

CHAUTAUQUA PROGRAM IS HIGHLY PLEASING ALL

The Big Chautauqua is now on at the tent a block east of the post-office.

From the very start the programs have been very highly pleasing and those of our citizens who have attended regularly, are highly pleased with the entertainment.

The Castellucci Serenaders were the first on the program. The company was composed of five Italian musicians who pleased very highly.

The night program started under the most unfavorable conditions. Rain started to fall just as the crowd was assembling, but in spite of this, the attendance was large among the holders of season tickets and nearly fifty people paid admission at the door, most of them coming in while the rain was falling the hardest.

The tent is good, and no one got wet from any leaking. The Serenaders opened the program with a splendid music program, and then came the lecture of that live wire town builder, Ernest J. Powell. It was certainly a disappointment that many were kept at home by the rain, as every citizen should have heard this masterful address upon the importance of the country town and how it was necessary for the good of the nation that these towns should be kept up and built up.

Yesterday was a great day at the big tent. In the afternoon the program by the Potter-Depew Concert Trio was pronounced to be the best musical company that has appeared before a Canyon audience.

The surprise of the evening came when Mr. Hornback, the platform manager announced that Hon. Alf Taylor would favor the audience with some of his favorite fiddling selections.

Hon. Alf Taylor was then introduced to the audience as the speaker of the evening and for more than an hour held the large audience spellbound as he discussed the questions of the day in a clear, logical, eloquent manner.

The paid admissions last night were nearly two hundred, and practically all of the season ticket holders were present.

Today is a great day at the Chautauqua. The Hungarian Ladies' Quartet will furnish the music for both the afternoon and night.

Dr. D. T. Robertson will lecture at the afternoon program, while Dr. H. V. Adams will lecture at the night program, after the musical numbers.

Those who have heard the Chautauqua program in other cities say that the lecture of Dr. Adams is by far the greatest lecture during the Chautauqua. He is a master in thought and expression and should be heard by all.

Tomorrow, Friday, will be a big musical day, with the Berkeley Sextette giving the program in the afternoon at four o'clock. They open the evening program at 8:30 at night and will be followed by Miss Pearl O'Neil, the famous Canadian reader with an Irish roguishness and a bonny smile.

Saturday will be the closing and the biggest musical day of the program. The Kilties Band will play at both the afternoon and night programs. Every lover of music will be at the tent to hear this band in both programs.

It will be of interest to the men who guaranteed the Chautauqua and the people generally, that the guarantee to the Chautauqua company has been raised by the sale of season tickets, and that all local expenses will be taken care of by single admission tickets, if the people of Canyon patronize the Chautauqua during the past three days as they have the opening two days. The local committee is not yet quite in the clear but they are not afraid of a loss in view of the big-

Each man and woman sent here by the Chautauqua company to assist the local committee have been ladies and gentlemen. The people of Canyon highly commend Mrs. Price for her interest in the work, are pleased to have had Miss Miller with us for a short time, and congratulate Manager Hornback for the efficiency of his organization.

LOCAL BOYS JOIN NATIONAL GUARD—MUSTERED IN AUG. 5

The following men from this county have joined the national guard company in Amarillo, under the command of Captain Barton. The company will be called together about the 25th of this month and will be mustered into the federal service in Fort Worth on August 5.

NEW NORMAL SCHOOLS ARE LOCATED BY BOARD SATURDAY

The new Stephen H. Austin Normal was located by the board at Nacogdoches and the South Texas Normal at Kingsville. The locating board was composed of the governor, superintendent of public instruction and the four members of the normal schools regents.

According to a provision made by the last legislature, the regents voted to buy the East Texas Normal at Commerce, provided certain improvements were made by the citizens of the town, and these have been promised.

WOMEN SIGN HOOVER FOOD PLEDGE DURING FRIDAY

Friday was a busy day in Randall county which had been designated as signing day of the Hoover Food Conservation Pledge.

Eight cars were used in taking the various committees to the school houses in the county. The attendance at some of the school houses was small owing the rush of the harvest and threshing period.

The committees appointed for the work in town covered their respective districts during the day, so that the county was well covered in the one day.

Permanent Tabernacle Postponed.

At a meeting of a number of those interested in a permanent tabernacle yesterday afternoon, it was decided that the time was too short to take up the matter of a permanent tabernacle at this time.

As a general thing people don't do much until put under pressure. It can be done if all will push.

Break Down at Ice Plant.

Owing to a broken crank shaft at the ice plant, it will be necessary to close it down for the season. The company has been trying to get motors or repairs for the broken part, but being unable to do so within three month's time, it was decided not to attempt ice manufacture more this season but to ship in ice.

There is flattery in calling them food-gamblers. Gamblers take chances.—Newark News.

BRONCO BUSTING FEATURE OF NEXT TRADES DAY, AUG. 13

At a meeting of the business men Monday night at the News office, it was voted to make one of the features of next Trades Day a big bronco busting contest. Cash prizes will be awarded the riders.

All who have had horses are asked to report same to W. D. Morrel, chairman of the entertainment committee, and those who wish to ride in the contest should also see him.

August Trades Day will be one of the biggest days of the year. Make your plans now to come.

The monthly Trade Excursion will be run on August 10. D. A. Park was appointed to plan this trip.

Union Meeting Date is Growing Near.

August 5th will soon be here, and the faithful pastors and people are pushing preparatory work.

Everybody is keeping in mind the revival meeting that will begin in Canyon on August 5th. Preparations are being pushed by all concerned and there will be nothing left undone, intentionally for the best interests of the meeting.

All committees were appointed Monday night and old Canyon is getting down to this great work in the right sort of way.

A telegram from the evangelist, Lockett Adair, to his advance man, Rev. J. R. Rozell, states that the Lord is giving them a wonderful meeting at Purcell, Okla., hundreds are coming to God."

We want the people of Canyon and this section to expect something in this coming revival. Lockett Adair is a preacher, an evangelist after God's own way. He is a man with deep convictions, and a purpose in life. The eternal salvation of men is the passion of his soul. In the pulpit or on the platform he possesses a rare quality that is attractive.

He is an extraordinary man, and can tell a story in a way all his own, and some how it fastens its truths in one's heart until they are never able to get away from them.

Lockett Adair never "pops off" in a half hammered way. His sermons are thought out and sought out on his knees before God, and when he comes into the pulpit he realizes the responsibility upon him and every word from his Godly lips are seasoned with love. Beyond any question

HELD FOR FORGERY ON TWO COUNTS—LANDED IN JAIL

A young man by the name of Jim Fullingim of Plainview was brought before Justice of the Peace Shelnett Friday to answer to the charge of forgery, on checks which he had passed on Gus Thomas for the sum of \$14.85 and on J. L. Prichard for the sum of \$10.50. He would give no reason for the forgery and would make no comments as to his ability to fight the charge in court.

The Thomas check was written in favor of Jess Thompson and for the amount of \$14.85. He disposed of the check at Redfearn & Co., stating that he had been working for Mr. Thomas during harvest.

The Prichard check for \$10.50 was written in favor of R. L. Duncan for \$10.50 and was given at the Star Barber Shop, where the same statement was made regarding harvest.

He was arrested Thursday afternoon and the hearing held Friday morning. In lieu of bond of \$500 in each of the cases, he was placed in the Potter county jail to await the action of the grand jury.

This makes four felony cases that have been examined in the justice court during the past week.

he is a man of the most daring faith. At one moment men and women will sob and weep as he tells of the blighting, blasting, withering work of sin, and the next moment be rejoicing over the great mental picture he brings them how Gods amazing grace can and will save men from this awful sin.

If you don't want to attend this meeting all the way through you had better not begin for when you hear Lockett Adair once, you will hear him again, you just can't help it. We can not account for this only in this way, Jesus said "If I be lifted up I will draw all men unto me", and after we feel that it isn't Lockett Adair, so much that "draws" men, as it is his Christ whom he "lifts up" he trying all the while to hide "Nearth the Cross". Don't forget the date, August 5th and make your plans according.

Don't miss the big Kilties Band in Canyon Saturday afternoon and night. Two of the biggest musical numbers ever heard in Canyon. Come early and stay for both programs.

PHYSICAL AND DEPENDENCY UP TO LOCAL MEN

Word has been received by the local Exemption Board that the government has designated that they pass only upon the physical fitness and the claim of dependency of all men who are drawn for the new army.

Therefore, all men who are drawn and claim physical unfitness will be examined by Dr. D. M. Stewart of the local board, and if he finds that the man cannot make asoldier up to the specifications as required by Uncle Sam, he will be excused from military duty.

As a matter of dependency, the local board will be called upon to look into the case of those who claim they have dependents, and if the board finds that there are persons wholly dependent upon the man drawn, he will be excused on this ground. If he claims exemption on the grounds of dependents, the local board will go thoroughly into his case, and if they find he has stated his claim of exemption truthfully, then they will act favorably upon his case. If they find that he claims dependents and has no real dependents, then he must appeal his case to the district board, or go to serve in the army.

All questions other than dependency and physical fitness will be settled by the district board, which will no doubt hold its meetings in Amarillo, as the district boards are from the territory comprising the federal court district, which meets in Amarillo for this territory.

The local board, composed of Oscar Smith, chairman, W. D. Morrel, secretary, and Dr. D. M. Stewart, physical examiner, have completed all of the work assigned and are now awaiting the drawing which is likely to come any day.

The list of names in Randall County, which were given numbers by the local board, is found on pages six and seven of this edition. Look up the list and get your number. All citizens should keep this list for future reference.

Through the Star-Telegram of Ft. Worth, the Randall County News has made arrangements to get the numbers which are chosen by the government in Washington, within fifteen minutes after the drawing takes place. The News will either publish an extra giving the numbers or see that the news is flashed over the county as soon as received in our office.

Table with 2 columns: Category and Value. WHO WILL BE SELECTED FOR SERVICE IN THE NEW ARMY? Number of Men Registered 9,659,382; Number of Unnaturalized Citizens of Foreign Countries other than Germany 1,239,865; Number of German subjects unnaturalized 111,823; Estimated Number of Men with Dependent Relatives 4,153,847; Estimated Number of Men Physically Unfit for Service 1,038,250; Estimated Number of Men Available for Selection 3,115,597

THRESHING STARTS, BUT RAIN STOPS PROGRESS THIS WEEK

Seven or eight threshing machines started in the county this week, but so far little progress has been made on account of the rains which have come during the week.

So few fields have been threshed that it is impossible to say what the yield will be around Canyon. John A. Wilson states that the first field he threshed turned out eight bushels and much was wasted in getting the machine in good running order.

The rain will delay much threshing as the wheat will be in the sweat.

While a majority of the wheat has been cut, there are yet many fields standing which will not be touched within several days. The rains coming so gently as they have, will not damage the standing grain, but will keep it from shattering so much.

Tulia Celebration Held.

Tuesday was the 28th annual celebration of the founding of the town of Tulia. Many Canyon people went down to attend the meeting and reported a very fine crowd and good entertainment.

Parent-Teachers Meeting Postponed.

Board of Equalization to Meet.

A meeting will be held of the Board of Equalization of the city on next Tuesday when complaints against a raise in taxes will be held.

Dr. Griffin Reports to Army.

Dr. S. R. Griffin left Saturday for Boulder, Colo., where he reports for examination to enter the service of the government to serve as a physician during the war. He stated before leaving that he did not know what lines of work are desired, or whether he would be acceptable in any line of service, but that he was willing to serve the government during the war if he was needed.

The government is calling for doctors to accompany the army to France and a large number from each state are responding.

Prof. F. P. Guenther's brother, who has visited in the city, recently responded to the call for doctors.

Colquitt Again?

It was announced from Oklahoma City that Oscar B. Colquitt would run again for the United State senate from Texas. Colquitt was badly beaten by Senator Culberson last year. He has twice served as governor of the state.

Macy Younger on Battleship.

Macy Younger, who is in the navy, has been in the hospital at Norfolk, Va., for the past few weeks on account of the mumps, but according to a letter received this week by his parents, Rev. and Mrs. W. H. Younger, he will return at once to the battleship, New Jersey. He sent a menu card of the dinner served on July Fourth, consisting of six courses, which he says he was able to go through with alright. This shows that he was about fully recovered. Macy likes the navy fine.

World Famous Kilties Band of Canada to Play at the Chautauqua

Here is the Band that spent two years and threemonths in a grand world-tour, in which they traveled entirely around the globe, and played before kings, queens, princes, princesses, lords and ladies of royal blood in twenty countries. King Edward VII commanded them to play twice in his royal presence at Balmoral and Sandringham Palaces, and as a mark of his favor presented them with the Victoria Medal and the diamond-studded baton. They filled important engagements in the famous Crystal palace, London, and in a score of the notable halls and temples of the world, playing to crowds numbering as high as 170,000 people in a single day.

The Kilties were the favorite Band at the World's Fair in St. Louis, and at the Panama-Pacific Exposition at San Francisco, where they played to return engagements.

Now the Kilties are coming to our Chautauqua on a tour of many hundred miles over the big Chautauqua circuit.

They will appear here in all their regalia and splendor on the afternoon and night of the fifth day. It is the famous Kilties Band of Belleville, Ontario, with Murdoch J. Macdonald as Conductor and Pipe Major, and Jimmy Muir, soloist—fifteen men in all.

One of the biggest crowds of the year is expected in town to hear The Kilties at the Chautauqua on the afternoon and night of the Fifth Day.

The way to insure hearing the Kilties and the other attractions is to buy season tickets early, and plan to attend every session.

PEARL O'NEIL ENGAGED FOR CHAUTAUQUA

Popular Canadian Reader on Fourth Day Program

Sharing with the Berkeley Sextet the honors of the fourth day program at the Chautauqua will be MISS PEARL O'NEIL, the eminent Canadian entertainer.

Miss O'Neil's readings promise to be one of the biggest successes of the entire Chautauqua.

Look Who's Going to be Here! — Chautauqua to Bring The Berkeley Sextet

It would be hard to imagine a more interesting and attractive company than this.

They are the Berkeley Sextet, termed the finest entertainment orchestra now before the public. The costumes worn by the young ladies are very costly, and their programs represent

the most advanced type of high grade refined entertainment. Orchestra numbers, readings, songs, instrumental solos and costumed selections make up their thoroughly pleasing programs.

They are to be at the Chautauqua afternoon and night of the fourth day.

EVER SALIVATED BY CALOMEL? HORRIBLE!

Calomel is quicksilver and acts like dynamite on your liver.

Calomel loses you a day! You know what calomel is. It's mercury; quicksilver. Calomel is dangerous. It crashes into sour bile like dynamite, cramping and sickening you. Calomel attacks the bones and should never be put into your system.

When you feel bilious, sluggish, constipated and all knocked out and believe you need a dose of dangerous calomel just remember that your druggist sells for 50 cents a large bottle of Dodson's Liver Tone, which is entirely vegetable and pleasant to take and is a perfect substitute for calomel. It is guaranteed to start your liver without stirring you up inside, and can not siltivate.

Don't take calomel! It makes you sick the next day; it loses you a day's work. Dodson's Liver Tone straightens you right up and you feel great. Give it to the children because it is perfectly harmless and doesn't gripe.

Baby Left at Canadian Home.

On Monday morning of last week, a tiny infant was left on the doorstep at the home of Mrs. Hattie Plemons in Canadian. A note left with the baby said that his name was Jack, he was five weeks old and explained that the mother had older children to provide for and was unable to take care of the little one. She hoped that Jack would be received and cared for and if ever she were able, she would return for him.

The Train is Here.

Ding! Dong! Dang! Foot! Toot! Too-o-o-t! Swish! Look out little ones, she is liable to come side ways next time, or turn around while you are not looking, and run over you.

Saturday was some day in this berg, we want to tell you, and Brownfield did not celebrate by herself. They were here in masses from Gomez, Tokio, Harris and Meadow, in fact from the four quarters of old Terry, and even our sister to the west, old Yoakum, had her full quota of representatives, for this is now her nearest trading, or railroad point, as it is only 32 miles from here to Plains, as against 62 to Tahoka, and 72 to Lubbock, where they have been trading several years.—Brownfield Herald.

Fell Through a Bridge.

While beating their way to Forgan, Okla., E. H. Holloway of Forgan, and Jack Harrison, of Los Angeles, were ordered off the train near Bucklin, Okla. By accident the train was stopped so that the men got off on the bridge over Rattlesnake Creek which they could not see as it was very dark. As the train slowed down, they stepped off and fell through the bridge to the bottom of the creek, a distance of 25 feet. Holloway suffered a broken arm, dislocated hip and broken knee cap in addition to injuries to his back and chest and is very likely not to recover. Harrison has a broken leg and a bad cut over his eye but his injuries are not considered dangerous. Both men had to lie where they fell until the following morning when they succeeded in attracting the attention of a passing farmer.

Clovis Chief of Police Attacked.

Because Chief Sadler, of Clovis, had ordered him and the woman in his company off of the streets, Harvey Boothe, a barber of that town, assaulted the Chief with a loaded quirt, inflicting dangerous wounds on his head. Almost immediately following the arrest of Boothe, a blacksmith by the name of Jake High, assaulted Sheriff Moye when the latter attempted to arrest him on a charge of swearing on the streets. He used wagon spokes as his missiles and one of them broke the Sheriff's arm, whereupon Moye fired at High, the bullet penetrating his body on the left side and coming out on the right side. His condition is critical.

A NERVOUS WRECK

From Three Years' Suffering. Says Cardui Made Her Well.

Texas City, Tex.—In an interesting statement, Mrs. G. H. Schill, of this town, says: "For three years I suffered untold agony with my head. I was unable to do any of my work."

I just wanted to sleep all the time, for that was the only ease I could get, when I was asleep. I became a nervous wreck just from the awful suffering with my head.

I was so nervous that the least noise would make me jump out of my bed. I had no energy, and was unable to do anything. My son, a young boy, had to do all my household duties.

I was not able to do anything until I took Cardui. I took three bottles in all, and it surely cured me of those awful headaches. That has been three years ago, and I know the cure is permanent, for I have never had any headache since taking Cardui.

Nothing relieved me until I took Cardui. It did wonders for me."

Try Cardui for your troubles—made from medicinal ingredients recommended in medical books as being of benefit in female troubles, and 40 years of use has proven that the books are right. Begin taking Cardui today.

Hail in Donley County.

Tuesday night a terrific hail and rain storm visited the country lying along Salt Fork northeast of Hedley, totally destroying the cotton crops and mutilating if not entirely destroying all other crops. Most of the farmers carried insurance on their cotton. It is said that it hailed and rained for a solid hour, and the hail covered the ground two to four inches deep, and the rainfall was about four inches—that whole country was flooded.

J. M. Calhoun lost over seventy hogs in the storm. Orchards ruined in the path of the storm. Several calves were killed. G. A. Blankenship lost a calf by lightning. The storm worked a hardship on many good farmers, but they have gone to work planting over and with favorable conditions may come out all right when crop gathering time comes.—Hedley Informer.

Texas On O. C. Market.

W. A. Babbitt led the Texas delegation here today in the cattle market, being in with three loads from Paducah. Other shipments from that point were J. L. Backus with two loads and S. B. Chenault with one. C. B. Whitten was back from Matador with one load, while Thurman & Ledbetter with two loads, Lee Clary and Rogers & Rucker with one load apiece were shippers from Quanah.—Oklahoma City Livestock News.

2500 Four-Six Steers Sold

Sid Williams, manager of the 6666 ranch, was in town Wednesday and stated to the Herald that Lee Bivens had bought 2500 steers off of the ranch and in a few days would receive them.

This sale was made in order to make room on the Dixon Creek ranch for two or three thousand 6666 cows to be shipped here from the Dickens county ranch, this shipment being necessary on account of the prevailing drought in Dickens county and no grass.—Panhandle Herald.

Hoover Defines Status of Wheat.

Washington, July 9.—Food Administrator Hoover today denied the report prevailing in the wheat-growing sections of the country that an arbitrary price is to be fixed on the 1917 wheat crop at less than \$2 a bushel.

"It is not the intention of the food administration to fix the price of wheat, nor is it expected that it will have any such power," said Mr. Hoover. "If the food bill passes Congress, however, we certainly will not stand for speculative buying of wheat."

GIRLS! LEMON JUICE IS A SKIN WHITENER

How to make a creamy beauty lotion for a few cents.

The juice of two fresh lemons strained into a bottle containing three ounces of orchard white makes a whole quarter pint of the most remarkable lemon skin beautifier at about the cost one must pay for a small jar of the ordinary cold creams. Care should be taken to strain the lemon juice through a fine cloth so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan and is the ideal skin softener, whitener and beautifier.

Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer and make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands.

Potter County's Road Work.

The Amarillo-Washburn section of the Ozark Trail is being finished and put in first class shape since the good rains of last week. This piece of road and also a section west of town on Amarillo-Vega highway were graded up some weeks ago but there being no rain to pack the earth, they could not be rolled and hard surfaced.

The County Commissioners are to be congratulated on the splendid work that has been done on the Colorado-to-Gulf highway north of town. Many of the grades have been cut down, several very large fills made and the whole surfaced with gravel, making a permanent highway that is highly creditable to the county. When it is finished to the city limits, it will afford a delightful evening drive for our people as well as be source of

pleasure to tourists traveling that route.

A WORD FOR MOTHERS

It is a grave mistake for mothers to neglect their aches and pains and suffer in silence—this only leads to chronic sickness and often shortens life.

If your work is tiring; if your nerves are excitable; if you feel languid, weary or depressed, you should know that Scott's Emulsion overcomes just such conditions.

It possesses in concentrated form the very elements to invigorate the blood, strengthen the tissues, nourish the nerves and build strength.

Scott's is strengthening thousands of mothers—and will help you. No alcohol.

Governor Ferguson's regents (not the state's) met in Galveston and dismissed W. T. Mathes, W. H. Mayes, John Lomax, R. E. Cofer, G. C. Butte and A. Caswell Ellis from the university faculty. The governor did not like these gentlemen and therefore they must and should and were dismissed. Our Governor is the ringmaster. Every clown must jump through the ring when his whip pops. Those who are men and refuse must go to the scrap pile. All because Farmer Jim says so. Meanwhile the people are still wondering about that location of the new school at Abilene.

The University of Texas will open in September according to the plans of the regents. President Vinson was not dismissed as it was generally believed he would be. It was intimated that his services were needed to get the university started upon the new year's work and that at the meeting in October Jim's henchmen would cut him head off. Fortunately President Vinson understands the situation, but has the love of the university at heart and will not resign at this time as many of his friends wish.

In the near future a dairy campaign will be stated out from Amarillo. The dairy industry is the one big thing for the Panhandle country. Needs developing to the fullest extent. Good roads, railroads, factories, are all good, but the most permanent and most profitable development includes that which takes in the natural resources of the country. The Panhandle is the home of the cow and as such should be developed to its highest efficiency.

Ben F. Smith, president of the Panhandle Press Association, denounces the action of the A. & M. locating board and at the same time files his resignation as inspector in the State Fire and Insurance Department. Mr. Smith was an appointee of Ferguson and has always upheld him. But the Abilene mixup was too much for Mr. Smith, and true to the newspaperman's vocation, he resigned in order to take a free hand in the matter.

Hobby, Fuller and Davis have all filed affidavits that they did not vote for Abilene on that famous second ballot. Will these three gentlemen still maintain their signed statement of week ago Saturday that the location when fairly to Abilene? Things smell bad, gentlemen, drag out the carcass.

This country will built 22,000 airplanes. The war from now on will be a battle of the air. London expects that Germany is making plans for a terrible air drive upon their city before this country can get our supplies across the water.

If all men were like some men in Canyon, it would be a progressive town—backwards. It seems that the fellows who are helped most by progressive measures are the ones who will help the progressive measures least.

The Chautauqua is on. It is notable that some of our citizens who cry the loudest against popular amusements for the young people will not patronize the big educational entertainments when they do come.

Ferguson's fight on the university

There is more Catarrh in this section of the country than all other diseases put together, and for years it was supposed to be incurable. Doctors prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Catarrh is a local disease, greatly influenced by constitutional conditions and therefore requires constitutional treatment. Hall's Catarrh Medicine, manufactured by F. J. Cheney & Co., Toledo, Ohio, is a constitutional remedy, is taken internally and acts thru the Blood on the Mucous Surfaces of the System. One Hundred Dollars reward is offered for any case that Hall's Catarrh Medicine fails to cure. Send for circular and testimonials.

F. J. CHENEY & CO., Toledo, Ohio. Sold by Druggists, etc. Hall's Family Pills for constipation.

fraternities is the worst kind of rot—and we were never a fraternity man or secrete society man either. If the young man with money wishes to join a fraternity and his dad can foot the bill, it would be as ridiculous for us to try to stop young John D. Rockefeller from riding in an auto because we couldn't afford one as for Ferguson to kill the frats because they are social clubs. We have seen clubs in schools, which were not fraternities which had the fraternities backed off the map when it came to expense and exclusiveness. If the fraternity becomes corrupt or unmanageable, cut its head off, as they did the anti-conscriptonists. Otherwise let them have their fun as long as they can pay for it.

We have heard the complaint that a Chautauqua takes too much money from the community—\$750. Yet several cheap tent shows have pulled more than a thousand dollars from Canyon. However, those knockers do not invest much in that \$750 Chautauqua.

A visitor remarked last week that a string of fine fish from Palo Duro creek which he saw, must be dry land fish—wish goes to show how badly the Palo Duro needs advertising to the world. A public camping grounds on the canyons would bring the tourists this way.

A number of visitors from other states have been in Canyon during the past week looking for new homes. Canyon has not a house of any size for rent. There are few farms for rent. Canyon and Randall county are going to have to do a lot of building to care for these people.

Practically every town in the Panhandle is campaigning for the Red Cross in spite of the fact that the week of contributions closed June 25. Every county is anxious to see that its portion of the money has been sent to headquarters.

So many of the exemption boards in the country have been slow in their work, that the matter of drawing the numbers of those who go into the army has now been delayed nearly two weeks. The drawing will probably take place this week.

Perhaps the rocks in the road along the north route reminded Col. Harvey so forcefully of his Arkansas home that he could not resist the naming of the "Ozark Trail" without viewing the smooth-365-days south route.

Practically all of the women of Randall county have signed the Hoover Conservation Food Pledge. Why not start a cigar money saving campaign for the next call of the Red Cross, which will come this fall.

Every boy and girl in Randall county should be in the contest at the Panhandle State Fair this fall for the \$500 to be given on baby beef, pigs, peanuts, kafir, milo and feteretia.

Don't be misled by some of the political changes in Germany. Changes may come, but Kaiser Bill is still on the job, and is liable to sit tight until bumped off by the allies.

Governor Ferguson says that some people are "plain damn fools about higher education." We've heard of folks were the same kind of animals about other things too.

Remember that the August Trades Day will be a big one. Something doing every minute. Make your plans to come.

Governor Ferguson compares himself to President Wilson on his fight on the university fraternities. We are glad to see one point of resemblance.

Randall county farmers are making from eight to fifteen bushels of wheat to the acre, and have had fine weather throughout harvest.

Some people have the idea that \$2.00 is too much for a Chautauqua ticket, but will spend \$5.00 to see a circus.

It was alright for Col. Green to give his bride \$625,000 as a wedding gift, but we are glad the law did not require that of all bridegrooms.

China was a monarchy for just a week, which ought to be long enough for any respectable people.

The row crop is doing well in this county in spite of the late start.

THE "CZAR" OF TEXAS.
(From Southwest Plainsman)

The great state of Texas has passed through many and varied vicissitudes since the white man took possession of it but at no time in its history has the chief executive of the Lone Star state perpetrated a greater wrong or a more flagrant abuse of his position than the act just committed by Governor Ferguson and the locating board of the West Texas A. & M. College. There are many pages in the political history of Texas which its citizens read with a "blush" of shame but this latest blot, unprovoked and indefensible as it is, calls for something more than blishes. We of the West Texas Plains have put up with much at the hands of the politicians of the more thickly populated sections and this last indignity should prove conclusively to one and all that there is absolutely no hope that our part of the state will ever be accorded its rights so long as the majority of our law makers are from those sections.

Many of our citizens who have heretofore, loyally stood by the powers at Austin and refused to consider a division of the state, are now most heartily in favor of a separation, since nothing short of that will guarantee us our manifest rights.

No one on the Plains or elsewhere in Texas, has anything against Abilene as a town. It is a good one and quite possibly deserves some recognition at the hands of the Governor. There are many towns that do. It should not, however, have even been seriously considered as a location for an agricultural school that was created to help the dry-land farmers of the Plains. It has more rainfall than we have, it is not as high, does not have the same soil conditions and, in fact, has none of the qualifications that should have been considered of paramount importance.

In the light of subsequent developments, it is, of course, easy to see why certain legislators so persistently held out for an extension of the territory originally included in the bill for the College. It was extended purposely to include Abilene and, undoubtedly, the affair was all "cut and dried" at that time. Our people made a mistake in allowing the addition of territory but did so in order not to have the bill defeated. Abilene is situated in a thickly settled part of the state; Governor Ferguson is ambitious to be United States Senator from Texas; the section that could cast the most votes was the one that appealed to him, regardless of fitness or anything else. As to the other members of the commission who signed a public statement that Abilene had won fairly and then repudiated it within twenty-four hours, their action has not served to inspire confidence among the people and it is just position.

What is LAX-FOS

LAX-FOS IS AN IMPROVED CASCARA. A Digestive Liquid Laxative, Cathartic and Liver Tonic. Contains Cascara Bark, Blue Flag Root, Rhubarb Root, Black Root, May Apple Root, Senna Leaves and Pepsin. Combines strength with palatable aromatic taste. Does not grip. 50c

sible that they too have "bees in their bonnets" and, secure in Governor Ferguson's refusal to reconvene the locating board, are seeking to curry favor with the citizens of West Texas.

Had the selection been won fairly by Abilene, it still would not have been the proper location but when three of the five members of the commission are willing to make oath that they did not vote for Abilene, then the action of the Governor in refusing to reconvene the commission is an arbitrary exhibition of one man power, in which the German Kaiser has nothing on the Governor. From Mr. M. B. Herely, of Ochiltree, we learn that he was in Abilene on business at the time of the commission's meeting at Austin and was shown indisputable proof that Abilene had the College at that time, though the vote had not yet been taken. The inspection trip (so called) of the members of the locating board was taken merely to lull suspicion and in order that this section might have the exceeding great honor of entertaining the Kaiser of Texas and beholding the divine effulgence that emanates from so grand a personage. It also gave the party a holiday at the expense of the taxpayers of the state. Moreover it is an honor from which the citizens of the Plains will beg to be delivered in the future.

Governor Ferguson has proven himself a traitor to West Texas and is even now thumbing his nose and asking, "What is West Texas going to do about it?" There can be but one answer: **A SEPARATE STATE FOR THE PANHANDLE AND PLAINS COUNTRY.**

AS OTHERS SEE IT.

In an editorial of some length which appeared in the Beaumont Enterprise of the 12th inst., Lieutenant Governor Hobby concludes his statement of the West Texas A. & M. case as follows:

The important thing to criticize about the meeting of the West Texas A. & M. locating board is that three members of the board have stated that they did not vote for Abilene on the first or second ballot, while according to the records and the minutes as disclosed to the committee in meeting and to the public after the meeting one of these members is recorded as having voted for Abilene. The "whyness" of this is what the people and the newspapers should give their attention to, and the writer, who is a member of the locating board, hopes that those who are concerned about the matter will not cease their efforts until the responsibility is located.

The question at issue can be settled by procuring the sworn statements of those who claim not to have voted for Abilene, because if such affidavits are shown to be in the hands of any one sufficiently interested to disclose them a majority of the board is committed to the reopening of the question, and in the absence of such they properly consider it

a closed incident.

In the Lockney Beacon of the 13th, Ben F. Smith, owner and publisher, who was an appointee of Governor Ferguson, scores the work of the locating board and says:

Simultaneous with the writing of this article, our resignation this day has been wired to the State Fire Insurance Commission as State Fire Inspector. As an appointee of Governor Ferguson we do not feel like giving the above to the people, but as an humble newspaper man, free and untrammelled by political alliance we will continue this fight against the West Texas A. & M. locating board in the interest of West Texas and the Panhandle. The writer has lived in West Texas 14 years, we love this country, we love the people, and their interest is above the matter of personal interest. We are giving up voluntarily a good salary, but as a newspaper man we propose to untie our hands that we may handle men and measures untrammelled. It is our intention to never again accept personal service of a political nature, and devote all our time to West Texas and the Panhandle, in the advocacy of moral issues, material development, etc.

Bully for Smith! Now then, let's do something.

The Dallas News of the 13th contains the following editorial:

Speaker Fuller has made affidavit that he did not, on either the first or second ballots, vote to locate the West Texas Agricultural and Mechanical College at Abilene. Mr. Hobby and Mr. Davis had already made the same affidavit. Thus we have a majority of the members of the locating board testifying under oath that they did not vote for the place which, it has been officially declared, received a majority of the votes. Against the statements of these three gentlemen we have the affirmation of one member of the board as well as that of its secretary that they saw three ballots on which the name of Abilene was written. We shall not attempt to reconcile this conflict of testimony. There are three possible hypotheses, and we have no desire to engage in any appraisal of their credibility. Our concern is merely to urge the desirability of clearing up the confusion. If the sworn statements which these three gentlemen have made are correct, to leave the matter as it stands would be not only to disregard the law, but to do an injustice. If, on the other hand, the statement which two gentlemen have united in making, that three ballots were marked for Abilene, is correct, either Abilene, gets the institution as a result of an inadvertence, or if one of those three ballots was not so marked inadvertently, its title is unjustly clouded by the making of the three affidavits referred to.

Lubbock County Club Entertained.

Mr. and Mrs. Butler, formerly of Lubbock threw open the doors of their beautiful home on last Friday night to the Lubbock County Club, and their friends. Everybody came for a good time and had no trouble in finding it.

Many beautiful piano selections were rendered by Mr. McDonald, and Miss Lofton Miss Wiggins favored us with several violin selections, accompanied by her sister. Then followed a delicious course of cream and cake. At an hour far beyond Mr. Cousins' conception of a student's bedtime, each one reluctantly bade the host and hostess a hearty goodnight.

The following members of the club were present: Misses Clara Busby, Anna Cooper, Josephine Cooper, Martha Caldwell, Ethel Caldwell, Josephine Barber, Lucy Tubbs, Mrs Kay Dupree, Messrs. M. M. Dupree, Ray Dupree, John P. Simpson, Wm. J. Klattenhoff, I. L. Rose.

The visitors present were Misses Pritchard, Lofton, Wiggins, Wiggins, Kiker, Bishop, Messrs. McDonald, Appleton, Guthrie, Pipkin, Ragland, Pipkin, Hurst, Logan, Lofton, Rev. Stewart and family, Mrs. Allen.

Shot by His Neighbor.

Wade Burnett, son of Mr. and Mrs. J. J. Burnett, of Guymon, Okla., was shot and killed near the home of a man named Music in Cimarron county, Okla., and the latter is being held, pending an investigation. Young Burnett was driving a cow home from the pasture and when he did not return for supper, a search was instituted. His horse was found near home and blood stains on the saddle showed that there had been foul play. The body was found in the pasture about a quarter of a mile from the Music home.

Unchanged Testimony

Life is the test of truth. And Doan's Kidney Pills have stood the test in Canyon. No Canyon who suffers backache, or annoying kidney ills can remain unconvinced by this twice-told testimony.

T. A. Ridgway, Canyon St., Canyon, says: "I suffered from kidney and bladder trouble, causing too frequent and profuse passages of the kidney secretions. I have noticed that since using Doan's Kidney Pills, I have had much better control over my kidneys" (Statement given January 3, 1912.) No trouble since.

On November 18, 1915, Mr. Ridgway said: "I have not had any trouble with my kidneys since I used Doan's Kidney Pills and I believe the cure is permanent."

Another Great Advantage in Using
Dr. PRICE'S CREAM BAKING POWDER

Saves eggs and produces food just as appetizing and delicious at lower cost. The usual number of eggs may be reduced one-half or more in most recipes and often left out altogether by adding a small quantity of Dr. Price's Cream Baking Powder, about a teaspoon, in place of each egg omitted.

Try the following recipes and see how well this plan works. You must use Dr. Price's Cream Baking Powder to obtain the best results.

How Long Must I Suffer From the Pangs of Rheumatism?

Is there no real relief in sight?

Doubtless like other sufferers, you have often asked yourself this question, which continues to remain unanswered.

Science has proven that your Rheumatism is caused by a germ in your blood, and the only way to reach it is by a remedy which eliminates and removes these little pain demons from your blood. This explains why liniments and lotions can do no perma-

nent good, for they cannot possibly reach these germs which infest your blood by the millions.

S. S. S. has been successfully used for Rheumatism for more than fifty years. Try it to-day, and you will find yourself at last on the right track to get rid of your Rheumatism. You can get valuable advice about the treatment of your individual case by writing to the Chief Medical Adviser, Swift Specific Co., Dept. D Atlanta, Ga.

Young Women Awaiting The Great Crisis

Of all the vital times in life, the birth of a baby is the climax of nature's most wonderful evolution. After a period of anxious waiting, the hour arrives for the advent of a new life. Nature must be aided during this waiting period if the pain and danger of the crisis is to be avoided.

Three generations have found great relief from the many discomforts of approaching motherhood, by the safe, time-honored massage, "Mother's Friend". It gently softens every fibre, cord, tendon and ligament. The drawn skin becomes soft and elastic. Tension and strain upon the expanding abdominal muscles is relieved when baby arrives; morning sickness or nausea usually is not felt and the crisis is passed with infinitely less pain and danger.

"Mother's Friend" has been used by expectant mothers with the greatest success for over forty years.

Get a bottle from the druggist today and write the Bradford Regulator Co., Dept. E, 200 Lamar Building, Atlanta, Ga., for a valuable book brimful of useful information. The book will be mailed to you without charge. Do not by any means neglect to begin the use of "Mother's Friend"; the preparation is undoubtedly a real and wonderful aid to nature in her work.

LIFT YOUR CORNS OFF WITH FINGERS

Tells how to loosen a tender corn or callus so it lifts out without pain.

You reckless men and women who are pestered with corns and who have at least once a week invited an awful death from lockjaw or blood poison are now told by a Cincinnati authority to use a drug called freezone, which the moment a few drops are applied to any corn or callus the soreness is relieved and soon the entire corn or callus, root and all, lifts off with the fingers. Freezone dries the moment it is applied, and simply shrivels the corn or callus without inflaming or even irritating the surrounding tissue or skin. A small bottle of freezone will cost very little at any of the drug stores, but will positively rid one's feet of every hard or soft corn or hardened callus. If your druggist hasn't any freezone he can get it at any wholesale drug house for you.

**PAINFUL EFFECT OF
Rheumatism, Lumbago, Gout.**

It is now asserted with confidence that these painful effects due to uric acid in the system are entirely eradicated. A new remedy, called "Anuric," has been discovered by Doctor Pierce, which he finds is 37 times more potent than lithia, and is the cause of a drainage outward of the uric acid with which it comes in contact within the body. It will ward off backache, headache, and the darting pains and aches of rheumatism, lumbago, neuralgia—of those diseases which are caused by too much uric acid, such as gout, asthma, sciatica, renal calculus. "Anuric" prolongs life because old people usually suffer from hardening and thickening of the walls of the arteries, due to the excess of uric acid in the blood and tissues.

Send Dr. Pierce, chief physician at the Invalids' Hotel and Surgical Institute, Buffalo, N. Y., 10 cents for large trial package, or obtain 50c. package now at druggists.

YOUR CHANCE TO SERVE IS ABOUT ONE IN FOUR
Washington, July 16—It's a one to four shot that you will be selected for service in the new national army.

That is, one man out of every four American citizens, between 21 and 31, with no relatives wholly dependent, will be called to the front for service, in the war department drawing which starts during this week.

How many will be excused because they have wife, children, mother, father, sister or brother wholly dependent upon them? It is possible to approximate this from census figures. The last census showed 75 per cent of the men in the age group 20-to-24 were unmarried. In the group 25-to-29, 42 per cent were single. This would indicate that only 41.5 per cent of all the men registered have wives and families.

But some of these married men have incomes which make their families independent. This, however, is a small group. Most married men—and most other men—have to work for a living. To this group, too, must be added the single men with dependent fathers, mothers, brothers or sisters. Just how large this group is, is one of the delicate exemption questions.

Responsible officials are inclined to make a liberal allowance for those with dependents. If to the 42.5 per cent of married men be added the group who have other dependents the number of men exempt because of dependents will be close to 50 per cent or 4,153,847 men. This leaves the same number available.

But of those 4,153,847 men 250 out of every thousand will have to be eliminated because of physical defects. This means approximately 1,038,250 men must be rejected because they are unfit to serve.

This leaves 3,115,597 fit young men waiting to see whether they will be selected for service out of this three million from which must come the first army.

It is now announced the war department has decided to select 687,000 men for service in the first drawing.

This means about one man in four of those available for service will be called to the colors September first to prepare for their work abroad.

Ex-Mayor Dorsett, of Plainview, is in a serious condition as the result of four pistol shot wounds received it is reported, at the hands of Bess Thompson. The shooting occurred in the residence section of Plainview.

Quitting the Piano Business

I have taken over the distributing agency of the Buick Automobile in this section of the Panhandle and from today will devote my entire time to the automobile business.

Every piano, player and phonograph must be closed out at once at the lowest prices, quality considered, ever offered in this section.

In this sale you will find such pianos as the Ivers & Pond, Bush & Lane, Mehlin, Haddorff, Hobart M. Cable, Farrond, Henderson, Victor, etc.

This is not a sale to sell a few pianos to reduce a stock, but one in which every piano must go.

Good New Pianos as Low as \$135.00

Children Take Pasteur Treatment.

Four children were sent from Amarillo, last week, to take the Pasteur treatment for the prevention of rabies. Only one of the children was bitten by the dog but the animal licked the hands and faces of the other children and they were taken to Kansas City as a precautionary measure. Harold Shirk, five years old, who was bitten, developed a high fever and when word was received here that an examination of the dog's head, made at Kansas City, showed that the animal was affected with rabies, he was taken to Austin for treatment.

Baby Drowned in Tank.

At the family home 3 miles south and three-fourths mile west of Petersburg, July 5 at about 7 o'clock in the evening George Asahel Eddy was found in the steel water tank, drowned. He was last seen in the yard playing, and wandered away from the rest of the family, while they were at work in the yard nearby. George Asahel was a bright little fellow, one year and a half old.—Lubbock Avalanche.

Prisoners Break Jail.

Robert Harville and Frank Wilhite, prisoners confined in the county jail at Guyton, Okla., effected their escape by sawing the taps off a repair-escape place in the cell bars. Both had been given penitentiary sentences and were awaiting transportation to McAlester.

Just a few weeks ago there was another delivery from this jail and the authorities think that the men had assistance from the outside.

C. M. Blanton, of Goodnight, shipped cattle to Kansas City on July 1st and was there over the Fourth when by way of celebration, the business men put up some nice prizes for various stunts including horse races, automobile and foot races. Mr. Blanton, who carried off the honors at Clarendon a few years ago, entered the foot race and carried off first money. The other contests were dressed in special suits and shoes but Mr. Blanton ran just as he was in his every day clothes.

Next Year's Seed.

In a year such as this, when good seed is high in price and is difficult to secure, one should think about and plan on seed for the coming year.

There are several ways of growing seed for one's own use, none of which is very difficult nor expensive to follow.

The usual custom is to go to the feed bin, about planting time, and pick out the seed which looks best to the eye. Although one may sometimes secure good seed in this way, chances are very much against it. He is unable to tell whether the seed came from a high or low yielding plant, whether or not the plant was favored in any way—which might make the seed look better than it really was—whether the plant was uniform in type; in fact he is unable to tell anything about what kind of a crop will be produced from the seed. It is pure chance.

A better way—though not the best—is to go through the crop field about harvest time and select high yielding plants conforming to the proper type and which are growing under uniform conditions, and to save the seed from these plants for the next year's crop.

A still better way is to proceed as suggested above and then to hand pick the seed, after "winding" or cleaning it.

Perhaps the best way of all for securing good seed is to have seed plots of each of the crops generally grown on any farm. The size of the plot for each crop would depend upon how great an acreage of the crop was to be planted the next year. For managing the plots for seed one should proceed about as follows: For the first year, say 1917, select from the best available source as good seed as it is possible to secure and plant this. Just before harvest time go through the seed plots and select plants for furnishing the seed for next year's seed plots, having in mind when selecting to get plants of high yielding strains, true to type, and not favored in any way more than other plants on the same plot. This selected seed is to be used for planting next year's plots. The remaining crop on this year's seed plots is for planting the field crops for next year. Proceed with the seed plots each year in the same manner, selecting seed for the next year's seed plots and using the rest of the seed produced on the plots for planting the field crops the next year.

Seed plots of varieties of crops which will mix, as the various sorghums, should be isolated from each other, while seed plots of crops like the Pinto beans which do not mix readily, if at all, may be planted wherever convenient.

If possible the seed should be allowed to hang in a dry place, out of the way of mice, rats, etc., during the winter, and then threshed out by hand late in the spring. Small quantities of seed may be rubbed out on a washing board easily and quickly. After threshing or rubbing out the seed should be cleaned of dirt and chaff, and if possible it should be tested for germination.

It will not take very much of a person's time, nor will it be very expensive, to provide seed by the seed plot method. The benefits gained in larger and better class of crops will be out of all proportion to the costs of securing this improved seed.

Too many farmers depend on others to supply their seed each year. Depending on others is what usually brings on such a shortage of good seed as occurred this year. Every farmer should grow his own seed. He can do it cheaper and can secure better seed than any one else can do it for him.

An Idea for the Merchant.

Why not one or more of our enterprising merchants order two or three carloads of fruit and sell it out at actual cost to ladies who will promise to eat it for future use. One of the Hollis, Oklahoma, merchants is doing this very thing. Our fruit crop is short, hence all we can get hold of should be canned or preserved and none of it allowed to waste.—Claude News.

"The mailed fist of Germany, with further aid from Almighty God, will restore you to your throne," is "Your William's" message to Constantine, his jobless brother-in-law. By this time even Constantine must suspect that "mailed fist" is being held by the Allies for insufficient postage.—New York Herald.

Normal Notes.

Miss Abbie Colbourne, a former student of ours, is visiting her sister who is now in school here.

Claude and Elizabeth Hudspeth of El Paso are visiting their aunt, Miss Mary E. Hudspeth, this week and next.

Through the army Y. M. C. A., the local Y. M. C. A. is sending reading material to the boys in the training camps. Last week they sent two large packages of magazines to the El Paso camp. Late magazines and books are needed. Those who have either to donate may, if they care to, send them through the Y. M. C. A.

Next Sunday afternoon at 4 o'clock at the college auditorium, Rev. Mobley of Amarillo will address the members of the Y. M. C. A. and Y. W. C. A. in point session. Everybody is invited to attend. At this meeting we will have a magazine collection. All who attend are requested to bring one or more copies of some good magazine or a good book.

Misses Ina Jordan, Rose Frye and Mary Rose Harrison of Plainview are visiting friends in Canyon this week.

The girls in the Domestic Science department are doing Red Cross sewing. The work is very interesting, not only to the girls of that department, but to visitors as well.

Among the boys who left recently for training camps are Fred Cone, George Rogland, John Boon, Jim Vallance, and Marcellus Hawkins.

Next Monday the second series of summer normal examinations begin.

Recently the Cousins literary society donated some window draperies to the Y. W. C. A. rest room. Our room looks quite cozy in its new dress.

Happy Happenings

This vicinity was visited by fine showers Sunday, Monday and Tuesday nights that was much needed by the row crops. Most every one is through heading here now. Mrs. Montgomery died at her home here Thursday night after a lingering illness the remains were laid to rest in the Dreamland cemetery at Canyon.

Word was received here Saturday morning of the death of Mrs. Studenrath at the home of her mother in Iowa. She had gone north for the benefit of her health but had the second stroke of paralysis.

W. C. White and family visited friends in Canyon last Sunday.

Mrs. Roy Smith of Abernathy came in last Friday to visit at the parental H. M. Baggerly home.

Rev. W. P. Edwards preached an interesting sermon both morning and evening at the Methodist church.

Miss Florence Smith returned to her home at Canyon last Sunday.

Mr. and Mrs. Mose Wesley are the proud parents of a big boy born last Saturday.

Mr. and Mrs. W. C. White entertained a few of the young folks last Saturday night with an ice cream supper in honor of Miss Florence Smith of Canyon those present were, Misses Fairy and Hazel Grassaway, Mary Mayhew, Lois and Madie Whitley, Marion McNaughton, Ethel Duff, Edna Swearinger, Florence Smith, Grace White, Messrs. Felix Neff, Vav. is and Dan Foster, Altie White, Homer Laroe, Irvin Anderson, Clair Miller, Floyd Swearinger, William Glover, Alton Glassaway, Dick Whitey, Jack Hayes, Messdames P. J. Neff and Sam Swearinger.

Mr. and Mrs. Olen Dalton are the proud parents of a fine boy born last Friday.

Among those from Happy that attended the Tullia picnic were Mr. and Mrs. J. M. McNaughton, Mrs. Groves, Miss Merle McManigal, Mr. Carney and family Ernest White, Lane Mayhew, Altie White, Rev. W. C. Rose, J. F. White and family and Mary Mayhew.

Rev. and Mrs. W. C. Rose left Wednesday to visit their son H. E. Rose in New Mexico and for the benefit of his health.

Mr. and Mrs. F. E. Culp celebrated their second anniversary Sunday. They served ice cream and cake to about 70 people and all report a nice time. Those from Happy who attended were P. J. Neff and wife, Bill Anderson, W. T. Townsend, Mr. Thornton and their families, Misses Ava O'Rear and Grace White, Messrs. Clark Neff, Jim Gurley and Wooton.

Had Their Auto Stolen.

Mr. and Mrs. Duret, of Miami, have just returned from a sojourn at Colorado Springs where they were relieved of a brand new Ford car. It was stolen from the streets of that city in the day time while the family were attending the picture show. No trace of it has ever been found and Mr. Duret says that hundreds of tourists' cars have been stolen there this summer and not a thief captured as yet.

How to Write to Soldiers in Europe.

Have you a son, brother, sweetheart or very dear friend with Pershing's boys, who have landed in France? If so, of course, you will want to write to him.

To avoid confusion and delays in mail for the soldiers of America's first expeditionary force, the government has announced the following instructions for writing to the men:

Each letter should contain the name of the addressee, his division, regiment, company and organization to which he belongs. The location of the unit should not be on the letter because it will not be allowed to go in that shape. Uncle Sam will take care to see that it reaches him without the name of the place on the letter. All that is required is that it be sent to "Pershing's army in France."

The postage on these letters will be the same as that required for points within the United States.

Postmaster General Burleson Wednesday appointed Marcus H. Bunn as United States army postal agent in Europe.

When She Comes Home.

When she comes home—the plaintive note
That quivers from the robin's throat
Will ring less sad unto my heart,
So weary of the ache and smart
Of worldliness; and here, and there,
Where now I find the face of care,
The sunshine will be seen, and oh!
The many gladnesses I'll know—
When she comes home.

When she comes home—the butterfly
Now drifting slowly, sadly by,
Will riot through the shade and shine
In quest of mystic cups of wine;
And vagrant winds, from southern
lands,
Will bring rich jewels in their hands,
In tribute, and the roses will
Their sweetest fragrances distil,
When she comes home.

When she comes home—when she
comes home,
I shall have found a brighter Rome
Than ever Caesar knew, when he
Was monarch of the land and sea—
For in her sweet, blue eyes, I'll find
The light of love—the light design-
ed
To lead me o'er the hills of night,
Aan God will smile, and doubts take
flight—
When she comes home.

"further aid from Almighty God" to
restore Humpty Dumpty Constantine,
invoked the only Power that could
make it possible.—Wall Street Journal.

Helping Farmers With Their Grain

The Federal Reserve Banking System enables us to offer special facilities for carrying grain in elevator or grainery.

The vast funds of the Federal Reserve Banking System are available only for legitimate farming and business needs and in some respects farmers paper is given preference over merchants paper.

RED CROSS COMMITTEES NAMED BY PRESIDENT

Certificate of membership are being sent out to all Red Cross members. If any one fails to receive their certificate, notify C. D. Lester at First National Bank.

At a meeting of their executive board at the Canyon Chapter of the department of military relief was perfected. It is the purpose of the Chapter to begin actual work of making hospital garments, hospital supplies and bandages in the next few days. The Committees appointed to carry on and encourage this work is as follows:

SUPPLIES COMMITTEE --
Mrs. F. M. Wilson, Chairman
Miss Rambo, Vice Chairman
Mrs. Ingham
Miss Bell

This committee will have charge of all supplies that are handled through the military relief department.

CUTTING COMMITTEE
Mrs. Nixon, Chairman
Mrs. Gober, Vice Chairman
Mrs. S. R. Griffin, Chairman Surgical Cutters

Miss Bell, Vice Chairman Surgical Cutters.
This committee will have charge of all cutting of garments and bandages. They will receive the material from the committee on supplies, and after the garments are cut they will be returned to the committee on supplies and by them handed out to actual workers.

PACKING COMMITTEE
Mrs. Cousins, Chairman
Mrs. B. A. Stafford, Vice Chairman.

Mrs. I. C. Jenkins
Mrs. S. R. Griffin, Chairman Surgical packers

Miss Bell, Vice Chairman Surgical Packers
Mrs. L. G. Allen
Mrs. Levi Angel
Mrs. Tom Rowan
This committee will have charge of all the packing, marking and shipping of bandages and hospital supplies. It will be their duty to take the finished articles, etc., mark them, pack them and ship them when a sufficient quantity has been collected.

INSPECTION COMMITTEE
Mrs. L. T. Lester, Chairman
Mrs. C. R. Burrow, Vice Chairman
Miss Rambo
Mrs. J. B. Gamble
Mrs. C. W. Warwick
Mrs. C. W. Warwick
Mrs. R. A. Terrill.

This committee will be responsible for the inspection of every article at its various stage of making. They will inspect the supplies as they are received, and then inspected the finished articles, and finally they will inspect the work of the packing committee. A most rigid inspection of every article is necessary, as anything that falls below absolute perfection is thrown out after reaching its destination. The importance of this is readily seen since even a loose raveling on a bandage may endanger a soldier's chance of recovery.

FINANCE COMMITTEE

Mrs. Vince Reeves, Chairman
Mrs. J. B. Gamble, Vice Chairman
Mrs. C. R. Flesher
Mrs. C. H. Jarrett.
Miss Mary Morgan Brown
Mrs. E. H. Powell
J. B. Gamble
J. W. Reid
Roy Wright.

The finance committee will have charge of all projects, and the planning of all entertainments for raising funds for the Red Cross. The Red Cross will not permit its name to be used to advertise any private project. When an entertainment is given for the benefit of the Red Cross the entire proceeds must go to the Red Cross, as otherwise it might degenerate into commercialism. All funds raised by this committee will be used locally.

PURCHASING COMMITTEE
The Purchasing committee is composed of the chairman of the committee on Supplies, the chairman of committee on Cutting, the Chairman of committee on Packing. Besides these two prominent merchants with much experience in buying have agreed to serve on this committee:

Jim Redfeayn, Chairman
Oscar Gamble, Vice Chairman
Mrs. F. M. Wilson
Mrs. A. D. Nixon
Mrs. Cousins.

The county commissioners have given the use of the commissioners court room as the permanent headquarters of the Red Cross. The room will be furnished with machines and every thing necessary for active service. The first order of supplies is expected soon. Patterns for the making of all hospital garments are at hand.

THREE RAINS BRING INCH OF MOISTURE DURING WEEK

Beginning Sunday night with a quarter inch rain, continuing Monday morning with a quarter and Tuesday morning with three-eighths of an inch and Tuesday evening with an eighth, Randall county received an inch of moisture this week.

All of the rains fell very slowly and did much toward improving the growing row crop.

Woman Struck By Lightning.

Mrs. Wallace, living twelve miles west of town was struck by lightning the latter part of last week and seriously injured. She was brought to the hospital here and has apparently recovered. A large handful of hair was burned from her head, where the lightning struck and it ran down her left side dislocating her hip and burning the shoe off her right foot—jumping from the left to the right. She had a very narrow escape.—Clayton (N. M.) Citizen.
