VOL. XXIII

RANDALL COUNTY NEWS, CANYON, TEXAS, THURSDAY, JULY 17, 1915.

NUMBER 16

## CHAUTAUQUA AUGUST 14-18 IN CANYON

Big Program Contracted For—Committees Appointed to Carry on the Local Work.

A meeting was held last night of the men who are on the guaranty list for the Chautauqua this year and the following officers elected: President—L. G. Allen. Vice President—C. L. C. Ondrey. Secretary—G. G. Foster. Executive Committee—S. B. McClure, C. R. Burrow and the three officers.

Advertising—C. W. Warwick. Grounds and General Arrangement—C. R. Burrow.

Mr. Allen and Mr. Foster will devise the method whereby the tickets will be disposed of.

The Chautauqua has greatly pleased the people of Canyon during the past two years. A stronger program has been promised for this year. The men who are backing this enterprise get nothing but a bunch of hard work. They are for the Chautauqua because it brings to the community speakers, lecturers, musicians and artists of various types which it would be impossible to bring to a town the size of Canyon under any other condition.

The price is so cheap all of our citizens can afford to attend the Chautauqua. The quality of entertainment is so high none can afford to miss it. If the people want to encourage the return of the Chautauqua for another year, get busy now and buy season tickets before the local committee has to hunt you up as the members will surely do.

## HILL IN AUSTIN; DOMITORY SURE

Passage of the Bill is Expected Any Day—Normal Will Get Building Unless Vetoed.

President J. A. Hill is still in Austin looking after the interests of the Normal appropriation. It is expected that the educational appropriation bill will be passed any day. Mr. Hill will probably arrive home Saturday.

It is assured that the Normal will get the appropriation for a girls' dormitory, unless Governor Hobby vetoes the same. The only question is in the amount.

The senate has recommended \$150,000 for the dormitory. The house has recommended \$125,000. The difference is being settled in conference.

In regard to the engine building which is also in the appropriation bill there is also a large discrepancy. The senate has recommended \$30,000 for this building. The house has recommended \$3,000.

The appropriation asked for by the Normal in other ways has been allowed with only a few exceptions. Those interested in the appropriation feel sure the Governor will approve the items for the two houses if passed by the legislature.

## T. C. Thompson Recovering Nicely

Word from the Amarillo Sanitarium indicates that T. C. Thompson is recovering nicely from the operation which he had for appendicitis week ago Monday night. It was stated that he may be able to sit up a little by the latter part of the week if his condition continues to improve during the next few days.

His host of friends in Randall county are highly pleased at the news of his condition.

## Has Portable Elevator Here.

Tom Connally of Clarendon and Crowell has shipped a portable elevator to Canyon and will be here this week to buy grain.

Mr. Connally was formerly president of the Texas Grain Dealers Association and is a good buyer.

## Will Have Holsteins Here for Sale.

A breeder of Holstein cows is going to make a shipment to Canyon during the month of August with a view of furnishing the farmers with good high grade cattle.

Those farmers and dairymen who are interested in getting some of this shipment should see C. F. Walker, the county agent, or E. H. Powell at the First National Bank.

## J. S. CHRISTIAN DIED AT 2 A. M.

Has Been Resident of County Since 1891—Funeral Services Will be Held Today.

J. S. Christian died this morning at the family home in the west part of Canyon. He has not been in good health for a number of years, but has been able to work most of the time. A few weeks ago he became overheated while working on a house in the southeast part of the county, from which he never recovered. Last week he had a stroke of paralysis, which was the ultimate cause of his death.

Mr. Christian was born in Ellis county on July 6, 1846 being 68 years of age at the time of his death. When an infant his parents moved to Dallas county. In 1891 he removed to Randall county where he has continued to make his home.

He was married to Miss Cora Lee Mulkey, to which union was born two children. His wife, children and one sister, Mrs. DeGraffenreid, remain to mourn his death. He joined the Methodist church when he was sixteen years of age, and has always remained a faithful member.

The funeral services will be held this afternoon at 4 o'clock at the Methodist church, conducted by Rev. R. A. Stewart.

## New Furniture Store.

H. W. Gouley Shipping New Stock of Goods to City and Will Open During Next Week.

H. W. Gouley of Amarillo is shipping a new stock of furniture to Canyon and will be opened for business before many days.

He is a practical furniture man, having run a store in Amarillo for a number of years. He will carry a fine stock of furniture, coffins and caskets and be prepared to furnish auto-hearse service.

Until he can get a larger building he will open in the building at the rear of the First National Bank.

## Wants Pasture for Cattle.

County Agent C. F. Walker has a request from the government for pasture for cattle from the states of Colorado, Wyoming and Montana, in which states there is a very bad drought this year. He has already secured pasture for 30,000 head and requests those having surplus pasture to write to him in order that he may place as many as possible in the Panhandle.

Coming to the Olympic, Wednesday and Thursday, July 30-31—"THE UNPARDONABLE SIN." Prices 35c and 20c. Don't miss this one.

## BLED SOE GETS MOST OF THE VOTES IN MONDAY'S SPECIAL

The only box holding an election Monday was precinct number one, in Canyon and not one-third of the voting strength turned out for the special.

Of the 78 votes cast, W. H. Bledsoe of Lubbock received 73 and R. L. Templeton of Wellington got the remaining five.

The News had word last night that Mr. Bledsoe will carry the district by an 8 to 1 vote. Mr. Templeton had not been reached to give any information on the election. Practically every county reporting to date has gone for Mr. Bledsoe.

## Two Trucks for Roads.

County Judge C. R. Flesher has been notified that Randall county is assigned two army trucks for road work purposes.

The war department is turning over to the counties free of charge trucks which were used during the war and which may be used exclusively by the commissioners for any kind of work on the roads. Judge Flesher applied for six trucks, but is only assigned two for the present. More trucks are soon to come to Texas and the number will no doubt be increased in the near future.

## Oil Leases Active.

Since the striking of gas in the Palo Duro canyons fourteen miles east of the city, oil and gas leases have been changing hands very rapidly during the past few days.

Lost—Between my home and Methodist Church Sunday, a plain gold brooch set with one diamond. Finder please deliver to Mrs. Britain at the Studio and receive reward. 1622

## The Boy Scouts

We are growing old when we cease to be able to enter sympathetically the lives of our young people—too old to be of much use any longer in the world when we can only find fault with them for their "frivolities" and cannot understand nor help them solve their problems. The girl life is now one of the most needy and indeed the most promising field into which our noble hearted women may and must go, and where they must employ heart and head and hand, if they would steer our girls right through the maze and whirl of this new and almost startling social, economic and political crisis through which we must pass.

But the boy life is peculiarly a problem for men and woe be it to our boys and our national welfare if our real men allow the insistent clamorings of other matters to draw them away from this boy life business which if it goes wrong will queer everything else.

There is now being organized in Canyon a company of Scouts. The Scoutmaster is Mr. Garner, the pastor of the Episcopal Church here. He is an experienced Scoutmaster, wide awake and takes to the open like a jack rabbit. Some of the rest of us boys are going in to help. That is, we will help as soon as we learn how.

This move, if properly carried out will go far toward solving the problems of boy-life, which must be solved if we would make of our boys men prepared for the duties of life.

Don't pass judgment before you have investigated. Let every parent go to some one of the churches on next Sunday morning where pastors and teachers and others who have studied the Scout movement will give a few minutes to explanation and answering questions relative to this matter.

I have often hedged myself in and greatly hampered my freedom of action by making decisions before I knew enough about certain issues. I plead for our boys. They do not need their overflowing energies restricted so much as they need counsel and help and example and direction in giving full play to their vitality. Will it be better to direct them into worth while sports and team work and ideals, or let them work off their must-be-employed energies in whatever way their inexperienced minds and immature judgments may devise?

"In the multitude of counsel there is wisdom." We are a democratic people. A full, free and frank discussion of every question is the one course that leads to a real healthy growth of right things. Let's look into this boy question and see if we can't do something for this young animal that must needs kick up his heels and scamper about to no small extent. At least let's see to it that when these romping, rearing, running plunging energies begin to settle down to the serious race of life, the young fellows will be found out in the open running free limbed toward the worthy goals of life. "O my legs, how I wish I could be with them when they come in on the home stretch. But I can hope only for a short spurt by their side, and then to fall out and listen to the music of their pounding feet, with a hope of seeing the glorious finish, only by being caught up and born forward by the spirit of Eternal Youth."

B. F. FRONABARGER

## BOY SCOUTS OF AMERICA; TROOP NO. 1 CANYON CITY

All boys who were at the preliminary meeting at the Courthouse, and who are 12 years old next birthday or over, and any others who were not at this meeting but want to know something about the Boy Scouts will please meet at 4 o'clock promptly at the Baptist Sunday School shack on Friday afternoon.

Do not forget to bring the written permission of your parents, but no money for dues or subscriptions is needed at this first meeting.

Come prepared to give at least an hour to the important matters connected with the organization of the Troop.

## Some Explanations to Parents.

The Boy Scouts of America is non-military and non partisan.

Every Scout must attend some Sunday School or Church.

No boy is allowed to register until he has received the permission of his parents in writing, nor is he al-

lowed to participate in any hike or outdoor exercise without at least the oral permission of his people on each occasion.

No boy is allowed to neglect school work, home duties or other responsibilities, to attend scout meetings or other activities.

For behavior unfitting a scout, he may be tried by his fellow scouts, and if found guilty may be suspended or expelled by the Scoutmaster.

All meetings of the Troop, as well as hikes and other outdoor exercises are under the direct supervision of the Scoutmaster.

The Troop will have a Committee of at least three representative citizens, who are expected to take an executive interest in the Troop.

The cost of the Troop to the individual Scout will be the registration fee of 25c yearly, and a voluntary subscription to the treasury of the troop of not more than 10c weekly, to provide the necessary equipment of the scout room.

Every Scout is expected to own a copy of the "Handbook" which will cost 40c, and he will have to pay for the badge which will cost him another nickel, and after a time it will be desirable to have the whole troop in uniform, the uniform is sold through local merchants on a signed order from the scoutmaster, and is sold at little more than cost.

The suit is not compulsory, nor can it be until the boy is a registered scout, it is however a good serviceable khaki, and can be worn at any time.

Parents and adult friends will be always welcome at the meetings.

WM. GARNER, Scoutmaster of Troop No. 1, and Scout Field Commissioner.

## MOST OF WHEAT NOW IN SHOCK

The ideal weather for wheat cutting has been fully improved by the farmers of Randall county, until now there is very little wheat still standing. The shocks standing on the ground are very thick and made a very pretty sight.

Threshing has not gone far enough to determine what the yield will be for the county. Where the rust got in its work, the yield will be materially decreased. J. W. McCrery states he has 65 acres which was cut so badly by the rust that he would not harvest it. Most farmers are estimating their crops at around 20 bushels per acre. Many will make a greater yield, while some may not make so much.

All of the wheat is of excellent quality and is making excellent tests.

## Two Good Rains Fall.

Fine for the Row Crop. Some of Which was Needing the Moisture.

Randall County got nearly an inch of rain yesterday, which extended into a considerable portion of the county.

Early in the morning three-sixteenths of an inch fell while in the afternoon about the same fell.

Some row crops were needing the moisture, but generally these would have gone for some time without the rain.

Wheat Making 20 Bushels. J. E. Rogers stated yesterday that he was helping handle the J. A. Wilson wheat crop. They were threshing about 1000 bushels per day and it was making about 20 bushels to the acre.

The wheat is fine No. 2, testing 61 pounds to the bushel.

Mrs. C. O. Keiser entertained the members of the Merry Maids and Matrons Club Thursday afternoon. The guests of the club were Mesdames Burrow, Harrison, Wilson, Hill, Holland, Shanklin, Allen, Ely, Sheffy, Stafford, King, King, Hunt, Warwick, Misses Ruth Stafford and Elsa Guenther. Refreshments were served of chicken salad, sandwiches, iced tea, potato chips, jello, ice cream cake and mints. The hostess was assisted by her daughter, Miss Phyllis, and Miss Dorothy Burrow.

Coming to the Olympic, Wednesday and Thursday, July 30-31—"THE UNPARDONABLE SIN." Prices 35c and 20c. Don't miss this one.

Come to Canyon to live.

## BUYS MILL HERE, OPEN FOR BUSINESS

Panhandle Grain & Elevator Company Becomes Owners of the Edwards Property.

A deal was closed Friday whereby the mill in Canyon became the property of the Panhandle Grain & Elevator Company of Amarillo, which is now operating several elevators over the country.

Work was started at once in remodeling the plant and putting in improved machinery.

The company will not make flour, but will have a first class feed mill and will be equipped to reclean grains and handle feed and grain of all kinds. A buyer was sent here Monday to take care of the wheat crop which is beginning to come in.

The Panhandle Mill & Elevator Company is a big institution and always pays the highest market price for grain. Their coming to Canyon is welcomed by the farmers and all business interests.

## Monument Fund Slow.

Subscription Slow About Coming in For Monument to Be Erected in Memory of the Dead.

There was been little or no action on the part of the citizens in responding to the plea for money to erect a monument in honor and in memory of the men who died in the great war. It was originally decided to leave the matter of subscriptions up to the individual and let each one go to his bank and leave the money for his subscription. The citizens are not responding to the call. If the monument is to be erected, some action must be shown speedily.

The people of the county are asked for \$1,000 which will be spent for a monument fitting erected for the ten men who have died while in the service of their country, and for a roll of honor for the 210 men who went into the various branches of the service from Randall County.

## Taking Boys to College Station

County Agent C. F. Walker will go to College Station Friday for the state meeting of the Boys Club and the County Agents, which will be in session from July 19 to 26.

Three Randall County boys will go with him to attend the meetings of the club—Lester Bennett, Foster Gruner and J. D. Grady.

## Commissioners Court in Session

The monthly meeting of the Commissioners Court was held Monday. The salary of the court house janitor, J. W. Cummings, was raised from \$60 to \$70 per month. No business but that of allowing accounts was taken up by the court.

## Dr. Oliver Moving to Canyon

Dr. H. P. Oliver of Dumas has bought the Ely home on west Evelyn Street, and will move here about the middle of August.

Dr. Oliver and his estimable family are well known on the north plains and will receive a most hearty welcome in Canyon.

## Land Sales Closed.

S. B. McClure has closed a deal selling the S. W. Lee place to J. B. Lipe of Tulia. There were 527 acres in the transaction, the price being \$21.50 per acre.

The Gray place in the northeast part of town was sold to O. G. Steen for \$735.

## Given French Croix de Guerre

Mrs. Miller, mother of Mrs. C. N. Harrison, has received from the French Army a citation and Croix de Guerre for the valiant work of her son, Corporal Lawrence H. Miller, who was killed in action last October while the 36th division was fighting with the French army in the Argonne.

Coming to the Olympic, Wednesday and Thursday, July 30-31—"THE UNPARDONABLE SIN." Prices 35c and 20c. Don't miss this one.

## Wrench Slips; Cuts Face

While lifting his pump with a block and tackle Friday, S. V. Wirt had his face badly smashed when a heavy pipe wrench hit him on the right side, cutting his cheek and lip. It fell hitting his right arm and left hand, bruising and cutting both very badly.

## GAS STRUCK IN THE PALO DURO WELL

Palo Duro Oil Company's No. 1 Well Hits Gas Pocket, Running About 10,000,000 Feet.

A great deal of excitement was caused in Canyon by striking a strong pocket of gas in the canyons 14 miles east of here Monday in the well being drilled by the Palo Duro Oil Company. Word comes that the flow ran as high as 10,000,000 cubic feet. The gas was struck at 360 feet, but since the well is in the bottom of the canyons which are about 800 feet deep at this point, the well in reality stands about 1200 feet deep.

The first gas struck in this part of the country was 29 miles north of Amarillo. The well on the canyons is 26 miles south of Amarillo and 14 miles east of Canyon, which gives a field at least 50 miles across in which it may be reasonably expected to find more gas.

The drillers are enthusiastic about the prospects of finding oil before very long.

## TRADES DAY GOOD BUT SMALL CROWD

Not Large Crowd in Canyon On Account of the Rush of the Big Harvest That is On.

Monday was Trades Day in Canyon, and while the crowd in town was not large, all of the business houses enjoyed a good day. The rush of wheat cutting kept most of the farmers at home, but many of those who were through with the crop availed themselves of the bargains offered.

Took many of the boys in the Normal band were in the harvest field so that it could not play. Only a few things were brought to the sale so it was not started.

The bronco busting attracted a large crowd to the east end of town at 4:15 where the horse of J. B. Gamble was ridden by a boy from Hereford and also by Tom Manning. Charley Brown rode a horse which he brought there for the occasion.

## Men Discharged from Service.

Captain S. R. Griffin was in the city Monday, having been discharged from the city. Dr. Griffin will not return to Canyon, but will practice his profession in Amarillo. His many friends are sorry he has decided against returning to Canyon, but are glad he will locate in the next best town.

Arthur Gober returned Wednesday from services in the navy.

Guy Ballard arrived Saturday from France where he has been for almost a year.

Will Black got back Sunday from nearly a year spent in France.

Elmer Shotwell arrived in the city Friday. He has been in the aviation services for over a year.

Wayne Gray and his bride arrived Friday from California where Wayne was in the balloon service. He was married in California.

## Tulia Celebration Saturday

A big celebration will be held on next Saturday in Tulia for the returned soldiers from Swisher county and all other men who have been in the service are most cordially invited to be present.

The program will extend throughout the day, and Tulia is extending a hearty welcome to all of the people of the Plains country to join with the people of Swisher county in the celebration.

## Joins Happy Oil & Gas Company.

A. F. Allen of Fort Worth and New York City, representing eastern capital, has associated himself with A. B. Miller and the Happy Oil & Gas Co. Mr. Allen is an experienced oil man and has been in this country several times looking over the oil situation.

The machinery is now in the ground and the well will be spudded in within the next few days.

## Examinations Next Monday.

State Examinations will begin at the Normal next Monday for those attending the summer normal. Over two hundred students will take the first series of the examinations. The second series will be held a little later.

**Glenrio Oil Company Drilling.**

Work is under way on the Glenrio Oil Company's structure north of Boise Switch, on the Landerin ranch in Oldham county, the contractors having received several carloads of materials. A water well is being drilled for use in connection with the oil well. The contractors, Messrs. Lenox & Harter, are using a 5-ton truck to haul the derrick timbers, rigging, casing, etc., from Boise to their drilling site, which is on section 7, Tp. 8, N. R. 2 East, about six miles north of Boise. The company has no treasury stock for sale, as all of its capital stock has been fully subscribed and paid for, and is interested only in proving out the structures on its holdings, of which there are two. In so far as surface indications go, these structures have been highly recommended by eminent geologists, who have made a thorough survey and study of the company's holdings. Several years ago, a professor of geology from one of the leading western colleges spent a vacation on this ranch, and became very much interested in the contour of the country and for his own diversion spent considerable time in going over the land now held by the Glenrio Oil Company. He then stated that surface indications for oil were all that could be desired on this stretch of land. Though the professor's opinion was regarded as being within the bounds of possibility it was not regarded as being within reasonable probability until after it was proven that Amarillo territory had gas of a grade that strongly indicated the presence of oil. Of course there may be no oil, but the company is organized for the purpose of proving out its field and all the known quantities in the equation strongly indicate that the development of the unknown quantities will show oil.

**Control of the Packing Industry.**

Congressman Marvin Jones has introduced in the House a Bill similar to the one recently introduced by Senator Kendrick, providing for control of the slaughtering and meat packing industries. Some provisions have been added and other provisions of the Kendrick Bill have been made more specific. With reference to the same Mr. Jones made the following statement:

"There are certain phases of the Packing industry which are very much in need of control in the interest of the public.

First: Refrigerator cars should be made common carriers in order to abolish the discrimination which privately owned cars occasions. However, in this connection the railroads should be required to furnish the same character and class of equipment which is now furnished by the packers so that there may be no reduction in the character of service or the quality of the product as delivered.

Second: The Packers interest in the Banking and Cattle Loan Companies, which deal directly or indirectly with the cattle producer, should be regulated in such a way as to prevent the congestion of the cattle market by the manipulation of call loans or short time obligations.

Third: The practice of the purchasing agents in any one cattle market of notifying the purchasing or commission agents of the packers in other cattle markets of price bid on any particular cattle, thus making it impossible for the live stock owner to seek other markets for his animals, should be forbidden.

Fourth: As a direct result of privately owned refrigerator cars concerns engaged primarily in slaughtering or meat packing are given an advantage in the distribution of articles of commerce that are unrelated to the meat packing industry and that cannot be properly termed by-products inasmuch as some of the articles distributed have no ingredients that are derived from the products of such slaughtering or meat packing industries.

Of course, great care is necessary in carrying out such regulations in order to see that the meat packing industry is not seriously handicapped or crippled. The entire country is interested in seeing that the packing industry remains efficient and continuous in operation. At the same time it seems that proper regulation is necessary to prevent abuses in connection with such industries.

Whenever it is necessary to economize on cooking begin with the fancy dishes and keep the substantial.

After frying fish, boil out the pan with soda water, washing clean. Put on the fire and shake some oatmeal in. Chicken must always have plenty of sleep. If they are up late at night they must sleep longer the next morning.

After using cold starch allow it to stand all night. Next morning pour off the water and use again.

**The Quinine That Does Not Affect the Head**

Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of E. W. GROVE, JR.

# MOORE, MATHIS & CO.

## JULY REDUCTION SALE

### SEMI-ANNUAL CLEAN-UP

OF ALL LADIES READY-TO-WEAR

According to our custom, twice each year—January and July—we "clean house" in this department and prepare for the coming season.

Soon Fall stocks will be coming in and every bit of floor and shelf space will be needed. Further, we do not wish to carry stock over from season to season, hence, the knife has been applied to prices, and we have cut deep.

SERGES, POPLINS, TAFFETA

# SUITS AT ONE-HALF PRICE

The season's best colors and styles are represented in this collection. EXAMPLES—

Regular \$69.50 Suits, reduction sale price	\$34.75

### The Randall County News

Incorporated under the laws of Texas

C. W. WARWICK, Managing Editor

Entered at postoffice at Canyon, Texas, as second class matter. Office of publication, West Houston St.

SUBSCRIPTION, \$1.50 PER YEAR

A bill is before the legislature of Texas to give each man returning from the service a bonus of \$300.00. A vast majority of the men are opposed to it. They are not asking the people for more than a job and to be let alone to work out their own destiny. They are opposed to settling upon the state a debt of \$50,000,000.00 which they themselves will have to pay back, to a large extent, during the coming years. To a small percent of the men the bonus would be a God-send; to another percent it would be a calamity; to a majority of the boys the bonus would be an insult. The bill seems to be presented for no other than political reasons. It may pass the legislature, for in opposing anything that has to do with the welfare, or pro-

poried welfare of our returned soldiers, one lays himself liable to being called a pro-German, Bolshevik, slacker, and a bunch of other horrible names. But should it get that far, the courts will kill it. The bill is going to have more kick in its reaction against the sponsors than they have ever dreamed.

President Wilson admits that the peace treaty is not what he or any other member of the commission would have written, once given their own say about matters. The treaty remakes the map of almost the whole of Europe and takes in several sections of the remaining world. It would indeed be a miracle if the treaty suited all concerned. Least of all it suits the Germans, and a small bunch of American senators. It is as fair a peace as could be written after six months' intensive deliberation. It will be ratified by the United States senate after a certain amount of hot air has been exploded, and ratified just as it was written in Paris.

America can no more be removed from world politics than can the wheels be jerked off of a jitney and at the same time travel over the ground. A little nation may turn its back on the world and get along after a fashion, but the big nation that tries to do this will sooner or later have the world on its back. America as a world power will fare better as a member of the League of Nations than to be opposed to a League of Nations. But we will be right up in the amen corner ready to join when the roll is called.

It is stated from Dallas that the Republicans of Texas are going to put out a strong state ticket next year

## All Worn Out

Does morning find you with a lame, stiff and aching back? Are you tired all the time—find work a burden? Have you suspected your kidneys?—Canyon people endorse Doan's Kidney Pills. You can rely on their statements.

Mrs. Clouch, Canyon, says: "A short while ago, my back and kidneys began to cause me a lot of misery. There was just a dull, ache through the small of my back and it was also so sore and lame I could hardly bend over to do my work. When I did manage to stoop over, such a sharp, stinging pain would catch me, making it hard for me to straighten up. I was all worn out and could scarcely get around at times. I became dizzy and had headaches and my kidneys didn't act right at all. I saw Doan's Kidney Pills so highly advertised that I bought some and three boxes cured me entirely."

60c. at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

with a view of defeating the Democratic candidates. In fact, it will be a wonderful thing for Texas if they muster enough strength to make it uncomfortable for some of our politicians. State government is always better where there are two parties of nearly equal strength.

A ride through the country is a wonderful revelation as to what the Panhandle will produce once it is given a fair show. The big wheat shocks are so thick as to make it almost impossible to drive through in many places. And the row crop is wonderful. Grass could not be better. Everything is prosperous in the Panhandle.

Ordinarily, a little dry weather in July would scare Panhandle farmers, but this year it was just what they wanted. All of our big wheat crop was cut and in the shock, and some of it threshed without getting wet. And the row crop has not suffered either. Generally things break right for the Panhandle farmer.

Right now is the time to pave in Canyon. No use to put it off another year. We have been talking about paving for years. Every person in Canyon realizes the necessity. A little boosting will put the job over this year. Say something, folks, and let's get busy on it.

Italy has solved the high price of foods problem; just turned the mobs loose on the profiteers. If there is a real underlying cause for high prices, they will soon return to the high level. If it just pure profiteering, the method is sufficient.

What will Wilson do with the Mexican situation seems to be uttmost in the minds of some people. From the way the army is being demobilized, it would seem that nothing is being planned for the immediate future.

The reports of finding natural gas in the Palo Duro well is interesting indeed. Canyon ought to be burning gas before many months. A good supply of natural gas means cheap fuel, and cheap fuel brings big factories.

Business in Canyon is fine, and the prospects are the best in years. The farmer is in better condition than he has ever been. A little building will help Canyon wonderfully.

One of Canyon's doctors said yesterday morning that the most dangerous road in Randall county was around the square. He has driven over all of them by day and by night. What better argument for paving right now.

A prominent citizen stated yesterday that Canyon has no need for a speed law. If any car would attempt to break the speed limit on the public square, it would certainly turn a somersault. And yet we don't pave!

There may be a great supply of natural gas in the new well on the canyons, but that isn't stopping the wise from putting in his next winter's coal now.

The kaiser is going to have to stand trial in London in spite of all the protests from his bunch of square-heads in the fatherland. It will be a fair trial, and justice given the defendant. But justice is far from what the old boy is looking for.

Trade with Germany has been resumed. Those wanting German goods please do not all speak at once.

Coming to the Olympic, Wednesday and Thursday, July 30-31—"THE UNPARDONABLE SIN." Prices 35c and 20c. Don't miss this one.

Perhaps it would be better to allow the Irish to get together and decide a few little things among themselves before America steps in and proclaims Ireland a republic.

A president of Ireland who is not called Mike or Pat is certainly a curiosity. But his high-sounding name is bringing down the house in this country.

The agricultural bill, of which the daylight saving plan repeal was a part, has been vetoed by the President, and in the house an attempt to pass it over the veto has failed.

Every boy in Canyon should get into the game and join the Boy Scouts. It is one of the greatest things a boy can do to make him a manly young man.

Argentine has joined the League of Nations. Some of our senators still insist on making America the laughing stock of the world by keeping us out.

The only reason President Wilson could see beauty in Hoboken is found in the fact that he was coming from France.

The politicians are strong after the soldier vote. All kinds of inducements are going to be thrown out. But in the meanwhile, the soldier is sitting tight and saying nothing.

Walter J. Crawford has resigned as member of the normal school board of regents. He was condemned for his part in the prison farm transaction. Governor Hobby has not yet appointed his successor.

Jim Ferguson is advocating Joe Bailey for president, which is sufficient to defeat him, if Joe ever really had the ghost of a chance.

Burleson seems to like it the more they talk about him. Not many men would stand being so bitterly criticized and stay on a public job.

Come to Canyon to live.

Drink  
**Coca-Cola**  
DELICIOUS and REFRESHING

The taste is the test of  
Coca-Cola quality. The  
flavor is the quality itself.

Nobody has ever been able to  
successfully imitate it, because  
its quality is indelibly registered  
in the taste of the American  
public.

Demand the genuine by full name

**JOHN A. WILSON, Randall County Agent**

The Worm Drive. The extreme simplicity of the Coleman Tractor is due to the successful and proved application of a well-known power principle, the worm and worm gear. The old-fashioned jack screw is one of the simplest and most powerful mechanisms in existence. The Straight Line Worm Drive of the Coleman cuts fuel consuming, machine-wearing friction, resulting in the least friction of any tractor yet built. Guaranteed for life of the tractor. The worm gear is the Coleman Tractor is simply the jack screw principle applied to the tractor. The most popular high-class trucks have used the worm gear for years. The Coleman is the FIRST tractor using this powerful and simple power transmission.

**Sheriff's Sale.**  
THE STATE OF TEXAS,  
County of Randall.

By virtue of a certain Execution issued out of the Honorable County Court of Randall County, on the 12th day of May 1919, by O. W. Gano, Clerk of said Court against J. D. Bybee, for the sum of Two Hundred Ten and 50-100 (\$210.50) Dollars and costs of suit, in cause No. 537 in said Court, styled Grover C. Utz vs. J. D. Bybee and placed in my hands for service, I, Worth A. Jennings as Sheriff of Randall County, Texas, did, on the 8th day of July 1919, levy on certain Real Estate, situated in Randall County, described as follows, to-wit:

All of the Southeast 1-4 of Block 10 in Heller Addition, to Canyon,

Texas, and levied upon as the property of said J. D. Bybee and on Tuesday, the 5th day of August, 1919, at the Court House door of Randall County, in the city of Canyon, Texas, between the hours of ten A. M. and four P. M. I will sell said property at public vendue, for cash, to the highest bidder, as the property of said J. D. Bybee by virtue of said levy and said execution.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Randall County News, a newspaper published in Randall County.

WITNESS my hand this 8th day of July 1919.

WORTH A. JENNINGS,  
Sheriff Randall County, Texas. 15-43

**What They Ate.**

During the war 3,700,000 American soldiers ate 800,000,000 pounds of roast beef, 150,000,000 pounds of bacon, 1,000,000,000 pounds of flour, 17,500,000 pounds of butter, 11,000,000 pounds of oleomargarine, 150,000,000 pounds of baked beans, 487,000,000 pounds of potatoes, 40,000,000 pounds of onions, 150,000,000 cans of corn, beans and peas, 190,000,000 cans of tomatoes, 107,000,000 cans of peaches, prunes and apples, 350,000,000 pounds of sugar, 200,000,000 cans of evaporated milk, and 75,000,000 pounds of coffee. The average soldier gained twelve pounds in weight.

Pershing has officially thanked the city of Paris, which leads us to believe that Pershing didn't do any retail shopping on his own account while there.—New York Morning Telegraph.

Apparently if Germany and Austria had been entrusted with the job, they could have fixed up peace terms that would have suited them exactly.—Kansas City Star.

**MARKETING HOGS**

beats burying them. Steve Hoover, Mt. Pleasant, Iowa, writes, "Commenced feeding my herd of about 100 hogs B. A. Thomas' Hog Powder over two months ago. Fifty were sick and off feed. Nearby herds had cholera. I did not lose one—they are well and growing fast."

W. H. HICKS.

**Some Don't's to Observe that We May Make the Boys "Happy and Feel at Home."**

Here follow a few "don'ts" for the family which has a son returned from France or the Army of Occupation. If these instructions are closely followed, it is needless to say that the boy will "feel at home" and will no doubt shed tears of gratitude at each act of kindness bestowed upon him by the loving family.

**DON'T**—fail to feed him BACON for breakfast—the fat, greasy kind. He's been eating it every morning since landing in France, calls it "A. E. F. Chicken" and can't get along without it.

**DON'T**—think that he has a horror of RICE. He has gargled that Chinese junk "over there" as regular as mess call sounded. His army constitution now demands it.

**DON'T**—neglect to lay in a supply of PRUNES. They took the place of strawberries while he was chasing the Hohenzolern outfit and a meal without them will take ten years off his life.

**DON'T**—put cream in the COFFEE. In order to please him, prepare coffee in this manner: one teaspoonful of Arbuckles to four gallons of water—preferably disk water—it gives an oriental taste. Insert three drops of condensed milk in this mixture and there you have the key to his heart.

**DON'T**—overlook "SLUM" on your menu. It can be made successfully from "left-overs"—one soup bone will make enough slum-gullion to ration a regiment.

**DON'T**—ever have BUTTER on the table—he loves OLEO. In case of a shortage in oleo, use the axle grease that came with the Ford. If it's a dark day, he'll never know the difference.

**DON'T**—mention Table Manners to him. On account of living on foreign soil he has been associated with strange customs and may take a run and jump for the table, forgetting to remove his hat. All dishes should be constructed of metal for in the gabbing that follows, something might get broke. If he seems rude, just smile at him graciously and say, "Son, you haven't changed a bit."

**DON'T**—appear surprised when upon finishing a meal he grabs his dishes and runs wildly outside in search of a bucket of dish water. Simply make it a rule to have this bucket in a mudhole during the rainy season—the same water can be used from day to day and MUST be cold.

**DON'T**—mind his CUSSING—he must have some way or means of expressing himself and his short and snappy sentences may be liberally punctuated with words of a questionable character.

**DON'T**—forget to make arrangements with the Cornet Player in the town band to have him pass the house each morning at 5 a. m. and blow a few blasts on his trumpet.

**DON'T**—start the day WRONG. The entire family should accompany him to the street at 5:10 a. m. and "marathon" around the block for 20 minutes. After this part of the day's program is completed, a messline should be formed at the back door, led by DAD, who outranks the family—and pays for the month's rations.

**DON'T**—go to any trouble to fix up his room—he would prefer sleeping in the barn. It will remind him of his BILLETS in France and gives him that "back to nature" feeling.

**DON'T**—neglect bathing facilities. A tomato can and a bar of laundry soap will suffice and oftentimes prove a luxury.

**DON'T**—say "Please will you do this" to him. Just yell at him with the gruffest tone you can command and "CRAB" at him for not showing more PEP. That will make a hit with him instantly.

**DON'T**—allow him to get familiar with the family. Make him stand at "attention" and "salute" at each and every interview—and if a coat button missing—summon the sheriff and commit the culprit to the BRIG.

**DON'T**—call him by his name—just yell "BUDDY" at him and he will always respond—

**PAIGE**

The Most Beautiful Car in America

**A Real Champion**

ENDURANCE and stamina are the two essential attributes in the field of sport. True championship form is more a matter of backbone than anything else. It's the ability to last that wins.

Take a look under the hood of a Paige "Larchmont" and you will see why this car is a real champion of champions. Sit behind the wheel, throw the gears into high, step on the accelerator—and watch the speedometer needle climb up to express train speed.

Then—simply obey that impulse. You will make no mistake.

New Series Linwood "Six-39"—five-passenger—\$1555  
New Series Essex "Six-55"—seven-passenger—\$2060

Prices f. o. b. Detroit.

PAIGE-DETROIT MOTOR CAR CO., DETROIT, MICHIGAN

**E. BURROUGHS, Agent**

that's the only name he had in the A. E. F.

**DON'T**—let him get lonesome. At times it would be advisable to call in the neighbors and start a Crap Game. This offers a pleasant pastime and may not—owing to the player's skill—fill the coffers of the family treasury.

**DON'T**—display your ignorance of the FROG LANGUAGE. If he says "BON JOUR" you should always answer as "SOUVENIR." His stay in France has given him the complete mastery of that tongue and he'll no doubt use "beaucoup" words that smack of "pomme de terre fruit."

**DON'T**—question his STORIES of the war—although at times his lies may not hang together perfectly. The "WHIZ BANGS" at the front may have affected his memory. If he tells you that Sir Douglas Haig was a sergeant in his squad—just believe him, for, after all,—HE'S YOUR SON.

**Famous Goodnight Ranch Sold.**  
A contract of sale for the Goodnight Ranch was signed last week, whereby W. J. McAllister, of Wichita Falls, becomes the owner and Col. Goodnight has placed to his credit about \$200,000 in cash. Judge O. H. Nelson, of Romero, and Sam Huggins of Amarillo put the deal over.

Col. Goodnight retains the use of the old homestead as long as he wishes and is retained at a salary for 12 months to manage the stock interests of the ranch. He also retains one-half the oil royalties, should there be any, and a well is now being drilled on the ranch.

McAllister will continue the cattalo and buffalo herds and build an elegant ranch home at the Spring Creek headquarters near the canyon. McAllister was a driller in the Burk Burnett field and having an eye to business picked up some leases on which he made a fortune, and he is now salting down a portion of it in the splendid Goodnight ranch. About 3400 acres go with the Goodnight ranch and negotiations are being made for 10,000 acres of the J. A. Ranch of Mrs. Adair, which Mr. McAllister will add to the Goodnight ranch.

The League of Nations Covenant has flaws in plenty, but we should like to see the document Senators Lodge, Borah, Johnson, Reed, and Sherman could agree on.—Syracuse Post-Standard.

It may be Leonard Wood and then it may be Leonard wouldn't.—Indianapolis Star.

**"Completely Discouraged"**

In the feeling and plaint of women who are "run-down" so low that work drags, head aches, back aches, dragging down feelings, dizzy, pale and weak, little things annoy and "every thing goes wrong."

Look the other way just a minute and see what Dr. Pierce's Favorite Prescription has done for more than a million women in the last fifty years.

What it has done for others it can do for you. A helping hand to lift up weak, tired, over-taxed women—that's what you'll find in Dr. Pierce's Favorite Prescription. It gives you just the help that you need. To be had in liquid or tablet form, 60 cents, at all drug stores.

It is a medicine that's made especially to build up women's strength and to cure women's ailments—an invigorating, restorative tonic; soothing cordial and bracing nerve; purely vegetable, non-alcoholic, and perfectly harmless.

PADUCAH, KY.—"After first becoming a mother, I was in miserable health. I developed a severe case of woman's trouble, and suffered with backaches and pains in my side. I got so bad that I was a complete nervous and physical wreck and had given up hopes of getting better when I began taking Dr. Pierce's Favorite Prescription. I soon started to improve and was convinced that I had found the right medicine for my trouble. I kept on taking the 'Prescription' and my health was completely restored. I am always ready to speak a good word for this wonderful woman's medicine."  
—MRS. ANNIE SMITH, 1119 N. 15th Street.

# CLOTHING SAMPLES

We will have our samples for fall and winter clothes on or before August 5th. We will have the snappiest and most up-to-the-minute line it has ever been our pleasure to show.

See these samples before getting that new suit. We will save you money.

## Star Tailor Shop

CHAS. HARTER, Prop.

A housewife should never let herself get too tired, or a rest will do her no good.

Olive oil, or a substitute, applied with a flannel, will preserve black leather shoes.

Place a small piece of gum arabic in the water used to dampen cloths, when pressing.

Whole wheat bread and butter, and a good salad, forms a most wholesome luncheon.

Use cheesecloth for the pantry windows. It is more desirable than wire screening.

Quick tapica and junket tablets should always be included on the emergency shelf.

### TREATY RATIFIED BY GERMAN ASSEMBLY

OPENS WAY FOR LIFTING OF ECONOMIC BLOCKADE BY THE ALLIES

Weimar—The resolution ratifying the peace treaty has been adopted by the German national assembly by a vote of 208 to 115.

The text of the ratification resolution, as introduced in the national assembly, consisted of two clauses, reading as follows:

"The peace treaty between Germany and the allied and associated powers, signed on June 28, 1919, and the protocol belonging thereto, as well as the agreement relating to the occupation of the Rhineland, signed the same days, are agreed to. This law comes into force on the day of its promulgation."

Most of the ministers were present at the meeting of the national assembly when ratification of the peace treaty took place and there was a full attendance of deputies.

Dr. Hermann Mueller, foreign minister, in introducing the government bills, explained that the hastening of the ratification order would bring about the lifting of the blockade. "We are about to enter upon a forty years' march through a desert," he said. "I can find no other term for the path of suffering which fulfillment of the treaty prescribes for us."

Dr. Peter Spahn, leader of the Catholic center party, said: "We agreed to the treaty under hard conditions to save ourselves from aarchy and to preserve the German land from internal ruin."

### Saving Stamp Traffic Will Be Checked

New York—The war savings committee announces that the operations of unscrupulous traffickers in thrift and war savings stamps were being investigated with a view to prosecution. The investigation is being carried out under instructions from the treasury department. The committee said that many persons fail to realize that war savings stamps can be redeemed at any postoffice for their face value, plus interest.

### Foreign Oil Holdings Confiscated

Washington—Confiscation by the Mexican government of the property of the British-Mexican Oil company, a British company, with several American stockholders, the first actual confiscation under the Carranza decrees which have been the subject of protests from Great Britain, Holland, France and the United States, was reported by the state department.

### Police Drive Against Habitual Idleness

Dallas—Men who have imitated small boys by going fishing to avoid work, will find that there is no rest for the wicked, because the chief of police of Dallas has announced that the police will patrol the creeks and the lakes just the same as the drug store corners and the parks to find habitual idlers.

### President Approves Bills

Washington—President Wilson has signed the army, navy, deficiency and District of Columbia appropriation bills and the resolution cancelling the act under which the telephone, telegraph and cable companies were taken over during the war.

### Huns Want to Withdraw Gradually

Berlin—Reports received here from Versailles said the German peace delegation had handed a note, to Premier Clemenceau, asking that German withdrawal from the territory ceded to Poland be as gradual as possible.

### For Motor Company Reorganized

New York—A syndicate has been formed here, it is announced to undertake the financing of a \$75,000,000 one-year credit for the Ford Motor company of Detroit.

### Strikers Stone Houses in Paris

Paris—Striking workmen swept down the boulevards of Paris recently from the Rue de la Paix to the Place de la Concorde, stoning the restaurants and cafes which had not joined in the strike.

### Plot to Ship Food to Germans

Coblentz—Additional arrests are expected, it was said by army officers in connection with the recently uncovered plot to ship food intended for American troops on the Rhine into unoccupied portions of Germany.

### Tennessee Day at State Fair

Dallas—From all indications there will be a state club of former Tennesseans formed and a special "Tennessee Day" at the state fair named, Colonel Jno. N. Simpson, president of the fair association has announced.

### Monument to Americans Being Built

Verdun—Monuments to commemorate the achievements of the Americans in the battle of the Argonne are being built, details of the work being attended to by different army units.

### Exemption Board Men to Organize

Dallas—A meeting of all the men who served on the local exemption boards of Texas will be held on Aug. 11 in Dallas for the purpose of forming a state organization and adopting a constitution.

### GREGG COUNTY NOW UNDER MARTIAL LAW

WHITES AND NEGROES ORDERED TO TURN IN FIREARMS TO MILITARY AUTHORITIES.

### SITUATION REMAINS SERIOUS

More Guardsmen Arrive and No Further Trouble is Expected Following Killing of Negro Bush.

Longview, Texas.—Longview and Gregg county were placed under martial law at noon Sunday, following the killing of a negro by white men and because of increasing local uneasiness over the feeling between whites and negroes.

All people are ordered to turn in their firearms to the military authorities. Thereafter houses of both whites and negroes will be searched for weapons. All persons are commanded not to congregate about the town, and must be off the streets and in their homes by 10 o'clock at night.

The order issued by Brigadier General R. H. McMill of Dallas, in command, and Lieutenant Colonel H. C. Smith of Austin, adjutant, after a telegraphic proclamation of martial law by Governor Hobby, says that "protection will be afforded all citizens of Longview and Gregg county at all times."

Officers say that they have the names of some of the white men who are supposed to have gone to the negro quarter when the first race clash occurred, and that these men will be arrested.

About 250 national guardsmen and eight rangers are on duty here. One hundred guardsmen have arrived from Dallas, Terrell, Greenville, Tyler and other points.

Marion Bush, the negro killed early Sunday morning, was the father-in-law of C. P. Davis, Longview negro physician, who, with S. I. Jones, the negro school teacher, were involved in the original trouble, and made their escape. Jones had been accused of writing an article, referring most offensively to a white woman of this county. The article appeared in a Chicago negro paper which Jones claimed to be Longview. He denied, however, that he was the author.

### PRESIDENT WILSON VEToes THE AGRICULTURAL BILL

DAYLIGHT SAVING REPEAL RIDER IS CAUSE FOR ACTION OF PRESIDENT.

Washington—The daylight saving law has been rescued from repeal by President Wilson's veto of the agricultural appropriation bill.

At the same time the president also vetoed the sundry civil appropriation bill, because, he said, by restricting funds, it crippled the work of rehabilitating and restoring disabled soldiers and sailors to civil life. The latter veto apparently accepted by congress without contest and the sundry civil bill went to committee to be reformed.

Veto of daylight saving, however, was not accepted so readily, although the prevailing opinion was that a necessary two-thirds vote to repeal it over the president's head probably would not be mustered.

Republican Leader Mondell of Chairman Vaughan of the agricultural committee, will move the repeal of the bill, with the daylight saving repeal intact, over the presidential veto.

Both bills provide funds for which agencies of the government have been waiting. They already are months behind schedule because they failed of ordinary passage in the last congress.

At the same time, however, the president signed the Indian bill, the resolution authorizing New York and New Jersey to arrange for a vehicular tunnel under the Hudson river and various minor measures.

### Trade With Germany is Resumed

Paris—M. Clemenceau has sent a note to Baron von Lersner, head of the German peace delegation, officially notifying the Germans that, having received official notification of the ratification of the peace treaty, the allied and associated governments had given orders that the blockade of Germany be raised.

### Strike in Berlin is Settled

Berlin—As a result of intervention by the federation of labor, a settlement of the transportation strike here has been effected. Traffic is resumed after a suspension of 12 days.

### Quits Board of Normal Regents

Austin, Texas.—Walter J. Crawford of Beaumont, has resigned as a member of the board of regents of the state normal college.

### Secretary of State Lansing Embarks

Brest.—Robert Lansing, American secretary of state, who is returning to Washington, embarked on the steamer Rotterdam.

### Foodstuff Speculators Prosecuted

Paris—Four men, convicted of illicit speculation in sugar, were sentenced to from one to fifteen months' imprisonment and fined in the aggregate 100,000 francs by the criminal court at Versailles.

"THE UNPARDONABLE SIN"

**Former Canyon Boy Makes Good.**  
Mrs. John Begrin hands the News the following from the Ft. Worth Record regarding Joseph Lorkowski, a grandson of Mr. Begrin's, who lived in Canyon 11 years ago, working with his father at the carpenter trade:  
Occasionally dreams come true, as they have in the life of Joseph M. Lorkowski, sculptor and soldier, whose bronze statue of a "Devil Dog," made since his return from the war, is now in the Marine library at Washington. The story of Joseph Lorkowski reads like a fairy tale, and is far more wonderful than the plot of many a movie.  
Being transported in ten days from the life of an humble carpenter to a suite of rooms in the home of one of the most famous artists of the coun-

try was such a speedy transformation as to turn the head of most boys, for he was but a boy when he left Fort Worth, just at the beginning of the war. The history of Lorkowski's earlier years is known to many in Ft. Worth, where he formerly made his home and where his mother, sisters and brother still live, and there are many interested persons who helped him find his land of dreams. Though of Polish parentage, Joseph Lorkowski was born in Detroit, coming to Fort Worth with his parents when but a child, and growing up here. His first ideas of art were obtained in the public schools of cities where he lived, aided by various exhibitions he was privileged to see.

Creation with him was an inborn gift, and having no medium at hand for expression he used the common clay of the soil taken from the Trinity river bottom. Many of his first carvings were made in ordinary plaster, a material which took the utmost patience to carve and the greatest surety of touch. His first moldings were done in papier machine. When first discovered his work was regarded as most remarkable by those who were initiated as well as by those who were not, and when such men as Lorado Taft and Henson, the art dealer, pronounced it real genius, then every effort was made to give Lorkowski proper training.

Time after time plans for getting him to New York failed, but finally his passage was secured, and with letters of introduction to prominent business men and artists of the metropolis, he was on his way.

He entered the Academy School of Design, intending to room wherever he could find a reasonable lodging, but when Hermon McNeil, the famous artist, saw his work he invited him to make his home with him and gave him a suite of rooms attached to his studio.

Here the young student met many of the world's greatest in art and literature, and so devoted were his friends that they made every effort to round out his scanty education and give him the best foundation on which to build his career. In the two years

spent at the School of Design he was awarded the first prize for the best model of the human figure. This being a school for advanced students only, the award was all the more of an honor.

About this time America entered the war, and Joseph Lorkowski with all other true Americans, determined to do his share, and entered the marine service, in which he also won distinction, and from which he was honorably discharged last January.

With his release from government service he returned to the studio of Hermon McNeil, and modeled the "Devil Dog", which has been cast in bronze and adorns the library of the marines at Washington. The remarkable statue of the Indian "On the Alert," is one of his later works, though the Indian on horseback, which has been for several years in the Ft. Worth Public library is considered almost as good.

It is believed by many that Joseph Lorkowski will become one of the world's great sculptors, and that Fort Worth will point with pride to the fact that his childhood home was here and that many of his early works are in the Fort Worth art museum, as well as to the fact that there were enough people in the city who realized the value of such a life, to give the lad possessed of real genius a chance to fulfill his promise.

He is still in the early twenties, surrounded with all that could be desired to give inspiration to his work, and with a fineness and stability of character which will play an important part in giving to the world a future great master.

**Colds Cause Grip and Influenza**  
LAXATIVE BROMO QUININE Tablets remove the cause. There is only one "Bromo Quinine." E. W. GROVE'S signature on box. 30c.

**FRENCH FUNERAL FOR A YANK.**  
From the Stars and Stripes.

When the Americans visit the final resting place of their comrades they will find evidence in many instances that the people of France have not forgotten those who died in defense of their country. Well kept mounds, topped by the simple cross, will greet their eyes.

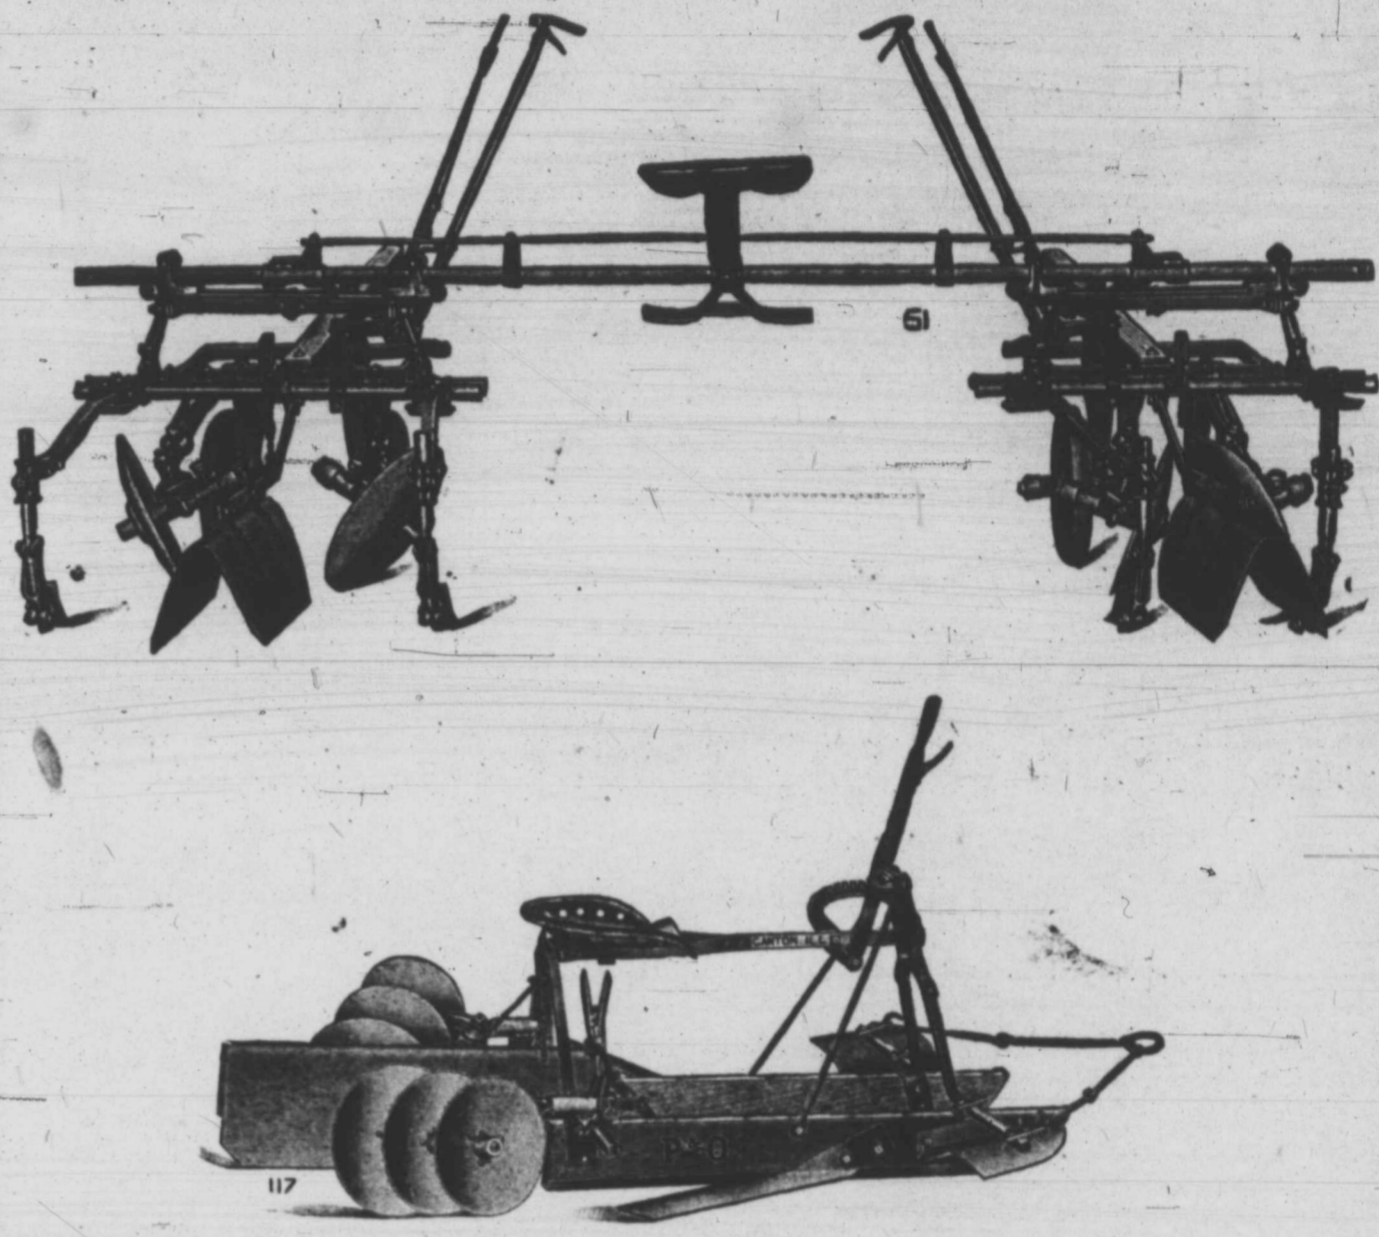

An instance of this kind devotion to the memory of the Americans who came to the aid of France is contained in a child's letter passed through the Stars and Stripes' Bureau of the American Red Cross. —The writer was little Esperance Aubert, who lives in a small village on the Isle De Moines, in the North Sea. The child's father was a Bretagne sailor in the French navy and lost his life when the mine sweeper on which he served was destroyed by striking a mine. This left the widow and her small children without a bread winner, and the family was in very poor circumstances when Esperance was selected under the Stars and Stripes plan, as the mascot of an American airunit.

In the letter the little girl apologizes for her tardiness in writing. "Mother has been busy in the fields digging potatoes, and, with my little sister, I had to pick them up, she said. — I worked very hard during these holidays, and had much play, too.

"Mother will send our photo in a few days. We were taken with crowns which we wore at the funeral of an American sailor from the ship Florida. This poor man's body was found on the beach. Mother had made everything ready for the funeral, which was very pretty. There were boys carrying the American flag and two huge bunches of flowers. My little sister and I were carrying a large tricolor crown that we had had for our father. The hearse and coffin were covered with tri-color flags and flowers. As you are so

## "FAKE" ASPIRIN WAS TALCUM

Therefore Insist Upon Genuine "Bayer Tablets of Aspirin"

Millions of fraudulent Aspirin Tablets were sold by a Brooklyn manufacturer which later proved to be composed mainly of Talcum Powder. "Bayer Tablets of Aspirin" the true, genuine, American-made and American owned Tablets are marked with the safety "Bayer Cross."

Ask for and then insist upon "Bayer Tablets of Aspirin" and always buy them in the original Bayer package which contains proper directions and dosage.

Aspirin is the trade mark of Bayer Manufacture of Monoaceticacidester of Salicylicacid.

kind to me, dear god-fathers, mother and I continue to take care of the grave, and mother would like to be able to put a cross over it."

This letter was written many months ago. Not only did the good woman and her children make the arrangements for the American's funeral, but the funeral procession included practically every person on the small island. And little Esperance and her mother continue to care for the grave.

It is stated that 65 per cent of the Rockefeller Foundation's income expended during the years 1917 and 1918 was given for war work. The

same so used amounted to \$17,042,000; of which the Red Cross received \$8,000,000 and the Young Men's Christian Association, \$3,845,000.

Wis men are instructed by reason; men of less understanding, by experience; the most ignorant, by necessity, and beasts, by nature.—Cicero.

"French Grieved at Our Senators." —Head-line. Well, they don't feel any worse about 'em than we do. We have to live with them.—New York Call.

We wouldn't mind modifying the treaty if we knew of some way to modify the Hun.—Greenville (S. C.) Piedmont.

This week the Baptist lead in Normal student Sunday School attendance. The following is the report: Methodist—Boys 2, girls 48. Baptist—Boys 12, girls 57. Church of Christ—Boys 3, girls 22. Christian—Boys 1, girls 14.

Mr. Warwick who has been a worker with the Y. M. C. A. in France, gave a very interesting talk at the Methodist church Sunday night about the Y. M. C. A.

Miss Jimmy Hammon of Chillicothe who has been here for observation work in the elementary school returned to her home Wednesday.

Clyde Riley of Wellington has been here visiting his friend, Miss Allie White.

Mrs. Gunter of Wheeler came in Sunday night to see her daughter, Irene, who was ill. She returned to her home Monday, taking Miss Irene with her.

Mr. Wrenn of Memphis was here Monday to see his sister, Miss Neuille Wrenn who is a student here.

Mrs. Goodner of Petersburg spent the week-end at the Huntleigh hall with her daughter, Miss Jessie May. Art classes 31 and 31 went for a hike Tuesday evening taking their lunches with them. You should see our sketches.

The Huntleigh Hall girls gave a girl's dance Saturday night and had several girls as guests. They served refreshments of cake and ice cream. Mrs. Luke furnished the music. Misses Rambo and Malone were chaperones.

Irene Garner entertained the Junior Y. W. C. A. with a tacky party at her home Monday evening.

Jimmie Knox a former student of the Normal, was a Canyon visitor on Monday.

Last week a Junior Y. M. C. A. was organized with the following officers:

Davis Hill—President.  
Connie Oden—Vice President.  
Ira Jenkins—Secretary.  
Polly Clark—Treasurer.

Mrs. Frass of San Antonio a former student of our was visiting the Normal and Canyon friends this week.

A Y. M. and Y. W. sunrise breakfast was announced for last Monday morning. An urgent call for the boys to work in the harvest fields and a shower of rain Sunday night reduced the number to one boy and fifteen girls. These, however, had their breakfast on the campus. To the one boy, we say: "None but the brave deserve the fair."

Miss Lula Smith spent the week-end in Amarillo visiting friends. Prof. T. A. Taggart of Crowell is here in the interest of the Ginn Publishing Company.

The Y. W. C. A. held a recognition service Friday evening for the new members. This was followed by a short program. Corp. K. C. Faulkner, who has recently returned from France and has been in the hospital at Ft. Sam Houston came in Thursday morning to visit his home folks, F. M. Faulkner and family.

Mr. and Mrs. Homer Burge, Mrs. George Burge and Jesse Burge of El Reno, Okla., visited at the Faulkner home the first of the week.

Miss Hannah Swearingen visited her parents at Happy Sunday and Monday.

Misses Zelma Red and Carrie Wood Cleveland visited relatives in Amarillo Sunday and Monday.

The Sophomores are planning a trip to the canyon next Saturday. For Elkhorn, Miss Ada Terrill and

Miss Clara McLaughlin met Lieut. Marvin McLaughlin, who has just returned from France in Amarillo last Monday evening.

Dr. Hay, of Amarillo made an interesting talk in chapel Wednesday. Mrs. Tubbs of Lipscomb is visiting her friend, Mrs. Thomas, this week.

Herman Glass, a former student of the Normal, has just returned from France. He will begin teaching this week in the Normal. The Floyd County Club had an excellent time at the canyons last Monday.

A basket ball game between the summer normal and the summer school students Saturday night resulted in a victory for the Normal students. The score was 48 to 13. Lola Brown of Silverton visited friends in Canyon the week-end.

Lela McMaster has gone home on account of ill health.

Mr. Buckner is away on business this week.

Irwin Glass, a former student, is visiting Katherine Burnett. Miss Mary Clark spent the week-end in Amarillo.

The Junior Y. W. C. A. held a candle service Thursday evening, after which ice cream was served.

Miss Gruver, who is in the Canadian hospital is some better.

Miss Brown, one of the Art teachers, made a business trip to Amarillo Saturday, returning Monday.

Miss Vada Jackson, who has been on the sick list, is in school again. On last Friday morning Capt. W. H. Younger gave in chapel a brief account of his experiences on the Western Front during the few weeks preceding the signing of the armistice. His account of these experiences is one of the most intelligent we have heard.

## Happy Happenings

The drill and all machinery for the test well to be put down by the Happy Oil and Gas Company is being unloaded this week and hauled out to the side of the well 6 miles southwest of town. Work will be begun as soon as the drill can be set up.

Rev. W. C. Rose was visiting friends and transacting business in Amarillo Friday.

Mrs. Wm Cowan went to Amarillo Saturday evening to meet Earl who has returned from France. A large crowd of friends met them at the train Saturday night. They all went to the Hotel where a reception was given Earl.

Mrs. H. G. Koach was shopping in Amarillo Friday.

Lloyd Whitman returned Thursday from Canyon where he was visiting

**LIFT CORNS OR CALLUSES OFF**  
Doesn't hurt! Lift any corn or callus off with fingers

Don't suffer! A tiny bottle of Freezone costs but a few cents at any drug store. Apply a few drops on the corns, calluses and "hard skin" on bottom of feet, then lift them off. When Freezone removes corns from the toes or calluses from the bottom of feet, the skin beneath is left pink and healthy and never sore, tender or irritated.

## A Better Income for the Stock Farmer

We want to show you the difference in the values of a Range Cow when compared to a Dairy Cow.

The Range Cow is a neglected animal and one calf per year is raised then the cow is sold at prevailing market prices.

The Dairy Cow will produce all that the Range Cow does and in addition to this the Dairy Cow will produce milk, cream and feed for hogs and chickens and in that way you have a chance to sell milk, cream, hogs, chickens, etc., and make more money.

This extra money pays for improvements, feed, general repairs and a lot of other things necessary to the modern farmer.

We are willing to help you to make a change from the Range Cow to the Dairy Cow by loaning our money to you on the cattle in a manner that will enable you to make this change and make more money.

Call and see us about this when in town.

## Case Tractors Lead All Others

Case outfits are the most dependable. The Case is made for every sized farm, made in five different sizes. On account of the scarcity of farm labor this year it will be necessary for every farmer to own a tractor in order to keep up the production that the government expects from Randall county.

I have the Case Tractor and Separator agency in Randall county and ask you to call upon me for further information and demonstration of this tractor before buying.
