

## MOBLEY SPEAKS FOR IMPROVED DAIRY BUSINESS

### DIVERSIFIED FARMING IS NEEDED IN COUNTRY TODAY

#### Interesting Lecture Monday on Strong Points of Profitable Dairy Cows.

H. S. Mobley was here Monday to lecture to the farmers and dairymen of Randall county upon the dairy business. While the attendance Monday was not so large as would be desired, yet there was a very representative bunch of farmers and stockmen, all of whom were intensely interested in this line of business.

In a lengthy discussion of "The Cow as a Step Mother of the Human Race" he told of what the cow was doing and what she would do for farmers of this section if given an opportunity. In speaking of the prevailing conditions in this section with reference to dairying Mr. Mobley declared that they were far above conditions at other points in this entire territory. The financial standing of any farmer who milks as many as five cows, sells the cream and milk and feeds the skimmed milk to hogs and chickens is far above the average farmer declared Mr. Mobley. He gave many comparisons and illustrations of this fact.

Mr. Mobley made a particular plea for diversified farming. He declared that the country in which the farmers depended upon any one crop was a poor country it mattered not whether they grew wheat, cotton, corn, tobacco or other crops.

In closing his discussion he told and explained the qualifications necessary for any cow to be a profitable milker. From illustrated charts he compared the bodies of both the beef and dairy type of cows showing that a certain makeup for a dairy cow was necessary in order for her to be a profitable milker. His explanation along this line was so clear and instructive that his lecture was very impressive.

#### McCormick Case in Court

Attorneys for J. S. McCormick et al, who recently lost his suit against John Heimann et al, for damages connected with the loss of McCormick's home near Nazareth by fire in 1919 filed a motion for a new trial with Judge Tatum, this week. The motion was overruled. It is understood that the case will now be appealed.—Hereford Brand.

Mr. McCormick is night watchman in Canyon. It will be remembered that his house was set on fire and his two children were burned to death, when oil, which contained gasoline, was used by his wife. The oil had been bought at Nazareth, and Mr. McCormick sued the owners of the company store for damages. The jury in Hereford last week awarded actual damages of \$500, but nothing for the loss of his property or the death of the children.

#### Mrs. Haynes Has Operation

A. B. Haynes was called to Quanah on Tuesday of last week by the illness of his wife who had gone there the week previous to visit her parents. She was taken ill with an attack of appendicitis, and an operation was necessary. Her many friends in Canyon will be pleased to hear that she is improving very nicely.

#### \$49.75 Added to Fair Fund

In the auction sale Monday, the Sale Pavilion and Fair Building Fund was increased \$49.75 through the following two sales:

G. R. Stratton, Hereford bull \$45.

J. S. McCormick, goods \$4.75.

There were not many articles placed in the sale Monday owing to the very small crowd in town.

#### No War Tax on Chautauqua

C. F. Walker has received notice that no war tax will be collected this year on the Chautauqua, as it is held under the auspices and for the benefit of the Boys' Club. This will mean quite a saving for the ticket buyers.

#### Kirk-Duncan Wedding

Joe Evant Duncan, a promising young attorney of Pampa, and Miss Mattie Mae Kirk, the charming daughter of Mr. and Mrs. D. B. Kirk, were united in marriage Sunday, June 12. Following the ceremony the happy couple left for a thirty day honeymoon trip to Colorado and California. Miss Kirk has made her home in Canyon for a number of years and was a popular Normal student.

## IT HAS RAINED THIS WEEK—SOMETIMES EVERY FEW MINUTE

Several rains have fallen in Randall county during the past week, adding from two to four inches to the totals of last week. Local showers in every section of the county have been numerous, but every section has been well soaked, and the farmers are almost ready to call it sufficient for the time being.

Monday morning a rain of nearly half an inch fell in the Ralph community.

Monday night the Amarillo highway was flooded with more than an inch, accompanied by hail.

Other local rains have fallen thick and fast.

Monday was the first time any farmers could get into the fields, and where local showers have fallen since that time, farmers are progressing nicely.

#### Town Team Defeats Normal

The first game of the summer was played Monday afternoon between the town team and the Normal, the former winning by a score of 5 to 9. The town team acquired four of the best members of the Normal team during the spring season. The Normal team showed up well in their first game.

#### Red Cross Makes Loan

The executive committee of the Randall County Red Cross Chapter met Tuesday afternoon at the court house and made a loan of \$3,000 to the American Legion Club, taking a vendor's lien upon the new club house building.

The Red Cross has \$3,500 in the treasury left from the war fund. There is very little that the chapter can expend this money for, as it is restricted in gifts by the national organization of the Red Cross which is incorporated by laws of Congress.

The loan to the American Legion Club was approved by field secretaries of the Red Cross.

#### Little Fire Monday Night

Night Watchman J. S. McCormick discovered a fire in the building east of the Olympic Theatre which is used by Joe Foster as a warehouse. He put in an alarm but had the flames out before much assistance arrived. There was a quick response by members of the fire department. The blaze occurred about one o'clock.

#### Miss Rudolph Elected Teacher

Miss Esther Rudolph of Stratford was elected teacher of the seventh grade in the public schools at a meeting of the school trustees this morning. Miss Rudolph taught in the Farwell public schools during the past year, and is now attending the Normal. The election of this teacher completes the faculty for the public school for the coming year.

#### Marriage Licenses Issued

County Clerk O. W. Gano issued licenses to marry to the following this week:

Frank Carney and Miss Myra Belles, June 10.

#### Complete Legion Hall Monday

It is expected that all work on the new American Legion Hall will be completed by Monday or Tuesday of next week.

The date of the opening program has not been set.

## Satterwhite says Truck Law Not in Effect

"Pay no attention to the ruling of the Attorney General's office, or that of the State Highway Department to the effect that the recently passed Senate Bill No. 101, becomes operative early in July, for as a matter of fact it will not be effective until January 1st, 1922."

Hon. Lee Satterwhite, member of the Legislature, gave this advice to the truck owners of Amarillo Monday night, and Tuesday authorized this paper to repeat his statement. Mr. Satterwhite has a copy of the law which he shows to prove his position on the subject.

The bill as passed by the Legislature and approved by the governor, took effect June 12. But the provisions of the law clearly set out that it will not become operative until January 1, 1922. This is shown in the second section of the bill, providing for registration of all trucks before the first of next January, and after this registration provisions are set out in the bill for the enforcement of the law.

Mr. Satterwhite argues that in only one section might there be a vague chance of interpreting that the law became effective at once, but since there can be no enforced registration until next January, the law would not be effective.

Come to Canyon to live.

## MR. WHEAT FARMER, NOW IS THE TIME TO THINK ABOUT NEXT YEAR'S CROP

Every wheat farmer in Randall county should take the time to go out and see the wheat fields of George Frank, a prosperous farmer living west of Canyon. There is a lesson in witnessing the evenness of Mr. Frank's wheat, the uniformity both as to length of the stalk and the size of the head. Furthermore, the wheat field is said to be absolutely free from smut.

Too many wheat farmers of the Panhandle-Plains country plant 200 acres, when they should plant but 100 acres. They will actually raise more wheat on the 100 acres properly prepared for wheat than upon the 200 acres planted under the usual methods.

A good judge of wheat states that several men have estimated that Mr. Frank will make nearly 20 bushels to the acre from his wheat this year, whereas the average of Randall county cannot possibly go over 7 bushels.

First comes the seed bed. If wheat is to follow this year's wheat crop, the farmer should turn the land just as soon as the grain is off of the land this year. Summer fallow is recognized all over the west to be the absolutely only guarantee the farmer has of his next year's wheat crop. Intensive cultivation of the wheat land from harvest time until planting time is almost as good as summer fallow, and land treated this way has actually proven to produce twice as much as the land treated in the ordinary way of double discing. Panhandle land is becoming so valuable now, seed wheat will be so high price, and labor so scarce and high in price, that the Panhandle farmer cannot afford longer to slight his methods of putting in the wheat crop—merely hoping that next spring will be favorable, and that he will make a crop. Summer fallow is a positive guarantee for a good crop next year, according to experiments all over the west whose climatic conditions are similar to Randall county.

After the seed bed is well made, it is folly to plant seed wheat which has not been treated with formalin for smut. There are fields in Randall county today running from 30 to 60 percent smut. With smut so prevalent, it is almost a waste of time and money to plant seed wheat which has not been properly treated. Seed treatment is the best life insurance policy that can be taken out against the quality of your next year's crop.

The above facts were handed the Randall County News for publication by C. F. Walker, County Agent, whose whole ambition is to see that the Randall County wheat farmer gets a just return for the money he spends for the production of the next wheat crop.

## ENCAMPMENT IS STARTED AT THE CANYON CLUB

### HUNDREDS OF BAPTISTS ARE GATHERING FOR MEETING

#### Rain Delays Crowds, But Full Attendance Expected by Friday or Saturday.

The Second Annual Encampment of the Panhandle Baptist Assembly started yesterday at the Canyon City Club grounds, and will continue until next Wednesday night. Rev. H. V. Hamilton, General Manager of the Encampment, has been on the ground since Monday, and has the big tent well seated, and plenty of small tents to take care of the crowd.

Owing to the heavy rains Monday and Tuesday the attendance was light yesterday, but telephone calls to various other cities of the district indicate that the members of the church are ready to come just as soon as the roads are passable.

Nearly all of the special lecturers and teachers arrived yesterday and the program was started in the afternoon. Organization of the various study classes was started. The program starts at 6:45 in the morning and closes at 9:15 at night.

The Sunday program is expected to bring several hundred visitors who are not camping on the grounds and attending the regular meeting.

Arrangements are being made that all students desiring to attend the encampment Sunday will be given free transportation from the Baptist church. Cars will start leaving the church at 8:30 a. m.

#### Educational Drive Sunday

Owing to Commencement and bad weather, the educational campaign for the Methodist church has not been made in Canyon. It is planned to complete the drive next Sunday afternoon.

## ALL RECORDS BROKEN IN ATTENDANCE OF STUDENTS IN THE SUMMER NORMAL

With an enrollment of 1225, and more students arriving daily, the attendance of the summer quarter of the West Texas State Normal College far surpasses the expectation of the faculty and is a surprise to the people of this community.

Last year the attendance reached nearly 800 students, which was the highest attendance in the history of the school. Members of the faculty were convinced several weeks ago that the attendance this year would exceed one thousand, but the 1200 mark was not expected this year.

Fully seventy percent of the students are young ladies. Many of these are teachers seeking to raise their certificates.

The percent of credit students is very gratifying, showing that the teachers of this section are striving to obtain permanent certificates during their summer vacations.

## Trades Day Brings In Good Business

There was a good business report from all of the stores in Canyon Monday on account of Trades Day.

The crowd in town Monday was not large owing to the fact that it was the first day farmers could get into their fields and weeds are growing very fast. Those who did come to Canyon Monday came for the purpose of trading, and consequently business was larger than on some Trades Days when there were large crowds.

### LOCAL NEWS

C. L. Sone is here from Tulsa where his family are spending the summer vacation.

Dewey Price of Pignview spent Sunday at the Will Meyers home.

E. E. Doak of Tucuman has returned to Canyon.

Mrs. Jim Black of Hereford visited relatives here the past week end.

Armine Park of Amarillo is here this week visiting friends.

Mrs. Johnny Harris was a caller in Amarillo Tuesday.

Harvey Latson Jr., of Amarillo is here visiting at the J. S. Harrison home.

Chas. Billimek and family of Roth, Texas, arrived Thursday to visit at Hugo Sharke and family west of Canyon.

S. B. McClure was a caller in Amarillo Tuesday.

John Downing was a caller in Amarillo Wednesday.

Thursday afternoon Mrs. W. L. Browning delightfully entertained the Merry Maids and Matrons at the home of Mrs. Barto Johnson. The afternoon was devoted to playing 42. The house was beautifully decorated with cut flowers. After several hours of playing dainty refreshments were served to the following guests: Mesdames Warwick, Zeb Mitchell, M. B. Johnson, and T. C. Thompson.

Thursday evening the Cosmos club was entertained by Mrs. C. H. Jarrett. The evening was pleasantly whiled away playing 500, there being five tables in all. At a late hour a dainty repast was served to the members of the club and special guests.

## ROOSTERS ARE BROUGHT TO CANYON ON TRADES DAY

C. F. Walker got quite a batch of old roosters Monday when a premium was offered by the Commercial League on roosters.

The following prizes were awarded: Jeff Wallace, heaviest rooster.

Albert Byars, bringing roosters the farthest distance.

Clayton Powell, ugliest rooster.

A. E. Brown, oldest rooster.

F. M. Brown, largest number roosters.

#### Kreidler Highly Pleased

One of the most artistic recitals ever presented in Canyon was that of Louis Kreidler, baritone of the Chicago Grand Opera Association, last Friday evening at the Normal auditorium.

Mr. Kreidler possesses a wonderful voice, rich in quality. His interpretative ability was highly praised. He sang an all-English program, which was highly appreciated.

The success of the recital was in no small measure due to the accompanist, Miss Pauline Bigham, piano teacher of the music department of the Normal.

#### Commercial Secretaries to Meet

The commercial secretaries of the Panhandle-Plains country will meet in Amarillo next Monday. C. H. Jarrett, secretary of the Randall County Commercial League, will attend the meeting.

The secretaries are meeting for the first time, and will form an organization Monday for closer unity among the Commercial Clubs.

## THREE RANDALL COUNTY MEN BECOME NATURALIZED CITIZENS

In the Federal Court in Amarillo Monday, three Randall county farmers, living east of Canyon, were admitted to full citizenship by Judge Wilson. All of these men are of German descent, coming to America several years ago. They are all good farmers, and since coming to America have been industrious and shown themselves ready to become good citizens. They are as follows:

Frederick Schutte, aged 39.

Gustav Lesenberg, aged 48.

Frederick Rogge, aged 30.

#### Special Notice

The city has an ordinance which prohibits writing on the side walks and all persons who violates said law, in the future will be prosecuted.

J. D. GAMBLE, Mayor.

**Do You Want Harvest Hands?**

There will soon be a great demand for harvest hands. Arrangements are being made by different organizations to get the necessary harvest hands.

All Randall county farmers wanting harvest hands should see C. F. Walker at once and tell him the number they will need.

#### Meeting in Progress

A series of gospel meetings are being conducted at the Church of Christ this week by Evangelist Chas. W. Watkins. Meetings are held each evening at 8:30 o'clock.

#### Episcopal Meeting

There will be services at the Episcopal church Sunday evening at 8:30 o'clock. Deacon Swift of Sewanee, Tenn., will preach.

## Booze Artists Are Set Free by Court

The jury in the case of the State of Texas vs. E. A. Price, charged with unlawfully having liquor in his possession, late Tuesday night returned a verdict of not guilty, and Price is a free man.

There were two indictments against Price, the other being for unlawfully transporting liquor. The first case was picked for trial and the second dismissed.

Price is the last of the six persons—four men and two women—captured by Sheriff Purcell on the night of May 17, with 59 cases of Scotch whiskey in a Reo truck. Price was the driver of the truck.

It is understood that under the Dean liquor law of Texas the State was forced to prove that Price did not have the liquor in his possession for sacramental, medicinal, mechanical or scientific purposes. The real witnesses against Price, his associates, having flown the coop, the only witnesses the state had were the local officers who handled the case.

Of course the Court was forced to instruct the jury as to its findings according to law; and although the fifty-nine cases are still on hand, and Price's attorneys admitted he had had the liquor in his possession, the jury was forced to find the state had made no case.

Just as simple!—and clear as mud!—Hereford Brand.

## BURNS MURDER CASE BROUGHT TO THIS CITY

### TRANSFERRED FROM HEREFORD BY DISTRICT COURT

#### Case Will be Tried in the Regular District Court Term in August—Number of Witnesses.

The following regarding the Burns murder case was printed in Friday's Hereford Brand:

The case of the State of Texas vs. Henry Burns, charged by indictment with the murder of W. J. Rich on May 30, has been removed from Deaf Smith to Randall county, and will be called in the district court at Canyon on August 29.

When the case was called for trial here last Wednesday, Attorney Lumpkin of Amarillo, who, with his partner Judge Veale, and W. H. Russell of Hereford, is representing Burns, made a motion to quash the special venire of 108 men called in the case on the grounds, first, that the order calling the venire did not allow one day's intermission between the return of the writ and the calling of the veniremen, as required by law, and secondly, that the order had not been properly entered upon the minutes of the court, as required by law. These items being error of the court officials, Judge Tatum had no alternative but to grant the motion and the venire was excused.

Mr. Lumpkin then entered a motion for a change of venue to the district court of Randall county, basing his reason for the request on the ground that there was some prejudice here against the defendant and he could not secure a fair and impartial trial. Judge Tatum put the answer up to District Attorney Braley and John P. Slaton, special prosecutor for the state. The showing rebutting Mr. Lumpkin's assertion did not in the mind of the Court, remove the possibility of such prejudice existing, and the change of venue was granted.

Burns made bond in the sum of \$7,500, which was signed by J. M. Burns, Mr. Hammer and Walter Fullwood, and was released. Most of the witnesses in the case were present and were sworn and told to report at Canyon, August 29.

The case attracted much interest and a large crowd.

#### Grain Men Hopeful of Price

There has been considerable speculation as to the price of wheat once harvest gets under headway. Grain buyers, as well as the producers, are vitally interested in the price for this year's crop.

The News received a very interesting review of the wheat situation yesterday, showing that there is likely to be a shortage of wheat in this country by January 1st. No. 2 wheat is now selling at \$1.25 per bushel. Grain dealers believe that the price will not drop below \$1.00 when threshing starts, and will likely increase slightly as the year advances.

#### Former Resident Dies

Mrs. G. W. Williams, a former resident of this county, died June 6th in the hospital at La Junta, Colo., after a serious operation.

The Williams family left Canyon a few years ago. Mrs. Williams is well known in Canyon and the friends of the family are sad to hear of the death. She leaves her husband, two children and many relatives in Oklahoma.

#### Equalization Board at Work

Nearly 200 notices have been mailed by the board of equalization for the city of Canyon, citing the tax payers to appear June 24 and show cause if there be any why their city assessments should not be raised. J. A. Guthrie, S. V. Wirt and A. M. Smith are members of the board of equalization.

#### 120 Passenger Trains

In six days this week 120 passenger trains are said by Santa Fe officials to have passed through Canyon. The north line of the Santa Fe is now taking care of the traffic, the last California train having passed through Canyon Tuesday night.

#### Rain Will Ruin Country

A prominent cattleman tells The Brand these continued rains will ruin the country—the prairie grass will grow so tall that it will tickle the Tummies on all the cows until they laugh themselves to death.—Hereford Brand.

Come to Canyon to live.

Foreign Advertising Representative  
THE AMERICAN PRESS ASSOCIATION

It is a pretty sorry bunch this government has in England just now to state to the European countries America's ideals. First, Col. Harvey insulted America and American ideals in declaiming that America went to war only when she had to. It is noteworthy that the eastern papers have unearthed some old copies of Harvey's magazine published back in 1917 when the war spirit was red hot in which he declared Woodrow Wilson's ideals were the ideals of America. Now, so far as Harvey is concerned, Wilson's ideals are junk. Secondly, comes Admiral Sims trying to mix America in the Irish scrap. Neither England nor America can settle the Irish question. The Irish must get together and decide what they want before their national difficulty can be adjusted. However, it is a noteworthy fact that the gang in America who praised Harvey's attack upon Woodrow Wilson, are now demanding that Sims be recalled on account of his utterances.

Canyon is proud of the fact that it has the only American Legion Club House in the whole Southwest. Other Posts of the Legion have rented rooms for their meeting place, but the young men of the Palo Duro Post were the first to put up a Club House which is a credit to the community and an honor to this great organization. The American Legion will grow in prominence and importance as the years go by. Every fellow who served during the war should consider it a great honor to be a member of this organization. The fellow who does not join the organization will, in the years to come, alienate himself from a force which will be powerful for good in his home community and in the nation at large. All honor to the officers of the Palo Duro Post who have worked so hard and faithfully that their dream of a permanent Club House might be realized.

Two years ago, possibly as late as two months ago, there would have been a thrill of horror creeping up the backbones of Canyon people were they told they would have to take care of 1200 young people in the Summer Normal this year. This is fifty per cent more than the school has ever had. The students came, and they are being well cared for. The faculty committee headed by Prof. Frank R. Phillips, has done a wonderful piece of work to organize and care for this large attendance without friction. The fact that such a large number is being well cared for this year opens the possibility of the summer session. Canyon can expect a heavy increase over this large number for the summer of 1922.

The first estimate of the Tulsa race riot was something like 1200 killed. The final figures showed less than 40. The first estimate for the Pueblo flood was 2000. The final figures showed less than 60 dead. It is noteworthy that the Associated Press was not responsible for either of these lopsided estimates. The first estimates were from local people who managed to get the news to the outside world. As soon as the Associated Press correspondent reached the scene, facts, not estimates, were printed.

As educational center of the Panhandle-Plains country, Canyon should be the most beautiful town in this section. Are you doing your share in this work?

**SKIN TROUBLES**  
May Defy Lotions & Ointments

Eczema, tetter and similar affections should be treated through the blood. Outside applications offer only temporary relief. The thing to use is S. S. S.—the standard blood purifier, which has successfully relieved such troubles for over 50 years.

**S.S.S.**  
Standard for Over Fifty Years

The freeing of the five bootleggers by the district court in Hereford will be good news to bootleggers in general. Caught with the goods, they were acquitted under technicality. This technical stuff may sound reasonable to the legal mind, but to the ordinary layman, it is pure bunk. Instead of making more laws, the legislature should discard all existing laws, and write some that will hold up, giving common sense a chance to rule the land.

The business firm that goes after business with strong legitimate advertising is not crying business depression. The fact that the business depression is about passed is the result of the big firms increasing their advertising to hold business, and letting their competitors with weak knees go broke as they waited for normal times. Normal times will come only when the business men go out and make the normal times.

Those who attended the dairy meeting at the court house Monday discovered that not just any kind of an old cow was a profitable cow by any means. The man who spends his time milking a cow which produces only a little milk or a little butter fat had much more profitably spend his time in some other work. To know the profitable cow is the secret of success in the dairy business.

Hundreds of tourists are detoured through this section on account of the washouts in Colorado. They will come again to our country, if they find good roads and generous treatment. The tourist is a valuable asset to the Panhandle-Plains country.

Since 320 car loads of eggs are shipped annually from China to America, why not feed the starving Chinese these eggs rather than allow their importation to demoralize the American market?

You can tell the world that the Panhandle-Plains country has the greatest climate of any section in the United States!

Save some of the best wheat, oats, barley and rye sheaves from the harvest fields for the Randall County Fair.

Randall County is going to have a big County Fair in September.

If It's a Battery Be Sure It's New

It isn't good business to buy a battery that may be months old when you get it.

The only safe thing to do is to buy a Willard Battery with Threaded Rubber Insulation that has been shipped and stored bone dry, and consequently is brand new when it begins to work for you.

Drop in some time and let us explain this process to you and tell you why it is only possible with Threaded Rubber Insulation.

T. M. CALDWELL CO. Distributor West Fifth St.

Perhaps one of the most hopeful and promising works now under way among the farmers of the country is that for boys' and girls' clubs. The United States Department of Agriculture in published statements has developed this fact. In Potter, Oldham, Randall, Swisher, Donley, Hall, Deaf Smith, Hale, Floyd, Lubbock, Crosby and many other countries the juvenile farmers of both sexes are giving themselves over to this club work, which is but another way of saying to real farm pursuits, under a method that is well calculated to make them profitable and happy members of society.—Amarillo News.

The great need of the country just at present is something to make hoses as attractive as hose.—Marion Star.

About all Thomas A. Edison's questions prove is that it is quite impossible to know everything.—Detroit News.

If we don't stop that insurgency in West Virginia, Mexico may withhold recognition from us.—Dallas News.

 L. H. Jameson of Hereford visited friends here Sunday.  
 Ray McReynolds was a caller in Amarillo Thursday.

City Election

Now, therefore, be it ordered by the City Council of the City of Canyon, at a regular meeting thereof that an election be held on the 9th day of July 1921, at which election the following proposition shall be submitted:  
 Shall the 40 year bonds of the City of Canyon heretofore, to-wit on the 30th day of October, 1920, voted and issued for street improvements be made to mature and be payable 20 years after their date with option of the city to redeem at any time after 10 years, instead of to mature and be payable 40 years after their date with option of the city to redeem at any time after 20 years from their date?  
 Said election shall be held at the Court House in the City of Canyon and the following named person is hereby appointed manager of said election, to-wit, A. M. Smith.  
 Said election shall be held under the provisions of Chapter 1, Title 18, R. S. 1911, and Article 882, R. S. 1911, and the Constitution and Laws of the State of Texas, and only qualified voters who are property tax payers of said city shall be allowed to vote in said election.  
 All voters who favor the proposition to change the maturity date of said bonds shall have written or printed on their ballots the words "For Twenty Year Bonds" and those opposing shall have written or printed on their ballots the words "Against Twenty-Year Bonds."  
 The manner of holding said election shall be governed by the laws of the State regulating general elections.  
 A copy of this order signed by the Mayor of the City of Canyon and attested by the City Secretary of said city shall be and constitute proper notice of said election.  
 The Mayor of the City of Canyon is hereby authorized and directed to cause such notice of the election to be posted up at the Court House in the City of Canyon, Randall County, Texas.  
 The Mayor of the City of Canyon is further directed and empowered to have said notice of said election published in some newspaper of general circulation in said City of Canyon, and which notice shall be published once each week for four consecutive weeks, the date of the first publication being not less than thirty days prior to the date of said election.  
 J. D. GAMBLE, Mayor,  
 City of Canyon, Texas.  
 Attest: PEARL JINKINS,  
 (Seal) City Secretary.

ANNOUNCEMENT OF PRICE REDUCTIONS

We are pleased to announce a general reduction in the price of all CASE tractors and machinery.

The Case tractors are now selling at from \$160 to \$250 less than the price of last week.

All Case prices are reduced from 10 per cent to 18 per cent.

I have the agency for the Case Automobile, and now have a car which I shall be very glad to demonstrate to you. The car is on display at the Kuehn & Wise Garage.

TRADE MARK

\$625 f. o. b. Detroit

Every bolt and bar made of the toughest steel that science can produce, every piece of metal put there for a special purpose with ample reserve strength to withstand the most unusual strain; and every drop of kerosene that goes into the tank transformed into power—that is the Fordson Tractor.

Whether it is required to drag the implements of agriculture across the fields or to turn the wheels of stationary machines, the Fordson will do all that is claimed for it and more.

We will gladly demonstrate to you this the most powerful tractor for its size on the market.

**Happy Happenings**

Having nice weather since the rain. Everyone busy planting row crops before harvest.

Miss Smith of Sherman is here visiting her sister, Mrs. Goodnight.

Messrs. Shuman and Newberry were Canyon callers Saturday.

Floyd Swearingen, Van Foster, Lane Mayhew and Willie White went to Hereford Saturday night fishing. They caught lots of fish and returned Sunday.

Miss Gladys and Felix Neff went to Amarillo Monday to meet Dr. Arnold who will visit here.

The Women's Missionary Society met Thursday with Mrs. A. L. Harrison for the study of Bible and Missions. After an interesting lesson and a fine talk by Miss Sarah Shaw of Canyon, they went to the home of Mrs. M. S. Arnold for a surprise to her mother, Mrs. Richardson, on her 80th birthday.

Mr. and Mrs. Duffel left Tuesday for Canyon where they will make their home.

G. B. Banard and family and Tom Bandy and family spent Sunday evening on the canyons.

Mr. and Mrs. E. E. Whitley of Canyon were visiting friends here Saturday.

Mr. and Mrs. S. C. Whitman and Mr. and Mrs. W. C. Rose were shopping in Tulla Friday.

Rev. and Mrs. Jessie McNeely and son of Floydada came in Friday to visit at the home of C. W. McNeely. Rev. McNeely filled the pulpit at the Methodist church Sunday morning.

Mrs. Goodnight and daughter Merle Frances, and sister, Miss Smith, left this week for Denver where they will visit another sister.

F. D. Caswell happened to a painful accident when he fell through a hole in the lumber yard and suffered severe bruises. He was unable to work for several days.

Saturday afternoon at 3 o'clock Mesdames James Gurley and D. H. Culton of Tulla gave a miscellaneous shower at the home of Mrs. Gurley for Miss Gladys Neff who is soon to be married. There was a big crowd. She received many nice presents. Refreshments of brick ice cream and wafers were served.

Miss Mona Wooten of Amarillo visited Sunday at the F. M. Shenefelt home.

Lester Jones was taken to Plainview Sunday night where an operation was performed at once for appendicitis.

Mr. and Mrs. G. R. Stratton and children and Miss Lola Leath of Canyon spent Sunday at the W. C. White home.

The services at the Baptist church conducted by the Presbyterians closed Sunday night. Rev. Bowling of Waxahachie did the preaching, and Mr. Flynn of Waxahachie leading the singing.

Miss Potts of Amarillo is visiting at the Bough home.

Miss Ruth Hagan of Waskum, Texas, visited Sunday at the H. M. Baggarly home. Miss Ruth is attending the Normal at Canyon this summer. She will be remembered by some as she lived here some six years ago.

Miss Myra Bellas and Frank Carnie of Groom were married Saturday. They will make their home in Amarillo.

Mr. and Mrs. A. A. Fonken entertained the birthday club Saturday night. A good time was reported by all. Dominos was played at four tables. Refreshments of cream and strawberries and cake were served.

Charlie Mont is building a house just west of the Baptist church.

Rev. and Mrs. Chas. W. McNeely and children, and Rev. and Mrs. Jessie McNeely and son left Monday for Dallas in the car. The men will attend the summer session of the S. M. U., and will visit relatives while gone.

Miss Merle Miller has been confined at home this week with a carbuncle.

S. T. Whitman and family visited the J. A. Edwards home in Canyon Sunday.

Miss Ethel Sanford returned Thursday from Canyon where she has been visiting Misses Lois and Madie Whitley the past two weeks.

Mr. and Mrs. D. H. Culton and daughter of Tulla are visiting here this week.

Mr. and Mrs. E. F. Arnold entertained a few friends Tuesday night at supper. A delicious supper was served and all spent an enjoyable evening. Those present were Mrs. S. C. Whitman and children, Mr. and Mrs. W. C. Rose, J. F. White and Miss Gladys White.

Dr. Carl Arnold of Petrolia and Miss Gladys Neff were married Wednesday morning at 9 o'clock at the residence of the bride's parents, Rev. W. C. Rose of Cannon City, Colo., officiating, using the ring ceremony. Those that were present outside of the immediate family were Mr. and Mrs. James Gurley, Mr. and Mrs. D. H. Culton of Tulla, Felix Neff and Miss Jean Evans accompanied them to Petrolia. They will make their home at Petrolia.

Misses Gladys Bandy and Grace White and Emmitt Grounds left Wednesday for Merkle as delegates to the Epworth League Conference.

**Wayside Rems**

Rain, rain, and lots of it, and much to spare. At this writing (Monday) a number of heavy showers have fallen today. Everything is soaked and full of water. But little has been done in the farming line for some time.

M. L. McGehee reached Wayside Wednesday from Kansas City. His cattle sale was not very satisfactory.

On account of the condition of the roads, Miss Bernice McGehee did not reach home until Thursday from the Canyon Normal.

Born to Mr. and Mrs. Edgar Bryant a fine girl, June 11.

J. S. Sluder and wife took their infant daughter Thelma, to Dr. H. A. Broken, in Canyon, Sunday afternoon for treatment. She has not been well for some time.

Mr. Lovett of Shannon, Texas, came out to Wayside Friday to look after his threshing interest of the community.

The good people of the community surprised Ewing McGehee and bride Sunday afternoon by going in for a singing.

Religious services conducted by Rev. N. W. Woodson Sunday morning and again at night. Sunday School at the usual hour, led by Supt. D. L. Adams.

An interesting service by the B. Y. P. U. Sunday night led by Kelly McGehee.

After spending two weeks with their daughter, Mrs. Payne, W. J. Sluder and wife are now visiting Mrs. D. J. Graham and family.

Mrs. W. R. Franklin entertained a number of her relatives Sunday; her parents, W. J. and Ida Sluder; brothers and sisters, Wm. and Emma Payne and son, Doyle, D. J. and Grace Graham and babe, Ida B. J. S.; and Bonnie Sluder and babe, Thelma and M. C. Sluder. All had a fine time and a most excellent dinner.

What is filling well and promises to make a fair yield if the wet weather doesn't injure it. Some complaint of smut in some fields.

**Sunny Hill Items**

Mr. and Mrs. A. A. Kirkpatrick and daughter, Mrs. F. E. Culp and children, Mr. and Mrs. C. O. Hayes visited the parental J. B. Knox home Sunday. Jack Hayes visited the J. B. Knox home Sunday.

Mr. and Mrs. Bill Armstrong, Mr. and Mrs. A. L. Bailey and Misses Lola O'Rear, Roxie and Grace Knox visited at the W. Cobb home Sunday.

There was a singing at Mr. Bailey's Sunday night.

Raney and Amos O'Rear and Bob Simms visited at the W. Cobb home Sunday.

Mr. and Mrs. M. O'Rear visited their daughter, Mrs. Lee Sims Sunday.

Miss Jimmie Knox is spending this week with her grand-parents, Mr. and Mrs. G. N. Caler.

Farmers are very busy planting row crops now. There is a good season in the soil and prospects of more rain. A light shower fell Tuesday afternoon.

Jim Hutchinson, who went to Colorado, June 1, returned Saturday with the report that no work is to be found up there.

Mr. and Mrs. Hugh Shannon visited the H. E. Knox home Sunday night.

Ben Knox of Galley, New Mexico, has just returned from Los Angeles, California, where he underwent an operation. He came in Sunday.

Mrs. F. E. Culp and Mrs. J. B. Knox were Canyon callers Saturday.

F. E. Culp and J. B. Knox were Amarillo callers Saturday.

Mr. and Mrs. I. H. Hollabaugh were Canyon callers Monday.

**A Crying Injustice**

Childress county has 3,103 scholastics, received \$5,964 more than paid in.

The scholastics average 28 per cent of the county's population, or one per cent more than the average for the state. For this excess average Childress county received \$1,640.

Hardeman county has 3,328 scholastics, an average of 27 per cent, or the same as the state average. Hardeman county paid \$47,428 more than received from the State school fund.

Hall county has 3,278 scholastics or an average of 29 per cent, which is 2 per cent more than the state average. Hall county paid in \$1,231 more than received from the state fund, but the excess percentage amounted to \$2,412.

Callingsworth county has 2,661 scholastics, an average of 31 per cent, or 4 per cent more than the state school fund, and due to the excess received \$4,228.

Willbarger county has 4,561 scholastics, an average of 30 per cent more than the state average. This county paid into the state treasury \$22,238 more than received. However, due to the excess scholastics \$5,445 was received from the state fund.—Childress Index.

The above figures in regard to the taxes of Hardeman county are substantially correct, and they show us one of the great mistakes. Our valuations are too high. We are paying nearly \$50,000.00 a year to educate the children in East Texas, when we do not have half the money needed for our own schools. And the above figures show that we are paying more than any of the other counties in this section of the state. A little confusion would result at first if we should attempt to correct this, but it could be done in such a way as to greatly reduce our total taxes without reducing at all the amount available for use in the administration of the county's affairs. By raising the county and school rates and lowering the valuations in proportion we can keep our money at home and let the people of East Texas educate their own children.

To correct the matter at once would make it almost impossible, because an adjustment of the various rates in the school districts of the county could not be accomplished before tax rolls are closed, and the local school fund would be curtailed for one year. And our road and bridge fund would also suffer. We cannot raise the rate on this fund, and that is really the one thing that has made it seem impracticable to lower valuations. We are already demanding more road work than our respective commissioners have funds to care for, and if they should voluntarily decrease the amount available we would be inclined to criticize them. But we should not let our interest in the county roads induce us to blindly contribute \$47,000.00 every year for the education of East Texas children, when other counties of West Texas are not doing it. We must have good roads, but we are face to face with the fact that the present plan of financing them has really been too expensive for the past ten years.—Quantah Tribune-Chief.

Twice the world has been freed of racial hatred: when Adam was a young fellow, and when Noah came out of the Ark.—Washington Herald.

**Does Advertising Pay?**

Several years ago this was a debatable question among the business men of the country, but today the large corporations and other firms well know that their success has been built upon advertising.

It is hardly probable that many of the great distributors of the land would pay twenty thousand dollars for a single double page ad in the Saturday Evening Post if they did not know that it was bringing back to them proper returns on the investment.

The larger firms of the cities now make annual appropriations for their advertising, and this appropriation is always among the most important items in the yearly budget.

The man who constantly advertises is the one who keeps his business before the public. Who wins the confidence of the trade, and makes the people know that he wants their business. In this day and time the man who fails to see the benefits derived from advertising will sooner or later find himself swallowed up by competition. The big city houses are constantly reaching out for more business and the only way that the firms in the smaller town can compete with him is to use the same policy—Advertise.—Cloviss News.

West Virginia's mountains may not be volcanic, but her mountaineers are.—Norfolk Virginian-Pilot.

**Catarrh**

Catarrh is a local disease greatly influenced by constitutional conditions. HALL'S CATARRH MEDICINE is a Tonic and Blood Purifier. By cleansing the blood and building up the system, HALL'S CATARRH MEDICINE restores normal conditions and allows Nature to do its work.

The Wonders of America

By T. T. MAXEY

MAMMOTH CAVE, KENTUCKY.

MAMMOTH CAVE, the largest of a number of caves in Edmondson county, Kentucky, is said to be the largest cave known. It extends for almost a mile below the surface of the earth and contains about 100 miles of passage ways. Here are displayed perhaps the greatest and grandest examples in the world of the wonderful work of water in underground sculpturing.

Its discovery was another case of the hunter and the bear—date about 1800. The bear, wounded, crawled into the cave and escaped. The hunter followed and discovered the cave.

A visit to this cave is certainly a unique and wonderful experience. Nowhere else can it be duplicated. The interior is a maze of domes, pits, halls, chambers, pillars, temples, cascades, caverns, crevasses, stalactites and stalagmites, carved stone and other characteristic and peculiar phenomena and fairylke forms fashionable in cave architecture. There are lakes and rivers in it—one can boatripe on the Echo river for half a mile. The lofty limestone roof, 60 feet high in places, and the battlemented shores reflect and magnify every sound.

The Giant's Coffin is the largest rock in the cave. It is 18 feet thick, 43 feet long and weighs 2,000 tons. Mammoth Dome, the largest and most impressive of many, is 280 feet high. Many varieties of animal life are found, including eyeless fish and blind crawfish. The air is good and the temperature even—about 54 degrees. There are several routes through the cave, the longest requiring a full day.

distance, enabling publishers of the big periodicals to carry their publications in any part of the country at positive loss to the Postoffice Department. These publishing interests, representing the big national weeklies and monthlies of national circulation and the trade press, would naturally like to see a return of the old flat-rate postage charge.

Nothing has ever been proposed that is so fair to the general public, and to all the various elements of the publishing interests of the nation as the present postal zone law. It divides the burden of cost among those who make the cost, in proportion to the value received. The advertisement that carries an unusual per centage of advertising pays a larger postage cost than the one that carries a small volume of advertising. Each publication pays its part in proportion to what it receives from the Postoffice Department. It is a law that does not favor one class against another, it treats all alike.

Repeal of the law means the rankest of discrimination.

Brunk's Comedians Coming

Brunk's Comedians are coming to Canyon next week, and will show in their tent on East Houston street. Brunk's are a great favorite in Canyon, and never fail to play to a capacity house.

They recently closed five weeks in Waco, three weeks in Dallas, and played every town along the Denver railroad.

In appreciation of their splendid show, the citizens of Memphis circulated, without their knowledge, the following hand bill in the city of Clarendon:

In consideration of the clean, high class shows given for the past week in our city, we, the citizens of Memphis wish to show our appreciation for such entertainment by recommending this show to the people of Clarendon.

You'll find nothing offensive in any show presented by Brunk's Comedians. We do this purely in appreciation of the excellent shows presented in Memphis, and without the knowledge or consent of the manager of the above mentioned show.

Signed: Citizens of Memphis.

Do You Know?

When crickets sing sharply rain is near.

Rain is approaching when geese wash in flocks.

When flowers close their petals in daytime prepare for rain.

When chickens go to roost in the day time, rain is certain to fall.

When the roosters go crowing to bed be sure that rain will fall shortly.

When the housefly is unusually troublesome predict an early shower.

When the leaves of the trees show their undersides one is safe in predicting rain.

When women's bangs go out of curl it is well to carry an umbrella with you.

When the owls seek shelter in the barn rain is almost sure to fall within a few hours.

When the birds fly low and sparrows fly in large flocks the rain prognosticator is safe in warning of a shower.

If the late Prince Otto Bismarck is conscious of the affairs of this old world of ours, it must strike him that the Allies aren't any great shakes as indemnity collectors.—Marion Star.

THE "WOODSHED"

By Alan St. Denis

A man should take himself to the woodshed even many times after his father ceased to do so.

We need more mental whippings than we do any other kind. The woodshed is a clearing house.

Most folks are wilful things and never get far enough along in human development to be called universal. These are strictly woodshed people, and need the strap occasionally to bring salient water to the eyes and clear the vision, the mind, the senses.

When we used to leave the "woodshed" after father had been with us vigorously, we always felt that we had atoned, secured remission of sins, and our hearts felt lighter and kinder and nobler. Even father looked better to us, and we wanted to tell him how true and good we really wanted to be.

When I used to go through the mental and physical clearing house of the old "woodshed" a song seemed to want to mount my lips, for a weight somehow was lifted from my mind, and even the sunlight seemed brighter. I guess it all was on the principle that when one pays the penalty he feels square with the world.

"The Old Oaken Bucket" has its beauty, but the old woodshed had its sublimity. In the old woodshed is drama, tragedy, comedy; it has of universal beauty, universal awe, universal sublimity.

From the portals of the old woodshed many have seen the faraway city, the tall shaft of smoke from many a factory and the low hum of many a wheel soothing the feet that would run away from home. Dreams have been born in the old woodshed, dreams of state, of continents, of all the earth in the palm of the hand.

Great old artist, the "woodshed," the penal house where sentence was executed. Vast dreamhouse, the old "woodshed," where paths ended and paths began. Beautiful old "woodshed" where sweet resolves have taken fair wings and flew to high consummation. Sublime old "woodshed" the resurrection place of many a soul, the transformation place of many a life that cast its intentions as a crystal, and came forth a new life, with the human made personal, and the personal made universal.

Blessed be the old "woodshed" and all it stood for even as a Calvary that lay in the way of a life that was roughly on its way heavenward, and needed a little stay, a little nervous dream-hour wherein to take larger directions. Blessed be the old "woodshed" in the name of BOYHOOD.

Population of Texas Panhandle

A bulletin upon the 1920 census bureau and the figures upon the Texas Panhandle, particularly in their relation to showing the prospects for development, are most interesting. The statistics show that Sherman, Hansford, Hartley, Moore Hutchinson, Roberts, Parmer, Bailey, Lamb, Cochran, Hockley and King counties—many of which are among the best in the entire Panhandle-Plains from the agricultural standpoint—have fewer than two inhabitants per square mile.

Further analysis shows Dallam, Ochiltree, Lipscomb, Carson, Gray, Deaf Smith, Randall, Armstrong, Castro, Swisher, Briscoe and Motley counties are listed as having only from 2 to 6 persons on each square mile. The most thickly populated counties are Pottre, Wheeler, Donley, Collingsworth, Hall, Childress, Hale, Floyd, Cottle, Lubbock, Crosby, and Dickens counties and still they are listed as having only 6 to 18 inhabitants per square mile.

While counties south of the Panhandle-Plains almost as a unit showed big population decreases, only a few Panhandle counties are listed thus; they

generally being the more thinly populated ones.

Most Panhandle people have lived in other sections of Texas or in other states before coming here. They have observed what tremendous advances city and farm property made back there. Here is a region, unsurpassed for agricultural possibilities, with land selling at most reasonable figures today. It is hard to predict at what prices Panhandle land will be selling for in another generation, but it is evident that populating of the country has scarcely begun. And population means increased values both for city, and farm property.

KEEP OUR SHIPS ON THE SEVEN SEAS

American ships, flying the Stars and Stripes will carry you and your goods anywhere

Two and three generations ago, the Stars and Stripes were all over the world. Then they almost vanished from the seven seas. But today they are back again.

Big splendid steamers, American owned and operated, carrying passengers and goods, are crowding their way into all foreign harbors with the Stars and Stripes proudly fluttering from their masts.

American exporters, importers, travelers—all can help by shipping and sailing under the Stars and Stripes.

## Hats Off To The Dairy Cow— She's A Cash Producer

In this day of tight money and high interest rates, cash is appreciated. The dairy cow is famed as a cash producer; her product can be marketed every day and there is always a market for her product. This is perhaps one reason why the dairy cow is our best friend in time of adversity.

The hundreds of millions of dollars in cash now flowing into the rural districts of the country for dairy products is one of the strongest forces at work in stabilizing business conditions. Dairy products are a crop that does not fail.

The safety and economy of diversified farming is now being appreciated for with such a mixed line of husbandry there is always a marketable product and an income in the form of cash.

It is a good time to take account of the good work of the cow. Few animals are more neglected on the average farm, though few are more valuable. A number of good dairy cows will support and keep a large family and supply the running expenses of the farm with ready cash. Dairy products are now being recognized as our most valuable food since the discovery of vitamins found so plentifully in butter fat. It is hard to estimate the great and essential value of good dairy products.

There are few farms in all this country that would not be improved by keeping a small herd of dairy cows. Much waste takes place, especially on the crop farm, of such products as straw and forage. This could be turned to a valuable use, add a cash income to the farm, and at the same time in-

crease its fertility. The Panhandle has room for many thousands of dairy cattle and can literally add millions to her income and soil fertility by encouraging and building up the dairy industry.

It is a well known fact that dairy sections show the largest bank deposits per capita. They also show a higher standard of living, better land and better buildings. The cow is economical in her use of food and she is a great condenser of the cheap raw products into a valuable and high priced commodity.

The dairy business is no small item viewed from the state returns. Most of the central and Mississippi valley states sell from ten to fifty million dollars worth of dairy products in the year. This means that there is a flow of millions of dollars into the farm districts in all this land, and it is coming when other things are not moving; it is coming as cash.

Why not increase such a business and give it a valuable place in our agriculture?

IF YOU'RE DOWN IN THE MOUTH  
Of 3,256 French villages in which all life was suspended during the war, 3,216 have come back to life. The inhabitants have returned to rebuild their homes and their fortunes. The remaining forty villages were so shot to pieces as to be uninhabitable.

We human beings are a wonderful

breed, after all, even with our faults. We are knocked down and apparently out; but before long we are on our feet again, and wiping the blood from our faces, we go back with a smile, to whatever we happened to be doing.

Cities crumble, fortunes are wiped out, but faith and love and hope are eternal, and together they resume their song in men's hearts soon after the first shock of disaster.

What American soldier believed the inhabitants would ever return to the wrecked French villages whence they had fled? Desolation and ruin seemed complete. As a picture of despair it seemed nothing could be added to the scene.

And yet the current of life flows strong in all but 40 of these villages, and, doubtless, the cabbages and the turnips will soon be bursting through earth that was churned by shell fire and covered with the debris of crushed stone.

There is no irreparable desolation except that which we hold to our bosoms as if it were a treasure of rare price. Hope and faith are trying to sing in our hearts always, if we will but listen.

If you are down in the mouth the story of the reviving French villages should give you new courage.—Cloviss News.

### Citation by Publication

THE STATE OF TEXAS  
In the District Court, Randall County,  
Texas.

August Term, A. D. 1921.  
To the Sheriff or any Constables of  
Randall County, Greeting:

You are hereby commanded, that by making publication of this Citation in some newspaper published in the County of Randall four weeks previous to the return day hereof, you summon W. B. Crawford, whose residence is unknown, to be and appear before the District Court, to be held in and for the County of Randall, at the Court House thereof, in the City of Canyon, on the 5th Monday in August, A. D. 1921, the same being the 29th day of said month, then and there to answer the petition of Gayetta Crawford as plaintiff, filed in said Court on the 16th day of May, A. D. 1921, against W. B. Crawford, as defendant, said suit being numbered 915, the nature of which demand is as follows, to-wit:

Plaintiff alleges that she is an actual, bona fide inhabitant, resident and citizen of Randall County, Texas, and that she has been such inhabitant, resident and citizen of said county and State for more than two years next preceding the filing of this suit; that the residence of the defendant is to her unknown; that plaintiff and defendant were lawfully married to each other at Tulla, Texas, on July 17, 1912, and continued to live together as husband and wife until the 30th day of April, 1918, when defendant without cause left and abandoned plaintiff, and that they have lived apart since such date; that defendant was addicted to the use of intoxicants and was generally cruel and harsh in his treatment toward plaintiff; that plaintiff at all times did all in her power to make the married life of herself and defendant pleasant and agreeable and was in no way responsible for defendant's conduct and treatment toward her; that plaintiff's maiden name was Gayetta Hutchinson and she desires to have such maiden name restored to her.

Plaintiff prays for citation by publication, for judgment dissolving the bonds of matrimony between herself and defendant, and for the restoration of her maiden name, and for general relief.

Herein fail not, but have you then and there before said Court, this Writ, with your return thereon, showing how you have executed the same.

Witness, O. W. Gano, Clerk of the District Court of Randall County, Texas.

Given under my hand and seal of said Court in Canyon, Texas, this 18th day of May, A. D. 1921.

(Seal) O. W. GANO,  
Clerk District Court, Randall County, Texas.

A true copy, I certify.  
W. C. BLACK,  
1014 Sheriff Randall County.

## Goodrich 30x3 1/2—five Points of Excellence

1. One quality
2. Extra size
3. Specially designed
4. Anti-skid
5. Fair price

The name of Goodrich on a tire means one quality only. Like all other Goodrich tires this 30x3 1/2 is one quality. This standard is a fixed principle, and that quality must be the best our resources, skill and experience can produce.

THE B. F. GOODRICH RUBBER COMPANY  
Akron, Ohio

**Correct Analysis**

Just because a person is doing business in a town that isn't classed as a large city shouldn't hinder him from running his business on a metropolitan basis. Your big city competitor and the mail order houses are spending 5 per cent to 6 per cent for Business Publicity while you try to get along with one-tenth the amount or none at all. The thing that has you gagged and bound is the hard-shelled idea that advertising may be good for him but not for yourself. The thing that obstructs your commercial vision is the little old stinkin' dollar that you are afraid to turn loose in payment for space. You work on the scared-to-death policy that you would rather have the one dollar than to invest in it what you call a suspicious operation and get back three times the amount in additional profits. Fortunes and business superiority were never established on such a dwarfed conservatism and the quicker found out the better. You'll thank us later if you will lay aside the old moss-covered, antiquated ideas you may have entertained in the past about Newspaper Advertising and brighten up your entire business existence by spending three per cent of your gross income on advertising.—Claude News.

**Harmless Gunmen**

Newspaper correspondents and publicity agents for special interests worked overtime sending out blood-curdling material concerning the alleged bloody battles fought between the soldiers and the striking miners in West Virginia and Kentucky. They worked so ferociously and so blood-thirstily that the editor of the Louisville Courier-Journal fired this shot at them: "The prophets of the Tug River valley seem to be more bloody-minded than the outlaws, which is saying a good deal." According to the correspondents and the publicity agents there were hundreds of men armed with machine guns and rifles and automatic pistols in the opposing camps. For two weeks they filled the sky with smoke and the thundering of their guns reverberated around the world. After the dove of peace lit in the trees or on

the mountain crags the undertakers found two dead men and the surgeons one individual suffering from gunshot wounds. If the correspondents and the publicity agents let loose a shred of truth the rottenest marksmen in the world are the mountaineer miners in Tennessee and Kentucky, and the guards and authorized gunmen are sadly in need of continued target practice.

**Symptoms of T. B.**

"I tire easily," said the new-styled automobile.  
 "I am gradually losing weight," said the ton of coal.  
 "I am all run down," said the clock.  
 "I have lost all my color," said the bleached linen.  
 "I'm always blue," said the ink.  
 "I spit so often," said the machine-gun.

"I'm always puffing," said the engine.  
 "I am just about worn out," said the old shoe.

**Methodist Sunday School**  
 Fred. H. Ives, Superintendent.  
 J. D. Gamble, Intermediate Director.  
 Mrs. C. M. Hunt, Primary Director.  
 Begins promptly at 9:45 a. m.

The Sunday School June 12, was the first in three weeks, consequently time gave rise to great changes. We lost some of our teachers and many of our students with the close of school. We are glad to welcome so many new students from all parts of the state. Many of our teachers are Normal teachers, so you must come and get acquainted with them if you are not.

Mrs. Hanscom had 25 in attendance. Mr. Sheffy's number of 117 could not find seats and standing room became scarce. The total number in attendance was 368 with \$13.85 contribution.

Some new teachers must take the place of the ones who have left us so if you have had experience with a Sunday School class do not hesitate to step out and teach the word of God. Room and teachers will be provided for the classes next Sunday.

Our orchestra is one of the best in town, so if you wish to assist us bring your instrument and become a member of the orchestra. They meet every Thursday night for practice.

This is a time of hard study but unless we make this study with some consciousness of God what profit we? Go to Sunday School somewhere Sunday. Remember the Methodist Sunday School and church gives you a hearty welcome.

—Reporter.

**Miss Irene Jones Entertains**

On Saturday, June 4, Miss Irene Jones entertained several of her friends for the evening. Games and music were the amusements of the evening, after which ice cream and cake were served, also sandwiches and fruit salad.

The following were the guests: Edward Gerald, Rena Smith, Florence Neal, Lella Gill, Momi Williams, Mark Foster Tracy Service, Grace Williams, Kenneth Dixon Lila Fay Simmons, Alton Key, Irene Caton, and Eunice Service.

They all departed at ten o'clock declaring having spent a very pleasant evening and wishing their friend, Miss Irene, many happy birthdays in the future.

Events in Upper Silesia teach us that Nature probably knew what she was doing when she flattened the poles.—Wichita Falls Record-News.

**1st National**  
 TRADE IN CANYON  
 BANK WITH US

**Bank of Recognized Service**

That the First National Bank is the "Bank of Recognized Service" is clearly shown by the steadily growing list of our farmer-customers.

Hundreds of farmers of Canyon and Randall County now make this institution their banking headquarters for they know they can always rely on our service.

We appreciate this confidence expressed in us and assure our patrons of our constant desire to keep this bank always the bank of cheerful and willing helpfulness.

**1st NATIONAL BANK**
