

MRS. J. A. WALLACE IS KILLED; MR. WALLACE DIES FROM INJURIES

Mrs. John A. Wallace was instantly killed Saturday morning about 9:30 o'clock near Kress, Texas, when the north bound Santa Fe passenger hit the car in which Mr. and Mrs. Wallace were driving.

The community was shocked beyond words when the news came about 10 o'clock Saturday morning that Mrs. Wallace had been killed and Mr. Wallace was seriously injured.

The accident is unexplainable. Mr. Wallace was known to be a careful driver. He had often commented upon the carelessness of drivers, and was never known to take a chance with his car.

Rev. A. B. Haynes of Tulia visited the scene of the accident a short while after it occurred. Citizens living near stated that there was large flock of cranes on the lake about 150 yards from the crossing.

The engineer states he saw the car just as the engine hit. He stopped as quickly as possible. Mrs. Wallace was found to be dead. Mr. Wallace was fearfully mangled, with internal injuries which finally resulted in his death thirty six hours later.

Mr. Wallace suffered intense agony. He was conscious except at times of the administration of opiates to deaden the pains. Yet through it all he was a patient sufferer. He wanted to know how it happened. He wanted to know how badly he was hurt.

The bodies of Mr. and Mrs. Wallace were brought from Amarillo Monday evening and placed in the old family home where they have lived happily for many years, witness the growth of their splendid children.

sembled to pay their respects to the memory of these good people.

After the prayer by Rev. B. F. Fronabarger of the Baptist church, Rev. Simeon Shaw called upon Rev. J. E. Stephens of Canadian, a former pastor of the local church and a close personal friend of Mr. and Mrs. Wallace.

Rev. J. W. Story of Amarillo spoke of the character of those who had passed. Character is not an accident. It is the result of spiritual, divine forces. Beautiful, yet tragic was the close of these lives.

Early in life he committed his soul and body to the Lord and lived and died in the faith of his childhood. The noble wife nerved his arm and encouraged his heart. Why then should he need to be alarmed when told he was to go?

Rev. Ed. R. Wallace, the only brother of John A. Wallace, was called upon. He had been called to the bedside of his brother soon after the accident and spent the last hours with him.

John Wallace was born April 25, 1864 and Alice Wells was born June 23, 1864 in Kentucky. During their childhood they were friends and were converted at the same time and joined the Methodist church.

Mr. Wallace leaves one brother, Rev. Ed. R. Wallace of Ramsdale, Texas, and one sister, Mrs. Jack Wells of Lingleville, Texas. She was not able to be at the funeral.

PALO DURO POST LEASES HOUSE

Bell House on Houston Street Secured for Term of One Year—Ideal Club House.

The officers of the Palo Duro Post of the American Legion have leased the Bell house on East Houston Street for a period of one year, possession to be given May 1st.

The Post had a very interesting meeting Thursday night at the Court House at which time the lease was finally closed and arrangements made for the opening of the Club.

Post Commander H. C. Gamble stated yesterday that practically all of the 126 members of the Post had been seen and will come in on the Club feature.

The charter has been received for the Ladies' Auxiliary. Any woman whose brother, father, son or husband was in the service is entitled to membership in the Auxiliary.

A few associate members will be taken into the Club. They will not have a part in the Post work, but will have all of the privileges of the Club.

Mr. Gamble stated yesterday that a great deal more enthusiasm was being shown for the Post work since the Club House had been secured and he was confident that Palo Duro Post will become a factor in the life of the community.

gar Money, Judge B. Frank Buie, W. H. Hicks, John Knight, C. R. Burrow and J. C. Pipkin. The active pall bearers for the body of Mr. Wallace were G. G. Foster, J. M. Craig, J. D. Gamble, J. E. Rogers, Dr. D. M. Stewart and Dr. F. M. Wilson.

ASKS RAISE IN THE LIGHTING RATES

Canyon Light & Power Company Will Discontinue Discounts on Bills—Coal Price Responsible.

Manager A. J. Arnolds has asked permission of the City Council to increase the light rates in Canyon 20 per cent. In the future the bills mailed to consumers will be for a flat rate of 18 cents rather than calling for the discount as allowed in the past.

Mr. Arnold stated yesterday to the News that the increasing rates of all his materials used at the plant was responsible for the increase. He stated that he would not have asked for a raise had not the last 38 per cent raise in coal prices, which was supposed to have been taken from the producer, been shoved down to the consumer.

The raise in light rates is only in keeping with the raise made in other public utilities. The city council was the first to make a raise when it boosted the price of water from \$1.00 to \$1.50 in town and \$1.80 outside of the incorporation.

Flesher in Austin Regarding Roads County Judge C. R. Flesher is in Austin this week to appear before the highway commission regarding the roads of Randall County.

PRECINCT CONVENTIONS TO BE HELD SATURDAY, MAY 1

Precinct conventions will be held under the law on Saturday, May 1st, for the purpose of electing delegates to the County Convention on Tuesday, May 8th.

At the county convention delegates will be elected to the state convention May 25 where the delegates to the National Convention in San Francisco will be selected to name the Democratic candidate for President.

At the primary election in July, 1918 only three precincts elected precinct chairmen, as follows: Precinct No. 1, G. G. Foster; Precinct 5, J. E. Park; Precinct six, J. W. Blair. C. D. Lester is County Chairman.

The Canyon box has a majority of the voters of the county, and whichever faction dominates the precinct convention will control the county convention on May 4th.

Oliver Car Turns Over Saturday afternoon the Oliver Sedan Ford turned over on the highway smashing all of the windows out of the machine and cutting Miss Mary Lou Oliver quite badly.

Mrs. Lucy Thomas is suing N. Schee in the interest of herself and C. M. Thomas. Friday Judge Henry Bishop appointed a receiver for the property in question, located on the Schee farm east of Canyon.

Vega Outlaws Tamed The Vega Outlaws were defeated in baseball Monday afternoon by the Normal team by a score of 3 to 2.

DISTRICT MEETING OF THE HOME DEMONSTRATION AGENTS The County Home Demonstration Agents of West Texas are holding their annual meeting in Canyon this week.

Mr. Dora E. Barnes, district agent for the West Texas Section has charge of the program. Miss Madge Reese, dairy specialist of Washington, D. C., is giving a series of lectures.

NOTED LECTURER SPEAKS FRIDAY John Z. White, Taxation Authority, to Speak Tomorrow Night at Normal Auditorium.

John Z. White, lecturer, the most eminent authority on taxation in America, will deliver a lecture Friday evening, April 23 at 8 o'clock in the Normal Auditorium.

REV. SIMEON SHAW WILL SPEAK ON CAMPAIGN ISSUES At the request of the Administration Democrats, Rev. Simeon Shaw will address the voters of Randall County Saturday night at eight o'clock at the District Court room.

Kirkpatrick Baby Dies A daughter was born to Mr. and Mrs. A. A. Kirkpatrick Tuesday afternoon, but the infant lived only until Wednesday morning.

While in the city Mr. White will address a number of the history and economic classes in the Normal. He is speaking in Amarillo today.

SALE OFF ON MYERS PLACE

Encampment Grounds Liable to be Lost to Canyon Unless Other Location is Found.

Canyon is liable to sleep on her rights and lose the location of the Baptist Encampment grounds unless the citizenship can find a suitable location.

The members of the Canyon City Club could not agree to sell the club grounds. The next best location was the J. M. Myers place on the creek just below the club grounds.

The Baptist Encampment would mean a great deal to Canyon. It would bring thousands of people to the city during the summer and would bring hundreds of new people to Canyon for permanent residence.

Rev. B. F. Fronabarger stated yesterday that the buying committee had held a meeting in Amarillo Tuesday. The committee had been instructed by the Executive committee only regarding the Canyon Club and the Myers place, and since neither can be bought at this time, the executive committee must be called together before any other locations may be discussed.

W. C. TURNER DIED LAST NIGHT AT HUNTLEIGH HALL Judge W. C. Turner, aged 84 years died last night at his home at Huntleigh Hall. He has been sick for about a week.

Shot Put—Jarvis, Dalhart, 35.5 feet; Guthrie, Hereford, 34.7 feet; Haygood, Tulia, 34.4 feet. Broad Jump—Jackson, Dalhart, 20.5 feet; Guthrie, Hereford, 18.01 feet; McMinn, Hereford, 17.6 feet.

Relay race was given to Hereford because they had the only team that appeared on the field. Pole Vault—Jackson, Dalhart, 11 feet; Wilson, Ochiltree, 9 feet 6 inches. Hale of Lipscomb and Gilliland of Hereford tied for third place.

100-yard dash—Jackson, Dalhart, time 10 3-5 seconds; Guthrie, Hereford; Sadoris, Amarillo. One Mile—Hill, Lipscomb; Sams, Amarillo; Demming, Ochiltree. 220 yards—F. McMinn, Hereford; Jackson, Amarillo; Hill, Ochiltree.

High Jump—McMinn, Hereford; Guthrie, Hereford; Cockran, Tulia. Hereford won the highest number of points, making 35 1/2 points; Dalhart second with 24, and Amarillo third with 16.

Buy Baltimore Hotel Mrs. Sudie B. Anthony, proprietor of the Texan Rooms of Amarillo, has purchased the Baltimore Hotel Rooms from H. W. Gouley and will operate same under the name of The Texan.

John Z. White, taxation authority, to speak tomorrow night at Normal Auditorium. John Z. White, lecturer, the most eminent authority on taxation in America, will deliver a lecture Friday evening, April 23 at 8 o'clock in the Normal Auditorium.

At the request of the Administration Democrats, Rev. Simeon Shaw will address the voters of Randall County Saturday night at eight o'clock at the District Court room. All democrats are invited to be present. Come to Canyon to Live.

BIGGEST MEET WAS HELD SATURDAY

Two Hundred Contestants Here Friday and Saturday for Panhandle Interscholastic Meet.

The meet of the Interscholastic Association Friday and Saturday was the biggest in the history of the Association, and was much larger than the authorities were expecting. Every high school in the district with the exception of Canadian had a strong team contending in the various events.

More than 1300 admission tickets were sold to the meet, a large percent of which went to the hundreds of visitors, aside from the contestants who were given free admission to all events.

The town was taxed to capacity to care for the visitors and the citizens were called upon the open their homes to the boys and girls who were here for the meet.

The following were the results of the meet: Winners in finals of the different events are:

Senior Declaration—Boys: Marvin Sadoris, Amarillo; Senior Girls: Pauline Davis, Panhandle. Debate: Amarillo vs. Miami, 3 to 2 in favor of Amarillo. Basketball: Boys—Farwell vs. Hedley, 35 to 31 in favor of Farwell, Girls—Amarillo vs. Tulia, 40 to 12 in favor of Tulia. Loving cups awarded to all winners of first places. Finals in Spelling: Hallie Payne, Perryton. Finals in Essays: Class "A"—Subject: "Thrift, a Peace Time Patriotism," Nida Martin, Amarillo; Class B—Subject: "Big Business Runs on Small Economics," Bill Walls, Silverton. Rural—Subject: "Thrift as a Factor in Civilization," Irene Sansing Wildorado.

Track and Field Meet 440 yards—Guthrie, Hereford, time 25 seconds; Bollinger, Ochiltree; Roberts, Dalhart. Discus—Wilson, Ochiltree, 85.2 feet; Jarvis, Amarillo, 80.9 feet; Jowell, Hereford, 79.4 feet. 50-yard dash—Jackson, Dalhart, time 6 seconds; Sadoris, Amarillo; Robertson, Texhoma. 880 yards—Gill, Lipscomb; H. Inland, Tulia; P. Smith, Hereford. Shot Put—Jarvis, Dalhart, 35.5 feet; Guthrie, Hereford, 34.7 feet; Haygood, Tulia, 34.4 feet. Broad Jump—Jackson, Dalhart, 20.5 feet; Guthrie, Hereford, 18.01 feet; McMinn, Hereford, 17.6 feet.

Relay race was given to Hereford because they had the only team that appeared on the field. Pole Vault—Jackson, Dalhart, 11 feet; Wilson, Ochiltree, 9 feet 6 inches. Hale of Lipscomb and Gilliland of Hereford tied for third place. 100-yard dash—Jackson, Dalhart, time 10 3-5 seconds; Guthrie, Hereford; Sadoris, Amarillo. The Repair Outfit For A Ranch.

One of the greatest time and money saving investments a farmer can make is a repair shop, furnished with the necessary tools for fixing up farm machinery and equipment. For the average sized ranch the shop need not be an expensive affair and in some instances, an old building may be made over into a very good shop. Often the cost of the building and tools may be saved in one or two year's time in the repairing and renewing parts of wagons and machinery which would otherwise have to be done by the local blacksmith. It is often the loss of a bolt or nut, will suspend all work while getting repairs from town. We thus lose from an hour to a half day, when the repairs could have been made at home in a few minutes if we had access to the necessary tools.

Many farmers object to trying this kind of work on the ground that it is difficult to do; but a little practice will enable anyone to do the greater part of the repair work that may be needed. Bolts, nuts and washers should always be kept on hand in different sizes. A few rods of round iron, about 3-8, 1-2 and 3-4 inches in diameter should also be kept from which to make links for chains, and a supply of open rings and clevises. These articles often break in the busy season and many expensive delays may be saved by having them handy.

It is not a difficult job to put in a new wagon tongue and if a supply of is kept on hand, the farmer may take advantage of stormy weather in winter, when no work can be done out doors, and make gates, doors, ladders, and the other equipment needed about the place. The shop should be furnished with a good forge and blower for doing blacksmith work, and a stove will be found necessary to make the place comfortable in winter. In addition to the forge and blower, the following tools will be needed for doing iron work; A blacksmith's vise, a medium sized anvil, a blacksmith's hammer, a light hammer, a set of twist drill bits, a set of taps and dies for cutting threads, two or three cold chisels, and several sizes of punches.

For woodwork, put up a substantial bench about ten feet long. A carpenter's vise should be placed on one side of the bench near the end, and a bench stop at one end of the of the bench to hold boards for planing. Most farmers will not need a complete set of carpenter's tools, but at least the following should be purchased at first and other tools added from time to time as needed: A hatchet, a rip saw, a cross cut hand saw, a set of chisels, a wooden mallet a brace and set of wood boring bits, a draw knife, two planes and a steel square. It is a good plan to overhaul the farm machinery at least once a year and the repair shop will be found a convenient place in which to do this job. Clean up the woodwork and metal parts of mowers, bind-

ers, cultivators, etc., and give them a coat of paint when needed.

Tighten all loose bolts and sharpen the teeth of harrows and cultivators so they will be ready for immediate use when needed. If the old knives and guard plates on the mower are worn so they will no longer do first-class work, they should be replaced with new ones. The amount of money squandered by the farmers of the west by exposing machinery to the weather, and allowing them to deteriorate through rust and decay, would in many cases represent the difference between profit and loss in the operation of the ranch. If in some way we can be compelled to take better care of it and would invest the amount saved in this manner in pure bred live stock, our success would not be a matter of doubt. —Field And Farm.

Loyal Employees.

"A young man who is of utmost importance to the department and to me, so far as my effectiveness is concerned; had on his desk when I came to the office an offer from a commercial concern of an income of \$325 a month more than what the Government paid him. He asked me what I would advise. I said: 'I would advise you to take it, and then I will veto it, because you must not take it, in the interest of 100,000,000 people in America.' He is vital to the department. He did not accept the offer. There was a chemist who has had seven offers. He is now drawing \$5,000 a year. His last offer was \$16,000. He turned it down, saying, 'No, I will serve.'"

In such fashion the new United States Secretary of Agriculture, Edwin T. Meredith, gives an idea of the spirit of the men in his department. "There isn't a more earnest, more loyal group of men and women in America," he said. "It is so all through. The men in the department are protecting your food, your crops. Many of them are working more hours a day, with more earnestness, than the average man in our commercial institutions. That is a thing I would like to have you know."

No comment is necessary on what Secretary Meredith drives home, except to notice the fact that he is driving it home. Secretary Meredith is a newspaper man. He thinks

the people ought to know something about the department he has taken charge of. Publicity and advertising he thinks, are as essential to a Gov-

ernmental agency as to a private business. Things are going to hum in that department under Secretary Meredith.—Star-Telegram.

Federal Electrical Washing Machines

We want you to know how very easy it is to wash the Electric way. An electric washer takes all the labor out of washing, and the cost of operation is five cents per hour. The Federal is a high grade machine. We have contracted for these machines so as to put one in your home for an initial payment of \$25.00. Balance you can pay in monthly installments. Step in and let us tell you how we hope to increase our present hours of service, by placing these machines in your home.

BACKMAN-TINSCH TRAINED WILD ANIMAL SHOWS

Amusement lovers, particularly the kiddies, will welcome the announcement of the coming of The Backman-Tinsch Big Trained Wild and Domestic Animal Shows to Canyon, Thursday, April 29th, for one day only. The big water proof tent will be pitched on the Regular Show Grounds. Every man, woman and child in Canyon and surrounding country should avail themselves of this opportunity to witness this highly educational exhibition of Wonderfully Trained Lions; one of which actually makes a balloon ascension, accompanied by a beautiful young lady trainer flying far into the lofty peaks of the mammoth canvas and while the Beauty and the Beast are enjoying their aerial flight a beautiful display of fire works is turned loose while the entire tent is darkened. Positively the most inspiring, sensational, at same time beautiful act, ever before attempted or accomplished by any other show in America.

Wildorado News

Mrs. Floyd T. Mitchell left last Saturday for a visit to her sister in Nebraska.

Rev. Ira B. Sanford filled his regular appointment here last Sunday morning and night.

Prof. and Mrs. Wallace and their pupils, report a splendid good time while in attendance at the Interscholastic League meet at Canyon, the latter part of last week. Our school is proud that one of her pupils carried off one of the first prizes.

L. C. Moore went to Hereford on business Monday.

J. C. Allred returned Sunday from a visit to his brother at Waxahachie.

Rev. Robert Pride, of Bushland was transacting business in our town, Tuesday.

Dr. R. S. Roland, of Amarillo, was in town on business Tuesday.

J. F. Dorgan, of Mexico, Mo., is looking after his interests out on his farm this week.

Mrs. W. E. O'Neal, visited her father, J. M. White, in Amarillo, Sunday afternoon.

New lights have been installed at the M. E. Church.

Joe Bedink left Tuesday morning for Central Iowa, he will be gone about 10 days. Joe said he might have to buy two tickets back.

Wayside Items

Rev. Charles McNeely came from Happy and gave us two good sermons, also preaching at Beverly in the afternoon. Good crowds were in attendance. Sunday School was held at the usual time, led by Supt. H. H. Gillham. Three dollars was collected, which is to go to the Methodist Orphanage.

A good rain would be highly appreciated. Wheat and oats are looking well, but would be better if it would rain.

H. H. Gillham and Roy Key have the contract for grading the public roads of Armstrong county south of

the canyon. They will begin work soon. They will begin with the road running south of Wayside.

Misses Ruby Lee and Agnes McGehee closed their school at Beverly last Friday.

Miss Cora May left Friday morning for Plainview to visit her sister Virginia and brother Buss, both are in the Sanitarium and both are under operations. She returned Monday morning very well. Miss Ruby Lee McGehee took the place of Miss May in the schoolroom, Monday.

O. P. Thomas and Ewing McGehee came in Saturday night from Canyon. Mr. Thomas will visit relatives around Wayside. Ewing has been at work on the new dormitory at Canyon.

Mrs. Della Walters is recovering from an attack of the mumps.

Umberger Notes

Quite a number went to Canyon trades day.

Anton Hartman returned from Nebraska after a short visit.

A strong whirl wind blew down J. W. Turner's windmill. The mill was a new one and in good shape.

Joe and Frank Bedink from Wildorado were here Friday.

Ira Cotchell from Hereford spent a few hours here Sunday.

The dance at Chas. Beckmans' place was not much of a success.

Hy Hellman and family visited at Wm. Erdmans, Sunday.

Two young men from Switzerland arrived here Saturday. They are related to Mrs. Nick Hollenstein, and will make their home here.

A. P. Thorton went to Hereford on business, Monday.

John and J. G. Batenhorst were in Amarillo, Monday.

The Presbyterian Church

The services on next Sunday are as follows:

Sunday School at 9:45 a.m. At the close of the lesson period the pastor will give a special illustrative talk to the children of the Sunday School. We have a place for your child in our Sunday School with a competent teacher to instruct it.

Morning Worship at 11 o'clock. "The Best" will be the topic of the morning sermon.

Evening Worship at 7 o'clock. At this hour the topic will be, "The Call to the Heights."

Christian Endeavor meets immediately after the evening service at 8 o'clock.

A welcome awaits all who may worship with us.

TED P. HOLIFIELD, Pastor

Come to Canyon to live.

Dink Punk vs. Marshall Field

Marshall Field & Co., Chicago's greatest retail store, paid seven Chicago newspapers a total of \$354,442.09 for advertising in 1914—a dull year. Marshall Field & Co. began business in a small way many years ago, and from the first utilized advertising in a dignified and convincing way. From obscurity to eminence, Marshall Field emerged, and although he died a decade ago, a multimillionaire, the store he founded grows annually. Marshall Field and his associates believed in advertising and believing in it, unhesitatingly paid for it by employing the best newspapers in the city. Canyon Testimony Remains Unshaken

Time is the best test of truth. Here is a Canyon story that has stood the test of time. It is a story with a point which will come straight home to many of us.

T. A. Ridgway, farmer, Canyon, gave the following statement Jan. 13, 1912: "I have been using Doan's Kidney Pills for a short time and find they are benefiting me. I suffered from a weak bladder causing too frequent and profuse passages of the kidney secretions. I have noticed since using Doan's that I have much better control over my kidneys. I recommend Doan's Kidney Pills to relieve weak kidneys."

On April 30, 1919, Mr. Ridgway said: "I haven't had an occasion to use Doan's Kidney Pills since I recommended them in 1912. I think the cure they gave me has lasted and I did at that time."

UNDERWEAR AND CORSET SECTION

New Goods

arriving in almost daily procession from the big eastern markets, bring to you the very latest styles, the newest ideas of dress and cleverest novelties that ever appeal for their practical value and convenience.

Munsingwear

The makers of these superior garments are always in the lead in the matter of style, and the quality of their product is in a class by itself. Our stocks are so complete, you can rest assured that you can find just what you prefer. Styles are so varied, and space is so limited that a detailed description can not be given here. Prices range from \$1.25 upward.

La Camille Corsets

Since so much depends upon the correct fit and style of ones corset that most women are very particular about what make of this garment they wear. "La Camille" corsets are so satisfactory that in nearly every instance, once they are worn, a woman will have no other make. There is a scientific basis for the wide favor they enjoy. Careful manufacturing insures you service and wear as well. Price \$2.75 upwards.

Wayne Hosiery

are so superior to many brands of hosiery on the market today, that they command a position that is unshakable. Our stock includes hosiery for ladies and children, in cotton, silk and lisle. All prices.

SPECIAL—
"CUMFY-CUT"
 Lace Knee; closed styles in all sizes.
 Tight Knee, cuff style (34 to 38 sizes, price ---- 75c garment)

SUBSCRIPTION \$2.00 PER YEAR.

The American people would be very unhappy were it not for the fertile grounds for freakishness and fads in the make-up for the humans which inhabit this continent. This time it is the overalls club. The fad is as silly as most fads. It will last just about as long as most fads. There will be thousands of pairs of overalls bought by simple minded fools who will wear them a day or so in order to stimulate the idea. Then the overalls of this class will be laid aside and forgotten for some other fad. The result of the abnormal business in overalls sale will shoot the price skyward, and the fellow who has to wear overalls in his trade will be the innocent sufferer of the faddish crowd. Far better run out a pair of last year's pants, patch them up, if needs be, and stay off the overalls idea.

The failure of the unauthorized walk out among the switchmen is a good indication that the Brotherhoods used discretion in their demands for a return to work. The Brotherhoods are in a position to make or break organized labor so far as railroads are concerned. The American people are getting pretty tired of strikes. If the union officials cannot handle their men, better get in a new bunch and do it quick.

It is the duty of every voter in Randall County to go to the precinct primaries on Saturday, May 1st. At this time the delegates to the County Convention on Tuesday, May 4 will be selected. The county convention expresses the will of the people in regard to whether the democrats of Randall county shall endorse or repudiate Woodrow Wilson. It is the most important thing before the voters just now. Don't overlook the precinct convention May 1st.

Jim Ferguson announces this morning that he is a candidate for PRESIDENT. Arkansas used to hold the center of the stage among the union of states for the jokes it produced, Texas promises soon to put Arkansas off the map. And, as could be expected, Jim is 'agin' the universe.

If the weather man can't produce anything but wind, some of our candidates might get his job after the July primary.

Pleasant View News

We are having some very windy weather at present.

Rev. B. F. Fronabarger will preach here Sunday at 2:30 o'clock. Every one is invited to come and bring a friend.

Miss Winnie Jennings, who is teaching at Canadian, visited her sister, Mrs. F. A. Crowley last weekend.

T. V. Slack went to Amarillo Tuesday to hear Joe Bailey.

Mrs. F. A. Crowley had a narrow escape last Tuesday when her horses were frightened at some sheep, while she was on her way to her neighbor. Fortunately nothing was damaged.

Ed Gibson and son Wesley made a business trip to Plainview last Friday.

The Pleasant-view school will close Friday. Miss Irene Redfearn has had a successful year of teaching and we hate to see her leave us.

Frank Brown's parents, of Hamilton county, are visiting at the Brown home this week.

Robert Ball loaded out a car of maize out of this neighborhood this week.

Democratic Executive Committee.
The Democratic Executive Committee will meet Saturday afternoon at 2:00 o'clock. All precinct chairmen are requested to be present.

The precinct conventions are hereby called at the various voting places of the county for Saturday, May 1st at two o'clock.

The County Convention will be held at two o'clock, Tuesday, May 4th at two p. m.

C. D. LESTER,
Chairman Democratic County Executive Committee.

COMMITTEE OUTLINES SCHOOL LEGISLATION

Special Session Will Be Asked to Enact Emergency Laws For Institutions

Austin, Texas, April 19.—The general educational advisory committee, which effected permanent organization here today, adopted resolutions outlining emergency legislation to be requested of the special session of the Legislature, which is now scheduled to be called for May 24.

The five following cardinal principles were adopted:

First, increase of appropriations for higher educational institutions, including State Department of Education.

Second, increase of salaries of county superintendents, fixing the minimum salary and permitting county boards to fix the maximum salary and make allowances for office assistance and traveling expenses.

Third, direct appropriation from the general fund for the public schools to make up the deficiency necessary for their support and operation.

Fourth, repeal of the maximum salary law now applying to rural and small town schools.

Fifth, revision of laws as to certification of teachers, providing for reciprocity with other States and for some choice of subjects.

It was further decreed that the Legislature should amend the laws so as to clearly designate as schools and not eleemosynary institutions, the institute, deaf and dumb school, the State orphanage and the recently created home for neglected and dependent children. During the discussion Senator-elect Lynch Davidson remarked he favored the repeal of the entire board of control act.

The committee unanimously endorsed the constitutional amendment to be voted on next November to remove the educational local tax limit.

The permanent organization consists of Richard F. Burgess, El Paso, chairman; F. C. Proctor, Houston, vice chairman; Miss Annie Webb Blanton, secretary-treasurer, and the following committees:

On legislation: T. N. Jones, Tyler, chairman; D. E. Lyday, Fort Worth; A. C. Cochran, Gonzales; L. J. Hart and F. W. Cook, San Antonio; Lynch Davidson, Houston; Leonard Tilton, Sealy, and Miss Blanton.

Educational development committee: F. W. Bralley, president of C. I. A., chairman; R. E. Vinson, president of State University; Dr. W. B. Bizzell, president of A. & M.; President C. E. Evans, San Marcos Normal; City Superintendent T. H. Shelby, Tyler; Miss Nellie White, Dallas, grade teacher, and H. P. Breisford, Eastland.

The last named committee will prepare recommendations for permanent relief, including an educational survey of the State. The former committee will draw the bills under today's recommendations.

President J. A. Hill attended the meeting as a member of the Committee. He will return home today.

"Little Shepherd of Kingdom Come" by JACK PICKFORD—April 30-May 1st—OLYMPIC.

Card of Thanks

We do sincerely appreciate the kindnesses and sympathy shown us in our sad, heart-breaking scenes and experiences through which we have gone in the losing of our loved ones—John A. and Alice Wallace. We desire to thank each and everyone of Canyon and Amarillo and from other places who helped us so much by word and deed to bear these griefs. Should we express all there is in our heart to say to you books would not contain it. Their sorrowing relatives are leaning on the everlasting arm of Grace, and can not weep as those who have no hope for we know where to find them. God Bless you.

ED. R. WALLACE, for their brothers, sisters, and children.

Precinct No. 1 Meeting

The democrats of Precinct No. 1, Randall County, Texas, will meet in precinct convention on Saturday, May 1, 1920, for the purpose of electing delegates to the county convention.

G. G. FOSTER,
Precinct Chairman.

It is said that fifty voters have signed a petition for Hearst as a Presidential candidate, and a dozen papers immediately declared that the list is likely a complete one.—Savannah News.

SATTERWHITE STANDS FOR EXPANSION OF NORMAL

Representative Lee Satterwhite of Panhandle was asked by his constituents for a statement regarding his work in the legislature. He set forth the work of the past legislature and what he had in mind for the coming session of the legislature if they will return him. He said, in part, in the Amarillo News and his own newspaper, the Panhandle Herald:

My committee work was confined almost exclusively to that of the Committee on Appropriations, which committee is composed of twenty-one members, with jurisdiction over all bills appropriating moneys from the general revenues of the State for the maintenance of the State government, its departments and institutions, and with jurisdiction over claims against the State. It is recognized as the most important committee of the Legislature and its membership has very little time for any other committee work, however, I was a member of the committees on Public Printing, Enrolled Bills and Labor.

As a member of the Committee on Appropriations I gave earnest and fair consideration to every item of appropriation of money and supported only such appropriations as the law permitted, endeavoring at all times to be fair with the tax payers and those charged with the responsibility of administering the affairs of State and the various educational and eleemosynary institutions.

Owing to the constantly growing popularity of the West Texas State Normal College at Canyon, giving it a rapid growth in its student body, the boarding house facilities at Canyon were found last year to be inadequate for the proper care of those who desired to attend the school.

In order to relieve this crowded condition of the boarding students at Canyon I supported an appropriation of \$150,000 to build and furnish a dormitory for girls, and the building is now under construction.

I will also use my earnest and best efforts to secure such an appropriation for the W. T. S. N. C. at Canyon as will be needed to enlarge the Agricultural, Economics and Industrial Arts departments so as to give the boys and girls of the Panhandle-Plains country a four-year course in either of these departments. Such an enlargement can be made to give

the same results as separate institutions, at a much less cost to the State.

Baptist Church

Sunday School, 10 a. m.
Preaching, 11 a. m., Subject: "The Program of Jesus Christ, delivered to his disciples, by which, till he comes again, they are to carry on this work."
B. Y. P. U., 6:30 p. m.

Preaching, 7:30 p. m. A further discussion of Christ's Program.

OBSERVATIONS

Christ gave such a program. It is easy to understand. Not even a child need make a mistake as to its meaning. To carry out this program joyfully and faithfully is to be truly loyal to Jesus Christ. To ignore, change, invert, take from, or add to this program is to be disloyal to The Master. To contend for the carrying out of this program is not the ranting of a sectarian spirit, but is the demand of a spirit that counts nothing in this life so honorable, so noble as obedience to Jesus Christ.

This great program will be studied before his congregation, by the pastor, at the morning and evening services, Sunday, April 25th.

B. F. FRONABARGER, Pastor

Estimate of Service Rendered by Normal Schools of Texas

"The extent of service rendered by the Normal Colleges of Texas is too often overlooked and very rarely given a rating commensurate with its desert. Of 7421 teachers holding state permanent certificates 6628 are graduates of Normal Colleges; conservative estimates are that 50 to 60 per cent of the white teachers of Texas are certificated by the Normal Colleges. As an investment of State funds, the Normal Colleges, therefore, pay very large dividends in the improvement of quality of service rendered by 10,000 to 15,000 teachers."

This paragraph is a quotation from an address recently delivered by President C. E. Evans of the South West Texas State Normal College, San Marcos, Texas, at a conference of institutions of higher learning. The facts submitted deserve careful and close study. When we consider that more than 89 per cent of the teachers of Texas holding permanent certificates have derived this prestige from the Normal Colleges, we are forced to the conclusion that the destiny of our public school system rests largely upon the shoulders of the Normal Colleges. Not only this, but the work of the Normal Colleges

It takes a woman, a woman only, to turn a house into a home.

But—

there is no store in the land that can be of more assistance in the furnishing of it than ours.

We solicit the inquiries and inspection of women who are particular about the furnishings, hard to please.

Night Phone 84

CASH OR EASY PAYMENTS

has contributed largely to raising our public school system to the dignity of a profession. That the Normal Colleges of Texas have contributed 90 per cent of the best teachers in our public schools, and the further fact that they are largely responsible for professionalizing the work of the teacher, should commend them to the thoughtful consideration of our Legislature and the public in general. Hitherto teachers have been content to do their work quietly and in comparative solitude, letting results as to the approval of the public take care of themselves. This seeming indifference has been almost fatal to the

good name and the financial welfare of the teacher. Mankind is prone to put too high an estimate upon concrete evidences of results; teachers have accepted this verdict of the public, until recently, without questioning the injustice that was being done to their profession. But they are awaking to the fact that they must urge the value of their services if they are to receive due recognition. Acting upon this conviction, they are tabulating statistics which speak in tangible terms of what they are doing.

THE ART OF DANCING AS A PART OF EDUCATION

Dancing is not only the most universal of the arts, but the mother of all arts. Out of the bodily rhythm has grown the sense of rhythm and balance that underlies art, as portrayed in music, poetry, sculpture, architecture, and painting. It is a silent language of the feelings. Like art, it is a means, not an end. It is capable of expressing the highest and most noble emotions.

The Greeks understood the value of rhythm far better than do we. Music, athletics and dancing were important in the education of every Athenian youth. Plato voices the sentiment of his people in: "Rhythm and harmony are made familiar to the souls of the youth, that they may grow more gentle and graceful and harmonious, and so be of service both in words and in deeds; for the whole life of man stands in need of grace and of harmony."

Rhythm is a fundamental principle of life; the sea rises and falls in rhythm, the world turns on its axis; the wind sways the daisies of the field until they play in a most orderly and harmonious dance; the human heart keeps its measured pulsation; poetry sings emotion in rhythm. As soon as rhythm is destroyed, beauty is lost; danger and sometimes even destruction follows.

Every nation, every savage tribe, all children find adequate expression in the freedom of dance; freedom in its higher meaning—not "doing as we please", but in a recognition and joyful acceptance of relationship. So the race has her music, the mood of which she interprets in terms of "bodily thought."

Aside from its beauty, which were excuse enough for its being, dancing is a most healthful art. It stimulates heart action, strengthening the vital organs. It develops skill, grace, alertness (mental and physical), obedience, and a mastery over self. Above all it feeds the play instincts, keeping alive a youthful spirit.—The dance has all the advantages of gymnastics—plus. Gymnastics are for the body, but the dance is for the body and the soul, for the heart, mind, and imagination, as well as the arms, legs and chest.

In our "growing up" and our struggle to become highly civilized, we are perhaps a little prone to put aside "childish things", forgetting God gave us not only a mind, with which to think, but a most wonderful, constructed body to help express our thoughts and emotions. Even we might strive to attain a small measure of the perfection, which I Phillips possessed to so high a degree:

"His elegance was so distinctly wrought—one might almost say his body thought."

Coreen

Like the first lovely ray of the morning,
Like the bright cheery song in the glen,
Like the first fragrant breath of the springtime,
Was our friendship with you, dear Coreen.

In the springtime, the flowers all around us
Will have meanings so sweet and so new,
And the birds in the trees will be singing,
Yes, we'll know they are singing of you!

Your bright laughter has made us so happy
Your sweet words, how they oft cheer'd us on!
Many flowers in our path have you strewn, dear,
—And we miss, how we miss your glad song.

But in time, all the tears will be gone, dear,
And the years will have soothed all the pain,
For your memory will bring back the past, dear,
And we'll live it all over again.

Gaining Distinction

Mr. E. B. Brown, a graduate of W. T. S. N. C. but now attending the University of Texas, has just been awarded Fellowship in Chemistry at Yale. This Fellowship carries with it a stipend of something like a thousand dollars. Mr. Brown has discovered a solvent for aspirin tablets, and recently he was offered a position in the chemical department of the manufacturers of this well known drug; however, he prefers to finish his school work, and he expects to take his Ph. D. degree at Yale in the spring of 1921.

Mr. Earl Sparks, another graduate of W. T. S. N. C., has just been given a Fellowship in Economics at Harvard. He will leave for Cambridge this fall to begin work upon his Ph. D. degree.

Miss Nellie Cleveland, who was associated with us in 1916, is attracting

considerable attention at Columbia University through her short stories and poems. She will take her M. A. degree at Columbia this spring.

These are but few of our graduates who are making for themselves a name of which their alma mater is justly proud.

Commencement Addresses

President J. A. Hill will deliver the Commencement address at Dumas, April 24; at Farwell, May 11th; at Lockney, May 17th; and at Quanah, May 28th. Prof. H. W. Morelock will deliver Commencement Addresses to the Amarillo High School on May 17; Canadian High School, May 21st.

The Seasons

When the cold north winds are blowing

And the frost is in the air,
Then we feel our spirits going
And the heavy weight of care;
Then we know that it is winter
And we want our loved ones near.

When the tassels in the corn field

Turn the wavy fields to gold
And the little playful lambskins
Can't be kept within the fold,
Then we know that it is autumn—
And its glorious wealth unfold.

When the birds begin their singing

And the world is turned to green
By the fairies' fairy fingers
All unheard and all unseen,
Then we know that it is springtime
And our heart to God doth lean.

When the heart becomes oppressive

And we reap the golden grain
And the soul within us rises
To the patter of the rain,
Then we know that it is summer
And our hearts rejoice again.

A Prayer

Oh God, if I could only do all the things I wish for you; If I only knew a way to make each daily trial pay; If only this poor human hand could justly serve my fellowman, and I could only feel the love as tranquil as the cooing dove, straight from others hearts to mine—Pure love like that of Christ Divine—I am sure this life would be worth the price that come to me.

LUDYE LEON CARY

GIRLS BASEBALL GAME

Sesames Defeat Elapheians By Score of 25 to 15

One of the most interesting events of the season was a base ball game by the girls' literary societies of the W. T. S. N. C. on Wednesday afternoon at 3:30 o'clock. Long before the hour arrived for the game to begin the grandstand was crowded with enthusiastic rooters for each team. The Cousins boys were there to boost for their sister society, the Sesames; and the Antlers rivaled

them in ardor for their intellectual partner, the Elapheians.

The Sesame line-up was as follows; A. Irwin, catcher; G. Irwin, pitcher; M. Miller, first base; Prichard, second base, McClendon third base, Kessler right field, R. Smith left field, Park center field, Hood short-stop. The Elapheians matched them with McKennon catcher, Cannedy, pitcher, Wilhite; first base; Tate, second base, Harrison, third base, Simms, right field, Steele, left field, Fletcher, center field, Bradford, short-stop.

At exactly 4 o'clock the umpire blew the whistle, the first Sesame took her place at the home-plate, and the big game was on. Many sensational plays featured the game, and the grandstand supported every performance with loud approval. Both sides fought with that spirit which characterizes the truly modern woman, and each member of the teams demonstrated what she could do with just a little practice. Never before did a ball team get such support from the fans, and never before did a team struggle so hard to win its laurels at deserving hands.

At last, when the ninth inning rang down the curtain on this thrilling drama of the survival of the fittest, the Sesames had demonstrated their superior ability in every phase of the game. The game has occasioned the liveliest conversations from many quarters, and more explanations have been offered to account for defeat and victory than were ever before heard of. One enthusiastic fan said this morning, "I have paid my money to see Cobb swat the pill for a home-run, but I got more real enjoyment out of this game than any other I ever attended." Such seems to be the opinion of all who attended the game.

—From The Prairie.

A Washington dispatch says the Democrats are worrying about the possibility that President Wilson may want a third term. Probably the Democrats can find enough to worry if they confine themselves to President's first and second terms.—Kansas City Star.

Perfect Health is Yours If the Blood is Kept Pure

Almost Every Human Ailment is Directly Traceable to Impurities in the Blood.

You should pay particular heed to any indication that your blood supply is becoming sluggish, or that there is a lessening in its strength and vital force.

By keeping your blood purified, your system more easily wards off disease that is ever present, waiting to attack wherever there is an

opening. A few bottles of S. S. S., the great vegetable blood medicine, will revitalize your blood and give you new strength and a healthy, vigorous vitality. Everyone needs it just now to keep the system in perfect condition. Go to your drug store and get a bottle to-day, and if you need any medical advice, you can obtain it without cost by writing to Medical Director, Swift Specifics Co., 112 Swift Laboratory, Atlanta, Ga.

ARE YOU HAVING ANY AUTO TROUBLE

Experienced workmen will be glad to look after any difficulties that you may be having. Little troubles soon make big ones if not properly looked after.

Bring in that car and we will be glad to give any advise as to the best way to put it in perfect condition.

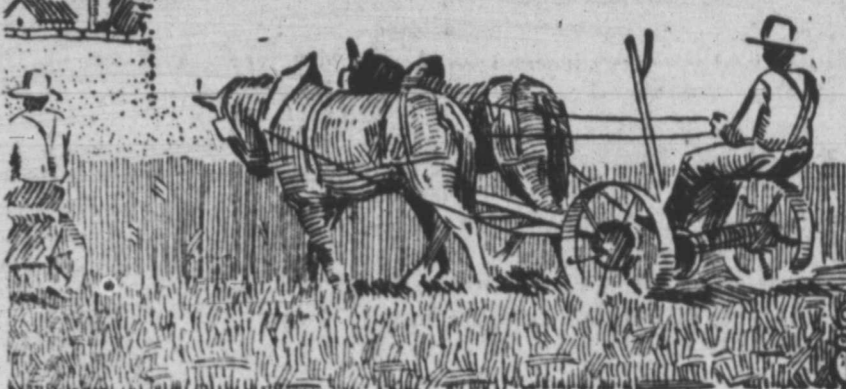

Wm. Schmitz

BUY LAND NOW

There was never a time in the history of America when land was in such demand. Randall county has cheap land today, but it cannot last long with the big yields our farmers are making. Don't neglect longer buying some land, which will bring you great returns.

See me for the best bargains in land, cattle, stocks of merchandise or city property.

HIGHEST QUALITY AWARDS

THE MOST BEAUTIFUL CAR IN AMERICA

The Leading Seven-Passenger

Nothing could be more expressive of the true merit of the Paige Six-55 than the position of leadership which it holds today among seven-passenger motor cars.

There is no mistaking the sincere and enthusiastic endorsement accorded it on every hand.

The same generous approval has been bestowed upon it by those who admire its beauty of body line as by those who place emphasis upon its many other qualities—notably luxuriousness, sturdiness and general mechanical excellence.

Powered with the same six-cylinder motor which has always given such universal satisfaction, this smart seven-passenger continues to win increasing favor. It is known to be remarkably smooth-running as well as unusually economical for its power and size.

Our dealer will gladly arrange to take you for a demonstration ride in the Paige Essex at your convenience. It will be well worth your while if you have in mind the purchase of a car of the finer type.

Happy Happenings

W. T. Townsend and family attended the basket ball game at Kress Thursday.

Mr. and Mrs. Joe Evans were shopping in Amarillo, Wednesday.

Mrs. S. M. Swearingen was shopping in Tulia Saturday.

John L. Bragg went to Lockney last week returning Thursday with a new Chevrolet.

Mr. and Mrs. Lester Dillon were visiting in Canyon Wednesday. Mrs. R. L. Dillon of Canyon returned with them, Thursday.

George Wahrer was a Canyon caller Wednesday.

Jess Miller was a business caller in Amarillo Wednesday.

Mr. and Mrs. Charlie Waite and Mrs. Joe Waite were shopping in Tulia Friday.

J. H. Stephenson and family were visiting relatives in Shilverton and Tulia last week.

Mrs. J. M. Flesher left Thursday for Houston and other points in Central Texas to see her sister who is quite sick.

Mrs. Embry Finley entertained Wednesday evening in honor of her sister Mrs. H. T. Still of Vernon. Ice cream and cake was served. Those present were Mesdames H. T. Still, A. J. Garrison, P. J. Neff, Wm. F. Miller, J. M. Flesher, J. M. Evans, James Gurley, Mary Cook, O. H. Ralhs, C. W. McNeeley, H. M. Baggerly, C. R. Strong, W. E. White, Ernest White, Charlie Zoellars, Ollie Fonken, Nannie Parker, S. M. Swearingen and Miss Grace White. Mrs. Ernest White furnished music on the piano and Mesdames Still and Finley sang several selections also having music on the graphonola. All had a nice time.

E. F. Arnold and family were attending the county meet at Canyon Saturday.

Dewey Cockran left Saturday for the sanitarium at Clovis New Mexico.

Mrs. C. F. Zoellars, Misses Mildred

and Vivian Galer were shopping in Canyon Saturday.

Mr. and Mrs. Shanon, Miss Ethel Duff and Joe Sullen were visitors in Hereford Sunday.

Mrs. Dewey Cochran left Sunday for Juinita, Okla. where she will visit some time.

A baby was born to Mr. and Mrs. C. V. Buchanan on, Thursday, April 15th.

Mr. and Mrs. Joe Evans and son Wayne and Miss Odessa Evans were shopping in Amarillo, Tuesday.

Misses Hazel Gazaway and Cecili Sanford were visiting Miss Fairy Gazaway in Canyon Saturday. Miss Fairy returned with them and stayed until Monday when she returned to school.

Grandma Henderson returned Friday from Seminole where she has been visiting J. A. Gazaway and family for some time.

Mrs. S. T. Whitman was visiting in Canyon, Monday.

Mr. and Mrs. J. H. Stephenson were visiting in Tulia, Saturday.

Miss Mary Mayhew was visiting Miss Ernie Myers at her country home Saturday and Sunday.

Dr. Hart and John Toles were attending the Joe Bailey steaking in Amarillo Tuesday.

John Bragg, Misses Wilma Edmons and Auto Bragg went to Amarillo Friday to see their sister Mrs. Sweat who has been taking treatment there for some time. She returned home with them but will go back the last of the week for an operation.

Mrs. Matlock came in Friday to visit her daughter Mrs. J. B. Balew.

J. A. Gazaway and daughters Misses Hazel and Vera of Seminole came in Friday to visit friends here several days.

Mrs. R. H. Galer returned Tuesday from Hamilton, Texas where she was called by the serious illness of her father. He died Thursday.

J. H. Stephenson and family were Canyon callers Monday.

Misses Mary Mayhew, Ernie Myers, Cecil Myers and Lane Mayhew attend-

ed the show in Tulia Tuesday night.

Teaching Without A Certificate.
The Mid-Texas Teachers' Association, which recently met in Brownwood, passed a resolution condemning the seemingly prevalent practice of allowing good people in many communities to teach without a certificate. To permit local people to substitute for a day or two in the event of sickness on the part of the regular teacher could perhaps be justified; but superintendents, both city and county, should vigorously oppose the practice of allowing this evil to become a permanent policy. It would be infinitely better to close the schools than to allow incompetents to substitute for any length of time for those whose business it is to teach. This position does not overlook the fact that there may be a few people—non-holders of certificates—who might do a good day's work in the school room; but to admit that the average citizen can manage school affairs as well as the trained teacher is to discredit our profession. Should such a condition obtain for only a day among lawyers or physicians, both of these professions would immediately label the intruders as "quacks" and would take the necessary steps to discontinue the pernicious practice. Shall we sit idly by and permit our profession to be dragged down to the level of a trade? In the first place, this practice is illegal and we should not permit it to continue. But even if it were not illegal, to permit the untrained to take a position side by side with those who have spent their time and money in preparation for an admittedly difficult task is to acknowledge that there is no such thing as a teaching profession. Once let the public adopt this idea, and we are doomed.

—From The Prairie.

Why not wait until Germany gets at peace with herself before making peace with Germany?—Charleston Mail.

S. O. S.
Save Our Schools
All citizens in Canyon who believe in giving the school children of this State and of this community a fair chance at a good school next fall are asked to co-operate with the plans, formulated by the State Department of Education in the interests of the constitutional amendment which will soon be voted on by the citizens of Texas. This amendment would remove the fifty cent limit now placed on taxes for school purposes.

Tag Day
May 1st there will be a state-wide tag-day for the purpose of securing money to pay the expenses of the campaign for this constitutional amendment. Canyon will be tagged for better schools.

ARE YOU too busy to remember that illiteracy breeds anarchy?
That
TEXAS RANKS thirty-fourth in amount spent for education of each child?
That
CHILDREN—70,000 of them are without teachers?
That these little ones are WORTH more than all your stocks and bonds and the cattle on a thousands hills?
A TAG from everybody in Texas on May First will finance the educational Amendment Campaign.

FOR SALE—Adding Machine paper at the News office. Special price made on the case of 100 rolls. *tf*

Notice and Warning
I am suing N. Schee and C. M. Thomas relative to the interest of C. M. Thomas and myself in certain properties, some of which is located on the Schee lands. Notice is hereby given that parties purchasing or removing any of these properties will be held to account therefore in this suit.

Seeing Your Gasoline

There is great satisfaction in seeing whatever you buy. We have therefore installed a gasoline filling station where you can see the gasoline that is being put into your car. You can tell exactly how much gas you are getting and see the quality. It is not pumped into the tank, but runs from the glass government tested container at the top of the station.

Get your gas at the Kuehn Garage, eliminating all chances of short measure through a defective pump or buying air which is often pumped under the old method.

FORD SERVICE

Our shop is run exclusively for Ford service, under the approved system of the Ford Motor Company. It is equipped with tools that are used in the Ford plant. Our schedule of prices are authorized by the Ford Company. Our workmen are trained through the Ford service system to do this expert repairing.

If you are a Ford owner, you cannot afford to take your car to any but an authorized Ford shop. Ours is the best equipped in this section.

Kuehn Garage

LITTLE WANT ADS BRING RESULTS

THERE IS ONE ISSUE TO BE DECIDED MAY 1st BY THE DEMOCRATS OF RANDALL COUNTY SHALL THE DEMOCRATS DECLARE THAT THEIR PRESIDENT, REGULARLY ELECTED FOR A SECOND TERM, FAILED, AND TURN THE GOVERNMENT OVER TO THE REPUBLICANS OR NOT?

President Wilson, with the help of the Democratic Congress, has accomplished the following unrivaled, constructive acts and measures:

- 1st—The election of the United States Senators by direct vote of the people.
- 2nd—The Tariff Commission.
- 3rd—The Federal Reserve Law.
- 4th—The re-establishment of the Merchant Marine.
- 5th—The Cotton Future Act.
- 6th—The Federal Farm Loan Act.
- 7th—The Federal Aid Road Act.
- 8th—The Federal Co-Operative Agricultural Act.
- 10th—The Clayton Anti-Trust Act.
- 11th—The Act of the President in compelling Germany to acknowledge our right to the freedom of the seas.
- 12th—The Acts of the President in keeping this country out of war as long as there was an honorable way to keep out of that world cataclysm.
- 13th—Our entry into the war because our citizens were being murdered upon the high seas, our flag insulted, our honor assailed, our rights brutally disregarded and our liberty and freedom imperiled.
- 14th—The Selective Draft Act and other war measures making it possible for our army and navy to win the World War and preserve our liberty and freedom.
- 15th—The writing into the Peace Treaty the principles of Democracy and the protection of the weak peoples of the world against aggression of the strong.
- 16th—A League of Nations, the purpose of which is to forever make wars impossible.
- 17th—The Child Labor Law.
- 18th—The amendment to the Constitution of the United States prohibiting the manufacture and sale of liquor for beverage purposes.
- 19th—The political emancipation of woman.
- 20th—The recommendations of the President after the war was won to reduce and simplify taxation, which recommendations have not been followed because the Republicans for almost two years have had control of both houses in Congress.

Never in the History of the World has any party or leader done so much for the betterment of man-kind.

When Woodrow Wilson returned from Europe, he was easily the first man in the world. The oppressed of all Nations regarded him as their hope. The Strong knew him to be their Leader. Our Country was the recognized Leader of Nations and Our President, the foremost man in all the world.

Learned, in the highest Scholarship—
Uncorruptable, as the Saints of the Church—

A Prophet, with a vision of Peace on Earth—
A Conqueror, with Militant Democracy at his back.

The Greatest Democrat the World has produced, with all Thomas Jefferson's learning and with all Andrew Jackson's Courage.

And Democratic Texas is asked to repudiate

WOODROW WILSON

A disappointed Republicanism by the use of unlimited bribing elected Newberry, in Michigan a convict, to the Senate, and with that ill-gotten vote organized the Senate Republican, and against Wilson and all his works.

A defeated Germanism reallying to any cause against the Author of their downfall—
A ruined Rum Traffic greedy as Shylock for their Pound of Flesh—
A Radical Socialism festering in Bolshevism—
A Heterogeneous mass of Slackers—I. W. W's. Draft Evaders and haters of the Cause of Man, have all found a voice in a repudiated and discredited Politician, whose hands still drip with the Bribes of the Standard Oil, who tells us that:

"Viewing the Whole Thing, Taken From Top to Bottom, Not One Single Achievement Of The Entire Democratic Administration Meets My Approval," (Bailey's Speech at Wichita Falls, March 30th.)

1. Where was Bailey when the War of Life and Death was on?
2. What Liberty Bonds did he buy?
3. When was his voice raised for funds to nurse our dying sons?
4. He says he is the smartest man in Texas and then some. When was his great intellect used for America in her time of Trial?

Bailey is against the Democratic Administration.

Bailey got \$150,000, which we know of, from The Waters-Pierce Oil Co.

Bailey defended the infamous Lorrimer.

Bailey defended Camiatti, The Rich White Slaver.

Bailey is confessedly in the employ of The Association Opposed to National Prohibition, a Brewery-Barroom gang.

The forty Texas Immortals nominated Wilson 8 years ago.

United Democracy unanimously renominated Wilson 4 years ago.

And now Bailey comes and asks Texas and Democracy to stullify itself by Repudiating Wilson.

Wilson emancipated 20 million women.

Women elected Wilson at the last Election.

Now Joe Bailey come and asks Texas Women to re-inslave themselves by repudiating Woman Suffrage.

Let every Patriotic Democrat Man or Woman be at the Court House in Canyon, Saturday May 1st, to attend the Canyon Precinct Democratic Convention.

This is most important, for here will be Elected the majority of the Delegates to the County Convention which will send Delegates to the State Convention, May 25th, which will send delegates to National Democratic Convention in San Francisco, where the Policies of Democracy will be formulated. If Texas were to send a Bailey Delegation instructed to condemn all that Democracy has done in the past glorious eight years we will turn over to the Republicans the conduct of our Government for the next generation, besides repudiating all for which our Fathers fought and for which our Sons died.

Low Six Hundred Children Live Together in One Big Family.

By Coleman Craig

The largest orphanage in the United States is in Texas, located seven miles out from Dallas, and is known as the Buckner Orphan Home. This institution has an interesting history. It was founded by the late R. C. Buckner in 1875.

Began with Three Children
This home, which now takes care of six hundred children, began with just three children, in a rented cottage in Dallas. In 1881 the first building was erected. From this small beginning the institution has had a marvelous growth, and during its history has taken care of many thousand children. There are now four large buildings, several cottages and 1800 acres of land. During all its history, it has been non-sectarian in its ministrations, and children have been admitted regardless of creed, though it is under the control of the Baptist General Convention of Texas.

A City Within Itself.
A visitor to the Buckner Orphan Home is impressed with the man-

JOE D. BUCKNER

fold-activities that go on within its own bounds. The Home has its own farm; a fine dairy, stocked with good milk cows; a power plant for heating and lighting, a laundry, a bakery; and a grammar school, and the first two years of high school; a regularly organized church with its own pastor; a Sunday School; a library of 3,000 volumes, and a museum, composed of two famous collections with many thousands of geological, faunal and zoological specimens and foreign curios from all over the world.

War-chest from Battlefield of Waterloo in Museum.

Among the many interesting relics in this museum, which is at all times accessible to the children, is an old steel bound war-chest, which came from the battlefield of Waterloo. Tradition has it that this old chest belonged to the Duke of Wellington. A handsome helmet, said to have been worn at one time by Napoleon, is also in the historical collection. The museum is also the final abiding place of a crude old log cabin, which was the first residence ever built in Dallas county. For a time it served as the first post office for Dallas, and was also the first court house.

A Real Home.
Buckner Orphan Home is more than a charitable institution. It seeks to be a real home. Dr. Buckner, who died last year, was loved by all the children, and the visitor who happened in at the home would in all likelihood see the old white-haired man entirely surrounded by children of all ages, who clambered up on his knees with the same freedom and familiarity as does Johnny when "daddy" comes home from the office. Dr. Buckner was affectionately known as "Father Buckner" by all the children.

Missionary from China Takes Up Father's Work.

When Dr. Buckner died, his two sons took up his work. One of them, Rev. Hal Buckner, was a missionary in South China, but upon his father's death, he returned and became general secretary. Mr. Joe D. Buckner, who had been associated with his father in the administration of the home for several years, became general manager.

A New Departure in Orphanage Management.

It has always been the object of this orphanage to make it as much a home, and less an institution, as is possible in taking care of such

a large number of inmates. With this in view, architects were called in, and work is now going forward in remodeling the old buildings, and in the planning of new ones, which will take care of the children in groups of thirty each instead of caring for them as a single unit of six hundred. The present buildings are now being remodeled so that each unit of thirty children will have its own apartment with private bath and toilet. Each child will have a wardrobe where he may keep his own personal effects. Each unit will have a cozy little sitting room, tastefully furnished, and with artistic pictures and decorations. The units will each have a junior matron, who will be under the direction of the senior matron. By departmentizing and caring for the children in small groups, a long step will be taken in getting away from the institutional idea, which always exists where a large number are cared for under one management.

In further carrying out this idea, the new buildings that are to be erected out of funds provided in the Baptist 75 Million Drive, will not be large dormitories caring for several hundred, but will be cottages with a capacity of about fifty children. The management plans the erection of ten of these cottages during the next few years.

Planning to Take Care of More Children.

During the next five years the capacity of the Home will probably be doubled.

The cottages which are soon to be erected, will enable the Home to take care of an increasing number. The new policy of the Home will also favor the admittance of more half-orphaned children who have lost but one parent, but who, in the majority of cases, are in as desperate need of the Home as are the orphans.

A Big Business Enterprise.

The cost of providing the living and educational expenses of a large family of 600 is enormous. These children have to have shoes and stockings and clothes the same as other children. The increased cost of living has run the daily expense of the Home up to the figure of about \$500 per day. Eighty to ninety per cent of these expenses are cared for by free will offerings of the people of Texas. The industries and farm of the Home provides ten to twenty per cent of the expenses. The expenses of the Home for the next fiscal year will call for contributions to the amount of \$175,000.

Daily Life of Children.

A child's life at this Home is regular, and so arranged as to give it practical experience, combining the elements of play, work and education. In the morning the children go to school. In the afternoon they can be found out on the expansive grounds playing and frolicking—happy like other children. For the older boys and girls there is work to do—not burdensome and

HAL F. BUCKNER

servile, for it is equitably divided, and the work is of such nature as to give the boys practical training in many of the trades and professions in which they will later make their own living; and the girls, training in home economics and management.

Its record has been unexcelled. So far as the records go, an inmate of this home has never been before any court on any criminal charge. From the Home these boys and girls go into the great outside, work-day world, prepared to make their own livelihood, as honest and law-abiding citizens.

GROUP OF CHILDREN ON ANNUAL PICNIC.

A REAL GRIEVANCE

A new and genuine grievance is registered by many farmers in western Kansas and Oklahoma. Having been unable to market their 1919 wheat crop by reason of the inability of the railroad administration to furnish cars, these farmers are now faced with the added burden of being compelled to pay taxes upon the wheat thus unwillingly held. Under state laws, property owners are held for property in their possession March first. There appears to be no recourse for the farmer who still has wheat stored on his farm or owned by him and stored in an elevator, except to pay taxes on the grain, despite the fact that he may owe money at the bank which he would pay off if he could market his wheat. This means that he must continue to pay interest at the bank and also taxes on the grain which would cancel his debts could he get it to market.—Agricultural Review.

KNOWS A LOT

The Hale Center Record recently asked what had become of Doctor Cook, the prize fakir of the century.

Well, we found him while at Fort Worth last week, so our Hale Center contemporary can rest easier. Doctor Cook is a sincere and truthful man. If you doubt this, then read his bland and urbane statement made before the Young Men's Club of Ft. Worth:

"The north is not so bad as it is pictured. If you want to know how it feels at the North Pole go to Amarillo; there is only a wire fence between Amarillo and the North Pole. There is more green grass within five hundred miles of the North Pole than in many parts of West Texas."

As if a Panhandle man could doubt that the Doctor discovered the North Pole after hearing that statement. We conclude that Cook knows about as much about the North Pole as he does about the Panhandle. Cook had come to Fort Worth to lecture at the invitation of the Young Men's Club.—Canadian Record.

Lane says Washington is "rich in brains." That gives a new meaning to the term "idle rich."—Louisville Post.

COATS OFF

THAT'S when a good shirt shows its best qualities. If you are struck by the set across the shoulders, the custom smoothness of the front, the taper of the sleeves, the easy drape of the back—then you know it's an Eagle Shirt.

"Some" Dealer
 Up at a northwestern lake resort is a general merchant who is a character. His store has a little of everything in it. A lady "resorter" found there a small artistic porch lantern. She at once bought it. Others came flocking to him for the same lantern. He ordered a few. They went at once. Finally, later, the tenth customer came for one. By this time the merchant was "sore". No, he didn't have any and what was more he wasn't going to get any. "Why?" she asked. "Well," he said, "can't see no sense in gettin' the darned things. Can't keep none in stock. Soon's I order one, some woman comes in and buys it."—Team Work.

The Man "Just Going To."
 He was just going to help a neighbor when he died.
 He was just going to pay a note when it went to protest.
 He meant to insure his house, but it burned before he got around to it.
 He was just going to reduce his debt when his creditors "shut down" on him.

He was just going to stop drinking and dissipating when his health became wrecked.
 He was just going to introduce a better system into his business when it went to smash.
 He was just going to quit work for awhile and take a vacation when nervous prostration came.

He was just going to provide proper protection for his wife and family when his fortune was swept away.
 He was just going to call on a customer to close a deal when he found his competitor got there first and secured the order.—Philadelphia Association Bulletin.

How To Write Advertising
 The day of the jazz advertising has gone by, thought many highly paid ad writers don't seem to know it. Much of the national advertising in magazines still seeks to win attention by smart funny business, that has little relation to the merit of the goods. That kind of advertising does not persuade the public.
 What people want is to get information about things they want to buy. They want to learn the facts, not be amused by smart stories and pictures having nothing to do with goods.

An advertisement should be like market reports. It should add something to popular intelligence about the goods.
 The ad that gives information about goods, that helps a buyer decide where he can get the best value, is well written. An ad that does not give such information is not well written, no matter how smart and witty it may seem.

The champion British riveter has been made a member of the Order of the British Empire. It is understood that his services are being sought by several managers of Presidential candidates in this country who have promises of this and that State delegation.—New York Evening Post.
 Moonshiners in the South are reported to have formed a union. It is a movement, we suppose, for longer nights.—Detroit News.

"Cold in the Head"
 is an acute attack of Nasal Catarrh. Persons who are subject to frequent "colds in the head" will find that the use of HALL'S CATARRH MEDICINE will build up the System, cleanse the Blood and render them less liable to colds. Repeated attacks of Acute Catarrh may lead to Chronic Catarrh.
 HALL'S CATARRH MEDICINE is taken internally and acts through the Blood on the Mucous Surfaces of the System. All Druggists 75c. Testimonials Free. \$10.00 for any case of catarrh that HALL'S CATARRH MEDICINE will not cure.

The College Carpenter
 "Another item of interest that you committee has found is the case of the college carpenter. This man is employed to do odd jobs of carpentering about the college. He has to be paid the union wage for carpenters. We find that last year, from January 1, 1919, to January 1, 1920, the college paid him \$3,286 which is more than is paid the head of any department in the institution, and so far as we can find out, he has drawn more from the institution than any individual with the exception of the president of the college, the director of the station and the director of extension."

A committee of the faculty of Colorado Agricultural College, in a report made to Governor Shoup on the subject of salary increases, is responsible for the above statement. The professors are not envious of the college carpenter; he is a good workman and they think he earned the money. What rubs is that the carpenter did not set his own wage scale. The union did that for him and the college authorities paid it without quibbling. In fact, they had to pay it, or leave the work undone.

This is not an argument for the unionizing of professors, but it is this same sort of incident that has led elementary school teachers to join the American Federation of Labor. The condition is accepted as an excuse for unionization of the teaching profession. If that comes about it will be a sorry day for this nation for then the rule of the union will be paramount and consideration of the pupil a secondary matter.

The remedy is adequate pay for the teaching profession, whether of the elementary schools, or the colleges. If a carpenter is worth \$3,286 a year a college professor in a technical institution occupying a position for which eight or ten years of training is necessary is worth \$5,000. The Aggie professors would be so much better off with the carpenter's wage that they would feel almost rich. They think they are worth more to the state, however, than the carpenter.

Unpaid instructors and dissatisfied professors are poor architects of character for the young people from the farms. Discontent kills all initiative and discontented research workers may bungle many a scientific experiment because they lack the impetus that comes from a sympa-

thetic atmosphere that should surround an institution of learning and should extend from the office of the chief executive down to the janitor's cubby-hole—not to forget the college carpenter, who may be fully worthy of his magnificent hire.—Western Farm Life.

Sugar drops to 90 cents a pound.—Harvard (Ill.) Independent.

Not Badly Scared
 Little Elizabeth was spending a week with an aunt. On the first night, when bedtime came, the aunt asked the guest if she was frightened in the dark.

"Oh, no, auntie," replied Elizabeth. "That's lovely," said the aunt, with a sigh of relief.

"I was a little afraid once," went on Elizabeth, "when I went into the pantry to get a cookie."

"What were you afraid of then?" "I was afraid I couldn't find the cookie."—New York Evening Post.

Sometimes it is hard for a Yankee to love a lord, when it happens to be a landlord.—Philadelphia Public Ledger.

We share Ted's hope that while the President of the Irish Republic is wandering on foreign strands his Secretary of State will not usurp his powers by calling any cabinet meetings.—Chicago Tribune.

The dreamer who advises Ireland to stick to poetry and song and let politics alone may be a good judge of poetry, but he's a poor judge of Irishmen.—St. Paul Pioneer Press.

COMING TO CANYON
Thursday April 29 One Day Only
 afternoon & nite regular show grounds

No sir-ee, bob!
 No premiums with Camels—all quality!

CAMELS quality plus Camels expert blend of choice Turkish and choice Domestic tobaccos pass out the most wonderful cigarette smoke you ever drew into your mouth!

And, the way to prove that statement is to compare Camels puff-by-puff with any cigarette in the world!

Camels have a mild mellowness that is as new to you as it is delightful. Yet, that desirable "body" is all there! They are always refreshing—they never tire your taste.

Camels leave no unpleasant cigarette aftertaste nor unpleasant cigarette odor! Your say-so about Camels will be: "My, but that's a great cigarette".

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes for 50 cents; or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.
