VOLUME NUMBER XXVIII

CANYON, RANDALL COUNTY, TEXAS, THURSDAY, JULY 10, 1924.

NUMBER 15

HAIL DAMAGE WILL RUN QUARTER MILLION OF DOLLARS

MOST EXTENSIVE HAIL IN HISTORY OF THIS COUNTRY.

Extends from Bushland to Dimmitt, in Section Eight to Twelve Miles in Width Thursday Evening.

The most destructive hail storm in the history of this country did damage amounting to at least a quarter million dollars, and the loss may run even much higher than this if all of the losses could be truly ascertained.

Some farmers in the Umberger vicinity stand a loss of from three to ten thousand dollars, and there are scores whose loss amount from a few hundred to a thousand.

The hail covered a much larger territory than ever before seen in this section. It is known that the hail started in the Bushland vicinity, and extended fifty miles south to Dimmitt. It covered a territory from eight to twelve miles wide, which in itself makes this a record breaking hail.

This section is subject to hail storms, but the territory covered usually consists of only a few sections—one or two miles wide, and probably three to five miles long. It is believed by old time residents that the hail of Thursday night was never equalled since this section was settled.

Hill stones fell as large as hen eggs. Large sized hail, as big as a plum covered the ground for many hours after the hail. Young chickens and jackrabbits were killed in the path of the storm. The growing crops were beat into the ground, but the big loss comes from the grain crop, harvest just having started.

Wheat in the Umberger section was making from fifteen to thirty bushels to the acre. The fields after the hail were as clean as if a mowing machine and rake had passed over them.

A large percent of the wheat carried no insurance in the Umberger vicinity. The row crops and cotton were wiped out, and these will have to be replanted. Lists were started in a large number in the fields after the hail, but it is so late that practically none of the cotton in this section will be replanted.

Tony Beckman states that he has lived on his place for sixteen years and that this is the first time he has ever had a hail of any consequence.

A heavy rain of from two to three inches followed the hail storm.

Later reports indicate that the hail reached as far north as the Canadian river and cleared up crops on the big Fuqua ranch. It has not been ascertained whether this was the same hail storm or that the Canadian river hail was from another cloud.

Ballots for Primary Are Ready for Absentee Voters of the County

The County Executive Committee prepared the primary election ballots Monday for absentee voters who had applied for these ballots.

Under the law, voters who will not be in the county upon the date of the primary election may cast a ballot by applying to the County Clerk for these ballots. This voting must be done not longer than twenty days, nor a period less than ten days before the primary election. A large number of Randall county voters who will not be here primary date, July 26th, will vote under the primary law. Their ballots will be canvassed on primary election day at the same time other ballots are counted.

BOARDING HOUSE KEEPERS

At the beginning of the second term of the Summer Session, July 15, we expect to enroll a hundred or more new students. People who desire to rent rooms or furnish meals to such students should telephone Mr. Lockhart, Phone No. 204.

W. E. LOCKHART,
Chairman Boarding House Committee.

COMPANY F LEAVES.

Company F entrained Friday morning for Galveston to spend two weeks in the annual encampment.

Captain H. C. Gamble and fifty-five men made the trip to camp. Lieut. J. W. Kleinschmidt and Lieut. H. O. Price was unable to make the trip.

Of India's 155,000,000 women, only two per cent can read.

Monthly Luncheon of Chamber Commerce to be Held Tuesday

Surveying the accomplishments of the past six months, the Chamber of Commerce will take stock of itself at its first semi-annual meeting and banquet, to be held at 7:30 Tuesday evening at Hale's Park.

A detailed report of the activities of the organization and the progress of Canyon for the period will be made by Louis F. Hart, manager; short talks will be made by members of the board of directors and plans will be laid for the Dollar Day-Candidate Day celebration to be held the following week.

While it was generally agreed by the directors at the outset that visible results could scarcely be expected before the end of six months or a year, it is believed by those in close touch with the workings of the Chamber that some results are beginning to appear even now. What these results are and what may be expected in the remainder of the fiscal year will be presented to the membership.

The menu for the banquet will be similar to that at the depot celebration held at Wragge's Park last month, and provision is being made to see that no one will fail to get more than his money's worth, it is stated. The park itself will be a place of interest, as it is being put rapidly in shape as a tourist and recreation resort by the management. A new dam is being built now and should be completed by the day of the banquet.

O. W. Degarimore, one of the men putting up the gin here, and D. Walker, who will be manager of the gin, will be present and will be introduced to the membership. Mr. Walker is arriving in time to superintend the installation of the gin machinery.

Members of the Chamber of Commerce are urged to turn out in force and to bring with them suggestions for improving the work of the organization.

College Band Will Enter Young Woman in Tri-State Fair Pageant

Mike Hollander, director of the Pageant of the Plains to be staged during the Tri-State Fair at Amarillo, was in the city yesterday in the interest of the Pageant.

The College Band will enter one of the College young women in the contest for the automobile to be given away during the Fair.

Mr. Hollander asked that Canyon furnish a float for the big parade, and this has been promised by the Chamber of Commerce.

ELECTED DEMONSTRATOR.

Miss Bertie Lee Burkhalter has been elected county demonstrator of Lamb county and took charge of the work July 1st.

Miss Burkhalter received her B. A. degree from the College in May. She has been a successful teacher for a number of years and well understands the county demonstration work.

W. M. S. MEETING

W. M. S. of the Methodist Church will meet at the home of Mrs. J. M. Craig, July 15th in the regular social meeting. A short business session before the program.

Opening Fields in the Open Country. Hymn—"There is a Land of Pure Delight."

Devotional—Bible Lesson: "The Resources Opened by Prayer."
John XV. 7-16; Mat. XV. 28.

Leader—Mrs. R. McGee.
Missionary News Bulletin—Mrs. V. Teak.

Piano Solo—Miss Ola Mae Robeson.
Missionary Topic: "The Illumined Task in the Rural Community"—Mrs. M. M. Beavers.

The Gospel Ford in the Rural Community—Mrs. Rockwell.
Reading—Lenna Foster.

Engine and Boiler for Gin Shipped—Construction Man Coming

The engine and boiler for the new gin was shipped this week and is expected to arrive within a few days.

Mr. Hogan and his construction superintendent are expected to arrive during the coming week and start construction on the gin building.

The office building is practically completed.

HIGH SCHOOL FACULTY IS LARGELY DEGREE HOLDERS

WILL LEAD STATE IN PERCENTAGE FOR SIZE OF TOWN.

Eleven of the Twenty-one Teachers in Public Schools for Coming Year Are Holders of Degrees.

Miss Winnie Mae Crawford has been elected teacher of Latin and English in the Canyon high school, following the resignation of Miss Vivian Coffman.

The faculty of the school is complete for the opening of the year's work on the second Monday in September. There will be nineteen teachers in the school the coming year, ten in the grades and nine in the high school, including Sept. A. D. Payne.

Of the nine high school teachers, seven hold degrees. Six of these seven degree people are from the West Texas State Teachers College, and one from the University of Texas.

In the grades, two of the ten teachers hold degree, both from Baylor University. The other eight teachers all hold permanent certificates and all but two of the eight are in school this summer working toward their degrees.

The State Education Department requires one-third of high school teachers to hold degrees. It is unlikely that there is another town in Texas the size of Canyon that can boast of having so many high school teachers with degrees.

The degree record is further improved by the fact that both the Expression teacher and the Music teacher for the coming year hold degrees. Neither of these teachers are on salaries, but are paid by tuition from their students, but both are named by the board of trustees. If these two teachers were doing exclusive high school work, the Canyon school could boast of nine degree teachers out of eleven. Of the twenty-one teachers who will be in the public schools next year, eleven of them will hold degrees, and school authorities in Canyon are certain that no school in Texas can show such a good record.

The trustees have ordered equipment for the Chemistry laboratory, this laboratory having been omitted last year on account of the lack of finances. The school has credit in Chemistry and this subject will be taught again next year.

The board of equalization, composed of G. G. Foster, W. D. Smith and A. M. Smith will start work on the tax rendition blanks during the coming week.

Petition for Paving Third Ave. Presented to Property Owners

The petition for paving Third Avenue from Tenth Street to Twentieth Street will be circulated among the property owners this week by W. A. Warren and Louis F. Hart.

Mr. Warren states that the citizens on this Avenue have been talking of paving for several months, and the attempt will now be made to get their signatures on the petition which is necessary before the paving may be started.

For the present the paving project on Sixth Avenue has been dropped.

L. A. Knight of Plainview Died Monday—Well Known in City

Word was received Tuesday morning by L. T. Lester of the death of L. A. Knight of Plainview. Mrs. Knight is a cousin of Mr. Lester.

Mr. Knight was a pioneer settler of Hale county. He is well known in Canyon, having visited here often and been connected with various business enterprises of the Plains county. He organized the First National Bank of Plainview. He was president of the Third National Bank at the time of his death.

Mr. Knight has been in bad health for several months and was in Missouri at a health resort at the time of his death.

The body is being brought to Plainview for the funeral.

O. W. H. Cook was a business caller in Amarillo Tuesday.

BURRIS WHEAT IS MAKING 36.6 BUSHELS TO THE ACRE

HARVEST DELAYED WEEK BY WET WEATHER.

Quality of Grain Lowered by Rains—Yield Much Higher Averages Than Estimated.

S. J. Burris set a new high record this week for wheat production when his average went to 36.6 bushels to the acre. It was reported yesterday that Mr. Burris will raise this average on wheat which he started to cut yesterday, which seems to be much better.

The quality of the wheat and grain generally was cut this week by the ten days of rain. Oats coming into the elevators yesterday were soggy as a result of the cloudy, damp weather.

Thirteen car loads of grain were shipped from Canyon last week. This is a good record considering the fact that practically no grain was cut for a week. The harvest got under headway again Tuesday after a ten day lay off. All of the grain is ready for harvest now.

Wheat over the county is running from 12 to 36 bushels; oats from 15 to 40 bushels; barley from 20 to 25 bushels.

There was a drop in the price of grain this week. Wheat is quoted at 95¢; oats 45¢; barley 60¢.

R. A. Bellah states that his son, Alfred made 30 bushels on his wheat. His rye made 15 bushels, but is of the finest quality he has ever seen. The cotton on his place is doing exceptionally well since the rains.

Baptists of State Will Aid Local Church in New Church Plan

President J. A. Hill, Prof. J. S. Humphreys and Rev. Lyn Claybrook have just returned from Dallas where they met the Executive Board of the Baptist General Convention of Texas in the interest of aid toward building a new Baptist Church in Canyon. They report that not withstanding the fact that the donation has had no policy of aiding churches adjacent to state education institutions the above mentioned Board appropriated or rather designated 3 per cent of the state mission budget for this purpose, thus establishing a new policy. This is a valuable departure and will mean much in the years to come to those churches upon which has been placed the responsibility of ministering to the more than 9,000 Baptist young people in state schools and colleges. This assures that the First Baptist Church of Canyon will receive liberal aid in building an adequate meeting house to take care of the large interest of Baptist in Canyon and the Panhandle. There is now 460 Baptist students in the summer normal of the West Texas State Teachers College.

CAR WRECKED YESTERDAY

Two broken ribs were suffered by Mrs. R. Mott of Yoakum and her husband was severely bruised when their automobile was wrecked on the Amarillo road two miles south of town Wednesday afternoon.

The car had ascended part of the hill when the transmission gave away and it rolled backward down the slope out of control and turned over in the ditch. Three children in the car were slightly injured, according to Dr. C. E. Donnell, attending.

STORK SPECIAL

A daughter was born to Prof. and Mrs. Frank R. Phillips July 5.

FOURTH OF JULY QUIET.

The people of Canyon enjoyed an exceptionally quiet Fourth of July. The heavy rain of Thursday and the cool cloudy weather of Friday put a stop to picnics which were planned for the Fourth.

Practically no fire works were in evidence in Canyon for the celebration of the nation's birthday.

MARRIAGE LICENSES.

D. M. Burgan and Miss Rose Couch July 3.

J. B. Venis and Miss Lillian Milliken, July 7.

JOHN W. DAVIS AND CHARLES W. BRYAN NOMINATED BY DEMOCRATS IN MOST TEMPESTUOUS CONVENTION OF PARTY

The deadlock existing in the Democratic National Convention was broken at 1:26 yesterday afternoon by the nomination of John W. Davis of West Virginia on the 103rd ballot.

The convention adjourned until night in order to have a conference with Mr. Davis, who immediately took charge of the situation. He chose Governor Charles W. Bryan of Nebraska, brother of William Jennings

Your Dollars Will Work Overtime in Canyon July 21st

Dollar Day in Canyon—Monday, July 21st! That is the next big event to keep in mind.

In addition to the Dollar Day bargains offered on the 21st, the day has been designated as Candidate Day, and all of the candidates for public office are cordially invited to appear in Canyon and visit with the voters, and all who will be asked to address the voters for a few minutes.

Mark up the date on your calendar, and be sure to be in Canyon on Monday, July 21st.

Annual Camp of Northwest Texas Girls Starts Saturday of Next Week

Mrs. T. C. Delaney has set the date of the annual Northwest Texas Girls' Camp for July 19th to 29th. The camp will be held at the Walter Cobb place twenty miles southeast of the city.

Mrs. J. B. Smith of Stamford will have charge of the Y. P. M. S. study; Susie Plummer of Chillicothe will be in charge of the piano and orchestra music; Mrs. John E. Eldredge of Matador will teach a study class; Mrs. E. Clyde Smith of Hamlin will be the Camp Secretary; Marie Cole of St. Paul's Sanitarium, Dallas, is the Camp Nurse; Mrs. Geo. W. Truett of Amarillo will be in charge of the swimming and will be assisted by Guendolyn Price of Hereford and Eula Hancock of Canyon; Mrs. J. Frank Potts of Hereford and Mrs. O. P. Clark of Vernon are official chaperones; Mrs. Creola Richbourg Vickers of Midland will be platform manager, assisted by Berta Nobles of Hamlin.

The program includes discussion of five different topics relating to Parent-Teacher Associations:

Monday, July 7—National—Study of the origin, aims, development and results.

Tuesday—State—Its history, departments and division of work.

Wednesday—Local—Working thru three channels by means of departments for various purposes.

Thursday—Co-operating Agencies—State and extension departments, federal county demonstration agents, and elementary parliamentary laws.

Friday—Organization of a Parent-Teachers Association.

Mrs. Harvey Cash, president of the local P-T club, is looking after the welfare of the visitors. The officers of the Eighth District are:

Mrs. J. I. Kendrick, president, Amarillo; Mrs. T. W. Lawson, vice president, Wichita Falls; Mrs. John H. Jones, recording secretary, Canadian; Mrs. J. M. Crain, corresponding secretary, Amarillo; Mrs. Nina McComas, treasurer, Plainview; Mrs. R. G. Glenn, historian, Tulsa; Mrs. J. E. Griggs, district extension chairman, Amarillo.

The purpose of the training course is two-fold: 1. To give parents and teachers the opportunity to know of means that make possible the fulfillment of AIM in teaching; 2. To teach parents and teachers how to work together in the home, school, and community.

The rains have come gently for the most part, and aside from the hail which swept over the west part of the county, there has been no damage to the wheat, oats and barley in the fields.

Contract Let Thursday for the Construction of New Catholic Church

M. M. Egan of Amarillo was awarded the contract Thursday for the construction of the new Catholic Church at the corner of Sixth Avenue and Twenty-first Street.

The new Church will be 32x60 feet, mission architecture, built of stucco, with a tile roof.

As soon as all of the papers are approved by the Bishop at Dallas, work will start on the new Church.

As stated some time ago, a man in Massachusetts is furnishing the money to build this church and will give more to enlarge it as soon as the necessity arises.

Prof. F. P. Guenther states that the Canyon Catholic Church will be under the charge of the Amarillo priests until such time as the congregation increases so as to demand the full time of a priest.

PATSY BRITAIN IMPROVING.

Mrs. P. L. Britain was home Monday from the hospital in Amarillo and reports that her son, Patsy, is recovering slowly. It is thought that he will be able to leave the hospital sometime next week. Owing to the seriousness of the two operations, the physicians have advised absolute quietness for Patsy for several weeks.

Mrs. Britain and Roscoe are staying at the hospital with Patsy.

LARGE NUMBER OF DELEGATES HERE FOR P-T TRAINING

MRS. S. M. N. MARRS IS THE INSTRUCTOR.

College is Host to Members of the Eighth District of Congress of Mothers and P-T Clubs.

Instruction in the Parent-Teacher Training Course started Monday with Mrs. S. M. N. Marrs, president of the Texas Congress of Mothers and Parent Teachers Association, in charge of the class. Delegates of the clubs of the Eighth District of the state organization are here for the school of instruction, which will last through Friday.

A large number of delegates from surrounding towns are attending these daily meetings, and are greatly enjoying the conferences with Mrs. Marrs.

Entertainment of the guests has been arranged by the College and the Canyon Parent-Teacher Association. On Tuesday evening in the auditorium there was a recital by Pearl Calhoun Davis, soprano, complimentary to the guests. There will be a tea in honor of Mrs. Marrs on Thursday afternoon at the home of Mrs. W. J. Fletcher. There was a story hour Wednesday evening under the direction of Miss Edna Haines. At this meeting Prof. R. P. Jarrett made a short address on some phases of education. On Thursday evening the Department of Public Speaking will give a short program in the auditorium.

The program includes discussion of five different topics relating to Parent-Teacher Associations:

Monday, July 7—National—Study of the origin, aims, development and results.

Tuesday—State—Its history, departments and division of work.

Wednesday—Local—Working thru three channels by means of departments for various purposes.

Thursday—Co-operating Agencies—State and extension departments, federal county demonstration agents, and elementary parliamentary laws.

Friday—Organization of a Parent-Teachers Association.

Mrs. Harvey Cash, president of the local P-T club, is looking after the welfare of the visitors. The officers of the Eighth District are:

JOHN W. DAVIS AND CHARLES W. BRYAN NOMINATED BY DEMOCRATS IN MOST TEMPESTUOUS CONVENTION OF PARTY

The deadlock existing in the Democratic National Convention was broken at 1:26 yesterday afternoon by the nomination of John W. Davis of West Virginia on the 103rd ballot.

The convention adjourned until night in order to have a conference with Mr. Davis, who immediately took charge of the situation. He chose Governor Charles W. Bryan of Nebraska, brother of William Jennings

Bryan as his runningmate, and Bryan was nominated on the first ballot at the night session.

Davis appeared in the final meeting of the convention last night and plead for party harmony and unity.

McAdoo and Smith sent short messages of congratulations to Davis. W. J. Bryan clearly showed his disapproval of the selection of Davis as the party's leader.

Mrs. Britain and Roscoe are staying at the hospital with Patsy.

The Democratic convention is making a jackass of the docile party emblem. With the conditions as they exist or will exist if the present convention ever decides to nominate, the party will have about one chance in a thousand to win in November. When McAdoo refused Sunday to abide by the will of the convention, he forever annihilated himself politically, and made laughing stock of his followers who decided to abide by his silly decision. Texas delegates are unfortunately among those who are making themselves ridiculous by the staying by McAdoo long after it is universally known that he will never be nominated. It would seem that the convention has been more interested from the day it opened in disrupting the Democratic party than it has in producing party leaders who would be able to lead a united party to victory in November. It will be well for the Democratic party to make a mental note of the wreckers who are at work in New York and see that they remain at home four years hence.

W. J. Bryan re-enacted the poplar "Casey at the Bat" in the democratic National Convention Thursday in New York. Bryan was called upon to put over a home run for McAdoo. He arose magnificently and in his most charming manner went before the delegates to appeal for the one, who like himself, had quit Woodrow Wilson in the sore hour of need. Bryan appealed in the Bryan magnetic way—only as Bryan can appeal. The ball served him was soaked with oil, and Bryan's home run proved to be a little pop-up, which caused him to retire ungracefully among the howling multitudes of the Garden.

The Ku Klux Klan is carrying on "an educational campaign" in Texas, and asks the newspapers to print the dope being sent out. Monday morning the News received four letters in the campaign, with request that the contents be printed this week. The dope would have amounted to at least three pages of this issue. As a space grabber the Klan promises to be the biggest hog Texas newspapers have ever experienced.

The News has never been, nor never will be for a man standing for booze as presidential candidate of the Democratic party. However, viewed from a wholly impartial standpoint, the strongest man presented to the democrats this year was Governor Al Smith, much as we would have regretted to see his nomination.

The democratic convention agreed on one thing—denounce the republicans, and do it a plenty.

Texas school are interested in the survey of public education being completed in Texas, and are wondering if the educational system of Texas will be raised from its present 38th place among the sister states. Some school trustees are certainly not helping Texas in the solution of the educational problem in their attitude toward the teachers they employ and the salaries paid. It is reported that many school boards on the Plains have reduced salaries this year, and at the same time lowered the standards required of the teachers. West Texas has in the past had the best schools in Texas because higher qualifications were demanded of the teachers. To lower these standards is to lower the standards of the schools. To lower teachers' salaries is the quickest way to lower the teaching standards, and therefore the standards of the schools. We trust that this spirit will not be universal in West Texas.

W. J. Bryan made much of the fact that John W. Davis had served J. P. Morgan as an attorney. Bryan conceded that Davis is a man of high character and exceptional ability, and during the war had given his all for the American cause, serving with honor to himself and his country as ambassador to Great Britain in the closing days of Wilson's administration, which Bryan had himself quit in an hour of need. Bryan discarded Davis because he was a man with sufficient brains to attract the attention of the great Morgan interests. Bryan chose McAdoo, who ever since he quit the Wilson cabinet has served the special interests for gigantic fees. In the sight of Bryan, Davis is unsafe as an attorney for Morgan, but McAdoo a tool of Doheny and other defrauders of the government, is a capable man.

It was announced in flaming headlines that Tom R. Love would support Felix Robertson for governor. Why the announcement. Any one that knows anything about Texas politics and Texas politicians would understand that Klansman Tom Love would support Klansman Felix Robertson in the primary. A poll of the Texas delegation at the national convention would probably show 95 percent of the delegation for Robertson.

It is the field of candidates against Lynch Davidson, whom all know to be the strongest man in the race, and the one who will lead the first primary. Each candidate is centering his attack upon Lynch Davidson knowing that if Lynch Davidson gets into the second primary he will easily be elected governor. The eight opponents of Lynch Davidson are moving heaven and earth to discredit him as a man and as a state official, but have found nothing in his record to discredit him either as a citizen or an official.

When the Democratic convention started in to break records, it did an excellent job. The Democratic convention of 1860 held the record with 57 ballots until the convention of this year.

FOR OVER 200 YEARS

haarlem oil has been a world-wide remedy for kidney, liver and bladder disorders, rheumatism, lumbago and uric acid conditions.

correct internal troubles, stimulate vital organs. Three sizes. All druggists. Insist on the original genuine GOLD MEDAL.

In spite of the fact that the dockets of the higher courts of Texas are crowded and the judges are crying for relief, all of these courts have closed for a three months' vacation, during which time nothing will be done to clear the dockets. There is not another occupation in the world which grants a three months vacation on full pay with nothing absolutely to do. Of course, the judges are not to blame. They are adhering to the system, and if they did the heroic thing and stayed with their jobs during the vacation until the dockets were cleared, all their work would be questioned by the technical lawyers, who would wish to throw it out for having been done during the vacation period. Texas needs a new constitution for many, many various reasons.

McAdoo committed political suicide Sunday when he refused to enter into the agreement to facilitate convention matters and release his delegates. The fact that he took this stand lost him the immediate support of more than a hundred votes and placed him second in the running. At no time did McAdoo have even a majority of the delegates. Whenever a politician thinks he owns his delegates soul and body, he is riding to his own destruction.

Editor Jess Adams is a brewer of distinction. He has made a fortune from alfalfa tea, and will start in December for a ten or twelve months tour of the world with an old time friend. They will visit all of the interesting spots of this earth. We trust Jess will not kill the tea industry of China by inducing all the Chinese to adopt alfalfa tea instead of their favorite beverage.

An organized drive on the jackrabbits is needed in Randall county. The rabbits are eating much valuable grain and working on all growing crops. Of course it will be impossible to rid the country of the jackrabbits, but killing off a few hundred will help very greatly. We believe that all of the men of Canyon will assist the farmers any time a jackrabbit drive is organized.

More than one hundred newspapers in Texas are supporting Lynch Davidson for governor. He has more newspaper support than all of his opponents combined. The people of Texas have been calling for years for a business man to offer for governor, and now the newspapers are going to see if Texas really meant what she has been talking about.

Most of politics is pure bunk, and candidates who hand it out know that they are dealing in bunk. But it tickles the ear, and we Americans like it for that.

If the Democrats can vote as often in November as they did in July, the President had just as well look for a soft place to land.

The nation bows in sympathy with President and Mrs. Coolidge in the loss of their son who died Monday night of blood poison.

Mrs. Jim Ferguson's husband thinks that "we" would make a good governor.

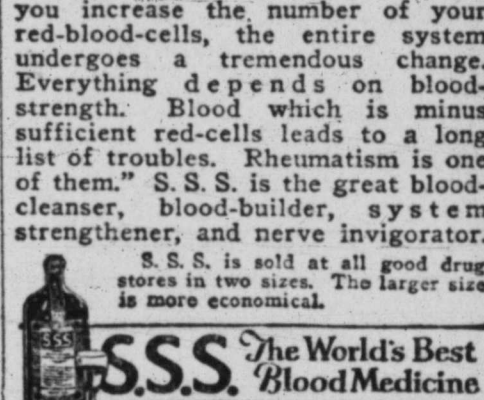

VISITS JACKSON'S HOME

Prof. R. P. Jarrett spoke in chapel Thursday morning. He described in a very clear manner the Hermitage, the home of Andrew Jackson, which is located a short distance from Nashville, Tennessee. According to Prof. Jarrett the fine old mansion is well kept and typical of the colonial period. Pictures, furniture, and relics of the house are in much the same condition that the soldier and statesman left them. The estate is under the direction of the Tennessee Historical Society.

People come from all parts of the United States to visit the home of Jackson, the speaker said, and the halls are never empty.

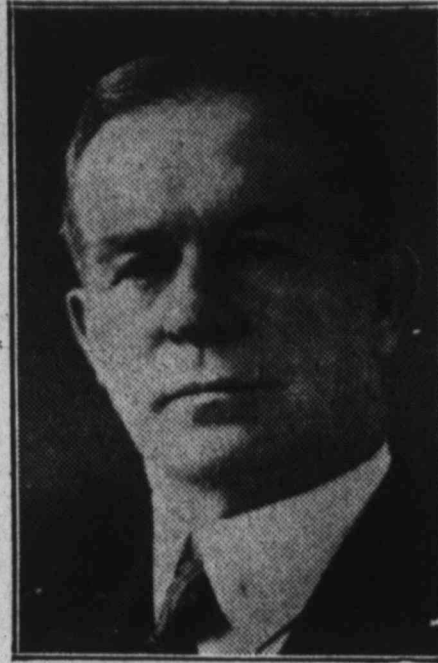

S.S.S. stops Rheumatism

MY Rheumatism is all gone. I feel a wonderful glory again in the free motion I used to have when my days were younger. I can thank S.S.S. for it all! Do not close your eyes and think that health, free motion and strength are gone from you forever! It is not so. S.S.S. is waiting to help you. When you increase the number of your red-blood-cells, the entire system undergoes a tremendous change. Everything depends on blood-strength. Blood which is minus sufficient red-cells leads to a long list of troubles. Rheumatism is one of them. S.S.S. is the great blood-cleanser, blood-builder, system strengthener, and nerve invigorator. S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.

S.S.S. The World's Best Blood Medicine

LYNCH DAVIDSON FOR GOVERNOR

"More business in government and less government in business"; more economy, less taxes, and fewer State jobs; less laws and quicker justice; the State on a cash basis; a saving of ten million dollars biennially in the operation of the State Government; better educational facilities; Texas the banner good roads State at a 50 per cent less cost.

Commissioners Court Addresses the Tax Payers of the County

TO THE TAX PAYERS OF RANDALL COUNTY, TEXAS

In order to correct any erroneous impressions that might be induced by the recent advertisement appearing in the Randall County News, the Commissioners Court wishes to present the following facts, not only to the voters, but to all of the taxpayers of the County:

In the first place, the Commissioners Court did not reduce Mrs. Smith's salary as Treasurer. The Court simply set the salary for the Treasurer beginning next term, January 1st, 1925, at \$50.00 per month. The salary during the remainder of the term of the present incumbent has not been changed. The cut in salary was made, not only as economy, but to cut out inexcusable waste of money. Some counties set the Treasurer's salary so low as to eliminate any candidate for this office, the work of the treasurer being done by the County Depository.

It was stated that the Commissioners Court has been unfair by withholding certain funds from the Treasurer's account. This is a mistake and the facts are as follows:

The Road and Bridge Fund being exhausted, the Commissioners Court made arrangements with the Brown Crummer Company of Wichita, Kansas, to cash the warrants or scrip on the Road and Bridge Fund. All money received from the Brown Crummer Company is paid directly to the holders of the warrants, and is not handled by the County at all. In order to get this done the County arranged with the Brown Crummer Company for a credit of \$30,000.00, but only so much of it as necessary is to be used for refunding warrants are issued to take up the scrip. These refunding warrants bear 6 percent interest and payable serially in one to fifteen years. The 5 percent commission paid for legal fees, preparing the orders and printing the warrants simply amounts to a discount on the warrants of 5 percent for the first year only, which any one familiar with County finances, will admit is an unusually good price to receive for county warrants.

Instead of borrowing \$30,000.00 as was stated, the County has borrowed only \$16,000.00, and this amount has been expended as follows: \$5,375.00 spent to take up old indebtedness incurred in buying road machinery, \$6,761.97 spent on the State Highways, all of which has been received back from the State Highway Department and is now on deposit to the credit of the Road and Bridge Fund, and \$3,863.00 spent on the roads of the County aside from the highways. All of these expenditures are on record in the Commissioners Court minutes including the discount of 5 percent on the war-

rants. The total interest paid on all money borrowed, including the 5 percent discount, amounts to a fraction less than 6 3-4 percent per annum.

This County has been borrowing money during the past several administrations at the rate of 10 percent, and the present arrangement is a saving of 3 1-4 percent.

Had this plan been inaugurated several years ago when it became necessary to borrow money in order to complete Highway No. 33 and to take care of emergency road and bridge work, it would not now be necessary to borrow money to take care of Road and Bridge warrants.

The County Judge and the Commissioners are all bonded officers of Randall County, and their acts, and all the business of the County transacted by them, is on record and subject to inspection by any citizen.

Happy Happenings

Mrs. Andrew Glover and little son of Ranger, Texas, are visiting with her brother, Frank Scott, and family this week.

S. J. Redman, editor of the Happy Herald, has been quite sick this week, but is able to be at his work again.

H. A. Grounds of Amarillo was here Tuesday on business.

Mr. and Mrs. J. F. White and Mrs. W. H. Brown were Plainview callers Wednesday.

J. O. Gillham and H. F. Walters returned Sunday from Dallas where they had been for several days on business.

Miss Alice Mulkey, who is attending school in Canyon spent the week end with home folks here.

Mrs. W. O. Newberry visited the latter part of the week with relatives in Amarillo.

Winfield Miller, who is working in Amarillo spent the week end with home folks here.

Mrs. J. M. Beavers and children left Friday for El Reno, Oklahoma, where they will visit for several weeks.

Miss Vellie Dison and Emit Grounds were Amarillo callers Sunday afternoon.

Mr. and Mrs. F. D. Brown and children and H. C. McWhorter of Fort

Worth and Miss Victoria Mealin of Webb City, Mo., spent Sunday night at the W. H. Brown home here. They are on a pleasure trip to the Grand Canyons of Arizona.

Misses Madie and Lois Whitley and Marjorie Boone and Messrs. Jinks Pyatt and Hubert Horton of Amarillo spent Friday at the Earl Whitley home.

S. J. Redman visited Sunday in Plainview.

Miss Nellie Francy, who is attending the College at Canyon, spent the week end with her parents, Mr. and Mrs. J. R. Francy west of town.

Mrs. T. E. Money and children of Canyon visited with relatives here Tuesday.

Misses Winnie and Pauline Grounds and Mrs. W. O. Newberry visited with friends in Clovis Tuesday.

Mrs. Watler Fogerson of Silverton is visiting with her mother, Mrs. C. P. Money this week.

Mrs. O. M. Fowler went to Floydada Monday. Her children who have been visiting there for the past month will return with her.

Misses Hazie and Louise Brown and Homer Brown and Jessie Gallagher spent Sunday at the C. L. Grounds home west of town.

F. C. Scott was a business caller in Tullia Tuesday.

Wayside Items

Good rains have fallen generally. Stopped harvesting for a few days, but cutting has been resumed; don't seem to have injured small grain much. Considerable grain yet standing, but with suitable weather will all soon be saved.

Farmers are proud of the yields in large number of fields; where pastured, shows plain that make a big difference.

Mrs. John Fairy has suffered much for two weeks with a rising or abscess on her hand, supposed to be caused from a bruise. Dr. McElroy lanced it yesterday, glad to report it is improving.

Time for holding Epworth League has been changed back to Sunday night. Afternoon services did not prove satisfactory. Some of us need to show greater diligence in attendance and interest. "Let's go!"

W. I. Lane made a business trip to Amarillo Tuesday, returning same day.

Mrs. Ada Hamblen returned Sunday night after a visit of a little over three

weeks to Dickens and surrounding counties. Her husband and two youngest children, went for her.

Mr. and Mrs. Hobson Burrows left last Wednesday for Landkershim, Cal., by public conveyance. They came through by car only a few weeks ago.

Mrs. Ida Studer spent the past week with relatives in Canyon, returning Sunday with her son, M. C. Sluder.

J. M. McGehee and Mrs. Bessie Lane have been on the sick list, both are improving.

W. C. Butler and mother, Mrs. Fannie Butler of Tuttle, Okla., reached Wayside Monday afternoon. She is an only sister of W. J. Sluder. They once lived near Wayside and received a royal welcome by relatives and friends of old. They will remain several days.

Mrs. Butler brings reports of grasshoppers eating cotton in Oklahoma; in some instances people have died from eating chickens and fish where they had been poisoned. One man died from mixing the poison with his hands.

Miss Ruby Lee McGehee spent the Fourth of July in Washington, D. C., with friends. She is now at Columbia University, where she will attend a session this summer.

The endowment of the Smithsonian Institution now amounts to approximately \$1,200,000. This principal sum is deposited in the United States Treasury and bears interest at six per cent.

In Northern Germany fossil sea urchins are known as toadstones. Superstition ascribes medicinal virtues to them.

Madelene Vaughn and Dorothy Harris spent the holiday period in their home town—Amarillo.

Two students accepted teaching positions last week. Garland Lewis will teach mathematics and science in addition to coaching football at Littlefield. Virgil Dodson will be principal of the high school at Silverton.

"You've got to educate the American people to what you want to give them. Our forefathers used to have ballyhoos in front of the theater to get the public in. Today methods have changed, but the principle is the same. . . . I don't care anything about the traditional theories of stage production. All I ask is that it (the production) will give me a kick that I think will kick back to the public—but it must be a hell of a big kick."—Morris Gest, tourist.

A storage battery on charge gives off hydrogen gas, and this gas, when mixed with the oxygen, forms an explosive. For this reason one should keep one's face and lighted matches away from the vent of a battery while it is on charge. Use electric flashlight.

To a spectator on our nearest star, the sun and earth would represent a close double star, so comparatively near are the sun and earth.

Candidate Column

The News is authorized to announce the candidacy of the following candidates in the Democratic Primary in July, 1924:

Superfection Oil Cook Stove

The standard size Superfection burners, also Little Giant burners in performance, cooks as fast as the standard size gas burner and is absolutely reliable to the clean and odorless heat which has made this stove so popular in the world. Superfection now adds the cooking speed of gas which removes the last objection of cooking with oil and the most economical and will pay for itself in a short time in the use of fuel over the ordinary oil or coal stove.

Thompson Hardware Co.

Umbarger Notes

Mr. Becker of Decatur, Iowa, is here visiting his daughter, Mrs. Frank Vorwald.

Several good rains fell here during the week. A big hail storm nearly destroyed all the wheat and oats that had not been cut. The hail covered a strip about ten miles wide, about five miles on each side of Umbarger. Many farmers did not have any wheat cut yet. The hail also did much damage to the cotton. It did not hurt the row crop much.

A son was born to Mr. and Mrs. O. J. Polzenny, June 17th. Some farmers are planting row crop since the rain. Clem Friemel was a caller in Amarillo Sunday. Otto Skarke and wife of Tulsa, Ok-

lahoma, are here to visit their friends and relatives.

A son was born to Mr. and Mrs. Paul Artho in the hospital in Amarillo Monday.

LE MIRAGE FOR 1925

Editor J. E. Everts, Haley of the 1925 yearbook has decided to carry out a historical theme throughout the art work. The illustrations will feature western life and give vigor and unity to the book. The students who will do most of the illustrating are now considering drawing and sketches which will soon be started.

Le Mirage was this year proclaimed one of the best annuals published in the state in its class. Given considerably more time and an experienced staff of assistants, Haley expects to better the work done last year.

SAYS KARNAK OFFERS HEALTH TO MILLIONS

Thousands of People Throughout the State are Now Praising the Sensational New Medicine For Benefits Received From Its Use.

Thousands of prominent people throughout the State are now praising the sensational new medicine Karnak. The demand for the preparation has exceeded all previous records, and as new tests of its powers are made, hundreds more are daily adding their endorsements to the thousands already given it.

In explaining the phenomenal success of the medicine, Mr. H. C. Thorburn, President of Standard Drug Products, Inc., recently said: "Before we secured the distribution rights for Karnak in this country we knew that it was a wonderful health-builder and were convinced that it would restore millions of people to the joys of health. Now the public has proved this for itself and people everywhere flock to the drug stores to get it and report benefits from its use that far surpass even their fondest hopes."

"You can tell after the first few doses of Karnak that you are being benefited in a natural, substantial way. These substantial benefits form the fundamental reason for the medicine's unprecedented success."

Mr. Thorburn briefly quoted M. Andre's theories on health and right living as follows:

"Poor health is an unnatural condition. Nature is always working to restore us and with the proper assistance will succeed."

"Millions of people drag through life feeling well only half the time, or weak, sick and miserable day after day with hardly enough strength to keep up, and not knowing where to turn for relief. They are victims of auto-intoxication and mal-nutrition. The vital organs are failing to do their work. The system is being poisoned with impurities that tear down the health, waste the strength and irritate the nerves. The vitality is being destroyed and their lives needlessly shortened."

"To all such people Karnak has proved a blessing."

"M. Andre's aim was to perfect a medicine that would embody all the corrective forces of Nature itself. How well he succeeded is shown by the thousands who are praising the new medicine everywhere it has been introduced."

"It is not unusual for people to say that Karnak has relieved them of troubles that had defied all other treatments for years. That is because Karnak helps the entire system regain its lost vitality, strength and resiliency and enables nature to reassert itself."

Karnak is sold in Canyon at the City Pharmacy.

PROBATE NOTICE

No. 179. Guardianship of Rose Johnston et al. Minors.

In County Court of Randall County, Texas, July Term, A. D. 1924.

Notice is hereby given that I, Sallie A. Hardin, guardian of the estate of Rose Johnston, Henry Lytle Johnston, Winfred Wesley Johnston and Grace Dandling Johnston, minors, have this day filed my application in the above entitled and numbered cause for an order of the County Judge of Randall County, Texas, authorizing me, as the guardian of the estate of said wards, to make a mineral lease, upon such terms as the court may order and direct, on the following described real estate, in and to which said minors own an undivided interest, to-wit:

A tract of land, located in Hutchinson County, Texas, containing 406 1/2 acres, and known and described as the north part of Section 16, Block M-23, T. C. Ry. Co. grantee, fully described in patent from the State of Texas to H. L. Johnston, assignee, recorded in Vol. 12, page 327, Patent Records of Hutchinson County, Texas; the interest of said minors being an undivided four-sixths interest in and to an undivided one-half interest in and to said tract of land.

Said application will be heard by the County Judge of Randall County at the Court House in the City of Canyon, Texas, on the 8th day of July, A. D. 1924.

It is SALLIE HARDIN, Guardian, of the estate of the above Minors.

CITATION BY PUBLICATION THE STATE OF TEXAS.

To the Sheriff or any Constable of Randall County—Greeting:

You are hereby commanded to summon Eli Cousineau, his unknown heirs, their heirs and legal representatives, by making publication of this Citation once in each week for four consecutive weeks previous to the return day hereof, in some newspaper published in your County, if there be a newspaper published therein, but if not, then in any newspaper published in the 47th Judicial District; to appear at the next regular term of the District Court of Randall County, Texas, to be held at the Court House thereof, in Canyon, on the 1st Monday in August, A. D. 1924, the same being the 4th day of August, A. D. 1924, then and there to answer a petition filed in said Court on the 2nd day of July, A. D. 1924, in a suit numbered on the docket of said Court, No. 1004, wherein Louis F. Hart is Plaintiff and Eli Cousineau, his unknown heirs, their heirs and legal representatives, are Defendants; the nature of plaintiff's demand being as follows: The petition alleges that Plaintiff is in possession and the owner of the fee simple title to the following described lot, tract or parcel of land in Randall County, Texas, to-wit: All of Lot No. Seven (7), in Block No. Sixty-nine (69), in Canyon City, Randall County, Texas, same being 50x140 ft.; reference being had to the Plat of said town of record in the Deed Records of Randall County, Texas, in Vol. 1-2, page 408; said Lot being a part of Survey No. 34, in Block B-5, located by virtue of Certificate No. 15-3556, issued to the H. & G. N. R. R. Co., land, patented by the State of Texas to L. G. Conner on December 9th, 1898, by Patent No. 282, Vol. 17.

Plaintiff further sets out his chain of titles to said land, pleads the five and ten year Statute of Limitation, and prays for title and possession, removal of clouds upon his title, against Defendants, and for the property proven for record, the Deed from Eli Cousineau to Henry Shinelarger, recorded in Volume 5, page 413, of the Deed Records of Randall County, Texas, and for costs of suit, general and special relief.

Herein fail not, but have you before said Court, on the first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness my hand and official seal at my office in Canyon, Texas, this 2nd day of July, A. D. 1924.

(Seal) ETHEL WOODS, Clerk, District Court, Randall County, Texas.

PROPOSED AMENDMENT TO CONSTITUTION

RELATING TO GRANTING OF CONFEDERATE PENSIONS. Senate Joint Resolution No. 10.

Proposing an amendment to Section 51 of Article 3 of the Constitution of the State of Texas to provide that the Legislature may grant pensions to Confederate soldiers, sailors and their widows, who have been citizens of Texas prior to January 1, 1910, providing that all soldiers, sailors and their widows eligible under the provisions hereof shall be entitled to be placed upon the rolls and participate in the pension fund created hereunder; levying a tax of seven (8.07) cents on the one hundred (\$100.00) dollars valuation of property in this State for the payment of such pension, providing that the Legislature may reduce the rate of pension for such purpose, fixing a time for the election to be held on such amendment and making an appropriation to pay the expenses thereof. Be it resolved by the Legislature of the State of Texas:

Section 1. Section 51 of Article 3 of the Constitution of the State of Texas shall be amended so as to hereafter read as follows:

Section 51. The Legislature shall have no power to make any grant or authorize the making of any grant of public money to any individual, association of individuals, municipal or other corporations whatsoever, provided, however, the Legislature may grant aid to indigent or disabled Confederate soldiers and sailors, who came to Texas prior to January 1, 1910, and to their widows, in indigent circumstances and who have been bona fide residents of this State since January 1, 1910, and who were married to such soldiers or sailors prior to January 1, 1910, and to indigent and disabled soldiers who under the special laws of the State of Texas during the war between the States served in organizations for the protection of the frontier against Indian raiders or Mexican marauders and to indigent and disabled soldiers of the militia of the State of Texas who were in active service during the war between the States and to the widows of such soldiers who are in indigent circumstances and who were married to such soldiers prior to January 1, 1910, provided that the word "widow" in the preceding lines of this Section shall not apply to women born since the year 1861, and all soldiers and sailors eligible under the above conditions shall be entitled to be placed upon the pension rolls and participate in the distribution of the pension fund of this State under any existing law or laws hereafter passed by the Legislature and also to grant aid for the establishment and maintenance of a home for said soldiers and sailors, their wives and widows and women who aided in the Confederacy under such regulations and limitations as may be provided by law, provided the Legislature may provide for husband and wife to remain together, in the home. There is hereby levied in addition to all other taxes heretofore permitted by the Constitution of Texas a State ad valorem tax on property of seven (8.07) cents on the one hundred (\$100) dollars valuation for the purpose of creating a special fund for the payment of pensions for services in the Confederate army and navy, frontier organizations and the militia of the State of Texas, and for the widows of such soldiers serving in said armies, navies, organizations or militia; provided that the Legislature may reduce the tax rate herein levied, and provided further that the provision of this Section shall not be construed so as to prevent the grant of aid in cases of public calamity.

Sec. 2. The foregoing Constitutional Amendment shall be submitted to a vote of the qualified voters of this State at an election to be held on the first Tuesday after the first Monday in November, 1924, at which all voters shall have printed or written on their ballots: "For amendment of Section 51 of Article 3 of the Constitution authorizing the Legislature to grant aid to Confederate soldiers, sailors and their widows who have been a resident of this State since January 1, 1910," and "Against amendment to Section 51 of Article 3, of the Constitution authorizing the Legislature to grant aid to Confederate soldiers and their widows."

Sec. 3. The Governor is hereby directed to issue the proclamation for said election and have the same published as required by the Constitution and laws of this State, and the sum of five thousand (\$5,000.00) dollars or so much thereof as may be necessary is hereby appropriated out of the general funds of this State not otherwise appropriated for expenses of publications and elections thereunder. Approved, March 20, 1923.

S. L. STAPLES, Secretary of State. 1414

CITATION BY PUBLICATION THE STATE OF TEXAS

To the Sheriff or any Constable of Randall County—Greeting:

You are hereby commanded to summon A. L. Hartzell, by making publication of this citation once each week

for four consecutive weeks previous to the return day hereof, in some newspaper published in your county, to appear at the next regular term of the District Court of Randall County, Texas, to be held at the Court House thereof in Canyon, Texas, on the first Monday in August, A. D. 1924, then and there to answer a petition filed in said Court on the 24th day of June, A. D. 1924, in a suit numbered on the docket of said Court No. 1003, wherein J. C. Whittenburg and Otto Pletsch are plaintiffs, and Asa Horn, R. E. Huston, A. L. Hartzell, Frank W. Hays and the First National Bank of Plainview are defendants, the nature of plaintiff's suit being to recover the amount due, principal, interest and attorney's fees, on three Vendor's Lien notes, all dated March 15, 1922, one note being for the principal sum of \$1800.00, payable in 36 monthly installments of \$50.00 each, with interest thereon from date at the rate of eight per cent per annum; one note for the principal sum of \$1000.00, payable on or before February 27, 1924, with interest thereon from date at the rate of ten per cent per annum; and one note for the principal sum of \$300.00, payable on or before February 27, 1923, with interest from date at the rate of ten per cent per annum; all three of said notes being executed by the defendant Asa Horn and made payable to the order of the plaintiff J. C. Whittenburg, at Canyon, Texas, it being alleged that the plaintiff Otto Pletsch is the present owner of the last two of said notes, and plaintiff J. C. Whittenburg the owner of said \$1800.00 note; that said three notes were given as part of the purchase money for lots Numbers 5 and 6, in Block B, of the Corner Addition to Canyon City, Randall County, Texas, as shown by the map of said addition, of record in the Deed Records of Randall County, Texas;

That the defendants R. E. Huston and A. L. Hartzell, being purchasers of said property, have assumed the payment of said notes; that the defendants Frank W. Hays and the First National Bank of Plainview, have caused judgments to be placed of record in Randall County against the defendant R. E. Huston, and are asserting some character of claims against said property, which claims are inferior to plaintiff's Vendor's Lien thereon; plaintiffs seek foreclosure of their Vendor's Lien on said property against all of the defendants, and also seek foreclosure of a chattel mortgage lien on certain personal property, executed by said Horn in favor of said Whittenburg, to better secure said \$1800.00 note, for order of sale and writ of possession, etc.

Herein fail not, but have you before said Court on said first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same.

Witness: Ethel Woods, Clerk of the District Court of Randall County, Texas.

Given under my hand and seal of said court in the town of Canyon, on this 24th day of June, A. D. 1924. (Seal) ETHEL WOODS, Clerk, District Court, Randall County, Texas, 1314 By R. C. Brown, Deputy.

Vote for Felix D. Robertson for Governor The Common Sense Candidate

(This ad is paid for by Felix D. Robertson's friends)

Dr. Walter Splawn Is Named President of the State University

PRESIDENT OF UNIVERSITY.

DR. WALTER M. W. SPLAWN

Dr. Walter M. W. Splawn, former professor of Economics in the University of Texas, and present member of the Texas Railroad Commission, was Saturday elected president of the University of Texas. He will take his new position the first of September.

The Board of Regents were notified last week that Dr. H. E. Bolton of Berkeley, Cal., would not accept the position. It has previously been offered to Gov. Pat M. Neff and to Dr. Guy Stanton Ford of Minnesota.

Dr. Splawn is a native Texan, born at Arlington June 16, 1883. He graduated from Baylor University in 1906, receiving his A. B. degree from Yale in 1908, and A. M. degree from Yale, and Ph. D. degree from the University of Chicago in Economics and American history. He was dean of Baylor College and professor of Economics there when called to the University of Texas in 1919 where he was head of this department until appointed by Governor Neff to the Railroad Commission sixteen months ago.

Dr. Splawn visited Canyon last July while inspecting the railroads of this section, and addressed the voters at the court house on the proposed union of the various railroad system.

TEACHERS PLACED

The following teachers have been placed for next school year by the College Committee: Sammie Jones, Canyon, to a rural school near Spearman; Alma Burks, B. A. '24, to the Junior High School at Manzanola, Colorado; Mrs. Wadie Swent to the Garrison school near Happy.

Help Keep Canyon Clean!

Results of the Religious Survey Show Affiliations

A survey of the religious denominations to which students belong shows that there are 400 Baptists, 426 Methodists, 108 Christians, 70 members of the Church of Christ, 46 Presbyterians, and 15 Episcopalians. Twenty students give no religious preference. The remainder of the students, while not members of a church, are well distributed among the denominations in regard to faith preferred.

Religious activities of the students include the College Y. W. C. A. and the young people's societies of the churches. The Baptist and Methodist have student secretaries here to direct religious work.

Buy, Build, and Live in Canyon.

Wilson Dots

Mrs. Joe Tucek's mother, brother and niece are visiting her, and they expect to make their home here.

Mr. and Mrs. Clarence Beckman spent Sunday afternoon with J. J. Tucek and family.

Joe Tucek and Frank Spiecker made a business trip to Amarillo Monday.

Miss Elizabeth Hancock spent Sunday afternoon with Miss Mabel Tucek. The hall did a lot of damage around the Wilson district.

Joe Tucek and Clarence Beckman made a business trip to Canyon Tuesday.

Mrs. Joe Tucek and daughter Dora, and little son Lewis, and Frank Spiecker and daughter Faye, spent Wednesday afternoon with Mr. and Mrs. Anton, and Mr. and Mrs. Clarence Beckman.

Mr. and Mrs. Clarence Beckman and Mr. and Mrs. Anton Beckman made a business trip to Canyon Saturday.

Jack Ricks spent a few hours with Joe Tucek Sunday.

ORDER ATHLETIC EQUIPMENT

Coch Noy Hale of Canyon High School and the Athletic Council have ordered \$400 worth of athletic goods for next year. Hale has good prospects for winning teams and the recent purchase will give the Eagles complete equipment of the best kind.

The theory that pulling down the rich will help the poor is beautifully adorned by the presence of fifty thousand and vagrant children in Petrograd alone.—Columbia Record.

Baptist Encampment Will Start Ten Day Program on August 1

The annual encampment of the Baptist church will be held at the camp grounds twenty miles southeast of this city beginning August 1st and continuing for ten days.

The camp grounds have been undergoing reparatory work for the past month and will be in shape to receive the large crowd which is expected from all parts of the Panhandle. A new dam replaces the one which was washed out last fall during the heavy rains.

Dr. J. M. Carroll will preach the first five days and deliver his lectures on "The Trail of Blood," or following Christ's children down through the ages from the days of Christ until the present time.

Dr. W. W. Chancellor will preach the last four days.

Two state field workers, Rev. G. W. Owens and Rev. R. A. Scranton, will teach classes, give morning devotional messages and make addresses.

Rev. J. P. Boone, T. C. Gardner and G. S. Hopkins will teach, give addresses and hold conferences.

Sunday School, B. Y. P. U. and W. M. U. study classes will be taught each morning from 8 to 10. At the same time Miss Aline Ballard will entertain and instruct the children with Bible stories and hand work.

Mr. and Mrs. E. John Meyers will direct the singing and music and will give a great musical program.

The quality of bone used in the making of Mah Jongg sets inclines us to believe that the Chinese must have found a cemetery in which all the dead politicians are buried.—Columbia Record.

Father Time Affected By Fast Age, Says He Who Has the Evidence

Father Time is no friend to the Registrar; the Old Man is not reliable. His notched blade knows not when it has felled its victim. Sometimes the victim makes a second growth which is not duly recorded.

Father Time's inefficiency certainly muddles up the books. His work just simply won't stay "put." He is evidently trying to hold pace with the modern jazz age.

If you ask the Registrar how old a prospective school ma'am is, very likely he cannot tell you. But don't blame him. He can give you the data for—well, say 1917 or 1921, but there may be a later entry. Mollie Blue probably was twenty-nine in 1917, but the present entry puts it twenty five last May. How old is Molly? Oh, she once said she was born in 1893, but then her room-mate's only twenty-five and really how can you expect her to remember what she told the Registrar in 1917?

It is surprising indeed to find scores of discrepancies in the co-eds' records. Yet the "eds" information sheets show similar, though fewer, irregularities. Students change their birthdays, native states, names of their relatives, and even their own full names almost as regularly as they do their place of residence.

Ask the people in the Registrar's office if you like, but if you know your party it is well to ask for the record at some particular time. There are often revised versions.

There wouldn't be the necessity to investigate so many folks in Washington if there were more investigating done before they get in Washington.—Columbia Record.

Faculty Reception For Students Will Occur on Saturday

Entertainment of summer session students by the faculty is scheduled for Saturday evening. This reception was postponed several weeks ago because of the conflict with the date of the entertainment of the Texas Press Association.

Established by a tradition of long standing, the event is looked forward to by both students and members of the teaching force. It affords each an opportunity to meet the other without the attendant formality of the class room. It is the official "get acquainted" meeting of the session.

The reception will probably include a program in the auditorium, an informal social hour, and the serving of refreshments at the conclusion.

The American potato bug has invaded France and Germany has begun guarding her frontiers against a possible invasion of her territory. The pest was first introduced into France—in the region of Bordeaux by a shipment of potatoes to the A. E. F. during the war.

Help Keep Canyon Clean!

Child-birth

How thousands of women, by the simple method of an eminent physician, have avoided unnecessary miseries through many months and up to the moment Baby has arrived, is fully explained in the remarkable book, "Motherhood and the Baby." Tells also what to do before and after baby comes, probable date of birth, baby rules, etc. and about "Mother's Friend," used by three generations of mothers, and sold in all drug stores everywhere. "Mother's Friend" is applied externally, is safe, free from narcotics, permits easier natural readjustment of muscles and nerves during expectancy and child-birth. Start using it today. Mrs. E. E. Kerger, Clayton, Minn., says: "It pulled me through." Send for book today, to Bradfield Regulator Co., Bk-76, Atlanta, Ga. "Mother's Friend" is sold at all good drug stores—everywhere.
