THE TRUCK BILL

The recently enacted law of the Texas legislature has come in for more cussing than most any act ever passed by that body. There seems to be a general misunderstanding of the bill, and we quote the following editorial from the Panhandle Herald, edited by Representative Lee Saterwhite who has been investigating the bill. The editorial states as follows:

Some erroneous constructions are being placed upon the new motor truck law now being prominently discussed throughout the state.

Some are of the opinion that the law becomes operative July 1st this year, but a reading of the published law discloses the fact that it does not become effective until January 1st, 1922.

Also some are construing the law to apply to one ton trucks, but the Highway Department in a telegram to the Herald yesterday afternoon, replying to an inquiry sent to the department says:

"Trucks with intended carrying capacity of one ton do not take commercial rating."

This means that the one ton truck will be charged an annual fee the same as automobiles, that is 35c per horse power, but not less than a total of \$7.50.

We also asked the Highway department if farmers, who use motor trucks exclusively for agricultural purpose would be required to pay the mileage fee, and in reply to that question the department says:

"Trucks operated exclusively for agricultural purposes not required to pay mileage fee."

The Herald has already construed the law as is here given by the department, but representatives of the State Automotive Association are construing it to mean that the one ton truck is included in the provision of the law and that the mileage requirements applied to the farmer, who drove out into his own pasture to feed his cattle, just the same as the man who freights over the highways.

As stated by the Herald in a former article the supporters of the truck bill proposed to eliminate the heavy trucks from the public highways, and not to prevent their use elsewhere.

The Herald editor did not support the bill because we believe it too drastic and it is our opinion that the summer session of the Legislature will materially amend the law as it applies to two and three ton, but the heavier trucks will more than likely be kept off of the public highways, for the reason that the building of good roads is too expensive to be torn up by motor trucks.

There will likely be no opposition to the proposed change of the paving bonds as advocated last week by Mayor J. D. Gamble. As the matter stands now, Canyon authorized the city council to sell bonds to pave the square. The vote last fall was almost unanimous. The hitch came when the council was unable to get more than 76 cents on the dollar for the bonds. It is now developed that by voting new 20-year bonds and retiring the bonds authorized last fall, the council can get par value. Canyon now has the bonds, no money and no paving. We are assured with shorter term bonds of money and paving. There seems to be no reason why the exchange should not be readily made and the paving started.

"It must not happen again," stated President Harding as he viewed the thousands of coffins on the New York docks being returned to America from a foreign battlefield. The same thoughts have been in the minds of every loyal American since it became necessary for America to enter the struggle. Yet America is feeding her war dogs 80 cents out of every dollar collected in taxes. We all agree that this is a most unwise policy and that wars should cease, but never a plan presented gets a respectable following.

Canyon is going to have a first class high school as per the decree of the people of the district in Saturday's election. The board has elected a faculty which is able to give the city

a fine school. The next step should be to enlarge the district to take in all people now interested in a good high school in Canyon, and forever solve the financial difficulty which has confronted the board at various times.

The Klux Klan is being revived in cities like Dallas and Houston. The Klan will not solve the crime problem. It may be able to scare a few half wits, but master-mind criminals will scorn the Klan idea. Furthermore, the Klan offers a splendid opportunity for unprincipled scoundrels who gain admittance into the organization to seek vengeance upon their enemies who have done no wrong.

The government has solved the Bergdoll question by seizing all of the slacker's property. He will not be able to draw upon his resources in this country, live a life of leisure and defiance to America in the secrets of Germany. It looks like he might have to go to work for a change, and we rather suspect the German way of working will not appeal strongly to Bergdoll.

Cousins Wallop Antler Society

Antlers Were Out-hit and Out-pitched; Cousins Winning Fast Game 5 to 3.

The intense rivalry that has been growing hotter between the two boys' literary societies sprang into flame Tuesday afternoon when the Cousins took the Antlers into camp, dehorning them to the tune of 5 to 3.

The game was unusually fast for a society fracas, and as the score indicates, was close enough to keep the interest at a high point all the time. Captains Boatwright, of the Cousins, and Tucker, of the Antlers, chose for their batteries Mitchell and Allen, and Terry and Bloxham respectively. Both Mitchell and Terry pitched good ball, allowing few clean hits, but Mitchell kept his scattered well; while Terry weakened when hits meant runs. McClellan parked the only homer, which passed Sanders like a bullet and rolled to the center-field fence. McDonald rapped out a couple of long hits, one of which would have been a homer had he not cut corners at first and second.

Capt. Boatwright kept up persistent attempts to score from the first minute. His aggressiveness was rewarded in the second inning when Mitchell hit and scored on Helm's neat single. A few minutes later Rutherford crossed the rubber. For several ninings the score stood 2 to 0 in favor of the hard-hitting Cousins.

Tucker talked his fielding stars into a rally in the fifth inning. Errors by Hill and Cope let Bloxham in. The next inning McDonald played in luck and scored unassisted.

Spurred on by loyal rooters, both societies tried to break the tie and win. Tight fielding stopped many rallies, which looked dangerous. Tucker, Cope, Helm and Robinson pulled down hard chances frequently. Ford in center field was given some hard flies which bounced wickedly. The tie was unbroken until Cope was scored with accurate hitting. During the next few innings rallies were started and cut down in big league fashion. In the eighth inning the indomitable "Pinkie," of Cousins fame, strode to the plate and placed a hit where no Antler waited. McClellan wasn't satisfied with the Cousins lead; and feeling a lot of extra pep in his system, he smashed out a fly which was relayed some time after "Bill" had received his cheers and sat down. The score now stood 5 to 2. Desperate, the Antlers staged a ninth inning rally which threatened to affect the score book. Simms hit, and taking advantage of an error and a play to first base, tried to score. He was tagged but called safe because he was blocked off the plate. Mitchell's team-mates let two men get on bases with only one down. With two balls and no strikes on an Antler who usually hits, the situation looked serious at a first glance. But only for a moment. Helm stabbed a hot grounder at second, touched the bag, and whipped the ball to McClellan. The play was almost instantaneous, and put the skids under the Antler machine. "Big" Key cast his shadow behind the twirlers, while Henson was observed prowling around the bases.

Miss Brackney, of the Training School Faculty was a guest at the meeting of the Kiwanis Club of Amarillo on May 18. She spoke in the interest of the Panhandle-Plains Historical Society, explaining its organization, its aims, and the reason why the Panhandle people should co-operate in the preservation of the history of their section. The members of the club responded very generously to Miss Brackney's suggestions.

President Harding lets it be known that he wears a 10-D shoe. There might be no harm in posting this information in some of the government bureaus.—New York Evening Post.

Cousins Win Debate Over the Antlers

Loving Cup and Medals will be Presented to the Cousins Society on Commencement Day.

In the first inter-society debate between the Antlers and Cousins Literary Societies last Thursday evening, a two to one decision was rendered in favor of the affirmative, the Cousins. As the clock struck 7:30, seventy-five Antlers and Elapheleas, decorated in gold and white, marched down the east aisle of the auditorium to their prescribed seats, while seventy-five Cousins and Sesames, decorated in blue, purple and white, filled the seats on the west side.

Urged on and encouraged by the cheers of their respective societies, Lewis Hardin and Charles Wilson, Antler representatives; Emmitt Hazelwood and Allen King, Cousins representatives, stepped upon the platform to engage in a battle to uphold the honor of their respective societies.

President Hill, who acted as chairman, gave the judges their instructions, and read the question for discussion, which is as follows: Resolved, That a division of the State of Texas into two or more states would be to the best interest of the people in the state.

When the war clouds had disappeared, and the blusterous winds quieted, two society presidents crossed "no man's land" to present a bouquet of flowers to each team; and, when the decision of the judges was read, seventy-five Cousins and Sesames went off the floor with a united yell. Although the Antler representatives had lost, the Antlers and Elapheleas were equally proud of Hardin and Wilson's

brave fight. "Success does not come in every fight."

A loving cup, donated by Mr. Hill, will be presented to the Cousins Literary Society on Commencement day. Medals will also be given to King and Hazelwood.

In a new size package

Ten for 10 cents. Handy size. Dealers carry both. 10 for 10c; 20 for 20c. It's toasted.

 BRADFIELD REGULATOR CO., DEPT. 2-D, ATLANTA, GA.

Citation by Publication
 THE STATE OF TEXAS
 In the District Court, Randall County, Texas.
 August Term, A. D. 1921.
 To the Sheriff or any Constable of Randall County, Greeting:
 You are hereby commanded, that by making publication of this Citation in some newspaper published in the County of Randall four weeks previous to the return day hereof, you summon W. B. Crawford, whose residence is unknown, to be and appear before the District Court, to be holden in and for the County of Randall, at the Court House thereof, in the City of Canyon, on the 15th Monday in August, A. D. 1921, the same being the 29th day of said month, then and there to answer the petition of Gayetta Crawford as plaintiff, filed in said Court on the 16th day of May, A. D. 1921, against W. B. Crawford as defendant, said suit being numbered 915, the nature of which demand is as follows, to-wit:
 Plaintiff alleges that she is an actual, bona fide inhabitant, resident and citizen of Randall County, Texas, and that she has been such inhabitant, resident and citizen of said county and State for more than two years next preceding the filing of this suit; that the residence of the defendant is to her unknown; that plaintiff and defendant were lawfully married to each other at Tulla, Texas, on July 17, 1912, and continued to live together as husband and wife until the 30th day of April, 1918, when defendant without cause left and abandoned plaintiff, and that they have lived apart since such date; that defendant was addicted to the use of intoxicants and was generally cruel and harsh in his treatment toward plaintiff; that plaintiff at all times did all in her power to make the married life of herself and defendant pleasant and agreeable and was in no way responsible for defendant's conduct and treatment toward her; that plaintiff's maiden name was Gayetta Hutchinson and she desires to have such maiden name restored to her.
 Plaintiff prays for citation by publication, for judgment-dissolving the bonds of matrimony between herself and defendant, for the restoration of her maiden name, and for general relief.
 Herein fail not, but have you then and there before said Court, this Writ, with your return thereon, showing how you have executed the same.
 Witness, O. W. Gano, Clerk of the District Court of Randall County, Texas.
 Given under my hand and seal of said Court in Canyon, Texas, this 18th day of May, A. D. 1921.
 O. W. GANO,
 Clerk District Court, Randall County, Texas.
 A true copy, I certify.
 W. C. BLACK,
 Sheriff Randall County.

Ship and Sail under the Stars and Stripes to all parts of the world

SHIPS with the Stars and Stripes blowing from their masts are once more sailing the seven seas. They are, by the Merchant Marine Act, 1920, ultimately to be owned and operated privately by citizens of the United States.

They are American ships, carrying passengers and, as President Harding has said, carrying our cargoes to the marts of the world. Keep our splendid ships on the seven seas under the Stars and Stripes by sailing and shipping on them.

Free use of Shipping Board films
 Use of Shipping Board motion picture films, four reels, free on request of any mayor, pastor, postmaster, or organization.

SHIPS FOR SALE
 (To American citizens only)
 Steel steamers both oil and coal burners. Also wood steamers wood hulls and ocean-going tugs. Further information may be obtained by request.

 CANYON, TEXAS

On Thursday evening, April 28, Lula Bowman, Olney Newberry, Mary Cooper, Gary Simms, Louise Simpson, E. C. Perkerson, Miriam Anderson, Lyman Johnson, Orlean Arrington, Dan Sanders, Mary Meinicke, Bryan McDonald, and Walter Broughton, honored Miss Olive Michael with a surprise party at the home of Miss Lula Bowman.

Miss Lorene Pearce, a former student of the West Texas State Normal College, is planning to be here for the summer quarter.

Miss Roxie McCann, a former student of this institution, left last week for Kentucky where she will make her future home.

Miss Emma Key, a former student of this institution, finished her school at Tulla and returned home last Saturday.

Mr. Dewey Allen of Perryton, Texas, a student of last year, is coming back for summer school.

Miss Mary Rose, who taught last year at Shamrock, is here for summer school.

Mr. Lawrence Hill, who is a cousin of President Hill, and a graduate of this institution, received his M. A. degree from the University of California May 10, of this year. He will remain in the University until the end of next year, when he expects to receive his Ph. D. degree.

Miss Annie Wood, a former student of the West Texas State Normal College, who has been teaching in Hope, New Mexico, has returned to her home at Cisco.

Miss Ura Crawford, who has been teaching at Dalhart, has returned home.

Mr. James McLaughlin of Las Cruces, New Mexico, visited Miss Roberta McKnight last week.

Zenith Gumm spent the week-end at her home in Miami.

Mr. John S. Richburg, from Friona, visited his sister, Mabel Richburg, last week-end.

Miss Ethel Crawhorn, who has been teaching at the Valley View School, will be a student of the Normal this summer.

Miss Helen Bishop, who has just finished teaching a term of school at the Stone School, is back with Canyon friends.

Mr. Wallace O'Keefe has withdrawn from school to help on his father's farm near Cuyler.

James Younger, a former student of this institution, who joined the Army last July as Second Lieutenant, was promoted to the rank of Captain on March fourteenth. He is one of the youngest captains in the United States Army. Captain Younger was first sent to New York, where he had charge of the salvage department, and was director of one hundred and fifty men, as a Salvage Officer. He then became Assistant Quarter-master at Port Newark, New Jersey. While there he directed four hundred assistants. Captain Younger is now in Paris, France, helping clear up the American property there. His friends are very proud to hear of his advancement.

Mr. B. A. Stafford Jr., who is graduating from the Medical department of the University of Texas, has an internship in the State Hospital in Sacramento, California.

Miss White, who has been attending Columbia University, will be with us again during the summer.

Miss Fay Steen who was a student of W. T. S. N. C., two years ago is valedictorian of the graduating class of Graham high school this year.

Mr. Bennet Nance, who has been attending "The Peacock Military Academy," was a visitor in Canyon last week.

Miss Annie Lee Anderson, who has been teaching school at Silverton, has recently arrived in Canyon where she will spend the summer in school.

Mr. Vaughn Winn spent the week-end in Canyon. Mr. Winn has been working on his father's ranch near Muleshoe.

Mr. J. T. Turner, a former student of the Normal, who taught in the Canyon High School in 1918, will attend the Normal this summer.

Miss Hazel Park, a former student of the Normal, who has been teaching at Farwell, has returned to her home in Amarillo.

Miss Hazel Allen, who is studying music in Los Angeles, California, writes that she recently had as her guest Miss Kline, who was at one time head of the music department of our school.

Miss Margaret Guenther returned to Canyon May 28, from Chicago, where she has been studying voice.

Mr. J. A. Hill was in Quanah Friday, where he delivered a commencement address to the Quanah high school.

Mrs. Willie Cathcart, who has been teaching school near Tulla, has recently returned to Canyon where she will

attend the summer session of the Normal.

Warren Daniel, of Lockney, spent the week-end with his cousin, Miss Olga Wiseman.

Miss Irene Angel, a former student, who has been attending Emerson College at Boston, Mass., has returned to Canyon.

Miss Winnie Mae Crawford has withdrawn from school. She accompanied her parents and sister, Miss Ura, on an overland trip to Michigan.

Mr. Floyd Golden, a former student of this institution, who was principal of Friona High School, has closed his work. It is understood that he will enter school here at the beginning of the summer term.

Mr. Ben Terrill, who has been teaching in the Clayton, New Mexico High School, visited his brother, R. A. Terrill, last week.

Miss Teague, of Amarillo spent last week-end with her sister, Mrs. Robert Donald.

Mr. Frank R. Phillips will attend Cornell University this summer.

Mr. Bryant Baker, who was a member of the Training School here, in 1919, has just finished his first year's teaching at Follet, Texas. He visited friends in Canyon last week. He left Wednesday for Mineral Wells to spend the vacation, and will return for summer session.

Miss Irene Berry, who was with us last year, and who has been teaching at Tulla this year, spent the week-end with friends in Canyon. She has gone to her home in Arkansas.

Mr. McKay of Panhandle visited Mr. Lyman Johnson last week.

Mr. Walter Hannah, who is a former student in the West Texas State Normal College, and who has been holding a position in a bank at Ringland, Oklahoma, visited his brother here last week.

Misses Allie Mae and Velma Hooper, and Chester Hooper of Plainview, were here last Friday visiting friends.

Misses Linnie Babston and Hanna Swearingen, assistant librarians of the Normal, are going to Fort Collins, Colorado, to attend the Library School there. They will return for the second quarter of the summer session.

Mr. Morelock, head of the English department, entertained his class in Shakespeare, Thursday evening, May 19, at his home. There was a class discussion of several of Shakespeare's works. Many familiar passages from various poems were beautifully illustrated through the use of slides.

Lem Sone, who has been teaching near Washburn, has returned to his home in Canyon.

Miss Stella Rusk has returned to Canyon after a successful term of school at Childress.

Wanted! 500 Yells!

It is the purpose of our Coach and Athletic Commission to develop some very strong teams here next season. For this purpose the training camp will be established at considerable expense. How are we going to show our appreciation of this good work? BY DOING THE BEST ROOTING OF OUR HISTORY! That is one of the best ways we can do it!

The lack of appropriate songs and yells, and also a means of making every student familiar with those we have, has put a damper on our yelling in the past. After much investigation, it has been decided that a systematic arrangement of good yells and songs would promote efficiency in our Pep Factory! Therefore the writer, in collaboration with Frank Hill, has determined to collect, edit, and print in booklet form a collection of the best songs, yells, etc. obtainable. Are you going to help us? We want you to make collections of yells (better or worse!) and hand them to us before you go home, or mail them in later. We desire all the songs and yells that have echoed upon the Normal field, as well as hundreds of yells from other colleges. We will adapt them to our needs. We especially desire original songs or yells. We offer subscriptions to "The Prairie" (Summer Term) for the first three collections (10 or more) of yells to reach us. Special prizes and proper credits in the booklet will be given for acceptable, original songs. Do not disappoint us! Mail your collection to Olin E. Hinkle, Canyon, Texas, any time before Sept. 1st.

A Day Spent in the Sun

On Monday May 9, a Packard made itself worthy of its name by transporting, without mishap, a jolly company of young people out to the McReynolds Canyons. Mr. Walter Broughton and Miss Olive Michael were host and hostess of this joyous party. Mr. Gary Simms and Miss Mary Cooper were appointed official guides, and the descent into the Canyons began. The falls were reached after a long toilsome hour, during which bits of cake and sandwiches were left by the trail.

The chaperon, Miss Miriam Anderson, was a commanding figure at lunch. She billeted bacon, sandwiches, olives, pickles, cake and coffee to Captain Lyman Johnson. But Louise Simpson and Edgar Perkerson outwitted the chaperon, for it was some time later that Mary Meinicke and Bryan McDonald found a complete

"lunch for two" hidden in a log.

Dan Sanders reminded the forgetful pleasure seekers that it was a rocky road to the top of the hill and that Orlean Arrington was a tenderfoot.

"When trouble is highest, Help is nearest."

Sure enough when Miss Arrington said "I can not go another step," two gallant cowboys came riding, seemingly for her rescue. But it was Miss Lula Bowman and J. Mack Noble who ascended the white steed.

"Chaffeur's will be chaffeurs," but this one was an exception; at five o'clock, chaffeur, party, and Packard started home.

Imagine—

Mr. Reid with a new Ford.
Mr. Stafford a gym teacher.
Mr. Sheffy without a smile.
Mr. Mahan as a "brone rider."
Mr. Ives with a pompadour.
Lola Luttrell six feet two inches in height.

Miss Lamb reading a funny paper.
John Matney without his chewing gum.

Mr. Morelock smiling.
Harry Chenowith without an inspiration.

Knox Thomas selling papers.
Lonie LeGrande forgetting to hang his hat on Miss Boulware's desk.
Grover Carver a public speaker.
Cleo Woodward not meeting her classes in the corridor.

Mr. Wallace Clark coughing.
Mr. Duffot-refusing to talk.
Mr. Morelock teaching Harold Bell Wright.

Mr. Guenther jumping the campus fence.
Miss MacLaren without her "patience."

Roy Golden in a country where there are many "Martins."
Miss Aiken singing a solo.
Mr. Ives without his milk pail.
Amy Daniel without freckles.
A. D. Parker "stepping out."
President Hill smoking.
Mrs. Platt a book agent.
Jo Della Pennington not working "trig."

Mr. Mahan not saying "What does it Cost?"

Coach McCorkle a preacher.
Shirley Scott giving Miss Boulware a perfectly typed exercise.
Mr. T. M. Clark out of humor.
Andrew Allen sitting still.

Miss Harriet Graham without an announcement.
Harvey Johnson embarrassed.
Anyoe making A in Math. 23.

Prize Health Essay Contest

It is to be regretted that so few of our students participated in the Health Essay Contest provided by Mr. H. A. Wroe of Austin, Texas, and under the management of the Texas Department of Public Health. No more important work has ever been undertaken than this crusade for the prevention of disease and the remedying of defects in children. True, this contest came near the close of school, when students were busy preparing for examinations and looking forward to commencement. But all teachers should acquaint themselves with the purpose of this movement and should introduce it into their schools. Information on this subject may be obtained from Mr. Dwight L. Breed, 616 Littlefield Building, Austin, Texas.

Prospective Summer School Students

We are all familiar with the pictures entitled "When a Feller Needs a Friend," and it would seem from their number that all possible situations had been portrayed in this series. There is one situation that I have never seen pictured in this manner.

ITCH!

yet, I feel sure those in whose minds their first days at college are still fresh heartily agree that such an experience is worthy the first place in the above mentioned series. Perhaps there are some who read "The Prairie" who are coming to Canyon for the first time this summer and it might be helpful to know that you will find a friend awaiting you here. Such a friend the Young Woman's Christian Association would be. Look for the "Ask Me" girls at the station in Amarillo and then when you get to Canyon, they will be only too glad to help you in any way possible and will see you safely to your boarding place. Then if you have trouble with your schedule just find an "Ask Me" and she will show you the ropes. Always keep in mind that the Young Woman's Christian Association is here to be used by you and that you can make us happiest by using us.

Farewell Program of Elapheian Literary Society

The farewell program of the Elapheian Literary Society on Thursday evening, May 19, was unique as well as inspirational. The Seniors, who are to receive their Baccalaureate degrees this spring were called on to say goodbye to the Society as follows:
Vale.....Sara Thompson
Adios.....Grace Penrod
Aufwiedersehen.....Lizzie Kate Smith
Q. E. D.....Ruth Thompson
Coffee and Mints.....Bernice Parker

Some of these students are charter members and have loyally supported the Society since its founding. They said that, altho, they would soon be leaving this college, they would never cease to be Elapheians. The Society regrets to lose these enthusiastic workers and wishes them the greatest success in their future work.

Powell-Savage

A quiet but pretty home wedding was solemnized Sunday afternoon at 5 o'clock when the Rev. M. F. Gathright, pastor of Tabernacle Baptist Church, united Miss Pansy Powell and W. S. Savage in marriage at the home of Mrs. M. C. Cochran, 901 Elm street.

The home was beautifully embellished for the occasion with choice spring flowers and blossoms. Just before the wedding party entered Miss Una Merrick gave a violin solo after which Lohengrin wedding march was played by Mrs. T. C. Cochran. Miss Jessie DeGraffenreid of Canyon, was brides maid and Roy Merrick acted as best man.

The bride was attractive in a dark blue crepe de chine dress and wore a corsage bouquet of bride's roses. The bridesmaid wore a blue and white crepe de chine costume and wore a corsage bouquet of sweet peas. Following the impressive ring ceremony an informal reception was held after which the couple went to their home 1505 Buchanan Street.

Mr. Savage is connected with the post office and Mrs. Savage is principal of Glenwood school.—Amarillo News.

Miss Powell is a former student of this institution, and has a great many friends here.

the girls of the ninth grade have been studying clothing as to appropriateness of design in color, lines, utility, and economy as related to individual needs. So on Wednesday afternoon at the regular class period they staged a style show for the purpose of seeing the final results of the year's work. The articles exhibited were kimono aprons, morning dresses, middy suits, and skirts worn by Grace Barnett, Corinne Brown, Marie Downing, Opal Helton, Jeanne Veteek, and Nannie Mae Whittenburg.

The garments showed that the girls had an appreciation for economy and utility, and that they had appropriated to their individual needs the training given in line and color. Those present at the "show" were Misses Rambo, Brackney, Watkins, Malone; and Misses Cooper and McGee, who are practice teachers in this class. A delightful surprise came at the conclusion, when Miss Rambo's Sophomore class served ice cream and vanilla wafers.

Buffalo is Now College Mascot

Vote of Student Body Friday After Two Days Discussion In Chapel.

"See! a dusky line approaches; hark! the onward-surfing roar. Like the din of wintry breakers on a sounding wall of shore! Dust and sand behind them whirling, snort the foremost of the van. And the stubborn horns are striking through the crowded caravan."

This is what the rooters will see when the Normal College Buffaloes trample their opponents in the dust in the football games next fall.

The need of a college mascot and emblem had been felt by the faculty and student body for several years, although no decisive steps had been taken until Wednesday morning of last week, when the proposition was put before the assemblage at chapel.

The movement was launched following the publication of a little poem in the last issue of "The Prairie" entitled "The Mascot of the Campus."

The question was discussed by faculty members and students until Wednesday morning at chapel, when Miss Lizzie Kate Smith asked for nominations for the college mascot. The prairie dog, the coyote, and the buffalo were the first names suggested. After several heated arguments, it was decided to leave the election until Thursday morning.

All Wednesday afternoon and Thursday morning "word battles" raged in the corridors, the library, and the boarding houses. For one time, at least, practically everybody was anxious for chapel time to come.

When the enthusiastic mob again assembled, the chaparral and the badger were added to the list of nominees; a Patrick Henry arose here, a Demosthenes there, then a Daniel Webster, and a Cicero, each "running down" the other man's candidate, each boosting his own. Then, the vote. Ah, the Buffalo has it, the Buffalo, the Monarch of the Panhandle!

From this day hence, that stately and regal mammal of the west will be the mascot and emblem of the West Texas State Normal College. Our football teams, our basketball teams, our base ball teams, our track teams—all will be known as Buffaloes. When the picture of Big Ben, whose head hangs in the main entrance, is seen, it will bring this institution into the minds of the Texas people. He is a symbol of stateliness, strength, endurance, determination, and co-operation.

Canyon Wins Tennis Match

After spending two days in idleness at Clarendon, the Canyon tennis team finally went into action last Monday, and succeeded in defeating the Bulldogs in both doubles and singles. On account of the threatening weather it was decided best to play three sets of singles and five sets of doubles.

The games in the doubles were:
1st Set—Canyon 6—Clarendon 2.
2nd Set—Canyon 5—Clarendon 7.
3rd Set—Canyon 8—Clarendon 6.
4th Set—Canyon 8—Clarendon 6.
In the singles they were:
1st Set—Canyon 6—Clarendon 2.
2nd Set—Canyon 6—Clarendon 2.
Waudner and Smalley represented

Would You Pay Fifty Cents a Week for a Servant?

Electricity is the world's most efficient household servant. Electricity, for lighting and the commonest household tasks, can be furnished the average home for about \$2.00 a month at the usual rates for current. This allows energy for daily use of the vacuum cleaner, weekly use of washing machine and electric iron, and light for every room during the hours you need it.

Wire Your Home On Easy Terms

For the initial wiring we will accept a small first payment and the balance in monthly installments so small that you will hardly miss them. All the time you are paying you will be enjoying your new comfort. Remember—there is almost no end to the tasks that can be either performed or made easier by electricity—no limit to the comforts it will bring you—and all at small cost.

Telephone us today while this offer lasts. We make no charge for an estimate.

Canyon Light and Power Co.
A. J. ARNOLD

Clarendon College; while Wells and Younger defended the Normal colors. During their entire stay, the Canyon men were royally treated, and they left with deep respect and appreciation of the prowess and sportsmanship of their Clarendon opponents.

VOCATIONAL AGRICULTURAL HOG WEIGHING CONTEST

The final Hog Weighing contest of the Normal Training School was held Friday afternoon, May 27, at 2 p. m. The contest was open for any hog or live stock man who cared to contest with the boys with the exception of county agent C. F. Walker. The boys, however found when the time arrived for the finals—that no outsider cared to try them out. Prof. Phillips, who had been training the boys for the contest, had offered prizes for the three highest guesses. These prizes were each a year's subscription to the Country Gentleman.

Park Lewis, formerly of Colorado, now a Canyon boy came first with a total miss of thirty-two pounds out of six hogs. Sherman Attaway, from Hart, Texas, came second with a total of thirty seven points off, while Edmund Oatis of Canyon was third with forty pounds to the red.

This type of work has proved very interesting to the boys in the Normal and is probably one of the most popular courses offered. Every boy who studied Vocational Agriculture this year had to keep a project of some kind. This project in most instances consisted of a hog. The boys are now making out their reports on their animals. Their reports count a certain percentage on their year's work in the training school. Many other schools in the Panhandle have expressed their desire to add the same kind of work to their curriculum.

Prof. J. A. Hill, president of the West Texas State Normal College at Canyon, addressed the Rotarians in the interest of the Panhandle Historical Society and requested their cooperation in the collection of historical relics now being made at the Normal by the Society.—Amarillo News.

Brevity seems the soul of style as well as wit.—Greenville Piedmont.

Home Economics Exhibit

On Friday, May 27, the Home Economics Department of the West Texas State Normal College will be open to visitors from two to five o'clock P. M. (College Time).

The annual exhibit will consist of work done by Ninth Grade, Second Year Normal, Sophomore College, and Special Millinery Classes. The articles displayed will consist of rugs, household furnishings, wearing apparel, dresses and hats.

The staff of the Home Economics Department extends a cordial invitation to the friends of the students and all interested in the educational development of the womanhood of the 20th century.

Misses Rambo, Bell and Watkins entertained the graduates of the Home Economics Department with a "42" party on Saturday evening, May 28.

The guests present were Misses Bernice Parker, Magy Ignacs, Boraice McGehee, Margaret Carmichael, Joe Pennington, Dora Ward, Mary Cooper, Ruth Rankin, and Mrs. J. J. Powell.

Miss Ruth Boyd of Plains, Texas, paid the Normal a visit last week. Lora Kibbe, a '20 graduate, was here last Friday. She has been teaching at Vega for the past year.

Miss Mable Smith of Tucuman, N. M., visited friends here Friday.

Eugene Devereaux and wife, of El Paso, will be here for the summer school. Eugene is a former Normal student.

Cases of oak or ivy poisoning should be treated with Ballard's Snow Liment. It is antiseptic and healing and a splendid remedy for such troubles. Three sizes, 30c, 60c and \$1.20 per bottle. Sold by Jarrett Drug Co. 1075

Rheumatism Comes From Tiny Pain Germs

First of all, get it firmly fixed in your mind that all the liniments in the world have no effect whatever on Rheumatism.

A very common form of Rheumatism is caused by millions of tiny disease germs which infest the blood. The one and only sensible treatment, therefore, is one which cleanses the blood of these germs, and routs them entirely out of the circulation.

This is why S.S.S., the greatest known blood purifier is so successful in the treatment of Rheumatism. It is a powerful cleanser of the blood, and will remove the disease germs that cause your Rheumatism, affording relief that is genuine.

S.S.S. is sold by all druggists. Free literature and medical advice can be had by writing to Chief Medical Adviser, 154 Swift Laboratory, Atlanta, Ga.

The Family's All Happy

They've read stories snappy of friends, in and out of town. And they've read all the ads and learned to save scads, buying advertised goods of renown.

The home town newspaper records every caper of people, their doings and things; as the town's biggest booster, it's up with the rooster, every modern improvement it brings.

But circ'lars and hand-bills, that clutter the door-sills, are poor advertising at best; from the porch they are swept, while the newspaper's kept to be read during leisure and rest.

Now the moral is plain; when you start a campaign to bring folks new harness or ice, put your ad where 'twill tell them, what you have to sell them, and how much they save on the price.

Put your ad where they'll read it; constant sight makes them heed it; thrifty readers will come to your store. Here your ad is expressive while the hand-bill oppressive, is scattered from gate-way to door.

Bonnet-Brown Sales Service brings even better results than you would expect. We have it for your use.

Little Want Ads Bring Big Results.

UNIVERSITY OF OKLA. MAN TO BECOME DIRECTOR ATHLETICS

The outlook for athletics at the Normal next year is exceedingly bright. We started the season in September last year practically one month late, but under the entergetic management of Coach McCorkle we soon whipped into line a good football team and made a very creditable record, considering the handicap. As the basketball season approached it became evident that the Normal had a winning team. Succeeding events did not disappoint us, for, without doubt, we had one of the best college teams in Texas. All that we lacked to appear in class with Texas, Rice, and A. M., was a chance to play them. The basketball team got off on the wrong foot and lost a few initial games, but quickly recovered and more than redeemed itself. Our victories over Southwest Texas Normal, Central Normal, Okla., and Clarendon College easily established our supremacy among schools of our class.

With this record for the year and the opening of a football training camp early in September, the outlook brightens. Moreover, we have received for next year the services of a coach who has a splendid record, both as a Director of Athletics and as a school man.

S. D. Burton, assistant coach this year at the University of Oklahoma, will become Director of Athletics Sept. 1. Mr. Burton has worked under Bennie Owen, Oklahoma's nationally renowned coach, for several years and Mr. Owen speaks of him in highest terms, both as a man and as a coach. He has also coached several high school teams and for two years was coach at Weatherford, Oklahoma, Normal. While at the last named place he had marvelous success with his teams. The following newspaper clippings are significant:

From the Weatherford Democrat, Weatherford, Okla.

If you failed to see the game between Southwestern and the Methodist football teams last Friday you missed a treat. The game started with a dash and got faster as it progressed. When the final whistle blew it was found that the Southwestern boys had amassed a total score of 22 to 0 for the visitors. Such wins as this is something new for Southwestern as we have never been considered strong in football.

From the Weatherford Democrat:

After winning the game with the Methodist University last Friday a week ago, some of the fans feared that the team might become somewhat "Chesty" and let up with their work. But after last Friday's demonstration with the Kingfisher College all fear as to that has been expelled. It sure looked good to see our boys tear in to the Kingfisher huskies, who outweighed us ten pounds to the man, and give them the trouncing they did. It would be impossible to name the stars. They were all stars. Play seemed to get faster from the time the whistle started play until the final whistle. The final score was 67 to nothing in favor of Southwestern.

Referee McKen said he never saw a team show such speed as did Southwestern lads. He said he would not follow them through another game at all, without working out for track beforehand.

From the Tulsa World, Tulsa, Okla.

"At Weatherford for the first time in the history of the school they have made a very creditable showing in football. The team is coached by Sam D. Burton, an O. U. star of former years. He has developed one of the speediest teams in the state and one that carries the offensive to the opponent and keeps him on the defense most of the time."

(The above was taken from a general resume of football in the state at the close of the season in 1916).

From the Daily Oklahoman, Oklahoma City.—All Star Football Selection.

"In selecting the all state team the writer has conferred with all the officials who have worked most of the games and with most of the coaches.

It will be noted that Southwestern of Weatherford has placed but one man on the mythical eleven despite the fact that she was second in the conference race. This is due to the fact that the team won most of its games as the result of team work rather than the play of one or two individuals. The team was one of the best coached teams appearing in the state this year."

From the Daily Oklahoman, Oklahoma City, Stillwater, Oklahoma.

"The Southwestern teachers came over and put on a demonstration of real basketball for the benefit of the A. & M. College students last night. It is something out of the ordinary for a normal school team to beat a college, but that is just what happened. Burton, coach of the Normalites, undoubtedly has one of the best coached teams that has ever appeared on the A. & M. court. The Aggies were able to score but one field goal in the whole game, while the Normal lads scored at will. The final count was 28 to 6."

From the Daily Oklahoman of Oklahoma City, Norman, Okla.

"Sooner basketball fans had a real treat last night when Sam Burton's teachers all but gave the Oklahoma University basketball team a trimming. The game was undoubtedly the fastest that has ever been played on the Oklahoma court. Some said it was uninteresting, because they could never keep up with who had the ball. The final score was 31 to 32 which shows that it was anybody's game. And we feel that we were lucky to have the long end of the score when the timer called the game.

Burton is an old Sooner star and he certainly is imparting his knowledge to his understudents."

Under Coach Burton's direction at Weatherford the Normal there won second place in the state in football and first place in track and basketball

the first year. During his second year there his team won third place in state football and first place in basketball, baseball, and track. In the track and field meet held by the U. of Okla. for the six State Normals and the denominational colleges of the State, Burton's team easily won first place.

Since making the above record he has been closely associated with Bennie Owen, who is considered the best coach in the Missouri Valley Conference and one of the cleanest sportsmen in the profession.

Burton has a wife and one child and is a member of the Methodist church. He holds a B. A. degree from the University of Oklahoma and has completed most of his work for the Master's degree. He has taught in almost all branches of public school work, though he is yet a young man, and has the spirit and ideals of a genuine teacher.

Fall Training Camp For Football

Our experience in the fall of 1920 in not having our team ready for real work by the time the other schools of this section of the state did, has made it imperative that a training camp be maintained. This condition is due to the fact that we do not begin our fall quarter as soon as the other schools do; hence they are from two to three weeks ahead of us in preparation for the fall games. It is also necessary on account of the fact that the football season closes with Thanksgiving and the number of games for an adequate schedule can not be got in if there is no pre-season training.

This training will begin on Monday, September fifth and continue until the beginning of school on September twenty-first. This will be an invitation meet purely; that is, a committee will canvas the names of those that can be here and select twenty-five or thirty of these. The institution will pay board and room for those who are in training.

This mode of training will enable coaches to do a much more intensive grade of work than is ever possible when training is done in connection with the regular school work. In ad-

dition to the field work, which in all probability will be done twice per day, special attention will be given to the rules of the game and interpretations put on them. This will especially prepare those who expect to do coaching in football when they go out to teach.

Those that are interested in seeing the West Texas State Normal College put out a successful team in the fall of 1921, will please send in the names of High School graduates who are especially good prospects and are intending to be here in the fall. We especially urge former members of the team to work for the success of this undertaking. If you are to be here, send in your name that you may get on the chosen list and by doing so get your training camp expenses paid.

The united effort on the part of alumni, students and friends will make this undertaking a success.

Edison is disappointed over the intellectuality of college men. Perhaps they have spent too much time enjoying the phonograph.—New York Evening Post.

Down-Town Bible Class
 We meet at 9:45 a. m. Sunday at the Olympic Theatre. We have a fine class. Good attendance every Sunday. We invite you to join us if you are not affiliated with any other Sunday class in the city. We are studying the Fourth Gospel. The first 18 verses of the 1st chapter will be our lesson for next Sunday. It is very pleasant in the Theatre at this hour.
 —Reporter.

Masonic Meeting
 There will be a called meeting of Canyon City Lodge No. 730, A. F. & A. M. Friday night, June 3, for work in the E. A. and M. M. degrees. All members are requested to be present. Visitors are cordially invited.
 Friday night, June 17, will be regular meeting, and election of officers.
 O. W. GANO, W. M.

Music Department Presents Pianists
 The last number of the Individual Pupils' Recitals in the Department of music was given Thursday afternoon, May 26, by Miss Corrie Rankin, pianist, assisted by Miss Wilda Slagle. Both of these young ladies are quite young and did credit to themselves and the department. Miss Rankin bids fair to be a most capable pianist, playing now with unusual technical precision as well as with splendid conception of musical phrasing. Her Whelpley number was received enthusiastically by the audience.
 Miss Slagle is a new student with us, possessing a splendid voice of unusual power and range. Her Hadyn song was delightful. Some will remember it as having been one of Miss Sharlow's numbers in her program here early in the spring. We hope Miss Slagle will continue her work in the department since she gives such splendid promise.
 Piano Ensemble Class No. 1 played a very unique number in the Saint Saens "Dance Macabre." The ensemble numbers are always enjoyable.
 —From The Prairie.

The Wonders of America

By T. T. MAXEY

MOUNT RAINIER NATIONAL PARK

"The mountain that was God," wrote John D. Williams. "Mount Big Snow," said the Indian. At any rate, the most wonderful mountain in the United States—its hoary-headed peak piercing the blue sky to a height of almost three miles, while its base covers a hundred square miles of territory. Its isolation, standing alone as it does instead of in a range, makes its mightiness all the more impressive.

Uncle Sam created a national park around it and thus preserved it as one of our greatest sights, so we can all go and see it and wonder for ourselves.

Like all volcanoes, Rainier built up its cone from the material thrown out from its interior. But a terrific explosion destroyed its conelike top and greatly reduced its height. It has not been in eruption for nearly 50 years, though steam jets sometimes melt the snow at its summit and hot springs flow from its base.

Twenty-eight glaciers, born from the snow which covers the mountain, radiate from its peak and form one of the largest known glacial systems. From these great ice fields there naturally lead off numerous streams and rivers which find their way, through beautiful canyons, to the lower altitudes. Below the glaciers, in an open space which circles the mountain, grow millions of gorgeous wild flowers, presenting a beautiful spectacle as well as a marvelous contrast to the snow above. Below the flowers are dense and immense forests of fir, spruce and cedar.
