

SUBSCRIPTION CAMPAIGN CLOSES WEDNESDAY SATURDAY OF THIS WEEK IS LAST DAY OF THE BIG VOTE OFFER

HISTORICAL BANQUET HELD FRIDAY NIGHT AT COUSINS

LARGE NUMBER OF VISITORS HERE FOR EVENT.

Early Events of Panhandle Are Recalled by Speakers—Officers Are Elected.

Seventy-five old timers and new citizens of the Panhandle gathered at Cousins Hall Friday evening at 6:00 o'clock for the annual banquet of the Panhandle-Plains Historical Society.

Judge Thos. F. Turner, president of the Historical Society, was toastmaster and in his happy manner kept a flow of merriment and good will prevailing even through the serious considerations of the evening. Judge Turner was former president of the Old Settlers Society. He has always been highly interested in seeing the history of the Panhandle preserved, and highly praised the work of the Historical Society for doing the work that the Old Settlers had talked of for many years, but never started. The gathering of relics of this great section and the writing of the history of this section as it is told by the old timers is of great importance and must be done right away.

Evelts Haley of Midland, a student in the College, caused the first excitement of the banquet by appearing in cowboy costume and reading an original poem reminiscent of early days on the Plains.

Mrs. Dana Thomas Harmon of Amarillo told of the early experiences of her father, who came to the Plains in 1889 as a young doctor and brought her mother, then a bride. Dr. Thomas had come out to this country after completing his medical course in 1887, and was highly impressed with the excellent climate and water that he decided to come back to make his home.

Mrs. Harmon vividly told the story of the early days on the Plains as it had been related to her by her father and mother. On their arrival, August 17, 1889, at Childress, it snowed. Her people came to Floyd county, and Dr. Thomas' practice extended over several counties owing to the sparsely settled region. A second doctor came to Floyd county a year later. There were just 28 voters in the county at that time. Dr. Thomas taught school to supplement his earnings as a physician.

Dr. J. W. Overton of Hereford waxed eloquent in his description of the old timers of the Plains and the future of this great section. The banqueters expected to hear recital of facts concerning the early days of the Panhandle, but instead were given poetic flight of oratory and word picture of the wonders of nature.

Two old time cowboy songs were sung by J. J. Powell. The old timers present were delighted to hear again the songs of the trail.

R. A. Terrill read a cowboy poem, "That Got Darned Wheel" descriptive of a cowboy's first attempt to ride a bicycle.

"Haste is needed in collecting relics and records of this region," President Hill told his audience. He stated further that collections now in private hands should be secured before they are moved to some other part of the country. He especially urged that all of the old settlers give portraits of themselves to the Historical Society.

Mr. Hill expressed his appreciation of the interest shown in the preservation work and asked that every guest inspect the relics on display in the college building before leaving. Six large cases and several small ones were used by the custodians in displaying the hundreds of guns, Indian relics, and other material which is kept by the College.

One of the most interesting events of the banquet was the meeting of two old pioneers who had not seen each other since 1888, when they slept in the same bed in a shack on the J. A. ranch. While they did not recognize each other by appearance, they had no difficulty in recalling incidents of (Continued on Last Page.)

Corner Stone Laying Methodist Church on Sunday 3:00 p. m.

The corner stone of the new Methodist Church will be placed next Sunday afternoon at three o'clock, with Dr. T. O. Ellis of the Church Extension Board officiating.

Dr. Ellis is secretary of the Board of Extension and is responsible very largely for the \$25,000 gift that is being made by his Board to the local Methodist Church.

Rev. M. M. Beavers is expecting a large number of visitors from neighboring Churches to be in Canyon for the service. The people of Canyon are cordially invited to attend the services. It is expected that Dr. Ellis will preach Sunday morning and possibly at the evening hour at the Methodist Church.

Elmer Shotwell Takes Position at Simmons College in September

Official announcement was made Saturday by the Board of Trustees of Simmons College that Elmer Shotwell had accepted the position of director of athletics of Simmons College for the coming year. Shotwell is a Canyon boy, and took his degree from the College last year. He was a star athlete in the College and during the past four years has turned out great football teams in the Abilene high school, the team winning the state championship last fall.

Victor Payne of Abilene Christian College will be coach of the Simmons team and will be Shotwell's assistant.

Buffalo Track Team Working Daily, With Big Squad in Action

During the warm days interest in track work grew very rapidly in the College. In spite of the fact that Coach S. D. Burton was away with the basketball squad, the number in daily workout increased.

Sprinters, jumpers, vaulters, weight men, middle distance and distance men train every afternoon. It is expected that the Buffaloes will have at least thirty men out for the track team by the end of two weeks.

The Buffaloes are getting ready for three big meets this year—one at home and two away from home. The first meet comes in April.

AMARILLO GLOBE OUT.

The first issue of the Amarillo Globe was printed yesterday. The Globe is an evening newspaper and the first issue is of exceptional merit.

QUARTER INCH RAIN.

Rain and sleet started to fall early yesterday morning, and until this morning there had been a quarter inch of moisture.

STORK SPECIAL

Born to Mr. and Mrs. Jim Carr, a girl, February 17th.

Mrs. R. J. Pipkin Saved from Severe Burning by Her Husband Tuesday

While cleaning clothing with gasoline Tuesday afternoon, the gasoline exploded from some unknown cause and Mrs. R. J. Pipkin's clothing was set on fire. By the quick work of Mr. Pipkin, his wife was rescued without serious burns. Mr. Pipkin received bad burns on both his hands.

The Pipkins are living in one of Mrs. Theo Seay's houses. The house was badly damaged by fire, as the flames had reached such headway before the fire department could reach the scene. Mrs. Seay carried insurance, but not sufficient to cover the loss on the house and the furniture.

Mr. Pipkin is express agent in Canyon, and moved here a few months ago.

GREAT CROWD IN CANYON MONDAY HOMESEEKERS DAY

THREATENING WEATHER IS ONLY DRAW BACK.

Visitors and Home People Are Highly Pleased With Results of the Day.

Monday was a big day in Canyon—one of the biggest and best the city has ever had—largely on account of the fact that every citizen in Canyon was interested in making it a really big day. The citizens of Canyon co-operated as a unit in order to put over a big thing and the results were highly pleasing, not only to the visitors, but also to our people.

The Chamber of Commerce was in charge of the events of the day, and had a live committee of business men in charge of the program. These were ably assisted by the College band, which played in the morning and in the afternoon; the women of the Federation, who kept open house at the Rest Room during the entire day, and entertained a large number of visitors; by the College faculty, who placed a fine exhibit at the court house; by a large number of citizens who offered special prizes; by a committee of thirty-six who served as a reception committee and sought to make the people feel at home; by the barbecue committee, who worked serving 900 plates; in fact, the day was made great by all citizens of Canyon trying to show the visitors that they were at home, and that they were welcomed to Canyon any time they wished to return to the city.

Threatening weather all day Monday kept hundreds away from the big day. A cold north wind Sunday morning brought indications of rain until late in the afternoon. Monday morning was cloudy, and it looked as if rain might start to fall at any moment. It was even more threatening about the noon hour. The sun did not shine until late in the afternoon, but even then the temperature was low.

The College Band started the program at 10:00 and played for an hour to a more interested crowd.

The barbecue was served from 11:30 until 12:30. T. I. Poor, chairman of this committee states that 900 plates were served, and that the food ran out before all were served. Owing to the threatening weather the committee did not know how to prepare for the crowd.

The speaking program started at one o'clock with J. W. Reid as toastmaster.

President J. A. Hill briefly told of the work of the College and invited all interested to come to the College at any time.

O. V. Vernon, secretary of the Amarillo Board City Development, spoke on the need of co-operation between the different towns of the Panhandle. The big need of this country was more people, according to the belief of the speaker.

S. J. Cole, district manager of the West Texas Chamber of Commerce, spoke on the wonderful opportunities of the Panhandle and West Texas. He has visions of this being the greatest cotton raising section of the United States.

J. H. Jowell was awarded a prize for the oldest fliwer in town that day. In the \$50 auto race the winner was M. S. Bishir. After the race, the car was sold at auction by Col. J. W. McCrerey of Wayside for the benefit of the Methodist Church. The car was sold at \$26.00. Mr. McCrerey also auctioned a Duro gilt given church by John Knight. It was sold twice and netted \$52.00.

A motorcycle race was started, but owing to the jam of the crowd was stopped.

Aubrey Miller was winner of the boys roller skate race on the pavement.

I. H. Burris won the prize for the largest family. Wilson Harbor, registering from Washington, D. C., won the prize for the most distant visitor. There were visitors present from Illinois, Montana, (Continued on Last Page.)

J. B. Weaver Caught and Adjudged Insane at Carrizo Springs, Tex.

J. B. Weaver, who has been missing since his penitentiary sentence was affirmed by the Court of Criminal Appeals on the charge of bootlegging, was recently arrested at Carrizo Springs, near the Mexican border and held in jail at that place.

Sheriff W. C. Black notified the prison officials to call there for Weaver. He received a telegram Friday that Weaver had been adjudged insane by the county officials there. What effect this will have upon his penitentiary sentence is not known here. The bond of Weaver was ordered forfeited at the last term of the District Court.

Two Former Canyon Residents Have Good Oil Wells Down State

The News received marked copies of newspapers yesterday regarding two former citizens of Canyon who are now owners of paying oil wells.

L. E. Cowling has a good well in Wichita county, which is producing 225 barrels per day. The Cowling family left Canyon nine years ago.

L. A. Warren struck a 100-barrel well at Moran last week, and has contracted for three additional wells. Mr. Warren is now superintendent of the LeVita schools. While in Canyon he was owner of the East End Grocery. He is a brother of W. A. Warren and son of R. A. Warren of this city.

BENEFIT TEA.

A George Washington Tea for the benefit of the Memorial Fund will be given Friday afternoon from 2:00 until 6:00 o'clock at the Legion Hall by the Woman's Auxiliary. The men and women of Canyon are cordially invited and urged to be present.

The Tea is given for the benefit of the Memorial fund. It is proposed to erect a monument in Canyon to the memory of the eleven-Randall county boys who gave their lives to their country during the World War.

At four o'clock a Colonial Minuet will be given under the direction of Miss Agnes Thomas of the public school expression department.

County Fair Will be Held in Canyon on September 18 and 19

Louis F. Hart and J. W. Jennings attended the meeting of the County Fair executives in Amarillo Friday at which time dates were made for the various county fairs in Northwest Texas.

The date for the Randall County Fair was set for September 18-19.

BALLOT BOX SEALED MONDAY AND NOT OPENED FOR COUNT UNTIL CAMPAIGN CLOSES—SATURDAY ENDS BIG VOTES

FINISH BOUND TO BE CLOSE AND EXCITING WITH FOUR OR FIVE HUSTLERS GOING STRONG—READ DETAILS OF THE FINAL COUNT IN THIS EDITION—CONTESTANTS ARE GOING AFTER FOUR-DOOR SEDAN TO BE AWARDED NEXT WEDNESDAY AT 3:30 O'CLOCK.

Six and one half weeks hard work and anxiety culminates in the closing scene, 3:30 o'clock next Wednesday evening, February 27, at which time the Randall County News' big "Everybody Wins" Prize Contest comes to a close and the most successful workers will claim the magnificent prizes, headed by that splendid new 1924 model Ford Sedan, worth \$815.50, and the Ford Roadster worth \$365.00.

Are you to be the one to finish triumphantly with an overwhelming number of votes to your credit or are you to be content with what you have and see the efforts of these many weeks go to waste and the rewards of the contest wrested from your grasp by more aggressive workers? IT'S UP TO YOU—NOW—OR LET YOUR COMPETITORS BEAT YOU TO IT!

Success in an affair of this kind depends upon keen judgment and IMMEDIATE ACTION. Throughout all history people possessing the faculty of knowing a good thing when they see it—and grasping it at the right moment—have won (frequently on the last turn of the cards) while those undecided and afraid, stand back and talk of WHAT THEY MIGHT HAVE DONE.

The end is less than a week away. If you can trust your own judgment as to your competitors strength, based on facts and observation, and lay your plans accordingly, there is yet time to stem the tide of defeat and turn it into sweeping victory.

Better Be Safe Than Sorry

THREE-THIRTY, next Wednesday afternoon looms big on the horizon. Every tick of the clock brings it nearer. It will see father time on his way in such rapid flight that you will scarcely have time to catch your breath before everything is over, the winners named and the proud victors taking pleasure and enjoyment in the prizes won.

This newspaper from the start urged candidates to DO THEIR BEST but now we wish to lay particular stress on the final necessity of looking the situation square in the face and seeing where it will be necessary to PUT FORTH SUPREME EFFORT between now and the finish to be returned winners of first honors and the Grand Capital Prizes, which means small fortunes for your few weeks work.

This Week Means Big Results HUNDREDS OF VOTES WILL BE

turned in to the office and sealed ballot box these last days. WILL YOU GET YOUR SHARE OF THEM? You will if you have your mind made up to win the Ford Sedan worth \$815.50. YOU CAN WIN BY THIS WEEK'S WORK! A brand new contestant could, so, why not YOU? Don't gamble with your time for the next few days. Every second is precious. To hesitate now, might lose you a prize that is a small fortune, indeed, and one that is coveted by each and every one of your competitors in this race. Details of the final count appear in the big ad in this issue and candidates are requested and cautioned to read them carefully and follow them to the letter.

Star-Telegram Correspondent Spends Sunday Visiting Canyon

Max Bentley, staff correspondent of the Ft. Worth Star-Telegram, was in the city Sunday to secure data for a series of articles he is preparing for his newspaper on West Texas.

In company with Louis F. Hart, R. D. Whitman and Mr. and Mrs. C. W. Warwick, Mr. Bentley spent the afternoon in the Palo Duro Canyon. He marveled at the beauty and grandeur of the canyons. He expects to write an article soon on the canyons.

State Inspector Visited Canyon Schools Monday—"Work is Good"

F. D. Galbraith of the Education Department, was in the city Monday inspecting the Canyon public schools.

Mr. Galbraith stated that he found the work in the schools very satisfactory. He was highly pleased with the new high school building.

Visitors in the public schools have pronounced Canyon's schools as being among the very best on the Plains.

AMARILLO MAYOR HERE.

Mayor Eugene R. Blasdel of Amarillo, accompanied by his wife and her sister, Mrs. Scott of Seattle, were in the city Monday, accompanying a very large delegation of Amarillo folks who attended the Home-seekers and Trades Day.

Mayor Blasdel spent the day with Mayor C. N. Harrison and investigated the property of the city.

Knox Says He Raised Bale of Cotton in This County in Year 1905

The News has received the following letter regarding the first bale of cotton raised in Randall County:

Happy, Texas, Feb. 18, 1924.
The Randall County News,
Canyon, Texas.

Gentlemen: I read in the Randall County News of February 7th, an article saying that Mr. Friemel of Umbarger raised the first bale of cotton in the county sixteen years ago. I wish to correct this mistake. In 1905, I raised a bale of cotton on my farm near Happy, had it ginned at Tulsa, hauled it to Canyon, and sold it to Mr. J. C. Pipkin for five cents a pound.

Sincerely yours,
J. B. KNOX.

WARNING!

NEWS CONTEST CLOSES NEXT WEDNESDAY AFTERNOON GET RESULTS THIS WEEK

WHY? Because the vote schedule takes another drop after Saturday night and then—ONLY THREE ALL TOO SHORT DAYS REMAIN BEFORE THE CLOSE OF THE CONTEST WEDNESDAY AFTERNOON AT 3:30 SEAR!

WATCH FOR SURPRISING VOTE TOTALS IN THE COUNT SATURDAY NIGHT.

Orville Robeson	1,167,500
Mrs. J. L. Lovvorn	1,142,450
Mrs. P. F. Hicks	1,132,975
Miss Helen Croson	873,425
Allen Brown	659,300
Miss Vera Williams	633,900
Mrs. Mae Higdon	616,050
Miss Hazel Brown	291,600
Drew Ridgway	221,100
Miss Annie Koeley	199,275
Mrs. J. E. Mitchell	105,400
Lewis Shirley	93,800

WILL YOU DRIVE A FORD AWAY

There will be big reports from all candidates this week, before the big vote period closes Saturday night. WILL YOU GET YOURS? IT'S UP TO YOU.

AMARILLO AND THE COLLEGE

The people of Canyon have been wondering for thirteen years if the people of Amarillo truly appreciated or knew the worth of the West Texas State Teachers College which is located in this city. According to the records, Amarillo has furnished far less number of students to the College in proportion to its population than a majority of the smaller towns of the Plains. This condition may be explained from two facts: first, students do not care to go to College in a nearby town if that town is smaller than the one in which they live, and secondly, the people of Amarillo really do not know the advantages of the College and have not taken the pains to find out its real standing in the educational world.

Two statements made recently by prominent citizens of Amarillo, who ought to be in position to know the real worth of the College but who seemingly did not, would indicate that the people of Amarillo must be educated more thoroughly before the city will send as many students as it should.

A speaker from Amarillo at a recent meeting of our Chamber of Commerce made the statement that Amarillo should send her boys and girls here for two years. The speaker had evidently gained the impression that this was merely a junior college. The statement was not challenged at the time by Canyon citizens, although all present felt that the false impression should be corrected. Happily it was corrected by an authority whose words meant more to the Amarillo guests than would have a statement from Canyon people. A representative of the state education department corrected the statement that the graduates from this College received the same standing and the same recognition as did graduates from the State University or any big College of the State.

Another Amarillo man seemed surprised when talking with two Amarillo students, who had attended a famous girls' school of the South, to find these young women to be highly enthusiastic over the work offered in the West Texas State Teachers College. These students had found out the facts regarding the College and was willing to tell their friends in Amarillo.

Amarillo citizens, who preach the doctrine of building up the Panhandle, can greatly assist in their preachment by sending the Amarillo boys and girls to College in the Panhandle. That is going to help just as much in the work of making a greater country of this section as will the work of bringing in more people or more industries. But this fact has never been fully driven home to the minds of Amarillo people who are sending their boys and girls away to Colleges with no higher standing, and very often to colleges with not so high standing as the West Texas State Teachers College.

Amarillo should invest her money in Panhandle institutions which are making this a greater section, just as Amarillo expects to grow through the medium of being the mercantile center of the Panhandle-Plains country.

The cotton seed bootlegger, is busy in this section selling cheap cotton seed. Cheap seed of any kind usually is the most expensive in the long run. Fifty percent of the cheap seed is lost because it will not germinate. Two plantings of cheap seed will cost the farmer the same amount of money as does one planting of good seed, and twice the amount of work. It has been discovered in Plainview through expert tests that bollie seed will not germinate. There is no guarantee if the farmer buys bootleg seed that is not getting bollie seed. If he buys bollie seed at \$1.00 per bushel, he will be throwing away his cash and all of his work. There is only a limited amount of good seed in the country. No farmer should buy seed unless he knows positively that it is not bollie seed and that its germination is insured. Buy good seed.

It is reported authoritatively that the Ku Klux Klan is centering its fight on Lynch Davidson and is determined

to eliminate him in the first primary. Lynch Davidson is the first prominent man in Texas who took a decided and definite stand against the Klan in politics. When the Klan was in the height of its power in Houston Davidson made a speech in that city at a luncheon club defying the Klan and challenging its methods. His enemies in the Klan rejoiced that Davidson had stepped into a death trap. His friends were fearful for the stand he had taken. The News is of the opinion that Lynch Davidson should be elected Governor. He is one man in the race who has had sense enough to run his own business profitably, and being successful in his own affairs, he ought to run the affairs of the state successfully.

The friends of McAdoo have insisted that he remain in the race for the democratic nomination for the presidency. Friends from forty-eight states met in Chicago Monday and came to this understanding. It was to be expected that those invited to this particular meeting should come to this decision. McAdoo was the leading candidate for the democratic party before the oil scandal. Many prominent republicans are mixed up in the scandal, and the fact that the oil deal was made during the republican administration will have much influence on the party as a whole. While there is little question of McAdoo having a single thing to do with the Teapot Dome affair, yet the fact that he was mixed up with the men who put it over is going to have weight. It will be better for the democrats to reject McAdoo and choose a candidate who had nothing to do with this affair.

The Buffaloes have won the championship of the T. I. A. A. The percentage column would show a much larger score had the Buffaloes been able to schedule more T. I. A. A. games. It would seem that when Coach Burtop was trying to schedule games for the road trip all of the T. I. A. A. teams knew what to expect from the hands of the Buffaloes and were therefore conveniently unable to meet the herd. The Buffalo team has won a great victory in getting first place in the conference, and one that will be of great benefit in putting the athletics of the College on the Texas map.

McLean News: The Groom Chamber of Commerce proves that it is composed of real business men by contracting with their home town paper for a page advertisement each week for at least three months, telling of their section. More and more communities are coming to realize that the home town paper is the best advertising medium for everything the community has to offer.

Plainview News: The billboards and advertising signs along streets and highways are doomed to go. A number of states have passed laws prohibiting them, and other states will do so. They mar the beauty of the scenery, and are a nuisance. The business world is fast coming to the idea that the newspaper is the best and most profitable advertising medium.

Secretary Denby resigned from the president's cabinet in spite of his oft repeated statement that he was innocent and would therefore remain at his post. The President announced that Denby would stay in the cabinet until he had thoroughly investigated the charges against his secretary. The question is raised by Knott in the cartoon of the Dallas News: Did he jump or was he pushed. In short he went.

S. M. N. Marrs is a candidate for re-election to the office of state superintendent of public instruction. Mr. Marrs has done a notably work during this his first term of office trying to break the text-book contracts which were made by the last commission, and will be bitterly fought by the publishing companies if they can get out a candidate against him.

Monday was a big day in Canyon in spite of the threatening weather. The crowd would have been doubled had not the threatening clouds held over the country during the greater part of the day. Canyon can afford to put on such days often. The people who came to Canyon Monday were highly well pleased with the program put on by the Chamber of Commerce and the citizens.

The high school Eagles will battle in Plainview Friday for the championship between districts numbers one and two. The boys won out handily Saturday for the championship of district number one. They are going to need help at Plainview tomorrow. Every fan who can possibly do so, should journey to Plainview Friday in order to back the Canyon Eagles in their fight with the strong Rails team.

It is easy to get rid of the misery of heartburn or indigestion. Herbine goes right to the spot. It drives out the badly digested food and makes you feel fine. Price, 60c. Sold by City Pharmacy.

LYNCH DAVIDSON

Lynch Davidson, former lieutenant governor, and Houston lumberman, made a speech at Groesbeck Saturday, which pretty well summarizes the fix we are in.

Lynch Davidson is one of the two Davidsons who are seeking the democratic nomination, the other one being T. W. Davidson of Marshall, the present lieutenant governor. From the standpoint of name and former and present jobs, they are sort of political Siamese twins. They may have a serious time becoming separated in the minds of the voters before somebody else grabs the grapes.

Of the two Davidsons, the Houston lumberman, Lynch, has the hardpan business senses. The other Davidson, T. W., probably has the superior ability in flag waving and would better qualify as the regular standard garden variety of platform operator.

There is very little to be enthused about in a discussion of dollars, and yet Lynch Davidson at Groesbeck made that what is almost sure to be the real dominant issue of the campaign.

Davidson stated that he proposed to save the state \$10,000,000 in every budget—\$10,000,000 that is now classed by him as pure waste. And the queer part about the statement is that Lynch Davidson is the only candidate who has the right to make the statement without its being classed as political bunk.

Lynch Davidson was the man who took the sick baby of the state railroad, running from Rusk to Palestine, which was being kicked around the state legislature from session to session, at a loss of \$80,000 a year in operation, and turned it into a real railroad; with \$40,000 cash on hand, without spending the \$25,000 that the state gave him to fix it up. This same Davidson then went to work and saved the Orient for Texas for the time being, and if we had any state's rights left in the government of railroads, we probably at this time would be reporting that he had permanently saved the road.

Lynch, not T. W., happens to be about the only candidate running who is politically unfortunate enough to have made a comfortable business success. As such he will be a wonderful target for Farmer Jim, and other candidates who use the regular rabble rousing story entitled "He has got a nickel and therefore don't let him spend ours."

The dollar sharks say that it takes about eight present American dollars to equal five dollars in 1914. If they are right, it might be proper for the taxes to be 60 per cent higher than ten years ago, but this 300 per cent business smells like something extremely odorous.

Perhaps no one specially is to blame. From the beginning of the war to 1920 America went crazy in a spending sense. In 1920 the family pocket book and individual business reached its climax. During the last three years we have been getting over the drunk. But unfortunately, what is anybody's business is nobody's business, and we never have gotten around to sanity in government spending.

The republican majority at Wash-

ington last week, getting ready for the four-year test with the democrats, announced there would be a 25 per cent reduction in income tax, based on last year's earnings. And now Lynch Davidson, equally wise, even if he is a business man in politics, and not a politician in politics, announced that he is after a 25 per cent slice off the Texas expenditures.

When all is said and done, and all wave the American flag, announce they of the eight or ten or fifteen candidates are for or agin higher education, for or agin the klan, for or agin the tenant farmer, for or agin Mexico, and for or agin those terrible republicans, there is a fair chance that those of us in Texas over twenty-one, both male and female, are going to show a reasonable respect for that candidate who tells us how, when and why, in specific detail, we can save \$10,000,000 annually.

The above is not to state that Lynch Davidson is the special Moses of Texas, or the only man in the race worth serious consideration. It is just to point out that Lynch Davidson at Groesbeck Saturday, probably did announce what is the real concern, the key-note slogan of the campaign which is about to open.

When he said he was for less taxes and fewer laws, he said a mouthful. He said many other things, but the remaining details are only important in that they amplify in a detail and constructive way just how he proposes to get action on this \$10,000,000.

Lynch may stomp his toe on many of the political iron horse shoes, that will be thrown along his path. But barring accident and an even break in the political luck pot, he ought to be running with his coat tail flying on this less tax issue.—Wichita Record-News.

McLean News: We note that the pastor of the Methodist church at Claude had a complete list of members of his church published in the Claude News last week. If his congregation is like most congregations, this is the only way the world has of knowing some of them are members of the church. We commend church advertising, and lament the fact that some members do not attend the services of the church they profess to believe in.

HIT WAS THE OWL

A Londoner looking over a country estate was startled by a peculiar screeching noise.

"I say, old chap, he asked the agent, 'what was that?'"

"An owl."

"I know that, my dear fellow, but 'oo's?'"

THE STAR

Twinkle, twinkle little Star,
You're a little wonder car;
Just the same as other makes,
From Red Seal power to either two or four wheel brakes.

Three speeds forward, one reverse,
A car to fit the poor man's purse;
Like your namesake in the sky,
You shine on earth to please the eye.

As you go forward to success,
Giving more and costing less;
To arctic's clime or tropic sunny,
Little Star, you're worth the money.

BUFFALOES CINCH THE T. I. A. A. CHAMPIONSHIP

BUFFALOES RETURN HOME WITH T. I. A. A. CHAMPIONSHIP SAFELY TUCKED UNDER THEIR BELT—ONE GAME CALLED

The Buffalo basketball team is home from the road trip, and incidentally with the championship of the T. I. A. A. safely tucked under belt so securely that no contender can dislodge it. The championship was the goal of the Buffaloes this year. The goal has been reached.

The Buffaloes played eight conference games this season, and lost only one. This gives the team a percentage of .875. The nearest competitor is Southwestern university of Georgetown, with a percentage of .750, this team having played eight games and lost two. Southwestern closes its season with Denton. Southwestern would have to play 16 games and not lose another one if the Buffalo score was tied.

Sporting editors of the Star-Telegram and the Dallas News have given the T. I. A. A. championship to the Buffaloes

Before leaving on the road trip the Buffaloes had won every game, having defeated A. C. C., San Marcos, Wayland and Roswell Cadets in two games each. The only conference game lost was at Simmons last Wednesday night by a score of 19 to 17. The Buffaloes took the first game with the Cowboys by a score of 25 to 14.

Journeying on to Denton, the Buffaloes won two games Friday and Saturday nights by scores of 25 to 20 and 20 to 17.

Monday and Tuesday nights the Buffaloes lost to the Oklahoma Aggies at Stillwater, by scores of 35 to 38 and 34 to 8. The Aggies are members of the Southern Conference and have an exceptionally fast team. These games were taken on by Coach Burton owing to the fact that he could not get dates with T. I. A. A. teams.

The game scheduled with the Central Oklahoma Teachers College at Edmund for last night was cancelled by agreement of both teams.

The following are daily press reports on the two Denton games.

Denton, Feb. 15.—The West Texas State Teachers College Buffaloes of Canyon advanced another step toward the championship of the T. I. A. A. conference here tonight when they romped on the North Texas State State Teachers College Eagles, 25 to 20. Hale led the scoring for the Buffaloes but teamwork was responsible for the victory.

If the Buffaloes can win tomorrow they will have the undisputed championship of the conference.

DEFEAT DENTON TWICE

Denton, Feb. 16.—The championship of the Texas Intercollegiate Athletic Association was won by the West Texas State Teachers College Buffaloes here tonight when they defeated the Denton Eagles 20 to 17.

Never in the history of Texas basketball has there been a more spectacular game, or a game harder fought. The Buffaloes led throughout the first half that period ending 10 to 9 in their favor.

The second half was a seesaw affair with first one and then the other team ahead. Hale went out of the game during the period with four personal fouls with the score 15 to 16 for the Buffaloes. Henry replaced Hale and immediately scored a field goal, then L. Hill scored one, then Denton got one and the timekeeper stopped the game.

The doctor opened the door of his operating room and looked at the line of waiting patients and asked, "Who has been waiting the longest?"

"I have," spoke up one individual very promptly. "I'm the garage man who fixed up your car about four months ago."

T. I. A. A. STANDING

The table below shows the standing of the T. I. A. A. teams, complete to Sunday, according to the best information that The Prairie is able to obtain:

	P.	W.	L.	Pct.
West Texas State Teachers College	8	7	1	.875
Southwestern University	8	6	2	.750
Southwest Texas Teachers College	10	7	3	.700
Simmons College	12	8	4	.500
Ablene Christian College	8	4	4	.500
North Texas Teachers College	10	5	5	.500
East Texas Teachers College	9	4	5	.445
Howard Payne College	6	2	4	.333
Sam Houston Teachers College	10	3	7	.300
Austin College	11	1	10	.091

HOW MANY ARE THERE?

The world today is looking for men who are not for sale.

Men who are honest and sound from center to circumference—true to the heart's core.

Men with consciences as steady as the needle to the pole.

Men who will stand for the right if the heavens totter and the earth reels.

Men who can tell the truth and look the world right in the eye.

Men who neither brag nor run, men who neither flag nor flinch.

Men who have courage without shouting it.

Men in whom the everlasting life runs still, deep and strong.

Men who know their message and tell it.

Men who know their business and attend to it.

Men who know their place and fill it, men who will not lie, shirk, nor dodge.

Men who are not too lazy to work, nor too proud to be poor.

Men who are willing to eat what they have earned, and wear what they have paid for.

Men who are not ashamed to say "No" with emphasis, and who are not ashamed to say "I can't afford it."

The California Lumber Merchant.

Athletic Men Are In Great Demand In High Schools

Coaches trained at the West Texas State Teachers College are in demand in many schools over the Panhandle, according to reports of the Bureau of Public Service of the college. Four of the strongest teams in the District meet last week were coached by ex-students of the college.

"And now, children, can any one of you tell me what is a stole?"

Only one hand went up.

"Well, Able, tell your classmates stole is?"

Silence.

"Well, Able, tell your classmates what is a stole."

"Please, teacher," said Able triumphantly, "A stole is a bold what brings in the babies."—Pharmaceutical Advance.

A timber wolf was killed recently by a hunter in the hills of western Massachusetts—the only one that has been heard of in that region for many years. A few days later another was killed on Long Island within the limits of New York City.

FIRST ATTRIBUTE
"What do you think your boy is going to be when he grows up?"
"Well, he has the makings of a poet—he's always complaining that he's hungry."—Detroit Free Press.

Two negroes were arguing about reincarnation.
Sambo says to Rastus: "Why don't you all know what reincarnation is? Well, say niggah, reincarnation is what I was befoh I was what you ain't and never will be."

Child-birth

HOW thousands of women, by the simple method of an eminent physician, have avoided unnecessary miseries through many months and up to the moment baby has arrived, is fully explained in the remarkable book, "Motherhood and the Baby." Tells also what to do before and after baby comes, probable date of birth, baby rules, etc., and about "Mother's Friend," used by three generations of mothers, and sold in all drug stores everywhere. "Mother's Friend" is applied externally, is safe, free from narcotics, permits easier natural readjustment of muscles and nerves during expectancy and child-birth. Start using it today. Mrs. E. E. Kerger, Slayton, Minn., says: "It pulled me through." Send for book today, to Bradfield Regulator Co., B.A. 78, Atlanta, Ga. "Mother's Friend" is sold at all good drug stores—everywhere.

May Peterson to Sing in Amarillo For Rotary Club

When May Peterson, the charming prima donna of Metropolitan Opera company fame who is to appear in Amarillo in concert Friday, Feb. 22, started for Europe the first time, besides the three hundred dollars she had in her pocket which represented her entire capital, her most treasured possession was an alcohol lamp which she has preserved to this day as a memento of the past and when anything goes particularly wrong with her she goes to it and, like Aladdin and his Wonderful Lamp, she rubs it and the genie living in the lamp, if he doesn't at once shower her with pearls and precious stones or whisk her off in a magic carpet to Paris, Bagdad, Timbuctu or some other delectable place, at least rids her of her "blues." When she remembers the struggle she had to make both ends meet that first year in Florence, when she recalls the spaghetti and ragouts and coffee and tea that had been made on that lamp and how difficult it was sometimes to get the spaghetti, the ragout, the coffee and tea, to say nothing of the alcohol itself (and Italy has no Volstead law) she cheers up at once and "all's well with the world."

Very few girls have gone abroad to study singing with the slender material equipment which accompanied May Peterson and have been able to return a successful artist. But May Peterson was the daughter of a Methodist circuit rider, she was one of nine children and she had learned how to do for herself and make much of little. She had courage and persistence, imagination and resource and she found means to make money in Europe, which helped her through to the end. She gave English lessons, sang in American churches, played accompaniments—any job was a good job if it brought in some money honestly earned.

It was fairly difficult at times, especially in the winter when one can get colder and staycolder in those stone-floored rooms of Florence than anywhere else in the world, and cold is a mortal enemy of the singer. But Miss Peterson was blessed with health as well as courage and she came through the ordeal unscathed.

Miss Peterson will sing in Amarillo at 8:15 o'clock the night of Feb. 22, at the municipal auditorium under the auspices of the Amarillo Rotary Club. The proceeds will be used to defray expenses of the club to the Texas district convention at Wichita Falls in March. The club is asking the support of Rotarians throughout the Panhandle and music lovers. Prices have been made reasonable and the concert by this famous soprano is within the reach of every one.

THE PRAYER OF THE TREE

(From the Boston Transcript)
Upon a tree in Portugal a traveler read this appeal:

Ye who pass by and would raise your hand against me, harken ere you harm me.

I am the heart of your heart on the cold winter nights.

The friendly shade screening you from the summer sun.

And my fruits are refreshing drafts, quenching your thirst as you journey on.

I am the beam that holds your horse, the board of your table, the bed you lie on, the timber that builds your boat.

I am the handle of your food, your door, the wood of your cradle and coffin.

Ye who pass me by listen to my prayer: Harm me not!

A new type of air suspension of motor car bodies is being used in England wherein the body floats on a type of enclosed rubber tubing in such a manner that it acts much the same as a pneumatic tire, permitting the car the same resilience afforded by the pneumatic tire, while at the same time the wheels themselves are shod with less expensive hard rubber tires.

Our national wealth for taxation purposes amounts to approximately \$275,000,000,000. Nearly twenty per cent of this amount, says Colliers, is invested in tax-exempt securities.

A nickel in the slot radio receiving outfit gives patrons advance information as to the type of entertainment coming and posts a warning twenty seconds before another nickel is required to enable them to enjoy an uninterrupted performance.

For eighteen years several hundred acres of cut-over hardwood land in Northern Michigan has been carefully guarded by fire wardens supported solely by Herman Lunden. Today there are many twelve and eighteen inch saw logs and much chemical wood on the protected tract.

The increasing number of rich Germans at foreign pleasure resorts stirs the anger of Chancellor Marx who says the wealthy should be punished with drastic taxation penalties.

TO SING FRIDAY IN AMARILLO

MISS MAY PETERSON

HARD WORK

I have never known anyone who really worked hard to complain about it.

I have heard scores of people complain about hard work—for that is the usual alibi for hard work.

Salvation itself comes through hard work. Youth is prolonged, beauty is made permanent, and happiness is always assured after a hard day of work. The tired body then lies down to its rest with the knowledge in its heart that the day was not misspent.

Who ever heard of a truly successful man who was afraid of hard work, of hardship, of disappointment?

If you have more things to do than you think you can do, go ahead and you will do more things than you dreamed you could do.

I met a friend not long ago to whom I refused to loan some money. I told him that I wanted him to confine as my friend, and I knew that he would not if I made the mistake of giving him what he asked. I told him to take and job and earn instead of borrowing. He took my advice. I came upon him just the other day and he told me that he had paid all he owed to his personal acquaintances and had just invested his first thousand dollars.

Hard work brought about a new ambition in my friend's mind. And he told me he intended to go right on—that he would be independent and ask favors of no one.

You may not always be adequately paid in money for your hard work, but you are more than paid in mental and spiritual rewards. And that means far more.

Be glad if you have work to do. Do it well—better than it has ever been done before.

Don't be a ten per cent man.—Ex.

A new concern in New York City, which undertakes to answer by telephone any unreasonable question on any subject whatever, finds that they can answer eighty per cent of all questions in two minutes. If the answer requires longer time they take the patron's telephone number and call him back. The service is rendered for a fixed price a year, the subscriber receiving a code name. He can telephone at any hour of the day or night and be answered.

Experimenters in a Hudson River tunnel, ninety feet below the surface of the river and 1,600 feet from the exit, tuned in with a radio set and heard concerts as far away as Pittsburgh. This experiment may lead to something of value to entombed miners.

The death rate from alcoholism in England is twice as great among professional men, clerks and shopkeepers as among the skilled and unskilled workmen.

Potent moonshine whiskey, seized as evidence, poured down the intake of the sewers of Paducah, Kentucky, is eating the life out of the sewer.

Stop that Eczema!

AMAZING results have been produced by S. S. S. in cases of eczema, pimples, blackheads and other skin eruptions. If you have been troubled with eczema, and you

have used skin applications without number, make a test yourself, on yourself with a bottle of S. S. S., one of the most powerful blood cleansers known. S. S. S. makes the blood rich and pure, and when your blood is freed of impurities your stubborn eczema, rash, tetter, skin eruptions, pimples, blackheads, blotches and acne are bound to disappear. There are no unproven theories about S. S. S.; the scientific results of each of its purely vegetable medicinal ingredients are admitted by authorities.

S. S. S. is sold at all good drug stores in two sizes. The larger size is more economical.

It is not necessary to pay for your car in full in order to secure delivery. You can get on the preferred list for early delivery by making a small payment down. Or, if you wish, you can arrange for delivery under the terms of the Ford Weekly Purchase Plan.

Eagles Are District Champs

EAGLES WHIP TULIA IN SEMI-FINALS AND FARWELL IN FINALS SATURDAY—WILL MEET RALLS AT PLAINVIEW ON FRIDAY

The Canyon high school Eagles won the championship of District Number One Saturday, and on Friday will meet the Ralls high school team, which was the winner of District Number Two.

Three games are scheduled for the championship of the two district between the Eagles and Ralls. The first game will be played Friday morning at 10:30 o'clock at the municipal auditorium in Plainview. The second game will be played Friday night at 8:00 at the same place. If a third game is necessary, this will be played at Plainview at 8:00 Saturday night.

As large a number of basketball fans as possible are urged to accompany the Eagles to Plainview tomorrow and back them in the fight for the championship of the two districts.

The Canyon Eagles won the championship of District Number One in the basketball tournament held at the College gym last Friday and Saturday. The Eagles defeated the Farwell team in the finals by a score of 17 to 12 in one of the hardest fought battles of the tournament.

As a result of the victory, the Eagles were awarded a silver loving cup by the College.

The tournament as a whole was the fastest and cleanest that has been held at the College since the interscholastic league was organized.

Probably the greatest thrill of the tournament was the defeat of Tulia by the Eagles in the semi-finals Saturday morning at 10:00 o'clock in a fast and exciting game by a score of 23 to 19.

A packed house, almost equally divided for Farwell and Canyon, saw the Eagles gradually gain victory from Enoch Dawson's quintet in the last quarter. The final lead of five points in the 17 to 12 score came only after the Farwell boys had held the Eagles to a five point tie in the first half and were one point ahead on the third quarter with the score 8 to 7.

To Hale, Eagle forward, more than to anyone else goes the credit for scoring in the last half. Hale, after having made two field goals in the first period, came back with three in the last half. Brown scored a free goal in the first session and a field goal in the last. Hill scored one goal and Sanders, Eagle guard, scored two free throws. Lovelace and Spring, Farwell players, scored two field goals each. Ford scored a field goal and one free trial; while Hawkins scored one on a free throw.

Sanders did some consistent work at guard for the Eagles during the championship clash, and Lowes, his teammate, was exceptionally brilliant at times. Hill, who played throughout the tournament with an infected knee, played good ball but was replaced in the first period by C. Faulkner. G. Brown started at center in the second half but had not played long before Webb sent Hill back in the game. Both Lovelace and Spring showed excellent work in the forward positions for Farwell. The Farwell guards, Hawkins and Wulfman, were about the strongest pair the Canyon forwards have faced this season. Ford, center for the runners-up, played a consistent game and was especially valuable as a passer.

First Half a Surprise

Almost before it could be realized the first half of the championship game was over and the big score board showed five points each. The teams had been playing a fast brand of basketball and neither side appeared to have the advantage unless it was the Farwell quintet. They had kept the ball almost constantly but were unable to score on their opportunities. Lovelace and Spring tossed a counter each, and Ford rung a free trial. Hale had made two for the Eagles and Brown counted one on a free throw.

The third quarter found the Farwell five one point to the good and with the score 8 to 7. The playing was desperate and the audience was literally swept from its feet by the efforts of the straining athletes.

Canyon Plays Hard in Fourth

As the whistle sounded for the fourth period the teams jumped to their places and moved about the floor as swift as players seem to be able to go. The Eagles seemed to be everywhere, reflecting the ball about the court. Farwell scored first and then the battle really began. Hill rung one from a distance and later Hale got away and counted a goal. Then Brown scored and the fight continued with a lot of passing, a flashy brand of guarding and once in a while a score. The crowd was holding its breath or screaming, yelling and laughing, so completely was it lost in the efforts of the two teams. Nothing seemed sure. It was a period of time when everyone was at a high tension. The players were fighting with every ounce of en-

ergy called upon and every sense alert for an opportunity to add to the score. And then—the whistle sounded.

It was over. Canyon had won the championship. Subs who had been glued to the benches on the side rushed in and the Canyon Eagles very hoarsely and not so loudly cheered the Farwell squad and that group of clean sportsmen replied. The crowd pushed and shoved out the doorway. Everyone declared to everyone else that they had never seen such a game and so hard a fight. Any comment would provoke smiles of appreciation and of approval. Everyone was yelling. The big tournament; one of the most successful ever staged here, was over and the championship of the District was in good hands. Defeated teams began making preparations for leaving. Coach Webb and the Eagles began to inquire for the silver loving cup which Coach Wilson of the Amarillo Golden Sandstorm, winners of last year's tournament, brought down to give to Director Shirley, who in turned handed it over to the team that defeated the last year's champions in the sectional elimination contest.

Tulia Loses in Semi-Finals

One of the most interesting and hardest fought games of the tournament was the first game in the semi-finals between the Canyon Eagles and Tulia High. Due to the bitter rivalry that has existed between these teams for a number of years enthusiasm was at its highest pitch. The Tulia team was ably supported by a large crowd of rooters which accompanied them. Likewise, all of Canyon High turned out. Tulia jumped into the lead early in the first half and held it during that period, but the Eagles came back strong in the last half, overcame the lead, and held it until the final whistle. During the first three quarters of the game the cheering of the rooters was so great that at times the referee's whistle could not be heard, but during the last quarter everyone realized that the time was almost up and that the outcome was so much in doubt that the cheering subsided and gave way to anxiety. When the game ended the Eagles were leading 23 to 19. Hale, Lowes, and Hill starred for Canyon. Ford was easily the outstanding player for Tulia, although Pearson and Crow did good work.

The second game of the finals was played between Clarendon and Farwell, which was won by Farwell. Farwell's ability to pass accurately proved the downfall of the Clarendon team. However, the adeptness of Sikes in shooting long goals kept the outcome very much in doubt. The fighting spirit of both teams showed that either one was worthy to play in the finals. Sikes, Carbin, and C. Naylor starred for Clarendon Bronchos, while Stringer, Lovelace, and Ford starred for Farwell.

Preliminaries Interesting

The first surprise of the tournament came when the Canyon Eagles met the Canadian players. The Eagles, according to dope, were far the superior team and an easy win was looked for; however the Canadian bunch showed a fighting spirit that would not be downed, and the Eagles had to put forth their best efforts in order to walk away with the long end of a 29 to 17 score.

Clarendon came from behind and eliminated the scrappy gang from Perryton. In the first half Perryton outplayed and outscored the Clarendon team, however the Bronchos came back strong in the last half and emerged victorious, the final score being 32 to 20. This was the largest score of the tournament and the narrowest margin for a win.

The fastest game of the preliminaries was between Tulia and Dalhart. This was the bitterest game of all, that is if fouls are an indication, for there were over 30 fouls altogether called in this game. The first quarter ended 10 to 0 for Tulia. In the second quarter only three counts were made, a field goal by Dalhart and a free throw by Tulia. Dalhart played better ball in the last half and scored 15 points to

Five Best Men In District One Picked Monday

- ALL-DISTRICT FIVE**
- Hale, Canyon ----- Forward
 - Spring, Farwell ----- Forward
 - Ford, Tulia ----- Center
 - Sanders, Canyon ----- Guard
 - Pierson, Tulia ----- Guard

The above five men were picked Monday afternoon as the best five men in District One of the Interscholastic League by D. A. Shirley, director of athletics at the college, assistant coach W. E. Lockhart, Leroy Muncy, official score-keeper during the contests, Guy Tabor, newspaper correspondent, and Wade Boatwright.

Honorable mention was given to the following: Lowes (Canyon), Moore (Canadian), and Wulfman (Farwell), guards; Gamel (Perryton), and Naylor (Clarendon), centers; McCollum (Canadian), Knight (Dalhart), and Schull (Clarendon), forwards.

Tulia's 13. The game ended 24 to 17 with Tulia in the lead. Ford, Pearson, and Younger starred for Tulia. Bonner, and Reynolds starred for Dalhart.

Panhandle and Farwell played the first game of the preliminaries in which Farwell took an early lead and despite the several changes and switches in the line-up of Panhandle, maintained that lead until the close of the game which ended with a score of 19 to 16 in favor of Farwell. At no time, however, was the lead any great amount and the ultimate outcome was doubtful until the final whistle. O'Keefe, Thorpe, and Herndon starred for Panhandle, while Lovelace, Stringer, and Wulfman were the outstanding players in the Farwell line-up.

Sectional Titles in Dispute

Thursday night two games were played, one between Pampa and Canadian, the other between Goodnight and Panhandle. These teams could not settle the respective sectional titles on home grounds, so, their coaches brought them here. The results were that Canadian beat Pampa in a slow contest, and Panhandle sent Goodnight back home under an avalanche of "baskets".

Woodward of Wayland acted as referee during the meet and did excellent work. Praise was accorded him throughout the contests. Guy Tabor and Wade Boatwright served as umpires. Leroy Muncy was official score-keeper. W. E. Lockhart was time-keeper, and D. A. Shirley had general charge of the meet.

HIS VIEWPOINT

A motorist meeting an old colored man trudging along the dusty road generously offered him a lift. "No, sah, thank you, sah," said the old man. "Ah reckon mah ol' laigs will take me 'long fast enough." "Aren't afraid are you uncle? Have you ever been in an automobile?" "Never but once, sah," was the reply. "and den Ah didn't let all mah weight down."

Liquid Borozone is an efficient healing remedy for human or animal flesh. It mends a severe wound, sore, cut or scratch in the shortest possible time. Price, 30c, 60c and \$1.20. Sold by City Pharmacy. 454

NEW SURE WAY TO END BILIOUSNESS

Toxoid Liver Pills Body With Poisons—Pepsinated Calomel Guaranteed to Relieve Between Sundown and Sunup—No Nausea.

Calomel is the only medicine that will actually reach the liver, but ordinary calomel is so drastic that many have deprived themselves of its fine effects because of its harshness. This objection has been overcome in Pepsinated Calomel. Many who formerly could not take calomel are finding a most acceptable remedy in Pepsinated Calomel because it is English Calomel (which doctors recognize as the standard of purity), treated with pepsin and other soothing ingredients that not only stimulate the liver to normal action, but sweeten the stomach and aid digestion. Many report that the use of Pepsinated Calomel unclogs their systems of poisonous waste, brings back appetite, causes dullness to disappear and makes them "feel like new!" Jarrett Drug Co. and all reliable druggists recommend and guarantee Pepsinated Calomel to bring relief between sundown and sunup or your money refunded. Try it—see guarantee you'll feel better tomorrow. (Ad.)

Four Hi School Teams Coached By Ex-Students

Four of the eight teams taking part in the district interscholastic league meet at the College last Friday and Saturday were coached by ex-students of the West Texas State Teachers College. The Teachers-Employment Bureau says that there is a great demand from high schools of the Panhandle-Plains section for coaches who have received training in this institution. Practically half of the high school teams of this section are coached by men who attended and received their training at the Teachers College.

The Canyon Eagles, winners of the district championship and who will play Ralls High to determine who will represent the two northwest Texas districts at the State meet, were coached by Jimmie Webb, principal of the Canyon High School and an ex-student of the College. The Farwell High School team was coached by Enoch Dawson and was one of the strongest teams entering the tournament. Canyon defeated Farwell in the Finals for championship honors. Ferman Sawyer was coach of the fast Tulia High squad which likewise was barely nosed out by the Canyon Eagles. The fourth team was the one from Perryton High School, and was coached by J. Freeman Mead, known here as the author of the first "Alma Mater." Mead will be back in school next summer to remain until he receives his degree.

Other high school teams taking part in the meet were coached by the following: Canadian High by W. T. Walton, University of Texas; Panhandle by Dinwiddie, A. & M.; Clarendon by W. H. McKinney, Baylor; and Dalhart by M. M. Alexander.

More than a million children are working eight or ten hours a day, every day, at hard labor in America.

BREEDERS OF CRANDALL STRAIN S. C. R. I. REDS Canyon, Texas

FIRST PENS

One of these pens is headed by Panhandle Imperial, sired by Mr. Crandall's 1922 State Fair winner and New York winner. The other is headed by Crandall's Aristocrat, 3rd cockerel, Dallas National Poultry Show (50 birds competing), 1st cockerel Amarillo Tri-State Poultry Show (27 birds competing). Both are real Reds and from real layers, mated to 12 each of our best hens and pullets that are real layers. Pullets laid at 5 1/2 months old. Eggs from these pens, 15 for \$5.00; 30 for \$9.50; 50 for \$16.50; 11 for \$32.00. No baby chicks.

SECOND PENS

These pens are headed by Panhandle Buck and K. D. Jr. Panhandle Buck is a cock-bird and twice a ribbon winner. K. D. Jr. is a cockerel from Mr. Crandall's tested layer pen and a good one. Cockerel from same pen won 2nd cockerel at Amarillo Tri State Exposition Show for us. These birds are real Reds and real egg strain birds, mated to our second best color hens and pullets that are tested layers; also not only tested but can prove the test. Real winter layers. Eggs from these pens, 15 for \$2.50; 30 for \$4.50; 50 for \$7.50; 100 for \$14.00. No baby chicks.

OUR WINNINGS AT THE SHOWS

Randall County Fair, 1923, 1st cock; 1st, 2nd, 3rd hens; 1st, 2nd, 3rd pullets; 1st, 2nd, 3rd cockerels; 1st and 2nd pens. Randall County Poultry Association Annual Show, 3rd cock; 1st, 2nd pullets (12 birds competing); 2nd pen. Our customers same show, 1st cockerel, grand champion cockerel, 3rd pullet, 2nd pen (14 cockerels competing). Amarillo Tri-State Poultry Show, 1st cockerel, 4th pullet. Our customers same show, 4th cockerel, 8th cockerel, 4th pen.

All who want setting-eggs from us we will make the special offer to those who book orders with us with 25% deposit with order of one dollar discount on first pens eggs and 50 cents on 2nd pens eggs by March 15th, 1924. Please cut out this ad and mail or bring with order.

Wall Paper and Paints

Our stock is the largest in the entire Panhandle. We pride ourselves on our grades of paints, such as Seidlitz Paints and Varnishes, Waggeners Paints, Pratt and Lambert's Varnishes, Johnson's and Valentines Varnishes and Stains. Have just purchased the entire stock of Florman's Paints and Varnishes.

Our Wall Papers are of the very latest designs and our prices are surprisingly cheap. Let us give you an estimate; we can save you money.

Mrs. L. J. Cheatham Died Thursday Night After Short Illness

Mrs. L. J. Cheatham died Thursday night at 9:30 o'clock at the home of her son, J. A. Cheatham. Mrs. Cheatham had been seriously ill for several weeks. She came to Canyon eleven months ago to make her home with her son.

The deceased was born December 12, 1852. She was married to J. W. Cheatham on February 7, 1869 in Lamar county where she lived until coming to Canyon last year. Her husband died August 4, 1888. Seven children had been born to Mr. and Mrs. Cheatham: W. S. Cheatham of Deport, A. J. and G. A. of Paris, Mrs. Leslie Brookmole of Charleston and J. A. Cheatham of this city. Two sons are dead, J. R., who passed away November 16, 1913, and Thomas Albert, who died at the age of six months.

The body was shipped to Paris Friday for burial. The funeral was held Sunday. The four sons were pallbearers for their mother, and six of their boyhood friends were honorary pallbearers.

J. A. Cheatham returned yesterday morning from the funeral.

Happy Happenings

A. W. Montgomery was a business caller in Lubbock Wednesday.

Mr. and Mrs. Grady Davis of Canyon spent Sunday at the parental J. E. Markham home south of town.

Mr. and Mrs. W. H. Doyle were Canyon callers Monday evening.

Quite a number from here attended Home-seekers Day in Canyon Monday. Among those who attended were Mr. and Mrs. J. H. Stephenson, Mr. and Mrs. G. W. Lash and baby, C. L. Grounds and family, Mr. and Mrs. G. W. Cox and children, Miss Mildred and Hobart McManigal, Melvin Walberg, and Mr. and Mrs. J. O. Gillham.

V. C. Hagood of Tulia visited his son, Herron Hagood, and family Sunday.

Mr. and Mrs. O. H. Rahfs and children were Amarillo callers Monday.

Mr. and Mrs. M. O. Montgomery of Amarillo are visiting friends here this week.

J. G. Evans was a business caller to Canyon Tuesday afternoon.

Mrs. Walter Welsh and children of Lockney are spending this week with her parents, Mr. and Mrs. B. F. Maynard of this place.

Mrs. M. C. Currie was a Canyon caller Tuesday.

Dr. McElroy and Geo. Selvidge left Tuesday on an extended trip to New Mexico.

Miss Louise Brown returned home Sunday from Lubbock where she visited several days with relatives.

Mrs. H. A. Grounds is on the sick list this week. She has been unable to attend school for several days. Miss Elma Cobb is teaching in her place. We hope that she will soon be able to resume her teaching.

S. F. Montgomery of Amarillo is transacting business here this week.

Doris Culton of Tulia spent Monday night here with her aunt, Mrs. J. E. Gurley.

Mrs. Marion Dillon has been on the sick list this week but is better at this writing.

W. J. Sluder of Wayside was a business caller here Monday.

L. D. Townsend and T. H. Walters of Tulia were transacting business here Tuesday.

Hurley Maynard and Eva McManigal accompanied Virgie Maynard to Tulia Sunday afternoon.

Charlie Helms of Wayside was a business caller here Tuesday.

Mrs. Tom Bandy has also been on the sick list this week, but is able to be up at present.

Mrs. Earl Barrett left Wednesday for Amarillo to join her husband who went there several days ago. They will probably make Amarillo their future home.

Miss Ruth Cobb returned to her home here Wednesday morning after spending a week with friends in Plainview.

Wm. F. Miller spent the week end with his folks in Canyon.

Glenn Dowlen was an Amarillo caller Monday.

BAPTIST SERVICES

10 a. m. Sunday School, John S. Humphreys, Supt.

11 a. m. Sermon, "Close Communion," 2 p. m. Sunbeams, Miss Lena Huber, Leader.

7:30 p. m. Sermon, "The Real Mission of Jesus."

7:30 Wednesday evening, Prayer meeting.

A church which stands for the whole Bible and for the whole world.

LYN CLAYBROOK, Pastor.

INCOME TAX MAN COMING.
A deputy collector, Internal Revenue Service, will be in Canyon at the First National Bank on March 5 for the purpose of assisting income tax payers in making their returns for the year 1923.

NECROTIC STOMATITIS OR CALF DIPHTHERIA

BY J. W. JENNINGS, COUNTY AGENT

Necrotic Stomatitis which is sometimes known as Calf Diptheria is an acute, highly contagious inflammation of the mouth occurring mostly in young cattle. The disease is characterized by the formation of local ulcerous or diphtheric patches in the mucous membrane of the mouth.

Symptoms

This disease develops in from three to five days after infection by the bacilli. One of the first symptoms noticed will be a slobbering condition from the mouth. The animal infected will gradually quit eating on account of the sore condition of the mouth, becomes poisoned by the toxin thrown off by these bacilli and finally dies. Upon examination of an infected animal ulcerous or necrotic patches will be found varying in size from that of a five cent piece to that of a dollar or even larger. The general symptoms are languor, weakness, and a slight temperature. The calf will stop sucking, or if it is older it will stop eating. The slobber becomes profuse, swallowing is very difficult, opening of the mouth is very painful, and a very offensive odor is given off. In every acute case the animal will die in from 5 to 8 days, but in less acute cases

death may not occur earlier than three to five weeks, which would indicate death from toxic poisoning.

Prevention and Treatment

In this disease as in most others an ounce of prevention is worth a pound of cure. Since this germ lives and breeds in filth the premises around the stalls and barnlots should be thoroughly cleaned up, all manure hauled out and scattered and quick lime sprinkled around the premises. After the disease makes its appearance the following measures should be taken to prevent its spread:

1. Separation of the sick from healthy animals.
2. Close scrutiny and thorough disinfection once or twice daily for five days of the mouths and nasal passages of those animals that have been exposed.
3. Complete disinfection of all stalls and sheds.

The treatment consists almost entirely in carefully irrigating the mouth and other affected parts with a 2% solution of creolin in warm water. The necrotic tissues should be scraped off with a smooth clean instrument and the sore painted over with Lugol's solution of iodine (iodin 1 part, potassium iodide 1 part, water 200 parts.)

Public School Scouts Take Game from College Calves Tuesday

"The Flying Squadron" was the name given the Boy Scout basketball team after they had smothered the crack Normal Calf quintet Tuesday night under a score of 17 to 8. The Scouts easily played rings around the Normal boys, holding them scoreless at the end of the first quarter, while the first half was 14 to 2 in their favor. The game was clean and fast and was highly entertaining to all present. Curtis Brown was high point man and star for the Scouts, with all his teammates, C. Jones, forward; Pat Gerald, center; J. D. Hazelwood, guard; and Berie Avery, guard, receiving worthy mention.

PLANTING SPRING WHEAT.

C. C. Stewart was in the city Monday from his place northeast of the city and states that much spring wheat is being planted by the farmers in his part of the county. With the fine moisture, Mr. Stewart states that the acreage of spring wheat, oats and barley will be very large this year. Owing to the continued rain last fall the acreage of winter wheat is very small in Randall county.

CARD OF THANKS.

Mr. and Mrs. R. J. Pipkin wish to thank their neighbors and friends for the assistance rendered during the fire at their home Tuesday.

BANKS CLOSE FRIDAY.

The banks of Canyon will close Friday in observance of Washington's Birthday.

The voice of inspiration is hard to hear from the depths of an easy chair.

WILL HOLD REVIVAL

REV. J. E. SKINNER

Rev. J. E. Skinner, pastor First Baptist Church, Martin, Tennessee, who will do the preaching in the Baptist Evangelistic Services March 30th to April 13th. He has one theme "Christ Crucified."

WATCH THE CALVES

There has been an outbreak of Necrotic Stomatitis or Calf Diptheria in the county which as the name implies is characterized by very sore mouths and throats.

This disease is very contagious and will spread rapidly among your cattle, and is fatal unless treatment is given in its early stages. Attention is called to an article on this subject in this issue explaining the causes, symptoms, and treatment.

The value of dairy products of American farms last year was nearly three and one-half times greater than that of wheat.

POULTRY TRAIN, FEB. 27

The Fort Worth & Denver Poultry Train will be in Amarillo all day Wednesday, February 27. A poultry school will be held at the Mission Theater, across the street from the Amarillo Hotel, in the morning for adults, and a similar school will be held at the same time in the offices of the Board of City Development for children. These schools will be conducted by E. O. Edson, Poultry Specialist of the Extension Service, A. & M. College, and M. B. Oates, Agricultural Agent of the Denver Road. The train will be open for inspection in the afternoon. As many of our local Poultry Fanciers and farmers, too, as possibly can do so are urged to attend this school and inspect the poultry exhibits on the train as much valuable information can be gotten on the care and management of poultry.

MASONIC SPECIAL MEETING

There will be a special meeting for all Masons at the Masonic Hall Friday night, Feb. 22, at 7:30 p. m., in honor of and for the purpose of celebrating George Washington's Birthday. A good program is promised. All Masons of all degrees, and their families and all members of the De Molay are cordially invited and urged to be present.

ROBERT DONALD, W. M.

TO BUY COTTON TESTER.

J. W. Jennings, county agent, states that he is going to try to arrange for a seed tester in order that all cotton seed may be thoroughly tested before it is planted. Mr. Jennings states that there is so much bad cotton seed this year that every farmer should have the seed tested before he puts any money into seed.

LEGION BIBLE CLASS GROWING

The Legion Hall Bible Class, Rev. Lyn Claybrook, teacher, continues to grow in numbers and interest. Those who have pulled themselves out of bed early enough, to come say it is worth all the cost. None have come and failed to come back except when unavoidable. The "Word of God" has yet its same irresistible power and appeal as of old when it is read and humbly studied. Canyon's greatest need it to get down the old dust covered Bibles that our mothers, holy women, used to read and love and by which they lived and which they taught to their children. Oh, how we bless their memories! "The Queen of Sheba shall rise up in the judgment and condemn the people of this generation because she came to hear the wisdom of Solomon and behold the wisdom of one greater than Solomon is here," the Bible. And yet the Bible is a valueless book to many in Canyon, unread and unstudied. What folly unspeakable! What immeasurable loss in the end to neglect the word of God. Come, fellows, study it with us. It will help you find yourself, the way of life and hope and happiness.

LYN CLAYBROOK, Teacher.

Municipal councils in Anatolia have reduced the cost of the Turkish marriage ceremony to put it within reach of the poorest peasant.

Junior Red Cross Work Taken Up in Canyon Miss Rudolph Director

The Canyon public schools have been enrolled in the work of the Junior Red Cross, and at the meeting of the Randall County Chapter Executive Committee Tuesday afternoon, Miss Esther Rudolph was elected to direct this work.

Miss Smith, nutrition worker, reported upon the work she is doing in the schools. After she completes her work here next month, it will be carried on under the direction of the Parent-Teachers Association, with Mrs. Harvey Cash in charge.

District officials of the Red Cross were present to look into the condition of the local chapter and talk of plans for the work next year.

GRASS AND WEEDS GROWING

Owing to the warm weather of the past two weeks and three small showers, the grass and weeds have started to grow, and in places large patches of green may be seen along the roadsides and in the prairies.

Old timers state that this is the earliest they have seen the grass and weeds start to grow.

Pleasantview Items

Several farmers have been threshing in our neighborhood.

Mr. and Mrs. Homer Ball and son, George Homer, returned home from Brownfield where they have been visiting for the past few weeks.

Roy M. Gibson, who has been visiting his sisters at Zybach, near Canadian, spent Tuesday night at the home of Ed Gibson. He returned to his work at the Amarillo Smelter.

A very enjoyable time was had Saturday night, when a leap-year party was given at the home of Mr. and Mrs. Milton Dooley. After many games had been played, very delicious refreshments were served to the following: Misses Hazel Johnson, Belle and Olive Schramm, Goldie and Anna B. Gibson, Leta Landrum, Verge Carter, Mae and Ila Slack, Opal Jameson, Polly Brown, Opal Covington, Edna Taylor, Mrs. Ed Harris and Miss Cone. Messrs. John and Kermit Schramm, Bernie and Herbert Slack, Herbert and Allan Brown, Clyde and Ernest Covington, Roy Taylor, Hayes and Everett Carter, Charley Gibson, Harley Burrows, Laverne Peterson.

The home of Mr. and Mrs. Milton Dooley burned completely down Saturday night about two o'clock. Nothing was saved. The cause has not yet been discovered.

Our school truck has changed its route in the last week. Our driver, G. W. Johnson, is always on time, regardless of the change.

Sunday school will meet Sunday as usual. T. V. Slack is our superintendent again. All come and help him out. All singers are especially invited as we want to practice some for the convention as soon as possible. The convention is to be held the 10th of March.

Several from our neighborhood attended the Homeseekers day at Canyon Monday.

Because the cumbersome kimono worn by women of Japan prevented many from escaping at the time of the earthquake and fire, prominent Japanese women leaders are leading a movement to have school children dressed in foreign style clothes.

Onion Is Most Popular Vegetable According to Vote in Red Cross

The vegetable popularity contest carried on in the schools under the direction of the Red Cross Nutrition program closed with the following total votes.

Table with 2 columns: Vegetable Name and Total Votes. Includes Onion (1475), Tomato (837), Lettuce (742), Celery (604), Cabbage (544), Corn (543), Navy Beans (452), Turnips (337), Black-eyed Peas (258), Lima Beans (190), Greens (160), String Beans (142), Spinach (134), Carrot (131), Asparagus (94), Squash (42), Parsnip (38).

Eating any one of the vegetables counted one vote and learning to eat any one counted five.

During the contest lessons on the food value of vegetables was given in all schools of the town.

Vegetables are often considered luxuries while in reality they are necessities. They are not so cheap as cereals and sugar when considered as sources of energy, but they furnish certain substances needed by the body which are not given by other foods or not given in sufficient quantity. All vegetables contain valuable mineral matter needed by the body to keep the blood in proper condition, to build bone and tissues and even to make the heart beat.

Iron, lime and phosphorus, the minerals most likely to be lacking in the diet, are supplied by these foods. Fresh vegetables also furnish one or the other, or both of the water-soluble vitamins, and since both vitamins are necessary for health, these foods have an important place in the diet.

Leafy vegetables, such as greens, lettuce, spinach and cabbage, supply also the fat soluble vitamin which is necessary for growth and health. The bulkiness of vegetables makes them laxative foods. They are valuable, moreover, because, even in limited amount they add variety and flavor to the diet.

The ladies class in Food Selection will meet at 2:30 Friday at the Court House. Class will be dismissed in time for anyone desiring to attend the Legion Auxiliary Tea to do so. Story hour Saturday at Court House at 2:30.

NEEDLE CLUB ENTERTAINS

The members of the Needle Club delightfully entertained their husbands with a Valentine party Thursday evening at the home of Mrs. Hud Prichard. The reception rooms were decorated in keeping with the Valentine spirit and amid this charming surroundings the evening was spent playing the progressive game of forty-two. At a late hour tempting refreshments were served to Messrs. and Mesdames J. W. Green, Chas. Harter, Dr. and Mrs. Biggers, E. L. Prichard, Ed Mickle, A. R. Eastwood, Sanford Black, Mark Foster, Frank Hicks, J. M. Daugherty, F. Maxwell, Earl Potter, Clarence Thompson, Bert Newlin, Marion Bisher, Ray Campbell, George A. Farlow, Hudson Prichard, Mrs. Leo McDade and Miss Hildah Biggers.

Good excuses abound in the service of evil intentions.

Seed Germinating Incubator Ordered to Test Cotton Seed

County Agent J. W. Jennings wired this morning for a Seed Germinating Incubator for the purpose of testing cotton seed for the farmers of Randall county.

It is expected that the incubator will arrive by Monday and Mr. Jennings will then be in position to test cotton seed for the farmers.

Owing to the fact that there is so much poor seed in the country this year every farmer should have seed tested before planting.

The service of testing cotton seed will be free to the farmers, and all are urged to bring samples to Mr. Jennings at once as it will be a big job to test all of the seed and Mr. Jennings wants to get started as soon as the incubator arrives.

FACT AND COMMENT

In the Yukon, during January, the thermometer hovered around zero daily as contrasted with previous years when it ran from forty to seventy below.

Punchbowl, the largest extinct crater on the Island of Oahu, Hawaiian Islands, will become one of the greatest athletic stadiums in the world, if the plans of prominent athletic officers of Hawaii are consummated.

A poor carpenter of Frenza, Italy, has qualified as a seismic expert and by means of instruments of his own invention he has been able to forecast accurately every earthquake in that section of Europe.

A Danish aviator in an American plane flew over the Andes with a passenger, the first time the feat was ever accomplished.

The people of the United States spent \$150,000,000 on radio in 1923. Radio statistics show 2,500,000 receiving sets having more than 8,000,000 listeners.

"Whit spats, tea drinkers and cookie pushers" should be eliminated from the diplomatic corps, Hugh Gibson, Minister of Poland, urged in the House Foreign Affairs Committee.

Killing of wild game to prevent torture by steel traps may be made possible. Movement of the trap would break a container filled with lethal gas, the animal dying instantly.

Three French clowns have been awarded purple ribbon of the "palme academique" with the rank of officers. The profession has been recognized by official France.

Of 2,750 bills introduced in the House of Representatives on its first legislative day, 2,475 were measures appropriating public money or property for favored individuals, groups or localities.

To youth the world is full of possibilities, to middle age of probabilities, and to old age—too often of liabilities. If colds can be "caught," they can also be imparted. Better spend a day or two at home rather than scatter a half dozen or more colds in the school room or the office.

The State railways of Sweden have installed mirrors at various busy crossings to warn automobile drivers of approaching trains. The mirrors are so placed as to reflect the image of the tracks for a considerable distance along the road. They are particularly effective at night when the reflection of the locomotive headlight flashes a warning. The mirrors, being slightly convex in form, magnify the image.

Prosperity Is Not a State of Mind. Prosperity is based on work and the payment made for work. Prosperity is based to some extent on what one makes; to a greater extent, on what one saves. SPEED WILL WIN

Saturday Night is the last BIG VOTE opportunity and the last chance for ambitious contest workers to "jockey" themselves into winning positions for the "HOME STRETCH"—the first three days of next week—the LAST THREE DAYS of this wonderful prize distribution closing WEDNESDAY AFTERNOON, FEBRUARY 27, at 3:30 O'CLOCK SHARP.

5 DAYS TO WIN 5 DAYS
OR LOSE

Think What It Means

To
Win
One Of
These

Details of the Final Count

NOTICE CANDIDATES AND FRIENDS

In order to maintain the strictest secrecy as to the number of subscriptions turned in by each candidate during the "last period" of the Randall County News big **Everybody Wins** Prize Contest, the race will be brought to a close under a sealed ballot box.

No subscriptions whatever will be accepted through the contest department during this, the last period, but, instead, candidates themselves will deposit their final collections in the sealed ballot box, located in the **FIRST STATE BANK**. By so doing, no one, not even the contest manager or the publisher of this newspaper, can possibly know the vote standing of the respective candidates, which precludes any possibility of favoritism and insures fairness to the minutest degree.

SECRET BALLOTS

Locked and sealed, the ballot box will be placed in the bank next Monday morning where it will remain until the close of banking hours next Wednesday afternoon, 3:30 o'clock—not one minute later—the closing hour of the contest.

When the final hour arrives the contest will be declared closed, the judges will take possession of the ballot box and make the final count in the News office. The winners will be determined by merely adding the published vote totals as they appear on the bulletin at the close of this "second period" next Saturday night, to the reserve vote and those deposited in the ballot box during the last period. There will be no waiting, no complicated count to make, simply a matter of adding the vote totals and naming the winners.

Important Notice

ALL SUBSCRIPTIONS MUST BE IN THE SEALED BALLOT BOX BEFORE THE CLOSING HOUR OF THE CONTEST, NEXT WEDNESDAY AFTERNOON AT 3:30 O'CLOCK—NOT ONE MINUTE LATER AND MUST BE ACCOMPANIED BY CASH, MONEY ORDER OR CERTIFIED CHECK FOR THE AMOUNT TO COVER.

Personal checks up to the amount of \$7.50 will be accepted, providing no two checks are signed by the same party. This ruling is made in fairness to all candidates.

THE JUDGES

It is estimated that it will not require more than an hour to canvass the findings in the box and determine the winners.

It shall be the privilege of each candidate, and it is the desire of this newspaper, that they avail themselves of this opportunity to select someone—be it father, brother, husband or friend or the candidate in person, to represent them on the closing afternoon of the contest, to sit with the judges and assist with the final count.

Members of the advisory board, selected at the opening of the contest will be asked to act as judges to canvass the findings in the ballot box and to award the prizes. The personnel of the board is as follows:

- C. D. LESTER, President First National Bank.
- GRADY OLDHAM, Cashier First State Bank.
- C. L. THOMPSON, Sec'y-Treas., Thompson Hardware.

All of these gentlemen are well and favorably known in the city and the results as given out by them will be beyond dispute.

YOU CAN WIN

One of the splendid automobiles with this week's work. There will be heavy reports from each candidate before Saturday night, the close of the "Second Period"—the last BIG VOTE opportunity.

Deeds Filed This Week Transferring Randall County Land

The following deeds as furnished the News by the Randall County Abstract Company, have been recorded in the County Clerk's office.

- L. I. King to J. O. Phillips, lots 4 and 5, block 14, Normal addition to Canyon. Consideration, \$725.00.
- Emma Dozier Maxwell to A. L. and F. O. Seymour, lots 3, 4, 5, Maxwell's Suburban addition to Canyon. Consideration, \$1800.
- Mary Elizabeth Lester to C. W. Warwick, lot 18, block 32, Canyon City. Consideration \$1,540.
- M. E. Lester to R. L. Lester, lot 12, block 2, Normal addition to Canyon. Consideration \$350.
- Mary B. Ackley to M. L. Foster, lot 3, block 63, Canyon City. Consideration \$300.
- R. B. Redfearn to J. M. Redfearn, north two-thirds lot 12, block 40, Canyon City. Consideration \$4,500.
- Rector Lester to W. B. Durham, lot 12, block 2, Normal addition to Canyon. Consideration \$350.
- G. W. Johnson to J. B. Fowler, lot 17, block 56, Canyon City. Consideration, \$1,000.

Wayside Items

Something like a dozen citizens of Wayside attended the celebration of Home-seekers Day at Canyon last Monday.

Cloudy threatening weather for some days with slight sprinkles occasionally. Pretty good prospects for snow.

Miss Avis Ella Christian of Claude, county nurse of Armstrong county, came in Monday with J. L. Clay, candidate for Tax Assessor. She is now at work with the school. After finishing the school work she would like to give some time to the mothers and little ones. She is staying with Mrs. Ida Sluder.

M. C. Sluder left Tuesday for Amarillo to assist J. S. Sluder haul in feed he has recently bought.

J. S. Sluder came in Monday afternoon, spending the night at the parental home.

Tidings from Walter Butler, formerly of Wayside, reports he is in Denver, Colorado, working at the barbers trade.

Miss Irene Crawford had the misfortune to sprain her ankle some days since. Still troubles her.

M. L. McGehee is having his wheat hauled to the Happy market.

Mrs. Bell Williams and little ones went in with the mail carrier Friday to attend the bedside of Mrs. Renben Rogers, who has been on the sick list for several days.

Egypt has a legation at Washington for the first time in history.

BILL BOOSTER SAYS

NOTICE FOLKS GENERALLY GET AS GOOD AS THEY GIVE. THE FELLOW WHO COMES DOWN-TOWN IN THE MORNING WEARING A BIG SCOWL MEETS FOLKS WHO SCOWL BACK, WHILE EVERYBODY SMILES AT THE CHEERFUL CHAP!

IGNORANCE CAUSE OF WAR
War is caused by suspicion and hate. What we do not know, we suspect. Whom we do not know, it is easy to hate.

H. E. Core, general chairman of the Brotherhood of Firemen and Engineers, speaking of the labor plan of the Pennsylvania railroad, declared that that organization had solved most of the troubles that afflict some other industries simply by devising a plan that gets the employer and the employed together.

"It is not the known that is terrible, it is always the unknown," says Mr. Core. Did you ever hear of ghosts in the day time? They always appear at night, because daylight discloses their non-existence. That is knowledge. It is not our friends or our close acquaintances of whom we are suspicious. It is strangers.

This intelligent leader of workmen has put his finger exactly upon the point of the trouble.

Employer and employed are suspicious of each other simply because they are not familiar with each other's problems. The same thing holds true between nations.

Everything that familiarizes the people of one nation with the people of another is helping along toward the end of all war.

The newspaper, the railroad, the flying machine, the moving picture, all these tend to make friends and neighbors out of enemies and foreigners. These are the real civilizers.—Fort Worth Record.

Senators of France from the Basque country and the Norman coast resorts are seeking to regulate billboard advertising in the beauty spots of France. As an example of what is wanted, they refer to the laws of Massachusetts and Pennsylvania dealing with outdoor advertising.

Street cars of Victoria, Australia, carry children to and from school free of charge.

Floyd County Sends Largest Number Students to the College

President J. A. Hill of the West Texas State Teachers College returned last Friday from Floydada, where he had been one of the speakers at a banquet of ex-students of the college. About 100 persons were present at the affair. Wallace R. Clark of the Music Department and Miss Mary Morgan Brown of the Expression Department of the college also appeared on the program. E. R. Castleberry of the Floydada schools was in charge of the banquet.

Records of the Teachers College show that there have been 506 registrants from Floyd County in the past ten years. Floyd and Potter Counties lead in attendance this year outside of Randall County. Floyd County has 42 students in the college and Potter has 31.

SUCCESS

The Sunday school teacher was doing his best to inculcate lessons of altruism, and had taken as his example the case of two little boys, one of whom was always ready to grab, while the second was willing to share everything. "Now, children," he finished impressively, "which of these two boys will grow up into the most successful and respected man?"

And as one voice the class answered: "The guy that gets."—American Legion Weekly.

QUALIFIED

Candid Friend (referring to host's young son)—No, I don't think he will be an artist, but I should say he'd make a magnificent author.

Proud Father—By jove, old man! d'you really think so?

Candid Friend—Yes, he's got grand ears to stick a pen behind!—Passing Show, London.

On the River Jordan, close by the pool that is pointed out as the one in which John baptized Jesus, a power plant has been completed. Already the Jordan is turning dynamos that supply electric light to Jerusalem, Jaffa, Haifa and Nazareth. A dam now building at the outlet of Lake Tiberias will control the flow of water in the river all the year round. In a course of one hundred and forty miles the Jordan falls more than five thousand feet, and when the necessary power plants have been completed it can easily generate electricity enough to make Palestine an important manufacturing center.

PHONE THE NEWS.

The Randall County News is very anxious to get all of the news of Randall county. Much valuable news is liable to escape if you do not assist us a little. We will appreciate it very much if you will phone us all of the news during 1924. This would mean a better newspaper and a more valuable newspaper for Canyon and Randall county.

A THOUGHT FOR THE WEEK

If prosperity which the country as a whole is enjoying today is to continue throughout the year 1924, a program of economy must rule both private and governmental expenditures. I believe in saving, and it is my conviction that a saving nation will be a prosperous nation; that a thrifty people will be a successful people. It is, therefore, the responsibility of each of us to help maintain good times and bring the greatest benefit to the greatest number during the coming year. We must decide now that the only sensible and logical way to progress and maintain national and individual prosperity is to live within our incomes, and save a part of our earnings.—Secretary of the Treasury Andrew W. Mellon.

At San Diego, California, the United States government is just completing at a cost of some fifty million dollars a naval post that will be without an equal in the Western Hemisphere. It will include a naval training station that will accommodate twenty thousand men, the largest aviation post in the country, the largest Marine Corps barracks, a destroyer repair base that will take care of all the destroyers on the Pacific, a naval hospital of a thousand beds, a naval supply depot that will handle all the supplies for the shore stations in the eleventh naval district and the headquarters offices of that district.

Every man, woman and child in the United States contributed on an average of \$68.37 in taxes during 1922.

ALL WORN OUT

Does morning find you with a lame stiff and aching back? Are you tired all the time—find work a burden? Have you suspected your kidneys? Canyon people endorse Doan's Pills. Ask your neighbor! You can rely on their statements.

Mrs. Clouch, Canyon, says: "There was a dull ache through the small of my back and my back was so sore and lame I could hardly bend over or do my work. When I stooped, a sharp, stinging pain caught me, making it hard for me to straighten. I was worn out and could scarcely get around at times. I became dizzy and had headaches and my kidneys didn't act right. I used Doan's Pills and three boxes cured me entirely."

Price, 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mrs. Clouch had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Development of Panhandle Discussed by Mrs. Phebe K. Warner

As a closing event of the big day Monday, a very fitting program was put on at the College auditorium, with an address by Mrs. Phebe K. Warner of Claude on "The Spirit of the Panhandle," and the play by the College Dramatic Club "The Florist's Shop."

Mrs. Warner was introduced by President J. A. Hill as one of the best known speakers in Texas.

Mrs. Warner stated that it was her object to learn one lesson each day. During her visit to Canyon she had learned several lessons, but the most impressive one was at the court house where she saw how a school boy had made in the manual training department of the College a most beautiful cedar chest from an old cedar post. It left the speaker to wonder how many things were going to waste that could be useful if someone knew how to do it.

Mrs. Warner wondered at the vast undeveloped resources of this Panhandle country just waiting to be transformed. The greatest possibilities of the country was the youth.

The speaker highly praised the character of the people living in this great section. The people are more nearly on a level. There are no runts in this country.

The older generation of the Panhandle all came from some other section. It is the children, who were born in this country which is drawing the people to this country—to make them love the country, and work harder for the development of this section.

The children of the Panhandle have the greatest possibilities. The musical and artistic sides of their natures should be developed, as well as they should be given a practical education.

Mrs. Warner hoped that no cotton would be raised in the Panhandle if cotton was to keep the children out of school. She was not willing to lower the standards of our people just to settle up this country. This country was meant for an all-American citizenship. We should attract people here who will help us keep our present high standards. The speaker believes that the Panhandle country is so good and the opportunities are so great that there is no need to go out and tell lies about the country just to attract settlers. The country has suffered in the past owing to the work of unscrupulous people. Mrs. Warner is certain that another big boom is soon to start in the Panhandle and she urged that the citizens hold to our high ideals.

When the Panhandle country is as old as Iowa it will be producing as much as is Iowa today.

CARD OF THANKS.

We wish to extend to the people of Canyon our great appreciation for the many kindnesses shown us during the illness and death of our dear mother.

J. A. CHEATHAM, and Family,
G. A. CHEATHAM,
A. J. CHEATHAM,
W. S. CHEATHAM.

In Lyon, France, are many buildings of "pise de terre," or rammed earth that with the passage of years has turned to stone. The Spanish often build with that material; so do the South Africans and the Maya Indians of Yucatan. Now a man in Maryland has built with it and believes that it has many advantages, the chief of which is its low cost. Any good loam of the kind that makes a rutted road is said to be fit for the purpose. The earth is tamped into a mould until it is so compact that it "rings" when it is struck.

College Debaters Are Chosen in Try-Out Held Last Thursday

In a spirited forensic battle Thursday afternoon, G. Lee Gibbs, P. M. Bailey, Mitchell Jones and Delmer Ashworth won places on the two teams which will be used in debate this year. Bryant Baker and A. D. Cummings were placed as alternates. The debaters were not ranked in order by the judges.

Two of the speakers, Mitchell Jones and G. Lee Gibbs, represented W. T. S. T. C. last year. Bailey and Cummings are former members of teams of the Cousins Literary Society. Ashworth is a debater of Interscholastic League fame. His speech was clear and forceful. Bryant Baker won the applause of his opponents by his aggressive attack.

Pairing of the speakers will be done after some further study is made in conjunction with the faculty Committee on Debate. One team will oppose North Texas State Teachers College of Denton on the opponents' stage; the other will debate Southwest State Teachers College of San Marcos here. Both contests will take place on the evening of April 11. The question for discussion is: Resolved, That the production and distribution of coal and oil in the United States should be regulated and controlled by the Federal government.

THE QUICK AND THE DEAD

A clergyman, while instructing a Sunday school class, asked the children the meaning of "the quick and the dead." This seemed to puzzle them somewhat, but suddenly one small boy piped up, "Please, sir, the man as gets out of the way of the motor car is quick, and 'im as doesn't is dead."—Argonaut.

Every Osage Indian in Oklahoma now gets \$13,000 a year as royalties on oil lands. As the lands belong to the tribe as a whole, every member shares equally in the royalties. If art and literature are the natural accompaniments of wealth and leisure, the Osages should soon owe the world something.

The man who is wronged can forget it; the man who wronged him never can.

Amarillo "Exes" Elect Officers; Plan Banquet

The Ex-Students' Club of Amarillo completed its organization recently, with an initial membership of about fifty. The officers are: C. C. Walden, president; Chas. Keffer, vice-president; Annie McDonald, secretary; and Corrine Nash, reporter. The president promptly appointed a membership committee, consisting of Una Brooks, chairman; Winnie Mae Word and Noah Sharp.

At the last meeting, it was decided to have a banquet on Founders' Day, and the membership committee went briskly to work, to locate all "Exes" in the city. Besides about sixty-five public school teachers, quite a number of business and professional people were found to be eligible, also a large number of home-makers.

At seven o'clock, on the evening of February sixteenth, a representative crowd assembled in the banquet hall of the Amarillo Hotel, where a six course dinner was served. The college colors were carried out in the decorations.

Guests of the evening were: Mr. and Mrs. R. A. Terrill, Miss Mattie Swayne, Miss Mary Clark, Miss Vernita Stewart and Miss Hazel Allen, all of Canyon.

Chas. Keffer presided, as toast master, and he proved himself the man for the place. Miss Swayne made one of her characteristic "peppy" speeches, on "Aims of the Exes." Mr. W. W. Gibson spoke on "Days We'd Like to Live Over," and the sentiments expressed by him seemed to strike an answering chord in the hearts of all those present. Mr. Terrill's speech was in the nature of a toast to the "Exes." He briefly reviewed the high lights in the life of the college, up to the present time. Mr. Terrill expressed his dislike for the term "Ex-Student," giving, as his reason, that it seemed to signify one's severance from the college; but he confessed that he could suggest no better one.

Mr. Walden, as president of the organization, very ably responded to Mr. Terrill's toast. He plead for a closer relationship between the great body of "Exes" and our Alma Mater, and said he thought the "Ex" clubs could do much to foster this spirit. Miss Stewart gave several pleasing num-

bers from her favorite themes: children, at large, and the Italian people. Beautiful music was furnished by Miss Clark and Miss Allen.

A number of informal speeches and the enthusiastic singing of the Alma Mater brought a very enjoyable and worthwhile evening to an end.

SUSPICIOUS SILAS

A countryman, suspicious of city ways was visiting New York, and coming to the Art Museum, he was amazed to find that admission to that splendid building costs nothing. He mounted the steps and entered.

"Your umbrella, sir," said a uniformed attendant, extending his hand. The countryman jerked back his gamp, laughed scornfully, and turned on his heel, murmuring: "I knowed there was some cheat about it when ye got in free."—Boston Transcript.

RESOLUTION APPROVING THE ENGINEER'S REPORT COVERING THE IMPROVEMENTS ON A PORTION OF EVELYN STREET IN THE CITY OF CANYON AND DIRECTING A HEARING TO OWNERS OF PROPERTY THEREON, AND OTHER INTERESTED PARTIES, CONCERNING AN ASSESSMENT OF THE COST OF A PORTION THEREOF AGAINST THEM AND THEIR PROPERTY:

BE IT RESOLVED BY THE CITY COMMISSION OF THE CITY OF CANYON:

WHEREAS, the construction of certain improvements has heretofore been ordered by the City Commission of the City of Canyon upon Evelyn Street from the East property line of East First Street to the West property line of Lester Avenue.

WHEREAS, the contract therefor has been let to the PANHANDLE CONSTRUCTION CO., and W. D. Howren, Engineer, has been directed to prepare a roll showing the cost of said improvements, and other matters, as prescribed in the resolution ordering same, and Ordinances of the said City; and

WHEREAS, the said Engineer has filed with the Commission a statement or report in writing, which statement or report in writing shows the total cost of the said improvements, the portion thereof to be assessed against the property abutting on said street and the owners thereof, and the cost per front foot proposed to be assessed against the owners thereon and their property, and

WHEREAS, the said report has been inspected by the Commission and all errors therein have been corrected, THEREFORE:

BE IT FURTHER RESOLVED, that the said roll, statement or report is in all things approved, and that it is necessary to assess a portion of the cost of said improvements against the owners of property abutting upon said street within the area named to be improved, and against their property, and

WHEREAS, the said improvements consists of paving the roadway of said street as established with three inch vitreous fiber No. 1 vitrified brick laid upon natural foundation, together with the construction of concrete curb and gutter along curb lines, with all necessary excavation and grading; and

BE IT FURTHER RESOLVED, that a hearing shall be given to said owners of said property and to all persons interested in same, or anyone having a lien or claim thereon; which hearing shall take place before the City Commission of the City of Canyon in the Commission Chamber of the City Hall in said City on the 28th day of February, 1924, at 10 o'clock A. M., at which hearing the said owners and other interested persons, their agents or attorneys, shall receive a full and fair hearing before the said Commission as to the benefits, if any, of the said improvements to the property, or as to the regularity of the proceedings with reference thereto, or as to any matter or thing connected

therewith; at which hearing the said property owners, or other interested persons may introduce or produce witnesses, and said hearing shall be continued from day to day and from time to time until all are fully heard, and after said hearing the Commission will determine from the evidence before it what sums, if any, shall be assessed against said owners and their property, provided no assessment shall be in excess of the benefits of the said improvement in the enhanced value of the property occasioned thereby.

That the City Clerk is hereby directed to give notice hereof by publication of a true copy of this resolution in the Randall County News, a newspaper of general circulation in this city, which notice shall be published not less than three times, the first publication to be not less than ten days prior to the date of the said hearing. Said Clerk shall append to the said copy of this resolution his signature and certificate that the same is a true copy, and the publication of such copy shall be sufficient notice to said owners, or other interested persons, to appear and be heard at the time and place herein mentioned.

That the City Clerk shall mail to each of the said owners of abutting property, at their Postoffice address, if known, or, if unknown, to their agents or attorneys, a copy of this resolution by registered mail deposited in the Post office at Canyon, Texas, not less than ten days before the date set for said hearing, but such notice shall be cumulative of the notice above required by publication, and the failure to mail said letters, or any of them, or the failure of the person to whom addressed to receive the same, shall in no wise affect the validity of said notice.

That the total cost of the said proposed improvements between the above mentioned limits on said East Evelyn Street is \$28,054.00.

That the amount per front foot proposed to be assessed against the abutting property and the owner thereof is \$4.25 per front foot for a Thirty (30) foot street.

That the said owners of said abutting property and other interested persons are instructed to take due notice thereof.

That this resolution shall take effect and be in full force from and after its passage.

Passed and approved this 4th day of February, 1924.

(SEAL)
Attest: PEARL JENKINS, City Secretary.

C. N. HARRISON, Mayor of Canyon, Texas.

NOTICE OF TRUSTEE'S SALE

Whereas, on the 31st day of January 1916, J. J. Cantrell et ux. Ivy M. Cantrell, and Mrs. M. S. Cantrell, a feme sole, executed a deed of trust conveying to Moise Cerf, a trustee, the real estate hereinafter described, to secure I. and L. Cerf in the payment of a debt therein described, said deed of trust being recorded in Vol. 6, pages 273-4-5-6, in the deed of trust records of Randall County, Texas; and

Whereas, the undersigned has been appointed substitute-trustee in the place of said original trustee, upon the contingency and in the manner authorized by said deed of trust; and

Whereas, default has occurred in the payment of said indebtedness, and the same is now wholly due, and the owner and holder of said debt has requested the undersigned to sell said property to satisfy said indebtedness;

Now, therefore, notice is hereby given that on Tuesday, the 4th day of March, A. D. 1924, between ten o'clock a. m. and four o'clock p. m., I will sell said real estate at the door of the County Court House in Randall County, Texas, to the highest bidder for cash.

Said real estate is described as follows: In the County of Randall, State of Texas; Being all of Survey No. 100, Block B-5, Certificate No. 15-3589, issued to the Houston & Great Northern Railroad Company, containing 640 acres of land.

Witness my hand this 23rd day of January, A. D. 1924.

LOUIS CERF,
Substitute-Trustee.

Tests on the Roffey Place Being Made to Determine Brick Clay

Actual digging is under way and more than one-third of the amount needed has been subscribed in the extensive tests being made of the H. C. Roffey brick site on the north edge of town. It was announced Wednesday by the Chamber of Commerce.

The first test well had been sunk to a depth of 33 feet Wednesday morning when inclement weather forced the workmen to cover the pit. It will be sunk only two feet more under the plan by which the tests are being made. Two more wells have been started, and are down several feet each. C. C. Frampton, Amarillo brick expert, was called in by Mr. Roffey when the first hole had been sunk to a depth of twelve feet and pronounced the results that far highly satisfactory.

As the digging progresses over the territory to be tested the holes will be inspected and a complete log made of each, the hole catalogued and numbered and a cross section of the entire deposit defined accurately and definitely, making it easy to compute the amount of material available, the cost of stripping and working and the most economical way to handle the operation of the plant.

Financing of the tests is well under way and will be completed satisfactorily if a good proportion of the citizens show enough public spirit and interest in an enterprise which, if successful, will do much to put construction in Canyon on an efficient and economical basis. If the tests are satisfactory, and so far they have been, there can be no question of the financial success of the plant—an institution which will not only cut brick costs here almost in half but which has been estimated to be capable of paying dividends of from 30 to 50 per cent annually. Similar plants, with less in their favor, apparently, than the local proposition, have made returns of from 70 to 100 per cent.

To date more than one-third of the amount needed for the tests has been raised on the two and one-half per cent basis, one per cent of which is being paid in as the subscription is pledged. One dollar pays the first installment of \$100 worth of stock and is being paid out as the workmen go forward. When the digging has been completed and the experts have passed on the results to the satisfaction of a committee elected by the subscribers, the remaining \$150 on the hundred dollars will be called for to finance the burning tests.

These burning tests will consist in shipping several barrels of each of the two kinds of clay to brick plants already established over the country, to be put through the kilns in commercial quantities, so that there can be no doubt of the performance of the raw material under working conditions.

Last week \$7,900 had been subscribed on this basis and at present the status of the proposition is as follows: Previously acknowledged \$7,900.00 C. L. Thompson 500.00 G. W. Johnson 500.00 Fred E. Scott 500.00 L. E. Cearley Grain Co. 400.00 R. B. Davis 300.00 George A. Farlow 200.00 R. McGee 200.00 R. E. Harter 200.00 W. A. Warren 200.00 R. E. Foster 200.00 G. G. Foster 200.00 L. J. Martin 200.00 C. N. Harrison 200.00 O. N. Gamble 200.00 Service Lumber Co. 100.00 George M. Grimm 100.00 C. E. Srtain 100.00 Total \$12,200.00

As will be seen, there are many citizens beside the 33 who have subscribed to date who are able to help put the proposition over for the good of the city and who can see the financial advantages connected with a block of stock in a straight-forward, money-making proposition, such as the brick plant so far appears to be. Further subscriptions will be published from time to time.

GREAT CROWDS HERE MONDAY (Continued from page one.)

Missouri, South Carolina and Washington state.

The auto smash at 6:30 drew a very large crowd.

Large delegations were present from all of the surrounding towns. Several prospective candidates were in the number. Representative Lee Satterwhite was among the visitors of the day.

The program at the College auditorium at night was very largely attended. The College orchestra played two very highly appreciated numbers, followed by the address of Mrs. Warner, and the one-act play, "The Florist's Shop," by the dramatic class under the direction of Miss Mary Morgan Brown.

District Meeting of Christian Endeavor in Canyon April 11-13

From April 11 to 13 inclusive, the Panhandle District of Christian Endeavor will hold its annual Convention in Canyon. This district is composed of thirty-eight counties, each of which is expected to be represented by a delegation. The local Christian Endeavor Societies of the Christian and Presbyterian churches are expecting some three hundred guests to attend this meeting. They appreciate the spirit of interest and co-operation which is extended by the members of their churches and other friends among the town people.

The program was arranged at a joint meeting of the District Council and the local Convention Committee, which was held at the Presbyterian church on Sunday, February 17. Miss Hallie Hutchinson of Tulia, president of the Panhandle District of Christian Endeavor, made many helpful suggestions for carrying on the work. The theme of the convention is "Friends of Christ," the motto, "Whatever," the text, "Ye are my friends, if ye do whatsoever I command you." Some of the Panhandle's best speakers are to fill important places on the program. Mr. Austin D. Bryan of Dallas, the Texas Field Secretary will be present throughout the convention. Special arrangements are being made for the Intermediates and Juniors.

Miss Berta May Looney of Canyon, the Registration chairman, states that she is already receiving registration fees.

Car of Pure Cotton Seed to be Ordered By the County Agent

We are making up a car of Mebane Cotton Seed, one year from the breeder, ginned on an air blast gin to protect purity, machine culled, sacked and delivered at Canyon for \$1.60 per bushel. Those desiring to place orders for some of these seed should do so at once. Leave your orders with me or with Louis F. Hart, manager Chamber of Commerce, or mail your orders to me.

J. W. JENNINGS, County Agent.

HISTORICAL BANQUET HELD

(Continued from page one)

the '80's. To their friends they are known as J. E. Mitchell of Channing and Ed Baird of Canyon—but between themselves they are just "Frank" and "Ed."

Mrs. J. W. Carter, who was the first white woman to live in Castro County, was present. Other out-of-town guests not mentioned above were Mr. and Mrs. L. Gough, Amarillo; Horace Russell, Paul Vickers, J. Lindsay Nunn, Miss Laura V. Hamner, H. E. Bozeman, Miss Harriet Kritzer and Miss Elizabeth Nixon—all of Amarillo; J. E. Bagwell, Claude; G. W. Overton, Hereford; Mr. Baskin, Hereford; Miss Cora Lay, Huntsville.

Judge Thomas F. Turner of Amarillo was re-elected president of the Panhandle-Plains Historical Society at the business session Friday afternoon. The other officers are: O. H. Nelson of Romero, first vice-president; Mrs. Olive K. Dixon of Miami, second vice-president; Mrs. T. V. Reeves of Canyon, secretary; Miss Margaret Bouwman of Canyon, treasurer; Miss Tennessee Malone of Canyon, custodian.

President J. A. Hill, Miss Hattie M. Anderson and L. F. Sheffy were placed on the Finance Committee. On the Board of Directors were elected T. F. Turner, one year term; President J. A. Hill, one year; Mrs. Olive K. Dixon, two years; O. H. Nelson, three years; Miss Hattie M. Anderson, three years. Judge Turner read his annual message, calling attention to the gift of the Adobe Walls site from Mr. and Mrs. W. T. Coble and commending the work of Mrs. Olive K. Dixon and F. P. Reid in furthering the work of raising funds for Adobe Walls monument.

The report of the treasurer, C. R. Burrow of Canyon, showed a balance of \$48.60 on hand. The secretary, Mrs. T. V. Reeves of Canyon, reported the acquisition of many valuable records and relics. More than 2,000 letters were sent out from her office during the past year in the interest of the Historical Society.

The meeting went on record as favoring the erection of a concrete monument on the Adobe Walls site in time for unveiling during the barbecue and anniversary on the battle ground, next June 27. A new constitution drafted by Judge Turner, with an amendment regarding tenure of directors, was adopted by the Society.

The common food of too many persons is "fritter."

GEORGE WASHINGTON TEA

—will be given Friday afternoon, February 22.

—at the Legion Hall, Canyon.

—benefit of the Memorial Fund, honoring the Randall County boys who gave their lives to their country during the World War.

—Men and Women are cordially invited.

—Colonial Minuet given at four o'clock.

—The Woman's Auxiliary is in charge of the Tea.

—Come and see the Colonial costumes.

GARDEN PLOWING—We are prepared to handle your garden plowing. Good gentle team. D. B. Holcomb, phone 28 or 238. 45tf

Gold was first hammered between parchment leaves until the mold, termed goldbeaters' skin was invented. This skin is made from a membrane of the ox and the secret of its making is kept by a family in London which has made the membrane for three generations. Three months are consumed in the treatment of the membrane and it may be beaten continuously for months with a sixteen-pound hammer without material injury.
