

HOGAN SELECTS SITE FOR GIN TO BE ERECTED HERE

WILL BUILD MODERN AND UP-TO-DATE GIN IN CANYON.

Location Will be Made Along the Railway by Oklahoma Gin Man—Construction Soon.

T. R. Hogan of McAllister, Okla., was in the city Friday and Saturday to select a site for a gin to be constructed in the industrial district of the city, along the railroad. Mr. Hogan has bought a modern gin plant to be shipped to Canyon and hopes to start construction soon.

Mr. Hogan is owner of eight gins in Oklahoma, and is an experienced and successful gin operator. He came to Canyon several months ago with a few of locating here. After looking into the cotton situation, he was thoroughly convinced that the Plains was the coming cotton section. It is his plan to build two gins on the Plains and to move his family to Canyon on account of the College.

Jay J. Holcomb, representing the Murry Gin Manufacturing Co., accompanied Mr. Hogan to the city.

Mr. Hogan states that it will take only sixty days to build a gin, but he is going to start construction very soon in order that the farmers may feel absolutely certain before planting time that there would be a gin in Canyon this year.

Since Mr. Hogan has made arrangements to put in a gin here, there have been several parties in the city looking for a location for new gins.

Six Dozen Mexican Quail Placed in Fields Short Way from City

Six dozen Mexican quail were received Saturday by W. J. Flesher from J. Frank Elder, game warden, and were placed the first of the week at various places near the city where they will be protected.

The quail is becoming so scarce in this section that the game wardens had to import these quail.

It is strictly against the law to shoot these quail, and the game warden asks that hunters be particular to let these live in order that the stock may be replenished in Randall county.

Mr. Flesher was instructed by Mr. Elder to place the quail only in such places as the owners of the land were willing to assist in protecting them until at least the fall of 1925, and where there was plenty of feed and water.

START SCHOOL CENSUS.
G. G. Foster has been appointed by the school trustees as census trustee for the Canyon Independent School district and is now taking the scholastic census.

Each year during the month of March this census is taken and based on this census the state remits to the local schools the per capita payments annually. The apportionment this year is \$12. The state officials believe that the apportionment next year will be at least \$14 for each child of scholastic age. Therefore, if any child is missed or overlooked during the census, the district is out this money.

Parents will assist Mr. Foster very much if they will see that each child of scholastic age is enumerated by Mr. Foster.

OKLAHOMA EDITOR HERE.

John Field, editor of the Oklahoma Farmer, was in the city Saturday to visit the College.

Mr. Field was with the Rock Island Cotton Demonstration train and took occasion to visit the College while in this section.

COLLEGE EXAMS ARE ON.
This week is examination week at the College, the work of the winter quarter being brought to a close. The spring quarter will open next Monday.

LIONS CLUB COMING.
The Lions Club of Amarillo will visit the College next Tuesday night and hold the regular meeting in the dining room of Cousins Hall.

MOVES TO NEW GARAGE.
Wm Schmitz has moved to his new garage building on Fourth Avenue. The new building was completed two weeks ago.

Buy, Build, and Live in Canyon.

Highest Percentage in State for College Attendance is Reported

The West Texas State Teachers College has the highest percentage of college students of all the Teachers Colleges in the state.

Miss Edna Graham, dean of women and teacher in the mathematics department, has made a study of the attendance of all the Teachers Colleges.

The West Texas State Teachers College is fifth in total attendance in the state, but third in attendance of college students, while first as the percentage of college students.

Denton has the largest attendance—2003, divided as follows: College, 1162; sub-college 831; training school 210.

The West Texas State Teachers College has a total attendance of 936—in the college 525; sub-college 192 and training school 219.

60% of the Denton students in the college, while 73% of the attendance in College located in Canyon is taking the advanced work in the college.

lege has been a leader among the Teach

LESTER FOR JUDGE

To the Voters of Randall County:
I wish to announce to the voters of Randall County that I am a candidate for re-election to the office of County Judge.

I am serving the taxpayers of Randall county my first term in this capacity. I have earnestly tried to give the very best service possible to the county and have devoted my time to the duties of the office. I know that my experience in the past will make me a better public servant during the next term should I be selected for this office by the voters.

I ask for your support during the campaign and vote at the polls in the primary in July.

RECTOR L. LESTER.

Buffaloes and Eagles Join in Basketball Banquet at College

The Buffalo and Eagle basketball squads were given a joint-banquet Friday night at the home economics department of the College.

The banquet was the last big game of the season, and was thoroughly enjoyed by every member of the squads.

The athletic committee of the College, Coach Jim Webb and Supt. A. D. Payne of the high school were the guests of the teams.

WORKS WITH HIGHWAYS.

Ernest Albright of Abilene was in the city Monday for the State Highway Commission. He is located at Amarillo for the present, and will work over the Panhandle territory in the interest of the constitutional amendment to be voted upon next year.

Mr. Albright will explain the work of the commission before the Chamber of Commerce next Tuesday night.

He states that if the amendment is carried next year the commission will pave every state highway within ten years, the paving to be paid for out of the auto tax and the gasoline tax.

President J. A. Hill is scheduled to attend a meeting next week in Chicago of the North Central Association of Colleges and Secondary Schools. Mr. Hill and President Evans of San Marcos have been selected by the Teachers Colleges of Texas to attend this meeting and apply for membership for the Texas Teachers Colleges.

J. M. Williams and Homer and Henry Price have bought the Younger Grocery and taken charge of the business. Mr. Younger will continue to live in the city.

Dr. D. H. Munson returned Saturday from a ten days' lecture trip to a dozen towns of the Plains where the women's clubs are taking study courses from the College.

John Knight has sold a bred Duroc Jersey gilt to A. E. Poe of Tulla. Mr. Poe is one of the leading breeders of Durocs of this section.

LUNCHEON NEXT TUESDAY

The regular monthly luncheon of the Chamber of Commerce is to be held next Tuesday night at 7:00 o'clock at the Palace Cafe.

All members are urged to be at the business session.

MUSICAL FESTIVAL PLAN INDICATES VERY LARGE BILL

THAVIU FESTIVAL ORCHESTRA COMING APRIL 19.

Chorus and Orchestra of College Will Give "Elijah" on April 18th at the College.

Plans are rapidly developing for the spring musical festival which will be given at the College next month. The festival will continue for three days, and will be the largest program the College has ever given.

On April 17th Dean and Mrs. Harold L. Butler of Syracuse will give a recital of song and dramatics. Dean Butler was here last year in recital and made a decided hit with the large audience which was fortunate enough to hear him.

On April 18th "Elijah" will be presented by the College Chorus and Orchestra under the direction of Wallace R. Clark. Dean Butler will sing the part of Elijah.

On April 19th the Thaviu Festival Orchestra will give a program. The Kansas City Little Symphony was originally booked for this date, but had to cancel owing to the illness of the director. Thaviu's Band is a well known musical organization in this country, and the orchestra is highly praised.

Hill Announces More Changes in Faculty for Summer School

President J. A. Hill made the following announcements regarding changes in the faculty for the summer quarter of the College:

Supt. A. D. Payne of the Canyon school has been transferred from the summer normal faculty to the sub-college credit work taking the work of Miss Lamb who will be away for the summer.

Miss Hattie Seeling of Austin will substitute for Miss King in the Art Department during the second half of the summer.

Misses Erna Guenther Ethel Jackson and Grace Cavness are planning a trip to Europe during the summer and substitutes have been named by Pres. Hill for their work. G. H. Jones will take the work of Miss Jackson; Miss Elva Fronbarger will substitute for Miss Guenther, and Miss Stella Stanfield for Miss Cavness.

MISTAKE IN WATER RATES.

In the article two weeks ago regarding the new water rates, the News was in error regarding the rate from 2,000 to 5,000 gallons, the notice stating that the rate was 75 cents per thousand. This rate should have been 50 cents per thousand.

The minimum rate is \$1.50 per month which gives the consumer 2,000 gallons. The next 3,000 gallons are at the rate of 50 cents per thousand, making 5,000 gallons for \$3.00. The summer irrigation rate will be 25 cents per gallon for all water used above 5,000 gallons.

Amarillo D. A. R. Establishes Loan Scholarship in the College

The Esther McCrory Chapter D. A. R. of Amarillo has established a \$100 loan scholarship in the West Texas State Teachers College to be administered under the direction of the Chapter.

Mrs. B. C. D. Bynum is regent of the chapter.

ADDING TO FILLING STATION.

G. W. Johnson is having an addition built to his filling station at the northeast corner of the square. The addition is of adobe brick, which is being made by Mexicans.

The addition comprises of a rest room for women, and a room which he will rent for business.

Wm Schmidt is having a small adobe building erected at the back of his new garage, and Mrs. Theo Seay is having an adobe house built north of the high school building, in the place of the frame house which was recently badly damaged by fire.

The only known supply of helium gas in the British Empire exists in Alberta, where 10,000,000 feet is going to waste annually.

TWO AND ONE-HALF INCH SNOW COVERS THE GROUND THIS MORNING AFTER CONTINUED FALL SINCE YESTERDAY

The ground is covered with a blanket of snow this morning from 2 1/2 to 3 inches deep. The temperature is high, and the snow will melt rapidly today.

Winter has been staging a come-back this week, with some of the coldest weather since Christmas. A light snow fell Saturday night, which failed to hardly cover the ground, but brought the temperature down considerably.

Tuesday night was very cold, and by ten o'clock yesterday morning a fairly good snow was falling, accompanied by light sleet. This fall continued most of the day, and late into the night. The wind has been in the east and southeast the greater part of the week, indicating moisture.

County Singing Convention Meets Sunday Pleasantview School

The first Singing Convention in 1924 for Randall County will be at Pleasantview school house Sunday, March 16, at 10 o'clock. The following will be the program:

Song, lead by J. L. Lovvorn.
Prayer.
Song, lead by Miss Edith Gibson.
Song, lead by C. J. Williams.
Quartet, arranged by R. G. Stratton.
Song, lead by Mrs. Henry Burtz.
Song, lead by Mr. Raper.
Quartet, arranged by John F. Taylor.
Song, lead by Owen Williams.
Class Song by Jewell.
Song, lead by Mr. Sears.
Song, lead by Mrs. M. Dooley.
Song, lead by S. J. Taylor.
Song, lead by Ollin Dixon.
Song, lead by Willie Wimberley.
Quartet, arranged by John F. Taylor.
12 o'clock—Basket Dinner.
Class Song by Pleasantview.
Song, lead by J. B. Knox.
Song, lead by G. R. Stratton.
Quartet, arranged by Sam Martin.
Class Song by Zita.
Song, lead by J. B. Lunsford.
Song, lead by John F. Taylor.
Song, lead by Ben Wesley.
Song, lead by Rainey Oberst.
Quartet, lead by J. B. Lunsford.
Song, lead by Aubrey Wimberley.
Class Song by Sunny Hill.
Quartet, arranged by J. F. Taylor.
Song, lead by Miss Dewey Gibson.
Business Meeting.
Quartet, arranged by C. J. Williams.
Song, lead by Wm. Dixon.
Song, lead by Mr. Bridges.
Everybody invited to come and bring well filled baskets and lets all enjoy the day.

DIGS UP GOLD RING.

Prof. T. B. McCarter was digging in his back yard the other day getting ready to plant a garden, when he saw a shiny substance in the dirt. He stopped to examine the object and discovered that he had an 18-carat gold band ring, which had no doubt been in the soil for a long while. The good state of preservation shows that the ring was true gold.

There was a wagon yard many years ago on the lot now occupied by the McCarter home, an it is supposed that the ring was dropped and covered up in the early day.

SPEND DAY IN STUDY

The ladies of the Presbyterian Missionary Society will meet at 10 o'clock March 18, in the Sunday School rooms of the church. The day will be spent in the study of the foreign mission book, "Creative Forces in Japan." It is hoped that all members will come prepared to make this a pleasant and profitable day.

BUILDING NEW STATION

Ball & Barnett, owners of the Highway Service Station, have torn down the frame building at their place and are building a new stucco office, which will have the drive in feature. They bought this business the first of January.

STORK SPECIALS.

A daughter was born to Mr. and Mrs. A. J. Ryans Feb. 28.
A daughter was born to Mr. and Mrs. J. H. Evans March 3.
A son was born to Mr. and Mrs. Raymond Pipkin March 9th.

EXHIBIT AT AMARILLO.

An exhibit from the agricultural department of the College was on display at the cotton meeting in Amarillo Tuesday. The exhibit was in charge of T. M. Moore, of this department.

V. EDNA HENSON DIED SUDDENLY THURSDAY 5 P. M.

LIVED HERE FOR TWENTY-FIVE YEARS.

Pioneer Leader of Christian Science Church—Funeral Services Held Sunday Afternoon.

Mrs. V. Edna Henson died suddenly Thursday afternoon at 5:00 o'clock. She had not been ill, but for a few days previous had been short of breath, and had stayed in her room a greater part of the time. Thursday morning she had come down from her room at the Palace Hotel and was out on the streets in the morning. She spent the afternoon in the lobby of the hotel, and at four o'clock read the edition of the News, commenting upon the events of the week. Her husband, Judge A. N. Henson, was with her in the lobby and noted that it was hard for her to get a breath. He assisted her to her room on the second floor, and within five minutes she had passed away.

The funeral services were conducted Sunday afternoon at two o'clock from the Hotel. Mrs. Fannie Tyson of the Amarillo Christian Science Church conducted the services. A beautiful solo was sung by Miss Williams of Amarillo. Representatives from many Christian Science Churches on the Plains were present.

Mrs. Henson was one of the best known women in Canyon. She came here twenty-five years ago, soon after she and Judge Henson were married. Through the pioneer days she was a steadfast friend to those who needed a friend. She was cheerful at all times, and kindly in her speech and in her actions toward all.

Many years ago she became a member of the Christian Science Church, and was a practitioner. She was a pioneer for her church in Northwest Texas, and new churches springing up on the Plains looked to her for wise counsel and guidance. In the building of the large churches at Amarillo and Roswell, Mrs. Henson had a very important part.

Mrs. Henson lacked just one day of being seventy years of age. She was born in Ohio.

Mrs. Henson was left a widow with four young children, her first husband being Mr. Wheaton. All of these children attended the funeral—Chas. Wheaton of Hutchinson, Kansas; Ross Wheaton of St. Joe, Mo., and Mrs. Cora McGinty of Argentine, Mo.

Two daughters of Mr. Henson were here, Mrs. Zina Lamar, and daughter, of Crosbyton, and Mrs. Ethel Knight, of Vigo Park, together with her husband and married daughter, Mrs. Nuzem.

The cheerful smile and pleasant greetings of Mrs. Henson will be missed by scores of friends in Canyon, some of whom have lived here for twenty-five years she has claimed Canyon for her home, while scores of others have moved here since that time. All will testify that they are better men and women from having known and associated with Mrs. Henson, and caught from her the inspiration of a cheerful and bright life.

Paving on Fifth Avenue Starts in Two Weeks According to the Mayor

Mayor C. N. Harrison states that work will start on the paving on Fifth Avenue, running from the southeast corner of the square to the highway, on two weeks from Monday. Harry Matthews will arrive at that time and start the curb and gutter concrete work.

Several cars of gravel, sand, cement and asphalt have been received and are ready for the job. Shipments on the brick will start next Thursday, and three cars will be shipped daily. It will take about one hundred cars of brick to do this paving.

REID MAKES ANNOUNCEMENT.

J. W. Reid, candidate for the senate from the 31st district, has made his announcement in each newspaper in the district.

Mr. Reid has no opponent, as two or three who considered making the race have announced they will not run.

Mr. Reid is receiving so many pledges of support from every part of the district that there is little chance for any opponent defeating him should any announce.

Here Is List of Candidates and Principal Issues

Gubernatorial Candidates

Joe Burkett of Eastland.
V. A. Collins of Dallas.
Felix D. Robertson of Dallas.
T. W. Davidson of Marshall.
Lynch Davidson of Houston.
Thomas D. Barton of Amarillo.
James E. Ferguson of Temple.
H. L. Darwin of Paris.
W. E. Pope of Corpus Christi.
Sam S. Frazer of Lone Oak.

Principal Issues

Taxation, state prison system, state highway commission, state government expenditures "open port lay" repeal, automobile license fee, law enforcement consolidation of bureaus and commissions, appropriations for schools and colleges.

Lynch Davidson Likely Will Speak at College on Monday, March 24th

Hon. Lynch Davidson, candidate for governor of Texas, will likely speak in Canyon on March 24.

President J. A. Hill has written to all of the candidates for governor, inviting them to address the students in the College, practically all have replied, accepting the invitation, while Mr. Davidson attempts to set a definite date.

Mr. Davidson writes Mr. Hill that his campaign manager, Chas. G. Thomas, will give definite information as to his visit to Canyon within a few days.

No Decision Reached Regarding the Grand Stand at College Park

No decision has been reached regarding the replacement of the athletic field grand stand, which was wrecked a few weeks ago by a heavy wind.

The fence will be rebuilt. It has been suggested that for the present the salvage from the grand stand be converted into temporary bleachers which will be portable.

The cost of erecting a suitable grandstand at this time is prohibitive with the funds available.

DOUBLE WEDDING SUNDAY.

A double wedding was performed at the Methodist parsonage Sunday night by Rev. M. M. Beavers. The following young couples were united in marriage: J. Eldon James and Miss Cassie McCormick; Paul C. Redman and Miss Mary L. Thomas.

The two young men are from Amarillo, Mr. James being a member of the Loving Printing Company firm, and Mr. Redman being with the Remington Typewriter Company.

The brides were both students in the College, and have lived here for several years, their families having moved here on account of the College.

A few friends and relatives witnessed the ceremony.

STARTS NEW HOME.

Mrs. Geo. Gruve and daughter, Miss Goldia, have started work on a new six room house on Sixth Avenue, west of the Dan K. Usery home.

Do You Want More Customers?

The News covers Randall County like a blanket. Your advertising message in the News reaches the people you want as your customers—they buy somewhere, why not from you. Invest in regular advertising during 1924 and be convinced that it pays big dividends.

THE AMERICAN PRESS ASSOCIATION

Do you find any copies of the News decorating the waste paper can in the postoffice, or being thrown to the wind on the streets? Hardly. The people take the News because they want it. The waste paper can in the postoffice is filled daily with direct advertising matter which does not appeal to the people. Placing your advertising messages in the News weekly insures that it will pass under the eye of nearly six thousand readers weekly. Try the medium that reaches the people of Randall county if you want to reach Randall county buyers.

An Amarillo pastor urged the church members to refrain from games that may be used for gambling purposes. That eliminates every game in the catalogue. If the individual is determined to gamble or has that disposition, nothing can keep him from it. He will bet on a game of checkers or authors, or pitching horseshoes, or baseball, or football, just as quickly as he will bet on poker. The attitude of those engaging in the game is the only criterion of the right or wrong in the game.

The voters of Canyon will be called upon the first day of April to elect a new city commission, composed of the mayor and two commissioners. The men who are serving the city at the present time have a splendid record and should be re-elected to carry on the work now before the commission. The News nominates Mayor C. N. Harrison and Commissioners T. C. Thompson and C. R. Burrow, and hopes that they may be induced to accept another term of office.

Childress county defeated the road paving bond issue Tuesday. The city of Childress went strong for the bond issue, but the farmer vote went against the paving proposition. The building of roads is a necessary thing. The people will have to be convinced and educated along the line of permanent roads at a higher cost, than temporary dirt roads which have a high maintenance cost and a high depreciation cost.

The government is urging farmers to test all seed this year. It is stated that there is very little good seed in the entire country owing to the prolonged rains of last fall. Tests are being made of cotton seed in this section. Tests should be made of the kaffir, maize and other seed. It is a waste of time and money to plant poor seed.

Spraying the fruit trees should be the order of the day in the early spring. There are very few fruit growing sections which do not have to spray the trees in order to save both the fruit and the trees. It is a battle in the best to save the tree life on the Plains, and every prevention should be taken.

Senator Lodge objects to dragging the name of President Coolidge into the oil scandal. Yet Lodge sunk his dagger deep into the heart of President Wilson upon each and every occasion. It depends upon his political affiliation as to whether or not the President should be criticised.

Congress has been manipulating in an effort to get an income tax reduction bill passed this week, but so far all in vain. Just as well pay your full income tax by Saturday and forget about it.

The Ku Kluxers will have a primary in Dallas tomorrow to eliminate some of their candidates. The anti Ku Kluxers would do a good thing to get together and eliminate a few before primary time.

The President is placed in an embarrassing position. He inherited a cabinet, and with the cabinet a big scandal. He is a victim of circumstances that will likely cost him the vote of people in November unless sentiment is not quickly changed.

No, we have not become a radio bug, but do other things just as crazy, no doubt.

The Claude News retaliates that it does not maintain that the supply of money may be increased in this country by simply printing more. Yet a few weeks ago our Claude friend was advocating this very thing in order to pay the soldiers a bonus. If that is not printing more money, we don't know what it would be called. France thought she would be wise and not print worthless paper money, but instead issued paper bonds. Today the franc is racing to reach the side of mark which has almost exterminated itself. The Claude News is arguing in a circle. Whether we may like it or not, the basis of money has always been gold, and will likely always be gold. Arguing the matter will not remove the basis.

The latest political move is to nominate La Follette to head the third party. If this move takes place, a safe and sane democratic nominee may very easily be elected president.

The oil scandal widens with each day's investigation.

March weather is living up to its reputation.

ADVERTISING HIS CANDIDACY
The Davidson Lumber Company is now running a series of big ads in the daily papers of the State, paid for by the company, but boosting Davidson as a candidate for governor instead of as a lumber dealer. And of course the expense of these ads will not appear in Davidson's expense account. Mighty nice to own a big and wealthy concern which can advertise your candidacy and thus gain advantage of the other fellow who is not in a position to practice such a subterfuge.—Hall County Herald.

The Index has noticed items like the above in two or three papers and consider them uncalled for. It is mighty poor campaign literature for any paper to point at a candidate and allege he is rich and is better able to make a campaign than some other candidate. One of the political troubles in Texas today is that a successful business man, a man who entered business in early life and by close application to that business, made a success of it and became rich, dare not enter political life. The little man who has not made a success at anything is jealous of the successful man and at once begins to bring forward items like the above. If there was a time when Texas needed a governor who is a business man that time is at hand. Mr. Davidson presided over the office of Lieutenant Governor for two years. At the close of the term he declined to enter the race again. He was then given charge of the State railroad at Palestine, taking it when the State wanted to give the property away, making it a success and at this time it is a good paying property. It was Mr. Davidson who came to the help of the people along the line of the Orient railroad in Texas and devised ways to keep that railroad running for the past year. He was not interested in the country along the line but being a successful business man and realizing the distress which would be visited upon the territory served by the road, came to the assistance of the people. He spent his own time and money in trying to keep the property from being junked. Lynch Davidson is a successful business man. He is at the head of a large business, one of the largest in Texas, but no one has ever heard of him being accused of doing any dirty work or stooping to a grafting proposition. He is a clean man in all respects and the people of Texas should be proud that such a man would offer himself to serve them at Austin.—Childress Index.

CARD OF THANKS
We desire through the news to express our sincere thanks and lasting gratitude to the many friends who so kindly assisted us in the last acts of kindness to our beloved wife and mother, and for the splendid floral offerings so graciously bestowed.
A. N. Henson, F. J. McGinty, Cora McGinty, Wm. R. Wheaton, Alfred Lowell Wheaton, Charles Knight and family, Zina Lamar, Charles Wheaton, Ross G. Wheaton.

The United States is the most neurotic country in the world, with Britain a close second, according to a Cambridge University professor. He stated that anyone who smokes twenty cigarettes a day puts five per cent of his blood out of play.
Nearly 6,000,000 bales of cotton were used in this country during 1922-23.
A Swedish chemical engineer makes a thick fog with a two-foot machine which spreads smoke blankets over orchards, gardens and fields to prevent damage by frost.
Uruguay plans to utilize the waters of the Rio Negro to generate electric power for Montevideo and nearby towns.

LAWYER
Complete Abstract of all Randall County Lands

CANYON IN THE MAKING

She didn't have but a house or two
For her development was very slow,
An' other towns went wondering
Why Canyon didn't grow;
They kept on thriving an' growing
'Till some became county seats,
An' people arrived from all quarters
To fill up their vacant streets.

But still Canyon didn't seem to grow
In summer or in fall,
She just set there with a house or two
And didn't grow at all;
But one year when those other towns
Stood still and didn't grow,
When the crops an' times were better
So people could come an' go;

When the days flew a little faster
Into weeks, under skies of blue,
And the daylight into darkness,
An' the sunshine into the dew,
There sprouted a little city
Such as money never buys,
An' those towns just stood and looked
For they couldn't believe their eyes.

Then people began coming to Canyon,
From their homes where things went slow,
For there wasn't any use in staying
In a town that wouldn't grow;
So far away from their home town
Men and their families came,
To make their home in Canyon,
An' that's why she now holds her fame.
Myrtle Carter.

WORTH WHILE

There's no such satisfaction as the satisfaction true—
Which comes from helping others, in the work they have to do.
And there's no such thrill of gladness like that sweet and happy thrill
Which is born of helping others who are trudging up the hill;
If you want to know contentment and be truly satisfied,
Just go out and help your brother when his soul is being tried.
—Edgar A. Guest.

The founder of psycho-analysis and the more prominent exponents of the theory are Jews. Which leads the Jewish Sentinel somewhat prematurely to say, "It is thus very significant that salvation for human ailments is coming not from Mrs. Eddy, the Protestant nor from M. Coue, the Catholic, but from Freud, the Jew.

An oddly shaped gold ring, believed to be part of a pirate's treasure loot, was found by a New Haven, Connecticut fireman digging clams in the sand near Thimble Islands in Long Island Sound. The ring is composed of four bands, joined by clasped hands.

For the first time in many years a liner, the Oropesa, put to sea from Liverpool with the crew and passengers "chantey" singing "Down to Rio" as in the old days of the sailing lugger. During the 19,000-mile trip chanteys will be sung.

Another street improvement badly needed is the elimination of crooks on Easy Street.—El Paso Herald.

Child-birth

HOW thousands of women, by the simple method of an eminent physician, have avoided unnecessary miseries through many months and up to the moment Baby has arrived, is fully explained in the remarkable book, "Motherhood and the Baby." Tells also what to do before and after baby comes, probable date of birth, baby rules, etc., and about "Mother's Friend," used by three generations of mothers, and sold in all drug stores everywhere. "Mother's Friend" is applied externally, is safe, free from narcotics, permits easier natural re-adjustment of muscles and nerves during pregnancy and child-birth. Start using it today. Mrs. E. E. Kerger, Slayton, Minn., says: "It pulled me through." Send for book today, to Bradford Regulator Co., B.A.-76, Atlanta, Ga. "Mother's Friend" is sold at all good drug stores—everywhere.

The ranch of A. B. Fall at Three Rivers, New Mexico, has 15,000 cattle grazing over an area fifty square miles. A hydroelectric irrigating and power plant costing approximately \$200,000 is now being finished. An orchard of 100 acres and 400 acres of alfalfa stretch almost as far as the eye can see. It is said the ranch includes 40,000 acres of school sections, 30,000 acres of land on the Mesquero Indian Reservation and 35,000 acres of the Forest Reserve which has been leased. The value is placed at about \$500,000.

Nine old tattered volumes containing all deeds, contracts, wills, mortgages, and similar papers in Georgia when Georgia was a British colony have been given to the department of archives and history. All efforts to get the legislature to provide an appropriation for their restoration have been in vain.

Deeds Filed This Week Transferring Randall County Land

The following deeds as furnished the News by the Randall County Abstract Company, have been recorded in the County Clerk's office.

A. C. Pipkin to J. L. Steen, northwest quarter block 14, Victoria addition to Canyon. Consideration \$2800.

H. T. McGee to E. L. Brandt, lot 13, block 56, Canyon City. Consideration \$50.00.

T. J. Morris to L. G. Allen, west half lot 4, block 37, Canyon City. Consideration \$500.

BOY SCOUTS ENJOY HIKE

Friday afternoon, February 29, a long line of sturdy, red faced boys, carrying packs on their backs and headed by the United States flag, were seen to march rapidly out of town in a southwesterly direction. They were Canyon's Boy Scouts on their way to Gordon-Cumming Country Club to enjoy an over night hike. This body of forty-two scouts reached the camping ground at about six o'clock and by 6:30 camp had been pitched and savory odors of frying meat were pouring from the camp fires. By 7 o'clock the busy and well fed boys had cleared away supper and gathered before the big fire in the center of the camp. Then came the time for games, jokes, and stories, all of which were immensely enjoyed by the boys. After the games came the story hour in which most of the boys took part. Following this came a lull in the excitement when someone suddenly burst forth with "America." Spontaneously forty-five voices were lifted to the heavens heralding the praise of our beloved country to the silent night about them. Hardly had the last notes of "America" died away when all arose with one accord and with bared heads sang "The Star Spangled Banner," with a fervor that would have done credit to any body of patriots.

A short scout drill followed the singing and then the exciting time of the evening came, when W. J. Fleisher, who had driven out to spend the evening with the boys, brought forth a sack of apples and oranges. A merry scramble ensued for the dainties, as the boys called them, in which all were in some way rewarded.

The program of the evening having been completed, the boys rolled up in their blankets like pioneers of old to enjoy a night under the stars. However some of the boys were not "bride-like" to the out-doors and were continually getting up to see if it were not day.

All were up early Saturday morning and after having prepared and eaten a hearty scout breakfast, and enjoyed a real pioneer tracking contest, returned to town and home. It is hoped that such wholesome amusement and training can be given the boys often and a date can be arranged so that a several days camp can be provided for. The great out-doors is God's country and nearest to His great heart. Do you want your boy to know Him in all His splendor that is mirrored in nature's beauties? Urge him to become a Scout—a Boy Scout, and then, help him to be one.

MUSIC NOTES

"What is your occupation?"
"I used to be an organist."
"And why did you give it up?"
"The monkey died."

GERMINATION TEST—COTTON SEED

BY J. W. JENNINGS, County Agent, Randall County.

To determine the percentage of germination of our Plains grown cotton seed of the 1923 crop a germination test was run on seed from several Plains counties. Included in this test were two samples of 1922 seed which were used as a check against last year's seed, and also a test of a sample from Central Texas.

The 1922 seed from Wilbarger county and Oklahoma showed a good strong test, while the test from Caldwell county, 57%, was much better than any Plains seed it was much lower than it should have been. These samples were all put into the germinator at the same time and were subjected to the same conditions throughout the period of the test. So whether the test was absolutely accurate or not, it certainly gave reliable comparative results. On account of such a uniform low germination test of all samples of 1923 seed we are making a retest; in order to check the first results. Also, we sent two samples of the same seed to the

State Department of Agriculture and its test will serve as a check against ours. The results of this preliminary test are being published in order to advise our farmers what conditions they may be facing, so they can have their planting seed tested before it is too late. If these weak seed are planted and do not produce a stand, the country or the weather will get the blame, when possibly the seed are entirely at fault.

No. Sample No.	Percentage of Germination	County Where Grown.
1	3%	(Bollies) Lubbock
2	1%	(Gin Run) Randall

13	0%	(Gin Run) Floyd.

Test Made at College Shows Sale of Butter Fat Paying

According to data obtained from a test on seven cows at the College, carried out by the agricultural department, farmers in this part of the state can make money from the sale of butter fat, even though they pay the market price for feed.

The test continued for seven days. In order that the test might be accurate, Prof. T. M. Moore, who was in charge of the herd during this period, used a new ball-bearing cream separator and had the milk from each cow kept in a separate container until it was run through this machine. A butter fat test of each cow's milk was made night and morning. The amount of feed that the cow ate was carefully weighed and the total charged against the amount received for her milk.

The prices of feed at the time of the test were: \$20 a ton for alfalfa hay; \$32 a ton for ground barley chops; \$40 for bran; \$50 for cotton seed meal; and \$5 per ton for silage. The cows were fed 30 pounds of silage and 7 1/2 pounds of hay per day, and a mixture of 10 parts by weight of barley, 1 of bran and 1 1/2 of cotton seed meal was used as the grain part of the ration.

The highest priced cow in the herd, Rosetta, was a state champion of New Mexico when a 2-year-old. She gave 10 1/2 pounds of butter fat for the seven day period, which sold for \$5.25. Her feed amounted to \$2.45, which

gave a net profit in her favor of \$2.80. This cow gave 210 pounds of milk, testing 5 per cent during the period.

Pansy, another registered cow, netted \$2.62 above her feed cost. Tests were made of grade cows and results showed that scrubs ate as much feed but did not produce anything like the registered cow. The lowest profit shown was seven cents for the week.

High Grade Cows Pay

"This experiment, which was carried out for twelve days," said Prof. Phillips, "the collection of data beginning with the third day and continuing for seven days, proves that it is profitable to use high grade cows, whereas scrub cows will not pay for their feed. Rosetta, the highest priced cow in the herd, paid at the rate of \$11.20 per month above her feed."

"If a farmer who has raised his own feed had seven cows like Rosetta, he would receive \$36.75 per week or \$147.00 for four weeks time. It is to be noted, that seven cows like the poorest cow in this test would pay only 49¢ per week or \$1.96 for the four weeks' time."

Of 434 members of the House of Representatives, 373 confess religious affiliations. Of the ninety-six Senators seventy-six are church members. The religious complexion of Congress as a whole is as follows: Methodist, 119; Episcopalian, 74; Presbyterian, 73; Baptist, 48; Catholic, 45; Congregationalist, 31; Deities of Christ, 17; Lutheran 14; Jewish, 9; Unitarian, 5; Dutch Reform, 3; Mormon, 3; Quaker, 3. And of the United Brethren, Methodists, Christian Scientists, Universalists, Evangelical Church, one each.

Buy, Build, and Live in Canyon.

FACT AND COMMENT

The nautical day, which by old custom now begins at noon, will hereafter begin at midnight like civil time. As hitherto the hours will be numbered from one to twenty-four, but navigators say that beginning the first hour at midnight instead of at noon will do away with much confusion and useless figuring.

A German investigator who has been studying butter says that the choicest and freshest of it will take on a disagreeable taste if exposed even for ten minutes to sunlight. He believes that light is quite as harmful to butter as strong odors are and advises dealers and housekeepers to bear the fact in mind.

Raising sheep on an island is a dream of sheep farmers, for they would have no fences to build and probably no predatory animals to contend with. With those advantages in view some Western promoters have leased from the government one of the Aleutian Islands and are stocking it heavily with sheep. They hope to be as successful as the ranchers who raise sheep on some of the Falkland Islands off the coast of South America.

A new treatment for colds and some other respiratory diseases is announced by the Chemical Warfare Service. A small container releases a minute quantity of chlorine gas, the fumes of which are driven to all parts of the room by an electric fan. The person under treatment continues at his work. An hour's exposure is said to cure a cold, and two one-hour treatments on successive days will usually cure bronchitis, whooping cough or influenza.

Newspaper prices in Paris have been increased one sou due to the increased cost of production.

"My Rheumatism is gone—"

"THERE are thousands of you men and women, just like I once was—slaves to rheumatism, muscle pains, joint pains, and horrible stiffness. I had the wrong idea about rheumatism for years. I didn't realize that increasing blood-cells had the effect of completely knocking out rheumatic impurities from the system. That is why I began using S.S.S. Today I have the strength I used to have years ago! I don't use my crutches any more." S.S.S. makes people talk about themselves the way it builds up their strength. Start S.S.S. today for that rheumatism. You'll feel the difference shortly.

S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.

Made of Cotton

"GROW COTTON IN THE PANHANDLE"

Mr. Cotton Grower: We are with you. We know you can grow cotton in the Panhandle. The growing of the fleecy staple will bring thousands of people to this section of the country and we will enter upon a period of growth and development never experienced before.

HOW WE CAN DO OUR PART

We are buyers of cotton—in the finished product. Without the manufacturer, the jobber and the dealer, there would be no market for the raw cotton. As a jobber of cotton goods, we distribute to merchants one hundred and fifty to two hundred and fifty miles around Amarillo. As merchants, we buy hundreds of thousands of dollars of cotton goods every year and sell them to the people in our immediate trade territory. In that way we do a part in helping to make cotton King of the Panhandle.

32-INCH PONGEE "made of cotton," comes in colors and white. Price per yard42 1/2c

36-INCH PERCALES, "made of cotton," attractive designs on light grounds; also darker patterns. Big stocks. It was bought right and is sold right. Prices per yard.....30c, 23c, 21c

GINGHAMS, "made of cotton." All our gingham were bought through our wholesale department. This means they were bought for less money; so we can sell them for less money. Our large stocks offer a great variety of qualities and patterns, per yard27c, 29c, 26c, 23c and 20c

36-INCH VOILES "made of cotton"—these come in plain colors and printed designs. All new and an authentic fabric for spring. Yard 50c 30-INCH JAP CREPE "made of cotton"—every spring shade is included in the color range. They are also bought through our wholesale department, so are sold for less. Per yard35c

RATINE CLOTHS, "made of cotton." These are wonderful cotton dress fabrics. The pattern range is big. Several qualities and prices.

COTTON SUITINGS, "made of cotton." Made in weaves and designs that look like the much more expensive woolsens. 36-inches wide, price per yard85c

36-INCH INDIANHEAD, "made of cotton." Comes in a big line of colors: pumpkin, linen, yellows, copen, tans, rose, pink. The yard.....43c SHIRTING MADRAS "made of cotton"—bought through our wholesale department; sold for less money. We pass this advantage on to our customers. Big line of patterns to show you. Priced the yard 35c to 50c

COTTON CREPES "made of cotton"—figured designs on colored grounds, "bought for less" our wholesale department is the answer. The printed crepes, per yard35c

COTTON DAMASK, "made of cotton"—as beautiful as linen. It has a wonderful lustre that will not wash out. Buying through our wholesale department enables us to sell it for less money. 64 inch width. Price per yard75c

Happy Happenings

Ar L. Harrison and son, Harry, of Stratford spent the latter part of last week here.

W. H. Brown and George Cook were Amarillo callers Tuesday.

The Second Quarterly Conference was held at the Methodist church Sunday night. Rev. G. S. Hardy, presiding elder of the Plainview district, held the conference.

Miss Alice Cochran of Denver, Colorado, who has been visiting with her sister, Mrs. David Bryanoff, for the past month returned to her home Wednesday.

Flake Montgomery of Canyon spent the week end here.

Miss Gladys Franey who is teaching school near Canyon spent the week end with her folks here.

Mrs. D. H. Culton and daughter, Doris, of Tulsa spent Thursday night in the George Cook home.

Dr. F. Q. McElroy left Saturday night with George Selvidge, Miss Vera Cox and Mrs. Schultz for Dallas where Mr. Selvidge and Miss Cox will undergo operations.

Mrs. John Fletcher and little son, W. C., of Amarillo are visiting this week in the E. A. Patterson home.

Mr. Hilliard of Tulsa was here Sunday.

Hurley Maynard and Miss Eva McManical accompanied Virgie Maynard to Tulsa Sunday.

D. J. and Hurley Maynard were Amarillo callers Wednesday night.

Mr. and Mrs. F. C. Scott and little son, Fonce, were Amarillo callers Wednesday.

The location of the cotton gin was made last week and the drilling of the well will start next week.

Mrs. Altie White was an Amarillo caller Tuesday.

Mr. and Mrs. J. I. Penrod of Tulsa spent Sunday in the J. E. Toles home.

Lane Mayhew, who has been working in Amarillo is visiting with his mother, Mrs. E. A. Patterson this week.

Mr. and Mrs. Cates of Lockney visited with their daughter, Mrs. O. M. Fowler Friday and Saturday.

J. M. Miller made a business trip to Amarillo Monday.

Wayside Items

Saturday and Sunday were typical winter days. A light fall of snow Saturday night completed the picture. Very cold and disagreeable.

Born to T. J. Dunlap and wife a son March 10. Both mother and babe doing well.

Irvin Lane celebrated his 12 birthday Sunday. His mother entertained eleven of his friends with a nice dinner. The young folks had quite a merry making over the cutting of the birthday cake in which were placed a number of articles.

M. C. Sluder motored to Amarillo Saturday. His mother Mrs. Ida Sluder, accompanied him as far as Canyon where she visited with her mother till Monday.

Miss Irene Crawford spent the past week end with her friend, Miss Wilda Behrends. They attended Sunday School at Love school house Sunday.

Reuben Rogers has sold his land near Wayside to Mr. Bowe of Happy. It is reported.

Mrs. Reuben Rogers left a week ago for Wellington, Texas. Reported some improvement in her condition since go-

ing to a lower altitude.

Misses Esther Sutton and Edna Fitzgerald spent Sunday night with Mrs. Harvey James of Happy.

J. T. McGehee and wife, R. L. Grigsby and wife, Mr. and Mrs. J. R. Stockett and Roy, enjoyed an outing in the Palo Duro Canyons Sunday afternoon.

A jovial crowd at the party Friday night at the home of D. L. Adams. Singing at same place Sunday afternoon was attended by quite a number of the young people of Wayside.

Wednesday morning: wind from the east and snowing. Very disagreeable on the outside.

Judge J. H. O'Neill of Tulsa and Mr. Carter of Plainview made a business trip to Wayside the past week.

Little Fannie May Franklin, who was on the sick list the past week, is better; able to be up. Her father, W. R., was sick Sunday night.

Born to George Reeves and wife, a daughter, Mrs. Reeves was formerly Miss Cora May. Congratulations.

Engineers estimate that five billion five hundred million cubic feet of water will be stored in the reservoir to be built by the Canadian Government through the Running Streams Commission on the Riviere du Loup, north of Louiseville in the St. Maurice district of Quebec.

Although less than thirty per cent of the total, the farm population of the United States is carrying more than thirty-five per cent of the child population. The farm educates this excess youth and turns it over to the cities at the producing age.

Fish flour manufactured in France is made from the non-edible fish found in the nets of the trawlers. It is mixed with feed for poultry, rabbits, dogs, sheep, cattle and hogs.

Umbarger Notes

Clem Friemel made a business trip to Slaton Tuesday.

We had a little snow Saturday evening. The weather is mostly cold.

A dance was held at the Erdman Hall Tuesday evening and was well enjoyed by everyone.

The farmers are putting in small grains. The weather has been too cold for much of it to come up.

Tice Hess is in the hospital in Amarillo. He has had an operation and is now getting along nicely.

A. P. Thornton has had an attack of pneumonia. He is better now and will soon be well again.

The stockholders of the Farmers Elevator Co., had a meeting Monday to decide the plans for this year's work.

Clem Friemel is thrashing for O. J. Podzemney.

Pleasantview Items

The weather has been rather cold the past few days. A little snow and rain Wednesday.

Miss Edna Schramm, who is teaching school near St. Francis, spent the week end with home folks.

Mr. and Mrs. Roy Wall and children and Mrs. Brown from Dimmitt, spent Sunday and Sunday night at the Ed Gibson home.

The Randall County Singing Convention will be held at the Pleasantview school house Sunday. Everyone is cordially invited to come and bring well filled baskets. Many singers from other counties and states are coming. Everyone come early and be prepared to enjoy the day.

A practice singing will be held at the E. Gibson home Friday night. Everyone is cordially invited to attend.

An interesting program and social hour were enjoyed by all, and the following officers were elected for the year: President, Mrs. J. H. Black; vice-president, Dorothy Burrow; Secretary, Irene Cluck; treasurer, Hilda Biggers; reporter, Pearl Jenkins. The next meeting will be at the home of Mrs. C. M. Ackerman on March 25th, with Miss Frances Croson as leader. All members are urged to be present.—Reporter.

WRITES ON COTTON PLANTING

HARMON BENTON, County Agent, Potter County.

Cotton culture is no longer an experiment in the Panhandle.

The last three years cotton has been produced successfully in this land of the great plains.

It seems that if intelligence marks the method of planting, cotton is an absolutely staple crop in this part of the country during the normal seasons.

Land intended for cotton in this part of the Panhandle should be listed as early as possible and preferably east and west.

Furrows Hold Moisture

The lister furrows will thus catch and hold drifting snows and thus collect more moisture than if left level or listed in other directions. The furrows will also better protect young cotton from blowing sand.

At the approach of spring, control weed growth by frequent harrowings until a week or ten days before planting time.

At this time (just before planting) tear down the lister ridges with a disc harrow or lister cultivator.

If, as a matter of farm equipment, it is more convenient to plow the land, plow early and kill the early weeds with most convenient implements available.

No definite date can be given as the best time to plant cotton. This will depend upon the climatic conditions. Cotton is naturally a hot weather plant. It is useless to plant the seed until the soil has become warm.

This condition usually comes between May 15 and June 10.

Plant Between Furrows

Plant the seed between the old lister furrows. Most planters are equipped with suitable boxes for planting cotton seed.

If the lister is used, run it about three inches deep between the furrows made by the lister in preparing the ground. Use a small plow, that will make a narrow, shallow trench in the bottom furrow, for the seed to fall into. Cover the seed one and one-half to two inches deep. This places the seed in contact with firm, moist soil.

If the land has been plowed, the same plan may be followed, with the

exception of following spaces between former furrows.

Where the ordinary two-row planter is used, put openers on in front of drill shoes.

Plant Seed Shallow

The main factor in planting is to get the seed in shallow furrows about three inches deep, and the seed in contact with firm soil. In general, it is good practice to get the seed about 3 inches below the general level of the soil, and cover them one to one and a half inches deep.

It is conceded that rows 3 to 3½ feet apart will give best results. As a matter of practice the cotton grower should place his rows as near three feet apart as his cultivators can be used, without too much trouble in change of adjustments.

Varieties that are known to do well in this section are Burnett, Mebane and Acala No. 5. This has been proven by experiment stations. Use of poor seed or bolle seed would make the raising of a crop doubtful.

If the seed are of good quality—85 to 90 per cent germination—half a bushel to the acre is ample. Seed with lower percentage of germination should be planted in correspondingly greater quantities.

Experiments have proven that most mature bolls and largest yields are obtained when plants are left 3 to 4 inches apart in the row. If the planter cannot be made to space the seed properly, it will be necessary to chop out the plants to proper distances.

Methods of cultivation will vary according to farm equipment. The main object is to control weed growth. Frequent shallow cultivation is necessary for profitable yields. This may be done in early stages with draw-harrow, go-devil, or cultivator and during later stages with go-devil or cultivator.

By all means cultivate as soon as practicable after every rain and every 10 days or 2 weeks whether it rains or not. A soil mulch of two or three inches should be maintained at all times. The hoe should be resorted to in case weeds appear in the row. Cotton and weeds do not do well together. Weeds take up moisture and plant food needed by the cotton plant.

LOCAL NEWS

The Ladies Auxiliary of the American Legion will meet in regular session Friday afternoon at 4 o'clock. Important business, all members are urged to be present.

Misses Mary Morgan Brown, and Vernita Stewart gave a series of one-act plays for the Mother's Club in Amarillo Thursday night.

Holcomb's Transfer, phone 28 or 238

In this issue of the News will be found the political announcement of Rector L. Lester, candidate for re-election to the office of County Judge of Randall county. Mr. Lester is serving his first term in this office, and has devoted his time to the upbuilding of the affairs of the county, and to supervising the country school, of which he is ex-officio superintendent. Mr. Lester has made a good record while in this office, and submits this record to the voters of the county as his qualifications to serve them for another term should he be chosen in the July primaries for this office.

"The Singing School" March 21—watch for announcement next week.

Miss Ruth Knight spent the week end in Hartley visiting her sister, Mrs. Weatherbrook.

The Ladies Auxiliary of the American Legion met in call session Friday afternoon, March 7, at which a vote of thanks was given to those who so gratefully helped toward the success of the "Silver Colonial Tea," namely, Misses Rowan, Beavers, Fronabarger and Rowan, who entertained delightfully throughout the afternoon with excellent music. Also Miss Helen Woods gave a beautiful number and following was Miss Thomas of the High School, with eight of her little folks who so wonderfully gave the "Minnet." Last, but far from least do we so much appreciate the work of Miss Elva Fronabarger of the Public School and her little folks for their splendid work of making the little hatchet favors. Just a few alone cannot have success, but with the co-operation of all we can do great things.

Benjamin Franklin is the only American in a list of the eighteen greatest men contributing to learning in the history of the world, as compiled by the University of Washington faculty.

A bronze mirror dating from Caesar's invasion of Britain has been found in the forest depths of the Celtic encampment. It was presented to the British Museum.

Progress in the form of a larger Fort Wayne, Indiana, threatens the grave of "Johnny Applesed" (John Chapman). With a leather bag filled with apple seeds, which he had gathered from cider presses in the more prosperous settlements of the East, he passed through Ohio and Indiana planting his seeds wherever he could find a clear spot. Archer burying ground may be made into a public park or shrine if sufficient pressure is brought to bear on the city of Fort Wayne.

A torpedo-shaped piece of cast steel, weighing 150 pounds with two handles welded to its sides, is used by the Los Angeles police department to "break" into lottery dens and gambling clubs. Four men swing the heavy metal bar against the door and whether wood or metal it soon gives away.

Tests prove that the human voice can be transmitted clearly only when the speaker's mouth is close to the transmitter. To speak four inches from the instrument is equivalent to lengthening the line more than 200 miles; two inches away, 128 miles. Low-pitched tones are transmitted better than those of a high pitch.

A man living on Long Island, New York, has raised a family on the proceeds of sales of catnip which he cultivates and improves. The owners of pampered felines pay him well for his best grades of catnip leaf.

The withdrawal of non-beverage whiskey during the calendar year of 1923 was only 1,696,360 gallons as compared with 27,381,365 gallons in 1919, according to Prohibition Commissioner Haynes.

To create a French atmosphere in a corner of a New England campus, Middlebury College will erect a French chateau to house the Department of French.

As a result of their isolation the Hawaiian Islands have evolved six hundred and fifty species of plant life found nowhere else in the world.

Cullen Thomas Did Not Vote for Mayfield in November

By Silliman Evans, Staff Correspondent, Star-Telegram.

Washington, March 5.—Tattler's tales are being told out of school by the scratched and marred ballots that are being counted by the Mayfield investigating committee. Dallas County, the home of the more prominent state politicians than any other county in Texas is now under the search of the counters and revealed the secret votes of many noted Texas people.

On the poll list of Dallas County the name of Cullen F. Thomas appears in his precinct as No. 319. Ballot No. 319, in that precinct, shows that its voter did not write the name of Earle B. Mayfield into the Democratic column as the Democratic nominee, but in a scrawling hand, half-script and half-print, was the name of James Stephen Hogg.

The voting number of Mrs. Cullen F. Thomas, the sister of Senator Morris Sheppard, is 218, and the ballot bearing that number had the name of Cullen F. Thomas written into it.

Dr. George W. Truett, who incidentally is the pastor of the Thomases, and whose name is known among Baptists throughout the world, is number 222. The ballot bearing that number was voted for Cullen F. Thomas. It was written in a clear hand.

W. B. Head, chairman of the board of directors of the Texas Power and Light Company, and a familiar figure in all Texas political gatherings and in the lobby at Austin, has ballot No. 22. George E. B. Peddy's name was written into that ballot.

Thomas declared publicly during the campaign in which Mayfield and Ferguson were candidates that he would support Mayfield. In the statement he gave out he said he was on the track "when the Ku Klux Klan train came along." Thomas is to be a witness in the present case.

BIG DEED FILED

The biggest deed of trust ever filed in Floyd County, both for number of words in the document and consideration involved, was filed for record with Miss Clara Lee Johnson, county clerk, on Thursday, February 21st, by representatives of Wm. Orr, trustee for the Guaranty Trust Company of New York City.

The deed of trust is given by the Southwestern Bell Telephone Company of St. Louis, Mo., and gives a lien on all the company's property of every kind in Texas, Oklahoma, Arkansas, Kansas, Missouri and a part of Illinois. The company gets a loan of \$50,000,000 on the mortgage.

To give an idea of the length of the instrument it is printed in paper bound book form and contains 119 pages about 6x9 inches in size. It covered slightly over 60 typewritten pages in the deed records of the county.

The mortgage will be recorded in every county in the six states in which property of the company is located affected by the loan, and the recording fees will probably exceed \$5,000 in all.

A THOUGHT FOR THE WEEK

One of the things that strikes me with regard to all co-operative associations is that the characteristic feature of an active life is co-operation. We alone among the animals that frequent the surface of the earth associate ourselves together in common endeavor where we subordinate a certain amount of individual interest to the common interest which we realize sustains the influence of the individual. The very word "civilization" means the joining in civil society for common business, and a community is civilized in proportion as it can sink individuals in the common interest.—Woodrow Wilson.

Germany's Government has appointed an official teller of fairy-stories. We don't appoint them here. We elect them.—Toledo Blade.

Co-Operation Will Revolutionize the Farming Industry

Co-operative marketing is destined to revolutionize the farming industry and make the growing of all agricultural commodities profitable, is the belief of Judge L. Gough, president of the Texas Wheat Growers' association who represented 3,600 farmers at a recent co-operative conference at Washington. Delegates representing many products and nearly half a million American farmers were present at the meeting.

"Tobacco is 90 per cent signed up co-operatively and the tobacco dollar is worth 225 per cent of what it was before the growers organized. Commodities that are well organized have been showing a profit to the co-operative members. When wheat is well organized, that is, when the majority of the crop is controlled by the growers themselves, wheat farming then will be profitable," Judge Gough declared.

The Texas Wheat Growers' association now is making an effort to secure control of the Texas wheat acreage before the 1924 harvest. The association plans to handle at least 5,000,000 bushels of the 1924 crop.

Government Will Conduct Citizens Training Camp

The Commanding General announced that Brig. Gen. George LeR. Irwin will command the Citizens' Military Training Camp to be held at Fort Sill, Oklahoma, August 1st to 31st.

This Camp will train 1100 students in Infantry and Field Artillery and in other branches if sufficient applicants warrant.

Applications will be received from all young men of good character between the ages of 17 and 24 and should be sent to the C. M. T. C. Officer, Fort Sam Houston, Texas, who will furnish all desired information.

The Fort Sill camp will be one of the largest camps to be held in the country and the training will be complete in every respect, regular army officers and troops being detailed to assist in the work.

The Government will pay all transportation and other necessary expenses of students.

Athletics and sports will feature the camp to be held at Fort Sill.

The Commanding General stated that he was glad to note the lively interest being shown in the Fort Sill camp and believed it to be due in a large measure to the effective organization work of Brig. Gen. Roy Hoffman, O. R. C. of Oklahoma City, who is Civilian Aide to the Secretary of War.

The Marubachi family, of Tokyo, who operated a drug house of old established fame, had received and transmitted from generation to generation a sealed instrument, with instructions that it should be opened only if the family house fell into straitened circumstances. The packet was rescued during the earthquake and it was found to contain instructions to dig at a certain place. Three earthenware pots of kobangs—oval-shaped, gold coins of feudal days—were found, valued at several hundred thousand yen.

Canon Hay Aitkin, aged vicar of Norwich Cathedral, in London, has delivered 22,000 sermons. He began preaching at the age of 17 and is now 83. John Wesley preached 27,000 sermons.

An Italian claims he has invented an apparatus whereby submarine crews can see through water 100 yards. This would reveal the presence of mines and other contrivances to destroy submarines.

Icebergs, twenty-five feet high, were in evidence in Lake Michigan, causing a serious obstacle to navigation.

Cobb Seeks Game Protection

Irvin S. Cobb, of Kentucky, one of the most famous American writers, also well-known as a sportsman, is seeking to prevent the extinction of the country's wild fowl. Speaking of the need of protection for America's migratory birds, Mr. Cobb said:

"Not so long ago our country was a sportsman's paradise. Wild fowl bred in millions in our marsh lands. They had practically unlimited areas for nesting, resting and feeding. These birds furnished healthful recreation for the hunter of moderate means. From the standpoint of their food value alone, they constituted a great natural resource.

"Today, vast drainage operations have almost deprived wild fowl of their natural resting and breeding grounds and the average hunter of any chance to bag game. At present, the best shooting areas for wild fowl are almost all in the hands of rich men's clubs or wealthy individuals. If the draining of marsh lands continues, the breeding areas will be hopelessly inadequate to maintain the country's remaining wild life. These drainage operations have resulted in little gain and in some cases in positive loss, as much of the land thus reclaimed has been almost worthless, while the immense cost has saddled the farmers in many districts with heavy burdens.

"We want to save the country's wild fowl for future generations. We are trying to democratize again the sport of shooting so that what ultimately belongs to the nation shall be the property of rich and poor alike. It is for these reasons that Federal and state authorities, national, state and local gunning clubs and individual gunners have combined to present to Congress the Game Refuge Bill. This comes before the House in a few weeks and deserves the support of every citizen on patriotic grounds as well as those of fair play. We are urging every one to write his Congressman and Senator to support the Game Refuge Bill."

Under the Game Refuge Bill each hunter would pay one dollar for a license. This money would be turned into the Treasury and constitute a special fund known as the "Migratory-Bird Protection

Copyright, Underwood & Underwood
Irvin S. Cobb, famous writer, who seeks to save nation's water fowl.

Fund." Approximately one-half of it would be used for the purchase of areas suitable for water-fowl. Some of these would act as refuges on which a shot would never be fired; others would be open to the public, where the man of ordinary means could shoot under suitable regulations. The other half of the money would be used to care for and protect our migratory birds, both game and insectivorous, and make more effective the treaty for that purpose between this country and Canada. Not one cent of the money to be derived from the Game Refuge Bill will come from the general tax payer. The man who hunts migratory game birds foots the bill, thus insuring the perpetuation of his sport.

Many national organizations have endorsed the Game Refuge Bill. Among these are: The American Game Protective Association, the National Association of Audubon Societies, the American Forestry Association, the National Federation of Women's Clubs, the American Legion, and the National Grange.

The Natal Chain is a device used in identifying new-born babies in hospitals. It is a fine gold chain with a locket bearing both parents' initials. The mother takes it to the hospital with her, and the doctor slips it on the child's neck, wrist or ankle in the mother's presence as soon as the baby is born. It cannot be unfastened, and is removed when mother and baby are taken home.

The new federal capital of the Australian Commonwealth is located at Canberra, about seventy miles inland midway between Sydney and Melbourne. New South Wales ceded to the federal government a tract of 900 square miles which includes the district of Canberra and a corridor connecting it with an excellent landlocked harbor.

"That the enormous population of foreign-born city dwellers has profoundly affected our motion picture industry, our stage, our press and our fiction is incontestable. Our fiction and our drama are in process of being Europeanized. The themes and the methods of treatment are increasingly alien to our tradition."—Hamlin Garland, American novelist and dramatist.

Campfire girls of New York have been requested to popularize old-time American folk songs such as "Old Black Joe," "Swanee River," "Old Kentucky Home," and such old English and Scottish ballads as "Auld Lang Syne" and "Comin' Thro' the Rye." Few girls in camp last summer knew the words to these songs.

AN ORDINANCE LEVYING ASSESSMENTS FOR THE PAYMENT OF A PART OF THE COST OF IMPROVING PORTIONS OF EVELYN STREET, FIXING A CHARGE AND LIEN AGAINST THE OWNERS OF PROPERTY ABUTTING ON SAID PORTIONS OF SAID STREET; PROVIDING FOR THE COLLECTION THEREOF, AND FOR THE ISSUANCE OF ASSIGNABLE CERTIFICATES IN EVIDENCE THEREOF, AND DECLARING AN EMERGENCY.

Be It Ordained by the City Commission of the City of Canyon, that:

Whereas, the City Commission has heretofore ordered the improvement of the following-portion of Evelyn Street in the city of Canyon, Texas, to-wit: From the East property line of East First Street to the West property line of Lester Avenue.

By installing concrete curbs and gutters and vertical fibre brick on natural foundation, by raising, grading and filling and by installing drains, sewers, and necessary appurtenances in accordance with plans and specifications therefor, adopted by the city and on file; and,

Whereas, contract for the making and construction of such improvements was let to Panhandle Construction Company and by resolution it was determined to assess a portion of the cost of said improvements in such district against the property abutting thereon, and against the owners thereof, and it was directed that a hearing be given to all such owners and to all others interested on the 28th, day of February, A. D. 1924; and,

Whereas, all other matters and things necessary and prerequisite hereto have been done and performed:

I. That there shall be and is hereby levied and assessed against each parcel of property hereinbelow mentioned and against the owners thereof the sums of money below mentioned and itemized, and the total amount set opposite the description of each parcel of property, and description of such property and the several amounts assessed against such property and owners thereof, and the names of such owners (such names being given as accurately as possible) being as follows:

Evelyn Street from the East property line of East First Street to the West property line of Lester Avenue:

II. That the several sums above mentioned assessed against said parcels of property and the owners thereof, respectively, and interest thereon at the rate of eight per cent per annum, together with reasonable Attorney's fees and costs of collection if incurred, are hereby declared to be, and made a lien upon said respective parcels of property against which the same are assessed, and a personal liability and charge against the owners thereof, whether such owners be correctly named herein or not, and the said liens shall be and constitute the first enforceable claim against the said property on which it is assessed, and shall be the first and paramount lien thereon, superior to all other liens and claims except state, county and municipal taxes, and the sums so assessed shall be payable as follows:

In Five equal installments, the first payable within Ten days from completion and acceptance by the city of the particular unit or improvements for which assessment is levied, the second on or before one year from the date of such completion and acceptance, the third on or before two years from date of such completion and acceptance, the fourth on or before three years from date of such completion and acceptance, and the fifth on or before four years from the date of such completion and acceptance, all bearing interest from the date of such completion and acceptance at the rate of eight per cent per annum, payable annually, and with the provision that if default be made in the payment of any principal or interest when due, the whole of the assessment upon which default is made shall at the option of the Panhandle Construction Company, or its assigns, be and become at once due and payable, and provided further that the owners of such property shall have the right to pay any or all of said installments before maturity, at any time by payment of principal and accrued interest to the date of payment.

III. The City of Canyon shall not be in any manner liable for the payment of any sums hereby assessed against any property and the owners thereof, but said Panhandle Construction Company shall look solely to the said property and the owners thereof for the payment of the sums assessed against the respective parcels of property. But the city of Canyon shall exercise all of its lawful powers to aid in the enforcement and collection of said liens and sums, and if default shall be made in the payment of any of said sums, collection thereof shall be enforced either by the sale of the said property by the tax collector and assessor of the city of Canyon as near as possible in the manner provided for the sale of property for the non-payment of ad valorem taxes, or at the option of Panhandle Construction Company, or its assigns, the payment of said sums shall be enforced in any court having jurisdiction.

IV. For the purpose of evidencing several sums assessed against the said parcels of property and the owners thereof, and the time and terms of payment and to aid in the enforcement thereof, assignable certificates shall be issued by the city of Canyon upon the completion and acceptance of the work in each district as the work in such district is completed and accepted, which certificates shall be executed by the Mayor in the name of the city and attested by the city clerk with the corporation seal, and shall be payable to Panhandle Construction Company, or its assigns, and shall declare the said amounts and the time and terms of payment and the rate of interest, and the date of completion and acceptance of the improvement for which the certificate is issued and shall contain the name of the owner as accurately as possible, and the description of the property by lot and block number or front foot thereof, or such other description as may otherwise identify the same; and if the said property shall be owned by an estate, then the description thereof as so owned by unknown then to so state be sufficient; and no error or mistake in describing any property or in giving the name of the owner thereof shall invalidate or in anywise impair such certificate.

The said certificate shall further provide that if default shall be made in the payment of any installment of principal or interest when due, then at the option of Panhandle Construction Company, or its assigns, the whole of the assessment evidenced thereby shall at once become due and payable, and shall be collectible with reasonable attorney's fees and costs of collection if incurred; and the said certificate shall set forth and evidence the personal liability of the owners of such property and the lien upon such premises and shall provide that if default be made in the payment thereof, the same may be enforced either by the sale of the property by the Tax Collector and Assessor of the city of Canyon as above recited, or by suit in any court having jurisdiction.

The said certificate shall further recite substantially that all proceedings with reference to making the said improvements have been regularly had in compliance with law, and the proceedings of the city of Canyon, and that all prerequisites to the fixing of the lien and claim of personal liability evidenced by such certificate have been regularly done and performed, which recitals shall be prima facie evidence of the matters and facts so recited, and no further proof thereof shall be required; and the said certificate may have coupons attached thereto in evidence of each or any of the several installments thereof, or they may have coupons for each of the first four installments, leaving the main certificate to serve for the fifth installment.

And the said certificate shall further provide that the city of Canyon shall exercise all of its lawful powers when requested by the holder of said certificates to aid in the collection thereof; and said certificates may contain recitals substantially in accordance with the above or other additional recitals pertinent or appropriate thereto, and it shall not be necessary that the recitals be in the exact form set forth above, but the substance thereof shall suffice.

V. No mistake, error, invalidity or irregularity in the name of any property owner or the amount of any assessment or in any other matter or thing shall in nowise invalidate or impair any assessment levied hereby, or any certificate issued, and any such mistake, error, invalidity or irregularity in such assessment or in the certificate issued is evidence thereof may be corrected at any time by the city.

VI. Full power to make and levy re-assessments is in accordance with law, reserve and vested in said city.

VII. The fact that said work of improvement is being delayed pending the taking effect of this ordinance, and the fact that the condition of said portions of Evelyn street endangers life and property, constitute an emergency and an urgent public necessity requiring that the rules providing for ordinances to be read on several occasions or at several separate meetings be suspended, and such rules are hereby suspended, and this ordinance is passed as an emergency measure, and shall take effect and be in force from and after its passage.

PASSED and approved this 3rd, day of March, A. D. 1924.

Attest: (Seal)
PEARL JINKINS, City Secretary, Canyon, Texas.

C. N. HARRISON, Mayor,
City of Canyon, Texas.

CITATION BY PUBLICATION

THE STATE OF TEXAS,
To the Sheriff or any Constable of
Randall County—Greeting:

A. N. Henson, guardian of the Estate of Mary Frances Feldman and Maggie Henryette Feldman, having filed in our County Court his Final Account of the condition of the Estate of said Mary Frances Feldman and Maggie Henryette Feldman, numbered 65 on the Probate Docket of Randall County, together with an application to be discharged from said Guardianship. You are hereby commanded, that by publication of this Writ for twenty days prior to April Term of the County Court of Randall County, Texas, in a Newspaper printed in the County of Randall you give due notice to all persons interested in the Account for Final Settlement of said Estate, to appear and contest the same if they see proper so to do, on or before the April Term 1924, of said County Court, commencing and to be held at the Court House of said County, in the City of Canyon, Texas, on the first Monday in April, A. D. 1924, when said Account and Application will be acted upon by said court. Given under my hand and seal of said Court, at my office in the City of Canyon, this 27th day of February, A. D. 1924.

(Seal) ETHEL WOODS, Clerk
County Court, Randall County.
A true copy, I certify.
W. C. BLACK, Sheriff
Randall County.

NOTICE OF SHERIFF'S SALE OF REAL ESTATE

WHEREAS, by virtue of an alias execution issued out of the District Court of Potter County, Texas, on a judgment rendered in said Court on the 5th day of December, 1922, in favor of Toney Chisum, and against W. D. Word and C. T. Word, No. 3755 on the docket of said Court, I did on the 4th day of March, A. D. 1924, at five o'clock p. m., levy upon the following described tracts and parcels of land situated in the County of Randall, State of Texas, and belonging to the said C. T. Word, to-wit:

Survey Block	Certificate	Grantee	Acres
11	1	54 TT RR Co.	651.5
12	1	54 TT RR Co.	655.7

NEW BIBLE CLASS HAS GOOD BEGINNING

The Young Married Women's Bible Class of the Baptist Sunday School which held its first session last Sunday at the home of Mrs. G. R. Reid had a splendid beginning. This class is to be one of the great Bible classes of Canyon for the following reasons: A great membership to enlist. A great teacher. The will on the part of many to win. The class was started by those who feel the need of such a class and they refuse to be defeated. God is for them. A hearty welcome is extended to all young married women and young mothers who would set the right example before their children to join this class at once.

TEMPTATION OF JESUS LEGION HALL CLASS THEME

The Legion Hall Men's Bible Class will study "The Temptation of Jesus," Mt. 4:1-11, next Sunday. There is no incident in the life of our Lord more interesting than His temptation for 40 days by the Devil. None containing more helpful instruction in facing the practical everyday problems of life. The class extends a warm welcome to all business men, ex-service men and college men who are not in Sunday School to study this great passage next Sunday with them.

BAPTIST SERVICES

10 a. m. Sunday School, Jno S. Humphreys, Supt.
11 a. m. Sermon, "The Holy Spirit's Place in a Revival."
2 p. m. Sunbeam Band, Miss Lena Huber, leader.
6:30 p. m. B. Y. P. U.
7:30 Sermon, to be announced.
7:30 Wednesday evening, Prayer meeting.
The church which stands for the whole Bible for the whole world.
LYN CLAYBROOK, Pastor.

AT THE METHODIST CHURCH

Next Sunday is Second Quarterly Conference. Rev. G. S. Hardy, Presiding Elder, will be here and preach. We hope to have a full attendance.
M. M. BEAVERS, Pastor.

MCCARTY WILL GO TO GLOBE AS SPORTS EDITOR

John L. McCarty, Sophomore, sports editor of The Prairie, and formerly sports editor of the Amarillo Daily News, has accepted a position as sports editor of the Amarillo Globe. McCarty will assume the responsibilities of his new job on March 17, the close of this quarter of school.

A successor to McCarty on The Prairie has not yet been selected by the editor.

Three hundred acres in the Shasta National Forest of California, have been given to the Federal Government. The government plans to make the tract attractive to campers. Castle Lake, included in the gift, adds greatly to its recreational value.

Miss Anna W. Williams, whose profile adorned the Bland silver dollar coined forty-six years ago, has retired after forty years of service in the Philadelphia schools. Miss Williams has achieved a success in kindergarten work that was recognized beyond the city in which she taught.

A Detroit judge fined three young men \$5 and costs with an alternative of 10 days in the House of Correction for reading sub-titles aloud in a picture theatre.

A new tone-sensitive safe lock that opens only to a tuning fork tuned to the required pitch is on view in Birmingham, England, according to reports from that city.

Fifteen small words comprise more than twenty-five per cent of all the words in an average book or novel, according to Professor Carl C. Brigham, of the Psychology Department of Princeton University.

Water to the extent of 1,500,000,000 gallons, and worth about \$200,000 wholesale in New York City, was lost through the spillway of the Croton reservoir recently by an overflow.

Switzerland's new president, Dr. Ernest Chuard, has been a college professor, newspaper publisher, soldier and cabinet officer, of the Helvetic Confederation.

J. A. GUTHRIE

AN OUTSIDER'S ADVICE TO THE CHURCHES

By Dr. Frank Crane
A controversy has broken out in the three big churches: Presbyterian, Baptist and Episcopalian. It is between the Modernists and the Fundamentalists.

The Modernists have certain positive views upon the origin and authority of the great Founder of Christianity. And the Fundamentalists have views on the same subject quite as positive.

That is their point of difference, and about it the outsiders have, of course, nothing to say. This is a free country and every man has a right to his opinions.

But both the men who are earnest champions of Fundamentalism and their opponents have many more points upon which they agree than points upon which they differ.

Both parties are really trying to do good to their fellow men, they are earnestly combating evil and the conditions that produce evil. They are trying to make this world a more decent place to live in.

They are doing their best, according to their lights, to induce their fellowmen to adopt that high standard of living announced by their Master.

They are fighting on the side of the angels.

They are comrades in the war against sensualism, greed, hypocrisy, fraud and every other force that makes for human degeneration and perversion.

All that the outsider has to say is that as comrades they constitute the chief asset of our civilization.

And when they fall out and begin to call each other names the Philistines rejoice. And there is chortling among the scorners.

As we see it, both sides would do all in their power to extend the influence and teachings of that gentle yet majestic Personage whose story has transformed the world.

Why quarrel over His credentials or His authority so long as women still wash His feet with their tears and wipe them with the hairs of their head?

Why contend over His titles or origin while the wicked still sob out their confession at His knee?

Why waste one moment over the niceties of theology while the widow and orphan stand about the grave and find comfort in the repetition of His amazing words, "I am the resurrection and the Life?"

The great religious Teacher of the world is among us to-day; who cares what part of the woods He came from?

Are not, after all, both Fundamentalists and Modernists disputing over what neither of them know anything about; a strange Figure who is the Mystery of Time?

If an outsider may quote Scripture to the Pulpit, is He not, as the great Apostle called Him, "an High Priest forever, after the order of Melchisedek, who was without father, without mother, without descent, having neither beginning of days nor end of life?"

The best cane suitable for making saxophone reeds is grown near Mar-selles, France. The cane is bought by reed instrument makers and maturated by them for about two years before using.

Candidate Column

The News is authorized to announce the candidacy of the following candidates in the Democratic Primary in July, 1924:

RECTOR L. LESTER.

For Sheriff and Tax Collector:
JNO FRY.
JOHN A. WILSON

For County Treasurer:
G. R. (BOB) REID.

For County and District Clerk:
MRS. ETHEL WOODS.

For County Assessor:
TOM REDDELL.

For Commissioner, Precinct No. 2:
A. P. THORNTON.
PARKER D. HANNA.

For Commissioner, Precinct No. 1:
J. C. PIPKIN.

Bernard M. Baruch, who says he was "the greatest man in the war," delivered what is described as "his annual lecture" at the United States War College, Washington, in which he described his system for conscripting men, money and industry in the next war. Barney Baruch is the Jewish speculator from Wall Street whom Woodrow Wilson set over the War Industries Board.

Buy, Build, and Live in Canyon.

NOTICE OF ELECTION.

an election is M-T. ETAOINSHRDLUU Notice is hereby given to the voters of the city of Canyon City, Texas, that an election will be held in this city on the first Tuesday of April, 1924, the same being the first day of said month, at which time a Mayor and Two Commissioners shall be elected for the coming two years.
HARVEY CASH, City Clerk.

TWICE TOLD TESTIMONY

Canyon People Are Doing All They Can For Fellow Sufferers.

Canyon testimony has been published to prove the merit of Doan's Pills to others in Canyon who suffer from bad backs and kidney ills. Lest any sufferer doubt this evidence of merit, we produce confirmed proof—statements from Canyon people who again endorse Doan's Pills—confirm their former testimony. Here's a Canyon case: T. A. Ridgway, farmer, says: "I suffered from a weak bladder, causing too frequent and profuse passage of the kidney secretions. I have noticed since using Doan's Pills that I have much better control over my kidneys. I recommend Doan's Pills to relieve weak kidneys."

OVER SEVEN YEARS LATER, Mr. Ridgway said: "I haven't had occasion to use Doan's Pills since I recommended them. I think the cure they gave me has lasted."

Price 60c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mr. Ridgway had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Welcoming New Neighbors

It is the pleasure and duty of every Canyon citizen to cordially welcome the new families who are coming among us to make their home. Let us make it more a pleasure than a duty since we progress as we grow.

This bank extends to new residents the advantages of its friendly, helpful service. Whether or not an account is opened, we gladly extend the use of our banking facilities.

Let's make Sunday a record breaker in Church attendance.
