

## PANHANDLE-PLAINS C. OF C. ORGANIZED

### TERRITORY COMPRISES THIRTY EIGHT COUNTIES—GOOD REPRESENTATION

The "Panhandle-Plains Chamber of Commerce," organizing 31 counties into a compact body for development of this region was perfected at convention in Amarillo, June 3. Delegates from about 20 counties were present, representing every section of the great Panhandle country and the South Plains. A minimum budget of \$15,000 was voted for the year 1919, to be expended in furthering the work of the organization. A. S. Stinnett, of Amarillo, one of the originators of the plan, was unanimously elected president.

P. E. Bosen, of Sudan, made the first talk, confining his remarks mostly to agricultural development, and urging that facts be presented to prospective settlers in the Panhandle country, rather than allow any publicity which would bring abuse of the section. He stated that grafters had imposed on immigrants from the north-central states in the first land "boom" in the country. He declared many people in those states doubted the possibilities of this section because of those outrages. Mr. Bosen urged the adoption of a name for the organization which would not include the name "Panhandle."

Speakers following Mr. Bosen were Representative Lee Satterwhite, of Panhandle; Judge Hamlin, of Farwell; J. L. Pope, of Woodward, Okla., and R. B. Morgan, of Memphis. These speakers were one in urging concerted action on the part of Panhandle counties in bringing about development. Matters concerning improvements in schools, roads, and all matters concerning general welfare of the people of this section. Horace Russell outlined the aims and purposes of Amarillo in calling for the convention, declaring that all the cities and towns of Northwest Texas must be one in bringing fuller development.

A. S. Stinnett, in opening the afternoon session, cited as a benefit of cooperation the great victory won in the controversy over rates. He declared that concerted action on the part of Panhandle cities secured the action fought for, after a fight lasting for practically three years, and estimated the saving to the country as a result of nearly \$10,000,000. He pointed out the prospects for the wheat yield this year, which it is estimated will bring \$60,000,000 to the Panhandle, adding that 20,000,000 acres of wheat land were not yet under cultivation.

Mr. Stinnett declared that only through such an organization as was proposed could this section be pushed to great development. He urged the maintenance of an efficient publicity committee, which would furnish data concerning the resources of the Panhandle to the entire country. He added this was almost as important as the traffic department, which, he said, must always be on guard against discrimination.

Resolutions were discussed following Mr. Stinnett's address. Section 1, Article 1, providing for a name for the organization, was discussed for more than 30 minutes. Several suggestions, such as Panhandle Chamber of Commerce, Northwest Texas Chamber of Commerce, Panhandle Co-Operative League, were offered. Interest centered on whether or not "Plains" would be adopted, delegates from the South Plains counties insisting that they were not in the Panhandle. When the vote was taken 24 voted for "Panhandle Chamber of Commerce," and 29 for "Panhandle-Plains" Chamber of Commerce. On motion, however, the vote was made unanimous for adoption of "Panhandle-Plains Chamber of Commerce."

The nominating committee offered a resolution providing for A. S. Stinnett, president, treasurer, B. A. Underwood, Plainview, and G. W. Briggs, Lubbock, J. S. Wynne, Pampa, W. D. Wagner, Dalhart, O. D. Vernon, Childress and F. R. Jamison, Canadian, vice-presidents.

The constitution and by-laws provide that the board of directors shall consist of one member from each county, to be elected by the members in the county. The board of directors then shall elect five of their number as the executive committee. The executive committee shall have the power to institute a system of raising finance to employ a secretary-manager and traffic manager, and such clerks and stenographers as may be needed.

The body shall have one general convention each year to meet at such

## MANY STUDENTS REGISTERING FOR SUMMER NORMAL

Every train coming into Canyon the past week has been crowded with students coming to attend the summer session of the West Texas State Normal College. All the rooms have been taken in the regular boarding houses and members of the faculty have been busy canvassing the private homes locating rooms for the students.

Today is registration day. Although it is impossible to give the exact number of students, it is estimated there will be nearly one thousand registered. There will probably be teachers taking the summer course, arriving later, whose schools have not been completed in time to arrive for the opening day.

There will be several new teachers for the summer session, taking the place of those who are taking a vacation or taking special work in the big universities in the north.

Prof. B. M. Harrison and family arrived Tuesday night, from Childress where he has been superintendent of the public schools for several years. Prof. Harrison will teach in the summer session here. He was here two summers ago and is not a stranger to the people of Canyon, who will be glad he has returned for the summer.

The following were registered at the Palace Hotel the past week: Leo D. Rochelle, A. E. Hunt of Wheeler; Annie Daniels, Canadian; Gussie Orcutt and Anna Mae Mc Cullum of Estelline; J. A. Pate of the Kansas City Stock Yards; E. Crosby of Hopeville, Ill.; Mrs. Gladney of Navarre county; Madeline Pope and Aubrey Leveridge, Post City, Lena Hoover and sister of Seminole; O. V. Dowell and Pearl Dowell of Texola; Ora Wood, Maggie Chustzberg and Ola Simms of Quitman; Mrs. N. C. Smith of Dimmitt.

Mr. and Mrs. C. O. Keiser left on Saturday morning for a northern trip and will probably be gone a couple of weeks. Their daughter, Miss Phyllis, who has been attending school in Davenport, Iowa, the past winter will return to Canyon with them.

time and place as the board of directors may designate. The board of directors shall meet regularly each quarter, at such place as the president may designate, and the executive committee is subject to meet at such time and place as the president may designate.

The convention was attended by the following delegates:

Dr. J. C. Anderson, Plainview; W. A. Palmer, Canadian; F. R. Jamison, Canadian; P. E. Bosen, Sudan; C. C. Shaller, Canadian; W. C. Long, Plainview; R. C. Ayers, Plainview; Scott Kretz, Dalhart; R. S. Beard, Littlefield; W. E. Street, Littlefield; Lee Satterwhite, Panhandle; R. B. Morgan, Memphis; Asbery A. Callagan, Memphis; C. D. Hensley, Littlefield; G. W. Scurry, Shelbyville, Ky.; C. T. Hincapillar, Pampa; A. H. Dousette, Pampa; Wm. Balfour, Vega; W. A. Pullman, Vega; J. G. Fisher, Vega; J. S. Wynne, Pampa; L. G. Waggoner, Miami; T. M. Cunningham, Miami; J. Sid O'Keefe, Panhandle; M. B. Welsh, Panhandle; J. D. Hamlin, Farwell; J. C. Temple, Farwell; L. M. Thompson, Memphis; Jno. R. Edmonds, A. & M. College; O. H. Nelson, Romero; A. B. Cullender, Channing; W. W. Garrett, Channing; J. L. Pope, Woodward, Okla.; Geo. W. Briggs; Lubbock; J. L. Duflo, Canyon; R. L. McClean, Hansford; A. E. Townsend, Hansford; A. S. Sateum, Hansford; L. F. Sheffy, Canyon; K. K. Rannels, Texico, N. M.; N. E. McIntire, Canyon; R. A. Terrill, Canyon; F. P. Reid, Mobeetie; C. B. Miller, Plainview; Chas. Reinke, Plainview; W. D. Wagner, Dalhart; E. H. Powell, Canyon; E. C. Clayton, Claude; C. D. Lester, Canyon; D. W. Wooley, Channing; E. H. Ware, Tulia; O. H. Loyd, Vega; H. S. Tomlinson, Tulia; George A. Ryan, Clarendon; P. E. Johnson, Groom; E. V. Holman, Groom; W. A. Graham, Tulia; Roy F. Saunders, Panhandle; W. E. Thatcher, Canyon; O. V. Vernon, Childress; Ben Short, Vega; C. P. McCullough, Panhandle; Thos. N. Stephens, Dallas; W. E. Gentry, Hale Center; H. R. Shields, Vega; J. M. Redfearn, Canyon; J. C. Wells, Wellington; C. R. Flesher, Canyon; Fred H. Ives, Canyon; W. J. Flesher, Canyon.

## REBELS TO HOLD RAILROAD

El Paso, Texas, June 4.—It became known today that there is no hope of the early restoration of rail and wire communication between Chihuahau City and the border. Considerable bands of Villa followers are at work a short distance north of Chihuahau systematically destroying the railroad and telegraph lines. Ties are being torn up and used as fuel for huge fires into which are thrust the steel rails and from which they emerge broken and twisted and unfit for further use. The telegraph posts are being chopped down and the wires coiled up and carried off by the rebels.

The work of destruction has been carried up from a point close to Chihuahau City to the vicinity of Tarazas station. J. H. Garrison of Happy, was in Canyon the first of the week on business, and was a welcome caller at the News office. C. E. Long has returned from Emporia, Kansas, where he has been visiting for a couple of weeks.

## Red Cross Peace Program Outlined

The peace program of the American Red Cross will be outlined to chapter workers of the Southwestern Division of the organization at three conferences to be held, the first on June 16, at St. Louis, the second on June 18, at Dallas, Texas, and the third on June 20, at Wichita, Kan.

Dr. Livingston Farrand, chairman of the Central Committee, and Willoughby Walling, vice-chairman of the national Red Cross, both of Washington, will attend the conference and be among the principle speakers. George W. Simmons, manager of the Southwestern Division, American Red Cross, who is now in Siberia at the head of a Red Cross Mission, is expected to return in time to address the meetings. He will tell of what the Red Cross is doing in Russia, Alfred Fairbank, acting manager of the division, and Division directors of departments going on a peace basis, will also speak.

Besides the regular conferences it is planned to have a monster mass meeting in each of the cities named, at which time Dr. Farrand, Walling, Simmons and Fairbank, will outline the future policies of the Red Cross. The mass meetings will be open to the general public.

"The relief of distress and disease, the prevention of accidents and problems of motherhood, child welfare and sanitation will be important subjects on the program. First aid will be taught, together with home care for the sick. The Red Cross will also be prepared to alleviate distress at points where there is no other social agency."

Red Cross chapter workers are urged to attend the mass meetings to be held. According to officials these meetings will tend to strengthen the ision and chapter officials, which is essential in the furtherance of Red Cross activities. All three conferences will be open to chapter delegates from any part of the division, which includes Missouri, Arkansas, Oklahoma, Kansas and Texas.

Dr. Farrand recently from Europe where he assisted in the formation of the league of Red Cross Societies, the purpose of which is to unify the Red Cross organization of the world in a systematic effort to anticipate, diminish and relieve misery caused by disease and disaster.

Dr. Farrand's first announcement upon his arrival from abroad is that the work of the American Red Cross will not slacken until all the misery caused by the war has been overcome. While the Red Cross of each nation will have its own part to play in the new work, a large proportion of the relief work must be undertaken by the American organization, he declared.

"The most interesting and touching situation now confronting America and the American people," said Dr. Farrand, "is that in the Balkans and Eastern Europe. The diseases which are likely to spring up among a people ill-nourished and with poor sanitary surrounding are beginning to ravage Eastern and Southwestern Europe. Typhus fever is spreading at an alarming rate."

"The main item in the peace program of the American Red Cross will be to use the membership of 19,000,000 as machinery for the protection of public health. It has been decided to continue the Junior Red Cross with its 9,000,000 members and to encourage them to help the children of Europe to obtain an education and fit themselves for their life work."

## METHODIST CHURCH TO BE OPENED FOR SERVICES SUNDAY

The Methodist people expect to hold services in their own church next Sunday for the first time in three months. The building has been moved from the old lot in the west end of town to a location one block west of square. The interior has all been done over and a new rostrum built and will be ready for occupancy by Sunday. The work on the outside will go right on until it is finished up. When a new coat of paint has been administered it will be a very attraction edifice.

## METHODIST LADIES WILL CONDUCT TRIP TO GERMANY

On Monday, June 16th the people of Canyon will be permitted to cross the Rhine river and inspect the Hun land which has been closed to the outside world for four years. It will also be an economical trip—costing only twenty-five cents. This will be an unique entertainment staged by the Methodist ladies and the horrors and pleasures of this trip are portrayed in full on another page of this paper.

## Susan B. Anthony Amendment Passed

Washington, June 4.—Action by Congress on equal suffrage—subject of a fight of 30 years duration—ended late today in adoption by the Senate by a vote of 56 to 25 of the historic Susan B. Anthony constitutional amendment resolution.

The proposed amendment, adopted by the House by a vote of 304 to 89, May 21, as the first act of the new Congress, now goes to the states, ratification by legislatures of three-fourths of which is required for its incorporation in the general constitution.

The roll call today showed two votes more than the necessary two-thirds for the resolution, which was drafted by Susan B. Anthony in 1875 and introduced by Senator Sargent of California in 1878. Counting paired and absent members, the Senate actually stood 66 to 30 for the measure.

Loud applause, unchecked by the presiding officer, swept the Senate chamber when the final vote was announced, following two days' debate, and many jubilation meetings were in progress tonight at headquarters of various women's organizations which have been active in support of the measure.

## NEWS WILL PUBLISH STATE DEPARTMENT HEALTH ARTICLE

At a recent meeting of the State Medical Association held at Waco May 14th, the paper of Dr. C. W. Goddard, State Health Officer was enthusiastically received, and it was suggested, and unanimously approved that in the interests of public health, this paper be given to the press for publication.

The Randall County News will for several successive weeks run extracts from Dr. Goddard's message on health conditions, which gives a very excellent idea of the work that the State Health Department is attempting in the promotion of better health conditions in Texas. Women will be interested particularly in the three new Bureaus recently created—Child Welfare, Communicable Diseases and Public Health Education in Sanitation and Preventative Medicine.

Elsewhere in this issue will be found outline of the work accomplished by the Health Department since January, 1919. Next week a resume of the new work contemplated will be given. We heartily commend these articles to the attention of the public interested in measures of public welfare, which, when summed, all rest upon the basis of good health.

## AUSTRIA SHOWS DISSATISFACTION WITH ARTICLES

Like the German government, the Austrian government is said to be dissatisfied with the peace terms, which are declared by one of the responsible newspapers of Vienna to be unacceptable.

Unlike the German populace at large, however, the Austrian people apparently are apathetic, having expected no easy terms, and were willing, even anxious, to accept the conditions as laid down and bringing peace to the sorely stricken former empire, which is rendered by the treaty virtually an inland state of small territorial propositions. Nevertheless, the general opinion among the Austrians seems to be that the terms are based on might and not on President Wilson's fourteen points.

## MANY WEEDS CUT.

The populace of Canyon turned out Monday and Tuesday evenings and cut weeds from the hour of 5:30 p. m. until dark. The city had a mowing machine at work on the streets and vacant lots and a great improvement in the appearance of the town was made. There are still many weeds to cut however and no one should relax their efforts to make Canyon a city without weeds.

## INTERESTING NEWS OF THE WEEK FROM HAPPY

Felix Neff, Bill Carney, Leon Lawson, Chas. Carney all returned Thursday from Amarillo where they were taking in the carnival for several days. They say they had a fine time.

The funeral for Grandma Hoge who died Tuesday, May 27 of heart failure at her home near Arney, was held Friday at 11 o'clock at the Baptist church, conducted by Rev. W. C. Rose and Rev. McNeely of Dimmitt. The beautiful floral offerings attested to the high esteem in which she was held. She was tenderly laid to rest in the Happy cemetery to await the judgment morn. She leaves a husband and 6 sons and 2 daughters with a host of grandchildren to mourn her loss. Weep not dear loved ones she has only crossed over the stream and waits on the other side with outstretched arms to welcome you home. Those from a distance that attended the funeral were John Hoge and children, John Write of Amarillo, Mrs. Carrie Wilson of Ennis, Texas and Sid Hoge of Pueblo, Colo.

Miss Waller Locket who has been in Amarillo for some time is spending a few days with home folks here. Tom Bandy was in Hereford Tuesday on business. Geo. Walker has bought Jess Miller's car.

J. M. Flesher was in Canyon several days last week where he was visiting his brothers, W. J. and C. R. Flesher.

Charlie Wait who has been working in Amarillo came in last week and will stay and help his father on the farm till after harvest.

Mack Gillan and Jessie Schaeffer came in Tuesday night. They are both from over seas. One by one our boys are returning home.

Miss Loraine Flesher entertained a number of the young folks Tuesday night with a party, all reporting a good time.

E. A. Logan, W. T. Townsend and Wm. F. Miller were in Tulia Monday on business.

Mr. and Mrs. Jess Christian of Canyon were visiting Saturday and Sunday at the parental J. B. Mulkey home.

Mr. and Mrs. P. J. Neff returned Tuesday from Greeley, and other points in Colo., where they have been the past week.

Mr. and Mrs. Harvy Likes and children of Jordan, Montana are visiting Mrs. Likes' father, Joe Waite and family and Uncle, Bob Evans and family. They will be remembered here, having lived here for some time. They went to Montana some 4 years ago, taking up a claim there.

Frank and John Currie came down from Groom Friday to visit at the parental W. A. Currie home for a few days.

Miss Hannah Swearingen left last Thursday for Canyon where she will enter the summer term at the Normal.

Mr. and Mrs. Charlie Bliss of Floydada are here visiting at the parental J. B. Mulkey home.

Miss Mary Mayhew spent Sunday with Miss Willie Grounds at her country home east of town.

The Tulla B. V. P. U. met Sunday night with the B. V. P. U. of this city after which Rev. Gordon Barrett, pastor of the Baptist church of Tulia preached a splendid sermon to a large audience.

Miss Gladys Neff, Sarah Cook and Felix Neff were shopping in Canyon and Amarillo Tuesday.

Mrs. Will Holden of Charlie is visiting for some time at the Ben Hoge home.

Tommie Townsend of Tulia is spending several days here at the home of his brother W. T. Townsend.

Mr. and Mrs. E. A. Patterson and son Ervin and Grandma Lane spent the day Sunday at the W. C. White home.

Mrs. Flesher and daughter, Miss Loraine will leave Thursday for Temple and other points in east Texas to visit relatives they will be gone all summer.

Mr. Hemphill of Plainview was in town Wednesday on business.

Carry Durden who has been visiting his mother, Mrs. Wright in Amarillo for several days, came in Friday.

## MANY WEEDS CUT.

The populace of Canyon turned out Monday and Tuesday evenings and cut weeds from the hour of 5:30 p. m. until dark. The city had a mowing machine at work on the streets and vacant lots and a great improvement in the appearance of the town was made. There are still many weeds to cut however and no one should relax their efforts to make Canyon a city without weeds.

## MONDAY, JUNE 9TH MONTHLY TRADES DAY

### TRADES EXCURSION WILL BE MADE BY BUSINESS MEN TOMORROW

The Business Men's Association held their regular monthly session in the office of The News last night. At this meeting a large Trades Excursion was planned to leave Canyon in care Friday morning and go to Wayside, urged that all who can spare cars will volunteer to go with this excursion from there to Happy. It is sion.

There will be many bargains at the local stores Monday, June 9th, which is the monthly Trades Day, and the auction sale will be under the direction of the permanent committee appointed last month. In addition to these features there will be a tractor demonstration on the Normal campus in the afternoon, which demonstration has been arranged by Prof. Fred H. Ives, head of the agricultural department of the Normal school.

At the meeting last night problems connected with the harvesting of the wheat crop were brought up and plans were laid to take care of the wheat crop to be marketed in Canyon. Measures will be taken to have the road through what is known as the Block Pasture opened up insuring a good road to Canyon for the farmers.

The farmers of Randall county and adjoining territory will do well to come to Canyon to trade Monday.

### WOMEN TESTIFY IN FORD TRIAL

Mt. Clemens, Mich., June 3.—Three women, wives of soldiers who joined the colors for service on the Mexican border in 1916, testified today for Henry Ford in his \$1,000,000 libel suit against the Chicago Tribune. They were Mrs. Mabel Richards, Mrs. Gertrude Baker and Mrs. Floyd Bestraw.

Mrs. Baker, admitting on cross examination, that she had lied to get her husband out of the army under the dependency law, asserted that the ends of justice sometimes require a lie, and added:

"Uncle Sam doesn't always tell the truth either."

The husbands of each of the women were Ford employes and two of them testified that they began to receive payments from the Ford Educational Department about a month after mobilization.

On cross examination Attorney Kirkland for the Tribune, continued to emphasize that for a month after their husbands left, the women received nothing from the Ford company but none of them confessed any resentment with the delay, although it was admitted that their resources were slender while their husbands, who in civilian life received \$5 a day, were absent with the colors.

### RURAL LIFE CONFERENCE TO BE HELD IN CANYON.

A Conference on Rural Life will be held in Canyon from June 15th to 27th inclusive under the direction of the State Department of Education and the Bureau of Education at Washington. The sessions will be held in the auditorium of the West Texas State Normal College. Many speakers who are familiar with the problems of Rural Life will be present and the program will deal with the regulations, educational, and social development in Rural communities. It will be a meeting of especial importance to the Randall county citizens who live in the county and there will probably be a heavy attendance.

### HAPPY OIL AND GAS COMPANY TO DRILL ANOTHER WELL

A. B. Miller, vice-president and general manager of the Happy oil and gas company returned Tuesday from Wichita Falls, where he attended to business of his company. While there, Mr. Miller secured 40 acres in the Burk Burnett field which will be added to the Happy Oil and Gas Company's holdings. Mr. Miller will leave today for Oklahoma to look after his drilling tools and to hasten the shipment of same. Drilling on the Happy No. 1 will begin as soon as the tools arrive and are on the ground. Work will be hastened with double towers until a depth of 3600 feet is reached or till oil is found in paying quantities at a lesser depth.

At a meeting of the City Council Monday night two ordinances were introduced for passage, and will be published in full next week. One ordinance forbids the burning of trash or paper in the city after noon, and the other prohibits the staking of cows at night.

### "FAKE" ASPIRIN WAS TALCUM

Therefore Insist Upon Genuine "Bayer Tablets of Aspirin"

Millions of fraudulent Aspirin Tablets were sold by a Brooklyn manufacturer which later proved to be composed mainly of Talcum Powder. "Bayer Tablets of Aspirin" the true, genuine, American made and American owned Tablets are marked with the safety "Bayer Cross."

Ask for and then insist upon "Bayer Tablets of Aspirin" and always buy them in the original Bayer package which contains proper directions and dosage.

Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

### THE NC-4 COMPLETES FLIGHT OVER ATLANTIC

TOTAL FLYING TIME OF 26 HOURS, AND 41 MINUTES, NEWFOUNDLAND TO LISBON.

Washington.—Blazing the way of the first trail from the western to the eastern hemisphere, the United States navy seaplane NC-4, under Lieutenant Commander Albert Cushing Read, swept into the harbor at Lisbon, Portugal, Tuesday, the first airship of any kind to have crossed the Atlantic ocean under its own power and through its natural element.

Taking the air at Ponta Delgada, Azores, at 6:18 a. m., Washington time, on the last leg of the transoceanic portion of the voyage from Rockaway Beach, L. I. to Plymouth, England, the NC-4 covered the 800 miles in nine hours and 43 minutes, maintaining an average speed of better than 80 knots. The total elapsed flying time from Newfoundland to Lisbon was 26 hours and 41 minutes.

At the first opportunity the big plane will continue to Plymouth, 775 nautical miles to the north. To the navy department, however, it makes little difference when he completes the journey. The great object of all the effort lavished on the undertaking—navigation of a seaplane across the Atlantic through the air—has been accomplished, twentieth century transportation has reached a new pinnacle and the United States navy has led the way.

Commander Read had with him on the flight to Lisbon the same crew as that which left Newfoundland on the NC-4 on May 16. Lieutenants Stone of the coast guard and W. K. Hinton were the pilots, with Ensign R. C. Rodd as radio operator and Chief Machinist's Mate E. S. Rhodes as reserve pilot-engineer. The crew was met at Lisbon by most members of the crew of the NC-1 and NC-3, who had preceded them on a destroyer.

### New Railroad is Chartered.

Austin, Texas.—Articles of incorporation of the Oklahoma and Texas Southern Railway company with headquarters at Ranger, Eastland county, have been approved by the attorney general's department; capital stock \$200,000. Purpose, to construct and operate a railroad from Ranger, through Eastland, Stephens and Young counties to the town of New Castle, Young county, a distance of 65 miles.

### Governors Likely to Visit Dallas

Dallas.—During the month of June this city may entertain the governors of three Mexican border states who plan to visit Texas during the coming weeks. The governors planning to cross the border for a trip of inspection are Governor Espinoza, Mirales of Tamaulipas, Governor Zambrano of Nuevo Leon and Governor Orsua of Tamaulipas.

### Government to Operate Auto Line

Washington.—Secretary Lane has announced plans for establishing an automobile line from Denver, Colo., through the Rocky Mountains, Yellowstone and Glacier National Parks, via Boulder and Loveland, Colo., Cheyenne, Douglas, Caspar, Thermopolis and Cody, Wyo., and Livingston, Bozeman, Boulder, Townsend, Helena and Choteau, Mont.

### Recesses Court Account of Harvest.

San Angelo, Texas.—Holding that the working and harvesting of the crops are at present more important than the business of the courts, District Judge Charles E. Dubois on Monday ordered a week's recess of his court and discharged the jury for the week so as to enable the farmers that had been summoned to remain in the fields.

### "Completely Discouraged"

Is the feeling and plaint of women who are "run-down" so low that work drags, head aches, back aches, dragging down feelings, dizzy, pale and weak, little things annoy and "everything goes wrong."

Look the other way just a minute and see what Dr. Pierce's Favorite Prescription has done for more than a million women in the last fifty years.

What it has done for others it can do for you.

A helping hand to lift up weak, tired, over-taxed women—that's what you'll find in Dr. Pierce's Favorite Prescription. It gives you just the help that you need. To be had in liquid or tablet form, 60 cents, at all drug stores.

It is a medicine that's made especially to build up women's strength and to cure women's ailments—an invigorating, restorative tonic, soothing cordial and bracing nerve; purely vegetable, non-alcoholic, and perfectly harmless.

PADUCAH, KY.—"After first becoming a mother, I was in miserable health. I developed a severe case of woman's trouble, and suffered with backaches and pains in my side. I got so bad that I was a complete nervous and physical wreck and had given up hopes of getting better when I began taking Dr. Pierce's Favorite Prescription. I soon started to improve and was convinced that I had found the right medicine for my trouble. I kept on taking the 'Prescription' and my health was completely restored. I am always ready to speak a good word for this wonderful woman's medicine."—Mrs. ANNIE SMITH, 1119 N. 13th Street.

### ANGELES IS NAMED PRESIDENT BY REBELS

UNDER NEW REGIME VILLA WILL BE SECRETARY OF WAR AND DIRECT FIGHTING.

Washington.—Villa forces have proclaimed General Felipe Angeles provisional president of Mexico and Villa himself secretary of war.

The move, coming as the climax of military operations, considered by the Carranza government so serious that it has asked the United States for permission to move troops through Texas, New Mexico and Arizona, is regarded here as reflecting a situation more serious in Mexico than any since the triumph of Carranza forces over Villa three years ago. Viewed in connection with the activities of the Felicista forces in southern Mexico, the situation is regarded as full of possibilities.

American government officials are refusing to comment on the news until they receive official confirmation. There seems, however, to be no doubt of its authenticity.

Angeles' reported first proclamation announcing that Americans in Mexico would be protected is particularly interesting to officials here, coming as it does on the heels of the refusal of the state department to grant Carranza's request that he be allowed to move troops through American territory for the purpose of protecting Americans in Chihuahua. Acting Secretary Polk announced that he had notified the Mexican government he could not grant the request unless assurances could be given that Americans would be afforded protection while the troops were in transit. That this could not be done had been admitted previously by the Mexican authorities. Governor Hobby of Texas declined to authorize the passage of Mexican troops through Texas without guarantees of protection to Americans and so notified the state department.

Felipe Angeles is well known to American officials through his services to the French government during the European war as inspector of munitions in the United States.

### Cotton Export Plan Explained.

Dallas.—Three hundred and fifty Texans, representing more than 65 cotton growing counties, heard W. F. G. Harding, governor of the federal reserve board, define the principles and give emphasis to the needs of the projected American Cotton Export Financing corporation at a meeting held in this city. Governor Harding recited that in his judgment and in "the judgment of practically every banking and financial authority in the country," makes necessary such an institution as the proposed \$100,000,000 financing corporation as the only possible antidote for breakers ahead that will bring about even greater financial disasters than that which brought hardships to the cotton farmers in 1914.

### German Delivers Counter-Proposals.

Versailles.—Baron von Lersner of the German delegation informally delivered the completed counter-proposals to Colonel Henry, the French liaison officer. The Germans explained that there had been no time for translations, which would be sent later. The volume containing the counter-proposals is not bound, corner fasteners holding together the 146 pages.

### Wealthiest Negress in America Dead.

Irvington-on-Hudson, N. Y.—"Madame Walker," reputed to have been the wealthiest negress in the United States, if not in the entire world, and credited with having amassed a fortune of more than \$1,000,000 through the sale of a "hair restorer," died at her country home here recently after a long illness.

### Centenary Fund Oversubscribed.

Memphis, Tenn.—Announcement was made at a conference here of leaders in the centenary missionary campaign of the Methodist Episcopal church, south, that the drive to secure a fund of \$25,000,000 as the quota of the southern church for the centenary campaign had gone "over the top."

### Bankers Close Galveston Meeting.

Galveston, Texas.—Galveston was chosen for the annual meeting place in 1920 of the Texas Bankers' association for the third consecutive year at the close of the annual convention which has been in session here.

### Enacted Laws Effective June 18.

Austin, Texas.—Acts of the regular session of the thirty-sixth legislature passed without emergency clause and the necessary vote to take effect become effective and go into force on June 18 next.

### Republicans Plan Revision of Tariff

Washington.—Chairman Fordney of the ways and means committee has announced in the house that committee hearings will be held soon with the view of a complete revision of the tariff.

### Farmers Off of Jury Service.

Dallas.—Farmers engaged in harvesting their grain crops are being excused from jury service by Judge W. F. Whitehurst, who is in charge of the Dallas county jury wheel.

### Must Submit Reports.

Austin, Texas.—The railroad commission has issued an order requiring common carrier pipe lines in this state to file with the commission reports for the year ending Dec. 31, 1915, and for each calendar year thereafter.

**BOOTLEGGING WITH A SLICE OF RAW BEEF.**

Dr. A. A. Brill of New York, says one may enter a state almost identical to drunkenness by eating the following:

- Four pieces of toast with strawberry jelly.
- Two crullers.
- One boiled egg.
- One roast beef sandwich.
- One pound of almonds.
- Three sliced cucumbers.
- Six bananas.
- Two frankfurters with tea.
- Three nut cakes.
- One pound of chocolate candy.

The Doc. tells of a woman who ate all that in half an hour and "exhibited signs of intoxication."

He also says that one may "receive an intoxicating feeling" after partaking of three pounds of raw beef.

The fellow with a healthy appetite and a family to support had better stick to the farm until the farm sticks to them. It is the one productive place that will chase the ghost of want from the doorstep and keep things moving away from the bread line.—Field and Farm.

**The Spring Music Festival**

The children's chorus of the annual Music Festival, which is to be held in this city on June 9th and 10th, held a splendid rehearsal Saturday morning at the Olympic Theatre. There were seventy-five present and great improvement in both rendition and interpretation of the numbers was manifested. The management has taken great pains to make this feature of the Festival more elaborate this year than ever before, and the many inquiries made concerning the entertainment are very gratifying to those who are putting forth untiring energy toward its successful rendition.

All of the children taking part in this miniature festival are to be dressed as ladies and gentlemen, the girls resplendent in long white dresses with their hair fixed in the latest grown-up fashion, and the boys very dignified and smart in full evening dress. Special attention is being paid to the costumes of those taking special parts, and many are to be quite elaborate. The stage is to be beautifully decorated in cut flowers and growing plants on the night of the entertainment, and the use of a Steinway Concert Grand will add to the evening's enjoyment.

James Hardesty Johnson, noted tenor of Minneapolis, and J. Edwin Mutch, baritone of New York and an artist in the truest sense of the word are to render a highly pleasing program as the second half of the evening's entertainment.

The management announces three programs Monday and three Tuesday, June 9th and 10th, respectively, as follows:

Monday 10:00 A. M.—Part 1. Children's Miniature Festival.

Part 2. Short Song Recital by Johnson and Mutch.

4:00 P. M.—Recital by Harold Henry the brilliant American pianist.

8:30 P. M.—All Amarillo talent program of choruses, duets, quartettes and solos, both vocal and instrumental.

Tuesday 10:00 A. M.—Recital by Charles Laugenham, dramatic soprano of New York.

4 P. M.—Recital by J. Erwin Mutch, baritone of New York and J. Hardesty Johnson tenor of Minneapolis.

8:30 P. M.—An Oratorio Handel's Messiah—The Amarillo Choral Club, The Miami Choral Club and the Pampa Choral Club, E. F. Meyers, conductor.

Soloists — Christine Langonhan, soprano; Mrs. Eugene Peterson, Mrs. C. E. Kiser and Miss Alto Blanton, all of Amarillo, alto; J. Erwin Mutch baritone; James Hardesty Johnson, tenor.—Southwest Plainsman.

**Save The Surplus**

The canning season in Texas has found an abundance of berries, grapes and fruits. No doubt, there will be an unusual quantity of peaches, plums, cherries, pears, muscadines, figs, etc., go to waste unless they are saved for winter use by canning, preserving or pickling.

Have you made preparation for the canning season by providing supplies such as jars, cans with solder-hemmed caps, canning outfits, etc., so that you will allow nothing to go to waste?

No one can read the future and the food question is of vital importance to everyone. Prices are now high and may go higher. The demands of the nations of the world

**Room For Every Toe**

Some men walk for exercise, some for pleasure, some for business reasons—any man who walks much needs a shoe with room for every toe to lie perfectly flat.

**WALK-OVER SHOES**

Walk-Over Shoes have a snug-fitting arch, which supports the weight of the body, yet has room to house a busy efficient foot. All this, without making any sacrifice of style, assures the wearer exceptional comfort. You will like them as well after a month's wear as when your foot first slipped into it. It holds its shape. Try a pair.

The Classy Store with the Classy Goods

for food are very urgent. Every ship load transported reduces the supply at home. As intelligent citizens it behooves us to make every provision for a bountiful supply during the coming winter by conserving each ounce of food possible. It is right and proper that we should help in feeding a starving world and the greater the amount of food which is conserved by preserving, canning and pickling and stored in the pantry, the greater the amount of transportable food which may be released for shipment to those in need.

The squirrels, ants, etc., make provision for the winter months, and why should mortals be less provident?

If you can all you can in the summer you may eat all you can in the winter provided the work is well done.

Talk to your County Agent, Home Demonstration Agent or write to the Extension Service of the A. and M. College for instructions regarding canning, preserving and pickling. Do not permit the fruits, berries, water-

melons, cantaloupes, etc., to go to waste from the lack of effort on your part.

**Dry Farmers Should Build Silos**

Every dry farm on the plains would do well to construct a number of silos and store up a sufficient supply of silage during years of plenty to tide over the times of drouth which are certain to come. Thus the silo is the balance wheel for dry farmers, giving the business stability and insuring against failure due to drouth. The special advantage of a silo is that the feed may be stored over several years without much loss from decomposition and the expense of maintaining it is not great. Any type of silo desired may be used, but the pit form is the most cheaply constructed. Other foods suitable for balancing silage should also be grown.—Field and Farm.

**Colic Cause Grip and Influenza**

LAXATIVE BROMO QUININE Tablets remove the cause. There is only one "Bromo Quinine." E. W. GROVE'S signature on box. 30c.

**EDUCATION**

is the key word to success in the life of every young man and woman in Texas. If it were not true before the war, it certainly is true now.

The West Texas State Normal College, though primarily a teachers' school, offers every advantage from the Kindergarten to the College Degree to the boys and girls of the Plains and Panhandle.

Courses as follows are offered:

- Agriculture
- Bookkeeping
- Band
- Bacteriology
- Botany
- Business Law
- Chemistry
- Chorus

## Long & Baker

WE PAY HIGHEST PRICES FOR YOUR COUNTRY PRODUCE

### The Randall County News

Incorporated under the laws of Texas

Entered at postoffice at Canyon, Texas, as second class matter. Office of publication, West Houston St.

SUBSCRIPTION, \$1.50 PER YEAR

### RANDALL COUNTY SHOULD HAVE COUNTY AGENT OF ITS OWN.

For several years Canyon has shared a county agent with Potter and Oldham counties. In this time it has been shown the desirability of having a county agent. The work done in the past has been of great value to the farmers of this county and has saved them many dollars. But the territory is entirely too large to be covered by one man. The acreage cultivated in this county has more than doubled and this county now has enough agricultural demonstration work to keep one man busy. One-half of the cost would be paid by the Federal Government leaving one-half to be supplied by the county. The office of County Agricultural Agent should be regarded as important by the commissioners as any of the other county offices.

### SAVE MONEY.

Did your horses pay for their board last winter? With the advancing cost of horse feed and man labor, the managers of both large and small farms must consider the modern gas tractor as a source of field power.

The advantages of the tractor may be summarized as follows:

It works in any kind of weather for any length of time without becoming tired.

It will prepare more land for wheat, in better manner, in less time, with dry soil and hot weather, than teams can do.

It does not eat when it does not work.

It is not bothered by flies and does not get sick.

It will enable one man to handle more acres of land and raise more crop than he can with team power alone.

The chief disadvantages of the

tractor as a source of power are: It requires a greater original investment than average teams. It requires a good engineer for good service.

There is some work it can not do as well as teams. It will not raise colts.

Every farmer must decide for himself whether he needs a tractor, and what size and type he should buy. These decisions depend upon the size of the farm and the kind and amount of work to be done.

The West Texas State Normal College will arrange for the demonstration of different kinds of tractors from time to time. On Monday, June 9th the Cleveland tractor, a caterpillar or tank type, will be at work on the campus. Every farmer who is figuring on buying a tractor should see as many different kinds in operation as possible. This demonstration is for your benefit. Come in and see it. FRED H. IVES.

W. J. Fleisher with his son, W. J., Jr., left this morning for South Texas. W. J., Jr. will go to Rock Island to spend the summer with his grandparents, while Mr. Fleisher will attend to business matters in Austin.

### You Do More Work.

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folk would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

## CHURCHES

### METHODIST CHURCH

All our services will be held in the church next Sunday. All the work has not been done on the outside yet, but the work on the inside is practically complete and we will take up our regular services in it next Sunday.

Sunday School 9:45  
Preaching 11 a. m. by Presiding Elder, Rev. A. L. Moore of Plainview

Evening Services 8:15  
The Choir will have special music for the occasion and we extend a cordial invitation to all the public to join with us in making these first services great occasions.

Our town will have many visitors next Sunday who will be here for the summer Normal and we extend a cordial invitation to all to make your church home with us during your stay among us.

R. A. STEWART, Pastor

### ALL SAINTS EPISCOPAL CHURCH

Services for Sunday.  
Sunday School at 10 a. m.  
Morning Prayer at 11 a. m.  
Evening Prayer at 8 p. m.  
Prayer Services and address at 8 o'clock Wednesday evening  
Bishop Temple will be present at the morning service and will preach, and administer the right of Confirmation.

At the evening service Archdeacon Garner will preach.

A very cordial invitation is extended to friends in the town and Normal College, to be present at these services.

ARCHDEACON GARNER, Rector.

### DRAMATIC COURSE OFFERED CANYON.

Miss Freeman, representing the Redpath-Horner Chautauqua, was here this week to interest the city and Normal in a series of high class dramatic plays to be presented here next winter. The Normal has agreed to guarantee half the required amount; if the city will guarantee the other half. Nothing definite has been done by the city at present.

The ladies of the Presbyterian church will serve tea and sandwiches Monday, starting at 12 o'clock in the building north of Holland Drug Co. W. R. Chandler of Dallas has accepted a position with the Star Barber shop and will be here in a few days.

### No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or diaspel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

### SPECIALS FOR TRADES DAY

All Furniture at a Discount

GIBSON FURNITURE CO.

Southeast corner of the Square

## AUCTION SALE OF SEPERATOR

HERE—you wheat men, is your opportunity. I have a new Minneapolis Separator, only threshed 2200 bushels year before last, and has been kept under good roof ever since (not making any wheat last year.)

I bought this machine new in Amarillo, Texas, from the Southern Minneapolis Farm Power Co., who are now selling the same machine and equipment as this one at over \$1800.00. (I refer you to them.) They also carry in Amarillo, all necessary extras. This is a 28 in. Cylinder, 46 in. rear Garden City extension feeder. Gearless wind stacker. Weigher with stationary conveyors, bagger and two wagon spouts. A 5-ply 8-in. 150 foot drive belt (the best made) and wire draw cable. All in perfect order. I will sell at public auction to the highest bidder

### Absolutely Without Reserve or By-Bidding

on next Monday, June the 9th at 2 p. m., in Canyon, Texas. I refer you to, either bank here as to whether I will do just what I say. No one can buy it privately between now and then, so two or three of you farmers throw in together and buy this machine and save your own grain at the proper time, the price of your wheat (and the toll charged) will certainly justify it. If time is desired, come early and arrange same for there will be no time for dickering at the sale hour.

JOHN A. WALLACE

Phone 21 Canyon, Tex.

A TRIP TO GERMANY.  
On June 16th, at the Public School  
Bring a quarter—that's all we ask  
For transportation, and lunch and program in full,  
But you'll think crossing the Rhine a task.

For its a trip to Germany, where horrible men  
And weird things you'll see by the score.  
Through Allied nations, and back again  
To America—and home once more.

Samantha and Josiah will accompany each car  
And the Old Maids at their Tea will fill you with glee,  
And the Auctioneer's Sale will be far from what you'll expect to see.

The proposals and the courtships  
Are the cutest you've ever seen  
For 'twill be wee tots in costume  
Instead of the boys in their 'teens.

Space won't allow us to mention each name  
Of singers and readers and things that are funny,  
But hear Mr. Clark—a singer of fame  
And I'm sure you'll be paid for your money.

The jitney will start one hour before eight.

From the West side of the Court-House lawn.

Those who can't walk—please don't be late

Or the eight o'clock car will be gone.

Born to Mr. and Mrs. A. N. Burgan, on May 30, a girl.

### LIFT CORNS OR CALLUSES OFF

Doesn't hurt! Lift any corn or callus off with fingers

Don't suffer! A tiny bottle of Freezone costs but a few cents at any drug store. Apply a few drops on the corns, calluses and "hard skin" on bottom of feet, then lift them off. When Freezone removes corns from the toes or calluses from the bottom of feet, the skin beneath is left pink and healthy and never sore, tender or irritated.

AMRIGHT CLOTHIER

Amarillo, Texas

George Ragland, who recently returned wounded from France, was married a few days ago and arrived in Canyon Tuesday with his wife to attend the summer normal.

Mrs. B. T. Johnson attended Workers Council of the Baptist church in Amarillo Tuesday at the Tabernacle church and assisted in the B. W. M. W. program.

## COUNTY CORRESPONDENCE

### PERSONAL MENTION

Johnnie Asher has returned from a trip to Ft. Worth and other points down the Denver.

Let us rebuild and repair your automobile top to look like new.—Thompson Hardware Company.

Rev. J. T. Burnett, of Iowa Park, has bought the McElroy home and will move with his family to Canyon.

The ladies of the Presbyterian church will serve tea and sandwiches Monday, starting at 12 o'clock in the building north of Holland Drug Co.

Mrs. J. M. VanZant, who has been here visiting her daughter, Mrs. W. A. Jennings, left for McLean to spend some time with a son.

Clifton McKinley Asher, who has been in France for several months and saw a weeks fighting before the armistice, came in Saturday, having received his discharge.

Chas. Lofton is home in Canyon after completing a successful years work as Manual Training teacher in the Lubbock High School.

Mrs. John Burson of Silverton was here this week to enter her two children, Tony and Bethel Burson in the summer normal.

G. A. Jones, now a citizen of Burkburnett, and an enthusiastic booster of that famous grease town, has been here this week on business.

Let us have your Bipef and Header repair orders before the busy season comes on and be ready for Harvest.—Thompson Hardware Co.

Gilbert Whitlock of the Star Barber Shop has been on the sick list and absent from the shop this week. Chas. Harter, the prop., is sick today.

The Cleveland Tractor will double disc, single list and DOUBLT LIST on the Normal College campus, Monday, June 9th. Be there.

Brent Taylor is home from his claim near Des Moines, N. M., where he has been the past month. He is delighted with his New Mexico place, and states that J. J. Saunders, a former Canyon man, who settled there some time ago, has been very successful.

### WAYSIDE WARBLINGS.

Cold north wind struck these parts Saturday night about 8 o'clock. It is still blowing and quite cool, fire feeling comfortable.

Some are predicting the present cold wave will be of benefit to the wheat crop in blowing the rust off.

Will Lemons and family, from Garden City came in last week and are visiting relatives near Wayside at present. He has been sheriff of Glascock county for several years.

A social entertainment in honor of Misses Ella and Zella Lemons Monday night at M. L. McGehee home.

Messrs. Bates of Canyon and Kress of Amarillo will be at Wayside Monday night in the interest of leasing land for oil.

J. C. Cox, wife and baby, will leave for a short visit to relatives at Garden City, Tuesday morning.

Quite a large crowd attended memorial exercises at Wayside church on May 30th. Visitors from Oklahoma City, Canyon, Tulia and for miles around the surrounding country attended. After men and boys had cleaned up the cemetery, refilled the graves, etc., a bountiful dinner was spread. Ladies arranged bouquets of flowers and evergreen during the forenoon.

After dinner a good program was rendered consisting of appropriate songs and readings by different ones. M. L. McGehee was elected president of the Cemetery Association to succeed D. L. Adams who has served for several years.

James S. Sluder, W. J. Sluder and wife accompanied Ernest Sluder to his home near Kress Tuesday, returning Wednesday.

Misses Lena Helms and Florence Barton also Leonard Helms of Amarillo spent the week end at the parental home the past week.

Wheat still looking fine, rust don't show much now.

Wm. Payne, wife and Doyle and Mrs. Ida Sluder visited Roy Key Sunday afternoon. He is just back from the trenches of France.

A son was born to Mr. and Mrs. Frank Edmonds of Umbarger, on June 4.

### Farm Labor Shortage Growing More Serious.

The outlook for splendid crops was never more promising than now. In fact, the outlook is brighter than was ever known. The demand for farm labor is general all over the United States, and from sections comes reports of the demand of this class of labor in excess of the supply. The wages paid farm labor this year, are better than ever before known.

Ordinary farm labor in the Panhandle (single men) are receiving \$40, \$50 and \$60 per month with board and lodging. It takes a "tip-top" man, though to command the \$60 wage. The central office here in Amarillo has orders now for 57 farm hands at the best wages ever paid this class of labor. This office has on file for filling, on or about June 20, orders for 3,150 harvest hands at 50 cents per hour. Some of these will be paid 60 cents per hour, and tractor drivers, tractor engineers, separator men will be paid \$7 per day, board and lodging. The scale as adopted: 50 cents per hour for shockers, bargemen and helpers; 60 cents per hour for stackers; 70 cents per hour for man with team—board and lodging for men; \$7 per day for tractor drivers; \$7 per day for tractor engineers; \$7 per day for separator men—board and lodging.

Harvesting will start in earnest about June 25. To supply the demand of the Panhandle farmers The Examiner is "searching" the sections of the country for surplus farm labor, that he may bring them to the Panhandle to harvest the greatest wheat crop in the history of the state. Already ten college men have arrived from Las Cruces, N. M., and twelve more young agricultural college men from Las Cruces will arrive here the first of June to take up farm work.

O. J. Hudson, chief of the Clearance Division of the U. S. Employment Service at Oklahoma City, Okla., has written the Panhandle examiner that his office can and will aid in

relieving the shortage here. Reports from Cleveland, Ohio, New York City and other middle west and eastern sections show a large surplus of laborers. A man just from New York told the writer that he saw "Soup kitchens" and "bread lines" in New York City, and that he saw men in uniform in these lines. This is deplorable. The policy of the U. S. Employment Service is to relieve this congested condition of the cities by distributing this surplus to sections having a shortage. Just stop and think what a "bonanza" private fee charging employment agencies would have profiting on this unemployed but for the U. S. Department Service!

I wrote this article that the people of the Panhandle may know the true conditions, and let you know what a strenuous effort is being made to relieve the situation. I appeal to city, county and state authorities to prevent idleness when there is such a need of workers. I beg them to make every loafer go to work. In some sections of the state where the shortage is more apparent than others, city and county officials are arresting idlers and turning them over to the U. S. Employment Service who places them, immediately, on farms. It should be "work or jail".

A lamentable fact is that from a number of congested places the unemployed show an unwillingness to leave the city. It may be possible, through the cooperation of civil authorities, to induce these men to accept farm work, and we welcome the assistance of civil authorities in filling this urgent demand for farm labor. This wheat crop must be harvested even if drastic measures have to be taken to do it.

CAPT. J. D. DICKSON,  
U. S. Employment Service.

"But Mable, on what grounds does your father object to me?"  
"On any grounds within a mile of our house."—Houston Post.

### Policemen For The Poultry Yard.

Guineas are equipped with din-producing organs which rival the braying of the mule, the penetrative clamor of the tick-tack and the turmoil of the charivari. However, farmers have capitalized this talent of the guinea. Because these birds raise a hue and cry whenever marauders visit the poultry yard, many farmers place a few guineas with each farm flock to act as policemen. They sound the alarm of approaching danger. Furthermore, the guineas are favored with pugnacious dispositions, which enable them to combat hawks and other common enemies of the flock and thus to keep the yards free of such objectionable guests. Often a few guineas are raised with a flock of turkeys and allowed to roost in the same tree, where they can give warning if any theft is attempted during the night.

There are three varieties of domesticated guineas—Pearl, White, and Lavender, of which the first is most popular. Good size and uniform color are considered as most important characteristics in the conformation and appearance of guineas. The male and female look alike although experienced persons will notice that usually the males have larger helmets and wattles and coarser heads. The cry of the female resembles "buck-wheat, buckwheat," while the call of the male is a one-syllable shriek.

Chicken hens make the best mothers for guinea chicks. Each hen that is to have a brood should be allowed to hatch out some of the eggs herself, after which she will mother all that are given her. After the hatch is completed the hen and chicks can be removed to a coop. Conditions about the barnyard are very unfavorable for the raising of guineas, and on this account the coop should be placed in a distant pasture or field and the hens and guineas kept there until the latter are old enough to go to roost. Like chickens, guineas require adequate protection from rain and exposure.

Guineas are fed in much the same way as chickens, except that they require smaller amounts, as they are natural rangers and will rustle sufficient weed seeds, grasses, bugs, insects, and green vegetation to supply much of their living. The first meal should consist of a small quantity of hard-boiled egg mixed with bread crumbs, or the bread may be soaked in milk, squeezed partially dry and fed in small bits. Clabbered milk is also good.

The guinea's desire to roost develops at the age of 6 to 8 weeks, although if raised with a hen these birds can be induced to follow her into the henhouse and roost there. It is advisable to accustom the birds to the henhouse, otherwise it will be almost impossible to catch them at market time.—Union County (N. M.) Farmer-Stockman Exchange Bulletin.

To Destroy Red Ants. County Agent N. R. Tiedal suggests the following formula to get rid of red ants: Dissolve one ounce of sodium cyanide or potassium cyanide in one gallon of water and pour down the center of each nest. One application will prove successful. Red ants are numerous, and do considerable destruction.

Persons using this preparation are urged to be careful as it is very poisonous. The receptacle in which the poison is dissolved should be destroyed by burying deep, the county agent urges.—Vernon Record.

### One Application Kills Lice

One application of sodium fluorid will kill all lice on chickens, entomologists of the department of agriculture have discovered. This inexpensive white powder, they find, will rid a flock of all the seven common species of chicken lice in a few days. One pound, costing only 40 or 50 cents at the time of this writing, is enough to treat 100 fowls, if dusted on. If dissolved in water and used as a dip, the same amount will go three times as far. It is easily applied, economical, gives immediate results, and does not injure the fowls or the poultryman.

Work on the Red Hill is suspended pending the stockholders meeting on June 1st, 1919.

The drill is down to a depth of 2,700 feet and in blue shale with an 8-inch drill. Some trace of gas is found but it is supposed to come from a small sand strata found at 2,500 feet.

The eight-inch hole will be continued to 3,000 feet and the well to 4,000 feet so that a good test will be made.—Woodward (Okla.) Democrat.

### Perfect Confidence

Canyon People Have Good Reason For Complete Reliance.

Do you know how—  
To find relief from backache;  
To correct distressing urinary ills;  
To assist weak kidneys?  
Your neighbors know the way—  
Have used Doan's Kidney Pills;  
Have proved their worth in many tests.

Here's Canyon testimony.  
Mrs. M. A. Higginbotham, says: "I used Doan's Kidney Pills, procured at the Holland Drug Co. several years ago for kidney complaint and they gave good results. Doan's cured me of the trouble and I haven't been bothered since. Another of the family has also used Doan's Kidney Pills with the same good results."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Higginbotham had. Fester-Milgron Co., Mfgs., Buffalo, N. Y.

### CALOMEL DYNAMITES A SLUGGISH LIVER

Crashes into sour bile, making you sick and you lose a day's work.

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tone for a few cents, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel today you'll be sick and nauseated tomorrow; besides, it may salivate you, while if you take Dodson's Liver Tone you will wake up feeling great, full of ambition and ready for work or play. It is harmless, pleasant and safe to give to children; they like it.

## FURNITURE OF TASTE AND REFINEMENT

A store where if you visited yesterday or a few days ago, will have new things to offer today and tomorrow, because almost every day sees new pieces brought upon the floor.

A store where you'll get new ideas in home furnishings and where you can furnish that small apartment beautifully and tastefully within your means.

You are always welcome and our salesmen will always be glad to show you through.

Haven't you spent many happy hours planning the furniture for your new home?

And thinking about that exquisite Old Ivory Bed Room Suite, Draperies and Rugs.

Perhaps you've visited this store already—a store filled with charming living, dining and bed room suites, handsome rugs and draperies—all very moderately priced and of the best quality.

**Hail Losses in Hansford County**  
 Several crops of wheat were totally destroyed and others were greatly damaged by a hail storm which visited the Wilbanks community, east of Hansford on last Sunday night. Among the losers are H. L. Wilbanks, 150 acres total loss, \$20 per acre insurance; A. M. Wilbanks, 100 acres total loss, \$10 per acre insurance; Ed

Wilbanks, 83 acres total loss, \$22.50 per acre insurance; Lucille Wilbanks 50 acres total loss, \$12 per acre insurance; Jim Tower, 100 acres, wheat oats and barley, total loss, \$20 per acre insurance; A. J. Wilbanks, 150 acres total loss, \$20 per acre insurance. Haynes Douglas lost heavily but his crop was not totally destroyed and other suffered slight damage.—Hansford Headlight.

**Snake Bite Proves Fatal**  
 Joe Bob Hart, the eleven year old son of Mr. and Mrs. Joe Hart, who live in the extreme east edge of the county, was bitten by a rattle-snake last Friday afternoon, and was immediately brought here by his parents, accompanied by some of the neighbors for treatment. But alas, the delicate heart could not withstand such a load of deadly poison, and he passed away Saturday night about 10 o'clock, at the home of Mr. and Mrs. J. L. Randal.—Brownfield Herald.

**Former Editor Dies from Burns**  
 The many friends of James G. Cris on of Mr. and Mrs. H. G. Cris, of this city, will be pained to learn of his being severely scalded by falling in a vat of boiling water, at Hurley, New Mexico, last Saturday afternoon, from the effects of which he died late Sunday.

**Federal Road Building in New Mexico**  
 The national forests of New Mexico are used for the production of timber, livestock and for recreation purposes. But in order to utilize these resources to the maximum limit and to assist in the development of agricultural lands within them, the forests must be made accessible by good roads. This, the federal government, in cooperation with the state and counties, is attempting to accomplish this year. It is true that a start was made in this direction in 1914, when Congress allowed the use of 10 per cent of receipts from forests in such state for expenditure on roads and trails. But as this amount ed to only about \$22,000 yearly for New Mexico, it can be readily seen that only a few miles of roads could be built yearly. Under section 8 of the Bankhead law, passed by congress in 1916, the state gets about \$38,000 yearly for roads within national forests for a period of ten years. Under section 8 of the postoffice appropriation bill, approved February 28, 1919, an additional allotment of \$246,000 was made to the state for expenditure on national forest roads during the fiscal years of 1919 and 1920. The combined federal funds from the above sources for expenditure up to July 1, 1920, will amount to \$357,000. To this amount should be added \$123,000 of state and county money, which will be spent in cooperation with the federal government on roads within the forests. This makes a grand total of \$480,000 for national forest roads for expenditures prior to July 1, 1920.

The question now asked is, where this money is going to be spent, and what benefit will accrue to the people from the roads constructed. If you will be patient a little longer, I will convince you that for every dollar that the federal government is going to spend it will get 100 cents in value.

The Sacramento mountains in Otero county were settled up mostly by people from the plains of Texas. After arriving in that country, they nearly broke their necks looking at the tall trees in the locality; but after tiring of this pastime they began to look down on the ground, and saw before their eyes open parks, from one to one hundred acres in extent, the soil of which was deep and fertile, and would compare favorably with the delta of the Nile. They planted crops of potatoes, cabbage, grain and fruit trees. The yield was simply phenomenal. It was nothing unusual to see cabbages weighing 20 pounds each, and potatoes as large as watermelons, that yielded as much as 30,000 pounds to the acre. But after producing these bountiful crops, there was no way to get them to market.

The federal government, in cooperation with Otero county, will begin this year the construction of a road from Highrolls up to Clouderock, thence down Box Canyon and on to Weed, which will, when completed, open up the most attractive part of the forest, and make it possible for the farmers to haul their produce to the railway shipping point at Clouderock and market it at El Paso. This road will be 31 miles long, and will cost \$145,000. Of this amount Otero county has agreed to provide \$19,500, and the balance will be furnished by the federal government. Aside from the immense benefit to the farmers in the region, approximately fifty millions board feet of merchantable pine timber will be made more accessible. Over one hundred stockmen will profit by this road, as it will enable them to haul in their supplies for about half what it previously cost them. The recreational resources of the region are tremendous, as people from El Paso and the hot plains country in the vicinity of Carlsbad and Roswell will be able to motor thru the mountains and spend their vacations on camping trips.

The Southern National highway passes through New Mexico by way of Roswell and Tularosa, thence south through Alamogordo, Oro Grande and on to El Paso. "The Southern National Highway" sounds very nice to the tourists; but its reality is a great disappointment to the motorist if he follows this section of the road from Hondo to the Mescalero Indian reservation. This section of the road was never laid out by an engineer, and only a small amount of work has been done on it. Consequently it follows the lines of least resistance, which is along the bottom of the valleys, making it almost impossible to maintain it in a passable condition. But it is now proposed to build a real highway, and in fact the survey, plans and estimates have already been completed as a preliminary to beginning actual construction work this season.

This section of the Southern National highway is known as the Hondo Mescalero project. It is 26 1-2 miles in length and will cost \$106,739. Of this amount the state and Lincoln county agree to provide \$45,500. The balance will be borne by the federal government. Along the valley traversed by this road there are 2,825 acres of irrigated land now under cultivation, and there are 1,800 acres of arable land suitable for farming, all of which will undoubtedly be brought under intensive cultivation by the construction of this road, as it will make it possible for the settlers to market their produce instead of letting it rot on the ground as has been the case in the past. A great number of people from the Pecos valley visit the region yearly for recreational purposes. There are also mining projects that will be developed into paying properties after the completion of this road. The valley of the Ruidosa, through which this road will pass, produces fruit unexcelled in quality and quantity. It is reported that at least 20,000 pounds of apples are produced to the acre. There are approximately forty million board feet of merchantable pine timber accessible to this road, a part of which will undoubtedly be disposed of within the ensuing ten years after the construction of this road, as it will be possible for small saw mills to cut the timber in the region and sell it to the settlers along the valleys at considerably less cost than has been possible in the past.

# CLAXTANOLA

The New Day Talking Machine

A machine whose tone and voices reproductions are wonderful.

The Claxtanola plays any record and is built in beautiful cabinet models from durable material.

Let the Claxtanola furnish music for your home this summer. We want you to come in and play this machine and test it. We know you will agree with us that it is a better machine. We will take pleasure in giving a demonstration.

## City Pharmacy

West Side Square, Canyon, Tex.

**Hemphill Will Spend \$80,000.**  
 Hemphill county has ordered an issue of road warrants to put our highways in first class condition. These warrants with the federal and state aid that we receive will mean \$80,000 spent on our roads. This money will give old Hemphill county as fine roads as there are in the Southwest, and will be a tremendous asset in securing more highway via the Canadian way. The road warrants will be for \$60,000 and will bear interest at the rate of five per cent.—Canadian Record.

**Wilbarger Swine Growers Organize.**  
 Daniel Bond is president; H. A. Klinger, vice president; and N. R. Tisdal, secretary-treasurer of the Wilbarger County Swine-Breeders Association. Directors of the Association include the officers and A. N. Bourland, Vernon; E. H. Coburn, Tolbert; J. M. Collins, Odell; Guyer Brothers, Harrold; and Earl G. Elyea of Vernon. Organization was perfected Saturday.—Vernon Record.

**Will Build To Spearman.**  
 The best news in many moons came to Hansford Saturday, when word was received that the powers that be in Washington had decided to allow the North Texas & Santa Fe railroad to be completed to Spearman, in Hansford county, and that the work of track-laying would begin Monday, May 26, at Lourwood, where they were halted almost two years ago by the war.—Hansford Headlight.

**Terry County Pushing Road Work.**  
 The County Dads have received another big Avery tractor and road grader, and will start the second road crew to work in a few days. We had an interesting interview this week with one of our commissioners, and we are going to give his opinion on road building next week.—Brownfield Herald.

**Habitual Constipation Cured in 14 to 21 Days**  
 "LAX-FOS WITH PEPSIN" is a specially-prepared Syrup Tonic-Laxative for Habitual Constipation. It relieves promptly but should be taken regularly for 14 to 21 days to induce regular action. It stimulates and regulates. Very Pleasant to Take. 60c per bottle.

**The Quinine That Does Not Affect the Head**  
 Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness or ringing in head. Remember the full name and look for the signature of H. W. GROVE, 30c.

"My dealer was right —they do satisfy!"

There's more to a cigarette than "pleasing the taste." Other cigarettes, besides Chesterfields, can do that.

But Chesterfields do more—they begin where the rest of 'em stop! Because Chesterfields "touch the smoke-spot," they let you know you are smoking—they do SATISFY!

There you have it—SATISFY. It's all in the blend—a blend of fine selected TURKISH and DOMESTIC tobaccos. And the blend can't be copied.

That's why it's Chesterfields or nothing if you want this new thing in cigarette enjoyment.

## Their Medicine Chest For 20 Years

IT is characteristic of folks after they pass the allotted "three score years and ten," to look back over the days that are gone and thoughtfully live them over. I find myself, at seventy-one, frequently drifting back a quarter of a century, when I see myself in the little drug store I owned at Bolivar, Mo., making and selling a vegetable compound to my friends and customers—what was then known only as Dr. Lewis' Medicine for Stomach, Liver and Bowel Complaints.

and does more than any laxative on the market today. The thousands of letters from users have convinced me I was right, and that the user of Nature's Remedy as a family medicine, even though he may have used it for twenty-five years, never has to increase the dose.

After experimenting with hundreds of different compounds, I at last perfected the formula that is now known as Nature's Remedy, which I truly believe goes further

## Happy Mothers Prepare in Advance

A Wonderful Influence For Expectant Mothers.

Mothers for over half a century have used with the utmost regularity the time honored preparation, Mother's Friend, before the arrival of baby. Here is a truly wonderful penetrating application for the abdomen and breasts. It softens and makes elastic the muscles, rendering them pliant to readily yield to nature's demand for expansion. By its use the anxious months of pregnancy are made comfortable. The usual wrenching strains, bearing-down and stretching pains are counteracted. The system is prepared for the coming event, and the use of Mother's Friend brings restful nights and happy anticipation, for the nerves are not drawn upon with the usual strain.

By its regular application the muscles expand easily when labor arrives; the time is less at the crisis and naturally the pain and danger is less. Mother's Friend is on sale at every drug store. It is for external use only, is absolutely safe and wonderfully effective. Write the Bradford Regulator Company, Dept. C, Lumber Building, Atlanta, Georgia, for their interesting Motherhood Book, free to users of Mother's Friend, and obtain a bottle of Mother's Friend from the drug store and begin this grateful treatment.

## SHARE AND SHARE ALIKE

Without good business houses—groceries, butcher-shops, dry goods stores and implement stores—in Canyon, the value of farm land hereabouts would not be as high as at present.

Without good trade from the farmers in this vicinity the business houses of Canyon can not exist. It is share and share alike. Better business—better farms.

If you are a farmer you can increase the value of your land by trading at home. Team work is necessary and this bank is always ready to take its place in the pull for better business, better farming—a better community in which to live.
