

MEET HELD AT HIGH SCHOOL

Patrons Day Observed Last Saturday in the Canyon Public Schools— Meet is Very Good.

The Open Day and Interscholastic League Meet on last Saturday was well attended and enjoyed by all.

The forenoon was given over to the parents and friends of the school for inspection of the displays of school work being done by the children of the respective grades.

It would be impossible to speak in detail of the excellent work throughout the building. It is sufficient to say that every child in the grade and every boy and girl in the high school presented specimens which did credit to themselves and their faithful teachers.

Most of our patrons visited us and became better acquainted with the work and the teachers, promising a close cooperation until the very close of the term.

The League was not attended by the rural school as was hoped for. The Ralph school came and entered the Reading, Declamation and Spelling Contests.

The winner in the Junior Girls' Reading Contest for rural schools was Lucy Bethrum; in the Junior Boys', Ishmael Hill and the Senior Boys' Declamation Eian Hill, all from the Ralph School.

The spelling contest was between Canyon and Ralph Juniors and after fine work by both teams, resulted in favor of the Canyon spellers, Marsene Smith and P. K. Bran.

Miss Danna Lancaster is one of the most progressive teachers in the county and is to be congratulated on her very successful work and in having won the respect and confidence of her community who following her leadership in the educational matters of the community. We feel sure all the schools will be represented another year at the League.

W. J. Fleisher, one of our visitors, volunteered to give to the premium list a neat little cash amount which was placed for the rural reading and declamation work.

Another year our many friends may be given an opportunity to encourage this work.

The athletic events were as follows with the respective winners:

- Senior Boy—50 yard dash—Cecil Foust. Junior Boy—50 yard dash—Cap Wall. Senior Girl—50 yard dash—Edna Schramm. Junior girl—50 yard dash—Oma Wilson. One mile relay senior boys—Robt. McGee, Burch Campbell, Roy Campbell, Leslie Smith. Girls 175 relay—Lason Woods, Lillian Fogerson, Corine McReynolds, Annie May McClure, Mary Birch. Junior boy—200 yard dash—Cap Wall.

Senior baseball throw—Cecil Faust and Alton Key. Junior baseball thrown—Edward Gerald.

Senior high jump—Cecil Faust. Junior high jump—Felix Pierce. Senior broad jump—Burch Campbell.

Junior broad jump—Cap Wall. Shot put—John Hicks. First grade sweep stakes race—Bates Goode.

2nd grade sweep stakes race—Howard Williams. 3rd grade sweep stakes race—Elmer Wooten.

4th grade sweep stakes race—Ed Money. 5th grade sweep stakes race—Roy Cheatham.

6th grade sweep stakes race—Chas. Money. Cash prizes were given the successful contestants in each event of the meet.

The speakers for the District Meet, April 16-17 will be announced in the next issue of the paper.

Several basketball games were to have been played but the wind prevented them on open courts.

The Happy girls defeated the Canyon high school in the gymnasium 12 to 27.

All winners will take part in the District Meet except the Juniors.

Flesher County Chairman.

W. J. Fleisher has been appointed by the Wilson forces as county chairman and will make arrangements at once to organize the county to carry the precinct and county conventions.

The Slogan in Germany is "God save the mark!"—Mobile Register.

CAMPAIGN STARTS FOR NEW A. & M. COLLEGE---WOULD SCHOOL SERVE THE PANHANDE-PLAINS INTERESTS?

STAMFORD, April 2.—The Agricultural and Mechanical College committee of the West Texas Chamber of Commerce will meet at Eastland Apr. 3 to arrange details in connection with the campaign which the organization will immediately launch to secure the location of a standard A. & M. College in some West Texas town.

The committee is composed of B. Reagan of Big Spring, C. M. Caldwell of Breckenridge and O. L. Slaton of Lubbock. Others who will attend are President H. P. Brelsford and Porter A. Whaley, manager of the organization.

At the annual convention of the organization held at Abilene Jan. 22, resolutions were adopted authorizing immediate steps to be taken to recover for the west an agricultural and mechanical college whose services would more nearly adapt themselves to the western portion of the State.

Realizing that the State institutions already maintained are limited in finances, the organization will proceed to outline a plan whereby the funds of the State may be increased sufficiently to make possible the operation of two senior A. & M. Colleges. The west is united and back of the organization in its plans to secure the college.

The above statement was printed in the daily newspaper of the state this week.

The West Texas Chamber of Commerce is composed of towns below the cap rock. Amarillo has not joined the organization because the citizens feel that the Panhandle-Plains Chamber of Commerce will serve the needs of the Panhandle-Plains country better than the West Texas Chamber of Commerce. Very few towns on the Plains are members of the organization.

Suppose this organization succeeds in establishing a West Texas A. & M.

College. Will it be put on the Plains? Will Amarillo, Canyon, Plainview, Lubbock, Floydada, Lockney, Tulia, Hereford, Clarendon, Dalhart, Canadian or any of the other leading towns of this section have a look in when the town is selected? Did any town on the Plains have a fair deal when the locating committee established a West Texas A. & M. College at Abilene a few years ago? Will the legislature establish a West Texas A. & M. College without putting about three or four new schools in East Texas? Will the legislature kill the bill for the West Texas A. & M. College after the East Texas Colleges are nicely established? What good can an A. & M. College not located on the Plains accomplish for this section, which is not already handled by the present A. & M. College?

These and a score of other questions should be answered in the minds of the citizens of the Panhandle-Plains country before they devote too much energy in locating another school in the state which will do our section no good.

The people from this section of the Panhandle do not believe that another state school will be placed in Texas north of Sweetwater for many years to come. The people from this section do not believe that any town north of this line has the least show of ever procuring a new school from the state. The people of this section do not believe that any of the towns above mentioned would get a square deal in a bill locating a new school in the very vague realm of "West Texas." The people of this section would be as dissatisfied with a school located at Abilene or Sweetwater as they were a few years ago when Jim Ferguson and his locating committee established the school at Abilene.

There are many people in this section of the Plains country who believe it absolutely impossible for West Texas even to secure the establishment of another school with the great demands being made upon the state treasury.

A school to serve the needs of this empire called the Panhandle-Plains country must be located within its borders. The West Texas A. & M. College does not propose such a locating. There is no use for the people of this section to kid themselves into the belief that the Panhandle-Plains will be taken into consideration should the bill be passed.

The men who are studying the needs of the Panhandle-Plains country have a plan which will meet the agricultural needs of this section for years to come. The expansion of the West Texas State Normal College, the only state school in the whole of West Texas, with a four year course in the Agricultural, Domestic Science and Manual Training Departments will solve the problem. This can be done for \$100,000. To establish a new school would cost at least \$500,000.

There is no question as to the ability of the school to serve this section under this plan of expansion. The literary and arts courses are here for the students who are majoring in Agriculture, Domestic Science or Manual Training. It means the enlargement of these three departments which are now the best in the state and are doing notable service for the rapidly increasing student body of the school.

The people of Canyon are not asking for this expansion of the West Texas State Normal College from a selfish standpoint. The citizens of the Panhandle-Plains country outside of Canyon started the movement for the benefit of this rapidly developing section of the state. For Texas to invest this small additional sum of money in the school only means a loan to the Panhandle-Plains country which will be returned many fold through the increased taxes resulting from the development made possible by the school.

The Panhandle-Plains citizens should get behind the movement. It is for the benefit of this section of which we are all specially proud and in which we have so much confidence.

HON. JOHN MARSHALL ADDED TO NORMAL BOARD REGENTS

Governor Hobby has named Hon. John Marshall of Sherman a member of the Board of Regents for Normal Schools of Texas. He takes the place of J. A. Elkins of Houston who was recently appointed, but did not attend any meeting of the Board.

Mr. Marshall will be remembered by the citizens of Canyon as a member of the locating committee which placed the West Texas State Normal College at Canyon. He has never been back to the city since the time the committee visited the grounds, and when he comes to get better acquainted with the school, he will be agreeably surprised to find the magnificent plant which has grown up on the ground selected by the committee as being the best in all West Texas for a normal school.

Mr. Marshall has always been a friend of education in Texas, and his appointment is welcomed by his friends in this section of Texas.

Butter Must Be Standard Weight

The state department of weights and measures has sent out a warning that all butter sold must be standard weight, one-fourth, one-half, and one pound, and be plainly marked on the package the guaranteed weight. Anyone violating this law will be prosecuted, so it behooves producers of butter to give full weight, and for dealers to do so, as in case of violation of the law, both producer and retailer will be prosecuted, and the fine is heavy.

It is estimated that fully 95 per cent of all butter sold in Texas is short weight and that the consumers are robbed of \$750,000 a year in this way. Full measure must be given in milk, also.

Pianist Here Monday Night.

Harold Henry will play at the Normal Auditorium next Monday night at 8 o'clock.

The recital will be one of the most attractive ever held in the city, as Mr. Henry is an artist of great reputation.

Even low shoes are very high these days.—Norfolk Virginian-Pilot.

BOY SCOUTS WILL PUT ON CHAUTAUQUA IN JULY

Saturday morning a contract was signed between the Standard Chautauqua Company and the Boy Scouts, through Scoutmaster Wm Garner, for a five day Chautauqua to be held in Canyon the latter part of July.

The Standard is one of the best Chautauqua systems in the United States and they are playing a number of towns in this section of Texas.

The program as given by the Chautauqua is one of the best ever brought to this section of the state and will please very highly.

The Scouts will make announcement of the dates and details of the program during the month of June.

Revival Services in Progress.

The Union Revival Services at the Methodist Church in which the Christian, Presbyterian and Methodist churches are uniting, started Sunday.

Rev. Brooks, pastor of the Amarillo Polk Street Methodist Church is doing the preaching at the principle services.

Dr. Brooks speaks at the chapel at the Normal each morning at 9:30 and at night at the Methodist church.

At 3:30 in the afternoon services are held at the Presbyterian church with Rev. Holfield and Rev. Shaw preaching.

EXCEPTIONALLY COLD WAVE HITS COUNTY SATURDAY

Easter was several degrees from a balmy spring day. After several days of high southwest winds, the wind turned to the north Saturday afternoon, and by night was intensely cold. There was a heavy freeze Saturday night, followed by another on Sunday night.

Farmers report that the oats and barley looked a little sick after the freezes, but that the wheat did not seem to be affected any.

All of the grain growers are of the opinion that if a good rain comes in a short while none of the grains will be materially hurt by the freeze.

The freeze no doubt caught most of the early fruits as the trees were pretty well bloomed out.

16 Votes in School Election. The election for school trustees was held Saturday. There was no contest, only 16 votes being cast.

There was a change made in the ticket the last minute before the election. Four new men had been placed on the ticket. Worth A. Jennings was disqualified on account of being sheriff, O. N. Gamble and N. E. McIntire begged off from serving on the board. The three retiring members, G. G. Foster, S. B. McClure and Joe Service, together with J. A. Cheatham were persuaded to accept places on the ticket, and were elected.

TRADES DAY IN CITY MONDAY

APRIL TRADES DAY COMES NEXT MONDAY AND IS OF SPECIAL INTEREST TO THE PEOPLE OF COUNTY.

Next Monday is Trades Day in Canyon and indications are that it will be by far the biggest bargain offering in the county for a number of months.

The business houses of Canyon are offering inducements which ought to bring every citizen of the county to Canyon that day.

The auction sale in the afternoon will have new merchandise from every business house in town. Come and get new stuff at your own price. Indications are that the sale list will be very heavy for farm machinery and many other things. J. W. McCrerey of Wayside will be the auctioneer.

The Trade Excursion tomorrow will be very large from all indications. The committee, composed of H. C. Gamble, C. L. Thompson and H. O. Price visited the business part of town yesterday and reported that every business house in the city which did not send a man on the trip on Friday would be closed for the day by order of the court.

The business houses are going to offer a series of premiums every Trades Day. The committee in charge of this matter, O. N. Gamble, C. H. Jarrett and C. F. Walker, are working on the plans by which the premiums will be given.

Every citizen of Randall county should make a special effort to be in Canyon on Trades Day and get their share of the bargains offered by the business houses.

COURT COURT IN SESSION THIS WEEK—FEW CASES UP

In the county court this week, a fine was assessed against George Johnson and C. O. Edwards of \$10 each under an indictment of the grand jury for tormenting a horse. The case J. W. Ricks vs. F. L. Anderson was reported settled out of court.

In the case First State Bank of Canyon vs. Johnie H. Asher and J. J. Lavitt, judgment was rendered by default for the plaintiff for \$75.

A number of probate matters will be brought before the court during the term.

PALO DURO POST MEETING TO BE HELD THURSDAY

Post Commander H. C. Gamble of the Palo Duro Post of the American Legion, has called a meeting of the members of the Post to be held next Thursday evening at 7:30 o'clock at the court house.

Mr. Gamble stated that here was a very important matter regarding the club house for the Post to be brought up at the meeting and urged that every member be present at the meeting next Thursday night.

Capt. Tilson Will Speak Monday.

Captain T. J. Tilson of Plainview will speak in Canyon next Monday afternoon in defense of the national administration against the attacks which have been made in Texas. Mr. Tilson has spoken a number of times in Plainview and neighboring towns and always has a message.

Captain Tilson has served this district in the legislature and it was announced in Plainview this week that he would be a candidate for reelection.

City Election Quiet.

The city election Tuesday was as quiet as the school election Saturday, only 16 votes being cast.

J. W. Reid, C. D. Lester and J. M. Redfean were re-elected to the city council.

Lots of Fellows spend time without getting any receipt or dividend!

NORMAL DEBATES FRIDAY NIGHT

Denton Team Will Meet One of the Normal Teams Here—Other Team to San Marcos.

The annual debates of the Normal will be held Friday night of this week. Denton will be meet one team in Canyon, while another team goes to San Marcos for the debate.

Kenneth Burns and Grady Hazerwood, with Lem Sone alternate, left yesterday for San Marcos, accompanied by L. F. Sheffy. The team to meet Denton here tomorrow night is composed of A. E. Hunt and Wyatt Hester with Ethridge Dockery as alternate.

The Normal first entered the Inter-Normal debates in 1912, both of the teams being defeated by Denton and San Marcos.

In 1913 both teams lost again.

In 1914 the old normal building burned, all of the debaters material being destroyed just a month before the debate, and the debates were called off.

There was no debates again until 1917 when the team won over Denton but lost at San Marcos.

In 1918 both of the debates were won—against Denton and San Marcos.

In 1919 the team lost to San Marcos, and won against Commerce.

The Episcopal Church

Services next Sunday at 11 A. M. and 7 P. M.

The morning service will be conducted by Mr. Oliver, Lay reader.

Sunday School at 10 A. M. At the evening service Archdeacon Garner will preach.

A very cordial invitation is given to all.

The Guild will meet with Mrs. David Thomas on Friday evening at 7.

With Governor Edward's wet plank and Colonel Bryan's wet blanket the San Francisco convention may find it a little hard to set the country on fire.—Arkansas Democrat.

Annual poem, L. P. Loomis, the Canadian Record.
Selection of officers.
Selection of meeting place.
Adjourn.
Canadian Man Invents Propeller
E. E. Ellis, Western Union operator at Canadian, has received notice from the patent office at Washington, D. C., that his application for a patent on a triple propeller airplane has been allowed and the patent will soon issue. Mr. Ellis has invented a triple propeller arrangement for an airplane by which a machine can drop to the ground perpendicularly and alight without taking the long glide which all machines use now. We presume it can rise the same way to the air. It's action will be the same as that of a bird in taking wing and alighting.—Canadian Record.
Havana may yet raise a skitute to Volstead.—Wall Street Journal.

Maybe It Wasn't Heaven
Speaking of other worlds, the latest news from heaven is that beer and cigars are to be obtained, though of an inferior quality, also pet dogs are allowed to rejoin their owners, returning as they enter the golden precincts, to the state of puppyhood. Whether the fleas are also etherialized and permitted to accompany their owners, the departed gentleman to whom (through his widow) we are indebted for these particulars neglects to inform us.
All we know is that the celestial cigars are of such a grade that confirmed smokers soon lose their craving for tobacco, that beer is only near-beer and that pet dogs are permitted—and if dogs, surely cats, and if cats, presumably parrots—but why waste logic on such a fool and a dead fool at that. Moreover, I have an uneasy suspicion that the poor dear gentleman was not talking from heaven as he thought, but quite elsewhere—in which case he is a damned fool—
And what with bad cigars and near-beer and parrots even hell isn't what it used to be!—Leslie's.
Come to Canyon to live.

An English medium says that beer is popular in heaven. Possibly some departed spirit gave her the wrong number.—Salt Lake Telegram.

If present tendencies continue, both parties will have to see that their platform planks include outja boards.—Brooklyn Eagle.

The Randall County News

Incorporated under the laws of Texas

W. WARWICK, Managing Editor

Entered at postoffice at Canyon, Texas, as second class matter. Office of publication, West Houston St.

SUBSCRIPTION \$2.00 PER YEAR.

EDITOR SMITH FOR EXPANSION

Editor Ben. F. Smith of the Lockney Beacon is for the expansion of the West Texas State Normal College. Last week the News quoted a strong editorial on the subject. Mr. Smith has again stated his position in a very forcible argument in the following editorial:

It shall be the pleasure of the Beacon to support this proposition with what influence it has. There is no reason but that Canyon Normal College could be turned into or add to it sufficient equipment to make it both a Normal and Agricultural College. The expense would be small compared with the expense of building and equipping an agricultural college outright. Conditions on the Plains and the Panhandle from an agricultural standpoint are so closely allied with the balance of West Texas that conditions prevailing here would be similar to the conditions prevailing throughout West Texas. The Legislature would doubtless look in favor on a move of this kind and would liberally endow Canyon Normal for agricultural work where as it would not be friendly to a large expenditure of funds at this time for a separate school. The only argument that can be brought forward against this plan would be the selfish interest of some other West Texas town that hopes to build by reason of the location of the school. The Beacon would be glad to see the West Texas Chamber of Commerce as well as the Panhandle-Plains Chamber of Commerce take action in this matter. We feel quite sure that the 38 counties represented by the Panhandle-Plains Chamber of Commerce will give their undivided support of this solution of the West Texas A. & M. College matter. The Panhandle-Plains country are equal in importance to that of the balance of West Texas. Let's drop the agitation for a West Texas A. & M. College and center fire on Canyon Normal in a fight for equipment and buildings, grounds, etc., to make it one of the leading agricultural colleges in the South. Of course there are a few towns in West Texas that will oppose a plan of this kind. They hope to add this proposed A. & M. College as a matter of business, etc., but as we remarked in our former article State schools should not be located to serve business interest of any one town. A. & M. College located at Canyon would serve the interest of all West Texas and the Panhandle and Plains country. It would serve it better if located at Canyon than at Abilene. We trust that Panhandle representatives will be able to put this deal across during the next session of the legislature.

Last year the wheat acreage in the United States was fifty million acres. This season it is thirty-eight million acres, a decrease of almost one-fourth. This is going to force the price of wheat, flour and bread higher. But the farmer is not to blame. It is the town and city people. So long as such high wages are paid and so few hours worked by city people—so long as city people clamor for higher wages and less work—the farmer will be forced to curtail his crops so that he can take care of them himself, and will resolve to make his own living at home—and let the city people go to the devil. We don't blame the farmer, either. Farm products have increased greatly in

price, but not near so much as have the things the farmer buys. If the farming business were run on an 8-hour-day schedule, to say nothing of the 6-hour-day that labor talks of, it would cut down production to such an extent that food would be out of reach of the purse of even the highest-paid 8-hour-day laborer.—Plainview News.

POLITICAL ANNOUNCEMENTS

For County Judge:
C. R. FLESHER

For County Treasurer—
MRS. MYRA SMITH
S. H. HEYSER.

For Sheriff and Tax Collector—
W. C. BLACK.
J. E. ROGERS

For County and District Clerk:
O. W. GANO

For County Tax Assessor:
WILFORD TAYLOR.

For Representative from 123rd Representative District:
BURKE MATHES,
of Hale County

price, but not near so much as have the things the farmer buys. If the farming business were run on an 8-hour-day schedule, to say nothing of the 6-hour-day that labor talks of, it would cut down production to such an extent that food would be out of reach of the purse of even the highest-paid 8-hour-day laborer.—Plainview News.

Joe Bailey has taken a fall out with everything done by anybody but himself for the past fifty years. No public official is worthy of praise from the mighty Joe. The Federal Reserve Banking Act which saved the country from a panic is a punk affair in the eyes of the most high Joe. The Federal Courts are reigned over by a bunch of despots in the eyes of the all-wise Joe. Joe hasn't expressed himself as to the way the Almighty was running the universe, but no doubt Joe could improve upon the plan if he would concentrate his keen mind to the job for about thirty minutes. Great is our ex-senator who wants to sacrifice his personal ambitions just to save the state of Texas in condescending to become the governor.

Every business house is expected to send a representative Friday on the Trade-Excursion Trip to Wayside. Too many business houses have taken the attitude in the past that the Excursion was a fine thing for the other fellow to take, bringing in the customers on Trades Day so he could get their business without taking a day off and going to a little inconvenience. Play the game fair, fellows, let's go.

Editor J. M. Adams of Plainview has quit the race for the legislature. He says he never wanted the office but in an evil hour his friends got him into the race. Adams would have made a good man in the legislature, but knowing the sacrifice it would have meant to him, we don't blame him for getting out.

It looks as if things were getting right for another war between France and Germany. There are a dozen little wars going on in Europe today. In the United States the one big scrap—Wilson vs. the Senate—is having a little breathing spell, but things will begin to pop again before long.

New English Teacher in Normal.
Miss S. Elizabeth Davis has been added to the faculty of the Normal, taking a place in the English department. She has been a teacher in the Alabama Normal College, Winthrop State Normal and Industrial College, and the Peabody College for Teachers.

We trust that the Panhandle Press Association will devise a way to get more printers before we work the few we have to death. Instead of a Bolshevik six-hour day, the News force is working sixteen hours per day.

Three years ago Tuesday war was declared between the United States and Germany. The state of war still exists in spite of the fact that fighting ceased one year and five months ago. In this case it looks harder to end a state of war than it was to start it.

The Dallas News has limited the size of their edition on account of the scarcity and high price of news print. The price hit the limit months ago, but is still climbing.

Come to Canyon next Monday—Trades Day. There is a very large number of big bargains offered for the day.

April will have as bad a reputation as March with a few more days like Sunday.

Easter hats were conspicuous by their absence. Fur caps were more desirable.

PURE BRED FOLKS

It seems like everybody is going crazy over pure bred stuff. Pure bred poultry, pure bred hogs, cattle, sheep, pure bred corn, cotton, wheat and oats. The most enthusiastic farmers are those who raise only pure bred products. You never see a man running around over the country to the stock shows showing his runts cut-backs and off colors. Never! You never hear him telling his neighbor how much he got for his cut-backs. He seldom ever invites his neighbors over to see his runts. And you never see a pure bred stockman quit the business and go to raising cut-backs and off-colors again. No sir! There is something spiritual about raising fine animals. It makes a man not only proud of his cattle, hogs or whatever he is raising but it makes him proud of himself. It gives a man a new classification and he just naturally takes a higher rank among men than he held while he was engaged in the business of raising poor-grade products for the markets.

Now, why is this? In the first

Buy your meat from us, we appreciate your trade, and will give you the best the market affords in our line.

City Market

Phone 257 At Normal Grocery

place it does a man good to associate with high-grade animals. There is just that much relation between the different species of the animal kingdom. A man enjoys a fine looking fine acting, fine spirited horse more than a poor old worn out nag that can't do anything. Then there is more money in the well bred animal. Everybody else enjoys a fine looking horse better than an old worn out one; beside it is more economical to raise good stuff. A \$10 hog or a \$20 horse eats as much as a \$500 hog or a \$1000 horse. It does not take any more weeks or years to raise a good animal than a poor one, but it does take more care and brains.

When we see how enthusiastic men are over their fine livestock we wonder why men and women too are not more enthusiastic over their boys and girls. There seems to be but one logical conclusion. It must be too many of us are rearing children that will never bring much in the human markets of the world. We haven't as high an aim in our home as we have in the cow pen or the horse lot or the poultry yard; yet many of the principles of child rearing and stock raising are the same. It costs just as much, sometimes more to rear a bad boy or girl as it does a good one. On the other hand if you do not give them the right kind of food and care and keep them in the right environment they will not thrive any

more than a well bred but neglected animal. The only difference between a growing boy and a growing animal is the boy has a spirit, a soul, a mind, a heart, that needs food every day the same as his body, while a pig just has a body to be developed. And sometimes we parents become so absorbed in developing ham and lard and back bones that we forget our children are more complex in their nature—and need a balanced ration to develop their entire nature the same as a pig.

We even go so far as to send our boys away to college at \$500 a year expense to be taught how to raise the finest hogs in the least time at the least expense that will bring the highest price on the market. But if there is a school in the United States where men are taught how to produce the finest looking, healthiest, strongest, most useful, best natured boys in the world we have never seen it advertised. The greatest industry in this world is that of rearing children, yet not one of us has ever had any scientific training for our business. Will the time ever come when men and women will take as much pride in and use as much sense to improve the breed of the human family as they do to improve any of the lower animals? True, we can not change the origin of our children but their care, their food, their training for life, their environment, all this is

On last Friday evening Mr. and Mrs. W. J. Fleisher entertained all members of the Canyon Bar with a dinner in honor of Judge and Mrs. Geo. A. Brandon who were leaving for their home in California. Judge and Mrs. Geo. A. Brandon, B. Frank Buie, Judge and Mrs. C. R. Fleisher and R. L. Lester were the guests present.

Good News for Draft Horse Breeders The draft horse business has taken a decided turn for the better. Prices on good Percherons are going up rapidly. The draft horse is coming back.

In January an Illinois Percheron sale had a \$710.00 top on mares.

In February a Kansas Percheron sale had a \$1000.00 top on stallions and a \$680.00 top on mares.

In February an Iowa Percheron sale had an \$875.00 top on stallions and \$515.00 on mares.

In February another Iowa Percheron sale had a \$4800.00 top on mares and \$2700.00 on stallions. In this sale twenty-one mares averaged \$910.00 and thirteen stallions, including a number of yearlings, brought \$518.00 a head. Thirty-four head made a general average of \$760.00.

A farmer in England writes that he is coming to America to buy 50 head of Percheron mares.

The United States and Canada have already sent two exportations each of Percherons to Great Britain.

A party from South America writes that they will soon be ready to come to North America to buy Percherons.

Advancement in Rural Sanitation In the three years 1914, 1915 and 1916, the U. S. Public Health Service made complete house-to-house sanitary surveys of eighteen representative rural counties distributed in sixteen eastern, western and southern states. The results of the survey of fifteen of these counties are recorded in a government publication, Public Health Bulletin No. 94, entitled "Rural Sanitation."

Even in the cruder phases of sanitation the rural communities are remarkably lacking. Thus, of some 60,000 farm homes in the eighteen counties surveyed less than 1.5% were equipped with sanitary toilets, at more than 65 per cent the water supplies used for drinking were obviously polluted and at less than 33 per cent were dining rooms and kitchens adequately screened to prevent the free ingress of flies in the summer season. The chances of contracting typhoid fever, dysentery, hook-worm disease or malaria are now much greater in our average rural community than in our average large city. All of these diseases are among the communicable diseases and with other conditions equal would vary in prevalence in direct proportion to density of population.

The infant death rate and the tuberculosis rate of our rural districts as compared with those of our large cities are nothing like as low as they should be in view of the tremendous

natural advantages for health and vigor offered by residence in the country.

THE GREATEST WASTER

In view of the fact that the Government is again calling upon the newspapers of the country to reduce their consumption of print paper, the figures given out by Senator Smoot during the recent news print investigation in the Senate, are interesting.

It appears that there were printed in the Government printing office at Washington, between July 1, 1916 and Sept. 15, 1919, 30,144,362 speeches, entailing a total expenditure of \$442,798.73 of government funds. These were not speeches delivered in Congress and many of them were delivered by private persons at places very remote from Washington. Most of them were mere "propaganda" and should have been paid for by private persons or party campaign managers.

In addition to this deluge of words turned loose upon the public, there is that miracle of modern literature—the Congressional Record with its thousands of pages of speeches, delivered and undelivered but printed in the Record under the "leave to print" act. Then there are bulletins without number and some really informative material from the various departments.

Certainly here is a most conspicuous opportunity for the Government to do a little of the "practice what you preach" business. Much of the stuff sent out from the various departments is nothing more nor less than propaganda of one sort or another and should not be printed at the public expense under any circumstances and should not be printed at all under the existing shortage of paper. Fully half of the "dope" sent out by every department of the Government could be cut out without losing a single valuable idea.

Objecting to Secretary Colby on the ground that he is not a party man is like objecting to Brigham Young on the ground that he was not a married man.—New York World.

Randall County News

Umbarger News

John Batenhorst has bought Wm. Lichtwald's tractor.
Clifford Gandy who was sick with the flu and pneumonia is able to be again. Clifford was an awfully sick boy.

Mrs. O. Hufstetler went to Amarillo Friday.

A girl was born to Mr. and Mrs. Meinrad Hollenstein.

Meinrad Hollenstein and O. J. Podzemny family were at Hereford Monday on business.

Miss Francis Beckman returned from the sanitarium in Amarillo where she underwent an operation.

Fred Beckman went to Amarillo Saturday.

The Hartman family visited at Henry Beckman's Sunday.

Mrs. Parker Hanna went to Galveston on a visit.

Alays and Anton Erdman are giving Henry Beckman's house a coat of paint.

A. P. Thornton made a business trip to Amarillo Saturday.

L. L. Bader has bought a Dodge car.

The Easter rabbit had his overcoat on Sunday morning.

The Umbarger youngsters have started to work on a baseball team to play the neighboring towns.

Mr. and Mrs. E. J. Friemel were the guests of M. Hollenstein.

Clemens Friemel's and Paul Artho were the guests of Vins Skypala Sunday.

The farmers meeting Saturday was not well attended on account of the norther, which seemed to be coming out of an ice house.

Otto Podzemny is busy threshing his feterita this week.

Fritz Friemel will be threshing Monday.

Joe Friemel is going into business. He has bought Mr. Thornton's store.

C. Friemel left Monday morning for Central Texas to look after business.

Otto Podzemny is improving his home.

Wayside Items

April has come and still the wind blows; Saturday's wind and dust was fearful.
The wind blew a gale from the west

the greater part of the day last Saturday before night it changed to the north turning very cold. Saturday night one of the coldest and most disagreeable times of the season. Tanks and lakes froze. The ice is thick enough to bear the weight of stock without breaking through.
We think Easter the coldest we ever experienced.

J. T. McGhee purchased the tractor owned by W. O. Stamps at Wayside for the sum of \$400.

School election held at Wayside Saturday 3rd resulted in re electing H. H. Gillham.

Mrs. Leonard O'neal's 8 months old babe was taken very sick last Wednesday. Acting upon the advice of the attending physician, they carried it to Tulla to be near the doctor.

Mr. and Mrs. Joe Rogers left Monday for their home near Guyman, Okla., after spending two weeks at the parental home near Wayside.

No regular services at church Sunday. Only a few in attendance.

Mrs. J. R. Stockett and Roy left last week to join J. R. Stockett at Wilson, Texas.

A good crowd in attendance at the April Fool party last Friday night at the elegant home of M. C. McGhee.

Mrs. Bertha West of Amarillo visited the week end with her aunt, Mrs. James Paston, near Salem.

Card of Thanks

We wish to express our many thanks to those who were so kind during the death of our loved one, and for the beautiful floral offerings from our friends.

MR. AND MRS. PHIL JACKSON AND FAMILY.

Conscious of Error

A little girl was asked, upon her return home, how she liked the singing of the congregation in the church. "I liked it, indeed," she said, "although all people said it was bad."

"All the people said it was bad! What do you mean, my dear?"

"Oh, it was so bad that I heard all the people praying, Lord, have mercy upon us miserable singers."—London Tit-Bits.

Our Community Spirit

Occasionally, but not often, we hear of some community which is blessed with a rare and priceless spirit—the spirit of "live and let live." But it is so rare as to be almost non-existent in this day of sharp practices and bunco games.

There is much of that precious spirit in this town, but there is room for more.

We have fully our share of good will and tolerance, but we should cultivate more with honor to ourselves and profit to the community.

Life to each of us consists mainly of what we make of it. We can cast the soft rays of sunshine and happiness over our existence, or we can fill our lives with the shadows of greed and avarice and insatiable longing for those things which we may not possess.

This is our home—the place where most of our lives will be spent—where memory is always dear to us.

Shall we seek to cast out what there is of the spirit of greed, and suspicion, and ungenerous rivalry among men?

Shall we supplant it with out of kindness, of tolerance, and of good will toward each other?

Shall we make honorable thrift the watchword of our community?

It is the ideal existence, and is possible to any community where the people have the will and the courage to follow the path of honor and gentleness wherever it may lead.

Unexpected Answer

"Witness," asked the attorney for defense, who was trying to prove the temporary insanity of the prisoner, "was it this man's habit to talk to himself when alone?"

"Just at this time," came the answer, "I don't recollect ever bein' with him when he was alone."—The Watchman Examiner.

Abe's Unshakable Faith

Abe Carter was a plous hard-working old negro, much respected by the white people of the community. But evil days fell upon Abe. The howeewil destroyed his cotton; his adopted baby died of the whooping cough; his wife die of a fever; his horse was killed by lightning and a cyclone demolished his cabin.

The minister, hearing of Abe's extraordinary misfortunes, called to see him. "Abe," said the minister, "you have been sorely afflicted, but you must believe it is all for the best."

"Yas, suh, boss," said Abe, "yas suh, I does. I feels I is in de hands ob a all wise an' unscrupulous Providence."—St. Louis Globe-Democrat.

Come to Canyon to Live.

Backache Is Discouraging

But Not So Bad If You Know How to Reach the Cause

Nothing more discouraging than a constant backache. Same when you awaken, pains pierce you when you bend or lift. It's had to work or to rest. Backache often indicates bad kidneys. Canyon people recommend Doan's Kidney Pills. Read this case.

Mrs. W. E. Bates, Canyon, says: "I have used Doan's Kidney Pills off and on for some time. Often my back begins to ache and gets lame and sore. Sometimes I get so dizzy I almost fall over and I have spells of headache. I also feel tired and worn out. Then again my kidneys get out of order. Whenever, I feel this way I begin taking Doan's Kidney Pills and a few never fail to give me instant relief."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Bates had Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Happy Happenings

Mrs. W. W. Miller and children were shopping in Tulia Saturday.

Mrs. Wm. Cowan left Thursday for Michigan where she will visit relatives for some time. Her mother will return with her.

Mr. and Mrs. J. B. Knox and daughter F. E. Culp and Milt O'Rear attended the sale of Jerseys in Canyon Saturday.

Mrs. Joe Evans and son Wayne left Saturday to join her husband at Vernon. They will be gone several days.

Dr. Hart of Plainview has located here.

Mr. and Mrs. N. W. Uselding were shopping in Tulia Wednesday.

Miss Auo Bragg returned Wednesday from Lockney where she has been visiting her sisters for the past week.

Mr. and Mrs. Ben Hage and son Ralph visited Sunday at the Charlie Hage home at Arney.

Louis Wallberg was an Amarillo caller Sunday.

Several of the young folks attended the Easter egg hunt at the Shafer home Sunday evening.

Misses Nellie Francy and Vivian Gaten visited home folks over Sunday returning to school Monday.

Mrs. Jess Miller was quite sick several days last week but is able to be up now.

Mrs. Cole of Floydada was up last week to see her children here.

Mr. and Mrs. John Mitchell and little Miss Addie Lee Mitchell were visiting in Tulia Sunday.

Mrs. E. E. Edmons and son Kenneth were Tulia callers Tuesday.

J. H. Stephenson and family were visiting in Tulia Monday.

Alton Grounds of Cisco came up Saturday evening to visit home folks.

F. E. Gano of Canyon is working for his uncle S. T. Whitman.

The children all enjoyed an egg

hunt Sunday afternoon. All met at the Baptist church and going to the draw where the eggs were hid.

Mr. and Mrs. Bill Fonkers took Gerolden to the doctor at Tulia Tuesday she has a severe case of tonsillitis.

Mrs. R. H. Caler and Miss Martha Ashby were shopping in Amarillo Tuesday.

S. M. Swearingen left Friday for Kansas City with a car of sheep.

Frank Willhelm visited home folks at Nazareth Saturday and Sunday.

Mr. Hoffman was a Tulia caller Thursday.

Raba Runyon went to Amarillo Saturday to spend Sunday with her parents.

Paul Lawson was a Canyon caller Sunday.

Homer and Ernest Bates have new bicycles.

Miss Vasthi Bellas of Canyon spent the week-end here visiting Misses Mildred Zoellars and Myra Bellas.

Chester Hays was an Amarillo caller Saturday.

Windfield Miller was taken with a severe case of appendicitis Monday.

Mr. Miller and Dr. Hart left Monday night for Dallas where he will have an operation. He was operated on at 5:30 Tuesday evening, word was received Wednesday morning that he was resting fine.

J. R. Francy was a business caller in Tulia Tuesday.

The W. H. M. Society met Tuesday evening at the home of Mrs. J. M.

ing of the date only a few were present. Owing to a misunderstanding, but all report a nice time.

Mr. Adams and family left Saturday for Seminole, where they will make their future home.

The girls basket ball team went to Canyon Saturday to play the High School. The game resulted in a score of 12 to 27 in favor of Happy. Tuesday evening they went to Tulia to play the High School there. Tulia won with a score of 11 to 27. That is the first game the girls have lost this year.

C. L. Grounds was in Plainview Wednesday to see Vincent.

Mrs. E. E. Edmons and daughter Miss Wilma were shopping in Tulia Saturday.

Mrs. Fowlers mother from Plainview is visiting her this week.

Dick Allen was a Tulia visitor Monday.

Mr. and Mrs. L. T. Townsend of Tulia are visiting this week at the W. T. and Lonnie Townsend homes.

Guy and Sott Ford went to Amarillo Tuesday where they will work for some time.

We Have Both

A young man stood on a street corner, idling away a few moments of time.

Across the way, on another corner, stood another young man, similarly occupied.

A lady came down the street, neatly and tastefully dressed. She passed on.

"There goes one of the sweetest women in town," remarked the first young man to a friend.

"Say, sport, that Jane's got some figure," said the second one to his friend.

But it is all a matter of breeding and taste.

We have them both in this town.

Damaged Dollars.—When the dollar has run the gamut of food profiteers, clothing profiteers, wholesalers and retailers, taxgatherers, and household "help" it is a battered relic. Every dollar we spend is a damaged dollar. But the dollar we give may have a worse fate. At best a feeble thing, if it is gouged by a grafting collector and knocked on the head by a high priced publicity man and mauled by a weakminded theorist

who doesn't know beans from bathos but runs a pet charity just the same, it will reach its ultimate destination in a pitiful state.—Leslie's Weekly.

A high cost of living has its compensations. Turnips bring so much now they can't afford to serve them in the horseshed.—Detroit News.

JOE FOSTER, Proprietor

Methodists Get-together Meeting.

There was a good attendance Friday night at the get-together meeting at the Methodist church.

Rev. Simeon Shaw presided, and explained the purposes of the meeting. He called upon Rev. B. F. Fronabarger of the Baptist church who expressed the pleasure of being in the meeting of Christian people.

He said that the burden of his heart for Canyon was a great revival, and made a most earnest plea that during the special services to be held that every Christian put forth his best efforts.

President J. A. Hill was called upon and made interesting deductions from the student body of the Normal.

Mr. Hill stated that 75 per cent of the boys and girls who come to the school are paying either their entire way, or a portion of their way through the school, which means that they are made of the right kind of stuff.

The churches of Canyon have a great opportunity with the student body. Many of the students are from farm homes with strong homes.

The people of Canyon should open their hearts and homes to the young student who seeks and desires the friendship of the people of the town.

A boy is especially a hero worshiper and the kindly acts toward the students will never be forgotten.

There have been nearly 6,000 different students enrolled in the Normal since it opened its doors in 1910.

Of this number fully 30 per cent came from Methodist homes. What a great opportunity for the church to exert a great spiritual force over this entire Panhandle country.

It is not only the church's duty to God but to the young people and yourself.

Mr. Hill called attention to the fact that the Baptists have placed in the Normal a secretary to look after the students of this denomination.

He hoped that the Methodist would do something as good or better to look after the students coming from Methodist homes.

LIFE WISDOM

The wisdom of the wise and the experience of ages be preserved by quotation.—Benjamin Disraeli.

Most men think indistinctly and therefore can not speak with exactness.—Johnson.

He alone is happy and great who needs neither to obey nor to command in order to distinguish himself.—Goethe.

When about to commit a base deed, respect thyself, though there is no witness.—Ausonius.

Do the duty which lies nearest thee which thou knowest to be a duty. Thy second duty will already have become clearer.—Carlyle.

There is real elevation of mind in a contempt of little things; it is, on the contrary, from too narrow views that we consider those things of little importance which have in fact such extensive consequences.—Fenelon.

The company in which you will improve most will be the least expensive to you.—Washington.

Avoid an inquisitive person, for he is sure to be a gossip; ears always open to hear will not keep faithfully what is intrusted to them.—Horace.

Good humor is absolutely essential to good mental health.—Henry L. Doherty.

He who receives a good turn should never forget it; he who does one should never remember it.—Charrot.

Much to do, much to love, and much to hope for.—Dolly Madison's recipe for a happy life.

To suggest where you cannot compel, to guide where you cannot demand, that is the supreme form to skill.—Moutexquieu.

What of Tomorrow?
Today American products, exorbitant in price, are in great demand in Europe.

It is worth our serious consideration, when we hear people talk of prices going even still higher.

Even a Shylock meets his Waterloo sooner or later.

The Lambing Season
The size and quality of the crop of lambs determines the profit.

The lambing season is the shepherd's busiest times. At this time extra care and attention must be given to the ewes and lambs.

In no other way can you expect to get results from your sheep. If a record of the date of service has been kept, one can estimate when the lambs will drop.

Just before lambing time the ewe should be put into a separate pen where she can see the other sheep in the flock.

This keeps her from getting excited or nervous.

The lambing pen should be warm and well ventilated.

The wool should be clipped short around the udder to allow the lamb to find the teats.

Avoid heavy grain feeding just before lambing, as this causes udder trouble.

In cold weather, lambs may get chilled and die unless prompt remedies are used.

Wrapping the lamb in hot flannel cloths is a good method of warming it.

Docking or removing the lamb's tail should be done at the age of 10 to 14 days.

This adds much to the appearance and cleanliness of the lamb. For this purpose use a sharp

knife and cut about one inch from the body.—Oklahoma Extension News.

"I was imposed upon by enemy spies," laments Joseph Callaux. It does beat all, Joseph, how little trust can be placed in an enemy spy.—Louisville Times.

Canyon vs Tulia

12 Innings—Score 3 to 2
 The Normal baseball team scored their first victory in the opening game played on the normal grounds Friday. Tulia was represented by a good team, and the game was a close one from the start. A number of errors were made on both sides. The two scores made by Tulia were due to errors made by the Normal's team.
 The old men on the Normal's team, strengthened by the new material which Coach Willey has to work with, insures us a strong team.
 The old men are: Key at first base, Roffey at Right field, J. Fulmington at Third, Lem Sone at Left field, Gary Simms at Center field. The new men are: Hill, Catcher, Whippo at Second base, Ira Jenkins at Short, Glenn Akers and Dick Battenfield pitchers.
 Canyon scored two points during the last half of the third inning. The score stood 2 to 0 until the first half of the fifth inning when Tulia made two scores on Canyon's error. The score remained 2 to 2 until the 9th inning. Two innings were added in order to decide the final score of 3 to 2. Glen Akers made a hit over third base and the ball was fumbled by left field.
 Akers for Canyon struck out nine while Cockran for Tulia struck out seven. Akers and Roffey for Canyon and Cockran for Tulia made a two base hit each.
 Umpires: Black and Shirley.
 The following is the baseball schedule for this season:
 April 10, Tulia at Tulia;
 April 14, Vega "Outlaws" at Canyon;
 April 23, Plainview at Canyon;
 April 28, Clarendon at Canyon;
 May 1, Plainview at Plainview;
 May 8, Open date;
 May 12, Amarillo at Amarillo;
 May 18, Clarendon at Clarendon;
 May 21, Amarillo at Canyon.

Girls' Forum

At the chapel period of the West Texas State Normal College on Friday morning, the girls of the Normal College organized a Girls' Forum. The girls of this Institution will conduct such a forum at this hour every two weeks. Every girl in school is a member of this forum and every girl entered into the organization with splendid spirit. The girls will discuss all problems that concern girls on this campus, such as campus honesty, boarding house conditions, dress, social etiquette, etc; and they propose to go into wider fields such as the Texas gubernatorial race, industrial conditions that women face, and other such things.
 The following officers were elected: Speaker of the House—Ruth Simpson of Clarendon, Texas; Secretary—Vada Murphy, of Cisco, Texas; Chairman of Program Committee—Ollie Sone of Canyon, Texas.

Catarrh is a Real Enemy and Requires Vigorous Treatment

Do Not Neglect It.
 When you use sprays, atomizers and douches for your Catarrh, you may succeed in unstopping the choked-up air passages for the time being, but this annoying condition returns, and you have to do the same thing over and over again.
 Catarrh has never yet been cured by these local applications. Have you ever experienced any real benefit from such treatment?
 Throw these makeshift remedies to the winds, and get on the right treatment. Get a bottle of S. S. S., and begin a treatment that has been praised by sufferers for half a century.
 S. S. S. gets right at the source of Catarrh, and forces from the blood the germs which cause the disease. Special medical advice regarding your own case free. Address Medical Director, 106 Swift Laboratory, Atlanta, Ga.

Ready For Delivery

The Fordson Tractor

A car-load of Fordsons arrived this week and are now at your service. We don't know how many Fordsons we are going to get this year, but we know that we will not be able to get enough to fill the demands. In fact we could have sold many times the number we did this spring had we been able to obtain them from the factory.

You are going to need a Fordson very badly this summer for harvest and plowing. If you wait until you need one, it is very likely there will be none for sale. The only safe way is to buy a Fordson now. It will not cost you anything while it is waiting for the rush of the summer harvest. Let us demonstrate the Fordson to you on Trades Day. Ask the man who owns one of these wonderful tractors.

For Sale—One Ford car without piston rigs, two rear wheels, and one front spring. Has no fenders, seat or plank; burns lots of gas and is hard to crank. Carburetor busted, half-way through; engine missing, hits on two. Three years old, four in the spring; has shock absorbers and everything. Radiator busted, sure does leak; differential dry, you can hear it squeak. Ten spokes missing, front all bent; tires blowed out, they ain't worth a cent. Got lots of speed, runs like the deuce; burns either gas or tobacco juice. Tires all off, been run on the rim; a dam good Ford, for the shape it's in.—Winfield (Kan.) Free Press.

And now the wets in New York propose to investigate William A. Anderson. Evidently they want to learn where he gets his punch.—Bal-

Shoulders All Baking Cares

When CALUMET comes in, all baking troubles take quick leave. You go right ahead and mix up baking materials, for biscuits—anything without fear of uncertainty. Calumet makes you forget failure.

CALUMET BAKING POWDER

is the most popular because it does give most perfect results. It has the biggest demand because it is the most dependable. The fact that it is the biggest seller proves that it is the best. A trial will convince you that there is none "just so good." Buy some—if you are not satisfied take it back and get your money back.

Calumet contains only such ingredients as have been approved officially by the U. S. Food Authorities.

You save when you buy it. You save when you use it.
