

WAYLAND EASY VICTIM TO THE BUFFALO HERD

DEFEATED 68 TO 0 IN GAME PLAY-ED HERE SATURDAY

Normal Players Show Great Stuff in Gains in Every Line—Military Institute Friday.

The Normal Buffaloes stamped and crushed the Wayland Jackrabbits in Saturday's game on the Normal grounds, the score being 68 to 0. At no time was the Normal's goal in danger.

The game was entirely too much in favor of the Buffaloes. Gains were made by the locals almost at will. Only six times during the game were the locals forced to kick, two of these times did they attempt to make their distance on downs and lost the ball. The punts carried nearly twice the distance registered by the Jackrabbit booter.

Wayland made first down twice during the game. Continually were the back field thrown for a loss. The visitors gained only 41 yards in the 13 downs they were able to push forward any distance at all. They completed but one forward pass of the 13 trials. Three of the eight punts made were blocked, and the distance on the five successful ones was short. The team continually called for time out, making the time of the game more than two hours in length.

The Normal team gained 550 yards on straight football and 127 yards in 6 successful passes. The forward pass failed 11 times. One place kick failed. The team was penalized five times for a total of 45 yards. Touchdowns were made by Studer, Key, Jenkins, Lemond, Terry, Mitchell 2, Burson 3.

Johnson as a line smasher made great gains at will through the visitors. He played a great game on defense, breaking up many plays on his side. Studer, Golden, Lemond, and Key in the back field showed great ability in all of the plays. Henry and Mitchell at ends played good football. Terry was pronounced to be the fastest football man seen by locals this year. Given the ball and half a chance he was away for a long gain. Captain Dan Sanders made perfect passes, and with his guards and tackles stopped all plays through the line.

Those who had journeyed to Clarendon a week ago and witnessed the 9 to 0 defeat, believe the score would have been a different tale had the team exhibited the battling machine as confronted Plainview Saturday.

The team left this morning for Roswell where it plays the New Mexico Military Institute Friday afternoon. The Military boys were defeated by Simmons 35 to 0. Simmons defeated T. C. U. the week after the latter had met the Normal. Comparative score give the Buffaloes a chance to win the hard battle they are expecting at Roswell tomorrow.

The following was the line-up of the teams Saturday:

HIGH SCHOOL WINS 13-0

The high school and second string men of the Normal played another practice game yesterday, the high school winning by the score of 13 to 0.

Mrs. L. C. McCaskey was operated upon in Plainview last Thursday. Her mother, Mrs. Covington, has been with her since that time. She is reported as recovering very nicely.

J. W. Turner Held For Having Whiskey

J. W. Turner, Justice of the Peace at Umbarger, was arrested in Canyon Monday afternoon by Sheriff W. C. Black when a gallon of corn whiskey was found in his car by the Sheriff.

Mr. Turner appeared before Justice Arnett Moreland Tuesday morning, waived an examining trial and made bond of \$1500 to appear before the grand jury at the February term of the district court.

PANHANDLE-PLAINS SECTION PLACED IN GOOD BUSINESS SECTION OF U. S. MAP

The Chamber of Commerce of the United States has issued a new Business Map, showing the condition of business in every section of the United States.

There are only two sections of the entire United States which is placed in the "Good Business" section. Those places are the Panhandle-Plains, including the east part of New Mexico, which is a country entirely the same as our section, and a small section in northwest Colorado.

Business is marked fair in a major portion of the eastern states, whereas it is marked poor in large sections of the northern, northwestern, and southern states.

The Chamber of Commerce of the United States is recognized to be one of the most authentic organizations in this country. It does not get its information from mere guesses. It makes estimates from actually reported sales, both wholesale and retail.

People coming from other parts of the country have long marveled at business conditions in this section. They have told us that business was better in the Panhandle-Plains country than in any other section of the United States. Of course we of this country think that business is rotten—and it is as compared with the balmy days of the spring of 1920. But 1920 is a time of the past. It was a boom period that was bad for the country in so much as we expected great things to continue to happen, and when they failed to continue—we thought the country had gone to the dogs.

Yes, business is good in the Panhandle-Plains country. Optimism will keep business good. Pessimism will destroy business quicker than floods or drought or fire or earthquake.

Look up, fellows; cheer up; we live in the best section of the United States. Let's make it continue to be the best by buying what we need and keep business moving.

More Than Forty Attend Luncheon

Tuesday's luncheon was one of the largest ever held by the Commercial League. There was a good response from every line of business in Canyon, and all were highly enthusiastic toward continuing the luncheon weekly.

The following attended the luncheon: C. M. Ackerman, A. W. Blough, Dr. S. L. Ingham, Wm. Schmitz, T. L. Poor, C. L. Conroy, J. W. McQueen, Dan K. Usery, C. L. Thompson, C. H. Jarrett, R. L. Lester, J. E. Rogers, C. W. Warwick, A. N. Henson, O. N. Gamble, J. M. Votsek, S. B. McClure, W. A. Warren, Wm. M. Peck, W. J. Flesher, Z. G. Fogerson, John Knight, Dave Covington, A. Cayton, M. E. Brian, C. E. Hood, J. M. Redfearn, B. B. Cluck, Roscoe Davis, W. E. Duncan, Z. G. Sherman, Ed Gerald, John S. Humphreys, D. A. Shirley, J. A. Hill, D. M. Stewart, G. G. Foster, L. G. Allen, J. A. Guthrie, J. W. Reid, S. B. Orton, Rev. Ted P. Hollifield.

Mr. Peck made a short talk at the close of the business session which was greatly appreciated. He is a banker of wide experience and discussed business conditions of the country in a very interesting manner.

Have You Paid Your Com'l League Dues?

Every business firm in Canyon and every man interested in the welfare of Canyon and Randall county should be a member of the Randall County Commercial League.

The semi-annual dues to the League are now due and the League needs the money to meet obligations outstanding.

C. H. Jarrett its secretary-treasurer of the League and will receive your check or checks if you prefer to give predated checks for several months in advance.

MARRIAGE LICENSES ISSUED

Oct. 7—Mark L. Foster and Miss Mildred Loretta Livingston.

Oct. 10—Henry L. Peterson and Miss Jody Debnam; Albert N. Hubert and Miss Belle Irene Wells.

HENSON BUILDING HOME

The frame work is up on a new home Judge A. N. Henson is building on lots east of the W. L. Browning home. The house has six rooms.

HELP YOUR LOCAL PAPER

Don't make fun of your local paper. It has possibilities of being as good as any in the country—and remember that it reflects the community in which it is published, and it is the one product that goes far places bearing the town trade mark. It deserves the best you can give of active support and sympathetic understanding.

Give the editor news, whether it benefits you or not. Don't ask him to print it on the front page and just the exact way you handed it in.

Don't worry lest the editor makes too much money. If he's prosperous, he'll be foolish enough to give his community a better paper; that's an editor's ambition—that's why he engages in the publicity business.

Tell him when he has a good paper. You are willing to congratulate your preacher on a good sermon, and your merchant on an attractive window display. The editor is no less grateful for a word of praise.

Make it a point to visit the print shop and learn of its difficulties and complexities. At least that will give you a more charitable attitude. The paper should not be the product of the editor solely, but of all those who are interested in it as friends, contributors, readers or advertisers.

LIVINGSTON-FOSTER WEDDING

A very pretty wedding was solemnized at the home of Mr. and Mrs. B. S. Livingston Saturday at six o'clock, when Miss Mildred Livingston and Mr. Mark Foster, both of this city were united in marriage.

The ceremonial rooms were beautifully decorated in pink and white. The bridal party was preceded to the arch by Miss Sue Stewart and Mr. Dewey Foster. The impressive ring ceremony was performed by Rev. B. F. Fronbarger, pastor of the Baptist church. The bride was charming in a handsome brown suit with accessories to match. She carried a shower bouquet of bridal roses and ferns. The ceremony was witnessed by all of the families and a few intimate friends.

Miss Livingston is the daughter of Mr. and Mrs. B. S. Livingston and has made her home here for the past few years and has a host of friends.

Mr. Foster is the son of Mrs. Emma Foster and has made his home here since childhood and has a large number of friends.

After the ceremony delicious refreshments of punch and wafers and pink and white mints were served to the bridal party.

Immediately after the ceremony the happy couple motored to Amarillo and left on the train for Dallas.

After their return they will make their home in Canyon.

COMMISSIONERS IN SESSION

The regular monthly meeting of the Commissioners' Court was held Monday, with only routine matters for consideration.

Barium Carbonate Will Kill Rats

All kinds of methods have been used to destroy rats in this country, and experiments have been made by state and federal authorities to rid the country of this pest.

Judge A. N. Henson stated at the Commercial League luncheon Tuesday that Barium Carbonate was recommended by the government and had been used successfully by a number of people in Canyon with excellent results. Mr. Henson states he used the poison in liver, either raw or cooked. It is odorless and tasteless, and the rats eat it readily when served up in this style. He has placed it on other foods, but with not so great success as with liver.

Rats are altogether too numerous in Canyon, and if all our people will put out some of this poison the crop can be greatly diminished.

THE CHRISTIAN CHURCH

On Sunday morning next at 11 o'clock, Rev. E. A. Osborne will preach on "A Neglected Art." At 7:30 p. m. the theme considered will be "The Two Fundamentals of Religion." The Bible School under the superintendency of Mr. D. A. Shirley, dean of the Normal College, will meet at 10 a. m.

There will be a baptismal service at the College pool at 3 o'clock, and the Union Endeavor service at 6:30 p. m.

FRONBARGER TAKES VACATION

Rev. B. F. Fronbarger is taking a two week's vacation, which has been granted by the First Baptist Church of which he is the pastor. Rev. Fronbarger states he will spend most of his time planting trees around a lake on his land in New Mexico, where he plans to set out 1000 trees this year.

FEDERAL COURT WILL MEET

The fall session of the federal court will convene in Amarillo Oct. 17. Ed Gerald of Canyon and J. H. Stephenson of Happy are chosen to serve as grand jurors. A. E. Brown of Canyon will serve on the petit jury.

STAR TAILOR SHOP SOLD

Haywood and Tinkle have sold their interest in the Star Tailor Shop to Maguire and Hood, both of Panhandle. These gentlemen are experienced tailors with several years spent in the business.

Shirley to Preside at Luncheon Tuesday

D. A. Shirley has been selected to preside at the Commercial League luncheon next Tuesday at noon. The luncheon will be held at the Ideal Cafe.

Presiding officers will be appointed for each luncheon. The man in charge will be privileged to introduce such entertainment as he sees fit, and will preside over the business session. The presiding officer for the following week will be announced next Tuesday.

Bob Cook of Amarillo was a caller here Sunday.

REV. J. H. HICKS IS NEW PASTOR OF M. E. CHURCH

GRADUATE OF CHICAGO UNIVERSITY AND SUCCESSFUL PASTOR

Comes Here From Snyder as Pastor of Local Methodist Church—Shaw Goes to Tennessee.

Rev. J. T. Hicks was appointed pastor in charge of the Canyon Methodist church by Bishop McMurry at the closing service of the Methodist Conference in Amarillo Sunday night.

The appointment of Rev. Hicks is very gratifying to members of the local congregation. He is a young man with exceptional training and ability to fulfill the needs of a school town. He has taken the M. A. degree from the Chicago University and has a major part of the work completed on his Ph. D. degree. He came to the conference four years ago, and has been very successful as a pastor. Rev. Hicks is known by many Canyon people being the youngest brother of Rev. J. T. Hicks, former presiding elder of this district and W. H. Hicks of this city.

Rev. Hicks will arrive in Canyon Friday or Saturday and will preach at the church Sunday morning and night.

Rev. Simeon Shaw was transferred to the Nashville, Tenn., conference. This conference does not meet for six weeks, and the Shaw family will probably remain in Canyon until that time to receive the appointment of their new field of labor.

Rev. R. A. Stewart, former pastor of the Canyon church, was made presiding elder of the Sweetwater district. Rev. R. A. Clements, presiding elder of this district for the past two years was sent to Sweetwater.

The following appointments were made for this, the Plainview district:

Presiding elder, G. S. Hardy; Plainview, O. P. Clark; Hereford, M. M. Beavers; Floydada, G. B. Meador; Lockney, H. B. Watts; Canyon, J. H. Hicks; Talia, T. C. Willet; Hale Center, C. T. Palmer; Happy, B. W. Wilkins; Silverton, C. W. McNeely; Kress Circuit, L. B. Smallwood; Abernathy Circuit, J. T. Howell; Petersburg Circuit, L. H. Davis; Floydada Circuit, M. L. Moody; Dimmitt, T. W. Shepherd; Vigo Park Circuit, Fred Wilson; Lockney Circuit, Raymond Van Zant; Canyon Circuit to be supplied; student S. M. U., George W. Montgomery.

Pavillion Fund to Be Worked in City

Rev. Ted P. Hollifield, chairman of the Sales Pavillion Fund, stated Tuesday at the weekly luncheon that plans are completed to see every man in Canyon to solicit funds to complete payments on the new sales pavillion at the Normal. There is about \$900 shortage in this fund, and the debt must be reduced at once.

ARRESTED ON OLD CHARGE

Dr. Tanner was arrested Sunday in Happy by Sheriff W. C. Black and landed in the Amrillo jail on the charge of swindling Bola Mayo out of a Buick car three years ago. Tanner and Mayo were partners in the vineyard business. Mayo was sent to Lubbock to look after the firm's interest and Tanner is accused of running away with Mayo's car. Mayo followed him for several months, three times getting sight of him, but Tanner always managed to get away.

Tanner had not been able to make bond the first of the week.

FLOYD BURIED AT McLEAN

Andrew Floyd, graduate of the Normal and hero of the great war, was buried at the family home at McLean Sunday. President J. A. Hill spoke at the funeral services.

Floyd was killed in action. He was three times decorated for bravery. The body was returned from France for burial at the family home.

Andrew Floyd was well known in Canyon, having attended the Normal for three years and took a lively interest in the affairs of the town.

DODSON TRADES LAND

E. C. Dodson has traded two sections of Randall county land on a deal whereby he becomes owner of 282 acres of land near Decatur. Mr. Dodson will stock his new land, and will stay there most of his time, while the family remains in Canyon on account of the schools.

Come to Canyon to live.

THE AMERICAN PRESS ASSOCIATION

The custom prevails in every town of raising all semi-official funds by public subscription; the business men being those who are expected to donate and donate liberally to all such funds. The city of Canyon has a nightwatchman, but the city as a whole does not support the nightwatchman. His salary is paid by public subscription which comes alone from the business houses. The city as a whole is benefited by this man's work. Canyon has a commercial club, the benefits of which organization goes to every citizen of Canyon. Yet the business houses are expected and do support this organization alone by public subscription. A fair is put on in Canyon, which is for the benefit of Randall county, yet little money excepting that subscribed by the business houses goes into this fund. Our system of maintaining semi-official organizations is wrong. The business houses of every town pay a larger percent of taxes on the capital invested in their business, than any other tax payer in the city or county. Plainview and Amarillo support their commercial organizations by a direct tax upon all property in the city. This is as it should be. The city of Canyon ought to pay for the night watchman rather than letting the business houses pay the bill. Fair organizations, if they are worth anything to the city and county, ought to be supported from the public funds. If they are not worth anything to a community, do away with them. The News believes that all tax payers should pay their part to all official and semi-official organizations, and the legitimate method of reaching all tax payers is through the regular tax collecting channels.

Of course you always start something when you seemingly criticize a church or members of a church, but being one of this particular clan, we offer the suggestion that the members of the Methodist conference at Amarillo last week certainly lowered the standards of the church, when it accepted for the ministry twelve young men only one of whom had completed a high school course, and at the same time virtually annihilated a man with a Ph. D. degree simply because he did not think like some or the rest of us. One of the young men accepted had not completed the sixth grade. The others ranged up to the high school. Their unpreparedness for the ministry was the occasion of several denunciations, even from the Bishop. Ignorance in the pulpit is unexcusable, and placing men in the pulpit with nothing more than a common school education, nothing else can result. The church is crying for more men, and lowers the standard to accept any who come. Why then turn from the doors of the church men who have trained minds and with equipment to think for themselves? The character of the man impeached was not in question. He simply did not interpret the Scriptures as some others of the preachers. The right to think for oneself certainly is not to be removed by our churches. We further offer the suggestion to the Methodists that if there are so many pulpits vacant for the lack of preachers that the office of presiding elder be abolished and these men given pastorates. This office is a relic of the dark ages and has no place in the modern church. The preachers will not do it; the laymen must take the lead.

The Ku Klux Klan has many warm friends in this section, and rumor has it that many Panhandle towns have been organized. The affair near Waco the other night is certainly sufficient grounds upon which to condemn the Klan, if all other acts of the Klan were commendable. Does the Klan stand for law and order? Is it seeking to uphold the arm of the law? If so why did it shoot down one of the best known sheriffs in Texas, and stab to death an innocent bystander? Perhaps the sheriff had no business forbidding the parade. Perhaps the bystander had no business being on the ground as a spectator. The Klan had given notice of the parade, thus covering a crowd to witness their strength. If they stand for law and order as they purport, why not take off the

mask and extend to Sheriff Buchanan their open support and fidelity, rather than shooting him down in cold blood because he was doing his duty in stopping the mob? The report is that other than Klan members did the shooting and stabbing. Perhaps so. The mask allows all kinds of crooks to play their game under the guise of the Klan. That is why so may law abiding citizens demand that the Klan throw aside their masks and work in the daylight and in the open, rather than in the shadows of darkness which is the strong right arm of crime and the criminal.

It certainly will be fine for the thousands of railroad workers to step down from their good comfortable jobs just when there are eight million jobless men in the country. The brotherhoods voted almost unanimously to strike. A year ago when the same threat was made, cold chills played leap frog up and down the spine of America. Today we laugh at the idea of a railroad strike. The brotherhoods were joking when they voted the strike.

The attendance was splendid and an interesting afternoon was spent at forty-two, there being five tables in all. At a late hour dainty refreshments were served consisting of angel food cake and whipped cream and peaches.

METHODIST SUNDAY SCHOOL

The Sunday School last Sunday was small because of the large number attending conference at Amarillo. Next Sunday is the real beginning of the better Sunday School drive. A contest has been arranged between the Hereford and Canyon Sunday Schools in attendance and collections. The two schools are about the same size and a lively race is expected. A number of socials are being planned for the near future. These are to get the young people into closer contact with each other. If you are not in Sunday School we want you. Come!

How to Make Child-birth Easier!

DO YOU wish to know how thousands and thousands of women have gone thru motherhood without knowing some of the pains and discomforts incident to childbirth? Listen to this:

Motherhood creates almost a new state of being for a woman.

As a result, new nerves, those heretofore restful and quiescent, spring into activity, they cry out, they tingle, they burn in their unrest.

The network of nerves across the abdomen, the loins, the back and other parts now become super-sensitive. All these nerves are being called on to perform unusual duties.

These nerves must be pacified and comforted; must be put in condition for the crisis that is pending.

If these nerves are not soothed and quieted, they may set up aggravated nerve tension, increasing in severity from month to month, sometimes even culminating in a nervous paralysis of the back and limbs. This leaves the mother-to-be in a condition where she is unable, fully, to meet the test when the climax of maternity arrives.

WARNING: Avoid using plasters, greases, and substitutes—they act only on the skin and may cause harm without doing good.

MOTHER'S FRIEND

Used by Expectant Mothers for Three Generations

Mother's Friend is used externally as a massage; and its purpose, thru daily use; is to gradually, gently and effectively relax the muscles and nerves involved in the function of child-bearing; to make the skin soft, pliable and elastic so that it may expand easily and naturally as the abdominal parts enlarge—thereby relieving the tension and strain on these muscles and nerves of the otherwise severe distention before delivery.

Mrs. C. J. Hartman, 515 Palm St., Scranton, Pa., says:

"I am willing and anxious to tell any mother about Mother's Friend. It did me so much good that I wouldn't be without it if it cost \$5.00 a bottle. With my first two children I had a doctor and a nurse and then they had to use instruments, but with my last two children I only had a nurse; we had no time to get a doctor because I wasn't very sick—only about ten or fifteen minutes."

Many doctors and nurses recommend Mother's Friend. It contains no narcotics, or habit-forming drugs and is perfectly harmless. All drug stores carry Mother's Friend.

Friend Writes of Jim Pipkin's Death

Foerney, Texas, Oct. 9th, 1921.
Mr. and Mrs. J. C. Pipkin,
Canyon, Texas.

Dear Friends:
I am home from a trip to California where I was present at the funeral and burial of your dear son, Jim, and feel that I want to write you both together in regard to Jim's and Carrie's life spent in California.

Of course the wire from Carrie was indeed a shock to all of us here, and I feel it to be my privilege that it fell to my lot to go. Never in my life have I witnessed such a demonstration of the real feeling of loss to a community, as I witnessed in Huntington Park, where every individual loved Jim so much, and mourned his unexpected death. I am sure that Grady has tried to tell you of the many friends and their kindness to us all, and it is vain for me to try put in words the beautiful picture as it remains so plainly to me, caused by the clean life lived by Jim, and his unusual gift of making his every acquaintance his life friend.

Grady, having arrived one day earlier than myself, waited with Carrie and Hester until my arrival for us all to decide whether to bury his body there, or come to Canyon. And after I had gotten there, we weighed the question diligently, but were definite in our opinions, after realizing the weakened condition which Carrie was in, due to the strain of his illness, and the shock of his death. In fact we dared not attempt to delay the funeral longer, nor have Carrie make the long trip at that time. We all thought of you both, and knew you would like to have the funeral at Canyon, yet we knew that if you thoroughly understood the local situation you would agree with us that we did wisely. I wished so much that you both could have been there, and seen the honors given him by the entire city, and too, could see the beautiful lot and cemetery where he sleeps. I believe it would be a great comfort to you. The people there were anxious for this decision, and showed their sincerity by their actions toward us.

Jim's friends in Huntington Park are numbered by the number of people there, and I told Grady that the marvelous part of it was how he could have so many friends having lived there less than three years. Yet I can understand how he could make many, being the jolly man that he was, and living as he did, not having a selfish motive, and always ready to serve.

You have my deepest sympathy in this loss, and many mourn with you, yet you have the real essence of life, and that is hope, and faith, in the Almighty whose guiding hand steers our lives to the end, and we shall see him face to face and shall know him.

Sincerely yours,
GEO. B. JORDAN.

REPORT OF THE METHODIST CHURCH TO THE CONFERENCE

The Canyon church had the best report at Amarillo of any church in the conference, considering population. 139 members were received into the church during the year. 44 were dismissed making a net gain of 95. In spite of the hard times and a substantial increase in the salary, all financial obligations were paid in full. Something like \$7,500 was raised for all purposes.

When Rev. Shaw came to the church there were 436 members and the salary was \$1,500 for the preacher. Now there are 598 members, a gain of 162, and the salary is \$2,500. This is a phenomenal growth. The condition of the church is such that in two years more the Canyon Methodist Church will be one of the strongest churches in the Northwest Texas Conference.

Advertising

(Chicago Journal of Commerce)

Early to bed
 And early to rise,
 Stick to your business—
 And advertise.

There was a time when business men didn't advertise—in the sense in which we understand advertising today. Not so long ago advertising was looked upon as a more or less needless expense—if not as a more or less idle luxury. But now advertising is regarded as a necessity, as an investment; and, by wise business men, it is considered an investment carefully calculated to assure returns that promise profits. As Emerson has said: "If you invent a mousetrap better than the world has known, the world will beat a path to your door."

But far more persons will come to examine and buy your mousetraps if you will lay out and pave a broad and smooth road to your place of business; and you can do that by intelligent activities in advertising.

Advertising, right advertising, is a wise and legitimate investment.

When investments are made in merchandise, they are expected to bring certain returns upon the money invested.

When investments are made in advertising, they should be expected to do the same thing.

Big national advertisers have reduced their advertising to a science.

In planning their big advertising campaigns, these advertisers first de-

cide what percent of their gross receipts shall be reinvested in advertising. Of course this percent varies with the character of the goods to be sold, the season, the section of country to be solicited for sales, and the general conditions of business.

Then these big advertisers carefully select—or should carefully select—their media of advertising.

There are many means and methods of advertising, of course. A few of them are worthy and dependable; many of them are not. Much money is wasted in misdirected advertising. Newspapers and magazines afford the very best media. But agricultural implements shouldn't be advertised in fashion periodicals; and cigarettes shouldn't be advertised in religious weeklies.

If you have high class goods to sell—high-class clothing, furniture, furnishings, musical instruments, jewelry, and other comforts and luxuries—you should place your advertising with high-class papers and magazines; you should aim to reach the persons who can and do buy such things. The ordinary sensational daily paper is not your best medium.

Then, there are advertisements—and advertisements.

The success or failure of an adver-

MICKIE SAYS—

A BUSINESS MAN WHO DOESN'T ADVERTISE ATTRACTS ABOUT AS MUCH ATTENTION AROUND TOWN AS A CHURCH BELL WOULD WITHOUT A CLAPPER !!

CHARLES SCHMIDT

tisement depends much upon how it is written and how it is displayed.

The good advertisement must do a number of things:

First—it must attract attention.

Second—it must hold attention.

Third—it must convince.

If it fails to attract attention—but few persons will see it; if it fails to hold attention—few persons will read it through; if it fails to convince—money and effort have been wasted.

Use sense as well as cents, in advertising.

BE YOURSELF

Charming: No process is so fatal as that which would cast all men in one mold. Every human being is intended to have character of his own, to be what no other is, to do what no other can do. Our common nature is to be unfolded in unbounded diversities. It is rich enough for infinite manifestations. It is to wear innumerable forms of beauty and glory. Every human being has to work to carry on within, duties to perform abroad, influences to exert, which are peculiarly his and which no conscience but his own can teach.

To Farmers:

The farmers methods have changed much of recent years. These days the progressive farmer realizes that he is a business man, and keeps an accurate record of his transactions.

Such farmers take advantage of the facilities offered by a modern bank like ours. We make a specialty of farmers accounts, something they all seem to appreciate. An account at our bank saves the farmer a lot of book-keeping, insures the safety of his funds and places him along side other progressive business men where he properly belongs. If not already a patron of our bank, come in any time. We want you with us.

The district has outstanding bonds amounting to \$15,000.00. There is a balance in the sinking fund to cover the interest and retirement of these bonds the amount of \$1,589.59 on Sept. 1.

The tax rate for the present scholastic year is set at 75 cents on the \$100.00 valuation of \$1,947,958.00.

The district will receive from the state for school apportionment \$13 per capita for the 337 scholars in the district. Forty-eight have transferred to the district this year, this bringing to the district their \$13 per capita state apportionment. They will be charged a monthly tuition after Christmas.

The salaries for superintendent and teachers for the coming year amounts to \$15,235.00. It is likely that the school will be in debt about \$2,000 at the end of the year.

HIGH SCHOOL NOTES

Our school work has been so brisk and interesting that we have not had time or rather took time to organize our Literary Societies. However, this important work will be attended to next week.

The High School classes have organized with the exception of the eighth. The results follow:

Eleventh—Robert McGee, President. Ruth Burnette, Secretary.

Tenth—Donald Campbell, President. Hilda Biggers, Secretary.

Ninth—Ruth Jennings, President. Annie Mae McClure, Secretary.

The Senior Class gave their initial party week before last and it seems as if a miracle happened as every member of the class was present, some-

thing here-to-fore unheard of, and everyone reported having an excellent time.

The Junior Class was the guest of Miss Nell Edwards last Saturday evening and almost every member of the class was present. The guests all complimented the hostess on her ef-

SHERIFF'S SALE
THE STATE OF TEXAS,
County of Randall.

Notice is hereby given that by virtue of a certain Order of Sale issued out of the Honorable County Court of Randall County on the 4th day of October, 1921, by O. W. Gano, Clerk of said Court, for the sum of Seventy-one and 35/100 Dollars and cost of suit, under a Judgment in favor of Nathan Schee in a certain cause in said Court, No. 550, and styled Nathan Schee vs. Joe Zrutzky, placed in my hands for service, I, W. C. Black, as Sheriff of Randall County, Texas, did, on the 4th day of October, 1921, levy on certain Real Estate, situated in Randall County, Texas, described as follows, to-wit: The Northeast (NE 1-4) one fourth of Section Thirty-four (34) in Block No. 1 (one), Tyler Tap Railroad Company land, situated and being located in Randall County, Texas, and levied upon as the property of Joe Zrutzky and that on the first Tuesday in November, 1921, the same being the 1st day of said month, at the Court House door, of Randall County, in the Town of Canyon, Texas, between the hours of 10 A. M. and 4 P. M., by virtue of said levy and said Order of Sale, I will sell said above described Real Estate at public vendue, for cash, to the highest bidder, as the property of said Joe Zrutzky.

And in compliance with law, I give this notice by publication, in the English language, once a week for three consecutive weeks immediately preceding said day of sale, in the Randall County News, a newspaper published in Randall County.

Witness my hand, this 4th day of October, 1921.

W. C. BLACK, Sheriff,
Randall County, Texas.

TWICE PROVEN

If you suffer backache, sleepless nights, tired, dull days and distressing urinary disorders, don't experiment. Read this twice-told testimony. It's Canyon evidence—doubly proven.

R. E. Hileman, prop. bicycle shop says: "I found positive relief in using Doan's Kidney Pills for lameness across the small of my back and for my kidneys. I can conscientiously recommend them for lumbago and for embarrassment caused by the kidney secretions. I am quite over all difficulties of that nature since I used them." (Statement given January 11, 1911.)

On May 1, 1919, Mr. Hileman said: "Since I used and recommended Doan's Kidney Pills some years ago, I have taken them whenever in need of such a remedy. Doan's have never failed to give instant relief and I am always glad to say a good word in favor of them."

Many Human Ills Are Due To Impurities in the Blood

Pure, Rich, Red Blood Nourishes the Body and Fights Off Disease.

Waste Products or Impurities Cause Many Forms of Rheumatism, Skin Disorders and a Lowered Vitality.

How S. S. S. Clears the Blood of Waste Products.

Your system is continually taking in nutrition and throwing off waste products. This process goes on all during life. But, sometimes the organs do not properly function and these waste products, instead of passing out through the pores of the skin, through the kidneys and through the alimentary canal, are absorbed in the blood. Then the blood becomes poisoned, and cannot properly nourish the system.

All health sets in. You may lose your strength and vitality; or you may have rheumatic pains in the muscles and joints; or you may be troubled with bad boils, sores or some other skin eruptions. All because of the poisonous waste products in the blood. Nature now needs help. She has done her best but is failing. A blood purifier should be used at once to assist nature to throw off these waste products.

S. S. S., the standard blood purifier and system builder, is the ideal remedy in these cases. The effect of S. S. S. is to rid the system of the poisons which are causing the trouble. For over 50 years, S. S. S. has proven to be of unusual merit.

Get S. S. S. at your druggist. Use it strictly according to directions and write Chief Medical Director, Swift Specific Co., 721 S. S. S. Laboratory, Atlanta, Ga., and let him help you regain your health and strength. He is helping people every day. Ask him to send you his illustrated booklet, "Facts About the Blood"—free. S. S. S. is sold by all drug stores.

SHIRTS

DON'T let a low price lead you into a low service shirt. Good shirts do cost a little more than the so called "special" shirts, but they last a good deal longer. It's like buying a cord tire. The first investment may be a bit larger, but the "wearage" you get out of the shirt more than squares you on the additional outlay. It's worth your while to look into our Arrow showing,

The Man's Store

forts through which every one present enjoyed an extremely pleasant evening.

A library campaign will be launched soon and it is greatly needed as a review of the library will show. Our source of books are few, and most of them are old and have almost passed out of use in other schools. Fiction is very, very scarce, that is reputable fiction, so scarce that the English department is severely crippled as far as outside fiction reading is concerned. The history department also is, you might say, hobbled, for the lack of adequate books of reference. When the library campaign is launched you people who are friends of the High School, dig around in your store rooms and what the rats have not ruined in the way of good books, the High School will be glad and grateful to protect the rest of their natural existence.

Rev. Simeon Shaw, presented the school with some ninety volumes among which are the essays of Darwin, numbers of histories, Bishop O. P. Fitzgerald's story of his travels, a number of religious books, interesting adventures, and autobiographies of Missionaries in the far and near East, works of a few great English and American poets and prose writers, extracts from Moliere, etc. The High School accepts this valuable gift gladly and gratefully, and we regret that this good friend of the school is soon to leave us. But he is leaving something behind him in this gift that will be greatly appreciated by the students of the school for years to come. Rev. Shaw also presented the Science department with a high power microscope that is much appreciated.

Here is our library as it is now, with a few exceptions: One set of Shakespeare, a partial set of the Home Library, the Harvard Classics, a large number of Classics used in the course of study. (however, this number is not a third of what we need), works of George Eliot, O. Henry, James Whitcomb Riley, Rudyard Kipling, Chas. Dickens, complete set of the Book of Knowledge, a number of encyclopedias, about one hundred and fifty miscellaneous volumes of fiction and something like one hundred and twenty-five source books in History, most of which are far from what we need, and that is all, or very near and that is the best excuse in the world for starting a library campaign. A library is something that goes linked with a good high school and we are going to do our best to link a good library to our good high school.

We are severely handicapped in the laboratory work as there is no gas which is a most necessary article where heat is badly needed. We are using alcohol lamps at the present and the flame from an alcohol lamp and a slight current of air are been companions and as a result we have a great deal of work to do when in need of heat.

The Expression Department reports an enrollment of thirty three pupils most of which are doing good work.

The Music Department has enrolled forty-four pupils including band and orchestra.

A Chorus Club has been organized and all seem interested in the work. A detailed report of this work will be given later.

—C. H. S. Reporter.

Making Extraordinary Mileage a Certainty

Car Owners want more rubber on the tread where the wear is hardest; more gum between cord plies to perfect a resilient and powerful carcass. And they want a scientifically constructed Non Skid tread with all angles and contacts to resist skidding and give sure traction. Firestone Cord Tires have met these demands of the car owners.

Read Letters Below—
Records from 29,000 to 57,000 Miles

Cord Tires built the Firestone way could not fail to produce mileage. Every day, from all over the country, comes the word that 10,000, 20,000 or 30,000 miles are frequent and consistent records.

Now and then they are emphasized by unusual instances such as quoted below. Performances like these demonstrate the ultimate possibilities of Firestone Cords under careful driving.

Sept. 10, 1921
Firestone Tire & Rubber Co., Jacksonville Branch, Jacksonville, Florida.
Gentlemen:—
I submit herewith the history of a 3 1/2 Firestone Cord tire. This tire has run 57,000 miles. I have retreaded it seven times. The average mileage to each retreading was about 7,000. I think you will agree this is a remarkable record. It is especially unusual as I know the owner to be a severe driver. However, he gives his tires proper inflation. The tire in question is not yet out of service and has every indication of being sufficiently strong for another retread. I am mailing photographs under separate cover.
C. U. Panney,
Plant City, Fla.

Sept. 2, 1921
The Harvey E. Mack Co., Thirteenth & Harmon Place, Minneapolis.
Gentlemen:—
It occurs to me that you might be interested in the mileage that I obtained from the set of Firestone Cord tires on my Dodge coupe. The first tire went over 29,000 miles. The second tire rolled up a mileage of between 34,000 and 35,000. These were both rear tires and had been cut considerably by chains. The two front tires have gone better than 35,000 miles and are still in good condition. I expect to get at least 40,000 miles from each of them. I need scarcely say that the Firestone Cord will be my tire choice for the future.

LITTLE BENNY'S NOTE BOOK
 Me and pop was eating breakfast this morning and pop sed, Good Heavens, this cawfee is strong enuff to run rite off its own grounds. Meening cawfee grounds, and he pored some more cream into it out of the cream pitcher, saying, There don't seem to be much cream today.
 Wich there wasn't, being even still less after pop pored some more in his cawfee, and I sed, G pop, that's funny, cream makes you cawfee weak insted of strong, and if I pored some in my milk it would make it strong insted of weak, shall I try it pop?
 Certenly not, use a little judgment, confownd sutch strong cawfee, sed pop. And he grabbed a hold of the cream pitcher agen and pored some more in, not leaving hardly eny left, and pritty soon ma came down and started to eat her brekfisk, saying Well for goodness sakes what happened to all the cream?

Creem? said pop with a ignorant expression, and ma sed, Certenly, theres no use of me putting these couple of drops in my cawfee, who was such a pig as to take it all, thats what I want to know?
 Benny, I herd you meufion something about putting cream in your milk you weren't so foolish as to do that, were you? sed pop. Me thinking, G, heers a chance to rescue pop and maybe make a extra dime. And I sed, I didnt put hardly eny in, pop.
 Well of all the rediculis absed things I ever herd of, thats the worst, sed ma, emptying the cream pitcher into his milk and only leaving me about 2 and a half drops for my cawfee, the boy must be out of his sentses, wat did you let him do sutch a thing as that for, how can I drink my cawfee as black as the day it was born? And she kept on talking about it and telling me wat a fearse thing it was, and pop started to get almost throo his brekfisk,

and I sed, Hey, pop, can I have a dime for something?
 Yy, I guess so, I sippose so, yes, sed pop, and ma sed, Wat, give him a dime after wat he delibrity did with all the cream, wy Willyum, wats come over you.
 Well, the spirit of forgiveness and charity is a great thing, sed pop, and ma sed, I dont care weather it is or not, Ide jest like to see you try to give him a dime, the ideer.
 And pop went out without giving me any, and ma tawked about the cream every little while all day, and if pop dont give me any tonite Ill think I made a mistake.

The Latest and Best

We offer the Case 15-27 Kerosene Tractor as the king of them all. It is creating a sensation all over the country. It is the result of 77 years of experience of the famous J. I. Case Threshing Machine Company.

It pulls three plows in hard plowing—four plows under favorable conditions. It has abundant reserve power. It burns kerosene successfully and economically.

This sturdy tractor is adaptable for all kinds of drawbar and belt work. It drives a 26x46 Case Thresher with Feeder and Wind Stack. Its pulley is properly placed for convenient "lining up."

It is small and compact and built for accessibility. No tractor is finer. You should become acquainted with its many superiorities, which we will be glad to explain. Don't buy before you see this better tractor.
