Poultry Department
Rev. Ted P. Holifield, Supt.

Premiums will be awarded upon six classes of all breeds of poultry which are entered in the Poultry Show as follows: First, second and third up on Cock, Hen, Cockerel, Pullet, Cld Pen, Young Pen.

In the last two contests it is desired that the pens should be composed respectively of one cock four hens and of one cock and four pullets.

Our County Fair is young and the funds for prizes are not flush, but our interest in the success of the Fair should cause us to enter into all its activities with zeal. If you have any poultry on your farm of which you are proud, don't fail to make an entry and let's endeavor to make the poultry show one of the most interesting and thorough features of the entire Fair.

Where there is one entry in any given contest, no monetary prize will be awarded.

E. B. Miller, poultry expert from Plainview will be here to act as judge in this contest.

The prizes on the individual entries will be: first prize \$1.00 second 50c; third 25c. For the pen entries: first prize \$5; second \$2.50; third \$1.25.

REV. HOLIFIELD IN CHARGE OF POULTRY AT THE FAIR

Rev. Ted P. Holifield was appointed superintendent of the Poultry Department of the Randall County Fair on September 8, 9, 10. E. B. Miller of Plainview, one of the best judges in Texas will judge the poultry during the fair.

Randall county has had some excellent poultry shows. The exhibit last winter was fine, but the one to be held during the Randall County Fair will surpass anything yet held in the county.

The poultry fanciers of Randall county are urged to take a part in the exhibit at the fair, as it will be well worth their while.

BAD HORSES COMING FOR BIG RANDALL COUNTY FAIR

The American Legion will have some real bad horses for the bronc busting during the Round Up at the Randall County Fair. C. O. Edwards has charge of this feature and has been receiving calls from all parts of the Panhandle both from men with bad horses and men who want to ride in the contests. Some very liberal purses will be given by the Legion for the best riders.

One of the big features of the Legion entertainment will be the \$1000 auto race. Wesley Kleinschmidt is the promoter and manager of this feature of the entertainment.

Ball Game During Fair
Arrangements are being made to have two or three of the best ball games of the year during the Randall County Fair. Some good strong teams will be brought here to play the Canyon team.

Bringing Band For Fair
One of the best bands in the Panhandle will play all day during the Randall County Fair. The Normal band is disbanded during the vacation or this organization could be used.

RANDALL COUNTY FAIR WILL BE HELD AT NORMAL GROUNDS

President J. A. Hill has tendered the use of the Normal athletic field for the use of the Randall County Fair. The grand stand will be used for the athletic stunts, with a platform built out in front where night shows will be put on.

Along the east side of the athletic field the show pens will be constructed. The hog and agricultural exhibits, sheep, cattle, horses and poultry will all have stalls on the east side of the race track. The grounds will be lighted so that visitors may go to the grounds at night. A special performance will be put on at least two nights during the fair.

The tractor and automobile agents have been solicited and at least ten dealers from Amarillo will bring an exhibit. They are going to put up a big tent for exhibition purposes.

WILL JUDGE HOGS IN BIG DISTRICT FUTURITY SHOW

W. H. Alexander of Childress has been selected judge of the District Futurity Show which will be held in Canyon September 8, 9, 10.

Mr. Alexander is one of the biggest breeders in Northwest Texas and is an expert in the hog show ring.

C. F. Walker stated yesterday that he was fortunate to obtain a man like Mr. Alexander to do the judging in this show.

Days of Judging at Fair
C. F. Walker announces that the judging during the Randall County Fair will be as follows:

Wednesday, Sept. 8--All live stock, except swine.

Thursday, Sept. 9--All swine exhibits, and poultry.

Friday, Sept. 10--Agricultural exhibits and the Baby Show.

Help Wanted at Fair Ground
It is going to require a great deal of work to get the grounds ready for the Randall County Fair on Sept. 8, 9, 10. C. F. Walker asks that men volunteer to put in a few hours, and especially those with teams are asked to assist in hauling lumber to the grounds. The funds of the fair are not large and much of the labor will have to be voluntary.

Want Special Premiums
C. F. Walker asks that a big list of special premiums be offered during the Randall County Fair on September 8, 9, 10. Already three Duroc breeders have offered special premiums for exhibitors. Mr. Walker wants to publish a big long list of specials next week.

Vote Early Saturday
The election judges again ask that the voters go to the polls early Saturday in order that they may not have to work all night Saturday night in getting the vote counted and the records of the election completed.

Every voter living in Canyon should vote before noon Saturday in order to give those in precinct number one living outside of Canyon a free use of the polls Saturday afternoon when they come to town.

VOTE EARLY--by all means.

Band Concerts Postponed
Owing to the fact that Wallace R. Clark is away from the city, and most of the members of the band are on their vacations, no band concerts will be held until after the opening of the fall term of the Normal.

Come to Canyon to live.

READ THE BULLETIN BOARD

The News has been assured by the Texas Election Bureau that the people of Randall county will get first class service Saturday night in the returns of the second primary.

The News will have a Bulletin Board at this office. We have made arrangements with the judges of the different precincts in Randall county to telephone in the results of their precincts just as soon as the results are known. All of the precincts should have the report in by eight

o'clock as the ticket will be short and easy to count. Bulletins from the state should begin to come in about eight o'clock as the difference in time between Canyon and Dallas will make it in our favor after the time for closing the polls.

The people of Canyon and Randall county are welcome to the service which we are offering on election night, which will be accurate, and will come promptly from the Dallas headquarters.

ATTORNEY GENERAL TO APPROVE BONDS

States Canyon Can Issue Paving Bonds on Present Valuation--Action Soon Will be Started.

The city officials have authority from the Attorney General to proceed with the steps necessary to make paving a reality in Canyon. The Attorney General states that the valuations are sufficient for the city to issue the necessary bonds after an election has been carried for the paving purpose.

Two steps are now to be taken before paving becomes a reality. First, a settlement with the commissioners court regarding the paving of the county's part of the square. Second, the election to approve the bond issue.

The first step has virtually been taken. The city and county officials discussed this proposition at length when the question of paving first came up, and they agreed upon the question. At the very first meeting of the commissioners the city officials hope to go into contract with the commissioners court definitely settling the details for the paving question.

There is no danger about the bond election being carried when the vote is taken. The citizens of Canyon have been demanding paving for a long while, and will vote almost solidly for the issue when the election is called. The city officials hope to call this election on or before the first of October, thus giving a chance to let the contract for paving this fall.

NEFF RALLY WILL BE HELD FRIDAY NIGHT AT 7:30

The final political rally of the year will be held tomorrow night at 7:30 by the followers of Pat Neff. The meeting is being widely advertised, and the voters from all over the county are urged to come to Canyon for the event.

Judge J. W. Crudgington of Amarillo and other speakers will be here to address the rally.

The New Fifty Thousand Dollar Baptist Church

The building committee of the Baptist church are now pressing the matter of soliciting funds for their new church building. One day's work has given them sixteen subscribers and a subscription of \$13,000.

They are hopeful of raising a subscription of \$25,000 here on their home field within the next three weeks.

They are hopeful of a kind reception from all and a goodly subscription from every Baptist and from every other one who feels that he desires to have a part in giving to the town and community a new, commodious and attractive church building.

The Baptists are glad to see their Presbyterian brethren launch their new church-building program. They wish them well and that they may soon have a new building. The efforts of these two denominations to should and will be mutually helpful, should and will be mutually helpful.

Will Bulldog From Ford
One of the big features of the Fair Round Up as will be staged by the American Legion Post will be bulldogging from a Ford and also from horseback.

One of the best riders and bulldoggers who has ever shown in this section of the country has written that he will be in Canyon for the Randall County Fair.

MRS. FLORENCE REYNOLDS IS FREED BY JURY AT LUBBOCK

The jury in the case of Mrs. Florence Reynolds returned a verdict of acquittal in Lubbock yesterday after being out twenty minutes.

Mrs. Reynolds was held under an indictment of the Randall county grand jury charged with killing her husband. She was tried and given a sentence of 20 years. The second case resulted in a hung jury. The third trial she was given five years.

City Property Sold
C. W. Warwick has sold his residence in front of the Normal to Judge C. F. Kerr of Dimmitt, who will move here September 15.

L. G. Allen has bought the two houses on East Houston street between his house and his mother's residence.

The wisdom of the wise and the experience of ages may be preserved by quotation.--Benjamin Disraeli.

JUDGE WELDON SPEAKS FOR BAILEY MONDAY

Wichita Falls Judge Gets Close Hearing Monday by More Than Two Hundred Voters.

District Judge Findley Weldon of Wichita Falls spoke Monday afternoon on the court house lawn to more than 200 voters, a large number being women; Bob Stratton presided at the meeting and introduced the speaker.

Judge Weldon attacked the oligarchy which has controlled Texas politics for the past few years and demanded their defeat in the election of Joe Bailey to the governorship. He charged with stupidity and ignorance those who claimed that Bailey had never been of use to Texas in congress, pointing out that only 6 democrats had ever been elected by the democrats as leaders in both the house and the senate during their tenure of office, and Joe Bailey was one.

He compared the Jeffersonian and the Neffsonian doctrines, and pointed out that Bailey stood for the former.

He brought up the question of Neff evading the draft, and lay down the facts as they appeared, but stated he refused to charge that Neff was a slacker. He chose to "let Pat wrestle with his own conscience."

He charged that Neff thought of the county attorney's office of McLennan county as his own for his own private gain, and charged that he had the names of 60 ill famed women whom Neff protected by having them pay a fine of \$18.70 every thirty days, Pat getting \$10 of this the other county officers getting \$7.70 and the state \$1.00.

He charged that the women are being fooled during the campaign in an attempt to line them up for Neff. He predicted that Bailey would lead Neff by 75,000 Saturday. He believed that no man who is a democrat could hate Bailey.

He used the arguments of Barry Miller against Neff in the Patterson case, Barry being for Thomason in the first primary and is now campaigning for Neff.

He deplored the socialistic tendencies of the democrats of Texas, and stated Bailey would welcome back to the good old party all who had voted against him after he became governor. He stated Bailey was the poorest politician and the greatest statesman in Texas because he told the truth of conditions that existed.

He charged that Bailey's war record was as good as Neff's. He would change the name of the "Forty Immortals" to the "Forty Immorals" for the way they voted in San Francisco. He charged that Bailey was the only man who had been asked by the Cox-Bailey managers to speak in doubtful states for the democratic party this fall.

He believes there are too many laws in Texas and that Bailey wants fewer while Neff wants more. He stated a few good men were for Neff, just those "Who did not know the difference between a democrat and a socialist." He charged that the Neff land plank was socialistic and that socialism was the first step toward anarchy.

City Property Sold
C. W. Warwick has sold his residence in front of the Normal to Judge C. F. Kerr of Dimmitt, who will move here September 15.

L. G. Allen has bought the two houses on East Houston street between his house and his mother's residence.

The wisdom of the wise and the experience of ages may be preserved by quotation.--Benjamin Disraeli.

Miss Lillie Bowman of east Texas is visiting at the J. C. Carver home.

Weakened By Rust
Many a piece of farm machinery is broken in use, at a busy critical period, because the part has become weakened by rust.

Nowadays when a machine breaks it is not only the cost of replacement to be considered, but the machine may be out of service for several days

or weeks because the dealer's stock of parts is low and completely out on some items.

And it isn't the dealer's fault either in most cases. He has orders in for short stock parts, but ordering is one thing and getting the orders filled is something else, as all machinery dealers and their customers know to their sorrow.

All farm machinery should be kept painted. Reduce breakage to the minimum. Parts will break often enough when machines are handled with the utmost care, but just now when replacements are so expensive and so difficult to get promptly regardless of price, the least the farmer can do to guard against this unnecessary weakening of essential equipment, by allowing rust to set in on it.

Fortunately paint isn't scarce. It takes very little time to apply it and the cost is nothing compared to the loss of several days use of an important machine at a critical period in planting, cultivating or harvesting time.

They rarely have election returns in Mexico. Mostly they're remains.

Mr. Pep

Lots of chicken fanciers don't want their wives to know it.

And it's a good thing for the wives that they don't know it.

We Are Just As Careful

about the little things that go to make your dining what it should be as we are about the big things.

PIANO PRICES

Look out for the "PIANO-BOOT LEGGER." They are here with truck and car to "GET THIS WHEAT MONEY" (as they term it) selling \$300.00 pianos at \$450.00 and up to \$700.00. We are not worrying, we will sell all the pianos the factory can let us have, BUT, by the BALDWIN system of selling we can save you from \$150.00 to \$250.00 and more, and after you have bought we will be here to take care of you, otherwise, when something happens to your piano you will have to pay the tuner to "FIX IT." There is no question as to the quality of our pianos as they are all made by "THE BALDWIN CO." and BALDWIN does not make poor pianos. We have a complete stock for you to select from.

 THE AMERICAN PRESS ASSOCIATION

If the allegation is true that Pat Neff was within the second draft age and did not register he ought to be in the insane asylum instead of an aspirant to the governor's mansion. Bailey and his speakers have diplomatically refused to pass judgment on the situation. In springing the question Friday, Bailey skillfully refrained from charging that Neff was a slacker. He simply pointed out the possibility that Neff was in the draft age and then passed the matter up. Of course if the matter were true it would and should defeat Neff. As for the News, we consider it pure political rot, sprung at a psychological moment to change the methods of the fight from an offensive on the part of the Neff followers to a defensive.

The Democrats are insisting that the Republicans not vote in the primary Saturday, as practically every Republican vote means a Bailey vote. It has been customary in Texas for Republicans to go into the primary gress pointing out that only two demohas never had a chance to win either locally or in the state wide contest. Those Republicans who have voted consistently during the past in the Democratic primary will hardly be kept out of Saturday's primary. Those who have not voted in the Democratic primary in the past, will have to swear to something which is not so when they pledge themselves that they are Democrats and will support the nominees of the primary.

As the News see it, the followers

of Bailey may not be described as "unlucky" animals with spiked tails and cloven hoofs; neither have we thought of the Neff bunch as fit subjects of the angelic choir without the proper certification of Saint Peter at the gate. Texas has had much worse governors than Joe Bailey would make; and Texas has had some very much superior governors than Pat Neff could make. No matter the result of the primary Saturday, we are quite confident that Texas will not go to the eternal bow-wows.

Some of the counties of the west were fearful that Randall county was not going to build a highway in order to get the Abo Pass auto route. They should quit worrying about Randall county. While some of these counties were talking about what they were going to do, Randall county quietly went ahead and let the contract for the highway which was causing all of this fuss. With the completion of this route, Randall county will have better roads than any county in the Panhandle.

Of course you are not going to miss the Randall County Fair on September 8, 9, 10. Other counties have had great fairs in this Panhandle country. Just come to Canyon on those dates and see the best yet.

The people of Texas will be truly glad when Sunday comes and a governor will have been selected. Too much politics is a plenty.

Keep in mind the Randall County Fair on September 8, 9, 10.

Abo Pass Meeting in Clovis
 There was a very large attendance in Clovis of representatives from all towns along the proposed Abo Pass Auto Route. Canyon was the largest town along the line which had no representative.

Leslie Neal, the newly elected director from Deaf Smith county, was in Canyon Friday to see what Randall county was going to do regarding the county highways, and was pleased to hear that the contract had been let for the completion of the highway to the Deaf Smith county line. This assures that the route will pass through Randall county.

A director will be appointed from Randall county, and the citizens will be asked for a small fee which will be used to mark the route through the county and publish the log book.

The meeting at Clovis is reported to have been one of the best ever

held in connection with the good road movement in this section of the country. The gathering believe that the route will be the most patronized of any of the national highways leading to the coast, and Mr. Neal states that the people of Randall county should feel fortunate in getting in the proposed route.

Marquis to Alpine School
 R. L. Marquis is now president of the Alpine Normal, having moved from Denton last week to take charge of this institution.

President Marquis was head of the biology department of the West Texas State Normal College from 1910 when the school opened until 1918. He has a host of friends who wish him success in his new work.

Heavy Rain Friday
 A heavy rain storm broke in Randall county Friday evening at five o'clock. For more than an hour a very heavy rain fell. It started to pour down again at 8 o'clock and continued for nearly two hours.

Boys Pig Club Coming
 During the Randall County Fair the work of the Boys Pig Club will be one of the attractive features. Several breeders are offering special premiums for this class.

Real Estate Sold
 Mrs. Ruth D. Culbertson of Nebraska has sold a section of land in the southwest part of the county to Dr. R. L. McMeans of Amarillo.

Card of Thanks
 We take this means of thanking our friends for their kind assistance during the illness and death of our husband and son.

Presbyterian Church
 Our services both morning and evening are holding up fine through this vacation period. On next Sunday we shall have the three following services:
 Sunday School at 9:45 a. m. Attendance good last Sunday. Desire a better one next Sunday. Come on. Morning worship at 11 o'clock. Sermon subject "The Wings of a Dove."
 Evening worship at 7:30. Sermon subject: "Distinctions that Differ."

The midweek service for prayer and Bible study is going to be of interest to those who desire to go into an exhaustive study of God's Word. Our study for the coming weeks will be especially in the Book of Matthew, chapter by chapter. Wednesday nights at 7:30.

We shall be glad to see you at these services of prayer and praise.
 TED P. HOLIFIELD, Pastor.

Baptist Church
 During the vacation of the schools and the summer visiting of many of the town people, those of the town who remain at home ought to do their best to keep up the services of the church.

10 a. m. Sunday school, J. A. Hill, Superintendent.
 11 a. m. Preaching by the pastor.
 3:30 p. m. Sunbeams, leader Mrs. Dixon Davis.
 6:30 p. m., B. Y. P. U.
 7:30 p. m. Preaching by the pastor.
 8:30 p. m. Tuesday, Ladies meeting.
 7:30 p. m. Wednesday, Prayer

meeting.

BLOUGH BECOMES POSTMASTER WEDNESDAY, SEPTEMBER 1st

A. W. Blough will assume his duties next Wednesday as postmaster of Canyon, having received the commission two weeks ago. By agreement, Cyrus Eakman has continued in office to the first of the month in order to eliminate confusion in the records of the office.

This week Mr. Blough is at work in the office getting on to the routine in order that the work may be more familiar on the first.

The only changes in the office that will be made after Mr. Blough assumes office will come when Austin King, the resigned assistant, leaves. This will make a promotion for Miss Blanche Croson and Miss Pearl Hensley and another clerk will be selected.

TIERRA BLANCA ASSOCIATION TO MEET HERE NEXT SUMMER

The Tierra Blanca Association of the Baptist church was in session for three days last week in Hereford in one of the best meetings in the history of the organization. There were a number of delegates from Canyon in Hereford for the meeting.

Not all of the business could be transacted during the session, and a committee will meet in Canyon this week to conclude the business of the session.

Canyon was selected at the meeting place next year.

Fixing Court House Lawn

The dirt which has been blown up around the edges of the court house lawn is being removed with scrapers and hauled to the middle of the street. The dirt along the outside of the curbing is also being scraped into the street. The lawn will be resowed to blue grass.

Building New Home

R. A. Campbell has contracted for a new 32x48 California bungalow on the lot between the Wiggins home and the house he formerly owned. The house will have six rooms and be constructed of stucco.

Buys Filling Station

R. L. Patton has bought the Black Bros. Filling Station across from the First State Bank and will take possession on the first of September. Mr. Patton recently bought the Christian home and moved here from Matador.

Methodist Picnic This Evening

Owing to the rain Friday evening the Methodist picnic was spoiled, and another attempt will be made this evening. The picnic will be in the form of a supper served on the church lawn. Invitations are sent to all of the members of the church to bring baskets and gather on the lawn at 6 o'clock for the supper.

Come to Canyon to live.

Housework is a Burden

Woman's lot is a weary one at best. But without backache and other distressing kidney ills life indeed becomes a burden. Doan's Kidney Pills have made life brighter for many Canyon women. Read what Mrs. Clouch, Canyon, says:

"A short while ago my back and kidneys began to cause me a lot of misery. There was just a dull ache through the small of my back and it was so sore and lame I could hardly bend over to do my work. When I did manage to stoop over, such a sharp, stinging pain would catch me, making it hard for me to straighten up. I was all worn out and could scarcely get around at times. I became dizzy and had headaches and my kidneys didn't act right at all. I saw Doan's Kidney Pills so highly advertised that I bought some and three boxes cured me entirely."

60c. at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Frances and Marie Hardin, twin daughters of Mr. and Mrs. Walter Hardin of Austin. Both of the parents are graduates of the West Texas State Normal College, Mrs. Hardin will be remembered as Miss Floy Brown.

DISTRICT COURT TO START NEXT MONDAY

Very Light Docket for the Term—Grand Jury Monday and Petit Jury Comes on Tuesday Morning.

The fall term of the district court will start Monday with Judge Henry S. Bishop presiding. District Attorney E. T. Miller will be here for his final term of court, not being a candidate in the July primary.

The docket for the term is very light unless cases are transferred to this county from some other county in the district.

The grand jury will be empaneled Monday and the petit jury for the first week is summoned for Tuesday.

Want Barbecue on Sept. 8

Considerable sentiment is being aroused for a big barbecue in connection with the opening of the Randall County Fair on Sept. 8th. The American Legion has offered to donate the bread, pickles and coffee if the stockmen will offer beefs, sheep and hogs for the barbecue. John Knight has

agree to put in a shoat, and other stock raisers are being solicited.

It is altogether likely that a barbecue will be pulled off on that date. Full information will be given in the News next week if the plan goes over.

We knew our dear old friend and fellow battler for the right, Warren B. Harding, would rise to the occasion when once it confronted him, and we see that he boldly and unequivocally came out for the Pilgrim fathers in his interview with the phonograph.—Ohio State Journal.

Skin Eruptions Cause Constant Torture

Disease Germs Must Be Eliminated From the Blood.

Eczema, tetter, boils, pimples, ulcers, irritations and scalp eruptions, as well as all other forms of skin diseases, come from a disordered condition of the blood. They must be cured through the blood, and this explains why local treatment fails so absolutely. The radical and rational treatment is to take a thorough course of S.S.S., which will rout out the disease germs from your blood, your complexion will begin to clear up and you will soon be rid of the disease as thousands of others have.

Get a bottle of S.S.S. today, write to our head physician, who will gladly give you full medical advice without charge. Address Medical Director, Swift Laboratory, Atlanta, Ga.

Our Service IS WORTH YOUR TRADE

Even if we didn't save you money over competition, the quality of our lumber service merits your patronage.

If you want something in our line and want it quick, if you want building advice, building plans made right, if you want any service known to our line, we will serve you instantly and well.

That service alone is worth your trade.

Canyon Lumber Co.

When a person knows some good news, which he feels will interest and benefit his friends and neighbors, he becomes anxious to tell it. That is the way the advertisers on this page feel. They have news of vital interest to you—news that will save you money on some article you desire to buy, or news about some new merchandise just received.

Since it is impossible for them to see everyone personally they take this method to tell you their message. Read every ad. You will find it worth while.

Notes of Science

Driven by an aerial propeller, an amphibious-vehicle has been built that makes sixty miles an hour over smooth roads and one-fourth that speed over water.

Czecho-Slovakia was the only country in Europe last year that produced more sugar than it needed for home use and was able to export a surplus.

A wrench, which its inventor claims will fit any size bolt or nut, secures a firm grip between a jagged jaw and an adjustable chain a foot in length.

Two gigantic kauri trees have been discovered in New Zealand, each estimated to contain as much sawable lumber as three acres of an average European forest.

Knives and other flat tools used in the feather and similar industries can be heated quickly in a new electric stove that requires no more current than a lamp.

Government experts investigating rumors of extensive deposits of iron ore in Northwestern Australia have reported at least 97,000,000 tons in sight above sea level of exceptional quality.

Berlin scientists have found that yeast, besides being useful in bread and beer, can be made to produce flavoring extract, a muscle-building tonic and a noninflammable substitute for celluloid.

British experimenters have obtained a ton and a quarter of fuel oil by carbonizing twenty tons of cannel coal.

A species of African fish has lungs so that it can breathe and live when the rivers it inhabits becomes dry.

For the convenience of travelers a collapsible milk bottle heater has been invented, solidified alcohol being the fuel used.

A Chilean mountain consists of an almost solid mass of more than 100,000,000 tons of high-grade iron ore, averaging 68 per cent metal.

Switzerland is planning to increase its coal supply by reopening mines abandoned years ago because coal of better quality could be imported.

Trying to get the Soviet Government into any sort of workable agreement recalls the late Colonel Roosevelt's simile of "nailing cranberry jelly to the wall."—Chicago Daily News.

Some States are born with equal suffrage, others achieve it, and the balance will have it thrust upon them.—Greenville (S. C.) Piedmont.

Overalls

I bought a suit of overalls, a suit of dingy blue, with creases down the outer walls and bib and tucker too. And all my neighbors did the same, and everyone in town, to knock the profiteering game and bring the prices down. The rich men in their gilded halls with poor men fell in line; we all are wearing overalls and feeling mighty fine. At last we'd found a useful way to curb the rising cost—and make the profiteering-jay feel like an early frost. And then the price of demin rags went soaring to the moon; the dealers sprung the same old gags, and crooned the same old tune. The honest toiler in the ditch could not afford to buy new overalls—we idle rich had sent the price sky high. The honest workers everywhere in fig leaves were arrayed; the dealer had no duds to spare—we'd bought his stock in trade. We wore our overalls a week and then the thing grew stale; we took and

threw them in the creek or hung them on a nail. And thus, a great reform, my dears, was to the discard hurled; and still the busy profiteers are fencing in the world.—Walt Mason.

Well, anyhow, it is true that these yacht races serve their purpose.—New York Evening Sun.

Those four New York men who have been arrested for stealing \$10,000 worth of shoes may have tried to equip their families for the coming winter.—Des Moines Register.

There isn't much chance that Armenia will get a disinterested and altruistic foster parent until she discovers oil or something.—Associated Editors (Chicago.)

For washing lace curtains use RUB-NO-MORE WASHING POWDER. Do not rub but simply dissolve a small amount and whisk the curtains through the water. Note results.

Judge Key's Manager Now for Judge Pierson for Supreme Court

IN INTERVIEW GIVEN TO THE SAN ANTONIO EXPRESS HE GIVES SOME REASONS WHY HE WILL SUPPORT PIERSON.

News that Dudley K. Woodward, Austin lawyer who managed the campaign of Judge W. M. Key for Associate Justice of the Supreme Court, will support Judge William Pierson in the run-off primary against Judge Hawkins, is contained in the following item from the San Antonio Express of Friday morning.

During the contest just closed, I managed W. M. Key's campaign for nomination as Associate Justice of the Supreme Court. It now appears that he has been eliminated, and in the run-off between Judge Pierson and Judge Hawkins, I shall vote for and support Judge Pierson, because, as between these two gentlemen, I believe that Judge Pierson is better qualified and that it is a matter of genuine public importance that he be nominated.

"Judge Hawkins is a man of strict integrity and high character, but his record upon the Supreme Court during the seven and one-half years of service there; forces me to the conclusion that, temperamentally and otherwise, he is not qualified for the position which he holds. During the period between Jan. 7, 1913 (the date upon which Judge Hawkins qualified) and June 20, 1920, covered by volumes 152 to 221, advance sheet No. 1 of the Southwestern Reporter, I find that Chief Justice Phillips has written 204 opinions of the court (exclusive of dissents, concurrences and others not decisive of the case); that Justices Brown, Yantis and Greenwood, each succeeding the other in the order named, have written in the aggregate 182 opinions, and that Justice Hawkins has written 28 opinions. If these figures are correct, and they have been made with the utmost care, they reflect a situation which in my judgment, renders it imperative that Judge Hawkins be superseded.

"Judge Pierson is a man of equally high character, an eminent lawyer of wide experience, and for a number of years past, has served with credit to himself upon the District Court, where he has demonstrated his ability to transact the public business with accuracy and dispatch. I am convinced that, if elected to the Supreme Court, he will prove himself to be a distinguished member of that great body. He has conducted his campaign in such a manner that his success leaves no trace of bitterness, and it will be a pleasure as well as the discharge of a public duty to give him my support."

—D. K. WOODWARD, JR.

Judge Pierson Won First Primary by a Plurality of 24,853 Votes

I am his wife and only air. You have asked for my allotment number, well I have four boys and two girls.

Please correct my name as I could not and would not go under a consumed name.

From a soldier to his mother, "I am writing in YMCA with a piano playing in my uniform.

Please return my marriage certificate. Baby hasn't eaten in three days. Both sides of my parents are old and poor.

Please send me a wife's form. Dear Mr. Wilson—I have already wrote to one headquarters and received no reply, and if I don't get one I am going to write Uncle Sam himself.

I ain't received no pay since my husband has gone to nowhere.

Please let me know if John has put in an application for a wife and child.

You have taken away my man to fight and he was the best fighter I ever had.

My son is in Co. 158 inf. Please tell me if he is dead or alive and if so what is his address.—Milwaukee Employees' Magazine.

A Communist Slip
New York World: Much tooting of whistles, it seems, greeted the arrival at Buenos Ayres of a Communist ship from Genoa flying the red flag and bearing a cargo of goods consigned by an Italian cooperative society. The event must be said to have justified the reception.

Here is the experiment in applying the theories of Communism which the whole world may watch with interest and with none of the doubts and fears that attend the practical demonstration on land. The seas are free for all comers, and to obtain their mastery it is not necessary as a first step to confiscate or scuttle the ships of the bourgeoisie and lop off the heads of the intelligentsia. If Communists can prove that they are better mariners than the slaves of capitalism, if their ships are faster

and can carry ocean freight cheaper, they will not lack for cargoes. Commerce is not squeamish in its patriotism.

Get The Boy's Angle
A letter came to our office not long ago from a farm boy in a nearby state. In it he wrote, "I am working at home with my father for my health, board and living—I suppose."

This boy's father owns a farm of 175 acres, 125 of which are in cultivation. That is not a small business. A fair estimate of its worth might be conservatively put at \$16,000.

Many small city and town business establishments are worth less than that amount. Some might even employ three or four people. In these establishments you would find workers being paid a weekly wage that will pay their board, buy their clothes, provide amusement and leave a surplus for a little savings account. Then, too, their hours are short—compared to the farm.

This boy just works for his living, he supposes. His father allows him to share the work, but not the profit. This father will probably be grieved when his boy hears the call of high wages and goes to the city—the chances are the boy will go eventually! And who will blame him?

Too many farmer-fathers make their sons work hard in exchange for a bare living, with perhaps a veal calf thrown in to make the boy believe he is getting somewhere. Let your boy have what he works for. He will work better if he has a share in the profits. And he will be more apt to want to remain on the farm. Put yourself in his place—for a change—and try to get his angle on things.—The Dairy Farmer.

No Soil-Products Exposition
The Board of Governors of the International Farm Congress has rejected all invitations and proposals, of which there were quite a number, looking to the staging of the International Soil-Products this year. This does not mean that the exposition is to be discontinued. On the contrary, preparations will shortly be commenced for staging the great soil-products show next year, and thereafter, on a much larger scale than heretofore. The location has not been definitely selected, but a number of proposals are already before the board, and when a selection is made it will probably be the permanent future home of the exposition.

The reason for the board's action in deciding against holding the exposition this year are: The high cost of

labor and building material; unsettled industrial conditions, and inadequate transportation facilities.

Much special building is required to house this exposition. The expense of this work, both for labor and material, is now more than double what it was three years ago. The unsettled general industrial conditions render it difficult or impossible for manufacturers and others who ordinarily make large exhibits to make their plans for this year. Transportation difficulties prevented a number of the largest exhibits from arriving at all last year, while nearly all were greatly inconvenienced. Numerous small exhibits were lost in transit.—The Agricultural Review.

Pop Bottle Starts Fire
A recent fire in the Rincon Mountains of Arizona was started by a soda pop bottle, according to a report made by Ranger Smith. The fire broke out near the ranger station and was soon extinguished. Smith went over the scene carefully and found a soda pop bottle in the midst of the burned area. It is his belief that the rays of the sun were concentrated upon the bottle and became focused on a dry bunch of grass which started the fire. It is recalled that some

years ago a fire bug operating in California used bottles as a medium of setting fire to the range. He would set the bottles at different places, and on hot bright days fires would be started after he was miles away.—The Cattleman.

OUR ANNOUNCEMENT

In last week's paper of impending improvements and additions to our already well established business have been fully realized. The opening of an up-to-date Millinery Department under the direction of Miss Laura Scott, completes the arrangements to which we had reference. Miss Scott comes to us highly recommended by one of the largest and best known millinery establishments in the East, and we have spared no pains nor expense in supplying her with the merchandise and material with which to carry on the undertaking. Miss Scott extends to every lady in Randall County a cordial welcome to visit her quarters and inspect her wares and you will find her at all times ready and willing to show you the newest things to be had in this line.

WOOL DRESS GOODS

36 in. all Wool Serge	\$1.50
36 in. all Wool Serge	\$1.75
36 in. Fancy Basket Weave	\$2.25
36 in. Tricolette	\$2.50
36 in. Tricotine	\$3.75

We consider these exceptional values in view of the fact that we cannot re-buy them when out. Our line of Ladies Wool Sweaters, Blouses, Silk Petticoats, etc., is complete and priced right.

The new Chin Chin in all the new materials and colors at \$9.00 to \$12.00
The latest Velvet and Feather Hats in the new colors \$15.00 to \$22.50
The newest in soft lined Velvets in all colors and trimmings at \$20.00 to \$25.00
The ready-to-wear in all the newest things at \$6.50 to \$12.50
We have not forgotten the Kiddies—bring them too.

BOY'S CLOTHING

Boys' Norfolk School Suits, very best materials \$13.50
Boys' Norfolks in better materials, 6 to 18 years \$15.00 to \$25.00

Boys Security School Shoes \$6.50 to \$7.50
Better grade in Thoroughgood \$9.50-\$10
Children's and Misses \$3.50 to \$6.50

It is with great pride that we extend to the people of Canyon and Randall County an invitation to visit and inspect our establishment. We do so with the feeling that we can present one of the best arranged, best kept, and most desirably selected stocks of merchandise to be found in the entire Panhandle. The merchandise is first-class and the prices are right. We invite comparison.

ONE PRICE Redfearn & Company SPOT CASH

THE LEADERS IN DRY GOODS

Record Prices at Poland China Sale

The outstanding feature of the sale of registered Poland China hogs here Saturday by Lewis & Cunningham was the spirited bidding on sows and gilts bred to their phenomenal spring yearling boar, the Ranger, which sold for an average price of \$1,066.25 a head. The entire offering sold for \$18,085. The thirty-three sows sold averaged \$582.88. The top of the sale was an April yearling gilt, sired by Chief Price 2nd and bred to the Ranger, which sold to W. L. Butler of Lelia Lake, Texas, for \$3,300. She is the highest priced gilt of any breed ever sold in the Southwest, eclipsing the record recently set by the Duroc bred in the Lillard Sale at Arlington last July when an open gilt sold for \$3,200.

Considerable interest has been aroused in auction sales, practically an innovation in this section. Other auction sales of Poland China's for the coming month are:

R. A. Welch, Red Oak, Okla., Sept. 7; E. T. Dunlap & Son, Red Oak, Okla., night of 7th; Gilliam & Sharp, Checotah, Okla., Sept. 8; Parvin & Cunningham, of Prosper, Texas, sale at McKinney, Sept. 9th; Frank M. Clark, Hedley, Texas, Sept. 10; Ludwig Irbeck, Happy, Texas, Sept. 11. A special Pullman will be run from Fort Worth to Hedley and to Happy for these sales.

The animals sold were:
 Lot D. boar, Joe Howard, McLean, Texas, \$300.
 Lot E. boar, Cox Brothers, Childress, \$200.

Lot 1, C. E. Alexander, Childress, \$775.
 Lot 2, Leopold & Lewis, Childress, \$320.
 Lot 3, Jack F. Jones, Dodsonville, \$300.
 Lot 4, C. F. Franz, Turkey, Texas, \$200.
 Lot 5, Ludwig Irbeck, Happy, \$225.
 Lot 7, Jack F. Jones, \$700.
 Lot 9, Jack F. Jones, \$500.
 Lot 10, W. L. Butler, Lelia Lake, \$170.
 Lot 11, Ludwig Irbeck, \$225.

Lot 14, Ludwig Irbeck, \$325.
 Lot 15, A. S. Clark, Bartlett, \$425.
 Lot 16, C. L. Franz, Turkey, \$350.
 Lot 17, Ludwig Irbeck, \$200.
 Lot 18, W. L. Butler, \$425.
 Lot 19, Ludwig Irbeck, \$225.
 Lot 20, Ludwig Irbeck, \$225.
 Lot 21, John Lindsay, Bartlett, \$290.
 Lot 22, B. H. McClelland, Childress, \$280.
 Lot 23, Claude E. Alexander, Childress, \$500.
 Lot 24, W. L. Butler, \$1,300.
 Lot 27, Frank Clark, Hedley, \$1,050.
 Lot 29, W. L. Butler, \$1,225.
 Lot 30, S. T. Cheatham, Childress, \$1,225.

The New Kanred Wheat

Many farmers are anxious to change their seed wheat; largely because their seed (Turkey Red) has become mixed with other varieties.

The writer is convinced that no variety of winter wheat other than hard red should be grown on the Plains above the Cap Rock.

The two varieties mostly planted at present are Turkey Red and Karkof. Pure seed of either variety is difficult to obtain.

Within the past few years a new variety of hard red winter wheat has been developed by the Kansas Experiment Station. The new variety has been named Kanred; a contraction of Kansas Red. This variety is scarcely distinguished from Turkey Red or Karkof. It is a product of a single head selected in 1906 from a hard winter wheat that had been introduced by the U. S. D. A. from Russia. It surpasses either Turkey Red or Karkof in hardness, earliness, resistance to rust and yield. Kanred has been grown in field plots on the Experiment Station at Manhattan for eight years. The average yield of Kanred for the eight years was 28.1 bushels per acre, while that of Turkey Red was 23.6, and Karkof 23.4 for the same time; an average annual increase of 4.5 bushels per acre more than Turkey Red, and 4.7 more than

Karkof for the eight years. Farmers from all parts of Kansas report results with Kanred similar to those obtained at Manhattan. Our local Experiment Station and a few Panhandle farmers have had results which compare favorably with those of Kansas.

The above is taken from authentic reports. It therefore seems that every farmer who desires to increase his yield and improve the quality of his wheat could do no better than secure Kanred for planting purposes.—Harmon Beston, Potter County Agent.

Speaks Well of Our Representative

Below we reproduce an article from the July number of the Texas Monthly Review, a monthly magazine published at Austin and edited by Hon. H. B. Terrell, former Comptroller of Texas:

"There is not a sounder Democrat nor a more active and earnest worker in the House of Representatives than Hon. Lee Satterwhite. During the past two weeks he has occupied the Speaker's chair more or less, having been called there by Speaker Thomason when the latter was busy with other matters that required his attention in the House, or was out of the city.

"Representative Satterwhite has proven himself an excellent parliamentarian, a man of quick determination, and many of his colleagues say, has dispatched business in both a rapid and constructive manner. Representative Satterwhite is the possessor of a splendid voice and it can be plainly heard all over the House. His rulings have come back, when he was called upon to make them, as speedily as though he had been studying for an answer, whereas new angles of various questions are constantly propounded to the Speaker upon which he must decide. That he has been able to do this without seeming hesitation is conclusive testimony that he has given thought to parliamentarianism and all other matters essential to legislation. Carson and the other counties Mr. Satterwhite represents should feel proud that they have so able a representative, and if he should at any time become a candidate for Speaker of the House, it is generally believed that he has already well demonstrated his ability for the place."

Both candidates, it appears, can

quality as cooks in an emergency. The real test, however, is which can cook the other's goose.—Washington Herald.

Fact and Comment
Do not crowd any man too hard; it is a long worm that has no turning! If anyone is slighting You Alone, The fault is always possibly Your Own.

Be not among those who find use for the rake after they have used the broom.

The subdirector of the Marey Institute in Paris, Dr. Bull, has succeeded in taking approximately 15,000 motion picture photographs in one second. To realize what that consider that an ordinary motion picture camera takes only sixteen photographs in a second. The new process makes it possible to photograph every detail of the flight of bullets from revolvers, rifles and machine guns.

It was a rash man that made counterfeiting his trade in defiance of the grim warning printed on Chinese bank notes of the Ming dynasty, "Who makes a copy of this will have his head cut off." The most superficial student of Chinese history knows that the threat was not idle. Nowhere, except in Lewis Carroll's Wonderland, was the royal privilege of cutting off heads exercised so freely as at the court of Peking.

Among the recent products of the Department of Agriculture are two new varieties of rice, Arcadia and Fortuna, both produced at the Crowley rice station in Louisiana. They are the best of two thousand kinds grown. Last year under field conditions the Arcadia produced on the average 5155 pounds an acre, and the Fortuna, 2775 pounds from old land. Both yields are considered to be excellent, and seed of both varieties will soon be made available to all growers.

So many people have found it profitable to raise foxes for their fur and to "farm muskrats" on a large scale that it is not astonishing to hear of experiments in breeding other wild animals for commercial purposes. A farmer who established an experimental beaver ranch on Prince Edward Island has sold the first pelts for from forty to sixty dollars apiece, and Mr. Vilhjalmur Stefansson, the Arctic explorer, has leased the southern part of Baffin Island to raise reindeer and caribou.

The humble peanut has risen from

the mere stock in trade of street peddlers and fruit dealers to a position of such national importance that in a single year the United States has imported \$40,000,000 worth of peanuts and peanut oil, besides the \$80,000,000 worth of peanuts that it produced for itself. Peanuts were once regarded as almost worthless and before 1870 were unknown in commerce; but in recent years the demand for vegetable oils to take the place of animal fats has enormously increased their use.

And She Didn't Know

Little girl (looking over newspaper advertisement)—"Mama, why do all these boarding houses object to children?"

Fond Mother—"I'm sure I don't know. Go and see what the baby is howling about and tell Johnnie to stop throwing things at people in the street, and make George and Kate stop fighting and tell Dick if he doesn't stop banging that drum so hard I'll take it away from him."—Edinburg Scotsman.

\$1,300 A Year

Thirteen hundred dollars a year in the day of Thomas Jefferson would have been a handsome living. But to the mail carrier of 1920 who plods his way over the city carrying his bulging pouch, \$1,300 a year lacks much of seeming to be opulence. The right to complain of the mail service is one of the inalienable rights which every citizen cherishes as he does his pet collar button; but the matter of paying postal employes enough to live on is a matter which he leaves to Congress.

As for Congress, when it comes to men who are working for a living in the postal service, Congress is all for economy. Economy at the expense of somebody's ability to get food and clothing for his family is one of the best things Congress does. It takes a deep dip into the national

Powell Realty Co.

Real Estate and Rentals
Amarillo, Texas—608 Polk
Res. Phone 2275 Bus. Phone 716

treasury to interest Congress, say a bonus for a few billions for ex-soldiers.

There is a saying current in the courts of equity to the effect that a man must be just before he can be generous. The United States Government cannot afford to subscribe to that doctrine to the extent of paying a man who walks thousands of miles every year more than \$1,300 to enable him to live and clothe his family. It is barely possible also that, should this doctrine be applied to the advantage of those employed in the postal service in other subordinate positions, the service would show a general improvement. A possibility of that sort is worth considering.—Vernon Record.

A Word of Appreciation

We appreciate very much the interest that the people of the Methodist Church have shown us this summer. Each Monday evening the church has been open for the entertainment of the students. Brother and Mrs. Shaw have worked earnestly to provide something each week that will interest and entertain the students in a wholesome way. The entertainments given have been uplifting and the fun the most wholesome. Only those who partook each week can appreciate the delicious refreshments served.

The writer of this article met Brother and Mrs. Shaw years ago, and only through years of appreciation can one really appreciate and know the true worth of these good people as they work hand in hand with God.

Signed: Visiting teachers and students.

W. T. S. N. C.

No Brains

John's father had always told him that he had no sense and that he was ashamed to take him to town where people would see him.

But when the old man took a load of apples to town, John was allowed to go upon one condition—that he was to keep his mouth shut. When they arrived in town the father went to the post office, leaving John in charge of the apples. Pretty soon a bunch of boys came by and asked if the apples were for sale. John said nothing, whereupon the oldest boy said, "come on boys, he's a fool." When the father returned, John said, "Father I never said a word and they found out I was a fool anyway."

We used to suspect that we were being robbed on every hand. Now the terrible period of uncertainty has passed.—Nashville Tennessean.

There are plenty of coal hearings. What the people want is some coal seeping.—New York Evening Sun.

City Taxes Due

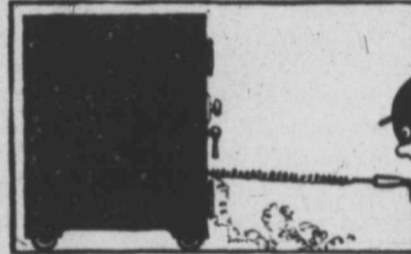

Notice is hereby given that the city taxes for the city of Canyon City, Texas, for the year 1929, are now due and payable at my office at the court house. On September first the taxes become delinquent and will take a penalty.

LITTLE WANT ADS BRING RESULTS

Wayside Items

Still having lots of rain, roads are heavy, but little work can be done. Threshers are idle. Some traveling but many require help to get out of the mud.

A Gypsy Stew on the head of Happy canyon given in honor of Miss Frances West of Granite, Okla., was hugely enjoyed by quite a crowd of Waysiders and some others Monday afternoon. A number of the married ladies were in attendance. They report a royal repast.

Miss Florence West and mother of Granite, Okla., have been visiting at the R. E. Carter home for a week past.

Mesdames Rogers and VanSant of Denton, are visiting Mrs. Leonard O'Neal at present.

Wm. Payne and wife with Doyle, J. C. Payne and M. C. Sluder came in Tuesday from their 7 days trip to New Mexico. From Amarillo they went to Tucumcari, spending two days at the Round Up, then to Las Vegas, next thru the mountains to Albuquerque. Coming back they took another route, traveling the length of the Estancia valley. All report an enjoyable trip and royal time.

Work is progressing on Mrs. Ruby Aycock's new residence. Her brothers, Earl and Eugene Malone are doing the work. Mr. R. E. and Clyde Carter each donated two days work.

We regret the loss of Judge O'Neal and wife, they having moved to Tulia.

J. S. Sluder has treated himself to a "Baby Grand" Chevrolet roadster.

W. R. Franklin, wife and children, Roy and Fannie May, W. L. Franklin, wife and Ada, left Wayside last Friday enroute to Arizona. They had gone but a few miles in their truck when a very heavy rain fell. Saturday morning they returned to wait for fair weather. Wednesday morning they expect to make another attempt and hope to have better luck. We regret to see them leave but wish them a pleasant and profitable exchange of homes.

Mrs. Lora Webb and son Merle, are visiting with her brother, Dr. W. Hamblen and family this week.

An enjoyable singing at D. L. Adams Sunday afternoon. Special music by Misses Frances West, Flora and Ella Carter. The crowd was treated to a feast of ripe grapes.

Happy Happenings

Farmers are working early and late getting their ground ready for wheat. More acreage will be put in this year than ever before. The country is in a flourishing condition, best prospect for row crops we have ever had.

Lots of land changing hands here the past few weeks. Half section is sold twice in same day. D. W. Bybee south of Happy bought J. D. Key's half-section, 15 miles northwest of Happy and H. S. Prince of Grimes county bought it from Mr. Bybee the same afternoon. W. M. Fields bought Will Armstrong's half-section, 7 miles northwest of Happy and Mr. Armstrong bought the W. J. Bates half-section 4 miles south of Happy the next day. Fields paid \$46 per acre and Armstrong paid \$55.

Edgar Helms, who lives two miles east of Happy bought the J. C. Ray half-section that corners him on the west.

Earl George, east of Happy bought a section of land west of Happy owned by P. J. Neff and J. O. Bradenbaugh. Mr. Neff then bought 160 acres from Mr. Sharp, who lives in Omaha, Neb. This makes 2000 acres in one tract owned by Mr. Neff. He has his tractor running all the time and says he is going to have some wheat farm. All of these sales were made by Geo. W. Lash.

E. J. Smith and family were visiting in Canyon Monday.

Joe Evans and son Wayne, were Hereford visitors Monday.

Executive Committee to Meet

The new county executive committee, elected at the precinct conventions on the 24th of July, 1920, is hereby called to meet at the court house in Canyon on next Monday, the 30th day of August at two o'clock p. m., for the purpose of canvassing the county returns of the "run-off" primary to be held the 28th. inst. and to fill vacancies in said committee. The new committee is as follows: C. D. Lester; T. V. Slack; James E. Park and J. W. Blair.

Respectfully,

A. N. HENSON, Chairman
Democratic Executive Committee

The Farmer and The Highway

The public highway that most helps the farmer to secure the largest number of cents for every dollar's worth produced on the farm is the best and cheapest road for that farmer.

Good roads insure getting a threshing machine into the field in time to save the crop.

Good roads insure the top cent on every marketable bushel of grain on the farm as well as freeing the farmer from the domination and dictation of any local buyer, since good roads let the producer take his crops to the terminal city market if the local offerings are unfair.

Truck marketing of farm products and livestock is on hands, and with good roads we hang out a red flag and stop a truck any day for sending off a few hogs, a fat calf or so, a score of chickens, a crate of berries, or a sack of apples. Good roads are in so many ways and so many times a year priceless blessing to the women folks.

MICKIE SAYS

ANRRIGHT! GET PEEVED IF YA WANT, BUT WE AINT GOINTA KILL NO PERFECTLY GOOD NEWS ITTAR 'T ACCOMODATE YOU NEB NOBODY ELSE! MICKIE, MANN! WE'RE RUNNING A NEWS PAPER, AN' IT'S OUR BIZNESS 'T PRINT TH' NEWS 'N YA OUGHTA KNOW BETTER 'N TO ASK US 'T SUPPRESS A GOOD ITEM!

RANDALL COUNTY NEWS
CANYON, TEXAS

Really good roads often save the life of a member of the family, just as bad roads lost the life of many a person in the country in the winter of 1918-1919 because a doctor could not reach the patient when needed during the influenza epidemic.

The road tax that gives the best results to the farm is the lowest and the best road tax—just as the road that best serves the best interests of the farm is in fact the cheapest road, no matter what its first cost.—Jewell Mayes, in The Banker Farmer.

Precious Memory

The spinster waited two or three hours to be admitted to the presence of a man who had visited their town once a month to retail good advice and his own proprietary medicine.

At last she was admitted.

"Yes, yes," said the brusque doctor. "I want to know if influenza can be transmitted by kissing?"

"Beyond a doubt, madam."

"Well, a man with a pronounced case of influenza kissed me."

"How long ago was this?"

"Well, let's see. I think it was about two months ago."

"Why, madam, no harm can come to you now from the exposure. It is quite too late."

"I knew it," she sighed, "but I just love to talk about it."

Middle Term Credit for Farmers

"We city folks will be eating evaporated Bermuda grass within three years unless we wake up and lend the farmer a hand in the matter of better markets, extension of 'middle term' credit, and improved farm

equipment," declared James Z. George, vice president and general manager of the Texas Chamber of Commerce, before a gathering of farmers, bankers and business men in Dallas recently. The meeting marked the opening of the state chamber's movement for the extension of middle term credit by banks to farmers for the purchase of farm equipment as a means of partly off-setting the farm labor situation.

Buy's Famous Boar

Frank M. Clark, owner of the Silver Crest Farm, returned this week from the North with his new herd boar, "The Jayhawker," one of the most famous boars in Poland China circles in the United States. He is a grandson of the \$50,000 boar recently sold in the north, and is connected with the winning lines of the leading breeders of the Poland China hog for the past several years.

"The Jayhawker," we are told, is easily the highest priced and best known boar in the state of Texas or the entire Southwest. He weighs 670 pounds at 14 months old and

stands to the true form of ideal Poland China breeding. He will head the Silver Crest Farm herd, and will mean a great deal to the rapidly developing hog industry of Donley county.—Hedley Informer.

Give Jawndee a free hand and John Bull will never get a monopoly of the world's oil.—Greenville (S. C.) Piedmont.

So far as prices are concerned, we may as well prepare for a late fall.—Nashville Star.

Too bad white paper pulp can't be made out of Presidential timber.—New York World.
