

J. W. REID CANDIDATE FOR THE STATE SENATE

BUDGET FOR COMMERCIAL CLUB WORK IS BEING RAISED

BUSINESS AND PROFESSIONAL MEN RAISING BUDGET OF \$6,000.00 FOR WORK DURING THE COMING YEAR

The Randall County Commercial League voted at the Tuesday night luncheon instructing the directors to select a secretary at once and to make plans leading toward carrying out the constructive program which had been adopted the week previous.

The finance committee reported that about \$4,400 had been subscribed by the business firms and professional men whom they had seen, and that there was a large number whom had not yet been seen. The finance committee, composed of H. C. Gamble, C. H. Jarrett, W. A. Warren, R. A. Terrill, and Dr. D. M. Stewart was instructed to continue the work of soliciting funds for the work of the Commercial Club.

Mr. Gamble stated that the committee had not been turned down, and that most of the firms subscribed the amounts asked for by the committee. This work of getting subscriptions lined up will be finished up by next week. The committee believes that it will be necessary to raise at least \$6,000 to put over the work that Canyon ought to have put over during the coming year.

J. W. Reid was present and at this time announced his decision to get into the race for State Senator if it was the wish of his friends. The meeting unanimously endorsed his candidacy. Those who spoke in favor of Mr. Reid getting into the race were J. D. Gamble, Wallace R. Clark, S. B. Orton, R. I. Graves, W. J. Flesher and President J. A. Hill.

A report was submitted by the committee on constitution and by-laws. The committee had not completed its work, and was continued. It asked for suggestions for a name of the organization.

The name "Randall County Commercial League" has been used for the past several years. It has been met with opposition, and the committee believed that a change should be made. Suggestions were called for and the following were made: Randall County Citizens League, Canyon Chamber of Commerce, Randall County Chamber of Commerce, Randall County Civic and Social Association, Canyon Civic Improvement Association. At the next meeting an attempt will be made to select a name for the association.

Dr. C. E. Donnell suggested that the word Canyon should appear in the name.

J. S. Humphreys moved that a committee be appointed to investigate the proposal of the Amarillo Building and Loan Association to extend its operations to Canyon. The committee appointed in C. L. Thompson, J. S. Humphreys and W. J. Flesher.

F. P. Guenther suggested that some action be taken in Canyon regarding trees. The borer has just about finished all of the locust trees of the city and unless action is taken the town will soon be without good trees. A campaign should be put on to urge the people to plant trees. Mr. Guenther believes from his experience that November is the best month to plant

trees. The streets with the pavement should be especially well taken care of in the way of getting trees set out. The vacant lots should be looked after. Trees set out in the spring do not do so well owing to the late frosts this country often has.

Mr. Guenther believed that a general clean up of the town should be made as soon as the weather cleared up. The students are the best avenue of publicity for Canyon. If the students are well impressed with the town, it causes good influence all over the country. Canyon as a college town ought to be the cleanest town in Northwest Texas. Johnson grass is a menace, and all of this grass in Canyon should be cut before it goes to seed.

Mr. Guenther believes that Mountain Ash and the Thornless Honey Locust are the best trees for the plains. The following committee was appointed to urge the planting of trees this fall: F. P. Guenther, Dr. S. L. Ingham and J. M. Vetesk.

W. J. Flesher stated that at least 200 bales of cotton would be ginned in Randall county this fall, and under present conditions it looked like there would be 2000 next fall. There was need of a gin in Canyon. Mr. Flesher called attention to the need of more dairy cows in the country, and the great benefit that dairy cows were to the country. Ten head of good cows on every farm will mean a bigger revenue than a general railroad office.

J. E. Lewis, Y. M. C. A. man from Dallas, told of the Older Boys Conference which will be held in Amarillo on Nov. 30-Dec. 2. It will be attended by about 300 boys 15 to 20 years of age. He plans to take the boys for a trip to the canyon Saturday afternoon, and if possible bring them to see the College building after the canyons trip.

T. C. Thompson, president of the organization, urged that the people of Canyon get behind the Commercial League work and help put over the big program that is planned.

The next meeting will be held on the night of Nov. 13th at 7 o'clock for a luncheon at the Palace Cafe.

Beavers Closes Work of Conference Year and Makes His Report

Rev. M. M. Beavers left Tuesday morning for the Annual Conference of the Northwest Texas District being held at Plainview this week. He read his statement to the congregation Sunday night, which shows great progress in the church during the past year.

Rev. Beavers will be away the remainder of the week and next Sunday. The appointments for the coming year will be read Sunday night, but it is clearly indicated that Rev. Beavers will be returned to Canyon in order to complete the work on the new church building.

Duffel Wants List of Poultry Exhibits for Show on Nov. 29

T. W. Duffel, superintendent of the Randall County Poultry Show, wants a list of the exhibitors who expect to show at the Randall County Poultry Show on Nov. 29-Dec. 1.

The Association will furnish coops for the Poultry Show, and it is necessary to know at once the number of coops to provide for the Show. Each person who expects to exhibit is urged to give Mr. Duffel the number of birds he expects to have in the show.

From all indications the show this month will be the largest ever held in Canyon.

Mr. Duffel states that all members of the Boys and Girls Club which was organized recently by C. F. Walker will be entered free of charge in the Randall County Poultry Show, provided the entries are filed with him before Nov. 15. The breeders of the county are offering premiums to the members of the Club and a sweepstakes cash prize will be given.

Cole Here Interest West Texas Chamber of Commerce

S. J. Cole of Amarillo, representing the West Texas Chamber of Commerce, was in the city Tuesday in the interest of his organization.

Since the combination of the Panhandle-Plains Chamber of Commerce with the West Texas Chamber of Commerce, an Amarillo office has been opened with Mr. Cole in charge. This gives the people of the Plains an excellent connection with the big West Texas commercial body, which has an organization that is prepared to assist in the commercial development of this great section of Texas.

A large number of Canyon business firms and individuals renewed their subscriptions to the organization.

BAPTIST SERVICES

Sunday School, 10 a. m., John S. Humphreys, Supt.

11 o'clock, sermon, "The Church That God Can Use For His Glory."

6:30 p. m., B. Y. P. U.

7:30 p. m., sermon, "More Things God Can't Do."

Wednesday evening, prayer meeting, 7:30 p. m.

All are cordially invited to attend these services.

ALL SAINTS' EPISCOPAL CHURCH

The Rev. E. H. J. Andrews will hold services and preach at this church next Sunday night at 7:30 o'clock. All are cordially invited.

An American company has recently bought from the Shipping Board seven 502-foot vessels and contracted to use them in a round-the-world service of at least ten sailings a year for five years. The vessels will clear from New York or Boston for Havana, and then will pass through the Panama Canal and north to San Francisco. From there they will go to Yokohama, Kobe, Shanghai, Hongkong, Manila, Saigon, Java, Singapore and Colombo, through the Suez Canal to Alexandria, Genoa, Marseilles, the Azores, back to New York or Boston. These ships, unlike the freighters now running on that route, have large passenger accommodations.

The accepted plans for a new Baptist church building in Hartford, Connecticut, show the tendencies of modern thought. In the first place the new structure will be the home of two churches that have united; also it will provide a definite place for many of the social activities that are regarded as useful and binding young people more closely to the church. Besides an auditorium that will seat sixteen hundred people there will be a gymnasium, shower baths, recreation rooms, lecture rooms, pastor's offices, ladies' parlors, a kitchen and dining rooms, janitor's apartment and assembly rooms for Sunday schools. The main auditorium will have three galleries, in the second of which there will be a moving picture apparatus.

ALL RAINFALL RECORDS FOR THE PANHANDLE ARE BROKEN BY THE CONTINUED RAINS OF THIS FALL

All rainfall records recorded in the Panhandle have been broken by the continued rains which started on August 16th.

The year 1923 will have a larger rainfall than any year since the government started to keep a record in 1880. The fall of 1923 will have by far the largest amount of rainfall for any one period of months in this entire 43 years. All records in the continuous number of days of rain is broken in the rainfall of this period. In fact, every imaginable record in connection with rainfall is smashed by the record of this fall.

Rain during the past week amounts to 1.43 inches. On Thursday there was .55 of an inch; Sunday .05; Wednesday morning .40 and last night .43 of an inch.

The total rainfall since August 16th is now 23.95.

The average rainfall for the past 43 years has been 21.44 inches.

The largest rainfall in any one year was 37.07 inches in 1885.

The government placed an official gauge with C. W. Warwick on the first of April. The total rainfall since that date in Canyon has been 34.48 inches. The rains of March brings the total for the year above the record of 1885, and there are yet two months to go.

The weather this fall has been phenomenal in that killing frost is so late. There was considerable freeze Tuesday night, following a perfect day on Monday and a norther late in the evening.

The feed crop and cotton crop are suffering and no one knows to what extent they have been damaged by the continuous rains.

HAD ROUSING WELCOME

The biggest welcome ever given a football team was awaiting the Buffaloes when the team returned from the Simmons victory Saturday. The College was dismissed and headed by the band the entire student body and faculty met the team at the depot. The business houses were deserted while all who could possibly get away went to the depot. The fire department was out in full force.

BASKETBALL TOSSERS OUT

Nay Hale, Lewis and Davis Hill are three veteran basket ball letter men of the West Texas State Teachers College who are limbering up on the court. It is likely that several will join them in a few weeks for regular training for a drive at the T. I. A. A. cage honors which they so strongly contended for last season.

HALLOWEEN IS QUIET

A continuous mist and drizzle last night dampened Halloween enthusiasm to some extent. Furthermore the city had out a large detachment of special officers to protect property from mischievous boys, and no damage is reported. There were several very enjoyable parties in the city.

Miss Georgia Watkins, who is studying in Columbia University, will complete work on her Masters degree at the close of the first semester. She is on leave of absence from the College.

SPECIAL TRAIN WILL BE RUN TO CLARENDON FRIDAY

A special train will go to Clarendon Friday on account of the Buffalo-Bull-dog football game.

One hundred students have bought tickets for the special train, and it will take twenty-five from the city to complete the number necessary.

The crowd will go to Amarillo on the 11:10 train Friday morning and will have a special train on the Denver. A special train will return from Clarendon to Amarillo in time for the 10:20 p. m. Santa Fe Friday night.

Davis Hill is looking after the train, and those wanting to go are urged to call him. The round trip ticket is \$6.46.

SPORT NEWS will be found on page 6.

IS TEACHER AND SUCCESSFUL BUSINESSMAN OF CANYON

STATES WILLINGNESS TO GET IN RACE AFTER DELIBERATION

Has Interest of the Boys and Girls of Northwest Texas at Heart—Understands State's Needs.

J. W. Reid of Canyon announced Tuesday night his willingness to enter the campaign for State Senator from the new District of the Panhandle. Mr. Reid is submitting to the appeals of his many friends in getting into the race.

Mr. Reid is probably as well known as any man in Randall county, and is one of the outstanding men of the Panhandle. Owing to his school and business activities, he has a large number of friends in all sections of the Panhandle who have been urging that he get into the race for State Senator from the new district which was created by the legislature, composed of counties north of the south boundary lines of Parmer, Castro, Swisher, Briscoe, Hall and Childress counties.

Mr. Reid came to Canyon in 1910 as a member of the faculty of the College when it first opened. He has continued on the faculty until last year when business interests caused him to resign his position. During the time he was connected with the College, he met thousands of students who are now over the district, and were anxious that he might get into the senatorial race.

Mr. Reid has not only been a highly successful school man, but he has likewise been successful in business. He is interested in the First State Bank and in the Thompson Hardware Company, being a director in each institution. He takes a vital interest in the upbuilding of all the Panhandle country.

Mr. Reid believes in the people of Northwest Texas. He has visited every section of this territory, and knows the needs of the people. He is likewise well acquainted with the outstanding needs of Texas as a whole. He has lived in Austin and knows the men in authority there. He understands the workings of our state machinery.

If J. W. Reid is elected by the people of this new district to represent them in the next legislature, they will not be disappointed. He will go to the senate free from ambitions of personal gain and will stand only for those things which shall build a greater Texas. His burning desire is that the boy's and girls have the best opportunity to make the most of life. He is a man in whom men are not afraid to put their trust because they have found him an honorable Christian gentleman.

The many friends of Mr. Reid in Canyon and elsewhere in the district will wage a strenuous campaign for his election. No other candidate is in the field, but no matter who comes out, the district will be thoroughly covered in order that the people may have the facts concerning the true worth of J. W. Reid when the time comes to cast the ballot next July.

STORK SPECIAL

Born to Mr. and Mrs. J. W. Wooten a son, October 19.

C. H. Jarrett went to Dallas Sunday on matters of business.

Henry Long Refused Bond for the Killing of Wallace Recently

The attorneys of Henry Long asked for bond for their client last Thursday in the district court of Potter county, which Judge Henry S. Bishop denied.

Notice was given of appeal to the court of criminal appeals in an effort to obtain bond for Long, who is being held under indictment for murder in the Potter county jail. Long shot and killed John Wallace—of this city in Amarillo two weeks ago.

Two Penitentiary Sentences Affirmed From This County

The Court of Criminal Appeals affirmed two cases from Randall County last week, in which two men were sentenced to the penitentiary for a term of one year each.

The liquor case against John Turner, justice of the peace from Umbarger, was affirmed. A motion was made for a rehearing for the case.

The liquor case against Bob Bethune, which was tried in Amarillo on charge of venue from this county, was also affirmed.

The papers ordering these men to prison have not yet been received by the local county.

ENTERTAINED WOMEN OF TOWN

The Methodist Missionary Society entertained all of the women of the other churches Tuesday afternoon from three until five o'clock. The following program was given:

Song—He Leadeth Me.

Scripture Reading—Mrs. C. W. Warwick.

Prayer—Mrs. M. M. Beavers.

Reading—"Story of Patsy"—Miss Mary Morgan Brown.

Violin solo—Beethoven's Romance in F—Miss Mary L. Clark.

Address—Mrs. T. C. Delaney.

Solo—"Just Be Glad"—Miss Ada Clark.

Henry Bradford has bought the residence of R. A. Campbell on East Evelyn street. Possession will be given on Nov. 20th. Mr. Campbell states that he has not made his future plans.

Mr. Bradford recently went to Arkansas, but returned to Canyon as he found this the best town in the Southwest to make his home.

CHRISTMAS CARDS

The News is receiving large shipments of Christmas cards for the selection of the people of Canyon. Don't put off the selection of your Christmas cards until the lines are broken and the best cards are taken. See us at once.

ONE HUNDRED MORE STUDENTS IN THE COLLEGE DEPARTMENT FOR THE YEAR THAN ENROLLED DURING 1922-3

Armistice Day will be observed in Canyon this year on Monday, November 12th, in a general program of celebration.

There will be a program at the College on the morning of November 11th, at which time all the churches of the city will join in the regular Sunday morning service at the Auditorium.

The College, public schools and all business houses will be closed for the celebration on Monday.

The program on the 12th is largely in the hands of the Woman's Auxiliary. A monster parade will be staged during the morning hours, in which every organization in Canyon will be asked

to participate. Decorated floats of various kinds will be in the parade, and all business houses are asked to participate with floats fitting for the occasion.

The College Band will furnish the music for the day.

At the American Legion Hall, the Auxiliary will have an exhibit with various kinds of booths.

Canyon had the largest celebration on the Plains on Armistice Day last year, and from all indications the celebration will be larger this year. All of the ex-service men of Randall and surrounding counties are invited to join in the celebration on Nov. 12th.

ARMISTICE DAY TO BE OBSERVED IN CANYON ON MONDAY, NOVEMBER 12TH BY A MONSTER CELEBRATION

According to figures available at the College, there will be at least one hundred more students enrolled for College work in the West Texas State Teachers College during the present year than were enrolled during the last regular session of the College.

At the first of this week there were 483 students doing exclusive college work. This is one more than the total enrollment in the College last regular session.

Owing to the large number expected to enroll at the beginning of the winter and spring quarters, it is quite certain that the total enrollment of exclusive college students will be at least one hundred more than the total enrollment of last year.

NICK HOLLENSTEIN DOING WELL

Mrs. Nick Hollenstein received the following letter on Oct. 17th, regarding her husband who was sent to Dallas recently for treatment for insanity as a result of an injury he received when thrown from a horse last spring:

"Mr. Hollenstein has been getting along fairly well the last three or four days and is feeling tolerably well this morning. He, of course, is not anything like well, but I think he is doing about as well as could be expected in this length of time."

Mrs. Grady Oldham and children are at Willis visiting at the home of her parents. They will likely be gone for a month.

Foreign Advertising Representative
THE AMERICAN PRESS ASSOCIATION

The big movie corporations are closing down with a determination of cutting production expenses. The American public went wild over the movie, and consequently the producers went wild in their determination to satisfy the public. As a result prices jumped sky high. The movie business was the best paying business in the world. Persons with a face easily "shot" or a stunt a little different was sought after and paid fabulous prices. Screen stars arose in a day. A six-year-old kid was paid more for a year's work than some of the best business men have been able to accumulate in a life time. But like all bubbles this top heavy expenditure must cease. The end has come, and the pictures may be expected to operate on a business like basis of value received in the future.

E. I. Hill of Sweetwater has bought the Tahoka News from R. B. Haynes, who has published this paper for several years. Mr. Haynes is retiring from the newspaper game for the present, but will probably soon drift back. Mr. Hill is a brother of President J. A. Hill. He was a publisher of newspapers in West Texas for several years, but for the past four years has served as district attorney in the Sweetwater district. His son, Frank Hill, is editor of the Prairie, and another son, E. I. Jr., was employed on the News during the past month while we were publishing the special edition. Mr. Hill will be welcomed back into the newspaper game by the publishers of Northwest Texas.

The Hearst newspapers devote columns daily in the attempt to keep the United States out of European affairs. It is all right not to meddle with your neighbor's affairs if they are of no concern to you. But with your next door neighbor's house on fire and the wind in your direction, it is folly to sit calmly by and trust that "God Bless Our Home" will save you from ruin. The affairs of the world are too much interlinked, one nation with another, that one continent can go down to ruin without affecting the other continents.

The Amarillo Daily News is starting today the publication of the Evening Post. Two papers have failed several times in Amarillo. Two papers published from the same plant will be less expensive than two papers under separate management and with separate plants. If Amarillo needs two daily newspapers, the present arrangement is by far superior to the one of competition between two separate papers.

Canyon must go out and show the world the resources of Randall county and the possibilities of this city as an educational center. The world will not come to see us until we invite it and insist that it come. Canyon has a wonderful possibility for future development with all the citizens working hand in hand.

The transportation for the Canyon schools has been given a most thorough test this fall. If transportation can stand up under such conditions as has been confronting the district, there is no doubt of the success of transportation under ordinary conditions.

Senator Underwood may expect Texas to help him, as a sort of neighborly affair, but Texas will refuse the honor, with thanks. Underwood is a good fellow, but he is too wet, and from the wrong end of the country to ever become president.

If Canyon becomes a bigger and better town, Canyon people will have to make it bigger and better. Outside people and outside money will not be invested here to make it any better. Canyon people have a job on their hands to put over the job.

Northwest Texas won most of the big prizes at the Dallas fair. Unfortunately Randall county did not have an exhibit at the Dallas Fair, or one more east Texas county would have been crowded out of the money.

The Canyon Eagles are soaring. Watch 'em. They are winners.

The business men and professional men of Canyon have raised a sufficient budget to start work on a real Commercial Club with a paid secretary. This does not mean that the finance committee has stopped work, but will continue until every man in Canyon has been seen. Every property owner in Canyon should be a member of this organization. The work that a commercial organization does is for the benefit of the property owners of the town. The farmers of Randall county should take a part in the work of the organization; every family that comes to the county, and every enterprise that makes Canyon a bigger town helps to increase land values in Randall county. A few dollars invested yearly by each property owner in Randall county in a live commercial organization will bring big returns. Support Your Commercial Organization.

The Yellow Jackets chased back to their nest; the Lobos trapped and mounted; the Cowboys gored to death; Bulldog weanies Friday—Hot Dog—Watch the Buffaloes, the majestic rulers of the Plains.

The weather has been cranky for so long that it would seem natural to have it act decent for a little while.

CITY DEVELOPMENT IN WHICH ALL JOIN

Plainview News: Now comes the news that Cisco has decided to have her commercial organization styled the Cisco Chamber of Commerce, supported by money from Taxes. The body is to be composed of fifteen members appointed by the city commission. We believe that Cisco is making a mistake in having such a large membership, for a compact body of five or seven generally will accomplish more than a large body.

Cisco is making no mistake in maintaining an organization in funds for which come from the general tax budget. This plan distributes the cost of city development. All who own property in the city will then pay their proportionate part of the cost of city exploitation and development and continuity of effort is assured.

Our own Board of City Development, similarly maintained, has time after time proven the wisdom of this plan. We doubt if there are many citizens of Plainview who would for a minute consider changing the composition of this body or the plan for sustaining it. Serving without remuneration, Plainview has at her command men of the highest type, men of vision, men who have been a success in their own business, men who are anxious to develop and to build Plainview. Our Board of City Development is one of the best organizations the city has, municipal or private.

BILL BOOSTER SAYS

ONLY BE A SCISSORBILL! HE'S A STIFF-NECKED OLD GUY WHO SAYS 'WHAT WAS GOOD ENOUGH FOR MY OLE GRANDPAP IS GOOD ENOUGH FOR ME!' PROGRESS HAS STEAM-ROLLERED OVER THE NECK OF THE SCISSORBILL FOR YEARS, WHICH IS WHAT MAKES HIS NECK STIFF!

YES, THEY READ 'EM

In a recent report published in Editor and Publisher, and from the evidence gained by the Des Moines Advertising Club, it is shown that 98 per cent of newspaper readers read advertisements and 84 per cent have faith in their truthfulness. These returns were received on a questionnaire answered by 600 shoppers at Des Moines.

Eighty-six per cent of those who replied thought newspaper advertising the most effective. Truthfulness and clearness are the most appealing elements in an advertisement, attractiveness next, and the opportunity for saving money third, was shown according to the answers.

The departments of a newspaper, in the order of their interests to the reader, were indicated thus: Local news, national news, editorials, advertisements, personals or social news, comics and sports. Women represented two-thirds of those who filled out the questionnaires.

We agree with Mr. Bryan that at least it is hard to find in playful monkeys the beginnings of a long story that man has written in blood and tears.—Boston Herald.

The police are trying to track down a Continental gang which is supposed to be making money in this country. Business men would like to have the recipe.—Punch (London).

Judging from the conduct of some of the elders, the age of discretion is childhood.—Asheville Times.

High words and low language are usually not far apart.

SUPERFLUITY

No one really desires superfluous things, yet most people are bothered by the possession of them and even by the necessity of striving to accumulate them. The competitive instinct is chiefly responsible for the ordinary man's failure to cope with the problem of superfluities. Pioneers in the woods or on the plains have never been troubled by such a problem or interested in it. But when people live in communities and have a more or less artificial or conventional social life superfluous possessions assume a certain dignity and importance. Indeed, one of the difficulties that confront people in modern civilized life is to decide what is really superfluous and what is not. And many people, even though they are able to decide the question for themselves correctly, lack the courage of their convictions.

To economize is to dispense with the superfluous. But superfluities do not consist only in tangible objects—glassware, silverware, jewelry, for example. Some of the most troublesome superfluities are emotional. Gusty wrath over trivial matters, violent partisanship in remote or unessential causes, are superfluities that people who may be extremely economical, even peevish, in some directions often permit themselves. Anger is seldom valuable as a stimulus. It rarely always does the person who feels it more harm than good. It is one of the superfluities that in the ordinary relations of life experienced persons find it wise to dispense with.

Undisciplined people are constantly suffering from a superfluity of emotion. They make life hard for others as well as for themselves.

The peeved London financier who says that America fiddles while Europe burns might at least have mentioned that Europe started the fire.—Macon Telegraph.

When the bride promises to obey, she waives her rights; but it isn't a permanent waive.—Arkansas Thomas Cat (Hot Springs).

"I am grown up. What must little children suffer?" says Dr. Frank Crane. Fortunately they can not all read.—Punch (London).

If he dodges jitneys, he is a pedestrian; if he dodges taxes, he is a financier; if he dodges responsibility he is a statesman.—Everett Herald.

BUFFALOES WHIP SIMMONS AND EAGLES TULIA

SIMMONS' OFFENSIVE WAS CRUSHED AND COWBOYS HAD TOUGH TIME DEFENDING HOME GOAL.

BY OLIN E. HINKLE

ABILENE, Texas, Oct. 26.—No one here asks where the seven B. S. U. delegates wearing W. T. S. T. C. pennants hail from—they're from Buffalo-dom, of course. A 6-0 victory well earned over the ever-touted Cowboys on Parramore Field this afternoon deeply impressed all Abilene and the four hundred and more students from twenty colleges and universities.

Throwing back the mighty thrusts of Simmons' backs and showing a fighting spirit that would not be downed, the Buffaloes caught the Cowboys unawares and out-played them practically the entire game. The Simmons team repeatedly failed to pierce the Teachers' line, while their aerial attack failed absolutely and led to Merle Goodwin's 27 yard run for the lone touchdown.

The Buffaloes' through their alertness and ability to take advantage of the many breaks of the game kept their goal out of danger and disheartened their heralded stronger opponents. Though every play broke with terrific force, there were no penalties except for players being offside.

Day Is Cold.

It is nearing three o'clock. Green-capped Simmons "silms" are arriving and under the instruction of better informed upperclassmen are arranging the bleachers. A damp wind is blowing and it is foggy and cold. Here and there on the campus are approaching small groups of students, their brilliantly colored clothing and pennants making a pleasing picture against a background of buildings and a foreground of green grass and red sand. Couples look for dry places in the stands, but soon stamp about in an effort to keep warm.

See the Band.

Gaily bedecked in gold sashes, purple shirts, tan colored chaps, and Fort Worth size hats, the famous Simmons Cowboy Band heads in at the gate loudly proclaiming the news that Simmons' ol' gray mare ain't all she usta be. Students wearing sweaters and pennants of a dozen colleges are filling in at every gate. Red balloons are the rage. Every girl has one. Occasionally a balloon bursts and shrill screams are added to the din.

All essay some kind of ejaculation as the somber-clad Cowboys come at a rapid trot from their gymnasium, headed by Captain Adams. The team starts signal practice. It rushes forward mightily, making long gains against a supposed opponent.

Watch the Rah Rah Boys.

Yell leaders dressed in Simmons colors of purple and gold muster fifteen rahs for the Cowboys. They expect some touchdowns, yes—they "want a touchdown," but this is to be denied them today.

Here come the trim Cadets from A. & M., doing squads right and yells wrong; they are betting on Simmons. But not all are agreed on the winner and some decide to root for both teams. Noisy greetings are flung across the field. The band joins in. It is more than a musical organization. It rahs, hoots, laughs, or imitates a tornado on demand.

Yea, Buffaloes!

Interest shifts as a maroon line trots through the gate. Quiet determination marks every movement. Eleven Buffaloes snap into line and the rest try their skill in passing. Coach Burton and Mr. Shirley follow leisurely and watch maneuvers.

Amid the deafening roar of the band and cheering, Captains Adams and Johnson are deciding a little preliminary feature via the heads or tails route. Adams wins and chooses to kick, while Barto with a don't-care expression says that the Buffaloes will migrate northward. The ball is soon jauntily elevated on a mound of red earth, the team captains signal ready, and the game is on.

Quarter the First

Ferguson gathered in the ball from kick-off but made no return. Johnson snapped up Simmons' fumble and a series of bucks by Burson and the Twins, with a Cowboy offside, placed the ball on the four yard line. In the shadow of its goal Simmons' line stiffened and the ball went over. The Buffaloes worked slowly down the field but stopped when the Baptists held near their goal line. Burson and M. Goodwin carried the ball to Simmons' 38 yard line, where Simmons took the ball and started offensive play. Exchange of punts were frequently and slightly in Simmons' favor. Captain Johnson held his line in close formation and stopped Camp on the 30 yard line as the quarter ended. Canyon 0; Simmons 0.

Quarter the Second

Simmons made first down. With the ball on their four yard line, the Buffaloes smeared every end run and Camp vainly struck an unyielding wall. The ball went over. There followed the most sensational advance of the game. Mitchell carried the ball from his own goal line and was 47 yards down the field before he was downed. Simmons finally stopped the onrush of the herd, but fumbled on attempt to punt on her 10 yard line, losing the ball. Burson covered 5 yards. Here a pass over the goal line lost the ball on the second down and the play probably cost the Buffaloes a touchdown.

Kimbrough opened up a passing attack that led to defeat when M. Goodwin pulled down a heave and ran 27 yards without opposition. Camp broke up the try for an extra point. Jenkins kicked off 55 yards. After see-sawing about for several downs the teams started passing again. Then a Cowboy fumbled and lost 10 yards. Burson missed a goal from placement. Simmons 0; Buffaloes 6.

Quarter the Third

The Cowboys came back strong in the second half. Kimbrough made some beautiful gains. An exchange of punts after ineffective line plunging followed throughout the quarter. Simmons 0; Buffaloes 6.

Quarter the Fourth

Simmons tried desperately to score in the last quarter, making good gains a number of times, but the Buffalo defense was too strong. Mitchell, given good protection, punted well and the backfield constantly launched a strong offensive when given the ball. The struggle was halted in mid-field, W. T. S. T. C. holding the ball. Score: Simmons 0; Buffaloes 6.

Camp Played Well

Camp played his usual brilliant game at fullback, and in the latter part of the game brought the crowd to its feet when putting his entire force in a plunge made 10 yards with almost no interference. Captain Adams was in almost every play. He played in the line most of the game, but later was shifted to his old position at fullback.

Burson Mentioned

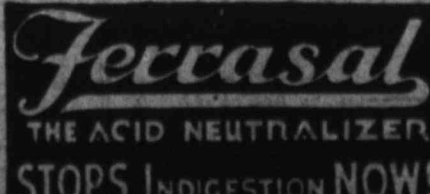

Grady Burson is mentioned in local sport pages as the best ground gainer and given credit along with the Goodwin Twins for the single score. The line has received much praise for its tireless defensive work, especially in stopping the Camp-Adams combination and smearing end runs. Herrm and Bivins stepped into the Twins' shoes early in the second half and snapped up every opportunity to gain an advantage. Jenkins had trouble in holding the slippery ball, but on the

MAN ALMOST DIES FROM CARBUNCLES

"Excess acid got into my blood and carbuncles broke out all over my body, causing me to suffer intensely. This condition was chronic and I had carbuncles for over a year and seven months. FERRASAL relieved my stomach from the very first dose. In less than a week's treatment all signs of carbuncles had ceased to appear. In less than three weeks all my carbuncles were well and I have not seen a sign of one since."

E. L. MATHEWS.

Exes at Game

Among the ex-students who attended the Simmons-Buffalo game was Ira J. Allen, who is President of the B. S. U. Council at Texas University. Texas sent a delegation of prominent students and succeeded in landing the 1924 Convention. Ira made the first speech of invitation and carried the convention with him. He is perhaps the most outstanding Baptist student in the State to-day.

With the Texas crowd was Andrew Allen, now Secretary to Pastor Anlick of the University Baptist church. Andy had difficulty in heading south after watching the Buffaloes.

E. M. Barnett met the local representatives at Sweetwater, but because his high school squad had a game he was obliged to go with that team. Barnett is principal of the Sweetwater High School.

R. S. Miller was a delegate from the Baylor College of Pharmacy at Dallas. Dolphia Carmack is attending McMurray College.

Vernie Newman is teaching English in an Abilene grade school.

John Alvis is now enrolled in Simmons College.

Emma Wilson will soon go to a position in Colorado.

Harper Allen and Alvis Lynch were very much in evidence along the side lines during the game. They are popular among the students of Abilene High and have their positions well in hand.

Innumerable greetings and best wishes were given W. T. S. T. C.'s delegates, who are endeavoring to remember them all and deliver the messages to the right parties.

Rusty nail wounds, festering sores, burns and scalds heal rapidly when Liquid Borozone is applied. It is both antiseptic and healing. Price, 30c, 60c and \$1.20. Sold by City Pharmacy. 315

Goodwin Twins Will Not Play in Clarendon Game on Friday

The Goodwin twins will not play with the Buffaloes at Clarendon Friday unless the question of eligibility is cleared before that time. Coach S. D. Burton stated yesterday that the Buffaloes were not going to start men in the game over which there was any question of eligibility.

The twins were pulled from the Simmons game Friday when a letter was received from Clarendon regarding their eligibility. These boys played with Clarendon College last season. The Clarendon College certified to their standing with that school, and everything was thought to be regular in their work. Now comes up a question regarding their standing while attending the Paducah high school.

The Buffaloes have never played men who did not meet all of the qualifications set out by the T. I. A. A. Until the question of the twins has been disposed of, they will not be in the lineup.

The Buffaloes will leave this afternoon for Clarendon where they will play Clarendon College Friday afternoon.

Yearlings Play the Amarillo Hi Team Tie Game 7 and 7

The Yearlings went to Amarillo Saturday and met the Amarillo high school Sandstorms. The game was a tie score 7 and 7.

A large delegation of Canyon rooters accompanied the Yearlings. The Yearlings clearly outplayed the Sandstorms and should have won the decision.

A return game is being arranged to be played in Canyon soon.

Hears of Game Via Radio Route

Mrs. Ritchie, mother of ex-student George Ritchie and sister-in-law of Miss Jennie C. Ritchie, Dean of the Normal High School, writes from Stanford, Kentucky, where she is visiting, that she got the report of the victory of the Teachers College over the University of New Mexico last Saturday evening over the radio.

ANDERSON LOST FIGHT
Homer Anderson of this city lost his fight with Young Fitzsimmons in Amarillo last Friday night. After having been knocked down three times, Anderson conceded the decision to Fitzsimmons in the sixth round.

Registrations of motor vehicles in the United States have increased from 3,512,906 in 1916 to 13,002,427 on July 1, 1923.

CANYON HIGH SCHOOL STEPS UP TOWARD DISTRICT CHAMPIONSHIP TULIA DEFEAT—HEREFORD NEXT

The Canyon High School Eagles are one of the outstanding contenders for the championship of District No. One of the Interscholastic League of the State, and went up another round Monday by defeating the strong Tulia high school team by a score of 32 to 6.

Hereford is the next battle with the Eagles. This game will be played in Hereford Saturday. The Eagles defeated Hereford early in the season in a practice game, but Hereford is reported to be much stronger at this time, and a hard battle is expected.

The Eagles have eliminated Tulia, Dalhart, and McLean. McLean held the Amarillo high school team to a scoreless game. The Eagles have battled the Yearlings in scrimmage, and are reported to be on a par or better than this team. The Yearlings tied Amarillo Saturday 7 to 7. Prospects were never brighter for the Eagles to win the district championship than this year. The squad is a hard working bunch of youngsters, who have in mind only winning every game of the season.

The game with Tulia was scheduled for Saturday, but owing to the continued downpour of rain the team did not attempt to go Saturday, and the game was postponed until Monday. The roads were in very bad condition, and the team did not arrive until three o'clock, being well fagged out from the hard trip. The game was played on a soft, muddy field.

The Eagles scored three touchdowns in the first half and two in the second half. Buster Brown went over for the first touchdown on a pass. Floyd Callahan carried the second over on a pass. Alton Key carried the other three touchdowns over. Three goals were kicked.

The only score of Tulia came in the

final period when Coach Webb had pulled many of the first string men, and Tulia made the score.

The local line was working fine, and held every smash and every attempted end run. Tulia was only able to gain through the air, and even then many passes were intercepted.

Coach Webb states that the very best spirit existed between the teams, and very courteous treatment given his men. The Tulia coach complimented the Canyon team for their clean playing.

W. E. Lockhart was referee and Nay Hale was umpire. The team is hard at work this week, getting ready for the Hereford game Saturday.

A woman, eighty-eight years old, has made application to the Department of the Interior to be permitted to homestead a tract of public land in Colorado.

REGARDING OUR SPECIAL EDITION

RANDALL COUNTY NEWS

Amifillo News: The Randall County News issued a civic and county improvement edition, Thursday, Oct. 25, containing 48 pages in six sections. This was probably as good an edition as ever issued by a weekly newspaper in the Panhandle.

Not only was the typography pleasing, but the edition was well-illustrated with Canyon and Randall County photographs. These were of course enough screen that they printed unusually well on news print.

The Daily News believes that 1,000 copies of this edition distributed by the Randall County Commercial League and the citizenship generally to persons outside the regular trade territory would do far more good from a publicity standpoint than \$1,000 or \$2,000 spent on a high grade booklet. And it is probable that a 1,000 copies could have been purchased and mailed for 100 to \$125 or \$150.

Childress Index: The Index has received a copy of the special edition of the Randall County News, comprising 48 pages. The editor designates the issue as the city and county improvement edition. It is well filled with illustrations of the city and county, as well as being well patronized by the business men of the city. Such editions require a great deal of work, but they are of immense benefit to the communities.

October 27, 1923.

Mr. C. W. Warwick, Canyon, Texas.

Dear Mr. Warwick:

The special County and City Improvement edition of the Randall County News, received to-day, is a very creditable issue. It is remarkably well balanced and well printed, the cuts being clear and bright throughout.

It speaks well for Canyon and Randall County that it has a print shop, capable of getting out such a large and well printed newspaper. Your plant has undergone a wonderful improvement since I first saw it in 1915. We sometimes think that we are not

making any progress, but though I have been on the frontier much of my life and have seen a number of new sections develop, I have never seen any district make such marvelous growth as has this territory, including Randall County. This of course is due to leadership and the newspapers that have understood the problems of their communities and called attention to the opportunities offered.

Your special edition will do much to promote the further growth of Canyon and Randall County.

With best wishes for your continued success, I remain,

Very truly yours,
A. M. HOVE.

Plainview Herald: A forty-eight page edition of the Randall County News tells of the recent improvements in Canyon and Randall county. Canyon has recently paved several blocks of its streets, erected a new high school building and a general program of improvement is being pushed by the Randall County Commercial League. The edition is profusely illustrated and is a splendid piece of typography and press work.

October 27, 1923.

C. W. Warwick, Editor
Randall County News,
Canyon, Texas.

My Dear Warwick:

Your City and Improvement edition—a 48 pager is nothing short of wonderful—you certainly go out and get it where it ain't! All departments of the edition are excellent—the cuts and the neat appearance of all the shop work stands out finely—a criterion for other sheets.

The biggest strongest lift Randall County ever experienced.

Wishing you more power and the support of a united community, I am,

Your friend,
CLAUDE WOLCOTT.

If the bowels do not act regularly, assist them with an occasional dose of Herbine. It is a fine bowel tonic and laxative. Price 60c. Sold by City Pharmacy.

Poor Eyes No Handicap For Canyon Star

Mitchel Jones weighs 144, he cannot see very well without glasses, but he is one of the outstanding men in the line on the West Texas State Teachers College Buffalo squad which is making such a desperate battle for T. I. A. A. honors. Mitchel earned his letter one year and he has to date qualified for a letter on the '23 Buffalo squad. He plays guard and holds his own against men that outweigh him many pounds.

His story is one of pure bulldog tenacity. He is called by those who watch his playing, Bulldog Jones. He is game to the last core and has been a factor in many of the games played by the Buffaloes. When he first came out for football in 1919 he was conceded a small chance of ever making even the Yearling team. He has been a Buffalo two years. Despite his defect in sight he has a good record and it is believed that by his senior year he will have a high record. Mitchel has coached one year. He is eligible to two more years on the Buffalo squad. His fight and tenacity will surely put him there.

Jones has in the line another player of the same type in Roy Golden, who is a fighter from the word go and has earned a place in the hearts of the followers of the Buffalo for his fighting game played at tackle. It is said that Golden and Jones have never been knocked out. It is known that they were never jerked because they were not fighting at top speed.

A mid-western paper reports one of the most "vicious circles" we have chanced to read about. A young man worked hard, saved his money and bought a house. Then he and his wife decided to buy an automobile. They mortgaged the house to buy the automobile and lately had to mortgage the automobile to pay the interest on the mortgage on the house. That spiral truly winds to a tight place.

THINGS TO LEARN

Someone has suggested eight things every girl can learn before she is fifteen. Not every girl can learn to play, sing or paint well enough to give pleasure to her friends, but the following "accomplishments" are within everybody's reach: Shut the door, and shut it softly; keep your room in tasteful order; have an hour for arising, and arise; learn to make bread as good as a cake; never let a button stay off twenty-four hours; always know where your things are; never let a day pass without doing something to make someone else comfortable.

This is the gospel of labor (ring it, ye bells of the Kirk);

The Lord of Love came down from above to live with the men who work.

This is the rose that he planted here in the thorn-cursed soil;

Heaven is blessed with perfect rest, but the blessing of earth is toil.

—Henry Van Dyke.

BOTH COST THE SAME

An insurance agent was filling out an application blank. "Have you ever had appendicitis?" he asked. "Well," answered the applicant, "I was operated on, but I have never felt quite sure whether it was appendicitis or professional curiosity."

Just how big a city can grow has long been a subject of speculation. Some persons think that the metropolitan area of New York City will eventually have a population of twenty or twenty-five million people. But the census figures of the County of London show that in the years from 1911 to 1921 inclusive the rate of increase of London was only 3.2 per cent, whereas the rate of increase in the rest of the country was five per cent. They show too that in those years there was an actual migration from London of 320,000 and that for the first time in centuries there is a decided tendency of humanity away from the metropolis. Perhaps Greater London with 7,500,000 has about reached the limit of its growth.

MARTIN VARIETY STORE

OUR MOTTO:—THE BEST FOR LESS

We have been in business in Canyon long enough to prove to the citizens of this town and of the surrounding country who have been frequent visitors and customers of our store, that we not only carry a line of good merchandise, but we sell it to them at prices not usually obtainable in a town of this size.

As a result of, and in appreciation of your splendid patronage of us, we make the following offer to you. During the month of November for every \$30.00 purchased in this store we will give a check for which \$3.00 worth of merchandise can be bought. The \$30.00 purchase can be spread over the entire month of November. Do not miss this opportunity to save money.

This week we are offering you the best bargains in wool and cotton hosiery and gloves for men, women, and children that we have ever had. Come in and let us show you what we have.

BACKACHE IS DISCOURAGING But Not So Bad If You Know How to Reach the Cause.

Nothing more discouraging than a constant backache. Lame when you awaken, pains pierce you when you bend or lift. It's hard to work or to rest. Backache often indicates bad kidneys. Canyon people recommend Doan's Kidney Pills. Ask your neighbor! Read this case:

Mrs. G. A. Jones, Canyon, says: "Through the small of my back was a steady, bearing-down pain and it was so sore I could hardly stoop to pick up anything. At night my back was so sore and ached so I couldn't sleep at all. I also had awful dizzy spells and headaches. My kidneys were weak and troubled me, too. I bought Doan's Kidney Pills from the City Drug Co., and three boxes cured me of every symptom of the trouble."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Jones had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

M. C. and J. S. Sluder and T. J. Dunlap made a business trip to Amarillo Friday.

W. B. Franklin took a load of hogs to Tulla the last of the week.

Mr. and Mrs. W. I. Lane and sons accompanied by Miss Irene Crawford, visited relatives and friends at Canyon Saturday and Sunday.

Mrs. L. J. McGehee and son Kelly, of Canyon spent the week end with home folks at Wayside.

Otto Langsten is back after several months absence.

Mr. and Mrs. Abe Collins and Ed Collins of Oklahoma City visited with their niece, Mrs. Jane Holland and family from Saturday until Monday. They left for Amarillo where they intend to go into business soon.

We have been having some chilly weather lately; have had some ice and light frosts, but not enough to damage feed. The ground is drying and with no more rain the farmers expect to get a large per cent of their row crops-cut in the next few days. Wheat sowing has been delayed, but a large acreage will be put in as fast as they can get to it.

Plans are being made for a Halloween party at the school building Wednesday night, Oct. 31. The public is invited. Those inclined are requested to wear masques.

Mrs. W. C. McGehee and W. R. Franklin have been on the sick list with colds, but are better.

A few days of sunshine was much appreciated, but rainy misty weather began Tuesday morning. 24 hours later still the same, unsettled state of weather.

J. T. McGehee and wife made a trip to Canyon Tuesday, returning same day, bringing Bill Stockett and wife with them.

Mrs. Macie Stockett has been employed as operator for Wayside Telephone Co. We have connection with Happy.

Every child is entitled to at least a high school education and a trade.—James J. Davis.

Lieutenant Sanderson in a Wright fighter made 250 miles per hour.

Vernon Loses Suit to Erect Light Plant Municipally Owned

A decision which some believe will affect practically all of the incorporated cities of the state, was rendered in the Amarillo Court of Civil Appeals, Thursday, when the higher court reversed and remanded with instructions that a temporary injunction be granted by the local court, pending final hearing, of the case of the Texas Electric company vs. the City of Vernon, et al.

This case was occasioned when the Texas Electric company sought to enjoin the city of Vernon from the erection of a municipal light plant. The lower court refused to grant the injunction but the higher court reversed and remanded that decision.

The case is of particular interest since the higher court held that the mingling of city funds, the failure to take competitive bids for city work, improper bookkeeping by the city depository and the expenditure of funds exceeded the current revenue are all unlawful.

The court held, first, that the city of Vernon having bought \$24,000 worth of engines for the light plant without due advertisement and competitive bids has violated the city charter; second, that in paying for the them the evidence showed that the city delivered to the company from which the plant was purchased \$15,005 worth of Vernon street improvement bonds and \$10,000 worth of Vernon water extension bonds, the higher court held that this was a diversion of those funds not provided by law; third, it was shown by the evidence that in keeping the moneys of the city, the city depository kept all of the moneys in one account instead of keeping each fund separate and this was held to be a violation of the law, fourth, it was shown by the evidence, according to the findings of the court, that the city issued four \$10,000 warrants to take up outstanding overdrafts of \$20,000 and an equal amount of cash, the court held that in so doing the city had exceeded the reasonable approximate revenue of the city and that they were not entitled to do more than anticipate the revenues of the city and above the customary expenditures of the city.

Randall Ex-Students Hold Annual Meet

The Randall County Ex-Students Association of the West Texas State Teachers College met in business session October 25 in room 211 at the College. The following officers were elected for the year.

President—Anna I. Hibbets.
Vice-president—Tennessee Malone.
Secretary—Ruth Lowes.
Treasurer—Golda Fern Graver.
Reporter—Mrs. J. J. Powell.

The president appointed a committee to make necessary arrangements for a benefit picture show to be given at the earliest date possible. Mrs. Montfort, Chairman, Miss McClesky, and Miss Hill were selected.

Another committee consisting of Sarah Park, Chairman, W. D. Cox, Ruth Knight, Mrs. Kathleen Bishir, and Mrs. Brown, was appointed to prepare a list of the names of ex-students who are now living in Randall County.

Plans for the year were discussed in a general way. Mrs. Montfort was asked by the president to confer with the instructors of the Expression Department concerning any available play or plays that might be presented to the public for the benefit of the Randall County Ex-Students Association.

STUDENTS ADVISORY COUNCIL

At a meeting of the Students Advisory Council with President J. A. Hill last Friday afternoon, October 26, Mr. Hill outlined the object of the Council and explained the ways in which the student body can co-operate with the faculty to an advantage. He used specific examples to illustrate the line of work the Council is to pursue throughout the year.

As subject matter for the next meeting President Hill suggested that the members of the council enumerate the six best qualities of the institution and the six weaknesses that most needed correction.

Miss Zelma Red was elected president of the Council and Miss Myrtle Miller secretary. The Council unanimously voted to meet at 4:30 on the second Tuesday of each month.

The following are the members of the Council: Zelma Red, Senior; Everts Haley, Junior; Nay Hale Sophomore; Harry Delaney, Freshman; Annie Mae Collins, Second Year Normal; Zant Scott, First Year Normal; Annette Guenther, Elapheian; Felix Phillips, Antier; Myrtle Miller, Scesame; Olin Hinkle, Cousins; and Mrs. Byrd (temporary), Y. W. C. A. Miss Graham, Miss Boulware, Mr. Allen, and Mr. Fronberger meet with the Council.

The design is to be changed on a lot of our small bills, but Europe will have the same old designs on our money.—Chicago American Lumberman.

Plainview Desires To Trade Off Free City Delivery

Childress has been notified that it could get free city delivery of mail if the people so desire. The Childress Post does not believe the patrons care for it, in fact it doubts if free city delivery is worth while. We can answer the question: Free city delivery is a costly luxury and nuisance in many ways. The extra cost of the carriers is undoubtedly paid by the local people, mostly the business interests, for under free delivery it costs 2c instead of 1c postage on drop letters, newspapers have to affix a 1c stamp on each copy they send to subscribers in the delivery district (this costs the News \$1.04 besides the extra time affixing the stamps on each yearly subscription), and often mail matter is not delivered until nearly twenty-four hours after its arrival. As far as the News and most of the business men of Plainview are concerned, we would pay Childress a bonus to take our free city delivery system.—The Plainview News.

FINISH CLUB HOUSE

The new Athletic Club House, situated east of the Athletic Field, is so complete in every detail that members of the Buffalo squad point to it with utmost pride. Although it is not completely finished, Coach Burton is making use of it. The finishing touches will soon be put on, and the colors of the school will be used by the decorators. A maroon body and trimmings of white will tend to make the true spirit of the Buffaloes radiate from the building's very foundations.

Inside, there are two separate dress-

ing rooms, one for the visiting teams and one for the home team, one shower bath room with six showers, one drying room equipped with ventilators and a circulating fan, and locker room with 60 steel lockers.

All the rooms are equipped with electric lights, hot and cold water, and drinking fountains. The building is heated by its own plant which also supplies hot water from a 200-gallon tank.

According to those who were in charge of the construction, this is a \$3,200 structure and has foundation and floor made of fifty per cent more cement than is ordinarily used. The total area of the building is 20 by 60 feet.

ATTENDED B. S. U. MEETING

Representatives of West Texas Teachers College returned Monday from the Baptist Union Convention at Abilene, which was in session from Friday to Sunday, inclusive. Delegates from the local B. S. U. were Misses Alma Burks, president of the B. S. U. Council here, Mary Dockery, Lillian Atkins, Kate Bullard, and Annie Mae McClure, and Messrs. Bryant Baker and Olin E. Hinkle. Miss Atkins will return to-day after spending an extra day with friends.

Olin E. Hinkle made an address before the B. Y. P. U. conference, discussing the "Enlistment of College Students." The delegates are enthusiastic in praising the spirit of the Convention and the splendid hospitality of Simmons College and the people of Abilene.

Now let's have a secret society solemnly pledging its members to mind their own business.—Walla Walla (Wash.) Bulletin.

Autumn styles are here. One season a woman's waist chokes her and the next it trips her.—Tacoma Times.

Rain Not Extended to All Sections of Country is Report

While the Panhandle has been flooded with 22.72 inches of rain since August 16th, it may seem strange to our people that the rain has not extended but a few hundred miles to the East.

It is reported that Arkansas has had but a few rains this fall.

Reports from Tennessee state that the drought there is unprecedented. Roads are so dusty that it is almost impossible to travel.

From the Atlantic coast states comes reports of unprecedented droughts. Factories all along the coast have been shut down for lack of water. Schools in Massachusetts have been closed on account of failing water supply. Water for bath tubs is refused in many eastern towns.

The Panhandle is not a bad place to live after all.

King Alfonso has six children. Now maybe you can understand why he doesn't jeopardize his job by speaking curtly to revolutionists.—Louisville Times.

Why deplore the passing of the dime novel? They are still published, the only difference being that you have to pay two dollars for them.—Philadelphia Inquirer.

The Puritans were a queer lot, but they didn't put on masks to go witch-hunting.—Parkersburg (W. Va.) Sentinel.

Miss Edna Bussell is teaching at Higgins, Texas.

A dividend-paying business utility—it carries its load day in and day out side the Ford One-Ton Truck has with a minimum of attention. Its ease earned for itself through years of reliable service in diversified lines. Limited areas about loading docks, warehouses and construction locations.

Powered by the famous Ford Model T engine through the Ford planetary transmission and special Ford worm gear, it brings to the business man for lowest possible expense for operation his delivery service the abundant and upkeep, it pays the highest dividend, reliable operation, and real ends on the investment of any economy for which the Ford product is notable everywhere.

These trucks can be obtained through the Ford Weekly Purchase Plan.

motor transportation equipment available to the business world.

KUEHN & FARLOW

Deeds Filed This Week Transferring Randall County Land

The following deeds as furnished the News by the Randall County Abstract Company, have been recorded in the County Clerk's office.

Ernest Housewright to Jick Housewright, southwest quarter and west half of southeast quarter, section 4, block M-6. Consideration \$3,700.
R. G. Oldham to P. V. Winstead, lot 4, block 67, Canyon City. Consideration \$100.

INTERMEDIATE B. Y. P. U.
Sunday evening, October 28, a number of young people met at the Baptist Annex for the purpose of organizing an Intermediate B. Y. P. U. Twenty-three young people were present and all of them joined the Union. Miss Edna Graham was chosen adviser, and she immediately took charge of the Union.

A short program was given. Miss Graham made an interesting discussion of "The Purpose of a B. Y. P. U." The following officers were elected: Adviser—Miss Edna Graham. President—Newton Crain. Vice-president—Reeves Donnell. Secretary and Treasurer—Gora Lena Bowman. Pianist—Lois Mangum. Choister—Aubrey Wimberly. Social Chairman—Estel Foster. The members are urged to be present each Sunday evening promptly at 6:30 o'clock. Bring a friend with you.

The Chinese are protesting against the impractical character of the education given the young Chinamen studying in America at the expense of the Boxer indemnity. They return to China with "nothing more than a store of book learning and superficial knowledge of American life to show for their long sojourn at government charge in the United States." China needs men who are willing to work—not aspirants for government jobs.

Despite its labor conflicts and lawless disorders, Barcelona is proceeding with an ambitious building program. Thirty-four apartment houses costing \$3,000,000 will contain, besides shops, between seven and eight hundred modern apartments; with freight and passenger elevators, and all modern conveniences.

Residents of Birmingham, Alabama, have an unsolved mystery in the invisible obstacle which prevented a flock of pigeons passing overhead from continuing a straight course. Time after time the birds essayed the passage, but at the particular point swerved and returned to renew the attempt. Whether it was fumes from a stack or a peculiar deflection of the wind from some building, or some other air current is not known.

John Knight Shields, former United States Senator, exclaimed in a recent interview regarding the coal settlement: "If this is a fair sample of President Coolidge's adjustment of strikes and labor troubles in the interests of the people of the United States, I hope he will not make any further efforts in that direction."

Italy wants to annex Fiume because so many Italians live there, but we have not heard that Palestine was going to try to annex New York.—Charleston Gazette.

Umbarger Notes

About 4 inches of rain fell here Thursday night.
Mrs. O. J. Podzemny and Mrs. V. Skypala have returned from south Texas where they have been visiting friends and relatives who live there.
The farmers are still unable to cut their row crops. If dry weather does not set in soon the frost will get the row crop that is not cut.

Frank Vorvald and family spent Sunday at the M. Hollenstein home.
Charlie and Walter Beckman spent Sunday at the B. Hess home.

O. J. Podzemny made a business trip to Amarillo Friday.

V. Skypala was a business caller in Amarillo Saturday.

Rudolf Michalick and Herman Popp, who have been working here this summer have returned to south Texas.

Senator Smoot now proposes a luxury tax. Fine, Senator, if you will get a reduction on the necessity taxes.—Natchez Democrat.

NOTICE OF SALE

Notice is hereby given, in accordance with the Revised Statutes of the State of Texas, that on the 15th day of November, A. D., 1923, I will offer for sale, for cash, at public auction and sell to the highest bidder, the following described property:

- One bay mare, with mule colt
- One black yearling mare colt
- One bay yearling horse colt
- One iron gray Shetland pony

to satisfy a pastured lien in favor of G. C. Holland on said stock, said stock having been placed with the said G. C. Holland by Fred Hake and charges having accrued thereon in the sum of approximately \$75.00, and as well as to cover pasturage on said stock up to date of sale.

Said stock will be sold at G. C. Holland's place on Section 5, Block 9, B. S. & F., Randall County, Texas, on the date above set out, between the hours of ten a. m. and four p. m.
3063 G. C. HOLLAND.

SHERIFF'S SALE

THE STATE OF TEXAS, County of Randall.
By virtue of an order of sale issued by order of a judgment decree of the 47th District Court of Randall County, Texas, by the Clerk of said Court, on the 14th day of September, A. D., 1923, in a certain suit No. 79 T Amarillo Independent School District is plaintiff, and H. B. Molyneux et al are defendants, in favor of the said plaintiff, for the sum of One Thousand Three Hundred Seventy Five and 00/100 (\$1375.00) Dollars for Amarillo Independent School District taxes, interest, penalty and costs, with interest on said sum at the rate of six per cent. per an-

num from date fixed by said judgment, together with all costs of suit, that being the amount of said judgment rendered in favor of said plaintiff by the said 47th District Court of Randall County, on the 7th day of August, A. D., 1923, and to me directed and delivered as Sheriff of said Randall County, I have seized, levied upon and will, on the first Tuesday in November, A. D., 1923, the same being the 6th day of said month, at the Court House door of said Randall County, in the City of Canyon between the hours of 10 o'clock A. M. and 4 o'clock P. M. on said day, proceed to sell for cash to the highest bidder all the right, title and interest of said defendant in and to the following described real estate, levied upon as the property of said defendants, the same lying and being situated in the County of Randall and State of Texas, to-wit:

All of a certain tract of land consisting of Three Hundred and Twenty (320) Acres, situated in Randall County, Texas; described as being the South One Half of Survey No. 121 Abstract No. 40 Certificate No. 676 the same being a part to the original grant to Adams, Beaty & Moulton, and of record in the Deed Records of said Randall County, Texas; to which reference is here made. For the years 1918, 1919, 1920 and 1921.

All of a certain tract of land consisting of Six Hundred and Forty (640) acres situated in Randall County, Texas; described as being a part of the original grant of Block No. 2 Adams, Beaty & Moulton, Abstract No. 1386 Certificate No. Survey No. 140, the same being of record in the Deed Records of said Randall County, to which reference is here made. For the years 1918, 1919, 1920 and 1921.

All of a certain tract of land consisting of Six Hundred and Forty (640) acres, situated in Randall County, Texas; described as being a part of Block No. 2 of the original grant to Adams, Beaty & Moulton, Abstract No. 1164, Certificate No. 626 Survey No. 120, the same being of record in the Deed Records of said Randall County, to which reference is here made. For the years 1918, 1919, 1920 and 1921.

Or, upon the written request of said defendants or their attorney, a sufficient portion thereof to satisfy said judgment, interest, penalties and costs; subject, however, to the rights of the plaintiff for any other or further taxes on or against said property that may not be included herein, and the right of redemption, the defendant or any person having an interest therein, to redeem the said property, or their interest therein, at any time within two years from the date of sale by paying double the amount paid for said property, and subject to any other and further rights of the defendant or anyone interested therein, may be entitled to, under the provisions of law. Said sale to be made by me to satisfy the above described judgment, together with interest, penalties and costs of suit, and the proceeds of said sale to be applied to the satisfaction thereof, and the remainder, if any, to be applied as the law directs.

W. C. BLACK, Sheriff, Randall County, Texas.
Dated at Canyon, Texas, this 3rd day of October, 1923. 2814

Rubbed into the skin for rheumatism, neuralgia, contracted muscles, sprains or lameness. Ballard's Snow Liniment goes right through the flesh to the bone, easing pain and removing the cause. It is a powerful pain relief. Three sizes, 30c, 60c and \$1.20 per bottle. Sold by City Pharmacy. 3115

SHERIFF'S SALE

THE STATE OF TEXAS, County of Dallam.

In the District Court of Dallam County, Texas.
L. B. Steele and Citizens State Bank of Dalhart, a Corporation, plaintiffs, versus Carrie P. Turner, L. B. Jones, Miss Mamie Siler, Miss Anna Novotny, Albert Hanny, A. H. Kent, Mrs. J. J. Dawson, Berkeley Dawson, J. A. Hill, F. E. Savage, and The West Texas State Teachers' College, at Canyon, a Corporation, defendants.

Whereas, by virtue of an order of sale issued out of the District Court of Dallam County, Texas, on the 1st day of October, 1923, on a Judgment rendered in said Court on the 5th day of September, A. D. 1923, in favor of said plaintiffs and against the said defendants in Cause No. 1361, on the docket of said court, I did on the 6th day of October, A. D. 1923, during the second week of said last mentioned month and year at 9 o'clock A. M., levy upon the following described personal property to-wit: All the household goods and furnishings in the building commonly known as "Huntleigh Hall" on land in the Conner Addition to Canyon City, Randall County, Texas, described as lots Numbered Ten, Eleven, Twelve, Thirteen, Fourteen and Fifteen, in Block Numbered Ten; said personal property belonging to said Siler and Novotny; and at the same time I did levy upon said land being said Lots Numbered Ten (10), Eleven (11), Twelve (12), Thirteen (13), Fourteen (14), and Fifteen (15), in Block Number Ten (10), of the Conner Addition to Canyon City, Randall County, Texas, and known as "Huntleigh Hall," and belonging to said defendants Siler, Novotny and Hanny; and on the sixth day of November, A. D. 1923, being the first Tuesday of said month between the hours of Ten o'clock A. M., and Four o'clock P. M., on said day at the Court House door of Randall County, Texas, I will offer for sale and sell at public auction for cash, all the right, title and interest of said defendants in and to said land; and at said last mentioned time and at said "Huntleigh Hall" I will offer for sale and sell at public auction for cash, all the right, title and interest of said defendants in and to said personal property, and will sell the personal property before selling said land.

Dated at Canyon City, Texas, this 9th day of October, 1923.
W. C. BLACK, Sheriff, Randall County, Texas. 2814

Why Mothers no longer fear Child-birth

An eminent physician has shown why there is so much useless suffering on the part of many expectant mothers, for months before baby comes, as well as when baby actually arrives.

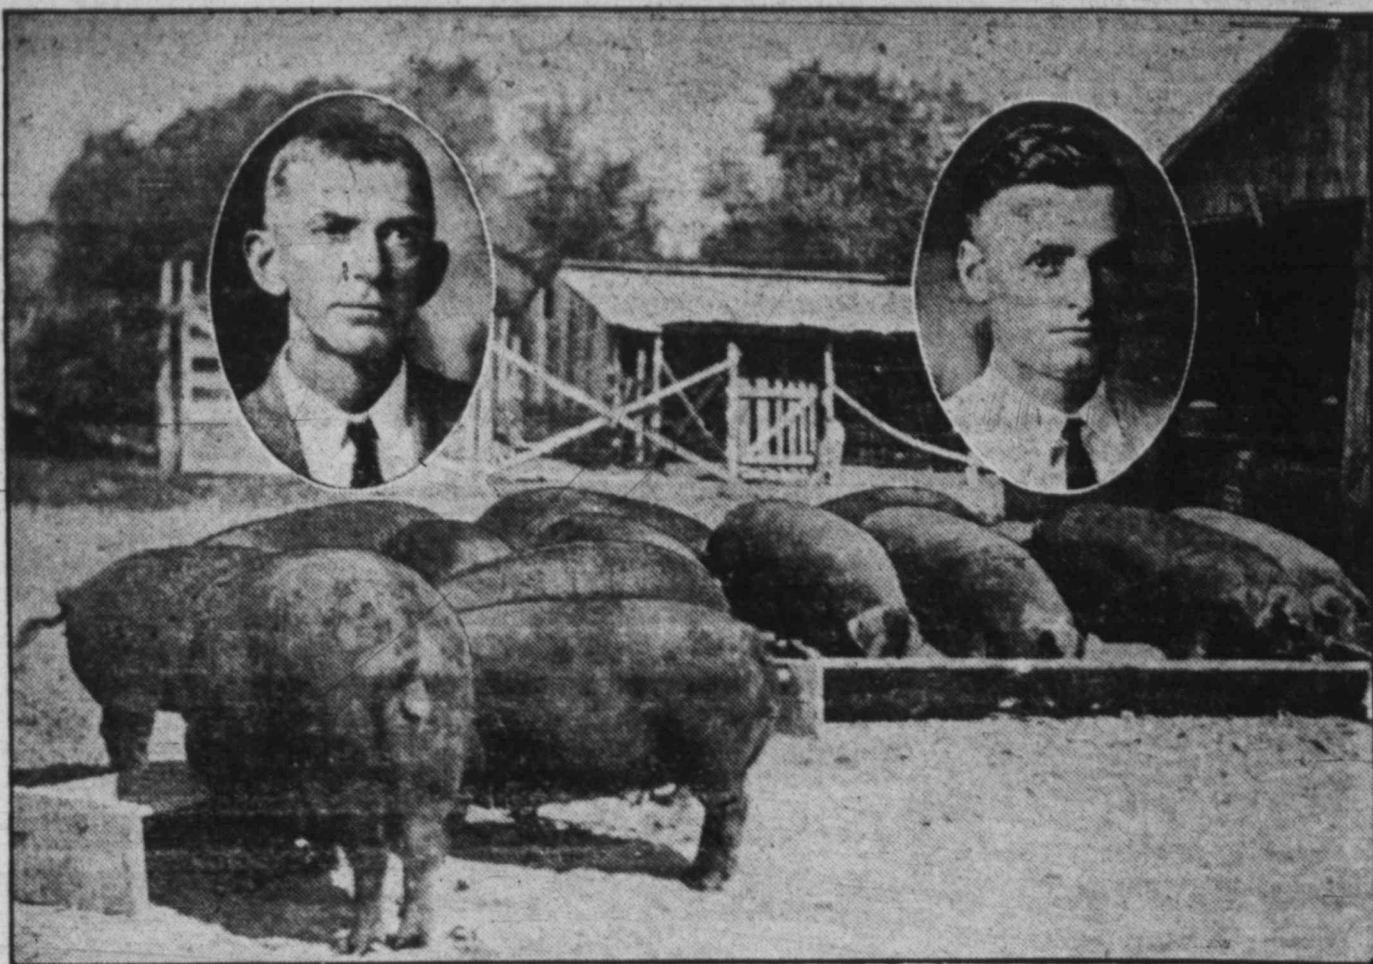

This same great doctor found the way to avoid much of this suffering. Mother, your baby's nerves, its whole structure should be free from any influence caused by your months of useless misery and pain. You yourself can be free from much of it. Here is a little message to all expectant mothers:

"Mother's Friend" is applied externally, and enables the muscles, nerves and tissues to relax and read-just themselves with the growing changes during pregnancy, and at child-birth. It should be used for some time before baby comes—the sooner the better.

"Mother's Friend" contains no narcotics or harmful drugs. It is safe. For three generations "Mother's Friend" has relieved expectant mothers of much useless suffering. Mother! you must avoid mere greases and useless substitutes. Begin using "Mother's Friend" today. It is sold at drug stores—everywhere.

FREE BOOKLET ON MOTHERHOOD
Don't let false modesty keep you from this duty to yourself, to your child and to your home. By all means, you should have our valuable illustrated book, sent free. Send for your copy now to Bradford Regulator Co., B.A-79, Atlanta, Ga. Get "Mother's Friend" from your druggist today.

Scott's Lucy, registered Duroc-Jersey sow, and her world's record litter of twelve pigs that weighed 3898½ pounds at 6 months old. Upper left, Vic Hill, owner and feeder; upper right, E. R. Eudaly, County Agent, who supervised the feeding.

Texas now holds the world's record in the National Ton-Litter contest with an official weight of 3898½ pounds for a litter of twelve Duroc-Jerseys at the end of 180 days feeding. The pigs averaged 324.9 pounds each when weighed Sept. 1st under the supervision of A. L. Ward, Swine Specialist of Texas A. & M. College and officials of the McLennan County Farm Bureau. The pigs made an average daily gain of 1.8 pounds during the entire feeding period.

This record litter was bred and raised by Vic Hill, Chaik Bluff, McLennan County, Texas, and is from champion ancestry on both sides. The sire is a son of the champion junior yearling boar of Texas State Fair in 1920 while the dam is by L's Pathfinder that was

state grand champion Duroc boar at Dallas in 1919. The pigs were farrowed March 5th; there being fourteen in the litter, twelve of which were raised. The dam was a few days less than three years old when the contest ended.

In order to be correct and certain on every point the litter was ear-marked when seven days old by the County Agent, E. R. Eudaly, in the presence of the President of the local County Live Stock Association. The scales on which the pigs were weighed were tested and sealed by the Waco city inspector of weights and measures.

For raising this great litter, Mr. Hill won \$335.00 in cash prizes; \$200 of which was offered by the National Duroc-Jersey Record Association, Peoria, Illinois, and the balance by Waco

business houses. On the day weighed, the pigs were valued at 9 1-2c per pound on the market though Mr. Hill will realize much more for them. He has recorded nine of the pigs and after being shown at the Waco Cotton Palace they will be sold for breeding stock.

The total cost of feed consumed including pasture was \$229.84 making the cost of production \$5.89 per cwt. At the market value of 9 1-2c a pound the pigs showed a net profit of \$140.51. The pigs were fed corn, corn feed meal, pig chow and skim milk! When 90 days old the litter weighed 1243 lbs.; at 131 days the litter passed the ton mark weighing 2325 and at 160 days the weight was 3117. The last twenty days the daily gain was 3 1-2 pounds per pig.

McGEHEE-BURNS

On last Sunday, October 14th, Miss Lucy McGehee and Mr. Kenneth Burns were married at the home of the bride's parents, Mr. and Mrs. Wm. McGehee, the Rev. Marvin Brotherton officiating. The bride is well and favorably known here, she having been reared to womanhood in this community, graduating from the Lockney high school in class of '18. She and her husband both graduating in the same class. Mr. Burns, a son of Mr. and Mrs. J. E. Burns, of Lockney, was also reared in this community. After finishing high school in 1918 he attended school at West Texas State Teachers College at Canyon for a time. He also spent one year in Valpariso University at Valpariso, Indiana, after which he attended school in the law department of the University of Southern California, graduating from there in the class of 1923.

The young couple left Wednesday for their new home in Los Angeles, California, at which place Mr. Burns intends to open a law office in the near future.—Lockney Beacon.

While in this institution Mr. Burns was a member of the debating team, and was president of the Consists Literary Society. He was business manager of The Prairie during the first year of its existence. At present Burns is a member of the Carter-Wackerbark Law Firm of Los Angeles, California.

FAYE KIRK MARRIES

Miss Faye Kirk, a former student of the West Texas State Teachers College, was united in marriage to Mr. C. W. Stowell at her home in Spearman, Texas, Sunday, October 21. The groom is also from Spearman. Her many friends at Canyon unite in wishing her every happiness.

HOME ECONOMICS CLUB NOTES

The Home Economics Club held its first meeting Wednesday, October 24, with Mrs. Walden, the hold-over president, presiding. Miss Birdie Lee Burkhalter acting as secretary, the Constitution and By-Laws were read. The following officers were elected for the ensuing year:

President—Lillian Falkerson.
Vice-president—Lona Johnson.
Secretary-Treasurer—Marie Gardner.
Parliamentarian—Birdie Lee Burkhalter.

Prairie Reporter—Kathleen Looney.
Annual Representative—Agnis Bier.
Chairman of Social Committee—Cecile Dowdy.

The club is planning to have a food sale soon. Watch for further announcements.

Lucilla Godoy, a Chilean poet, writing in the Living Age, says of President Obregon: "His family life is as modest as it is exemplary. He lives with extreme simplicity, not in the Castle of Chapultepec, but in a residence adjoining it. He is a fine, well-to-do country gentleman, sensibly averse to all ostentation. A revolution has lifted him to the supreme magistracy without affecting the Spartan simplicity of his habits."

THOUGHTS WORTH WHILE

Laziness travels so slowly that poverty soon overtakes him.—Franklin.
If you do not scale the mountain you cannot view the plain.—Chinese.

It is faith in something and enthusiasm for something that makes a life worth looking at.—Oliver Wendell Holmes.

To know how to grow old is the master work of wisdom, and one of the most difficult chapters in the great art of living.—Henry Frederic Amiel.

Blessed is he who has found his work. From the heart of the worker rises the celestial force, awakening him to all nobleness, to all knowledge.—Thomas Carlyle.

The mechanical eye of the aviator's camera is adding materially to our knowledge of prehistoric man. Primitive disturbances of the soil may have disappeared so completely as to leave no trace whatever on the surface, and yet are plainly visible from airship. The so-called "Avenue," leading from the famous monuments of Stonehedge, near Salisbury, England, has now been traced as far as the River Avon by means of aerial photographs and later verifications made by pedestrians. It is now believed that the stones were taken from the Wexley Hills in Wiltshire and brought by sea up the river Avon to a point near Stonehedge where they were taken overland to Stonehedge by means of a newly discovered avenue which follows the gentlest slopes up from the river.

The Brotherhood of Railway and Steamship Clerks, Freight Handlers, Express and Station Employees, whose membership six years ago totaled less than 5,000, on Labor Day dedicated a handsome new building, located in Cincinnati, which will house its headquarters and its own bank. The bank will be operated on the co-operative plan. Stockholders are restricted to dividends of ten per cent, and profits in excess of ten per cent are divided among depositors. Before the clerical employees of the railroads were organized it is well known that they were the most subservient, the most imposed upon, and poorest paid among the great army of men and women who transport the nation's commerce. Today they enjoy that independence which makes men better citizens and better workmen.

An unusually prolific variety of cotton has been developed by Mr. P. Dan George, of Lamarque, Texas. Mr. George has grafted the regular cotton plant of the root of the mulberry tree, and a cotton tree growing eight to twelve feet high has been produced. The tree is now two and one-half years old and is growing rapidly. It has borne its second crop of cotton and has more than 900 bolls on it.

During the last thirty years in the United States, the national income increased 500 per cent, while the expenditure for public schools rose 700 per cent, and for universities, colleges and technical schools, 1,400 per cent.

FACT AND COMMENT

Common sense is the faculty of getting things about right without asking more than a dozen unnecessary questions.

"Gas concrete," the invention of a Swedish architect, is made of cement, slate-lime and a secret substance that causes the water, when added, to generate a gas that "raises" the mixture as yeast "raises" dough. The concrete hardens into a pumice-like substance that is not much heavier than wood. The great porosity of gas concrete makes it an excellent insulating material. Frost and moisture do not injure it, and an eight-inch wall of it has proved to be of sufficient thickness for the Swedish climate.

It is interesting to observe that the great English manufacturers of aeroplanes are giving much attention to designing and building light machines; that is, machines with engines of less than ten-horse power. One of the leading manufacturers recently said that such machines can be produced for less than £100 (now about \$450) and that the cost of maintaining and running them will be small. They are easy to pilot, climb well, can take off from an ordinary field and land on it at very low speed and require little shed room.

A Thrift Shop is merely an old-fashioned "rummage sale" put upon a permanent basis and organized to keep the community attics and dark closets well combed of their superfluous articles. It does not take a large town to support one thrift shop. Poor people are not the only ones interested in picking up bargains, especially when the shop is devoid of the more objectionable characteristics of a second-hand store and the customers realize that the proceeds of the sales go toward some worthy object. Thrift shops in several small Eastern cities have been successful.

Cut prices on present types of radio receiving apparatus are generally regarded as forecasting greatly simplified and improved receiving sets. One prominent inventor is said not long ago to have walked into the office of one of the big electrical manufacturing plants carrying a small box, which he set down on an official's desk. Upon his turning a button music became clearly audible to everyone present. The little box contained a simplified receiving set, including the aerial, and the invention so impressed the officials that they made arrangements at once to manufacture it.

Recently two French soldiers were bathing in the Rhine River. Since they were unable to swim, the soldiers were in a serious condition. A young German, who was watching, swam out and rescued both of them. The French Tribunal, to reward him, promised that anything he asked would be granted. He asked that the lives of seven men, who had been condemned to be shot for causing trouble to the French authorities, might be spared. The request was granted.

Every day is a little life; and our whole life is but a day repeated.—Bishop Hall.

Firm, Plump Flesh!

MANY are the eyes that are turned to gaze with keen admiration on the well developed, healthy girl no matter where she may be—on the rapidly moving thoroughfare or gliding gracefully over the dance floor.

All eyes turn because we all appreciate the girl with the figure so firm and plump—the girl with radiantly red cheeks, cheeks that carry a touch of roses from nature's own garden—the girl with the sparkling eyes, keen and sharp—the girl with buoyancy and the swing of youth.

Not necessarily an out-of-doors girl. Just a girl with ever increasing blood cells. Just a girl filled with the vim and vigor of youth. S. S. S., since 1826, has stood for increased blood cells. S. S. S. means restored strength—rekindled vitality—added energy. Take S. S. S. and watch the bloom of youth return to your cheeks. Watch that flabby, ill nourished flesh fade away before flesh that is firm and plump. Red blood cells will do it and S. S. S. will build them. It contains only pure vegetable ingredients. S. S. S. is sold at all good drug stores. The large size bottle is more economical.

James J. Davis, Secretary of Labor, believes the United States should have the same right to investigate the character and qualities of prospective immigrants as it has to judge of the acceptability of members of the consular or diplomatic service assigned by foreign governments to the United States. He would admit as immigrants not merely men who are able to do a day's work, but men who have sufficient character and background to build up the very best kind of American citizenship.
