LUNCHEON TUESDAY BRINGS OUT LARGE NUMBERS

RELATION OF FARMER AND BUSINESS MAN DISCUSSED.

Plans Made to Entertain Large Number of Visitors Here for the Judging Contest.

Forty six attended the luncheon of the Commercial League Tuesday noon at Casey's Cafe and enjoyed again the noonday luncheon after the vacation of the past few months.

Frank R. Phillips was leader, and the first business was a discussion of the plans made for the judging contest, which will be held in the city during Friday and Saturday of this week.

C. W. Warwick reported on the last meeting of the League, when it was decided to resume the luncheons every other Tuesday, and the fact that the business men were expected to take a part in the entertainment of the men and boys who are coming to the judging contest.

S. B. McClure stated that his committee on rooms would make a canvass of the town to get rooms to care for the men and boys while in the city. He asked that those having rooms, and were not seen yesterday or today, to please phone him. It is likely that all available rooms in Canyon will be needed to care for those coming to the judging contest.

T. A. Fritts pointed out the necessity of having the boys well entertained while here, and made several suggestions to the entertainment committee. T. C. Thompson approved of the policy of showing the boys a good time while here.

The leader called upon Rev. A. B. Haynes to discuss the relation of the business man and the farmer. He stated that business in Canyon was different than most country towns of this section where all the business was with the farmers, but he had asked several business houses in Canyon what proportion of their business came from the farmers, and the replies had varied from 30 to 60 percent of the total. The business with the farmer was therefore the backbone of the business of the city.

Mr. Haynes urged more frankness between the farmer and the business men. If the farmer could make more money by shipping his cream than by making butter, as is often the case, he urged that the merchant tell the farmer this. On the other hand he stated that too many farmers thought business men made too much money, which he was certain not true of the business men of Canyon. He had not seen one retire wealthy since he lived here. The speaker believed that the farmer could not do without the business man, but he urged more frankness on the part of both in their dealings.

Mr. Haynes has great confidence in Randall county. More farmers are coming. He believes that 100 acres is enough to support a family. Cotton may be a good side line for the farmer, but he does not want to see the farmers go exclusively into cotton any more than exclusively into wheat. He urged that the merchants assist the farmers with their marketing. He is especially interested in the dairy business and urged that it be financed so that men capable of handling cows could get them. He invited business men to attend the farmers' meetings.

Mr. Haynes stated that he had seen three droughts in this section, and with each his faith in this country had increased.

Rev. J. W. Hunt interestingly told of his long experience in the West. He freighted through this section when there was nothing in Randall county except the old T-Anchor headquarters. He has great faith in this wonderful section. He told of the growth of his city, Abilene, and the work that was being done there.

He highly praised the school here, and it was on account of this school that a gift of \$25,000 had been made to the local Methodist church—the largest gift ever made by the Board of Church Extension to a church. Rev. Hunt is a member of this Board.

Rev. Hunt believes that during the next few years there will be a stupendous development in this section—the greatest every made by any section in the United States. He urged that we lay the proper foundation, as all rests upon the character of the men of this section. He urged that men be Christians and members of the

Revival Meeting at Methodist Church is Growing in Interest

The revival meeting at the Methodist church will come to a close Sunday, night in a great meeting for the men of Canyon and Randall County. It has been decided that owing to the large crowds attending the meetings to reserve the Methodist church for the men and boys, and the women will attend the services Sunday night at the Baptist church. Rev. J. W. Hunt will preach Sunday night on the subject: "Trails that Lead to the Alkali Bog." This sermon is based upon the experience of Rev. Hunt when he was a cow puncher on the Plains in the early days. Mr. Hunt wants to meet every old cow peeler in Randall county at this service.

The subjects for the week are: Tonight—"A Social Engagement, a Young Man's Ruin." Friday night—"I Have Sinned." Saturday night—"At the End of the Harvest."

Meetings continue every morning at ten o'clock. Prayer meetings are held at the various homes in the afternoon and a men's prayer meeting at W. J. Flesher's office.

church and take their part in the work of God.

Judge Perry S. Pearson of Amarillo was introduced and spoke of his confidence in this great section of the country.

The next luncheon will be held in two weeks with S. B. Orton as leader.

Election Saturday Approves Location in Evelyn St. of School

The election last Saturday on the question of locating the new high school building showed clearly that the people of Canyon approved the location north of the old school building in the middle of Evelyn street. The vote was 222 to 51.

The city council met Saturday night, canvassed the returns and passed the order closing the street.

Work was started Monday on the new school house.

POULTRY MEETING HELD.

A meeting was held yesterday afternoon of the Randall County Poultry Association at which time the question of marketing was discussed.

Local buyers were present and offered to pay on certain days Amarillo prices on fowls that were in demand, and one cent per pound under Amarillo prices for fowls not in demand. Hens are in demand at this time. Amarillo prices will be met on eggs, less the price of the cases.

A canizing set will be furnished to those wishing to canize.

It is the intention of the Association to work the market for better prices on both poultry and eggs. All who are interested in poultry and eggs are urged to join the Randall County Poultry Association. It costs only \$1.00 to join the Association.

PAVED HIGHWAY TO AMARILLO IS IN COMRS COURT

DELEGATION DISCUSSES THE GREAT ADVANTAGES.

Value of Hard Surfacing and Paved Roads Presented by Judge J. W. Crudginton, Amarillo.

A committee from Amarillo and Canyon appeared before the Commissioners' Court Monday morning in the interest of the proposed paved highway between Canyon and Amarillo.

Judge J. W. Crudginton was the spokesman for the Amarillo delegation, and strongly advocated the proposed highway. He pointed out the wonderful development that had taken place between Ft. Worth and Dallas, all of which was directly due to the paved highway, and not the interurban line. Judge Crudginton believed that it was possible to develop the territory between Canyon and Amarillo in like proportion to the Ft. Worth-Dallas highway. He stressed the value of this connection in the interest of the Normal and the wonderful growth that would take place in the school.

Mr. Crudginton proposed to follow the established a highway to the top of the hill north of the Palo Duro, and then turn east and parallel the Santa Fe on the west side of the railroad to Amarillo. It was contended that this would shorten the distance 3½ miles to Amarillo. Judge Crudginton is in favor of crushed rock hard surfacing rather than brick paving.

Ray Lindsay and J. N. G. Amarillo also spoke in favor of new highway.

No action was taken by the Commissioners' Court. At no definite proposition was made, but that it was intended as an opportunity to start agitation upon the subject, which they were confident would soon be brought before the people in a bond election.

G. G. Edwards of the State Highway Department was present, and will take up the matter of state and federal aid should Randall County decide to pave the highway.

Among those present Monday from Amarillo were: H. W. Blackburn, J. N. Riggs, John Gilvin, J. W. Crudginton, Ray Lindsay, G. G. Edwards, W. D. Howren, F. A. Zumber, Joe Kimball and John L. McCarty, representing the Tribune.

Frank Bassett of Amarillo, but a land owner in Randall county near Bushland, was represented to register a protest against considering the highway proposition.

CO. F WON FROM AMARILLO

The basketball team from Company F, Texas National Guard, went to Amarillo Monday night and defeated the Company G team by a score of 23 to 22.

The game was exceptionally rough throughout. The Canyon boys won the game the last minute of play by a free throw on a foul.

The Canyon team is composed largely of members of the Canyon high school team.

Baptist Secretary Here Today to Look Over Local Church Needs

Rev. D. R. Graham, treasurer of the State Baptist Mission Board, is here today to look into the needs of the local Baptist church in regard to a new building.

The local Baptist church held a meeting last week at which time it was decided to go into the question of selecting a church location, and at the same time to ask the general board to assist in the selection of the location with a view of getting aid from the church in the construction of a new church building.

The officials of the local Baptist church are taking Rev. Graham over the city and through the Normal during the day.

AUXILIARY ELECTION.

The following officers have been elected for the Ladies Auxiliary to the American Legion Post:

President—Mrs. L. T. Lester. Vice-President—Mrs. H. A. Brown. Secretary—Mrs. C. L. Thompson. Treasurer—Mrs. G. A. Farlow.

Tag Day for Mary E. Hudspeth Hall During Friday and Saturday

A Tag Day for the benefit of the Mary E. Hudspeth Hall will be put on in the Normal, the city and the public schools during Friday and Saturday.

A large number of money raising plans have been used in the interest of this fund, and during this week it is planned to add a considerable amount of money to the treasury.

Gifts of any amount will be acceptable for the benefit of this fund.

Stolen Car Recovered by Sheriff of Wheeler County Last Week

Geo. Wendleken had a Ford car stolen in Amarillo on Nov. 19th. Last week he was notified by the Sheriff of Wheeler county that he thought he had the car, which was in the possession of Frank Long of that city, who was then under arrest for stealing turkeys.

George went to Wheeler Saturday and satisfied the officers that he was the rightful owner of the car. He filed charges against Long in Amarillo where the theft occurred. Long will be tried after his case for stealing turkeys comes up. Long claimed that he had bought the car.

The car is in fairly good condition in spite of the fact that Long had run the car for two months.

TRUTH IN ADVERTISING.

Frank Leroy Blanchard, a New York advertising man, is positive in his conviction that the newspaper is the best advertising medium. To prove it, he quoted the late John Wanamaker that all advertising except that in newspapers is vanity and vexation of spirit. And then he told his hearers the reasons why. The weekly newspapers, he said, go into the homes of the intelligent buying public and are carefully read, not alone for the local and national news and feature articles they contain, but also for the merchandise news that appears in the advertising columns. There are self evident truths which should be told and told daily.

LARGE NUMBER OF VOCATIONAL AGRICULTURE BOYS AND SUCCESSFUL STOCK BREEDERS COMING TO CITY FRIDAY

The stock judging contest for the vocational agricultural classes of this section of the state will be held at the Normal Friday and Saturday of this week.

More than fifty boys are expected to be here for the judging contest. Keen competition is expected among the various teams.

Invitations have been sent to a large number of prominent stock breeders of this section to come to this meeting in view of the fact that John Burns, secretary of the Hereford Breeders Association will be here to judge and to speak.

The farmers of Randall county are urgently invited to attend the meetings these two days.

A banquet will be given Friday-night at Cousins Hall for the visitors.

Boy Shot Through Hand by Men Passing in Car-Party Unknown

John Root was shot through the left hand Monday at the bridge east of town by parties in a jitney, who shot at him as he raised his hand in salute.

The boy states that he had given the car plenty of road way for passage. He did not see the gun until he raised his hand to the passers. The car was going fast, and did not halt after the shot was fired.

The bullet passed through the line of the harness and through John's left hand. He turned to get the number, and found there was none on the rear of the car, and did not notice one on the front. It was a Ford with the curtains on, and back window light broken out. He did not see how many were in the car.

John is recovering nicely from the effects of the wound.

MARRIAGE LICENSES.

Help Keep Canyon Clean!

WORK STARTED ON NEW CANYON SCHOOL BUILDING

CONTRACTOR STARTS CREW OF MEN ON JOB MONDAY.

Excavation for Gymnasium Being Done by Driver—Materials Are Now on Way to Canyon.

The new high school building was started Monday morning when Fred Bone, W. F. Little and D. M. Coffee of the Fred Bone Construction Co., together with the architect, E. F. Rittenberry and members of the board located the corners of the new building and staked off the lines.

Mr. Bone let two local contracts Monday; one to E. A. Driver to do the excavation for the gymnasium, and the other to D. B. Holcomb, to do the hauling from the cars to the building site.

W. F. Little, member of the Bone Construction firm, accompanied by Mrs. Little, has moved to Canyon and will be general manager of the building until all work is completed in August. D. M. Coffee will be foreman on the job. Mr. Coffe is a son of Mr. and Mrs. T. D. Coffe of Canyon, and one of "our boys." He is moving his family here during the period of construction.

Mr. Little stated yesterday that one car of lumber is now here and three more cars in transit. All lumber for the job was bought from the Canyon Lumber Co. According to Mr. Little, several car loads of gravel and cement are in transit. Brick will be shipped from Denton next Tuesday.

Mr. Little states that material will come through without delay, and work should not be delayed after the building gets under headway.

ANNOUNCEMENT PARTY.

Misses McClesky and Fricke entertained a few friends last evening at which time the announcement of the engagement of Miss Anne Bailey to Mr. J. Virgil Moore of Amarillo was made. Miss Bailey has been a teacher in the training school of the Normal for the past two years, and Mr. Moore is of the firm Moore-Poston Company of Amarillo. Both of the contracting parties are among the best known and popular in Canyon and Amarillo.

A toast to the bride was given by Miss Margaret Guenther; to the groom by Mrs. C. W. Warwick, and to the girls left behind by Miss Bailey.

REMOVING PUMPING HOUSE.

The old pumping house on the court house lawn is being wrecked and the brick will be moved to the fire station north of the square. It is contemplated to build a new brick fire station within a few months.

MARRIED SATURDAY

Raphael Davenport and Miss Kate Gary, both of Amarillo, were married Saturday at the Methodist parsonage. Rev. M. M. Beavers, officiating.

The Parent-Teachers Association will conduct a Woman's Exchange in the hall of the Court House on Saturday, February 24th. There will be aprons, bonnets and caps for sale; also home-cooked foods and candies for sale. The receipts from this sale will be given to the High School boys and girls to be used on their Annual fund. The friends of the public school are urged to stand by the association in this worthy cause.

TRIP TO AUSTIN.

The State Press Association met in Austin Thursday and Friday of last week in the mid-winter session. There were nearly one hundred country newspapers represented at this meeting. The meeting was called, primarily for the purpose of seeing through the legislature the legal publication rate bill, which will standardize the publishers' rates on legal notices, but a short interesting program was provided, and much entertainment from the Commercial Club of Austin and the various state institutions. The program for the annual meeting in June at Galveston was outlined by the program committee.

Thursday morning was largely taken up with welcome addresses and the appointment of committees. At noon a luncheon was given by the clubs of Austin. Members of these organizations, representatives of the Press and Governor Neff were speakers at this luncheon.

Thursday afternoon was spent at the Capitol. All executive offices were thrown open for the use of the members of the association, and both houses of the legislature granted the members free use of their chambers. Members of both legislative bodies showed every courtesy during the visit, and the lower House was especially nice by passing the legal rate bill while the press members were present. The senate refused to take up this bill out of its place on the calendar, but members of the senate promised to put it through this week. Governor Neff and Commissioner of Railroads Clarence Gilmore were especially courteous to the press. Gilmore is an old newspaper man. His office was headquarters in the capitol and every want of every member present was anticipated by this very agreeable gentleman. Mr. Gilmore stated that he contemplated a trip out through the Pahrhandle during the spring, and would visit all towns along the Santa Fe.

Governor and Mrs. Neff had planned a reception for Thursday night, but Mrs. Neff has been ill with the flu and this feature had to be postponed. The university entertained the members at the men's gymnasium, when the varsity defeated Rice in basketball. Friday morning was devoted to business and a courteous attempt to listen to various lobbyists who are ever present during the sessions of the legislature. All consider that they must speak before the press association meetings.

Friday afternoon was spent in visiting the various state institutions in Austin. The asylum was visited, and considerable time was spent at the school for the blind and school for the deaf and dumb. After an extended examination of the wonderful work that is being done for the unfortunate and delinquents of Texas, those in the party went away with the feeling that the state was well investing the money that was spent in these institutions.

The most pitiable institution is that of the school for the blind. There we find about five hundred children, some from Texas' very best homes, deprived of the use of their eyes. Many of these children have a slight vision left, just sufficient that they may get around without guidance, but not sufficient that they may read, or do close work. Those with a portion of the natural sight are of great assistance in caring for those totally blind. The school had prepared a program of songs, gymnastics, various kinds of music, dances, etc., all of which was a revelation to those who had never seen 500 blind children together. The atmosphere is depressing to see so many unfortunates together.

The school for the deaf and dumb showed an entirely type of child—a total of more than five hundred altogether. The faces of the children are bright, in comparison of the expressionless countenance of the blind. The children are bright and talk rapidly

with their hands. Various kinds of class room exercises were put on, including gymnastics, sign songs, vocal songs and readings. The school is teaching the dumb to speak, but the effort is purely mechanical, and the metallic tones are everything but pleasing to the ear. Lip reading is one of the chief subjects taught. It was remarkable to see the teacher stand before the class of youngsters and talk to them, and see them perform in various ways and answer questions correctly as a result of correctly reading her lips. The most deplorable cases in this school are those children who are blind, deaf and dumb. It looks incredible that children in such circumstances could ever be taught to be of use in this life, but through the seemingly endless patience of a number of teachers, a number of children in this unfortunate condition are being taught useful things.

The drive ended at the university campus where an inspection of the university shacks was made. The registered hogs and cattle of most of our large Texas farms would feel disgraced were they housed in the shacks that are upon the university campus. The trip to the university campus is an anti-climax to a day spent in Austin: Our state capitol building is a magnificent structure; our asylum and schools for the unfortunates are good substantial buildings, with modern conveniences; our university physical plant is nothing. It looks like Texas was penalizing our young people who were fortunate enough to be born without physical and mental defects; it looks like Texas thought more of registered stock and their care than for the young men and women who have had grit enough to go out and try to equip themselves for the better things of life. We little wonder that Texas stands 38th down the line in educational matters, when the great university, the head of our educational system is hampered and hedged about with impediments to cause the 5000 youth of Texas now in the school to do their work in the shacks upon the university campus.

Friday night the program of the press association came to a close with a dinner served by the university home economics department for the members of the press association and members of the legislature. During the dinner a running fire of merriment was maintained with a regular gridiron program by the university students. Clever take-offs were put over on the guests, the university shacks and faculty and Governor Neff. It was one of the most interesting programs we have ever heard.

Austin is one of the old towns of Texas, built in a very beautiful location, with just enough hills to make the city highly interesting. The state property, aside from the university, is in excellent condition. The business section is rather old looking, but the business houses seem to be very progressive. Austin entertains so many conventions and has so many visitors during the session of the legislature that a gathering of mere newspaper people would ordinarily be of little consequence under similar conditions in many towns, but to Austin it was an event that called forth the very best. The Chamber of Commerce was on the job every minute. We had gathered in Austin principally for the purpose of business, but found Austin with open arms and a great entertainment program. Many Austin people opened their homes to the press, people and showed every courtesy.

We found that our representative, Lee Satterwhite, is one of the big men of the House and is highly respected. His judgment on pending bills is respected by this fellow members. He knows the people in the capitol and knows how to get information and how to get action. Burke Mathes, our former representative, is another of the leaders of the House. To the person who is making his first visit, the House seems to be a noisy place, with little or no effort to keep order, but the longer we stayed, the more we were impressed that the members of the House were hard working, and diligently trying to give Texas their very best efforts. The Senate is a little more dignified, having only thirty-one members it is therefore a quieter place, although there is plenty of action at times, such as was seen last Friday afternoon when Jim Ferguson's friends attempted to and did steam roller his citizenship bill through for a few minutes. We enjoyed a short visit with Senator Bledsoe and Senator R. A. Stuart, formerly a student in the Normal, and other members of this body.

Rain and snow has fallen all along below the cap rocks. There was eight inches of snow at Temple last Wednesday, the largest snow in the history of that section of the state. It has been dry up to the rains of last week.

If diplomats had to sleep in pup tents and eat soldier rations while holding conferences it wouldn't take them long to reach some sort of conclusion.—Toledo Blade.

No doubt the railroads are right in the contention that if business men are to patronize truck lines that are in competition with the railroads, they should demand that these truck lines be taxed in the same proportion as the railroads, and should be under the same supervision and subjected to the same penalties as are the railroads. It looks rather unjust, to say the least, that railroads are heavily taxed for highway purposes, which are maintained for their direct competitors. The railroads are taxed heavily for the state, county, schools and the cities and at the same time the trucks are allowed to tear up the roads that are built with railroad taxes in direct competition with the railroad rates. The News does not argue that freight rates are as low as they should be; we do believe that if this country is to approve the open and free competition between the truck and the railroad, they should be placed upon the same basis. In the case of the railroad, the people demand that the railroad maintain their own trackage and property and service to a high point of service, and on the other hand the people pay for and maintain the trackage of the truck, and in addition make the railroads pay a large proportion of the trackage that is furnished and maintained free for the trucks. We wonder if this is according to the American standard of fair play to all people and all industries.

It seems that the chief sport in Texas now is to send a protest to Austin against tax measures. West Texas has even taken a hand in the fad of protest, after landing the million dollar appropriation for a new college. It would seem that every body in Texas wants something from the hands of the legislature, but are unwilling to pay their just part of the expense of the state. Protest is the most catching disease known to humanity. A protest is easily raised against most any good measure. Old sedate Boston prohibited bath tubs in the city only a few years ago. Men of means in Texas are protesting against paying their just part of the taxes, and the big men can always muster a wonder aggregation of hangers on to do the loud barking for them. The legislature is besieged with lobbyists against all tax measures. Yet, these same men who are protesting against taxes at this time would cuss the legislature to perdition were this law making body to allow our state government to elapse into decay that would ensue if the policy they advocate were put into effect.

There is considerable speculation as to the result of the French invasion to collect their cost bill against Germany. In many respects we do not blame the French, for no doubt the Germans are able to pay most of the war damages assessed to them. However, it begins to look as if France will have to pay more to collect the bill than they will get in the long run. It is going to be an expensive collection agency they are maintaining.

Thos. Marshall, former vice president of the United States, says that America is ruled by fads. It looks like Marshall was right. A majority of our people are sane most of the time but all of us are crazy over fads some of the time.

CHAMPIONSHIP OF DISTRICT GOES TO AMARILLO HIGH

EIGHT TEAMS CONTEST FOR BASKETBALL HONORS

In the final game of the annual tournament of District No. 1 of the Texas Interscholastic League, the Amarillo Golden Sandstorm defeated the fast Dalhart High School team by a score of 37 to 35, and thereby won the right to keep the silver loving cup offered by the West Texas State Normal College for one year, the basketball, presented by Morrow-Thomas Hardware Company, which was used in the final game, and the right to meet Ralls High School the winner of District No. Three, the winner of the Ralls-Amarillo game will represent the Panhandle at the State Meet to be held at Austin in the near future.

Canyon High School lost to the Love school in the consolation game by a score of 37 to 36 thereby winning the right to hold the consolation cup for one year. Only those who were defeated in the preliminaries were eligible to compete in this contest.

Preliminaries

Prior to the preliminaries, Pampa was victor over Canadian in two games by scores of 52 to 21 and 42 to 33, which decided the championships of that section. Dimmitt was winner over Farwell for the championship of section 7.

In the first game of the preliminaries, Dalhart sprung a surprise on the Canyon High Eagles by defeating them by a score of 43 to 42. The Dalhart team took the lead in scoring at the very first of the game which lead it kept until the final whistle, although the Canyon team threatened to turn the tide in the last few minutes of play. Many fans attributed Canyon's defeat to overconfidence.

In the second game of the preliminaries, the Dimmitt five lost to the fast Hedley team 60 to 29. Hill and Shaw of Hedley and Tate of Dimmitt were the outstanding stars.

Friday night the Pampa Harvesters were easy victors over the Perryton quintet by a score of 54 to 24. Duenkel, guard and Jameson, forward of Pampa, and Jones of Perryton, guard were stars.

The Amarillo Golden Sandstorm won the last game of the preliminaries over the Love school by a margin of 13 points, the score being 40 to 27. The Love quintet was a "one man team," Bell being the outstanding star. Baker and Tadlock scored all but six of Amarillo's points. The gauging of Brady and Nicklaus for Amarillo is to be commended.

Semi-Finals Saturday Morning

The preliminaries eliminated four teams giving Dalhart, Pampa, Hedley, and Amarillo the right to compete in the semi-finals, which took place Saturday morning.

Dalhart, in a hard fight came out victor over the Pampa aggregation in the first game of the semi-finals by a 40-21 score. Ritchie of Dalhart, proved himself an excellent little guard. McCandless was high point man, scoring 20 of Dalhart's 40 points. Stewart, Jameson, and the big Duenkel again starred for Pampa. The playing of Duenkel won him a place

on the all-star team.

Baker, Jones, and Nicklaus of Amarillo and Shaw of Hedley were the outstanding stars in the Amarillo-Hedley game which resulted in a 46 to 22 victory for the Golden Sandstorm. During the last few minutes of play Coach Duncan of the Sandies used his entire second string against Hedley.

Amarillo Wins Championship

In the closest game of the tournament the Amarillo five barely nosed out Dalhart for the Championship of District No. 1 by a score of 37 to 35. The game started with a rush, and the first half ended with a tie—16 to 16. In the beginning of the second half Amarillo went into the lead nine points which the Dalhart men were never able to overcome. A fraction of a second after the final whistle blew the Dalhart center shot a goal which would have tied the game had it been counted.

In this game there were probably fewer stars than in any other game of the tournament. Every man on both teams was a star. Baker was high point man for Amarillo, and McCandless for Dalhart.

All-Star Team Selected

After the final game, D. A. Shirley, Director of Athletics in the College, and Captain Hale, Lancaster, L. Hill, D. Hill, and Gordon, of the Buffaloes basketball team selected the following men for the All-District team:

| Player | Position | Team |
|-------------|----------|----------|
| Jameson | Forward | Pampa |
| Baker | Forward | Amarillo |
| R. Reynolds | Center | Dalhart |
| Duenkel | Guard | Pampa |
| Ritchie | Guard | Dalhart |

Those selected for the second team were: Tate, Dimmitt; Winn, Dalhart, forwards, Bell, Love, center, Nicklaus, Amarillo, and Shaw, Hedley, guards, McCandless and B. Reynolds of Dalhart, Stewart and Williams of Pampa, Jones and Bradley of Amarillo, and Brown of Canyon, were given honorable mention.

College Men Officiate

Captain Nay Hale, forward and Joe Lancaster, guard, members of the Buffalo team acted as referees for the contests. Their officiating was highly praised by members of all teams taking part in the contest.

Mr. Travis Shaw acted as timekeeper and Davis Hill as scorekeeper.

Normal Men are Coaches

Six of the coaches for the eight teams represented in the tournament were Normal College ex-students. The Dalhart team was coached by S. B. ("Curley") Hanna, Canyon by Jimmie Webb, Perryton by H. I. Hudson, Love by E. C. Reynolds, and Hedley by "Speck" Weaver.

The building industry in this country after the busiest year in its history, seems assured of another year of the same sort. Much more building is expected in 1923 than was done in 1922, but the increase will be largely in buildings of an industrial, commercial or institutional nature rather than in dwelling houses, which formed the greater part of the business of 1922.

Yearlings Lose Games on Trip To New Mexico

Leaving Canyon in a car Wednesday morning, the Yearling basketball team arrived in Fort Sumner, New Mexico, that afternoon for two games with the high school team at that place. The Yearlings lost the two games to Fort Sumner on Wednesday and Thursday evenings by scores of 26 to 14 and 15 to 12, respectively.

Gus Miller, a former West Texas State Normal College football star, is coach of the Fort Sumner team.

On Friday and Saturday evenings the team lost to the Clovis High School by scores of 25 to 19 and 29 to 30. The team was honored with a reception that evening by the high school.

Those making the trip were: Coach Lockhart, Pool, Patten, Bivins, Muncy, Kemp, Vaughn.

The Fort Sumner team will play return games with the second team on February 23 and 24.

Santa Fe Railroad Officials are Given Luncheon at College

Mr. F. J. MacKie, Superintendent of the Panhandle and Santa Fe and the Atchison, Topeka and Santa Fe divisions of the Santa Fe System, and Mr. Goodloe, Assistant General Passenger and Freight Agent, were entertained with a luncheon in the Home Economic dining room of the Normal College on Tuesday, February 7, at 12:30 o'clock.

These men were on a general inspection tour of this division of the Santa Fe system. They spent two days in going over the local situation learning all they could of the town, school, and surrounding country in order that they might better know the needs of the railroad, and in order that the relationship between the road and the town might be bettered.

President J. A. Hill acted as toastmaster at the luncheon. Messrs. MacKie and Goodloe discussed the railroad business in general, the Santa Fe Railroad's policy, and the disposition of the company to provide an adequate station for Canyon within the next year or two.

Mayor J. D. Gamble told of the public improvement made in the city during recent years, and of improvements now being made. Mr. G. G. Foster, President of the Canyon School Board, told of the city school system and the new \$100,000 school building to be built this year.

Dr. Hunt, President of McMurry College, Abilene discussed the relation of the Santa Fe railroad to the development of the Panhandle-Plains country. Rev. M. M. Beavers pictured the new Methodist church to be built in the near future, and Mr. R. A. Terrill, the college architect, presented the proposed enlargement of the college plant

for the next few years. Other speakers were Messrs. C. N. Harrison and J. W. Reid.

After the luncheon, the visitors were shown the college plant and campus.

Cheap electricity for rural districts may be produced by harnessing the winds if plans of the British Ministry of Agriculture succeed. It is believed that low buildings built on hill tops, could house the machinery and the huge wings would project from the sides of the buildings and be spun by the wind horizontally just above the ground. If successful, several generating stations will be built in out-of-the-way districts.

Before Baby Comes--

EXPECTANT mothers do not undergo useless suffering any longer, and baby's birth can be made gloriously easier.

Mrs. Wm. Flack, 115 N. 12th St., Leavenworth, Kansas, says: "Mother's Friend" is the best help in the world for an expectant mother. I am the mother of three children and have found "Mother's Friend" fine.

"Mother's Friend" is externally applied about the abdomen, back and hips. It penetrates wonderfully, and in this way allows the muscles and ligaments to relax easily and readjust themselves to the changes during expectancy and at child-birth.

Use "Mother's Friend" as our mothers and grandmothers did. Don't wait, start today, and meanwhile write to Bradford Regulator Co., 14-15, Atlanta, Ga., for free booklet containing valuable information every expectant mother should have.

"Mother's Friend" contains no narcotics or harmful drugs. It is safe. There is no substitute. Avoid useless guesses and plain oils. Start using "Mother's Friend" now—the sooner the better. "Mother's Friend" is sold at drug stores—everywhere.

In Memory

Howard Rucks Harrison, aged 3 years, 4 months, died at the home of his parents, Mr. and Mrs. A. L. Harrison, Saturday, Feb. 17, 1923.

Little Howell had been sick for about two weeks and all that human hands and hearts could do was done, but he passed away with the angels. We extend to Mr. and Mrs. Harrison our sincere sympathy during the sickness and death of their darling baby.

Soft and gentle be thy slumber, Sweetly sleep our baby dear.

For the angels watched above thee Though thy mother was so near.

Sweet blue eyes they looked to heaven So the Master willed it here;

And thy parents must submit thee Though it cost them bitter tears.

Short, was thy sweet life my darling, And so loving was thy stay

That our hearts seem almost broken Since our baby went away.

And the angels saw thee smiling So they could not go away,

Till they took thy spirit from thee, To make a brighter way.

'Twas a way to lead thy loved ones Safely to a home above;

Where their sweet treasure awaits them In a brighter home of love.

—A Friend.

Card of Thanks

We want to thank our friends who were so kind, and helpful during the illness and death of our dear son and brother, Howell. Especially do we appreciate the beautiful flowers from the Eastern Star and Birthday Club and to thank the kind ladies for decoration of flowers at the Methodist church for funeral.

May God's richest blessings rest on them.

A. L. Harrison and Family.

Hog School Took Up Feeding Problems at Meeting Yesterday

County Agent C. F. Walker talked on the subject of grain-sorghums for hog feeding purposes at the Swine Breeders' meeting Wednesday afternoon in the Court House. Mr. Walker pointed out the value of grinding feeds and stated that experiment that was carried out by Prof. Burns, who is to address the Hereford Breeders at the Normal College next Friday and Saturday, showed that ground kafir was equal to corn in the ration of one hundred pounds of kafir to ninety seven pounds of corn. Mr. Walker gave several figures of experiments that had been carried out in feed lots to show the value of West Texas feeds for pork production.

H. C. Roffey gave figures on an experiment that he carried out in 1919 with a car of pigs weighing 86 pounds to start with, which pigs were fed on rice polish, rice bran and cotton seed meal. The meal was fed at the rate of one part to ten parts of the other feeds.

The pigs gained from 1.5 to 1.7 lbs. per day on 5.4 to 5.8 pounds of feed for each pound of weight gained. Mr. Roffey said that he made a considerable gain, something like six hundred dollars, on the car of pigs; however, he attributed it to the fact that the finished hog was worth so much more per pound than the pigs would have sold for when the experiment started.

Those present decided that cotton seed meal was a good hog feed if not fed too long at one time. It was further brought out that meal could be fed for a longer feeding period if it was fed to a ratio of one to ten pounds of other feeds than a ratio of one to five or six.

Randall County Raises Quarter Million Dollars Worth Hogs.

Mr. Warren told the swine breeders that the West Texas country was destined to be a land of smaller farms and that the hog had a place in the development of the agriculture. He said that the hog was best suited to West Texas; that he fitted in with the dairy cow and the old hen. Mr. Warren also said that boarding stock as well as other kind of boarders were expensive and thought more attention should be given to getting good quality in our animal blood lines. He stressed the fact that at present we pay freight on our live stock away from Canyon and then pay freight on the meats back to our stores. He thought that these freight bills should be eliminated. He estimated that Randall county had shipped out a quarter million dollars worth of hogs every year.

The program for next week calls for a talk on hog farm barns, by Mr. John Knight, and Lamb Feeding by Mr. W. T. Hazelwood. The meeting will be in the court house at 2 p. m. next Wednesday.

Swine Breeders to Attend Meeting at Normal.

The breeders were told about the meeting at the Normal College for Friday and Saturday of this week and voted to attend the Livestock meetings at that place.

High School Notes

The Freshman class has appointed six Annual salesmen and they have started on their campaign selling Annuals. They wish to ask every one to buy Annuals before the fifteenth of next month for the price of the Annual will be raised to two dollars and fifty cents. Most of the Freshman class have had their pictures made, and the others will before long.

The Sophomore class has been on the standstill for some time but at last they have come to life and have started to work in earnest. "Let's go," says one of the Sophomores.

We are doing our best to help make the annual a success. As we were asked by the manager of the annual to take some snap shots of the ninth grade, we are making Wednesday our special beauty day.

We especially appreciate the help the parents have offered us. Every one knows that any school can accomplish anything they try if the mothers are behind them, and the mothers have promised to help us in every way possible. Perhaps some of the other grades have exceeded us in selling annuals, but the old saying is: "Bad beginning, makes a good ending." We are still sticking together now and we are putting forth every effort possible to make the annual a success.

It is the duty of every parent to buy their child an annual. It is the duty of every child to buy an annual. An annual is something that any student will be proud of in the future. It is the ambition of every pupil in the student body to help make the annual a great success. Come on, parents, and buy your boy or girl an annual if they want one. It is the best present you can buy them. We need the help of every one to put this thing across, so come on and give us a lift.

After deducting all the dismissals up to the present time, there are about one hundred and twenty-three thousand more persons holding civil-service jobs than there were before the war. Of the increase the greater part is the result of the war rather than of new legislation. Veterans have preference in appointments to civil-service positions, but the Civil Service Commission has lately recommended that the law be somewhat modified. Of course it isn't done to dodge taxes, but it's funny that stock dividends became so popular all at once. Springfield Sun.

Choral Club From S. M. U. Will Give Concert Wednesday

Thirty eight girls leave Southern Methodist University Friday, February on the ten day tour of the Choral Club. The club will be in Canyon on February 21. Under the direction of Harold Hart Todd, professor of piano, the Choral Club has won recognition as a musical organization of first rank. The tour this year, managed by Stuart M. Meadow of Dallas, is the longest yet attempted. With the singers will go six members of the Mandolin Club, two violinists and an accompanist. There are thirteen first sopranos, twelve second sopranos and eight altos. Professor Todd and Mrs. Todd will chaperon the party. Popular songs, classical selections, a playlet, various mandolin pieces, quartets, solos and other selections make up the program, designed to appeal to a wide audience. "How a Woman Keeps a Secret" is portrayed in a sketch that is said to be of professional quality. The program as formally announced by Professor Todd is as follows: Part I. Chorus—Carmena—Wilson Bartlett Choral Club. Miss Littelre Simpson at piano. Galop—Spur of the Moment—Hosfeld Mandolin Club. Solo for soprano—Selected. Miss Louise Foster. Miss Lois Shawver at piano. Chorus—a. Deep River (Old Negro Spiritual) arr. by Harris. b. Silver Sleigh Bells—Harris. Choral Club. Solo for Violin—Concerto No. VII. 1st movement—DeBeriot. Miss Catherine Pierce. Miss Katherine Harris at piano. Quartet—Kentucky Babe—Gebel. Misses Foster, Overstreet, Fisk, and Selecman. Chorus—a. Gondola Song—Roberts b. Dance the Romaika—Ware. Choral Club. Quartet—Wanted a Husband—Warner. Misses Foster, Overstreet, Fisk, and Selecman. Solo for violin—a. Oriental—Cui. b. Hullaizo Balleon—Hubay. Miss Louise Kramer. Mr. Todd at piano. Part II. "How a Woman Keeps a Secret"—Misses Abraham, Fouts, Synnot, Lungkwitz, Isaacs, Wynn, Dickinson, Davidson, Kidd and Selecman. Waltz—On the Waves—Rosas Mandolin Club. Solo for Contralto—La Paloma—Yradler. Alan Water—Old English. Miss Glenore Fisk. "O, No, John"—Somerset Folk Song. The Girl: Miss Daniel. John: Mr. Meadow. College Songs—Selected. Entire Ensemble.

JUST SALT Salt will make white wash stick. Salt will revive a poor fire if thrown directly on the coals. Salt thrown on a carpet before sweeping will brighten it immediately. Salt thrown on soot will prevent it from making a nasty stain on the carpet. Salt and water solution is an excellent gargle and inhaler for colds in the head. The establishment of the Irish Free State brings the cause of the Scottish Home Rulers more prominently to notice. The Scots have long contended that the Parliament in London cannot deal properly with Scottish affairs. The departure from it of the members from southern Ireland who usually voted with the seventy-four Scots on legislation that affected Scotland makes the fact that English lawmakers overlook the Scottish interest more conspicuous. The annual report of the director of the Forest Service calls attention to the immense and increasing areas of unproductive land in the United States. The sawmills make here four or five million acres a year, and improved farm land, particularly in the Eastern states, is shrinking rapidly. The lapse of large areas into an unused state calls for some feasible and comprehensive plan for reforestation. A district school in New York State has only one pupil. When the teacher took the job last summer there were other pupils in prospect, but their families moved away, and now one seven-year-old boy chooses his own seat and takes all the prizes. Now that the holiday wrapping paper, excelsior and cardboard boxes have found their way to the cellar, will your house meet the latest standards in fire prevention? In Ireland "at peace" is always an epitaph.—Washington Post.

Normal Notes

Sunday, February 11, the Young People's Class of the Canyon Church of Christ visited the Amarillo Young People's Mission Class. Before leaving for Amarillo the Canyon youngsters met at the church building and practiced a few songs while the crowd was gathering. Those who composed the company were as follows: Misses Frankie Broyles, Lula Coleman, Jewell Shelton, Linnie Babston, Mary Gregory, Margaret Mitchell, Clida Calaway, Retta Thompson, Mary Campbell, Beulah Owensby, Fannie Bell Hart, Mrs. Julia Kelly, E. R. Byrd; Messrs. Roy and Grover Carver, Bryan and Griffith Witt, Fred and Tom Groves, Mr. and Mrs. D. Mack Stewart, and Mr. and Mrs. M. E. Gregory. The subject discussed for the visiting class was "Medical Mission Work in India," given by Miss Lita Witt, a former student of the West Texas State Normal College. After the young people's program, a period of five minutes was given for the two classes to get acquainted. The Canyon class remained for evening services conducted by Evangelist F. B. Shepherd. Mr. and Mrs. Gilbreth of Hereford spent this week end with their daughters, Misses Eunice and Jewell, who are attending the College. Miss Carrie Bier, a teacher in the Amarillo High School, visited Miss Ada Clark this week end. Misses Hazel and Waldine Wilson of Amarillo and Mrs. Wilson of Hereford spent this week end with Mr. Floyd Wilson. Mr. Cresslin of Childress County, who is a former student of this institution, visited us Saturday. Miss Sachye Simms, a former student, visited her sister, Miss Lila Simms, Saturday. Miss Maud Edwards, who was with us last summer and who is now teaching in Canadian, spent Saturday and Sunday with her sister, Miss Worth Edwards. Misses Faye Dodson and Opal Scott of Happy spent this week end with Miss Jessie Maye Scott, who is attending the Normal. Miss Mildred Taylor, who is teaching the Jowell school, spent the week end with home folks. Herschel Jennings of Tulsa visited Miss Florence Vaughn Friday and Saturday. Misses Myrtle and Videll Hrust visited their home near Happy this week end. Miss Florence Vaughn accompanied them. The paving on Houston street is being held up to some extent on account of lack of material. The foreman says he expects the machinery to reach here about February 15, from Corsicana. He says he will then be ready to go to work and hopes to be able to complete a block a day. The foreman thinks the paving east of the square will be complete by March 15th. Saturday evening Paul Groves received slight injuries from a car that was upset while going to Amarillo with some of the boys from Dumas. One of the Dumas boys received a sprained ankle. None of the others received serious injuries. The car was badly wrecked. The Press Club met in full session in room 201 on Monday, Feb. 12. There were several interesting discussions of the department of the modern daily newspaper. The club voted to accept the invitation to become a member of the Texas Intercollegiate Press Association. Frank Hill was elected to represent the club at Belton in April. Much interest is being shown in the club. It was decided to limit the membership to 25, and meet every Monday instead of every other Monday. Ed Day and Leo Keggans, former student of Canyon, are spending a few days in the mountains of Arizona. They are to go to California soon. Five out of the seven coaches that were present at the basketball tournament held at Canyon are former students of this institution. They are S. B. No more Rheumatism

Suffering has gone from your face, mother! S. S. S. is the Great Builder of Red Blood-Cells and Rheumatism Must Get Just Try It! "Rheumatism? Me? No, indeed, it's all gone, every bit of it! It's sunshine and joy for me now for the first time in years. I feel a wonderful glory again in the free motion I used to have when my days were younger. I look at my hands and think of the twists and swellings they used to have. I bend way over to the floor. I haven't been able to do that in many years. I can thank S. S. S. for it all! To me it was a rising sun of joy and liberty. Brothers and sisters in misery, do not close your eyes and think that health, free motion and strength are gone from you forever! It is not so. It is here and now for all of you. S. S. S. is waiting to help you." There is a reason why S. S. S. will help you. When you increase the number of your red-blood cells, the entire system undergoes a tremendous change. Everything depends on blood-strength. Blood which is minus sufficient red-cells leads to a long list of troubles. Rheumatism is one of them. S. S. S. is the great blood-cleanser, blood-builder, system strengthener, nerve invigorator. It stops skin eruptions, too, pimples, blackheads, acne, boils, eczema. It builds up run down, tired men and women, beautiful complexion, makes the flesh firmer. Start S. S. S. today. Built Like a Bridge The most gruelling jobs on the farm fall on the Field Cultivator. Whether it is used for pulverizing seed beds, for mulching the packed soil ahead of the drill, for loosening the dry summer-fallow, or as a weeder to slice the roots off under the ground. The McCormick-Deering Field Cultivator has ample reserve strength to "go on through" where others fail. But if the resistance of the soil becomes too great or immovable obstructions are met, the built-in "safety" features protect the parts from danger of breakage. Note its rugged, angle-steel frame, and the generous bracing that gives it extreme rigidity. Note the wheels with their long hubs, staggered oval spokes, and wide-faced channeled tires. Then study the gangs—it is here that strength is of prime importance. The materials and parts are arranged to secure maximum strength with minimum weight. Thompson Hardware Co.

Applications Being Made for Rooms at Hudspeth Hall

Several letters have already been received from students applying for rooms at the Mary E. Hudspeth Co-operative Home, and wanting to know how soon the Home will be built and ready for use.

With such eagerness as this among people at a distance, and with the enthusiastic and effective work of the students and ex-students in and around Canyon, the Co-operative Home is sure to materialize in the near future.

The Randall County Ex-Students' Association has shown its appreciation of the project by contributing this week four hundred and eighty-seven dollars to the building fund. The money is the proceeds of the home-talent minstrel which Mr. Brothers staged so successfully at the College last Wednesday evening.

Another worthy contribution to the building fund of the Hall was made this week by basketball teams of lady members of the faculty and of the Sesame Literary Society. The amount of the contribution was sixty well-earned dollars—gate receipts from a game played between the Sesame Society team and a team of faculty basketballers—possibly famous some years ago, but now quite out of practice. In mentioning this donation, however, we must give due credit to two other very important contributions that played a part, very helpful as well as hilariously funny. Between halves of the Faculty-Sesame game there was a most exciting game between the Ducks and the Storks of the College. The Ducks were composed of the very shortest, fattest students in school, and the Storks were made up of the very longest, slimmest ones.

Games like these do not presume to be contests of skill against skill; but they show truly the spirit of co-operation and interest necessary to put over a big idea; they get results in a financial way; they certainly afford genuine fun, and after all.

"A little nonsense now and then is relished"—by the best Ex-Students' Association.

Texas Woman Finds Health

Mrs. W. H. Strawn, of Dallas, Who Tells How to Have Perfect Health.

"There were times when I felt so bad and skinny, I was ashamed to go out and meet my friends," says Mrs. Strawn, popular resident of Dallas. "I weighed only 103 pounds. But now I am taking on weight and new life. Ironized Yeast did it. It is amazing what it has done for me. I now weigh 126 pounds. It means so much to me, because 127 pounds was my weight before I married. My husband says I am now more like the girl he married eight years ago, and my lost strength of six years standing is coming back."

No discovery in the field of medicine has aroused more comment than that of the principle embodied in Ironized Yeast for building firm flesh on thin, anemic people and restoring the strength and vigor of health. Ironized Yeast will calm your tired nerves and soothe your aching tissues; you will soon know the joy of a hearty appetite, good digestions, rosy cheeks, plump limbs and buoyant spirits. These are the things Ironized Yeast has given to thousands of others, and a guarantee to give to you. Get it today from your druggist. A ten-day treatment costs only a dollar. A. Heironymous and R. W. Taylor and the unknown heirs of H. A. Heironymous and R. W. Taylor and the legal representatives of each and all of said defendants, and the legal representatives of said unknown heirs whose residence is unknown to Plaintiff, J. D. Hamlin, Katherine Hamlin and James McDowell Defendants, and said petition alleging:

And for cause of action Plaintiff represents to the Court, that heretofore to-wit: On December the 11th, 1916 the defendant R. W. Taylor made, executed and delivered to Plaintiff one note in the sum of \$163.00 being note number five bearing date on the day and year aforesaid, due December the 11th, 1921, payable to the order of

Plaintiff at Canyon, Texas, and bearing interest at the rate of six per cent per annum from date until paid, and the description of the land which this note covers is described as: 80 acres of land and being the West Half of the Southwest 1/4 of Section 34, Township No. 9, South Range One East, Syndicate land in League No. 550 situated in Parmer County, Texas, and the said R. W. Taylor executed two other notes on the below described land situated in Parmer County, Texas, and being notes Numbers Four and five for the sum of \$489.00 each dated December the 11th, 1916, note Number Four due December the 11, 1920 and Note Number Five due December the 11th, 1921, and made payable to the order of Plaintiff at Canyon, Texas, and bearing interest at the rate of six per cent per annum from date until paid, and these notes were given on the following land situated in Parmer County, Texas:

Being lots Numbers 9, 10, 11, 14, 15, 16, containing 240 acres of land in section No. 33, Township 9 South Range One East, Syndicate lands in leagues Numbers 549 and 550 for a better description of said lands reference is hereby had to the deed records of Parmer County, Texas, and all of the above notes provide for ten per cent on the amount of principal and interest then due as attorney fees in case suit is brought on same or if placed in the hands of an attorney for collection, whereby defendants became liable and bound to pay, and promised to pay Plaintiff the sum of money in said notes specified together with all interest and attorney fees due thereon according to the tenor and effect thereof.

That whereas, R. W. Taylor sold to Mrs. Katherine Hamlin a certain interest in the above described land, and Mrs. Katherine Hamlin sold to H. A. Heironymous the East 1/2 of the S. W. 1/4 Sec. 33 and W. 1/2 of S. W. 1/4 Sec. 34 and Mrs. Hamlin and Heironymous assumed the notes made payable to the First National Bank of Canyon, Texas, and that by reason of the defendants assuming the notes to said Bank they became liable and bound to pay the same.

That in the deed from the First National Bank of Canyon, Texas, a lien was reserved thereon to secure the payment of said notes that each of said notes are due and unpaid, and defendants though often requested have failed and refused to pay these notes but they remain still due and unpaid.

Wherefore Plaintiff prays the Court that defendants be cited to appear and answer this petition, and that the said Bank have judgment, against R. W. Taylor, H. A. Heironymous, James McDowell, Katherine Hamlin for its debt, interest and attorney fees and costs of suit, and for a foreclosure of its lien against all of the defendants on the above described land and premises and the same be decreed to be sold according to law, that the Sheriff or other officer executing said order of sale shall place the purchaser of said property sold under said order of sale in possession thereof within thirty days after the day of sale, and for such other and further relief special and general in law and in equity, that it may be justly entitled to.

Herein fail not, and have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the Seal of said Court, at office in Canyon, Texas, this 20 day of January, 1923.

Tebben, their heirs and legal representatives, and the unknown heirs of Belle Wisdom, their heirs and legal representatives, by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 47th Judicial District; but if there be no newspaper published in said Judicial District, then in a newspaper published in the nearest District to said 47th Judicial District, to appear at the next regular term of the District Court of Randall County, to be held at the Court House thereof, in Canyon, Texas, on the 7th Monday after the second Monday in January, 1923, the same being the 26th day of February, A. D. 1923, then and there to answer a petition filed in said Court on the 24th day of January, A. D. 1923, in a suit, numbered on the docket of said Court as No. 962, wherein, R. I. Todd is Plaintiff, and The Texas Lumber and Construction Company, a partnership composed of J. S. Rice of Henderson County, Texas, Ed F. Mann of Lubbock County, Texas, W. H. Sanger of Dallas County, Texas, C. B. Lewis of Dallas County, Texas, W. W. Gordon of Ellis County, Texas; and J. S. Rice, Ed F. Mann, W. H. Sanger, C. B. Lewis, and W. W. Gordon, individually, and John W. Tebben, the unknown heirs, their heirs and legal representatives of John W. Tebben, and the unknown heirs, and their heirs and legal representatives of Belle Wisdom, deceased are defendants, and said petition alleging that plaintiff is in possession and owner of the fee simple title to the following described land in Randall County, Texas, to-wit:

First Tract: 240 acres out of Section No. Seventy-three (73) in Block K-14, located by virtue of Certificate No. 412, issued to Tyler Tap Ry. Co., and described as follows:

Beginning at a point in the West boundary line of said Section 475 varas North of the southwest corner of said Section No. 73;

Thence North with the West boundary line of said Section 712.5 varas to a point in the west boundary line of said Survey for the Northwest corner of this tract;

Thence East 1900 varas to a point in the East boundary line of said Survey to the N. E. corner of this tract;

Thence South with the East boundary line of said Survey 712.5 varas to a point in the said East boundary line for the S. E. corner of this tract.

Thence West 1900 varas to the place of beginning.

Second Tract: All of the East Half (E½) of the South half (S½) of section No. Seventy-three (73), in Block K-14. Certificate No. 412, issued to Tyler Tap Railroad Company and containing Eighty (80) acres of land, both of said tracts being the identical property mentioned in warranty deed from C. O. Keiser and wife to H. H. Sadler dated June-19, 1920, and recorded in Vol. 35, pages 8 and 9, Randall County Deed Records to which reference is made for further description:

Plaintiff sets out his chain of title to said land, and pleads the five and ten years statute of limitation and prays for title and possession and for removal of clouds from title, against defendants and each of them.

Herein fail not, and have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the Seal of said Court, at office in Canyon, Texas, this 24th day of January, 1923 (Seal) ETHEL WOODS, Clerk, District Court, Randall County, Texas. A true copy I certify. W. C. BLACK, Sheriff, Randall County, Texas.

CITATION BY PUBLICATION
THE STATE OF TEXAS.

To the Sheriff or any Constable of Randall County—Greeting:

You are hereby commanded to summon Mary E. Leavitt, Mose Leavitt, Esther Morgan, Walter Leavitt, and Dixie Louise Leavitt, and the unknown heirs of each, James M. Leavitt, deceased, and the unknown heirs of each, Walter Leavitt, Esther Morgan and Dixie Louise Leavitt, and the legal representatives of each, all of whom reside outside of the State of Texas and whose residence is unknown to a flant, by making publication of this Citation once each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, to appear at the next regular term of the District Court of Randall County, to be held at the Court House thereof, in Canyon, Texas, on the 4th Monday in February, A. D. 1923, the same being the 26th day of February, A. D. 1923, then and there to answer a petition filed in said Court on the 24th day of January, A. D. 1923, in a suit, numbered on the docket of said Court as No. 961, wherein The First State Bank of Canyon, Texas, a Corporation, with J. M. Black as its President is Plaintiff, and Jas. J. Leavitt, Mary E. Leavitt, Mose Leavitt, Esther Morgan, Walter Leavitt, Dixie Louise Leavitt and each of their heirs and legal representatives and the unknown heirs of James M. Leavitt, deceased, are out side of the State of Texas and unknown to affiant, are Defendants, and said petition alleging:

March 16th, 1922. The Defendant Jas. J. Leavitt and James M. Leavitt, executed and delivered to the Plaintiff for a valuable consideration a note for the sum of six-thousand dollars payable to order of Plaintiff, at First State Bank of Canyon, Texas, in Randall County, Texas, due on September 1st, 1922, bearing ten per cent interest per annum from maturity until paid, and further providing as follows: "And if default is made in the payment of this note at maturity and it is placed in the hands of an attorney for collection, or suit is brought on the same, then an additional amount of ten per cent, on the principal and interest of this note shall be added to the same as collection fees." and the Plaintiff says that said note was not paid at maturity, but wholly made default, and the same was after default placed in the hands of B. Frank Buie an attorney for collection and suit, and the principal, interest and attorney's fees are now due, owing and unpaid, to the Plaintiff's damages in the sum of the Principal, interest an attorney's fees called for in said note.

Second. That in order to secure the payment of said note, said Jas. J. Leavitt Defendant executed and delivered to Plaintiff, a chattel Mortgage lien on all of said personal property and order of sale of the same and if not enough to satisfy said judgment

"All the hogs I own consisting of not less than fourteen brood sows, one male hog and twenty five pigs, all red hogs, all the mules, horses, mares and colts that I own and consisting of not less than twenty five head. All the farm machinery I own and described as follows: One 12-20 Helder Gas Tractor, One J. I. Case T. M. Co., grain separator, with all the attachments size 20 inch. One 5 Disc engine plow, Emerson Make, One 8 foot tandem Disc Harrow, Emerson Make, One Wheat Drill, 12-hole Superior, One twelve foot push header McCormick Make, Two Deering row binders, One 8 foot broad cast binder, Acme make. One two row John Deere go-devil. One farm wagon size 3-1-1/2 inch, B. F. Avery and Sons make, with box complete. One Stover feed mill with bundle grinder, with power attachment. One ensilage cutter, One Ford Truck, with Pneumatic tires, in good repair. All the sheep I own and consisting of not less than eleven head, all located on my farm in Randall County, Texas. Also 220 head of high grade Hereford Cattle, branded L on right hip, subject so a prior debt of \$4925, with interest from May 1st, 1922. And Plaintiff says all this 220 head was sold by the Mortgagee Stockmans Cattle Loan Co., Kansas City Mo., and applied to the payment of said debt, except 45 head, which was left, and is subject to Plaintiff's mortgage and they are located in Randall County, Texas. That said Jas. J. Leavitt has no other property clear of indebtedness subject to execution known to Plaintiff, That at the time James M. Leavitt signed said note, he owned in Randall County, Texas, One and one half sections of land, described as follows:

Survey 199, Block, M-6, Original Grantee, Stone Kyle & Kyle, Certificate, 242, Abst. 517, Acres 640.

Survey 200, Block M-6, Original Grantee, Stone Kyle & Kyle, Certificate 242, Abst. 1261, Acres 320.

That James M. Leavitt died in Logan County, Illinois, since signing said note and was the owner of said land when he died, and the same passed to his heirs subject to his debts in Texas. And the said land is liable to the Plaintiff for the note herein sued upon, and the Plaintiff asks that an attachment issue attaching said land, that it may be brought under Jurisdiction of the court, and sold to satisfy the balance owing on the judgment in this cause after the sale of the said personal property and then applying the proceeds of said sale of the said personal property to the judgment of this court which may be rendered in this cause.

Plaintiff prays for personal judgment against the Defendant Jas. J. Leavitt for its debt principal interest Attorneys fees and for cost of suit and for a foreclosure of its chattel mortgage lien on all of said personal property and order of sale of the same and if not enough to satisfy said judgment

by applying the proceeds on the same, then that Plaintiff's attachment lien on said land be foreclosed and sold to satisfy the balance of said judgment or a sufficient amount of said land be sold to satisfy the said judgment.

Herein fail not, and have before said Court, at its aforesaid next regular term, this writ with your return thereon, showing how you have executed the same.

Given under my hand and the Seal of said Court, at office in Canyon, Texas, this the 24th day of January, A. D. 1923. (Seal) ETHEL WOODS, Clerk, District Court, Randall County, Texas. By R. C. Brown, Deputy. A true copy I certify. W. C. BLACK, Sheriff, Randall County, Texas. 434

OLD INFORMATION IS MISINFORMATION

The World changes. Old governments are passing; new governments, territories and parties are in the forming. The old-fashioned, bound, stitched and glued encyclopaedia served its purpose in a past generation. A new age demands a new Encyclopaedia—a reference work that can keep pace, step by step, with the New World.

Nelson's Loose-Leaf Encyclopaedia, with its patented loose-leaf binding device, is the only Encyclopaedia, that can discard the old and out-of-date and substitute the new and living in its place. IT IS THE ONLY PRACTICAL PLAN FOR RELIABLE INFORMATION.

NELSON'S PERPETUAL LOOSE-LEAF ENCYCLOPAEDIA

AND RESEARCH BUREAU FOR SPECIAL INFORMATION

A few of the many reasons why you should own Nelson's

- It covers the whole field of knowledge—over a million topics—from the dawn of civilization to September, 1922.
- It is accurate, concise, authoritative—with over 1,000 contributors, each a specialist in the subject assigned to him.
- It is fully and beautifully illustrated—over 7,000 illustrations, colored plates and maps, photographs, reproductions of famous paintings and line drawings.
- Its Editorial and Advisory Boards include the finest minds of the world—men at the very head of the various fields which they represent.
- It is always new—kept constantly down-to-date by the issue, every six months, of 250 or more new pages, old out-of-date facts and figures being eliminated and new ones supplied to take their place.
- It is supplemented by a Research Service Bureau which will supply, free of cost, any additional material which you may desire.
- It is an authority, used by government departments, libraries, schools, and educational institutions, throughout the country.
- It is, like history itself, by means of the patented loose-leaf binding device, continually in the making—always complete, but never completed.
- It saves you the expense of buying a new Encyclopaedia every five or six years. It is a complete Reference Library and equal to a College Education.
- It is American, made in America, for Americans. Librarians everywhere, when asked where to find the latest and most accurate information, answer

It's always new LOOK IT UP IN NELSON'S—Cannot grow old

GERMAN RADIO MAKES RECORD

Flashes 12,000,000 Words to Foreign Lands in 1921.

U. S. LEADING ALL NATIONS

Oldest and Most Important Station in Germany is at Nauen—its Wireless Service is Carried on at Scheduled Periods With Plants in the United States, Russia, Spain, Italy and Rumania—Phone System to Be Extended.

Nearly 12,000,000 words flashed through the air between German wireless stations and foreign countries during 1921.

A total of 618,300 messages were handled, compared with 136,200 in 1919, and 315,500 in 1920. The word counts in these two preceding years were 4,820,800 and 7,750,500 respectively, as against 11,972,600 last year. Of the 1921 traffic 5,195,998 words were exchanged with United States stations in 315,665 radiograms. Spain ranked next in volume of communication with 90,128 messages of 1,406,107 words, and Italy was third with 82,049 of 1,512,133.

Germany's oldest important station is located at Nauen. Its traffic increased from 97,800 words in 1914, to 4,653,700 in 1918. During the three intervening war years a total of 5,183,300 words was transmitted and received at Nauen. A sister tower at Ellvesen, near Hanover, it is revealed, handled about 8,000 words daily in connection with Tuckerton, N. J., during the latter part of the war.

Station Heard 12,000 Miles.

The Nauen and Ellvesen stations operate regularly within a radius of 3,600 to 5,500 miles, although their messages have been known to be picked up as far away as New Zealand, 12,000 miles distant.

The wireless service at Nauen is carried on at scheduled periods with plants in the United States and with Moscow, Aranjuez (Spain), Rome, Bukarest and Oradeamare (Rumania).

This plant handles press dispatches for overseas, as well as the usual telegraphic commercial business, and issues regular announcements of the time of day. Ellvesen is supplementary to the Nauen station. It acts mainly as a receiving depot, but handles the outgoing messages of the European press.

In addition to these two "international" plants there is a wireless net spread over Germany comprising three chief stations, nine of intermediate caliber, nine of still smaller radius, and 75 which are capable of receiving only.

Of the three large stations Berlin handles the inland communication. Koeningwusterhausen takes care of such European business as does not go through Nauen or Ellvesen, and Norddeich serves shipping with weather reports, storm warnings and other news of interest to seamen.

According to the last figures available there are more than 400 radio sets operated on German mercantile ships. In 1914 there were 480, in 1920 only 78, and last year 304. The decrease from prewar days to 1920 is attributed to the large amount of shipping handed over to the entente under the Versailles peace treaty.

This decline was reflected also in the way Germany's coastal wireless stations dropped in number from 26 in 1914 to 13 in 1921. Last year this figure had mounted as high as 25.

Phones Give More Latitude.

It is believed that Germany's new wireless telephone system soon will be extended to ships at sea. When this is accomplished, it is pointed out, many small vessels, such as fishing smacks, will be able to keep in constant touch with the land. Less expensive material will be required for the telephonic connection, and it will not be necessary to employ the services of a skilled operator.

Wireless telephony has been adopted as the means of transmitting commercial news to 176 cities throughout the republic, and plans are under way to broadcast radio entertainments to specific localities.

PAID TO SEE OWN KIDDIES

Husband Collected To Every Two Weeks—He's Meid.

Adele Lockton of Philadelphia charged her husband, Allen Lockton of Norristown, Pa., with nonsupport.

At the hearing it developed that Lockton has been boarding the children in the country near there, that he has been collecting a toll of \$16 every two weeks from his wife for the privilege of seeing the children. Mrs. Lockton would come out from the city every fortnight, meet her husband, and then, and only then, would he permit her to see the children. He didn't contribute a cent toward the wife's support. He was held for court.

Raises Championship Bean.

The championship bean-raising laurels are claimed by Dr. W. H. Kerr of Tyler county, West Virginia, who exhibited at Sistersville a variety of bean 40 inches in length and weighing 4 1/2 pounds.

The variety is sliced and fried like green peas.

Something to Think About

By F. A. WALKER

YOUR TOMORROW

AS YOU go about your duties today, acquiring a larger knowledge of your obligations to others and a better understanding of your work, you are paving your way to a better tomorrow.

If you are careful, conscientious, even-tempered and loyal today, determined to make every stroke tell, you will not be lacking in these excellent qualities tomorrow.

By holding steadily to such a course, there will come to you gradually a new-born strength which will ease your burdens and inspire a new confidence in your ability.

Power is not given to ordinary mortals to go at one stride to the top! The summit of hope can be reached only by repeated steps, sometimes hard and painful, calling for patience and an extraordinary control of the heart, the hand and the tongue.

If you succeed in mastering yourself today, it is likely that tomorrow will be less imperious in its demands upon you, and yield a little in its inclination to get you in trouble.

Upon the other hand, if you are indifferent, careless and indisposed to make the best of opportunities today, tomorrow will hold these shortcomings against you, and begin at the breakfast table to make you unhappy.

It will follow you as you go to work, snapping at your heels like a surly dog. And when you confront your task you will feel the sweep of contrary cross-currents and inconstant squalls, ready at the first drop of an ugly word to make you thoroughly miserable.

It is too late now for regrets. You have lost a day and are slipping down hill, while the "still small voice" is calling in your ears to be steady, cautious and thoughtful of your future.

Thousands of light-headed, variable young men and women have missed their goal through their unconcern of tomorrow.

Instead of looking forward, sharpening their wits, keeping their vision unclouded, and giving each hour the best that is in them, they play fast and loose with today, and thereby misstep with the progressive and fall behind.

Though they rail against the Fates, which they feel will bring them the frown of tomorrow, they shun helpful faith and courage, forget their prayers and slip hopelessly down and down to the yawning abyss of despair, too weak to rise or turn their faces toward the still smiling countenance of Hope.

MEN YOU MAY MARRY

By ETHEL R. PEYSER

Has a Galoot Like This Proposed to You?

Symptoms: He's awfully smiling and affable. He hasn't a share in any oil company... but... no one has it on him for oiliness. Slippery! If you think you have him in one hand, he will slip through the other. When he goes anywhere, he can make bitter enemies think that he agrees with both sides... It doesn't matter how many miles of railroad stretches between the two opinions. His clothes look slick enough if you don't call out the Public Service Commission to investigate the dizzy, crag-like edges of collars and cuffs. He always has a small job and is continually oiling his friend's inclinations for a possible new one.
