

## COLLEGE DEBATES WILL BE HELD ON MONDAY NIGHT

### ONE TEAM DEBATES SATURDAY AT SAN MARCOS

#### Jones and Ashworth Will Meet Denton Here Monday Night—Banquet for All of the Debaters.

The debaters for the College will be in the annual intercollegiate debates on Saturday and Monday nights. One team will go to San Marcos for the debate on Saturday night, while the Denton Teachers College will be here Monday night to meet another team from the College.

Lee Gibbs and Jack Bailey left today for San Marcos, accompanied by Prof. T. B. McCarter, and will meet the team at San Marcos Saturday night. The team have the negative of the question for debate.

Owing to the interscholastic meet to be held here Friday and Saturday, the debate with the Denton College was postponed until Monday night. Mitchell Jones and Delmer Ashworth will represent the College. This team has the affirmative of the question.

The question being debated by all of the Teachers Colleges this year is: Resolved, That the production of coal and oil in the United States should be regulated and controlled by the federal government.

A banquet will be given Monday for all of the College debaters. The Denton team will be guests for the occasion. The faculty committee will also attend this banquet.

## Canyon Schools Enter Many Events of District Meet This Week

Canyon public schools will have representatives in practically every event in the district interscholastic league meet Friday and Saturday, excepting the debates.

Dalma Fry won the elimination contest for the senior girls; J. D. Gamble for the senior boys; Dannie Mac Stewart for the junior girls; W. L. Wilson for the junior boys.

The school will have representatives in the literary events, in the tennis contest and in all track and field events.

The school will close at noon Friday in order that the pupils may attend the meet which begins in the afternoon. The contestants will go to the College building to register Friday morning.

### TO REBUILD BUFFALO.

Tom Knight and Ray Campbell started work yesterday clearing away the wreck of the Buffalo Grocery and Confectionery which was destroyed by fire last Wednesday morning. The insurance was adjusted Tuesday.

The new building will be 30x60 feet, and will be as nearly fire proof as possible. It will be constructed of brick, tile or stucco. It is planned to have the new building completed by the time the summer quarter of the College opens.

### HINKLE TO DALLAS MEETING.

Olin Hinkle left Monday for Dallas to represent The Prairie at the meeting of the Texas Interscholastic Press Association meeting.

Mr. Hinkle is managing editor of the Prairie.

The students of the College have entered several contests to be conducted during the meeting of the Press Association.

## School Must Have Increased Taxes to Get State Aid During '25

According to information given Judge R. L. Lester, common school districts which expect to receive state aid during the coming year must perform definite duties by the first of August.

The tax rate of 75 cents on the \$100 valuation must be voted, and provision made for an eight months school term next year.

The state assumes the attitude that it will not help except in those cases where the local districts are doing all in their power to meet the expenses of the school. Some districts have assumed the attitude of refusing to levy local taxes but demand big state aid.

The tax rate of 75 cents must be voted before August first.

## Boy Scout Fund of \$600 Sought by Committee Recently Appointed

The Boy Scout Committee composed of D. A. Shirley, W. J. Fleisher, W. J. Wooten, J. W. Reid and Irby Carruth will soon start to raise a budget of \$600 in accordance with a plan of ten Panhandle towns which seek to employ a general executive to look after the Scout work in these towns. Amarillo is paying \$600 to this fund, although that city two paid Scoutmasters who devote all their time to this work.

The committee is asking fifty men and women to give \$10 each to the Scout fund for the coming year, and the remaining hundred dollars will be raised in small amounts.

The Scout work was recently explained at a luncheon of the Chamber of Commerce, and at another meeting, the Scouts from Canyon put on some of their drills and work under the direction of Scoutmaster Irby Carruth. By a vote of the luncheon members, the Chamber of Commerce unanimously endorsed the work of the Scouts and approved the \$600 fund to be raised.

The above committee will make a canvass of the town soon.

## College Will be Visited Soon by Three Boards Investigate Condition

President J. A. Hill returned Monday from Austin, and states that the College will be inspected during the coming three week by three different committees.

The Survey Committee is expected to arrive here during next week, probably the latter part of the week.

Before the first of May the budget committee of the Board of Control is to inspect the College plant and go over the budget which President Hill is preparing. The Board of Control will recommend a budget to the legislature when it convenes in Austin in January.

The Board of Regents will make its annual visit to the College during the first week of May.

President Hill states that several problems of the Teachers Colleges were discussed at the meeting of the presidents in Austin. One item of general interest to all students was the book fee. It was agreed that beginning with the summer quarter, that books would either be sold to the students at list price, or would be rented to the students at \$1.50 per quarter.

### EDITH RAYZOR MARRIED.

Miss Edith Rayzor was married last Friday afternoon in Galveston to Lucian Canant of Texas City. Miss Rayzor has been teaching in Texas City for the past year. She graduated from the College last year, and has many friends in the College and the city.

## Texas Centennial Representative to be Named on Saturday

A county convention for the election of a delegate to the Texas Centennial Congress district convention at Amarillo on April 19 will be held at the court house at 2 p. m. Saturday, it was announced today by Louis F. Hart, manager of the Chamber of Commerce.

Representatives of all business, civic, labor, farmer and municipal organizations in Randall County have been requested to attend, it is announced. Centennial directors will be elected at the district conventions.

### MANY FARMERS SEE FORDSON.

The Fordson demonstration advertised for Monday of this week, was set ahead until Saturday afternoon after the advertising matter had been sent out. The factory men were present and a large crowd was present at the College grounds for the demonstration.

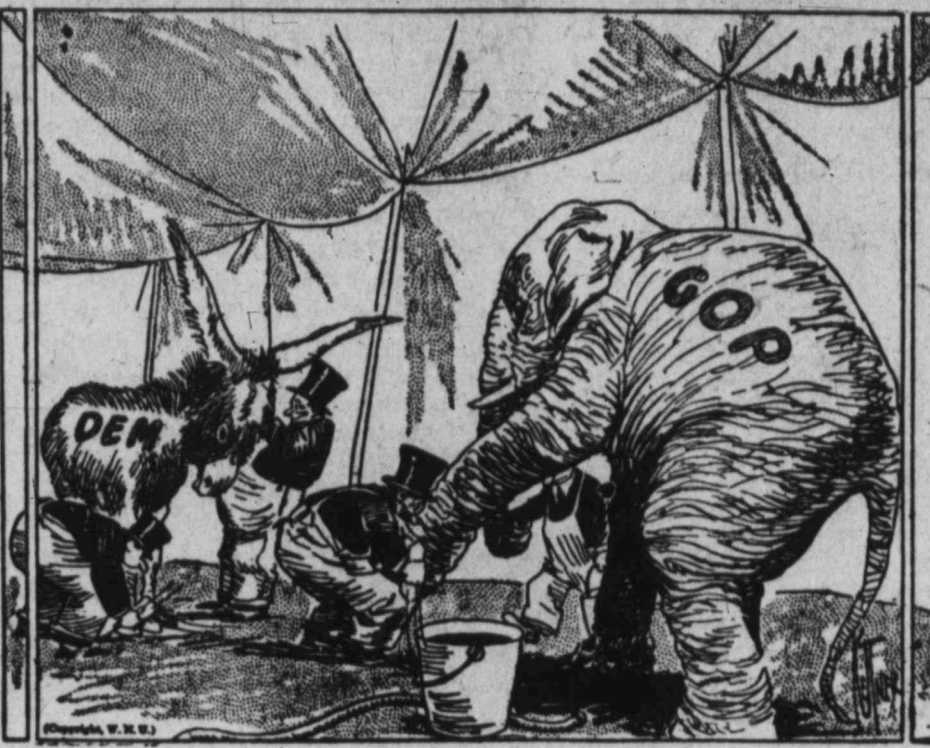

Owing to the fact that many farmers did not know of the change in time, and came Monday, the demonstration was repeated Monday afternoon by Kuehn & Farlow.

### KERR SELLS DIMMITT STORE.

Judge C. F. Kerr has sold his hardware store at Dimmitt. He retains the implement business and will open a real estate office in Dimmitt.

The Kerr family moved to Canyon in 1920 on account of the College, but Mr. Kerr continued to run his business in Dimmitt.

### Getting Ready for the Big Show

## TARGET RANGE FOR GUARD COMPANY AND CIVILIAN CLUB AUTHORIZED BY NEW GOVERNMENT APPROPRIATION

A target range for Company F and a newly organized rifle club was provided yesterday by Mayor Claude A. Adams, range inspector, and president of the Texas Unit National Rifle Association.

Major Adams states that the federal government has made an appropriation of \$800 for each range that may be established in the state, and urges that each Guard Company take steps to provide this range. A range of at least 600 yards is desired. Leases on the land will be taken for one year at a time. There is a yearly allowance of \$200 for upkeep purposes.

Civilian rifle clubs are being formed in each town where there is a guard company, and dues of \$15 per year is charged each club, or a minimum of \$100 per person. For civilians, the dues allow each one free ammunition to the amount of 120 round for the outdoor range and 250 for indoor range. All ammunition necessary is furnished to guard members and issued upon order of the guard captain.

Captain H. C. Gamble circulated an enrollment petition yesterday for civilian club members and soon procured a large list. Those interested in target shooting are very enthusiastic over the opportunity of getting a government range near the city.

A five-year lease was closed yesterday afternoon with Jim Foster, and the range will be located on his land in the canyon two and one-half miles northeast of the city.

## Nigger Minstrel by the American Legion and Auxiliary on May 3rd

A big nigger minstrel will be staged by the American Legion Post and the Woman's Auxiliary at the high school auditorium on May 3rd.

George Grimm is director of the minstrel and has issued an invitation to all who will take part in the show to come to the Legion Hall next Monday night for the first meeting. He wants a large cast of characters for the show.

A ticket selling campaign will be put on under the direction of Geo. A. Farlow, and a prize of \$25.00 will be given to the person selling the largest number of tickets.

The minstrel is put on for the benefit of the Memorial Fund, which is being raised by the Woman's Auxiliary.

### STARTS TENTH HOUSE.

J. T. Burnett has started to build his tenth house in the city on lots three blocks south of the square.

Mr. Burnett has the lead on house building in the city, but has in P. V. Winstead a close second, who has just completed his eighth house.

## Glover Had New Ford Stolen, but Recovered Near Plainview

A new Ford touring car was stolen of J. P. Glover near Happy Thursday night. Sheriff W. C. Black notified all of the peace-officers in the Panhandle by phone before noon Friday, and the car was located two miles north of Plainview at 4:00 o'clock Friday afternoon. It had been abandoned by the thief, and was not damaged. Mr. Glover had driven the car only a week.

## SITE BOUGHT MONDAY FOR COTTON GIN, AND HOGAN WILL COME SATURDAY TO START CONSTRUCTION WORK

### Paving Work on Fifth Avenue Was Started on Friday Morning

Harry Matthews arrived in the city Thursday afternoon and started work on the paving on Fifth Avenue Friday morning. The forms were ready for the concrete Monday and the first of the curb and gutter was run Tuesday morning.

There will be no curb on the first block of the paving from the square east, but the gutter will be double in width. The business firms in this block will fill in back of the gutter with gravel.

The excavation has been completed on the city water reservoir, and the concrete work will be started by C. Shuman who have the construction contract.

### New City Commission Starts Work in Meeting Held on Monday

The city commission met Monday night and canvassed the returns of the city election held on April 1st. The only change in the administration for the coming year will be C. H. Jarrett as commissioner, instead of C. R. Burrow, who refused to accept a place on the commission for the coming term.

C. N. Harrison was sworn in as mayor, and T. C. Thompson and C. H. Jarrett, commissioners.

T. C. Thompson expressed for the city commission the appreciation of the work done during the past term by Mr. Burrow.

### Registration of Cars in County to Surpass the Number of Past Year

Tax Collector W. C. Black states that from all indications the number of cars registered in Randall county this year will far surpass those registered last year.

Last year there was a total of 731 registered in the county. So far there has been 644 registered, and a large number of new cars are being registered each week.

The cars registered so far are: Automobiles, 604; trucks, 32; motorcycles, 1; dealer's license, 1; free cars, 4; school buses, 2.

### Several Cases Will be Tried Next Week in the County Court

County court opened Monday, but all business was postponed until next week. Judge R. L. Lester states that the criminal docket was set for next Monday, and that several cases are to come up at that time. A jury commission drew a list of petit jurors for next week and the third week of court.

### WILL TAKE YEAR'S LEAVE.

Miss Mary L. Clark, violin instructor in the College, has been granted a year's leave of absence to study in Chicago University, and will leave at the end of this quarter.

Miss Corrine Hamill will take the violin work in the College during Miss Clark's absence. Miss Hamill is the daughter of Mr. and Mrs. A. W. Hamill of this city. She substituted for Miss Clark two years ago. She is a graduate of the University of Iowa.

### BAND AT HIGH SCHOOL.

The College band with other assistants will give a big program including a band concert at the High School Auditorium, Saturday, April 26 at 8:00 o'clock. This will be one of the best programs of the season, and every one is urged to come. Admission will be twenty-five cents. The proceeds will go to help pay for the stage equipment and scenery which has been purchased by the Seniors.

### STORE SPECIALS.

A son was born to Mr. and Mrs. J. W. Ricks April 1st.  
A son was born to Mr. and Mrs. W. A. Morris, April 2.  
A son was born to Mr. and Mrs. Edward L. Pickney, April 5.

### T. R. HOGAN WILL ERECT MODERN GIN IN CANYON

#### SITE AT SEVENTEENTH STREET ON RAILROAD BOUGHT.

#### Mr. Hogan Will Arrive This Week to Start Work on Building—Machinery is Bought.

Canyon's efforts to obtain a modern gin bore fruit Monday with the purchase by T. R. Hogan of McAlester, Okla., the south half of block three along the Santa Fe railroad at 17th Street.

Mr. Hogan came to Canyon early in January to seek a location for a gin. He went into the cotton raising possibilities very carefully with T. C. Thompson, president of the Chamber of Commerce, and was convinced that this was a cotton raising section. He sought a location along the railroad, and since January has made three trips to the city, and sent many telegrams regarding a suitable location.

In working to secure a gin Mr. Thompson, Mayor C. N. Harrison and other loyal citizens gave freely of their time until success crowned their efforts in the purchase made Monday. During the period of uncertainty these men were disappointed often in their efforts to obtain the co-operation of property owners, and were seriously hampered by the contentions of rival gin machinery companies, but their faith in Mr. Hogan has now been backed up by his investment in a site.

Shortly after he first became interested in Canyon as a location, Mr. Hogan announced that he had purchased of the Murray Gin Company a modern four-stand, 80-saw outfit, complete with latest improved cleaning machinery for handling snap cotton and bollies. The acquisition of this plant will mean a substantial increase in the amount invested in industrial property here.

Mr. Hogan has already announced his intention, also, of removing to Canyon for the purpose of sending his children to school here and taking advantage of the facilities of the College for higher education. He is expected to arrive here Saturday or Sunday to make plans for immediate construction of his plant. On his last trip to Canyon, he stated that there was no particular hurry to start the erection of the gin, excepting that he wanted the farmers to feel absolutely assured that there would be a gin in Canyon this year before they started to plant their cotton crop.

### TO SPEAK ON SCHOOL SURVEY.

The Texas State Teachers Association has appointed chairmen for each of the congressional districts of the state, who will have charge of the work of presenting to the people of the state facts regarding the School Survey now being made in the state.

President J. A. Hill is chairman of the 18th congressional district.

Prof. H. W. Stillwell of Texarkana, formerly a member of the College faculty, is chairman of the first district and H. A. Glass of Wichita Falls, a graduate of the College, is chairman of the 13th district.

## Warning Issued That Vehicles Not Drive Over the Fire Hose

- Don't drive over a fire hose
- If you do not expect to pay a big fine under the criminal statute of the state.
- A fire hose has right of way at any and all times, and this right of way must be respected.
- During the fire of the Buffalo Grocery last Wednesday morning a new section of hose broke right at the fire hydrant, and the fire boys were forced to leave the fire and come back four blocks to put in a new section. It is supposed that the hose was burst by an auto passing over it. Fire hose is very costly to the city, and breaking of a section during a bad fire might result in the loss of thousand of dollars worth of property that might otherwise be saved.

Claude News: Not long since The Claude News editor was talking with a prominent resident of Canyon and the Canyon man boasted of having three and one-half miles of paved street, city waterworks, city hall built of brick, two fire trucks, grader, salaried secretary for chamber of commerce, and MONEY IN THE TREASURY. Nothing strange about that, but when he told us that "our city tax rate is 65 cents," that is where he had something to boast of. When a city the size of Canyon can boast of a tax rate for the town of only 65 cents and at the same time have all the improvements that Canyon is carrying on, has something to brag about? Can you beat it?

Canyon appreciates the kind words of the Claude editor, and he states the truth about conditions in Canyon. We will challenge any town in Texas or any other state in the union to show the improvements that the city enjoys and at the same time the low tax rate, with low valuations on the taxable values. The conditions in Canyon is an example of efficient management of our public affairs. The city has been fortunate in the choice of public officials, getting men to serve who gave their best to the city, without hope of personal gain or profit. It takes a lot of nerve to serve as a public official in a small town. The officials are the targets of all kinds of mean insinuation, and the harder the official tries to please, the more severe sometimes become the critics. The people of Canyon may thank our public officials for the improvements which we have today, and the low taxes which we enjoy. The fame of Canyon for low taxes and great public improvements have reached all over the state and is centering the attention of hundreds upon our city.

A worthless dog can do a lot of damage in one night. There are a lot of dogs in Canyon costing their owners a lot of money, one or more of them caused damages amounting to about \$1500 last Wednesday night. Eighty sheep were killed by dogs in the stock pen. The railroad officials state the flock was the finest they have seen this year. Eighty lay dead in the stock pens Thursday morning and that many more bruised and bleeding and unfit to be shipped as a result of the attack of dogs. It would be nothing more than right that the owner or owners of the dogs pay Mr. Hazlewood the damages, if the dogs could be located, and under the law the owners could be forced to pay the damages. We have never been convinced that many people needed dogs in town. They usually become a nuisance. In this case they wiped out the earnings of several months hard labor.

The candidacy of Lynch Davidson for governor of Texas is meeting with the approval of those who have long waited and demanded a business man to become governor of Texas. More than fifty of the leading newspapers in the state have announced in favor of Lynch Davidson. Prominent business men in all lines see in Mr. Davidson the possibility of a real business man to head the biggest business institution in the Southwest. Lynch Davidson has made a great success of his own business. He made business success of the state's railroad, which was little more than a junk pile when he took hold of it. He can apply good business principles to the business of the state of Texas.

There will be no third party this year to throw the balance of power to the democratic party. Senator La Follette was scheduled to lead in the revolt against the republican party and start a new party. La Follette is a sick man. He could not make a strenuous campaign. The third party movement is doomed as far as La Follette is concerned.

The political view is that there is no sense in being sensible if the other party will get part of the credit.—Wooster (Ohio) Record.

From present indications the democratic party is going to swallow McAdoo, oil and all, and will make him the nominee of the party for the presidency. McAdoo is one of the weakest candidates that the party could nominate when it come to appealing to republican voters in the doubtful states. To be sure he is strong with the railroad men, but the railroad men count for little in the agricultural states which must swing to the democratic column if the democratic party is to win in November. The President will be the republican nominee, and unless there is a great upheaval at Washington will win over McAdoo in the November election.

Union labor, the Ku Klux and the friends of Woodrow Wilson are behind the candidacy of McAdoo. A queer combination, indeed, but if the combination holds together, it can nominate the man.

**ATHLETIC EQUIPMENT IS CONSTRUCTED BY STUDENTS**

Students of the Manual Training Department of the Teachers College have been kept busy during the past few weeks making apparatus to be used during the Interscholastic Meet, which takes place here April 11 and 12. The hurdles which will be used have been constructed by the students in the department, and much other work has been done in order to keep the expenses of the meet down to a minimum.

The fence around the athletic field has been repaired, but the grandstand has not been reconstructed, as the state does not have sufficient funds on hand to do this. Professor Robert Donald has had charge of the work done in the Manual Training Department, and the Buffalo Park athletic fence has been repaired under the direction of W. E. Lockhart, District Director of the Interscholastic League.

**Agrarian Club Will Send Team to College Station**

Much enthusiasm was shown when the Vocational Agrarian Club met in a business session Wednesday evening, March 26, at 7:30.

Ways of disposing of the pigs being used in the feeding experiment were discussed, and it was decided to wait until after the Stock Judging Contest to dispose of them. A stunt program, to be given April 9 by the losing team in the recent membership contest, was outlined.

Several committees were named at the meeting to devise schemes for raising money to finance the trip to the local stock judging team to College Station the latter part of April.

**Season Tickets for Musical Festival Placed on Sale at the Drug Stores**

Tickets for the Spring Music Festival at the College have been placed on sale at all of the drug stores. The price is only \$2.50 for four programs. The first program is one week from tonight, being given by Dean and Mrs. Harold L. Butler of Syracuse University, New York. Dean Butler is a baritone singer and Mrs. Butler is a reader. Dean Butler was here in a recital last year and highly pleased a large audience.

On Friday night, April 18, at 8:15 o'clock, "The Elijah" by Mendelssohn will be presented by the College Chorus and Orchestra under the direction of Wallace R. Clark. The solo parts will be taken by Dean Butler, bass, J. J. Powell, tenor, Miss Ada Clark, soprano, Mrs. C. A. Pierle, alto.

Saturday afternoon, April 19, at 3:00 o'clock, and Saturday night at 8:15 o'clock will be two programs by The Chicago Symphony Orchestra, Ramon Girvin, conductor. This is one of the best symphony orchestras in the country, and the people of Canyon should greatly appreciate their coming here for these two programs. This organization will open the music festival in Amarillo the week following the program here.

**A THOUGHT FOR THE WEEK**

The natural thing to do is to work—to recognize that prosperity and happiness can be obtained only through honest effort. Human ills flow largely from attempting to escape from this natural course. I have no suggestion which goes beyond accepting in its fullest this principle of nature. I take it for granted that we must work. All that I have done comes as the result of a certain insistence that since we must work, it is better to work intelligently and forehandedly; that the better we do our work the better off we shall be. All of which I conceive to be merely elemental common sense.—Henry Ford, in McClure's Magazine.

**Child-birth**

HOW thousands of women, by the simple method of an eminent physician, have avoided unnecessary miseries through many months and up to the moment Baby has arrived, is fully explained in the remarkable book, "Motherhood and the Baby." ## ENDEAVOR CONVENTION BRINGS BIG ATTENDANCE

VOTE TO GO TO TULIA FOR 1925 CONVENTION.

Attendance Contest Won by Plainview—Frona Won Registration Pennant—Meeting Successful.

The Christian Endeavor Convention for Panhandle District began with a four-course banquet, served by the Home Economics girls in the College Dining room, at 5:30 Friday. Thirty Endeavorers, members of the District Council and the Convention Committee, and several convention speakers, were present. Irby Carruth, president of the local society of the First Christian Church, acted as toastmaster. Miss Mattie Swayne, convention chairman and president of the local union, welcomed the visitors. Rev. Gordon Lang, one of the convention speakers, told something of his experience with Christian Endeavor and laid claim to being the oldest Christian Endeavorer present. Miss Mary Adaline Lamb challenged his statement, but conceded when Rev. Lang limited his boast to the plains. Austin D. Bryan, Field Secretary, made one of his humorous and peppy speeches predicting the success of the convention. The good fellowship which is usually manifested at all Christian Endeavor meetings was not lacking on this occasion, and each Endeavorer present proved that he had the true Christian Endeavor spirit.

The Christian Endeavor colors, red and white, were carried out in the banquet. The following guests were served:

Irby Carruth, Austin D. Bryan, Miss Mary Adaline Lamb, Adrian Merrill, Mr. and Mrs. E. K. Hulsey, Miss Hally Hutchinson, Tip Bradford, Dorothy Burrow, Mrs. Delaney, Bettie Rose Kerr, Frankie Kerr, Melvin Walker, Louise Walker, Eva Robertson, Evetta Haley, Miss Mattie Swayne, Miss Berta May Looney, Miss Mattie Lee Boyd, Rev. and Mrs. J. M. Peyton, Rev. Solon Johnson, Rev. Gordon Lang, Rev. Poston.

The Convention was not lacking in social features by any means. The fun started with a "Get Acquainted Meeting" Friday night and the differ-

interesting and amusing "stunts." Saturday noon fun and fellowship were mixed in the fellowship luncheon with Austin D. Bryan as toastmaster. A lark of a trip to the "Pleasure Park" with a camp fire weenie roast took place Saturday afternoon.

**Officers Elected**  
Saturday evening the following officers were elected for the next year:  
President—Hally Hutchinson, Tulia.  
First Vice President—Winnie Mae Word, Amarillo.

Second Vice President—Mrs. E. K. Hulsey, Tulia.  
Treasurer—Adrian Merrill, Lubbock.  
Intermediate—Ruth Bullock, Plainview.

Life Work Recruit—Mrs. J. J. Peyton, Frona.

Truth Legion—Esther Fogarty, Canyon.

Leadership Training—Mrs. Josephine Ballinger, Lubbock.

Service—Margaret Reeves, Frona.

Missionary—Frances Nesbitt, Plainview.

Quiet Hour—Louise Walker.

Press—Ruth Blackburn.

Social Superintendent—Edith Burman, Post.

Alumni—Mrs. C. E. Strain, Canyon.

Pastor Counsellor—Rev. John M. Peyton, Frona.

Evangelistic Committee—Otto Olson, Hereford.

Junior Supt.—Mrs. A. A. Holland.

The attendance pennant was awarded to Plainview, and the registration pennant to Frona. Tulia won over Amarillo for the next convention.

When the Convention of Christian Endeavor closed Sunday night, with the Mizpah circle, and all joined in the singing "Blest Be the Tie That Binds" and "God Be With You Till We Meet Again," everyone present felt the joy of Christian fellowship and the thrill of being linked together in a common tie. The Convention is said to have been the greatest of its kind ever held in the Panhandle district. More than two hundred and fifty were registered and many more came which there was no way of counting.

The addresses throughout the convention were wonderfully inspiring. Mrs. Tom C. Delaney, student secretary of the West Texas State Teachers College gave an address Friday night on "Whatsoever for Others" which was one of the most effective given during the convention. Saturday evening Austin D. Bryan, field secretary, spoke on "The Big Business of Christian Endeavor—The Youth." Mr. Bryan emphasized the fact that training the Youth's aim in Christian Endeavor and stated the real test of any generation is in the lives of the next.

Rev. Gordon Lang of the West Texas State Teachers College preached Sunday morning on "I have Commanded You—The Teachings of Jesus," and showed powerfully the intention of Jesus that his teachings should apply to our lives in making the world greater and better. Sunday afternoon Rev. Milo Atkinson spoke on "Whatsoever with My Life." His thoughts as given in this talk are forceful and make a vivid and striking appeal to Endeavorers to make their lives serviceable to the Master. Rev. Paul J. Merrill made the final address Sunday night on "Ye are my Friends." Reverend Merrill stressed the sacredness of the word friend and appealed for a closer friendship with man's best friend, Jesus Christ.

## THE PASSING DAY

By Will H. Mayes, Department of Journalism, University of Texas.

By a vote of more than two to one, Walker County, of which Huntsville is the county seat, has voted a bond issue of \$1,500,000 for the building of good roads. This indicates the extent to which Texas is awakening in the matter of road building. Ten years ago such a thing would have been thought impossible and if any one had proposed such a thing to the conservative citizenship of that county he might have been in danger of having his sanity made subject of inquiry.

Newspaper headlines tell us that "Congress Expects to Finish by June First." Finish what? Doubtless the papers mean to say that Congress expects to adjourn by that date. There may be other matters before that body, but at this distance it looks like that, aside from the tax reduction bill and the soldier bonus bill, Congress has resolved itself into a great committee of general investigation, and that, as usual in such matters, the investigations will result in little else than increased expense for the taxpayers.

Stephenville is doing a sensible thing in erecting a modest but practical library building. It will cost, it is said, only \$9,000. The main floor will be used for library purposes and the light basement will contain an assembly room for club meetings, a kitchenette, and other conveniences of a community center. Every town needs a public library, and the best way to popularize the small town library is to make it the center of all club and literary activities of the place. A huge library building, empty most of the time, and with capacious book shelves containing few books, is about as attractive as a mausoleum.

Fort Worth is about to exclude horses from certain downtown streets. Perhaps the almost universal use of automobiles may make this action expedient, but Fort Worth should be the last city in Texas to ban its faithful ally. Fort Worth has been built up around its livestock interests. It has been the great horse, mule and cattle market of the Southwest, and even yet its stock shows are the greatest in all the country. To banish the horse from Fort Worth—the new Fort Worth—may be compared to youth refusing to associate with the parent that has nurtured and trained it. But for the horse and the cow Fort Worth would still be a village, but it now proposes to tell the horse that it must not be seen in company with Fort Worth's adopted child, the automobile. In resentment the horse and cow may abandon the city of their first love to its fate and move out to some growing young place of West Texas, where they will be assured a true Western welcome on the streets or wherever else they wish to disport themselves.

The Houston Post has discontinued its afternoon edition with the statement that three afternoon papers are too many for Houston. There is a general tendency to cut down the number of newspapers published, the number in New York now being less than half that of former years. Newspapers have to be better now than they were in pre-war days and it costs more to publish them. One good or fairly good newspaper in a city or town represents the place better than a half dozen poorly supported.

The town that is not engaged in a

spring house-cleaning just now or that is not planning one for the near future needs a new housekeeper. Of course towns, like homes, should be kept clean all the time, but, also like homes, there are no such towns. An occasional thorough cleaning is needed to keep a place presentable, as every housewife knows. A town should be just as ashamed to have its back streets be seen dirty as a good housekeeper is to have visitors catch a sight of a filthy back hall. The impressions upon visitors are just the same. Clean up, and make a thorough job of it.

Women are rapidly taking up work that a few years ago was regarded as belonging exclusively to men. A Texas woman has been appointed sheriff of Brazos county to succeed her husband, who was recently killed by a crazed ex-service man. In at least one Texas county there is a woman candidate for sheriff, and many places have women deputy sheriffs. Not only do women fill or seek nearly every kind of office, but more and more they are getting into the professions and into business. It is no longer regarded as necessary for a woman to be idle or to lead the clinging-vine life to maintain her position as a refined lady. Soon the female loafer will come to be regarded as about as contemptible a character as the man who tries to live without working.

### Buffaloes Win Game at Tulia Yesterday From Independent Players

The Buffalo baseball crew defeated the Tulia Independents yesterday in the first practice game of the season, the score being 6 to 3.

Coach Burton's men performed well for the first game of the season and show the possibilities of an excellent club this spring in spite of the bad weather which has practically prohibited any intensive practice.

The coach sent to the mound three men during the game, Vaughn, Burson and Albert Sone. All three men showed good stuff. Members of the Buffalo team came home very enthusiastic over the showing of the first try out.

Barto Johnson and Chink Tucker were members of the Tulia team.

### Man Jailed of Theft of Overcoat Belonging to Robert Stratton

Robt. Stratton had his overcoat stolen week ago Tuesday from his car at the Baptist church. He saw a man going down the road Friday with his coat and called Sheriff Black. The man was kept in jail until Monday. He had been freed in Amarillo the week previous on a charge of theft. He gave his name as Tom Finch and said that he lived near Hereford.

### College Band Played in Amarillo at McAdoo Meeting Yesterday

The College Band played yesterday afternoon at Amarillo at the McAdoo speaking, which was held at the municipal auditorium. A concert was given on the streets before the time of the speaking.

A large number of Canyon people attended the McAdoo meeting.

### "WHAT A PRESIDENT YOU HAVE"

"What a President you have," remarked a visitor to the college the other day, after Mr. Hill had given a kindly warning against student misconduct. "If you young fellows just take him for your example in life you needn't worry about Character, or Reputation or anything else that bothers the weak and the uneducated. The power of his language and the truth of his advice is certainly worth listening to."

We think the visitor was right. President Hill's influence over the student body is remarkable for its fairness and goodness. We are indeed fortunate to have such a man at the head of our school.

### State Completes Payment of Apportionment on April Fourth

The State Education Department is mailing vouchers this week to the schools for a \$3.00 per capita apportionment, this completing the \$12 apportionment made for the year. The payment this year of the apportionment is the early made during the past ten years, the final amount being set aside on April 4th.

Early payment is due to the fact that practically no textbooks were bought this year, thus saving the state a vast amount of money.

### Pioneer Preacher Dies Unexpectedly at Lubbock Monday Morn

Rev. C. N. N. Ferguson died suddenly Monday morning at his home in Lubbock, where he was pastor of the Methodist church. His son, Howard Ferguson, lives in Randall county, just this side of Amarillo.

Rev. Ferguson is a pioneer preacher in West Texas, and has visited in this city very often.

### HILDAR BIGGERS GIVES PLEASING PIANO RECITAL

A very pleasing piano recital was given by the Department of Music, under the direction of Miss Hazel Allen, last Thursday afternoon. Miss Hildar Biggers appeared in a varied program of piano compositions. Miss Biggers is a graduate of Canyon High School, class of '23, and shows much promise in the field of music. Her fellow freshmen wish her luck.

The three-mile limit is generally but not universally accepted among the various nations of the earth. Spain claims six miles, Norway four, Sweden four. ### EPWORTH LEAGUE HAS COUNCIL MEETING

The members of the Epworth League Council met last Monday night at the home of Mrs. T. C. Delaney for their monthly conference. The meeting was a lively one and all important business of the League was discussed and plans made for work in the future. The members of this council are planning to build up a great League that will be a credit to the new church, but without earnest co-operation the efforts can not be a success. So, all Methodists are cordially invited to attend and visitors are especially invited. Lets continue to improve the League and we can do it if we have the help of every person. —Reporter.

**Sophomores of College Win Tennis Tournament—Juniors Second**

Merle Jenkins, representing the Sophomore Class, is hailed as the champion tennis singles player of the institution. Those making the semi-finals of the interclass matches were: Herschel Jennings, Freshman; Meryle Jenkins, Sophomore; Otello Herm, Junior, and Joe Lancaster, Senior.

The semi-finals elimination match left Jenkins and Herm to play off the finals for championship honors. Jenkins won, giving the Sophomores the honor. Much of the match was played in bad weather and both men were hindered considerably by the high wind. Little tennis playing of the stellar type was seen on the courts but the playing is remarkably good considering the very short time the men have had for work outs.

The doubles match has not been played due to the bad weather. The preliminaries left the Juniors and Sophomores to fight out the issue in the finals.

Six courts have been worked over and more work is under way, thus providing what the tennis sharks have long prayed for. Ample room will be available for all aspirants to tennis honors or to exercise. This improvement is one that has been neglected for several months but the work being done now assures first class courts in a few days.

**Intercollegiate Try-Outs to be Held**

The try-outs for the Intercollegiate tennis team has been announced by Coach O. R. Willett, and will be played off the first of this week if weather conditions permit. Those who have drawn for places so far are: Herm and Jenkins, McCarty and McCarty, McClure and Younger. There will be others who will draw soon.

The first intercollegiate tennis meet will be with Roswell Military Institute. The match will take place the 18 of April, at Roswell. This will be a good bit of experience for the harder and more important games down state.

**DR. SHEARER TO GIVE SERMON MOTHER'S DAY**

Dr. George W. Shearer, presiding elder of the Amarillo conference of the Methodist church, has accepted the invitation of the administrative authorities of the College to deliver the sermon at Mothers' day services, May 11. All the churches of Canyon will join in the union services on this day as guests of the College.

Parents of all students in the school will receive special invitations to be present on this day and will be honored guests. The music department is preparing special music for the occasion.

**Lubbock Team Carries Off Honors in Annual Stock Judging Contest**

Farwell carried off honors in the grain judging and Lubbock won in the poultry judging contests which were held at the West Texas State Teachers College here Friday and Saturday.

The main stock judging contest which included the judging of beef cattle was won by Lubbock and they have the right of permanent ownership of the coveted Keiser cup. Farwell won the grain judging contests the first day and Lubbock the poultry judging contest.

The result by towns in the grain judging contest were: Farwell, first, 1162 points; Farwell circuit school district 10, second, 1085 points; Olton, third, 981 points; Lubbock, fourth, 970 points; and Bovina, fifth with 935 points.

The individual places were as follows: Ogden King, Farwell, first; Lavon Johnson, Farwell, second; L. Martin, Farwell, third; Owen Robinson, Farwell, circuit district No. 10, fourth; Ike Walton, Olton, fifth.

In the poultry judging contest Lubbock was first; Miami, second; Canyon vocational school, third; Muleshoe, fourth; and Littlefield, fifth.

Individual honors in this contest were: Will Hart, Lubbock, first; Frank Kelly, Miami, second; Roy Hunt Lubbock, third; Eugene Kistler, Muleshoe, fourth; and Orval Burrough, Lubbock, fifth.

The Lubbock team has a lead over the Panhandle team by a 54 point margin. Lubbock's total score was 1359; Panhandle, 1305; Tahoka 1268; Kress 1258; Miami 1257; Tulla 1245; Silverton and Canyon 1239; Muleshoe 1215; Littlefield 1204; L Y Ranch school 1192.

A barbecue supper was given for the visitors by the Canyon Chamber of Commerce, which was followed by a concert by the College band. Talks were made by T. O. Walton, of Texas A. & M.; C. E. Evans; and Fred Hale, of the Santa Fe Agriculture department.

**Burton Will Give Course in Coaching During the Summer**

Courses in the theory of coaching, football, basketball, baseball and track, will be offered this summer for the first time by the College under direct supervision of S. D. Burton, professor of physical education for men.

For each of these three courses a credit of three term-hours will be allowed and each will consist of two lecture periods a week, with two double periods of actual participation in formations, signal drills and general practice.

Football coaching will be given only during the first six weeks of the Summer session and basket ball and baseball-track coaching during the second six weeks.

Besides these courses, Coach Burton will give others in general gymnastics, swimming, boxing and wrestling, one term-hour being allowed for each.

**Three Added to Summer Faculty**

J. K. Greer, principal of the Junior High School at Brownwood, Texas, and J. L. Bagwell, principal of the High School at Claude, have accepted positions in the Summer Normal for this year's session. Miss Hattie L. Seeling, supervisor of art in the schools of Austin, Texas, has been employed to teach during the second term of the summer session in place of Miss Loubeth King, head of the Art Department at the Teachers College.

**Buffaloes to Roswell Friday and Saturday for Invitation Meet**

On Friday and Saturday of this week, Coach Burton will take his track team to Roswell to engage in a triangular meet with the New Mexico Military Institute and the New Mexico Aggies. All of his men are in good shape and it seems as if the Buffaloes will carry off a number of the ribbons.

The coach has not issued any statement as to who will make the trip, but it is certain that he will take at least ten men to the meet. There are a number of men for the coach to select from. In the dashes there are Terry, Joe Bob Golden, Roy Golden, Lem Sone and Vaughn. For the distances there are Roy Golden, Head, Butler, Bivins, and Bauer. Bivins, Roy Golden and the Goodwin Twins are working on the shot put, and have been heaving it between thirty-five and forty feet. Mitchell and Fuller are vaulting exceedingly well. Hill and Terry are working on the hurdles. In the high jump, Mitchell, Fuller, and Hill are coming fine, and Harrison, Gerald and Joe Bob Golden are making good progress on the broad jump.

The track team will leave Friday morning in cars and will be ready for the meet on Saturday.

**MOORE NAMED TO GIVE DAIRY TESTS**

T. M. Moore has been appointed by the State Agricultural and Mechanical College as an official supervisor of dairy cattle merit tests. These tests are made to determine the butter fat and milk production of each cow in dairy herds. Moore will work all over the Panhandle, and his appointment means a saving of many hundreds of dollars to dairymen of this section. Heretofore those wishing their herds tested have had to pay the expenses of a man sent from College Station. Moore is a member of the Agriculture Department of the Teachers College.

### Box Supper Brings in \$100 for Mary E. Hudspeth Hall Thursday

Thursday of last week the Ex-Students Association of the College held a box supper and festival in the College gym for the benefit of the Mary E. Hudspeth Hall. The box supper was preceded by a play given by the department of expression under the direction of Miss Mary Morgan Brown. The production, "The Case of Mrs. Kantsey Know," was greatly pleasing to the crowds who had gathered for the evening's enjoyment. "The Case of Mrs. Kantsey Know" is a slight burlesque on the modern mother and her multitude of outside affairs. Mrs. Know's case and the plight which her many public affairs left her in was amusing and also helpful, in a clever way, to present day mothers.

The box supper was a colorful affair and considerable excitement prevailed during the course of the evening. Games preceded the beautiful girl and clever man contests, which were won by the Cousins and Sesames. Then Mr. R. A. Terrill started into the collection of attractive boxes and proved himself to be a capable auctioneer. Much competition was in evidence and many were the ruses that were played in order to get mademoiselles delicious preparation.

Dr. Pierle soon relieved Mr. Terrill of his strenuous task and Vince Reeves also aided in the selling of the boxes.

The Ex-Students Association reports total receipts of over a hundred dollars, which will be placed in the Mary E. Hudspeth Hall fund.

### Workers Are Ambitious Pupils In Classes Formed To Prepare Them For Lives of Usefulness

There is a tendency among some of the older generation to criticize the fade and foibles of youth. "These are not like they were," they'll assure one with a mournful wag of the head. "Boys and girls now-a-days are too frisky and too careless about what's going to happen to them. There isn't any more ambition among the younger generation."

"We are ambitious," is their counter-complaint. "We play hard, of course, but we work just as hard as we play."

Take a little inspection tour through the Home Offices of the Metropolitan Life Insurance Company and see what we find that offers a convincing demonstration of how far ambition is leading the young man and woman of to-day.

This company as an experiment offered to its employees, of whom more than seven thousand are young men and women, instruction in various subjects. The instruction is given at the close of the regular working day and includes courses in business English, stenography and typewriting, physical culture, dressmaking and millinery. It also is possible for those employees who so desire to receive instruction in an actuarial course and in dictaphone and comptometer operation.

In addition, the company en-

courages the music and arts organizations within the Metropolitan ranks. The Pieta Club has thirty members, men and women; the Men's Glee Club numbers fifty; there are fifty-two members of the Women's Choral Society and the Metropolitan Life Military Band is forty-two strong.

In 1923, the millinery classes graduated 3,578 young women. Nineteen hundred and thirty-two finished the dressmaking course; 6,623 finished instruction in stenography and 7,053 in typewriting. In physical culture 1,932 young women and approximately the same number of young men were instructed. Business English certificates were issued to thirty-two workers in the advanced class and to 135 in the elementary class.

Thus it is shown that 23,034 pupils were enrolled in these various classes, indicating beyond peradventure that many of the workers sought instruction in two or more subjects, all given during non-working periods.

Almost invariably, according to Mrs. Marion T. Brockway, House Mother of the Metropolitan's Home Office, the modern maid, more popularly designated as the "flapper," is transformed the moment she reaches her desk into an efficient, capable and dependable worker.

### Joint Initiation Planned by Canyon and Amarillo "40 and 8" Societies

Canyon and Amarillo chapters of the Society of 40 and 8, secret order of the American Legion, will hold a joint ceremonial at the American Legion Club here Saturday night.

The Potter County "voyageurs" were initiated at Amarillo March 24 by the "wrecking crew" of the local chapter, which is now a candidate for the post of official degree team at the Grand Promenade of the society at Brownwood during the State American Legion convention in August.

The delegation of visiting "Forty n eights" will be headed by Chief de Gare Roy D. Chase, who was elected to that post following the initial ceremonial there. They will bring with them a dozen or more "prisonniers de guerre," as the candidates are called, and there will be several local legionnaires to take the work.

Street work for the ceremonial will be put on at 6:30 Saturday evening, and the "inside" work and banquet will follow.

A feature of the ceremonial will be the installation of the new Amarillo chapter officers.

All local members have been called by Chief de Gare H. A. Brown to meet tonight to make preparations for the event.

### ATTENDANCE INCREASE SHOWN BY REGISTRAR'S REPORT

The Registrar's office reports twenty-three new students, who have entered the third quarter. This brings the total attendance in all departments up to nine hundred forty-six. West Texas State Teachers College is growing rapidly and every new student means that its influence is spreading. The growth of the school is testimony of its increased popularity, and also of its increased value to the territory which it serves.

With the annual output from her clay-product industries valued at \$31,000,000 ranking the State second only to Ohio in pottery, tile, glassware, and other ceramics, Pennsylvania is meeting the demand for training in those industries by offering a four-year course, in ceramic engineering at the State college, Ohio, New York, and New Jersey all support well established schools of ceramics.

A primitive people, living in holes in the ground and believed to be descendants of a race antedating the Arabs in North Africa, were found by a Fellow of the Royal Geographical Society a few hundred miles south of the Mediterranean coast in Africa. Here dwell more than 12,000 souls, without tents or houses living in subterranean homes which are entered through sloping tunnels. They are Moslems and extremely fanatical.

Closing business establishments in order that all in the community may attend the graduating exercises is the unusual custom by which Pasadena (Calif.) honors its high-school graduates. More than 25,000 persons saw the pageant, following which the members of the class of 1923 received their diplomas in the great "rose bowl."

### REPORT OF RESOLUTIONS COMMITTEE

To the delegates of the Panhandle District C. E. Convention assembled: Your Committee on Resolutions begs to submit the following report:

Whereas, the Convention Committee, with Miss Mattie Swayne as chairman, has labored so faithfully and effectively in perfecting the plans which have made this convention such a success, and our stay in Canyon such a pleasure;

And Whereas, the pastors of the District have co-operated in every way to make the Convention a spiritual blessing to all;

And Whereas, the homes of Canyon have been opened to us with such generous hospitality;

And Whereas, the newspapers of the district and the business men of Canyon have aided so materially in giving publicity to our plans and programs;

And Whereas, the Faculty and Students of the W. T. S. T. C. have helped so wonderfully in the programs of this convention.

Therefore be it Resolved, that we Christian Endeavorers give thanks to Our Father for the privileges and blessings we have received through this convention, which we pray have caused us to think more highly of the work of the Master and that we may reconsecrate ourselves to His work;

And be it Further Resolved, that we express to each one who has contributed to the success of our Convention our thankfulness and gratitude, asking God's blessings upon them;

And be it lastly Resolved, that we, as citizens of these United States, favor the strict enforcement of the entire law, pledging ourselves to more earnestly observe each statute and ordinance, that we go on record as holding ourselves in opposition to any agitation questioning the desirability of the Eighteenth Amendment; that we express ourselves, as in hearty accord with more effect in child labor legislation; and that we publicly affirm our sympathy with movements for the establishment of Universal Peace.

We respectfully submit these resolutions and suggest that they be filed in the minutes, and shall be open for publication.

Signed:  
Mrs. John M. Peyton, Chairman.  
Mrs. Josephine Ballinger.  
Solon Johnson.

V. Skypala left for Slaton last Saturday to visit friends and relatives.

Albert Fischbacher made a business trip to Canyon Monday.

A German woman, newly arrived from the old country, believing she had arrived in the land of wild Indians, of whom she had heard much while living in her old home, refused to leave a train when it arrived in Leavenworth, Kansas. It was necessary forcibly to remove her and not until she saw her sister and had been assured of her safety would she believe she was in a civilized community.

The net expenditure for elementary education for each child in average attendance in England and Wales was £11 14s. 5d. in 1921-22, and 5s. 8d less in 1922-23. The total cost of educating a child during the normal period of school life, i. e., from 5 to 14 years of age, is, therefore, about £100.

Missouri Bureau of Labor Statistics report that 8,789 farms of Missouri farmed or supervised by women are more profitable than are average farms controlled by men.

## The Future in Farming is Bright for Those Who Use Right Methods

By SENATOR ARTHUR CAPPER in Popular Mechanics

I am inclined to be optimistic over the future of American agriculture, despite the troubles which the business has encountered in the last four years. Conditions are improving, slowly but surely. We are far enough along in the readjustment period so we can see the sunrise of economic hope faintly in the east. By this time next year the rays should be much brighter.

This improvement is being brought about by the operation of powerful forces which are slowly getting production in line with what the markets of the world demand. They are operating in several ways. For one thing, the number of producers is being reduced. About 650,000 folks left the farms in 1923, probably a half million in 1922, and it is believed that a half million or more will go in 1924. Please remember that there is a double action for every one who leaves; production is decreased by one unit, and one person is added to the consumer class.

Those who remain are going in more for types of production especially adapted to the locality in which they live. Especially has there been a growth of diversified farming in the one-crop regions. Producers are getting away from the old plan of "putting all of their eggs in one basket." In the great wheat growing regions of Central Kansas, for example, I found last summer a most encouraging interest in dairying, poultry raising and livestock farming in general. In some sections along the Arkansas River, for instance, farmers are turning their attention more and more to truck farming, which has been fairly profitable in many communities. All this is an indication of the efforts producers are making to bring their production in line with the requirements of the city trade.

Along with this is the same intelligent effort to adopt selling methods which are modern, and more satisfactory than the old "dumping" plan of the past. The growth of co-operative commodity marketing is one of the most encouraging items in the economic progress of American agriculture. Producers are working together to handle their products in a way they have never done before, especially in tobacco, cotton, wool and with California fruits. I think the effort which is now being made to organize the wheat farmers is a movement that has much promise of success, and that will in time get the production of our great bread crop on a profitable basis.

I mention these things to show that the producers are trying to place their house in order. Other factors have helped, including Congress, which has passed some legislation, especially along rural-credit and marketing lines, which will aid greatly in the fight toward prosperity. Another thing that will help will be the growth of a powerful industrial life in America, which will increase the home demands for food. I am very optimistic over the future of the industrial life of this country. I believe it will continue to develop, aided by the intelligence and the ambition of the workingmen, and the extraordinary use of machinery, into a prosperity we have never before known. This is of vast importance to farmers, for the city workers who have money can always be depended on to buy an ample supply of food of good quality.

The main thing for a man who is thinking of taking up agriculture as a vocation to consider is the long-range view of the business. He should enter it with a knowledge of the tendencies of the times, especially those of intelligent production, adapted to the section in which one lives, and co-operative commodity marketing. The man or woman who likes the life of the open fields, and who goes into the business of farming with his mind full of hope and a vision of what the coming days will bring, is likely to succeed. And he probably will live a more satisfactory life, and raise happier children, than ever would be possible in an overcrowded city.

It seems to me that the opportunity for a better home life is one of the great advantages of the country. The surroundings of the rural home are more likely to be wholesome than those in the city. At least one has more of an opportunity to control them.

If a man has an ambition to live in the country a big thing to consider is the need for caution in locating. Take plenty of time, months if necessary, before deciding on either the community or the farm. Get out into the open fields, and work for some farmer who is above the average in financial success, if possible. Absorb his viewpoint, and that of any of his friends you encounter. A man who goes at the proposition slowly is likely to make the minimum number of mistakes, and to settle in a neighborhood in which he will do well financially, and live a more satisfactory life than the city can ever offer.

### Parent-Teachers Association Elect Officers for Coming Year

At the business meeting of the Parent-Teachers Association Friday afternoon, the following officers were elected for the ensuing year:  
President—Mrs. B. McGee.  
First Vice President—Mrs. A. J. Arnold.  
Second Vice President—Mrs. J. V. Winstead.  
Third Vice President—Mrs. J. W. Jennings.  
Recording Secretary—Miss Elva Fronabarger.  
Corresponding Secretary—Mrs. Leo McDade.  
Treasurer—Mrs. L. L. Monroe.  
Press Reporter—Mrs. Chas. Harter.  
Mrs. McGee was elected as a delegate to the meeting of the association to be held at Plainview.

Forty-two per cent of the farmers covered in a recent survey feel that their financial difficulties are due to low prices of farm products. Seventeen per cent attribute their condition to high taxes; eleven per cent to high costs for farm labor; ten per cent to high interest rates; six per cent to reckless expenditures during the boom period; and four per cent to too much credit.

### Miss S. E. Davis Teaching in Virginia College

Miss S. Elizabeth Davis, formerly of the English Department of this institution and now with the State Teachers College, Farmville, Virginia, in a letter to the editor of The Prairie, says that she is reading the paper with much interest and pleasure. She enclosed the price of a renewal.

She says: "Really, it's almost uncomfortable to be so vitally interested in two schools at once as I am in our school there, and the school with which I am now connected—the State Teachers College at Farmville, Virginia. I have not lost interest for a single day in my students out on the plains; I never shall. Occasionally I hear from one of them; indeed, I have just recently received two original poems from one of them, and one from another. How pleasant it is to know that they still remember, and that they know I am interested in their work. Please give my love to everybody. Tell the Buffaloes that way over here in Virginia is some one who is thrilled when she reads such headlines as 'Buffaloes Cinch the T. I. A. A. Championship. I am always delighted, too, to see a good bit of literary work.'"

In her letter, Miss Davis enclosed a Founder's Day program of her institution on which is listed "a dramatization of Dr. C. Alphonso Smith's 'What Can Literature Do For Me' written by Miss S. Elizabeth Davis and presented by the six literary societies."

### Company F Gets Out Baseball Equipment and Ready to Practice

Captain H. C. Gamble of Company F, Texas National Guard, states that the company is getting out the baseball uniforms and equipment and that practice will start as soon as there is a little baseball weather.

The team has about the same lineup as last year, when it made a good record, not only among the guard companies, but also among the town teams of the Plains.

Captain Gamble wants to get his team in fine condition for the annual encampment this summer.

## Ball Bearings!!!

There are Two of Them in the New No. 3 Primrose Cream Separator.

Yes Sir! Two high-grade, modern ball bearings—each at a point of highest speed or greatest strain—on the job to reduce friction and to insure easier turning and longer life.

Once you turn the No. 3 for a minute you will be surprised to learn its capacity. Although it handles 650 pounds (77.5 gal.) of milk an hour, yet it turns as easily as a plain bearing machine of half its capacity. The ball bearings and slow crank speed are responsible.

We've got a No. 3 here at our store and it is here for you to see and try. Come in and ask us all the questions you can think of—grab hold of the crank and give it a spin—ask us to give you a trial on your own place. Don't be satisfied until you know all about the No. 3. It's the machine for you.

We are here 'most every day. Come in any time.

Music by the College Orchestra.

**Board and Room**  
Prof. T. M. Moore is chairman of the Committee on Boarding Places. He will maintain an office in the front hall of the College building and will have a list of places to recommend. It is hoped that many people in Canyon will open their homes to the visiting boys and girls from the schools of the Panhandle. We recommend that bed and breakfast be furnished in such homes for \$1.00 per person per night, and that the visitors can secure meals in the restaurants and boarding houses at regular prices.

Mrs. Delaney and a committee of Young Women's Christian Association girls will serve as an information bureau. They will be glad to answer all questions and direct the visitors to the different contests.

Contestants should arrive in Canyon as early as possible Friday morning in order to register and pay fees before the general assembly at 11:00 o'clock.

There will be no Music Memory Contest this year.

General admission will be 25c to each event, or a season ticket may be bought for 50c which will admit the holder to any and all events.

The District Officers are:  
W. E. Lockhart, Director General.  
D. A. Shirley, Director of Athletics.  
F. E. Savage, Director of Declamations.

Miss Mary Morgan Brown, Director of Debates.

Miss Jennie C. Ritchie, Director of Essay Writing.

### BACKACHE IS DISCOURAGING But Not So Bad If You Know How to Reach the Cause.

Nothing more discouraging than a constant backache. Lame when you awaken, pains pierce you when you bend or lift. It's hard to work or to rest. Backache often indicates bad kidneys. Canyon people recommend Doan's Pills. Ask your neighbor!

Read this case:  
Mrs. G. A. Jones, Canyon, says: "Through the small of my back was a steady, bearing-down pain and it was so sore I could hardly stoop to pick up anything. At night my back was so sore and ached so I couldn't sleep at all. I also had awful dizzy spells and headaches. My kidneys were weak and troubled me, too. I bought Doan's Pills from the City Drug Co., and three boxes cured me of every symptom of the trouble."

Price 90c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mrs. Jones had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

### Rev. Skinner Leaves Today—Pastor Will Continue the Revival

Rev. J. E. Skinner, who has been preaching day and night at the Baptist Church since March 30th, returned to his home in Tennessee today.

Rev. Skinner endeared himself to all who heard him while he was in our midst.

The local pastor, Rev. Lyn Claybrook, will continue to preach and the revival will go right on until further announcements are made. The singing has been and will continue to be led by Rev. John R. Rice, assistant pastor of the First Baptist Church, Plainview.

All are cordially invited to attend and help in the services.

### CARD OF THANKS.

We use this means to convey our appreciation and thanks to the friends who have endeared themselves to us by their many kindnesses during the illness and death of our brother and uncle, J. D. Paris.
