

RANDALL COUNTY NEWS

VOLUME XXVI

CANYON, RANDALL COUNTY, TEXAS, THURSDAY, JANUARY 4, 1923.

NUMBER 40

74 NEW STUDENTS ENROLLED IN COLLEGE THIS WEEK

LARGEST ATTENDANCE IN HISTORY OF SCHOOL.

One Hundred New Students Will be Enrolled This Quarter—Total Nearly Seven Hundred.

President J. A. Hill announced last night that seventy-four new students were enrolled in the West Texas State Normal College, yesterday, the opening day of the winter quarter, and that there were a number of new students in the city who were not enrolled yesterday.

Mr. Hill stated that less than thirty students who attended the college last quarter were unable to return for this quarter's work and that the net gain for the winter quarter over the fall quarter will be about seventy.

The total enrollment for the year will reach 700 by the end of this week, being the largest number ever enrolled in the College.

On account of the financial condition it was not believed that there would be such a large number of new students this quarter, while it was confidently expected that more than thirty would be forced to leave school. The number of withdrawals was therefore overestimated, and the number of new students underestimated, hence the large net gain for the quarter.

The quarter's enrollment started yesterday and class work begins this morning.

Captain Henry Gamble Takes Role Witness in Bootlegger Cases

During the stay of Company F at Denison this summer with the other companies of Texas National Guardsmen, twenty bootleggers were arrested by the soldiers together with twelve dealers in narcotics.

These thirty-two cases are now in Federal court for trial, and officers of the Guard are called to Denison as witnesses in the cases.

Captain H. C. Gamble of Company F had considerable to do with the arrest of these cases and was called to Denison Monday as a witness in the cases.

CLARK SMITH HERE.

Clark Smith of Lubbock, accompanied by A. G. Hunt and son were in the city Friday visiting old friends.

Clark Smith used to run the old Victoria Hotel, which stood on lots just east of the News office. This hotel burned in the spring of 1910 and Smith left Canyon. He is one of the leading hotel men of West Texas, and when in Canyon the Victoria was one of the leading hotels of this section. The Lubbock Inn, of which he is now manager, is now a leading and popular hotel.

STOCKHAUS-WESTERLAND

Miss Bernice O. Stockhaus and J. E. O. Westerland were married Saturday at the Methodist parsonage by Rev. M. M. Beavers and left for their new home in Illinois.

The bride came from Illinois last year with her parents and has been living east of the city. The groom is from near the old family home in Illinois.

JACKSON DAY DINNER.

A Jackson Day dinner will be held next Monday night at the Amarillo Hotel. Practically all of the 250 plates have been sold for this dinner.

Red Cross Executive Committee Met and Elected New Officers

At the first meeting of the new Executive Committee of the Randall County Chapter, American Red Cross, at the court house Friday afternoon, the following officers were elected for the ensuing year:

Chairman—O. N. Gamble.
Vice Chairman—C. F. Walker.
Secretary—C. L. Thompson.
Treasurer—Grady Oldham.

Another meeting of the committee will be called within a short time to look into various questions of the Chapter's work.

LOCATION OF HIGH SCHOOL BUILDING IS RECINDED AND BOARD OF TRUSTEES WILL LOOK FOR SCHOOL LOCATION

The members of the board of trustees, Canyon City Independent School District, were called together this morning at ten o'clock and recinded all past orders passed regarding the location of the new high school building. On a previous meeting the board voted to locate the new building in Evelyn street just north of the old high school building. The board has a petition from B. T. Johnson and fourteen other residents of the west part of town asking that the new building be located other than in the middle of Evelyn street. Five signers of the petition have withdrawn their names during the past few days, and the petition now bears ten names.

On account of the legal prospects of an injunction and other unnecessary delays in the law, the board did not wish to enter into a legal fight to obtain possession of Evelyn street. It is possible that this location may be procured if an election is held in Canyon granting the city council authority to close the street, and should the people of the city wish this location for the new high school building, it is possible by this election to secure this site. However, the board of trustees do not wish to enter into a legal fight, as it might delay the construction, and if no steps are taken by the citizens of the town to procure this site, a new location will probably be selected.

The petition now in the hands of the board of trustees opposing the location in Evelyn bears the following names: B. T. Johnson, E. Cearley, John Davis, M. L. Tucker, L. T. Lester, A. E. Pipkin, T. W. Duffel, J. W. Hastings, W. S. Hastings, and J. D. Key.

The following motion was presented to the board and adopted unanimously by those present: "That on account of opposition from citizens living in the west part of town to locating the school building in Evelyn street north of the old school building, according to previous vote of the board of trustees, that we hereby recind all orders passed by this board for the location of the new high school building, and that we shall proceed to select a new location for the school building."

Many Swine Breeders Attended Meeting at Court House Tuesday

Twenty swine breeders attended the meeting at the court house Tuesday afternoon and enjoyed a highly profitable program.

Frank R. Phillips was elected chairman and C. F. Walker secretary. Meetings will be held every Wednesday afternoon at Mr. Walker's office in the court house and all phases of farm problems will be discussed. For the next three months the general theme will be: The cow, the hen and the sow.

Next week Henry F. Miller will discuss Sudan pasture for hogs and A. B. Haynes will discuss Sweet Clover for pasture.

The meetings are opened to all, and the farmers are especially urged to be present.

Court House Will be Kept Open Sundays; in Charge of the City

At the meeting of the Commissioners Court Monday, it was agreed that the first floor of the court house should be left open Sundays for the benefit of the tourists and people from out of town who ordinarily have no warm place to stop while in the city. The rest room will be especially welcomed by the women in tourists cars which have to stop for some time in the city.

The court house will be in charge of the city officials on Sundays and it will be the duty of the city marshal to see that order is preserved in the building.

BOOSTING COTTON ACREAGE.

Joe Garrison and Joe Evans of Happy were in the city yesterday and state that farmers in the Happy territory are going after cotton good and hard the coming season.

More than 2000 acres have been pledged for cotton, and this will insure a gain in Happy.

Help Keep Canyon Clean!

Yea Boy, Its Tax Paying Time, and Cold Weather to Boot

Tax paying time right! Dog taxes; street taxes; jitney taxes school taxes; county taxes; state taxes!

By the time Uncle Sam gets ready to annex his tax in March the income "blanks" will be correctly named. All of these other agencies are going to pull a toll from practically every home in Randall county; but Uncle Sam is sure going to be disappointed in his share this year.

But we citizens of Randall county enjoy the very highest privileges, and the taxes we pay are for these privileges, so why kick? The higher the standards of civilization, the higher will be the taxes of the individual communities.

But with these northerners hitting regularly, and the coal pile getting low, and the feed bin getting lower and the price of feed getting higher and higher, tax paying time is not the most enjoyable time of the year.

Not by a jug full!

Fire in Dental Offices Started at Noon on Last Saturday

Dr. S. L. Ingham left his dental office just before noon Saturday, and seemingly everything was in normal condition.

At about ten minutes after twelve o'clock Dr. F. M. Wilson, came down the hall from his office and saw smoke pouring out of the dental office. He procured his fire extinguisher, and went to the south window which faces on the roof of the Thompson Hardware building. He got the storm screen off with difficulty, and had the fire out by the aid of the extinguisher before others in the building were aware of the fire.

The fire had started in a large trash can, and had burned the curtains, office coats, dental aprons and a new rain coat. The partitions were badly damaged and the fire had eaten a hole in the floor of the laboratory.

Had the fire gotten to the shelving on the west side of the office where there were chemicals, the building might have been burned. As the damage now stands, it will amount to about \$150.

This is the second time within the past few months that this building has been saved by the use of fire extinguishers.

BUILDING GARAGE.

C. M. Dowlen is completing a tile garage on lots east of Midway, and intends to build a new home there within a short while.

POULTRY SHOW WILL BE HELD IN CANYON JANUARY 26-27 WITH MERCHANDISE PREMIUMS OFFERED WINNERS

Bonds of New County Officers Approved by the Commissioners

The Commissioners Court was in session Monday for the purpose of approving the bonds of the incoming officers. The following bonds were approved Monday:

Rector Lester, county judge; Ethel Woods, county and district clerk; Mrs. Myra Smith, county treasurer; Tom Reddell, county assessor; members of the Commissioners' Court, W. C. Baird, Parker D. Hanna, J. J. Bauer and W. E. Bennett.

TO AMARILLO TRIBUNE.

John L. McCarty has accepted a position with the Amarillo Tribune, reporterial staff and started to work this week. John has been a student in the Normal for the past few years and has reported for this paper, the Prairie, and Tribune.

Joe Lancaster takes the work as correspondent for the Tribune from Canyon.

NORMAL RATED FIRST CLASS BY THE TEXAS COLLEGES

WORK PLACED ON PAR WITH STATE UNIVERSITY.

Had Previously Been Approved by the Education Department and the Teachers College Assoc.

President J. A. Hill has a letter from the Committee on Standards and Classification of the Association of Texas Colleges to the effect that the West Texas State Normal College has been placed by this Association in the approved list of First Class Senior Colleges in this state.

This Association is composed of the University of Texas, A. & M. College, Baylor, and the other leading universities and colleges of Texas.

For the students of the Normal, this means that should they wish to transfer from the West Texas State Normal College to any of these universities or colleges, they will be given full credit for all work done while in the Normal College.

This recognition was granted some months ago by the Department of Education and the American Association of Teachers Colleges.

President Hill and members of the Normal and very highly pleased at this recognition of the work being offered in the Normal, as a thorough investigation of all departments, both as to the teaching force and the methods used, was made before this approval was given.

The degree work being offered in the Normal is attracting a large number of students from the Plains when they understand that this work is equal to any they may obtain from the larger and older universities of the state.

Mexican Children Are Happy Over Christmas Tree Monday

A number of the W. C. A. girls of the Normal and Miss Hudspeth of the Spanish Department of the College, gave the Mexican children a treat and Christmas tree at one of the section houses Monday evening.

A tree was attractively decorated, and Santa Claus distributed presents to all of the wide-eyed Mexican children.

Miss Hudspeth works among the Mexicans, taking her Spanish classes to the section houses, and she has the confidence of all of these people.

The young women greatly enjoy the pleasure of this charitable work.

STORK SPECIAL.

A daughter was born to Mr. and Mrs. M. L. Foster New Year day.

A son was born to Mr. and Mrs. Homer E. Newton December 17.

A daughter was born to Mr. and Mrs. Chas. Miller December 18.

COMMERCIAL LEAGUE HELD MEETING 'LAST NIGHT—COTTON SITUATION IS DISCUSSED—COMMITTEES ARE NAMED

The Randall County Commercial League met Wednesday night at the court house for the election of officers for the coming year, and to discuss various other business matters.

President C. H. Jarrett asked W. A. Warren, secretary, to outline the work for the evening, which consisted of discussion of finances, the market in Canyon and sending a delegation to Lubbock Friday night.

It was discovered that the Commercial League was \$300 in debt and that \$200 or more would be needed in the near future to pay running expenses.

The chair appointed the following committee to work out a financial plan for 1923 and collect money to pay off the indebtedness: C. F. Walker, O. N. Gamble, C. D. Lester, L. G. Allen and C. H. Jarrett.

Mr. Warren discussed at length the lack of marketing system in Canyon, and opened the question that the business men might consider the question for a future meeting.

The West Texas Chamber of Commerce has called a meeting in Lubbock for Friday night of this week for the purpose of looking into legislation that has to do with West Texas, particularly the West Texas A. & M. College. The League voted to send two men to the meeting, and these will be named today.

C. F. Walker stated that he was preparing petitions to the Commissioners court asking that a public weigher be named. A public weigher is necessary when it comes to shipping baled hay and will be absolutely a necessity when cotton is raised this year. The petitions will go all over the county.

The question of financing cotton seed for the coming year was discussed at length, and the following committee appointed: C. F. Walker, E. H. Powell and Grady Oldham. Various opinions were expressed as to the best variety of seed to be used in the county this year, but all agreed that the farmers should be urged to use the same kind of seed with as long staple as possible, and cotton that was adapted to the western conditions.

President J. A. Hill expressed his very great appreciation of the work of the Commercial League and stated he had greatly missed the meetings which had not been held during the past few months. He believed that Canyon people did not fully appreciate what

Rev. O. P. Hinge Accepts Call to Houston Heights, Tex., Church

Rev. O. P. Hinge, Lutheran pastor, has announced his acceptance of the call recently extended him by the Lutheran congregation at Houston Heights.

Rev. Hinge is one of the most prominent young preachers in this section of Texas. He has made a large circle of friends outside of the members of his denomination, and the announcement of his decision to leave this section will be heard with genuine regret. Rev. and Mrs. Hinge left Tuesday for Rochester, Minn., where Mrs. Hinge must go for an operation.

The officials of the local Lutheran church will take steps at once to call a new pastor.

MOVES TO NEW BUILDING.

M. S. Bishir has moved his auto repair business to his new building on the south side of the square.

The new building is 30x40, built of hollow tile and the front is finished with stucco.

It was a year ago last month that the fire occurred on the south side of the square, which burned five business houses. During the past year two new business houses have been erected to take the place of the frame buildings.

PHONE THE NEWS.

The Randall County News is very anxious to get all of the news of Randall county. Much valuable news is liable to escape if you do not assist us a little. We will appreciate it very much if you will phone us all of the news during 1923. This would mean a better newspaper and a more valuable newspaper for Canyon and Randall County.

Commercial League Named Officers for the Coming Year

At the meeting of the Randall County Commercial League last night at the court house the following officers were elected for the coming year:

J. M. Vetsak, President.
O. N. Gamble, Vice President.
W. A. Warren, Secretary.

Retiring President C. H. Jarrett expressed his appreciation for the cooperation during the past year and believed that during the coming year greater things were possible for Canyon and Randall county.

a good town this was and what improvements had been made during the past few years. He pointed out how Canyon was growing and improving, the work of paving and the influence that it had made on citizens of other towns who were looking toward Canyon.

Mr. Hill urged that churches be built in Canyon. He heartily approve the plan for the new Methodist church, and believed that every citizen should see that it was built. He believed that other churches would be built after the completion of the Methodist church.

Mr. Hill pointed out other problems as the extension of the sewer system and taking in the addition adjoining the Normal in order to give this section a much needed sewer system. He pointed out the fact that one hundred homes had been built in Canyon within the past eighteen months. Canyon people underestimate our own advantages and what we are doing here.

Mr. Hill related his visits to other towns and noted conditions as they exist, and expressed his appreciation of Canyon and his belief in the future of the town. We have done a lot of good things here, and there are a lot of things yet to be done. Canyon is not so large as New York but it is a better town in which to live. The meeting adjourned after the election of officers for the coming year.

420 Auto Owners Pay Tax and Get New Set Number Plates

Sheriff W. C. Black stated yesterday morning that 420 automobile tax receipts for 1923 had been written, and that number of new number plates had been given to car owners in Randall county. Nearly 600 receipts were issued last year, hence there are quite a number of delinquents over the county.

Mr. Black states that he will begin to round up the delinquents this week and see that all cars running in the county are properly numbered for the coming year. Arrests were made the first of the week in Amarillo and other towns where the cars did not have the new number plates.

The numbers this year are much easier to read and remember than those issued four years ago. The six numbers are divided in two groups with a white star between them. In Randall county all of the first group is "451", and whenever you see that group of numbers on a car you will know the car belongs in Randall county. These plates are good for four years, so should be firmly attached to the car. Seals will be given for each of the coming three years before another change of number plates is made.

Farm Bureau Will Meet Saturday to Select Delegates

A meeting of the Randall County Farm Bureau will be held Saturday at the court house for the purpose of electing delegates to the state convention to be held in Dallas next month. All members are urged by President A. B. Haynes to be present.

THE A. & M. COLLEGE

Amarillo News: Recent announcement of The Daily News that it would support Canyon as the site for the West Texas A. & M. College has met with approval from many sources. People are becoming aroused to the needs of economy in administration of school affairs and it is believed that as the weeks pass sentiment will become crystallized for Canyon.

Of course, one cannot expect the faculty of the West Texas State Normal College to come out for the establishment of the school there. It would seem to many people that the faculty is striving for additional influence were it to advocate Canyon as the site for the new school.

Already it is generally believed that the fight is lost for the establishment of an absolutely independent West Texas A. & M. College. It is said that feature will be introduced in the bill merely as a matter of form and that the supporters will be glad to accept a branch institution. And a branch institution is what so many persons have fought along in the past few months.

Another thing that must be realized about the cost of establishment of a new institution. It is proposed to spend more than \$1,000,000 in the beginning for the institution. And it has been estimated that any city that gets the college—especially if it should be a separate institution—would have to pay more than \$200,000 in cash and in land.

The people of Canyon and Randall County will furnish the land, we feel sure, for experimental purposes if that city is selected as the site. Should the legislature pass the measure for the college, let us get together and work for Canyon for the school.

Almost every man that gets out of a job tries his hand at some kind of advertising scheme. It would seem from the number of different propositions that are put up to Clovis business men each week. Advertising, to be of any value, must have circulation. If business men would really stop to consider how many people really read some of the advertising stunts that are pulled, fewer of them would be sold. The local newspapers furnish the best medium to reach the people. They go into the homes each week. The itinerant salesman is here today and gone tomorrow and his proposition rarely ever has the merit that he represents it does. The biggest users of advertising in the land are consistent users of newspaper space. It has been proven to be the most economical as well as most efficient methods of advertising.—Clovis News.

Protests against the textbook changes are being made too late. Governor Neff has signed the order authorizing the expenditure of more than a million dollars which comes out of the school fund during 1923. The protests should continue to be filed, no matter if the act is completed. The free textbook law is very much of a frost, taken at its best. No child wants a school book that has passed through several hands, and is dirty and worn. Handing out this kind of books in our schools breaks down the morale of the children quicker than anything else could do in our schools, unless it be the employment of inadequate teachers, and this latter will follow, if the state's money is used for textbook changes rather than applied to teachers' salaries where it belongs.

If you have never done any really good work for Canyon, do something during 1923. With the large amount of public work under way, there is room for much private enterprise and improvements.

Investing in your home town is not done by buying your goods out of town. This is just as true of printing as in sending away for other kinds of merchandise.

Canyon MUST build churches during 1923.

John Wannamaker did not look upon advertising expenditures as "expense" but investment. He invested heavily and regularly in advertising, and his business was always a great success. We know Wannamaker's stores as the greatest institutions in Philadelphia and New York. Time was when his Philadelphia store was a very small affair, but it became great through advertising and honesty. No one could ever accuse John Wannamaker of being dishonest. Yet he did not attempt to build his business by honesty alone. He was honest first, and then used the pulling power of advertising to put over his honesty.

Forget personal differences during 1923 and work together for the betterment of Canyon and Randall county. Strife and petty bickerings never made a town. California is noted as a state of boosters. From California towns the people of Canyon can learn a splendid spirit of cooperation and good fellowship. This does not mean that there is not keen rivalry when it comes to question of one business firm getting business from its competitor, but it means that all citizens of a town are keenly interested and working for the good of the town as a whole. Let Canyon catch the California spirit during 1923.

Governor Neff has withdrawn the Ranger forces from all towns in the state. The Rangers have been on duty in many towns since the shopmen went out last July. Some of the shopmen are wondering when they will win the strike. The public and government is no longer in doubt as to the winners of the strike really are.

Drunken motorists in Ft. Worth are to be sent to jail. Drunken men, whether driving a car or taking up the entire sidewalk, should be in jail. The prohibition laws are being better and better enforced, but it will take a generation to entirely stamp booze out of American life.

Canyon has more public work under progress than any town under 3000 population in the Panhandle. Public improvements always speak well for a town.

Can you write it 1923 without cursing? Here too.

NOT SO BAD

A somewhat deaf man was being married and the clergyman asked the usual question.

"Do you take this woman for your lawful wife?"

There was a short but disconcerting silence, after which the prospective groom replied complainingly:

"Oh, I don't know. She ain't so awful. I've seen worse that didn't have her money."—American Legion Weekly.

EXPERIENCED

"Yas sah, Jedga, I wanta to getta divorce."

"You do, eh? Well, Rufus, I suppose that you want to be free to marry again."

"No sah, J jest wanta be free."

AT LEAST A CHANCE

A small boy in a Chicago school refused to take part in a sewing lesson on the ground that it was beneath his dignity.

"George Washington sewed," said the teacher, taking it for granted that every soldier has to do it at times. "You don't consider yourself better than Washington, do you?"

"I don't know; time will tell," replied the boy.

"Hell is not sulphur, it is not burning flames; it is your losing interest in things."

To drive out worms that are eating away the strength and vitality of your child, use White's Cream Vermifuge. It expels the worms without injury to the child. Price 35c. Sold by City Pharmacy. 4044

BACKACHE IS DISCOURAGING
But Not So Bad If You Know How To Reach the Cause

Nothing more discouraging than a constant backache. Lame when you awaken, pains pierce you when you bend or lift. It's hard to work or to rest. Backache often indicates bad kidneys. Canyon people recommend Doan's Kidney Pills. Ask your neighbor. Read this case:

Mrs. G. A. Jones, Canyon, says: "Through the small of my back was a steady, bearing-down pain and it was so sore I could hardly stoop to pick up anything. At night my back was so sore and ached so I couldn't sleep at all. I also had awful dizzy spells and headaches. My kidneys were weak and troubled me, too. I bought Doan's Kidney Pills from the City Drug Co. and three boxes cured me of every symptom of the trouble." Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Jones had. Foster-Milburn Co. Mfrs., Buffalo, N. Y.

Abilene Eagles Gave Up State Title For Ideal of Clean Sport

By POP BOONE, editorial sport writer of Fort Worth Record.

Sacrificing a state championship on an ideal of clean-sportsmanship on the gridiron is almost beyond the comprehension of most football men, or, for that matter, of the general public that knows little of the fine-points of the game. Such quixotism is unheard of probably.

But that's just what the Abilene Eagles did in the game at Panther Park last Friday, according to Charley Reichenstein, who umpired the game, and who says, Joe Utay, the referee co-incides with him in the belief.

Reichenstein bases his belief on the fact that Abilene deliberately refused to smash Jack Cisco, Waco captain, who was barely able to stand on the line of scrimmage and pass the ball to the backfield, as called upon by his duties as center.

Fans who saw the game and who may not have noticed the incident in the excitement of the thrilling battle, will have no trouble in believing the statement of the stocky football official, who has worked in many of the high school contests this year in West Texas.

They will remember that Cisco was knocked out and forced to leave the game. Immediately thereafter, Abilene started a terrific drive and put the ball into Waco's danger zone. It was a ticklish place in the affairs of the contest. Abilene was inside the five-yard line with a short distance to make on fourth down for a first down that would practically cinch a touchdown.

Sam Coates, acting captain of the Tigers, asked for time out. Accompanied by an official, he consulted Cisco, who was on the side lines, asking the captain to come back into the game. Cisco demurred, but Coates insisted and the captain limped to the field. He failed to hold the Eagles and they scored the touchdown on the next two plays and took the lead 10 to 7.

Thereafter, Cisco stayed in the game, though he was out on his feet. All that was required to get him out of there was for two or three men to hit him—an act that is not only legitimate in football but considered the proper thing to do. Cisco was not so powerful on offense or defense, but his presence on the line added much to the effectiveness of the Waco eleven, not only as to the morale but also because he is a wizard at fathoming plays in advance and in running his team on the defense.

Reichenstein also points out the further fact that Cisco's condition left a woefully weak spot in the center of the line that was a natural target for plugging attack, especially for the small, hard hitting Hanna.

But the Eagles refused either to hammer this weak spot or force the Tiger captain out of the game by smashing his battered side. Instead, the backs and line seemed positively to avoid hurting him, helped him on his feet after every play and showed a spirit of football that the official declares he didn't believe existed.

"I've been playing football, watching football and working at officiating in football for a good many years now," said Reichenstein, "but this Abilene eleven is absolutely the cleanest bunch of football players I ever saw. In fact they are cleaner than any bunch I ever expected to see. It was nothing short of Don Quixote in my opinion. And this applied not only in the case of Cisco but all thru the game. I never saw the least suggestion of unnecessary roughness on the part of any of the eleven men."

"But don't misunderstand me to infer that they do not play hard. I think the crowd will agree with me that they are game right down to the toes. They hit the line hard and tackle hard. What I mean is there was no slugging, no slipping, no leg or wrist or neck twisting or anything else that generally abounds more or less in a football game. And this opinion is concurred in full by Joe Utay, who refereed the game. Joe and I played on the same team at A. & M.,

TOWN PESTS

The Stone-Age Advertiser who Sends out a Kid to ring Folkies Doorbells and litter up their Porches with Samples and Circulars is getting Publicity, but the wrong kind, and the more he Gets, the Worse Off he will be. The Stone-Age Advertiser wins the Rubber Stitts!

and always have a fanning bee wherever we meet. Joe said after the game he never saw anything like it."

Reichenstein says he asked Coach Shotwell that night about the Cisco business and Shotwell told him the boys were not only coached that way, but they all felt that way about it. Asked if the team had come thru all the hard schedule on that basis, Shotwell said they had.

"I believe a team can win with that kind of football," said Shotwell, "and at the same time I believe if all coaches will teach it that the game eventually will develop into the greatest sport the world has known. So I do what I can to that end by insisting that the players play absolutely clean."

Aching joints, rheumatic pains, neuralgia, can be relieved quickly by a rubbing application of Ballard's Snow Liniment. It is a powerful penetrating remedy. Three sizes, 30c, 60c and \$1.20 per bottle. Sold by City Pharmacy. 4044

LITTLE WANT ADS BRING RESULTS

The SILHOUETTE

1923

What could be of greater value to a high school student outside of his education than an Annual—a Silhouette of the four grandest years in his life. How much of the wonderful days in High School do you remember? What would you give to remember them all? Two dollars? You bet you would! Give the students of Canyon High School the thing you missed in High School. Buy an Annual for your boy and your girl and, when the curtain of age is slowly lowered by Father Time The Silhouette will be with your boy and your girl—a friend, comforter, reminder of the happy days in Canyon's High School.

Let us take the public of Canyon fully into our confidence. It is going to take the better part of a thousand dollars to put the Silhouette in the hands of your boy and your girl. Of this sum, something like four hundred dollars will go for engravings; about four hundred and fifty for printing and binding. The other hundred and fifty is a conservative estimate for the incidental expenses such as express, postage, photograph work, stationery and hundreds of other items that job up unexpectedly and cost money in the end.

Now here! Don't throw the paper away. It has committed no offense. We have made no preposterously unbelievable statements. An Annual like the Silhouette is worth all a school can spend on it.

We are selling you the finished Annual for two dollars when the cost to us will average \$5.00 each. Sure its a great bargain and we are selling new stuff too—nothing shelf worn in our stock and what is of infinitely more important your boy and your girl will have a book they will keep for a lifetime, will value higher than any other book in their possession. It will project the colorful days of their youth through the icy curtain of old age and warm chilled hearts, bring smiles and tears to aging eyes, and chase gloom from aching hearts with the sunshine of their youth. Worth two dollars? If you are alive and foster no serious thoughts of suicide. If the sunshine of your youth still enters your heart through an occasional lifting of the curtains the world has fastened around your heart, you won't haggle about the price. If you can't raise two dollars in a lump sum see the business manager of the Silhouette and he will let you or your child pay the two dollars in monthly installments of fifty cents.

Say, have you got our mutual enemy, old man Despondency, by the nose yet? Probably if you had an Annual that pictured graphically the sunny spots of your youth the black hours—the sinking spells wherein happiness does most of the sinking—would be in a measure lighted, the leanness in your heart thawed a little and your ability to fight the circumstances that cause the Despondency would be strengthened. No, I'll freely admit the annual and the memories it revived would

bring you no money—but strength is money they say and I do say, without hesitation that such relief would give you strength.

From now on it will be a battle to the death. We are not going to hurt anyone's feelings unless we have to, and we sincerely hope we will not have to; but we are determined to put out an Annual if it is in our power and it will take some tall talking to convince us that it is not in our power.

Hear our plea—it comes from the

deepest chamber of our heart—help us put out this Annual and we feel sure you will be richly rewarded. May I quote you a little verse by way of a happy ending?

"No matter what life's like,
Let's smile,
Let's put joy in place of strife
And smile—
If the world is out of socket,
Put your troubles in your pocket,
Pull the flap down and then lock it,
With a smile."
—C. H. S. Reporter.

COMMISSIONER OF AGRICULTURE STARTS CAMPAIGN FOR BETTER PRICES AND BETTER FARM METHODS

Austin, Texas, Jan. 1, 1923.
TO FARMERS AND ALL BUSINESS INTERESTS:

New Year's Greeting:
Farming Must pay or the Nation will Perish."

Twentieth century civilization, with its boasted achievements, will perish from the face of the earth, unless agriculture is made profitable.

This is axiomatic and needs no demonstration. Our lands are depreciating in production, because of erosion and loss of plant food.

Erosion cannot be stopped and plant food cannot be restored without profitable prices.

Money spent for good schools and good roads is a great investment when intelligently expended, but it raises the price of land and increases taxes, without increasing the productive capacity of the soil. In order to support good schools and build good roads, the farmer must receive better prices for his products.

Cotton is the greatest commercial crop in the United States, (i. e. brings more actual money) and is almost the sole dependence of the South. With depleted soil, ravages of the boll weevil and other pests, and the high cost of living, it is no longer possible to produce cotton as economically and as cheaply as it was formerly produced.

Estimates of cost of production filed in this department by thousands of practical farmers, show that the average cost of producing the cotton crop of 1921 was 25.8 cents per pound and the average cost for the 1922 crop was 22 cents per pound. The 1920 and 1921 crops were sold at a loss, and the 1922 crop sold for about cost, with a small profit to the most successful farmers.

Business conditions materially improved because the small profit to some of the farmers. This ought to convince every intelligent man in Texas and the South that cotton cannot be profitably grown for less than 20 cents, as the minimum price.

The Remedy

1. Raise all the food and feed crops to supply the farm and the local town or city market and make the farm self-supporting.

2. Stop erosion or washing of the soil by terracing or other means, and plant enough peas, velvet beans or other legumes to replace the food plant taken from the soil.

3. Reduce the cotton acreage 25 per cent and improve the cultivation, curtail insects, ravages, and produce more per acre at lower cost per pound. This plan will produce as much cotton, and bring more clear money to the farmer. Demand 20 cents per pound, or more, according to cost of production, supply and demand.

These suggestions, if put into execution, will materially benefit the South. The farmers, as a rule, are not properly organized and not financially able to carry out this plan, but are willing to do their part.

I appeal to all business interests to assist the farmers in a campaign for soil improvement, better methods in farming, and better prices, and this assistance requires both moral and financial support, and a campaign to apprise the cotton consuming world that cotton cannot, and will not, be produced hereafter for less than cost, and a reasonable profit. I appeal to the newspapers to assist in this campaign.

GEO. B. TERRELL,
Commissioner.

President Alvaro Obregon of Mexico travels extensively. He rarely journeys more than a day's ride from the capital but there is never a day of fiesta in any community of importance within that radius that the president doesn't attend. He plans to spend Christmas in his native state, Sonora.

Take a dose of Herbine when you are bilious or constipated, or your stomach is out of order. It is a marvel of promptness in correcting these conditions. Price, 60c. Sold by City Pharmacy. 4014

SANTA FE SOON TO USE OIL BURNERS

Oil tanks with a storage capacity of about 60,000 gallons will be erected by the Santa Fe in Plainview. A spur will be built to the tanks which will be located near the freight depot. It is reported that soon after the first of the year the Santa Fe will use oil burning locomotives on the Slaton division. Storage tanks are being installed at Plainview, Slaton, Justiceburg, Amarillo and Sweetwater.

Recently the Santa Fe has improved its park near the Plainview passenger station by erecting a substantial, ornamental fence.—Plainview Herald.

METHODIST HOME COMING DAY

Next Sunday is home coming for the Methodists.

The Methodists and their friends are urged to begin the new year by attending Sunday School and Church.

A cash prize for the Methodist longest member of the church.

A cash prize for the largest family attending at eleven o'clock.

A cash prize for the youngest Methodist baby attending church.

Let's make it a great day socially and religiously.

Subject at the evening hour, "Choosing a Wife."

Begin the new year right—come to church.

M. M. BEAVERS, Pastor.

MINGLE 'EM

Rastus was dressing to go to Sunday School. He couldn't find his clothes and pestered his mother in his efforts to discover them. On this particular Sunday he seemed worse than ever. Finally he was dressed except for his feet.

"Ma," he said plaintively, "does you know whereabouts my shoes and stockin's is?"

"Rastus," said his mother, exasperated, "yo' is de good-for-nothin'ness nigger dat I knows. Yo' shoes am behin' de do', yo' stockin's am undah de bed, an' yo' feet am on you. Now see can yo' mangle 'em."

"Lady Jewell," of Woodland, Washington, is the world's champion hen. She has broken all records by laying 335 eggs in one year or 11 times her own weight in eggs.

A bad wound, burn or cut should be cleansed of dirt or impurities and dressed with Liquid Borozone. It heals the flesh with marvelous speed. Price 30c, 60, and \$1.20. Sold by City Pharmacy. 4014

THANKS

We want to thank our friends and customers for the nice business given us during 1922. Conditions considered, we are highly pleased with the results, and this year we are going to carry a larger and more complete stock than ever before, and we know our prices will get the volume. We believe that more of our people are doing their buying here at home now than ever before and we are getting more business from other towns. Our records show that we have sold 63 Men's Suits, 37 Overcoats and dozens of Ladies Suits and Coats to Amarillo people since Sept. 1st; its our prices of course. They can't compete with us and remain in business. We want to again thank you and hope to merit a continuance of your valued patronage during this year. If you will make it a rule to see our stock and get our prices before buying elsewhere, we will surely get your business and save you money. Canyon had just as well be proud of the best store in the Panhandle as any other town. We will increase our stock every time there is a demand. We want your business.

The Canyon City Supply Co.

CANYON, TEXAS

NOTICE TAXPAYERS

Please be advised that all taxes not paid before FEBRUARY FIRST will take 10 per cent. penalty. This will only take care of them for two months. If not paid by April 1st, they will go on the DELINQUENT TAX RECORD, which will make an additional cost of \$2.25 for each assessment.

Women are required by law to pay their poll tax.

Both men and women are required by law to pay their poll tax at the same time the property tax is paid. Unpaid poll taxes are a lien upon any real or personal property you may own, or come into possession of.

W. C. BLACK

TAX COLLECTOR, RANDALL COUNTY, TEXAS

Panhandle Will Ask State for Park in the Palo Duro Canyons

At a meeting held in Amarillo Friday afternoon, it was decided to ask the legislature to make a state park of the Palo Duro Canyon and a committee from this section will go to Austin to present the matter to the members of the legislature.

R. A. Terrill and Mrs. T. V. Reeves attended the meeting from Canyon.

DEEDS FILED LAST WEEK IN COUNTY

The following deeds as furnished the News by the Randall County Abstract Company, have been recorded in the County Clerk's office:

M. J. Bellamy to R. A. Warren, 290 acres section 200, block B-5. Consideration \$10,000.

E. C. Dodson to Marie Dodson, lot 10 and west half lot 11, block 28, Canyon City. Consideration \$483.33.

J. A. Meador to Mrs. Lottie Windinger, north half of northwest quarter 174, block 2. Consideration \$8,000.

W. B. Harding to Leys L. Hardin, 24 blocks in Corner addn. to Canyon. Consideration \$900.

Anna Laura Butler to Lillie E. Spikes, northeast quarter section 55, block 14. Consideration \$3,800.

Campbell Notes

T. A. Dowien and family took New Years dinner with Mr. and Mrs. Henry Beckman of Umparger.

Kathleen Gordon-Cunning returned to Amarillo to go to school after spending the holidays at home.

Oscar Thomas has returned after having spent the holidays with his sister, Mrs. McGehee, at Wayside.

Mr. Burris has returned from Missouri, where he went to attend the funeral of his father.

Mr. and Mrs. R. A. Thomas entertained a number of their friends to a sumptuous New Years dinner. They were Mr. Patterson and Mrs. Hicks of Amarillo, Mr. Garrison and family of Wildorado, and Mr. Burris and family and Mr. Hancock and family of this community.

Miss Madie Whitley of Happy is visiting at the O. S. Brown home.

Miss Wynona Bergan spent Monday in Hereford.

Miss Beatrice Bergan has returned to Artesia to resume her school work.

WHERE FORD FAILED

A year ago Henry Ford said that Russia needed the Ford tractor and he hinted that he would establish a big plant in the Slav country. He failed to make the landing. Now the Krupps of Germany have obtained a concession of 247,000 acres of agricultural land in Southwestern Russia. A special company will be formed with the aid of British capital and the Krupps will ship large quantities of agricultural implements into Russia for the purpose.

Civilization begins and ends with the plow and if Soviet Russia begins the building of a new civilization with the plow, the day will come when the Slavs will produce sufficient foodstuff to supply their own demands and feed all of Europe.

They have the soil, they have the labor, and they have the industry and some day they may have the incentive.

If Christmas comes, can bills be far behind?—St. Joseph News-Press.

Wilson Notes

Mr. and Mrs. C. N. Horne of Plainview spent the week end at the S. E. Simms home.

Joel Wallace of Whitfield spent Saturday night at the L. E. Simms home.

Mrs. W. J. Wooten and children spent the afternoon with her sister, Mrs. A. P. Thornton.

Mr. and Mrs. Alder visited at the L. E. Simms home Saturday.

Mrs. L. E. Simms and Louie Bagley spent Friday afternoon with Mrs. A. P. Thornton.

Myrtle and Mable Thornton visited with Louie Bagley Wednesday.

Mr. and Mrs. Lowe McCaskey and Opal Covington spent Sunday at the Dave Covington home.

Mr. and Mrs. Dave Covington and Opal spent Sunday week with Mr. and Mrs. Fowler Foster.

Mr. and Mrs. Leland Graves spent the week at the homes of G. J. Graves and F. E. Haines.

Tommy Graves spent a few days with Leland Graves last week.

Miss Dessie Graves spent last week with Mr. and Mrs. Leland Graves.

Miss Grace Foster has moved her boarding place to the Covingtons, so she will be nearer school.

The Wilson Literary met December 22nd, and had a good program. The house was full; Santa Claus appeared on time and brought his negro wife. Everyone enjoyed the program. Their next meeting will be January 19. They will also have a box supper to pay for their new curtains, lights, and other things. Everyone is cordially invited.

George Frank and family went to Amarillo Sunday to see George Frank who is improving from an operation.

Mr. and Mrs. W. F. Mayfield spent Christmas day with Mr. and Mrs. W. H. Hicks.

Mr. and Mrs. L. E. Simms entertained Louie Bagley, Myrtle and Mable Thornton with a Christmas tree Sunday evening.

Mr. and Mrs. J. J. Tueck spent Sunday with Mr. and Mrs. John Straub.

Catherine Frank spent Thursday, Friday and Saturday with Misses Lucy and Marie Schintz.

John Straub and family were at W. M. Erdman's New Years day.

Mr. and Mrs. P. F. Hicks spent Christmas day with Mr. and Mrs. W. H. Hicks.

Catherine Frank spent Sunday with Mary Skypola.

Mrs. Florence Anderson spent Sunday with her brother, W. A. Morris.

Mr. and Mrs. J. W. Hancock and family spent New Years at the R. A. Thomas home.

Mr. and Mrs. W. H. Hicks were business callers in Amarillo Monday.

Mr. and Mrs. Toney Beckman and Joe Tueck spent Monday with Mr. and Mrs. Hugo Skarke.

Mr. and Mrs. Toney Beckman and Mr. and Mrs. John Batenhorst spent Christmas at the J. J. Tueck home.

Mrs. A. P. Thornton and A. G. spent Tuesday with Mr. and Mrs. W. J. Wooten.

Mr. and Mrs. Toney Hollenstein spent Sunday with Mr. and Mrs. Toney Beckman.

A. P. Thornton was a business caller in Amarillo Tuesday.

Howard and Frank Hicks were business callers in Amarillo Wednesday.

Mr. and Mrs. George Frank spent New Years with Mr. and Mrs. Erdman.

Joseph Frank spent Sunday with Hugo Skarke.

Synthetic camphor, made from the turpentine of the pine forests of the South, is expected to remove Japan's control of the supply. The new process does not require elaborate machinery and can be made in plant units, and a by-product, which is the result of this synthetic treatment, has a commercial value almost equal to the cost of the original turpentine.

The Fascisti of Italy forced each landowner to hire a stated number of laborers for every hundred acres of land he owned or operated. This was done to abolish unemployment and increase production.

Women were placed on a jury case in the supreme court in Red Deer, Alberta, for the first time in the history of Canada.

Gray Gables, on Buzzard's Bay, Massachusetts, for years the summer home of Grover Cleveland, is to be cut up into lots and sold on the market.

Wish K. K. K. stood for Koal Kar Koming—Brooklyn Eagle.

Happy Happenings

The play Saturday night, "The Adventures of a Grandpa," given by the Happy seniors, was witnessed by about 300 people. About \$55 were taken in, more than has been taken in on any one play given here this term. The seniors, under the direction of Mr. and Mrs. O. R. Bridges, worked hard, but they were anxious and ready to play when the time came. They received many compliments from the audience, for which they are very appreciative.

Mrs. Ruth Grounds spent the week end with relatives and friends in Amarillo.

Prof. and Mrs. O. R. Bridges and Ernest Miller entertained with a forty-two party at the home of Ernest Miller on Thursday evening. At a late hour delicious refreshments were served.

Emil Grounds and Misses Vollie and Ruth Dison were in Amarillo Saturday.

Ural Barnard left Monday morning for Canyon where he will attend the Normal.

Miss Faye Kirk returned to her home at Spearman after spending the holidays at the G. B. Barnard home.

Misses Winnie and Pauline Grounds entertained a large number of their friends at the C. L. Grounds home on Wednesday night.

Miss Annie Crawford, who is teaching music and expression at Dimmitt, spent the past week end here with relatives.

Mr. and Mrs. H. A. Grounds were visiting relatives at Plainview Wednesday and Thursday.

Bill Anderson and family visited friends and relatives at Hereford Thursday and Friday.

Mrs. O. R. Bridges was shopping in Amarillo Thursday.

Harry Davenport and family of Kress have been visiting at the Rev. J. M. Hall home.

A farewell social was given Monday night by the B. Y. P. U. in honor of Van Foster, who left for Plainview where he will attend Wayland College and study to be a preacher. The many friends of Mr. Foster wish him much success during his work.

Misses Vollie and Ruth Dison returned Monday to Silverton where they will continue their school work after the holidays.

Mrs. A. W. Montgomery and daughter, Daisy, of Amarillo, visited relatives this week end.

Miss Jewell Hall of Amarillo was at her home here the past week end.

Mrs. G. T. Caldwell gave her Sunday School class of Junior boys and girls a party at her home Wednesday evening. The evening was greatly enjoyed by all.

Lester Turner of Canyon was a caller here Sunday.

Do not forget that Pres. J. A. Hill and Prof. Phillips of the Canyon Normal, will be here on Friday night to address the citizens of Happy and the people of the surrounding community. There will be no admission charge and everyone is invited to hear these men, for it will benefit all.

The members of the M. E. Sunday School went to Tulla Sunday for the Sunday School Institute which is held on every fifth Sunday. Our Sunday School lost the banner this time, but they have hopes of soon getting it back. The Institute will be held here on April 29, for the next meeting.

No preaching services were held here at the Presbyterian church Sunday. Services next Sunday at the regular hour. Rev. Miller of Lubbock will preach.

Mrs. J. P. Evans entertained her Sunday School class of primary boys and girls at her home on Friday afternoon. All the little folks say that they had a very good time.

Odell Gillham of Happy and Miss Upton of San Angelo were married at

San Angelo last week. Miss Upton is a daughter of Rev. Upton, who is pastor of the M. E. church at San Angelo now. Mr. Gillham is a prominent citizen of Happy, and has been cashier of the bank here for some time. The friends of Mr. and Mrs. Gillham here join their friends at San Angelo in wishing them a happy and successful married life.

Van Foster held services at the Baptist church here Sunday morning and evening. At the hour of the meeting of the B. Y. P. U. Sunday evening the members of the Union presented Van a Bible for which he is very appreciative to them, who wish him utmost success in his attempted service in the future.

Quite a number of people from Wayside and Fairview attended the play here Saturday night.

The Love basketball teams of both Senior boys and girls will be here Friday afternoon to play against the Happy teams. They have no junior team of either boys or girls.

Do not forget to come to the Happy school auditorium Friday night to hear President Hill and Prof. Phillips of the Canyon Normal.

Wayside Items

Quarterly conference at Wayside Saturday, presiding elder, G. S. Hardy presided. A number of visitors from other churches in attendance, dinner served at the church. A good and profitable meeting to all concerned. Bro. Hardy gave us three good services. The regular pastor, Rev. Griffin, from Vigo Park preached Sunday night and also gave a lecture at the school building Monday morning.

Held last meeting of the Epworth League Sunday night. We've had a most interesting session during the year. With the new year the B. Y. P. U. begins. We wish them much success.

Mrs. W. R. Franklin is on the sick list this week.

After 11 o'clock services last Sunday, Rev. Hardy offered an opportunity to those who would like to make an offering to Rev. B. T. Sharp, supernumerary preacher, of this N. W. Texas Conference, now in California. About \$10.00 was collected. Bro. Sharp has been pastor of this work for several years and is well and favorably known by many.

Mr. and Mrs. R. L. Kerlin and children came Saturday and are visiting relatives and friends around Wayside.

M. A. Butler and family visited

Wayside Tuesday. They are living near Beverly.

Birdie Lou Lane left for the Normal College at Canyon Tuesday for mid-winter session.

Mrs. F. C. Vaden, Home Demonstrator of Armstrong county, located at Claude, made a short visit to the school just before Christmas. She promises a return visit in the new year.

Mrs. Etta Gillham returned last week from a few weeks visit to relatives in Greenville.

Mowdy Gillham, son of Mrs. Etta Gillham, came near being seriously hurt Saturday night when his pony hitched to a cart took fright and ran, overturning the cart and pitching Mowdy several feet, rendering him unconscious for some time. A bruised face and a broken shaft were the results. His sister, Leta, escaped unharmed by jumping out.

Miss Annie Naasson, formerly a teacher at Wayside, now in St. Louis for medical treatment, reports some improvement in health.

Lowe McGehee and wife, formerly of Wayside now of Clarendon, are rejoicing over the arrival of an 8 1/2 pound daughter, born Dec. 22, 1922. Elizabeth Lowe, by name.

Mrs. Emma Payne and Doyle left Wayside Tuesday for Happy where she will visit her sister, Mrs. Grace Graham, then on to Canyon to visit relatives. She is expecting Mr. Payne to meet her Thursday when she will return to her home at Hartley.

TO DOG LOVERS.

Your taxes are due for 1923. Come and pay at office, as there is some complaint as to many dogs in town, and some deprivations done.

W. F. BAIRD, City Marshal.

It is estimated that the railroads which carry our mail could circle the world ten times. Why not let them do this on the first of every month?—New York Evening Post.

STOCKHOLDERS MEETING

The regular annual meeting of the stockholders of the FIRST NATIONAL BANK OF CANYON, TEXAS, will be held at its banking house on Tuesday, January 16, 1923, between the hours of 2 and 4 p. m.

E. H. POWELL, Cashier.
4012

SCHOOL TAXES DUE

The taxes for 1922 for the Canyon Independent School District are now due and must be paid by the last day of January, 1923 or they will be placed on the delinquent tax roll, and be assessed penalty and interest.

J. B. HENSLEY,
Collector.

Clark.

Miss Huldah and Gilbert Newton Harrison of Brownwood spent the holidays at the C. N. Harrison home.

Mr. and Mrs. R. A. Thomas served a delightful New Year dinner. The guests were Mr. and Mrs. J. W. Hancock, Mr. and Mrs. S. J. Burrus and family, Mr. and Mrs. C. L. Garrison of Wildorado, Mr. Patterson and Mr. Hicks of Amarillo.

Mrs. B. T. Johnson returned Monday from Amarillo where she has been at the home of her daughter, Mrs. A. S. Kenyon. A daughter was born to Mr. and Mrs. Kenyon on Dec. 19th.

CARD OF THANKS

We desire to express our heartfelt thanks and appreciation for the many kind acts and words of comfort during the illness and death of our beloved husband and father.

MRS. S. E. WILLIAMS AND CHILDREN.

NEW FLOORING IN STORE.

A new floor is being put in the Canyon Supply Company building this week, edge grain pine being used.

Skin Ablaze with Eczema Constant Itching Almost Unbearable!

We know there is one thing that stops eczema, and that is more red-blood-cells! S. S. S. builds them by the million! You can increase your red-blood-cells to the point where it is practically impossible for eczema to exist. We know that as

blood-cells increase in number, blood impurities vanish! We also know that night follows day. Both are facts! But have you, eczema sufferers, ever actually taken advantage of this wonderful fact? Thousands just like you have never thought about it! Skin eruptions, eczema with all its fiery, skin-digging torture and its soul-tearing, unrelenting itching, pimples, blackheads and boils, they all pack up and go, when the tide of blood-cells begins to roll in! Blood-cells are the fighting-giants of nature! S. S. S. builds them by the billion! It has been doing it since 1831! S. S. S. is one of the greatest blood-cell builders, blood-cleansers and body builders known to us mortals! When you put these facts together, then to continue to have eczema and skin eruptions looks more like a sin than a disease. Mrs. Arthur N. Smith, Pearl St., Newark, Ohio, writes:

"My little girl had a very bad case of eczema. She began taking S. S. S. and in a week, I thank you very much, I tell my friends what a good medicine it is. I cannot tell too much about it, for I know it is O. K."

Here is your opportunity. S. S. S. contains only vegetable medicinal ingredients. Because S. S. S. builds red-blood-cells, it roots out the itching, firm flesh, fills out hollow cheeks, gives the complexion a glow, and you are sun-down. It is in two more bottles.

S.S.S. is the only thing that stops eczema.

CAPTAIN F. B. EBBERT WILL SPEAK MONDAY, JAN. 8th

Captain Frank B. Ebbert, associate General Counsel Anti-Saloon League of America, will speak next Monday night at the Baptist church, 8:00 o'clock.

Capt. Ebbert was announced to speak here last September but it was necessary for him to postpone his trip to Texas at that time.

He will discuss the question of law enforcement, with the theme "The Unfinished Battle."

Canyon High Basket Ball Team Has Four Letter Men Players

What's the use of saying our prospects for basket ball are bright? Everyone knows that anyway. Time Brown is back, fast as ever, Doc Foust can still be seen in spite of his height, Walter Black is ready to don his spurs again and a dozen or so others are just "aching" to get on the team. Summed up we have four letter men from last year, a bunch of live prospects and a dandy good coach. Could we wish for more? Oh yes we might, but we are not telling our troubles today. Telling your troubles never helps much anyway.

Someone said the other day, in a delightful burst of enthusiasm that Canyon High School usually got what she wanted. She wants a shot at the State Championship this year and with good men and a better coach we are going to make a dreadfully strong bid for the state title—no we won't have to carry any limburger cheese for the strong part either!

A schedule is taking shape and we hope that some of the fastest teams in the Panhandle and southern Oklahoma will be here to play us. Would you don't lose a chance to encourage the like to see them come? If you would boys and put the kick into the team.

—C. H. S. Reporter.

CHANGING OFFICE ROOMS.

Sheriff W. C. Black and Assessor Tom Reddell are throwing their offices together in order give a better arrangement. The outer office will be arranged for collection purposes, and the present sheriff's office will be used as a private office.

Uncle Doc Williams Died Saturday Morning at Family Home

S. E. Williams (Uncle Doc) died last Saturday morning at 3:55, and the funeral services were conducted from the Methodist church Saturday afternoon at 3:00 o'clock.

Uncle Doc was born April 9, 1844 in Lawrence, Mo. He was married to Miss Sarah Rose Nov. 19, 1868. To this union eleven children were born, eight of whom are living. There are 44 grand children and nine great grandchildren. All of the children, excepting Mrs. T. B. Michael of Hughson, Calif., were present at the funeral.

Uncle Doc served with the Federal troops throughout the war between the states. He moved to Dallas county, Texas in an early day and in 1889 came to Floyd county as one of the pioneers to build the empire of the west. He moved to Canyon six years ago for the purpose of educating his orphan grand daughter.

Uncle Doc was converted in 1864 and united with the Cumberland Presbyterian church of which he has always been a loyal member. He was truly a Christian man; quiet and unassuming progressive in his thinking and always looking forward. He was very active in spite of his advanced years until his last illness.

The funeral services were conducted by Rev. M. M. Beavers and a large number of friends and neighbors gathered to pay their respects to the dead and offer condolence to the bereaved who remain to weep.

The following are the children, who together with the mother, live and mourn the loss of the husband and father: Mrs. D. W. Dillon of Spearman, Mrs. Myra Michael of California, Mrs. Belle Sluder of Kress, Mrs. Nellie Pogg of Canyon, Mrs. Edna Smith of Canyon, Chas. Williams of Floydada, Will Williams of Floydada, Joe Williams of Canyon.

Mother Williams will make her home with the youngest daughter, Mrs. A. T. Smith.

Charter Granted for Mary E. Hudspeth Hall by State of Tex.

The state of Texas has granted a charter to the Mary E. Hudspeth Hall, no capitalization, which Hall is being planned and will be built by the students and ex-students of the West Texas State Normal College. The incorporators are President J. A. Hill, Miss Mattie Swayne and A. D. Payne.

The design for the building has been accepted and a committee at work on the location for the Hall. It is planned to push the work after the opening of this quarter.

ORTON'S

TEXAS SWINE BREEDERS ASSOCIATION OFFERS PREMIUMS OPENED TO ALL OF BREEDERS OF STATE ON TON LITTER

The Texas Swine Breeders Association will award medals as follows to Texas farmers who produce litters of pigs farrowed between February 1st and May 15th, 1923, that reach the weights given below when six months (180 days) old:

1. Gold medal—for a litter weighing 2,000 pounds or more.
2. Silver medal—for a litter weighing 1,800 pounds and less than 2,000 pounds.
3. Bronze medal—for a litter weighing 1,600 pounds and less than 1,800 pounds.

Who Is Eligible

Any farmer, boy or girl, residing in any county in Texas employing a county agent or any county in which a Director of the Texas Swine Breeders Association resides, is eligible to enroll in the Texas Ton Litter Club upon payment of a nomination fee of 25 cents.

Enrollment

Members shall enroll between December 15th, 1922, and March 1st, 1923, through the county agent or direct with the Secretary of the Texas Swine Breeders Association, College Station, Texas.

Names and addresses of members shall be in the hands of the Secretary of the Texas Swine Breeders Association not later than March 10th, 1923.

Memorandum of Rations

Members shall furnish a memorandum of the rations fed to the breeding herd during the breeding, gestation and suckling periods, and forward same through the county agent to the state leader of the club as soon as the pigs are weaned.

Members shall keep a memorandum of the rations fed to the pigs from the time they are weaned until they are marketed, and forward same through the county agent to the state leader of the club as soon as the hogs are marketed.

Ear-Marking of Pigs

Members shall ear-mark each litter of pigs within seven days after birth, and forward a certified report of this marking along with the date of farrowing and the number of boar and sow pigs in the litter to the state leader of the club within seven days after the litter is farrowed.

Litters that are to be kept eligible to nomination for an award shall be ear-marked by the notch system recommended by the Texas Swine Breeders Association or by some similar system by which the litters can be identified easily and accurately by the committees on inspection and weighing.

All the pigs in litters that for any reason are not to be kept eligible to nomination for an award, shall be ear-marked with a single notch in the outer or lower side of the left ear.

Reports must be sent in for every litter of pigs farrowed on the farm in the spring of 1923. Failure to ear-mark and report a litter within the seven-day limit shall make the entire herd ineligible for an award.

Inspection of Herds

All herds from which litters are nominated for awards, shall be inspected before July 1st, 1923.

The county agent, or a director of the Texas Swine Breeders Association and a committee of two or more disinterested farmers selected by the Executive Committee of the county livestock association or by some other organization that represents the swine or general agricultural interest of the county, shall make the inspection.

The committee of inspection shall examine the ear-marks of all the spring pigs on the farmer's farm to see that they have been ear-marked as required under these rules and regulations, and shall certify to the nomination of the litter or litters nominated by the member if there are eligible to nomination.

Nomination of Litters

Members may nominate any litter or litters of pigs farrowed on their farms between February 1st and May 15th, 1923, for an award.

Litters must be nominated at the time of inspection on the special blank provided for that purpose.

Nominations must be certified by the committee on inspection and forwarded by this committee through the county agent to the state leader of the club immediately after inspection.

Official Weights of Litters

Litters shall be weighed on the day they are 180 days old, if possible. If this is not possible, they may be weighed any time within three days preceding or following this date. The gain for the intervening days shall be prorated at the average daily gain made by the litter since birth and added to or subtracted from the scale weight.

Litters shall be weighed by a committee of two or more disinterested farmers selected by the Executive Committee of the county livestock association or by some other organization representing the swine or general agricultural interests of the county.

Reports on weight and the eligibility of litters to an award shall be certified by the committee on weighing on the special blanks provided for this purpose, and forwarded through the county agent to the state leader of the club immediately after weighing.

Basis of Awards

Only one medal shall be awarded to a member.

Awards shall be made on the basis of the weight of the litter as herein provided, but no award will be made unless all the requirements set forth under memorandum of rations, ear-marking of litters, inspection of herds, nomination of litters and official weights of litters are complied with fully and correctly.

Awards shall be made by the executive committee of the Texas Swine Breeders Association, under the conditions outlined in the paragraph above.

Medals shall be presented at the annual winter Institute meeting of the Texas Swine Breeders Association.

Officers of the Club

The officers of the Texas Swine Breeders Association shall act as officers of the Texas Ton Litter Club with A. L. Ward, Secretary Texas Swine Breeders Association and Swine Husbandman, Extension Service A. & M. College of Texas, acting as state leader of the Club, and G. R. Warren, Swine Husbandman, Texas Agricultural Experiment Station, acting as assistant state leader of the Club.

GO AND SEEK YOUR LOVE

Go and seek your love, lad,
Away! This very morn;
She waits, and dreams of you, lad,
Beautiful, forlorn.
Then up and away, lad,
Go while the day is young;
While birds and bees
And whispering trees
Give tongue.

Go and seek your love, lad,
Away! While blood is hot;
Heed not the graybeards' council, lad,
Dare much, fear not,
Then up and away, lad,
Go while the heart is young;
While brooks and breeze
And restless seas
Give tongue.

Go and seek your love, lad,
Away! While youth is yours;
Heed the madness Caution, lad,
True love endures.
Then up and away, lad,
Give youth free rein and heed;
Lest birds and breeze
Sing in the trees:
"Love's dead!"
—Larry Sin Jin,
—Chicago Tribune.

NOTICE TO CONTRACTORS

Sealed bids or proposals will be received by the President of the School Board, Mr. G. G. Foster, at Canyon, Texas, until Jan. 22nd, 1923, at 2 p. m. for the furnishing of labor and materials and the erection of a High School Building at Canyon, Texas, according to the plans and specifications as furnished by E. F. Rittenberry, Architect, at 303 Blackburn Building, Amarillo, Texas.

All bids must be accompanied by a certified check in the sum of \$1,000.00

One Thousand Dollars, made payable to Mr. G. G. Foster at Canyon, Texas, as a guarantee that such bidder will in good faith execute the required Surety Bond and will in six days enter into a contract with said School Board for the above building. The successful bidder will be required to give a Surety Company's Bond in the amount of 50 per cent of the contract price of the building.

Separate bids will be received on the Heating System. Contractors may receive plans from the Architect at his office at Amarillo, Texas, by depositing \$50.00 cash or certified check as a guarantee, that such contractor will return plans and specifications at time set for receiving bids, and that he will submit a bona fide bid for said building.

The School Board reserves the right to accept any or reject any and all bids. 4011

NOTICE BY PUBLICATION OF FINAL ACCOUNT

THE STATE OF TEXAS,
To the Sheriff or any Constable of Randall County, Greeting:

D. R. Burns, Administrator of the Estate of A. E. Burns, Deceased, having filed in our County Court his final account of the condition of the Estate of said A. E. Burns, Deceased, together with an application to be discharged from said Administration, you are hereby commanded that by publication of this writ for twenty days in a newspaper regularly published in the County of Randall, you give due notice to all persons interested in the account for final settlement of said Estate to file their objections thereto, if any—they have, on or before the April Term, 1923, of said County Court, commencing and to be held at the Court house of said County in the City of Canyon, on the 2nd day of April, A. D. 1923, when said account and application will be considered by said Court.

Witness O. W. Gano, Clerk of the County Court of Randall County.

Given under my hand and seal of said Court, at my office in the City of Canyon, this, the 23rd day of December, A. D. 1922.

(Seal) O. W. GANO, Clerk of the County Court, Randall County, Texas. 4013

Before Baby Comes

THERE are thousands of expectant mothers who undergo much useless suffering for months before, as well as at the moment when delivery occurs. These months of suffering, with nerves and vital organs weakened, leave their effect upon the child. An eminent physician found the way to stop much of this unnecessary suffering—the same easy way which thousands of mothers have used for three generations.

Mrs. Walter S. Hadley, Bridgeport, Ind., says: "Before my little boy came I was so paralyzed in my hips and limbs I could hardly walk, and some days after a little extra exertion I couldn't walk a step. I felt it coming on this time; in fact, I could hardly get up when I sat down, but now, after using one bottle of Mother's Friend, I am so much better. I feel that I almost owe my life to Mother's Friend."

"Mother's Friend" is applied externally to the abdomen, back and hips. It penetrates remarkably, permitting the easier relaxation and distension of muscles, nerves, tissues and ligaments, and their constant, easier readjustment during expectancy and at child-birth. Have no more fear or dread, mother! Start using "Mother's Friend" now—the sooner the better.

Mrs. C. J. Hartman, Scranton, Pa., says: "With my first two children I had a doctor and a nurse, and then they had to use instruments, but with my last two children I used Mother's Friend and had only a nurse. We had no time to get a doctor, because I wasn't very sick—only about 15 or 20 minutes."

"Mother's Friend" contains no narcotics or harmful drugs. It is safe. For three generations "Mother's Friend" has relieved expectant mothers of much useless suffering. Mother! you must avoid mere guesses and useless quantities. Begin using "Mother's Friend" today. It is sold at drug stores everywhere.

FREE BOOKLET ON MOTHERHOOD

Umbarger Notes

O. J. Podzemney has left for Schulenburg, Texas, to visit with his friends. He spent a few days in Slaton visiting friends.

Miss Anna Weismulleur is home to spend the holidays.

The program that was held at the Umbarger school was well attended.

The Shillings girls of Slaton are spending the holidays at the Frank Erdman home.

Frank Erdman has moved to the E. J. Evers home northeast of Umbarger.

L. Wick was a business caller in Canyon Wednesday.

Paul Artho was in Hereford Saturday.

Mrs. Rose Mingle spent Sunday at the P. Friemel home.

F. V. Friemel and family spent Sunday at the E. J. Friemel home.

School has started after a week's vacation which was well enjoyed by the children.

In Mukden, Manchuria, there is a street car line over which little dilapidated cars, each drawn by three Mongolian ponies, run from the walls of Mukden to the railroad station in the Japanese zone. These same cars were used on the cross-town lines in New York City 30 years ago. When New York discarded them they sold the cars to Tokyo, Japan, and when Tokyo adopted the electric system the cars were sold to a firm in Mukden.

A grub of the wood-boring variety is threatening to destroy many of the ancient architectural wonders of London. Westminster Abbey, the Guildhall and Saint Paul's Cathedral are among the buildings being attacked.

SURPLUS ARMY SUPPLY AID STATES IN ROAD BUILDING

Approximately \$100,000,000 worth of road building machinery, and other supplies from the surplus war material of the Army, including 30,000 motor vehicles, have been allotted by the Bureau of Public Road, United States Department of Agriculture. This material, of which approximately \$150,000,000 worth has been delivered, says the bureau in its annual report, has enabled many of the States to organize and equip maintenance divisions to patrol the entire State road system.

The largest item of materials delivered consisted of shop machinery and shop tools and equipment. This enabled the State highway departments to equip shops for reconditioning and repairing motor vehicles and other motor driven machinery received from the government. The shop machinery consisted mainly of lathes, tool grinders, milling machines, cutting machines, planers, drill presses, and electric motors.

Approximately 8,000,000 pounds of picric acid has been distributed for road building and land clearing purposes. In addition to the material distributed from the excess stores at camps and arsenals in the United States, there are now being returned from Germany and France 150 motor trucks, 23 Cadillac automobiles, and 3,000,000 pounds of spare motor vehicle parts, shop machinery and machine tools.

Experiments carried out in Seattle have developed a wood briquette that equals anthracite coal in heating value, according to reports. The new fuel is made of sawdust, bark and mill refuse now considered a total waste.

WHAT BLOOD HOUNDS CAN DO

Bloodhounds are interested not in attacking a fugitive, but only in following his trail. The ability of the bloodhound to follow even an old trail, we learn from Mr. Samuel A. Derieux in the American Magazine, is truly remarkable.

Fifty hours after the robbery of a mail train at Casper, Wyoming, two bloodhounds were put on the trail of the bandits and at once led the officers into the desert. During a thirty-six hour run the dogs did not hesitate once and finally reached the criminals who surrendered without resisting.

The trail was "cold" but on the other hand few if any tracks had crossed it. For that reason this incident may seem even more remarkable than the one just narrated. In Nebraska, a man once tried to kidnap a girl. Twelve hours after the attempt two bloodhounds were put on his trail; they followed it almost twenty miles to a town that was holding a fair. The streets were crowded, and the people, thinking no doubt that the hounds were a part of the entertainment, stopped to watch them. Suddenly the dogs turned, nudged their way through the crowd and with wagging tails stopped in front of a certain man. The fellow was amazed and indignant when the officers told him he was under arrest; but six hours later he confessed the crime!

President Harding is all excited over his discovery that the prohibition law is being violated. Won't he be indignant when he hears about the sinking of the Lusitania?—Nashville Southern Lumberman.

Ninety-seven per cent of Africa is ruled by the European.

Premier Bonar Law outlining his anti-Coalition policy during the great parliamentary contest said "The argument put forward that, in view of the pressure and danger from Labor, it was necessary to keep up even the name of a Coalition when the reality was gone, believe me, is a profound mistake. If we had succeeded in setting up, on the one hand, one party representing everything opposed to Labor, and, on the other Labor alone you could have done nothing which would have added more to the force of Labor, and you would have made it certain that, as an alternative government must come, the next government would have been a Labor government.

Teacher—Who married Princess Mary?
Bright Boy—Doug.

Scientists of Germany have synthesized a new chemical drug of importance in tropical medicine. This new drug, known as "Bayer 205," is anti-toxin for sleeping sickness so common in Africa. The government of Germany has been called upon to safeguard this discovery, and not to grant the use of it to other nations except on condition that Germany's lost colonies be restored to her. Although Germany has no African colonies she appreciates the value of pharmacological research.

A skin suture, that leaves no unsightly scars in surgical operations, has been invented. The new suture is called "equistene" and is made by treating silk with chemicals so that the tissue cells cannot penetrate the meshes of the silk.

Easter Island in the South Pacific is virtually devoid of vegetation and without bird life of anykind. Heavy winds prevent birds and trees from existing on the island which is triangular 12 miles by 9 by 7. Two hundred Polynesians living there suffer perpetually from hunger. There are many high, carved stone images on the island, the origin of which has never been determined.

A 25-year-old ordained minister and his wife have entered grammar school in the seventh grade at Beaumont, Texas. Regular attendance at school was denied them during their childhood because they lived in an isolated district. The theological seminary in his educational goal as he wishes to qualify to minister to larger congregations.

—THE PLACE IS ALL IN DISORDER—NOW YOU LET ME KNOW WHEN YOU BRING ANYONE AGAIN

AW, WHAT'S THE USE !!!

MICKIE, THE PRINTER'S DEVIL

SURE! EFFRY TING HE'S GOTT, I GIFF HIM

WHERE DID HE GET HIS ABILITY TO PAINT?

The Old Man's No Slouch Himself

NATIONAL PARKS MORE POPULAR

Outdoor Europe in Attractiveness, Says Federal Report.

VISITORS BREAK ALL RECORDS

Nation's Playgrounds Offer Winter Sports Comparing With Those of Alps or Pyrenees—Advantages of Parks for All-Year-Round Activities Are Set Forth—Rocky Mountain Draws Most Visitors—Buffalo Herd Is Increasing Rapidly.

Americans who spend millions abroad for recreation and views of impressive scenery are told in the annual report of the national park service that these may be found in greater abundance and beauty in their native land.

Winter sports, now in the minds of those who can afford the ever-increasing cost of a trip to Font-Romeu in the French Pyrenees or to the Swiss Alps, are to be found in equal attractiveness here at home. The report calls attention to "the unexcelled opportunities offered in the national parks for winter vacationing and winter sports," and asserts:

"Those in Yosemite valley are declared to surpass the offerings of many foreign winter resorts. Rocky Mountain, Mount Rainier and Lafayette national parks are also available for winter sports in surroundings unexcelled."

All-Year-Round Playground.

Advantages of the national parks for all-year-round activities are also set forth. Yellowstone and the other parks offer marvelous scenic prospects and accommodations "to meet varied tastes and all degrees of income, means and inclination."

Stephen P. Mather, director of the national park service, in sending the report to Secretary Fall reviewed the history of America's parks and their increasing popularity as evidenced during the past year, which marked the fiftieth anniversary of Yellowstone.

During the last year a million and a quarter persons visited the parks, an increase of nearly fifty thousand over the record established the year before, or an increase of 882,000 over the visitors in 1915.

Taking up in detail the several parks, the report in part says:

"Yellowstone park is reported as having had its most successful season. Of the 51,506 motorists coming in their own cars, 50,000 camped out in the free public grounds with their own equipment. The park trail system was used by saddle horse parties more than ever before. Yellowstone park probably offers the best trout fishing in the country.

"In spite of a severe winter the park antelope herd was the only one to suffer much loss. The loss is reported as having been largely made up by birth of kids during the summer. The buffalo herd is increasing so rapidly that legislation is needed authorizing the disposition of surplus buffalo in order to keep the herd within the winter feeding capacity of the hay ranch.

"Travel into Yosemite park passed the 100,000 mark in spite of the poor condition of the park roads. It would seem that the time has now come when, if the government is to fulfill its obligations to the people visiting Yosemite, congress should provide ample funds for the improvement of the park road system.

Grand Canyon Popular.

"Grand Canyon park is enjoying its greatest year as a tourist resort, 84,700 persons having visited it the last year. That visitors might make wider use of the canyon trails and thus gain a comprehensive view of the vastness of the gorge and its wonders below the rim a new tourist facility, the Phantom ranch, was built near the mouth of Bright Angel creek at the bottom of the canyon.

"Rocky Mountain park again leads all other parks in the number of visitors recorded, with the remarkable total of 219,104.

"A new era for Crater Lake National park is noted with the acquisition of the public utility enterprise within the park by a group of public-spirited citizens of Oregon. An 80-room addition to the Crater Lake Lodge is under construction, which, it is said, will be entirely completed and furnished by the opening of the 1924 season.

"A 20 per cent increase in travel is reported for Mount Rainier park. It having entertained a total of 70,370 visitors."

The following summary showed the number of visitors to the various parks during the 1922 season: Hot Springs, Ark., 106,104; Yellowstone, Wyo., 98,223; Sequoia, Cal., 27,514; Yosemite, Cal., 100,500; General Grant, Cal., 50,456; Mount Rainier, Wash., 70,376; Crater Lake, Ore., 33,911; Wind Cave, S. D., 31,016; Platt, Okla., 70,000; Sullys Hill, N. D., 9,548; Mesa Verde, Col., 4,251; Glacier, Mont., 23,580; Rocky Mountain, Col., 219,104; Hellsell, Territory of Hawaii, 27,750; Lassen Volcanic, Cal., 10,000; Mount McKinley, Alaska, 7; Grand Canyon, Ariz., 84,700; Lafayette, Mo., 73,779; Zion, Utah, 4,100. Total, 1,044,300.

WARSHIPS AS TARGETS

No Buyers Found for the Doomed British Vessels.

Navy Is Using the Famous Dreadnaughts and Cruisers in Gunnery and Airplane Bombing Tests.

London.—Having found no buyers for the great group of battleships which the Washington conference decreed should be scrapped, Great Britain is using the monsters as targets for gunners of the royal navy and bombers of the royal air force. Like the United States and France, this country has a dozen or more specially fine cruisers and one-time dreadnaughts which must be relegated to the ignominious junk pile.

Thunderer, Monarch, Conqueror, Colossus, Lion, Ajax, Centurion, King George V, Princess Royal, Erin and Orion, monsters of 20,000 or more tons, once the pride of the seven seas, are all doomed. Costing more than \$15,000,000 originally, junk dealers have offered the government only \$20,000 apiece for them.

The navy now is engaged in a series of target tests on the famous battleships Agamemnon and Superb, which, like their sister ships, are to find their graves in the ocean at the hands of the gunners and jack tars that once manned them. The admiralty is trying by these tests to determine how a direct hit can be prevented from passing from the turret down the ammunition tube.

In the battle of Jutland, Invincible, Indefatigable and Queen Mary blew up because of a flash passing from the ammunition tube to the magazine below. So Superb is now in the English channel and is being shelled at punishing ranges to see whether or not the flash of explosion passes down to the powder and shell magazines under given conditions.

Agamemnon, too, may soon need a successor. She is a moving target, more difficult to hit than Superb, which is stationary. She is propelled by oil. The supply of oil is turned on, her engines are started, and the engineers flee from her before she gathers too much headway. Her speed as well as her steering apparatus are controlled by wireless in another ship.

The most exciting part of these tests is that played by the sloop Snagdragon. She is responsible for taking accurate motion pictures of what happens to the target as the result of the shots. At times she runs the risk of being hit by the monster armor-piercing projectiles as well as being rammed by the 20,000-ton Agamemnon.

GERMAN MEDICAL WORLD NEEDS FINANCIAL HELP

Limited Funds Make Laboratory Work Impossible, So Attention Is Diverted to Other Lines.

Somewhat of a transformation is taking place in Germany's medical world as a result of the limited funds available for experiments and studies, according to prominent surgeons and physicians.

Attention is being turned from laboratory work, which is expensive, to a closer study of the functioning of the human body. The laws of heredity, psychic reactions and the structure of the body are coming to the fore, medical circles assert, thereby opening fields of investigation that are as promising as the former studies and require less material and less expenditure.

In this connection attention is called to Germany's need for more men in other walks of life who are sufficiently interested and wealthy to support science.

"If one compares our paltry means with the sums America devotes to scientific work," one writer declares, "he is inclined to lose all hope."

This writer cites the local pride of American citizens for their institutions and the popularity these enjoy as evinced by donations to their support.

Medical men assert that the crying need in Germany today is contributions which will keep pace, to some extent at least, with the rate of exchange. They say high prices not only prevent them obtaining necessary apparatus, but deprive them of foreign technical literature. Libraries and institutes, as well as individuals, cannot afford a large selection of professional books and periodicals. Gratitude is expressed that an exchange arrangement is being effected through which other lands, including the United States, are being made available.

Leaders in the movement to cope with prevailing conditions also call upon members of the profession to adopt such American customs as popular lectures and press articles by scientists. Prof. Wilhelm His, one of Berlin's most prominent surgeons, admitting that the prestige of German science has suffered since the war, calls attention to the conditions under which German medical schools are struggling. He asserts that American medical men have "passed from their apprenticeship to the position of masters."

BROOKLYN BRIDGE IS SAFE

An exceptional view of the Brooklyn bridge, first span across the East river, which was thought to have been made unsafe by the slipping of one of the cables supporting the structure. Expert bridge builders have examined the cables and other sections of the bridge, and declare the bridge to be absolutely safe. This view was made from one of the huge towers at the Brooklyn side of the bridge, looking across the river to the historic skyline of New York.

Crow Guides Lost Man.

Stroudsburg, Pa.—The crowing of a rooster saved the life of William Warner, who became lost in a cranberry swamp near Tannersville. Warner wandered for a long time, and finally was caught in the soft, boggy land up to his waist. After he succeeded in dragging himself out and got onto firmer land, he was so tired and weary that he realized that he might again be mired. Hardly daring to move he heard the rooster crow, and followed the sound until he reached a farm house.

Uses Father as Doormat to Save Him.

Sweeping him off as she would a doormat after she knocked him down, a daughter of Josiah Smith, ninety-five years old, of Sayville, N. Y., saved the aged man's life when he was attacked by a swarm of bees. The insects swarmed on Mr. Smith and stung him from head to foot. His daughter came to his rescue with a broom, knocked him down and swept the bees away. Mr. Smith is in a serious condition, but will recover.

AMERICAN WOMAN IS GIVEN HONOR MEDAL BY FRANCE

Dr. Rosalie S. Morton of New York city, who founded the American Women's hospitals during the war, has just been decorated by the French government with the medal of honor. Doctor Morton has been decorated seven times in six years for her work both in France and in the East.

SEAT IN AUTOS FOR ALL

Survey Shows Entire Population Could Ride at One Time.

There are enough motor vehicles in the United States to take the entire population of the country for a ride at the same time, says the bureau of public roads of the Department of Agriculture. At the beginning of 1922 there were 4.2 motor vehicles for each mile of road in the United States.

One hundred and twenty vehicles per minute was the rate at which motor vehicles passed a bureau observing station on a trunk highway in Massachusetts recently. This rate was continued from noon to 10 p. m.

A tourist recently driving through four states was required to buy four different sets of lenses to make his headlights comply with state regulations. In this the bureau sees great need for more uniformity in highway regulations.

Federal-aid highways placed under construction in September amounted to 1,180 miles.

Japan Has 800 Species of Fish. There are more than three times as many varieties of fish in Japan as in the waters surrounding Great Britain. Prof. David Starr Jordan, president emeritus of Leland Stanford, Jr., university, told the Asiatic society in a lecture. Eight hundred fishes now are known, divided into several groups, some of which are not native to these waters, but are brought from other regions by ocean currents.

FOR SALE

FOR SALE—Few Mammoth Bronze turkeys for stockers. Come early. J. L. Prichard. 35tf

FOR SALE—Several good milk cows, worth the money. More than 1 have room for. A. B. Haynes. a6tf

FOR SALE—Seed kafir, selected for three years, absolutely pure; also small amount white dwarf maize; \$3.50 to March 1st, after that date, \$5.00 per 100. D. N. Redburn, box 525. 39p2

You can buy my home section near Umbarger for \$35.00 per acre; one-third cash, balance ten yearly payments at 7 per cent interest. J. C. Coker, Uvalde, Texas. 36p8

FOR SALE—BARGAIN: Good eight room house, plastered, one of the best built homes in town, \$2500; \$1000 cash handles the deal. See G. G. Foster or J. A. Guthrie at once.

FOR SALE—Dandy good registered Poland China gilts and pigs; also Rhode Island Red roosters. Forrest Burton, 7 miles n.e. of Canyon. 37p3
