VOLUME XXVI

CANYON, RANDALL COUNTY, TEXAS, THURSDAY, JANUARY 18, 1923.

NUMBER 42

CAR LOAD ACALA COTTON SEED IS TO BE RECEIVED

SEED BOUGHT BY BUSINESS MEN AND SHIPPED HERE.

Will be Sold at Cost to Farmers of Randall County—Banks Will Help Finance Crop.

The business men of Canyon have bought 1250 bushels of Acala cotton seed from the Ardmore Seed Company, which will arrive in the city about the middle of March.

C. F. Walker has been designated to take orders for this cotton seed, which will be sold at \$2.00 per bushel, the cost of delivery in Canyon.

The bankers of Canyon are highly interested in the cotton crop this year and will assist their customers in buying this crop. Business men who are behind the movement to buy this car of seed stated that until the seed is all taken, arrangements will be made so that any responsible farmer may get the seed, either through the bankers or some of the business firms financing the cotton seed.

It is absolutely necessary that every farmer wanting some of this seed shall see Mr. Walker at once and contract for the number of bushels he will need. Delivery date on the seed will be given about the first of March.

Acala cotton has proven to be the most popular cotton in West Texas. It is of the best staple, and always brings the best price. In starting cotton in Randall county, it is very important that farmers get the very best seed, and it is advisable that all of the farmers plant the same variety of seed as it may be marketed at a distinct advantage when all of the variety of cotton in the county is the same.

The Acala Cotton Seed Company of Ardmore has as its sole business the breeding, growing and distribution of Acala planting seed. The principal owners of the company are farmers and land owners, and are directly interested in the improvement of the cotton crop. Fred Chapman, known to many Canyon people, is president of the firm. All seed sent out by the firm is guaranteed as to purity and fertility.

About 1500 acres of cotton has been guaranteed in Randall county so far, and every farmer who wants some of this guaranteed seed should see Mr. Walker before the supply runs low.

PLAYED FOR RADIO.

"Carmen Dunn, the 10-year-old daughter of Mrs. Lucy E. Dunn, a teacher of piano, is to be the youngest performer to broadcast from the Los Angeles K. F. I. radio station this evening at 9:20 o'clock. Carmen is a pupil of her mother, although her work is under the supervision of Jean de Chaubonet of the Los Angeles School of Music. She is going to play especially well because her aunt and uncle in Texas will be 'listening in.'"

The above is taken from a Los Angeles newspaper of last week. Mrs. Dunn and daughter lived in Canyon two years ago. Mrs. Dunn is a sister of Mrs. Geo. Bishop. It was reported from Claude that Mrs. Dunn's sister in that town heard the Los Angeles station when Carmen played.

WILL PUSH CAMPAIGN.

The executive committee of the Mary E. Hudspeth Hall held a business meeting Friday afternoon, deciding upon various plans for campaigns to raise money for the new Hall. All classes in the Normal will take a part in the campaign, and all ex-students will be asked for subscriptions to this fund.

Work has been started on the musical show to be given for the benefit of the Hall. About one hundred persons will be in the cast under the direction of R. N. Brothers.

HARDWARE ELECTION HELD

The stockholders of Thompson Hardware Company held the annual meeting Friday, re-electing directors and officers as follows: Directors, T. C. Thompson, Dr. J. M. Black, C. L. Thompson, J. W. Reid, D. P. Steay of Amarillo.

The following officers were elected: President—T. C. Thompson. Vice President—Dr. J. M. Black. Sec'y-Treas.—C. L. Thompson.

C. L. Tanner is building a new six room home in the southeast part of the city.

GO TO CHURCH NEXT SUNDAY

Going to church may be a habit. Even so, we must admit that it is a very good habit. Many men and women go to church who are not church members, and who never even expect to become members of any religious body, but simply because they appreciate the refining influence of the service.

We have excellent church membership here in Canyon. We have good ministers in the pulpit. Our churches have good choirs. The music in our churches is exceedingly attractive to those who have adequate notion of the good things of life.

Suppose you decide to go to church next Sunday. It will do you good. You will be fully rewarded in going. Perhaps you have not been in years. Perhaps you may think that when you take your seat in the pew you will really feel like a stranger. But do not let that disturb you. Go! Forget yourself. Think of what the minister says. Consider well and carefully his message. Enjoy the music.

Regardless of what your religious views may be, and it is certainly true that in our America of freedom of thought every citizen has the right to worship his Creator according to the dictation of his own conscience, you must admit, if you think at all, that the church has a very important place in the social scheme of our world. Think about this! Think about your welfare! Go to church next Sunday!

President Hill Pleased With Prospects at the Opening of Legislature

President J. A. Hill returned Saturday from Austin where he was in attendance at a meeting of the presidents of the Normal Colleges during last week.

The presidents went over the budgets of the Normal Colleges as approved by the Board of Control and will accept the items allowed by this board, and will ask the legislature to pass the appropriations bill for these schools as recommended by the Board of Control.

Mr. Hill states that the legislature will not likely take up the question of appropriations at the regular session which continues for only sixty days. The Governor has not announced the date upon which he will call the first extra session, and there are various opinions expressed in Austin as to the most likely time.

Mr. Hill states that he was highly pleased with the manner in which the legislature was starting the work of the regular session. He believed that harmony would prevail and that the legislature would do a splendid work during the session.

FLESHER-DECHMAN

Sunday afternoon at the home of the bride's parents, Mr. and Mrs. J. M. Flesher, Miss Iley-Lorraine Flesher and Mr. Edmund W. Dechman of Dallas were invited in marriage, Rev. M. M. Beavers officiating.

A number of relatives and friends of the bride gathered to witness the ceremony.

The bride has lived in Canyon for several years with her parents, moving here from Happy. She has been a student in the Normal since coming to Canyon. The groom is an employee of the Liberty State Bank in Dallas. He is a nephew of Roger Gist of Happy and while visiting at Happy two years ago the young people became acquainted.

The young couple left at once for their new home in Dallas, and will live at 5202 Parry Ave.

CATTLE BUYERS HERE.

Fred Moore was here from Oklahoma this week buying 65 head of cows from D. E. Covington at \$28.50; 30 from Grady Oldham at \$31.50; and 30 from Barney McCaskey at \$30.00. The cattle market is getting a little better during the past few weeks.

FIRE BY CIGARETTES

The Santa Fe detective was here Monday investigating the fire which destroyed a section house last Tuesday afternoon. He discovered the fact that it had been accidentally set on fire by two boys, a Mexican and a white boy, who were smoking in the house.

STOLEN CAR RECOVERED.

A car belonging to F. A. Cooper of Amarillo was found Sunday by Sheriff W. C. Black near Umbarger, the car having been stolen the night before and driven until it ran out of gas. The thieves was arrested Monday in Amarillo.

PUTTING IN WALKS.

Concrete walks are being put in front of the T. W. Hart residence and continue east for four blocks in front of the acreage property which belongs to W. W. Thompson of Plattsburg, Mo.

The Panhandle Construction Company is doing the work.

LESTER SMITH HAS OPERATION

Lester Smith was taken to Amarillo Tuesday for an operation for appendicitis. He is reported to be doing very well.

Bids on New High School Building Will be Opened Monday

The bids for the new high school building will be opened next Monday afternoon at two o'clock by the trustees of the Canyon City Independent School District.

About a dozen contractors have the plans and specifications and will bid on the building.

Bond for High School Approved and Delivered to the Buyers

The bonds for the new high school building were received Saturday and signed by the president and secretary.

G. G. Foster, president of the board of Trustees, left Sunday morning for Austin, taking the bonds for the final approval and registration by the state comptroller.

The bonds were approved and registered Tuesday. Mr. Foster will deliver the bonds to the bond buyers, Breg, Garrett & Company in Dallas before returning home the latter part of the week.

The bond buyers are permitted to submit one of the bonds for final approval to their attorney, and it is likely that this will be done and the money for the bonds be in the hands of the trustees within a very few days.

YEARLINGS DEFEAT LOVE.

The Normal Yearlings defeated the Love school from Swisher county in a game Tuesday night at the Normal gymnasium by a score of 37 to 20.

The Yearlings lead in the first half by a score of 24 to 10, but Love came back strong in the second half and made more scores than did the Yearlings.

W. H. Reynolds, a former student of the Normal is coach of the Love team.

CAR PAVING BRICK ON ROAD.

A car of paving brick is reported to be on the road.

This is not very exciting news, taking into consideration the fact that this one car will pave about one-fourth of a block, and there are about sixteen blocks waiting to be paved.

ERROR IN BIRTH.

The News stated last week that a daughter had been born to Mr. and Mrs. Hud Prichard. The report should have been a son, instead of a daughter.

CALVES TO PLAINVIEW.

The Calves go to Plainview tonight to play the Plainview pig school team in basketball.

SALE OF DUROCS TO BE HELD NEXT WEEK BY KNIGHT

THURSDAY, JANUARY 25, DATE SET FOR BIG SALE.

Sale Will be Held in Sale Pavilion on Normal Campus, Commencing at 1 O'clock.

John Knight is preparing to put on a big sale of twenty five head of registered Duroc Jersey sows, gilts and boars next Thursday, January 25. The sale will be held at the sale pavilion at the Normal, and will commence at one o'clock. J. W. McCrerey of Way-side and W. S. Williams of Hereford will be the auctioneers.

The Knight stock is of the Sensation Scissors, Pathfinder and Colonel blood lines—the best breeding in the Duroc breed. His stock has been carefully selected, and the breeding such that Mr. Knight has won in the best show rings of this section against strong competition from the very best known herds.

As a special attraction to farmers to get into the registered Duroc business, Mr. Knight is offering terms in this sale of a November first note, and five percent discount for cash.

A visit to the breeding pens of Mr. Knight reveal a wonderful stock of Durocs. When Mr. Knight decided to go into the Duroc business a few years ago he selected the very highest type of animals and by careful selection of breeding stock from the well known breeds of national reputation, has developed a stock of Durocs that has no superior in West Texas.

Mr. Knight built the first concrete farrowing house in Randall county. He now has a bunch of spring gilts in this house, getting them ready for a summer sale which he expects to have.

The stock which goes into the sales ring next Thursday is among the very choice of the Knight herd, and any breeder who is looking for additional high type stock will do well to be at this sale. The man who contemplates going into the registered Duroc business will have no better opportunity to get the very finest blood lines than by buying his original stock at the Knight sale next week.

LARGE NUMBER OF BREEDERS HAVE ENTERED BIRDS IN POULTRY SHOW TO BE HELD FRIDAY-SATURDAY, 26-27

The poultry breeders of Randall County are highly interested in the poultry show which will be held here next week, Jan. 26-27. A number of breeders in Hereford and Plainview have written regarding the show, and the exhibit promises to be much larger than any show so far held in Canyon.

The premium list is being prepared and will be published next week in the News. Merchandise premiums are to be offered for the winners in the various classes.

All poultry breeders desiring to get into the show should notify Mr. Walker at once so that plenty of coops may be secured for the show.

The following have signified their intention of entering the show, and the number of birds to be entered:

Henry Schroeder, 15; W. L. Deeke 5; D. N. Redburn, 4 turkeys; H. F. Miller, 5; Mrs. R. A. Campbell, 10; E. A. Brown, 4 turkeys; B. F. Machen, 4 turkeys; E. C. Prichard, 5; H. C. Roffey, 5; C. A. Canyon High Will Meet Vega High in District Games Here Saturday

The Canyon high school basketball team will play the Vega high school team here Saturday in two games for the district championship.

The games will be played at the Normal gymnasium at 3:30 in the afternoon and at 7:00 o'clock at night.

Both teams are in fine condition and will put up a good scrap.

Prof. H. W. Morelock spoke Tuesday night in Amarillo before the Delphin Club.

Mr. and Mrs. J. W. Reid and sons returned Saturday from a two weeks visit at Dallas and Mexia.

PANHANDLE FOLKS ARE ASKED TO MAKE STUDY OF PALO DURO CANYON DURING THE WEEK OF JAN. 28 TO FEB. 3

By Phebe K. Warner.

A new educational week. Where? In the Panhandle. What about? About the Palo Duro Canyon. What for? To interest the people of the Panhandle in and to teach the children of the Panhandle more about the Palo Duro Canyon. Why? Because the most of us do not appreciate the beauty and grandeur of our own beautiful canyon.

Monday, every teacher in the Panhandle and every club, men or women, that meets on Monday is urged to teach the lesson, "Why is the Palo Duro Canyon Posted?" There was a time when the beauty and pleasure of the canyon was free to all. Today the signs, "Posted," "Keep Out," "No trespassing Allowed" and "This Gate is Locked" meets the pleasure seeker every way he turns. And no one can blame the cattlemen who own the land and the pastures in the canyon for putting up these signs. Why? That is what this day is for. To find out why the people who own the Palo Duro Canyon have been forced to lock every gate and shut the people out.

Tuesday, Roads in the Canyon—Every person and every school and every club is urged to study what it would mean to our part of the country and to the whole state and to every body who passes through the Panhandle from any other state to have a scenic road built through the Palo Duro Canyon with the county roads on either side leading to and from one main road through the canyon. So that the thousands and hundreds of thousands of tourists who come this way during the year might enter the canyon at one end and take the drive through it, pass out at any point most convenient to continue their journey and go on rejoicing but singing the praises of the Palo Duro on their way and the praises of other states while passing up, unseen and unknown the grandeur of our own State.

Wednesday, "The Beauties of the Canyon"—Every person and every school and every club is urged to study what it would mean to our part of the country and to the whole state and to every body who passes through the Panhandle from any other state to have a scenic road built through the Palo Duro Canyon with the county roads on either side leading to and from one main road through the canyon. Our old friend and neighbor from New Mexico, Secretary Fall is going from the President's cabinet on March 4th. Fall was a member of the United States Senate while President Harding was a member of that body. As Senator, Fall was long and loud in his rebuke of President Wilson's policy of "watchful waiting" as regard old Mexico. Fall was right up against Mexico, and thought he knew just what should be done with Mexicans. Harding, as senator, listened to the prolonged advice of the Senator from New Mexico. When Harding was elected to the Presidency, he called his old friend and colleague to a place of honor in the cabinet. Harding and his cabinet have been in charge of the government now for two years. If Harding had not agreed with the opinions of Fall upon the Mexican situation, he would certainly have not been called to the cabinet. But since Harding and Fall have had charge at Washington there has been a great silence regarding Mexico and the proper methods of handling Mexico. In fact there has been two more years of Woodrow Wilson's watchful waiting and nothing to indicate that this policy will be abandoned. What has transpired? Has Fall become as disgraced with Harding's Mexican policy as he was of Wilson's? If Harding did not agree with Fall two years ago, why the cabinet position? Has Harding discovered after two years as President that Wilson was more right than wrong in his Mexican policy, and Fall is quitting rather agree with him? Other cabinet members who made a great to-do regarding Wilsonian policies have not been heard from very strongly during their two years' in the cabinet.

Whether or not the Klan killed the two men in Louisiana is of little importance. The investigation will do little toward settling the case of the Klan, other than possibly make the opponents of the Klan more desperately in earnest to rid the country of the masked mob. Of course, the Klan denies all responsibility for the horrible crime, details of which are being gradually unfolded. That is to be expected. Any organization which has the lie as its password would very naturally hesitate to tell the truth regarding such a horrible crime. Before the days of the Klan masked mobs were unheard of. Criminals worked in darkness and brave men in the open, without masks. The Klan introduced the mask and at the same time operated under the shield of the criminal's darkness, giving its members the benefit of two methods of unidentity and further security. Whether or not the Klan did the work of murder of the two men is unimportant. The Klan is responsible for the murders whether the members actually performed the job or not. The Klan by introducing the mask, which would have never been allowed the criminal element of the country, laid itself open to the liability of securing for membership the vast criminal class who was highly pleased for the opportunity of getting under cover, and therefore every act of violence under the cover of the mask is most directly the responsibility of the Klan for the introduction of this shield.

Governor Neff has outlined the needs of Texas in a manner that indicates an understanding such as few chief executives have displayed. The members of the legislature have entered into the work of the session with a determination to put over real constructive work. The Governor has indicated that no appropriation will be approved unless there is money in sight to pay the bill. The legislature is going into the taxation problem with a zeal that promises good results. All in all, it looks like a profitable session of the legislature.

Advertising in the Country Weekly

Advertising in the country weekly is the most valuable advertising in the world. Expert advertisers say it is not only the most valuable but the most scientific advertising in the world. Advertising in the magazines has to be general, for the reason that the average magazine that you receive today was set in type several weeks ago, and the advertising copy was probably prepared several weeks before that. This means that advertisers in the magazines have to anticipate several weeks in advance of the time the copy is prepared.

This is not so with advertising in the country weekly, for the country weekly has the advantage over the magazine in that the weekly circulates in a comparatively small territory and the name of the merchant or the business man who is selling the goods can be placed in the advertisement. This is impossible in magazine advertising, which covers sometimes the whole nation.

The weekly newspaper also is considered the best advertising medium in the world by expert advertisers for the reason that it has a more intimate association with the family than a magazine or a daily paper.

No local merchant can afford not to advertise in weekly newspapers of the better class. It is a sad commentary upon small town business men that they don't see the advantage to them of carrying an advertisement in the small town paper every single week. Such an advertisement is the cheapest salesman that the merchant can employ. The money spent in advertising in the better class of weekly newspapers is an investment and not an expense; and it is the best-paying investment that the merchant can make; but not one in a thousand publishers of the weekly papers is compensated anywhere near what he is worth to the merchants and to the community in which he lives and to whose interests he dedicates his life. Every editor of a weekly newspaper is constantly working in behalf of every merchant in his community, whether that merchant patronizes the local paper or not; but every merchant of every community, unfortunately, does not have the business common sense and the business foresight to see that it is his own personal advantage to help support the country editor by advertising—telling the people in the newspaper what he has, how it can be used and what it costs.

reported from Washington that President Harding meant the withdrawal of the troops as a rebuke for France's advance into Germany. France evidently did not have to think twice before guessing the true meaning of the withdrawal. England did not concur in the methods adopted by the leaders of France. It is reported that the Germans are highly indignant over the affair. On the one hand, it is not hard to understand that France is determined that Germany shall pay for all the unwarranted damage done by the Germans during the invasion of France, but on the other hand, it is inconceivable that France should stand out against the friendly advice of the nations which saved her from the hands of Germany during the world war. It would not be at all unlikely that should the Germans undertake to run the French out of their German territory that England and the United States would forget to hurry to the rescue of the French.

Panhandle newspapers have taken various stands upon the question of dividing the state, and such was to be expected. Not all Panhandle newspapers see the good in creating a new state of this section, while others will hold to the sentiments of the old state, no matter the treatment given us by the people of the older section. Be that as it may, we may never divide Texas, but that does not prohibit us from telling the other guys what we think of the treatment being accorded West Texas.

The weather prophets who had made this out to be the coldest winter for many years have made a grand failure. The weather has been above par so far this year. At any rate, if there is much bad weather to come, the weather man cannot beat us out of the magnificent days we have enjoyed so far this year.

With the continuation of dry weather we are making our feed go a long ways, but the prospect for another crop is not very encouraging, but we must live in hope.

Our Literary was pretty well attended last Saturday night. A short program was rendered. Quite a few visitors were present. They were Clay Ridgeway, Bob Stratton and wife, Mr. Wimberley and several of his family, Miss Ola Robeson, Miss Viola Vetesk and Ralph Ackerman. Miss Vetesk and Mr. Ackerman favored us with some good music. Come again; you are welcome.

Jessie Lovvern and wife and little daughter attended our Literary Saturday night. Mr. Lovvern and Mr. Wimberley were here in the interest of the County Singing Convention. With their help Pleasant View organized a class. We decided to order 50 song books of the kind adopted by the Singing Convention Committee.

Pleasant View will have a pie supper Saturday night, Jan. 20. The money derived will go toward paying for the new song books and anything the class will need. Now lets all be present. Saturday night eat pie and boost the singing.

It was decided Sunday evening at the School house that Pleasant View would meet each Sunday at 2 o'clock to practice singing. Mrs. Ethel Dooley is president and Mrs. Covington is pianist.

Quite a crowd gathered at Pleasant View Sunday evening to hear Brother Sloan preach, but for some unknown reason he did not come.

We will have a Valentine program at Pleasant View Saturday night before the pies are sold by Ed Gibson.

WHAT IF THE MINISTER QUIT BOOSTING HEAVEN?

Wouldn't the congregation be surprised if the minister got up in the pulpit some Sunday morning and made this announcement:

"Beginning today, I'm going to quit the job of selling Christianity and boosting heaven. Everybody believes in God, or ought to by this time. I'm not going to waste my time and yours preaching anymore. So I'll say—good-bye, folks! Now, don't forget to keep right on believing in God."

Supposing some other business house resolved as follows:

"Our business is good. People know us. We have been in this one location for years. Why should we use part of our income to keep our goods before people who will just naturally come and get them?"

Supposing the grocer announced: "Shucks, what's the use of advertising? Folks have just got to have food anyway. They'll come and get it even if I don't tell 'em about it."

Such occurrences are hardly probable and yet they would parallel the attitude of some business institutions which fail to credit the necessity for continuous advertising.—Exchange.

BUFFALO CAGERS OPEN SEASON AND ANNEX THREE OF FOUR GAMES; GO ON TRIP DOWN STATE NEXT WEEK

The Buffalo basketball team opened the season with the Howard Payne team from Brownwood, winning both of these battles by a comfortable margin.

Simmons College of Abilene, was played Monday and Tuesday nights the visitors winning the first game by a score of 30 to 24, while the Buffaloes came back Tuesday night winning the battle by a score of 30 to 17.

The Buffaloes leave Monday for a trip down state, games having been arranged with the Normal at Denton, the Normal at Commerce, Southwestern university at Georgetown, the Normal at Huntsville and the one at San Marcos.

The Howard Payne College Yellow Jackets from Brownwood were unable to cope with the fast West Texas State Normal College Buffalo quintet, and, as a result, went down in defeat in two hard games on last Friday and Saturday evenings in the local gymnasium by scores of 23 to 31 and 14 to 23.

Both teams, as a whole, showed inaccuracy in goal throwing, and the Buffaloes were not up to their usual standard in team work. Although the Buffaloes held the big end of the score, they were not up to standard at shooting goals. The Howard Payne men proved themselves excellent on the five man defensive. Long passes and long shots spelled defeat for the Yellow Jackets. Unnecessary roughness on the part of both teams was in evidence in both games; however the second was a more tame affair than the first. Both games were played before capacity houses.

First Game

As this was the first game of the season several members of the Buffalo quintet had the stage fright and did not get off on the right foot. And, probably because of over confidence, the first half of the game ended with the Yellow Jackets one point in the lead. There was a lack of team work in the first half, but in the second half the Buffaloes went back into the game playing the team work for which they are noted.

Especially in the second half did Captain Hale of the Buffaloes play a stellar game at forward. In the entire game he shot ten field goals and one free goal, making a total of 21 points out of the 31 scored by the Buffaloes. Joe Lancaster, Buffalo guard played an excellent game. Lewis Hill was handicapped by a stone bruise on his foot which had to be lanced after the game and which will keep him off the court for several days. Ex-captain Mitchell, center, threw four field goals and one free goal. Henry was taken out of the game on account of personal fouls near the end of the last half.

For Howard Payne, Severe was high point man, scoring a total of nine points. Price, center, scored four points. The Howard Payne men were especially good on the five man defensive. In the second half Captain Shattuck, forward, was taken out of the game with four personal fouls to his credit. Howard Payne threw five free goals out of seven, while the Buffaloes threw only one out of six.

Second Game

The second game opened with a whirl and with the spirit of revenge

upon the minds of the Howard Payne boys. In this game there was not quite so much roughness and holding as there was in the first; although twelve personal fouls were called by the referee. Davis Hill was taken out of the game in the second half, and substituted by "Tucumcari" Nations. Thirteen personal fouls were called on the previous evening.

For the Buffaloes, there were no outstanding stars—the whole team starred. Mitchell was responsible for eight points, Hale for eight, and Lancaster for four. Davis Hill, substitute for Lewis Hill, proved himself a valuable man by scoring six points. This is his first year as a member of the team. Lancaster, as well as Henry, made a fine showing at guard.

Captain Shattuck and Severe, forwards for Howard Payne, were stars for that team, each scoring four points. Everett, substitute center, also scored four points for the visitors.

Simmons Won the First.

The Simmons Cowboys came heralded as almost certain winners of the T. I. A. A., having eliminated Howard Payne by a comfortable score before this team ventured to Canyon last week.

When the Buffaloes went into action Monday night against Simmons, Lewis Hill was out of the line-up, and the team suffered from his absence. The Cowboys took the lead, and with superior team work secured a large lead in the first half. The Buffaloes came back strong in the second half and the game ended with a score of 30 to 24 in favor of the visitors.

Buffaloes Take Second Game.

The Buffalo team found themselves, and went into action like veterans in the game Tuesday night. Perfect team work had been planned after the defeat of the previous night.

The Buffaloes got their scoring machine in action right from the start and ran up 15 points before Simmons hardly had a chance. When the Cowboys did manage to work the ball down to their goal, the forwards were unable to pocket the ball. The team was dazzled by the brilliancy of the Buffalo attack. The score stood 17 to 6 at the end of the first half.

The Buffaloes went into the second half playing a defensive game, with four men under the Cowboys' goal, and Davis Hill looking after their own goal. The Cowboys played a better game during this half, being able to keep the ball in their own territory a greater part of the time, but had little better success in throwing goals than in the first period. During this final period the Buffaloes annexed 13 points, running their score up to 30,

while the Cowboys were able to add but 11 points, making their final 17 points.

The game, throughout was one of the fastest and best ever seen on the local court.

The Buffalo Team.

The following are members of the Buffalo team:

Captain Nay Hale, forward, is playing his third year on the 1923 basketball team. He played one year on the team while in the Normal High School, before we entered the T. I. A. A. He is a product of Lipscomb High School, where he played three years with Lewis Hill. Hale is part freshman and part sophomore.

Odus Mitchell, center and 1922 captain, has likewise played one year while in the Normal High School, and is now playing his second year since entering the College. He was on the Floydada and Crosbyton High School teams prior to coming here. He is president of the Sophomore class.

Lewis Hill, forward, is a Sophomore, played with the Lipscomb High School team for three years, played with us two years while in the Normal High School, and is now playing his second year since entering college.

Joe Lancaster, guard, is playing his third year on the Buffalo team. He received his early basketball training while in the Training School. He is a member of the Junior class.

Clifford Henry, guard, of Corpus Christi, is playing his first year as a regular on the team, however, he made a letter last year. He received practically all of his basketball training here. Henry is a Sophomore.

Davis Hill, utility man, son of President Hill, is playing his first year on the team. He has played on the second team and in the Training School. He is a member of the Freshman class.

Clyde Gordon, Sophomore and Junior, played on the Mountain View, Oklahoma High School team, and was later a guard on the University of Oklahoma Freshman team. Last year he was not eligible for the Normal College first team under the T. I. A. A. rules.

Wyatt Nations, Freshman, center, played on the Tucumcari, New Mexico, High School state championship team for several years.

From Cracow, Poland, the Rev. H. H. Benedict writes: "The subject of persecution of Jews in Poland is one that needs to be written about impartially. The Jews know what effect reports of 'pogroms' have in the United States and they often exaggerate little incidents or fabricate entirely such tales as will be sure to draw sympathy for them. As for my own experience, I can assure you that no 'pogrom' or persecution has taken place in the regions where I have lived during my stay of three years."

The undergraduates of Wesleyan University have voted to abstain from drinking rum while the college is in session. First offenders will be ineligible for sports or student office. Second offenders will be expelled or suspended. The action outlined above was not taken as the result of any outbreak of drinking at the college but as a further step in self-government.

The pony got scared at a rug lying in the ditch, and jumped in front of a car which was passing. The man in the car did not have time to turn out of the road and the car hit the pony. The saddle girl broke and Tony fell in one of John Straub's buggy wheels. The man in the car threw on the brakes and slid about 30 yards. It broke two wheels on the car, broke out the lights and tore up the radiator. Tony's pony rolled against one of the mules hitched to the buggy and broke its leg. Tony fell into the wheel of the buggy, cutting his head and cracked his skull. The children in the buggy were unhurt.

WHAT IS THE PALO DURO?
(Continued from first page)

Canyon—Every school and every club is urged to take this as their geography or club lesson for that day. A study of its width, its depth, of its beginning and ending, its length and location, its walls, its smaller canyons, the Red River bed at its lowest level, its coloring, its multiplied springs and running water, its giant trees, its flowers and plants and animal life. And, best of all, its beautiful camp sites and its cozy nooks and quiet corners, ideal for Summer camps and Winter resting places and the family cottage where tired men and weary women might hide away and hide from the busy world until their nerves are normal again. All these opportunities have been shut away from Texas and her people because there has never been a way to reach these places.

Thursday, "Why Should Palo Duro Canyon be Made a Park?"—How many people are there in Texas? About 5,000,000. How many of them take vacations every year? What is the average amount of money spent by the Summer tourist? It is estimated that Texans spend \$8,000,000 annually at resorts outside of our state. Why should not the Panhandle receive a part of that cash to develop a resort closer home with the same environment as the mountains? A place that thousands might reach that can not afford to go so far. Answer this Thursday, Feb. 1, at your club meeting and start the school children to thinking and talking about it at home.

Friday—A study of other State and National parks.

Saturday—How may we help to establish the Palo Duro Park?

There will be no settlement of land in that portion of Southwestern Colorado and Southeastern Utah on which are a number of prehistoric towers erected by Indians. The towers are among the finest examples of prehistoric masonry in the United States, according to the Smithsonian Institution. The land in question is in three strips about 50 miles west of Mesa Verde National Park.

GROW THREE CHICKS WHERE ONE GREW BEFORE

Give Your Chicks the Shelter And Care of a Safety Brooder

To the successful Poultry Raiser, a high-class Brooder is just as essential as a good Incubator. A little chick will chill to death almost in the twinkling of an eye. In fact, there is no one who has had experience with poultry raising, who has not seen little chicks get so chilled that they crawl up in a fence corner and pile up on each other until practically all of those underneath are smothered to death, and many of the ones on top are chilled to death.

**Thin? Run-down?
Sure Way to
Get Right Weight**

Increase Your Red-Blood-Cells. That's the Sure Way! S. S. S. Builds Blood-Cells; This Means Strength!

Do you know why insurance companies refuse to insure a great many men because they are under weight? Simply because to be under weight often proves

low fighting-power in the body. It often means you are minus nerve-power, minus red-cells in your blood, minus health, minus energy, minus vitality. It is serious to be minus, but the moment you increase the number of your red-blood-cells, you begin to become plus. That's why S. S. S., since 1876, has meant to thousands of underweight men and women, a plus in their strength. Hollow cheeks fill out. You stop being a calamity-looker. You inspire confidence. Your body fills to the point of power, your flesh becomes firmer, the age-lines that come from thinness disappear. You look younger, firmer, happier, and you feel it, too, all over your body. More red-blood-cells! S. S. S. will build them. Ladies and gentlemen, a peaky, bony face doesn't make you look very important or pretty, does it? Take S. S. S. It contains only pure vegetable medicinal ingredients. S. S. S. is sold at all drug stores in two sizes. The larger size bottle is the more economical.

a nickel contest was planned by the president. At the close of the contest about \$20 was turned into the society treasurer. Mrs. H. S. Hembree and Mrs. A. L. Harrison were appointed captains and the society provided for a dollar contest which closed Dec. 1. Mrs. Hembree's side won by a small amount and on Thursday, Jan. 11, the winning side was entertained at the home of Mrs. Harrison. The program planned by Mrs. Harrison was instructive as well as interesting. A few contests were held along the line of Bible study. The afternoon was very enjoyable and several visitors were present. A few new members were taken in. At a late hour delicious refreshments of sandwiches, fruit salad, cocoa and cake were served. The entertainers state that they are good losers and were glad to give the winners a pleasant social time.

**Tollefsen Trio
Will Play Here
On January 24th**

No Chamber Music Organization in America can boast so long and so honorable a career as the Tollefsen Trio, who will render a concert in the Normal College Auditorium on the evening of January 24.

The members of the Tollefsen Trio are: Mrs. Augusta Schnabel-Tollefsen, pianist; Carl Tollefsen, violinist; and Paul Kefer, cellist. All three have won acclaim as individual artists, but it is really because of their skill in ensemble playing that their reputation has grown.

Since 1904, when Carl Tollefsen first formed the trio, the three players have crossed and recrossed the country innumerable times, carrying the message of pure music into many and many a community that has never enjoyed the benefits which only music of this kind may confer, ever appealing to the highest artistic taste and never deviating from the paths of artistic righteousness. There has been the privilege of stimulating interest in the best that music has to offer—genuine artistic missionary work.

The course of the Tollefsen's history has been that of steady growth. From a modest beginning of concerts given in their home city, Brooklyn, where both Mr. and Mrs. Tollefsen were well-known teachers of music, they have gradually widened the scope of their activities, and from year to year enlarged the field of their concert-giving. It is an acknowledged fact that no organization has enjoyed the number of re-engagements that has marked the course of Tollefsen history.

A few clipped comments on the Tollefsen Trio follow:

"Not since the Knüßels in their finest fettle has a Macon audience heard ensemble music played as the Tollefsen Trio played at Wesleyan College last night."—Macon Daily Telegraph.

"The Tollefsen Trio is young to the eye, veteran to the ear. A more maturely accurate and youthfully graceful ensemble than that of their playing of a trio by Rubin Goldmark has not been heard."—Chicago Examiner.

CITATION BY PUBLICATION
THE STATE OF TEXAS,

To the Sheriff or any Constable of Randall County, Greeting:

You are hereby commanded to summon A. B. Miller, A. F. Allen, R. E. Prewitt and the unknown heirs of A. B. Miller, A. F. Allen, R. E. Prewitt and the legal representatives of each and all of said defendants above named and the legal representatives of said unknown heirs of said defendants whose residence are unknown to Plaintiff, by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Randall County, to be holden at the Court House thereof, in Canyon, Texas, on the 4th Monday in February 1923, the same being the 26 day of February 1923, then and there to answer a petition filed in said Court on the 8th day of Jan. 1923, in a suit, numbered on the docket of said Court as No. 955, wherein C. P. Hileman is Plaintiff, and A. B. Miller, A. F. Allen, R. E. Prewitt and the unknown heirs of said defendants, and the legal representatives of each and

all of said persons above named, and the legal representatives of said unknown heirs and J. E. Rogers, W. E. Armstrong, P. J. Neff, The Tulla Bank & Trust Company, The Magnolia Petroleum Co., and the Gulf Refining Company are Defendants, and said petition alleging:

And that in said deed from J. E. Rogers to R. E. Prewitt a lien was retained to secure the payment of said note for \$1266.72 and that said note is due and unpaid, and defendants though often requested have failed and refused to pay said note, but the same still remains due and unpaid.

That said note has been placed in the hands of R. L. Lester an attorney for collection, and the Plaintiff has contracted to pay him the ten per cent stipulated in said note which is reasonable and the customary fees in such cases.

Wherefore, Plaintiff prays the court that the defendants be cited to answer this petition, and that he have judgment for his debt, interest and attorney fees and costs of suit against the defendants P. J. Neff, the Tulla Bank and Trust Company of Tulla, Texas, W. E. Armstrong, J. E. Rogers and R. E. Prewitt and for a foreclosure of his lien on the above described land and premises against all of the defendants subject to a lien to B. T. Preslar heretofore mentioned, and the deed executed by W. C. Black, Sheriff of the Tulla Bank & Trust Co., of Tulla, Texas, be cancelled, and the same be decreed to be sold according to law, that the Sheriff or other officer executing said order of sale shall place the purchaser of said property sold under said order of sale in possession thereof within 30 days after date of sale, and for such other and further relief special and general in law and in equity that he may be justly entitled to.

Herein fail not, and have before said Court, at its aforesaid next regular term, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Canyon, Texas, this the 11 day of January, 1923.

all of said persons above named, and the legal representatives of said unknown heirs and J. E. Rogers, W. E. Armstrong, P. J. Neff, The Tulla Bank & Trust Company, The Magnolia Petroleum Co., and the Gulf Refining Company are Defendants, and said petition alleging:

And for cause of action Plaintiff represents to the Court: That on or about the 1st, day of September 1917, J. E. Rogers and Wife conveyed the below described land to R. E. Prewitt who assumed notes previously given to B. T. Preslar, and in addition thereto executed six notes, and they are made payable to J. E. Rogers all even date with this deed, and one of the notes being for \$1266.72, and being the note which Plaintiff is suing on, due Sept. 1st, 1922, bearing interest at the rate of eight per cent per annum, and the land is described as follows to-wit: All of the East 1/2 and the Northwest 1/4 of Section No. 66, in Block M. 9, located by virtue of Certificate No. 0-178, issued to John H. Gibson containing 480 acres of land, situated in the County of Randall and the State of Texas.

On Sept. 10, 1921, J. E. Rogers transferred to C. P. Hileman that certain vendors lien note executed by R. E. Prewitt and made payable to J. E. Rogers for the sum of \$1266.72 dated Sept. 1st, 1917.

On Sept. 21st, 1918, R. E. Prewitt gave an oil and gas lease on the above described land to J. D. Thompson, and J. D. Thompson assigned the above described oil and gas lease to A. B. Miller and on Dec. 6th, 1919, A. B. Miller assigned a half interest in said lease to A. F. Allen. That said note was given for part of the purchase money of the above described land.

Plaintiff alleges that he bought the note herein sued upon from J. E. Rogers in due course of trade for a valuable consideration and before the note matured.

That the defendants herein mentioned have an inferior lien against the above described land but Plaintiff would show to the Court that if such exists that they are inferior and subordinate to the liens herein asserted by this plaintiff.

And that in said deed from J. E. Rogers to R. E. Prewitt a lien was retained to secure the payment of said note for \$1266.72 and that said note is due and unpaid, and defendants though often requested have failed and refused to pay said note, but the same still remains due and unpaid.

That said note has been placed in the hands of R. L. Lester an attorney for collection, and the Plaintiff has contracted to pay him the ten per cent stipulated in said note which is reasonable and the customary fees in such cases.

Wherefore, Plaintiff prays the court that the defendants be cited to answer this petition, and that he have judgment for his debt, interest and attorney fees and costs of suit against the defendants P. J. Neff, the Tulla Bank and Trust Company of Tulla, Texas, W. E. Armstrong, J. E. Rogers and R. E. Prewitt and for a foreclosure of his lien on the above described land and premises against all of the defendants subject to a lien to B. T. Preslar heretofore mentioned, and the deed executed by W. C. Black, Sheriff of the Tulla Bank & Trust Co., of Tulla, Texas, be cancelled, and the same be decreed to be sold according to law, that the Sheriff or other officer executing said order of sale shall place the purchaser of said property sold under said order of sale in possession thereof within 30 days after date of sale, and for such other and further relief special and general in law and in equity that he may be justly entitled to.

Herein fail not, and have before said Court, at its aforesaid next regular term, showing how you have executed the same.

Given under my hand and the seal of said Court, at office in Canyon, Texas, this the 11 day of January, 1923.

LITTLE WANT ADS BRING RESULTS

TRY-OUT FRIDAY WILL DETERMINE DEBATING TEAMS

MANY WANT TO REPRESENT THE COLLEGE IN DEBATE

Resolved, That the free cancellation of war debts among the nations allied against Germany, is for the best interests of the world.

It is expected that at least fifteen men will fight it out on this question next Friday afternoon in the auditorium. The question was received just before the holidays and students ambitious to land a berth on the Normal Inter-Collegiate teams have been meeting regularly to discuss the subject and to plan the try-out. As the time, place and judges have been selected, it now behooves every debater to organize and polish up his particular brand of thunder.

Three Teams to Be Selected

The six debaters ranked highest by the judges will compose the three regular teams. In addition three alternates—the seventh, eighth, and ninth in rank—will train for the teams. While they will receive credit, it is not likely that the alternate debaters will be used this year.

Sam Houston Normal Comes Here

One of our teams will meet the East Texas State Normal College at Commerce, and another will oppose Sam Houston Normal Institute here. These debates will take place on the evening of Friday, April 13, 1923. The other team will debate Oklahoma Teachers' College here sometime during the spring term.

Question Very Broad

The question on which a majority of the Normal Colleges concurred was not the favorite of the local committee. The subject is of current interest, however, and the scope of treatment certainly allows freedom in preparation of argument. On account of the great divergence of opinion among our debaters, a hot contest is assured in the try-out Friday.

BACKACHE IS DISCOURAGING But Not So Bad If You Know How To Reach the Cause

Nothing more discouraging than a constant backache. Lame when you awaken, pains pierce you when you bend or lift. It's hard to work or to rest. Backache often indicates bad kidneys. Canyon people recommend Doan's Kidney Pills. Ask your neighbor. Read this case:

Mrs. G. A. Jones, Canyon, says: "Through the small of my back was a steady, bearing-down pain and it was so sore I could hardly stoop to pick up anything. At night my back was so sore and ached so I couldn't sleep at all. I also had awful dizzy spells and headaches. My kidneys were weak and troubled me, too. I bought Doan's Kidney Pills from the City Drug Co., and three boxes cured me of every symptom of the trouble."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Jones had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Student in Leading Role as Boot-legger Who Wasn't

How a Normal student of unusually good intentions aroused the suspicions of several families on the north side of the city and came near falling into the hands of a number of self-appointed detectives was related recently to a staff writer of The Prairie. The young man in question was suspected of having affiliation with boot-leggers.

Carried Mysterious Case

Near the middle of last quarter, a young fellow was seen to make his way quickly across an alfalfa field late one afternoon. He disappeared into the dense shrubbery along the banks of the Palo Duro. It was observed that he carried a peculiarly shaped, suit-case affair. His actions received at first only mild attention, but as his trips were repeated with monotonous precision, the good people grew curious, then suspicious. Could the young stranger be a boot-legger? The audacity of it! Certainly this could not be the case, but—

Residents Decide to Investigate

True to schedule, the young fellow came whistling across the fields about an hour before dusk—and in his right hand the clue to the mystery! With sleeves well rolled up, shirt unbuttoned at the throat, and hat set jauntily on the side of his head, he was hardly fitted to the rôle of boot-legger. But the eyes that keenly marked the point where the suspect disappeared were not convinced. It seemed foolish to ensnare with firearms such an individual, but then the sleuths did not know what to expect. With merciless care they crept upon their quarry. Then they heard a series of snorts and grunts. In a hurried council of war it was decided to send out a scout. This determined-looking individual crawled forward and parting the high weeds upon the bank, stretched an au-

gular neck forward and peered below. And he saw—

The Angel

Seated upon a mound of long marsh grass, a prespiring but very happy young man was devoting himself wholly to the task of coaxing nasal twangs and snorts from a big SAXAPHONE.

So the detectives didn't.

School Now Has Total Enrollment Of 1022 Students

The enrollment at the beginning of the Winter Quarter shows 115 students to have entered, 61 girls and 54 boys. Of these 59 are in the College, 49 in the Normal High School and 4 in the Training School. At the end of the Fall quarter 51 students withdrew—28 from College and 23 from the Normal. This shows an increase from 961 to 1022 students. Of these 165 are below the eighth grade, and 847 in the Normal High School and Normal College.

ANTLER MEETING

The Antler Literary Society met Friday night, January 5, for the first meeting of the new year. A large number of enthusiastic members were present. The president, Mr. Lynch, made the opening talk by outlining the work planned for the quarter and urging every member to support the new officers in carrying out the plans.

Mr. Fronabarger gave a talk on welcoming responsibilities and hardships. Mr. Guenther gave an inspirational talk on "Growth and Development, the Result of Struggle and Effort."

Several new members were taken in, and Mr. Hamill closed the program with a live and humorous reading.

OLD INFORMATION IS MISINFORMATION

The World changes. Old governments are passing; new governments, territories and parties are in the forming. The old-fashioned, bound, stitched and glued encyclopaedia served its purpose in a past generation. A new age demands a new Encyclopaedia—a reference work that can keep pace, step by step, with the New World.

Nelson's Loose-Leaf Encyclopaedia, with its patented loose-leaf binding device, is the only Encyclopaedia, that can discard the old and out-of-date and substitute the new and living in its place. IT IS THE ONLY PRACTICAL PLAN FOR RELIABLE INFORMATION.

NELSON'S PERPETUAL LOOSE-LEAF ENCYCLOPAEDIA

AND RESEARCH BUREAU FOR SPECIAL INFORMATION

A few of the many reasons why you should own Nelson's.

It covers the whole field of knowledge—over a million topics—from the dawn of civilization to September, 1922.

It is accurate, concise, authoritative—with over 1,000 contributors, each a specialist in the subject assigned to him.

It is fully and beautifully illustrated—over 7,000 illustrations, colored plates and maps, photographs, reproductions of famous paintings and line drawings.

Its Editorial and Advisory Boards include the finest minds of the world—men at the very head of the various fields which they represent.

It is always new—kept constantly down-to-date by the issue, every six months, of 250 or more new pages, old out-of-date facts and figures being eliminated and new ones supplied to take their place.

It is supplemented by a Research Service Bureau which will supply, free of cost, any additional material which you may desire.

It is an authority, used by government departments, libraries, schools, and educational institutions, throughout the country.

It is, like history itself, by means of the patented loose-leaf binding device, continually in the making—always complete, but never completed.

It saves you the expense of buying a new Encyclopaedia every five or six years. It is a complete Reference Library and equal to a College Education.

It is American, made in America, for Americans. Librarians everywhere, when asked where to find the latest and most accurate information, answer

It's always new LOOK IT UP IN NELSON'S—Cannot grow old

The Friendly Path

By WALTER I. ROBINSON

CO-OPERATION

LEARN to co-operate. The leaders in everything of consequence who are getting ahead are not doing so by their own stubbornness. They have come to recognize that the greatest amount of good can only be accomplished by persuading others to following them along the logical pathway, rather than in trying to force them like cattle being driven into their pen.

There is nothing new in co-operation. Wise men have recognized its importance and recommended it to others for ages. But for the co-operation of men, the pyramids would never have been built and without the co-operation of a woman, Columbus would not have started on his memorable trip.

One hundred years ago John Skinner, editor of the "American Farmer," in discussing the future of farming, urged co-operation in order that the industry might succeed and assure agriculturists more pleasure in life. He said:

"Farming in the future will no longer be a matter of brute force. It will be a business for brains, organization and intelligence."

If he could return to this world now and see the wonderful progress in agriculture since he last looked upon our waving grain fields and cool meadows of hemp and corn, he would understand more clearly than he did a century ago that co-operation was the surest way to win. On every hand he could see evidence of the use men have made of "brains, organization and intelligence," and he would, doubtless be hopeful of greater co-operation particularly in marketing, in order that farmers might get more for their products, though consumers would pay less.

In home, business and industry, co-operation is the one word to keep in mind. It means not only an easier path to success, but a surer road to joy.

Has Anyone Laughed At You Because

By ETHEL R. PEYSER

You lend money? Haven't people said to you, "You'll get stung?" "Can't you see you'll never get it back?" Never mind; you think it is better to hit it right sometimes than never to lend. Lending if not in excess is all right. It helps the lender to lend—it eases some good folk to borrow and you like to ease folks and you think the good shouldn't suffer for the dishonest.

60

Your Get-away here is:
To lend as well with your mind as your heart—then let them laugh. If you have done some good it has paid you well—by your knowing you have made the borrower and the lender happier.

District Basket Ball Contests to Be Feb. 9 and 10

The Champion high school basket ball team of this district of the Interscholastic League will be decided by the contests which will take place in the Normal College gymnasium on February 9 and 10, according to D. A. Shirley, athletic director of the district.

This district, which is composed of twenty-four Panhandle counties, has been sub-divided into eight sections, and one high school team from each section will come to the Canyon meet. Mr. Shirley announces that the champions of the following sections will be competitors for the district championship:

1. Lipscomb, Ochiltree, and Hansford.
2. Dallam, Hartley, Sherman, and Moore.
3. Hemphill, Roberts, Hutchinson, and that part of Gray which lies along the Santa Fe.
4. Wheeler, Donnelly, and that part of Gray which lies along the Rock Island.
5. Armstrong, Carson, and Potter.
6. Swisher and Briscoe.
7. Deaf Smith, Castro, and Farmer.
8. Oldham and Randall.

The Interscholastic Track, Field, and Literary Meet for district honors will take place at the Normal College on April 20 and 21. All first place winners will be eligible to go into the state championship contest at Austin.

1923 FOOTBALL SCHEDULE ANNOUNCED FOR BUFFALOES

Coach S. D. Burton states that the 1923 football schedule for the West Texas State Normal College Buffaloes has just been completed. Four T. I. A. A. games are on the list. The herd have five games away from home and four on the local gridiron.

Prospects for a fast team looks exceedingly bright. Coach Burton states that only two of the 1922 squad will be lost through graduation, leaving 15 letter men to start the season with if they all can possibly return to school next year. The schedule follows:

- Sept. 28 Oklahoma Junior A. and M. College of Goodwell at Canyon.
- Oct. 6—Howard Payne at Canyon.
- Oct. 13—Southwestern Teachers College of Weatherford, at Mangum, Oklahoma.
- Oct. 20—University of New Mexico at Canyon.
- Oct. 26—Simmons College at Abilene.
- Nov. 2—Clarendon College at Clarendon.
- Nov. 10—New Mexico Military Institute at Roswell.
- Nov. 17—North Texas Normal at Denton.
- Nov. 21—East Texas Normal at Commerce.
- Nov. 29—Clarendon College at Canyon.

PLANS TRACK MEET

April 28 has been set as the date for the annual intercollegiate track and field meet which will be held at the West Texas State Normal College. This event will take place one week prior to the T. I. A. A. track and field meet which will be held at Georgetown. Coach Burton has been busy the past few days mailing out eligibility rules and entry blanks to a number of colleges. Invitations have been extended to the following schools: Southwestern Teachers College of Weatherford, Okla.; Clarendon College of Clarendon, Oklahoma; Junior A. and M. College of Goodwell, Okla.; Wayland College of Plainview; New Mexico Military Institute of Roswell, New Mexico; Simmons College of Abilene; Daniel Baker College of Brownwood; New Mexico University of Albuquerque, New Mexico; and Howard Payne of Brownwood.
