

BOARD CONTROL DISAPPROVES OF NEW BUILDINGS

PRESIDENT HILL SEES APPROVED ITEMS

Board Will Approve All Needed Items of Expense in Connection With State Institutions.

President J. A. Hill while in Austin last week was shown a copy of the appropriations for the West Texas State Normal College which the Board of Control will recommend to the legislature to maintain the school for the coming two years. Mr. Hill states that practically one third of the budget he submitted the Board has been disapproved, and that every other state educational institution was served in like manner.

President Hill states that the Board does not wish to assume the attitude of being opposed to the educational institutions of Texas, nor does the Board wish to convey the idea that it will disapprove of items that are absolutely needful to the life of the institutions. He was informed by the secretary of the Board that the present financial conditions demanded that retrenchments be made. That if the proper proofs of needs were presented on any items disapproved by the action of the Board, the same items might be reinstated. In other words, the Board is determined that the institutions shall have sufficient funds that their usefulness shall not be crippled, but at the same time no unnecessary program of expansion will be undertaken at this time.

Mr. Hill stated that the Board approved the item of \$75,000 for the completion of Cousins Hall, which will include a wing on the west end of the building.

An item of \$12,500 was approved for a Home Demonstration Cottage for the Home Economics department.

\$5,000 was approved to be spent on improving the grounds, building walks and drives.

Salaries on the whole will remain as at present. In a few cases, reductions were made, but Mr. Hill believes a satisfactory agreement will be reached on the salary question.

The Board did not approve of the purchase of land for a hospital or building of the two apartment houses.

In the items of departmental equipment, some deep cuts were made by the Board, while others were allowed to stand almost intact.

\$7,500 was approved for the library for the coming two years. Mr. Hill stated that this is the same amount the library has had for the past two years. He states that the library of the school is one of the finest in the state.

The budget of each educational institution is taken up by a joint meeting of the finance committees from the senate and house of the legislature, and this body may reinstate any items which were not approved by the Board of Control.

MACK STEWART WILL OPEN NEW GROCERY STORE

Mack Stewart is making preparations to open a new grocery store on East Houston street in the front of the building now occupied by the Heizer Feed Store.

Mr. Stewart stated yesterday morning that he had been very greatly delayed in getting started, but hoped to soon be able to announce the opening date of his new business.

Wragge to Germany

A news item was in type for last week's paper, but was overlooked in making up the paper together with a number of other local items, in regard to Herman Wragge leaving week ago Sunday for Germany. His seventeen-year-old daughter is living with her aunt and will return to America with Herman. Herman has not been back to the old country since leaving there twelve years ago, but had intended going after his daughter in 1914 when the war started.

Plainview Defeats Park Bonds

An election was held in Plainview on the proposition of issuing \$50,000 bonds to buy a park near the depot. The proposition was defeated by a vote of 190 to 131.

Hill to Austin

President J. A. Hill left Tuesday afternoon for Austin where he will attend a meeting of the educational committee.

BAND PRACTICES GOING WITH VIM TUESDAY NIGHTS

The band practices at the court house on Tuesday nights is going very fine according to the reports made by all of the members who are working in the band. Last Tuesday night there were nearly twenty members at the practice and it is hoped that this number will be increased to thirty during the coming week or so.

Several old time players are taking a part in the band and are greatly assisting the younger members who are just starting in their band careers.

Those who have had band experience should join the band at once. Those interested in band music will find the greatest opportunity ever presented to get the very best expert training under the direction of Mr. Brothers.

Two Men Held for Roswell Auto Theft

Two young men working for E. J. Friemel near Umbarger caused Sheriff W. C. Black to become suspicious, and he sent Constable Bob Ball out after them Tuesday afternoon. Mr. Black soon discovered that they were wanted in Roswell for the theft of a Buick car and the sheriff at Roswell asked that they be held.

It is alleged that the men brought a stolen car to Umbarger, thus laying themselves liable to prosecution in the federal court for transporting stolen property from one state to another. Later they returned the car to Clovis.

Mr. Black was informed that a reward of \$100 had been offered for the car and \$125 each for the men in any jail in the United States.

Telephones in the Panhandle Section

Manager H. Prichard gives the News the following information as to the telephone service in the Amarillo District of the Southwestern Bell Telephone Company:

Exchange	No. phones	Rent col'd	Total Recpts.
Amarillo	1	1	1
Canadian	7	4	4
Canyon	8	5	7

Plainview	3	3	3
Shamrock	10	9	8
Staton	12	12	12
Tulia	6	8	9

CHANGES REGARDING SPECIAL DELIVERY OF LETTERS

Postmaster A. W. Blough hands the News the following regulation which will govern special delivery letters and packages in the future:

"Special delivery mail will in the future be delivered without receipts and will be left in regular mail receptacles when personal delivery cannot be effected. The special delivery system is designed to expediate and not to safeguard mail; the registry system is provided to insure safety, and mail containing currency or other articles of value should invariably be registered."

Herman Kuhlman Married

Announcements were received from Germany yesterday of the wedding of Herman Kuhlman, who left a few weeks ago for his bride. Herman is a very prosperous young farmer living east of town. He is expected to return soon with his bride.

Income Tax Man Coming

R. R. Millsap, representing the government, will be in Canyon on February 1 and 2 to assist individuals in making their income tax report for 1920.

Program Postponed Week

The program published last week for the Christian Endeavor of the Presbyterian church will be held next Sunday night. William Falls will be the leader. The debate will be one of the important features.

Elders Installed Sunday

The installation ceremony was observed Sunday morning at the Presbyterian church when the ruling elders of the church were installed. C. R. Burrow was ordained an elder and Mr. Burrow, Dr. J. M. Black, Harvey Cash, R. P. Jarrett, and J. W. Reid were installed as elders of the church for the coming year.

CALIFORNIA HAS NOTHING ON PANHANDLE

WARM RAIN FALLS OF NEARLY 2 INCHES

No Zero Weather During Entire Winter—Clouds Only Four Times During December.

Just why anyone should want to go to California when they can live in the Panhandle has not been fully explained.

The Panhandle has been the land of sunshine and warm weather throughout the entire winter.

The thermometer has registered twelve above two mornings.

There has been two light snows.

There were four cloudy days during the entire month of December.

January promises to establish as good a record for sunshine as did December.

A dispenser of gloom in discussing the weather the other day remarked that we would pay for all this good weather; that there was sure to be plenty of bad weather; that awful things were just around the corner.

An optimist replied to the cynic that no matter what might happen just around the corner, nothing could beat us out of the fine weather we had already enjoyed during the past winter months.

And it rained Saturday and Sunday—about one and three-fourths inches in all. It was like an April rain, too. During the two rainy days there was no ice or cold weather.

In discussing the weather yesterday, a man who has lived in the Panhandle for twenty-five years stated that he did not remember a more remarkable winter than the one through which we were passing. The rains he believes will bring out the early grass and prohibit hard winds during March. He believes that 1921 will be the greatest year for crops and general prosperity the Panhandle has ever enjoyed.

Moving Back to Canyon

T. V. Reeves has sold his automobile business in Memphis and will return to Canyon at once. Mr. and Mrs. Reeves have a large circle of friends in Canyon who will welcome them back to the city.

556 Students in Normal

President J. A. Hill reported Tuesday that the enrollment in the Normal has reached 556. He believes that by the opening of the spring quarter the enrollment will go to 600 or more.

Had Operation Tuesday

W. T. Hazelwood was taken to Amarillo Tuesday where he underwent an operation Tuesday afternoon for intestinal trouble. He was reported to be recovering very nicely.

Tax Paying Time Ends Next Monday

Next Monday is the last day on which poll taxes can be paid in Texas.

Randall county is more than 150 behind this date of last year with payments.

The legislature is going to submit to the people of Texas about ten constitutional amendments to be voted up on during the year 1921 and it will take a poll tax receipt to get to vote in these elections.

In all probability there will be a constitutional convention called during the year and delegates are to be elected from every district. Those armed with a poll tax receipt will be allowed to vote for representatives to this convention.

The city of Canyon and the school district will have elections this year. Only those with poll tax receipts may vote in these elections.

The poll tax money goes into the school fund. Certainly every person in Randall county liable for a poll tax is interested in seeing good schools.

The following is the payments by precincts up to date:

Precinct No. 1.....	254
Precinct No. 2.....	5
Precinct No. 3.....	41
Precinct No. 4.....	19
Precinct No. 5.....	31
Precinct No. 6.....	11
Precinct No. 7.....	10
Precinct No. 8.....	21
Total.....	392

Mrs. W. D. Smith returned home from Dallas Wednesday after visiting relatives there for a few weeks.

GOLF CLUB WAS STARTED FOR CITY YESTERDAY

CLUB OF 25 OR 30 CANYON MEMBERS

C. O. Keiser Section North of Canyon Will Be Used for Golf Course By Canyon Citizens.

A Golf Club was organized in Canyon yesterday afternoon by a few citizens who are interested in learning the game. C. O. Keiser has agreed to let the members of the club use his section of land north of Canyon for one year for this purpose. The land is ideal for golf and easily accessible to the people of the city who will join the club.

Wallace R. Clark is the only man in Canyon who has had much golf experience. The arrangement of the course is therefore turned over to him. He has visited the land and states that an ideal nine hole course may be laid off. Mr. Clark is authorized to begin at once to get the ground in condition. In the meantime C. N. Harrison is working up the membership of the club, which will be placed at twenty-five or thirty.

The cost of fixing the ground will be charged as an initiation fee to the club. Mr. Clark states that beginners should buy but three golf clubs. Experienced players use a whole bag full of various kinds of clubs, but since the average knowledge of the Canyon members is confined to knowing the difference between the looks of a baseball and a golf ball, there is no need for an expensive lot of equipment.

Briggs could not doubt get some valuable material for his "Then He Took Up Golf" series of comics, were he to visit the new Canyon Golf Club during the coming spring and summer.

DEEDS FILED LAST WEEK IN COUNTY

The following deeds as furnished the News by the Randall County Abstract Company, have been recorded in the County Clerk's office:

A. W. Thompson to H. Parmenter, southeast quarter section 38, block K-14. Consideration, \$4,000.

R. W. Foster to W. F. Harris, lot 13, block 20, Canyon. Consideration \$50.

Canyon Supply Co. to J. D. Welber, east one-third of west half block 6, Canyon. Consideration \$35.00.

W. F. Harris to L. A. Cooper, lot 13, block 20, Canyon. Consideration \$85.

R. M. Rusk to O. E. Miller, south half of section 185, block 6, Consideration \$9,507.78.

What the American Legion Stands For

We have been told by a citizen of Randall County who is or was supposed to be an American citizen that the American Legion emblem was the badge of a crap shooter. For the benefit of the law-abiding American citizens of this county we wish to give you the Preamble of The American Legion:

"For God and Country, we associate ourselves together for the following purpose:

"To uphold and defend the Constitution of the United States of America; to maintain law and order; to foster and perpetuate a one hundred per cent Americanism; to preserve the memories and incidents of our association in the Great War; to inculcate a sense of individual obligation to the community, state and nation; to combat the autocracy of the classes and the masses; to make right the master of might; to promote peace and good will on earth; to safeguard and transmit to posterity the principles of justice, freedom and democracy; to consecrate and sanctify our comradeship by our devotion to mutual helpfulness."

Those are the principles as laid down in the constitution, and I firmly believe that every American Legion member in this county is doing his best to live up to the Preamble and make you a good American citizen. Please try helping him to make a better citizen, or a better officer, instead of hindering him in doing his duty as an American citizen.

H. C. GAMBLE, Commander, Palo Duro Post, American Legion.

YOUNG MAN KILLED AT SUMMERFIELD SUNDAY

Lee McMinn, living two miles east of Summerfield was killed Sunday afternoon by the Santa Fe passenger train. He was leaving his home, which is just one hundred yards from the crossing. His car was not working well and his brother and sister saw him stooping over to make adjustments and realized that he did not see the approaching train. He was thrown one hundred feet and instantly killed. The fog of the afternoon probably was responsible as the train could be seen but a few hundred yards. Rev. Fronbarger assisted in conducting the funeral services Tuesday. Mr. Fronbarger states that the young man was one of the finest young Christian gentlemen he had ever met and that his tragic death has cast a gloom over the entire community.

Cearley Buys the Hicks Elevator

The Hicks Elevator changed hands this week as the result of a trade which has been hanging fire for more than two months, the new owners being the L. E. Cearley Grain Company. Messrs Cearley come to Canyon from Plainview where they are well known business men and all come with very high credentials from all business circles in which they have had dealings.

There are three men in the new firm, E. Cearley and his two sons, L. E. and G. A. Cearley.

The new firm is now in charge of the business and will handle grain, feed and coal.

Tests Administered to Registered Herds

Dr. Williams of the Texas State Live Stock Sanitary Board and Dr. O'Reilly of the Federal Sanitary Board, are in the county this week administering tuberculosis tests among the registered cattle of the county. Up to yesterday they had tested 94 head and found one which reacted.

No charge is made for their services. Furthermore, if a registered animal is found with tuberculosis, the government pays the owner a liberal price for the beef which must be killed.

Most towns have ordinances requiring that every person who sells milk, no matter if it be to only one customer, must have his cows tested. There has been considerable discussion of such an ordinance in Canyon, and it should be passed to protect the citizenship. Furthermore, the larger cities have ordinances requiring that every person who offers butter for sale must show that his cows have been tested.

The doctors are being taken over Randall county by C. F. Walker.

RRAMEY BROS. PAY \$30 BUSHEL FOR SEED WHEAT

In spite of the fact that wheat is slow on the market at \$1.65, Ramey Bros. living in Castro county, are paying \$30 for a bushel of seed wheat. Edwin Ramey was in the city yesterday and sent an order for the wheat to Rothern, Sask., Canada.

The wheat they are buying is called the Red Bob's Supreme. It averaged 80 bushels to the acre last year along side of wheat which made 60 bushels to the acre. The heads are longer than a man's finger. Mr. Ramey states that he has one acre of land which he has kept in cultivation since last summer with a view of buying this wheat. He wants to give it every possible chance to acclimate under the best condition.

Ramey Bros. are among the most progressive farmers of the entire Panhandle country. They were among first to buy a combine thresher. This year they have 350 acres of wheat. They are after the very best seed in every line and not afraid to spend some money experimenting with seed which has proven successful in other sections. However, Mr. Ramey stated yesterday that the News might state in connection with this item that "all fools are not dead" but those who know what the Ramey Bros. have done in Castro county are convinced that this more spells more than foolishness.

In addition to being expert farmers the Ramey Bros. have gotten a reputation for killing wild geese. Last year they captured some of the wild geese and have them penned at their place. These were exhibited at the Hereford Fair last fall. Many people were very curious to know just how wild geese might be captured. Mr. Ramey told them confidentially that "he slipped up and caught them."

ENLARGEMENT OF CANYON SCHOOL DISTRICT IS UP

SPECIAL ACT OF THE LEGISLATURE NEEDED

Suggestion Comes for More Territory Covered With Auto Buses to Bring in Children.

Several months ago the trustees of the Canyon Independent School District saw that some steps had to be taken to take care of the school situation in Canyon. There is not enough funds under present conditions to pay the expenses of the kind of school the patrons want and justly demand.

The trustees do not want to further increase the valuations of property, and since the district has much less territory than most independent school districts, it was thought advisable to take steps toward increasing the boundaries of the district. Petitions have been circulated to take in more territory to the east, south and west of the city. It will require a special act of the legislature to enlarge the boundaries of the district.

Most of the children in the territory which is asked to join the Canyon Independent School district are now attending school in Canyon. By changing their state apportionment into this district, no tuition is charged until all of this money has been used to pay the expenses of the school. This money will pay the running expenses for about four months this year, as the state pays into the district treasury \$14.50 for each child.

At a meeting of the board of trustees Friday afternoon, it was voted that after this state apportionment had been exhausted, that tuition must be charged in proportion to the amount of special school tax which is paid into the treasury by the taxpayers within the present boundaries of the Canyon Independent School District. This is going to make the tuition very high for those outside the school district, but the trustees believe it is only just and equitable to the tax payers who are paying taxes to support the school in the district.

President G. G. Foster of the school trustees states that if the school money paid by tax payers in the territory which is sought to be added to the district could be placed into the Canyon School treasury, the school could be run at about the same tax valuations and those who are sending children into Canyon would neither have to pay tuition; nor would have to pay much more tax than they are now paying. It would probably not cost these tax payers any more since they have to pay a school tax in the territory outside of the Canyon district now, and also have to pay tuition a part of the year.

Ed Gibson comes forward with the suggestion that since a considerable part of his district has petitioned to come into the Canyon School district, that all of the district be taken into the city district and that an auto bus be employed to bring the children to the city Canyon school rather than maintain a school at Pleasantview. The auto bus is being used very successfully in other states, as a means of centralizing and improving the schools.

Some opposition has developed over the enlarging of the school boundaries, but there are so many children coming into Canyon for school that the trustees feel that in justice to the tax payers of the Canyon district the territory must be enlarged in order to take in those who send here to school, or that a tuition charge must be made which will cause those sending here from outside the district to pay for the school's maintenance in proportion to those who live in the district.

CUPID ON A STRIKE IN RANDALL COUNTY

Business is exceedingly dull at the court house these days in the matrimonial bureau. Not a single marriage license has been issued by Clerk W. O. Gano during the month of January.

Business was brisk about Christmas time, 1920 as a whole was a flourishing year—and then leap year came to a close and cupid vanished, or may be perhaps was exhausted.

December 31, 1920, was the last date upon which a marriage license was issued.

Mr. Gano is considering putting on a bargain day sale of license to stir up business.

THAT DISGRACEFUL JAIL
Considerable has been said about Randall county's jail during the past week. The word has gone out that the building has been condemned; that it was a disgrace to the county; and many other things. No one will maintain that it is a beautiful building, and that there should not be a new jail in Randall county, yet a little history in connection with Randall county's jail will overcome some prejudice that has arisen against the officials of Randall county.

In the first place, the Randall county jail has never been condemned. There is only one body in Texas that can officially condemn a public building and is the State Fire Marshal, and scores of his inspectors have visited Canyon and approved the building.

In the second place, the Commissioners' Court has always stood ready and willing to build a new jail whenever the citizenship of Randall county deemed that a new jail was necessary. For several years prior to 1915, every grand jury called attention to the Court that a new jail was needed in Randall county. The commissioners Court put the proposition up to the citizens, asking advice as to what steps the Court should take as to a new jail. The Court passed the following order: "The Commissioners' Court being desirous of ascertaining the wishes of the people in regard to a new jail or an improvement of the old one, take this method of trying to ascertain the public sentiment in regard to this matter." This order was handed the Randall County News on Sept. 16, 1915, with a request that this paper do all in its power to gather the information. Accordingly for one month a coupon was printed on the first page of the Randall County News in which this request of the Court was carried, and the citizens of Randall county were urged to fill out the proper blanks giving their ideas regarding a new jail.

Prior to the publishing of this coupon there were fully one hundred different men in Randall county who had served on grand juries which asked the Commissioners to build a new jail. After a month's urging that all citizens express an opinion as to the jail, just SIXTEEN men filled out the coupon and returned it to the court giving their ideas about the matter, and two of them were non-resident land owners who didn't want to see their taxes raised by building a new jail—as one of the stated, "if you build a good jail too many fellows will want to go there to get free board."

Since the failure of the citizens of Randall county to take any interest in the matter, the proposition of building a new jail has never been mentioned by any grand jury, or by the Commissioners' Court, or by any citizen.

Abilene has it in for the Panhandle-Plains country, and can't get over the fact that they lost the West Texas A. & M. College when it was ordered established a few years ago. Of course Abilene will contest for the location of the school in the event it is revived and re-ordered located. If the school is for the benefit of Central West Texas alone then Abilene would be an ideal location, but if it is to serve the entire West it should come upon the caprock. The statement that the West Texas State Normal College was inaccessible and poorly located, is just a plain case of Abilene's knocking on this section of the State. We were glad to see the reply President Hill made to this misstatement of the Abilene Reporter. Abilene knows that the West Texas College and Canyon is a competitor for educational honors, and like Lee J. Roundtree of the Bryan Eagle, who made the statement at the State Democratic Convention that the West was a "garbage waste, inhabited by the coyote and prairie dog." Abilene people through the Reporter would make the outside world believe that the Panhandle-Plains section was sparsely settled and that the West Texas Normal College was poorly supported. It is just a plain case of knocking for selfish purposes. The Panhandle-Plains section is not in the way of a West Texas College for teaching Agriculture and Mechanics being established, but in the mean time we

YES, THEY CAME TO CANYON

A man from Kansas City came into the Panhandle section last week putting on special sales for merchants. He visited Amarillo with a view of having considerable printing done. He found that he could not get the kind of work he wanted. A "man who knew" told him to call the Randall County News. He called Friday night to see if the work could be done Saturday. He came down Saturday morning and by night we had completed 3,000 double page bills for him to be used at Spearman, Texas.

He was so well pleased with the work of the Randall County News that he cancelled an order he had placed in Amarillo for 3500 four page bills and had us print the order for him—this in spite of the fact that the Amarillo shop had already set the job and had it ready to run.

The Randall County News does the kind of printing that people like. The Randall County News has the best equipment of any shop in Northwest Texas.

The man who sends printing out of Canyon PAYS THE PEDDLER A COMMISSION OF TWENTY PER CENT FOR SOLICITING THE JOB IN ADDITION TO TO A PROFIT TO THE PRINTING HOUSE.

The man who sends printing out of Canyon PROBABLY SENDS IT TO A HOUSE NO BETTER EQUIPPED THAN THE RANDALL COUNTY NEWS.

The Randall County News can handle at least NINETY PER CENT OF THE PRINTING ORDERS WHICH ARE GIVEN THE PEDDLERS WHO VISIT CANYON TO SOLICIT PRINTING.

If you are opposed to the mail order gang and for the home institution HAVE YOUR PRINTING DONE IN CANYON.

contend for our rights to have our own institution supported in a manner that it will serve this section to the best advantage.—Lockney Beason.

It will be hard to beat the Panhandle out of good crops this year. There was plenty of rain last fall which gave a splendid deep moisture. The warm rains of this week puts the top of the ground in fine condition. The first real spring weather, you will see the grass start to grow, which will be of great benefit to the cattlemen. The wheat is in fine condition, and the experienced wheat growers state with the condition of the ground as it has been all through the winter and then the coming of this rain, it will be almost impossible to beat Randall county out of a wheat crop.

The American Legion stands for the best in American life. The people of Canyon are proud of the young men who took their stand under the American flag against the foes who would destroy everything that America stands for. The people of Canyon have a profound respect for the organization which has grown out of the world war. So long as every member of the American Legion holds sacred the oath of the organization, no harm will befall American life.

The News believes that the Panhandle section has been less affected by the financial flurry than any other section of the United States. We are furthermore convinced that the worst of the flurry has passed and that the nation as a whole is rapidly recovering. A little more confidence is all that is needed. The grain market is getting better. The farmers have plenty to sell to give ample capital for operation. Great is the Panhandle.

GOVERNOR NEFF

The News likes the way Governor Neff has taken hold of the reins of government in Texas. The News was not for Neff in the first primary, but he is now our governor and we are for him.

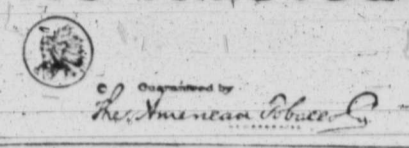

The Governor is proceeding with caution. In his first messages, he did not outline a mass of legislation that must be passed by the legislature. He chose rather to hand to the members a copy of the party platform which promised certain definite things and asked that the terms of the platform be carried out. Platforms are usually made for campaign purposes only. In Texas no platform need have been adopted by the democratic party, but since one was adopted, its planks should be as sacred as though there were two contending parties in the state.

The Governor promised to make certain reforms. He promised to do away with useless bureaus and boards. Some people doubted that he would make good this pledge, but after four days in office, he discontinued the Board of Pardons, and the News is for him. The Governor made a very clear statement of the case. Too many pardons have been issued in Texas. We hear on every hand that it is next to impossible to convict a criminal in Texas. Too many men hardly land in the penitentiary until steps are taken by their friends for their release.

The News is not against the pardon of convicts. Many men are entitled to a pardon. Unfortunately too many men have been pardoned who did not deserve this clemency. To establish a Board for the purpose of hearing appeals for pardons is to advertise that the state stands ready to turn criminals out who can get the best adv-

LUCKY STRIKE
cigarette

It's toasted

wise in hatching up a nice story on which to rest by Governor Neff hopes to eliminate all of this promiscuous granting of pardons that men will have more respect for the laws of the land.

The News has great confidence in the citizenship of Canyon and Randall county. The man who hasn't this confidence is doing himself and the community a great injustice by remaining in Randall county. The citizens of Randall county have been called upon many times to face conditions that call for the very best in men. They have never yet failed. They will not fail, no matter the trials that may be imposed.

Every young man and every young woman in Canyon who is interested in a good band should attend the Tuesday night practices at the court house. A good band is a strong town builder. It takes young blood to make a strong band. It takes young energy to build a good town. The News is for the band. Go to it folks.

YOU SAVE
WHEN YOU BUY IT - WHEN YOU USE IT

CALUMET BAKING POWDER

First: It is sold at a moderate price. You save when you buy it.

Second: It has more than the ordinary leavening strength, therefore, you use less.

Third: There are no failures—it always makes the sweetest, most palatable of foods.

Fourth: It is used by millions of housewives—leading domestic science teachers and cooking experts.

Fifth: It is the best Baking Powder that can be produced. Was given highest awards at World's Pure Food Exposition, Chicago; Paris Exposition, Paris, France.

Sixth: It contains only such ingredients as have been officially approved by the United States Food Authorities.

The finest quality Baking Powder—at the most economical cost. "The Biggest Bargain That Goes into the Kitchen Today."

Pound can of Calumet contains full 16 oz. Some baking powders come in 12 oz. instead of 16 oz. cans. Be sure you get a pound when you want it.

Calumet Nut Cookie Recipe
1 cup butter, 1/2 cup sugar, 2 eggs, 1/2 cup flour, 1 level teaspoon Calumet Baking Powder, 3/4 cup chopped nuts, 1 teaspoon lemon juice. Then mix in the regular way.

At Last!—A Tube That Closes Punctures

You Pull the Nail and Keep Moving

It Adds 20 or 50 per cent to the Casing's Life

With the Compression Inner Tube there are no long waits on the road—no dirty back-breaking tire changing—nothing to do but pull out the nail and keep moving. Here's why: Compression tubes are about three times as thick as ordinary tubes. Their circumference is greater than the inside circumference of the casing. They are moulded with corrugations which conform to the smooth surface of the casing when deflated. The air pressure, instead of stretching the tube, COMPRESSES it. Thus when the nail is removed the hole closes up automatically. No air is lost!

Compression Tubes—once inflated—are always firm—the proper air pressure is constantly maintained. They add many miles to the life of the casing—practically eliminates pinching and rim-cuts—makes the car ride easier. You are not only able to say—GOODBYE PUNCTURES—when your car is equipped with Compression Tubes—but you save money on tires, gasoline, etc. You owe it to your sense of motoring economy to investigate Compression Tubes. Come in and let us SHOW you this puncture-closing tube—TODAY.

W.M. SCHMITZ, Canyon, Texas

WHO'S YOUR SWEETHEART?
DR. STARKE'S SUBJECT

Dr. Lee Starke has set apart Saturday night as "Sweetheart's night" and every sweetheart in Randall county from eight to eighty-eight years of age is most cordially invited to hear this great lecture-sermon. Dr. Starke will deliver the address, his subject being "Who is Your Sweetheart?" The press not only of New York, his home city, but wherever he goes, warmly commend this talk to young women. The Camden, N. J., Daily Courier, says: "It was an intellectual and literary treat." The Daily Telegram of the same city, says: "Dr. Starke's Sweetheart's Sermon thrilled the great audience, it was one of the most beautiful things ever heard in Camden, and a talk every girl in America should hear."

It is planned to make Sunday, the last day of the campaign, a red letter day in the spiritual history of Canyon. Dr. Starke has promised to deliver three important addresses on that day. At 10.30 a. m., the evangelist will take for his subject, "Seeing Jesus." At 3 p. m., he will talk to men only. No boys under fifteen years of age will be admitted. The subject is to be "Man Wreckers." Of this address, the Daily Ledger, Gaffney, S. C., says: "Dr. Starke's lecture to men only at the Strand Theatre Sunday afternoon was a masterpiece. His logic was so realistic and his reasoning so profound that the most skeptical could not fail to be convinced."

Sunday night will be the farewell service. At that time the evangelist will take for his talk to the people of Canyon; "The Second Coming of Christ, and Recognition of Friends in Heaven."

As announced in the beginning, the meeting will close Sunday night. We have never lacked for crowds—but how we do need Christian workers. Scores of men and women are under deep conviction and only need a word

of loving Christian exhortation to come to Christ.

Cottage prayer meetings are being held all over the city and doing much good. Never before in a revival have the Normal students attended so regularly. Night after night they come. SIMEON SHAW, Pastor.

Intermediate Christian Endeavor

The young folks Christian Endeavor Society met Jan. 23, 1921. The leader for that day was absent, and so the superintendent took charge. The topic for the day was "Self Control." Mrs. Cash gave a splendid illustration of the importance of self control by having a glass full of paper snakes which had written on them poverty, crime, accidents, death, and last of all, the lost soul, showing the result of lack of self control. May Hollifield was elected leader for next Sunday. Willy Baird became a member of the society. The topic for next Sunday is "The Christian Endeavor—what it has done and it may do." The society is progressing splendidly and urges all members to attend regular and also extends the invitation to young people who wish to join. The regulations of the organization require that members shall be from ten to fifteen years of age.—Reporter.

The Leaders in Dry Goods

The history club met at Miss Ritchie's the evening of January 24th. The program consisted of an interesting discussion of the impending bills in Congress and the State Legislature. The following officers were elected for the winter quarter:

President: J. C. Hays.
 Vice President: Myrtle Boatright.
 Secretary: Lizzie Kate Smith.
 A number of girls met on Monday evening, January 25th for the purpose of offering a Camp Fire organization. The officers elected were:

Guardian: Miss Marjiam Anderson.
 President: Zola Wood.
 Secretary: Ellen Smith.
 Vice President: Marie Dodson.
 Chairman Program committee: Mae Hood.

Chairman Hiking committee: Myrtle Gill.

Mr. Buck Watson, a former student of this college, has been discharged from the navy and will enter college.

Miss Minnie Adams, a former student here who is now teaching at Farwell, visited friends here last week.

The Scurry County students met Jan. 21 and organized a Scurry County club. The following officers were elected:

President: Byron Durham.
 Vice President: Roy Golden.
 Sec'y-Treas: Elvira Pierce.
 Serg-at-Arms: William Falls.
 Prairie Rep: Weldon Hawkins.
 Le Mirage Rep: Mary Isades.

The Y. W. C. A. held a special election Friday, Jan. 21. The purpose was to elect officers to fill places vacated by students who did not return this quarter. The following were elected:

President: Ruth Thompson.
 Vice President: Louise Simpson.
 Secretary: Francis Ramsey.
 Undergraduate Rep.: Ottie Greer.

Friday was an interesting day for the student body in general. It was the day for the election of the celebrities for the Le Mirage. The following were elected:

Beauty: Leona Sumner.
 Handsomest Boy: Floyd Golden.
 All round girl: Ruth Thompson.
 All round boy: Wesley Allen.
 Misses Wilda Slagle and Dell Haswell visited home folks in Panhandle last week end. Miss Louella Woodward accompanied them.

The second year normal class met Jan. 20th and elected officers for the winter quarter as follows:

President: Winnie Mae Crawford.
 Vice President: Frank Farmer.
 Treasurer: Lila Simms.
 Secretary: Floyd Trowbridge.
 Prairie Rep: Carrie Rankin.
 Serg-at-Arms: Basil Hudson.
 Yell Leader: Eddie Weld.

President Hill left Tuesday for Austin where he expects to attend a meeting of the executive board of State Teachers' Association.

The students of W. T. S. N. C. have planned to send a delegate to the Student Volunteer Convention at Denton. They also decided to pay the expenses of the delegate, and to send some student who is specially interested in the work of the organization.

Frank Farber was in Amarillo last week.

Percy Scott, a former student is now attending the Amarillo business college.

Miss Mildred Keffer was called home last Wednesday on account of the death of her uncle.

There will be cars to convey the students and faculty members who are members of the B. Y. P. U. to Happy next Sunday, Jan. 30. The cars will leave in time to get to Happy for Sunday School and church. After church a big dinner will be served.

The Hale county students met Jan. 24th for the purpose of organizing a Hale County Club. Ruall Ford was made president.

Vincent Lowry of Amarillo visited Wesley Allen here last Monday.

Frank Lohn, a former student, spent Saturday and Sunday with friends in Canyon.

Frank Hamilton has been visiting his daughter, Lucy Dean, who has recently been ill.

Honor roll for fall quarter: Elizabeth Rock, Ada Clark, Lucille Gill, Moby C. Boatright, Ruth Thompson, Effie Jewell Goodpasture, Merna Gertrude Horton, Winnie Mae Crawford, Lettie Rose Korr.

The membership in our honor roll is determined by efficiency in school work. The first three people on the list made five A's each; the others each made four A's and one B.

Through the courtesy of Mr. Estes, Secretary of the Board of City Development of Amarillo, the members of our faculty and student body have been enjoying the lectures of Dr. Crane and Miss Evelyn Hanson of the "Better Homes Institute" at Amarillo this week.

On Tuesday Misses Janice Bell, Watkins, Coffey, Youkum, and Malone went over for the afternoon and evening lectures. Today eighteen members of the Home Economics Department went over for the afternoon program. "The Better Homes Institute" is one phase of the work done by the Extension Department of the Art Institute of Chicago.

Its object, as the name would indicate, is the development of American Homes and cities.

Happy Happenings

Mrs. Embrey Finley was shopping in Amarillo Thursday.

Judge and Mrs. D. A. Culron and daughter of Tulsa were visiting in Happy, Wednesday.

Mr. and Mrs. Roy Rodgers are rejoicing over the arrival of a daughter at their place, Jan. 15th.

Miss Maggie Coker of Anna, Texas, is visiting at the J. B. Knox home.

Messlames S. M. Swearingen and Chas. Trebesch were Canyon callers Monday.

The nine months old daughter of Mr. and Mrs. F. E. Culp has been quite sick with bronchial pneumonia, but is some better at present.

N. W. Uselding and Ernest white were business callers in Tulsa Wednesday.

Mrs. Pugh and children left last week for Ft. Worth where the children

will stay with their grand mother and Mrs. Pugh will go on to Dallas for an operation.

Mr. and Mrs. Prentice Tate are the proud parents of a daughter born January 18th.

Guy Garrison was an Amarillo caller Thursday.

Misses Jimmie Knox and Botts of Kross spent the week end at the J. B. Knox home.

Miss Annie Bragg gave a party Friday. About thirty were present and after a most lovely time.

News is scarce this week. Anyone having news items of interest, will please call 22.

FIFTY "COMBINES" OWNED BY SOUTH PLAINS FARMERS

There are fifty combination harvester-threshers in Hale, Swisher, Bristow and Floyd counties. These machines have combined capacity of harvesting fifteen thousand acres of wheat next season based on the average acreage harvested this year, three hundred. One machine in the Plainview country, known as the Dowden unit harvested about seven hundred acres this year.

The machines were used this fall to gather row crops with varying degrees of success, but the fact that so many continue to use them for this purpose indicates that there is some advantage in harvesting row crops with the combination thresher.

There are probably more combination harvester-threshers in Hale than any other county in the Southwest.

The repair parts ordered to fit the machines out for the next season's operation indicates that the repair cost the first year is too light. It is estimated that the outfit will save its cost in two or three hundred acres. Many believe that it will pay for itself in less than two crops of average yield on two hundred acres.

The first machine of this character brought to the Plainview country was bought by E. Dowden and used on his farm southeast of Plainview. Its operation was so satisfactory that many others bought. Now the combination machines with a tractor is the approved way of harvesting wheat on the South Plains—Plainview Herald.

The way Canada and Australia have been talking at Geneva engenders the suspicion that maybe Great Britain wouldn't have six votes in the League after all.—Marion Star.

Commodore Preble's Temper

The hasty temper of that early hero of the United States Navy, Commodore Preble, says a writer in the Boston Herald, furnishes the basis for an amusing story that people of the older generation used to enjoy telling.

The old sea fighter, it seems, was a rosy chap. One afternoon his wife was entertaining several lady callers at their Portland home. Just as they were going out, they heard a tremendous racket on the floor above, and down the front stairs came crashing a large and very solid table. It badly frightened the callers, who were lingering in the hall for a parting word.

"Why, Commodore Preble," cried his wife, "what are you doing?"

"That, Mrs. Preble," roared the commodore, "is my blasted temper."

"That was an awfully big tip you gave the waiter, Charles!"

"Got to jolly him along, darling. He owns the apartment house we live in."

—Life.

DAYS OF DIZZINESS

Come to Hundreds of Canyon People. There are days of dizziness:

Spells of headache, languor, back-ache:

Sometimes rheumatic pains;

Often urinary disorders.

Doan's Kidney Pills are especially for kidney ills.

Endorsed in Canyon by grateful friends and neighbors.

Mrs. C. R. Correy, Canyon, says: "My back and kidneys had been causing me a lot of trouble for a long while, my back ached steadily and there was lameness and soreness in it which made it hard for me to stoop over to do my housework. I would get dizzy and black specks would float before my eyes. Then again I would have headaches and my kidneys were inflamed and irregular in action. I was advised to try Doan's Kidney pills and bought some at the Holland Drug Co. Three boxes fixed up my kidneys and relieved my back."

60c, at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Art in Dress Discussed

Miss Hanson was at the Normal Auditorium this morning and discussed the subject "The Art in Dress." She is in Amarillo this week of the "Better Homes" campaign which is being put on in that city.

Her address this morning was highly appreciated.

Umbarger News

Mr. and Mrs. Anton Beckman, Clarence Beckman and Thillie Paffel were in Amarillo Tuesday.

John and John G. Batenhorst were in Canyon on business Wednesday.

Tony Erlman was in Clovis for several days this week.

George Thorp who worked for E. J. Friend last summer passed thru here Sunday on his way to Arizona.

Mr. Brooks was a Canyon caller Monday.

Mrs. Hufstodler was on the sick list this week, but is back at work again now.

Rosamond and Elizabeth Morris spent Sunday evening with the Weissmuller girls.

E. J. Evers spent Sunday at the Hartman home.

Bertie Weissmuller spent Friday night with Miss McCann.

Catherine Beckman spent Saturday with home folks.

Bert Lester is back on the job after a short stay in Amarillo. Miss Moshart relieved him.

Laura Bernd spent a few days with H. Beckman's this week.

Mr. Podzenny was a caller in Canyon Friday.

The school yard fence has been rebuilt along the highway and several improvements have been added.

Wayside Items

An inch of rain fell Saturday night; so warm and pleasant, didn't seem to hurt stock. An unusual amount of thunder and lightning for this time of year.

A five year old son of Mr. and Mrs. J. M. Farr south of Wayside was run over by a wagon loaded with feed a few days ago, resulting in his death in a few hours.

Wm. Payne, wife and Doyle, made a trip to Canyon Tuesday. She remaining with relatives for several days. Her sister, Mrs. Grace Graham and infant, Ida B. are getting along nicely.

Mr. and Mrs. Bert Washam of Giles have moved into the home with Mr. W. H. Hamblen. Mrs. Washam is a sister of Mr. Hamblen.

A little daughter was born to Mr. and Mrs. S. E. Johnson of Beverly, Jan. 16th, 1921.

Mr. Price, who had his leg broken Christmas, is doing very well. He can get about some on crutches.

J. M. McGee has bought a house from H. H. Gillham and will move it to Happy Park. Price \$350.

News From Here and There

Final census figures give the population of Continental United States as 105,708,711, and Texas 4,693,224.

An Oklahoma citizen who had his car stolen offers \$200 reward for the return of the car and \$2,000 for the body of the thief.

St. Paul, Minn., merchants find it cheaper to deliver by Parcel Post than to operate their own delivery cars.

Congressman Blanton, of Texas, charges extravagance in government at Washington. He says that there are twice as many clerks in the various departments as are needed.

The children of Holland are dressed in exactly the same manner as their parents. In the matter of their garb there is very little variety in that country and it is sometimes difficult to determine the difference between the children and adults.

At the opening of the fifteenth annual International Farm Congress in Kansas City, farmers were told that they have faced a new era which will be marked by steady improvement in marketing conditions, notwithstanding the present depressing low prices of farm products.

Following the meeting of Textile manufacturers in Boston, representing both cotton and woolen products, it was announced that probably there would be a reduction of 22 1/2 per cent in wages for all those engaged in the industry.

The scientist who has captured a prize for measuring the heat of the stars is wise enough not to try it on a ton of furnace coal.—New York World.

If political bunglers prevent the establishment of world peace now, they ought to be put in the front row of any fighting that is necessary.—Pittsburgh Post.

Fact and Comment

The house that contains a lazy cat is full of proud mice.

See that your mind is not like a microscope which magnifies little things but which is useless for taking a broad view of anything.

Orchestras throughout the country have fixed on a tone standard for general use in all theatres. The A is tuned to 440 vibrations a second.

New, crisp one-dollar and two-dollar bills are plentiful and easy to obtain, but clean bills of the larger denominations are almost unobtainable. They are likely to be scarce until the Bureau of Printing and Engraving has finished printing war bonds, a task on which it is working night and day in three shifts.

The fashions do not make simple dressing easy. The best way for women who like to be in fashion but who must be economical is to have as few dresses as possible and to take care of them. Good dressmaking is indispensable. There are three ways in which a woman of moderate means can attain it—by being able to direct a second-class dressmaker, by having skill enough to make the dress herself, or by going to a good dressmaker and buying fewer dresses.

A recent survey of 10,000 farm households in 33 states shows that the working day of the farm woman is on the average 11.3 hours, and in summer 13-12 hours. Only thirteen women in every hundred have any regular vacation. To most city women, such hours would seem little short of slavery, and indeed they are too long; nevertheless, there are no happier, more vigorous or more admirable women than the wives and mothers on the farms.

The thrifty Turk does not paint his house, not because he cannot get the paint or because he likes the look of it better unpainted, but because the shabbier the outside of a building in Turkey is the lower the tax. But that is a good deal like our own system, under which increased neatness is sure to be seized upon by the assessors as an excuse for a new rate. There is much to be said for the scheme of revaluing farm realties only once in five years unless the property has suffered meantime from fire, flood, earthquake or other disaster.

The growing scarcity of specimens in every department of zoology has led to the setting apart of large game preserves in the wilds of Africa and putting them in charge of experts. There seems to be no animal that cannot be partly tamed if it be given a feeding ground and plenty of water. Attendants venture into the inclosures and stroll among the animals to accustom them to the sight of human beings. Gradually the beasts are herded into smaller paddocks, where any peculiarities that they may have are observed. In that way the zoological gardens are assured of healthy specimens.

The knowledge of radioactivity, which has been growing since the discovery of the X rays and of radium,

has revealed the atom as a tremendous storehouse of energy. The atomic energy contained, for example, in the two-inch piece of chalk with which the lecturer makes his diagrams is calculated to be 300,000,000 foot tons—enough to raise 100,000 tons 3000 feet. At present we do not know how to liberate the power. We know that it exists only by observing the spontaneous disintegration of radioactive substances; but knowledge sometimes comes quickly; persons now living may see the day when atomic energy will be used.

Milo Proves Welcome Emigrant; Its Faults Eliminated.

Milo, the sorghum grain crop which was introduced into this country—probably from Africa—about 1880, has come to stay. The Bureau of Plant Industry, United States Department of Agriculture, advances the statement that milo produces better yields than any other grain sorghum in those sections of the sorghum belt where the rainfall is low and the altitude high. So definite is its adaptation to these conditions that milo sowing has practically ceased in South Carolina and Georgia, where it was first introduced, and is now confined to the Southern Great Plains area and the far Southwest. Here moisture and altitude give the grain a better environment. Here, also, milo furnishes an essential grain crop under conditions too severe for corn. Its use is limited to the South and Southwest.

The usefulness of the improved milo with its short, single stem and its single, erect, heavy head is well appreciated. As introduced, milo failed in many desirable points; the stems were of unequal height, and the heads were partly erect, partly leaning, and partly hanging or goose-necked. Selection has eliminated most of these faults and there is little physical resemblance between the original type and the improved one.

In 1899, about 25,000 acres of milo grown in this country, and the crop was worth \$200,000, but in 1918 a crop of 1,205,000 acres was grown, and that yield was valued at \$21,300,000. No better testimonial need be offered. At a Department of Agriculture field station in the Texas Panhandle, Standard milo, over an 11-year period, gave an average yield of 20 bushels to the acre. The Dwarf variety, at the same station and for the same period, yielded 24 bushels to the acre.

Chemical analysis shows that milo grain contains 9.31 per cent water; 1.61 per cent ash; 1.66 per cent nitrogen; 12.49 per cent protein; 71.88 per cent carbohydrates; 3.22 per cent fat; and 1.48 per cent fibre. For purposes of comparison the average content of dent corn follows: 10.50 per cent water; 1.50 per cent ash; 10.30 per cent protein; 10.40 per cent carbohydrates; 5 per cent of fat; and 2.20 per cent of fibre.

Milo is seen to have a higher protein and carbohydrate content than corn,

but the fat per cent is lower. As fat is the most valuable part of the grain for fattening it is apparent that milo falls a trifle below for this purpose. Experts agree that milo has about 90 per cent of the feeding value of corn. As food for humans, it is about equal to corn.

Where the planting is small the common method of harvesting is to cut off the heads with a knife and toss them into a wagon. The heads are then cured by piling in windrows or—a better method—by putting them into well ventilated bins. A corn binder which cuts and binds the stalks can be used, or the milo may be harvested with a grain header.

The grain is larger and softer than wheat. It is threshed as wheat is threshed but with the cylinders revolving at only two-thirds the speed used for wheat, and sometimes with fewer teeth in cylinder and concaves. These precautions are necessary, says Farmers' Bulletin 1147, to prevent the milo grains from cracking.

Ground milo heads (head chops) or the ground grain (milo chops) is fed to cattle, sheep, hogs, and poultry as corn is fed. It is also fed in bundles as roughage. For most purposes it should be cracked or ground and should be balanced with other feeds rich in protein, alfalfa, clover, cotton seed meal, or the like.

The bulletin gives full directions for growing, harvesting, and curing this valuable grain.

How We Treat Our President

When the sovereign voters of this greatest union of states the world has ever known select from among their fellows the one they deem best fitted to be chief executive of the greatest civic trust in all creation, here is what Uncle Sam gives to the President thus honored among men:

A salary of \$75,000 a year.
Another \$25,000 for traveling expenses.

A home on which the attention of the world is focused.
Furnishings and maintenance, complete with this house.

A private room in the Capitol building.

A flock of the finest automobiles American factories can produce, and an electric car for the first lady of the land.

A private detective force.
A force of fifty policemen to guard the house and grounds.

A private art gallery.
A historic library.

A score of green houses to keep the White House decorated and provide plants and blooms for dinners and receptions.

A private yacht.
A private train—whenever the President wants it.

The best brass band in the world.
A flag that no one else may use.
A personal physician.

Naval and military personnel tids.
A daily newspaper prepared for him alone.

A social secretary for the mistress

Now Is The Time...

There is no time like the present for starting a savings account at the bank. Tomorrow, next week and next month soon drift into next year.

Start today, no matter how small the sum. You will take pride in seeing the account grow. Then, when the rainy day comes, you will have something to depend on. Any man who has won his own way upward will tell you that this is true.

The First State Bank Texas

(THE ONLY GUARANTY FUND BANK IN RANDALL COUNTY)

of the White House, who is the social leader of the country. A complete routine: The best private secretary he can find, a man to keep track of his appointments, another to open his mail, one whose special duty it is to keep "cranks" from getting to the President, a barber, a

dispensing officer to keep the White House accounts straight.

And in addition to the things paid for by the people, the President falls heir to many courtesies, such as a private box at theaters; a private pew at church, membership in exclusive clubs and hundreds of other courtesies.

NORMAL DEFEATS HIGH SCHOOLS

Farwell and Higgins Suffer Defeat at Hands of the Normal Five.

Farwell High School was twice defeated on December 13, by the Normal Basket Ball Team. The first game, called at four o'clock in the afternoon, resulted in a score of 49 to 11. In the evening the visitors succeeded in piling up a score of 31, but the Normal team was able to surpass them by duplicating the afternoon score of 49.

On December 18, the Higgins team arrived in Canyon to play the Normal two games. The first game was called at 10:00 a. m., and resulted in a final score of 44 to 26. At two o'clock in the afternoon, the same teams met in the gymnasium for a second game. The visitors fought hard from start to finish, but were unable to cope with their better trained opponents. The final score was 69 to 27.

One of Our Friends

Paul T. Vickers of the Amarillo Daily Tribune paid us a very pleasant visit one day last week. He spent much time in looking over our plants and he appeared pleasantly surprised at what he found. This is the invariable experience of people all over the Plains country who have heard about the equipment of the West Texas State Normal College, but who have never paid us a visit.

In the Sunday issue of "The Tribune," January 9, 1921, Mr. Vickers gave the West Texas State Normal College a very commendable write-up. He sensed with considerable critical ability the outstanding merits which characterize the institution, and with a good judgment of proportion he touched upon the salient features of each very cleverly. There are many things, of course, which he failed to mention. Our library on history, for example, is equally as good as our library on English. However, he could not be expected to find all the good things we have at one visit, and we most cordially invite him to come again.

JUDGE BEN B. LINSEY LECTURES ON FEB. 7

Judge Ben B. Lindsey, the foremost promoter of the juvenile system and one of the best authorities on juvenile delinquency, gained his fame through his great work as Judge of the Juvenile Court of Denver. He became judge of the court in 1901 and so great has been his work that practically every juvenile court owes its inspiration to him. His methods and ideas have been copied the world over.

He began his fight for cleaner, stronger, childhood by an interest in playground and public baths. He soon found, however, that he could not just stay on the surface, and he began to hunt the symptoms and causes and the reasons behind the wretchedness of mothers and children. He has won and is daily winning against the interests of commercialized vice.

Lindsey is an extraordinary character. His fame has traveled quickly, but it has reached millions of people. He has probably taken more punishment and less reward than any other defender of child welfare the past ten years, yet he is just as eager as when he began. His sympathy is still as quick as it was for the first childish victim of social injustice brought into his court. All the powers of furious politicians, of revengeful corporations, of the outraged barons of industry and finance, have been unable to drive him out of his court or take him from it. He spoke in Europe before all

Floyd Golden Elected Captain of Football Squad for 1921.

Floyd Golden was elected Captain of the football squad for 1921 at the last meeting of the football men held Dec. 15. Golden halls from Snyder, and has figured in Panhandle athletics for the last four years. He was a member of the S. A. T. C. in 1918. His knowledge, experience, and ability eminently qualify him for the position to which he has been elected.

LETTER AWARD FOOTBALL MEN

College Adopts Policy of Awarding Letters for Distribution in Athletics.

For the first time in the history of the institution letters were issued to sixteen men for distinction in athletics, on December 14. This is a policy that has been under consideration for some time, and one that is almost universal among colleges. Most schools award only a few, and these are given only under certain conditions. Aside from making the team with distinction, a candidate must make a satisfactory grade in three fifths of his prescribed courses. This year the athletic committee has seen fit to award sweaters to sixteen players subject to the requirements named above.

This "sweater plan" has been satisfactorily worked out and will be strictly observed in the future. Only one sweater can be awarded to a man each year, and for each year he makes the team, the college emblem or monogram will be given. A service stripe on the sleeve will indicate that the wearer of the sweater has been a member of the first team for one year, and that he has also met the requirements as to class work.

Provision was also made for the seven heroes who fought for us in the past. These athletes will be awarded a stripe for each year of service. The following men will be entitled to two service stripes under this provision: Captain Byron Durham, Floyd Golden, Royal C. Carey, Dan Sanders, Gary Simms, Richard Battenfield, and Glen Ackers.

In addition to these, the following men will be issued sweaters for one year's service: Roy Golden, Foy Terry, Chink Tucker, Floyd Trowbridge, Ira Jenkins, Ernest McCordle, Delbert Bivins, Wallace O'Keefe, and Clifford Henry.

The football season will open next fall in September with a training camp in the canyons. This camp will be conducted without expense to the players and will be open to all who wish to try out for the team.

At the football banquet held near the end of the fall term, every man on the team expressed his intention of returning next year.

countries on a moral alliance of the nations in their struggle with the social problems which the war has increased and he returns to America continuing the work of that alliance, with a message which America will listen to as it has listened to him in the past.

A Lindsey lecture always deals with vital topics, but it is also always entertaining and brimful of fun and humor. Judge Lindsey is a capital raconteur and his audiences laugh with him heartily.

More Eggs or Money Back!

The Purina System of Feeding keeps the flock laying in the fall and the winter, because it supplies plenty of material for whites as well as for yolks. This enables the hen to make complete eggs of all the yolks that develop in her body.

When a grain ration is fed there is not enough protein for whites. Many yolks that form are not laid, but are eventually absorbed back into the system as fat.

More-Eggs Guarantee

Purina Chows, when fed according to directions, are guaranteed to make hens lay more eggs than any other feed, or the money paid for Purina Chows will be refunded.

Notice of Estray

The State of Texas, County of Randall. Taken up by W. E. McCormick and estrayed before Arnot Moreland, Justice of the Peace in Precinct No. One, Randall County, Texas. One bay horse about 3 years old, weight about 800 pounds, branded B Y on left hind quarter, valued appraised at \$20.00.

The owner of said stock is requested to come forward, prove property, pay the charges, and take same away, or it will be dealt with as the law directs. Given under my hand and seal of office, this the 25th day of January, A. D. 1921.
(Seal) O. W. GANO, Clerk, County Court, Randall County, Texas. 44p3.

NOTICE

All men between the age of 21 and 45 years are liable to street-duty, except ministers of the gospel in the active discharge of their ministerial duties, invalids, and members of the voluntary fire company. All persons liable to work on the streets can secure exemption therefrom for the year 1921 by paying to the city tax collector before the first day of February the sum of three dollars, after February 1st, you must pay \$5.00. I am now ready to collect and receipt for such tax. 4243
J. B. HENSLEY, City Tax Collector.

Notice for Bids for County Depository

Notice is hereby given that the Commissioners' Court of Randall County, Texas, will on the first day of the February term of 1921, at 10 o'clock a. m., the same being the 14th day of February, 1921, open bids from any Banking Incorporation, Banking firm or individual Banker of said county for the County Depository for the ensuing two years.

Sealed bids, stating the amount of interest such banking institution offers to pay on such funds of the county for the term between such time and the next regular term for the selection of such depository, accompanied by a certified check conditioned as required by law shall be filed with me as county judge on or before the first day of said term.
431f WORTH A. JENNINGS, County Judge, Randall County, Texas.

SCHOOL TAX NOTICE

Notice is hereby given that school taxes for the Canyon City Independent School District are due and payable to J. B. Hensley at his office in the Court House. Taxes not paid before February 1st, will be carried to the delinquent tax rolls and will take the legal penalty and interest.

Citation by Publication

THE STATE OF TEXAS, In the District Court, Randall County, Texas, February Term, A. D. 1921. To the Sheriff or any Constable of Randall County, Greeting: You are hereby commanded, That by making publication of this Citation in some newspaper published in the County of Randall, four weeks previous to the return day hereof, you summon: Martha A. Franks, if living, and her unknown heirs and their legal representatives, whose residences are unknown, to be and appear before the District Court, to be holden in and for the County of Randall, at the Court House thereof, in the City of Canyon, on the third Monday in February A. D. 1921, the same being the 21st day of said month, then and there to answer the petition of J. L. Parks as plaintiff, filed in said Court on the 3rd day of January, A. D. 1921, against Martha A. Franks, and her unknown heirs and legal representatives as defendants, said suit being numbered 909, the nature of which demand is as follows, to-wit:

1. J. L. Parks is a resident of Potter County, Texas.
2. The residence of Martha A. Franks, her heirs and their legal representatives is unknown to the plaintiff.
3. The plaintiff alleges that he is

seized and possessed of title to the following described real estate, located in the County of Randall and State of Texas, known as Survey Number Three (3) on the waters of the Palo Duro Creek, a tributary of Red River about nine (9) miles northeast of Canyon City, by virtue of Martha A. Franks' application, made in accordance with an act approved May 26, 1873, and described by metes and bounds as follows, to-wit:

Beginning at the northwest corner of Section twelve (12), Block six (6), I. & G. N. RR. Co.; Thence east 1558 yds., with the north line of Section twelve (12) block six (6)-I. & G. N. RR. Co.; Thence north 582 yds., to a md in the south line of section one hundred forty seven (147) block A. B. & M.; Thence west 1558 yds., to a md, with said south line of section one hundred forty seven (147) block two (2); Thence south 582 yds., to the place of beginning.

4. Plaintiff alleges that chain of title by and through which he owns and holds said land is as follows:

(a) A patent from the State of Texas to Wm. B. Lassiter, assignee of Martha A. Franks, dated March 25, 1901, being patent No. 417, Volume 31, and recorded in Volume 14, page 535, of the Deed Records of Randall County, Texas.

(b) A deed from Wm. B. Lassiter and wife, M. J. Lassiter, to Will A. Miller, Jr., dated April 18, 1902, and recorded in volume 8, page 98 of the Deed Records of Randall County, Texas.

(c) A deed from Will A. Miller, Jr., to T. A. Bowen, dated December 8, 1902, recorded in Volume 9, pages 469 and 479 of the Deed Records of Randall County, Texas.

(d) A deed from T. A. Bowen to Will A. Miller, Jr., dated March 22, 1905, and recorded in Volume 8, page 451, of the Deed Records of Randall County, Texas.

(e) A release from Will A. Miller, Jr., to T. A. Bowen, dated December 20, 1904, and recorded in Volume 12, pages 75 and 76, of the Deed Records of Randall County, Texas.

(f) A deed from Will A. Miller, Jr., to William R. Jay, dated August 23, 1905, and recorded in Volume 11, page 370, of the Deed Records of Randall County, Texas.

(g) A release from Will A. Miller, Jr., to William R. Jay, dated October 25, 1906, and recorded in Volume 14, pages 575 and 576 of the Deed Records of Randall County, Texas.

(h) A deed from William R. Jay and wife N. J. Jay to C. F. Gruner, dated October 26, 1906, and recorded in Volume 13, at page 410 of the Deed Records of Randall County, Texas.

(i) A deed from C. F. Gruner and wife, Emma S. Gruner, to C. J. Blackburn, dated December 16, 1916, and recorded in Volume 27, page 143, of the Deed Records of Randall County, Texas.

(j) A deed from C. J. Blackburn and wife Gertrude Blackburn to N. N. Durrett, dated February 6, 1918, and recorded in Volume 29, page 567, of the Deed Records of Randall County, Texas.

(k) A deed from N. N. Durrett and wife Bessie H. Durrett to A. Gale and wife, Eva Gale, dated May 6, 1918, and recorded in Volume 30, pages 222 and 223 of the Deed Records of Randall County, Texas.

(l) A deed from A. Gale and wife, Eva Gale, to J. L. Parks, dated December 21, 1920, and filed for record in Volume 35, pages 446 and 447 of the Deed Records of Randall County, Texas.

5. Plaintiff further alleges that a cloud is cast upon this title, by reason of the description of said property contained in the deed from Martha A. Franks to Wm. B. Lassiter.

6. Plaintiff further alleges that he is owner of said property by reason of said patent from the State, and said mesne conveyances above described, and that title in and to said lands has been acquired by virtue of the same having been occupied by himself and his grantors claiming under the regular chain of title from the State for three years, together with payment of taxes, before delinquent, and a continuous and adverse use, cultivation and enjoyment of the same, and title has been acquired by him in and to said premises by reason of claiming the same under color of title and upon adversely and continuously occupying, using and enjoying the same for the period of five years, together with payment of taxes, before delinquent, and that he and his grantors have acquired title to same by virtue of the ten year statute of limitation, by the continuous occupation, use, cultivation and enjoyment of said premises, for the period of ten years, during all of which time said premises have been fenced, cultivated, improved and occupied continuously.

7. Plaintiff further alleges that according to the best of his information and belief, Martha A. Franks is dead and that he does not know the names of her heirs or their places of residence, or the places of residence of any of the legal representatives of Martha A. Franks' heirs.

Wherefore, premises considered, plaintiff prays that said Martha A. Franks, if living and her unknown heirs and their legal representatives, be cited to appear in answer herein

and that upon final trial hereof he have judgment recovering said title from said Martha A. Franks, her unknown heirs, and their legal representatives, and that all cloud that may be cast upon his title, by reason of the description contained in the deed from Martha A. Franks to Wm. B. Lassiter, dated September 21, 1902, recorded in volume 6, pages 48 and 49 of the Deed

Records of Randall County, be removed and that his title be quieted and for such other and further relief, legal and equitable, general and special, that to the court he may appear to be entitled.

Herein fail not, but have you then and there before said Court, this Writ, with your return thereon, showing how you have executed the same.

Witness O. W. Gano, Clerk of the District Court of Randall County, Texas.

Given under my hand and seal of said Court in Canyon, Texas, this 3rd day of January, A. D. 1921.
(Seal) O. W. GANO, Clerk District Court, Randall County, Texas. A true copy, I certify.
4114 W. C. BLACK, Sheriff.

STRICTLY CASH AFTER FEBRUARY 1st

Notice is hereby given that we will go to a STRICTLY CASH BASIS on February first. This step is made necessary by prevailing conditions.

Please do not cause us embarrassment in asking for credit after this date, as it cannot be extended to any person.

You will find us ready to serve at all times with gas, oils, tubes, tires, Ford cars, Fordson tractors and repairs and supplies for both machines.

USE YOUR
CHEAP FEED

Randall County has never been blessed with a more abundant feed crop than the farmers are enjoying this year.

The big question confronting the farmer now is how to dispose of this immense feed crop at a profit since the grain cannot be marketed at the present price except at a loss.

THE DE LAVAL CREAM SEPARATOR is the solution of this problem. Cream could never be sold at a more profitable price than right now. Good cows are selling at a reasonable price. Then why not every farmer make a special effort to produce more milk, use the **DE LAVAL SEPARATOR** and cash in on the big feed crop which is now a drag on the market? See us about the different sizes of the **DE LAVAL** and our easy payment plan on the machine.

We cordially invite you to make this bank your headquarters in completing leases and sales of farms in Randall County.

We will place a private room at your disposal, assist in drawing up the necessary papers and make our services useful in every way possible.

Whether you are a customer or not, you are welcome to transact your conveyancing business here.
