

COLLEGE TO OPEN FALL TERM WORK NEXT WEDNESDAY

FOURTEENTH YEAR OF THE COLLEGE TO START.

Prospects Good for Very Large Attendance in the College During the Year.

On Wednesday, September 26, the West Texas State Teachers College will again open its doors, probably to the largest student body which it has ever had during the long session.

Many improvements are being made about the buildings and grounds during the intermission, in order that all things may be in first class condition when the large student body arrives for work.

The friends of the College who are particularly interested in athletics will be much interested in the new building which is being erected on the southeast corner of the Athletic Field; this building is for the exclusive use of the athletes of the school; it contains shower baths, lockers, dressing rooms, and all accessories necessary to the comfort of the boys and visiting teams a modern drying room, which will be in charge of an expert will be one of the features of this building.

Cousins Hall, one of the dormitories for girls is being thoroughly renovated; the walls are being re-decorated, the floors done over, the refrigerating and lighting plants put in first class order; the screens and window frames are being repainted to keep this beautiful building appearing as it deserves to. Huntleigh Hall, another dormitory under the direction of the College authorities is being put in splendid condition for the opening; these two buildings will adequately care for nearly three hundred girls.

The dairy of the College is being added to constantly and it furnishes the milk used at Cousins Hall; this dairy is conducted under the direction of the department of the College, most of the work in connection with it being done by the students in the classes in Agriculture. However, in addition to these the dairy offers an opportunity for several young men to work their way through school; these places are always in demand.

The laboratory facilities of the West Texas State Teachers College are excellent, and during the intermission everything possible has been done to afford the students who come this fall to carry on their laboratory work with a minimum of wasted time and a maximum efficiency.

While so much has been done to make the College plant more usable, making the grounds more beautiful has not been neglected; the grounds were planned by well-known landscape gardener, and his plans are being carried out under the local direction of Professor F. P. Guenther, who is himself well known in the Panhandle for his knowledge and skill in gardening.

Pavement of brick, extending through the college grounds has added much to their beauty, and will add much to the comfort of motorists who visit this place during rainy weather.

Altogether the West Texas State Teachers College will begin work on September 26, better fitted to serve the people of Texas than ever before, and President J. A. Hill and his faculty are enthusiastic over the outlook for 1923-1924.

Recital Postponed This Week Twice by the Continued Fain Fall

The recital of Miss Agnes Thomas, scheduled to be given at the new high school auditorium last Friday night was postponed on account of the heavy rain falling at that time. The recital was slated again for Tuesday night when another rain caused its postponement.

The recital will be held tomorrow night at the auditorium at 8:00 o'clock. Miss Thomas is the new Expression teacher in the public schools. She will be assisted by Miss Ruth Knight and the Methodist Church Orchestra, directed by Miss Viola Vetesk.

Funeral Service of Samuel Ash to be Held at 2:30 Today

The funeral of Samuel Ash will be held at the Methodist Church this afternoon at 2:30 o'clock, conducted by Rev. B. F. Fronbarger.

Mr. Ash, the father of William Ash of this city, died in Beaver, Oklahoma, Sunday, at the age of 87 years, 9 months, and 23 days. He was a resident of this city from 1915 until 1921, when he moved to Beaver, Oklahoma to make his home with his daughter, Mrs. Slate.

Mr. Ash was born at Tippicanoe, Indiana on November 23, 1835. He was married at Washington, Iowa to Miss Mary E. Trowbridge, on April 2, 1870. To this union, six sons and three daughters were born. The father is survived by four sons and two daughters. All of the children, with the exception of Joseph L. Ash, are present at the services today.

His wife preceded him to the Great Beyond, on March 9, 1919, and her remains are at rest in Dreamland Cemetery. Samuel Ash moved to Canyon in 1915, and resided here until the death of his wife, since which time he has made his home with his daughters.

Samuel Ash was united with the Congregational Church, Kiowa, Kansas in 1894. He was a man of exceptional personality, actually living his religion by putting service above self.

Lot Bought to be Used for New Location of the Christian Church

Members of the local Christian church have bought the 60 foot front east of the I. O. F. lodge hall and the lot will be offered to the church as a building site when the congregation gets ready for a new church building. No movement is contemplated at this time to erect a new church building.

HARDESTY-DAY

Wednesday evening at the home of the bride's parents in Abernathy Mr. Frank R. Day and Miss Anna May Hardesty were married, leaving immediately for a honeymoon trip into Colorado by automobile.

Miss Hardesty taught in the Plainview public schools for two years and has lived in Hale county for a number of years. She has made many friends here.

Mr. Day is county attorney of Hale county. He was reared in the county and attended the University of Texas from which school he took his degree in law and while yet in school entered the race for county attorney of this county, and has made an enviable record in this office.

They will be at home in Plainview within a few days, according to intimate friends.—Plainview Herald.

Mr. Day will be remembered by many in Canyon as having attended the College here, and has visited many times here since.

CALLED BY FATHER'S DEATH

A telegram was received Tuesday morning stating the death of the father of F. E. Savage at his home near Dallas. The members of the Savage family were on their way to visit at the parental home at the time.

CANYON EAGLES TO FACE HEREFORD TOMORROW

COACH WEBB HAD FAST TEAM THIS YEAR.

Hard Work During the Week to Take On Husky Crew From Hereford High School

When the shrill clarion call of Coach Webb's whistle sounded at Canyon High's football gridiron some two weeks ago, the mightiest host of togged and helmeted men that ever represented our school, flocked to his side. Since this husky host of 30 or 40 warriors first assembled, the dull thud of pigskin and the rumble of fleeing spikes have continuously filled the air in the home camp. The camp of our foes might well tremble when they view the formidable array of that stonewall line and plunging, smashing backfield. Never has the prospect for an all victorious football season for Canyon High been as bright as it is at the present time. All these stalwart braves of the purple and white are working with every effort to bring glory to our school and town. Well might the town and business men be proud of these loyal sons of Canyon. They should be proud of them and show their appreciation by supporting them to the limit. Support, loyalty, and helping, begins at home, and if you don't stand behind your own town boys, who will?

Business men, you should not rest until you have seen that your boys are well equipped and cared for. For who can fight with a punch that wins when they know that their own home people are not supporting them. The business men of Canyon have not supported our High School boys as they should and we are expecting them to stand behind them and help win games. What you have done is more than appreciated, what you may do is equally so.

To show his appreciation of the business men's interest, Coach Webb has scheduled the first game of the season for Friday, Sept. 21, in order that the business men may see the game. All are cordially invited to the Buffalo Park where the game will be played. Men do not miss it, a treat is in store for you.

On Friday at 3:30 p. m. the referee will sound his whistle and the Canyon warriors will march out to uphold our prestige against the strong aggregation from Hereford. This team will come in fresh from a four weeks camp in the canyons where they have been working with the aim of beating Canyon. Hereford is well represented with the strongest team of her football career and sends in the warning that she is coming after Canyon's scalp.

Do you want our boys to win? Loyal Canyonites, what do you say? Be there and answer with all the pep you have for our victory.

School Busses Pulling Deep Mud, But Have Not Failed in Trips

Despite the continued rains this week the new school busses have made the trip morning and evening without mishap, and running on time.

G. W. Johnson, who has the contract to drive both trucks, states that neither truck has run into impassable roads, although one was stuck Tuesday morning when leaving his home.

The roads now as certainly as bad as they may ever be expected to be, with the exception of deep snow, and the tests of this week proves that the new trucks will go through the worse possible places.

HEAVY RAINS FALL ALMOST EACH DAY IN THE PANHANDLE

FIVE AND HALF INCHES OF RAIN FALLS.

Largest Wheat Acreage in His- tory of County Being Planned by the Farmers.

Rain has fallen almost every day during the past week, until every lake in the county is completely filled and the roads in many places are almost impassable. The rain falls have been uniformly slow and steady and the ground has had an opportunity to make use of all the moisture that it can take care of for the present at least.

Friday night a rain of two inches fell.

Saturday night there was one and three-fourths inches.

There was no rain in Canyon Sunday night, but the north and west parts of the county received heavy rains.

Tuesday morning a rain of .42 inch fell.

Tuesday night a rain of 1.33 inches fell.

The total for the week was five and one-half inches.

A month ago there was little talk of planting wheat among the farmers of the county. It had been dry for so long that there was little enthusiasm for planting wheat. It is all different now. Every farmer is planning on putting out some wheat as soon as the ground becomes dry enough.

There was considerable hail with the rain Tuesday night. It is reported that several fields of row crop and cotton east and southeast of the city were badly damaged by the hail.

The wet weather is said to have started much of the cotton to growing, and that this may cause a good proportion of the crop to be caught by the frost, should frost come early this fall.

All Grades in the Training School Are Reported to be Full

The training school in the College opened yesterday morning. Superintendent M. B. Johnson states that no record was taken as to attendance the first day since Secretary Travis Shaw did not reach town in time to collect the training school tuition.

Mr. Johnson states, however, that every grade was filled as during the past few years. Class work will start today in all grades from the kindergarten to seventh grade inclusive.

HAS FINE CROP.

J. C. Carver brought to the News office Tuesday some fine samples of maize heads which his young son, Paul had raised just north of the city. Mr. Carver was very proud of the work that the boy had done in raising the grain crop.

GETTING READY FOR BIG COUNTY FAIR ON THE COLLEGE GROUNDS TODAY, FRI- DAY AND SATURDAY—EXHIBITS COMING

Everything is getting into shape this morning at the College grounds for the Randall County Fair.

Secretary S. B. McClure stated yesterday that the grounds were very wet owing to the continued rain, and that it made conditions hard to get around at the grounds. However exhibits were coming in from many part of the county.

The Durocs for the futurity show are all in their pens, and the Duroc show this year will be the best in the history of the fair.

Mr. McClure stated that a large number of exhibitors had been to see him during the past week regarding the show of agricultural and other kinds of exhibits, and that he believed the show in these lines would be stronger than in the past.

The Canyon-Hereford football games will be one of the big attractions of the fair, this being staged Friday afternoon.

Canyon Schools Now Enrolled 555 Pupils in All the Grades

Superintendent A. D. Payne stated to the members of the Board of Trustees last night that the public school attendance had increased since the opening of school to 555, making by far the largest attendance in the history of the school.

Mr. Payne states that with an attendance of 275 in the five highest grades, Canyon may boast of the largest percentage of high school attendance of any town on the Plains. He points out the fact that several towns on the Plains with one and two thousand more population have reported less attending high school than is the case in Canyon.

Crowded conditions exist in all of the upper grades. The high school classes have been divided into sections so far as the limited teaching force will permit, and all of the high school students will be given as careful personal attention as possible.

The lower grades are well taken care of with the additional teachers employed this year for the grades, and the congestion that has existed in the grades during the past several years has been relieved. The first grade, with forty in attendance, is the largest room in the old building, whereas some of the grades has over fifty in attendance during the past several years. To relieve this congestion was one of the main motives in building the new high school building in order that the smaller children might receive more personal instruction. The trustees did not realize that the high school would be so overcrowded as is the case the first year of opening the new high school building.

NATIONAL ESSAY CONTEST

In conducting an Essay Contest for American school children, The American Legion is fulfilling one of its many duties, namely, the promotion of interest in patriotism among the younger generation and the fostering of education.

Subject of Essay is, "Why should America prohibit immigration for five years?" All school children, boys and girls, between the ages of 12 and 18 inclusive, are eligible to enter the contest. Essay limited to 500 words and only one essay to a person.

All essays must be received at County Judge's office not later than Oct. 12th. First prize \$750.00; second \$500.00; third \$250.00.

Teachers and their pupils, interested in the contest may apply at the County Judge's office for full particulars. School children in the rural districts are especially urged to take part in the contest.

The Woman's Auxiliary of Canyon is sponsoring the essay contest in Randall county.

BUFFALO SQUAD IS LOOKING BETTER IN THE WORKOUTS

FOURTEEN LETTER MEN ARE NOW IN UNIFORM.

First Game of Season Next Week With Goodwell; Howard Payne Comes Next

The Buffalo squad, of forty-five men, is working six to eight hours daily getting ready for the heavy schedule that awaits it during the football season. In spite of the wet weather and very muddy field, the men are showing excellent speed in their first week's work.

Equipment was issued Friday by Coach Burton to his big class of pupils, and workouts were started Saturday morning. The men meet at 9 o'clock in the mornings and practice until noon. They are called together again at 3 o'clock and keep up a steady pace until 6 or 7 o'clock in the evening. The hard daily grind is putting the men in excellent physical condition, and no Buffalo team has ever had better spirit than is being manifested by all members of the crew. The only accident so far of the season, is a slight fracture in the shoulder sustained by Mitchell Jones, but this is not likely to interfere with his work on the squad.

Coach Burton is well pleased with the layout before him, and is full of pep and keeps every man on the move. He is getting his squad ready for the first game, which will be played at the Buffalo park on Friday the 28th of this month, with the Panhandle A. & M. College of Goodwell, Oklahoma. While this game is supposed to be more or less of a practice game, the Big Coach is taking no chances, and will send his best men in against the youths from the North Plains. The real test of the Buffalo herd, will come a week later, when Howard Payne comes here for their annual battle.

Eleven letter men are out with the Buffaloes and several of the most promising yearlings of last year's crew are back on the job. The outstanding new men with the Buffaloes are: Herm, four letter man from Grubbs; Adams from Pampa, Parnell, from Mt. View, Oklahoma; Jones from Follett, and the famous Goodwin twins, who are letter men from Clarendon College and have been instrumental the past seasons in dealing misery to the Buffalo team. Football fans who have been down to the park looking over the layout are highly enthusiastic over the prospects.

Coach Burton and assistant Coach Lockhart have their hands full with the big crew of 45 men, but they are keeping every candidate on his toes and working them up to physical condition.

Haynes Baby Died Tuesday; Mother Had Died Week Previous

The infant boy of Rev. A. B. Haynes died Tuesday night at the Wyatt Hester home in Amarillo. The son was born on September 1. Mrs. Haynes died the next day, and it was thought that the child had a good chance to live. The boy was placed in charge of Mrs. Hester, sister of his mother, and has been in Amarillo for the past ten days.

The funeral service was conducted in Amarillo yesterday afternoon at 12:30 and the body brought to Dreamland cemetery where it was laid by the side of the mother. Rev. R. Thomsen and Rev. H. W. Virgin conducted the funeral service in Amarillo.

The many friends of Rev. Haynes extend him heart felt sympathy in the double sorrow of the death of his wife and child.

THE AMERICAN PRESS ASSOCIATION

The opening of the school term in Canyon last week brought a distinct problem which must be solved by the people of the district. The attendance in the public school has increased phenomenally during the past few years, with more than a hundred increase during the past year. There has been an increase of a hundred in the high school. All of the grades are comfortably full and new pupils enrolling every day. The attendance this year is going to be greater than in many towns with a thousand or more population than Canyon. School opened all over the state last week, and newspapers reported the attendance of their schools. We note that the Canyon high school has a larger attendance than one town reporting 2,500 population and larger than another town reporting a population of 3,500. The question naturally arises whether more children are attending school in Canyon in proportion to population than these other towns, or has our population suddenly grown with people seeking school advantages. Of course every house in town is filled, and in some instances two or more families are living in the same house. If Canyon has a larger percentage of school attendance than other towns, it is a credit to the town and the young people of the town, and this being the case the young people should have every advantage possible to make of themselves better men and better women. The public schools of Canyon need additional equipment to meet this great increase in attendance. It is absolutely necessary to have this additional equipment. The credit of the district is good, and all additional equipment could be bought on time, but the rate of interest charged is eight per cent whereas bonds may be floated at lower rates. The people of the district will soon have the opportunity of assisting these young people in their school work but assisting in the floating of another small bond issue to care for the very pressing situation.

The Paducah Post charged last week that the Teachers College at Denton set the stage for the Texas Press Association by putting the administration building on stilts for the special benefit of the members of the press, and to use the occasion to push propaganda. Editor Carlock did not mean to do the Denton school an injustice, but is clearly misguided. Those props had been against the building for ten years, not for the purpose of propaganda, but because they were necessary to hold the building up. Props have been across the auditorium for several years, and we are informed that at one time the roof of that building caved in. The building has been unfit for use for many years, but is now being replaced by a modern administration building. The shacks on the campus of C. I. A. and the shacks on the campus of the university, and the temporary buildings at A. & M. are not propaganda. They are placed there because the school authorities are trying to take care of the young men and young women of Texas, and are greatly handicapped in their efforts. There is not a state institution in Texas with adequate facility to do the great work set before it. Editor Carlock is wrong in charging that the state college are asking or seeking more than they are justly entitled to in order to do the work that the state expects of them. Education is the greatest business that the people of Texas are engaged in, and unless our school are properly maintained, the youth of the state will be deprived of the things they are entitled to and promised by the state.

Jim Ferguson is on the war path and will be a candidate for the United States Senate next year against Morris Sheppard. This practically insures the re-election of Sheppard. Ferguson is still a political power and will be backed by the old anti bunch to the last ditch. There will not be a man in the race able to poll more votes than Sheppard and Ferguson, and the run-off will be between these two, with the re-election of Sheppard. Probably neither Sheppard nor Ferguson is the choice of a majority of the people of Texas, but we will have the same situation that prevailed as last year when it was the choice of the lesser evil in the Mayfield-Ferguson race.

The earthquake, flood and fire has settled the question of a war with Japan for many years—if such a war is really possible. The disaster of last week wipes out the great war profits made by Japan and reduces her to the second power rate. Men may build and plan, but nature can tear down all of his castles in the twinkling of an eye while he stands helplessly by.

Since the heavy rains, there is going to be a great wheat acreage in Randall county. Planting wheat in the dust may be good in theory, but it is poor policy in practical life. Wheat that does not get started to growing in the fall will have a hard time making anything, especially if the spring is late. Half the battle is won with wheat if it gets a good start in the fall—but that does not insure a wheat crop.

Poultry Show To Be Best Ever Held

Indications are that the largest number of birds ever shown at the Amarillo Tri-State Poultry Show will be exhibited here on Sept. 25th-29th.

E. J. Curry, Superintendent of the Poultry Department and H. W. Duke, assistant, have received entries from Snyder, Texas; Mobeetie, Dallam County, Plainview, Lubbock, Hereford, Canyon, Claude, Pampa and numerous other places over the Panhandle, New Mexico, and Oklahoma.

Entries will not be received after 9:00 a. m., September 25th, and all birds must be in the show room by that hour. All judging in all classes will be done by comparison and not by points. Judging will begin promptly at 9:00 a. m., September 26th. Competent Superintendents will have charge of all exhibits and their duties will be to personally attend to the cooping, feeding and care of all birds entered for competition and to return each specimen to its owner at the close of the Exposition.

Because of the increased entries in the Turkey department another special order has been made for coops according to E. J. Curry, Superintendent, however, arrangements will be made to adequately care for all birds entered.

BOY SCOUTS TO TAKE PART IN FAIR

A troop of Amarillo Boy Scout will set up a scout camp on the Fair grounds. The camp will be so arranged as to represent a model troop camp using as tentage the regular pup tents. This camp is to serve as a two-fold purpose, first a portion of the troop in camp on the Fair grounds will assist the Fair Commission by serving as messengers, while the other portion will be held in readiness for any emergency which might arise. Also the portion held in camp will put on in the late afternoon and evening demonstrations of scout craft and games. A display of scout pictures and equipment will be maintained. Information will be furnished to out of town people relative to scout craft and how to organize same.

BOY SCOUTS TO TAKE PART IN FAIR

A troop of Amarillo Boy Scout will set up a scout camp on the Fair grounds. The camp will be so arranged as to represent a model troop camp using as tentage the regular pup tents. This camp is to serve as a two-fold purpose, first a portion of the troop in camp on the Fair grounds will assist the Fair Commission by serving as messengers, while the other portion will be held in readiness for any emergency which might arise. Also the portion held in camp will put on in the late afternoon and evening demonstrations of scout craft and games. A display of scout pictures and equipment will be maintained. Information will be furnished to out of town people relative to scout craft and how to organize same.

O. V. VERNON
Assistant Sec'y Tri-State Exposition

ROSS D. ROGERS, Chairman
Entertainment and Amusement.

Entertainments and Amusements

That the 1923 Tri-State Exposition, with its magnificent promise of five days of great theatrical entertainment, its brilliant Midways and all other attractions of amusement will surpass that of any previous exhibitions in this portion of the Southwest seems to be the impression upon the people in the territory contiguous to Amarillo. Music will fill the air on every hand, and the musical organization that will furnish it will include some of the best musicians in the state. Daily Band concerts will be given on the grounds every afternoon and evening preceding the vaudeville. Dave Derden has a unique record as a band master and instructor and his numbers will include classic, standard and popular numbers.

The Vaudeville will consist of five big acts that exhibiting unusual skill in dare-devil stunts, thrilling trapeze and ladder exhibits and well trained animals that have been playing at the greatest Fairs and Expositions of the United States. Ross D. Rogers, chairman of the Entertainment and Amusement, has done his utmost in securing the very best attractions for the visitors for the five days. Beautiful costumes, graceful dancing, famous acrobats, and a stage full of comedy will be presented during the Exposition.

Popular Ferris Wheel, which was first introduced in Chicago in 1893, when many predicted it would be a failure and today one of the most popular rides in the country will be placed on the grounds, also a Merry-Go-Round and other midway stunts.

Woman's Department Big Display

The Woman's Division of the Amarillo Tri-State Exposition, under the management of the Potter County Federation, will be one of the most interesting features of the Fair, embracing the following different departments.

The Literary Department, with Mrs. R. B. Masterson, Jr., chairman, is creating a great deal of interest, and bids fair to add zest to that line of work, possibly developing new talent.

Domestic Arts Department, with Howard Trigg and Mrs. W. D. Owen supervising, will show mi-lady's skill with the needle. Probably the most interesting exhibits of this department will be those submitted by the Needle Clubs of the district. The public is looking forward with enthusiasm to the exhibits submitted by the elderly ladies, which will very likely surpass all other exhibits. Attractive specials are being offered in this department.

Miss Eleanor Rider, as chairman of the Music Department, is meeting with a great deal of encouragement and assures us that her department will not only interest the public, but entertain as well.

Our Plant and Flower Department, with Mrs. J. W. Veale and Mrs. C. C. F. Blanchard in charge, promises to be a bower of beauty, and to show rare glories of Nature in fern and flower.

Under the supervision of the Potter County Federation of Women, a Rest Room and an Emergency Hospital will be maintained in the Women's Wing of the Auditorium.

"Men may live without music,
Men may live without books,
But civilized man cannot live without cooks."

So the Domestic Science Department, with Mrs. Henry Gooch and Mrs. W. M. Moore, Superintendents, will show exhibits both pleasing to the eye, and tempting to the palate. Again mi-lady will have an opportunity to show her skill and individuality in the exhibits which she submits in this department.

In the Better Babies Department, Mrs. R. L. McMeans, is chairman.

"What a dreary place this world would be,
Were there no little children in it;
The song of Life would lose its mirth,
Were there no little children in it;
This department will prove the most interesting and attractive of the Woman's Division. Mrs. Joe T. Smith, President of the Nurses Association of Amarillo, and a nurse from the State Board of Health will assist in this department.

Of especial interest to mothers will be the Nursery, conducted by the J. U. G. Club in the Women's Wing of the Auditorium. A dependable matron will be in charge with two assistants. Everything that goes to equip a nursery will be provided, and a nominal sum will be charged for the care of the baby.

His success at Lausanne seems to entitle the Turk to be known as the Slick man of Europe.—Springfield Union.

For skin eruptions, rash, chafed skin, prickly heat, chigger bites and stings of poisonous insects, Ballard's Snow Liniment is an effective application. It heals quickly. Three sizes, 30c, 60c, and \$1.20 per bottle. Sold by City Pharmacy.

Pageant of Plains Big Feature

CREOLA RICHBOURG
Director of Pageant

The social event of the Tri-State Exposition will be the crowning of Her Majesty, Queen I, of Amarillo, which is to be the formal opening of the said Exposition.

The purpose of the pageant is to add a social side to the Great Fiesta. Princesses and their Royal parties from the leading towns and municipalities of the Panhandle-Plains section of Texas, Oklahoma and New Mexico have been invited to participate and acceptances have been received from the majority invited. The Queen's Ball will be held Tuesday evening at the Amarillo Country Club and various other social activities including Theater parties, a lovely Breakfast will be given under the direction of Mrs. Wm. E. Herring, chairman entertainment committee. The Pageant will follow the crowning of the Queen in the new Municipal Auditorium on one of the best equipped stages in the South. The Queen and Her Royal party will view the mighty churuses as they are recalled by the prologue in "Old English Rhyme" to weave the beauties and truths of the activities of the Plains to-day. Misses Gilvin, McLand and Mrs. Williams as dance directors, Mrs. Austin and Cole as costumers and decorators are making the bountiful grains that wave in the fields and the numerous industries and associations throughout the Panhandle living masses of realities in their exquisite dances in gorgeous arrays of colors. The Pageant is so arranged as to clearly depict the farmer, dairyman, cattleman, merchant, schools and the gas fields of the Panhandle. You cannot attend this pageant and go away without a fuller realization and a keener appreciation for the Plains.

Other members of the Pageant Committee who are contributing much to its success are: Sophia Meyer, assistant director; Olive M. Childers, recruiter; Mike Hollander, stage constructor; Mrs. M. McLane, workroom and Jess Rogers, Orchestra director.

FREE BAND CONCERTS

Dave Derden's Concert Band, a professional musical organization, has been engaged as the official band of the Tri-State Fair, being composed of musicians of the Panhandle. The band will furnish music during the fair playing two high class concerts daily consisting of classic, standard and popular numbers. Mr. Derden has selected the higher grade musicians and the band is guaranteed to be one of the best ever organized in Texas. Following is the personal:

Dave Derden, director, Willard Smith, A. L. Lundgren, P. A. James, W. C. Milan, Cornets; L. F. Borden, Henry Hall, P. A. James, Jr., M. D. Sampson, clarinets; Paul Odor, W. J. Smith, R. E. Stroup, Cecil Johnson, trombones; Jess Rogers, Leslie Smith, baritones; Jno. McDonald, Thos. E. Noel, bass; Jack Dooley, Clifton Oliver, drums; Al Linbloom, Lee Witcher, Ed Ireland, altos.

College People Have a Banquet at Sweetwater

Sweetwater Reporter: More than forty ex-students and friends of the West Texas State Teachers College, which is located at Canyon, were in attendance at a banquet at the Hotel Wright Wednesday night from 7:30 to 10:30. Most of the Exes who attended live in Scurry and Nolan Counties and are in attendance at the Teachers Institute now in session at the County Court House. Wm. T. Falls of Snyder, was toastmaster for the occasion.

Chitwood Speaks
Hon. R. M. Chitwood, Representative to the State Legislature from this district and one of Texas' greatest friends to education, was the principal speaker of the evening. Mr. Chitwood told the W. T. S. T. C. Exes of the value of the ex-student's loyalty to the Alma Mater, and dealt at length on the importance of Texas higher educational system.

The program was opened with a solo by E. M. Barnett, Principal of Sweetwater High School and an ex-student of the College. J. A. McCurdy, Secretary of the local Board of City Development, told of his surprise in learning that the West Texas College was as large as it is, and that it had as many ex-students in this county as it has. Mayor Joe H. Boothe told of his visits to Canyon and the West Texas State Teachers College.

Spirit of College Shown

The spirit of the West Texas school was in evidence in all other speeches made by the ex-students and the two faculty members who were present. Prof. B. F. Fronbarger, Jr., head of the Department of Education and Wallace R. Clark, head of the Department of Music. Miss Inez Meador of Roscoe gave a toast to the absent and short speeches were made by Harper Allen and Alvis Lynch, teachers of Spanish and Chemistry, respectively, in Abilene High School; Cleveland Baker, Supt. of the Clyde Public Schools, and Frank Hill of Sweetwater editor of The Prairie. Miss Amy Daniel, of Sweetwater, closed the program by leading the ex-students in singing the Alma Mater.

Forty-One Present

The guests of honor were: Hon. R. M. Chitwood, J. A. McCurdy, Mayor Joe Boothe, and M. L. H. Baze. The ex-students who attended were: Wm. T. Falls, Toastmaster, Mabel Browning, Mollie Goode, Mr. and Mrs. Gus Farrar, Mrs. Dr. Hodges, Thelma Sikes, Lois, Bess and Merle Johnson, Cleveland Baker, Jeanette Wade, Amy Daniel, Katherine Clark, Dean Headstream, Harper Allen, Frank Hill, Austin and Susie Mae Adams, Minnie Fowler, Edith Coward, Herman Phillips, Isabelle Messimer, Bernice Elmore, Mittie Jones, Florence Smith, E. M. Barnett, Herbert Van Rosder, Inez Meador, Joseph Grace, Edith Rimmer, Sally Boone, Alvis Lynch, Theresa Catton and Helen Boren. Wallace R. Clark and B. F. Fronbarger, Jr. were the two faculty members present.

Wayside Items

Fair crowd at Sunday School Sunday morning considering the threatening and muddy weather.

Rain, rain, rain, is about all this writer has heard for the past few days. There is a good season in the ground. Good prospects so far for a bumper wheat crop next year. The farmers are hoping the rain will cease long enough to enable them to save their row crops before frost. Part of the Wayside community was visited by a hail storm Monday afternoon. We have not heard just how much damage was done.

W. H. Hamblen returned one day last week from Kansas City where he had gone with a car of cattle.

Tom Dunlap and family have rented the W. J. Sluder farm for another year and have moved into the house with W. J. Sluder who had the farm rented this year. J. S. and family have rented a farm near Amarillo and intend moving to it by Jan. 1st or before.

Leonard and Clarence Helms left last Thursday for California.

W. G. Franklin has recently traded his truck for mules to M. L. McGehee.

W. C. McGehee and family made a trip to Amarillo one day last week.

J. H. Dunn of Meadville, Mo., came out Tuesday to look after his interests here.

Word has been received from Lorine and Bernice McGehee in Phoenix, Ariz., stating that Bernice was in bed with hay fever.

Mrs. Clara McGehee has been quite sick but is better at this writing.

Next Sunday is Rev. Griffins regular day. Everyone come early for Sunday School.

THE REALIST

Speaker—"Think of the poverty on the other side! Think of it! How would you feel if your family were composed of a widow with little orphans?"

Casey—"I'd feel like a corpse."

San Carlos Grand Opera Co. to Play in Amarillo, Nov. 9-10

The first grand opera to be brought to West Texas and the Panhandle will be presented in Amarillo on Nov. 9th and 10th under the auspices of the Amarillo College of Music, when the San Carlos Grand Opera Company of New York City will offer four operas in three programs.

The organization will be brought to Amarillo intact, 105 people in all, with full complement of artists, splendid chorus of highly trained singers, large orchestra, and a pretentious array of scenic productions permitting stage pictures traditional and beautiful in character.

The Carlo comes to Amarillo after a five day run at the Cotton Palace at Waco.

Four operas will be given in Amarillo. On the first evening Madame Butterfly with Tamaki Miura as Cho Cho San will be given. On Saturday afternoon a double program will be given—Cavalleria Rusticana and Pagliacci; on Saturday evening La Boheme with Anna Fizzi as Mimì will be offered. Other noted singers will be Sofia Charlehois, soprano, Charles E. Gabagher, bass and Collin O'More, tenor, who is declared to be a second John McCormick.

Information regarding ticket sale is given in advertisement in this paper.

Paying for Brains and Getting Cheat- ed in Marketing

By R. L. POU, in Progressive Farmer
After several years of careful study of the problems of cooperative marketing and over one year of experience in attempting to put into practice the cooperative marketing of milk and dairy products, I am thoroughly convinced that the theory of cooperative marketing is sound, and that the co-operative marketing of farm products is as sure to come to the rescue of the people engaged in production of farm products as death itself. But before a successful co-operative marketing program can be put over, it is absolutely necessary that we remove a few of the obstacles which have a tendency to discourage and drive away from us the producers of farm products, the very people to whom it is necessary to sell the idea before it is possible to make co-operative marketing a success.

Any co-operative marketing program that isn't based on sound economic principles is, in my opinion, bound to fail in its main purpose: Real service to the producers of farm products. As long as a co-operative marketing association pays its employees from one-third to three times more than the same employees were able to get and are now able to get from educational institutions or from commercial concerns for similar services, in my opinion, the management of that co-operative marketing association isn't based on sound economic principles.

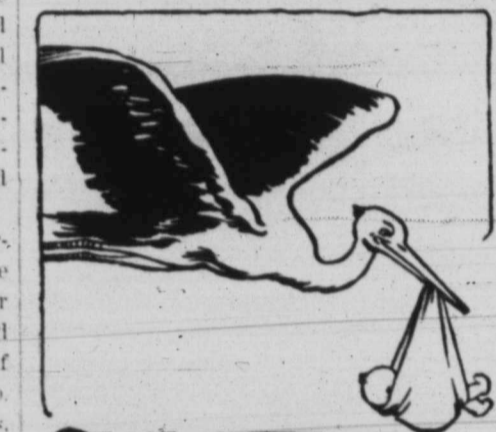

I believe that the co-operative marketing associations should employ the very best men that it is possible for them to get who have had training and experience along the particular line of work that they are expected to do. They should be men with broad visions, of unquestionable character, believers in the principles of co-operative marketing, willing to practice what they preach, big enough to sacrifice self-interest if it is necessary, in order to keep in their minds at all times the real interest of the producers of farm products. For the services of such men, salaries should be paid in keeping with their real worth, which in my opinion should be based somewhat on the salaries these men could command for their services in other concerns, and not on friendship, politics, prejudice, sympathy, or anything of that kind. There is not much danger of big men being paid too small a salary. The real danger lies in the possibility of men of smaller caliber being paid too large a salary, which makes the organization top-heavy, allows inefficiency to creep in and cause disloyalty and dissatisfaction among the membership.

In the interest of co-operative marketing, I do not believe that an employee should be a member of the board of directors, whose duty it is to decide on the qualifications of employees, the salaries they are to be

paid, the time and conditions under which their services are no longer needed, and many other things of similar nature. A board of directors should be composed of men of business ability who have made a success of their own affairs, men who are or have been engaged in the production of the commodity or commodities of which they are to direct the handling and marketing; men who are as nearly equally distributed in the various communities in which the products are produced as it is possible for them to be; men who by their honesty, integrity, and leadership have commanded the respect and high esteem of a majority of the neighbors and the people in their respective communities; men who are financially able and constitutionally inclined to devote a great deal of time and thought to the many problems that do and will confront a successful co-operative marketing program, which any group of men have been charged with the responsibility of carrying out.

When the most careful consideration shall have been given to the things mentioned above, many of the obstacles that stand in the way of co-operative marketing of farm products can and will be removed.

Why Fear Child-birth

EXPECTANT mothers do not undergo useless suffering any longer, and baby's birth can be made gloriously easier.

Mrs. Wm. Flack, 115 N. 12th St., Leavenworth, Kansas, says: "Mother's Friend" is the best help in the world for an expectant mother. I am the mother of three children and have found "Mother's Friend" fine. "Mother's Friend" is externally applied about the abdomen, back and hips. It penetrates wonderfully, and in this way allows the muscles and ligaments to relax easily and readjust themselves to the changes during expectancy and at child-birth. Use "Mother's Friend" as our mothers and grandmothers did. Don't wait, start today, and meanwhile write to Bradford Regulator Co., BA-73, Atlanta, Ga., for free booklet containing valuable information every expectant mother should have. "Mother's Friend" contains no narcotics or harmful drugs. It is safe. There is no substitute. Avoid useless greases and plain oils. Start using "Mother's Friend" now—the sooner the better. "Mother's Friend" is sold at all good drug stores—everywhere.

Jobs are scarce for the Physically Run-Down

THE DOOR of opportunity flings wide its portals only to the man who is up-and-doing—who is filled with pep and punch—with rich, red blood tingling through his veins. Mountain size obstacles dwindle to ant hills and ambitions become accomplishments to these sort of men.

Where is the employer who seeks the man who is physically run-down?—The man without stamina, to withstand the knocks and gaff of the hurrying, scurrying world of business?—S. S. S. is the long established and time honored creator of red blood cells. You cannot expect to get very far up the ladder unless you are equipped with a body that is strong and vigorous. S. S. S. will start you on your way. Don't allow the "Door of Opportunity" to be closed to you because you have not the stamina to withstand the gaff—because your nerve power is lacking. Build up your system!

S. S. S. made of carefully selected and scientifically prepared and proportioned herbs and barks makes you fit! Get back that old time punch! When opportunity knocks be ready to answer the call!

S. S. S. is sold at all leading drug stores. It is more economical to buy a large size bottle.

BISHOP McMURRY WHIPS PASTOR

Bishop W. F. McMurry, of the Methodist Episcopal church, South, who was for several years presiding bishop of the Northwest Texas Methodist conference, and in honor of whom McMurry college in Abilene is named, and who was in Plainview a year or two ago and is well known here, was summoned to appear in court in St. Louis this week on a charge preferred by Rev. Chas. McGhee, a pastor of one of the churches in McMurry's district, that the Bishop struck him in the mouth and ejected him from the church office because he was taking an active part in boosting for the Ku Klux. The Bishop declared "You have disgraced yourself and everyone in the church." McGhee has been making speeches in behalf of the Ku Klux.

NOT GOLD, BUT MEN
 "Not gold, but only men, can make a city great and strong; Men who for truth and honor's sake Stand fast and suffer long; Brave men who work while others sleep; Who dare while others fly— They build a city's pillars deep And lift them to the sky."
 —George B. Irving.

LOOKED GUILTY
 A country school board was visiting a school and the principal was putting his pupils through their paces. "Who signed Magna Charta, Robert?" he asked turning to one boy. "Please sir, 'twas't me," whimpered the youngster. The teacher, in disgust, told him to take his seat; but an old tobacco-chewing countryman on the board was not satisfied, so, after a well-directed aim at the culprit, he said: "Call that there boy back, I don't like his manner, I believe he did do it."
 —Marion Line.

THE BEST MEDICINE
 The best medicine! Two miles of oxygen three times a day! This is not only the best but it is cheap and pleasant to take. It suits all ages and constitutions. It is patented by Infinite Wisdom—sealed with a signet divine. It cures cold feet, hot heads, pale faces, feeble lungs, and bad tempers. It often has been known to reconcile enemies, settle matrimonial quarrels and bring reluctant parties to the state of double blessedness. This medicine never fails.—Dr. Lawson Brown.

Washington's soldiers pitched horse-shoes to while away idle hours in camp, and before the days of concrete roads and automobiles almost every village blacksmith's shop had close beside it a pitching place where the men could gather for a sociable hour after supper. The revival of the old game in the community playgrounds all over the country is an interesting sign of the times. In a highly sophisticated age it is not curious to see the simplest form of sport becoming popular again?

By-product Coke, in small size, is a good substitute for anthracite. As it is made from bituminous coal and the bituminous coal beds are very extensive, it seems possible eventually to provide this form of fuel for virtually the whole country. The chief by-products that are obtained in the coking process are gas, light oils, ammonia and tar. The Bureau of Mines calls attention to recent tests in which it found that in heating seven-room or eight-room houses coke is quite as efficacious as anthracite.

French Africa south of the Sahara is now raising wheat and cotton. Three years ago this section imported its flour, but there are now flour mills at Timbuktu and Kati, and as soon as irrigation works being built along the Niger are completed there will be crops for export. The French also plan meat packing and refrigerating plants with a capacity of sixty-five thousand tons of chilled meat and packed provisions a year.

Some people like to imagine how rich they would be today if one of their ancestors had owned a farm on Manhattan Island and the succeeding generations had been shrewd enough not to sell it. Yet have they stopped to think that the few dollars that the island of Manhattan cost the Dutch settlers, if they could have been put to compound interest at six and a half per cent, would now equal the assessed value of all realty in New York City? In three hundred years twenty-five dollars grows to a princely fortune, even at a smaller rate of interest, if only the money can be kept at work.

Since several counties in Europe quote their paper money circulation in trillions it may be interesting to try to grasp what a trillion is. Some experts in the Treasury at Washington can count four thousand silver dollars an hour. Such an expert working eight hours a day would need a hundred and eight years to count a billion dollars. A thousand experts would need one hundred years to count a trillion.

There is a good deal of talk as to Coolidge's problem. There is nothing to it. It is very easy of solution. Just let him subscribe to the Literary Digest and the editors of the country will tell him what to do and how to do it.—Warren (Ohio) Tribune.

Building a Big Fair and Exposition For The Great Southwest

"The Biggest Ever," is the slogan for the Tri-State Exposition which will be staged in Amarillo, September 25th-29th (inclusive). The Panhandle-Plains section of Texas, portions of New Mexico and Oklahoma have combined in their efforts to promote a Regional Fair that will further the improvement in agriculture, livestock, commerce, industry and public utilities and for these prime objects the Tri-State Exposition was organized.

In opening the Amarillo Tri-State Exposition for 1923, the officers and directors in charge extend to the people a cordial invitation to meet and mingle in the city during the week of the Fair; to participate in the splendid feeling of competition that will exist; to view the exhibits of good crops, livestock, textile, fine arts, magnificent machinery and splendid automobiles; to enjoy the spectacular group of amusements and entertainment; to meet old friends and form new acquaintances and to develop community, county and state co-operation.

To all who come to the 1923 Exposition, the first of its kind in the Great Southwest, we extend a hearty welcome. It is YOUR festival. On this occasion people of all classes will gather together in a congenial spirit—democracy unconfined—and after all this spirit is one of the greatest features of any exposition.

Every effort will be exerted to make the entire event truly the greatest period of recreation, education and exhibition for the year 1923. "It's yours, be there."

Boys and Girls Department

Field Crop Division: In this division splendid premiums are offered on corn, kafir, milo, feterita, begari and peanuts.

Dairy Calf Division: Appropriate prizes are offered boys and girls on Jersey, Guernsey and Holstein calves. To enter calves in this contest the calves must be registered, or registration applied for.

Fat Pig Division: Nice prizes are offered for junior and senior fat pigs. Pigs of any breeding will be admitted to this class.

Poultry Division: Regular catalog premiums are offered boys and girls for the best cockerel, pullet and hen of birds raised this year. Breeds permitted in this division are: Barred, Barred Rocks, White Wyandottes, S. C. Rhode Island Reds, Black Langshans, Buff Rocks, S. C. White Leg-

horns, Anconas, White Orpingtons, Turkeys and Ducks.
No entrance fees will be charged in Boys and Girls Department.

Girls Club Work Featured at Exposition

Miss Anna Bower, Demonstration worker for Potter County, will supervise and direct the exhibits of the Girls Club work. Interest in this department is increasing rapidly from reports received by Miss Bower and the exhibits in the Club department will rank as high as any in the state.

All girls contesting must be between the ages of 10 and 18. Each girl is required to do her own work and will be allowed one or more entries in the class corresponding to her club year. Entry sheets for all products sent from the various counties should be mailed to Miss Anna Bower, Girls' Club Department, Amarillo Tri-State Exposition, Amarillo, Texas.

The Club work will include such canned products as: tomatoes, Chili Sauce, peanut butter, Baby beets, Watermelon Preserves, canned okra, etc., and different articles in sewing as: Cup towel and holder, Uniform apron, Sewing bag, Hemmed patch, Bungalow apron, and best history of work with complete record.

The Girls Club work in the South has become a potent factor in the development of the morals, social pro-

gress and education of the children and these essential features will be stressed through the work and activities in the Girls department at the Tri-State Exposition.

Twenty-six Counties Now Booked for Tri- State Exposition

No department at the Tri-State Exposition will present such a varied line of products in Texas, New Mexico, and Oklahoma as that of the Agricultural Department. R. M. Fielder, superintendent of this division, has received applications from more than twenty counties asking for space to exhibit at the Tri-State Exposition. The premium list offered in the Department of Agriculture is more than that offered by the average Regional Fair and counties participating in this division will not only have an opportunity to win excellent premiums but to display and advertise the principal products of their county as well.

Since the publication of the Premium List a few changes have been made in the rules relative to Agriculture which are as follows:

1. The amount of grain and seed to be used for Class 20 of General Exhibit will be 1 gallon each.
 2. Class 23, headed Potatoes, will be considered and so defined, as vegetables.
 3. County Exhibits, wheat, oats, barley, peanuts and cow peas will be shown in gallon quantities instead of pecks as stated in the catalog.
 4. Item 12 in County Exhibits will read 10 exhibits of different kinds or varieties in gallons, bunches or quantities as designated in Classes 23 and 24.
 5. All exhibitors must enter individual or general exhibits separately from booths but will be permitted to rearrange booths and place whatever individual or general exhibits they might have inside the booth after all judging is completed.
 6. In the individual or general exhibits baled hay may be shown in 8x10x16 inch bales.
- Note carefully these changes, also the score card as published in catalog as they will be strictly adhered to.
- The changes as made on this supplement are made in order to better conform with the Agricultural Exhibits of the Dallas Fair.

ORDINANCE

An Ordinance Providing for the Licensing of Carriages, Omnibuses, Automobiles, Motor Buses, Trucks, Transfer Wagons and Other Like Vehicles Operating for Hire as Carriers of Passengers and Baggage Within the City Limits of the City of Canyon, Texas:

BE IT ORDAINED BY THE CITY OF CANYON:

Section 1. Hereafter no person, firm or corporation either as principal, agent, employee or servant shall engage in the business of operating carriages, omnibuses, automobiles, motor buses, trucks, transfer wagons and other like vehicles for the purpose of carrying passengers or baggage for hire without first obtaining and having in force a License for each such vehicle.

Section 2. That the License of each said vehicle shall be as follows:

- (1) Of each horse-drawn vehicle with the seating capacity of five or less persons including the driver, \$2.50 per year.
- (2) For each horse-drawn vehicle with the seating capacity of more than five persons including the driver, \$5.00 per year.
- (3) For each motor vehicle with the seating capacity of five persons or less, including the driver, \$7.50 per year.
- (4) For each motor vehicle with the seating capacity of more than five persons, including the driver, \$10.00 per year.
- (5) For each motor vehicle or horse-drawn vehicle for the purpose of carrying baggage, etc., a fee of \$10.00 per year.

Section 3. Any person, firm or corporation desiring to obtain the license for any of the vehicles mentioned in this Ordinance shall apply therefor in writing to the City Secretary, such application giving the name of the applicant, the kind and character of vehicle for which license is desired, and the normal seating capacity thereof, and other data that the City Secretary may prescribe; and if said application is accompanied by the proper fee the City Secretary shall issue the license; and all license shall be issued for a term of Twelve months and numbered in numerical order and shall be non-transferable.

Section 4. The City Secretary shall keep a record in which he shall enter the names of all owners of vehicles which are licensed under this ordinance, and the number and date of each license, kind and description of vehicle licensed, and such other data as the City Secretary may prescribe.

The City Secretary shall also furnish the owner of such vehicle licensed the number of such vehicle, which shall correspond with the number of such License permit, and said number shall

be conspicuously displayed on said vehicle at all times.

Section 5. Any person violating any of the provisions of this Ordinance shall be deemed guilty of a misdemeanor and upon conviction shall be punished by a fine of not less than Ten (\$10.00) dollars, nor more than Fifty (\$50.00) Dollars.

Section 6. All Ordinances or parts of Ordinances in conflict herewith are hereby repealed.

Introduced at a meeting of the City Commission on the 6th day of August, A. D. 1923.

Finally passed at a meeting of the City Commission on the 3rd day of September, A. D. 1923.

C. N. HARRISON, Mayor,
City of Canyon, Texas.
Attest: PEARL JINKINS,
City Secretary. 2413

PETITION-CLOSING ROAD

Whereas on the tenth day of September, 1923, a petition was presented to the Commissioners Court of Randall County, Texas, reading as follows: THE STATE OF TEXAS,

County of Randall.

To the Honorable Commissioners' Court of Randall County, Texas:

Now comes O. J. Podzemny and J. W. Turner, residents of Randall County, Texas, and respectfully show to the Honorable Court as follows, to-wit:

That they are the owners of all of that part of the Cochell Addition to Umbarger, Randall County, Texas, lying West of the West line of Ripley Street, as shown by plat of said addition dated December 15th, 1908, and recorded in Volume 19, Page 640, of the Deed Records of Randall County, Texas, located on part of Section No. 76, in Block B-5, made for the Houston and Great Northern Railroad Company, Randall County, Texas.

That none of the streets or alleys in said addition west of the west line of said Ripley Street have ever been opened and used as a public highway, and that they have not been formerly accepted by Randall County or any municipality as highways, but that all of said portion of said addition is in farm, and now in cultivation, and has been for several years; that your petitioners as such owners of said land are desirous of cancelling that portion of the Cochell Addition to the town of Umbarger, Randall County, Texas, described as follows:

Beginning at a point in the west line of said section No. 76, Block B-5, H. & G. N. lands, in the South line of the public road:

Thence East along the North boundary line of Blocks Nos. 16, 5, and 4, to the Northwest corner of said Block No. 4, a point in the South line of Ripley Street:

Thence South along the East lines of Blocks Nos. 4, 7, and 11, to a point in the North line of the Public road:

Thence West along the North line of said public road to a point in the West line of said Section No. 76:

Thence North with the West line of said Section No. 76, to the place of beginning:

And throwing the same back into acreage property as it existed before such subdivision into lots and blocks, streets and alleys, and that the cancellation of said subdivision and map or plat and the closing of said streets will not interfere with the established rights of any person whatsoever.

Wherefore, your petitioners pray that your Honorable Court take such action, give such notice and enter such orders as may be proper and necessary for the cancellation of said plat, closing of said streets and throwing the property above mentioned back into acreage.

OTTO J. PODZEMNY
J. W. TURNER.

It is therefore ordered by the Court that said application and petition be heard and further considered and action taken thereon at the next regular term of this court to-wit, on the 8th day of October, 1923, and that any person or persons interested in the land herein described be commanded to appear at said time to protest if so desired against the action asked for by the petitioners.

By order of the Commissioners' Court.
RECTOR LESTER,
County Judge Randall County, Texas.

CITATION

To the Sheriff or any Constable of Randall County—Greeting:

You are hereby commanded to cause the following notice to be published in a newspaper of general circulation which has been continuously and regularly published for a period of not less than one year preceding the date of the notice in the County of Randall, State of Texas, and you shall cause said notice to be printed at least once each week for a period of ten days exclusive of the first day of publication before the return day hereof:

Notice of Application for Letters of Guardianship.

THE STATE OF TEXAS.

To all persons interested in the welfare of Nellie Dunaway, a girl, eighteen years of age, Johnnie Fay Dunaway, a girl, sixteen years of age, and Mary Frances Dunaway, a girl, thirteen years of age, minors, you are hereby notified that Mrs. Mattie V. Dunaway has filed in the county court of Randall County an application for letters of guardianship upon the estate of said minors, which said application will be heard at the next term of said court commencing on the first Monday in October, A. D. 1923, the same being the 1st day of October, A. D. 1923, at the court house thereof, in Canyon, Texas, at which time all persons interested in the welfare of said minors may appear and contest said application, if they see proper to do so.

Herein fail not, but have you before said court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Given under my hand and seal of said court, at office, in Canyon, Texas, this 5th day of Sept. A. D. 1923.
(Seal) ETHEL WOODS,
County Clerk of Randall County, Texas

By H. E. Brown, Deputy.
A true copy I certify.
W. C. BLACK, Sheriff,
Randall County, Texas.
By R. A. Bellah, Deputy. 2313

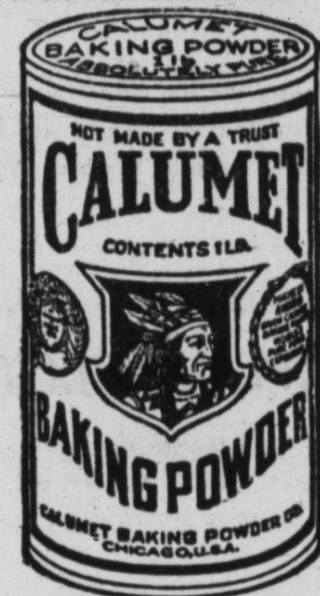

BUY

more of his products. Every sack of flour you buy gives the farmer a boost. It increases the demand for his wheat. He needs your support. Use more of the good, wholesome flour that is made from his wheat. Bake often but use

CALUMET

The Economy BAKING POWDER

because it is false economy to buy a leavener that sells for a little less, it many times means complete loss of the ingredients used on bake-day.

Practice real economy by using Calumet. It never fails to produce pure, sweet and nutritious foods. Costs less per baking. Goes further—lasts longer.

Sheriff and Others Indicted at Amarillo In Flogging Case

Sheriff Less Whitaker of Potter County and County Attorney Henry L. Ford were charged with misconduct in office by grand jury indictment Wednesday. Bond in each case was set at \$1,000 and promptly made.

District Court indictments were also returned against Andy Knox, W. L. Honniett, T. W. Stanford and George Gall on charges of white capping and assault with a prohibited weapon, and Stanford was indicted separately on a charge of white capping. Bond for each on the joint indictment was set at \$3,500 on the white capping charge and \$2,000 each on the assault charge. Bond was set at \$2,500 for Stanford on the separate white capping count.

Misdemeanor indictments in the county court were also returned against the four defendants. Each was charged with false imprisonment, aggravated assault and threat to take human life. Bond was set at \$750 on each count, or a total of \$2,250 each, in the county court indictments.

The grand jury spent about two weeks in probing the flogging of E. T. McDonald, Fort Worth & Denver railroad worker, on the night of August 15, and all these indictments are said to be the result of this investigation. Sheriff Whitaker said that he probably would ask for a speedy trial, after consultation with his attorneys. His office will not be affected by the charges of misconduct, it was said yesterday.

The cases against Ford and Whitaker will be tried in district court, as the county court cannot hear misdemeanor cases affecting misconduct in office, according to court officials.

Umbarger Notes

About eight inches of rain fell here this week. About two inches fell Friday night; about four inches Saturday night, and two inches Sunday evening.

Mr. Hodge had the misfortune of breaking his arm while riding a horse. He fell from the horse and landed on his arm.

Clem Friemel is threshing wheat for Ed Money this week. While playing on the track the 18-month old baby of Joe Friemel was

ONE OF THE BIG VAUDEVILLE NUMBERS

pushed from the track by a freight train, but was not seriously injured.

O. J. Podzemny made a business trip to Hereford Saturday.

Clem Friemel is putting a new addition on his house this week.

A daughter was born to Mr. and Mrs. E. A. Heine Thursday.

Harvesting row crop has been delayed on account of the big rains. The farmers are starting to put in wheat.

Clem Friemel shipped a carload of hogs Thursday.

John Badenhorst shipped a carload of cattle this week.

Mrs. O. Hufstelder and daughter, Virginia, have returned from their visit in Arizona.

Pleasantview Items

Almost three inches of rain fell over this community the last few days. The ground is in very good condition for the sowing of winter wheat.

Dave Covington and family returned

from Roswell, N. M., where they have been visiting with relatives and friends for a few weeks.

Misses Dewey and Edith Gibson went to their school at Canadian last week.

MENTAL INFLUENCE

"How far is it to Goomville?" we ask of the native who is leaning over the gate.

"Ten miles straight ahead," he answers.

"But we met a man a little way back, and he said it was only two miles."

"Short, fat man, drivin, a flea-bitten sorrel hoss?"

"Yes, that's the man."

"Did ye meet him or pass him?"

"We passed him."

"Thought so. He is drivin' a balke I traded him, an' he didn't want his hoss to know how much furder it had to go."—Chicago Post.
