PREMIUMS AWARDED DURING THE RANDALL CO. FAIR

UMBARGER WINS COUNTY CHAMPIONSHIP IN BASEBALL

Hog Show is Best Ever Held in County—Agricultural Display Small But Very Good.

The Randall County Fair was considered a decided success in spite of the handicap under which the Fair was put on this year.

The hog show was the best ever held in the county, and the Judge placed it ahead of any county fair he had ever seen in Texas. Competition was strong in all lines.

The baseball games received great attention in the afternoons.

Zita and Six Mile Crossing opened the series Wednesday afternoon. Both teams put up good ball. Zita won by a score of 11 to 7. The batteries for Zita, Clay and L. Fulton. For Six Mile Crossing, Hawkins, Jennings and Wallace.

Umbarger and Six Mile Crossing played seven innings as an opener on Thursday afternoon. Umbarger winnings by a score of 9 to 5. Batteries for Umbarger: Erdman, Young and Upfold. Six Mile Crossing, Wallace, Hawkins and Jennings.

The second game Thursday was of seven innings between Zita and Johnson, the former winning by the score of 8 to 7. Batteries for Zita, Lewis and Wallace. For Johnson, A. Fonken, E. Bauer and E. Fonken.

The last game to decide the county championship came on Friday afternoon between Umbarger and Zita. Umbarger took the game by a score of 14 to 2. The first five innings were air tight ball, with the chances favoring the boys from the north part of the county. After this period, the Umbarger pitchers got next to their opponent's pitchers and gained a safe lead. Batteries for Umbarger, Young and Young. For Zita, Johnson, Lewis and Wallace.

PUBLIC SCHOOLS OPENED TUESDAY WITH VERY LARGE ATTENDANCE IN ALL GRADES AND THE HIGH SCHOOL

The Canyon Public Schools opened Tuesday with 414 enrolled the first day, and the number being increased day by day. There are about a dozen of the National Guard boys in the public schools who have not been released from duty at Denison.

Superintendent A. D. Payne stated last night that the work of the school was getting under way rapidly and by the end of the week all of the grade would be running smoothly.

The opening exercises were held Tuesday morning, with quite a number of the patrons of the school present. The auditorium did not afford standing room for those wishing to attend the opening exercises of the school.

Superintendent Payne called upon Rev. John H. Hicks to conduct the devotional exercises and make a short talk to the pupils. Rev. Hicks expressed his great appreciation for the public schools, and what it meant to the community. He brought home effectively to the pupils their goal of life, and how they would look back upon the years spent in the Canyon public schools.

All of the teachers, with the exception of Miss Esther Rudolph, are new on the faculty.

Will Investigate Paving Boys Wishing to Enter School Will be Sent Home from Denison

Many towns all over the country have discovered that paving on the natural foundation, without the concrete foundation is entirely satisfactory, and will last as long as the paving placed on the concrete foundation.

In order to investigate this kind of paving, a committee left this morning to visit several towns which has had this kind of paving for several years. The committee is composed of Mayor J. D. Gamble, T. C. Thompson, C. N. Harrison, C. D. Lester and C. W. Warwick. They went by train to Lubbock, and will go by car from there to Stamford, Cisco, Eastland, Mineral Wells, and possibly Ft. Worth.

The contractors doing the paving in Canyon highly recommend this kind of paving, as it is a well known fact that the ground in this section if given the proper drainage is the best in the world for road making of any kind. The cost of this paving is considerably lower than in the case of the concrete base, and the same maintenance bond is placed upon the job as if furnished by the contractors with the concrete base.

Institute Closes Very Successful Meeting at the Normal Friday

The Consolidated Institute came to a close Friday, after the most successful and interesting programs this body has ever held in Canyon.

Plans were developed by the program committee which will make the Institute even greater for the coming year.

LEAVES FOR NEW WORK.

Rev. J. H. Hicks will preach his last sermon as pastor of the Methodist church Sunday night. He leaves after the services that night for Dallas where he becomes head of the Old Testament Department of S. M. U.

Rev. Terry, Sunday School worker, will preach a week from Sunday at the Methodist church, and Rev. A. E. Haynes on Sept. 24.

The fourth quarterly conference of the year will be held Friday night at the church, conducted by the presiding elder.

AUXILIARY MEETING

The Ladies Auxiliary met in the Ladies Rest Room at the American Legion Club Tuesday afternoon. Topics of interest to the future work of the auxiliary were discussed and those present are very enthusiastic over the new organization. The next regular meeting will be November 10.

STOCK SPECIALS.

A son was born to Mr. and Mrs. C. E. Rusk September 4.

Football Camp Will Open Tomorrow With Good Number of Men

Coach Burton stated Tuesday that everything was in readiness for the opening of the football training camp tomorrow.

Coach Burton has been seriously ill for a month, and Tuesday was the first time he has been able to come up town. It is to be hoped that he will have his usual good health back within a short time.

Mr. Burton states that he does not know just who will be in uniform when the training camp opens tomorrow, but has received word from a majority of the stars of last year's squad and they are coming back.

A number of new men indicated during the summer that they expected to join the Buffaloes when the training season opened.

Ex-Service Men Will Give Picnic for Women of the Auxiliary

Ex-Service men of Randall county will hold a picnic next Tuesday evening, inviting as their guests all women who are entitled to membership in the Auxiliary.

The men are getting together a regular army chow feed, which will be served in army style.

All ex-service men, whether members of the Legion or not, are invited to take part in the picnic.

All women eligible to membership are invited to come to the Legion Hall by six o'clock, and transportation will be provided to the picnic grounds.

71st REBEKAH ANNIVERSARY.

At 8 o'clock on Tuesday night, Sept. 19, at the I. O. O. F. Hall, the Rebekahs will celebrate the 71st anniversary of Rebekah-Odd Fellowship.

All Odd Fellows, Rebekahs and their families are cordially invited to attend.

Rev. E. A. Osborne Accepts Call to the Tyler Christian Church

At the Sunday morning services of the Christian Church, Rev. E. A. Osborne announced to this congregation that he had accepted the call made to him last week by the First Christian Church at Tyler, and would leave for his new work after the first Sunday in October.

The news that Rev. Osborne is to leave Canyon is received with very deep regret, not alone from the members of his church, but by all of the citizens of Canyon.

Mr. Osborne and his family came to Canyon on July 8th, 1921. There were then about thirty active members in the church. There have been 58 additions since then, twenty-eight by baptism. The present membership is about seventy five.

The Christian Church at Tyler has a membership of 500 or more, and is the leading church of this communion in East Texas. The city is building a new half million dollar hotel. Tyler has a population of 15,000; a monthly payroll of \$450,000, and a commercial college of 400 students. It is the wholesale, jobbing, retail, agricultural, industrial and manufacturing center of East Texas. It is a city of beautiful homes, fine churches, excellent school and a citizenship of high ideals.

Rev. Osborne states that at the district conference held in Plainview Monday and Tuesday, it was urged that the local church be supplied with a pastor as soon as possible.

Phillips Will Make a Survey of Fifty Leading Farms in County

Frank R. Phillips, head of the agricultural department of the Normal, states that he has started work on a survey of fifty of the leading farms of Randall county.

Mr. Phillips is undertaking this work for the purpose of making his department in the Normal more practical for the students. All kinds of information regarding the farm are included in the survey.

When the survey is taken, the name of the farmer is omitted, but a number is designated to the farm. The material in the survey will be used in the classroom but the students will not know the name of the individual whose farm is under discussion.

After the survey is completed and the details completed, Mr. Phillips will give the result of his findings to the farmers who so desire. He has interviewed several farmers, and all were highly enthusiastic over the survey.

MURDER CASE IS IN COURT SINCE MONDAY MORNING

DEVERS CASE IN HANDS OF THE TRIAL JURY.

Three More Indictments returned by Grand Jury—Barber Whipping Case Today—Burns Monday

The jury of the Devers case this morning returned a verdict of not guilty.

The murder case transferred here from Claude started Monday morning in the District Court, and the evidence was completed late yesterday afternoon. Arguments by the attorneys were made last night commencing at seven o'clock.

About seventy-five witnesses were here for the three days that the Devers murder case was in court. The shooting occurred in Claude.

The indictment returned last week and upon which the arrest had not been made Thursday morning was against Ben Faulkner, charged with assault upon the person of S. A. Babin, section foreman on the Santa Fe.

Three indictments were returned by the grand jury before a recess was taken Friday. One against Boss Jackson, charged with selling booze to Leslie Nobles; one each against H. B. Prock and P. O. Stanton, these men being indicted for simple assault and their cases transferred to the county court.

Jos. Rodriguez, charged with hijacking, plead guilty last Thursday, and was given five years in the penitentiary.

The grand jury recessed until next Monday.

The case against the Amarillo barbers is set for today.

A special venire will appear next Monday to try the Burns murder case from Hereford.

C. H. Giddings et al vs. Chas. E. Harding, was tried Friday and Saturday, the jury finding for the plaintiffs. A divorce was granted Merl Mayfield from her husband Harrison B. Mayfield.

MILLER HAD FINGER CUT.

Herb R. Miller, who is working at Hammond, Indiana, writes that he had the little finger of his left hand very nearly cut off in a linotype.

While Herb was working on the News several years ago, the News man attempted to stop the linotype by sticking his finger in a working end of the machine, with the result that the machine kept on moving, and the end of the finger went with it.

RAIN COOLS ATMOSPHERE

A half inch rain Saturday night gave this section its first relieve from the continued heat of the past three months.

The rain was enough to allow the farmers to start plowing for wheat.

The rain will be of but small benefit the crops at this late season, but is expected to aid somewhat with the late crops.

SHEAF OF RYE WANTED.

C. F. Walker stated yesterday that he needed very badly a sheaf of rye for the exhibit which will be taken from Randall county to the Wichita Falls and Dallas Fairs.

He wishes any who have good rye to please notify him, or bring to his office at the court house.

MARRIAGE LICENSES.

Clerk O. W. Gano has issued the following marriage licenses this week: S. M. Castleberry and Miss Lillie Carson, Sept. 7.

Joe D. Martin and Miss Marie Schultz Sept. 8.

Fred C. Beckman and Miss Elizabeth Hartman, Sept. 11.

RESIGNS COUNTY ATTORNEY.

At the meeting of the Commissioners Court Monday, R. L. Lester resigned as county attorney. Mr. Lester was the democratic nominee for county judge selected in the last primary.

FLYNN BUILDING HOUSE.

E. H. Flynn is building another house just to the east of the two he built during the summer. This house has six rooms.

BUILDING NEW HOME.

Mrs. Mary Kingland is completing a new home in the northeast part of the city.

THE TEXAS GAG RULE.

News is being criticised by our stand against the gag rule. The Terrell election asking the voter to pledge to vote for the nominee of the party. In order words, the obligation of the Texas voter is greater to the Democratic party than his own as an American citizen to the polls in November and vote for the best man presented him by the party. The absurdness of the thing lies in the fact that Texas has a half million majority Democratic party. Unfortunately for the Democratic party there are very few states in the which invokes the gag rule. Indiana, Kansas, Iowa, and a lot of states which democratic in 1916 had been by the gag rule. Woodrow would have been defeated, as the sacred (?) precepts of our ledge we are allowed to vote for other than the nominee of the party. Yes, we democrats down Texas threw up our hats and the broad minded republicans normally republican states new party affiliations to the end voted for the best man in Texas in 1922 it is treason to even talk about for any other man than the of our primary. What about consistency on our part? We do not cuss the republicans their party and tell them at home; that we did not be good government for them to our nominee for president? course would have been just able as the one we now per our state politics. News is not condemning the edge because we consider there ce to elect a republican or an dent in Texas—not with a half democratic majority to over. But we do object to saying will support a democrat who to be the nominee no matter it he may be when some opportunity puts out a better man. We believe that once a majority of ple of Texas give this mat- tend thought, the law will be. But we have become so the gag rule, that it is hard see the voter that it is not one en Commandments.

start at 10:00 o'clock it would be the same story. Tardiness in school usually means tardiness throughout life—just a little behind the game; just a little behind a good job; just a little behind in getting promoted; just a little behind in everything. Being on time is the greatest thing in the world.

The people of Canyon are certainly in earnest regarding street paving in Canyon. The city council is ready to do its part all along the line. It is an assured fact that Houston street from the depot to the highway will be paved. Other streets may be added.

We once heard a little girl who after drawing several pictures wrote the names of the objects and animals on the pictures so that folks would not mistake them for something else. Nowadays it is getting popular for folks to virtually tag themselves with the placards, "100 per cent American," fearing that no one would suspect them as long as they were quietly attending to their own affairs and upholding the laws and Constitution of our land.—Hornish's Monthly.

This country is filled to the brim with smooth young men who do nothing but think of publicity schemes. Once they have framed a catchy one they beat it to the smaller towns to "unload" on the merchant who believes that any kind of advertising is good advertising, and who thinks that novelties and time cards and stock booklets with his name upon them are actually business getters. These men don't ply their trade so much in the large cities, because there is usually an organization ruling against just the sort of thing they seek to dispose of. But in towns where every merchant has to think out his own plan of advertising, and where he hasn't tried to understand the inside workings of these fly-by-night schemes, the waste of good money goes right on. And the funniest part of it is that the merchant who bites usually pays cash in advance and takes the smooth young stranger's word for it that he is going to get more than his money's worth. We are strong for every kind of advertising that will pay the man who advertises, but we are opposed to fakes. That's why we regret some merchant's can't see that which successful merchants long ago learned—that of all forms of advertising known to man—nothing has yet been found as good as space in the home paper. If you doubt this latter assertion, just take the time and trouble to inquire of such well-known firms as Hart Schaffner & Marx, Buick Automobile Co., or hundreds of others, who have spent thousands of dollars for advertising, and are familiar with all its phases. They know!—Pampa News.

CUBA'S BUSTED BUBBLE BUSTED THE ISLAND

Americans may vaguely recall that Gen. Leonard Wood cleaned up Cuba and set it on its feet and more recently that the island had a sugar boom which collapsed. The performances of our boom towns at home have often been lively and arresting. But these performances fade before the fantastic spectacle staged by Cuba during the recent times when the whole world, cut off by the war from other sugar supplies, turned to Cuba for all its sugar.

The price of raw sugar jumped from 13-4 cents to 23 cents, and Cuba very naturally went crazy. The pay of the blacks in the fields and mills jumped from 60 cents per day to \$8 per day. The whole island reeked with sudden riches, and some Cubans thought that before the boom was over they could make the world pay 50 cents for sugar. When the boom began, Pote bought some sugar mills, sold out at an enormous profit, and then embarked upon his master-work, a two-mile addition outside of Havana.

The imaginative promoter cut down jungle bushes, leveled the rough manigua, and began lavish landscape gardening and incredible construction work. Today Pote's addition is a marvel of residential beauty—only it is entirely without residents. Spanish mansions built of creamy marble, with stunning roofs of tile, ranged row upon row, with expensive lawns and sunken gardens between them, are fit for potentates and grandees. The wide boulevards are set off with marble pergolas and imposing monuments. Lagoons glisten in elegant parks.

No one has ever lived in Pote's addition; the houses were all built as come-ins; the boom collapsed before the new rich could buy. Pote himself saw his 50-million dollar fortune oozing through his fingers until he had only 11-million dollars left. At this point, considering himself broke, Cuba's richest man hanged himself.—Outlook.

Professor Dallas L. Sharpe, of Boston University, will enter the race in Massachusetts for the United States Senate in September. He has declared himself out and out for the Eighteenth Amendment and opposed to light wines and beer. He believes that great moral issues belong to no party and that Christian men must come out and be willing to stand up for what the church advocates.

MR. SCHWAB'S TEN COMMANDMENTS OF SUCCESS

1. Work hard. Hard work is the best investment a man can make.
2. Study hard. Knowledge enables a man to work more intelligently and effectively.
3. Have initiative. Ruts often deepen into graves.
4. Love your work. Then you will find pleasure in mastering it.
5. Be exact. Slipshod methods bring only slipshod results.
6. Have the American spirit of conquest. Thus you can successfully battle with and overcome difficulties.
7. Cultivate personality. Personality is to a man what perfume is to a flower.
8. Help and share with others. The real test of business lies in giving opportunity to others.
9. Be democratic. Unless you feel right toward your fellow men you can never be successful leader of men.
10. In all things do your best. The man who has done his best has done everything. The man who has done less than his best has done nothing.—Bethlehem Ship News.

To be just is a task, not for the heart, but for the intellect.

Five minutes spent in thinking how to do things right often saves hours of lamentation over things done wrong. During a period of nine months under the three-per-cent immigration law 524,478 immigrants entered the United States and 488,639 people left; that is, the incoming stream exceeded the outgoing by only 35,839.

All growers can save at least a part of their own seed. The largest and best-shaped fruits of the garden should now be marked with a piece of twine and allowed to remain until they are ripe. Next year's garden depends a good deal on this year's choice of seed.

SHOWER FOR BRIDE ELECT

On last Friday night at the home of her mother, Miss Jessie D. Degraften-reid gave a Sweet Shower in honor of Miss Thelma Black, who is soon to become the bride of Mr. Clyde Freeman of White Deer.

The guests assembled in the beautiful flower garden at eight o'clock. A bride, Mrs. Ross Craig, and groom, Mrs. Allen Farlow, came rushing out carrying a suit case and looking for a preacher when suddenly a preacher was summoned and the ceremony was performed. At the close of the ceremony the couple was so excited they lost their suit case. It fell open at Miss Thelma's feet; caddies and fruit fell everywhere and lastly a message was found telling where she could find many more gifts which were hidden in the garden among the flowers. The guests were much amused in watching Miss Black find the fruit. Refreshments of ice cream and cake were served to the following guests: Misses Beulah Tucker, Dora Ward, Lillian Thompson, Bernice Parker, Pearl Black, and Mesdames Allen Farlow, W. C. Black, Ernest Reid, Joe Black, Ross Craig, Ethel Black and Eula Brown.

A celebration of the Holy Communion will be arranged for monthly according to announcement. The Rev. Mr. Andrews will be on hand next Sunday night and expresses a desire to meet at the church all resident and visiting Episcopalians, and the public and student body generally. He desires to be accepted not as a "preacher" only, but as a pastor and friend.

BIRTHDAY PARTY

Mr. and Mrs. J. A. Oden entertained friends at the Canyon Club grounds Thursday evening. They left town about 5 p. m. and motored out to the grounds just as the shadows were lengthening and a quiet cool settled over the canyon. After enjoying a stroll on the creek and visiting the swimming pool, the ladies returned to the club house to set a dinner fit for a king while the men tarried on the banks to decay some of the funny tribe. It was Leslie's birthday and his birthday cake was in evidence. After dinner the evening was spent in pleasant conversation and tales of pioneer days and at a late hour we reluctantly left the cool club house for home.

Those enjoying the outing besides Mr. Oden's family were Judge Bishop, Attorney Fletcher, Miss Martha Wolfman from Farwell, and Mrs. George Bishop and little son.—A Guest

School opened Monday morning with an enrollment of twenty-one pupils.

We will have our regular meeting of the Epworth League next Sunday evening. An excellent program is being planned. Everyone is cordially invited to attend.

BIRTHDAY PARTY

Little Miss Velma Price celebrated her eleventh birthday Sunday with a dinner and a few of her town friends. She had a large birthday cake besides the other good things to eat. The cake had eleven red candles on it, and after the little girls were seated around the table the candles were lit and each little girl blew out a candle wishing Velman many more happy birthdays.

MANY LIKE THIS IN CANYON Similar Cases Being Published in Each Issue

The following case is but one of many occurring daily in Canyon. It is an easy matter to verify it. You cannot ask for better proof.

J. A. Carr, county road Supt., Canyon, says: "For six or eight months I had some trouble with my back and kidneys. My back was sore and stiff a great deal of the time and mornings when I first got up it was especially so. My kidneys were very weak and acted entirely too often. I saw Doan's Kidney Pills advertised with such good results that I began using them. Right from the start I was relieved and they seemed to fix my kidneys up and relieve me of all soreness in my back."

OURS TO SERVE YOU

To the Ladies' Aid, the Church Supper Committee, the Cake Sale Committee and a Few Others

THIS newspaper is always ready to help you in every legitimate way. It stands for everything that is good in this community and it supports it liberally. BUT—it has only two sources of revenue—ADVERTISING and SUBSCRIPTIONS. Now when you send in a notice that there is going to be a rummage sale, a cake sale, or an entertainment for your benefit on a certain day at a certain place and the price of tickets is so much, it is sure advertising. That's why you send it to the newspaper. You want to advertise it to the people.

For years newspapers have been giving these notices to you free. Oftentimes these notices actually cost the newspapers from one to two dollars. Do you know that it costs at least \$4 just to set a column of news? That is just the composition. It does not include the cost of putting it in the forms, making up, printing, etc. And yet for years you have been asking the papers to give you this space free.

Do you know of any business that is giving things away free these days? Do you know of any business that is giving things away free just because you belong to some organization. If the editor comes around to your sale you expect him to pay good old dollars for his ticket, his supper or his cake, don't you? And he has to pay that same kind of gold to the men in his office. They expect it on Saturday night. When you get something for nothing it is not generally appreciated. We don't say that is true in this case, but it is certain that the newspapers have for years been giving away their space free.

And it MUST stop. The printing business has been hard hit. While the newspaper has come down a little in cost, it is still higher than before the war. Wages have gone up and hours per week have been shortened. Machinery has doubled and tripled in price. It must be confessed that newspapers haven't for a long time been contented on good business lines. It's the editor's fault. He doesn't blame anybody else. But since the war he has learned a few things. He knows that everything has gone up, and what's more, he has learned that his creditors expect him to pay his bills promptly and with real money. He has also learned that he is entitled to a living wage, the same as his men. He has been compelled to do business in a businesslike way.

It certainly isn't business to give your product away free. No other business does it, so why should a newspaper? This newspaper is willing to operate and help, and it will give a moderate amount of free publicity to entertainments and suppers providing advertising space is purchased. It's not "isn't it?" Put yourself in our place. You expect a full return for every cent you sell. Why shouldn't an editor expect full return for his advertising space?

Think it over. We know that it is only necessary for our readers to see this little talk to see the justice of our contention. So in the future we don't ask you to insert such notices free, but pay for advertising space the same as you expect the people to pay for your tickets to your affairs. In ALL fairness—look at it from both sides.

WHERE IT ORIGINATED

Those who don't care for "Life" or Charlie Chaplin, but who subscribe to the Congressional Record for their entertainment, doubtless oftentimes have paused seriously to puzzle their minds as to the origin of one of our most expressive Americanisms—"bunk."

Back in 1830 a member of Congress from the sovereign commonwealth of North Carolina arose on the floor of the House and as he cleared his throat many of his fellow-members left the house to retire to the cloak-room. Whereupon the North Carolina member advised those who remained that he planned to speak for a long time, and that he would not be offended if they too left, for he was only talking for "buncome." "Buncome" was his home county. The newspapers gave wide circulation to his statement and "buncome" became "bunkum" later to be curtailed to just plain "bunk."

Members of Congress today are not so frank as was the gentleman from North Carolina in 1830.

A college course in hotel management will seem novel to those who have been inclined vaguely to group hotel men with old-fashioned tavern keepers. But the bar, which was once the principal source of revenue of the ordinary hotel, is happily gone, and at the same time the pressure of travel has enormously expanded the hotel business, which is now the fourth largest industry in the country in point of capital invested, the number of workers engaged and the gross volume of business. It needs educated young men and women who can meet patrons on an equal footing and also know how to handle million-dollar investment.

At their convention recently held, the beggars in Constantinople voted not to accept alms of less than ten paras. They gave the high cost of living as the reason for their action. If people offer them less than ten paras, their only recourse will be to strike; which somehow reminds us of the remark of the old lady who had just learned that the then recent discovery of petroleum would probably put an end to the whaling business. "Dear! Dear!" she said. "What will the poor whales do now?"

REVIVAL MEETING CLOSED.

One of the greatest revival meetings held in Canyon for a number of years closed at the Baptist church Sunday night. Rev. H. T. Aulick, the local Baptist pastor, did the preaching during the revival, and delivered some of the best revival sermons the town has ever heard.

The music was in charge of Mr. and Mrs. Blankenship, who are well known revival singers in Texas.

Since building railroads in China requires both foreign capital and overcoming political difficulties, it goes on slowly, but converting the so-called roads that have served for centuries for coolies, pack animals and wheelbarrows into automobile highways is a different matter. Outside the cities the improvement of the roads goes forward at a rapid rate. The Chinese are buying automobiles and trucks, and it would not be astonishing to see motor transport through China precede railroads.

Near the Yukon border, in a valley in far northern British Columbia, a mining engineer has discovered the remains of mastodons that once roamed Northern Canada. This valley is north and west of the headwaters of the Findlay River and is not marked on the maps. Footprints of a three-toed animal are imprinted in the sandstone. The bones are not fossilized but are in an excellent state of preservation. Only dog teams are used in that section and it requires a year to make the journey.

Only a small piece of this tough skin, known as "gold beater skin," can be obtained from each animal. After the skins are cemented together the fabric is varnished.

Does More For Less

THAT the Ford One-ton truck does more for the farmer or the merchant is proved by the great number of them now in daily use,—that it does this at less cost is shown by the actual figures—a smaller first cost and a much lower expense for operation and upkeep.

The Ford One-ton Truck has proved a great money saver, as well as a labor saver. It has solved the problems of economic transportation between the farm and the city.

The Ford One-ton truck has all the merits of the Ford car, with added strength for greater capacity. The worm drive of aluminum bronze gives unusual and positive power at a very low cost.

Come in and let us show you how the Ford One-ton Truck will help you and save you money in your work.

IMPORTANT!

We are prepared to furnish the Ford Truck equipped either with Standard or Special Gearing. The Standard Gearing gives the truck a maximum of power. The Special Gearing increases the speed of the truck from five to seven miles an hour, converting it into a Fast Delivery Car.

More Work From Horses Like This

Reproduced from Actual Photograph

This horse is in poor condition for work because he was not fed properly. His owner has not given enough attention to his feed. If he had been fed right, his skin would be glossy, his eyes bright and his head erect. He would have lots of surplus energy for work.

This horse should have been fed a ration that nourished all parts of his body. Oats or corn are lacking in elements that build muscle, hair, hide, teeth and bones.

You can put horses like this in the pink of condition by feeding Purina O-Molene feed. Thousands of horse owners are using O-Molene—many in this community.

O-Molene feed is a perfectly balanced ration, just the best of grains prepared in such a way that you get the most for your money. It costs no more to use than ordinary feed.

Try it once and you will see that it means better health, which also means more work. Ask us about it.

Child-birth

Valuable Illustrated Book Sent Free

How thousands of women, by the simple method of an eminent physician, have avoided unnecessary miseries through many months and up to the moment baby has arrived, is fully explained in the remarkable book, "Motherhood and the Baby." Tells also what to do before and after baby comes, probable date of birth, baby rules, etc., and about "Mother's Friend," used by three generations of mothers, and sold in all drug stores everywhere. "Mother's Friend" is applied externally, is safe, free from narcotics, permits easier natural readjustment of muscles and nerves during expectancy and child-birth. Start using it today. Mrs. E. E. Kerzer, Slayton, Minn., says: "It pulled me through." Send for book today, to Bradford Bevelizer Co., Bk-55, Atlanta, Ga. "Mother's Friend" is sold at all drug stores.

Cook, International Character and Noted Explorer.

WHAT THIS COUNTRY NEEDS

What this country needs is not a new birth of freedom, but the old fashioned \$2 lower birth. What this country needs isn't more liberty, but less people who fake liberties with our liberty. What this country needs is not a job for every man, but a real man for every job. What this country needs isn't to

get more taxes from the people but for the people to get more from the taxes. What this country needs is not more miles of territory, but more miles to the gallon. What this country needs is more tractors and less detractors. What this country needs isn't more young men making speed, but more young men planting spuds. What this country needs is more paint on the old place and less paint on the young face. What this country needs isn't a lower rate of interest on money, but a higher interest in work. What this country needs is to follow in the footsteps of the fathers instead of the footsteps of the dancing masters.—St Paul (Minn.) Crescent. The American ambassador to England has given up his privately rented house in Chesham Place and will occupy the residence in the Prince's Gate, donated to the American Government by J. P. Morgan. Each citizen of the United States should receive an average of 112 letters each year, according to the post office officials.

FIGURED HIM
Seth Hemway had a reputation far and wide as a person who would not pay his debts. Grocer Bilkens one day sent his new clerk to collect a bill long overdue. "And don't come back unless you get it," was the grocer's parting instructions. A half hour later the clerk walked in and handed over the full amount. "How in heaven's name did you get all that money out of that deadbeat?" asked the grocer. "Huh, I told him I would tell every body he owed that he had paid me, if he didn't."

"I knew him when he was a boy"
What one is there of us that has not felt the glow of satisfaction over the outstanding success of a life-long friend! Often a surprise—seemingly "all of a sudden." Yet neither surprising nor sudden, when you stop to think back over each step of his progress.
THE United States Rubber Company—makers of U. S. Royal Cord—were first to conceive, make and announce the balanced tire. A tire in which there is such complete unity of action in tread and carcass that neither will give way before the other.
First to conceive, make and announce a complete line of tires—a tire for every need of price and use under one standard of quality.
First to tell the public about the good and bad in tire-retailing. (You remember the phrase "Go to a legitimate dealer and get a legitimate tire.")
First also to arouse industrial and trade minds to the need of a new kind of tire competition. (Competition for better and better values. Greater and greater public confidence.)
THESE high spots along the U. S. road to leadership indicate the intent—the will to win by the quality route in a price market.
Now that so many car-owners have given their verdict for quality tires in general, and U. S. Tires in particular—a number of dealers and car-owners whose vision has been clouded by "discounts," "sales" and what not, are beginning to remember that they "knew him when he was a boy."

CARSON-CASTLEBERRY.
Miss Lillie Carson and S. M. Castleberry of Farwell were married last Thursday morning at the home of the bride's parents, Mr. and Mrs. C. L. Carson. Only members of the immediate family and close friends of the bridal couple witnessed the ceremony.
Both of the splendid young people are well and favorably known in this city. The bride has lived here for a number of years with her parents, graduating from the Normal, and during the past few years has been a successful teacher. The groom is also a graduate of the Normal, and has many friends here.
The young couple left Friday for their new home at Farwell. They receive the most hearty congratulations of their many friends in this city.

LIKES THE NEWS.
Pierce City, Mo., Sept. 9, 1922.
Find enclosed a one-dollar bill for which keep the Randall County News coming. I can't do without her. I like the Joplin Globe, a daily, and the Kansas City Star, a daily, and the Randall County News has got them all skinned at my house. It is like a letter from home. I remain as ever,
R. H. LONG.

WILL MOVE HOME.
R. McGee recently bought the home of Mrs. W. T. Moreland on Chestnut street, and has moved it to the north part of the lot. This house will be completely remodeled.
Mr. McGee will move his home on the north side of the railroad to the corner where the old house formerly stood.

CHRISTIAN CHURCH.
On next Sunday morning Mr. Osborne will preach at 11 o'clock. The evening service will be called in that congregation may worship with the Methodist and hear Rev. Hicks. The Bible School will meet at 10 a.

Umberger Notes
The ball game played Friday between Umberger and Zita was won by Umberger by a score of 13 to 2.

Aside from other advantages, no other form of farming yields as satisfactory an income as diversified farming.

Hogs, Cows, chickens, butter, eggs, cream, and garden produce not only make a farmer self-supporting but bring a steady income twelve months of the year.

For the greater prosperity of our entire community this bank would urge the farmers of Canyon and vicinity to go in for greater diversity in farming operations.
