NUMBER 8

STORY TO PREACH TWICE SUNDAY AT NORMAL COLLEGE

COMMENCEMENT EXERCISES TO START SATURDAY NIGHT

Full Week of Commencement Programs and Activities—Inter-Society Debate Starts Week.

Commencement exercises will start at the West Texas State Normal College Saturday night and will conclude with the issuing of diplomas on Saturday morning, June 3rd.

Rev. J. W. Story, presiding elder of the Amarillo District Methodist church, will preach the commencement sermon Sunday morning at 11 o'clock and Sunday night will speak to the joint meeting of the Y. W. and Y. M. C. A.

The Inter-Society debate will be held Saturday night with Grady Hazlewood and Hayden Goodnight representing the Cousins and Geo. Terry and J. R. Ray representing the Antlers.

The following will be the program for the week:

The following is the program in full: Saturday evening, May 27, 8:00 o'clock—Inter-Society Debate—Auditorium.

Sunday morning, May 28, 10:30 o'clock—Baccalaureate Address by Rev. J. W. Story, Amarillo, Texas—Auditorium.

Sunday evening, May 28, 8:00 o'clock—Address under auspices Y. M. and Y. W. C. A., by Rev. J. W. Story, Amarillo, Texas—Auditorium.

Wednesday evening, May 31, 8:30 o'clock—Program by the Department of Physical Education—Auditorium.

Thursday afternoon, June 1, 2:30 o'clock—Program by Training School and Granting Training School Diplomas—Auditorium.

Thursday evening, June 1, 8:30 o'clock—Commencement Concert by Department of Music—Auditorium.

Friday morning, June 2, 9:30 o'clock—Class Exercises—Auditorium.

Friday afternoon, June 2, 3:00 o'clock—Base Ball Game—W. T. S. N. C. vs. Ex-Students—Athletic Field.

Friday evening, June 2, 8:00 o'clock—Commencement Play by Department of Expression—Auditorium.

Saturday morning, June 3, 9:30 o'clock—Address by Hon. Charles Thomas of Lewisville, Texas, Granting of Degrees and Diplomas by Pres. J. A. Hill—Auditorium.

Saturday evening, June 3, 8:00 o'clock—Alumni Banquet—Cousins Hall.

Commencement Exhibition

The fifth annual exhibition will be given Wednesday, May 31st, from 2 to 5 o'clock. The special exhibit in Textiles and Clothing will be in the care of the Ninth Grade Sewing class. The departmental exhibit as usual represents the class work done during the year. This work is of an unusually excellent character consisting of plain sewing, dresses and millinery projects.

The entire Home Economics Department will be open for inspection. A cordial invitation is extended to all students to visit us on Wednesday afternoon.

College Art Exhibit

The annual art exhibit will be given Wednesday, May 31st, from two to five o'clock in Room 206. All who are interested are invited to attend.

RECITAL IS PLEASING.

Miss Dessie Mae Steele was presented in recital last night at the Normal auditorium by the Music Department of the Normal. Miss Steele is one of the most accomplished pianists who has ever studied in the school, and her numbers were highly appreciated.

Miss Steele was assisted by J. J. Powell, tenor, who is one of the very best singers who has ever attended the Normal.

WESTMINSTER GUILD MEETS

The Westminister Guild of the Presbyterian church met Tuesday evening at the home of Mrs. Bert Newlin with 18 present. The first hour was spent socially, refreshments being served during this time. The last hour was devoted to the business meeting and a Bible study on the subject of the two Resurrections, conducted by Mr. Hollifield. Five new members were received.

STORK SPECIAL

A daughter was born to Mr. and Mrs. J. L. Duffot Tuesday.

PRAIRIE ELECTION HELD.

Selection has been made of the two men who will look after The Prairie, the student newspaper of the Normal during the summer quarter.

Frank Hill will be editor of the paper. Mr. Hill is now business manager. He is a nephew of President Hill, and his father was a successful newspaper publisher for many years. His home is at Sweetwater. Olin Hinkle will become business manager. Mr. Hinkle has been doing work on the Prairie during the past few years, being a reporter on the paper since it was started. His home is in Canyon.

The new officers take charge of the paper after the next edition.

To Stimulate Interest in Our National Defense

Lt. V. D. Mudge, 7th Cavalry, visited Canyon Tuesday in the interest of the Citizens' Military Training Camp, to be held at Fort Bliss, July 27 to August 26.

The Lieutenant states that this camp is open to young men between the ages of 17 and 27, except in the case of ex-service men, who are eligible up to 35.

The Lieutenant went on to say that the camp is without cost to the individual. The government pays each man's transportation to and from Fort Bliss, and furnishes uniforms, food, quarters, medical attention and so forth free while in attendance at the camp. The only expense that the individual may have to bear is his laundry, but this has not yet been decided. Upon the completion of the month's training the individual is under no further obligation to the government, except the obligation that goes with citizenship.

The purpose of the camp, as summarized by the Lieutenant is as follows: "To bring together selected men from all parts of the state under the most favorable conditions of outdoor life; to develop closer national and social unity; to teach the privileges, duties and responsibilities of citizenship; to show the public by actual example that camp instruction of the kind contemplated is to the liking of their sons; that it will develop them physically, mentally and morally, and will teach them Americanism in its true sense."

Captain Gamble, commanding the local National Guard unit, is in possession of all the information relative to the camp, and will be glad to give any assistance in the preparation of application blanks. The Lieutenant remarked that due to the fact that only a limited number of applicants can be accepted, men intending to go should have their names on record at Fort Sam Houston before June first.

Chorus Will Sing "A Tale of Old Japan" Thursday, June First

The Normal chorus and orchestra will present "A Tale of Old Japan" at the Normal auditorium next Thursday night at 8 o'clock. The poem is by Alfred Noyes, music by S. Coleridge-Taylor.

The solo parts are taken by Miss Margaret Guenther, soprano, Miss Pauline Brigham, contralto, J. J. Powell, tenor, and Rev. E. A. Osborne, baritone. All four of the soloists are especially adapted to their parts.

The chorus and orchestra together with the soloists have been working on the production for the past two months under the direction of Wallace R. Clark. This promises to be one of the most enjoyable features of the big Commencement program.

R. R. SELWAY DEAD.

A message was received Tuesday stating the sudden death of R. R. Selway at Des Moines. Mrs. Selway is a sister of Mrs. C. O. Keiser and Mrs. A. W. Hamill of this city. Mr. Selway had been sick with pneumonia for only a short time, and it was not known that he was seriously ill until Friday.

Both Mr. and Mrs. Selway have visited in Canyon often and have many friends here who are grieved to hear of Mr. Selway's untimely death. Mr. and Mrs. Keiser left Tuesday afternoon for Des Moines.

SHRINERS TO AMARILLO.

The Shrine Ceremonial is being held in Amarillo today and a large delegation from Canyon is going to the big festivities.

SEVENTY FIVE CLUB BOYS WILL ENTER COMPETITION HERE FRIDAY; BANQUET AT HUNTLEIGH HALL AFTER CONTEST

About seventy five boys from the Panhandle-Plains country will be in Canyon tomorrow for the stock judging contest, which will be opened for boys' clubs organized by county agents and in schools which have the vocational agriculture training.

These boys are coming with the county agents and the vocational teachers and will put in a strenuous day judging hogs and cattle in some of the best herds of Randall county.

The Normal Jersey herd and the Duros Jersey hogs at the Normal will be used; the Holsteins and Poland Chinas at the A. B. Haynes farm; the registered Herefords of O. Keiser; and the registered Shorthorns of Dr. C. E. Donnell will be used in the judging contests.

At night a banquet for the boys will be put on at Huntleigh Hall.

The business men of Canyon are urged to buy tickets to this banquet

and attend the meeting as it will be of great interest to the town and community as most of these boys are looking forward to the time when they will attend school here.

J. R. Edmonds of College Station will have charge of the judging contest. The judges for the contest are Profs. C. M. Evans and W. T. McGee of College Station.

The following have notified Frank R. Phillips that they will have teams in the contest tomorrow: P. C. Bennett of Tulia; S. B. Wilson of Floydada; T. B. Medcalf of Matador; R. C. Mowrey of Lubbock; R. O. Dunkle of McLean; Mr. Thompson of Memphis; L. T. Hunter of Childress; N. A. Tisdell of Wheeler; Harman Benton of Amarillo; C. F. Walker of Canyon.

Mr. Phillips states that about ten more county agents have been invited, and have promised to come, but he has received no definite word within the past week.

Ten-Shun! Free Eats; Roast Pig 'un Every-thing for Service Men

All Ex-Service men in Randall County are not only invited, but requested to be at the Palo Duro Post at 8 o'clock sharp Monday night, May 29, for the purpose of getting pep into the Post, organizing a Woman's Auxiliary and to eat roast pig—with all the trimmings.

If you still believe in 100 percent Americanism you will make every effort to be at this meeting.

If you cannot attend, send full name and address, also full names of your mother, wife and sisters.

Buddies! You are S. O. L. if you do not attend this meeting.

No expense. No collection. Everything free.

The Committee.

Cattle Raisers Asked to Pool Calves for Vaccination Bids

C. F. Walker is asking the cattle raisers of Randall county to pool their vaccination business this year and ask for bids upon the entire calf crop of the county. Mr. Walker wants to get at least 10,000 calves in the pool, and believes that he can save the owners from 5c to 10c per head for the vaccination.

After the pool has been formed, bids will be asked for the entire vaccination.

Mr. Walker would like for all who are interested in this proposition to see him at once.

MAKE COMMENCEMENT ADDRESS.

R. P. Jarrett of the Normal faculty was in Mundy last week and Wichita Falls this week to make the commencement addresses of the high schools.

L. F. Sheffy was in Stratford Friday night to make the commencement address.

MARRIAGE LICENSE ISSUED.

John C. Kendrick and Miss Agnes Northcutt, May 18.

E. A. Hoard and Miss Beanna Yarbough, May 23.

THE PRINTER'S BIBLE

Few printers know that there was an edition of the Bible known as "The Printer's Bible." It was run off in 1702, and is called the "Printer's Bible" because in Psalm 119 King David was reported to have exclaimed: "Printers have persecuted me without cause." The word "printers" should have been "princes" in the text.

CHRISTIAN CHURCH

There will be no preaching at the Christian Church on Sunday next on account of the services at the College Auditorium.

Sunday School will meet at 9:30 a. m.

E. A. OSBORNE, Pastor.

Under the direction of archeologists, excavation work has now begun on the Taurine Baths, four miles from Civitavecchia, near Rome. Two-thirds of the baths are underground. They were begun by the Emperor Trajan and remained in use for four centuries. They had a large central hall with reading rooms, beside the baths

COUSINS IS RE-ELECTED

President J. A. Hill received a telegram yesterday from R. B. Cousins, stating his re-election as superintendent of the Houston city schools.

This is very gratifying news to the many friends of Mr. Cousins, who was first president of the West Texas State Normal College, serving until 1918.

It will be remembered that a few weeks ago the school trustees of Houston were called in special session and notified Mr. Cousins that his services would not be wanted for the coming year.

Randall Agent is Helping Pig Club Boys at Askren

The residents of the Askren community have asked County Agent Walker of Randall county to give them some time in pig club work this year and with characteristic energy Mr. Walker has tackled the task. He is planning a big show at the Canyon Fair next year, at which these pigs can be shown, as well as a local show at Hereford. The National Duroc Jersey Record Association will hold a Futurity Show at Canyon and offers to give the Deaf Smith county boys \$25 in cash prizes provided the local people match it dollar for dollar. The Hereford Chamber of Commerce will be asked to do this next week. It is also probable that the county winner will get a trip to the Dallas Fair, as in 1921.

Mr. Walker wants nominations, at \$5.00 each, of entries in Duroc-Jerseys and Poland Chinas. Certain rules must be complied with and cash prizes may be won at Canyon this fall. Full details will be furnished by Mr. Walker upon application. Entries in the classes close June 1.—Hereford Brand.

WILL MAKE WHEAT.

Chas. Sutton was in the city yesterday and states that he has 120 acres of wheat which is doing well, and will make some grain.

Mr. Sutton states that the spring crops are not doing as good as he would like to see.

MILITARY BAND HERE.

The people of Canyon were given a rare treat Sunday afternoon at one o'clock by a short concert by the 14th Infantry Band of the U. S. Army, which stopped off here for dinner on their way from San Antonio to Fort Logan, near Denver.

The purpose of the concert was to direct attention to the Citizens' Training Camp this summer, a more extended statement of which is given in another article in this issue of the News.

Baptist Pastor Will Preach First Sermon Here Sunday Night

Rev. H. T. Aulick will arrive tomorrow with his family to assume the new duty of pastor of the Baptist church.

Rev. Aulick will preach his first sermon at the Baptist church Sunday night, there being no services Sunday morning owing to the Normal commencement sermon at the auditorium.

LLOYD FLETCHER IN RACE FOR DISTRICT ATTORNEY

Lloyd Fletcher, one of the well known and thoroughly popular members of the Amarillo Bar Association, and a candidate for District Attorney, was a visitor here yesterday. His name may be found in our announcement column.

Mr. Fletcher has been a resident of Amarillo for the past twelve years, and for half that time has been identified with the United States Department of Justice. During the war he was special agent in that department and in charge of the Amarillo office.

Desiring to enter the general practice and thus have contact with the district, he resigned more than a year ago. Since that time he has been practicing in the city of this section of the state.

Those who know Lloyd Fletcher have the utmost confidence not alone in his legal ability, but also in his absolute integrity. He has established a reputation for straightforward dealings in private as well as public life that will stay to him in the coming contest. He is a pleasing speaker, a keen student, and uncompromising contender for right. To elect Mr. Fletcher is to make no mistake, for he will look to the best interests of the people.—Amarillo News.

Bond Election Carried Saturday by the Large Majority of 52 to 4

The final step of the consolidation of Common School Districts Nos. 2 and 18 with the Canyon Independent School District was taken Saturday, when the tax payers of the newly consolidated district voted 52 to 4 to assume and pay off the \$500 in bonds which were outstanding against District No. 18.

The consolidation is now completed and the school affairs of the new district all settled so far as the legal side is concerned.

CANYON PEOPLE ATTENDED WEST TEXAS MEETING

MORE THAN HUNDRED GO TO PLAINVIEW TUESDAY.

Normal Has Fine Exhibit—Band Played on the Streets During the Day—Hereford Wins

Plainview was a most gracious host to the annual meeting of the West Texas Chamber of Commerce Monday and Tuesday of this week, when representatives of 92 towns numbering about five thousand, gathered to enjoy the wonder time which had been planned by the city of Plainview. The city certainly did itself proud in the way the crowd was handled, and the way entertainment was furnished during the two strenuous days.

Canyon was represented both days by a good delegation from Canyon. Tuesday was officially named Canyon day, as it was decided to take the band on that day. More than one hundred people from Canyon attended Tuesday, and made up one of the largest delegations in Plainview that day.

The Normal had a fine exhibit at the Garner Bros. store, which drew a good crowd throughout the convention. R. A. Terrill was in charge of this exhibit, and was exceedingly well pleased with the results of the advertising campaign. President J. A. Hill was in Plainview throughout the convention, and spent considerable time distributing illustrated bulletins telling of the Normal. While other bands were off duty Tuesday, the Normal band made three different tours of the various headquarters of the counties represented in the convention, and played selections which were very highly appreciated.

The Hereford band, of which R. N. Brothers of this city is director, won first place in the class of tenor and baritone. Mr. Brothers is bandmaster at the Normal, and the band from Hereford would have stood a good chance at the \$500 prize in Class A had the organization been old enough to enter this class. The Canyon people at the convention were boasting the Hereford organization on account of feeling a personal interest since their director if one of our citizens.

Brownwood military band won first money in Class A.

The convention next year will go to San Angelo. A. B. Spenser of Crosbyton was elected president for the coming year.

RECITAL NEXT MONDAY.

The Music Department of the Normal will present Miss Grace Brewer in a violin recital next Monday afternoon at 3:30 o'clock. Miss Brewer will be assisted by Miss Violet Goad, soprano. The following will be the program:

Concerto No. 9, Op. 104.....
.....Charles De Beriot
Allegro Maestoso
Adagio
Rondo
Shepherd Play a Little Air.....
.....William Stickler
Miss Goad
Romance No. 1 in F, Op. 50.....
Adoration.....Felix Borowski
Maider's Wish.....Chopin-McMillan
Chante Negre An Idyl.....
.....A. Walter Kramer
Rondino.....Beethoven-Kreiser

RAY CAMPBELL MARRIED TODAY

Mr. and Mrs. J. L. Potts announce the marriage of their daughter, Mattie, to Mr. Ray Campbell, Thursday, May 25. At home, Canyon, Texas.

The above is a copy of a card found in the Central Grocery. Mr. Campbell is mysteriously missing. It is certain that he is not in town. So little further information could be obtained, except it has been discovered that several days ago he rented a house for a friend who expects to move here.

COMMISSIONER VISITED HERE.

George B. Terrell, Commissioner of Agriculture, from Austin, was in the city Saturday, visiting with old time friends and for the purpose of getting a better understanding of the agricultural needs of the state.

NOTICE TO ODD FELLOWS AND REBEKAHS

The Panhandle Association of the I. O. O. F. meets at Amarillo, Texas, May 30th and 31st. All Odd Fellows and Rebekahs of Canyon are requested to attend if possible.

Several newspapers of this section have taken a hand in the grand jury case at Amarillo where Governor Neff was summoned to answer as to his pardoning a man. Those which have been most caustic in their criticisms of the Governor have done so with the idea that everything that goes on in the grand jury room is supposed to be a secret. These newspapers have overlooked the very essential point that Governor Neff was not sworn by the grand jury when he was summoned before them and he notified them at the time that he was at liberty to tell what had been asked him by this body. If this body had something else to ask the Governor, as eleven members now claim, the Governor gave them such a blow when they inquired into his pardoning powers that this matter was evidently overlooked, as we have the Governor's word that he was only questioned about the pardon, and the Governor assured newspaper men present that he made the grand jury a rather warm speech for about ten minutes.

France announces that she will try to act jointly with the allies in handling the reparation, but reserves the right to act by herself if Germany does not come across to suit her, and the allies will not come to her viewpoint. France has a short memory. England and the United States kept France by ceasing to be France. She is taking upon herself a role that will soon have Germany upon her neck again and will then be crying for allied help.

The department of justice is after the hordes of profiteers who bled the American people during the war, and incidentally bled the American government in a lot of cases. It has been revealed that six million pairs of spurs were ordered for the army and navy. No time limit has been set to work over the grafters and profiteers. The government is going to take its time and do the job thoroughly.

Indiana and Pennsylvania gave the conservative branch of the Republican party an awful wallop in the primaries last week. Progressives were elected in both states. President Harding's friends lost in both states. The cause of Roosevelt seems to be stronger today in those states than when the strenuous one was alive and on the job.

While of course it is impossible to ascertain the exact per cent of the students who would not be in college if this institution were not located in the Panhandle, Judge Flowers was doubtless conservative enough in his estimate that over half of those now attending the college would be on the farms and ranches of this section if the school were not here.

There is truth in his statement that many do not have the means necessary to sustain the difference in cost of attending college here and at Austin, for instance. But there is one salient factor in the situation which Judge Flowers did not mention. Many are here who would not have gone to college had the school not been located in the Panhandle, not because they lacked the means to go elsewhere, but because without the presence of the college they would have lacked the incentive to secure a college education.

Hundreds of boys and girls are touched directly or indirectly by the school each year, and from this contact receive the determination to continue their education. It would be interesting to know, for instance, how many students are here now partly as a result of having attended the District Interscholastic League Meets in Canyon.

The principal argument against the centralized location of state institutions is that geographical proximity means inspiration, without which boys and girls will not attend college, regardless of the opportunities that a

college several hundred miles away may furnish.—The Prairie.

BLAMING THE NEWSPAPER

The district attorney of Los Angeles having failed to bring the well-known guilty party in the recent "movie" murder to justice, complains that he has been a victim of the newspapers.

He declares that he never said things that he was quoted as saying. The district attorney is probably a liar.

It is a common practice among politicians, officeholding demagogues and other public characters to deny interviews that they made in good faith but which turned out to be boomerangs when put in cold type.

Incidentally, the demagogue, the critic, the knocker and the ignorant are just as much of a problem of country newspapers as of the city newspapers.

The weekly newspaper publisher should remember in his own business that it is human nature in Americans to be always looking for something to criticize. The newspaper, appearing every day, or every week, is the most conspicuous, fixed object in any community and is therefore always open to attack. Then too, the editor, if he is any good at all, expresses his opinion in his paper on everything of interest or importance; that starts everybody who is of opposite opinion.

But no editor, or publisher, should even dream of weakening, because it is also human nature to love a fighter. Express your opinion though the heavens fall, and although numbers will continue to knock you, they and your community will be utterly unable to avoid admiring you—consciously or subconsciously.

P. S.—We rise to remark right here that the country newspaper which hasn't a bunch of critics—even enemies—in its community should at once get busy and acquire a few. It is disreputable to be without them.—Quanah Tribune-Chief.

WHY PINCHOT WON

In conceding Gifford Pinchot's nomination as the Republican candidate for Governor of Pennsylvania, Governor William C. Sprunt makes a damning admission:

"He was able to corral all the dissatisfied elements," said Governor Sprunt, "who are out of sorts with the administration at Washington and at Harrisburg and with conditions generally."

Precisely. And it is not only in Pennsylvania that this dissatisfaction with the administration at Washington exists within the Republican party. Which fact is not contributing to the peace of mind of the leaders.—Star-Telegram.

PERMANENT SUPPORT FOR SCHOOLS

Governor Neff's idea of permanent support for schools will appeal strongly to thinking men and women. Few have gainsayed that historic utterance of the Fathers of the Republic—"Educated mind is the only protection free men desire, the only power they will recognize." It is unfortunately true, however, that Texans have been so laggard in support of education that the commonwealth ranks about thirty-fifth among the states educationally.

Legislative appropriations for education are expensive. They are uncertain. It is impossible to map out a comprehensive program with any certainty that it may be followed. With such handicaps as have been placed about our educational system nine business undertakers out of every ten would more than likely fail.

Permanent support for education means less, rather than more burden. What it does permit is constructive planning so as to get the most for every dollar spent on the education of our children.—Electra News.

NEWS GETS RESULTS

Several months ago the N. W. Ayer & Son, advertising agency of Philadelphia, made a contract with The News to carry on a campaign for the Kellogg Toasted Corn Flakes. This was a new departure for the big concern, as their advertising has been done mostly in magazines heretofore, but they had come to the position that most national advertisers now hold, that the best advertising medium is the country papers of the nation. They paid us our regular rate of 35c per inch, without any quibbles.

Several days ago we received a letter from Ayer & Son, saying that the advertising has paid the Kellogg people so well that they were delighted with the results in Clarendon and they were authorized to make a new contract for the continuation of the campaign. There is no guess work about the matter, because this great concern and every other great concern that carries advertising with The Clarendon News and other country papers, make a careful, cold-blooded check of advertising results and withdraw or place new business accordingly. The Kellogg people are now spending \$28 per month with the Clarendon News, because they know from results that it pays them to spend that amount. They are spending that amount on only one product—one article.

Local merchants ought to be able to get the lesson from this far-off, far-seeing business concern and profit more from the medium of paying publicity than is afforded them. If a national advertiser can make money spending \$28 per month in Clarendon advertising one article, how much more ought a local merchant be able to earn by spending that amount advertising many articles? It's a simple problem and one that you may solve every week, fifty-two times a year.—Clarendon News.

The same thing is true of the Randall County News. The Kellogg people are using this paper. The Clarendon News and practically every weekly newspaper in Texas, not because they love the newspapers, but because it pays them to do so.

Every issue of the Randall County News goes into 90 per cent of Randall County homes, and is read by several thousand people. It is the only publication which goes where the Canyon merchants may expect to get their business. It is certainly a short-sighted policy should any business man decide that it does not pay him to use the News and use it regularly for advertising his business.

Identifying cows by the prints of their noses, in the same manner as the police system of identification by fingerprints, is a new method employed by the University of Minnesota to prevent unscrupulous dealers taking advantage of pedigreed livestock.

A canary bird wholesaler in Omaha has the trademark "Living Music Box," stamped under the left wing of each bird with indelible ink. He places a high value on this trademark.

Ownership of two or more dogs is a "luxury" in Germany and heavy taxes are imposed under a new schedule.

IF SMELL COUNTS ANYTHING

The Reporter editor does not know a high grade from a low grade of crude oil, but if there is anything to the smell, that which is being drawn from the Dial No. 1 is exceedingly high class. It has "Mary's breath," corn whiskey or Camel cigarettes whipped to a finish, and you will admit that that is some smell. Billy Christian says the pole cats are quitting the vicinity of the Dial and he thinks they are moving over on the Palo Duro.—Spearman Reporter.

METHODIST CHURCH

There will be Sunday School at 9:45. The lessons are great. Excellent teaching, splendid fellowship.

We will worship at the College Auditorium both morning and evening. The Baccalaureate sermon to the college graduates will be at the morning hour, and the sermon at the evening hour will be under the auspices of the Y. M. and Y. W. C. A.

There will be no Epworth League service.

J. H. HICKS, Pastor.

Twenty French soldiers were killed and many wounded recently when, while searching for hidden areas, a spade struck the detonating mechanism of a hidden mine in Silesia.

The people of the United States will present to Brazil a statute of liberty on the one hundredth anniversary of the Republic of Brazil. The statute is of bronze. Liberty, holding a branch of laurel in her right hand, with her left, supports the flags of the United States and Brazil intertwined with laurel and palm. At the base are figures of George Washington and Abraham Lincoln, representing America, and Rio Branco and Jose Bonifacio, representing Brazil.

USE BRICK

Vitrified brick pavements are smooth, easy riding and stay so. Write to Thurber Brick Co., Ft. Worth, Texas.

LIFE WISDOM

Most men of action incline to fatalism, and most men of thought believe in Providence.—Balzac.

Such as are thy habitual thoughts such also will be the character of thy mind, for the soul is dyed by its thoughts.—Marcus Aurelius.

Every one is the son of his own works.—Cervantes.

Have faithfulness and sincerity as first principles.—Confucius.

What is good is difficult.—Plato.

Power dwells with cheerfulness.—Emerson.

If you want to be miserable, think about yourself, about what you want, what you like, what respect people ought to pay you, and what people think of you.—Charles Kingsley.

Fear is cruel and mean.—Emerson.

Sweet is pleasure after pain.—Dryden.

In reserves men build imposing characters not in revelations.—Herman Melville.

Men should bear with each other. There lives not the man who may not be cut up, ay, lashed to pieces, on his weakest side.—Kant.

You traverse the world in search of happiness, which is within the reach of every man; a contented mind confers it on all.—Horace.

Trifles make perfection, but perfection is no trifle.—Michael Angelo.

Every spirit makes its body; but since the body confines its spirit, the body should be kept in good order.

To act in accordance with our knowledge of right and wrong is the moral part; to know right and wrong is the intellectual part.

English boys between the ages of 15 and 18 are wanted in South Australia for farmer apprentices. They are to be paid four shillings a week pocket money, the remainder of their earnings to be placed to each lad's credit in the state treasury at four and one-half percent interest, the entire sum being turned over to him at 21.

The Navy Department estimates it will cost \$2,800,000 to offset the damage done dikes, wharves and quay walls, by the teredo. The teredo is a marine animal, a bivalve, which bores its way into a pile. Teredoes sometimes reach four feet in length and of the thickness of a man's thumb.

Many Elks have been killed in the Olympic peninsula of Washington to obtain teeth for lodges. Investigations made through Federal and state agencies indicate that 100 were killed in the Olympics alone to secure teeth which were sold in eastern cities for as high as \$50 each.

Anesthetics were known and used by the Chinese thousands of years ago.

The first canoe trip through the Panama Canal was recently completed. The 48 miles was made in 10 hours and 55 minutes.

Fifteen clergymen are working as floor walkers in New York City department stores to eke out their meager salaries.

A baby man-eating shark, hungry and vicious, was found as a stowaway in the bilge of a ship put in drydock in New York for repairs.

Happy Happenings

The M. E. Woman's Missionary Society will meet at the home of Mrs. J. P. White Thursday afternoon for a social meeting. Every member is urged to be present and on time. They will have a bazaar Saturday at the Miller picture show building. Dinner will be served at 12 o'clock and ice cream and cake throughout the day. Numerous articles are being made to be sold.

The Junior Sunday School class under the supervision of Mrs. C. A. Akers will present the Missionary program at the M. E. church next Sunday morning. Everyone is extended an invitation to our Sunday school.

Mr. and Mrs. Lester Jones and family returned Monday from a week's visit with friends and relatives in Amarillo.

J. E. Miner is just recovering from a serious sick spell.

Misses Eva McManigal, Gladys Miller, Fernie Franey and Edith Bandy, and Winfield and Willard Miller, Warren Wallberg, Harry Harrison and Hobart McManigal spent a very enjoyable time at the home of Misses Winnie and Pauline Grounds Sunday.

Tral Barnard visited friends in Canyon Sunday.

Misses Mary Burch and May Lyons of Canyon were in Happy Sunday afternoon.

Tom Bandy made a business trip to Arney Monday afternoon.

The Sunday School record for the M. E. Church was broken Sunday for the third time in the month of May. We had 159 present and 14 new members. This is the best report this Sunday School has ever had. Bro. Wilkins states it is the best Sunday School he ever saw. The Northwest Texas Conference championship lies between the M. E. Sunday School on Buchanan street, Amarillo and Happy. We are proud of our Sunday School.

Mr. and Mrs. Charlie Trebesch, Mr. and Mrs. Earl Cowan and Mrs. Earl Whitley went to the six mile crossing near Canyon Sunday afternoon.

Ernest Miller and Coyle Shenefelt were in Canyon Sunday afternoon.

Altie White and Van and Vanus Foster were in Canyon Sunday.

J. W. Denis, who has been teaching a singing school at Union Hill will be here next Sunday afternoon to help with the singing. Everyone is invited to come and everyone should come. He will bring his Union Hill choir with him. We are sure the singing will be excellent. The singing will be held in the Methodist church, beginning promptly at 3 o'clock. Mr. Denis will bring his Tulla and Kress choirs with him also.

The graduating exercises of the grammar department were given in the school building Monday evening. The stage was beautifully decorated in the class colors, gold and white, and with the beautiful class flower, the daisy. Their motto, "Our Goal is the Mountain Top" was on the wall at the back of the stage made of the daisies. Those in the graduating class were: Gladys Miller, Ina Bandy, Lester Knox, Irene Ham, Hazie Brown, Herman Miller, Mary Robeson and George Uselding.

A. L. Harrison presented the diplomas to the graduating class and congratulated them. Best wishes and many hearty congratulations go with these young people as they go from the grammar school to high school and much good luck for the future is now

bestowed upon them.

Mrs. Charlie Trebesch entertained the Junior League at her home Monday afternoon. The afternoon was spent in sewing as they were making an animal quilt to be sold at the bazaar next Saturday. The Juniors spent a very enjoyable afternoon.

Mr. and Mrs. Earl Cowan were shopping in Plain on Friday.

The Baptist ladies will give a bazaar at Miller's Cafe Saturday, June 3.

The Presbyterians had planned to dedicate their church Sunday, May 21, but on account of not having the seats the dedication services have been postponed.

Dr. Bowling of Waxahatchie held services at the school house Sunday morning and evening.

Mr. and Mrs. R. L. Grigsby, who have been teaching near Kress, are at home now, their school having closed Friday.

The Baptist Ladies are having their church papered this week. Mr. Kirkpatrick is doing the work.

Miss Flossie Jones spent Saturday night with relatives in Amarillo.

Mrs. G. W. Jones and sons, Harvey and Oswald and Dan Foster and Carl Whitley went to the six mile crossing Sunday.

Mrs. Walters, Miss Dora Walters and Mrs. Vincent Grounds of Wayside were shopping in Happy Saturday.

John Flesher and family of Canyon were visiting here Sunday.

The High School commencement exercises were held at the school building Tuesday evening. There were three girls, Essie and Ethel Martin and Lorena McGuyer, and two boys, Roye Aikman and Harvey Harrison in the class. The welcome address was delivered by Leona McGuyer. Essee Martin gave "America," and Ethel Martin gave the valedictory. Mrs. F. M. Shenefelt and Miss Annie Crawford sang "Whispering Hope" and Miss Crawford played a solo appropriate for the occasion. Prof. Johnson of Canyon delivered an able address on "Life" which greatly benefited everyone. Mr. J. O. Bradenbaugh of this place made an interesting talk and then presented the diplomas. The paths of these high school graduates have been filled with congratulations and best wishes go with them to their higher institutions and ambitions of life.

Misses Annie Crawford and Vellie Dison and C. W. Woodburn and W. E. Grounds went to Canyon Tuesday afternoon and accompanied Prof. Johnson to Happy.

Miss Irene Wren returned Tuesday from Wayland College where she has attended school this winter.

Mr. and Mrs. F. C. Scott and Mr. and Mrs. H. H. Stephenson and Miss Mildred Zoellar accompanied the Baptist intermediate girls and boys to the canyons Wednesday.

Pansy and Sanford Arnold left Sunday for Pampa where they will make an extended visit with relatives.

Mr. Rowe, a photographer from Amarillo is in town now.

The "Museum of Hate" is a new section of the French war museum in Paris, filled with German documents and medals collected since the armistice.

An act recently passed by the Argentine Parliament prohibits the consumption of alcoholic beverages in any building occupied by a firm employing women, persons under 18, or children.

Wayside Items

Rev. Hall delivered two good sermons Sunday. Good attendance.

Miss Ada Franklin is visiting with her sister, Mrs. R. L. Kerlin, in Amarillo.

Hobson Burroughs who has been in California for the past three months arrived back at Wayside last Saturday night.

Mr. Rushing of Floydada, who was visiting relatives in Canyon, motored to Wayside Sunday. He was accompanied by Joe Williams and his two daughters, Grace and Monnie. They visited at the W. J. Sluder home.

J. S. Sluder and Mack Gillham motored to Amarillo one day last week.

Jimnie Newsom of near Vigo Park visited with his little friend, Robert Holland last week.

Marvin Sluder carried the mail for D. J. Graham two or three days last week.

Mrs. C. L. Gordon-Cummings, her two daughters, Alex and Kathleen, and a friend from Amarillo visited Wayside relatives Sunday.

Listening, one may hear wedding bells in the Fairview community right soon.

More than \$2,000,000,000 is invested in the coconut industry. Many crushing mills have been established in the Dutch East Indies, the Philippines, Australia and French Oceania. By crushing the oil from the nut where the nuts are grown freight is saved and the fresh copra yields a better product. The residue left after pressing the copra for oil is called "pog-nac" and commands a high price in Europe, as livestock food.

The Secretary of the Navy has announced the closing of naval radio stations to public use for broadcasting speeches, lectures or any form of non-official communication, excepting musical programs to be picked by radio telephone. The issuance of the order followed the use of the naval radio service by members of Congress addressing their constituents on political subjects.

Mammoth Cave, of Kentucky, may be sold under the hammer. The 3,000 acres at the entrance to Mammoth Cave are in private hands under the terms of a will, which dictated that the land must be held in trust until the last of the named heirs died when it is to be sold at public auction in its entirety.

Coal is being mined under the sea off the coast of Nova Scotia. The mouths of the mines are on shore and funnels are driven through the coal under the water. Great care must be taken to prevent inundation from the sea, and the mining engineer takes care not to break or distort the strata lying above the coal seams.

Such words as "wine" and "beer" and the names of other intoxicating drinks are recorded as "obsolete" in the revised edition of the Encyclopaedia Americana.

SENIORS ENTERTAINED

The Seniors enjoyed a most delightful social Saturday evening, May 20, given by Mrs. Jim Coffee at the home of Mrs. James Vetsch. We could hardly realize that we were meeting as a class probably for our last time. We were very sorry because some of our Seniors could not be present, but they will never have any idea of what they missed.

The evening passed away very rapidly by games, in which every one took part. We all tried to act like dignified Seniors the best we could but we mimicked the "Freshies" up and down. The musicians of the class entertained us with popular "hits" which were sung by the class.

The following Seniors and teachers were present:

Herschell Coffee, Ola Robeson, Jack Foster, Edith Harrison, Kermit Schramm, Myrtle Lon Biggers, Doyle Gregory, Edna Schramm, Lexie Pierce May Slack, Robert McGee, Hazel Findley, Leslie Key, Amelia Hazlewood, Oakes Younger, Gladys Campbell, Sidney Todd, Ruth Burnett, Birch Campbell, Billie McClure, Roy Campbell, Lillie Mae Fogarty; Supt. C. L. Sone, Miss Margaret Whitaker, Mr. and Mrs. L. A. Cooper, Miss Thompson.

Although we have left our high school career we are going to try to stick together and all go to college and enjoy a happy good time while there.

At a late hour ice cream and cake were served. Little Misses Annie Mae and Leona Vetsch with the help of some of the Seniors served the refreshments.

An instrument has been devised at the Oregon Experiment Station to indicate just when pears have reached the right stage of maturity for eating, canning or shipping. It consists of an apparatus which measures the pressure required to punch shallow holes one half-inch in diameter in the flesh of the pear. Bartlett pears requiring 35 pounds pressure to make the perforations are ready for picking and long-distance transportation.

Thousands of Chicago families plan to move "under canvas" May 1, in an effort to meet the rent problem. Tents will be pitched on vacant lots and forest preserves, according to the Chicago Tenants' League. Tent manufacturing concerns have agreed to supply tents at wholesale prices.

Travelers report that the price of a room in a first-class hotel in Vienna is anywhere from 5,000 to 40,000 crowns a day. Forty per cent of this goes to the municipality. A similar tax is imposed on the charge for heating rooms and there is a tax of 10 per cent on the cost of meals.

You cannot poison a hen with strychnine. Chickens and wild gallinaceous birds are practically immune from this poison.

A once famous bar in Chicago is now a library with books for theatrical folk and downtown night workers and pleasure seekers.

W. C. BAIRD
J. A. GUTHRIE

A black-headed albatross followed a steamship across the North Pacific for 3,000 miles without once furling its wings. It started from a small island near Japan and when the ship was 1,900 miles from the nearest Alaskan port, it turned abruptly and flew toward the west.

In the hope of building up a sturdy race the government is aiding the back-to-the-soil movement for native Hawaiians. A demonstration farm is in operation on Molokai Island. France is issuing new 50-centime coins in bronze aluminum.

One Hundred Years Hence

You often hear this said: "Oh, what's the difference? One hundred years from now things will be much the same for all of us."

All right. Admit it. By that time we will all surely be out of the running. But how about 10 years from now? Or 20 years from now? Then what? Well, at that time the person who is saving and carefully deposits and invests his money will probably be taking the world easier; that's all.

We can't well look forward a hundred years, but the shorter period demands the attention of all thoughtful people.

ARNOLD & POTTER
ELECTRICIANS

20,994 MILES AND TREAD ONLY 1/3 WORN

Firestone CORD TIRES

The tire section above at the left shows the condition of a Firestone 33x4 1/2 Cord Tire after 20,994 miles on a Yellow Cab in Chicago.

The section at the right was cut from a new Cord of the same size. Careful measurements show that only 1/3 of the tread of the tire on the Yellow Cab has been worn away after this long, gruelling test. The new tire is intact after more than 11,000,000 revolutions.

Firestone Cords have averaged over 10,000 miles on Chicago Yellow Cabs (1,200 cabs all Firestone equipped). In thousands of instances, they have given from 15,000 to 30,000 miles.

Look at the tread—scientifically angled against skid, massive and heavy in the center where the wear comes, tapered at the edges to make steering easy and to protect the carcass against destructive hinging action of high tread edges. The carcass is air bag expanded to insure uniform tension and paralleling of every individual cord. It is double "gum dipped" to make sure that each cord is thoroughly insulated with rubber.

This is the reason why Firestone Cords unfailingly deliver extraordinary mileage. It explains the unanimous demand of thoughtful tire buyers for these values. The local Firestone dealer will continue to provide the personal service that makes Firestone tire comfort and economy complete.

President Hill announces that the following teachers have been selected for the summer normal in addition to the ones that have already been announced:

Miss Floy Lewis, M. A., Columbia University and former instructor in South West Texas State Normal at San Marcos, has been elected as substitute in the kindergarten department in the place of Miss Mary S. Yocom who has been granted a leave absence for next year in order that she might study in Columbia University.

J. J. Powell, president of the 1922 graduating class will serve as substitute for one year, for Miss Gilda Gruver in the mathematics department. Miss Gruver will also attend Columbia University next year.

Mrs. Henrietta Scott of Dallas, formerly a nurse in Southern Methodist University will succeed Mrs. Marr as nurse of the College.

Miss Jessie E. Rambo, head of the home economics department, and for the past year absent on leave at the Columbia University, will resume her position as head of the department June 1.

Miss Edna Graham of the mathematics department, who likewise has been absent on leave this year and who will receive her M. A. degree from Columbia University in June will return the first of the month and resume her position with the West Texas State Normal College.

Wednesday, May the seventeenth, the three debating teams, Lester Hill, A. D. Payne, Grady Hazlewood, Emmett Hazlewood, Allen King, and Virgil Dodson with their coaches, Messrs. Duffot, Sheffy, Clark, Jarrett, and Misses Brown and Phillips were honored with a six o'clock dinner at the home of President and Mrs. J. A. Hill. The dinner was delayed 30 minutes while waiting for the Coach to shave. We lost no time after we got started, nor remained long when we had finished as most of the boys "had to study."

A bad sprain heals slowly if not treated with a remedy that has the power to penetrate the flesh. Ballard's Snow Liniment is especially adapted for such ailments. Three sizes, 30c, 60c and \$1.20 per bottle. Sold by Jarrett Drug Co.

COUSINS HALL HAS BULL DOGS FOR DINNER

The Clarendon Base Ball Team were guests of President J. A. Hill at luncheon Friday, May 12, at Cousins Hall. Mr. Odus Mitchell, star first-baseman of the Buffaloes, Frank Hill, and Davis Hill accompanied the team. Whether the Bull Dogs were the bigger treat to the girls or the girls to the Bull Dogs, was hard to determine. At any rate, the meal was enjoyed.

A pie supper was given on the night of May 9, on the Normal campus, the proceeds of which were donated to the Gregg Cousins Memorial Fund. Altho there were but a few present, the thing went off wonderfully well, with pie eating contests, and interesting games. The amount raised was \$23.25.

President and Mrs. J. A. Hill complimented the base ball team with a six o'clock dinner Saturday, May 13. The following husky Buffaloes reported and did justice to the occasion:

Coach Burton, Captain Lewis Hill, Bernice Graves, Clyde Whitacre, Gus Miller, Odus Mitchell, Foye Terry, Everett Key, Ira Jenkins, Law Sone, Lem Sone, Enoch Dawson, Grady Burson, Howard Lemon.

WINS DISTINCTION IN DENTAL COLLEGE

George G. Ingham, son of Dr. and Mrs. S. L. Ingham, and former student of this institution is receiving his degree of D. D. S. from the Dental Department in Baylor University this year, having completed a regular four-year course in dentistry.

Among offers he has received may be mentioned the places of Instructor in Crown and Bridge Work, and Assistant of Oral Surgery, in the Hospital-Clinic of Baylor. He is undecided whether to accept one of these positions or to begin practicing dentistry at once.

INTERESTING HOME EC. WORK OF TRAINING SCHOOL GIRLS

For the past few weeks the Eighth grade cookery class has been having a series of interesting and instructive lessons. The preparation of one-meal dishes during the past year's work has culminated in the study of simple menus. The girls have prepared and served an informal breakfast and luncheon, the menus having been planned

Catarrhal Deafness Cannot Be Cured by local applications, as they cannot reach the diseased portion of the ear. Catarrhal Deafness requires constitutional treatment. HALL'S CATARRH MEDICINE is a constitutional remedy. Catarrhal Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result. Unless the inflammation can be reduced, your hearing may be destroyed forever. HALL'S CATARRH MEDICINE acts through the blood on the mucous surfaces of the system, thus reducing the inflammation and restoring normal conditions. Circulars free. All Druggists. F. J. Cheney & Co., Toledo, Ohio.

by the girls themselves. In order to familiarize the girls with table etiquette, the class has been divided to serve a series of different meals where they serve in turn as host, hostess or guest. The girls have also entertained the members of the department and some of their young friends, with tea. This training in table service has given them a poise that comes through learning to do by doing.

The satisfactory meals served by the children show the cumulative results of the good work of Miss Wood, critic teacher of the training school class, and practice teachers, Irene Cox, Margaret McCabe, Gertrude Daniels, Minnie McCarty, Agnes Roberts, and Mary Sue Gray.

White's Cream Vermifuge is certain destruction to intestinal worms. It is harmless to children or adults. Price 35c. Sold by Jarrett Drug Co. 514

NORMAL SCHOOL STUDENTS WIN SHORT STORY PRIZES

Mrs. Alice Weaver is the winner of second place in last week's short-story contest being conducted by "The Fort Worth Record." Mrs. Weaver received a check last Tuesday with the announcement that her story "Great Heart of the West," had been rated second in last week's contest.

Mrs. Weaver is the second student in the Normal School to receive a prize in the series of contests conducted by "The Record." Jack Bennett about ten days before had been awarded one of the prizes given the five ranking below second place.

REGENTS MEET IN AUSTIN

The Board of Normal College Regents met in regular annual session at Austin, May 6. Faculties were elected for the various schools for the ensuing year and other routine business transacted. Contract was let for the erection of the administration building of the Stephen F. Austin Normal

College at Nacogdoches. This school will be opened in 1923 under the presidency of A. W. Birdwell of San Marcos, Texas, who is now Professor of History and Dean at the Southwest Texas State Normal College.

The Board complimented the West Texas State Normal College upon the work it is doing and upon its outlook. The institution made a most favorable impression upon its guests on the occasion of the recent visit of the Board and the Governor and has reason to believe that it rendered the whole Normal College system a distinct service.

Lightning struck and demolished the belfry of the cathedral in the ancient city of Nepi, Italy, while 2,000 parishioners were listening to a sermon recently. No one was injured. The cathedral was built in the fifth century on the site of the ancient temple to Jupiter.

Coal-tar possibilities are far from exhausted, according to experts. New remedies, new colors and new perfumes are awaiting release and in the next few years many new products are predicted.

It has been found that certain kinds of paint on the walls of auditoriums do away with objectionable echoes or greatly softening them.

An attack of heartburn or indigestion calls for a dose of Herbine. It relieves the distress instantly and forces the fermented food into the bowels. You feel better at once. Price 60c. Sold by Jarrett Drug Co. 514

How to Make Child-birth Easier!

Do you wish to know how thousands and thousands of women have gone thru motherhood without knowing some of the pains and discomforts incident to childbirth? Listen to this:

Motherhood creates almost a new state of being for a woman.

As a result, new nerves, those heretofore restful and quiescent, spring into activity, they cry out, they tingle, they burn in their unrest.

The network of nerves across the abdomen, the loins, the back and other parts now become super-sensitive. All these nerves are being called on to perform unusual duties.

These nerves must be pacified and comforted; must be put in condition for the crisis that is pending.

If these nerves are not soothed and quieted, they may set up aggravated nerve tension, increasing in severity from month to month, sometimes even culminating in a nervous paralysis of the back and limbs. This leaves the mother-to-be in a condition where she is unable, fully, to meet the test when the climax of maternity arrives.

WARNING: Avoid using plain oils, greases and substitutes—they act only on the skin and may cause harm without doing good.

Mother's Friend is used externally as a massage; and its purpose, thru daily use, is to gradually, gently and effectively relax the muscles and nerves involved in the function of child-bearing; to make the skin soft, pliable and elastic so that it may expand easily and naturally as the abdominal parts enlarge—thereby relieving the tension and strain on these muscles and nerves of the otherwise severe distension before delivery.

Mrs. C. J. Hartman, 515 Palm St., Scranton, Pa., says:

"I am willing and anxious to tell any mother about Mother's Friend. It did me so much good that I wouldn't be without it if it cost \$5.00 a bottle. With my first two children I had a doctor and a nurse and then they had to use instruments, but with my last two children I only had a nurse; we had no time to get a doctor because I wasn't very sick—only about ten or fifteen minutes."

Many doctors and nurses recommend Mother's Friend. It contains no narcotics, or habit-forming drugs and is perfectly harmless. All drug stores carry Mother's Friend.

Fordson TRACTOR

"Yes I've more Time for Myself Since I Got a Fordson"

The Fordson Tractor is taking much of the drudgery out of farm life; it is solving the labor problem; it is reducing the cost of preparing land by almost one half of what it was with horses; and it is saving one third to one half of the farmer's time; and making farm life more attractive.

The Fordson will run your threshing machine—and at the most opportune time for you. It will operate the milking machines, saw your wood, fill your silo, pump the water, and take care of every kind of belt work—

And don't forget—it will plow six to eight acres in a ten hour day, handling two plows with ease.

Thus the Fordson is the ideal year-round tractor. It will pay for its fall and winter keep in many ways.

There's a big story to tell you about the Fordson—and a true one—come in and get the facts. Or, if you prefer, telephone or drop us a card and we will bring them to you.

REDFEARN & GERALD

Hereford Sheriff Lands Six Men and Four Women in Jail

Hereford Brand: It's getting so that an honest bootlegger or a well-intentioned auto thief cannot ply his trade in Deaf Smith county, Texas, without the High Sheriff buttin' in and messin' up everything.

At least that is what six young men and four women of Amarillo are thinking about now, not to mention several would-be thirst quenchers who have lost their stock in trade while using the highways of Deaf Smith county during the past year or so.

Last Saturday night an Essex touring car belonging to the First State Bank & Trust Co., of Hereford was coolly swiped from in front of the picture show, within the circle of light from the White Way, driven out five miles east, turned around, and stripped of its cushions, tires tools, and everything else removable.

Thursday night six men of Amarillo repined in the Potter county jail, three charged with theft, three as accomplices, and four women were also in the toils of the law charged with being connected with the crime.

According to one statement read by a representative of The Brand, all of the above mentioned people were named as composing a "party" that drove to Sulphur Park Saturday night and returned at a late hour to Amarillo. Three of them came into Hereford, took the Essex out on the road and stripped it. Reports from Sulphur Park that someone broke a chain on one of the gates Saturday night.

Sheriff Purcell started on the trail at once and did not come back until Thursday night, with the job completed. He says he slept little during that time. He smiled when asked how he figured out his Sherlock Holmes stunt and got on the trail. He worked out the case at Amarillo, located his people and the loot, down on the Bowery, then called on the Potter county sheriff and aids when a grand haul was made. The stuff taken from the Essex has been returned to the owners and the grand jury reconvened Thursday afternoon to take up the cases.

Amarillo officers said there was no doubt but that this gang have been operating around that point for months, but it took the Deaf Smith county sheriff to show the way and nail them. Sheriff Purcell is receiving the congratulations of his friends for his splendid piece of sleuthing work.

Pleasantview Items

Literary Society met Saturday evening with a good attendance. Braden Vetesk was elected newspaper reporter.

The school children gave an interesting program Sunday evening at the Epworth League.

Rev. Marvin Brotherton preached an interesting sermon Sunday evening to an attendance of about sixty.

J. D. Gamble and family visited the Epworth League Sunday evening.

Nine sheep strayed away from John Vetesk's farm lot Saturday evening.

Quarterly Conference meets at the school house Saturday, May 27. Rev. Hardy will preach at 11 o'clock. Dinner will be served on the grounds.

Miss Viola Vetesk completed a successful school year last Friday. There was an enrollment of twenty-six pupils and twenty-two remained until the end of the school year.

Rev. A. B. Haynes and family went to Silverton last Saturday.

Three hundred thousand francs was paid for a one cent British Guiana stamp, issue of 1856, black on carmine, sold recently at an auction sale of the famous Baron Ferrari collection in Paris. The state tax of seven-teen and one-half per cent added to the cost price made it the highest price ever paid for a stamp in France.

Truck patches are being worked by many of the 155,000 idle anthracite workers of Wilkes Barre, Pennsylvania. Cabbages and potatoes are the favorite crops.

For every purpose for which a liniment is usually applied the modern remedy, Liquid Borozone, will do the work more quickly, more thoroughly and more pleasantly. Price, 30c, 60c and \$1.20. Sold by Jarrett Drug Co.

V. E. Long to L. T. Lester, lots 1, 2, and 3, block 60, Canyon City. Consideration \$100.

LETHARGIC PRINTING OFFICES

Lubbock—Avalanche:—Some wise guy has conceived the idea of establishing a State printing plant to be used in the printing of the free text books for the schools. It is an established fact that printing of this kind can be done, by contract, much cheaper than maintaining a printing office.

Dallas News: Probably no efficient, industrious, sagacious and adequate business man could find a more appropriate walling place than a Government-operated printing office. A printing office, even under the most competent manager, eats up money like a cow laps up bran. Such an establishment given over to the leisurely and circumlocutory methods of a bureaucracy would make a regular business man weep tears as big as wooden heads. There is every good reason to believe that the great Bureau of Engraving and Printing at Washington is a small hive, moldy with antiquated methods and cobwebbed with time-serving political printers. State Press, although he has worn the Democratic collar until his neck is altogether unfit for decedite dress, was rather in sympathy with President Harding's dismissal of a score of men from the Government Printing Office "for the good of the service." He doesn't know the name of a single one of the dismissed men, but if he were of a sporty disposition he would wager his racket store collar and tie against a soft drink that the service was at least temporarily improved by the change. Imagine each State having a Government-owned and operated printing office—imagine it and pity the tax payers even as you pity the shorn lamb under the lash of Zero. No people are so pitiable as those who must toil in common pursuits to support, as in Russia, a socialistic bureaucracy whose most distinguishing

S. S. S. Fills Out Hollow Cheeks, Thin Limbs!

Men and women, whether you will ever build yourself up to your normal, just-right weight depends on the number of blood-cells in your blood. That's all there is to it. It's a scientific fact. If your blood-cell factory isn't working right, you will be run-down, thin, your blood will be in disorder, and perhaps your face will be broken out with pimples, blackheads and eruptions. S. S. S. keeps your blood-cell factory working full time. It helps build new blood-cells. That's why S. S. S. builds up thin, run-down people, it puts firm flesh on your bones, it rounds out your face, arms, neck, limbs, the whole body. It puts the "pink" in your cheeks. It takes the hollowness from the eyes, and it fools Father Time by smoothing out wrinkles in men and women by "plumping" them up. S. S. S. is a remarkable blood-purifier. While you are getting plump, your skin eruptions, pimples, blackheads, acne, rheumatism, rash, tetter, blotches are being removed. The medicinal ingredients of S. S. S. are guaranteed purely vegetable. S. S. S. is sold at all drug stores, in two sizes. The larger size is the more economical.

characteristics are witlessness and indolence.

When your breath is bad, appetite poor, and you feel "blue" and discouraged, you need Herbine. One or two doses will set you right. It is a great system purifier. Price, 60c. Sold by Jarrett Drug Co. 564

Penrhyn Ceduraeth, Wales, pays no taxes. A movie proprietor rents the town hall on shares and when the balance sheet was presented recently it was discovered that the municipal movie had done away with the necessity for levying any taxes for the coming year.

Fraternal beneficiary societies obtain more than 1,000,000 members annually, according to the secretary of the National Fraternal Congress of America, which has a membership of nearly 10,000,000 persons, and embraces 93 organizations.

In a contest at Shanghai between a Chinese adept in the use of an abacus and an American adding machine salesman, the abacus was badly worsted. The many spectators present were impressed with the superior accuracy and speed of the American product and its ability to compete successfully with its great rival.

Furs from the Hudson's Bay Company at Cartwright, Labrador, are being sent to the fur markets of the world by airplane. Owing to the late opening of navigation, the fur would not have reached the market until October, but the planes carried it to St. Johns, Newfoundland, in a day.

London University, with an enrollment of 20,000 students, makes the claim of the largest attendance of any institution of learning in the world.

A helium-filled dirigible is easier to handle in the air. According to government experts who have been experimenting, the helium-filled ship is steadier and moves with greater momentum than an airship filled with hydrogen. Helium gas is twice as heavy as hydrogen and has 92 per cent of its lifting power.

Thousands of dollars are extracted by beggars each night from the New York City theatre crowds. Earnings up to \$60 an hour have been reported.

A Chicago landlord is building a 33-flat building having a perambulator stall with lock and key for each tenant.

Among the married children of Tokyo, census takers have located 44 groups whose age range from 10 to 15, and 145 brides under 15 years of age.

Free Proof That Ironized Yeast Builds Weight

Beautifies Skin and Gives New Energy To Thin, Run-down Folks

Do you need more flesh? Are you run-down, pale or scrawny looking? Do you lack energy—or is your skin blemished by humiliating pimples, blackheads or boils? If so, here is good news for you! Simply mail coupon below for the famous Three Day FREE Trial Treatment of IRONIZED YEAST. Take these remarkable tablets—two with each meal. Then get ready for a surprise!

Watch the Quick Results!
You simply will not believe your eyes when you see how quickly your skin begins to freshen, and how quickly pimples, etc., begin to disappear. Note the immediate increase in appetite and energy. And as for getting new, hard flesh on your bones—not flabby fat, but good firm flesh—people report gaining five pounds and more on the very first package of IRONIZED YEAST!

Yeast Best With Iron
The reason IRONIZED YEAST brings such splendid results is because it contains a specially cultured medicinal yeast which is unequalled for its richness in the essential Water Soluble B vitamins. Also contains the correct amount of the two other vitamins—Fat Soluble A and Water Soluble C—which are equally important to health, yet lacking in the modern diet. Vitamins bring fine results even if taken alone—but when taken with a proper amount of easily assimilated organic iron, as in IRONIZED YEAST, these results are secured often in just half the usual time!

Try Ironized Yeast Today
Simply mail coupon for the wonderful Three Day FREE Trial Test. Or go to your druggist and get IRONIZED YEAST on our guarantee results or your money instantly refunded. You will be amazed at the quick improvement IRONIZED YEAST shows in you. Get it today!

WARNING!

There are certain types of yeast which have absolutely no medicinal value. By insisting on IRONIZED YEAST, and refusing cheaper imitations or substitutes, you can be sure that you are taking a vitamin tonic treatment which is unsurpassed in effectiveness, convenience and genuine health-building value.

Note: Full Sized Packages of IRONIZED YEAST Sold at all Druggists

FREE!

Amazing 3-Day Test
Mail this coupon with your name and address to The Ironized Yeast Company, Atlanta, Ga. By return mail you will receive absolutely FREE our famous 3-Day Trial Treatment. Watch the Results! Dept. 611

FOR SALE BY CITY PHARMACY

Why Not Build Now!

The price of building material is in line with the price of the commodities you sell. If you are a farmer see how the price of a two hundred pound hog will compare in purchasing lumber with a two hundred pound hog in 1918, when the prices of everything was up.

Don't contemplate Building—Just Build!—Never before was the time better for the builder, our fine materials priced in the reach of all, makes building costs mighty low, and really for fine building and economical building, our materials cannot be beaten.

Randall County News

OLE WAS OBEYING ORDERS

But Five Hundred Miles Slowly, Said Agent, and He Intended to Do as Directed.

The agent of a certain popular automobile made a sale to a Swedish farmer in a small town near Topeka. In his instructions to the purchaser he said: "You must be careful."
"Ay shall do dat,"
"Also for the first 500 miles you must drive slowly—not over 15 miles an hour—or you will burn out your bearings."
"Ay do dat, too," said Ole.
"Your car has two gears, high and low. If you want to go fast put 'er in high. If you want to go slow, put 'er in low."
"Yas, siree, you can bet on Ole—ef ay want to go fast lak evertang ay put beem in high. If ay want to go slow ay put beem in low. Shure, ay so."

The next day the neighbors noticed Ole driving his new car up and down the road in "low." He kept it up until it began to sputter and steam and was developing a terrific knock.

"Ole, you mustn't do that, don't you know you'll ruin your car that way—you'll burn up the bearings," they cautioned him.

"Ya can't fool Ole. Da boss who sold me das car told ma ay shall not drive over fiftteen miles hour for 500 miles. He said to go in hurry put car in high gear, to go slow, lak turtle, put beem in low gear. Ay shall run 500 miles in low gear; get out ray quick, ay got 400 miles to go."

The neighbors argued, expostulated, then laughed, and Ole, with "Ya shall al go to h—l," struck out down the road at 15 miles an hour in low gear.

CAUSE OF CANCER UNKNOWN

Dread Disease Has Baffled the Best Efforts of the Medical Fraternity for Centuries.

Medical science today knows no more about the cause of cancer than was known 1,000 years ago.

Some families seem to be immune. In other families deaths from cancer occur in generation after generation, as if to show a hereditary tendency.

There are many so-called "cancer houses," in which deaths from the disease have occurred with such lamentable repetition as to destroy their market value for selling or renting purposes. An evil repute attaches to certain well-known "cancer districts," in which the death rate from this malady is extraordinarily high. There is one such district in the Berkshires of Massachusetts, another is in the middle of New York state.

One of the many theories regarding the cause of cancer is that it is attributable to an undiscovered germ, carried by the bedbug or some other insect. If that were correct, the disease would surely be more prevalent among the slum-dwelling poor than among well-to-do people who enjoy the benefit of sanitary surroundings. But such is not the case; cancer is as common among the rich as in the tenement and poorer quarters of our cities.—Pittsburgh Dispatch.

Early English History.

The reason that the Norman conquest did not subjugate the English is explained by the fact that "Jutes, Angles, Saxons, Danes and Normans" were all kindred in race and so they united in one race; the Welsh, Irish and Scots were of the Celtic race. The Normans were not Frenchmen in the beginning but pirates from Scandinavia, who had come to France and had been given a tract of land. They adopted the French language and became in time the most courteous and noble people in Europe, but when they won the battle of Hastings, they were more nearly akin to the English or Anglo-Saxons than to the French, although they brought the French language to England, and many of their words were incorporated into the language. Because of racial differences the Welsh, Irish and Scotch did not unite with the English as easily, but the centuries have obliterated many racial characteristics because of many intermarriages.—St. Louis Globe-Democrat.

Noise.

Every organ of your body develops resisting powers as you need them. A miller gets so used to the sound of his mill wheels that he ceases to hear them and can catch a whisper.

Put 50 identical machines in a room. Workers forget the noise. But, if one machine stops, the operator knows it instantly by the changed sound.

This power of the ears to adjust themselves to environment makes city life possible. Metropolitan live in an inferno of noise. The ears ignore it, in a large sense, though the noise is there, tearing away at the nervous system.

Emergency Case.

"I cannot countenance your kissing one of your patients, nurse."
"But, doctor, it was in my line of duty."
"How so?"
"This gentleman swore he'd die without it."—Birmingham Age-Herald.

True Epitomist.

He was an ingenious and ingenious small boy. "Mother," he said on one occasion, "will you wash my face?"
"Why, Hugh, can't you do that?"
"Yes, mother, I can, but I'll have to wet my hands, and they don't need it."—Harper's Magazine.

CAN DO WONDERS IN CANOE

Eskimos Are Literally Part of the Frail Craft Which They Have Named a "Kayak."

Built of sealskin, with the fur inside, stretched over a framework of wood, the Eskimo canoe—called a "kayak"—is only about ten feet long, and often not two feet wide at its widest part, tapering "to nothing" at both ends. The greatest width of the kayak is at the middle. Here there is a combing which slightly rises above the deck. The rest of the deck, save this hole just large enough to admit of the passage of the body of a man, is covered with sealskin.

When the Eskimo goes out in a kayak, he puts on a special sealskin, waterproof shirt over his regular clothing. With very great care he steps into the kayak, sliding his feet over the tender bottom until he is seated on the wooden seat which is only the thickness of the wood above the bottom. Then he draws over the combing the end of his shirt, which tightly fits the combing part of the kayak.

Experts of Greenland learn to turn a somersault in a canoe and come up again on even keel, an exchange states. But the best of the Eskimos of Greenland are not content with merely being able to right the kayak when it overturns. They practice until they are able to paddle the kayak in such a way that they shoot ahead on their course even as they turn that dangerous somersault in the sea.

POOR PLACE TO HIDE MONEY

French Peasant Now Convinced That Shotgun is Unreliable as a Bank of Deposit.

The ingenuity of French peasants in hiding money has surpassed itself in the case of a man near Lorient who received a 1,000 franc note and a 500 franc note in payment for produce. He hid them in the muzzles of his double-barreled shotgun, believing that would be the last place thieves would search for money.

He made a mistake, however, in not taking his wife into the secret. A neighbor called a few days later, in the absence of the man of the house, and asked for the loan of the gun to get a hare.

The hare escaped and when the peasant came in that evening his wife remarked that the neighbor must be a very bad shot.

"Why?" the peasant asked.
"Because he used both charges of your gun on a hare without hitting it."
"My shotgun?" inquired the peasant with a gasp, at the same time making for the corner where the weapon hung.

The civil court of the department of Morbihan will have to decide the delicate point of law whether the neighbor is responsible for the loss of the 1,500 francs.

Few Slang Phrases Last.

The leniency with which some school teachers look on the use of slang, as reported in various interviews, may shock those of an age to have secured their idea of correct English from the McGuffey series of readers. It is true that the selections composing those readers were of an era wherein the language was at variance with what is heard today. It may have been stilted, but it did not corrupt the mind of the pupil. In fact, many persons got from the old fifth and sixth readers their knowledge of good literature. There was not a word resembling slang in the books.

It is true that slang is expressive. That is why it is used. Yet much of it quickly passes out of use because it is overworked. Few words suffer a like fate, though occasionally under stress of circumstances a word of creditable origin is repeated to the point where it becomes necessary to discard it because it is "shopworn."—Pittsburgh Gazette-Times.

Express Dragon Flies.

When we come to birds, we find many very high speeds. Swifts have been known to overtake an airplane in flight. Their speed has been calculated to exceed one hundred miles an hour sometimes. The racing pigeon has on several occasions done short journeys at sixty miles an hour. The golden plover is very speedy, but his turning, twisting flight makes it difficult to time him accurately over any distance. The pheasant, though he does not look a very rapid flier, can do 45 miles an hour.

Among insects, the most rapid is probably the dragon-fly, who does as much as 80 miles an hour in his swift dashes from place to place. The bee is capable of traveling at a speed of 20 miles an hour, and he achieves it by beating his wings more than 600 times a second—sixty beats for every yard he travels.

Gauges Found by Cas.

Dingley, who hails from the West and is merely a sojourner in the big city, sees all sorts of things to make him wonder.

"Out where I come from when you ask a waiter about the slowness of the service he always tells you 'It's on the fire.' But it's different here. A few evenings ago I ordered pork and apple sauce. The pork came in due time, but the apple sauce was missing. I inquired about it and the waiter replied: 'I'll have it for you in a minute. Just opening a fresh can.'"

"If there's anything that doesn't come in a can, the New Yorker thinks it isn't fresh, apparently. I'm afraid to order eggs for fear I'll learn they come in a can, too."—New York Sun

BE RID OF THAT ACHE

If you are a sufferer with a lame back, backache, dizziness, nervousness and kidney disorders, why don't you try the remedy that your own neighbors recommend? Ask your neighbor!

Mrs. C. R. Correy, Canyon, says: "My back and kidneys had been causing me a lot of trouble for a long while. My back ached steadily and there was lameness and soreness in it which made it hard for me to stoop over to do my housework. I would get dizzy and black specks would float before my eyes. Then again I would have headaches and my kidneys were inflamed and irregular in action. I was advised to try Doan's Kidney Pills and bought some at the Holland Drug Co. Three boxes fixed up my kidneys and relieved my back."

60c. at all dealers. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

"The Heart of Maryland" will be played at the Olympic Theatre Friday and Saturday, May 26-27. Admission 26-35c. 11

**A TRIBUTE TO THE
GRAND ARMY OF THE REPUBLIC**

Time adds new luster to the Glory of the Grand Army of the Republic—to those men who fought, bled, and died that the honor and integrity of the nation might be preserved.

Year by year this valiant army dwindles and Memorial Day takes on an added solemnity. Let us make Decoration Day, May 30th, a day of national reconsecration to the principles for which that great army fought.

In respect to the day, this bank will not be open on Tuesday, May 30th.
