ROSWELL DEFEATS NORMAL TEAM

Thanksgiving Season Lost by Score of 26 to 6—Normal Put Up Good Game Against Institute.

Normal vs. N. M. Military Institute. The team of the New Mexico Military Institute defeated our Normal team in a hard fought contest on the Institute field at Roswell Thursday, Nov. 27. Throughout the whole game our men conducted themselves unusually well. However, in the last half the military men succeeded by continually hitting our line, in breaking through for three touch downs. Another touch down was made by the intercepting of Canyon's forward pass. Many substantial gains were made by our men, but they never succeeded in carrying the ball over the opponent's goal line. They were near enough several times, however, to cause the institute much anxiety.

The game by quarters follows: 1st Quarter—Canyon kicked off; Institute's ball on their 30 yd. line; 1st down, Institute through line for 5 yds.; 2nd down, no gain; 3rd down, no gain; 4th down, Institute punts 35 yds.; Canyon's ball; 1st down, Sone, no gain; 2nd down, incomplete pass; 3rd down, Key, no gain; 4th down; Key punts 40 yds.; Institute's ball; 1st down, 5 yds.; 2nd down, 6 yds.; 3rd down, 3 yds.; 1st down, 2 yds.; 2nd down, 5 yds.; 3rd down, no gain; Institute kicks 45 yds.; Canyon's ball on our 20 yd. line; 1st down, Sone around end for 12 yds.; 1st down, Key to Russell Brown, pass for 20 yds.; 1st down, incomplete pass; 2nd down, Sone 8 yds. over Goodwine; 3rd down, Miller 4 yds. through Robbins; 1st down, pass to Ray Brown for 15 yds.; 1st down, Sone no gain; Institute penalized 5 yds.; Key for 3 yds. over Sanders; Battenfield for 1 yd.; Miller for 3 yds.; Key for 4 yds.; 1st down (goal to go) Canyon penalized 15 yds.; end of 1st quarter, score 0-6.

2nd Quarter—Canyon's ball on Institute's 20 yd. line; 1st down, Institute intercepts, pass for 8 yds.; 1st down, Institute through line for 6 yds.; 2nd down, through line for 6 yds.; 1st down, fumble, Canyon recovers ball; 1st down, Sone for 1 yd.; 2nd down, Key for 5 yds.; 3rd down, incomplete pass; 4th down, Miller no gain, ball goes over; 1st down, Institute through line for 5 yds.; 2nd down, no gain; 3rd down, 6 yds.; 1st down, 2 yds.; 2nd down, 4 yds.; 3rd down, 4 yds.; 3rd down, 2 yds.; 1st down, 5 yds.; 2nd down, 3 yds.; 3rd down, 2 yds.; (15 yds. penalty on Canyon) 1st down, no gain; 2nd down, no gain; 3rd down, loss of 3 yds.; 4th down, loss of 4 yds.; ball goes over; Canyon kicks out, Institute's ball on Canyon's 20 yd. line; 1st half up, score 0-0.

3rd Quarter—Institute kicks; Canyon carries ball to our 30 yd. line; Institute intercepts pass and carries it to our 20 yd. line; 2nd down, no gain; 3rd down, 5 yds.; 4th down, 6 yds.; 1st down, 2 yds.; 2nd down, 3 yds.; 3rd down, touch down, Institute fails at goal, score 6-0; Canyon kicks off, Institute's ball on 30 yd. line; 2nd down, Institute makes 6 yds.; 3rd down, 4 yds.; 1st down, 8 yds.; 2nd down, loss of 3 yds.; 3rd and 4th downs, no gain; Canyon's ball, punts out 40 yds.; Institute fails at drop kick and recovers ball; Basset of Roswell for 8 yds.; 3rd down, McQuarters for 1 yd.; end of third quarter, score 6-0.

4th Quarter—4th down, Institute for 4 yds.; 1st down, Basset 23 yds for touch down; Institute fails at goal, score 12-0. Institute kicks off, Sone brings out the ball 15 yds.; 2nd down, Brown takes pass for 34 yds.; 1st down, Institute intercepts a pass and runs 64 yds., stopped by Queen within 4 yds of Canyon's goal; 2nd down, no gain; 3rd down, over for touch down; Institute kicks goal, score 19-0. Institute kicks, Elliston brings out ball; Sone for 5 yds.; 3rd down, no gain, 4th down, Key kicks 30 yds.; Institute carried ball over goal in 3 downs, kicks goal, score 26-0. Institute kicks to Battenfield, who brings ball out 10 yds.; 2nd down, Key for 3 yds.; pass, Battenfield to Elliston for 25 yds.; 1st down, pass to Sone for 25 yds.; 4th quarter up.

Final score—N. M. M. I. 26, Canyon 0.

The following was the line-up: Canyon—Russell Brown, lb; Lohm, lt; Sanders, lg; Bowden, c; Goodwine, g; Robbins, t; Ray Brown, v; Key, qb; Battenfield, qb; Miller, hr; Sone, rh. Substitutes—Whippo for Sanders; Ackerman for Bowden; Elliston for Russell Brown; Easley for Miller; Sanders for Lohm; Queen for Sanders;

MISS LEAH HARRIS WILL TALK TO WOMEN ABOUT CHRISTMAS

Coming to Canyon Next Monday in Connection with Monthly Trades Day.

Miss Leah Harris, county demonstrator, will be in Canyon next Monday afternoon and will speak to the women of Randall County regarding Christmas.

Miss Harris is one of the best known workers in the Panhandle as a county demonstrator, and her talk will be highly practical and interesting.

All of the women are urged to hear her at 2:00 o'clock at the court house in County Agent C. F. Walker's office.

R. Battenfield for J. Battenfield; J. Battenfield for R. Battenfield.

N. M. M. I.—Mathis, Corn, Garner, Armstrong, Kinnison, Sherman, West, McQuarters, McKinney, Hinkle, Bassett. Substitutes—Godfrey for Hinkle; McKemey for Mathis; Wright for Sherman; Fuqua for Kinnison; Kinnison for Garner; Scott for McKinney.

THANKSGIVING OBSERVED WITH VERY GOOD CROWD

In spite of the cold, there was a good crowd at the Methodist Church Thursday morning for the Thanksgiving service.

Rev. Simeon Shaw did not arrive in the city for the service and Archdeacon Wm Garner delivered a very appropriate address.

Vaccinate Hogs for Cholera.

A few more hogs have died of cholera in the south part of the county. County Agent C. F. Walker and Dr. Lanham of Amarillo have been vaccinating hogs during the past week and have a large number more to vaccinate. Mr. Walker calls attention to the fact that any person who loses a hog and does not burn it is liable to a fine.

The following have had hogs vaccinated: R. E. Prewitt 80 head; W. E. Armstrong 18 head; C. W. McCarty 2 head; E. J. Helms 14 head; Early Wesley 13 head; D. C. Adams 3 head.

Thomas Buys Wallace Land.

O. F. Thomas of Wellington has bought the John A. Wallace land east of the city for \$100 per acre. This is 65 acres of the finest alfalfa land in Randall County. Mr. Thomas will build a house on it in the spring.

In order to move here this month, Mr. Thomas also bought the O. G. Steen place across from the Christian church.

Some Railroad Feed Bill.

C. F. Walker shipped two cows from Amarillo last Friday. They arrived in Canyon Tuesday afternoon. There was a feed bill for \$18 charged against the cows. They were fine dairy cows and had not been milked or otherwise looked after during this extremely fast and interesting journey.

Zachry Baby Dead.

Loriane, the eleven-months old baby of Mr. and Mrs. H. C. Zachry died at the family home in the south part of the county Sunday. The body was prepared for shipment by Mrs. Lucy A. Thomas, and taken to Henrietta, the former home of the family.

The friends of the family extend their sympathy to the family in their sorrow.

Haynes to Waco Meeting.

A. B. Haynes will go to Waco next week representing Randall County in the Texas Farmers meeting, which is being called for the purpose of organizing the farmers for mutual benefit. Each state is to organize, and later send delegates to Washington where a national organization is to be made. The prime purpose is to promote ware houses, buying and selling, and distribution of foods.

To The People of Randall County.

In announcing myself as a candidate for the office of County Treasurer I feel that I am qualified for the position. If you consider me worthy of the office I shall thank you for your support in the Democratic Primary next July.

MRS. MYRA SMITH

ENGINEERS MAKE PAVING REPORT

Estimated Cost \$37,000 for Work on Canyon's Public Square—Work Started in Spring.

Mayor J. D. Gamble received an estimate on the paving of the public square, which was submitted to the city council at the meeting Monday night. The engineers placed the cost of this work at \$37,000.

The estimate provides for a 16 foot concrete walk to run around the court house lawn. The paving will be 48 feet wide. The estimates does not include the extension of the sidewalks of the property owners.

After investigating the matter closely Mayor Gamble and the members of the city council are confident that work will be started upon the paving in the spring. The estimate provides for a five inches concrete base, whereas four inches is all necessary. Other estimates are put high, and the council is of the opinion that the paving will not cost more than \$30,000.

Labor conditions are such that it would be impossible to get any work done this fall, but Mr. Gamble feels sure that things will be possible by spring for the paving.

SWINE BREEDERS MEET JAN. 21-22

Entertainment Will be Provided by the Business Men—Big Sale of Finest Hogs in Country

The Northwest Texas Swine Breeders Association will hold the spring meeting in Canyon January 21-22. It will be one of the most important meetings that has ever been held in Canyon, and should be largely attended by the people of Canyon and Radall County.

The program for the meeting will be announced within a short while. R. E. Prewitt of Randall County is president of the Association and is working hard to make this meeting a great success.

The prominent feature of the meeting will be the sale. Under the rules forty hogs may be sold—fifteen Duro Jerseys, fifteen Poland China and ten of other breeds. Word has been received that a large percent of these hogs have been listed from the very best hogs of Northwest Texas and will be brought here for sale.

The business men of Canyon are planning to entertain the swine breeders when they come to Canyon. At the meeting of the Randall County Commercial League Tuesday night an executive committee was appointed to represent the business interests of Canyon in seeing that the visitors are royally entertained. This committee is composed of E. H. Powell, O. N. Gamble, D. A. Park, Fred H. Ives, C. F. Walker. This committee will get in touch with the officers of the association and cooperate in making the stay of the visitors in Canyon very pleasant.

Stork Specials.

A son was born to Mr. and Mrs. W. H. Russell on Tuesday of last week. Mrs. Ruseel is in the sanitarium in Amarillo.

An eleven pound son was born to Mr. and Mrs. A. E. Rusk Sunday mornning.

It Is Strange

"It is strange that a newspaper man should be compelled to solicit advertising, or give arguments for its use," remarked one who knows what he is talking about. Funny isn't it, that a man who thinks he is a business man will get up in the morning from an advertised mattress, shave himself with an advertised razor, using advertised soap, take off his advertised pajamas and put on advertised underwear, advertised hose, shirt, tie and an advertised suit, seat himself at the table and eat advertised breakfast food, drink advertised coffee or substitute, put on an advertised hat, light an advertised cigar, go to his place of business where he turns down the advertising solicitor or salesman on the ground that advertising does not pay—strange indeed.—Longview Times-Clarion.

ELECTRIC POWER SHORTER HOURS

Canyon Feels First Effects of the Coal Strike—Judge Fleisher is County Fuel Administrator

Coal is getting very scarce in Canyon. The first official steps were taken yesterday morning when Mayor J. D. Gamble called a meeting of the city council to advise with Station Agent E. McGee and Manager A. J. Arnold in regard to the fuel situation.

The government has placed the rail roads in charge of the fuel, and they are to distribute the present supply to the town which need it. The government has asked the city council to appoint a fuel administrator, and to assist in every way possible the saving of the fuel supply.

As the first steps toward fuel conservation, the Canyon Light and Power Company was authorized to cut the hours of running. The company has only enough coal to run for a few days under the old schedule, and to cut the number of hours will materially prolong the supply. The government advises against all display lights and useless burning of electricity. The plant will furnish lights from 5:30 to sunrise and from four to eleven p. m.

The next step taken was the appointment of a fuel administrator for the county, and Judge C. R. Fleisher was selected. No coal can be sold by any dealer without an affidavit made by the citizen to Judge Fleisher stating the amount of coal he has on hand. A written order is made to the dealer who in turn makes a written report to Judge Fleisher of every pound of coal he sells. No person having any amount of coal will be allowed more unless there becomes a surplus in the county.

The people are urged to save all that is possible on their fuel that the supply may be prolonged.

RED CROSS SALE CHRISTMAS SEAL

Campaign Will be Started This Week in Randall County—\$225 Quota for Randall County.

C. L. Condrey has been appointed County Chairman of the Red Cross Christmas Seal Campaign, and will formulate his plans for sales and appoint solicitors before the end of the week.

Randall County's quota is \$225. The Christmas Seal plan was originated in 1907 when it was realized the terrific onslaughts tuberculosis was making in America. The revenue from the sale of these Christmas Seals is turned into the National Tuberculosis Association which is doing a noble work in fighting the white plague.

The Christmas Seal is used for sundry purposes. Outgoing letters carry the stamp upon their back thus signifying that the sender is investing one cent to help those who are suffering from the disease. The Seal is popular for placing upon Christmas packages going to friends.

There are few people who cannot use a hundred or more of these Seals and the sale of every stamp means a little more money to do the great work of this organization.

DECEMBER TRADES DAY MONDAY IN CANYON

CHICKEN FLIGHT WILL BE HELD AT 1:30 P. M.—MORE THAN THIRTY CHICKENS WILL BE TURNED LOOSE.

Next Monday will be the regular monthly Trades Day in Canyon. From all indications it will be one of the biggest days Canyon has ever had.

A meeting was held Tuesday night at the News office for the purpose of getting ready for the big day. A large number of business men were present.

A trades trip will be run to the southeast part of the county Friday if the weather permits. The Normal band has been invited to make the trip with the business men, and may possibly go on the trip. H. W. Gouldy and C. L. Thompson are planning the trip, and getting cars to go.

The auction sale promises to be large. J. W. McCrery of Wayside will be the auctioneer. A large amount of new merchandise will be included in the sale.

One of the big events of the day will be the chicken flight which comes off at 1:15. Practically every business house in town is giving a chicken and a prize of one dollar or more for this amusement. The chickens will be thrown into the crowd by C. L. Condrey and the person who catches the chicken will get the chicken and the prize which some business house is offering. If you want to see some fun, don't miss this chicken flight. Some of the chickens will be exclusively for the women and girls to catch.

SENATE ASKS BREAK WITH MEXICO

Situation Admitted To Be Grave By Officials At Washington.

Washington, Dec. 3.—President Wilson was requested in a resolution introduced today in the senate, to sever diplomatic relations with Mexico.

The resolution was offered by Senator Fall, republican of New Mexico, who as chairman of a sub-committee investigating the Mexican situation, declared evidence has been found which "would astound the world."

It also asked that the president withdraw recognition of the Carranza government.

Senator Fall charged that the Mexican embassy, the consulate generals in New York and San Francisco, and the consulates along the border, with the knowledge and consent of President Carranza, has been actively engaged in the spreading of Bolshevik propaganda in the United States. Evidence it was stated, would be forthcoming to bear out the charge.

COLD WEATHER DURING WEEK VERY FINE WEATHER NOW

Randall county has been seeing some bad weather this week. It got cold before Thanksgiving, and Thanksgiving day was one of the coldest of the year. Snow fell during Thursday and Friday. Warmer weather Sunday took nearly all of the snow.

Monday there was another cold norther, but this is now passed, and today is a fine sunny day.

Industrial Page Omitted.

The Industrial page and series of Industrial articles which have been running in the News do not appear during the month of December as per arrangements when this page was started. The series will be taken up the first week in January.

The Episcopal Church.

Bishop Temple will be the preacher at the "Little Brick Church" on Sunday morning at 11 o'clock. Archdeacon Garner will preach at 7 p. m. A very cordial invitation is extended to friends in the college and town to be present at both of the services. The Church Guild will meet on Friday evening at 7:30 in Mrs. Shaw's home.

POULTRY SHOW HERE JAN. 12

Randall County Breeders Will be Permitted to Show Their Birds in Good County Show in Canyon

There will be a poultry show in Canyon January 12. The show will be put on in connection with the regular Trades Day for the month.

A number of years ago Randall county poultry fanciers held some good shows in Canyon. The interest in poultry in the county has not waned, but there have been no shows.

At the meeting of the Randall County Commercial League Tuesday night at the News office, the proposition was taken up. A number of people have expressed a desire to have a show, and the business men felt that it would be a great thing. Fred H. Ives and C. F. Walker were placed in charge of the show. They will call upon others to assist in various ways. A competent judge will be selected for the show, who will score the chickens. Cash and merchandise prizes will be offered by the business houses of Canyon.

Every poultry fancier in the county should get busy with his chickens, turkeys, ducks and geese, and bring the best to the show in Canyon on that date.

THEODORE COTCHELL DIED THIS MORNING IN PLAINVIEW

Theodore Cotchell died this morning at his home in Plainview according to information received at nine o'clock by C. N. Harrison. Mr. Cotchell is the father of Mrs. Marvin Garner and was well known to the people of Canyon and Randall county.

He came from Missouri in 1901 and started the first store in Umbarger. A few years ago he sold out and moved to Hereford. Sixty days ago he sold out his Hereford property and all of his land in Randall County and moved to Plainview.

He has a large number of friends in Randall county who are grieved to hear of the death, which came almost instantly from a stroke of paralysis. He had been in excellent health before the stroke.

Plainview High Champions.

The Plainview high school football team is champions of West Texas and will meet Fort Worth for the state championship. Plainview defeated Abilene Friday by a score of 7 to 2.

A REVIVAL NEEDED.

Above all else this country needs a nation-wide revival of old-fashioned prayer meeting religion—

A religion that makes men realize that if there is a Heaven, there must also of necessity be a Hell—

A religion that makes a man realize that every act is recorded on his own conscience, and that though that may slumber, it can never die—

A religion that makes an employer understand that if he is unfair to his employes and pays them less than fair wages, measured by his ability and their efficiency and zeal, he is a robber—

A religion that makes an employe know that if he does not give full and efficient service, he too is a robber—

A religion that makes a farmer, who packs bad fruit at the bottom and deceives the buyer by the good fruit on the top, realize that he is a thief just as much as the one who robs a hen roost at night—

A religion that makes a man who robs a railroad of its fare, or its freight bill, know that he robs himself of all right to feel that he is an honest man—

A religion that makes a man realize that by driving too hard a bargain with his servant, his employe, or his merchant, he can be just as much a profiteer as the seller or producer who swindles by false weight, false packing or false charges—

A religion that will teach church members who fail to contribute to the extent of their ability to the support of religion, and that compels them to recognize that if they are paying their pastor less than a living salary, they are robbing God and man alike—

A religion that will make the laboring man, who by threats or by actual violence against the non-union man, strives to keep him out of employment, realize that he is at heart a murderer and is murdering the individuality, and the liberty of his fel-

low-man, and is displaying a hatred which, if it has the opportunity, will commit physical murder—

A religion that will make the politician who yields principle for the sake of party, who worships at the feet of any class and sells his soul for political preferment know that he is not only a coward and a poltroon, and unworthy of the respect of any decent man, but which will also make him see that he is helping to murder human liberty, as great a crime as murdering the individual man—

In short, we need a revival of that religion which will make every man and woman strive in every act of life to do that which, on the great Judgment Day, they will wish they had done as with soul uncovered they stand before the Judgment Seat of the Eternal.

Until the people of this nation accept and live this religion there will be strife where there should be peace, there will be strikes and lockouts and murder where there should be cooperation and harmony; there will be hatred where there should be friendship and love.

In the Golden Rule, followed in the fullness of the spirit of this kind of religion, there would be found a solution for every business trouble; there would be created friendship between employer and employe; capital and labor would work in harmony and with efficiency, efficiency for the capital and efficiency for the labor, with profit to both.

Religion of this kind is not measured by the hope of a Heaven hereafter, but by the full fruition now of "Peace on earth to men of good will."

It is not merely the chanting of hymns here or in the world to come, but it is in the recognition and full application by rich and by poor, by learned and unlearned, that each one is indeed his brother's keeping, that we can bring this country and the world back to safety.

A nation-wide acceptance of this,

CALOMEL

Calomel is a dangerous drug. It is mercury—quicksilver; and attacks your bones. Take a dose of nasty calomel today and you will feel weak, sick and nauseated tomorrow. Don't lose a day's work.

Take "Dodson's Liver Tone" Instead!

Here's my guarantee! Ask your druggist for a bottle of Dodson's Liver Tone and take a spoonful tonight. If it doesn't start your liver and straighten you right up better than calomel and without griping or making you sick I want you to go

back to the store and get your money. Take a spoonful of harmless, vegetable Dodson's Liver Tone tonight and wake up feeling great. It's perfectly harmless, so give it to your children any time. It can't salivate, so let them eat anything afterwards.

the only true religion in action, would bring business peace and world peace where there is now turmoil, and men would then cease to seek to gain their aims by lawless acts of immorality, but would in spirit and in deed follow the Divine command, "All things whatsoever ye would that men do to you, do ye even so to them"—Manufacturer's Record.

WOULD KILL FARM LOANS.

The farm mortgage bankers are asking congress to kill the federal farm loan act by repealing the tax-free privilege of the farm bonds. The Smoot bill, Senate File 2426, and the McFadden bill, House Roll 7016, will kill the federal land-banks deader than a mackerel if enacted into laws. Make farm land bonds subject to taxes and the earning to an investor would average three per cent or even less; the bonds would not sell at three per cent; loans to farmers could not be made; the land banks would dry up and blow away, while the mortgage banker would come into his old

graft. Everybody would have to submit to it, and our western agriculture would suffer a set-back for want of an adequate credit system. No one who has not lost his sense of justice would say that a man who had money in a savings bank should go tax free while the fellow who feeds him through the use of borrowed money on farm land bonds should have his bonds taxed. The man who is out of debt with savings bank securities untaxed and the man on the farm in debt with his mortgage bond taxed would be an outrage and would encourage anarchy. The propaganda for repealing this tax free privilege which farm land bonds enjoy originates wholly with the rascally mortgage banker and his agents scattered over the United States, who are no longer able to levy tribute on the farmers of the country at will. They are seeking this legislation under the hypocritical cloak of helping to boost the price of liberty bonds by taxing and destroying the scale of farm bonds.—Field and Farm.

"Knew we'd get together"

—Ches. Field

HERE'S where the particular smoker meets the particular smoke—Chesterfield.

Particular is right! Not only do we use the four choicest varieties of Turkish tobacco—Xanthi, Cavalla, Smyrna and Samsoun—but to these we add the rich, sun-ripened leaves of specially choice Domestic tobacco.

Fine as these tobaccos are, it's the exclusive process by which they are blended that gives to Chesterfields that satisfying body, that mellow richness which makes a smoke mean something.

Chesterfields certainly do satisfy as no other cigarette has satisfied you before—and to top it off, they are packed in a glassine paper package that preserves for you all of that delicious flavor.

Resolutions Passed By Farm Congress

The annual meeting of the International Farm Congress which was held in Kansas City in September brought to that city nearly two thousand farmers and delegates who enjoyed and will no doubt profit by the excellent addresses that were an outstanding feature of this year's session.

The resolutions, or "declaration of principles", adopted at this meeting should awaken the conservative and loyal element in organized labor to the danger of the radical and bolshevistic influences within their ranks which are rapidly causing the Unions, not only to lose the sympathy of the public but to come into such disrepute as to arouse emphatic opposition.

The resolutions first of all pledged continued loyalty to flag and country, and a continuance of that measure of increased production which has kept the world from starvation, and which will be necessary to keep it from starving yet. Then the following was directed squarely at organized labor:

While renewing to the hosts of labor our expressions of friendship and good will, we view with apprehension and disfavor the turbulent conditions existing, particularly in the ranks of organized labor. At this time, with Europe aflame, and the danger of widespread trouble in America threatening, we call upon all loyal workingmen to join with the loyal farmers in exerting a steady influence, nationally and internationally. We protest against the policy of organized labor in demanding of the farmers more production, while demanding of its own members less production. We contend that production in factories is second in importance only to that on the farms, and hold that the obligation of labor to society is not less than that of the farmer.

We deplore the calling of strikes in times like these for any other reason than a grave emergency.

We strongly oppose the unionization of policemen or of any other officials in public employ. We demand that no soldier, sailor, marine, or peace officer undertake any oath or obligation to any cause or organization other than that to all the people he serves.

We view with disfavor and alarm the growing tendency toward idleness among all classes of people. We believe that all able-bodied men should work for a reasonable number of hours each week at some constructive or useful occupation.

We do not favor the further Government operation of railroads. We urge that the roads be returned to their owners, to be privately operated, under such supervision and regulation as will insure the greatest efficiency, together with the lowest cost consistent therewith.

The conscienceless profiteer did not escape unnoticed, either, for the resolutions continued:

We voice our most vigorous protest against the wide spread in prices

CAMELS' expert blend of choice Turkish and choice Domestic tobaccos answers every cigarette desire you ever had! Camels give such universal delight, such unusual enjoyment and satisfaction you'll call them a cigarette revelation!

If you'd like a cigarette that does not leave any unpleasant cigarettey aftertaste or unpleasant cigarettey odor, smoke Camels! If you hunger for a rich, mellow-mild cigarette that has all that desirable cigarette "body"—well, you get some Camels as quickly as you can!

Camels' expert blend makes all this delightful quality possible. Your personal test will prove that Camel Cigarettes are the only cigarette you ever smoked that just seem made to meet your taste! You will prefer them to either kind of tobacco smoked straight!

Compare Camels for quality and satisfaction with any cigarette in the world at any price!

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes; or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply, or when you travel.

POLITICAL ANNOUNCEMENTS

For County Treasurer—
MRS. MYRA SMITH

METHODISTS ORGANIZE FOR THE NEW YEAR

Monday night the new Board of Stewards of the Methodist church organized for the business of the ensuing conference year.

The Board consists of the following elected members: G. G. Foster, chairman, D. A. Park, sec'y-treas., C. L. Sone, E. L. Prichard, rec.-sec'y, Dr. F. M. Wilson, Dr. D. M. Stewart, J. M. Craig, J. M. Vetsak, J. D. Gamble, district steward, F. H. Ives, Miss Abbie Graham, J. T. Service, C. W. Warwick, J. L. McReynolds, M. B. Johnson, J. E. Rogers.

Every member was present but one who was absent from the city.

The Board gave the new pastor, Rev. Simeon Shaw, Sr., a most enthusiastic reception and unanimously voted to make his salary \$2500.00.

The following committees were appointed: House and grounds, J. L. McReynolds, chairman, J. M. Vetsak, J. D. Gamble.

Music committee: Prof. F. H. Ives, chairman, C. W. Warwick, H. C. Roffey, Mrs. H. C. Roffey, Mrs. L. F. Sheffy, Miss Mary L. Clark, Mrs. D. A. Park. The committee has large plans for fine music, Thursday night at 6:30 a general mass meeting of the church is to be held to discuss and plan for the music for the coming year. Everybody who sings or plays on any instrument is urged to be present. A large orchestra and chorus choir will be organized for Sunday night services.

Collectors: J. E. Rogers, ch., J. D. Weller, F. M. Wilson, J. C. Pipkin, W. J. Flesher.

Ushers: J. T. Service, G. G. Foster, D. A. Park, M. B. Johnson.

Sacrament: Dr. F. M. Wilson and Mrs. F. M. Wilson.

Lay Leader: M. B. Johnson.

Pres. Epworth League: Miss Mary Ethel Adams.

Mr. Shaw announced that the Sunday night service would be specially featured. A large orchestra and chorus will furnish a splendid musical program and Mrs. Simeon Shaw will give one of her interesting talks. Mrs. Shaw is already known to many in Canyon. She is known all over the United States for her wonderful pictures. During the war, she gave her work to the soldiers and was universally conceded to be the most helpful and popular entertainer for the soldier boys. She gave most of her work to Camp Logan and Ellington Field, but was sent by the government on a tour of the northern camps from Washington to Chicago.

Seats will be at a premium at the Methodist church every Sunday night. Altogether the Board of Stewards adjourned feeling that great things were about to happen at the Methodist church.

Mrs. Dave Thomas Entertained
Mrs. Dave Thomas entertained a number of young people Saturday night in honor of Miss Meleva McKey of Hereford and Vernon Parker of Friona. After a number of games, dainty refreshments were served for the following guests: Misses Leah and Ripa Baldwin, Rachael Shahan, Louise Barton, Mildred Keffer, Meleva McKey, Bessie Elliott, Messrs. Chas. Robbins, Ernest Baldwin, Lewis Punt, Lewis Hill, Tom and Vester Hill, Vernon Parker.

LOCAL NEWS

Mr. and Mrs. Chas. Harter and children left this week for Tahoka where they will spend the winter at the home of Mrs. Harter's parents. The people of Canyon regret to see Mr. and Mrs. Harter leave, but have pretty much of an idea that they will be back to Canyon soon.

Rev. Simeon Shaw and family arrived Friday to begin the year's work at the Methodist Church.

D. A. Snirley was brought home from Amarillo Friday where he recently underwent an operation. He is recovering nicely.

Miss Thelma McGee entertained informally a number of friends at her home on last Tuesday evening. Music was furnished throughout the evening and the holiday spirit gave zest to the occasion. Refreshments of chocolate and cake were served by the hostess. Those present were Misses Thelma Black, Velma Moore, Lorena Frieze, Helen Croson and Alma Guenther and Messrs. Austin and Johnny Fullenjim, Byrne and Dick Battenfield, Emery Stidham and Horace Shad.

J. H. Turner of Hopkins County visited in the city last Saturday.

W. C. Townsend of Klamoth Falls, Ore visited with his sister, Mrs. Lizzie Shaffer, who lives in the southeast part of the county this week. Mr. Townsend says he is well pleased with the Panhandle country.

C. E. Patton of Summerton, Ariz., was in the city Wednesday looking for Panhandle lands.

Mrs. J. C. Pipkin was in the News office Monday to order the News sent to her son Jack in Idaho as a Christmas present.

W. H. Younger Jr., of Dumas spent the holidays in the city.

Nature and the Indian

The Indian never liked work but he wanted his squaw to get well as soon as possible so that she could do the work and let him hunt, therefore he dug papoose root for her, for that was their great remedy for female weaknesses.

Dr. Pierce uses the same root—called Blue Cohosh—in his "Favorite Prescription" skillfully combined with other agents that make it more effective.

Women who are worn out, who suffer from pain at regular or irregular intervals, who are nervous or dizzy at times, should take that reliable, temperance, herbal tonic which a doctor in active practice prescribed many years ago. Now sold by druggists, in tablets and liquid, as Dr. Pierce's Favorite Prescription.

NEW WAGE SCALE FOR MINERS IS AGREED ON

Washington, Dec. 3.—Representatives of all the larger coal mining corporations in the United States today reached an agreement on a new wage scale for mine workers, after an all-day session here, and announced it would be submitted to the fuel administration for ratification tomorrow. It embodies, it was said, a little more than the 14 per cent increase for the men suggested by Fuel Administrator Garfield as the government proposal for dealing with the strike, which the miners rejected.

Apparently a good many people who look with horror upon government by injunction do not see anything wrong with government by intimidation.—Columbus Dispatch.

GIVE "SYRUP OF FIGS" TO CONSTIPATED CHILD

Delicious "Fruit Laxative" can't harm tender little Stomach, Liver, and Bowels.

Look at the tongue, mother! If coated, your little one's stomach, liver and bowels need cleansing at once. When peevish, cross, listless, doesn't sleep, eat or act naturally, or is feverish, stomach sour, breath bad; has sore throat, diarrhea, full of cold, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul, constipated waste, undigested food and sour bile gently move out of its little bowels without griping, and you have a well, playful child again. Ask your druggist for a bottle of "California Syrup of Figs," which contains full directions for babies, children of all ages and for grown-ups.

**WHY WE SHOULD
FEEL THOUGHTFUL**

Abundant Harvest, Intellectual
and Spiritual
Awakening

The last Thursday in November, 1918, was for all true Americans, a day of supreme gratitude. We were grateful for the closing of the war, for the staunching of the blood of our sons and brothers; for the stopping of the wanton destruction of goods which the world sorely needed for the perpetuation and preservation of life and which had been purchased with the toilsome sweat of honest labor; for the relief of souls that same with the fancied ending of the world's troubles; for the glorious victory which right had extorted from the diabolical hand of might; for the achievement of the past, the security of the present and the promise of the future.

Another year has elapsed. Fleet as the wind it has gone. In the disappointment and in the gladness it has brought, it does not suffer in comparison with its older sisters. The ending of the war has not brought all the benedictions we had expected. The battle of arms between nations has been supplanted by the battle of ideas within the nations. The moment arms were stacked, national animosity ceased. Domestic discord has rocked the land from end to end and no interest has escaped its effects. "Reconstructors" are innumerable and no two of them seem to agree on the plans and specifications. Social impatience is everywhere. Prices are high, labor is scarce and defiant; necessities will hardly go round and yet the country was never more extravagant. Tomorrow seems as uncertain as during the awful days of war.

In spite of all this, however, we have much for which to be thankful—much even that we have never had before. First of all is the most abundant harvest in our history. In almost every part of the country nature seems to have done her best in the matter of production. So voluminous are our crops that labor is unable to harvest them. Particularly is this true of our own section of the country. The Panhandle and Plains of Texas has probably produced more wheat this year than has all the rest of Texas combined in any former year. The feed crop of this same region, if properly saved and cared for, would in all probability meet our own requirements for three years without the production of another blade. Our live stock have never entered the winter in better condition and the industry has every reasonable promise. The banks are full of money and improvement goes on rapidly in spite of the high prices and the scarcity of labor and material.

But our material blessings are not our most valuable ones. There is on every hand evidence of our quickened intellectual and spiritual understandings. Our colleges are overflowing with the best young life we have. The various churches have put on campaigns for what hitherto have been considered phenomenal sums and have committed themselves to comprehensive programs for world betterment. The newspapers and magazines show rather general diffusion of interest in the big problems before us and a rather pronounced inclination to settle them in terms of human justice. Public opinion was never so powerful in giving direction to governmental policy and statesmen were never so eager to know what the people think. In places, public thought has been shaken out of the rye and there is some promise that we may again be able to walk without holding to the apron-strings of our ancestors. This is something to be thankful for, for it connotes the overthrow of hand-me-down authority and the resuscitation of personality. It is not impossible that our social and industrial unrest may eventuate in a more intelligent understanding of many problems that have hitherto

been clouded with gross ignorance and unadulterated selfishness. We should be thankful for the possibility. Then there is the prospect, growing from day to day, that "safety first" in religion may have as its running mate "social service". We should be thankful for this, for the world needs our help as much as it needs our prayers.

Finally, one of the best things the year has brought us and for which we should render thanks to Almighty God, is the broadened outlook upon life which has in some sense been forced upon us by the nature of the questions we have been compelled to consider. More people today than ever before can see beyond the ends of their own noses. It is really refreshing the number of people these days who have all but lost themselves in their eagerness to serve. Looking beyond the confines of our own bailiwick (a thing that is rather common with many of us now) we see so many things that need to be done that our hearts go out to the most distant lands in a way never before known. We recognize an identity of interest with every civilized man and every hotentot on the face of the globe. As a nation we are in a position of leadership and hence, must carry responsibility for the upkeep of civilization. It is good for us in many ways and hence we are debtors to the circumstances which brought about these conditions. Let us thank God for his confidence in us and resolve on this Thanksgiving anniversary that we will not betray the trust.

A GOOD BILL.

Senator McKellar of Tennessee has an immigration bill that is drastic enough to satisfy the most ultra. It provides that hereafter no alien shall be permitted to reside within the United States for a longer period than five years without becoming naturalized in accordance with the naturalization statutes now in force; that no alien shall be admitted to citizenship without being able to speak enough English to make his desire to become a citizen clearly intelligible to the judge to whom the application is made; that all employers of thirty or more shall provide at least one hour's instruction in the English language for five days in the week during a period of six months in the year unless the aliens can attend local school; that the employers must pay the

aliens for the time spent in school at the usual rates for their employment; that all children of the aliens must be taught in English speaking schools; that no children of aliens under sixteen years of age shall be permitted to work in mines, shops, factories or plants; that if any applicant anarchy or radicalism the judge shall disallow his application for citizenship.—Plainview News.

SOME FAMOUS RUG SAMPLES

Aubusson, Savonnerie, Chenille Axminster, and English Hand Tuft

The college is exceptionally favored in being allowed the privilege of purchasing this collection of samples of the Persian Rug Company of New York, for they no longer send out samples to their patrons.

This company owns factories in Austria, England, France, Holland and America. It is probably one of the greatest rug-manufacturers in the world.

The collection consists of samples of chenille cloth, chenille cord and backing with three samples blue, rose and green chenille axminster. The English Hand Tuft samples are the large red and olive green figured pieces. The samples shown of French rugs are Aubusson and Savonnerie.

Chenille Axminster rugs are woven in America. They are so called from a tufted cord of which the loops are made. A special loom is made to weave a variety of cloth called chenille cloth. This chenille cloth is cut along the warp into narrow strips which form the chenille cord. These strips of chenille cord are then set on wool backing which insures the longer life of the rug and makes it lie flat and thus prevents curling along the edges.

The English Hand Tuft samples in the case represent two grades of hand rugs. These English rugs vary in price from \$20.00 to over \$100.00 per square yard. The difference in price is due to fineness of weave, that is, the number of knots, varying from sixteen to sixty-four per square inch, and the quality of wool used.

The French rugs are represented by one sample each of Aubusson and Savonnerie. The Savonnerie is a heavy pile and like the English Hand Tuft is made by hand. The different grades of rugs vary according to the skill of the weavers and the number of knots used. These rugs exhibit the artistic skill in drawing and coloring for which the French are noted. The number of knots to the inch is large, the pile is heavy and the surface is uneven like the surface of carved wood or ivory. This carving enhances the effect of dark and light, thus giving wonderful depth and beauty to the rug. The price of

these rugs varies from \$100.00 to \$400.00 per square yard. The cost depends upon the quality and amount of design. The quality is determined by the number of knots and the grade of thread used, whether wool or worsted; the Savonnerie rug is particularly a French invention and industry, the original impetus came from the Orient. The name Savonnerie is applied to the rug because the manufacturer needing more room moved to a discarded soap factory where he established himself, and the fabric produced there became known as Savonnerie (Savon being the French word for soap).

Today the weaving of Savonnerie rugs is no longer confined to the Paris factory, but many establishments throughout France are weaving these fabrics. The Savonnerie factory, called the Gobelin works in Aubusson, is engaged in making rugs for the government only.

The Aubusson is the flat weave used in tapestry. The prices are similar to the Savonnerie. The Aubusson rug, like tapestry, is woven upside down. By means of a mirror the weaver follows the process of weaving, and never sees the rug until completed.

The designs used in both Savonnerie and Aubusson rugs were characterized by the spirit of the period just as were architecture and the other arts.

The history of the Aubusson rug is so closely connected with that of Gobelin tapestry that it is scarcely possible to consider one without the other. The weave of the rug is the same as tapestry, except that a much coarser stitch is used. It is therefore difficult to state any absolute date at which this fabric was used first for a floor covering. It is interesting to know that the original factory has always been under royal patronage or national supervision.

At the present day the products of this factory, both rugs and tapestries, cannot be purchased, as they are made

for national buildings, or as presents for important personages. As a loan, in the same case may be seen two pieces of textiles purchased at Herter Looms, New York. Mr. Herter, an artist of note, studied in France a number of years. On his return to New York, he established a factory where are manufactured rugs and tapestries of the Aubusson type as well as many other beautiful fabrics.

You'll Want This Combination

It is the Case 10-15 kerosene tractor and a two-bottom Grand Detour plow. It is an ideal plowing outfit for either small or large farms.

The tractor weighs about 3,500 lbs., just a trifle more than a big team of horses. It burns kerosene economically, developing full power on the same.

The tractor has a four-cylinder valve-in-head motor, mounted crosswise on a one-piece frame. A Case Siphon Thermostat controls the cooling system and insures complete combustion. The all-spur gears, with teeth cut and hardened, are enclosed and run in oil.

The Grand Detour 2-bottom Automatic Lift Rigid Beam Plow will fill the plowing requirements of the most particular farmer. Grand Detour plows are strictly quality plows. They are light in draft, yet so well constructed that they will give years of faithful service at a low cost of upkeep.

We would greatly appreciate the opportunity of telling you more about Case tractors. Drop in and let's talk it over.

Potter County's Road Work.
A joint meeting of the City Commission and the County Commissioners' Court was held last Saturday to discuss plans for the improvement of the city and county roads.
At this time, the City Commission has not decided as to what streets will be paved with the bonds recently voted but it would seem advisable to make the paving connect with the roads which will be built, if possible.
J. W. Benjamine of the State Highway Department, stated that there is not material in his county suitable either for concrete or macadam roads and County Engineer Witt presented a suggestion for making the roads brick in the center with a four-foot strip of concrete on either side. The type of construction was not decided upon but the Court will make a thorough investigation of the various types of roads with a view to securing the best possible for the amount of money on hand.
The tentative decision made by the commissioners court as to the roads leading out of Amarillo to be improved is as follows: The Ozark Trail west to Bushland and the Colorado-to-the-Gulf highway north to the Canadian river. It was decided that a "compromise road" would be improved east out of the city as follows: Leaving the city on Third street and following that section line for seven and one-half miles, where the road will turn in a southeasterly direction and cut into the Colorado-to-the-Gulf highway before reaching the county line and continue on that road to the county line. It is planned also, in connection with that road, to begin at a point about five and one-half miles east of the city and cut a road from that point to a place near Folsom switch, where the new road will then connect with the St. Francis road.
It was decided to request federal aid upon the entire length of the road leading east of the city and two and one-half miles of the Colorado-to-the-Gulf road leaving the city on the north side, it being possible to secure only a limited amount of federal aid within one year's time.

minated. It had a pronounced case of rabies and fifteen Burkburnett people are now in Austin taking treatment at the State Pasteur Institute to prevent the insanity from developing in their systems; if it should develop it will mean a horrible, cruel death. Fifteen Burkburnett people walk up to the operating table every morning and receive a big hypodermic dose into their abdomen from a needle as large as a ten-penny perforation of the needle, and the nausea from the serum make a fellow's toes crinkle up in sympathy with the victims. A visit at the Institute for a few days to see the crowds of people coming there to take treatment, to calculate the expense of the treatment, to note the discomfort of the victims, and occasionally see a person in the horrible throes of a rabies death will forever cure any person of a love for seeing dogs running loose on the streets.—Canadian Record.

Sudan Big Money Crop.
J. R. Collier, just before he made his final leave for Abilene last week called at the Beacon office and gave us the figures on his sudan crop which he threshed and sold last week. He threshed 28,405 pounds from 28 acres and sold it to the Lockney Coal and Grain Company, bringing him \$2,288.69. This is a fine showing, and is only proof of the resources of this section. Mr. Collier has sold his interests in the Lockney country and gone to Abilene for school opportunities. The Beacon man told him on several occasions that he was kill-

ing the goose that had laid him so many golden eggs, and the sudan figures are only proof of our suggestions. We have given him one year to come back to the Plains country. They all come back.
Mr. Collier says he cleaned up about six thousand dollars this year on his farm operations. A man that can do that well is proof that he is a good farmer and that the country in which he has been farming is second to none in productive value.—Lockney Beacon.

BREAKS A COLD IN A FEW HOURS
"Pape's Cold Compound" instantly relieves stuffiness and distress
Don't stay stuffed-up! Quit blowing and snuffling! A dose of "Pape's Cold Compound" taken every two hours until three doses are taken usually breaks up a severe cold and ends all gripe misery. The very first dose opens your clogged-up nostrils and the air passages of the head; stops nose running; relieves the headache, dullness, feverishness, sneezing, soreness and stiffness.
"Pape's Cold Compound" is the quickest, surest relief known and costs only a few cents at drug stores. It acts without assistance, tastes nice, contains no quinine—Insist upon Pape's!

EASY TO PAY THE HOME STORE WAY

Entertained An Angel.
W. L. Ellwood and family were down on the Spade ranch last week, or were trying to go to the ranch, when his big \$5000 car slipped from the road bed into the ditch and stood half on its side in the mud. It was dark and raining and was midnight before Mr. Ellwood got to a phone. He called up a farmer near by who hauled the family to the ranch in the rain, about 3 a. m., then went back next day and extricated the car from the mud. Next day Mr. Ellwood waded to pay the farmer, but he made no charge. A fine beef was killed on the ranch that day and a quarter of it sent to the farmer who had so willingly helped him. As Mr. Ellwood returned home thru Colorado he bought a fine suit of clothes at Adams store for the same farmer, who remembers something about entertaining angels unaware.—Colorado Record.

COME TO TEXAS TO BE TOUGHS—NOW IN JAIL

Clarendon, Texas, Nov. 29. — The lure of the west was too much for a couple of young fellows in Missouri — so they landed on a ranch near Clarendon. After finding that there is a vast difference between a reel ranch and a real ranch they decided on the home kitchen as the next stop.

But the tales that had been told and the descriptions that had been penned demanded substantiation. Texas cowboys wear heap much boots and about \$25 worth of hat and their "imagination ran" fine. Think of the sensation of gorgeously flowered boots and a wide sweep of much hat! Think of the heart fluttering of the adoring damsels! Think of that mud stuck street on Saturday afternoon with the parade of the returned notables!

CALLS SOLDIERS, COOTIES.

In a recent speech, Haywood, the one time pet of a certain class of people, said that the members of the American Legion were "cooties." What does Haywood know about cooties? He was not on the frontier of civilization, neither were any of his breed who could get out by posing as "conscientious objectors," or by any other ruse. Haywood and his ilk would have tied the world to the chariot of Germany. Haywood and his ilk would have consigned Belgium to the tender mercies of the Hunnish hordes of Wilhelm. Haywood and his ilk would have sold the world for far less than the thirty pieces of silver obtained by Iscariot for the betrayal of his Master. Haywood and his ilk don't count in the economics of this day and age—they are only unseemly excrescences in the general makeup of the world, and all in good time—and that time is a very short one—they, and their vile philosophies will only be remembered as one of those bad dreams that have afflicted mankind at the various ages of the world's progress.—Higgins News.

LAW NOT ENFORCED.

Regarding an item in the Record about a plan in Kansas by which every person who owns an automobile must show an abstract of it from the time it left the manufacturer's hands, Lee Satterwhite, editor of the Panhandle Herald, states that Texas has practically the same law. Every car in Texas we know must be registered with the authorities. But Satterwhite didn't clear up the situation yet. There must be something wrong with the operation of the law. Cars are being stolen over Texas by the dozens every day. The fellows who steal the cars must have a market for them or they would soon be loaded up on cars. There is a middleman somewhere who turns the cars back into the marts of trade. The automobile stealing business seems to

be as well organized as was the horse stealing business a few years ago. There is a loop hole somewhere in Texas' law, for automobile stealing continues on a wholesale basis. A law isn't a law unless it is enforced. Give us the rest of the chapter, Lee. —Canadian Record.

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the Child will be in perfect health. Pleasant to take. 60c per bottle.

CLEAN ATHLETICS.

Most men can be relied upon to keep their word when a promise is once given. Schools should do the same thing. In athletics especially, should this be true. The school that shows no honor in her athletics, has a small chance of convincing the world that they stand for anything but deceit in anything else they undertake.

The News has had a great deal to say during the past few years about clean athletics. It will continue to have something to say until the schools of the Panhandle realize that it is necessary to be clean in athletics as it is in debate or any other contest between institutions.

The West Texas State Normal College since its first team was put in the field has stood for clean athletics. No man has ever been allowed to play who was not an accredited student in

the institution, carrying the required amount of work and making the required standard of grades in his studies. The institution has stood for fair play while on the field. The players have been taught that dishonor on the field is as dishonorable as in the classroom. It has played every game it has scheduled oftentimes knowing that the team would go down in bitter defeat. It has tried to develop the spirit of sportsmanship among the players, and a true sport will play the game fair, taking his medicine if defeat follows.

We venture to say that there is not a school in the Panhandle that has developed athletics to this point. Some teams of this section invariably play men who are not in school, or who are merely taking "the football course."

Some teams have been known to play dirty ball, seemingly with the approval of the coaches.

The greatest sin among the schools of the Panhandle is the spirit of a quitter—if they cannot win, they will not play. The Normal's schedule this year was made early. Teams cancelled games because they knew they could not win. Such spirit is a condemnation upon the authorities of the school. It gives dissatisfaction to the students who have a spirit of fair

play. It leaves suspicion in the minds of the student body that perhaps their school authorities do everything as unfairly as they do in athletics.

If the old adage, "Honest is the best policy," is worth anything, it certainly is worth something in athletics which takes such a prominent part in the student life of schools.

Any school that is supported by a Christian denomination and is unfair in its athletics is a mockery to the ideals of the denomination under which it is nurtured, and cannot convince the world that it stands for anything but deceit no matter how many courses in Bible study it may offer.

The schools of the Panhandle should organize and demand that all school have a high standard in athletics and live up to this standard.

The price of print paper today is four times as much as before the war. The News wrote to six houses last week asking for shipments of paper. Four replied that they could accept no orders. One was able to furnish enough for one edition of our paper. The other stated they might furnish a ton of paper during the coming sixty days. Scores of country papers have been forced to suspend because there was no print paper to be had. The News is still in the ring, but our supply of paper is fading fast.

Concerted action is being made in the Panhandle to put this section back into the Central time zone. There is no excuse why this section should suffer the inconvenience of the Mountain time, and when the representative of the Interstate Commerce Commission visits Amarillo to investigate, he will find all of the people in favor of the change.

It's too bad those Reds at Ellis Island didn't continue their "hunger strike" until they were ready for the undertaker. It would have been a happy ending so far as this country is concerned.

Happy Happenings.

Cold weather the past week, 1 1-2 inches of snow. It is still cold at the present writing.

E. A. Logan was a business caller at Amey one day last week.

Miss Mary Carnie who is attending the Convent in Amarillo spent Thanksgiving with her parents returning Monday to her school.

Last Saturday while Clark Neff was working in the top of the elevator in some way the board on which he was standing slipped causing him to fall to the second floor breaking both bones in his left leg. He is doing nicely.

Farm tractor manufacturers know that more machines will be wanted during this coming year than can be supplied. This is particularly true in regard to the Fordson. Its popularity has created a demand that makes it certain that some farm owners desirous of obtaining the Fordson, must be disappointed.

We have a few machines on hand. Now is the logical and safe time to buy one and get ready for the big spring work.

Presence of Mind.

Pat and Mike were working on a new building. Pat was laying and Mike was carrying the hod. Mike had just come up to the fourth floor when the dinner whistle blew. His lunch was on the ground. "I hate to walk down after it," he said. "Take hold of this rope," said Pat, "and I'll let you down." Pat let him down half-way, and then let go of the rope. Mike landed in a mortar bed, not much hurt, but terribly mortified. "And why did you let go of the rope?" he demanded. "I thought it was going to break," said Pat, "and I had presence of mind enough to let go."

Wayside Items.

Some rain in the early part of the past week was followed by a severe cold spell of weather. Some rain, which froze; then about 2 inches of snow for several days. We gladly welcome the balmy sunshine. Snow nearly all gone; not freezing cold; 14 degrees above zero part of last week.

Mrs. Mary Elkins of Clay county, who has been with her sick mother the past week, left Sunday morning for her home. Aunt Mattie still quite poorly.

Mother Bradford is still confined to her bed, no improvement in her condition.

Lowe McGehee and Alvin Hammer of Amarillo spent the week-end around Wayside, returning Monday. Quite a large crowd from different

parts of the country assembled at the school building Saturday night to witness the play "Courtship of Miles Standish" and to enjoy the pie supper afterwards. The play was well rendered and much enjoyed by the large crowd, other recitations from different pupils were also enjoyed. Quite a number of pies were brought, and auctioned off by Mr. W. J. McCreery, which netted the sum of \$100.00. The last pie sold, bought by Miss Flora Carter, was put up to be sold for the most popular young lady in the crowd. Bids of 1 cent each was decided on, quite a number of candidates were named and the pie sold for \$43.00 and was awarded to Miss Artie Lowrey of Beverly. The proceeds of the supper will go to defray expenses for the Christmas Tree at Wayside and a part

for the school library. Total proceeds, \$143.00.

The bad weather caused stopping the meetings conducted by Misses Pixler and Schweizere. They resumed services Sunday morning and will continue nightly services through the week. All are cordially invited to attend.

Mr. J. W. McCreery happened to the misfortune of having his Hupmobile run off about 80 feet in the canyon last Tuesday afternoon. No one was near or saw it. Both forewheels and wind shield were broken, the car is standing head on. Mr. McCreery thinks he can get it out with an engine and block and tackle.

The young people from Wayside who are attending Canyon Normal and Wayland-college, all came out to Wayside Saturday to attend the play and pie supper.

Junior High School Notes.

Another month has just closed and finds our young folks very much interested in the results of their examinations and tests and in their general averages which were posted this week.

The lists below show the relative standing of the highest five in their respective grades.

These pupils are by no means all of those who are making excellent grades. Many others are passing well into the "A" class.

First Primary: Gwendolene Black, David Ayers Park, Virginia Conner, Kenrietta Flesher and Vernie Bowe.

First Grade: Robert Greer, Helen Ward, Dick Gregg, Raymond Schmitz and Arline Wilson.

Second Grade: Jake Harrison, Maud Foy, Lorene Green, Jack Hodson and Opal Jameson.

Third Grade: W. T. Hazelwood, John Lea Ackley, Alfred Henson, Wilmoth Gamble and Mary Bates.

Fourth Grade: Mildred Flynn, Cap Wall, Felix Long, Drucilla Driver, Alta Williams and J. P. Williams.

The 3rd grade entertained in chapel last week to the delight of all. Their "Doll Drill" was perhaps the best received among the many attractive numbers.

The fifth grade also did credit to themselves in entertaining Saturday morning. "The Rebuilding of Europe" presented by these young people was very interesting and attractive.

Our orchestra work is improving rapidly. We are told by Miss Wiggins that she will soon present a group of musicians from the sixth grade that will furnish music on special occasions in chapel.

AMARILLO GAS WELL LIKELY THE LARGEST IN AMERICA

Heretofore the Panhandle country has been classed as a stock and agricultural country, and even the most optimistic, a few months ago, would have laughed at the person who had nerve enough to talk about the Panhandle as an oil country.

Such a thing was not dreamed of. Later, however, local and outside capital was collected for the purpose of giving the country a test. Several wells are drilled and in almost every instance gas, in large quantities, was found. Other parties became interested and at this time at least fifty companies are operating in the Panhandle of Texas.

Several large gas wells were drilled in by the Amarillo Oil company, and at this time it appears that Amarillo is assured of natural gas. The Hapgood No. 1, was the first real good well. This well will produce approximately 12,000,000 feet of gas daily, and is considered a very good well. Citizens were satisfied and the producers were elated. But the end was not yet.

Sunday, November 23, the Amarillo Oil company's Masterson No. 4 was drilled in. From the first it gave indication of being the strongest well in the field, though since that time it has surpassed the fondest expectations of the most optimistic. The

No. 4 well is one of the greatest, if not the greatest gas well in the United States. It has attracted the attention of oil men in every state in the Union. It is the great Texas wonder. At first the production was estimated at 50,000,000 feet daily, but each day the flow is stronger.

A day or so ago the well was tested, and the gauge proved that the well was making 107,000,000 feet of petroleum gas daily.

According to reliable reports a "topping plant" will be erected in the near future, and the owners will extract approximately 107,000 gallons of gasoline each day. This will then be sold for commercial purposes. —Amarillo News.

LIFT CORNS OR CALLUSES OFF

Doesn't hurt! Lift any corn or callus off with fingers

Don't suffer! A tiny bottle of Freenzone costs but a few cents at any drug store. Apply a few drops on the corn, calluses and "hard skin" on bottom of feet, then lift them off. When Freenzone removes corns from the toes or calluses from the bottom of feet, the skin beneath is left pink and healthy and never sore, tender or irritated.

Kindness To Animals.

The little Boy Scout was troubled at night because he had forgotten to do the daily good turn to which all scouts are pledged. Tossing on his bed of remorse, at last he gained inspiration by hearing pitiable noises made by an unfortunate mouse which had been caught alive in a trap in a passage hard by. Mindful of the law, "A Scout is the friend of animals," he arose from his bed and took the poor mouse out of the trap. "And what did you do with it?" he was invited to explain, as he told the story of his good turn.

"Gave it to the cat," quoth he. —Pittsburg Chronicle-Telegraph.

Theatre Building Destroyed by Fire.

Fire, which it is believed originated from an electric wire, caused the total destruction of the Olympic theatre building in this city, on Thanksgiving night. The loss is estimated at approximately \$100,000 and was only partially covered by insurance.

This building was erected in 1909 by Will A. Miller but has passed thru several hands since that time and was now the property of Ray, Britain & Johnson. It was managed by Rose D. Rogers and was filled with a Thanksgiving crowd of around 2000 persons at the time the fire was discovered. To the cool but prompt action of the organist, Eddie Reardon and his assistant, J. H. Wise as well as manager Rogers, is due much of the credit for emptying the building without confusion or injury to anyone in the audience. The flames started under the platform and Mr. Reardon resigned his place to his assistant and jumping upon the stage, admonished the audience not to stampede. Mr. Wise continued at his post at the organ and Terry Lomax continued to operate the picture machine until the building was entirely empty.

In addition to the loss sustained by the owners of the building, some six tenants lost their office equipment. Of these, the heaviest loser was C. Homer Wileman, of the Amarillo Business College which occupied the entire third story and was the best equipped school of its kind in this section. The other tenants were: The Olympic drug store, of which John Mathis was proprietor; The Fairsex, owned by S. R. Isaacson; Gosser's Cigar store; The Olympic Oil Lease and Realty Company and the Amarillo Improvement Company.

Again Without A Secretary.

S. M. Ramsey, for the past nine months Secretary of the Board of City Development, tendered his resignation to President Durham, last week, and Amarillo is again without a secretary for its commercial body. Mr. Ramsey has performed the duties devolving upon him in his capacity as Secretary, in a most efficient and painstaking manner and his work has been appreciated by the Board and the business men of the City. It is with regret that we see him leave but at least the Plains country will still have the benefit of his good judgment and untiring energy. Mr. Ramsey goes to Clovis as Secretary of that progressive city's Chamber of Commerce and the many friends he leaves here will expect to hear of him from that quarter, knowing as they do, that he will "make good".

Big Storms Predicted.

Though eminent and trustworthy astronomers declare there is nothing to be feared in regard to the grouping of the planets on one side of the sun about December 17, and that possibly such groupings have occurred a number of times in the existence of the universe, Foster, the weather prophet, declares that there is danger from severe storms, and in his weekly predictions issued Nov. 21, has the following to say:

"But you should be on guard, with yourself and belongings in good shelter during the nine days centering on December 21. Don't make any ocean or lake voyages at that time. You will probably regret it if you do. Lives and property may be saved by finishing your outdoor affairs during the nine days centering on Dec. 11."

Our "Splendid Isolation" Has Passed.

Philadelphia Public Ledger: The great majority of the leaders of American opinion, even in the Senate, want an early peace with Germany, want very much the sort of peace framed and signed at Versailles, and want a League of Nations. The great majority of the Senate itself—which is much more virtuously anti-league than any other formal body representing public opinion, such as, for example, the press—voted for ratification of the treaty with certain reservations. The majority of that same body definitely declined to amend a single syllable of the treaty, largely on the ground that any such amendment would delay peace and imperil the instrument. Thus it is fair to say that the Senate is generally speaking, for the peace of Versailles and a League of Nations much like that incorporated in the Versailles treaty.

But the Senate knows, and every one at all in touch with public sentiment knows, that there is a very large body of American opinion which does not yet understand why America, hitherto living in happy and contented isolation from the affairs of the Old World, should now bind itself to take part in them either financially, administratively or militarily. There are a lot of busy people who have not been able to give much attention to foreign news since the armistice, who have yet to be told why America, having "saved the allies" at Cnateau-Thierry, should not bring her boys home now and forget all about it.

Nine-tenths of the men who lead opinion in America know the answer to this. Under normal conditions, this nine-tenths would be out educating public opinion on these vital points. But we have got into such a pother and political squabble, and confusion of "cross-questions and crooked answers", over this issue, that nine-tenths of their fierce debating of details have created rather the impression on the public mind that it is a question under discussion among them whether we should tie up to Europe at all or have a League of Nations of any sort.

Now this is a very dangerous condition of affairs. We can not expect the American people as a whole, taught since Washington to fear and avoid "entangling alliances"—abroad, and brought up to believe that one of the great advantages enjoyed by America is her separation from the feudalism, the militarism and the general backwardness of the whole Eastern Hemisphere—we can not expect this American people automatically and immediately and without special exhortation to see clearly that the world war has changed everything and that we are now in the same boat with Europe to sink or swim.

The thing to be noted is that there is a lot of opposition, and a lot more of passive inertia, in the United States toward both the treaty and the league which is not at all represented by the attitude of the men in the Senate who are fighting for "reservations." We often hear men of intelligence say: "I hope this whole league business will be beaten." There is a group of "irreconcilables" in the Senate who hope the same thing, but they do not represent even Republican opinion. The fixed and considered opinion of the great majority of national leaders of all parties is that we must have a league of some sort if we are to have peace—that America is entangled inextricably with the affairs of Europe already, and that it is only a question whether she shall be in a position to have her "say" in time to prevent war, or if she must wait again until war has come and her boys are conscripted to die in it.

But if one listens closely to the under-currents of common comment, he will be disquieted by the fear that the average voter may have been misled by the opposition to the "Wilson" treaty and league into a belief that his usual leaders are really at heart opposed to any league.

There should be an organized effort made by all sincere patriots, whether they are fighting this league or not, to educate American opinion up to the level of realizing that America can now desert from the long war in which she so gallantly enlisted. Only the first phases of that war were finished at the armistice. If the treaty were ratified tomorrow, only a second phase of the war would have been completed. The mighty struggle to save the civilization of the human race would still be in progress. It was not enough merely to bring to a stop the onslaught of German militarism. It is true that if that onslaught had succeeded, civilization would have been doomed—and American civilization and freedom with the rest of it. But the terrific task of stopping that raid has so strained the intricate, intertwined and world-circling machinery of civilization that we may yet come to wreck in spite of the fact that the first danger which precipitated all the trouble has been dispelled.

A LITTLE WANT AD BRINGS RESULTS

A DANGEROUS DOCTRINE.
Dangerous and unworthy is the doctrine of lessening production on the farms generally, in order to increase prices. Restriction of output is the very thing against which the farmers are complaining, and justly so, when practiced by manufacturers and organized labor.

Cutting down the production of any commodity that is being grown in excess of the reasonable demand is always justified, but it should be replaced with some other commodity that is in demand. That is all the producers need to do in order to maintain fair prices.

The farmers, by uniting on a program of decreased production, could starve the world. But they do not want to starve anybody. They are not that cold blooded.

The farmers' hands are clean so far. They must be kept clean.—The Agricultural Review.

A superior man in regard to what he does not know, shows a cautious reserve.—Confucius.

Perryton Growing Rapidly.

The 22nd of August there was not a soul living in Perryton and today the population will go close to the thousand mark, when the new school house is builded we are predicting another rapid growth, the school house will be built not later than next summer by next term we predict a building that will be modern in every respect, a school that will draw people for miles to take advantage of the facilities, we believe not less than a seventy-five thousand dollar building will be built with all necessary equipment.—Ochiltree Herald.

You Do More Work,

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of **GROVE'S TASTELESS CHILL TONIC** has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get **GROVE'S TASTELESS CHILL TONIC** when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 50c per bottle.
