.

The Alumni Club of the Normal will meet at the Normal Friday night at 8 o'clock. The principle event of the evening will be an illustrated lecture by Prof. J. A. Hill upon California and its university.

D. A. Crow Killed at Tulia.

D. A. Crow, well known cattle man was instantly killed when he fell from a windmill near Tulia late Monday afternoon. Mr. Crow was about fifty years old, and is survived by a wife and several children.

The dead man was well known in this city, having been one of the most active cattle and stock men in the Panhandle.

Republican Convention.

To the Republicans of Randall County:

Notice is hereby given that a convention will be held at the Court House on Saturday, July 29th at 8 o'clock p. m., for the purpose of selecting delegate and alternate to attend the state convention at San Antonio which meets August 8th to nominate a state republican ticket and transact such other business as may properly come before it.

J. D. GAMBLE, County Chairman.

C. F. HUNT, Secy.

W. C. T. U. Organized.

Mrs. Moore, organizer for the Woman's Christian Temperance Union, was in the city Sunday and Monday. Sunday night she spoke at the Methodist church and Monday afternoon at the Baptist church organized the W. C. T. U., composed of over twenty members. The following officers were elected:

Miss Nora McMillon, President. Mrs. I. C. Jenkins, Corresponding Secretary.

Mrs. Levi Angel, Recording Secretary. Mrs. J. E. Winkelman, Supt. of Mother's Dept.

Mrs. C. W. Warwick, Supt. of Press Dept. Mrs. A. E. Butterfield, Supt. of Literature.

Mrs. M. C. DeGraftenreid, Supt. of Pastor's Dept. Mrs. J. E. Rogers, Treasurer.

The first meeting will be held at the Rest Room at the court house Monday afternoon.

Mrs. Moore is a very interesting speaker. She stated that the W. C. T. U. had been organized for 42 years, and that it had continually been working at the temperance and prohibition cause.

She stated that it was the Union that had placed in the Sunday School quarterly the temperance lessons.

The Union keeps a representative in Washington at all sessions of congress to work for temperance and prohibition measures. The Union greatly assisted in the passage of the recent Kenyon-Webb liquor law.

This organization has had laws passed in all of the states putting into the text books the effects of liquor upon the human body.

The fundamental purpose of the organization is to Educate, Agitate and Organize.

Old Settlers to Celebrate.

President Thomas F. Turner, of Amarillo, of the Panhandle Old Settlers Association, has issued a call to those who have lived in this section for 25 years to turn in their names to him at once for registration. All such persons are urged to join the association and to be present at the annual convention which is to be held in connection with the Panhandle State Fair, September 13th.

Col. Goodnight of Goodnight and other old settlers are collecting an exhibit of guns, saddles, Indian goods and other trophies of the early days to be shown at the fair. Those who have articles of interest in this line are urged to communicate with Col. Goodnight. Fair officials are planning to place a part of a building at the disposal of the old settlers, either at the coming exposition or later.

Submission Rally Friday.

A rally was held on the court house lawn Friday night in favor of submission, which was attended by a large number of voters and friends of submission.

Among those who spoke were J. A. Hill, J. W. Reid, B. A. Stafford, Revs. Templeton, Mayne and Fronabarger.

Submission banners and posters were scattered around town during last week, to remind the voters that the question would be on the ballot.

Amarillo Trade Excursion Aug 11

The annual trade tour of Amarillo jobbers, merchants and manufacturers, is due to arrive in Canyon at 4:45 p. m., August 11th, accompanied by the Amarillo Band. The schedule calls for a stop of thirty-five minutes. Those in management state that they would be pleased to meet as many of the people as possible during the stay in Canyon.

Will Canvass Vote Saturday.

The County Executive Committee meets Saturday morning to canvass the returns of the election in Randall county in order that the vote may be sent to the chairmen of the state and districts.

All of the returns of the county were returned to County Chairman D. A. Park by Monday noon, which is a better record than usual. Only one box was not heard from Saturday night, but this made no difference in the standing of the election.

New Auto Numbers.

311—D. A. Park, Chevrolet. 312—H. B. Molyneux, Studebaker. 313—E. W. Schaefer, Dodge. 314—Mrs. J. J. Fogarty, Oakland. 315—S. B. McClure, Overland. 316—E. E. Adams, Rec.

NORMAL COMMENCEMENT HELD MONDAY, AUGUST 7th

Twelve Will Graduate From School This Quarter—Large Number Receive Certificates.

The Commencement Exercises of the Normal for the summer quarter will be held on Monday, August 7th. Twelve or more will receive diplomas at that time.

The commencement sermon will be preached Sunday morning, August 6 by Rev. Hayes Howell, of the Canadian Methodist church.

Judge J. W. Crudgington of Amarillo, will deliver the commencement address on Monday morning. A large number of certificates will be issued to the students.

A. & M. College for West.

The following letter has been received from the headquarters at Sweetwater of the proposed A. & M. College for the West.

The movement for an Agricultural and Mechanical College in West Texas is distinctly a West Texas issue. It is desired that the 107 counties, so vitally interested in this movement, instruct their delegates to the State Convention demanding that the establishment of such an institution in West Texas be incorporated in the Democratic Platform at the State Convention, to be held at Houston in August. This is a matter of great importance to every citizen of West Texas, as it means the future development of our section, and it is earnestly desired that you see that such a resolution is presented to your County Convention, and your delegates instructed accordingly.

Jacob Dinkel brought to the News office Saturday an urgent invitation which he had received from his old home town—Connersville, Indiana, to attend the Fayette County Centennial on July 3-5. Mr. Dinkel says that he was too busy to go, but appreciated the invitation and was grateful to the chairman of the Centennial Association, E. P. Hawkins, for the invitation. Mr. Dinkel has lived in this county for eight years and likes the country fine. He is a good farmer and is making good.

Six American women have held army commissions in the United States.

Sing for Mexicans.

Sunday afternoon Miss Hudspeth took her Spanish class of the Normal to the Mexican camps near the depot and sang to them. For practice and for the amusement that could be derived from it, conversations followed and each tried to understand the other. Several Spanish songs were sung by the pupils and the Mexicans in turn sang and played. Miss Marie Fronabarger played a violin solo for the Mexicans which they appreciated very much.

These expeditions are taken part in by every member of the class and much good is derived from them by personal experience in taking part in the conversations.

County Court Business.

The case of T. J. Cochran vs. Tom Dowlen and George Leverton is being tried in county court today. It is a suit over the ownership of a cow.

The case of Southwestern Tel. & Tel. Co. vs. Panhandle & Santa Fe Ry. Co. was tried Monday, resulting in the jury giving the Santa Fe \$50 per mile damages for the telephone right-of-way. Judge Coss yesterday set aside the verdict and granted a new trial.

A number of minor cases have been tried before Judge Coss, mostly small offenses against the law, in which the defendants were given fines.

Y. W. C. A. Assist Soldiers.

President R. B. Cousins was in Amarillo yesterday conferring with prominent men who are undertaking to do important work for the soldiers on the border through the Y. M. C. The state secretary is now in Amarillo making plans for a big rally Sunday.

The young men of the Normal have been soliciting funds for the same purpose among the Normal students and the citizens of Canyon.

Presbyterian Services

Sunday, July 30: Sunday School, 9:45 - Morning Service, 11:00 Christian Endeavor, 7:30 Evening Service, 8:30 Prayer meeting, Wednesday evening, 8:30 Choir practice, Friday evening, 8:00 DAVID. H. TEMPLETON, Pastor.

Dale-Wirt Wedding.

Miss Ildagerte Dale and Lorenza Wirt were married Sunday afternoon at 6:30 o'clock at the home of Rev. B. F. Fronabarger.

Their wedding comes as a complete surprise to their friends, and also to all in their immediate families, except Mr. Wirt's father, who knew of the coming event.

Both of the young people are well known in the city. Mrs. Wirt came to the city with her mother and sisters several years ago. She is a graduate of the Normal and has been a very successful teacher in the Randall county schools. Mr. Wirt is the son of Mr. and Mrs. S. V. Wirt and is well known in the city. He is a graduate of the public schools and has attended the Normal.

They will make their home in Canyon. They are receiving the congratulations of their many friends in the city.

McDorman-Payne Wedding.

Miss Elizabeth McDorman and L. B. Payne were married Saturday evening in Amarillo at the Methodist parsonage by Dr. New Harris.

Both of these young people are well known in the city. Miss McDorman made this city her home for a number of years, but returned last fall from California where her family moved three years ago. Mr. Payne came to Canyon last fall and opened the Happy Hour Theatre. This business he recently sold and is devoting all of his time to the garage business, having built up a splendid business during his few months of management. Miss McDorman has been associated with him in both the picture and garage business.

They are receiving the congratulations of their many friends this week.

County Convention.

The Democrats of Randall County are hereby called to meeting in county convention Saturday, July 29, at 3 o'clock p. m. for the purpose of electing a delegate to the state democratic convention.

D. A. PARK, County Chairman.

200 Taking Examinations.

The last series of the examinations are being held at the Normal this week. 200 students are taking the series. Practically all of these will leave for their homes today or tomorrow.

The summer quarter of the Normal will close on Monday, August 7.

Cleo Mayfield, who is known world wide and industrial enterprises in France for her doll acting, first introduced the nose ring on the stage.

**SEVERE PUNISHMENT**

**Of Mrs. Chappell, of Five Years' Standing, Relieved by Cardui.**

Mt. Airy, N. C.—Mrs. Sarah M. Chappell of this town, says: "I suffered for five years with womanly troubles, also stomach troubles, and my punishment was more than any one could tell. I tried most every kind of medicine, but none did me any good. I read one day about Cardui, the woman's tonic, and I decided to try it. I had not taken but about six bottles until I was almost cured. It did me more good than all the other medicines I had tried, put together. My friends began asking me why I looked so well, and I told them about Cardui. Several are now taking it. Do you, lady reader, suffer from any of the ailments due to womanly trouble, such as headache, backache, sideache, sleeplessness, and that everlasting tired feeling? If so, let us urge you to give Cardui a trial. We feel confident it will help you, just as it has a million other women in the past half century. Begin taking Cardui to-day. You won't regret it. All druggists.

Write to: Chattanooga Medicine Co., Ladies' Advisory Dept., Chattanooga, Tenn., for special instructions on your case and 4-page booklet. Home treatment for women, in plain wrapper. B.G. 194

The president has signed the good roads bill. This means the expenditure by the government of \$85,000,000 for roads within the next five years in states which duplicate the amount of money appropriated to them.

COME TO CANYON TO LIVE.

Adds to Farm Cheer

It was a blustery March evening, but inside the cosy sitting-room of the Browns' all was cheery and bright.

Mrs. Brown stepped to the telephone. Her husband smiled—for he knew the pleasant custom for years had been to call the daughter, in the distant village, each week.

Have you a Telephone connected to the Bell System?

**A USEFUL PAIN**

Canyon People Should Heed Its Warning.

Have you a sharp pain or a dull ache across the small of your back? Do you realize that it's often a timely sign of kidney weakness? Prompt treatment is a safeguard against more serious kidney troubles. Use Doan's Kidney Pills. Profit by a Canyon resident's experience. Mrs. J. W. Ricks, W. Houston St., Canyon, says: "My back was weak and ached. I felt drowsy and languid and the kidney secretions were unnatural. I also had dizzy spells and headaches. Doan's Kidney Pills relieved me and I believe they are the best of kidney medicines." Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Ricks had. Foster-Milburn Co., Props., Buffalo, N. Y.

Costly thy habit as thy purse can buy But not expressed in fancy, rich not gaudy.

For the Apparel Oft proclaims the man.

—Laertes advice to his Son

Let your discourse with men of business be short and comprehensive. —George Washington.

COME TO CANYON TO LIVE.

**A Little Sleep.**

I like to sleep some after dinner; post-mealtime slumber is a winner, it makes a hit with me; but I'd do some fancy snoring, all kinds of pounding, ripping, roaring, start up immediately. About a thousand dogs assemble, close by, and make the welkin tremble, with barks and yips and yowls; the cattle all get busy lowing, and I can hear the bughouse crowing of countless nutty fowls. Out in the kitchen the domestic, a damsel haughty and majestic, drops dishes on the floor, the grocer's boys and cranks and peddlers, and fifty other kinds of meddlers, are thumping at the door. I can't describe a fourth or third of the blameworthy din you ever heard of—a Dante it demands—when I of snores would have a number, a little sleep, a little slumber, some folding of the hands. I rise, all sore, and katzenjammering, denouncing all the frantic slamming, the rumpus and the rush; and now that a noise would be no matter, there is an end to fuss and clatter, there comes a solemn hush. WALT MASON.

**Farmers' Institute Aug. 7.**

Fred W. Davis, State Commissioner of Agriculture, has sent out the following announcement for D. C. Dove: "Mr. D. C. Dove, Assistant Organizer of Farmers' Institutes, will hold a farmers' institute in Canyon on Aug

**7 at 10:00 a. m.**

Mr. Dove will organize in behalf of the Panhandle Farmers' Congress to be held in Amarillo, August 24 to 26, inclusive.

Mr. Dove is a forceful speaker. Everybody is invited to attend these valuable meetings.

Mr. H. M. Bainer of Amarillo, Agricultural Demonstrator for the Santa Fe lines, and Mr. A. K. Short of Wichita Falls, acting in the same capacity for the Ft. Worth and Denver, and the Wichita Valley lines, will join Mr. Dove at as many points on the itinerary as will be possible for them to do so.

Ladies invited. Mr. Dove will be in Happy on Aug. 3 at 3:00 p. m.

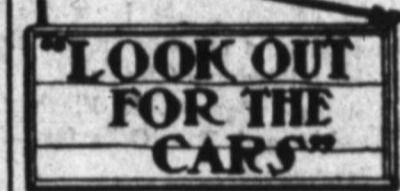

Note—Mr. Dove was in the city a few weeks ago, but the attendance of farmers was very small. It is hoped that a large number will hear him on the return date.

Aigs won't hatch 'less they're tended to. Be laik de hen—stay on de job.

**The Strong Withstand the Heat of Summer Better Than the Weak**

Old people who are feeble, and younger people who are weak, will be strengthened and enabled to go through the depressing heat of summer by taking regularly Grove's Tasteless Chill Tonic. It purifies and enriches the blood and builds up the whole system. 50c.

Canyon is the educational center of Northwest Texas. Come here to live

**LOOK OUT FOR THE CARS**

Do you know of anyone who is old enough to read, who has not seen that sign at a railroad crossing?

If everyone has seen it at some time or other, then why doesn't the railroad let the sign rot away? Why does the railroad company continue to keep those signs at every crossing? Maybe you think, Mr. Merchant, "Most everybody knows my store, I don't have to advertise." Your store and your goods need more advertising than the railroads need do to warn people to "Look Out for the Cars."

Nothing is ever completed in the advertising world. The Department Stores are a very good example—they are continually advertising—and they are continually doing a good business.

If it pays to run a few ads 'round about Christmas time, it certainly will pay you to run advertisements about all the time.

It's just business, that's all, to **ADVERTISE** in THIS PAPER

**Look Ahead! Be Independent When You Grow Old!**

A goodly sum of money in bank is a source of comfort in one's declining years.

You are young and vigorous and full of energy today. You are making good money.

Things may not always be so rosy.

PLAN TO DEPOSIT A CERTAIN SUM EVERY WEEK IN THE BANK.

# RAILROAD WAGES

## Shall they be determined by Industrial Warfare or Federal Inquiry?

To the American Public:

Do you believe in arbitration or industrial warfare?

The train employes on all the railroads are voting whether they will give their leaders authority to tie up the commerce of the country to enforce their demands for a 100 million dollar wage increase.

The railroads are in the public service—your service. This army of employes is in the public service—your service.

You pay for rail transportation 3 billion dollars a year, and 44 cents out of every dollar from you goes to the employes.

On all the Western railroads in 1915, seventy-five per cent of the train employes earned these wages (lowest, highest and average of all) as shown by the pay rolls—

	Passenger		Freight		Yard	
	Range	Average	Range	Average	Range	Average
Engineers	\$1747 3094	\$2195	\$1537 3076	\$2071	\$1056 2445	\$1378
Conductors	1543 2789	1878	1454 2933	1935	1151 2045	1355
Firemen	0.3 2078	1317	751 2059	1181	418 1552	973
Brakemen	854 1719	967	874 1961	1135	862 1821	1107

The average yearly wage payments to all Western train employes (including those who worked only part of the year) as shown by the 1915 payrolls were—

	Passenger	Freight	Yard
Engineers	\$2038	\$1737	\$1218
Conductors	1772	1624	1292
Firemen	1218	973	832
Brakemen	921	1000	1026

A 100 million dollar wage increase for men in freight and yard service (less than one-fifth of all employes) is equal to a 5 per cent advance in all freight rates.

The managers of the railroads, as trustees for the public, have no right to place this burden on the cost of transportation to you without a clear mandate from a public tribunal speaking for you.

The railroads have proposed the settlement of this controversy either under the existing national arbitration law, or by reference to the Interstate Commerce Commission. This offer has been refused by the employes' representatives.

Shall a nation-wide strike or an investigation under the Government determine this issue?

## MANY TRACTORS FOR STATE FAIR FARM IMPLEMENTS TO FEATURE 1916 DISPLAY THIS EXHIBIT LARGEST EVER SHOWN

When the great State Fair of Texas opens at Dallas October 14, the largest and most valuable collection of Farm Implements, Vehicles and Machinery that the South ever saw will be ready for the public.

A recent announcement from the office of Secretary W. H. Stratton, of the Fair Association, states that negotiations for space have been concluded with a large majority of the country's best manufacturers in these lines, and that the demands for representation will undoubtedly fill the available space to overflowing. Notwithstanding the fact that more than ten acres of ground space have been reserved.

An interesting part of this great exhibit, particularly to the farmer who believes in progressive methods in agriculture, will be the great number of new devices shown. During the past year many improvements have been made in farm machinery and practically all of these will be included.

Big Automobile Show. Secretary Stratton also advises that present indications point to the largest and most complete show of automobiles ever seen in this part of the country. Practically all of the cars of standard make will be seen, and the many improvements as shown in the 1917 models will no doubt interest many. A special showing of commercial cars and trucks will be of interest to many farmers. During the past three or four years many farmers in all parts of the country have found profit in a suitable car to haul their lighter produce to the market, and several factories have specialized in cars suitable for this purpose. These will all be shown.

Many Tractors to Be Shown. A topic in which the Southwestern farmer of today is vitally interested is Power Farming, as practiced with the various types of Tractors now being made and sold for use on the farms. Nearly every farmer who has given this subject deep thought has become convinced that tractors are a paying investment—particularly where the acreage is large.

Nearly all of the popular types of tractors will be seen at the 1916 State Fair of Texas—the leading manufacturers of the country having already negotiated for space. Many of these tractors will be shown in active operation, under conditions approximately as closely as possible the conditions found upon the average farm of this section. Here then, is an opportunity for the farmer who wants light on this interesting subject to form an intelligent comparison.

## NEW LIVE STOCK BARN AT STATE FAIR OF TEXAS

When the State Fair of Texas opens at Dallas October 14, 1916, it will be provided with better facilities for housing live stock entries than have ever heretofore been the property of any Fair Association.

During the past year, according to an announcement from W. H. Stratton, secretary of the Fair Association, a number of new barns have been constructed, and these are of the latest modern type of construction and of an architectural design which will make them harmonize with the many other beautiful permanent buildings owned by the Fair Association.

Those who have had the pleasure of a visit to Fair Park, Dallas, during the State Fair, know that in number and beauty of permanent buildings the State Fair of Texas is surpassed by that of no other State. These new barns are thoroughly in keeping with their surroundings, and will reflect added credit to the "Fair Without an Equal." At the same time they will add greatly to the pleasure of exhibitors in showing their stock, and will facilitate matters generally in the Live Stock Department.

Secretary Stratton also announces that there is every present indication to the effect that the entries in all agricultural and live stock divisions will be greatly increased this year and that there is no doubt but what the largely increased facilities provided by these new barns, will be taxed to the utmost to provide suitable quarters for all entries in these divisions.

## POULTRY SHOW AT STATE FAIR

W. H. Stratton, secretary of the Fair Association, recently announced that, in keeping with the increased value of Southwestern poultry productions, the State Fair of Texas would materially increase the premiums offered annually for poultry exhibits, and this announcement is followed by the statement that a division has been created for pigeons, and that a special building is being constructed to house the exhibits in this new class. Better facilities have likewise been provided for the exhibits of ducks, and a large duck pond is now in course of construction.

In the main section of the poultry division increased space has been allotted for the exhibits of all standard and utility breeds, and present indications are that each breed will have a large following. Numerous requests for entry blanks have been received from the premier poultry fanciers of the Southwest, and there is every reason to believe that the best and biggest poultry show ever seen in the South will be a part of the 1916 State Fair of Texas.

Entries in the poultry department will close Wednesday, October 11, and poultry fanciers who contemplate making an exhibit at the Fair should send in their entries promptly.

## A Great American's Common Sense.

(An immigrant boy who became a captain of industry and departed from this world a few weeks ago at St. Paul. In 1856, a fatherless farmer's son, he left a Canadian farm and came to St. Paul. He took service as a dock laborer and rose step by step to control of a vast transportation industry. His sagacity foresaw the development of the Northwest, and his character obtained the capital that opened a vast unplowed region to the markets of the world. Such was James J. Hill, the great home builder.)

Most men who have really lived have had in some shape their great adventure. I feel that a labor and a service touching at so many points the lives of so many millions, with its ability to serve the country and its firmly established credit and reputation, will be the best evidence of its permanent value and that it no longer depends upon the life or labor of any single individual.

The railroad is the sap of the industrial tree. It is the speed regulator of industry. It is the thermometer of credit. Its stability, its prosperity, must be protected and assured. No duty devolving upon those who sit in the watchtowers of the world can take precedence of this.

Wealth is the slow accretion of many centuries. It changes its form and occupation with wonderful facility, but slight at all times is the margin between the world's production and its consumption. Practically only a few months would lie between a universal cessation of production and the destruction of the human race by starvation.

Nearly all the outcry and activity against corporate wealth are for political effect rather than moral reform.

Paternalism and extravagance have lived in conjugal union from the time that governments began. Not decree of divorce can ever be pronounced between them, and their offspring, inefficiency, is the perpetual disturber of wholesome business life.

Examine the political nostrums now most talked of as saviors of society, humane in intent though many of them be, and it will be found that they all involve the continued expenditure of a large sum of money to be collected by taxation.

Rest from agitation, intelligent economy, harmonious co-operation for business institutions as well as for political divisions—these are not abstruse ideas. They do not provoke eloquence or attract the self-seeking. They are things as long familiar and as little revered by the mass of men as the contents of the Decalog. We must go back to them or suffer the penalty paid by everything that defies the law of the physical or moral order of the world.

The United States has many social questions to settle in the near future, and nothing will take the place of its ability to provide good homes for those who desire to sit under their own vine and fig tree. Land without population is a wilderness and population without land is a mob.

Italy has over 3,000,000 women engaged in agricultural pursuits.

A vigorous campaign is now being waged in England to get educated women to take up farm work in that country.

**An Historical Fact**

**PURELY S.S.S. FOR THE BLOOD VEGETABLE**

Even before the days of our Forefathers, extracts from the same kind of roots, herbs and barks, now used in compounding the ingredients for S. S. S., were well known and extensively used among the Indians.

Science and modern methods have only changed the Indians way of handling the materials, the essential features are still in evidence in S. S. S.—Nature's Greatest Blood Purifier—and a natural sequence of the Indians favorite medicine.

**50 YEARS SUCCESSFUL**

**S.S.S. Co. Atlanta, Georgia**

U. S. Government Engineer.

Arrangements have been made by Governor James E. Ferguson with the Office of Public Roads, at Washington, D. C., whereby Government Engineer, has been placed in Texas under the supervision of the Governor, to act as State Highway Engineer, as far as the present law will permit. Of course at present his duties will be in an advisory capacity only, such as selection of material, location of roads, drainages, bridges, lecturers in the interest of bond issues, etc.

His services are free for the asking; the U. S. Government will pay his salary until our legislature meets and then we will have to establish a regular highway department. Mr. Marshall has been in Texas most of his time for the past five years, and is well acquainted with various conditions in the State; and being a high-class gentleman and Engineer, we are very fortunate in having him with us in this capacity. He will furnish a series of articles on maintenance in the near future, which will be sent to

the Office of Public Roads and mimeographed and furnished every newspaper in Texas for publication. Any county official or private individual wishing a visit from Mr. Marshall can be accommodated by making request of Gov. Ferguson. Any questions that would not require his presence, you can address Mr. G. D. Marshall direct, in care of the Governor, Austin, Texas.

TEXAS GOOD ROADS ASSOC.

**Lax-Fos, A Mild, Effective Laxative & Liver Tonic Does Not Grip or Disturb the Stomach.**

In addition to other properties, Lax-Fos contains Cascara in acceptable form, a stimulating Laxative and Tonic. Lax-Fos acts effectively and does not grip nor disturb stomach. At the same time, it aids digestion, arouses the liver and secretions and restores the healthy functions. 50c.

Senator Reed of Missouri recently denounced Senator Gore for referring to the militia as men in need of chiropractors and manicurists and as sunshine patriots.

Ten members of the Japanese Legislature were recently convicted of accepting bribes.

**ELLERD AND ADVERTISING**

The Tulia Herald in an editorial headed "it pays to advertise" highly lauded Ellerd and prophesied that he would sweep the district. The News believes in advertising and believes it pays to advertise, and believes that the man who does not advertise is a back number. But, the News is a little particular what it terms advertising. Ellerd spent more for advertising than any man in the race. Money flowed freely into the race. He advertised, says our neighbor, and therefore, under the premises that advertising pays, he ought to have many times more votes than any other man in the race, according to the statement of the Tulia Herald.

Advertising is the only way to get an article before the public. According to statistics of advertising many advertising schemes, where thousands of dollars were spent, have signally failed. Why? Either because the wrong medium was used, or because the article was poor.

The News has heard many men say that they did not support Mr. Ellerd from the fact that they considered it an insult to be handed pencils, wall hangers, rulers, and other cheap articles by a man who posed as a statesman. Therefore, Mr. Ellerd went to the extreme with his advertising, and like many firms and individuals, impressed the public that he was trying to hand them something for their vote. So much for the medium.

Mr. Ellerd himself did not make the good impression on the people that Mr. Jones did. Somebody started some tales regarding him that spread like wild fire over the district. Whether true or not, they did the mischief, which together with his superabundance of sideshow articles, lost him the race.

The Tulia Herald did not analyze "it pays to advertise" before writing the article, or it would not have placed the cheap stuff of Ellerd's in the advertising list.

And above all things, any advertising scheme will fail, if the article will not stand up under the most rigid examination that may be offered—especially from the standpoint of a man's personality.

The vote of Colquitt and Culberson was a distinct surprise to the people of this section of the state. It means that a large number of pros over the state though Brooks was not strong enough to defeat Colquitt and therefore turned to Culberson as the only man who could win the second primary. The battle is now on between

Colquitt and Culberson, with the chances favoring Culberson.

The News believes that Culberson should be returned to the senate by all means. Colquitt is opposed to the national administration and would do all in his power to defeat the plans of President Wilson. Culberson is a right hand man of the President. We believe that practically the solid pro vote will go to Culberson, which ought to easily elect him.

It is a well known fact that railroad employes, especially man in train service, are well paid for their labor. There threatens to be a strike for higher wages. The News believes that the public is with the railroads and are opposed to a further advance in wages, and that the public is well aware that a strike at this time would be a calamity.

The Terrell election law needs an amendment with teeth to handle the men who on the eve of election try to get by with stuff detrimental to candidates—stuff which is political rot and born in untruth and deception. There is not a county in the state where such things are not resorted to. Few candidates for state offices escape. If the law makes the circulator of these libels responsible and points the way to the penitentiary, much of it will be stopped in the coming years.

If the government calls man with families for service, it is nothing more than right for the government to care for the dependents. Right now while the status of the national guard is being so thoroughly tried out by the national government, some permanent arrangement should be made to that effect.

**NOTES AND NOTIONS.**

Its over—election. Forget it.

"Intrusty is fortune's right hand; frugality, her left."

J. Frank Hanly is the Prohibition candidate for president.

J. Bull has blacklisted a number of Americans from his trading. Those on the list are seeking government protection.

Where was J. H. Davis when the Cyclone went by?

J. H. Stephens used the government printing office and franked his campaign literature to the voters of the district. How is that for "Honest John?"

Morris couldn't get by with his political rot.

A few more weeks until the November election and then the American public can rest for two years.

"Speak well of your friends; of your enemies say nothing."

Brooks certainly made a strong race in Randall County.

The worse thing we see about Attorney General B. F. Looney is the fact that he looks so all fired much like Frank Jamison of the Canadian Record.

Lockney is putting up a bunch of new brick buildings. The town recently had a fire, but in most cases a fire is a benefit to a town's appearance, and in this case Progressive Lockney is the winner.

A new elevator is being erected at Lockney.

Don't forget the second senatorial primary—August 26—Culberson is the man to vote for.

Gov. Ferguson did a good job of defeating Hall and Jenkins. But he lost out on the Robertson law.

When will J. Bull quit fooling with U. S. mail? If he don't quit, suppose we have John Stephens appoint a new postmaster to take his place.

Sulzer is not to be downed. He has at last gotten on a ticket as a presidential candidate, but what about the ticket?

If you want to make a fortune start an ice skating rink.

The army is short 1500 lieutenants, but few will enlist until a captaincy is assured.

Carranza and us are in the same boat—deflation of currency.

James Whitcomb Riley, "the Hoosier Poet" died at his home in Indiana Saturday night.

COME TO CANYON TO LIVE.

**Jones Thanks Voters.**

To the Citizens of the Thirteenth Congressional District:  
 This means is taken to express my deep appreciation of the overwhelming vote tendered me in the race just closed.

To the thousands of men who follow the plow; to the men who work beside the flaming forge; to the railway boys on whose brave shoulders rests the commerce of this country; to the business and professional men; to the newspaper men, who, without exception, have been generous to me; and to those who toil everywhere, all of whom supported me so loyally, I owe a debt of gratitude that no language can express. It is appreciated beyond measure. I only hope I may show myself worthy of this magnificent expression of your confidence and trust.

The assistance and support of each and every citizen is earnestly requested, and I pledge the best energies of my life to the people who have seen fit to call me to their service, and assure you that my endeavors will be alike impartial to the whole district and the whole people.

MARVIN JONES.

**Bishop Thanks Voters.**

To the People of Randall County and the 47th Judicial District of Texas; I wish to express my appreciation of the support I have received in the eight campaigns I made in this district for district attorney, and while I was not elected in the election last Saturday, I am grateful for the large vote I received.

In recognition of the fact that each man is the master of his own ballot, I have no complaint against those who opposed me. But no words can express the esteem in which I hold my friends who have been so loyal to me during these years; who aided to elect me to office so many times and then sustained me in that office in the administration of my official duty.

Very truly yours,  
 HENRY S. BISHOP.

**Miss Buie Thanks Friends.**

To my friends who supported me in the race for Treasurer:

I extend my heartfelt thanks. On account of serious affliction in the home (of which many of the voters were unaware) it was impossible for me to canvass the county, which was my intention when I entered the race. For the past seven weeks I have devoted my entire time in assisting my voted my entire time in assisting my father in his campaign.

With best wishes for my gallant opponent who so nobly won the race; again thanking my friends I bid you a kind adieu until 1918, when you may hear from me again with higher aspirations—when woman will have come into her own.

IVA M. BUIE.

**Mrs. Garrett Thanks Friends.**

To My Friends:  
 Had I been elected to the office of Treasurer of Randall County at the Primary election of July 22, I would not be more grateful to my friends for their support than I am now and take this method of expressing.

I have no ill will toward those who opposed me, for I consider that all acted conscientiously and in good faith.

MRS. W. T. GARRETT.

**Sheriff Thanks Supporters.**

To the Voters of Randall County:  
 I desire to thank the voters of Randall County for the generous support given me in the recent primary. I have no old scores to even up and with the cooperation of the citizens of this county I hope to be able to give better service than heretofore.

Yours to Command,  
 WORTH A. JENNINGS.

**Flesher Expresses Thanks.**

To the Voters of Randall County:  
 It is indeed with gratitude that I take this means of expressing my thanks to those who supported me in the Primary Saturday.

The support and assistance of each and every citizen of this county is earnestly requested, and I pledge my best efforts will be given to render you the best service possible.

C. R. FLESHER.

Ed. Note—In the rush of compiling the returns, an error was made in precinct six where Mr. Flesher received 7 instead of 5 votes. His total vote was 240, instead of 224. This error was not discovered until six o'clock last night, after the county returns had been published on page two.)

**SOCIETY NOTES**

Miss Mamie Conner entertained a few friends at a seven o'clock luncheon Monday evening. Covers were laid for eleven guests. The evening was spent at story telling and reminiscence. The guests were Misses Cassidy, Cobb, Gober, Word, Stafford, Roberts, Mesdames, W. G. Word, C. R. Flesher and C. W. Warwick.

Mrs. Warwick entertained the Methodist Missionary Society Tuesday afternoon from three thirty to six. Mrs. W. G. Baker gave a report from the Missionary Conference at Sweetwater, after which ice cream and cakes were served.

Mrs. S. R. Griffin entertained Saturday from four to seven in honor of her sister, Mrs. Love. Five hundred was played during the afternoon, after which refreshments were served of chicken salad, cheese wafers, ice tea and cakes. The guests were Mesdames Love, Ingham, Gamble, Shirley, Pipkin, Morrel, Redfean, Luke, Warwick, Burrow, King, Blaine, Holland, Myers, Misses Cassidy and Ingham.

Mr. and Mrs. S. V. Wirt entertained a number of old friends Monday evening in honor of Mr. and Mrs. Lorenza Wirt.

A number of young people report a delightful time at a lawn party given by Mr. and Mrs. T. R. R. Atkins last Monday evening. The entertainment was given in honor of the girls who boarded there. The guests were in the right mood to give life to the occasion and much fun was had at the games. At a late hour refreshments were served of watermelon and lemonade.

The week of gaiety was opened by a charming entertainment at the Wiggins home, in which Miss Loretta Wiggins was hostess to all the students of the 1910-11 class who are in school. COME TO CANYON TO LIVE.

(this summer. Upon arrival the guests were ushered to the library where punch was served in abundance to the thirsty, after which they gathered in the parlor where the evening's entertainment was begun by Miss Lillie Leonard who read an original poem in the form of a retrospective look at these students who are glad to be together again.

Amusing games were played until a late hour in which all gladly joined. Even the quiet, staid members of the faculty who were Miss Loretta's teachers in the first year of the W. T. S. N. C. seemed to forget the great responsibilities they carry as they helped in some of the exciting games.

Music was furnished by Leta and Henry Moriarity and a number of orchestra selections by Charlie Lofton, Misses Lottie Lofton and Columbia Wiggins.

Refreshments of ice cream and cake were served, after which the guests departed, hoping the members of the 1910-11 class might again meet upon so joyful an occasion.

(By Lillie Leonard)  
 1910! Shout it again—  
 The year that brought us together,  
 And taught us just what  
 We knew and knew not,  
 And where our wits we should tether?  
 So Addie she learned the "ABC"  
 Of what the Normal teaches,  
 And Tenie did the selfsame stunt,  
 And both were working leaches.  
 Then, little brown Hopper from the  
 grass  
 Thumpity, bumpity, came into the  
 class  
 To eat the Freshman peaches.  
 Loretta, Ida, Allie, George,—  
 Each took the Junior flight,  
 And Goldie too, and Lillie, large;  
 Al S., and Billy Bright  
 But Emma Hope was higher still,  
 And Fleda was a Starr,  
 And Baucom, being Ivy, climbed  
 Right to the topmost bar.  
 1910! Shout it again!  
 And shout for the present, '16,  
 That so kindly has fetched  
 The number here sketched  
 Together once more on the scene!

Monday evening at the home of Mr. and Mrs. S. B. Orton the Epworth League of the Methodist church entertained the young people of the church. Mr. and Mrs. Orton, who were assisted by the officers of the League, were a delightful host and hostess. Numbers of games were played on the lawn, which had been

lighted for the occasion. The games were followed by a donkey contest, Ray McReynolds winning first prize, the booby going to Miss Mannette Leake. The most exciting feature of the evening was Auction Sale. The boys were sold to the highest bidder, ranged from five to twenty-five cents, the girls buying them. The bids and the same amount was paid for refreshments. The proceeds of the entertainment will go to the League Missionary Fund.

Miss Malone entertained a number of friends Monday afternoon at the F. P. Guenther home in honor of her niece. The afternoon was spent at forty two. After a sumb reef pleasant games, refreshments were served of ice cream and angel food cake. The following were the guests: Mesdames Luke, Pipkin, W. G. Word, Thompson, Terril, Hamill, King, Morelock, Guenther, Blaine, Hill, Lester, F. M. Wilson, Shirley Bell, Marquis, Reid, Coss, Ingham, Misses Malone, Brown, Kline, Lowrance, Harrell, Guenther, Lamb, Rambo, Winkelman, Terrill, Ingham, Word, Cousins, McMillon, Bissell, Casseday and Flickland of Georgia.

Miss Malone entertained a few young people Monday night, the guests being Misses Malone, Harrell, Guenther, Ingham, Flickland, Cochran, Messrs. Cousins, Lester, Lester, Templeton and Stafford.

Deeper, With the Plow.

The divine unrest which landed the Pilgrims on Plymouth Rock, moved the pioneers toward the setting sun and subjected a new world is yet unsatisfied.

It is the heritage of the Anglo-Saxon and has kept him ever moving, ever conquering and ever dominant. No other race has long withstood him, no difficulties have discouraged and no dangers daunted.

Because of it he has threaded the trackless forest, made a highway of the world, he has dug to the bones of the earth, followed the stars in their immeasurable courses and spied out nature in her secret laboratories. And yet, he has not learned of the soil beneath his feet. He has tilled its surface and it laughed with crops but when the laugh ceased he moved westward. Now he cannot. He has reached the end.

One more great move if offered him and that is, DEEPER WITH THE PLOW.—Kansas Farmer.

Accidents Are Numerous.

During the year 1915 there were 7,856 citizens of this country drowned. 1,641 were killed by cyclones and wind storms, and 496 killed by explosions. Electricity killed 242 while 172 were killed by lightning. Asphyxiation caused 226 deaths and 89 were killed in elevator accidents. Automobiles were responsible for the deaths of disease.

2,224 persons and the injuring of 10,032. Railroads killed 6,707 and injured 70,516, not including those killed or injured while trespassing upon railroad property.

The official estimate at Washington is that 75,000 persons are accidentally killed in the United States every year. Compare this with the four years of the Civil War in which 67,058 Union soldiers were killed in battle. It is further officially estimated that not less than two million people are accidentally injured in the United States each year.

Drives Out Malaria, Builds Up System  
The Old Standard general strengthening tonic, GROVE'S TASTELESS CHILI TONIC, drives out Malaria, enriches the blood, and builds up the system. A true tonic. For adults and children. 50c.

A gold medal and \$100,000 will be awarded by President Wilson to the person who discovers a preventative or cure for infantile paralysis, if a resolution introduced in congress recently by Representative Siegel is adopted. Secretary McAdoo has asked for an appropriation of \$100,000 to fight the disease, \$50,000 to be used by the surgeons of the public health service in New York, the remainder to be used to prevent interstate spread of the malady. President Wilson has signed the resolution permitting the use of the immigration hospital at the Ellis Island immigration station for New York victims of the disease.

State of Texas. To the Sheriff or Any Constable of Randall County, Greeting:

You are hereby commanded to summons John E. Owens and H. H. Howell and the heirs of J. Clark Hoel, deceased, whose names are unknown, to appear at the next regular term of district court of Randall County, Texas, to be held at the court house there, in the town of Canyon on the fourth Monday in August, 1916, same being the 28th day of August, 1916, then and there to answer a petition filed in said court on the 24th day of June, 1916, in cause No. 816, wherein L. Y. Bureh is plaintiff, and John E. Owens and H. H. Howell and the unknown heirs of J. Clark Hoel are defendants, the cause of action being as follows:

Plaintiff alleges that he is the owner of survey No. 119 Block 2. A. B. & M., certificate 626, situated in Randall County, Texas, and that he owns said land by virtue of a patent being issued to Adams, Beaty and Moulton on June 20, 1885, by virtue of certificate No. 626, issued by the commissioners of the general land office and that on December 14, 1874, R. C. Beaty and M. C. Moulton executed a power of attorney to Adams Adams whereby the said Adams Adams was authorized to sell any and all land certificates to be issued to Adams, Beaty and Moulton, and that on September 16, 1885, the said R. C. Beaty and Adams Adams acting by their said attorney in fact, made, executed and delivered to J. B. Crane a deed wherein the above described land was conveyed and that on September 15, 1885, the said J. B. Crane made, executed and delivered to W. B. Munson of a certain deed whereby the above described land was conveyed to said Munson, which deeds were duly filed and recorded in the Deed Records of Randall County, Texas, on December 14, 1886, and that afterwards on February 9, 1901, W. B. Munson sold and conveyed by his certain deed the above described land and premises to the plaintiff, which deed was duly filed and recorded in Deed Records of Randall County, on April 6, 1901.

Plaintiff would further show to the Court that he has had and held said land above described under a deed duly registered and has had a peaceable, continuous and adverse possession of the same, cultivating, using and enjoying same and paying all taxes due thereon for a period of more than five years.

Plaintiff would show to the Court that he is the owner of said land and has a perfect right and title to the same, because he has had and held said land, an adverse possession of the same, using, cultivating and enjoying same for a period of more than ten years.

The defendants claim said land by reason of Adams Adams, R. C. Beaty and M. C. Moulton on February 2, 1875 sold and conveyed to J. Clark Hoel land script No. 626, which sale and transfer was filed for record in Randall County on the 2nd day of June, 1890; and that by virtue of said certificate the land above mentioned was on June 20, 1885, patented by the State of Texas, to Adams, Beaty and Moulton and that on July 24, 1893, J. Clark Hoel for the purpose of securing his note executed a deed of trust on the above described land, W. R. Howell, trustee for the use and benefit of the defendant John E. Owens; that H. H. Howell, as administrator of the estate of J. Clark Hoel, made executed and delivered a deed to said property to the defendant John E. Owens; that by reason of the premises plaintiff has a superior title to said land and that by reason of the claim of defendants, a cloud is placed upon plaintiff's title.

Plaintiff prays that upon hearing he have judgment against defendants for the above described land and that the cloud placed upon his title to said land be removed, and for costs of suit.

You are further commanded to serve this citation by publishing same once in every week for eight successive weeks to the return day thereof in a newspaper published in your county, but if no newspaper be published in said county, then in the nearest county where a newspaper is published.

Herein fail not, but have you before said court on the said first day of the next term thereof, this writ with your return thereon, showing how you have executed the same.

Given under my hand and seal of said county, on the 24th day of June, 1916, in Canyon, Randall County, Texas.

T. V. REEVES, District Clerk Randall County, Texas. Issued this the 24th day of June, 1916.

T. V. REEVES, District Clerk Randall County, Texas. A true copy, I certify

WORTH A. JENNINGS, Sheriff, Randall County, Texas. By W. C. BLACK, Deputy. 164

NOT ENOUGH CHILDREN

ever receive the proper balance of food to sufficiently nourish both body and brain during the growing period when nature's demands are greater than in mature life. This is shown in so many pale faces, lean bodies, frequent colds, and lack of animation.

For all such children we say with unmistakable earnestness: They need Scott's Emulsion, and need it now. It possesses in concentrated form the very food elements to enrich their blood. It changes weakness to strength; it makes them sturdy and strong. No alcohol.

Scott & Bowne, Bloomfield, N. J.

Proposed Amendment to the State Constitution Relating to Levying Tax for School Purposes.

(H. J. R. No. 30) HOUSE JOINT RESOLUTION

Proposing an amendment to Section 3, Article 7, of the Constitution of the State of Texas, authorizing the levy and collection of an ad valorem county tax not to exceed fifty cents on the one hundred dollars valuation of property for the maintenance of the public schools of the county, and authorizing the levy and collection of an ad valorem district tax not to exceed one dollar on the one hundred dollars valuation of property for the maintenance of the public schools of the district.

Be it resolved by the Legislature of the State of Texas:

Section 1. That Section 3 of Article 7 of the Constitution of the State of Texas be amended to hereafter read as follows:

Section 3. School Taxes. — One-fourth of the revenue derived from the State occupation taxes, and a poll tax of \$1.00 on every male inhabitant of this State between the ages of 21 and 60 years shall be set apart annually for the benefit of the public free schools, and in addition thereto there shall be levied and collected an annual ad valorem State tax of such an amount, not to exceed 20 cents on the \$100.00 valuation, as with the available school fund arising from all other sources will be sufficient to maintain and support the public free schools of this State for a period of not less than six months in each year. The Legislature may authorize the levy and collection of an annual ad valorem county tax within the counties of this State not to exceed 50 cents on the \$100.00 valuation of property situated within the county; provided, a majority of the qualified property taxing voters of the county voting at an election to be held for that purpose shall vote such tax, for the purpose of maintaining the public free schools of the county, and the Legislature may also provide for the formation of school districts by general or special law without the local notice required in other cases of special legislation, and all such school districts, whether created by general or special law, may embrace parts of two or more counties, and the Legislature shall be authorized to pass laws for the assessment and collection of taxes in all said districts and for the management and control of the public school or schools of such district, whether such districts are composed of territory wholly within a county or in parts of two or more counties. And the Legislature may also authorize an additional ad valorem tax to be levied and collected within all school districts heretofore formed, or hereafter formed, for the further maintenance of public free schools, and the erection and equipment of school buildings therein; provided, that a majority of the qualified property taxing voters of the district, voting at an election to be held for that purpose, shall vote such tax not to exceed in any one year one dollar on the \$100.00 valuation of the property subject to taxation in such districts, but the limitation upon the amount of school district tax herein authorized shall not apply to incorporated cities or towns, constituting separate

and independent school districts. Section 2. The Governor of this State is hereby instructed to issue the necessary proclamation for the submission of this amendment to the qualified voters of the State of Texas at the next general election to be held in November, 1916, at which election all voters favoring this amendment shall have written or printed on their ballots the words, "For the amendment to Section 3, Article 7, of the Constitution of the State of Texas, relating to the levy of ad valorem school taxes not to exceed fifty cents on the \$100.00 valuation in the county and not to exceed one dollar on the \$100.00 valuation in the district, for the purpose of maintaining the public schools of the county or of the district." And those opposed to this amendment shall have written or printed on their ballots the words, "Against the amendment to Section 3, Article 7, of the Constitution of the State of Texas, relating to the levy of ad valorem school taxes, not to exceed fifty cents on the \$100.00 valuation in the county, and not to exceed one dollar on the \$100.00 valuation in the district, for the purpose of maintaining the public schools of the county or of the district."

Section 3. The sum of \$5,000.00, or as much thereof as may be necessary therefor, is hereby appropriated to pay the expenses of carrying out the provisions of this resolution. (Note.—H. J. R. No. 30 was adopted by the House by the House March 6, yeas 104, nays 12. Was adopted by the Senate, with amendments, March 19, yeas 25, nays 2. House concurred in Senate amendments March 19, yeas 78, nays 19, present and not voting 1.)

Approved April 1, 1915. (A true copy.) JOHN G. MCKAY, Secretary of State.

This is the season for donning non-skid shoes. A well shod horse and a well chained tire will prevent many a skid. A submarine commander is often a modest man who invites no publicity for himself.

How hard it seems, to be as good as the good men one reads about in the obituaries. If it were not for spines the cactus would be the mollicuddle of the world's deserts.

One feels occasionally that the mosaic law of a tooth for a tooth should apply to dentists. Perhaps the day will come when saloonkeepers who are now getting by will keep on going.

Instead of making explanations for late trains a railroad now points with pride to the motto, "safety first." Perhaps billiards is such a satisfying game because any player may be a champion of some division of it.

Rude males who knock feminine apparel are reminded that furred shoe tops are preferable to a furred tongue. Berlin landlords have already lost over \$25,000,000 in rents. Somehow or other it's hard to sympathize with a landlord.

China may get so weary of trying governments of its own that any suggestions Japan may have to offer will be welcome. One group of peacemakers appears to think that as an implement toward bringing peace the bomb is superior to the olive branch.

Another "model young man" has been found to be a bigamist. Why must "model young men" always turn out to be rascals? Beats all what interesting sights a man sees from a street car window when some woman is standing in the aisle next to his seat.

Philadelphia has decided never to allow the Liberty Bell to be moved again. In other words Liberty Bell is to have no more liberty.

When you see a girl looking into the furniture store show windows, you may bet your pile she has something important on her mind.

The man who imposes a strict censorship on his small talk sometimes wakes up to find himself the most popular member of his set.

About the time a young woman begins to notice how frequently leap year arrives she has attained sense enough not to talk about it.

Ben Franklin missed it by not living in an era of enlightenment when his maxims could be hung up as mottoes on the living-room wall.

Has the fact that the U boats take their name from a letter way down in the alphabet anything to do with their getting under the surface?

A college professor says a spanking leaves no marks except on the memory, but did anyone ever hear of spanking a boy on the memory?

C. C. Doniphan Killed.

Lubbock Avalanche—Tuesday morning at 6:20 o'clock, in the passway between the Oakland Automobile Sales room and the Buick garage, C. C. Doniphan was shot three times with a .32 calibre pistol, from the effects of which shots he died in a few minutes, before anyone could remove him from the place he fell.

Little is known of the affair as there was only one eye-witness to the shooting, and this party did not notice anything unusual till two shots had been fired. This witness we understand, stated that the two men met at the place mentioned above and two shots were fired taking effect in the body of Doniphan, at which time a scuffle ensued and a few seconds elapsed before the third shot was fired. Two shots penetrated the body of deceased, one in the right breast and the other left side between the second and third rib, the third shot grazed the right shoulder. McDonald was shot through the hand during the scuffle. He immediately surrendered to the authorities and remained in the county jail till Wednesday at ten o'clock when a preliminary hearing was given him and granted bail in the sum of ten thousand dollars which was immediately given and he was released from custody.

No reason for this awful tragedy was given out at the trial and the public generally are in the dark as to what could have brought about the trouble. These two men had been close friends up to the time of the trouble.

Killed by Lightning. Hereford Brand—Yesterday about one o'clock, Paul Black was struck by lightning and instantly killed while driving along the road in a wagon southeast of town about three miles.

The young man was employed by B. F. Jones, in boring wells and they were working on the Ed Money place southeast of Hereford fifteen miles. Mr. Jones sent Black to town to bring a load of coal.

He was driving along the road near the Gregg well. Some young men at the Robinson place saw him driving along just before the report of the flash. Shortly after they saw the team coming on the run without the driver. They ran out and stopped the team and found the man dead in the wagon, and his clothes starting to burn.

His parents lived near Farwell and they were notified. The deceased has been working in the neighborhood of Happy since fall and had just gone to work for Mr. Jones. He was about twenty-one years old.

Whenever You Need a General Tonic Take Grove's The Old Standard Grove's Tasteless chill Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System. 50 cents.

With Our Best Wishes. Dallas Evening Journal: The daring and epochal voyage of the Deutschland may accomplish little in the way of relieving British blockade pressure on Germany. But it has demonstrated most convincingly that the American people, often charged with unneutrality and strong leaning toward the allied cause, are not slow to applaud an act of valor or to appraise enthusiastically the nerve and skill of the Germans.

The friendly expressions of press and people, following the sensational advent of the Deutschland, indicate a neutrality of thought and a readiness to approve the fine achievement, regardless of the belligerent that may score it. This should bring about a better feeling toward the United States, not only in Germany, but among German sympathizers in this country.

Certain it is that the Deutschland starts on the return trip with the sincere "bon voyage" of a majority of American millions.

Dan Patch, pacing king, owned by M. W. Savage, Minneapolis, died of heart disease at Savage Farm, near Savage, Minneapolis, recently. In 1906 the champion pacer went a mile on the St. Paul track in 1:55 flat, the premier sulky record of the world. Dan Patch was bought by the Minneapolis horseman for \$30,000. He was withdrawn from the tracks several years ago and has since been used for breeding purposes.

COME TO CANYON TO LIVE.

SOME BASEBALL STARS of 1916

THE FARM AND SMALL TOWN FURNISH BEST MATERIAL FOR BIG LEAGUE TIMBER.

Looking over the roster of the big league ball teams you will find name after name of men who only recently were boys on the farm or in the village or small town. On the other hand, surprisingly few hail from the big cities. And yet, this is not so surprising after all. Even laying aside our knowledge of the big part that the so-called country boy has always played in the great affairs of business and the nation, the country is the place to lay the foundation necessary for athletes.

The photographs shown are familiar to all lovers of the great National game. In addition to their being representatives of their type in the baseball world, all of these stalwart athletes are great endorsers of that beverage you know and like so well—Coca-Cola.

Short Histories of the Players. JONES, Fielder Alben, Manager of St. Louis Browns, Born August 13, 1871, at Single House, Pa. Last season he came within one-half game of winning Federal League pennant, finishing nearer the top than any team in major leagues since the Browns in 1889.

He says Coca-Cola is his favorite beverage. ALEXANDER, Grover Cleveland, Pitcher Philadelphia Nationals, Born in St. Paul, Nebraska, February 25, 1887, and lives on a farm there now.

Alexander is one of the greatest pitchers in the game today, being practically responsible for the Philadelphia National League team winning the pennant last year. Drafted by Philadelphia in August, 1910, with whom he has since played. He warmly endorses Coca-Cola as a drink for athletes.

DOYLE, Lawrence, Captain, New York National League Club, Born at Caseyville, Ill., July 31, 1886. Second baseman. He has played with the New York Nationals since 1907, and was appointed Captain in 1912, which position he has since held with them. Leading hitter of the National League for the season of 1915. Like all the best of them he is a staunch believer in Coca-Cola.

There is, by the way, a wonderful similarity between the origin of these ball players and that of the beverage which they endorse. Coca-Cola might be called an agricultural drink, both from the materials it is made of and because of its great popularity in the country as well as in the city. For Coca-Cola, if ever there was a natural, wholesome beverage, is such—it itself is a gift from Nature. Made from Nature's pure water, flavored with the juices of fine fruits and things that grow and sweetened with Nature's purest, finest sugar—please particularly remember this last—Coca-Cola contains no artificial sweetening matter but just the best of pure cane sugar. It is this fine combination that gives Coca-Cola its deliciousness of flavor, its distinctively refreshing and thirst-quenching qualities and great wholesomeness. That's why ball players, athletes, fans—all classes and kinds of men and women drink and endorse Coca-Cola. Drink a glass or a bottle and you will be just as enthusiastic about it.

No Change. They had parted long years ago. Now in the deepening shadows of the twilight, they had met again. "Here is the old stile, Mary," he said. "Aye, an' here be our initials that you carved, Sandy," she replied. The ensuing silence was only broken by the buzzing of an aeroplane overhead. Honey-laden memories thrilled through the twilight and flushed their glowing cheeks.

"Ah, Mary," exclaimed Sandy, "ye're just as beautiful as ye ever were, an' I ha'e never forgotten ye, my bonnie lass." "And ye, Sandy," she cried, while her blue eyes moistened, "are just as big a leear as ever, an' I believe ye jist the same."—Tit-Bits.

## Business and Patriotism

A Nonpartisan Appeal to the Nation

The White House  
Washington, April 21, 1916

To the Business Men of America:

**I** BESPEAK your cordial co-operation in the patriotic service undertaken by the engineers and chemists of this country under the direction of the Industrial Preparedness Committee of the Naval Consulting Board of the United States.

The confidential industrial inventory you are asked to supply is intended for the exclusive benefit of the War and Navy Departments and will be used in organizing the industrial resources for the public service in national defense.

At my request the American Society of Civil Engineers, the American Institute of Mining Engineers, the American Society of Mechanical Engineers, the American Institute of Electrical Engineers and the American Chemical Society are gratuitously assisting the Naval Consulting Board in the work of collecting this data, and I confidently ask your earnest support in the interest of the people and government of the United States. Faithfully yours,

*Woodrow Wilson*

COMMITTEE ON INDUSTRIAL PREPAREDNESS OF THE NAVAL CONSULTING BOARD OF THE UNITED STATES

## Buying Aeroplanes for Peace

People of United States are Seeking Protection from Possible Dangers by Raising Big Fund From Popular Subscriptions

By HENRY WOODHOUSE, Governor of Aero Club of America

H. WOODHOUSE

Ten thousand starving British troops besieged by the Turks in Mesopotamia were fed recently by six aeroplanes belonging to the relief expedition, which carried 18,800 pounds of food to the besieged—many days before the relieving expedition got within communicating distance. Unfortunately there were only six aeroplanes—and they could not carry sufficient provisions for men and beasts, therefore the 10,000 soldiers had to surrender with relief in sight!

This lesson makes us believe what Earl Kitchener meant when he said that—An aviator is worth an army corps.

Appreciating the value of the aeroplanes, just before the outbreak of the European war the people of France by a popular subscription participated in by men and women of all classes, raised 6,114,845 francs for the purchase of aeroplanes and the training of aviators. This spontaneous action was taken because the government had failed to provide adequate aeroplane equipment for the army and the navy, although the utility of the aeroplane had been demonstrated in the military maneuvers. Had the French people not done so the French republic might today be in its last throes, for without aeroplanes in goodly numbers, France would have had a blind army. The popular subscription gave France 208 aeroplanes, 62 landing stations, and 75 trained aviators. The interest created by the subscription led to the immediate consideration by the government of its aeronautical needs with the result that in April, 1914, the French army had 1,200 aeroplanes and 38 dirigibles. Germany in 1912 also had a popular subscription for this purpose and raised 2,234,506 marks, and the general interest which attended the creation and disbursement of this fund caused the government to provide \$35,000,000 for aeronautics.

In the National Aeroplane Fund the people of the United States are doing what the people of France did, for the government of this republic like that of the French republic, has failed to make adequate provision for the aeronautic needs of the army and the navy, though grave dangers threaten the nation. In the last twelve months there has been given to the National Aeroplane Fund about \$500,000 in sums ranging from \$1 to \$10,000 and with these subscriptions the officers of the Aero Club of America have been able to provide aeronautic equipment and pay for the training of officers for the National Guard and the naval militia of 35 states.

In the earlier days of this nation some residents living far inland thought of war only in terms of bombardment, but the aeroplane has so changed the science of war that every city and hamlet is now in reality on the firing line. In the present war dirigibles have made trips of 1,000 miles to hurl down tons of bombs on the noncombatants of peaceful cities, which by reason of distance and isolation would have been absolutely safe before the development of the aeroplane. Now the only effectual protection against aerial attacks is with aeroplanes down and offered by picked men of great skill and even greater daring; hence the necessity of thousands of aeroplanes with dependable aviators for the protection of this nation with its immense coastline and undefended inland cities.

The money raised by the National Aeroplane Fund is used in the purchase of aeroplanes which are presented to the militia or to the naval militia and in paying for the training at aviation centers of members of these two arms of defense. In ten months since the National Aeroplane Fund was instituted by the Aero Club of America, aviation detachments, or stations of the aero coast patrol system, have been established as follows:

In New York, in connection with the aviation sections of the National Guard, and the first and second battalions of the naval militia, each of which has been presented with aeroplanes through the National Aeroplane Fund; and in Buffalo, under the auspices of the militia and the Aero club of Buffalo, which has raised \$10,000 for this purpose.

In Maine, under the auspices of the militia and the chamber of commerce of Portland, which has raised \$10,000 for the first station.

In Rhode Island, under the auspices of the militia, \$25,000 having already been subscribed.

In New Jersey, under the auspices of the militia, a hydroaeroplane and training for officers having been presented.

In Massachusetts, under the auspices of the militia and the Aero club of New England, Messrs. Godfrey L. Cabot, Charles Fearing, Norman Cabot and other prominent Bostonians have acquired two powerful aeroplanes and an additional fund of \$10,000 is being raised. The Burgess company has also put its own station at the disposal of the militia.

In Michigan, under the auspices of the militia and the Aero club of Michigan, which is raising a fund that already amounts to \$12,000.

In California, under the auspices of the militia and the Aeronautical society, an aeroplane having been presented recently by Glenn L. Martin, and a fund close to \$2,000 having been contributed to the National Aeroplane Fund.

In Illinois, under the auspices of the militia, the Aero club of Illinois and the W. H. Cochrane syndicate of Chicago.

In Virginia, under the auspices of the militia, a \$10,000 fund being raised for the purpose, half of which has already been subscribed. The Atlantic coast aeronautical station, located at Newport News, has also put its facilities at the disposal of the militia.

In Colorado, under the auspices of the militia and the Colorado Aero club, a \$100,000 fund is being raised.

In Missouri, under the auspices of the militia, the Aero Club of Kansas City and the Missouri Aeronautical society, which is raising a fund of \$20,000 for that purpose.

In Iowa, under the auspices of the militia and the Aero Club of Iowa, \$10,000 having been raised by the latter. The Grinnell Aeroplane company of Grinnell has offered facilities for a station.

In Pennsylvania, under the auspices of the militia and the Aero Club of Pennsylvania, two members of which, Messrs. Robert Glendinning and Clarke Thomson, will contribute the use of their flying boats for this purpose.

In Washington (state), under the auspices of the militia and the Aero club of the Northwest, the members of which will loan the use of three aeroplanes for this purpose.

In Washington, D. C., under the auspices of the militia, the national aerial coast patrol commission and other organizations.

In Nebraska, under the auspices of the National Guard. Officers from the following states are receiving training in aviation, their expenses being paid by the National Aeroplane Fund: Arkansas, California, Colorado, Connecticut, District of Columbia, Georgia, Kansas, Kentucky, Minnesota, Mississippi, Nebraska, New Hampshire, New Jersey, New Mexico, New York, North Carolina, North Dakota, Ohio, Oklahoma, Oregon, South Carolina, Tennessee, Texas, Vermont, Virginia, West Virginia, Wyoming. This is but the first step in the formation of aviation sections in these states.

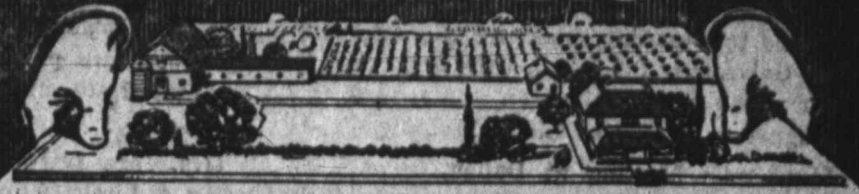

The project to establish a chain of aerial coast defense stations along the Atlantic, Gulf and Pacific coasts, at intervals of 100 miles, was fostered. This aero-radio system of coast defense has been endorsed by President Wilson, Secretary of War Garrison, Secretary of the Navy Daniels, and by the leading authorities on national defense. Forty-four aeroplanes will be needed to properly patrol all our coasts, and these, with the radio installation, receiving stations, hangars and other equipment, will cost about \$500,000 less than the price of a first-class submarine.

Aviators and aeroplanes were provided at the expense of the National Aeroplane Fund for the maneuvers of the militia of the states of New York, Pennsylvania and Vermont. Thus, for the first time in history, they were enabled to maneuver under conditions closely approximating modern warfare, in which aircraft is a deciding factor.

The purpose of the National Aeroplane Fund is to promote peace—to place the nation in such a strong defensive position that no other nation will hazard the chance of attacking us if in addition to our defenses, we have a great fleet of aeroplanes. That, and the fact that even such small nations as Bulgaria, Roumania, Spain and Switzerland outstrip us in aeronautic equipment. Bulgaria for instance, has over 300 aeroplanes while we have about thirty.

That is the reason why so many ladies with the intuition and the generosity of the sex have made sacrifices to add to the fund. Many have given to the fund the price of a new spring hat and one lady, without ceremony, sent her check for \$7,500—her peace offering.

## Look Around Your Home Place

### Certain Improvements Are Necessary

If there are many—don't try to make them all at once. Decide on the one you need most, then—build well—build for future needs as well as the present. It costs less to build big at first than to build and make additions.

Our stock is particularly attractive as to grades, and you will find our prices very reasonable.

Now!—is the time the shrewd buyer is building. We call especial attention to our large stock of

### Gasoline and Kerosene Danger.

A very large proportion of the deaths from fire in Kansas are due to carelessness with kerosene and gasoline, according to the statistics of the state fire marshal.

Both gasoline and kerosene are used extensively in cookstoves during the summer months.

The season when these stoves are used is just beginning. When properly used they are a wonderful boon to the housewife on the farm where there is so much cooking to do.

But carelessness with a gasoline or kerosene stove is almost criminal. It is the mother of the family who handles the stove. She cannot be spared. She owes it to her little ones to take care of herself.

The housewife in the summer is dressed in light cotton clothing. Such garments are intensely inflammable. Even a slight explosion of gasoline or

kerosene is almost sure to end fatally.

If you use one of these stoves, keep these NEVERS in mind:

Never fill the stove when it is lighted or when there is a flame of any sort anywhere in the room.

Never allow dirt or litter such as burned matches or any traces of oil or grease to remain on or about the stove.

Never keep gasoline in the house. It is as powerful and more easily exploded than dynamite. Kerosene should also be kept outside if possible, especially if kept in any quantity.

To meet the increasing demand for women to run automobiles there have been opened in London several schools where women are taught to run the machines and also to be able to take the engines apart if necessary.

When **Little Willie** Gets the **Tummy Ache!**

The youngsters just will eat green apples or pucky persimmons or too much jelly cake. Old-fashioned bellike is acute indigestion. Give the sufferer a good big dose of castor oil and apply a hot water bottle to the spot of greatest pain.

# WRIGHTS Silver Cream

Many a good housekeeper lets her silver lose the brilliancy it had when new. She thinks hot water and soap good enough, or she polishes too seldom; or she uses some cheap polish. WRIGHT'S SILVER CREAM contains no acid, or any injurious or poisonous ingredients; it is harmless as water, soft as cream, and always ready for instant use. It will not hurt the hands, as it does not leave the skin feeling dry and parched. This polish is adapted for cleaning gold, silver, cut glass, mirrors, marble, porcelain, glass paint, marble and porcelain bath tubs, etc. It removes the dirt and grime from any surface.

On the market over 40 years. Put up in attractive glass jars, ready for use—25 cents each. For sale by

W. L. BROWNING, Jeweler SOUTH EAST CORNER SQUARE

## COMMUNITY CO-OPERATION

(Copyrighted Farm and Ranch-Holland's Magazine)

Much of the trade lost by small-town merchants to foreign competition is the direct result of a lack of proper advertising.

A most convincing example in substantiation of this statement came under my observation about three years ago during a visit to one of our small towns.

While interviewing one of the merchants in the interest of standard merchandising and better selling methods, a woman called to get a button replaced on a shoe—which service, by the way, was gladly performed without charge.

After examining the shoe this merchant asked where it had been bought. "In blank City," replied the lady. "I buy all of my shoes there." "Why don't you buy your shoes here?" he countered. "I can save you the expense and inconvenience of sending away for them."

"I would like to," she rejoined, "but I wear this make of shoe only, in this particular style or last."

He immediately turned to his shelves and brought out a duplicate of her shoe—same make, same style and same factory last number.

"I handle this full line during the entire year," he explained. "And am, therefore, in position to serve you to much better advantage than anyone at a distance."

She promptly informed him that he would get all of her future shoe patronage. In fact, she would call a friend's attention to the fact that this line was carried locally and insisted on her calling and inspecting his stock.

Her only reason for not having patronized him in the past was she did not know that she could obtain the particular shoe she wanted from his store.

After she had departed he explained that the reason he had not advertised the shoe in his local paper was that he presumed everybody in the community would, sooner or later, call and look over his stock.

Then, too, he had been in the shoe business for a long time and naturally figured that the trade was familiar with his merchandise.

Same old story: An utter lack of appreciation of the value of advertising—acquainting possible purchasers with what he had to offer them.

The public would, of course, eventually become familiar with his lines in some way or other. He could, however, obtain desired results in this direction much more economically and expeditiously by utilizing the various forms of advertising media at his command, particularly his local newspaper.

### Preparedness

"Some night," I said, "I'll bet a leg a yeggman will come here to yegg. The papers daily spring a tale of burglars who have swiped men's kale. I don't suppose to be despoiled of coin for which I've slaved and toiled, and I shall buy myself a gun, and ammunition by the ton." I bought the weapon, and each night, while I was sleeping, snug and tight, it lay beneath my pillow slip, in easy reach for instant grip. One night I heard a cautious tread somewhere adjacent to my bed. "At last," I thought, a burglar's come, and he will find luck in bum." Then dimly I beheld a shape "My friend," I roused, "there's no escape." That shape I drew a bead upon, and fired, and then my Uncle John sent up a yell that shook the shack, for I had plugged him in the back. Around his bed the nurses sit, and say he's better now, a bit; the doctor's exercised his skill—and I will have to foot the bill. Now I appeal to everyone, "Say, don't you want a first rate gun?"

WALT MASON.

Never lose an opportunity of seeing anything that is beautiful; for beauty is God's handwriting. Welcome it in every fair face, in every fair sky, in every fair flower, and thank God for it as a cup of blessing.—Emerson.

Massachusetts has over 200,000 women factory workers. Mrs. L. T. Flanery is Deputy Sheriff in Bestville, Ky.

## Short News Items.

Letters are now being sent out by the Dallas Chamber of Commerce and Manufacturers' association to the 410 commercial organizations in Texas in an effort to enlist their support of the movement launched at a recent meeting of the board of directors to secure the passage of a bill in the next legislature providing for the establishment of an industrial commission in Texas.

A Kansas farmer is convinced that geese have some means of communicating with each other. Out on his farm he has a number of geese which use the same nest in a cattle shed, says the Detroit Free Press. The other morning two of the geese were on the nest when a turkey hen came along, drove them off the nest and appropriated it to herself. The geese waddled off, around the shed to where the gander was standing, and in a minute or two the whole bunch of geese, headed by the indignant gander, returned to the nest and the turkey hen. The old gander reached down, nipped the turkey and literally lifted her from her nest, and the two geese took her place. If the old gander wasn't told of the trouble, why did he come to the aid of his mates?

By increasing amount of the dues the members of the Buy-it-Made-in-Texas association has paved the way for raising a fund of \$100,000 with which a campaign will be carried on to educate the people of the state to the advantage of buying in Texas. The constitution of the organization was amended providing that only bonafide Texas producers or manufacturers, educational institutions, architects and builders and labor organizations may become active members, while organizations of other natures may become associated members.

The typical farm in Mexico is not of 160 acres, but of a million. In the state of Morelos 28 haciendas own all the agricultural lands; 12 own nine-tenths of it. The territory of Quintana Roo, double the size of Massachusetts, is divided between eight companies. The greater part of the state of Yucatan is held by 30 men, kings of sisal hemp. A major fraction of the agricultural and grazing lands of Chihuahua is owned by one family. Lower California, equal in size to Alabama, is nearly all held by five great corporations.

Wall street gamblers four weeks ago were betting two to one that Charles Evans Hughes would defeat Woodrow Wilson in November. Now the New York World says the declaration of Candidate Hughes that the Republican party is facing a hard fight has encouraged Wilson bettors in the financial districts of America. Whereas, the best odds they had offered on President Wilson were one to two, some of them were willing to lay moderate amounts of money at the comparatively short odds of five to seven. According to Edward McQuade, Hughes bettors were more shy than previously and there was not a single dollar in sight to be wagered on the ex-justice at any price. The former justice of the supreme court is an iceberg; the Oyster Bay colonel is a suppressed volcano and the Bull Mooseers are political drifters. Wilson has steadily gained strength since the adjournment of the Republican convention. Betting in Wall street is one of the straws.—Ft. Worth Record.

## SILOS AND SILO BUILDING: PRESERVES CROPS VERY BEST

Needed by Stockmen and Farmers in the Dry Years—Pit Silo is Recommended

The item that the stockfarmer must give the most attention to is the maintenance of his livestock at the least possible expense and at the same time keep them in a thrifty condition so that they will make good gains in growth or produce strong, healthy offspring. This is generally done by producing enough feed on the farm to maintain all the livestock without the necessity of buying feed away from home and when the feed crop is short it is especially important that the greatest possible return be secured from all feed grown.

Years of actual farm use and experiments made by both state and government experiment stations have shown that when forage feeds are put into the silo a greater amount of food nutrients can be saved than when the feed is harvested in any other way. Putting feed into a silo does not add anything in the roughage. It has been estimated that when any of the sorghums are field-cured at least fifty percent of the feeding value is lost, but if properly put into a good silo the loss should not be over fifteen or twenty percent; therefore one can readily see that by the use of a good silo a large amount of feed may be saved every year, where it would otherwise be lost. This is especially important when the feed crop is short, for when the plants do not mature and are put up by ordinary field curing methods the loss is much greater than is usual with mature plants. The short crops of a few years ago were the greatest demonstrators of the value of the silo we could have, for while those that had silos were able to conserve their feed and get a great deal of good from it, those that had no silos received very little good from their feed and were compelled to purchase large amounts away from home. Very nearly all farmers and stockmen who have given the silo a fair trial say that it is the best investment they have ever made.

After several years trial it would seem that for the Panhandle of Texas and wherever the soil is well drained, dry and in no danger of seeps, the pit silo is the best for the average farmer to select, especially for the first trial. The pit silo is cheaper, more permanent, and is prop-

erly equipped is just as easy to feed from and much easier to fill, and will keep silage as well as any other kind of silo.

Anyone desiring further information concerning silos or the feeding value of silage may obtain same by writing the undersigned at Amarillo. T. PRYSE METCALFE, U. S. Dept. of Agriculture.

The first 16 years of this century shows the United States leading the world with 1,400,000 divorces. There will be 125,000 this year, the Rev. F. M. Moody told President Wilson the other day. The Rev. Moody wishes the

passage of a constitutional amendment to enforce the laws governing marriage and divorce. Wouldn't it be a good thing also to go to the root of the trouble, to rear more young men worthy of being husbands and more young women fit to be wives and homemakers; to get back to the simple life of thrift, industry and common sense, and of fewer sport clothes, boozeline parties and joy rides? Before the war France had 345,211 surplus women. Many of the trenches in Turkey were built by women.

### Advertising Principles.

To my mind there are only three fundamental principles in advertising, namely: To be honest, be sensible, be persistent.

I say honest, because every advertiser should remember that advertising doesn't create value but merely tells it. The value has to be in the article itself.

I say sensible, because the majority of people who read copy are endowed with good common sense.

I say be persistent, because you have to keep everlastingly at it. People soon forget and unless we keep persistently at advertising, you had better not begin at all.—Hugh Chalmers.
