

## PLATEAU SINGING CONVENTION HERE THIS WEEK

### BIG BARBECUE TO BE GIVEN IN HAPPY NEXT THURS.

ALL PEOPLE OF PLAINS ARE INVITED TO COME.

Celebration of New \$25,000 Gin is Occasion of Free Barbecue and General Celebration.

Happy, "The Biggest Little Town" on the Plains, is expecting to out-do itself Thursday, June 19th, and entertain one of the biggest crowds in its history with free barbecue and lots of amusements in celebration of the completion of its brand new \$25,000.00 modern gin plant.

Committees have been appointed to look after every phase of all arrangements that will go to make for the success of the day, and they have all reported that they are ready and "rearing" to go.

Cars will be sent to all neighboring towns bearing special invitations to their citizens to be with us that day and to help us to make it a real holiday filled with good times and a spirit of neighborliness.

### Mrs. W. W. Kuehn Died Thursday Evening After Very Short Illness

On Thursday evening, June 5th, the death angel visited the home of W. W. Kuehn and claimed as its victim his beloved wife.

Miss Mary Lena Hart was born Dec. 3, 1894, at Fort Worth, Texas. She came to Childress with her parents in 1908 where she lived until Jan. 24, 1917, when she was married to Mr. W. W. Kuehn of Canyon, which has been her home since that time.

To this union four children were born, three girls and one boy. She was a devout Christian and a member of the Church of Christ. Devoted to her family, beloved by her neighbors and always willing to lend a helping hand.

She was sick only a brief period of two weeks. While there was but little hope held out for her from the first, death came very suddenly and unexpectedly as she seemed better only a short time before the end. She simply went to sleep with a sweet smile on her face to wake with her redeemer and be a shining angel when the last trumpet has been sounded and the chosen ones of this old earth shall be called to their home above. During her sickness and suffering she was patient, never failing to be thoughtful of others.

She departed this life Thursday at St. Anthony's sanitarium, Amarillo, leaving her husband and three children, Alice Frances, Edwin and Cera May; her father and mother, two brothers and a host of friends to mourn her untimely death.

The funeral was conducted Saturday afternoon at three o'clock at the family home by Rev. W. H. Younger. Interment at Dreamland Cemetery.—Contributed.

#### KNEW RICHARD LOEB.

L. F. Sheffy, head of the history department of the College, was in a class in the university of Chicago last fall with Richard Loeb, who is held on charge of murder in Chicago together with Leopold. The case has been the sensation of America the past two weeks.

Mr. Sheffy states that Loeb was a very quiet and industrious student, and stood well with the fellow students and the faculty. He could hardly believe the report when Loeb was first arrested.

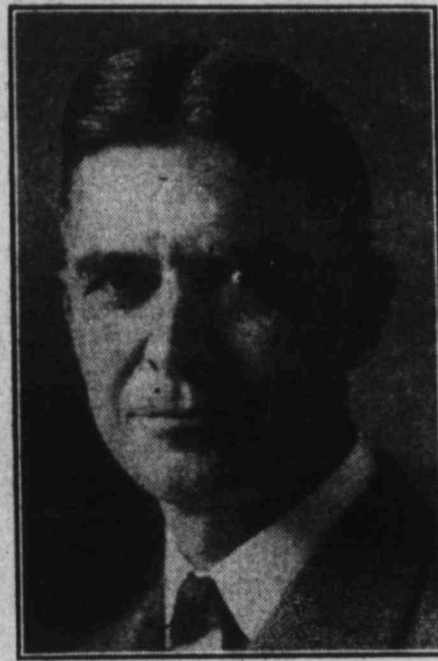

Mr. Sheffy did not know Leopold, who was also a student in the university, and seems to have been the brains of the murder plot.

#### STORY HOUR FRIDAY.

The regular summer story hour under the auspices of the Parent-Teachers Association will start Friday evening at 6:45 o'clock on the lawn of the Presbyterian church.

Miss Ruth Lowes will conduct the Story Hour this week.

### Birthday Yesterday

MAYOR C. N. HARRISON.

Mayor C. N. Harrison had a birthday yesterday, and was 45 years old. Mayor Harrison has lived in Canyon 22 years, and during the past five years has been a city official. He has taken a very active part in the city's development, and has been the leader in the large paving program carried on during the past three years.

### Cotton in County Reported as Going Good With Warm Weather

The farmers' cry for hot weather was answered this week by continuous warm weather, which has been a great blessing to the cotton crop.

The cotton and row crop generally are making a good growth.

Regular weekly rains would be very gratefully received, although none of the crops are hurting at this particular time.

The wheat crop is reported to be in the best of condition and harvest will start before long.

#### RAISE SCHOOL TAX RATES.

Elections were held in both Districts Number 9 and No. 14 the past week, raising the local tax rate to a limit of \$1.00 on the \$100 valuation.

The election in No. 9 carried by a majority of 13 for and 1 against. The vote in No. 14 was 10 for and none against the increase.

### Panhandle Bankers to Give Loan Fund of \$1500 to the College

At the meeting of the Panhandle Bankers Association this week in Amarillo, it was voted to give a fund of \$1500.00 to the West Texas State Teachers College to be used as a loan fund for worthy students attending this institution.

President J. A. Hill was asked to explain the use the fund might have, and the various other loan funds now in use at the College. He explained the rapid turn over made by these funds, and the noteworthy fact that since the funds were started, not a single dollar had been lost by a bad loan.

#### MARRIAGE LICENSES.

Marriage licenses were issued by the County Clerk as follows:

W. A. Hillier and Mrs. Ethel Wilson, June 4th.

Claude C. James and Miss Ruby Gano, June 7th.

E. G. Nigolson and Miss Eva Thompson, June 8th.

Rosecoe L. Gass and Miss Annette Reed, June 10th.

#### STUDENTS ENTERTAINED.

All of the organized churches of Canyon entertained the students of their denomination Saturday evening. Various kinds of programs were given by the several churches.

The attendance was very large at all of the church entertainments, and the Sunday School attendance Sunday was also very large.

#### STORK SPECIAL.

A son was born to Mr. and Mrs. R. W. Sherrill May 27th.

### KEEPING COOL-IDGE AT CLEVELAND!

### TEXAS PRESS ASSOCIATION, FIVE HUNDRED STRONG, WILL BE GUESTS OF THE COLLEGE THURSDAY AFTERNOON

The Texas Press Association will be entertained on next Thursday afternoon at the College.

The Association will be in Amarillo from Tuesday night to Friday afternoon, and the visit to Canyon is one of the diversion of a full program to be carried out Wednesday, Thursday and Friday.

About five hundred newspaper men from all over Texas will be at the convention. The party will leave Amarillo Thursday morning at 11:45 and will go to the Devil's Kitchen for a barbecue. Cars will leave there late in the afternoon and will go to Canyon where a few hours will be spent.

The exact program for the visit in Canyon has not been decided upon as yet. After an inspection of the College plant, a short program will be given at the auditorium. The luncheon will be held on the College lawn, with music by the band. The young women of the College will have charge of the serving. After the luncheon the physical education department will give a short program. Stunts by the Redmen will likely be given.

President Hill asks that as many Canyon people as possible greet the members of the Press Association during the visit in the city. He invites all who wish to come to the campus after the luncheon and meet the visitors.

#### GRAY-SHAW WEDDING.

The marriage of Travis Shaw and Miss Ethel Gray was solemnized in Austin yesterday morning at 10:00 o'clock. The bridal couple will reach Canyon today or tomorrow.

Mr. Shaw has been a citizen of Canyon for several years, and is secretary of the College. Miss Gray was head of the Physical Education department for women in the College two years ago, but has held a like position in S. M. U. at Dallas the past year.

The bridal couple will receive the hearty congratulations of a host of friends upon their arrival in Canyon.

#### CAUGHT GOOD FISH.

Reeves Donnell and Roby Chambers brought in four fish Saturday each of which weighed 4½ pounds, which were caught on the Dr. C. E. Donnell place.

Help Keep Canyon Clean!

### Dr. C. A. Pierle Makes Report to Dentists on Stain Investigations

Dr. C. A. Pierle, head of the Chemistry department of the College, spoke before the convention of the dentists at Lubbock last week, making a report upon his recent investigations of the stain found on the teeth of many citizens in this section.

Dr. Pierle investigated the students attending the College. Dr. Pierle reported to the dentists that he had reached no decision as to the cause of this stain, but would continue his research on the problem.

Dr. S. L. Ingham attended the convention. Brownwood was selected as the meeting place for next year.

#### PENROD BUYS HOUSES.

J. I. Penrod has traded for the Crystal Hotel and the West Block House, both buildings located on Fifth Avenue.

Mr. Penrod is living in the Presbyterian manse and will soon move to the Block house. He has leased the Crystal Hotel.

### Five Car Accidents on the Streets During the Past Week

Five auto wrecks have occurred on the streets of Canyon during the past week!

Speed Cop Clarence Luce states that most of the auto accidents have been caused by careless driving and the fact that drivers were not paying attention to the traffic regulations.

Cars running east and west have the right of way at intersections.

In making a turn, the driver must signal.

Don't park in front of the postoffice for a longer time than necessary to get the mail.

Mr. Luce states that these regulations must be enforced, or arrest will follow.

### Head of School Survey to Visit College During Next Monday

Dr. G. A. Works of Cornell University, who is head of the School Survey of Texas, will visit the College next Monday to make an inspection of the institution. Dr. Works was scheduled to arrive Friday, but had to postpone his visit.

Dr. C. M. Hill of the Springfield, Mo., Teachers College, who is in charge of the survey of the Teachers Colleges of Texas, will visit here before the first of July.

#### STUDY CANYON FORMATION.

O. E. Winebrenner, professor of geology of Howard Payne College at Brownwood, accompanied by twelve students of that college, passed through the city Saturday. They spent some time in the Palo Duro canyons studying the formations.

The party traveled north to Yellowstone Park and from there into Canada visiting practically every national reserve in that section. They will end the summer's work in the vicinity of El Paso.

#### KEEP COWS OFF WALKS.

There have been so many complaints regarding town cows being tied to interfere with traffic, that the city commission has adopted the following regulations regarding cows:

Cows that are tied out so they are able to cross a sidewalk or a street with their rope will be considered as running at large and will be taken up and held in the city pond and the owner must pay the damages.

#### PAYING DUE AT BANK.

The city commission has issued notice that paying on East Fifth Avenue is now due and payable at the First State Bank, the city depository.

#### LEASES THE MIDWAY.

W. C. Squires of Lubbock has leased Midway and took charge of the rooming house last week. He has moved his family here from Lubbock.

#### PLATT BUILDING HOUSE.

W. H. Platt is building a four room house near the college.

Miss Edith Harrison made an overland trip with Mr. and Mrs. W. B. Powell of Lubbock to Mineral Wells, Hubbard, Whitewright and Dallas, to be gone for about three weeks.

### THREE TO FOUR THOUSAND SINGERS MEET HERE

ONE OF LARGEST ORGANIZATIONS IN THIS SECTION.

Barbecue Will be Served Saturday and Sunday Noons—People Urged to Attend Meetings.

The Plateau Singing Convention meets in Canyon Saturday and Sunday. From 3,000 to 4,000 singers from all sections of North-west Texas and Eastern New Mexico will attend this great convention.

The people of Canyon are urged to attend the meetings of the convention and join in the spirit of the singing convention.

The Claude News object to the standing of the high school graduates in the Panhandle, as compiled three weeks ago by the Amarillo News, and as usual blames the Randall County News for being at fault regarding this information. Perhaps the Amarillo News was wrong in the information as to Claude, just as it was wrong in the information regarding Canyon. In this report from all Panhandle towns as to the percentage of high school graduates, Canyon was given only 25 graduates, whereas there were 26 from the Canyon high school and 39 from the high school department of the College, making a total of 65 high school graduates in Canyon this year, or a number more than were reported from Floydada, which was given by the Amarillo News as leading the Panhandle. If the government census of 1920 is used to figure the percentages, then Canyon will have a much higher per capita high school graduation than we gave this town two weeks ago, but we chose to use an estimate on population which is certainly most accurate as a result of two careful religious census which were recently made in a house to house canvass. We do not know the basis taken of population by the Amarillo News.

The state fire inspector, who visited Canyon last week, notified City Fire Marshal R. E. Foster that he found no hazards in Canyon, and that there was only one town in Texas which was in so good condition from the fire hazard standpoint as is Canyon. This town is our neighboring town of Clarendon. The inspector places Canyon and Clarendon on an equal basis for cleanliness and care in fire hazards. Canyon feels complimented in being placed in the same class of our sister Plains town, and are glad that the Panhandle again leads the state. This section is leading Texas in so many various ways that it is hard to keep account of all the good records that have been given the Panhandle.

The News announced when the contest was filed and evidence presented against seating Senator Mayfield, that we were of the opinion that the charges of Peddy would not be substantiated. This prediction was carried out in the vote of the sub-committee which heard the evidence. The charges throughout are general, and not specific. The charge was made that the Klan spent lavishly in the election of Mayfield, but nothing was proven. The heard of the Klan was certainly smooth enough to hit all of this, if this supposition is correct.

The State Press Association will be entertained in Amarillo next Wednesday, Thursday and Friday. Canyon is to be honored by a short visit from this body. Clean up the town, and keep it clean before this association arrives in Canyon. This is the first time in the forty-four years history of this organization that the Texas Press Association has ever visited the Panhandle of Texas.

The News man has been interested in politics for twenty years, and this is the first time that we have ever been absolutely certain in a political prediction: Coolidge will be nominated by the republican party!

The allies of Canyon are dirty and getting very weedy. Get these weeds now! It will save a lot of flies and mosquitoes a little later in the season.

**THE PASSING DAY**

By Will H. Mayes, Department of Journalism, University of Texas.

One of the worst features of our "jazz" age is that half the people seem to be almost perpetually weary and bored. Unless keyed up to the highest pitch of excitement they are suffering from a sort of reaction that makes them tired of life and everything about them. They rush from one exciting business or pastime to another and between times are afraid that they may not make connection with some event more thrilling than anything that has gone before. They are forever wanting more. If they have money, even beyond all possibility of using it, they are eager for greater gains; if they have position, they feverishly long for still higher places of honor and conspicuousness; if they have either friends or foes they seem anxious for more of either. All the while they show a spirit of dissatisfaction, of unrest, of killing eagerness for they know not what.

This perturbed state of mind, this longing for something more than they have, or something different from past experiences, wears out both body and mind, and incapacitates for real progress. Ambition of any kind, desire in any direction, may be laudable, but it can be overdone. Impatience, of a kind, is commendable, but when it results in dissatisfaction it is destructive of constructive effort. Pleasure overdone is as bad as too much food; intemperate success may be worse than failure; men and women are so con? stituted that struggle is best for them; disappointment is often the best discipline.

Dissatisfaction invariably accompanies over-excitement and restlessness. I met a man recently who complained that he was not succeeding as he thought he should. He was not getting wealth fast enough; his health was not as good as he wished it to be; and he was inclined to blame God for placing him in a world that the man did not understand and that would not do his bidding. Yes, he had prospered, but not enough; and he feared his business might not continue so good. He was able to be about, to attend to business, to mingle in society, to do things that a few years ago seemed impossible for him; but he did not feel like a fighting cock after either business or social dissipation, and so life was getting drab and monotonous. He merely wanted more of everything than he had secured, and he was dissatisfied because it did not come as fast as he wished.

It is nice to dream of having everything just as we would like everything to be; but if that should be, the whole social system would soon go to pieces, just as the planetary system would quickly end in chaos without some guiding, restraining force. The sensible thing to do is to dream and strive to bring dreams to pass, but to leave the results with a higher power that regulates things pretty well despite our complainings. We merely weaken ourselves when we waste our energies in fretting. We can't regulate the world or control absolutely our own fortunes, so why complain about it? We can't stop the waters of the passing river, so why drown ourselves in the effort? Get the most out of the passing day, and look joyously to the morrow.

Just now the farmers of Texas seem to have more reason than any other class for becoming discouraged. Rains in almost every part of the State have put them behind with their work. Planting has been greatly delayed and many crops that are up are badly in the grass and weeds. In some sections crops have been drowned out and seed for replanting can not be had. But in spite of all this the farmers can not afford to become discouraged and there is no need for it. The best thing is to make the best of the conditions and to work to overcome them. If one crop cannot be made there may be time for another, and intensive work will overcome the grass and weeds. The hot summer sun will soon dry out the top of the ground and the rains have given a season that will cause a quick growth of crops. Prices are good and there is every prospect that they will continue to be good. Texas farmers are resourceful and may be depended on. They know how to meet and overcome difficulties.

Fear is man's worst enemy, and yet it is needless to entertain fear. The things we most fear seldom come to pass; and even if they do the person with a mind filled with fear is not prepared to meet them like the one who faces difficulties with confidence. Fear is surely cowardice expressing itself with greater strength than courage.

**MARS WILL TEACH US. HOPE FOR THE HOPELESS. ONE GOOD DEED. THE GREAT DERBY.**

Sending photographs by wire is at last perfectly successful. This will mean more to the education of this earth than we can realize now. Merely gratifying curiosity or capturing criminals by telephotography on this little planet isn't the important thing.

What can be done on wires can be done through the ether that separates this earth from other planets in our family. We shall get from these planets radio portraits showing faces of their strange inhabitants and radio "blue prints" from Mars showing us how to dig canals to store the waters of the oceans when frost, rain and attrition make this earth perfectly round, leaving no natural cavities to hold the water.

If the earth were absolutely round, as it will be in a few million years, the ocean would cover it about a mile deep everywhere. We must know how to prevent that. Mars, tens of millions of years older than Earth, will reach us by radio.

If that sounds preposterous remember what you would have said twenty years ago if you had been told that a preacher in Chicago one day would be heard in Los Angeles and Newfoundland in the same second.

Republican gentlemen that tried to "frame up" Senator Wheeler, as corrupt detectives once in a while frame a victim when they need a scapegoat, are in trouble. Men in Louisiana who thought that copper would control the State, and the men in Washington who thought oil would control the Nation, both dished Wheeler and decided to put him in jail. They will wish before the thing is over that they hadn't

made that attempt. It wasn't a good time for it, although it has doubtless often been done before. Here's hope for the hopeless, the victims of hay fever. Mr. Coolidge, who has a "rose cold," sits for forty-five minutes in an air-tight room, breathing in air mixed with chlorine gas. He leaves saying "the trouble is gone."

Chlorine gas cures colds in men and epidemic in horses. Why should it not cure, or at least relieve, hay fever that tortures thousands for weeks every year?

When European nations decided to take what money they could get from China after the Boxer uprising, the United States got some of the indemnity cash, and then realized that it was international blackmail. The money was sent back to China to be used for education. China now thanks the United States Minister, saying that other nations have followed our example. "So shines a good deed in a naughty world."

The Dutch Reformed Church of South Africa opposes prohibition, saying: "Wine is the gift of God which no one should desecrate." That church takes seriously the Bible statement that the founder of Christianity, by a miracle turned water into wine, to make a wedding more cheerful. Some American preachers say the wine thus produced was non-alcoholic. But is it likely that wedding guests would have considered that a miracle worth while?

The Senate Committee of Agriculture rejected the Ford bid for Muscle Shoals by a vote of 10 to 6. That isn't final, but it shows how difficult it is to get anything through in Washington sometimes. It isn't quite so difficult if there is a "little black bag" with the right kind of lining in the offering.

Wall Street men will discover that Secretary Mellon who had no trouble in cutting hundreds of millions off the national expenditures, will easily find a way to finance the soldiers' bonus.

Tens of thousands gather at Louisville, Kentucky, all excited, eager, speculating, betting on "the Great American Derby." The winning horse will get \$50,000. For half the money that a good jockey earns in a week you can buy an automobile that will run any ten race horses to death every day and never get tired. Speed in horses no longer means anything useful. Racing, betting, horse excitement will continue, for it takes men a long time to get over anything they have been doing for a thousand years.

**MUSICAL CLUBS GIVE ANNUAL ENTERTAINMENT**

One of the outstanding events of graduation-days was the evening of music furnished jointly by the special chorus and the College Orchestra on May 28. Both organizations were directed by Prof. Wallace R. Clark.

The first number was the massive Mendelssohn composition, the Italian Symphony, which was done beautifully by the orchestra. Next were presented several songs and cantatas by the Part Singing Club. The pure tone qualities of the songs and the accurate and expressive shading by the carefully trained chorus resulted in an excellent reading. Each number was heartily applauded but the pretty springtime lyric, Madrigal, was easily the favorite. Another cleverly presented song was Bubbles, while a more melodious piece with suppressed reading was the pretty Rest Comes at Eve.

The orchestra closed the performance with a lively rendition of Nicolai's Merry Wives of Windsor. Always a popular attraction, the recent musicale is said by many to have been more universally enjoyed than former entertainments by the same organizations.

Prospects look so slim for big contributions to the campaign funds there are serious fears that the next election may be settled by the voters on its merits.—Nashville Southern Lumberman.

**How to build up your Weight**

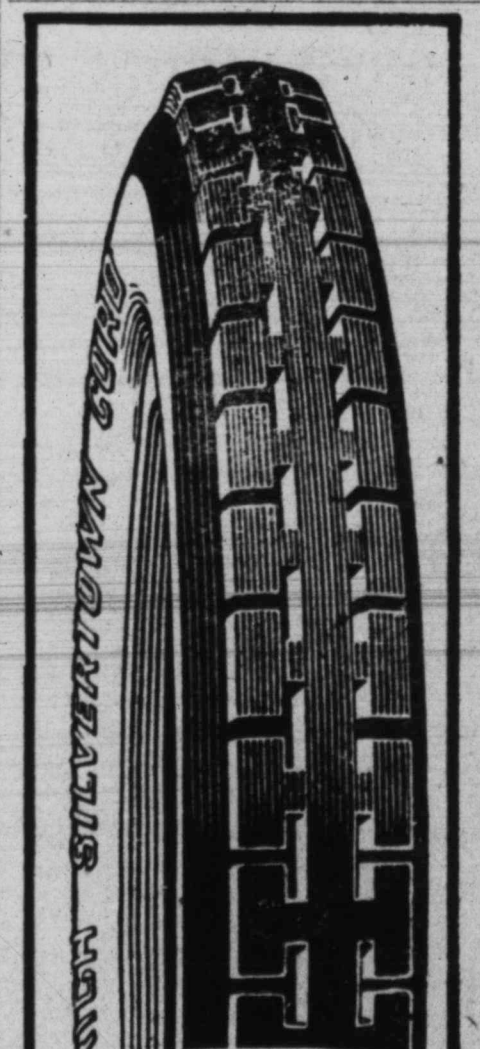

To be under weight often proves low fighting-power in the body. It often means you are minus nerve-power, minus red-cells in your blood, minus health, minus vitality. It is serious to be minus, but the moment you increase the number of your red-blood-cells, you begin to become plus.

That's why S.S.S., since 1826, has meant to thousands of underweight men and women, a plus in their strength. Your body fills to the point of power, your flesh becomes firmer, the age lines that come from thinness disappear. You look younger, firmer, happier, and you feel it, too, all over your body. More red-blood-cells! S.S.S. will build them.

### District Office of Game Warden Opens in Canyon by H. B. Maddux

Capt. Henry B. Maddux, and Mr. A. L. Moore arrived Thursday to open the district office of the Texas Game, Fish and Oyster Commission in Canyon. Canyon was selected as the district office from three other towns in this part of Texas. Capt. Maddux will be in charge of this office, which composes of twenty-three counties in north-west Texas, and which includes practically all the counties in the state containing wild antelope and prairie chickens.

The office will be on the third floor of the county court house and either Mr. Maddux or Mr. Moore, his assistant will be in the office most all the time. The state game department is now on better footing than at any time previous in history, and has now some forty-five special state wardens in the field. Game and fish is greatly on the increase in Texas and Mr. Maddux says that deer will be more plentiful this next season than any time since the game laws went into effect and it is caused by the rigid enforcement of the game laws.

Any information in regard to the game and fish laws of Texas will be gladly furnished by the district office here and we want the co-operation of the people, both residents and tourists alike. Parties should be very careful hunting outside their county without a hunting license for when they are caught they are subjected to the law and both resident and non-resident hunting license may be obtained by writing the deputy commissioner here or by coming to the office. There will be several deputy wardens scattered throughout the canyons this summer and it is suggested that people get their license before going on their vacations. All parties who are not poll-tax paying residents in the county in which they may be hunting in are considered as non-residents in that county and must have their hunting license.

This office is in position to secure fish, game, and birds of different varieties and will be glad to do so for anyone that wishes them and is in position to properly care for them. Everything furnished such as fish, game, and birds are free and cost nothing to the parties receiving them.

Capt. Maddux is Adjutant to the 2nd Battalion 131 Field Artillery 36th Division; was formerly an officer of the 144th Inf. and during the world war an officer in the Marine Corps. Capt. Maddux has won the Texas State Championship in rifle marksmanship for the last three years and says he is going to join the local rifle club if he will be admitted. He was a member of the Texas Rifle Team at Toledo, Ohio, for the past three years, being also a member of the U. S. Service Infantry Teams of 1922 and 1923. The first member of the 36th Division to be awarded the Distinguished Marksman Medal, which was ordered presented him the 6th of May this year.

A. L. Moore, who is the assistant commissioner is a new employee of the state department and his former home is in Fort Worth.

#### COLLEGE STUDENT WILL STUDY MUSIC IN CHICAGO

Herschell Coffee will leave today for Chicago where he will study violin with Herbert Butler in the American Conservatory of Music. He will also take instruction in band instruments and directing. Coffee will return in the latter part of August. He is well known locally for his musical talents and has appeared in most of the College lyceum programs in various Panhandle towns.

#### BAPTIST STUDENT WORKER WILL BE HERE FOR SUMMER

### Big Monument Will Be Unveiled at the Adobe Walls Battle Ground

Arrangements for the unveiling of the monument at the Adobe Walls battle ground on June 27 have been completed. Judge Nelson A. Phillips, formerly of the supreme court bench in Texas, will deliver the chief address. Judge T. F. Turner of Amarillo, president of the Panhandle-Plains Historical Society will be master of ceremonies.

Others who will appear on the program are W. E. Connelley, secretary of the Kansas State Historical Society; Joseph B. Thoburn, secretary of the Oklahoma State Historical Society; J. A. Hill, president of West Texas State Teachers College; Mrs. Olive K. Dixon, of Miami; and F. P. Reid, mayor of Pampa. The formal program is under the direction of the Panhandle-Plains Historical Society. A barbecue and rodeo will be features of the celebration. Several thousand people are expected to attend.

The West Texas State Teachers College band will be present and will furnish music for the occasion.

Work on the concrete base for the monument is being done at the present time. The monument will be a large granite block bearing upon its face the names of the men who participated in the battle fifty years ago.

### Former Deans Put In Positions Held in Other Summer Terms

President J. A. Hill recently announced the names of the deans of men and women who will look after the affairs of the summer students.

Miss Mary E. Hudspeh has resumed the office of Dean of Women. She will be assisted by Miss Jennie C. Ritchie, who was acting dean during Miss Hudspeh's absence last summer. Miss Hudspeh's office is in room 307, her telephone number is 217. Miss Ritchie has her office in room 214; her telephone number is 177.

Prof. L. F. Sheffy, who has been working toward his Ph. D. degree in Chicago University, will resume his duties as Dean of Men. He offices in room 201 and may be communicated with by phoning 194.

Students are urged to familiarize themselves with the deans' regulations, which are printed in the Buffalo Handbook.

### SENIORS PLANT VINES AS CLASS DAY EXERCISE

One of the last official acts of the Class of '24 was the planting, with appropriate ceremony, of ivy vines beside the east and west wings of the College building.

After the Alma Mater had been sung, Carriewood Cleveland recalled the class history and Paul Johnson gave the class prophecy. When the woad-bine plants were properly set, Joe Lancaster made the dedicatory speech in which he expressed the devotion of the class to its Alma Mater. President J. A. Hill made a talk in response. The ceremony was concluded by the singing of Auld Lang Syne.

### AWARDED SCHOLARSHIP

STELLA B. RUSK

Miss Stella Rusk of Canyon, daughter of Mr. and Mrs. L. Rusk, is winner of the Board of Regents Scholarship.

Miss Rusk, a junior this year, has an unusually high average in academic work. In addition she carries a heavy share of student responsibilities and is prominent in organization activities. This session she was named the most versatile girl by the students of the College. Her tudent activities included many class and club offices and also membership on a literary society debating team.

During the 1924-'25 session Miss Rusk will be literary editor of Le Mirage—a position in which she did excellent work during the term just concluded.

## BAPTISTS SEEK AID OF HOME MISSION BOARD FOR THE ERECT OF MODERN CHURCH TO MEET LOCAL DEMANDS

Rev. Lyn Claybrook, pastor of the local Baptist Church left Saturday for Atlanta, Georgia, where he is meeting this week with the Home Mission Board of the Baptist Church.

Rev. Claybrook is laying before this Board the needs of the local church in its efforts to take care of the large number of students attending the College.

The accompanying cut shows the present Baptist Church, a frame building, with one room. It is located ten blocks from the College. The church has bought lots east of the public square for the location of the new church being asked for.

Approximately 800 Baptist students

attended the College last year. There have been 3,500 Baptist students in the College during the past 14 years.

Rev. Claybrook is telling the Mission Board that the Baptist Church has one of the greatest opportunities offered by any town in Texas.

## Wayside Items

Weather is fine, light local showers and mists. No general rain.

Wheat seems to be ripening fine, green to the ground. Farmers are anticipating a fair yield. Some are planting cotton.

## ENGRAVING COMPANY SAYS LE MIRAGE IS AMONG BEST

In a letter to Prof. T. M. McCarter, business manager of Le Mirage, Roy J. Beard of the Southwestern Engraving Company states that it is the opinion of the engravers that the W. T. S. T. C. yearbook is the best Teachers College annual published this year. Mr. Beard says: "Your staff was able to put a little more into the book in the way of time, thought, and finances than most of the others and very naturally made a fine book of it."

## Lieutenant Governor Spoke Yesterday on Issues of Campaign

Lieutenant Governor T. W. Davidson spoke yesterday afternoon at the court house to a good sized audience of voters upon the issues of the campaign. He asked for a show of hands as to the kind of talk he would make—either on the educational system, or upon the general issues of the campaign. According to the show of hands, the latter prevailed in choice.

The Governor regretted the fact that not over 60 percent of the Texas voters would go to the polls in July.

He analyzed the taxes of Texas to show that a very small percent goes to the state treasury, in comparison to the local taxes.

He stated that the university was not a rich man's school. He favored a good school system from the little country school up. He believed in the country school as a means of bringing back prosperity to the farm.

The believed that better schools and better roads should go hand in hand.

The prison system should be self-sustaining.

He spent about half of his time discussing Lynch Davidson.

He explained the endorsement given him by the Farm-Labor party at Dallas.

The Governor believes that he and Felix Robertson will be in the second primary.

He explained at length his official acts while acting governor for fifty-two days; the pardons he had given, and the efforts made to enforce the law.

## STUDENTS ACCEPT POSITIONS IN PANHANDLE SCHOOLS

## REED-GASS WEDDING.

Miss Annette Reed of Girard and Roscoe Gass of this city were married yesterday in Amarillo by Rev. Haynes of the Methodist Church.

Both of these young people are well known in Canyon. The bride has been a very popular student in the College, and last year was elected as the College Beauty. The groom came to Canyon two years ago from Hereford and is associated with his brother-in-law, N. E. McIntire, in the City Pharmacy.

Those attending the bridal couple were, Dr. and Mrs. A. T. Reed of Girard, parents of the bride, Mr. and Mrs. Ralph Harter, Logan Haynie, Roscoe Davis, Miss Joe Cantrell and Miss Imogene McIntire.

## ROGERS-GOODNIGHT WEDDING.

Hayden Goodnight and Miss Larkie D. Rogers were united in marriage at Vernon, Texas, by Rev. W. F. Cox on May 31. The bride attended school in W. T. S. T. C. during the session just closed. She is the daughter of Mr. and Mrs. J. H. Rogers of Harold, Texas.

Mr. Goodnight enrolled in the College in 1922 for the regular and also for the summer session. He was identified with debating between the societies and other organization work. This year he taught school near Shamrock.

Mr. and Mrs. Goodnight are now in College, and will probably enroll for the fall term also.

## FORMER STUDENTS MARRY.

Announcement has been received in Canyon of the marriage of Miss Thelma Forest Jones to Mr. Horace Ebb Coffman on Saturday, May 31, at Abernathy, Texas.

The bride attended College here for three years, and is the daughter of Mr. and Mrs. John O. Jones of Abernathy. She will be remembered especially for her musical talents and her interest in literary society work.

The groom was in school during the past year. He came here from Panhandle A. & M. at Goodwell, Oklahoma, and immediately established himself in the favor of the student body.

Mr. and Mrs. Coffman will make their home in Goree, Texas.

## LOCAL WOMEN TO HELP EDIT ISSUE OF DAILY PAPER

The Amarillo Globe for July 15 will be published by the members of the Panhandle Penwomen, a club of writers. Each town which has in it a member of this organization will be represented by a page or more in the special sixty-page issue.

Miss M. Moss Richardson of the department of English and Mrs. T. Y. Reeves are members of this organization. They will furnish the material for the Canyon page and will write several other articles as well. The Teachers College, the Palo Duro Canyon, the resources of Canyon and its interesting people will be featured.

Miss Richardson will write an article on "Women in Literature," and Mrs. Reeves one entitled "Women in Education," which will appear in the magazine section. Mrs. Reeves is also contributing an article on birds and one on the Palo Duro Canyon for the out-of-door section of the paper.

Fish are being studied as a possible source of insulin supply. Scientists hope that aquatic specimens may afford purer brand of the famed diabetes cure than is now obtained from mammals.

Pauline Rice has returned from the University of Chicago after receiving her B. A. degree this spring.

## THE STATE OF TEXAS, County of Randall.

To the Honorable Commissioners' Court of Randall County, Texas.

Now comes Mrs. Q. V. Conner, widow of L. G. Conner, deceased, and W. H. Lewis, who reside in Randall County, Texas, and S. P. BUTLER, who resides in Chaves County, New Mexico, and respectfully show to your Honorable Court as follows, to-wit:

That Mrs. Q. V. Conner is the owner of that portion of Section No. 33, in Block No. B-5, Certificate No. 15-3556, Houston & Great Northern Railroad Company lands situated in Randall County, Texas, and more particularly described as all of Blocks Nos. 14, 15, 16, 17, 18, 19, North Half of 20, 21, 22, 23, 24, 25, 36, 38, 38, 39; 40 and 41, and being a part of the Conner Addition to Canyon City, Randall County, Texas, and has owned the same since September 1st, 1900;

That S. P. Butler is the owner of that portion of Section No. 33, in Block B-5, Certificate No. 15-3556, Houston & Great Northern Railroad Company lands situated in Randall County, Texas, and more particularly described as the South Half of Block No. 20, of the Conner Addition to Canyon City, Texas, and has owned the same since the day of \_\_\_\_\_ and \_\_\_\_\_;

That W. H. Lewis is the owner of that portion of Section No. 33, in Block No. B-5, Certificate No. 15-3556, Houston & Great Northern Railroad Company lands situated in Randall County, Texas, and more particularly described as all of Blocks Nos. 33, 34, 35, 48, 49 and the North Half and South-east Quarter of Block No. 50, of the Conner Addition to Canyon City, Randall County, Texas; and has owned the same since the 10th day of November, 1919;

That on or about the 21st, day of April, 1910, L. G. Conner and wife, Q. V. Conner caused a plat thereof to be made and recorded in Randall County, Texas, as is fully shown in Volume 21, Page 369, of the Deed Records of said County, to which reference is here made for a full description of said plat;

That the land described herein is situated in the center and Northeast part of said plat, and that none of the Streets or Alleys in that part have ever been opened and used as highways, and that they have not been formally accepted by Randall County or any other municipality as highways, but as a matter of fact all of that portion of said Section 33 is now in cultivation

and pasture land; that your petitioners as such owners are desirous of cancelling that part of said map and plat and embracing the blocks described above, and throwing the same back into acreage property as it existed before such subdivision into lots and blocks, streets and alleys was made.

That your petitioners still own all that portion of said Conner Addition as set out above, as located in Randall County, and that the cancellation of that part of the said Conner Addition will not interfere with the established rights of any person whomsoever.

Wherefore, your petitioners pray your Honorable Court take such action, give such notices and enter such Orders as may be proper or necessary for the cancellation of that part of the map and plat to said Conner Addition described in this petition, and throwing the property above mentioned back into acreage.

This 14th, day of May, A. D. 1924.  
Q. V. CONNER  
W. H. LEWIS  
S. P. BUTLER.

And upon due consideration it is ordered by this Court that said application and petition be heard and further considered and action taken thereon at the next regular term of this Court, to-wit: And that any person or persons interested in the land therein described be commanded to appear at said time to protest if so desired against the action prayed for by the petitioner.

Said application and notice of such hearing and action shall be published in some newspaper, published in the English Language in said County, for three weeks prior to action on said application as is provided by law; and a true copy of this order containing said application as above set out shall be published as the application for the relief prayed for; and as a order of this Court giving notice of the time that the court will take action upon said application and the Clerk of this Court shall issue legal notice of such hearing.

## Child-birth

WHEN the Little One arrives, you can have that moment more free from suffering than you have perhaps imagined. An eminent physician, expert in this science, has shown the way. It was he who first produced the great remedy, "Mother's Friend." Mrs. C. J. Hartman, Scranton, Pa., says:

"With my first two children I had a doctor and a nurse and then they had to use instruments, but with my last two children, I used 'Mother's Friend' and had only a nurse; we had no time to get a doctor because I was! very sick—only about ten or fifteen minutes." Use "Mother's Friend" as our mothers and grandmothers did. Don't wait, start today, and meanwhile write to Bradfield Regulator Co., B.A. 78, Atlanta, Ga., for a free illustrated book containing information every expectant mother should have. "Mother's Friend" is sold by all drug stores—everywhere.

**AUDITORIUM OF METHODIST CHURCH TO BE COMPLETED BY TIME OF OPENING OF THE COLLEGE IN SEPTEMBER**

The accompanying cut shows the new \$60,000.00 Methodist church as it appeared last week before the Spanish tile roof was started. The roof is now on the east side (shown in this picture) and is rapidly going on the west side.

The Church Board of Extension, which is making a gift of \$25,000 to the church has urged the completion of the auditorium by the time the College opens this fall so that services may be held in the new church by that time.

A general meeting of the church members was held Monday night with the building committee and this plan agreed upon. All of the art glass for the auditorium has been contracted for

by different parties who are placing windows in the new church as a memorial to departed relatives or friends, and work has started upon the manufacture of these fine windows.

This church building is said to be one of the best and most substantial in West Texas.

**NOTICE OF ELECTION**

Whereas, a Petition has been presented to the City Commission of the town of Canyon, signed by Twenty citizens and qualified voters of said town of Canyon City, Randall County, Texas, petitioning the City Commission of said town of Canyon City that an Election be held as soon as practicable for the purpose of submitting to the legally qualified voters of said town the question of whether or not power shall be conferred upon the City Commission of said town to close that portion of Tenth Street in said town of Canyon City, Texas, between the South Line of First Avenue and the North Line of Second Avenue, in order that the Santa Fe Railroad Company may erect a new brick or concrete, or brick and concrete depot in said street; and,

Whereas, on the 2nd day of June, A. D. 1924, said petition was considered by said City Commission, and on said date a resolution passed granting same and directing that an election be held in said town of Canyon City on the 25th day of June, A. D. 1924, for the purpose of submitting said question to the legally qualified voters of said town of Canyon City, and directing the mayor of said town of Canyon City issue notices of said election as required by law.

Now therefore, Notice is hereby given that an Election will be held at the City Hall in the town of Canyon City, Randall County, Texas, on the 25th day of June, A. D. 1924, within the hours prescribed by law, for the purpose of submitting to the legally qualified voters of said town of Canyon City, Texas, the question of whether or not power shall be conferred upon the City Commission of the town of Canyon City to close that portion of Tenth Street between the South line of First Avenue, and the North line of Second Avenue, in order that the Santa Fe Railway Company may erect a new brick or concrete, or brick and concrete depot in said Street.

Attest:  
Pearl Jenkins, Secretary.  
C. N. HARRISON, Mayor.

**TWO CLASSES IN NEW CHURCH.**

Owing to the crowded condition in the Methodist Church, two classes will meet in the future at the new church building where rooms are being fitted for these classes. Last Sunday there were 106 in the young women's class and 40 in the young men's class. These classes are transferred to the new church. Dr. D. H. Munson teaches the young men's class and C. W. Warwick the young women's class.

**METHODIST SERVICES.**

The Third Quarterly Conference of the Methodist Church will be held Sunday. The Presiding Elder will preach Sunday morning and evening. Worship with us.

### Goodwin is Baseball Captain for '25

At a meeting of this year's baseball team Earl Goodwin, football and baseball star, was chosen to head next year's team. The boys were wise in making "Twin" their captain, for his work behind the bat marks him as a great catcher. He has a wicked whip to second, he nabs them all, is a good hitter, and above all he knows how to get the most out of a pitcher. His attitude of good fellowship, his "never-say-die" spirit, and his ability to lead athletes are the ear-marks of a real captain.

One of the most successful baseball seasons that this school has had was the one just closed. The biggest weakness was in the box; our hurlers were all men of the right-handed variety and while they always started off well, as a rule they would lose themselves in the pinches. However, we did have as strong a hitting aggregation as ever wore the Buffalo colors, and time after time our pitchers were saved from defeat only because of the wonderful hitting ability of the team as a whole. It was Buffalo style this year to start right in the first inning and bunch hits and garner so many runs that it kept the opposing team busy trying to overcome a handicap. The Buffaloes played a total of fourteen games and by hitting and slugging the pill to all corners of the lot, they captured the long end of the score in ten of these contests, dropping the remaining four to worthy opponents.

Mitchell, one of the greatest athletes who ever donned the maroon and white, headed the batting average with a percentage of .482 and the following batted .300 or better: Law Sone, Grady Burson, Lewis Hill, Earl Goodwin, and Myrl Goodwin, the rest of the line-up hovered close to the .200 mark.

Tabor, slow-ball twirler, lead the pitchers' record, being credited with five wins and no losses. Ab Sone won three and lost two, Vaughn won three and lost two, Grady Burson and Earl Goodwin acted as relief pitchers occasionally. The record of Vaughn is outstanding due to the fact that his work in the first of the season was not up to his real form, and the last two games at Roswell were won because Vaughn was ready with the stuff when needed. He relieved Sone in the first game about the fourth inning and held the Cadets hitless the rest of the contest. In the second game he relieved Tabor, who was jerked just in time to save his 1000 per cent record, and again the soldiers failed to solve his servings and he held them scoreless, while his teammates slammed the old apple all over the parade ground, and thus the last two games were won. 1925's team promises to be a great one, and coach Eckhardt and captain Earl Goodwin are determined to cop the T. I. A. A. championship.

#### LIBRARY FILES MORE THAN HUNDRED MAGAZINES

More than one hundred current magazines are on file in the reading room of the College Library. These magazines constitute the choice publications of the American press.

The subscription list includes magazines in the fields of literature, science, education, fine arts, and sports. In addition there are popular publications and news digests and reviews.

Local, county and state newspapers are placed on file as soon as received. Much of the students' spare time is spent in the reading room of the library.

### Tennis Will Be Very Popular This Summer

That tennis will be the major sport at W. T. S. T. C. this year is indicated first by the condition of the courts and second by the interest shown. The courts have been given a general working-over and are now in professional condition. Nets and backstops have been repaired, the alleys all distinctly marked, and the apparent fastness of the ground will help produce some great playing. Interest in tennis is prevalent everywhere, tennis rackets were to be seen on almost every suit case of the new arrivals. And too, the crowds that are taking advantage of the offerings of this sport shows that tennis is coming into its own. The science, skill and experience that tennis requires affords a great outlet from the daily routine of college life.

Otello Herm, Billie McClure, Merle Jenkins and Willie McCarty, all stars of the past season, are with us and will help to intensify the general interest in the game. A tennis club will be organized and tournaments held.

### Mrs. Lang Requests Students to Submit Verse for Anthology

Original verse turned in by students during the past term has shown evidence of much interest and some ability in things poetic. The result is a file of student verse suggestive of the thinking and temperament of the student body.

The idea has occurred to Mrs. Lang to collect such verse through a period of time, and perhaps to publish a pamphlet containing an anthology of the verse written in W. T. S. T. C. Mrs. Lang believes that students and their friends would find such a pamphlet extremely interesting and that the possibility of being included in such an enterprise would stimulate activity in the reading and writing of verse. All students of the College, either present or ex, are invited to send Mrs. Gordon Lang original verse for filing and later consideration. The name of the author should be given and the date, place, and occasion of composition may be noted on the paper also. Only the initials of the students will be used, if they so desire.

**Senator V. A. Collins Believes Education Is State's Main Mission**

Senator V. A. Collins spoke Tuesday afternoon to a small crowd at the court house and again at 3:30 to the students at the College, in his campaign for Governor of Texas.

Senator Collins spoke mainly along educational lines. The constitution provides for a six months school, and yet the legislature does not provide for a six months school. It usually provides for only a four months school.

He doubts very much if taxes may be reduced. Money may be saved in the states administration, but this money saved should be diverted into the school fund.

Education of the citizenship is the big mission of the state, believes Senator Collins. The teachers of the state have the burden of the Texas citizenship. Teachers' salaries are too low and must not be further reduced.

Senator Collins states that the governor hasn't as much power as some people usually think. He can give a policy only, and then it is up to the legislature to favor or reject this policy.

Senator Collins states that all of the candidates for Governor have legislative records except Judge Robertson. He asks the voters to look into these legislative records, and then vote for the best man. While in the senate he was author of the workman's compensation law; fifty-four hour female labor law; statewide statutory prohibition law; the eight-hour law; and was co-author of the primary woman suffrage bill.

**Judge Felix Robertson Spoke Tuesday Morning at College Chapel**

Judge Felix Robertson, candidate for Governor of Texas, came to Canyon Tuesday morning and spoke at the chapel period of the College. A number of voters from the city received word of his coming and attended the chapel period. Judge Robertson is not speaking at so many of the towns in this section as the other candidates.

Judge Robertson announced that he was opposed to increased taxes, the open port bill, the creation of new offices law violators extravagance, vice, sin and crime, lynching and whipping, foreign immigration and the liquor traffic.

He stands in favor of strict law enforcement better schools, free textbooks, prison system reform, state insurance plan, better public roads, homes for tenant farmers, help for ex-servicemen, organized labor.

Judge Robertson was endorsed by the Klan.

**MISS MINNIE PIERCE MARRIED**

JUNE 4th AT SONOITA, ARIZ.

June, the month of roses, must have been chosen by Dan Cupid as the month of all months of the year when the lovers whom he selected to become life-partners should plight their troth at the altar. Nature herself enters into the plan by giving up her richest floral offering and the happy married pair veritably are sent on their way.

"Their path strewn with roses."  
 Word was received in Canyon announcing the marriage of Miss Minnie Pearl Pierce to Edward LeGendre on June fourth at Sonoita, Arizona. Immediately after the ceremony, Mr. and Mrs. LeGendre left on an overland honeymoon trip to Mexico City and to California.  
 The bride is the daughter of Mr. and Mrs. L. A. Pierce, pioneer ranchman of this county. She is a graduate of the College, class '21. She was a successful teacher, having taught one year in Happy, and two years in Arizona. The groom is a successful merchant in Arizona.  
 Contributed.

**E. I. HILL JR. MARRIED.**

At almost the same hour that Frank P. Hill and Miss Mae Howard were being united in marriage at Plainview, Frank's younger brother, E. I. Hill Jr. and Miss Grace Johnson were married at Sweetwater. Neither of the boys knew of the other's intention of getting married at this time.

E. I. Hill Jr. was employed by this paper for a few weeks last fall, but returned to assist his father Editor E. I. Hill, with the Tahoka News, and later went to Sweetwater where he is employed by the Focht Printing Company.

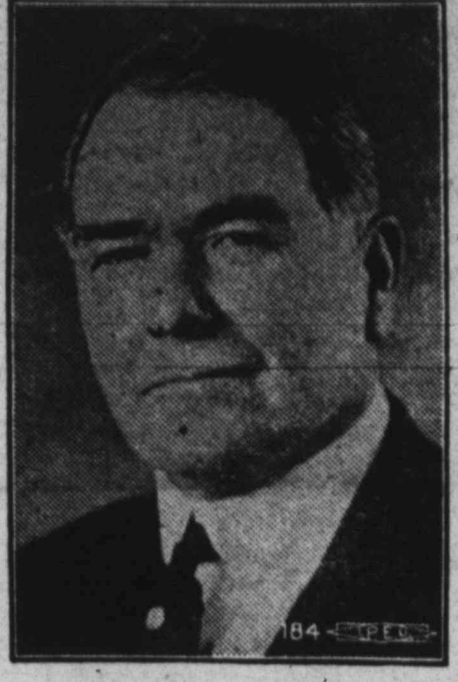

**CARD OF THANKS**

We wish to express our thanks to the many friends for their kindness and sympathy during the illness and loss of our wife, mother and daughter, and for the many beautiful flowers.

W. W. KUEHN  
 MR. AND MRS. G. HARR.

Son, Build, and Live in Canyon.

**SPOKE HERE TUESDAY**

SEN. V. A. COLLINS

The old German stork, with his black wings, white breast and red bill—the colors of the old German empire—is reported to be disappearing. They returned in numbers from Egypt to Germany each year, but since the war their numbers have decreased.

**Stomach Distress?**

Galveston, Texas—"One year ago I was suffering with indigestion. Everything I ate hurt me and I had almost constant headache. I tried several remedies which did me no good. Then I decided to try Dr. Pierce's medicines. I took the 'Golden Medical Discovery,' which was high-ly recommended for stomach trouble, and the 'Favorite Prescription,' a celebrated feminine tonic, and I improved right from the start, and by the time I had taken a few bottles I was well."—Mrs. Jas. J. McNamara, 723 Ave. I. Obtain Dr. Pierce's Remedies now from your nearest dealer. You will soon feel their beneficial effect.
