

RANDALL COUNTY NEWS

VOL. XXV.

CANYON, RANDALL COUNTY, TEXAS, THURSDAY, OCTOBER 27, 1921.

NUMBER 31

MILLION MORE VALUATION IN RANDALL COUNTY

TAX ROLLS COMPLETED AND COLLECTOR RECEIVING 1921 TAXES

County Valuations \$6,210,454, With State and County Tax Amounting to \$37,000,000.

The assessed valuation of Randall county for 1921 is \$6,210,454, according to the tax rolls which have been approved by the commissioners court and are now in the hands of Tax Collector W. C. Black for collection. The assessed valuation for 1920 was \$5,306,722.

The following taxes will be collected this year:

State	\$38,505.11
County	47,200.93
State poll	1,882.50
County poll	313.75
Total	\$87,902.29

The total tax collected last year was \$74,000. There has been an increase of more than a thousand dollars in the poll tax assessments this year owing to the new law which requires both men and women to be assessed for this tax. Hitherto the payment of this tax has been more or less optional. Last year the state tax amounted to \$32,906 and the county tax \$40,303.

Will Attend National Legion Convention

Nine men from the Palo Duro Post will attend the national convention of the American Legion which starts in Kansas City Monday. The men will leave Sunday morning.

H. C. Gamble, post commander, and Frank R. Phillips are delegates from the post. Jack Jones, E. E. Foy and E. C. Perkins of Canyon and Pittmann, Lawrence, Standifer and Wilkinson of Hereford will also go. Hereford has no Post and a number of ex-service men have membership in Canyon with the Palo Duro Post.

PARK LEWIS AT A. & M.

Park Lewis has been chosen to represent the Agricultural department of the Normal at the Texas A. & M. college this week in the contest which will decide the four representatives who will go from Texas to the Macon, Ga., Exposition. The examinations are being held today to decide the winners.

Park won a high place at the judging contest in Fort Worth last spring. He will have to contest against about one hundred boys, four of whom get a place on the team.

BUFFALOES RESTING SATURDAY

The Buffaloes will have no game Saturday, but are putting in two weeks of hard drilling getting ready for the Simmons game on Nov. 5. Coach Burton will go to Weatherford, Oklahoma, Saturday to see the Southwestern Normal in action. This team plays here Armistice Day.

PALO DURO POST MEETING

A special meeting of the members of the Palo Duro Post has been called for Friday night, Nov. 4, for the purpose of making arrangements for Armistice Day. All members of the Post are requested to be present.

MICKIE SAYS

"SUBSCRIBE FOR YOUR HOME TOWN PAPER" WEEK IS NOVEMBER 7 TO 12, WHEN ALL THE EDITORS IS GOING TO ENJOY A REGULAR SHOWER OF NEW READERS AND OUR EDITOR IS SURE ENJOYED HIS SHARE! ORDER TH' PAPER FOR THAT OLD FRIEND WHO'S MOVED AWAY! HE'LL ENJOY IT!

Ted Atkins Victim Of Highjack Outfit

Ted Atkins was coming in on a Santa Fe freight last Friday when he was attacked by highjackers between Canyon and Umberger, robbed of his money and kicked off the train.

The fact was reported to Sheriff Black. It so happened that two of the three men in the gang were taken up as vags by the Amarillo police while Sheriff Black was chasing the auto thieves in Canyon, both officers landing their men in the Amarillo jail about the same time. They gave their names as Frank Christy and B. F. Rogers.

STORK SPECIAL

A son was born to Mr. and Mrs. Everett Doak, Oct. 18.

A daughter was born to Dr. and Mrs. K. M. Watkins, Oct. 20.

A son was born to Mr. and Mrs. Tom Redell, Oct. 22.

A daughter was born to Mr. and Mrs. W. E. Tucker, Oct. 22.

Walker Reports on Dallas Fair Winnings

C. F. Walker reported at the Commercial League luncheon Tuesday on the winnings of the Randall county exhibit at the Dallas Fair and expressed himself to be very highly pleased with the place given Randall county and the treatment generally accorded exhibitors. He stated that the attendance was much below normal, but that there was more appreciation on the part of the visitors than he has ever seen. They wanted to know about this country, and asked intelligent questions.

C. M. Ackerman stated that the committee appointed last week to visit the commissioners court regarding cutting all trees from the court house lawn had visited the court, and were assured that only dead trees will be cut from the two west quarters of the lawn. It was also pointed out by Mr. Walker that good trees might be procured from the State Experiment Station at Lubbock for about half the price charged by other nurseries.

President Hill reported that under the direction of Mr. Humphreys valuable publicity was being sent out over the state to the daily papers. He invited those having news of the city or county to phone the secretary's office and his committee would handle the same.

Supt. C. L. Some of the public schools reported conditions as very favorable in the school. He stated that the citizens of the district, members of the board, teachers and pupils were working hand in hand for a first class public school in Canyon. He was pleased with the harmony prevailing in the town and expected great things of this city.

DR. GRIFFIN INDICTED

Dr. S. R. Griffin, formerly of this city but now living in Amarillo, was arrested in Amarillo last week under an indictment of the Federal Grand Jury under the charge of giving his wife an excessive prescription of narcotics. It is understood that the case has been continued until the next term of court. Mrs. Griffin has been in very bad health for the past two years. The Griffin family have many very close friends in Canyon who regret to hear of the unfortunate case.

SECOND TEAM TO VEGA

The second team of the Normal will go to Vega Saturday to meet the Outlaws of that city. The Outlaws are the strongest town team in this section.

Sheriff Black Caught Two Auto Thieves

William Hines and Alden Carnaban were captured Saturday night in Canyon by Sheriff W. C. Black and are being held in Amarillo jail on the charge of stealing a Ford coupe.

Mr. Black states that the Texas number had been removed from the car and an Illinois plate substituted. The men had tools to remove the engine number.

When notified of the theft Mr. Black drove to the highway and waited until a Ford coupe came along. He noted the number was not the one wanted in Amarillo, but decided to follow it to town. The car stopped at a filling station and the actions of the men led the sheriff to look at the engine number, which he found to be the one wanted. One of the men was armed.

CANYON BUFFALOES WALK ON THE ABILENE WILDCATS—SCORE 35 TO 0

By the hard skilful fighting, heavy hitting, and other excellent football qualities of the Canyon Buffaloes, they were able to pile up five touchdowns on the Abilene Christian College Wildcats in the game Saturday, October 22. Studor, the Buffalo quarterback, kicked the goal each time. The game was characterized throughout by clean hard fighting by both teams.

First Quarter

During the first quarter the ball was carried backward and forward across the field. The first spectacular play was made by Mitchell, Canyon's light-footed right-end, when he received a forward pass from Burson, making a gain of 25 yards. Key, the tall Buffalo right-end, carried the pig-skin a few yards on some line plunges, then the Wildcats managed to get hold of it for a minute or two, only to lose it again on downs.

Buffalo passes and plunges again seemed to be unlucky, as Scott, the Wildcat right-half, ran in between the passer and the receiver, so the ball went over. Scott then carried it 12 yards on an end run for Abilene, and Hall, their left-half, carried it 8 yards through our line; after which, Curtis, Abilene's swift little quarterback, showed up with a 13 yard gain by an end run, which seemed to change their luck. The next three downs gained them nothing; so they tried a punt. "Dutch" Studor received it in his arms and was back to the 50-yard line before a Wildcat could swing on to him. A pass from Burson to Mitchell placed the pig-skin 15 yards nearer the goal-line, and Key ran through Abilene's line for 20 yards more gain.

Cantrell, who played left-end for the Christians, got in the way of one of Burson's passes, and then they gained the ball on a Normal man's fumble. Kinney, kicked it 50 yards down the field into Studor's arms again; he returned it 15 yards, after which, Hall intercepted a pass and carried it back 15 yards for the Wildcats. The first quarter ended with the ball in A. C. C.'s hands on the 32-yard line. The score 0 to 0.

Second Quarter

Hall started the second quarter with an 8 yard gain through Canyon's line, but the next time he tried it Johnson, the Buffalo's right-tackle, ran over the line and downed him in his tracks. Canyon gained the ball through Abilene's failure to make their downs.

Burson, the big Buffalo full-back, took the pig-skin around the Wildcats' end and ran 36 yards, placing it within 4 yards of the goal line. Then Lemond was called on to take it closer, and while he was running northward, apparently at the limit of his speed, with two Wildcats after him—trying to head him off—suddenly, with a look of fire in his eyes, he sprang westward then with one leap crossed the goal line and made the first touchdown of the game. Studor kicked the goal.

Canyon kicked off again and the game proceeded with renewed energy. Scott, of Abilene, making most of the gains for the wildcats. He ran 9 yards at one time and 25 at another. Collins also did some good work for the Christians. He went into the game with a broken finger, which hindered him a great deal at fullback. While A. C. C. made some good gains, they did not seriously endanger Canyon's goal at any time during the game. They failed to complete many passes, and when they came within reasonable reach of Canyon's goal they lost the ball by failing to make their downs.

When the ball went over "Dutch" kicked it back and Curtis received it, but Mitchell downed him before he could start to run with it. Curtis and Scott made short gains for a few minutes but finally lost the ball again on downs. The Buffalo fullback fumbled and Scott again made a 5 yard gain for the Wildcats. The first half of the game ended with the ball near the middle of the field in Abilene's hands, and the only score, in Canyon's favor.

Third Quarter

Studor kicked again to start the third quarter. The Christians made only nine yards in three downs; so they punted the pig-skin back 40 yards to Key. The Buffaloes nearly reached the goal line in about three minutes, then Curtis intercepted a pass under the goal and Mitchell downed him across the goal line, making a touchdown for Canyon. The ball went from one team to the other five times in about three minutes, with only one very remarkable play. It was made by Scott when he received a pass, making a 45 yard gain for the Wildcats. Dan Sanders, the brainy Buffalo cen-

Forty-one Attended Luncheon Tuesday

There was a fine attendance at the Randall County Commercial League luncheon Tuesday at the Canyon Cafe with the following in attendance:

O. N. Gamble, L. G. Allen, D. A. Shirley, Travis Shaw, Dan K. Usery, Dr. D. M. Stewart, J. W. McQueen, Frank R. Phillips, Pres. J. A. Hill, C. W. Warwick, Rev. E. A. Osborne, J. M. Flesher, Rev. J. H. Hicks, J. M. Vetsak, A. E. Wise, E. H. Powell, M. S. Bisher, J. W. Green, S. B. McClure, Rev. Ted P. Hollifield, T. I. Poor, C. M. Ackerman, C. L. Sone, Hud Prichard, Miss Whitaker, Miss Thompson, Arnott Moreland, Grady Oldham, J. E. Rogers, C. F. Walker, B. B. Cluck, E. E. Foy, T. V. Reeves, A. W. Blough, John Knight, J. A. Guthrie, W. A. Warren, Phil Jackson, L. F. Sheffy, D. Mack Stewart, W. J. Flesher.

S. B. McClure had charge of the business meeting and program following. Miss Whitaker of the high school faculty gave a very pleasing reading.

Landscape Engineer Visits the Normal

Prof. Phipps, landscape engineer of Emporia, Kansas, is working at the Normal this week, making a suggestive arrangement of the campus that contemplates improvements which may be made during the next several years. The engineer is laying off walks and drives, arranging for trees and flowers, and suggesting the location of all new buildings which the school expects to have in the coming years.

"It is evident that this institution is established for all time to come," said Mr. Hill, "and I am eager to have the physical plant develop along scientific lines."

When the present building was erected, it was thought that it would suffice for an indefinite time, and consequently the campus was laid out with the idea of one central building in mind. The growth of the institution, however, is already beginning to encroach upon its quarters, and it is now evident that new buildings must be erected soon if the school is to continue to grow.

"I predict that there will be at least twelve buildings on this campus twenty-five years from now," said Mr. Hill, "and I am eager to have them and other improvements so placed that it will never be necessary to remove any of them."

COUNTY WOMEN'S CLUB

Mrs. Gus Thomas assisted by Mrs. A. W. Hancock and Mrs. Jos. Tueck, entertained the County Women's Club at their regular meeting Oct. 20. A delicious dinner was served and a very enjoyable day spent. Miss Hazel Thomas took pictures of the ladies and children.

The club quilt which was exhibited at the Fair was drawn by Rennis Dodson, number 71, being the lucky number.

The Club adjourned to meet with Mrs. Jos. Tueck, Nov. 3.

—Reporter.

COOLER WEATHER STARTS

This has been an exceptionally warm fall and merchants complain that fall and winter clothing has not been in great demand.

A dash of rain fell Monday afternoon, being preceded and followed by a high southwest wind. The wind changed to the north Tuesday with cooler weather and considerable frost Tuesday night.

It looked favorable for a good rain Monday afternoon, but only a shower materialized.

MARRIAGE LICENSES ISSUED

Oct. 22—Josh Sasnett and Mrs. Ruby Aycock.

Oct. 25—M. C. Wheeler and Miss Ivy Mae McCane.

Holifield in Charge Of Next Luncheon

Rev. Ted P. Holifield will have charge of the Commercial League luncheon at the Canyon Cafe next Tuesday at noon. He will be assisted by other pastors of the city in such program as he may plan for the luncheon.

Interest is growing in the weekly luncheon, and the fellowship growing out of these gatherings will cement the commercial, educational, social and religious life of the community into closer bounds than ever in the past.

Every man interested in the welfare of Canyon should attend these luncheons.

TEXAS FARM BUREAU WILL WORK IN CO.

WILL ORGANIZE FARMERS FOR WHEAT GROWERS POOLING

Definite Steps Taken at Amarillo Meeting Friday to Put Over Gig Farmers' Association.

Another meeting of the Wheat Growers' Association was held in Amarillo Friday afternoon, but not a large number from Randall county attended.

A report from the organization committee was heard in which the services of the Texas Farm Bureau were extended to wheat growers to perfect their organization free of charge. The committee had investigated and found that the Bureau had done wonderful work down in the state toward organizing the cotton farmers, with a result that the farmers were getting better prices and that their produce were much more easily handled. The Texas Farm Bureau will start to work at once to organize Panhandle counties into the Wheat Growers Association.

Friday afternoon a banker from the cotton district was heard to discuss the organization plan. He stated that at first both the banker and the cotton buyers were afraid of the outcome of the organization. Now both were thoroughly convinced that the pooling system was a good thing. The buyer can handle the crop on one-third his previous expense. He sees one man in order to buy a hundred bales of cotton, whereas he was formerly forced to see a dozen or more men, all of whom were more or less suspicious. It has given confidence to the farmer that the secretary of his organization who has a big lot of produce to sell can get a better price than each individual member. It is believed that the same will apply to the wheat farmer as it has to the cotton farmer.

Silverton High To Play High Saturday

The Canyon high school will meet the Silverton high school on the Normal grounds Saturday afternoon at three o'clock. The Silverton high comes with an especially strong team, which defeated Tulia high early in the season.

The Canyon high has not been scored upon this season. The team is heavy and fast, and is playing good ball. Until they made such good scores against Claude and Hereford it was hard to arrange games, but now Supt. Some states he has offers from all of the big high school teams of the Panhandle and will have a game every week until the end of the season, probably including the undefeated teams of Amarillo, Childress and Pampa. The Canyon team is going to make a strong fight for the championship of this district, and has the backing of all citizens of the community.

CRANES BY THOUSANDS

Judge C. F. Kerr was over from Dimmitt Sunday and states that cranes by the thousands are living in Castro county. The crane meat is as good as turkey, and hunters are having great sport bagging the game. During the day the cranes stay out on the prairies, but at night they work in the fields and are doing much damage to the standing feed, and will damage the wheat when it starts to come up.

Come to Canyon to live.

Home Paper Week November 7 to 12

"Subscribe for your Home Paper" will be the slogan in the United States, November 7 to 12.

The News would like to send copies of this paper to former residents of Randall County, and would appreciate the co-operation of our readers in getting a list of former residents.

We shall be pleased to have you send in or phone us the names of your friends whom you would like to have the paper sent to for the issue of Nov. 4. We will send to any former citizen of Randall County.

Thank you for the information.

THE AMERICAN PRESS ASSOCIATION

The football team of the Normal this fall is showing up great, and is the result of clean athletics for a number of years, together with a desire of the college to promote athletic relations with the better class of schools of the southwest. The team has tackled the biggest schools this year, and will continue this policy. It is better to take a defeat from a strong team than to run over a weakling. This year's team learned a lot by the defeats they have suffered. As a result of these defeat a perfect football machine has been developed. They go up against the strongest team of the season at Simmons College Nov. 5. The boys know they have a job on their hands, but are going to put up a great battle. All honor to the men who are fighting under the Buffalo colors this year.

The railroad strike threatened to start Sunday will not be of great consequence, if we take seriously the opinions of the wise ones in high places. Yet the strike, if it starts, will disrupt service for several days and upset the progress we have been making to "normalcy." That the public is entirely out of sympathy with the strike was shown when the first demands were discussed. Neither the railroads nor the strikers will seriously suffer. The public will be the goat. It is up to the public in general to demand that such foolishness as strikes be forever stopped in this country. The public can, if it will, turn the trick.

The campaign of the country newspapers against the unjust attitude of the publicity department of the Dallas Fair is getting home to the fellows who can unhorse these petty dictators. The News received a long letter from one of the directors of the Fair stating that it was not the intention of the directors to be unjust, that they knew nothing of the policies that had been used this year, and that these policies would be changed next year. The News feels that the country press will be properly treated next year, and that a bunch of cheap publicity hounds will hang around Dallas without a job for some time to come.

What will the senate do with the findings of the disarmament meeting which starts in Washington next month? Will they repudiate the American delegation as they did those who represented this government in the Paris peace conference? Will European governments feel any safety in negotiating with American delegates after the treatment given the treaty of Versailles? The visiting delegates have ample grounds for suspicion to say the least.

These chilly mornings are powerful reminders of the fact that winter is coming, a railroad strike is threatened and too many people have only a little coal on hand. Its too late now to regret not having bought coal in the summer.

Burn the weeds that have grown up so prolifically upon the vacant lots in Canyon. Burn the rubbish. Carry away the tin cans and unburnable refuse. There is great danger of a big fire in Canyon unless this is done.

Two years ago unionism was invincible. The invincible abused their power and today are in disrepute. The heavy fall with a mighty crash.

Who has ever heard of a congressional investigation accomplishing anything?

Canyon needs that Clean Up Day. Canyon must have it. Get busy.

Boost Your Booster!

Every one loves a booster, but every one is not always ready to boost for his booster.

The booster is supposed to boost because he likes to do it—and in a great measure that is so.

The greatest booster in history, however—the home town paper—must combine with the natural liking for the boosting game, the rewards the simplest rules of business requires for the continuance of the boosting spirit.

The editor of your home town paper likes to be appreciated just as you like to be appreciated.

And how better may your appreciation be expressed than by the amount of money that goes through his cash register?

Every one in this town and community will have an opportunity to show appreciation for the home town paper during the week of November 7-12, which will be observed in every state in the Union as

"Subscribe for Your Home Town Paper Week"

that if one suffers, all suffer, then we can eliminate these periods of depression. We have a period of depression if nature is allowed to take its course if the sick man is allowed to take care of himself and lie there until he gets well or dies. But if we recognize the cause of these troubles; if we endeavor to fireproof our industries and business as we do our buildings; if we help the man in financial distress as we help the man in physical distress, then we can to a large extent eliminate these periods of depression.—Roger W. Babson.

LITTLE BENNY'S NOTE BOOK

By Lee Pape

Last nite pop went to bankwet, telling ma he wouldn't be home late but not to wait up for him jest the same, and I went to bed, and started to dream about bergliers, and I wook up and thawt I herd one down stairs, thinking, G. heck.

And I snuck out of bed and it was dark as the dooce, and I felt erround and picked up one of my shoes for a weppin and went and looked over the bannisters, saying, Hello down there.

Nobody ansering enything, and I sed, Get out of there or I'll shoot.

Which jest then I herd another noise and I quick threw the shoe over the bannisters and somebody sed, Owtch.

Being pops voice, and I thawt, Holey smokes, gosh. And I sed, Is that you pop?

Sh-h, yes, for the love of Pete don't throw the other one, sed pop. Sounding like somebody trying not to tawk loud, and I sed, Wats the matter, wats you doing, pop? Wich jest then the setting

room clock struck 3, proving wat time it was, and pop sed, Sh-h, sh-h, do you want to wake your mother, is this eny time of the pite to be yelling and throwing shoes erround? And he lit the lite in the 2nd floro hall and started to rub his shoulder, and I went down saying, G pop, I thawt you was a berglier, G pop, its a good thing it had a rubber heel, aint it pop?

Meaning the shoe, and pop sed, sh-h, if I didnt want to avoid waking up your mother Id show you if it was a good thing or not.

Proberly meaning it wasent, and I went back to bed and this morning at breakfist pop moved one arm stiff like somebody that was hit on the shoulder by a shoe, only I didnt ask him about it on account of not wanting to remind him, ma saying, wat time did you get home last nite, Willyum? and pop sed, O not so late, not so late.

Me not saying enything.

Habit is a cable; we weave a thread of it every day and at last we cannot break it.—Horace Mann.

Just when England seems to have the Irish question settled, some Irishman asks another question.—American Lumberman (Chicago).

We trust that arrangements have been made to invite representatives of the West Virginia miners to the disarmament conference.—Nashville Southern Lumberman.

One of the prettiest and most delightful children's parties of the season was staged Wednesday at the home of Mr. and Mrs. N. E. McIntire, when their daughter, Imogene, celebrated her 14th birthday anniversary with a lovely party. Many delightful games and contests were enjoyed but one interesting feature of the afternoon which stood out in popularity among the rest was fortune telling. Music was rendered during the afternoon and before the afternoon's festivities were brought to a close the happy youngsters went to the City Pharmacy where a delicious refreshment course of ice cream and cake was served.

CAN'T DO THE WORK

It's too much to try to work every day against a constant, dull backache, or sudden darting pain in the small of the back. Be rid of it. Try Donn's Kidney Pills. Your neighbors recommend them. Ask your neighbor!

Mrs. Clouch, Canyon, says: "Some time ago my back and kidneys began to cause me a lot of misery. There was just a dull, aching through the small of my back and it was also so sore and lame I could hardly bend over to do my work. When I did manage to stoop over, such a sharp, stinging pain would catch me, making it hard for me to straighten up. I was all worn out and could scarcely get around at times. I became dizzy and had headaches and my kidneys didn't act right at all. I saw Donn's Kidney Pills so highly advertised that I bought some and three boxes cured me entirely."

Jewelry, Ivory, Cut Glass, Toys, Books. The biggest stock ever in Canyon will be on display at E. Burroughs' Jewelry Store.

Elbert Foy returned home Thursday from Knasas where he went on business.

Walter Sipes of Amarillo visited friends here Sunday.

Misses Pearl Hensley and Mattie Foster were callers in Amarillo Sunday.

A delightful masquerade party was given Friday evening at the home of Miss Viola Vetsch. The guests motored to the Vetsch home about eight o'clock and a merry evening in miscellaneous games and Halloween contests. Fortunes were read during the evening and Miss Watkins won a prize for being the most beautiful lady present. Delicious refreshments of hot coffee and pumpkin pie garnished with whipped cream were served later in the evening to about thirty teachers and students of the Normal and friends.

LOCAL NEWS

Carl Wilkes of Amarillo visited friends here Sunday.

Miss Lorena Frieze spent the week end in Silverton.

Frank Farnsby of Amarillo was a caller here Sunday.

Johnny Price of Amarillo visited friends here Sunday.

Joe Hess and W. H. Tadlock of Amarillo were callers here Sunday.

One of the most enjoyable meetings of the season was held on Friday night by the members of the Merry Maids and Matrons at the home of Mr. and Mrs. D. A. Shirley. 42 was the chosen as the diversion of the evening, there being a dozen tables which were arranged in the prettily appointed entertaining rooms. Later delicious refreshments were served to the members and a large number of guests.

METHODIST CHURCH
Sunday School at 9:45. A hearty welcome, fine fellowship, and excellent teaching await you. We want you to be there.
Preaching at 10:45 and 7:30.
Morning theme: "The Gospel of Happiness." Evening theme: "Going in the Strength of the Lord."
Epworth League just after the evening service. You cannot miss these services without loss.
We give you a hearty invitation to worship with us in any or all our services.
J. H. HICKS, Pastor.

LAYMAN'S PROGRAM
Baptist Church, Oct. 30, 3:30 p. m.
In what way am I my brother's keeper.—J. C. Dowd.
The young peoples relation to the old.—Olin Hinkle.
The old peoples relation to the young.—Dr. Darnell.
If a man empties his purse into his hand, no man can take it away from him.—Franklin.

METHODIST SUNDAY SCHOOL

Last Sunday a collection was taken for the Methodist orphanage. A little over one hundred dollars was received, of which the Men's Bible Class gave \$20.00; 9 classes gave \$5.00 each; 8 classes gave \$2.50 each; and two individuals gave five dollars each. The Sunday School also voted to care for an orphan child during the coming year. Mr. Fleisher is going to Waco soon and he will get the name and picture of the child. It was announced that next Sunday is to be Centenary Sunday.

The attendance was 327 which was an improvement of 12 over the last Sunday. Mr. Sheffy's class of young ladies was the banner class, both in attendance and collection.

 D. W. Williams to A. G. Smith, all block 27, west half and southeast quarter 28; west half and southwest quarter 33; west half and southeast quarter block 34, Heller addition to Canyon. Consideration, \$4,000.
 E. G. Bryan to C. W. Bryan, all section 185, block M-9 and south half section 67, block M-9. Consideration \$5,150. (One-fourth interest).
 John Dees to F. D. Weatherly, north half section 140, block 9. Consideration \$11,742.50.
 First National Bank to W. C. Hamblen, lots 5 and 6, block 3. Normal Addition of Canyon. Consideration \$450.
 A. C. H. Tanner to G. A. Wimbedly, survey 34, block 6 and section 63, blk. 6. Consideration \$39,140.65.

HAPPY HAPPENINGS

Mr. and Mrs. Lester Jones are the proud parents of a 7-pound boy, born last Wednesday morning.
 Rev. C. W. McNeely and family were in Happy Tuesday and Wednesday.
 A. L. Harrison and daughter, Ruth, were Amarillo callers Saturday.
 Miss Annie Crawford was a shopper in Tulsa Wednesday.
 Jim Currie returned last Friday from Fort Worth where he had been to sell a car of mules.
 Several new residences are being constructed here.
 A Glee Club social was given at the school house last Friday night. Most of the members of the club and several others were present. Ice cream and cake were served. All report an enjoyable time. The officers of the Glee Club are: Roy Alkman, president; Winfield Miller, vice president; Gladys Bandy, treasurer; Edythe Bandy, secretary.
 Misses Winnie Grounds and Ethel Sanford gave a party at the home of G. W. Cox last Friday night.
 Mr. and Mrs. R. L. Grigsby, who are teaching school near Kress, spent Saturday evening at the home of J. W. Bandy and family.
 Mr. and Mrs. Emil Schaeffer returned last Sunday from the Dallas Fair. A fruit supper was given in their honor Monday night at the home of Mr. Schaeffer's parents, east of town.
 Rev. Wilkins was at the school house last Tuesday morning for chapel exercises. He gave a very interesting talk at the school children.
 J. P. Minor and family from Wilson, Lynn county, moved into their new home in Happy last Tuesday.
 The Baptist Woman's Missionary society met at the Baptist church last Wednesday.
 Ludwig Irlbeck returned last Friday night from New Mexico where he had been on business.
 Nathan Schee of Canyon was in Happy Tuesday.
 The M. E. Woman's Missionary Society met last Thursday with Mrs. F. M. Shenefelt.
 The Happy basketball boys are in intensive practice preparing for the game they intend to play with Dimmitt Nov. 11. The players are Oscar Finken, Ernest Miller, Johnnie Mann, Winfield and Willard Miller, Roy Alkman and Melvin Walberg.
 Jim Gurly and family returned last Sunday from Dallas.
 H. G. Bove returned from New Mexico a few days ago.
 Threshing machines are busily humming near here.
 Rev. Hardy, the new presiding elder of the Plainview M. E. district, will hold services at the M. E. church next Sunday evening.
 Misses Mamy and Anna Hoffman are attending the Catholic Academy in Amarillo this winter.
 Mr. Carney of Groom was in Happy Monday. He is an old resident of Happy.
 A. O. Stucky of Vigo Park was in Happy on business this week.
 Miss Lola O'Rear spent the week end with her parents, Mr. and Mrs. O'Rear.
 Miss Mildred McManigal gave a slumber party last Saturday night.

The of voice the community, the record of its history in the archives of state and nation, is the Home Town Paper.

Subscribe for Your Home Town Paper Week, Nov. 7-12

There were sixteen young people present. Forty-two was played. Ice cream and cake were served.
 Mrs. J. H. Wrenn and Mrs. J. W. Bandy are real sick this week.
 M. B. McManigal and A. Rablifs and family went to Kansas City Saturday.
 H. A. White and family of Lockney visited at the home of A. L. Harrison and family Sunday.
 Mrs. Wm. Miller gave a forty-two party for the "Birthday Club" Saturday night. Sandwiches, salad, pickles, coffee and cake were served. A large crowd was present.

WAYSIDE ITEMS

Rev. Wilson the new Methodist pastor and wife filled his first appointment Sunday. He delivered two good sermons at Wayside and one at Beverly Sunday.
 Don't forget the Sunday School Convention at Kress next Sunday.
 Mr. and Mrs. Roy R. Key are entertaining a new girl at their home, Mary Lee, by name.
 Wm. Payne and family have moved to a large ranch near Hartley where Mr. Payne has leased 12 sections. He will run a large bunch of cows on this ranch. They will be greatly missed in social affairs and church work. We wish them much success. They still own their home here.
 Mrs. Rosa Key of Vigo is visiting with her son, Roy and family, for a few days.
 People should be very careful about fire now as every thing is so dry. There was a prairie fire broke out near the Fairview school house Sunday and burned off several sections of grass and some large straw stacks. An army of men fought it until it ran into the canyons and was soon extinguished.
 Miss Mittie Hamblin of Happy visited Miss Nellie Hamblen Sunday.
 Mrs. Ethel James has been suffering for several days with a bone felon on the front finger of her right hand, but is some better now.
 W. R. Franklin and family have moved back to their farm.
 Several men are dipping their cattle this week.

FORTUNES MADE BY ACCIDENT

Tit-Bits: It was the burning of a starch factory that first revealed the adhesive qualities of scorched starch and introduced cheap gum.
 To the upsetting of a tool chest we are indebted for cast iron cement. The accident of a child playing with a bottomless oil flask which his broth, a Swiss mechanic, named Argand, idly placed over the flame of his oil lamp, gave birth to the lamp chimney.
 Noble accidentally discovered dynamite and made a vast fortune with which he founded the Noble Prizes.
 The value of borax as a preservative was discovered by a traveler in Yellowstone Park, U. S. A. He found the body of a horse wonderfully preserved. It was lying in borax dust, and so a discovery which has been of boundless use in industry was made.
 A boy of 17 attended a "spirit rapping" seance and found that the table stood upon two brass rails running across the stage. He suspected electricity. Taking a piece of insulated wire, the ends of which were open, he laid it across the two brass rails and the "spirit" ceased to rap. Years afterward this early experiment in track circuiting came to his mind and he invented the automatic system of signaling.
 Blotting paper resulted from a batch of paper being accidentally made without size. It made a fortune for the lucky man.
 Where the magnificent yucca is found, there too will always be found a flock of birds attracted by the honey. Native peasantry of Haiti speak a creole language, which, though founded on French, has become an absolutely distinct tongue.

MOTOR DIGEST

Illinois has 23,102 tractors on farms. Gasoline costs 88 centavos (44 cents) a gallon in Mexico.
 In Germany automobile speed races have resumed near Berlin.
 Fifty-five out of every 100 farmers in Pennsylvania own automobiles.
 London has 2,000 motor sightseeing busses and 5,000 passenger busses.
 Indiana has at present 40,000 more motor vehicles than during the whole of 1920.
 Government, private and commercially owned motor vehicles in Peking, China, number 1,500.
 There are 129 passenger automobile factories and 222 motor truck factories in the United States.
 There are three and one-half times as many motor vehicles in New York city as there are in London.
 Chicago is the largest postal motor equipped city in the country, having no fewer than 450 vehicles.
 The automobile industry, as a whole, is running approximately 72 per cent of what it was a year ago.
 California, at this time, claims to have more automobiles registered than any other state in the Union.
 A motor bus line, operating in Canton, China, has fifteen trucks and trailers, each accommodating seventy passengers.

Mrs. Daisy Golding, a member of the police department in New York city, is the only woman motorcycle officer in the world.

Automobiles are found on more than 30 per cent of all the farms in the United States, the number of cars totaling 2,146,512.

Germany is now manufacturing eleven different kinds of passenger automobiles, with prices ranging from 70,000 marks to 380,000 marks.

It is figured that there is approximately \$5,000,000,000 a year saved in time thru the use of motor vehicles as against other means of everyday transportation.

In the city of Mexico the municipal license fee on a seven-passenger automobile is 39 pesos, or \$14.50, every

two months, and on a five-passenger car 25 pesos every two months.

EQUITY IN TROUSERS

Arthur H. Folwell in Leslie's: When liquor is seized in transit, the car, the boat or the truck on which it is loaded is also seized. Getting the vehicle back, the owner finds, takes time and trouble. One of the law's latest wrinkles is to attach the building in which liquor has been illegally sold or kept, thus giving the owner as well as the lessee of the premises something to worry over. And right here our unruly mind gets curious. What about the pocket flask carried on the hip, if the hip pocket is part of a suit sold, and being paid for on the installment plan?

We have mentioned before, we think, the liability of trousers to seizure as a vehicle, but the question of equity did not occur to us till now. Installment clothing houses should look into this without delay. If the police put a lien on a pair of trousers because it is—or they are—being used as a vehicle for the transportation of liquor, and said trousers are part of a suit costing \$40 on which only \$6 have been paid, the loss falls heaviest on the merchant to whom \$34 are still owing. He has the most equity in them.

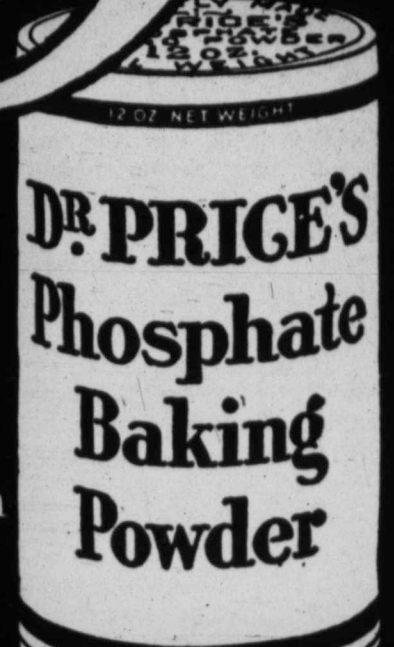

Therefore, it behooves every dealer who sells on credit to follow up his suits as far as possible by private detective agencies to see that the trousers are not used in violation of the Volstead law. Otherwise, in the course of a year, he may face serious loss. If the police can attach trucks, boats, and houses, they can attach pants, and pants on which there is a first and perhaps a second mortgage will cease to be a desirable form of investment. Perhaps the simplest way out will be to make installment garments without hip pockets.

Marconi first offered the United States Government the right to purchase his invention of wireless telegraphy, but his offer was rejected.

O. F. Thomas and family were callers in Amarillo Wednesday.

WAIT AWHILE

Answers: A Scotsman stepped in to one of the Edinburgh shops and asked to be shown a certain kind of overcoat.

"How much?" he asked the shopman.

"Five guineas," was the reply.

"Nothing doing! Take it away," said the Scotsman firmly.

"Why you can afford that," the shopman said, unwilling to lose the sale.

"Ay, I can," replied the Scotsman, "but Ahm nae that cold."

Injections of compressed air to relieve a wrecked vessel of her cargo are the latest thing in salvage operations.

COAL!

Don't worry about coal. I have the genuine Oliver oil, gas burner. Fits any cook stove or heater. Every stove guaranteed or your money back. Drop me a card and have a free demonstration in your own stove and be convinced. Cheaper and better than coal. Burns common Kerosene oil.

J. B. COMPTON
CANYON

HOME TOWN PAPER WEEK

Nation-Wide Movement Set for November 7th to 12th.

Every Four Corners has its Home Town week nowadays, but all the boys and girls who have wandered from the Township Center cannot get back to enjoy the loved surroundings. But all can subscribe to the old home town paper and thus keep well in touch with the little spot they once called home.

What joy to run over the school promotions and find that the tots of a few years ago are moving higher and higher in scholastic circles and eventually blossom forth as the "sweet girl graduates," or the clean strong boys discarding knickers.

Just watch that hardened old city coddler open up his home paper—it is the first thing he picks up out of his bunch of mail—and what can he find there to interest him? Angus McGugan's horse died yesterday; Peter McGregor will run for the county clerkship; Horace Jell hopes to win the secretaryship of the Hilltown Agricultural Society; Lydia Munger has opened a millinery store; Mrs. Brown lost her hand satchel in the butcherery; Dr. Dorland is attending Clara Brown, who is down with a severe cold; Mrs. Plater broke her ankle and is in the county hospital.

Yet though he smiles at the old-time styles and expressions he enjoys it all over and over again, for it takes his mind back home where his wonderful boyhood days—happy days—were spent.

WILL NOT OBSERVE IT

On September 1, there went into effect a State Law requiring barber shops to sterilize all tools, mugs, towels, brushes, etc. before using.

The following taken from the Sherman Democrat, seems to be the attitude over the State:

"Barbers spoken to from time to time about their attitude in regard to compliance with the new law becoming effective September 1, do not appear to be disturbed about it, nor do they make any decided departures from their usual manner of conducting business. The new law calls for the sterilization of all tools or instruments. Mugs and shaving brushes shall be immersed in boiling water for one minute after being used. Razors, scissors, shears and tweezers must be immersed for ten minutes in a five per cent aqueous solution of carbolic acid. All other instruments treated as above after using. No towel or cloth shall be used unless boiled and laundered after each time. The barber shall wash his hands before serving each customer. No person shall sleep in the shop.

No barber suffering with a communicable disease shall be allowed to work on customers. All shops must be registered before the State Board of Health before September 1.

"For the violation of rules, fines may be imposed and even jail sentence.

"Barbers spoken to by this scribe say that it is utterly impossible to comply with all the terms of the bill, but that they want to be obedient to all laws. Inspectors will be sent into the towns and cities to see how well the law is observed, it is announced."

DO YOU KNOW?

A manila rope, one-quarter of an inch in diameter, will easily support five average sized men.

There is one nurses' training school in the United States which makes a specialty to training nurses to care for those in mental ill health. Nurses who have taken this special training course of three years are known as psychopathic or psychiatric nurses.

The wood of a tree found in Panama, Cavanillesia plantanifolia, is even lighter than the celebrated balsa wood. The tree grows to an immense size. The branches and leaves are at the very top and the trunk is like a huge column. The strength of the trunk is principally in the thick, fibrous bark, while the wood is so fragile that it crushes when the tree falls.

The clog almanac, once in common use in parts of England, is a square stick, on the four edges of which are cut notches to represent the days of the week and various symbols to indicate different festivals and holidays. More ancient than clog almanacs are the Scandinavian calendars, made of wood, or sometimes of horn or bone, and inscribed with runic letters.

TOO HIGHLY TRAINED

Answers: Marmaduke Brown was on a business trip, staying at all sorts of hotels.

One morning while he was still in bed he heard a knock at his bedroom door and a boyish voice saying:

"Please sir, here's a telegram for you!"

"All right!" said Marmaduke, not wishing to get out of bed, "Slip it under the door."

"I can't," came the reply. "It's on a tray."

The French Pare in the sixteenth century invented three kinds of artificial eyes.

Krupp's German gun works manufactured anti-aircraft guns during the Franco-Prussian war to shoot down the French balloons.

LIFE WISDOM

Who is there that can make muddy water clear? But if allowed to remain still it will become clear of itself.—Lao-Tsze.

We do not despise all those who have vices, but we despise those who are without any virtue.—French proverb.

Where the properties and music do not flourish, punishments will not be properly awarded.—Confucius.

When any great design thou dost intend,

Think of the means, the manner, and the end.—Sir John Denham.

Nothing is more terrible than active ignorance.—Goethe.

The wise ruler says: "If I can keep from meddling, the people will grow rich."—Lao-Tsze.

The superior man casts a bright light around him because he has no wish to shine; he stands out prominently from others because he is filled with humility; and it is because he is free from self assertion that his merit is acknowledged.—Lao-Tsze.

Show me the man you honor; I know that symptom, better than by any other, what man you yourself are. For you show me . . . what kind of man you long inexpressibly to be.—Carlyle.

Do you ask to be the companion of nobles? Make yourself noble and you shall be. Do you long for the cooperation of the wise? Learn to understand it and you shall hear it.—Ruskin.

I look on that man as happy who when there is a question of success looks into his work for a reply, not into the market, not into opinion, not into patronage.—Emerson.

Let no man be called happy before his death.—Solon.

THE KERNEL

West News: As a rule it is very easy to work on the patriotism of the average Texan; we love our country and its institutions; the Stars and Stripes inspire us to the deepest devotion, and for it we are ready to fight and die. But no one that is worthy of following a banner baptized in the blood of men who fell for freedom needs to follow it with covered face.

REASSURING

Life: "Want to take a chance on an automobile mister? Only \$1."

"But I don't want an automobile, young man."

"That's all right, mister, maybe you won't get it."

New York state has 721,488 automobiles, or one for every 14 of its residents.

Credit Always Has a Value

The first essential to building a foundation for business success, is the establishment of credit.

A man's credit need not necessarily be backed by millions. He may be poor and still have credit, for credit is influenced by what a man really is; by what he does; how he uses his money, talents, time; by his family, church, social and banking relations. An account at our bank will help you, too.

We want you to think of this bank as your bank, and bear in mind that it is our aim to give careful consideration at all times to your banking needs.

Little Want Ads Bring Big Results.

Speaking of Women

Irvin Cobb points out that feminine shopping does not necessarily imply buying. It means hard work for everyone concerned—but seldom results in a transaction involving money.

As a country minister once declared: "King Solomon said, and I partially agree with him—" We only partially agree with Mr. Cobb on this subject.

It is true there are still some aimless shoppers left. But they are in the minority. Today most women—as well as most men—are well informed buyers, with a sound basis for comparing stores and values. By buying goods of recognized merit they save themselves the throes of old-time "shopping trips" and at the same time get a better and bigger money's worth.

Most women read the advertisements that appear every week in their newspapers. They make a practice of keeping strictly up-to-snuff on new developments, innovations and improvements. They know just where to go for "this" and who in town keeps "that."

When they shop they generally know just what they want, where to find it, and how much to pay. Their knowledge saves them endless trotting, wearisome questioning and haggling.

The advertisements have taken the "hop" out of shopping.

N. H. Baldwin Donates Relics to Society

Mr. N. H. Baldwin of Lipscomb, who has been visiting his daughter, Reta, and his sons, Artie and Ernest, students in the Normal, brought an interesting collection of relics for the Panhandle-Plains Historical Society. This collection consists of buffalo horns, mortars and pestles, stones used in dressing skins, a buffalo head, and part of the skeleton of a prehistoric animal. Mr. Baldwin came to the Panhandle when this country was occupied only by cattlemen, and is in a position to contribute valuable information concerning that period of our history.

A GOBLIN PARTY

An all-student and faculty masquerade party will be given on Friday evening Oct. 28 at 8:00 p. m., on the first floor of the main building. Plans are well under way for a big social event. The Art Club is in charge of all decorations. Entertainment, refreshments, and other details have been placed in the hands of responsible committees. No unmasked guests will be admitted. A prize will be given for the most novel costume. One feature of the entertainment will be the "goblin march."

SHOWERS OF RICE FALL IN CANYON

Local showers fell in the vicinity of the Santa Fe railway station Tuesday evening, Oct. 11. Farmers in this section will be little benefitted, however, due to the limited area of the precipitation and the fact that the precipitate was rice rather than moisture. Mr. Henry Peterson, erstwhile student in the West Texas State Normal College sought to steal quietly away with his bride, until 2:00 p. m. Miss Hesse Debnam, also a student. But due to the natural propensity of news to spread itself, young Peterson and his bride were intercepted at the station; and hence the phenomenal shower. Lockinvar succeeded, however, in boarding the train with Fair Ellen, and the happy couple went to Lamesa.

PRESIDENT APPOINTS NEW COMMITTEE

Always before this time the Advisory Committee for the Young Women's Christian Association has been confined to members of the faculty, but President Hill has lately appointed others. These women, being interested in organizations in the town as well as in those of the college, will be able to assist in furthering the progress of the Association in harmony with organizations of the town. The newly appointed members are Mrs. Humphreys, Mrs. Ives, Miss Mary Clerk, and Mrs. Sheffy. Mrs. Hill has been chosen as honorary member. Miss Lamb and Miss Hudspeth will retain their former positions on this committee.

AN INTERESTING SERIES OF PROGRAMS

Attractive little Y. W. C. A. programs have been made starting a series of meetings for the quarter. They are as follows:
October 13:
College Purpose—Miss Hudspeth.
Round-table talks.
Devotional leader—Ottie Greer.
October 20:
Readjustment—Mr. L. F. Sheffy.
Devotional leader—Maggie Swayne.
October 27:
Expense account—Miss Bell.
Devotional leader—Mildred Johnson.
November 3:
Real Efficiency—Addie Coffman, Arline Rose, and Elizabeth Beck.
Devotional Leader—Grace Clark.
November 10:
Friendship—Mr. Osborne.
Devotional Leader—Miss Edds.
November 17:
Pageant—"White Magic."
World Fellowship.
November 24:
Thanksgiving Program.
Devotional Leader—Miss Penrod.

December 1:
A Student and the Church—Mr. Hollifield.
Devotional Leader—Fannie Cash.
This series is like a continued story. Everyone should get the benefit of the first meetings in order to be able to appreciate the real value of each one separately. The regular time of meeting is Thursday, 4:00 p. m., Room 105, unless otherwise stated. All faculty women, as well as all the college girls, are cordially invited to attend.

ALUMNI ITEMS

Miss Annie Smith teaches in Tulla. Mr. Paul Foster is principal of Wayside school.
Miss Georgia Upfold is teaching the Rusk school.
Miss Fay Pettie is teaching Sunny Hill school northeast of Tulla.
Miss Winnie Davis is teaching near Lamesa.
Misses Elmina Ingram and Inez

Preston are teaching at Hurley, Texas. Miss Corrie Rankin is teaching music in Roaring Springs. Miss Geneva Hunt is teaching at Ballard school near Lamesa. Miss Thelma Bryan will teach near Dumas this year. Miss Dewey Gibson is teaching near Tulla. Miss Alice Prichard is teaching in Moore county. Velma Black will teach the third grade at White Deer.

Why The First Aid To Good Health Is Pure Blood

Waste Products in the Blood Cause Many Forms of Rheumatism, Skin Disorders, and A Lowered Vitality.

Many People Do Not Understand Nature's Warning.

When you have that feeling of fatigue; when you lack the energy you need for the day's duties and pleasure; when you are troubled with pimples, blackheads, bad boils, sores or some other skin eruption; or when you have rheumatic pains in the muscles and joints, don't wait until you collapse in a state of nervous prostration, or until in your weakened condition you contract some serious disease, but start at once to get the waste products out of your blood. Nature has certain peculiar ways to warn us. Fortunately, indeed, is the person who knows her danger signals. Thousands and thousands of men and women during the past 50 years have relied on S. S. S. to clear their blood of waste products. S. S. S. will

improve the quality of your blood by relieving you of the waste products which cause impoverished blood and its allied troubles—skin disorders, rheumatism and a lowered vitality. The same qualities which give S. S. S. its beneficial effect in clearing your blood of waste products make it extremely desirable for keeping your blood in good condition. S. S. S. may be had at any drug store. Write Chief Medical Director, Swift Specific Co., 715 S. S. S. Laboratory, Atlanta, Ga., and let him help you regain your health and strength. Give him a full description of your case. He is helping people every day (without charge). Ask him to send you his illustrated booklet, "Facts About the Blood"—free. S. S. S. is sold at all drug stores.

Ford
THE UNIVERSAL CAR

Sedan \$660
F. O. B. Detroit
With Starter and removable Rims

Genuine Common Sense

Many Ford owners can afford to own and operate any car they may choose, but they prefer a Ford "because it is a Ford."

For "because it is a Ford" means dependability, ease of operation, efficiency—and it means sure, quick transportation.

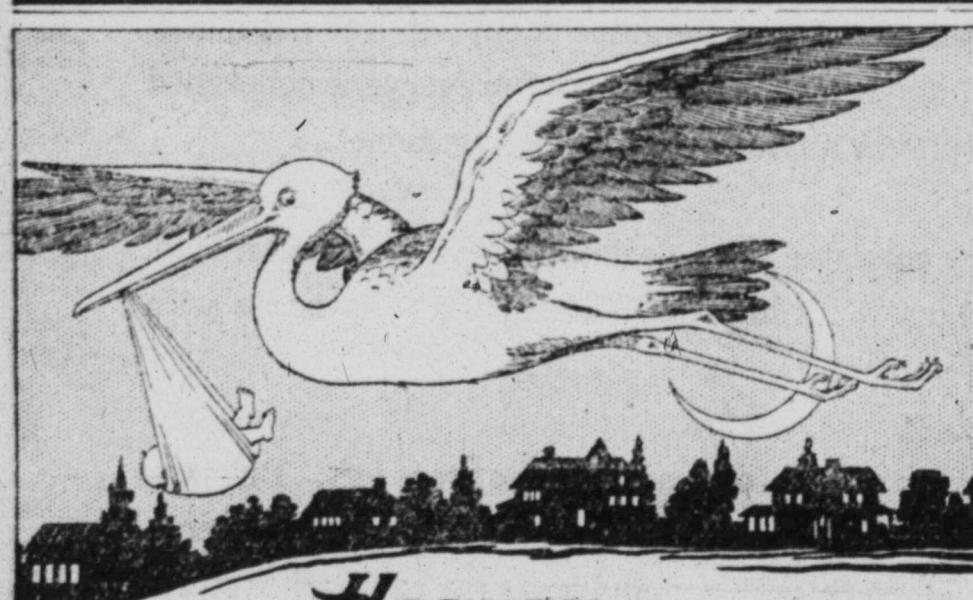

And "because it is a Ford" means good taste, pride of ownership and genuine Common Sense.

The Ford Sedan, a closed car of distinction, beauty and convenience, is the ideal all year 'round car, for pleasure or business—for the farm, town or city. It gives you all that any car can give at a much lower cost for operation and maintenance.

Ford Cars of all types are in great demand, so place your order at once if you wish to avoid delay in delivery.

How an EXPECTANT MOTHER Prepared for Baby's Coming

DO YOU know that thousands of women never really suffer at child-birth? Perhaps you have thought with many others that this should always be the case. But how?

Let Mrs. Mattie Paul, of Ocilla, Ga., tell you. She is one of thousands who has demonstrated this fact:
"As I am a young mother of one baby, I am writing for free booklet to 'expectant mothers.' I used only two bottles of Mother's Friend before I was confined and had a quick and easy time through labor. I can recommend Mother's Friend to all expectant mothers. I will never go through pregnancy without it."

It goes into the features of maternity and gives, in a plain, interesting manner, information about what the mother needs in clothing before baby is born; what clothing will be necessary for the baby; an interesting table as to the probable date of delivery; simple but necessary and helpful rules of hygiene to follow, and much other worth-while information. This little booklet also tells about Mother's Friend and the wonderful good it is doing for expectant mothers.

You, too, can have this booklet for expectant mothers by sending coupon below.

Don't let false modesty keep you from performing this duty to yourself—your family—and your baby.
Send for your copy NOW.

WARNING: Avoid using plain oils, greases and substitutes—they act only on the skin and may cause harm without doing good.

BRADFIELD REGULATOR CO.

ITEMS OF INTEREST FROM THE PRAIRIE

FRESHMEN HAVE SOCIAL

On Saturday evening, October 15, a jolly crowd of College Freshmen met in room 105 for a social. A short business session was called, at which Lila Simms was elected class representative to "Le Mirage." The president, Mr. Olin Hinkle, in a few introductory remarks, made each one feel responsible for the success of the social. He emphasized that any one heard talking of Math 32 or exams would not be allowed to remain. He then introduced a man who had forgotten to "grow up"—Mr. T. M. Clark. He gave two delightful readings which were highly enjoyed.

The social was then turned over to Mr. and Mrs. Ives, who led us in a number of pleasing games. Mirth provoking indeed was the "Art Contest."

To be sure, some of us had difficulty in recognizing our own portraits; but some of these portraits were very good, especially those of Olin Hinkle, Cleo Jones, Grady Burson, and Mr. Ives. At the close of the games, huge boxes of apples and stick candy were passed around, and we were told to "help ourselves."

At 9:45 Mr. Ives announced that Sunday School would begin in exactly twelve hours. With this gentle hint, we left, taking with us the memory of an evening pleasantly spent.

SECOND YEAR NORMAL CLASS COMPLETES ORGANIZATION

The Second Year Normal students met Oct. 11 and elected officers for this quarter as follows:
President—Lee Johnson.

Vice-president—Claire Miller.
Secretary—Verle Fletcher.
Treasurer—Leo Guenther.
"Prairie reporter"—Harry Chenoweth.
Annual Representative—Marie Gardner.
Sergeant-at-arms—Clyde Shueford.
Yell-leader—Davis Hill.
Representative to Students' Council—Fannie Cash.
Entertainment Committee—Rose Nell Gray; Clyde Whitacre; and Ruth Hart.

JUNIORS ORGANIZE

After many false alarm meetings the busy Juniors finally succeeded in organizing for the fall quarter. There are nineteen Juniors here this year, which means that there will be at least nineteen Seniors here next year. The following officers were elected:
President—Birdie Lee Burkhalter.
Vice-president—Clara Bryan.
Secretary and Treasurer—Bernalce Graves.

Representative to Students' Council—Silas Hart.
Prairie Reporter—Paul Stewart.

Mr. Hill recently said in a chapel lecture that minor things sometimes become majors. This coincides with our army experience.

A snap course seems to mean one that requires a great deal of snap on the part of the student in order to make a passing grade.

ONE BRAND-ONE QUALITY- One Size Package

All our skill, facilities, and lifelong knowledge of the finest tobaccos are concentrated on this one cigarette—CAMEL.

Into this ONE BRAND, we put the utmost quality. Nothing is too good for Camels. They are as good as it's possible to make a cigarette.

Camel QUALITY is always maintained at the same high, exclusive standard. You can always depend on the same mellow-mild refreshing smoothness—the taste and rich flavor of choicest tobaccos—and entire freedom from cigarette aftertaste.

And remember this! Camels come in one size package only—20 cigarettes—just the right size to make the greatest saving in production and packing. This saving goes straight into Camel Quality. That's one reason why you can get Camel Quality at so moderate a price.

Here's another. We put no useless frills on the Camel package. No "extra wrappers!" Nothing just for show!

Such things do not improve the smoke any more than premiums or coupons. And their added cost must go onto the price or come out of the quality.

One thing, and only one, is responsible for Camels great and growing popularity—that is CAMEL QUALITY.

The Latest and Best

We offer the Case 15-27 Kerosene Tractor as the king of them all. It is creating a sensation all over the country. It is the result of 77 years of experience of the famous J. I. Case Threshing Machine Company.

It pulls three plows in hard plowing—four plows under favorable conditions. It has abundant reserve power. It burns kerosene successfully and economically.

This sturdy tractor is adaptable for all kinds of drawbar and belt work. It drives a 26x46 Case Thresher with Feeder and Wind Stack. Its pulley is properly placed for convenient "jining up."

It is small and compact and built for accessibility. No tractor is finer. You should become acquainted with its many superiorities, which we will be glad to explain. Don't buy before you see this better tractor.

THEN YOU RECALL THAT RESOLUTION—NEVER TO SEE HER AGAIN

BUT—AW WHAT'S THE USE!

HELLO DEARIE—WHAT? YOU WERE JUST GOING TO PHONE ME TOO! WELL LISTEN—I'M COMING RIGHT OVER

Among the ex-students who came in Saturday for the ball game were Gary Simms of Panhandle, Floyd Golden, Mack Noble and Carl Mauer of Friona, and Lem Sone of Tulia.

Mrs. George L. Simms of Panhandle spent last week end here.

The following students have been elected to the President's Advisory Council: Mody C. Boatright, Senior class; Silas Hart, Junior class; Miss Office Greer, Sophomore class; Miss Arline Rose Freshman class; Miss Fannie Cash, Second Year Normal; Sherman Attaway, First Year Normal; Jack Bennett, Sub-First year Normal; Miss Addie Coffman, Y. W. C. A.; the athletic organizations (boys' and girls') are yet to elect representatives.

While the football game was going on between Abilene Christian College and the W. T. S. N. C. the students of the Training School sold peanuts and popcorn. The proceeds of \$14.00 was to help pay the traveling expenses of Park Lewis to A. M. College.

James Webb of Wichita Falls, who was called home last week on account of the illness of his sister, returned to his work Tuesday.

Mrs. Witt and Miss Marion Witt spent Monday in Amarillo.

Miss Altye Belle McGonagill of Tahoka entered school Monday.

Miss Hattie Dunn went to Amarillo Sunday to meet her parents, who were passing through the city.

Miss Emma Crawford spent the week end with Miss Mary Gault at her home in Vega.

Willie, Lula and Floyd Callihan were guests of Mrs. Paul Callihan at Conway Saturday night. They returned Sunday afternoon.

Louise Orr visited her parents at Panhandle Sunday. She came back Monday morning.

The Arts Club meets for the second time this week. The first edition of the club paper, "The Buffalo Rider," came out last week.

Park Lewis, one of the vocational agriculture boys, has gone to College Station to try out for a place on the stock judging team that goes to Macon, Georgia. All the vocational agriculture boys who were in the contest at Fort Worth are now trying out at A. & M.

MISS ADA TERRILL MAKING GOOD RECORD IN ATLANTA

Miss Ada Terrill, daughter of Mr. and Mrs. R. A. Terrill, and a graduate from the Normal in 1916, is making a great success in Atlanta, Georgia, where she is conducting a course of salesmanship. Besides printing an excellent half tone picture of Miss Terrill, the Constitution of October 16 speaks thus of her work: "The salesmanship course of instruction which is being conducted by the Opportunity School under the direction of Miss Ada Terrill, is one of the best pieces of commercial schooling ever undertaken in Atlanta. Designed to meet the needs of each and every person engaged in selling who realizes that he (or she) does not know all there is to be known about the gentle art of putting the sale over, and who aspires to more knowledge along the salesmanship route, the Opportunity school will give anywhere from one to several hours a day to the sales person who comes up and simply says, 'Tell me.'"

Miss Terrill is particularly well qualified to conduct this course because she is both a trained teacher and a trained sales person.

In 1916 she graduated from a normal school and spent the following year teaching in high school.

She attributes much of her success to her work in sociology and psychology at the University of Texas, where she received her B. A. degree. During her last year in that institution she was student assistant in psychology.

Because of her interest and success in this work she was awarded an honorary fellowship in the research bureau for retail training at Carnegie Institute of Technology at Pittsburgh, Pa.

During the past year Miss Terrill conducted retail training classes in Birmingham. Some of the girls in the classes more than doubled their sales after completing the course.

Miss Terrill, in addition to being the

instructor of the salesmanship course is principal of the Opportunity School, which is a part of the regular school system of the Atlanta schools.

CHRISTIAN CHURCH

The Rev. E. A. Osborne will preach at the Christian Church on Sunday next at 11 a. m. and 7:30 p. m.

The Bible School will begin at 10 a. m. The Union Christian Endeavor will also meet at the church at 6:30 p. m.

WHY A SEA SHELL ROARS

Book of Wonders; The sounds we hear in the sea shell are really air waves of sounds made by air waves, because all sounds are produced by air waves.

The reason you can hear these sounds in a sea shell is because the shell is so constructed that it forms a natural sounding box. The wooden part of a guitar, zither or violin is a sounding box. They have the faculty of picking up the sounds and making them stronger. We call them "resonators," because they make sounds resound. The construction of a sea shell makes an almost perfect resonator. A perfect resonator will pick up sounds which the human ear cannot hear at all and magnify them so that if you hold a resonator to the ear you can hear sounds you could not otherwise hear. Ear trumpets for the deaf are built upon this principle.

Sometimes when you, with your ear alone, think everything is absolutely quiet, you pick up a sea shell and hear sounds in it. But the sea shell will magnify any sound that reaches it.

It would be possible, of course, to take a sea shell to a place where it would be absolutely quiet and then there would be no sounds.

There are such places, but very few of them. A room can be built which is absolutely soundproof.

HELPFUL HINTS

If your engine is slow to warm up these cold days and the hot air intake does not leak, give it a richer mixture by means of the choke valve. But do not do this too long as raw gasoline will be drawn into the cylinders and may result in carbonizing them badly.

Open the relief valves to see if an engine is missing explosions is a good way, but it sometimes fails, as the cylinders often suck in too much air. Speed up the engine by giving it plenty of gas and you will frequently get a burst of flame through the valve from the cylinder you thought was dead.

Keep your motor clean. It will repay the extra effort. A spray pump run by electricity or compressed air is good, but an oil gun can be used if a smaller spout is substituted. The dirt can then be worked down with a long handled brush. If a sprayer is not available a tin can may be used to hold the liquid, but the brush will not be able to reach every part reached by a sprayer.

Gasoline is too dangerous to be employed in this work. You may think you have waited long enough before starting your engine, but there is always danger that some of it may not have evaporated. A flash of flame—and your car may be a total loss. Nothing but kerosene should be used for this work. It cuts the grease and dirt quickly and does not evaporate before you can work it down with a brush. It gives a disagreeable smell when engine is first heated up, but this soon passes away.

COMMERCIAL CARAVANS

Answers: Commercial travelers are using caravans as a means of locomotion, and are finding gypsy life not only conducive to their tastes, but an excellent advertisement.

The interior of such a caravan is fitted up to take samples, serve as an office and living-room, with a place to roost in at night. One vehicle which has just left London for a tour of the midlands and the eastern counties is booking orders and leaving samples of a wood preservative and staining preparation. Another, which may often be seen about the Yorkshire Moors, offers a celebrated blacking for sale.

Commercial caravans should be a success, for a healthier existence there by is almost assured, while heavy rail fares and hotel charges are dispensed with. Quite a number of such caravans are fitted with motors, so slowness of transport could not be advanced in connection with the scheme.

Cream dressing is delicious on watermelon salad.

Half the charm of a salad is in its coldness and crispness.

THE BERTH RATE

Life: In a dining car you pay for the amount that you eat, and Pullman rates will be satisfactory when we pay for the amount that we sleep. 1f

NEW PERFECTION

Oil Cook Stoves and Ovens

A New Perfection Kitchen

A clean, speedy, steady stove means greater kitchen comfort and convenience. That's why 3,000,000 housewives use New Perfection Oil Cook Stoves.

The Long Blue Chimney burner is the secret.

- SPEEDY**—Gives cooking heat instantly—no fire to build. Shortens kitchen hours.
- STEADY**—Flame stays where set, needs no watching. Steady cooking heat without a sweltering fire.
- CLEAN**—Turns every drop of kerosene oil into smokeless, sootless, odorless heat. Keeps kitchen clean, utensils shining.
- HOT**—Drives abundant heat from any flame FULL FORCE against the utensil. Best cooking results.

Complete your kitchen—get a New Perfection Kerosene Water Heater, too. Let us demonstrate the Long Blue Chimney burner.
