

## LUNCHEON TAKES UP TREE PROBLEM OF COMMUNITY

COMMERCIAL SECRETARY TO BE NAMED VERY SOON.

City Will be Canvassed in Order to Buy Trees in Large Quantity and Save on Shipment.

The planting of trees in Canyon to take the place of the ones killed by the bores was the main theme of the luncheon Tuesday night. The attendance was not so large as usual, owing to the lateness of the hour in getting started. The luncheon was not held until after the lecture at the College.

A report from the finance committee shows a budget now of \$5100, and the aim is \$6000 per year.

A report on the secretary was made. Several men have applied for the position, but no selection has been made. The executive committee is moving cautiously in order to get the best man for the job.

Prof. F. P. Guenther reported for the committee on trees. He urged all the citizens to plant trees to take the place of the locust, which are now just about all dead. He believed that the town should place one order and get a quantity price, which would mean a considerable saving to each individual.

A house to house canvass will be made on the tree question. Mr. Guenther believes that there never was a better time for planting trees than this year. He stated that more trees died in the winter from lack of moisture than during the summer. The ground is now soaked, and the trees will make an excellent start in the spring.

Mr. Guenther recommends the Ash and Honey Locust. Mr. Hill suggested that a number of people try the pecan tree. He is going to put some on the College campus.

The following committees are named to work on the tree question: West Evelyn street—Dr. S. L. Ingham and J. M. Redfern.

East Evelyn street—C. H. Jarrett and F. P. Guenther.

East Houston street—Miss Ritchie and W. J. Fleisher.

West Houston street—Mrs. T. V. Reeves and J. A. Guthrie.

Cedar street—J. S. Humphreys and S. B. McClure.

East Chestnut street—S. H. Jones and A. N. Henson.

West Chestnut street—J. M. Vetsch and A. J. Arnold.

Pecan street—David Thomas.

Canyon street—E. L. Prichard and C. M. Ackerman.

Every citizen in Canyon is expected to report to the committee by next Monday the number of trees desired so that the order may be placed.

Mr. Guenther also raised the question of a clean up day, and asked the city commission to appoint such a time. He recommended a subscription list to clean up the vacant lots. He also recommended an inspection committee to judge the cleanliness of the vacant lots.

Mr. Guenther believed that the city should offer inducement for a more beautiful city by lowering the water rate to those who would plant trees and flowers.

L. G. Allen stated that ladies had asked whether or not their presence embarrassed the men. A most cordial invitation was extended to the women of the city to attend the luncheons.

President T. C. Thompson reported that the city would soon be in position to number the streets. The posts to carry the street numbers had been purchased by the city commission. A local business firm had offered to put up all street signs in order to have its name on the signs. If other business firms were interested they might see the mayor. House numbers will be on sale at cost. The very latest style of house number has been selected, and these will be inexpensive.

Congressman J. D. Aswell was introduced and spoke for several minutes upon Canyon as he had seen it during his short visit here. He had been very highly impressed with Canyon and the wonderful cooperation that was manifested between the town and the College. The College is the town's biggest asset, and this cooperation should be cultivated. There was a higher type of citizenship on account of the presence of the College. He urged the citizens to keep in constant touch with the College.

Congressman Aswell likes the spirit shown by the luncheon. There was the spirit of the pioneer—to beautify,

to organize, every man on the firing line. That, indeed, was the spirit of America.

Congressman Aswell was state superintendent of public instruction of Louisiana when Hon. B. B. Cousins held the like position in Texas. He was familiar with the beginning of the College, and more or less familiar with its early history. He praised the growth that had been made, and believed that the College and town would grow together.

The Congressman urged that men have a vision. That they live, vote and act in their own headlight. That they live to serve their fellowman and to serve God.

C. W. Warwick explained the purpose of voting the \$15,000 bonds at 5½% interest to take the place of the warrants that were drawing 8% interest.

Congressman Aswell arose and stated that Canyon could not afford to do other than vote on bonds. Canyon was famed all over Texas as being the best school town in the State. He said that he was told at College Station, Abilene and other towns that the College here was the best Teachers College in Texas. Canyon had a reputation to live up to, and it was up to the citizens to make and keep the public schools the best.

President T. C. Thompson adjourned the meeting until seven o'clock on the night of Nov. 27th when the next luncheon will be held.

## Mrs. Olive K. Dixon Visited College and Tells of Trip to East

Mrs. Olive K. Dixon, pioneer Panhandle woman and wife of the illustrious Billy Dixon, Buffalo hunter and Indian fighter, addressed the students at the College chapel exercises Tuesday morning, telling of her recent trip to the east.

Mrs. Dixon emphasized an interview with General Nelson A. Miles, who was in command of federal troops in the Panhandle during the pioneer days and who was in command of the regiment to which her husband belonged. General Miles gave Mrs. Dixon a book of 500 pages telling of the Panhandle campaign. Mrs. Dixon will incorporate some of the things in this history into the book she is writing on the pioneers of this country. The publication of this work is sponsored by the Panhandle-Plains Historical Society.

General Miles will probably visit the Panhandle sometime in the near future, according to Mrs. Dixon, who invited him to the annual meeting of the Panhandle-Plains Historical Society.

Mrs. Dixon has contributed materially to the Panhandle-Plains Historical Society, and many of the relics of the past now possessed by the Society are gifts from her abundant possessions of historical material.

Mrs. Dixon was entertained at the home of Mrs. T. V. Reeves while in the city. She was enroute from a visit with her daughter at Plainview, and from a meeting of the Panhandle Pen Women at Amarillo.

## ARE TAXES HIGH HERE?

J. J. Walker, new owner of the McQueen Drug Store, stated yesterday that he had heard considerable discussion of high taxes in Canyon, but on paying taxes on the drug store found that they were much less than taxes he had been paying in Memphis. He was paying \$300 a year taxes in Memphis on a business about the same size as the drug store here. The city, state and county taxes here amounted to only \$128.

## RAIN FALLS SUNDAY.

Sunday was a disagreeable day, with rain and mist falling until late in the afternoon.

The total amount of moisture was .23 of an inch.

The weather during the week has been uniformly fine, with the exception of this one rain.

## KIWANIANS COMING TONIGHT.

The Kiwanis Club of Amarillo will be entertained tonight at Cousins Hall, President J. A. Hill extended an invitation to the Club last week, which was gratefully accepted.

The Kiwanis Club is one of the real live wire clubs of Amarillo.

## MARRIAGE LICENSES.

Marriage licenses were issued this week by County Clerk Mrs. Ethel Woods as follows:

Tom Taylor and Mrs. Leula Cobb on Nov. 7th.

Alton Oulpepper and Miss Marie Rowe on Nov. 10th.

## CONGRESSMAN J. D. ASWELL TELLS OF EUROPE TODAY

WITH COMMISSION TO STUDY IMMIGRATION PROBLEM.

Selective Immigration Urged for the Adoption of the Coming Session of the Congress.

Congressman James D. Aswell of Louisiana was the speaker Tuesday evening at seven o'clock for the first number of the lyceum course at the College. His subject was Immigration. Feeling that this subject was so vitally important to the American people today, President J. A. Hill opened the doors for the lyceum number and invited the public to hear the address. The auditorium was largely filled with interested hearers, as the Congressman vividly told of Europe as he saw it a few weeks ago.

The question of immigration is not a party question, according to the speaker. It is an American issue, and one that should interest every American citizen. In the past hundred years there have been 33,000,000 immigrants admitted to the United States. Those seeking to enter now are of a vastly different breed.

The immigration law now in effect will expire next June. A new bill is to be introduced in the Congress next month. Congressman Aswell and Secretary of Labor James Davis of the President's cabinet went to Europe during the past summer to study this great question. They came back to demand that Congress pass a selective immigration bill that will admit only those with a clean heart, a clear eye and free from disease.

"European conditions are unspeakably bad," said the speaker. Europe has forgotten God and the law.

France is busy farming, and gathering one of the largest crops in its history on the land that was so recently a battlefield. France has an army of 950,000 men under arms, serving for 2 cents a day. France is solidly behind the leaders. They demand that Germany pay the war damages. The French present no immigration problem, but the speaker described the terrible conditions prevailing at an embarkation port in France, maintained by the steamship companies, where is gathered thousand from all over Europe who wish to reach America.

The commission visited Belgium, Holland and Switzerland, none of which have immigration problems, but the two latter are overburdened by the results of the war in which they did not participate.

In Germany the inflation of the currency has wiped out the great middle class. He described the conditions of great professors, who formerly drew a comfortable salary 40,000 marks per year, which today is only a fraction of a cent. The middle class has nothing left to live upon. The laboring class is strong and not so bad off, as it is able to get wages raised as the currency goes down in value. The big rich class has been benefited by the conditions. It is the opinion of the Congressman that Germany will go through a terrible revolution and will finally emerge into another monarchy.

The speaker described the Ruhr as the breeding place of another war, and the intense hatred that existed between the French soldiers and German civilians.

In Poland there are 500,000 refugees in Warsaw alone. They are the most objectionable class in the world. He saw thirty people existing in a little room. They are sleeping in the streets and live from stealing. Poland will not allow immigration of the substantial people until this undesirable class is shipped.

The speaker described conditions as about the same in other countries. All are trying to ship their undesirables to America, and the undesirables are willing to come. The interest in America is brought about by five factors: 1. American tourists and the lavish way of spending money. 2. Advertising folders of steamship companies in flashy colors and telling of the gold and silver and diamonds in America. 3. Sending back to relatives of four hundred millions of dollars by recent immigrants in this country. 4. Influence of our Relief Commissions. They are willing to come to get more free food. 5. Immigration Protective Societies, which are a bunch of thieves making money out of the immigrants.

"Europe has not had a new idea in a thousand years," stated the speaker. He described the treatment of

## ARMISTICE DAY CELEBRATION BRINGS BIG CROWD TO CITY—EXCELLENT PROGRAM CARRIED OUT DURING THE DAY

women, and saw a woman and a dog hitched together as a common custom.

How long will present conditions exist? "Until they cease to hate each other and learn to love one another," is the Congressman's belief.

Congressman Aswell and Secretary Davis are of the same opinion in the bill that will be presented to Congress. They want America to select the immigrant, and want immigrants who will come to stay.

Thirty percent of the revenues of New York goes to support the inmates of insane and delinquent asylums. 17 percent of the income of all the states go to the insane. Of the insane in this country, 44 percent are foreigners.

When the selective draft was on during the war 700,000 men were found with mentality of a eleven year old child.

There are a hundred million in Europe today seeking to come to this country. We cannot absorb more. The governments of Europe seek to unload the undesirables on America. America must shut out all but the men who want to work.

The points in the new laws to be introduced in Congress are: That the basis of immigration shall be on the foreign population in the census of 1890. This will give a predominance to northern European countries and the desirable countries. They shall be examined by American officials in their own country by starting they shall be sent to the locality in this country in which they are needed, keeping them away from the big cities. If a nation objects to the regulations, its quota shall be transferred to another nation. That they must learn the English language and attend the free public schools. They must register annually. There are seven million aliens in America today who have not taken out their first papers.

After seeing Europe, Congressman Aswell does not blame the people for wishing to come to America, but this country must protect itself.

## WALKER BUYS McQUEEN STORE

J. J. Walker bought the McQueen Drug Store Friday and has changed the name of the store to the J. J. Walker Drug Store.

This store has always been a leading store in Canyon, and enjoys a large patronage. Mrs. McQueen states that she will continue to make Canyon her home.

Mr. Walker has been manager of the business for Mrs. McQueen for the past several months. He formerly owned a large drug business in Memphis, Texas, and chose to come to Canyon because of the wonderful promise for the future of the town.

## Woman's Book Club Endorses Candidacy of Reid for the Senate

At the meeting of the Woman's Book Club yesterday afternoon, the candidacy of J. W. Reid for the Texas Senate was unanimously endorsed. This is probably the first time in the history of the Club that a political question has ever been presented to the body for endorsement.

The leaders yesterday were Messrs. L. G. Allen, C. R. Fleisher and J. B. Gamble.

The next meeting will be held on November 28th, with Mrs. S. L. Ingham, Mrs. C. O. Keiser and Miss Tennessee Malone as leaders.

## VOCATIONAL SUPERVISOR HERE

Federal vocational students in the West Texas State Teachers College are doing satisfactory work and government officials are well pleased with the progress they are making in the college and with the character of work being given, was the statement of Claude L. Yarbrough, government rehabilitation officer for the Oklahoma City or fourteenth district which includes the teachers college here.

Mr. Yarbrough was here Wednesday inspecting the vocational students and the work they are doing. Mr. Yarbrough is a graduate of the North Texas State Teachers College and is pleased with courses in practical work given here.

## REMODELING HOME.

W. F. Baird is remodeling his home on West Evelyn street, adding two rooms and two porches, and putting it on a brick foundation.

Help Keep Canyon Clean!

## COL. THOMPSON SPEAKS IN ARMISTICE SERVICE

RECENT VISIT TO EUROPE DESCRIBED BY SPEAKER.

Spirit of Christ Must Enter Into Emancipation Settlement if Problems Are to be Adjusted.

Col. Ernest O. Thompson of Amarillo spoke Sunday morning at the Armistice Day program given at the College Auditorium. Mr. Thompson told of the conditions existing at the close of the war, and of the conditions that exist today in Europe as he found them at first hand investigation as a result of his recent trip to Europe.

A lot of people in America do not believe that the war lasted long enough. According to Mr. Thompson, the war did last long enough for the men who were doing the fighting. The boys at the front were glad to see the war end. It was the happiest day of their lives. He stated that he had often been asked to describe the scene at the front when the orders came to cease firing. There was no celebration. The men simply lay down in the mud and slept for hours. They did not realize that the fighting had actually ceased until the next day. Then there was a little celebration.

Mr. Thompson stated that with his experience in France, and with the Army of Occupation in Germany, he had never seen anything good connected with the war. He trusted that this country would never again have to engage in a war.

Col. Thompson discussed war making and war ending. He believed that America was fooling itself in its celebration of ending the war to see that right would triumph over might. The politicians have defeated the declarations of the war. War is made by the politicians. War is fought by the youth of the land. When it is over, the politicians step in and make the peace. The men who have fought have nothing to say about the peace. The politicians know nothing of war and little of peace.

Mr. Thompson told of his trip to Europe as a representative of the Fidad, an organization composed of ex-service men from all of the allied nations. Seven men represent each country. The men gather around a table in a non-political manner and talk over the affairs of the world, with an honest attempt to reach an agreement as to the best policies. The meeting this year was held in Brussels. Before the American delegation left, they sent a questionnaire to fifty-two leading men of this country to get their opinion on war problems. With the replies before the delegation, they were able to get the American viewpoint. The men went to London in order to get the British viewpoint. They were royally received, and every avenue opened for first hand information which they sought. The English people tell them there will be another war in six months. They want an English speaking union to stand together in world problems.

The delegates went to Paris, and were received in the same manner. They found out the French viewpoint. France justifies her actions as to the Ruhr question on account of the guaranty Wilson and Lloyd-George gave France at the Peace Conference to come to her rescue if attacked by Germany. This agreement was signed by all three nations. The United States congress rejected the agreement. England then said that since the United States had rejected the agreement that she was no longer bound by the agreement. The French state that they have been deserted by her allies. She has gone ahead and rebuilt her destroyed cities, taxing herself very heavily, and has received nothing in damages from Germany. She has taken over the Ruhr, levying on this property and agrees to turn it back just as fast as Germany comes across with the damages.

Mr. Thompson told of the difficulty of getting the British and the French delegations to discuss this question, and finally of the bringing before the body, Col. Alvin Owsley, Commander of the American Legion, who plead that the spirit of Christ enter into the deliberations of the meeting.

Col. Thompson wants to see America get back to the great aims that we had at the beginning of the war. The politicians have directed us away from these aims. America must preserve the memory of the things our boys died for.

## Hundred Canyon People Enjoy Grand Opera in Amarillo Friday-Sat.

More than a hundred Canyon people attended Grand Opera in Amarillo Friday night, Saturday afternoon and Saturday night.

The San Carlo Opera Company was brought to Amarillo to present four of the well known operas. Those who were fortunate enough to hear the programs were most highly pleased with the presentations.

Prof. E. F. Myers, who brought the Opera to Amarillo, had a financial loss of about \$2,000.00. He stated from the stage that if Amarillo people had given him the same patronage as did the surrounding towns there would have been no loss.

## FEDERATION MEETING.

The regular meeting of the Federation of Woman's Clubs was held yesterday afternoon.

By request C. W. Warwick was present and explained the coming school bond election.

One committee reported that its work had been accomplished.

Two new committees were named in connection with arrangements for the furnishing of the Club Room.

Extracts were read from the address given by Mrs. Witter at the New Mexico state meeting, held recently at Clovis.

The next regular meeting will be held December 12.

## CONGRESSMAN AT CHAPEL

The problem facing the citizen teacher was the subject used by Congressman James A. Aswell in his talk before the student body of the West Texas State Teachers College Wednesday morning. Congressman Aswell showed himself to be familiar with the teaching problems as with the immigration question and left with the student body some high ideals and visions. Quite a few townspeople were at the exercise to hear the lecturer for the second time.

## OPERATION IN AMARILLO

Ollie, the oldest daughter of Mr. and Mrs. Bill Davis, was operated upon in Amarillo Monday, and is resting well at the home of Mrs. Harvey Cash. The case has been in charge of the Parent-Teachers Association and of the Randall County Red Cross Chapter.

## STORK SPECIALS.

A daughter was born to Mr. and Mrs. Wallace R. Clark yesterday.

A daughter was born to Mr. and Mrs. J. A. Guthrie yesterday.

Coach S. D. Burton is planning for a very large crowd at the Thanksgiving football game. It will be Home-Coming Day, and several ex-students will be here for the game.

## DEBATERS HOLD FIRST MEETING

### THREE QUESTIONS SUBMITTED TO OTHER COLLEGES.

#### San Marcos Teachers College to Debate Here Next Spring, According to Schedule.

The first meeting of prospective West Texas State Teachers College debaters took place at the chapel period on Monday. Due to a misunderstanding of time only nine men appeared but several others have since indicated their intention of trying out for the debates.

The faculty committee on debates, Miss Brown, Mrs. Lang, Mr. McCarter, Dr. Munson and Mr. Horton met with the boys. A number of questions were submitted from which three were finally chosen; they are given here in the order of preference:

1. Resolved, That the present system of newspaper control over public opinion is socially unsound.
  2. Resolved, That a Rhine Republic would be a stabilizing influence in Europe.
  3. Resolved, That the President of the United States should be elected by direct vote of the people.
- These questions will be submitted to the other Teachers Colleges belonging to the association and after all have submitted their questions, the one having the greatest number of votes will become the subject for this year's debates. San Marcos will debate Canyon at Canyon this year.

### SPECIAL PROGRAMS FOR CHILDREN'S BOOK WEEK

On Thursday and Friday afternoons at 4:30 in Room 105 the following program will be given:

- Thursday.**
1. "The Care of Books."—Compositions from Sixth and Seventh Grade Language Classes.
  2. Stories for Younger Children—Miss Lowes.
  3. Stories for Children, ages 8 to 12—Miss McCleskey.
  4. Bible Stories for Boys and Girls—Miss Richardson.
- Friday.**
1. "My Favorite Book Character" or "My Favorite Book and Why I Like It"—Theme from Eighth Grade English Class.
  2. "Literature for Children"—Mr. Munson.
  3. Stories for the Older Boys and Girls—Miss Brown.

### HISTORICAL SOCIETY RECEIVES SEVERAL ADDITIONAL GIFTS

The Panhandle-Plains Historical Society is this week in receipt of two old newspapers, one of them being The Marietta, Oklahoma, Monitor, dated May 26, 1905. The advertisements in this paper are particularly interesting. These papers were the gift of Miss Jones of Canyon.

Some interesting rocks, diamond shaped, some having holes bored thru them, and a piece of petrified wood, unlike any the Society has, are other gifts recently received.

"Mike de Pike" Heitler, of Chicago, jaunty, dapper and well-dressed, says, "Sure, I sold a lot of whiskey, but who sold it to me and where are the guys that bought it? The law says they are as guilty as I am. I don't know to this day where the last lot came from, but the Federal Government knows and the owners of that distillery are still out and free. It's as easy as eating a poached egg to stop it all. If the Federal Government would only put the screws on the places where it leaks out, and then check up on practically ninety per cent of the Federal agents who are getting their palms greased to the extent of millions a year there would not be anything for the local police to do but pinch stickups and stop speeders. Hadn't I ought to know?"

They seldom turn turtle, however, unless they are imitating the hare.—Associated Editors (Chicago).

## Child-birth

HOW thousands of women, by the simple method of an eminent physician, have avoided unnecessary miseries through many months and up to the moment baby has arrived, is fully explained in the remarkable book, "Motherhood and the Baby." Tells also what to do before and after baby comes, probable date of birth, baby rules, etc., and about "Mother's Friend," used by three generations of mothers, and sold in all drug stores everywhere. "Mother's Friend" is applied externally, is safe, free from narcotics, permits easier natural adjustment of muscles and nerves during expectancy and child-birth. Start using it today. Mrs. E. E. Karger, Station, Miss. says: "It pulled me through." Send for book today, to Bradfield Regulator Co., 24-26, Atlanta, Ga. "Mother's Friend" is sold at all good drug stores—everywhere.

## Happy Happenings

Misses Pearl Hampton, Grace McConnell and Lula Bowman, attended the grand opera in Amarillo Friday night.

Mrs. B. M. Maynard and son, Dyer, were Tulla callers Friday.

Doris Culton of Tulla spent the week end with her aunt, Mrs. J. E. Gurley.

Rev. B. W. Wilkins and family left Friday for Knox City where they will make their home for the coming year.

Claire and Muriel Miller of Canyon spent the week end with friends here.

Flake and Daisy Montgomery, who are in school in Canyon, spent the week end with their parents, Mr. and Mrs. A. W. Montgomery.

Mrs. M. B. McManigal and daughter Mildred, were shopping in Canyon Saturday.

Ernest Miller and Andy Anderson of Canyon were here Saturday night.

W. B. Langston left Wednesday for Dallas where he will undergo an operation.

Mr. and Mrs. F. C. Scott attended the grand opera in Amarillo Friday night.

Claude James was a Tulla caller Monday.

Virgie Maynard of Tulla spent the week end with her parents, Mr. and Mrs. B. M. Maynard.

Mrs. Walter Fogerson and little son of Silverton spent the week end with her parents, Mr. and Mrs. Money.

Ernest Shuman of Canyon visited friends here Sunday.

Rev. H. W. Carter and wife of Throckmorton came in Monday to make this their home for the coming year. Rev. Carter will be pastor of the Methodist church for the coming year. We hope to enter this year with a good attendance. All members are urged to be present Sunday, and visitors are invited.

Mrs. J. M. Beavers was a Tulla caller Saturday.

Bess and Ora Avery, who are attending school in Canyon, spent the week end here in the J. O. Avery home.

Mrs. Embry Findley left Tuesday for Vernon to visit her sister, Mrs. R. B. Still.

Miss Myrtle Laroe of Tulla, who has been visiting her sister, Mrs. Ethel Wesley, returned to her home Tuesday. Little Maxine Wesley accompanied her home.

Earl Cowan returned Tuesday morning from Knox City, where he had been to move Rev. Wilkins and family.

Mr. Avery and family of Dimmitt spent the week end here visiting at the J. O. Avery home.

Mrs. Anna Reynolds of Dimmitt visited her sister, Mrs. John Burgess, Saturday and Sunday.

(Too late for last week.)

Miss Hazle Brown spent Sunday with friends in Tulla.

H. M. Baggary returned Tuesday from Stratford where he has been working for the past few weeks.

Miss Virginia Maynard of Tulla spent the week end in Happy.

Margaret Koch entertained a number of her little friends at her home Monday night with a party. The evening was spent in playing games of various amusements and at a late hour delicious refreshments of lemonade, cookies, sandwiches and apples were served to the guests.

Mr. and Mrs. J. O. Gillham are the proud parents of a baby girl born November 5th.

Mrs. Ruth Grounds and Mrs. H. D. Hagood were Amarillo callers Wednesday.

Rev. and Mrs. Upton of San Angelo are visiting their daughter, Mrs. J. O. Gillham this week.

Mr. and Mrs. J. H. Wrenn were Tulla callers Tuesday.

Mr. and Mrs. F. C. Scott visited Sunday in Tulla.

Mr. and Mrs. J. E. Toles spent Sunday at the parental J. I. Penrod home in Tulla.

Mr. and Mrs. W. T. Townsend motored to Tulla Wednesday.

W. G. Newton returned Tuesday from Sherman where he has been in the sanitarium for several months.

Bill Langston left Wednesday for Dallas where he will undergo an operation.

Mrs. Russell Harkins of Winters, Texas, is visiting her parents, B. M. Maynard and family.

Mrs. S. P. Crawford returned Tuesday night from Hereford where she has been for several weeks.

At the time of the recent eclipse of the sun, September 10, along the southern coast of California, there were on the State Highway 140 miles of automobiles, packed closely together. The occupants were journeying from Los Angeles to San Diego and Tia Juana, Mexico, to see the total eclipse. Traffic moved at six miles an hour and 1,000 arrests were made for cutting out of line and endangering others on the Torrey Pines Grade, just out of San Diego. Gasoline stations were drained early in the day and fuel was sold for forty cents a gallon instead of fifteen cents.

A schooner tied to a dock at South Amboy, New Jersey, recently was being loaded with powder from railroad cars when a fire started on board ship. The flames spread to the powder and caused an explosion. The freight cars on the siding were set on fire and the glare of the flames attracted hundreds of motorists who headed in that direction. A dozen automobiles became jammed into a passageway beneath the railroad tracks. More freight cars of powder exploded, killing three of the trapped motorists and seriously injuring about twenty others. This is a result of the habit of running to fires.

An electric voting machine is used in the state legislature of Iowa. It has proved to be a timesaving device, enabling more legislation to be passed in a given time than formerly under the old system of voting.

Eskimos in the Canadian Northwest have asked the Anglican Church to send missionaries to offset the demoralizing influence of vicious whites.

## Deeds Filed This Week Transferring Randall County Land

The following deeds as furnished the News by the Randall County Abstract Company, have been recorded in the County Clerk's office.

W. E. Stockstill to L. W. Newby, 275.95 acres of section 183, block 2. Consideration, \$1385.

R. C. O'Keefe to L. W. Blau, lot 10, block 12, Conner addn to Canyon. Consideration \$125.

T. E. Parker to Paul Rogers south-west quarter section 161, block M-6. Consideration \$10.00

F. L. Griffith to David Thomas, lot 9, block 71, Canyon City. Consideration \$50.00.

Wm. Wilson to W. C. Black, south half of southeast quarter section 56, block B-5. Consideration \$1.00.

Rudolph Helferding, the new German Finance Minister, is a Jew. Dr. Stresemann, the German Chancellor, is married to a Jewess.

If the bowels do not act regularly, assist them with an occasional dose of Herbine. It is a fine bowel tonic and laxative. Price 60c. Sold by City Pharmacy. 3115

### DON'T TAKE A CHANCE

Canyon People Should Act in Time.

If you suffer from backache;  
If you have headaches, dizzy spells;  
If the kidney secretions are irregular.

Don't delay—likely your kidneys are sick.

Thousands recommend Doan's Kidney Pills.

And hundreds reside right in this locality.

Read the statement of this nearby resident:

John Clift, 1001 N Grant St., Amarillo, Tex., says: "I had kidney trouble and there were symptoms of gravel. My back was sore and lame through the small part and when I bent, a pain shot through my back and shoulders and I became dizzy. My kidneys didn't act right. A friend advised me to try Doan's Kidney Pills, so I took two boxes. Doan's cured me, but I still use a few to keep me in good shape."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Clifton had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

## CANYON EAGLES COUNTED OUT OF LEAGUE CONTEST

EARLY SEASON DEFEAT BY FLOYDADA IS AGAINST THEM.

Eagles and Amarillo Only Undeclared Teams in District One—Canyon Defeated Most Teams.

There was surprise, chagrin and disappointment in Canyon Friday morning when it was announced that Canyon had been counted out of the football contest owing to the fact that the team had been defeated in an early season practice game by Floydada. A protest has been filed with Roy B. Henderson against his ruling, but nothing will likely come of it.

Early in the season Coach Jim Webb of Canyon took his Eagles out for a little practice scrimmage with Coach Webster's Floydada squad. There was a strict understanding on the part of both coaches and teams that no game was to be matched at that time but that they were playing for practice only and that whatever either team scored would not count for or against either. There were not even competent officials chosen to witness the practice and the boys stopped playing before the usual allotted time was consumed. But since the Floydada boys carried the ball across the line once more than the Eagles did, some one took it upon himself to report to the Interscholastic League that Floydada had defeated Canyon. The Canyon coach and team knew nothing of the report until a few days ago. In the meantime the Eagles have defeated six of the best teams on the plains which is believed to be the highest number of victories held by any high school team in the state at the present time.

Nevertheless, the powers that be in Interscholastic Leaguedom have ruled that because of this practice with Floydada, Canyon is out of the race for championship even in her section where she has cast into oblivion every hope of victory held by any team which has dared to meet her.

Amarillo and Canyon are the only undefeated teams in section one but Canyon has six Texas high school victories to her credit while Amarillo has only three. Besides, after Canyon had defeated McLean 13 to 0. The best that Amarillo was able to do for McLean was to hold her to a scoreless tie. There has been much negotiation between Canyon and Amarillo with a view of matching a game but when one has an open date the other has been tied up. The last move was made by Canyon in which she offered to play Amarillo on her own ground for one third of the gate receipts. It was not accepted.

But the Canyon boys are undaunted by their hard luck in being ruled out. They asked no favors in the beginning and expect none now. They have worked hard and faithfully and played clean football eliminating more teams than any other school on the plains. They are taking the ruling as good sports but steadfastly maintain that REAL championships in football are not WON on cushioned chairs in cozy offices of high officials. The Eagles claim the championship, not only of section one, but of all the Panhandle and upper plains and are anxious and eager to defend the title against any claimants.

## Pampa High School Will Play Eagles Here on Saturday

The Perryton high school team did not come to Canyon Monday for the Armistice Day game, as the team wanted more money than had formerly been agreed upon.

The Eagles will play the Pampa Harvesters next Saturday afternoon in Canyon. The Harvesters have been an outstanding squad in the Panhandle for the past several seasons, and last fall it took Amarillo three games to eliminate them from the district race. The game Saturday will be one of the hardest fought the Eagles will have this year.

A United States Navy airplane pilot, operating a Curtis navy biplane, in preparation for the airplane race at St. Louis recently established a new world's speed record of 245 miles an hour. The previous record was held by a lieutenant of the United States Marine Corps, with 238 miles an hour.

A Los Angeles judge allowed a husband, who was ill and unable to work, five dollars a week alimony from his wife's salary of a hundred and forty dollars a month, pending permanent disposition of the case.

Bookkeepers in India receive but \$20 a month.

## ROSWELL CADETS WIN BY SCORE 22-0

OUTPLAY BUFFALOES AND WIN HARD-FOUGHT GAME.

Twenty Men Made Trip to Roswell; Will Return From Trip On Tuesday Morning.

ROSWELL, N. M., Nov. 12.—The New Mexico Military Institute football team did the unexpected this afternoon and defeated the West Texas State Teachers College Buffaloes by a score of 22 to 0.

The flashy Cadet backs tore great holes in the Buffalo line and a series of spectacular forward passes put the game in the Institute's column early in the contest.

The Texans were outclassed throughout, playing on the defensive a greater portion of the contest. They were able to complete but two passes and time after time were held for downs after they had reached the twenty-yard line.

Cox and Godfrey starred for the Cadets, while Johnson, Herm, Some and Burson starred for the visitors.

In the first quarter neither team was able to make any substantial gains and the period ended with the ball in the possession of the Institute on the forty-five yard line.

In the second quarter Captain Godfrey received a forward pass and ran thirty yards for a touchdown. Brookshire missed goal. Later in the same period Cox drop-kicked from the twenty-yard line and the half ended; Institute 9, Buffaloes 0.

The third quarter also was scoreless but in the final period the Cadets came back and scored two touchdowns on forward passes, one being received by Brookshire and the other by White.

The game was witnessed by one of the largest crowds ever attending a football game in this city, and both teams gave the big crowd thrill after thrill.

### THE BOND ISSUE

The call for a new bond election should interest every voter in the Canyon School District. While the people outside of the corporate limits of Canyon are not concerned about the paving bonds, nor the indebtedness of the owners of property on the paved streets, every property holder in the School District is interested in the best method of handling the debts of the district.

We cheerfully voted one hundred thousand dollars of bonds to build and equip a new school building and there is little room for criticism on the expenditure of that money. The management of our paving and the building of our school deserves the compliments of the people of the town and School District, but these expenditures have not covered the debt incurred in so doing.

We are now confronted with a fifteen thousand dollar shortage that must be met in some way, and our school board have ordered an election to vote fifteen thousand dollars in bonds to meet the deficit.

Our equalizing board have in their legal power acted and raised your valuations in many cases to double your former assessments. They were asked to raise the assessment of our district to three million dollars, and I am informed that they only fell short of that by a few hundred dollars.

You voted in a previous election to raise your assessment to one dollar on the one hundred dollars valuation.

It was tacitly understood that this raise to one dollar would take care of the situation without a raise in your assessment, but it was found that there had been a great error in this calculation. When your school board asked for the three million valuation they had the legal power to do so and having obtained that they had the legal right to arbitrarily enforce it and you can not help yourself.

Our present condition demands that you shall pay thirty thousand dollars per year from your pockets for twenty years to run your schools in addition to the amount you get from the State school funds, which this year is about six thousand dollars or a total of thirty six thousand dollars.

If you vote the bonds you will add one thousand dollars per annum to your tax in the way of interest and sinking fund. Making for the present about thirty seven thousand dollars per year. If no new teachers are ever needed, for twenty years you must pay that sum.

It is not fair to the people of the town to refuse to vote further bonds to pave the streets north and south of Houston, now paved, when the people on these streets are ready to pay their part of the paving on these streets as they have done on Houston and part of Evelyn.

It is a matter of a short time when our city water and light system must be remodeled as the management of the municipal business is archaic to the

## Buffaloes Will Go On Trip to Denton and to Commerce

The Buffaloes will leave today for Denton where they will meet the Denton Teachers College Saturday, and will then go to Commerce for a game next Wednesday. The squad will then return home and get ready for the big Thanksgiving game with the Clarendon College Bulldogs.

Here is the dope regarding the standing of the Buffaloes in the T. I. A. A.

Buffaloes were defeated by Howard Payne in an early season game by a score of 6 to 0. The same week Simmons tied Austin Kangaroos by a score of 0 to 0. Recently the Buffaloes beat Simmons by a score of 6 to 0, and the Austin Kangaroos took the Howard Payne bunch to a 16 to 0 cleaning in Brownwood.

Now for the dope: Howard Payne is as strong as Southwestern, having tied them; Simmons is as strong as Austin College, having tied them; but Simmons and Austin are both stronger than Howard Payne and Southwestern, as Austin decisively defeated Howard Payne. Then 'dopefully' speaking, Buffaloes are at the top in the T. I. A. A. race.

extreme and cannot remain in this shape for a great while.

With proper management we can stop the increase of cost and pay off the deficit without these bonds, keep the tax rate down to where it is or lower it, with little inconvenience to anyone.

We feel that the question is up to you now, and you should look this matter over and see if retrenchment is not better than, further inflation.

Make your minds up as to whether you will put a plug in the hole, or pull the faucet and let things go without regard to future results.

JOHN T. WILEY.

### WAR-LIKE HYMNS ARE NO LONGER POPULAR

So many of our beautiful hymns sung all over the world have been such a help and joy to thousands of persons that the musical publication "Etude" recently decided to test, through the medium of a popular vote how the hymns affected the folks and in what ratio they stood as the people's favorite hymns. There were 32,000 replies received, indicating the preference as follows:

| Hymn                      | Votes |
|---------------------------|-------|
| Abide With Me             | 7,301 |
| Nearer My God to Thee     | 5,490 |
| Lead Kindly Light         | 3,432 |
| Jesus Lover of My Soul    | 2,700 |
| Holy, Holy, Holy          | 1,444 |
| Just As I Am              | 875   |
| My Faith Looks Up to Thee | 236   |
| All Hail the Power        | 220   |

Apparently the world war has had an opposing influence on some hymns. "Onward Christian Soldier," received only 150 votes and "The Son of God Goes Forth to War" was not considered at all.

### READING FOR MEN ONLY

The rapidly increasing divorce rate," remarked the wit, "indicates that America is indeed becoming the land of the free."

"Yes," replied his prosaic friend, "but the continued marriage rate suggests that it is still the home of the brave."

Skeletons of human beings buried for a period estimated to be between 7,000 and 10,000 years were recently uncovered at Point Magu, Ventura County, California, by a representative of the Smithsonian Institution of Washington, D. C.

## THE COLD HAND OF WINTER

When the Cold Hand of Winter hovers over your home will you be ready to protect your family from the cold with a well-heated house?

You will if you let us put your coal supply in for you now. And you will save money, too, for prices are less than in the winter.

L. E. CEARLEY GRAIN CO.

## TENNIS BECOMES A MAJOR SPORT

PROF. WILLETT WILL COACH THE TENNIS TEAM.

Tournaments to be Held With Texas, Oklahoma, and New Mexico Colleges.

Tennis has been made a major sport. Much enthusiasm has been worked up in tennis at the College in the past few years, but in the future much more emphasis will be laid on this game, Athletic Director S. D. Burton, says. The athletic council has passed on the matter, and students making tennis teams will be awarded letters just the same as those who make the football, basketball, baseball, and track teams.

**Prof. Willett to Coach**  
Prof. O. R. Willett, Associate Professor of Education, has been selected to coach the tennis teams. Coach Willett knows the tennis game well. He is an excellent tennis player himself and has taken part in such tournaments as the Kentucky State Tournament, the Camp Taylor Kentucky tournament, and the Berkeley, California, city tournament. He has also officiated in many tournaments over Texas and other states.

Prof. Willett says that attempts will be made to play tournaments next spring with the University of New Mexico, New Mexico Military Institute, Simmons, Abilene Christian, and McMurry Colleges, and Southwestern Oklahoma State Teachers College. A team will also be sent to the T. I. A. A. meet this year.

### Club Organized

At a call meeting of tennis enthusiasts last Tuesday at one o'clock a Tennis Club was formed and Chester Day was elected temporary chairman. A committee was formed to confer with Coach Burton and to make efforts to get the courts taped, rolled, and other repairs made. As soon as the courts are put in repair the Club expects to keep them in good condition for playing. New dirt was put on a few courts last summer, but courts are so in demand at present that all those desiring to play cannot be accommodated.

Another committee was appointed at Tuesday's meeting to make plans for tournaments to be played this fall and winter between the various classes and organizations of the College and the Normal High School.

Success doesn't "happen." It is organized, pre-empted, captured by concentrated common sense.

**THE SCHOOL SITUATION.**

A communication in this edition of the News, which is said to express the opinion of a large number of taxpayers to whom it was submitted, asks the voters of the district to defeat the bond issue next month. An excuse for this defeat is that more paving may be provided, better city water facilities may be had, and that the city might have more street lights. The News is strictly for the program of improving our city with more paving, better water facilities and a white way—BUT we are opposed to making the children of this district pay the bill. Any community that is willing to allow the schools to deteriorate at the expense of other public institutions is not worthy the name of an educational center of any part of the globe.

The taxpayers in question call for the cutting of expenses so far as our schools are concerned in order that we may spend more money on city improvements.

The bond election is not going to add one penny to the debt of the district. The debt already exists, brought about through circumstances over which no one seems to have had control. The only question before the voter is—shall we put this debt into a bond bearing 5 1/2%, or shall we continue to pay 8% on the debt until such a time as it may be paid off.

Those who object to the bond issue at this time state "with proper management we can stop the increase cost and pay off the deficit without these bonds."

Just how are going to stop "increase of cost" in a school that has more than doubled in attendance in two years?

How are we going to stop the "increase of cost" when Canyon has the largest per capita high school attendance in the State of Texas? Plainview thought she had the greatest per capita attendance with 440 in the high school and a town of 5,000 population—but Canyon with a population of 2,000 has 275 in high school.

A visiting Congressman this week tells us that as far away as College Station he was told that the College in Canyon was the greatest Teachers College in the State. Is it likely that attendance in our public schools will decrease so that operation costs may be cut? Not in the least. Canyon's public schools are going to grow just in proportion to the growth of the College—and there is not a citizen in Canyon who is not firmly convinced that the College is going to grow each year in the future just as it has in the past. If any thing, a much larger attendance may be expected in the College next year, with the prospect of more settled conditions—all of which means that more families will move to Canyon, placing their younger children in the public schools and the older one in the College.

There is only one way to cut expenses in the public schools. If this is done the high standard of the school will be cut to such a low level that those who now advocate retrenchment would actually be ashamed of our public schools. That one saving might be made by cutting salaries. A certain town on the Plains attempted this unfortunate program two or three years ago. As a result, the school today is filled with second grade teachers, the standards of the school has been lowered, and six more teachers are employed to take care of the same number of pupils as are enrolled in the Canyon schools. The people of Canyon are not interested in a program that will decrease the standards of our schools.

If the bond issue is defeated it means the payment of eight percent on the present debt, and it means that four or five thousand dollars additional tax must be raised each year during the next few years to pay off this indebtedness.

With increased attendance it is folly to think of stopping "the increase of cost and pay off the deficit without these bonds, keep the tax rate down

to where it is or lower it, with little inconvenience to anyone." It cannot be done. That money to pay off this indebtedness must come from the taxes if the bonds are not voted, and if it comes from the taxes during the next few years, there must be a considerable increase in valuations in order to raise this money.

The \$100,000 bonds voted last year mature serially, \$2,000 per year. It is thus seen that the interest decreases each year with the retirement of each bond. This kind of a bond lays a heavier burden right at the first, but is more economical in the long run. The sinking fund and interest for the \$15,000 proposed issue amounts to but little each year at the present time, but to be forced to pay off this indebtedness right way with the eight percent interest lays a heavy burden that is going to cause difficulty.

The voters of the Canyon Independent School District are the final arbiters of this case. The decision is entirely in their hands to be settled next month. The voter is asked only to be fair and study the case thoroughly before he votes for or against the bond issue. There are many who vote against any sort of a bond issue, not considering the merits of the case. Every tax payer in the Canyon Independent School District is going to be affected in the present situation whether he votes or not, and whether he votes for or against the bond issue.

The only question before the voter is—are we going to raise the sufficient money during the next few years to pay off this debt, or will we put it in low rate interest bonds and take a little more time.

The taxpayer is entitled to know the facts of the case as they really exist, and not go by guess work in the matter.

Childress Index: Out at Las Vegas, N. M., the Chamber of Commerce believes in advertising its town in the home paper, with the view of selling the town to its own people. The organization has been carrying full page advertisements in the Daily Optic in which are put for the importance of the town and why people should invest in real estate. To make a town what it should be its people must believe in the town and be willing to assist every object that is for the upbuilding of the community. No town can make itself, but must have the full and hearty support of the people. There has to be a leading institution of some kind, and that is the reason for the Chamber of Commerce. Let Childress get behind the local chamber of commerce and they will soon realize that the activities of the city and county will show increased growth.

The Clarendon News has been attempting to get Col. Ernest O. Thompson into the senatorial race against J. W. Reid of this city. Col. Thompson is a good man and we would be for him if J. W. Reid was not in the race, and a strong man for the place. Col. Thompson has also been urged to get into the race against Marvin Jones for congress. Col. Thompson has written several newspapers that he was not a candidate for any office, and did not intend to become a candidate. In the meanwhile J. W. Reid is receiving pledges of support from all over the district from the most influential voters.

The Plains Agricultural Journal of Lubbock blossomed out into a weekly publication last week instead of monthly. For the present it is being printed by the Daily News in Amarillo, but a new plant has been ordered to be placed in Lubbock. The business men of Lubbock support their newspapers in a most notable manner, and both the Plains Agricultural Journal and the Daily Avalanche are the leading newspapers in this section.

W. Donald, publisher of the Slaton Slatonite, is dead. His passing marks the passing of another outstanding man of Northwest Texas. Mr. Donald has been in Slaton since 1919. He was quiet and unassuming in his manner, but of a highly lovable character. The members of the Panhandle Press extend to Mrs. Donald and her children their heartfelt sympathy in their hour of great sadness.

Walter Splawn of the Texas Railroad commission is being urged for a place on the Interstate Commerce Commission. Mr. Splawn was recently appointed to his present office by Governor Neff. He is new in politics, but is well qualified for the position for which his friends are urging.

The White Deer Review is the latest newspaper to reach our desk. The Review made its bow to the world on Thursday of last week. The first edition was an excellent number, and we trust the succeeding issues will be as well patronized by the merchants of White Deer. W. A. Clark, Jr., is owner of the Review, and C. R. Hazelwood is editor.

**GETTING IN FIRST LICKS**

A good many nations have been known to justify their own aggression upon their neighbors much as a little girl named Katherine explained her treatment to her sister Margaret.

The quarrel between the two children says the Argonaut, waxed hot and furious. Katherine hit Margaret with a stick and then their father interfered.

"Katherine," he said, "did you hit Margaret with that stick?"

Katherine defiantly confessed her guilt.

"Why did you do it?" demanded the father.

"Because," Katherine retorted, and righteous indignation flashed in her eyes, "afterwards she hit me."

**USE YOUR JAWS MORE**

For every dollar spent on books in this country \$27 is spent on chewing gum. Do we use our jaws more than we do our brains, or is this a tribute to the permanence of books, asks the Seattle Post. It has been suggested that the gum manufacturers give the public what it wants, the publishers only what it ought to want. But looking over some of the output of the publishers it looks as if the gum manufacturers understood the public taste and the book manufacturers did not.

**EACH IN HIS OWN TONGUE**

The correspondent of a large business concern had been invited out to dinner by a friend. At the table the host asked him to say grace. It was a new experience, but he was not to be found wanting. "Dear Lord," he began, "we thank Thee for all Thy favors of recent date. Permit us to express our heartfelt gratitude. We trust that we may continue to merit Your confidence and that we shall receive many more blessings from You in the future. Amen." —Store News.

**IT PAYS**

Mark Twain in his early days was editor of a Missouri newspaper. A superstitious subscriber wrote him, saying that he had found a spider in his paper, and asked whether that was a sign of good or bad luck. The humorist wrote his answer and printed it: "Old Subscriber: Finding a spider in your paper was neither good or bad luck for you. The spider was merely looking over our paper to see which merchant is not advertising, so he can go to that store, spin his web across the door and live a life of undisturbed peace afterwards."

**IN RETREAT**

A new jazz band has been practicing on the roof of a hotel. We hear that if they are pursued any further they will make a last desperate stand.—London Opinion.

**KEEPING A DIARY**

Keeping a diary, like a good many other things, is a matter of habit. At first it seems immensely difficult. You forget, and the days slip by unrecorded. You have nothing to set down, or you have too much. Many begin diaries, but comparatively few persist with them.

Yet keeping a diary has great practical advantages. You do not appreciate how treacherous memory is till you compare it with actual written records. Some one says that you did or said so and so. You think that you did not. You turn to your diary, and there are facts. Presence, absence, illness, health, even happiness or unhappiness, are often substantiated by a reference to diaries.

And there is the fascination of living your life over again. When you abound in youth and strength and everything is before you the past counts for comparatively little; but if a friend is thoughtful enough to urge upon you the keeping of a diary and you take the advice, there comes a day when you thank him. There is a curious, almost inexplicable charm in going back to what you did and felt in childhood and early maturity, in those faded years of long ago.

And if diaries have a fascination for those who write them, they have a singular attraction for those who read them. Here is no literary artifice, no deception, no pretense, but the plain and simple record of a life as it was lived; and few books delight us more, because there is a common humanity in us all and the record of one life has strange revelations as to all lives. Whether it is the Diary of Pepys or the Diary of Amiel, we turn the leaves with a strange pleasure and sympathy.

It is true that the habit of writing in a diary has its dangers. It tends to turn our thought inward, and after all, we were meant to live outwardly. Unless the habit is properly understood and limited, it tends to introspection and morbid analysis and perhaps aggravates those tendencies in persons who are naturally born with them. In fact, it must be admitted that the persons most likely to keep a diary are those whom it is least likely to benefit. Yet, keeping that drawback in mind and taking gain and loss together, the practice is on the whole to be recommended.

Three hundred thirty-four million cubic feet of timber has been sold by the Forest Service in the Tongass National Forest, Alaska. The stumpage alone is sold, title to the land remaining in the Federal Government. The purchaser has agreed as part of the consideration for the timber to build a pulp-manufacturing plant of not less than 100 tons daily capacity, at the Cascade Creek water Power site on Thomas Bay. A complete newsprint pulp plant with a daily capacity of 200 tons will be installed. The timber will be cut on a perpetual supply basis, enough seed trees being left to insure complete natural reproduction.

Maid-servants from the Antilles were imported by a group of French women. However, they did not prove altogether satisfactory. A quarter of the Negroes made fairly good servants, but were inclined to be restless. Another quarter had to be repatriated. The remainder have fully lived up to the expectations of their employers. Hard-working Czech-Slovak girls are now drifting into France as servants. They are hard working and know their value which is far above that of the serving girls from Martinique.

Owner of the J. J. Walker Drug Store.

Since the Government of Mexico cannot in a brief time overcome much of the illiteracy that retards the progress of the nation, the University of Mexico has made an appeal to all educated Mexicans to devote a part of their time to teaching as many people as possible to read and write. Already thousands of teachers have enlisted in the patriotic service; a diploma of merit goes to every one who presents for examination one hundred pupils that he has taught, and the diploma, aside from its symbolic worth, entitles the holder to preference for advancement in the government employ.

Again only one woman sits in Congress, this time Mrs. Nolan of California. To the state legislatures, however, some eighty women were elected last fall, which is a gain. As yet women have occupied fewer public offices than most persons expected them to occupy. They seem to find office seeking either contrary to their inclinations or not worth the effort that campaigning demands.

Police chiefs want to stop the transportation of firearms by mail. And permit us to suggest, female.—American Lumberman (Chicago).

What better gift: Your Photograph. What better time? even today is not too early to arrange for an appointment. 31st Britain's Studio.

Thomas Hardy, the English novelist, called by Kipling "Lord of the Wessex coast and of the lands thereby," lives near Dorchester. Recently he received a visit from the Prince of Wales and as a result of the royal visit, photographs of the novelist and the Prince abound in the illustrated English press. Mr. Hardy's workshop is a top room of Max Gate, his home, from the windows of which are noble views of waters, downs, and meadows, with the woods of the Frome meandering among them. When engaged on his novels, Mr. Hardy betakes himself to this room immediately after breakfast each day, and writes steadily until the whole day's work is done. If anything interferes with that schedule he finds it impossible to settle down to work again until after sunset.

A maker of stringed instruments in Italy has discovered the secret of the renowned varnish of Cremona violins which used to give to the old instruments their marvelous sonority. He found the secret in an Italian manuscript dated 1716 and states that it is made with certain resinous substances and is not soluble in alcohol. The varnish was invented by the brothers Van Eyck and used by their Flemish successors. From Holland the secret of its making was brought to Italy by Antonello da Messina, and it became known to the Cremonese through some painter in the sixteenth century.

When the Eastern Telegraph Company laid the Cape cable in 1890, the route between St. Helena and Cape Town was surveyed, soundings being taken every fifty miles. When the cable parted recently the repair ship found that at one point the ocean bed had risen to within three-quarters of a mile of the surface, where the chart had shown a depth of just over three miles. The bed of the Southern Atlantic consists of ranges of mountains, of which Ascension and St. Helena are the lone sentinels.

"Savages of the South Sea Islands get more satisfaction and happiness out of life than we do with our incessant pursuit of the dollar," said Dean Charles R. Brown, of Yale Divinity School.

**A ROUND PEG**

The late Lord Northcliffe in conducting his newspaper enterprises had little patience with square pegs in round holes. The gullotine, says Mr. Reginald Auberon in his book "The Nineteen Hundreds," was always falling at Carmelite House. But if some people were pushed down, others were pushed up. A stamp-licking subordinate of one day would be much to his surprise, elevated to a responsible position the next. As used to be said, "One never knew from day to day if one would be running the lift or running the paper."

The stock story on the subject is told of Charles Hands, then a reporter and now a director. Coming up in the lift one day with Lord Northcliffe himself, he took off his hat and bowed politely to the diminutive lad in buttons who clanged the gates after them.

"I wish you wouldn't do that sort of thing," said Northcliffe when they were out of earshot. "It only makes you look foolish."

"Well," said the imperturbable Hands, who was generally regarded as a licensed buffoon, "it struck me as rather a sound plan. You see, one never knows when that boy will be running the paper and will be able to sack me."

The government has fined a number of transatlantic companies amounts aggregating \$563,500, because it is alleged steamers bound for New York City crossed the barrier a few seconds before midnight, August 31. The lines were not only fined two hundred dollars for each alien brought into the United States in excess of the twenty-per-cent quota, but will be forced to pay its passage money; although the aliens have been ordered admitted in the September quota, and will not require return passage.

Airplanes will be used for business and pleasure in the United States within the next ten years on a scale commensurate with the extension of automobile traffic between 1905 and 1915. It is predicted in a statement issued by the Department of Commerce.

**The Cornerstone**

CONFIDENCE is the cornerstone upon which our Bank stands. It is the rock upon which our splendid banking business has been erected.

Without having confidence in our Bank you would not be justified in entrusting a single dollar to our care. People have confidence in our conservative banking methods, confidence in the men who conduct our Bank, confidence in the security of our vaults, confidence in our ability to render a banking service not in any way behind the times.

We want you with us—  
Let this Bank be your Bank.

A fireless railway locomotive is being developed in France. It is equipped with a boiler after the manner of the ordinary locomotive, but the water in it is heated to the necessary temperature from a stationary plant. Enough power can be stored in it to operate it four hours for switching purposes in a railway yard. It requires but fifteen minutes to charge it.

"Eight Miles to Los Angeles" means eight miles to the official central point in Los Angeles and not to any place on the outskirts. Washington also has a zero milestone, as some other cities may have; but the practice of placing such markers is not yet common, although it has evident advantages. A milestone can be dignified enough to make a suitable memorial.

**REGARDING OUR SPECIAL EDITION**

The Texas Pythian Banner-Knight Temple, Texas, Nov. 5th, 1923.  
Hon. C. W. Warwick,  
Editor Randall County News,  
Canyon, Texas.

My dear Brother Warwick:  
I desire to ad testimony of the true worth of your splendid issue in the Randall County News, which has just reached our desk. I am sincere in saying that you have great cause for congratulation, for the magnificent 48-page number of a great paper, representing a great people in a great country, no few of which the editors shall hope to touch shoulders with, and meet the eyes of, at their annual gathering, this June coming, when they assemble in Amarillo. If I mistake not I believe the program includes a trip to Canyon. I think you have accomplished a great feat in this paper, while the people, the advertiser and the subscriber alike should have only praise for you. I shall keep my copy as a souvenir worth while and hope every one else should do likewise.

With personal regards, I beg to remain,

Fraternally and Sincerely,  
O. P. GRESHAM.

Mergenthaler Linotype Company  
New Orleans, La., Nov. 1, 1923.

Mr. C. W. Warwick,  
Randall County News,  
Canyon, Texas.

Dear Mr. Warwick:

This will acknowledge receipt of your issue of the 25th, and if we remember correctly it is about one section larger than the special edition last year.

It is remarkable the growth and de-

**"FERRASAL SAVED MY LIFE"**

"Two doctors said I had Bright's disease and it would be necessary to remove one of my kidneys. I was sick for over five years and was often unable to even turn over in bed. I started taking FERRASAL when I wasn't able to walk across the street. I showed marked improvement from the second box and have never had a doctor since. FERRASAL saved my life and today I am in wonderful health. I am only too glad to tell people what FERRASAL has done for me."

MRS. WINNIE WATKINS,  
3816 Second Ave., Dallas, Texas.

Excess acid is the primary cause of many dread diseases, such as kidney trouble, cancer, chronic indigestion, rheumatism, etc. FERRASAL gets at the source of the trouble by neutralizing the excess acid in the stomach and eliminating it from the system. Don't allow your condition to become chronic. Take FERRASAL NOW. 50c per box. It will benefit you or your druggist will refund your money.

JARRETT DRUG CO.

velopment which has taken place in the so-called plains country, but a great deal of this development is due to the never ceasing publicity which is so ably looked after by the newspapers of your section.

The illustration showing the first Santa Fe train and the present equipment is highly interesting.

Congratulating you upon the service you are giving the community, which seems to be appreciated by them as judged by their support, we remain,  
Yours very truly,  
Mergenthaler Linotype Company,  
F. W. Bott, Manager.

Miami Chief: The Randall County News, published at Canyon, Texas, issued a civic and county edition Thursday, October 25, containing 48 pages in six sections. This was probably one of the best editions ever issued by a weekly newspaper in the Panhandle.

Not only was the typography pleasing, but the edition was well illustrated with Canyon and Randall County photographs. These were of course enough screen to print unusually well on news print.

We congratulate the News on this special edition, and the merchants of Canyon for the support they gave the paper in the way of advertising.

Floydada Hesperian: A 48-page edition of the Randall County News, telling of the resources of Canyon and Randall County, and depicting the improvements in Canyon in the past few years, was issued last week. The edition was profusely illustrated and is one of the most interesting special editions recently issued in this section.

Plainview News: The Canyon News issued a 48-page "City and County Improvement Edition" last week, that was indeed creditable to its publisher. It contained much matter relative to the schools, agriculture, stock raising and commercial affairs of Randall county.

Denton Record-Chronicle: Editor Warwick of the Randall County News is to be congratulated on the size and general excellence of the 48-page special issue commemorating completion of the big public improvement program undertaken by the city of Canyon. Canyon is a town of 1000 population, according to the census. The News' special edition would be a credit to a town of 10,000, from the standpoint of editorial and mechanical excellence and from the patronage from local business men as well.

Wheeler County Review: Clyde Warwick's City and Improvement Edition of the Randall County News on October 25th was a fine booster issue. The forty eight pages of the paper were full of interesting reading and were profusely illustrated. The progress of Canyon and Randall County was graphically depicted through the pictures and stories as well as the neatly displayed advertisements. This paper is a credit to the country as well as to the editor.

The Rockdale Reporter: The Reporter has been favored with a copy of the "City and County Improvement Edition" of the Randall County News,

published at Canyon, Texas, by our good Texas Press Association friend, Clyde W. Warwick. The edition consists of 48 pages, and is one of the most complete special editions we have ever had the pleasure of examining. Editor Warwick has filled it from first to last page with high class informative matter in both text and display, beautifully illustrated with well-printed half-tone cuts. The entire edition reflects credit upon the town in which it is printed and shows that Mr. Warwick is a builder and a booster.

Higgins News: Recently the Randall County News came to us all puffed up and just too big for anything. But it proved a good big thing in the way of a special edition that was praise worthy as well as hefty. It takes no end of work as well as grit to undertake a job of that sort and very few small shops like to tackle it. But the News did a good job of which it may well feel proud.

Canadian Record: The handsome special edition of the Canyon News by Clyde Warwick is one of the best papers ever printed in the Panhandle, and he is indeed entitled to congratulations over its accomplishment. That handsome new press had a chance to show what it can do—and it certainly delivered.

Gainesville Signal: The Randall County News, published at Canyon by C. W. Warwick, last week issued a very large and attractive city and county improvement edition. The paper is generously patronized and reflects the progressive spirit of the growing city. Such papers as the Randall County News aid much in the development of the growing west.

Spearman Reporter: Our copy of that recent big edition of the Randall County News reached us rather late, it being held at Shattuck about fifteen days on account of the trains on the Spearman branch not running, while the washed out bridges were being repaired. But being a little late does not detract one bit from the paper's attractiveness. It is one of the best

special editions ever gotten out in North Texas. Clyde Warwick, editor, and his able assistant Dan Usery, surely did a good job of this big undertaking.

Stephenville Tribune: The Tribune trusts the paving started by the city council will prove as far reaching as did the same proposition in Canyon, Texas. Out there the folks started in to pave but a few blocks in the business district but before the work was all finished more than three miles had been paved and now Canyon boasts of more paved streets than any other city in Texas of like population. At the conclusion of the paving program Editor Warwick of the Randall County News issued a forty-eight page special edition which was mailed to all parts of the country. A better balanced paper has not been received at this office in many a day and the many interesting features therein are certainly a wonderful reflection of the progressive spirit prevailing in Canyon and Randall County.

The Alto Herald: The Randall County News, published at Canyon, Texas, by C. W. Warwick, has reached The Herald with a six section 48-page edition, full of live, timely news matter, and representative of the many advertising business advertising enterprises of Randall county. The issue was called the "City and County Improvement Edition," and is a masterpiece of advertising for the city and county which it so ably represents, and to which it has been dedicated. Among the new improvements listed in this mammoth edition are three miles of paved streets, a \$110,000 high school, 20 new residences, fourteen new business houses, four new churches, with a most comprehensive development program under way. Significant of the paper, Canyon must be a real city. And we sincerely trust that Canyon merchants will heartily support their medium of advertising, as well as they did in this one issue.

Beeville Picayune: The Randall County News, published in Canyon, Texas, comes to the Picayune's ex-

change desk in special edition form and is composed of forty-eight pages of live news matter, historical sketches write-ups of prominent men of that city and county and many interesting illustrations. The edition is a very splendid one and contains much of interest, well presented, and is a credit to the city and county and publisher. It will advertise that growing town, Canyon, as no other medium costing no more could do and will be of inestimable value in the onward march to greater things which that little city is making.

Ardmore Milling Company  
Ardmore, Okla., Nov. 10, 1923.  
Mr. C. W. Warwick,  
Randall County News,  
Canyon, Texas.

Dear Sir:  
Just a line to congratulate you on the Special Edition of the Randall County News which you published recently.

This edition was equal to the papers published in some of the largest towns in Texas, and in fact would be a credit to any town in Texas.

A good paper that is really boosting for the community like I think your paper is certainly should be given hearty support by its home people.

Would appreciate it if you would send me an extra copy of this special edition as my regular copy was mailed to a friend.

Yours very truly,  
JACK UNDERWOOD, Mgr.

The National Retail Hardware Assn.  
Hot Springs, Ark., Nov. 5, 1923.  
Mr. T. C. Thompson,  
Canyon, Texas.

Dear friend Thompson:  
From the reading and display ads in your October 25th issue of "The Randall County News" I would judge that Canyon is one of the largest cities of the West, maybe not in wealth or buildings, but in spirit.

If I lived in any other town in the United States except Hot Springs National Park, I would want to gather up my duds and leave it and go straight to Canyon, Texas; and when I arrived I would go into T. C. Thompson's Hardware Store for further information.

With my very best wishes, I am  
Your friend,  
HAMP WILLIAMS, Pres.

Porte Publishing Company  
Salt Lake City Utah, Nov. 8, 1923.  
Randall County News,  
Canyon, Texas.

Gentlemen:  
Many thanks for the copy of your City and County Improvement Edition which we received recently.

This is a most excellent printed and thoroughly readable issue and should have been received very favorably in your locality.

With best regards and wishes for continued success, we are  
Very cordially yours,  
PORTE PUBLISHING CO.,  
By H. W. Pickering.

Barnhart Brothers & Spindler  
Dallas, Texas, Nov. 10, 1923.  
Mr. Clyde Warwick,  
The Randall County News,  
Canyon, Texas.

Dear Clyde:

I want to thank you kindly for your thoughtfulness in sending us a copy of that splendid improvement edition of the News. It was a dandy, complete as could be in every department.

I believe the apology on the editorial page was wholly uncalled for unless it was used just as a little bait to catch a few compliments for yourself and very frankly I think you have them coming to you.

You are also to be congratulated on having a mechanical organization that can so materially assist in making a complete success of a project of this kind. They, perhaps, are not quite as much in the lime light as you stiff collared birds in the front office but you can just bet your old hat that they deserve as much credit as you do (and perhaps a little more) for the success of this undertaking.

At any rate, I am sure the special edition was a success from every stand point and your readers and advertisers should appreciate what you are doing for the town and community.

Hoping that you will accept the congratulations from the Dallas House of Barnharts and with kind personal regards from the writer, we are  
Yours truly,  
Barnhart Brothers & Spindler.  
D. M. Johnston.

**BILL BOOSTER SAYS**

EVERY TOWN SHOULD HAVE A COMMERCIAL CLUB, OR CHAMBER OF COMMERCE, AND EVERY BUSINESS MAN SHOULD JOIN AND DO HIS BIT FOR THE COMMON GOOD! "ONE FOR ALL, AND ALL FOR ONE," IS A GOOD MOTTO.

**Dramatic Club Presents Palsy**

"This Is So Sudden," a farce comedy, and "Three Dear Friends," a feminine episode, were the two plays presented at the regular meeting of the Dramatic Club last Wednesday afternoon at 3:30 o'clock.

"This Is So Sudden" is from the pen of McPherson Janney, and "Three Dear Friends" is from that of Katherine Metcalf Roof. Hazel Cantrell, director, was assisted by Jonnie Rowan, Lillian Beasley, Orvie Bolton, and Audrey Smith in presenting the former. Stella Rusk, director, Elizabeth Shaw, Alma McNeill, and Pearl McDowell presented the latter.

These two plays were not given as finished productions, but they were very interesting dramatic experiments. The members of the casts think they will profit next time not only by their measure of success but by certain mistakes that are unavoidable for beginners.

**Home Ec. Class Cans Big Beef**

An advanced class in Home Economics canned a beef this week under the direction of Miss Helen B. Burton, head of the Department. This practical work was made possible by the donation of a beef by Miss Birdie Lee Burkhalter, one of the students, and the finished product was returned to her. Classes in Home Economics from the Canyon High School were present in addition to many members of the agricultural department. It is pointed out by those in charge that practical work on such a large scale without cost to the College is unusual.

"Every project of reform has to pass through four stages. The first stage is that of 'Pooh pooh!' The second—when vested interests begin to be attacked—is 'No, no!' The third, as the mon eye, is 'Well, well!' And the fourth and final stage is that of 'Yes, yes!'—to which most people add that they thought so all the time."—Scottish paper.

If your child eats ravenously at times and at other times has no appetite at all, look out for worms. White's Cream Vermifuge is the remedy to use. It clears them out. Price 35c. Sold by City Pharmacy. 3115

**Prepare Now**

You know that sooner or later Winter will be here, so why not prepare now to have your home warm and comfortable?

The price of the best Coal is less now than it will be next winter and you are sure of delivery when you want it.

**S. A. Shotwell & Co.**

**College Buys An Instrument For Testing of Coal**

The Physics Department of the College has recently received a new Parr Standard Colormeter which is used for determining the heat units in coal, coke, lignite, and oils! The instrument cost the College \$90.00

Prof. McCarter, Head of the Department, says that his advanced classes will use the instrument for making tests on the various coals coming to Canyon for the purpose of determining which coal is the cheaper. A great saving can be made the college and the people of Canyon in this way.

In France, medical tests are necessary before a driver of a motor car is given a license.

**SHERIFF'S SALE**

THE STATE OF TEXAS,  
County of Randall,  
By virtue of a certain Order of Sale issued out of the Honorable District Court of Carson County, Texas, on the 2nd day of November, 1923, by C. L. Upham, Clerk of said Court, against J. W. Sparks, J. M. King, First National Bank of Canyon, Texas, a Corporation, T. M. Bruner, R. F. Ricks and C. P. McCullough, for the sum of Eleven Hundred, Ninety-three & 85/100 (\$1193.85) Dollars, and costs of suit, in Cause No. 643, in said Court, styled V. C. Nelson versus J. W. Sparks, J. M. King, First National Bank of Canyon, Texas, a Corporation, T. M. Bruner, R. F. Ricks and C. P. McCullough, and placed in my hands for service, I, W. C. Black as Sheriff of Randall County, Texas, did on the 7th day of November, 1923, levy on certain Real Estate situated in Randall County, Texas, and described as follows, to-wit:

South One-half of Section No. Seventy-one (71) Block No. K-14, Certificate No. 411, Tyler Tap Railroad Company, original grantee, containing 320 acres of land, and levied upon as the property of J. W. Sparks, J. M. King, First National Bank of Canyon, Texas, a corporation, T. M. Bruner, R. F. Ricks and C. P. McCullough.

And on Tuesday, the 4th day of December, A. D. 1923, at the Court House door of Randall County in the town of Canyon, Texas, between the hours of Ten a. m. and Four p. m., I will sell said real estate at public vendue for cash, to the highest bidder, as the property of said defendants J. W. Sparks, J. M. King, First National Bank of Canyon, Texas, a corporation, T. M. Bruner, R. F. Ricks and C. P. McCullough, by virtue of said levy and said Order of Sale.

And in compliance with law, I give this notice of publication in the English Language once a week for four consecutive weeks immediately preceding said day of sale, in the Randall County News, a newspaper published in Randall County, Texas.

Witness my hand this 7th day of November, A. D. 1923,  
W. C. BLACK, Sheriff,  
3214 Randall County, Texas.

**NOTICE OF SCHOOL BOND ELECTION**

STATE OF TEXAS,  
County of Randall,  
Canyon City Independent School District.

To the Resident Property Taxpaying Voters of Canyon City Independent School District.  
TAKE NOTICE that an election will be held on the 11th day of December, 1923, within said district, in obedience to an order duly entered by the Board of Trustees on the 8th day of November, 1923, which is as follows:

On this, the 8th day of November, 1923, the Board of Trustees of Canyon City Independent School District convened in regular session with the following members present:  
G. G. Foster, President,  
C. W. Warwick, Secretary,  
A. J. Arnold,  
F. E. Savage,  
A. N. Burgan,  
and among other proceedings had by said Board of Trustees was the following:

There came on to be considered the petition of J. M. Vetsch and 29 other persons, asking that an election be ordered upon the question of issuing bonds of said school district for the purpose of purchasing equipment for the High School Building; and, It appearing to the satisfaction of

the Board of Trustees that said petition is signed by at least twenty qualified property taxpaying voters of said school district, and is otherwise in conformity with law, the Board is of the opinion that said petition should be granted, and said election as prayed for should be ordered;

THEREFORE, Be It Ordered By The Board of Trustees of Canyon City Independent School District: That an election be held in said Canyon City Independent School District on the 11th day of December, 1923, which is not less than Thirty days from the date of this order, at which election in accordance with said petition, the following proposition shall be submitted to the resident qualified property taxpaying voters of said school district for their action thereupon:

"Shall the Board of Trustees of Canyon City Independent School District be authorized to issue bonds of said school district to the amount of Fifteen Thousand (\$15,000.) Dollars, to become due and payable Forty Years from their date, and bearing interest at the rate of Five and One-half (5½) percent per annum, payable semi-annually, for the purpose of purchasing equipment for the High School Building, and if there shall be annually levied and collected on all the taxable property in said district for the current year and annually thereafter while said bonds, or any of them, are outstanding, a tax sufficient to pay the current interest on said bonds and to pay the principal thereof, as the same becomes due?"

The said election shall be held at the Court House in said Canyon City Independent School District, and the following named persons are hereby appointed officers of said election:  
S. V. Wirt, Judge,  
John Nickson, Joe Black and T. V. Reeves, Clerks.

The ballots for said election shall have written or printed thereon the following:

"FOR THE ISSUANCE OF THE BONDS AND THE LEVYING OF TAX IN PAYMENT THEREOF."  
"AGAINST THE ISSUANCE OF THE BONDS AND THE LEVYING OF THE TAX IN PAYMENT THEREOF."

Each voter shall mark out with black ink or black pencil one of the above expressions, thus leaving the other as indicating his vote.

None but resident qualified property taxpaying voters of said Canyon City Independent School District shall be allowed to vote at said election.

The Secretary of this Board of Trustees shall forthwith issue a notice of said election stating in substance the contents of this election order and the time and place of said election, and said Secretary shall post a copy of such notice at three different places within the boundaries of said Canyon City Independent School District, which posting shall be done not less than three weeks prior to the date fixed for said election.

Immediately after said election has been held the officers holding the same shall make returns of the results thereof to the Board of Trustees of said School District, and return the ballot box to the Secretary of said Board of Trustees for safekeeping.

The manner of holding said election shall be governed, as near as may be, by the General Election Laws, of this State, except as modified by Chapter 24, of the General Laws passed by the 37th Legislature at its Regular Session 1921, and this Board of Trustees will furnish all necessary ballots and other election supplies requisite to said election.

C. W. WARWICK, Secretary.

If your bowels do not act regularly, you feel uncomfortable, and the longer this condition exists the worse you feel. To put an end to the misery take Herbine. It purifies the bowels, restores energy and cheerful spirits. Price 60c. Sold by City Pharmacy. 3115

LITTLE WANT ADS IN THE NEWS BRING BIG RESULTS.

**Wayside Items**

No services at the church Sunday, misty, rainy weather. But little moisture has fallen, but enough to keep things from drying much.

Roads are still in a dreadful condition. Not very much traveling around Wayside.

Quite a creditable amount of cotton is being gathered in these parts, considering everything.

M. L. McGehee, accompanied by his brother, J. T., carried a truck load of cotton to the Tulla gin Tuesday.

Jim and Bertie Holland are visiting at the parental Will Holland home. They came in last week.

About 30 attended the party Friday night at W. H. Hamblen's. Candy was served to the crowd. A good time was reported.

Tremors noticed at Wayside, the 5th inst., supposed to be sinking of a lake near Washburn by the use of nitroglycerine. And Palo Duro canyon lies between the two places, 20 miles away, as the crow flies.

We understand that Love School has been closed to allow the pupils to help gather the cotton crop.

Rev. J. W. Griffith has been returned to the Vigo Park work. Wayside belongs to Vigo Park appointment.

Mrs. Lou Gillham has quite an assortment of vegetables put away in her cellar, 50 bunches of fine celery, good size and almost blanched, pumpkins, cabbage, turnips, also quite a lot of canned stuff. What she has done, others could do.

A "tacky" party at H. H. Gillham's Friday night.

Mrs. F. C. Vaden, County Demonstration Agent for Armstrong county, will be delayed getting to Wayside until about December 1st.

Miss Irene Crawford, one of the Wayside teachers, enjoyed a visit at home the past week. She lives 35 miles away, roads almost impassable, but she had a good time with home folks.

The weather is delightful, cool early and late. Heavy frosts, sunny and calm mostly.

Volunteer oats and wheat are doing well, horses and cattle grazing on them. Since the long continued rains have made pastures poor grazing, fortunate they have this volunteer crop.

*Jobs are scarce for the Physically Run-Down*

THE DOOR of opportunity flings wide its portals only to the man who is up and doing—who is filled with pep and punch—with rich, red blood tingling through his veins. Mountain size obstacles dwindle to ant hills and ambitions become accomplishments to these sort of men. Where is the employer who seeks the man who is physically run-down?—The man without stamina to withstand the knocks and gaff of the hurrying, scurrying world of business? S. S. S. is the long established and time honored creator of red blood cells. You cannot expect to get very far up the ladder unless you are equipped with a body that is strong and vigorous. S. S. S. will start you on your way. Don't allow the "Door of Opportunity" to be closed to you because you have not the stamina to withstand the gaff—because your nerve power is lacking. Build up your system!

S. S. S. made of carefully selected and scientifically prepared and proportioned herbs and barks makes you fit! Get back that old time punch! When opportunity knocks be ready to answer the call!

S. S. S. is sold at all leading drug stores. It is more economical to buy a large size bottle.

**S.S.S. Makes You Feel Like Yourself Again**

**A FREAKISH MULE**

Attention of the whole scientific world has been attracted to the A. & M. College of Texas by the act of a real east Texas mule foaling a colt from the mating of one of the College show stallions while under observation of the animal husbandmen of the college. While claims have been made of such occurrences in other sections of the country, and in fact the college mule was brought here for observation after her former owner had claimed maternal merit for her, veterinarians and geneticists have not generally accorded fertility to the hybrid known as the mule. The fact that this mule has foaled twice, once on a mating to a stallion and once from a mating to a Jack, producing progeny three-fourths horse and one fourth ass, and the first time three-fourths ass and one-fourth horse places her in a new class for study by veterinarians.

A protest against the singing of Christmas carols in the public schools of Spokane was made at a recent meeting of the school board in a letter from Rabbi Julius Levin, of the Temple Emanuel, and Sam Edelstein, attorney and official of the synagogue. It was pointed out that Christianity was looked upon by Judaism as sectarian, just as Mohammedism, Buddhism and other forms of belief. Objection was made to the carols on the ground that Jesus of Nazareth was referred to as God and Saviour, in violation of the teachings of Judaism. No action was taken by the board at that time, as the percentage of Jewish children in the schools is small.

The pollution of our inland and sea-coast waters is steadily increasing. Hundreds of dead bluefish and other species have been found floating in large fields of oil and tar pollution between New York and New Jersey. An embargo has been issued on soft-shell clams coming from the Sandy Hook section because of dangerous impurities that might be taken into the human system from these polluted clams. The Great Lakes are being polluted. Shores on the west coast of Florida are poisoned from discharges from phosphate mines. This stealthy poison is no respecter of persons, class or rank. Polluted seafood may reach the dining table of the bank president as well as the dinner-pail of the ditch digger.

When a private stationed at Fort Benning was engaged in cleaning a rifle which he had just drawn, he pushed out a small roll of paper which contained the following message: "This rifle was used by Pvt. Franklin Webster, 2010213, I Co., 125th Inf. I fired this point-blank at seven Germans, Oct. 7, 1918, in an attack on the Kriemhilde Stellung during the Meuse-Argonne offensive. On Oct. 11, 1918, I fired this rifle 115 rounds while in the third battalion, 125th Inf. Gassed in the Death Valley near Geanes, France. Whoever draws this rifle can know it has done its bit."

Miss Grace Li, daughter of Li Luan-Hung, president of China, is attending Wellesley College. In contravention of the custom of protecting the daughters of the rulers of China with troops of attendants, Miss Li arrived with only one companion, a girl of twenty-one. The girls have rented a hall bedroom in a side street.

**Ball Bearings!!!!**

There are two of them in the New No. 3 Primrose Cream Separator.

Yes Sir! Two high-grade, modern ball bearings—each at a point of highest speed or greatest strain—on the job to reduce friction and to insure easier turning and longer life.

Once you turn the No. 3 for a minute you will be surprised to learn its capacity. Although it handles 650 pounds (75.5 gal.) of milk an hour, yet it turns as easily as a plain bearing machine of half its capacity. The ball bearings and slow crank speed are responsible.

We've got a No. 3 here at our store and it is here for you to see and try. Come in and ask us all the questions you can think of—grab ahold of the crank and give it a spin—ask us to give you a trial on your own place. Don't be satisfied until you know all about the No. 3. It's the machine for you.

We are here 'most every day. Come in any time.
