

RANDALL COUNTY NEWS

VOLUME XXVII.

CANYON, RANDALL COUNTY, TEXAS, THURSDAY, MAY 3, 1923.

NUMBER 5

ONLY ELEVEN MEN AT LUNCHEON OF TUESDAY NOON

LEADERS WILL HAVE PROGRAM IN TWO WEEKS.

Harrison Stresses Need of Having Citizens at Austin When Appropriation for College is Up.

Where, Oh Where were the other fifty Canyon business men, who should have been attending the noon luncheon Tuesday?

Only eleven men showed up at the luncheon. That certainly does not mean that the people of Canyon, especially the business men of Canyon expect these eleven men to carry on the work in which each and every man in Canyon should be interested.

The program prepared for Tuesday was postponed until a week from next Tuesday, May 15 when it is expected that those who strayed from the fold Tuesday will be back.

J. M. Vetsch, president of the Commercial League, has urgently invited the women of Canyon to be at the next luncheon and hear the discussion of sanitation in Canyon. It is one of the biggest questions in the city.

Mayor C. N. Harrison was called upon and stated that during his trips to Austin this spring he had discovered that Canyon was neglecting a great opportunity in not sending citizens before the appropriations committee to urge appropriations for the College. He had come to the conclusion that Canyon had not been interested in the College's appropriations. It is a good effect upon the committee to have citizens of the town interested in the College's appropriations.

Nearly all of the state's schools have direct representatives in the legislature. The College here is an orphan, as we have no direct representative, and the citizens have taken no special interest. President Hill and members of the faculty go before the appropriations committees, but they cannot have the good effect as can citizens of the town, who are not connected with the College. Mr. Harrison believes that the budget of the College should be well known to the leading citizens of the town so that they might be able to answer questions relative to the school's needs and work in the interest of the appropriations. Men should be sent to Austin from the city to discuss the needs of the school with the members of the legislature.

Mr. Harrison stated that the city officials had discovered that the only way to get things from the state was to get on the trail and keep on it. He told how it had been necessary to work to get the state aid on the highway paving. While in Austin last week he appeared before the House committee and explained the needs of paving around the College in order to complete the paving program in Canyon.

J. D. Gamble was sent to Austin this week to appear before the Senate committee to urge this part of the paving. It would be a shame for Canyon to spend \$150,000 to paving, and then miss the worst part of the streets—those near the College campus—for the sum of \$15,000 that is needed to do this part of the paving around the state's property.

Mr. Gamble is now in Austin working in the interest of this paving and Mr. Harrison urges that his expenses be paid by the citizens of Canyon.

Dr. F. M. Wilson will be the leader on May 15, and his program will be the same as published last week.

Firemen and Soldiers to Play Baseball at Buffalo Park Monday

The Canyon Firemen and the members of Company F, Texas National Guard will play baseball at the Buffalo Park next Monday afternoon at 3:30 o'clock.

Both of these organizations have good teams, and a fast exhibition is expected.

NEW LUTHERAN PASTOR.

Rev. and Mrs. J. H. C. Steck arrived Monday from El Paso and are taking charge of the Lutheran church work from which Rev. O. P. Hinge recently resigned.

Rev. and Mrs. Steck have moved to the Lutheran parsonage east of the city.

Help Keep Canyon Clean!

Student Worker to be Given Local Church by Missionary Women

The women of the Northwest Texas Conference will place a young woman at Canyon to work among the Methodist students of the College. This decision was reached Friday at the meeting held in Snyder of the women of Missionary Auxiliaries of this conference.

The cause of the local church was presented to the meeting by Rev. M. M. Beavers, Mesdames R. McGee, J. M. Vetsch, W. J. Flesher and C. W. Warwick.

The Baptist church has had a young woman working among the students of the College for the past two years, and the result has been highly satisfactory.

A committee was appointed of Mrs. O. P. Clark of Plainview, Mrs. Tom Delaney of Memphis, Rev. Beavers, Mrs. B. A. Stafford and Mrs. C. W. Warwick to meet in Canyon next Thursday to outline the work of the woman to be employed for this position.

Tabernacle Will be Started Soon on the Baptist Camp Ground

Rev. B. F. Fronabarger, manager of the Baptist Camp Grounds, states that work will be started this week on a tabernacle 90x90 feet on the camp grounds twenty miles south-east of Canyon.

The tabernacle will be one of the largest in this section and will be conveniently arranged to care for the large annual assembly.

Last summer was the first meeting at the camp grounds and the attendance was highly satisfactory.

Rev. Fronabarger states that fully 5,000 will attend the assembly at the meeting this year.

The program for the encampment is to be completed within a few days.

JUDGED SCHOOL FAIR

Mr. T. A. Fritts, Mrs. T. V. Reeves, and Mr. B. F. Fronabarger Jr., all of the West Texas State Teachers College faculty served as judges for the County Fair held at River Roads school of Potter County last Saturday. Mr. Fritts was judge in the grain contests; Mrs. Reeves judged in the bird contests and Mr. Fronabarger served as a judge in original songs and yells.

According to the judges there was a great deal of interest manifested in this work. It was the first contest of its kind to be held in Potter County and proved so successful that it was voted to have such a meeting next year. This was a preliminary meeting for the All-Panhandle Fair to be held in Amarillo soon.

College Team Won Debate Friday From Oklahoma Teachers

The College debating team won a unanimous decision Friday night over the State Teachers College from Alva, Okla. The boys representing the College were Mitchell Jones and Jeff Smith.

The subject for discussion was Resolved that the United States should join the League of Nations in its present adopted form. The local boys had the negative of the question.

RAIN THURSDAY AFTERNOON.

Rain fell in Randall county Thursday afternoon from 2:30 to 4:30, the moisture amounting to .23 inch.

The weather turned fine and warm Friday and continued this way until a norther hit Tuesday morning which drove the temperature low for this time of the year. Fortunately there was no frost.

IN AUSTIN THIS WEEK.

President J. A. Hill was home from Austin Friday and Saturday, but returned Sunday evening in order to be before the senate finance committee this week when the College's appropriation bill comes up. Mr. Hill was accompanied to Austin by R. A. Terrell, Wallace R. Clark and J. D. Gamble. John Dalrymple will meet them in Austin to assist on the paving proposition around the College.

MARRIAGE LICENSE.

A license to marry to issued April 27th to W. A. Thornton and Miss Sarah E. Trozell.

BUFFALOES DIVIDE GAMES WITH THE CLARENDON TEAM

START ON BIG ROAD TRIP NEXT MONDAY AT ABILENE.

Bulldogs and Buffaloes Mix in Double Header Friday; Buffaloes Get Shut Out in Second Game.

The rain Thursday afternoon caused the Bulldog-Buffalo baseball game to be postponed, and a double header was staged Friday afternoon.

The visitors took the big end of the 4 to 2 score of the first game, due to untimely errors, just when errors meant a score. Whitacre pitched the first game, with Johnson receiving.

The Buffaloes had everything their own way in the second game, winning by a score of 5 to 0. Graves was on the Buffalo mound with Hill receiving. The Buffaloes played almost errorless ball in the second game and the results were highly satisfactory.

The baseball team will open on the road trip with Simmons at Abilene next Monday. These teams will play on Tuesday. The other games of the trip are:

May 9-10—John Tarlton at Stephenville; May 11-12, East Texas State Teachers College at Commerce; May 14-15, Trinity University at Waxahatchie; May 16-17, Austin College at Sherman.

PARENT TEACHERS MEETING

The Parent-Teachers Association held its regular meeting Saturday, April 28. An interesting program was given as follows:

Piano Solo—Martha Vetsch.
Piano Duet—Lucy and Marie Schmitz.

Paper by Mrs. M. S. Bishir on Recreation.

Mrs. Harvey Cash and Mrs. R. McGee were appointed as delegates to attend the Parent-Teacher Meeting that is being held in Amarillo this week.

Several interesting subjects were discussed. There will only be one more meeting of the association before vacation and all are urged to be present.

Lee Rountree Dropped Dead in House at Austin Yesterday P. M.

Hon. Lee Rountree drooped dead on the floor of the House of Representatives in Austin yesterday afternoon after making a speech on "Flowers for the Living," in recognition of a bouquet sent him by the old soldiers from his district.

Mr. Rountree was one of the outstanding members of the House. He was a member of the appropriations committee, and visited Canyon three weeks ago to look into the needs of the College. While the committee was in the city, our own representative, Lee Satterwhite, announced that Mr. Rountree would be a candidate for Lieutenant Governor next year.

Mr. Rountree has been editor of the daily Bryan Eagle for a number of years, and before that time was in the newspaper business at Georgetown. He was past president of the Texas Press Association, and also of the National Editorial Association.

Printing Started on the High School Annual by the News on Monday

Work has been started by the News on the first annual to be published by the students of the Canyon high school. The book will be completed and ready for distribution before the close of school on May 18.

The book will be printed on 120 pound book paper, with a gold stamped paper cover. It will have 72 pages of good material, largely composed of pictures of the school's everyday life.

Edward Gerald is manager of the publication, and has been working hard on the publication for several months.

TO AMARILLO SANITARIUM.

Mrs. C. E. Donnell and Mrs. J. B. Gamble were taken to the Amarillo Sanitarium Monday.

Mrs. Gamble had a minor operation Monday afternoon and is recovering nicely.

Mrs. Donnell will be under treatment for some time.

HARDWARE MEN WILL MEET IN 15th ANNUAL CONVENTION

C. I. THOMPSON

C. I. Thompson, secretary of the Panhandle Hardware and Implement Association, has just mailed the program of the 14th Annual Convention of this Association, which will be held in Amarillo, May 14-15th. The program is a 28-page booklet with cover and was printed by the News.

The Association is one of the strongest in the country, and due to the efforts of Mr. Thompson the attendance is very large each year.

FURNITURE FOR SCHOOL BOUGHT ON LAST FRIDAY

AUDITORIUM SEATED, DESKS FOR CLASS ROOMS.

Keen Competition Displayed Among Supply Men for Furnishing the New School Building.

The school trustees worked all Friday afternoon and late into Friday night examining samples of furniture and hearing the discussion from five bidders for the furniture for the new high school building.

Contracts were let as follows: C. A. Bryant & Company, Dallas, auditorium seats, class room desks, tablet arm chairs, library chairs, for the sum of \$5,069.90, installed.

Russell & Coekrell, Amarillo, office desks, office chairs, teachers desks, library tables and office safe, \$784.20, installed.

Thompson Hardware Company, Canyon, steel lockers for cloak rooms and teachers rooms, \$1137.95, installed.

The lighting fixtures and gymnasium equipment yet remain to be purchased and these will complete the contracts for the new high school building.

The trustees were highly pleased with the high class furniture offered and the prices at which the contracts were let.

Wm Younger Elected Head Tullia Schools for the Coming Year

Wm H. Younger was elected Superintendent of the Tullia public schools at a meeting of the trustees Saturday night.

Wm Younger is a Canyon boy, being the son of Mr. and Mrs. W. H. Younger. He graduated from the Canyon high school and from the College. He has been superintendent of the Farwell schools for the past three years and has proven to be one of the best school executives on the Plains. The Farwell schools under his management have made great progress.

The people of Canyon congratulate the Tullia people in the wise choice of their new superintendent and may expect great progress in their school under his management.

Buffalo Track Men to Georgetown for T. I. A. A. Meet on Friday

Coach S. D. Burton and seven men left last night for Georgetown, where the team will enter the T. I. A. A. track and field meet Friday.

Men making the trip were Gordon, Mitchell, Vaughn, Bivins, Fuller and Davis Hill.

This is the first time the Buffaloes have entered the T. I. A. A. track and field meet.

OKLAHOMA TEACHERS TOOK FIELD AND TRACK MEET SATURDAY; BUFFALOES SECOND, CLARENDON THIRD

The Southwestern Oklahoma Teachers College of Weatherford easily won the Intercollegiate Track and Field meet on the College field Saturday afternoon by a score of 71 1-6. The Buffaloes came second in the meet with 39 5-6 points, while Clarendon took the third place by a score of 39 points.

The A. & M. College of Goodwell, Okla., the Cadets from Roswell, N. M., and Wayland failed to show up for the meet.

In explaining the superior team from Weatherford, the president of the college stated that his college did not attempt baseball, but devoted all the spring to developing a strong track team. The team that came to Canyon had everything its own way, winning very nearly one-half of the points in the meet.

The victory of Weatherford gives this school the cup for one year. Clarendon lacked this meet of getting permanent possession of the cup.

The following were point winners in the events:

100 yard dash—Freeman (Okla.) Simmons (Okla.) Vaughn (Buffaloes) Martin (Bulldogs). Time 10 3-5.

Pole vault—G. Williams (Okla.) Fuller (Buffaloes) Mitchell (Buffaloes). Fourth place divided one-third each Pyrtle (Bulldogs) R. Williams (Okla.) Thompson (Buffaloes) Height 11 feet 5 inches.

Discus—Gordon (Buffaloes) Close (Bulldogs) R. Williams (Okla.) Smith (Bulldogs). Distance 109 feet 6 in.

16 pound shot—Smith (Bulldogs) Simmons (Okla.) Gordon (Buffaloes) R. Williams (Okla.) Distance 37 feet.

High hurdles—R. Williams (Okla.) Collins (Bulldogs) Close (Bulldogs) Hill (Buffaloes). Time 18 sec.

Half mile run—Collins (Bulldogs) Nelson (Okla.) Callaway (Bulldogs) Horton (Okla.) Time 2 min. 9 4-5 sec.

220 yard dash—Freeman (Okla.) Simmons (Okla.) Vaughn (Buffaloes) Martin (Bulldogs).

Broad jump—Simmons (Okla.) R. Williams (Okla.) Mitchell (Buffaloes) Pyrtle (Bulldogs) Distance 19 feet 11 inches.

440 yard dash—Collins (Bulldogs) Nelson (Okla.) Simmons (Okla.) Bivins (Buffaloes). Time 55 sec.

High jump—Hill (Buffaloes) second and third divided between Mitchell of Buffaloes and G. Williams of Okla. fourth place between Close and White of Buffaloes and R. Williams of Okla. Height 5 feet 9 inches.

220 yard hurdles—R. Williams (Okla.) Collins (Bulldogs) Gordon (Buffaloes) G. Williams (Okla.) Time 28 sec.

Javelin throw—R. Williams (Okla.) Gordon (Buffaloes) Younger (Buffaloes) Pyrtle (Bulldogs). Distance 143 feet 9 inches.

1 mile run—Callaway (Bulldogs) Horton (Okla.) Pinkerton (Buffaloes); Time 5 min. 8 3-5 sec.

1 mile relay—Freeman, G. Williams, Nelson, Simmons of Okla.; Mitchell, Fuller, Vaughn, Gordon of Buffaloes; Close, Collins, Stag, Lane of Buffaloes. Time 3 min. 44 sec.

The attendance at the meet was very small, but the crowd was very enthusiastic in watching the close score between the Buffaloes and the Bulldogs, the Dogs running ahead much of the time until near the end of the meet.

The home of Mrs. M. L. Steele was badly damaged by fire and water Tuesday at 12:30. The fire was caused by the fire in the kitchen stove exploding by the use of fine coal.

The house was badly damaged by the fire and water. The furniture was also considerably damaged. The loss will probably be covered by insurance.

HEARD—OWSLEY SPEAK.

A number of American Legion members went to Amarillo last night to hear Alvin M. Owsley, National Commander, speak at a banquet in his honor, and later at the new municipal auditorium.

COUNTRY WOMEN'S CLUB

The Country Women's Club met at the home of Mrs. J. J. Tuck. A delicious dinner was served and everyone present had a very nice time.

CITY NAMES CASH CLERK; SETS SPEED LIMIT AT 20 MILES

WARNING ISSUED AS TO USE OF THE CITY SEWER.

Harvey Cash Named City Clerk and Will Handle All of City's Finances, Collecting, Assessing

At the meeting of the City Commission Tuesday night Harvey Cash was elected city clerk. The charter of Canyon does not provide for a city manager, but the office of clerk corresponds with the office of manager.

Mr. Cash will have charge of all of the city's moneys. He will collect all water bills, assess and collect all taxes. Miss Pearl Jenkins was elected assistant clerk, and will keep the city minutes, draw warrants for expenditures of money and have charge of the city's correspondents.

The salaries for the new officials were set the same as last year under the old form of government: Mayor \$100 per year, commissioners \$75 per year.

The speed limit within the city boundaries was set at 20 miles per hour. This speed law will be enforced owing to so much fast driving since the paving was put in.

The city's septic tank south of the city was cleaned out during the past two weeks and a wonderful collection of clothing was found in the tank. Caps, hats, jumpers, underclothing, skirts, and various other things, that it is a marvel how some of them ever got through the sewer. The city had to go to the expense of cleaning out the tank on account of this collection of clothing which should have been burned. Warning is issued by the city commission against putting things in the sewer which can be burned.

Mayor Harrison wired J. D. Gamble who is now in Austin to see the Fire Commission regarding additional credits on the city's key rate owing to the completion of the paving in the business section and the installation of the new fire plugs on East Evelyn street.

Mr. Harrison states that plans for the new city hall will be completed soon.

Zita Getting Ready to Build New Two Room \$3,000 School House

The Zita school district voted bonds last year to build a new school building, but have now found that the money derived from the sale will not be sufficient to build as large a house as is needed.

The patrons of the school are contributing to the building fund in order to build the size house that will be needed to care for the school's needs.

STATE DIRECTOR VISITS CANYON

J. B. Rutland from the State Department of Education was in Canyon last week visiting the work at the College. Mr. Rutland and Mr. Phillips went to Tullia Saturday where they met the trustees from several rural schools and discussed placing agricultural work in the high school departments. It is understood that Happy, Red Hill, Valley Grove, Love and Tullia contemplates adding this work to their course of studies.

HAS RECORDS OF 75 FARMS

Prof. Frank R. Phillips spent Monday getting an agricultural census from farmers near Umbarger. The college has complete records now of about seventy-five Randall County farms. This material is to be used for the purpose of making the lessons more interesting and valuable to the students.

SOLD BARBER SHOP.

V. R. Gardner has sold the Normal Barber Shop to E. H. Porter of Quanah who has moved his family here and taken charge. Mr. Gardner intends to move back to Tullia, from which town he came last year.

STORK SPECIAL.

A daughter was born to Mr. and Mrs. G. W. Garrison April 24.

Foreign Advertising Representative THE AMERICAN PRESS ASSOCIATION

The legislature has been up in arms the past week over the charge of Hull Youngblood of San Antonio that the members were mediocre and "rabbit chasers and hill billies." If this charge is true, Texas had best not advertise it to the world, as the people of Texas are responsible.

If the charge is true, why cuss the legislature? The legislators are the servants of the people of Texas, having been elected to this office by a vote of the people of this state. If the charge is true, the guns should be reserved and the accusing finger of scorn be pointed to the people who have placed this type of men in the only law making body of our great state.

The legislature has sought many times to remedy our method of legislation by constitutional amendments, but the people have turned the amendments down. If the people want a higher type of legislator, the man may be drafted and sent to Austin; or still better the people can adopt provisions for paying an adequate salary for legislators and thereby interest better men. There is no doubt too many mediocre men are in the legislature; but on the whole, we believe that the people are too prone to cuss the legislature without understanding the great problems and difficulties of the state; furthermore we believe that a great part of the legislature is composed of honest men who are earnestly trying to serve the state, but are laboring under the difficulty of an inadequate and outgrown system which keeps the good men from really doing a great service for the state.

The legislature has considered more than twenty tax raising measures. All will probably fail. The massiveness of the number will overcome the good that any of the measures may possess. The state is bankrupt, so days in which to act. Bills are hurriedly drawn and hurriedly introduced, and hurriedly killed. The legislature does not have time to sift out the good from the bad. Texas needs fewer legislators who will be paid for 12 months services that they may go carefully into the needs of the state and carefully sift all evidence before passing tax measures or any other measures, rather than the bi-annual madhouse rush that the legislators are compelled to go through. The fault is not with our legislators—it is with the methods we force the legislators to pursue.

Hunt county asked the legislature to repeal the law creating the Tech College. Hunt county is one of the 50 counties which draws out about twice as much money as it pays into the state treasury. There is not a West Texas county in the tax dodging list. Every West Texas county pays in three or four times the amount of money it draws out. Hunt county is little concerned over the huge amount of money West Texas pays into the treasury, but she is fearful lest West Texas counties get a just proportion of taxes, or quiet paying its unjust part least Hunt county be compelled to come up with her part of the state's expenses.

Prices on manufactured goods are climbing. Prosperity is said to exist in the east. The west is trying to recover from two crop failures, and this increase in prices is not a good thing for our section. The big business men believe that increased prices will stimulate business, and are therefore boosting prices, without good cause. Increasing prices will stimulate business in normal times, but not in abnormal times, such as we are now having.

Since the arrest of the score of fake all promoters in Fort Worth two weeks ago, the government has issued warning against investment in oil stocks. That is like patching the roof after the rain storm has ruined the furniture.

Psychological tests designed to show whether it is possible for one individual to judge another in tact, intelligence and general character are being carried on at the University of Michigan.

So far not a brick has been laid toward the restoration of Smyrna. The great resort resembles San Francisco after its earthquake and fire.

Help Keep Canyon Clean!

Supt. Payne of the public schools has discovered that late hours, irregular habits and insufficient food very materially decrease school efficiency.

Late hours will interfere with any kind of work, yet there are scores of boys and girls around Canyon and around every other town who cannot believe it. There used to be a feeling among workmen that it mattered not what they did between quitting time and the hour of starting to work next morning, just so they reported on time. That fallacy has long ago been exploded. The kind of work any man or woman does, depends upon the way he spends the hours away from his usual job. The application is try to the school room, store, factory or office.

The state inspector very harshly criticised the country school buildings of Randall county while on his visit here two weeks ago. The country school houses generally in this county are in very bad shape, and steps should be taken to consolidate schools and build creditable buildings, as is being done in Hale, Floyd, Lubbock, and many other Plains counties. The county system of one big independent school district is the ideal way of handling our public schools. There are many Western counties under this system, and Randall county could greatly profit by adopting the system.

It has been discovered that the marathoning craze is nothing new—just a revival of a craze that swept the world back in the 14th century, and was described as "the dance of the death." Ever once in awhile the world thinks it gets hold of something new. It is usually a mistake, just a resurrection of something of the past, but perhaps in a little different form.

President Harding is said to be getting cold feet over his proposed world court proposition, even before it is thoroughly placed before the people. Unquestionably most of the republican leaders are opposed to the world court program. Harding is likely to have an easy and graceful way of backing down. He is not the kind of man to stand out against the will of his fellow party leaders.

The fight is on among more than thirty town for the location of the new Tech College. A lot of towns are going to be great disappointed, and will probably try to kick up a big fuss after the locating board names its choice. Folks would not be human if they did not kick about things as they happen.

Sugar is going up, and up. The war reduced the use of sugar very greatly. It may be that a buyers strike against unjust sugar prices will have a desired effect of bringing down the price.

Sparrows and chickens do not agree with gardening and flower beds. A beautiful town cannot be had with chickens and sparrows having right of way.

Henry Ford had a cash balance of \$200,000,000 last month. We had a cash balance of 20 cents, and owed 30 cents.

INTERMEDIATE B. Y. P. U. PROGRAM

- For Sunday, May 6: Subject, "Sisters in Service."
- Song—"Love Lifted Me."
- Prayer.
- Song—"I Am Resolved."
- Roll Call—Answer with verse from Bible.
- Minutes.
- Business.
- Lesson—
- (a) Henrietta Hall Shuck—Nell Brunton.
- (b) Mary Canfield Reid—Reeves Donnell.
- (c) Anne Burton Hartwell—Ora Anderson.
- (d) Mary T. Gambrell—Carl Wimberley.
- (e) Susan Taylor—Pauline Cobb.
- (f) Annie Armstrong—Boone McClure.
- Song—"Tis So Sweet to Trust in Jesus."
- Prayer.

A silver tag attached to the dorsal fin of a salmon before its release after the eggs have been removed is resorted to by the Fisheries Department of the Canadian Government to trace the life history of fish. A reward of \$1 is paid for the return of the tags, together with scales from side of fish and particulars regarding weight, length and place of capture.

Psychological tests designed to show whether it is possible for one individual to judge another in tact, intelligence and general character are being carried on at the University of Michigan.

So far not a brick has been laid toward the restoration of Smyrna. The great resort resembles San Francisco after its earthquake and fire.

FACT AND COMMENT

The cheapest salesman is a little extra value in the goods.

To the motorist a child on the highway is always a danger signal. When you see one ahead slow down at once; and if you are in doubt, stop.

The city man thinks himself better off than the farmer, and the farmer thinks the city man conceited. But on coming into a fortune, they both more—the farmer to the city, the city man to the country.

In France the controversy between the cities and the country over daylight saving has been settled by compromise. The government orders all clocks turned ahead one half hour to conform with Strasbourg instead of Greenwich time.

A special survey will undertake to sound the Deep River Reach of the Ottawa River in Canada. In several places in the space of twenty three miles five thousand feet of towboat line has failed to find bottom. Lake Superior, the deepest of the great inland seas, attains a depth of about a thousand feet.

Experiments in Chicago have had very promising results from using ethylene gas and oxygen as an anesthetic. Attention was first directed to ethylene when florists complained that carnations in a certain greenhouse "went to sleep." It was discovered that there was a leaky gas fixture and that the small quantity of ethylene in the illuminating gas had an anesthetic effect on the plants.

One way in which the British government promotes private business is by buying stock in it. The government, proceeding openly with its trading, asks Parliament for authority to make whatever purchases it thinks the public interests call for. Some of the investments have not been profitable, but such large earnings as have come from the Suez Canal and the Anglo-Persian Oil Company more than cover all the losses in other ventures.

Help Keep Canyon Clean!

MAKING BREAKFAST HAPPIER

—That's just one of our mission in life, and of course, we do it with all our soul.

—The fact that folks are usually hard to please at early morning breakfast time and yet they constantly laud us about the delicious bacon we furnish them shows that this breakfast bacon must be unusually good and appetizing.

—It is. Eat our fine bacon for breakfast and you will go out for the day fit to "bring home the bacon."

TODAY'S RECIPE
FRIED BREAKFAST BACON—Select the very best bacon and have it cut thin. Place it in a thick skillet and allow it to heat slowly. Turn constantly from side to side until crisp.

VETESK'S MARKET

County Singing Convention Will be held at College May 13th

Program of the Randall County Singing Convention which meets at the College Auditorium in Canyon the second Sunday in May.

- Opening Song by J. L. Lovvorn.
- Opening Prayer, B. F. Fyonabarger.
- Song by G. R. Stratton.
- Song by Jowell Class.
- Central Music Co. Quartet.
- Song by Norvell Raper.
- Vaughn Quartet.
- Song by Noel Gollehon.
- Song by Pres. S. J. Taylor.
- Castro County.
- Song by Sunnie Hill Class.
- Song by Lawrence Taylor.
- Quartet arranged by Prof. L. C. Prater.

- Song by Pres. John F. Taylor of the Plateau Convention.
- Song by Raimie O'Rear.
- Quartet arranged by Ollie Dixon of Castro County.
- Welcome address by President J. A. Hill.
- Song by Prof. Coleman Rice.
- Quartet arranged by J. B. Lunsford of Texico.
- Song by Pres. L. W. Stoniker of Hale County.
- Jowell Quartet.
- Song by Prof. Boyd Rice.
- Children's Song from Jowell Class.
- Song by S. M. Martin, Bovina.
- Quartet arranged by J. H. Dining of Briscoe County.
- Song by Prof. J. W. Dennis' class at Union Hill, Swisher County.
- Duet by Misses Dewey and Edith Gibson.

- Song by L. E. Rapier of Hale County.
- Song by Pleasantview Cless.
- Song by Prof. L. C. Prater.
- Song by Pres. John F. Taylor.
- Song by Prof. J. W. Dennis.
- Quartet arranged by T. Q. Dyers of Lubbock.
- Song by J. R. Gollehon.
- Quartet arranged by Morris Kimble.
- Song by Mrs. Henry Burtz.
- Central Quartet.
- Song by E. M. Barnett.
- Vaughn Quartet.
- Song by Prof. J. D. Welch.

There will be others who do not appear on this program, owing to the fact that the committee could not see all who will be present. Everybody come and bring a well-filled basket, and give the visitors a hearty welcome to our city. A large crowd is expected.

as many have said they were coming. The house will be called to order at 10:30 o'clock. Everybody is urged to take an active part in the singing.

Henry Ford says he has a plan to burn coal twice. That's a good idea, now that we are paying two prices for it.—Nashville Southern Lumberman.

Polynomy is now prohibited in Turkey by law. Evidently some divorce lawyers have been elected to the Legislature down there.—New York Tribune.

As proof of progress, we submit that modern youth would be bored stiff by the dime novel that was considered a menace to youth of yesteryear.—Associated Editors.

CORNER STONE CEREMONY NEW HIGH SCHOOL WILL BE HELD FRIDAY AFTERNOON ON MAY 11 AT TWO O'CLOCK

The ceremony for the corner stone laying of the new high school building will be held on Friday afternoon, May 11th at two o'clock.

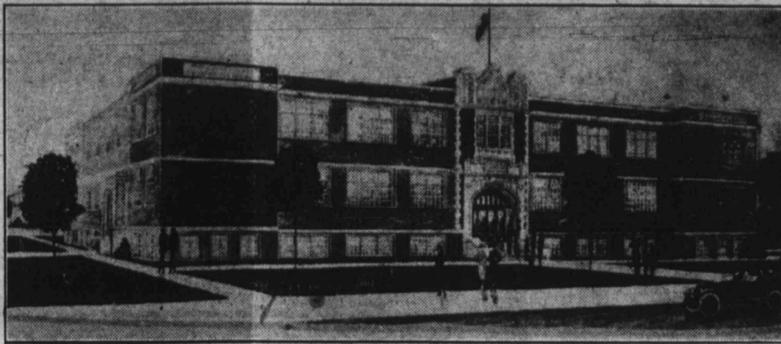

The Masonic lodge will have charge of the ceremony. The Grand Master of Texas has issued dispensation for this ceremony and will appoint his representative during this week. Deputy Earl Cayton of Claude will attend the ceremony and assist Master A. J. Arnold of the local lodge in the ceremony. W. J. Flesher will give

the special lecture of the Masonic order that the Masons use in school corner stone laying.

Dr. R. Thomsen of Amarillo has been invited to speak upon this occasion.

The school trustees have appointed G. G. Foster, president of the board to have charge of the meeting. The program is being arranged by R. P. Jarrett and C. W. Warwick. J. A. Guthrie is arranging the grounds at the building for the ceremony.

CANYON'S \$100,000 HIGH SCHOOL BUILDING

Corner Stone Laying ceremony will be held May 11. Building will be completed about middle of August.

Calves Will Play Lockney High on Friday and Saturday

The Normal High School Calves will journey to Lockney Friday for a two game series with the high school lads of that city Friday and Saturday afternoons. There has not been so much practice in the Calf camp during the last two weeks due to the weather conditions and the ball games and track meets, but the men have settled down to earnest training for the games with the South Plains boys and everyone will be in good condition.

There is expected to be a considerable change in the Calf lineup for the series. The catching position which has been a big problem all season will have to be filled by a good man. McDaniel, a new man, is showing up well in practice and might possibly be used. McCormick, who has been working at first, might possibly be shifted to the receiving end. Should this happen, Ramsey and Lewis will alternate on the mound, and at the initial sack, Reed, who has been catching this season will be shifted to his old place in the outfield.

Reports from Lockney show that they have a very strong combination and a stiff battle is expected. However the local lads will do everything in their power to carry away the large end of the score in these games.

Yearlings Will Play Hereford High at Buffalo Park Friday

Coach Lockhart's West Texas State Teachers College Yearlings are training hard for the clash Friday with the strong Hereford High School aggregation at Buffalo Park. The Yearlings are in good shape and have been going good in practice games. Boatright is showing excellent form on the mound and is expected to hold the visitors to a low score.

The Hereford team is considered to be one of the strongest high school combinations in this section of the state. They held the strong Amarillo Sandstorm team to a closer score than any other team that has yet met them. Reports show that Hereford has a pitcher rated second to none in high school circles. The game is expected to be largely a pitchers duel and local fans are promised a real treat.

Three thousand miles over snow and ice is the remarkable mushing record with a dog team made by a corporal of the Royal Canadian Mounted Police, stationed at Rampart House, on Porcupine River in the Arctic. During the winter of 1922-23 he has made three round trips between Rampart and Fort Yukon, each totaling 500 miles, one trip to Lapierre House, and several to Old Crow, and now he is traveling across the Arctic Divide, en route to Herschel Island, where he will spend the summer.

When your breath is bad, appetite poor, and you feel "blue" and discouraged, you need Herbine. One or two doses will set you right. It is a great system purifier. Price, 60c. Sold by City Pharmacy. 5t5

All of Public School Teachers Accept Positions Coming Year

Superintendent A. D. Payne has reported to the school trustees the acceptance of all teachers of the public schools for the coming year.

This is one of the exceptional years in the school's history to have every teacher accept their re-election. Miss Amy Daniel and Miss Dessie Mae Steele are the only ones of this year's faculty who are leaving the faculty.

Mr. Payne is highly pleased that the faculty is to continue for the coming year with so few changes.

Canyon School Winners Left for Austin for the State Meet

J. D. Gamble Jr. and B. F. Turner, winners in the district Interscholastic meet, left yesterday morning, accompanied by Principal Jim Webb to enter the state finals of the League to be held in Austin Friday and Saturday.

J. D. Gamble was winner of the senior boys' declamation and B. F. Turner was winner of the mile run.

Mr. Webb has been coaching both of boys for the state meet.

W. D. Cox Elected to High School Faculty Manual Training

W. D. Cox has been elected teacher of manual training in the Canyon high school for the coming year.

Mr. Cox is a graduate of the College, being a member of last year's class. He is head of the Lipscomb schools this year. He has had eight years' teaching experience, and was one of the best students who has ever attended the College.

Odd occupations are followed by students at various universities to pay their way, through school. Among them are tuning pianos, watching children while parents are absent, selling salad dressing, house painting, grave digging and dance hall bouncer.

"HURRY, HURRY, HURRY" WILL BE GIVEN BY HIGH SCHOOL GRADUATING CLASS ON NIGHT OF MAY SIXTEENTH

This is the title of the sprightly and entertaining comedy which will be presented by the Senior Class of Canyon High School May 16, at the Normal Auditorium.

The play is a dandy with two strong comedy parts and an interesting story running throughout the play. The story is based on the will of an eccentric aunt which stipulates that her pretty niece, Floy Hooker, is to receive her millions provided she is affianced before she is twenty-one. Floy's father does not tell her about the will so she may marry for love, untrammelled by any other consideration.

With her father facing bankruptcy, Floy learns of the will four hours before she becomes twenty-one. Of course it is *Hurry! Hurry! Hurry!* with many a laugh furnished by the fat, bashful and awkward Ted Stone and the dapper little bachelor, Alosius Bartholemew, whose ideas of marriage are sadly crippled.

The action moves with a snap that you will like and the story ends beautifully and successfully. You will like it.

Cast of Characters

Jack Crandall, a transplanted cowboy—Cecil Koust.

Mr. Hooker, the typical American business man—Milton Beavers.

Stephen Hooker, the peppy American school boy—John Burgan.

Ted Stone, a football hero—Donald Campbell.

Alosius Bartholemew, a college professor—Edward Gerald.

Floy Hooker, the young debutante whom its all about—Rena Belle Smith.

Letitia Brown, a languishing dilettante—Hilda Biggers.

Mrs. Hooker, the mother—Madeline Carson.

Rita, a pert housemaid—Anemae McClure.

Don't forget—College Auditorium, Wednesday, May 16.

THE NEED FOR PRAISE

A craving for praise is characteristic of most young people. But they do not care to be flattered; they like to have praise when they feel they have earned it. Undeserved commendation gives them little satisfaction and often prejudices them against the amiable but injudicious person who has conferred it.

The hope of winning praise is an important stimulus to them. And probably no one ever grows quite indifferent to praise, or disposed to undervalue it, even though the desire to receive it may become less powerful as a motive with advancing years.

"Our praises are our wages," said Hermione in the *Winter's Tale*. It would make life brighter for many people if that fact were more generally understood than it is. The ordinary person feels that when he pays to have anything done he pays to have it well done, and that he is receiving nothing more than he paid for. The approval is the only appreciation that he permits himself to offer.

"I come to you because you're so pleasant," a lady said to a salesgirl in a department store; and the salesgirl

was more pleasant than ever to everyone that day.

Perhaps one of the reasons for the industrial discontent that prevails everywhere is that in the complicated organization of labor and capital there are now no pleasant homely relations between employer and employee—no relations in which there is any opportunity to add praises to the money wages. The wages in money, over which dissatisfaction is so often and so disagreeably expressed, might sometimes seem not so unacceptable if they were accompanied with some personal and sincere expression of praise.

A stimulant to the young, a lubricant to the middle aged and elderly, praise helps the world along. Give it when you honestly can—and only then.

In view of the amount of it he has been getting for nothing, W. H. Anderson must feel rather sore when he thinks of the \$24,000 he spent for publicity.—*Life* (New York).

White's Cream Vermifuge is certain destruction to intestinal worms. It is harmless to children or adults. Price, 35c. Sold by City Pharmacy. 5t5

Rain-making is a futile undertaking, according to the United States Department of Agriculture. It is true that in the laboratory a small amount of moisture can be precipitated by the use of special equipment. However, to produce one inch of rain over one acre, approximately 113 tons of moisture would have to be drawn up into the air and then precipitated. The cloud that spreads over the house-tops represents billions of horse-power; and even if some artificial means were found to cause rain, only a small amount of precipitation could result. The various schemes to make rain and control atmospheric conditions are useless, according to the Weather Bureau.

Help Keep Canyon Clean!

Before Baby Comes--

EXPECTANT mothers do not undergo useless suffering any longer, and baby's birth can be made gloriously easier. Mrs. Wm. Flack, 115 N. 12th St., Leavenworth, Kansas, says: "Mother's Friend" is the best help in the world for an expectant mother. I am the mother of three children and have found "Mother's Friend" fine. "Mother's Friend" is externally applied about the abdomen, back and hips. It penetrates wonderfully, and in this way allows the muscles and ligaments to relax easily and readjust themselves to the changes during expectancy and at child-birth. Use "Mother's Friend" as our mothers and grandmothers did. Don't wait, start today, and meanwhile write to Bradford Regulator Co., Bk-45, Atlanta, Ga., for free booklet containing valuable information every expectant mother should have. "Mother's Friend" contains no narcotics or harmful drugs. It is safe. There is no substitute. Avoid useless greases and plain oils. Start using "Mother's Friend" now—the sooner the better. "Mother's Friend" is sold at drug stores—everywhere.

UPON THE TIRES

depends the serviceability of an auto. Their degree of resiliency, puncture free and non-skidding quality is what gives the pleasure of autoing and upon their durability depends much of the expense of upkeep. We shall be glad to demonstrate that our tires give the maximum service in every way.

Visitor: Now that your sentence is about to expire, have you any plans for the future?

Prisoner: Yeah, I got de plans of four banks, five homes, and a joolry store.—Humbug.

AN EXCELLENT MOVE

"Shay, offisher, whersh corner?"

"You're standing on it."

"Shay, lishen offisher, if I jump up will you pull darn shing out from under me? It hursh my feet."—Dirge.

What would you do if you were driving along a lonely road with a beautiful blonde and she said, "How wasteful and gasoline 30 cents a gallon." Well, I did the same thing.—Burr.

Old King Tut
Was a jollified Nut
Till Egypt voted dry.
Then he hired a room
In a stylish toom
And started in to mummify.

He was satisfied
With the way he dried
For a million years or more
Till the British Museum
Broke into his dream
With an axe on his front door.

They hired a man
With a moving van
And never said "Axcuze!"
They was kind of curt
When they took his shirt
& his throne & his pants & his shoes.

They took his chair
And his kitchenware
& the whole of his bedroom set.
It was all so quaint!
But yet it aint
What I call Etiquet.

—Wallace Irwin, in Dallas News.

An optimist is a fellow who makes lemonade out of the lemons people hand him.—The Battalion.

The first city in Australia to pass the million mark in population is Sydney, New South Wales.

The Doctor Was Right

When the good old family doctor was asked about baking powders, he said:

"Use Royal. It is made from Cream of Tartar and is absolutely pure. You could dissolve a couple of teaspoons of Royal in water and drink it with benefit. That's a health test mighty few baking powders can meet."

The doctor was right.

ROYAL Baking Powder

Made from Cream of Tartar derived from grapes

Complete Abstract of all Randall County Lands

Wayside Items

Sunday School was well attended Sunday, but still lots of people in the community that ought to be in Sunday School. So lets all invite some one else and be on time next Sunday with a well studied lesson.

The many friends of Rev. Fred Wilson will be grieved to hear the sad news of the death of his wife at East Vaught, N. M., April 3. She had been in bad health for several months. He will be remembered as our Methodist pastor last year.

Miss Lillie Thomas of Coppell is visiting her aunt, Mrs. L. J. McGehee and other relatives. Miss Thomas is a trained nurse and has been working at Abilene for some time.

Word was received from Mr. Nor Shelton last week. His health is not improving and he is still with his sister, Mrs. Brotherton near Lockney.

W. I. Lane made a business trip to Amarillo last week.

M. C. Sluder and his mother, accompanied by Mrs. Bessie Lane and Mrs. Will Franklin and her children visited with mother McGehee in Canyon last Monday.

Mr. and Mrs. Will Holland made a trip to Plainview Monday.

The baseball game Saturday evening by the Fairview and Wayside boys was well attended. Fairview won. We don't know the number of scores made.

John McGehee made a business trip to Canyon Monday.

J. T. McGehee Jr., and Carl Wesley took two loads of grain to Canyon Monday.

Bill and Agnes Stocket of Canyon are at the parental John McGehee home for a few days.

ATTENDED REXALL MEETING
N. E. McIntire returned Saturday from the Rexall convention held in Dallas. He reports a very fine trip, but that crops are late down in the state. It seems that has been as late a spring there as here.

EPWORTH LEAGUE ANNIVERSARY
The Epworth League will have the evening hour at the Methodist church next Sunday. An interesting program will be given. Everybody invited. A general good time will be had.
Worship with us.

M. M. BEAVERS.

ALL SAINTS' EPISCOPAL CHURCH
Rev. E. H. J. Andrews, Rector.
No services next Sunday night. Services the following Sunday (May 13) at 11:30 a. m. and 8:00 p. m.

WILL REPRESENT STATE MAINE.
Mrs. Alice Angel has received appointment from the Grand Chapter Eastern Star of Maine to represent that state in all Grand Chapter meetings in the state of Texas until March 1925.

R. L. LESTER
ATTORNEY AT LAW
CANYON, TEXAS

DO YOU WANT TO HELP BUILD A NEW CHURCH?

Your Subscription to the Randall County News Will Greatly Help

The women of the Missionary Auxiliary of the Methodist Church have pledged \$2,000.00 to the new Church Building. They are raising money to pay this good subscription.

The News has offered them a commission upon all subscriptions collected for this worthy enterprise as follows:

- One year's subscription, \$1.50, commission of 35 cents
- Two years subscription, \$3.00, commission of 75 cents
- Three years subscription, \$4.50, commission of \$1.25

By paying your subscription two or three years in advance, you will assist the women very greatly with their pledge to the new church building.

Hand your check to any of the women of the Auxiliary this week, and help push the campaign along.

Credit will be given from the date of expiration of your paper if you are now a subscriber to the News.

Adagio Cantabile } Beethoven
(from the Septet Op. 20)

A Rochester, New York, physician says that the natural position of the arms is downward and to hold both, or even one arm, above one's head is very injurious to both the arms and the heart. He deprecates strap-hanging in street cars and warns those whose hearts are in a precarious condition to avoid strap-hanging whenever possible by waiting for the next car instead of crowding into one filled beyond its seating capacity. Those who are weakened by strap-hanging should lie down immediately upon arriving home, and in doing so lie either on the back, or face down, or on the right side.

To promote higher standards in industry the Chinese Chamber of Commerce in Shanghai recently approved a set of regulations in which the following are included: There shall be no employment of children under 12 years of age; one day's rest in every seven; sanitary conditions improved; safety devices installed for machinery.

Armed guards patrolled the United Brethren Cemetery in Concha City, Oklahoma, to prevent oil men from desecrating the burial spot of 250 pioneers. The little churchyard stands like an oasis in the midst of a desert of oil derricks in one of the greatest petroleum-producing areas in Oklahoma. Oil men who came to inspect the graveyard were thrown bodily from the premises by the irate relatives who patrol the graves.

One hundred and ninety million cubic feet of gas roars into the air daily from the oil wells of Long Beach, California. Fifty million cubic feet is being wasted daily at Santa Fe Springs oil field, and 15,000,000 cubic feet at Huntington Beach.

Dr. S. R. Griffin left last week for San Antonio where he is now in a hospital.

The little island, Hatsushima, in the Japanese archipelago is a communist island. Private property does not exist there. All wealth belongs to the community and it is forbidden to buy or sell. The natives live by fishing and cutting timber. There are some 40 dwellings and it is not permitted to add to this number. When the number of residents becomes too large, the excess migrates. The people live in peace and amity.

A single seed or head of grain will reproduce its kind with marvelous rapidity. An example is the development of the Albion, or Iowa Number 103, oats from a single head, selected in 1906 to a crop produced on more than 1,500,000 acres in 1919. This Albion oat is a prolific white variety giving an increased production of more than 6,500,000 bushels a year.

The smallest republic in the world is San Marino, situated in the Apennines Mountains of Italy near Rimini. It also claims to be the oldest state in Europe. It is 38 square miles in area and has a population of 12,027. It is not the smallest country in Europe, as the principality of Monaco is only eight square miles in area.

An interesting relic of the Middle Ages is the palace of Philip the Fair, of which the main floor is yet standing. It is located in Paris, France, and was built in 1320. It contains three halls: the Hall of the Kitchens, the Hall of St. Louis, and the Hall of the Guards. Only to the last one are visitors admitted.

The clock of Christ Church College, in Oxford, England, strikes every night 101 times, in commemoration of the 101 students who were following the lesson when the college was opened.

Hisses have been banned in the theaters of Rome, Italy.

We do not advertise that we do this or that. We do not advertise that we have the best store in town. But we are proud of our volume of business—The peoples' expression of the way our store serves this community.

ORTON'S

DEEDS FILED LAST WEEK IN COUNTY

The following deeds as furnished the News by the Randall County Abstract Company, have been recorded in the County Clerk's office:

Chas. Harter to J. M. Daugherty, lots 1 and 2, block 79, Canyon City. Consideration, \$1450.

C. W. D. Tanner to L. M. Todd, south half and northeast quarter section 5, block 6. Consideration, cancellation of notes.

W. A. Newlin to G. Alexander Shepherd, half interest in section 206, blk. 6. Consideration, cancellation of notes.

R. I. Todd to Seth Waddill, 320 acres of section 73, block K-14. Consideration, \$8,000.

John Does to A. F. Reeves, west half section 140, block 9. Consideration \$5,000.

C. L. Carson to C. L. and A. W. Buchanan, section 41, block B-5. Consideration, \$32,050.

THE STENOGRAPHER'S INNINGS

On a trial in a certain court in this state, when the witness on the stand was being subjected to a merciless cross examination, in answering one question the witness nodded. Whereupon the court stenographer, who was crowding the limit to get it all, and could not see the witness, at once demanded, "Answer that question," to which the witness replied: "I did answer it; I nodded my head." The stenographer without a moment's hesitation came right back with: "Well, I heard it rattle, but I could not tell whether it was up and down, or from side to side."—Law Times.

TEAM WORK

Your success depend upon you. Your happiness depends upon you. You have to shape your own future. You must do your own thinking. You must live with your own conscience.

You must make your own decisions. You must abide by your own acts. You alone can utilize your own hands.

You must stand on your own feet, physically, commercially, and metaphorically.

You must take your own steps. You must see through your own eyes. You must master your own difficulties.

You must solve your own problems. Your thoughts are of your own making.

Your character is your own handiwork.

You can be injured by no man's hand but your own.

You can be elevated and sustained only by yourself.

ALERT

The division was having maneuvers for the benefit of visitor's day and everything was being let loose at once. A pretty girl was eagerly watching the performance when a rifle volley crashed out. With a surprised scream she fell back into the arms of a young corporal who was standing just behind her.

"Oh, I beg your pardon," she gasped, blushing. "I was frightened by the rifles."

"Quite all right," replied the corporal. Then he added hopefully, "Let's go over and watch the heavy artillery for a while."

"Are you 'eard old Jim 'as stopped smoking?"

"No."

"Yes: You see, 'e's a little near-sighted, and the other day 'e emptied his pipe into a gun powder barrel."—Tit-Bits.

NOTICE OF ELECTION

Whereas, on the 25th day of April, 1923, the Board of Trustees of the Canyon City Independent School District passed and entered on its Minutes the following order, upon motion of A. N. Burgan, seconded by T. V. Slack, with all members voting in favor of the order, to-wit:

Order for School Election

"On this the 25th day of April, A. D. 1923, came on to be considered a petition in writing signed by C. N. Harrison and thirty other persons, asking that an election, as hereinafter ordered, be ordered by this Board, for the purpose hereinafter set forth:

"And it appearing to the satisfaction of the Board that said petition is signed by at least twenty taxpaying voters of this District and that the election petitioned for should be ordered:

"It is therefore ordered by the Board of Trustees of the Canyon City Independent School District that an

election be held at the Court House of Randall County, Texas, in the town of Canyon, in said Canyon City Independent School District on the second day of June, A. D. 1923, to determine whether the Board of Trustees of said District shall have the power to annually levy and collect a tax upon all of the taxable property in said District for the support and maintenance of the free public schools in said Canyon City Independent School District of and at the rate of not exceeding One Dollar on the One-Hundred Dollars Valuation of all taxable property in said District, provided that the rate of tax levied and collected both for the support and maintenance of the free public schools of said District and paying interest on and creating a sinking fund for the payment of the outstanding bonds of said District shall not exceed the sum of One Dollar on the One Hundred Dollars Valuation of all taxable property in said District, said tax, if voted, to be levied and collected for the year 1923, and annually thereafter unless discontinued as provided by law.

"S. V. Wirt is hereby appointed Judge of said election, and John Nickson, A. M. Smith and T. V. Reeves are appointed clerks of said election; and said election shall be held as nearly as may be possible in conformity with the general election laws of the State.

"None but property taxpayers who are qualified voters in said Canyon City Independent School District shall vote in said election.

"Those in favor of the levying of such tax shall have written or printed on their ballots "FOR MAINTENANCE TAX," and those against levying of such tax shall have written or printed on their ballots "AGAINST MAINTENANCE TAX."

"The President and Secretary of this Board shall cause notice of said election to be given in form and manner and for the time prescribed by law."

Therefore, notice is hereby given that said election as above ordered will be held as set out in said order of the said Board of Trustees. Given under our hands and the seal of said Canyon City Independent School District, at Canyon, Texas, this 25th day of April, A. D. 1923.

G. G. FOSTER,

President Board of Trustees, Canyon City Independent School District.

(Seal) C. W. WARWICK,

Secretary Board of Trustees, Canyon City Independent School District.

McCaskey and Miss Opal Covington motored to Dawn Sunday. Everyone is working hard planting row crops.

PROSPERITY OR INFLATION?

Prices are going up. If you build a house this spring, it will cost you more than it would have cost you two years ago. Cotton is up, wool is up, sugar is up—higher than need be; but the speculators who pushed up the price of sugar could have succeeded only in a rising market. Steel has risen sixteen dollars a ton. Rubber has doubled in price. Wheat, which sold for considerably less than a dollar in 1921, now costs a dollar and a half. Wages have begun to rise in the textile and steel industries, and labor unions are beginning to demand that they rise faster. Those who watch the markets closely say that the upward movement of prices during the last twenty months has been more rapid than it ever has been before in times of peace and of the gold standard. So far the advance has been chiefly in wholesale prices. Retail stocks were laid in when goods were cheaper, but as the year advances the effect of rising wholesale prices will show across the retail counter.

Rising prices mean a return to industrial and agricultural prosperity. The country seems to have adjusted itself to the economic situation. It is finding out the extraordinary possibilities of domestic consumption and learning how to get along without the great export trade to Europe that our business men expected after the war, but that the poverty of Europe has checked. Production is large; unemployment is rare; there is more likelihood of a shortage of capable labor than of an excess of it.

So far the situation is cheerful. The only cloud on the horizon is the tendency we can observe here and there to renew the march toward overspeculation and an inflation of prices. The banks report that savings accounts are

not increasing as they were, whereas loans of all kinds are in demand. All business men are looking for a steady mounting demand and preparing to meet it and make a profit from it. There is no reason to think that they will be disappointed, but, just as in 1920, it is possible to push matters too fast and too far. Prosperity will be more secure if it is not attained too suddenly. Now, before prices have gone too high, is a good time for business men to guard against overdoing a good thing. The deficiency of labor that everyone engaged in production seems to apprehend is sure to raise wages and therefore costs and prices during the summer. Over-extended bank loans will put them up still further. For a time the people, comparatively prosperous, will pay the higher prices, but in the end they will refuse, and our fever of prosperity will be followed by the shock of panic, as it was three years ago.

Inflation has not gone yet too far; if our business men are wise, it will not go too far. There is an abundance of prosperity for everyone if some do not try to seize too much of it and in too large handfuls.—Youth's Companion.

IT DEPENDS

"Do you think a man should take his wife into his confidence regarding his business affairs?" asked the man who had just been married.
"If he isn't making any money, yes," replied the experienced one, cautiously.

S.S.S. routs Eczema

Here's something about S.S.S. that you'll be glad to hear. We know there is one thing that stops eczema, and that is more red-blood-cells! S. S. S. builds them by the million! You can increase your red-blood-cells to the point where it is

S.S.S. cleans up skin eruptions through its power of cleaning the Blood. practically impossible for eczema to exist. We know that as blood-cells increase in number, blood impurities vanish! We also know that night follows day. Both are facts! But have you, eczema sufferers, ever actually taken advantage of this wonderful fact? Thousands just like you have never thought about it. Skin eruptions, eczema with all its fiery, skin-digging torture and its soul-tearing, unreachable itching, pimples, blackheads and boils, they all pack up and go, when the tide of blood-cells begins to roll in! Blood-cells are the fighting giants of nature! S. S. S. builds them by the million! It has been doing it since 1826! S. S. S. is one of the greatest blood-cell builders, blood-cleansers and body builders known to us mortals! When you put these facts together,—then to continue to have eczema and skin eruptions looks more like a sin than a disease. S. S. S. contains only vegetable medicinal ingredients. Because S. S. S. does build red-blood-cells, it routs eczema, builds firm flesh, fills out hollow cheeks, beautifies the complexion, builds you up when you are run-down. S. S. S. is sold at all good drug stores. The large size bottle is more economical.

KILL TOO MANY WHALES

Valuable Industry Overworked, Says British Expert.

Wages Legislation Against Further Hunting of Whales—Present Rate of Killing Will See Extinction in Another Decade.

London.—If the killing of whales continues at the present rate they will be exterminated before another decade, is the warning given by Sir Sidney F. Harmer, F. R. S., director of natural history department of the British museum. Recent investigation carried out in the whaling areas has revealed this alarming condition, he says.

The whaling industry has survived since the time of Alfred the Great, despite the fact that there has never been a year known when scores of boats did not leave the ports of England, France, Spain and Scandinavia to hunt the sea animals. Sir Sidney declared in a recent address in which he urged legislation against further hunting of whales.

The Greenland variety of the whale is already thought to be extinct, and the hunting of the last few years has been confined almost entirely to the southern seas.

The profits derived from the killing of these cetaceans are enormous, and they increase yearly as the retail price of the oil and bone increases. A full-sized whale has a ton of whale bone in its mouth, which alone is worth \$10,000. It also produces about 20 tons of oil, worth about \$100 a ton. In the season of 1915-16 the oil production from Antarctic whaling stations was 654,000 barrels, or about 94,000 tons.

During the war this oil was recognized as of vital importance in the manufacture of nitroglycerin. It is now used in the making of soap.

The principal whales caught today are a species of orcas, or fin whales, the blue whale and the sperm whale. The latter, the hunting of which is principally confined to Americans, not only gives sperm oil but often contains ambergris, which is sold at \$20 an ounce and used in the perfumery trade. The oil used for lubricating the wheels of watches comes from the dolphin and is the finest oil known.

HERE'S A HUMAN LANDLORD

Remembering Early Experience He Now Encourages Large Families to Occupy His Tenements.

Lewiston, Me.—If there is a saint's halo for landlords willing to admit large families into their tenements, J. O. Poliquin, fifty-two years old and the father of eleven children, deserves one.

"Young people just starting out in married life should be encouraged in every way," he declares. "I had my experience a quarter of a century ago, being turned out of a home because there were three small children.

"You see, if you want your city to grow you must encourage large families, for the more of these there are the more people, the more patronage for the stores, the more business of all kinds. But you can't encourage this as long as every landlord shuts up his heart and waves away the fathers and mothers with little ones.

"I have one house for newlyweds exclusively; four rooms, curtains and gas stove. They swamped me with applications and only sixteen couples could get under the roof. Later these graduate into larger apartments, where more children can be accommodated."

AIR SERVICE FOR HONDURAS

Government Encourages Ambitious Plans for Mail and Passenger Transportation.

Tegucigalpa, Honduras.—The capital cities of the republics of Central America soon will be linked together by airplane service for passengers and mails, if ambitious plans to this end, encouraged by the government of Honduras, are carried out successfully. An Italian aviator, Luis Stornasola, is now here with six Italian and three French planes. Headquarters are at Tegucigalpa.

BIRTH RATE IN FRANCE DROPS

73,000 Excess Over Deaths Last Year Falls to Only 9,000, Latest Records Show.

Paris.—Vital statistics for the first six months of this year show a decrease of 25,000 births and an increase of 39,000 deaths over the corresponding period in 1921.

The excess of births over deaths, which last year was 73,000, is only 9,000 this year. Births and deaths from January to July of this year numbered 396,000 and 387,000, respectively. In 1921 there were 412,000 births and 348,000 deaths.

Finds Her Lost Diamond in Chicken's Gizzard

Raymond, Wash.—In the gizzard of a chicken that she was preparing for dinner, Mrs. D. B. Rooney of Zeban found a diamond which was lost two months ago from the setting of a ring she wore.

CHURCH SKETCH HERE.

The sketch for the new Methodist church was received Saturday by Rev. M. M. Beavers from the church architect. The full blue prints of the building will be received within a short while.

CARD OF THANKS.

I desire to thank the Canyon Fire Department for the efficient services rendered Tuesday during the fire at my home; and the many kind friends and neighbors who assisted so greatly.

Evidently, France intends to keep her foot on Germany's neck until the Germans admit they are well heeled.—Norfolk Virginian-Pilot.

An attack of heartburn or indigestion calls for a dose of Herbine. It relieves the distress instantly and forces the fermented food into the bowels. You feel better at once. Price 60c. Sold by City Pharmacy. 515

TO MY FRIENDS AND PATRONS OF THE MUSICAL PUBLIC

How are you? I hope to meet you real soon. Do not let any one make you believe I am not coming for I surely will come to Canyon in July to see to your pianos. It will not be necessary to write each of you individually as the paper will sure reach all of you. I appreciate your patronage, and will try to please you as in the past.

C. DAUGHTRY.

NOTICE OF SALE UNDER CHATTEL MORTGAGE

Whereas, on Oct. 20, 1922, R. P. Bommer executed and delivered to The Oklahoma Cattle Loan Company a chattel mortgage on the following described personal property, to-wit:

328 or more cattle, which shall include 140 or more 2 to 6 year old steers; 37 or more yearling heifers; 37 or more yearling steers; 65 or more 2 to 4 year old steers; 45 or more steer and heifer calves, and 4 or more bulls, in various brands including on left side which is the main or holding brand of mortgagor, to secure the payment of said Company the sum of \$21,632.88, due and payable April 27th, 1923, with interest from maturity until paid at the rate of 10 per cent per annum, which mortgage provides that if said indebtedness is not paid at maturity said Company, its agent, agents, or representatives may take possession of said cattle and sell same either at public or private sale, with or without notice, at any place convenient to it, its agents or representatives, the proceeds of sale to be applied to the expense of handling and selling said cattle and then to the payment of said indebtedness, the surplus if any, to be paid to mortgagor; and, Whereas, said indebtedness is past due and unpaid, and mortgagor has turned over said cattle to the undersigned to be sold under the terms of said mortgage.

Now, therefore, I, Jot Smith, agent and representative of said Company, mortgagee, will sell said cattle at public auction to the highest bidder on Wednesday, May 16th, at the pasture of Worth Jennings, about six miles southeast from Canyon, Randall County, Texas, where they are now located.

JOT SMITH.
