

COUNTY FAIR SEPT. 18-19

DEFENSE DAY PROGRAM FRIDAY

PROGRAM WILL BE HELD AT 4:00 P. M. WITH BIG PARADE

ALL ORGANIZATIONS INVITED TO JOIN IN PARADE.

All Men Between 18 and 45 Years of Age to be Soldiers for the Day Without Further Obligation.

The Defense Day Committee has reported everything in readiness for the big celebration to be held in this city Friday afternoon, Sept. 12th at 4:00 o'clock.

A parade will start the program, and will be organized on Fifth Avenue, starting at the Britain Studio, and ending at the high school building where the school children will join in the parade as it starts down the street.

Every organization in Canyon is asked and urged to have a part in the parade. As an expression of the nation's willingness to serve the country in time of distress, every patriotic citizen may have a place in the Defense Day program.

All men in the United States from 18 to 45 years of age are requested to register on Thursday or Friday, and to join in the parade as recruits of the United States Army. There is no further obligation to serving this one day, and no duties other than taking a part in the program.

The members of the Woman's Auxiliary will have in charge the enlisting of all men for the day, and badges will be given showing they are enlisted for the one day.

The parade will be organized as follows:

- Field Marshal—C. W. Warwick.
- College Band.
- Color Guard, commanded by Dr. H. A. Brown.
- Company F, 142nd Infantry, commanded by Capt. H. C. Gamble.
- Company M, 358th Infantry of the 90th Division, a Reserve Corp allotted to Canyon, commanded by Capt. Chas. H. Keffer of Amarillo. Lieut. W. E. Lockhart is an officer of this company. It is desired to fill this company to 141 men.
- The Allied Color Guard, commanded by Geo. A. Farlow.
- The American Legion members and ex-service men.
- The 40 and 8 Box Car.
- City and County Officials.
- Red Cross girls.
- Woman's Auxiliary.
- Boy Scouts.
- Gold Star Mothers.
- Civil and Spanish War veterans.
- Fire Department.
- I. O. O. F., and Masonic Lodges and other fraternal organizations.
- Parent-Teachers Association.
- Federated Club, Woman's Book Club and other women's clubs.
- The Buffalo football squad.
- The Eagle football squad.
- The high school students.
- The grade pupils.
- Any other organization which the committee overlooked will be more than welcomed to join in the parade.

Following the parade, there will be a short program on the public square with a few patriotic talks. Rev. W. C. Kuize, new pastor of the Presbyterian church, will make the principal address of the program.

It is requested that all business houses in Canyon close promptly at four o'clock and remain closed during the program, which will probably continue for about one hour.

At a tent on the public square members of the Auxiliary will assist any ex-service men who has not made application for his insurance. Discharge papers must be brought.

FIRST NATIONAL BANK OF THIS CITY IS SOLD TO A NUMBER OF LOCAL MEN

Announcement was authorized this morning of the sale of the First National Bank of Canyon to a group of men consisting of C. O. Keiser, J. W. Reid, Dr. J. M. Black, Oscar Hunt, J. W. Green, C. R. Burrow, O. W. H. Cook, Wallace R. Clark, C. W. Warwick, J. T. Burnett and associates.

New officers and directors will be selected within a short time.

The new organization assures Canyon of one of the strongest banks in West Texas.

REPORTS FINE SCHOOL OPENING IN THE HAPPY SCHOOL

Supt. O. R. Bridges and Principal Howard C. Martin of Happy were in the city Tuesday and report a very fine opening for the Happy schools this week.

Supt. Bridges states that there were 180 enrolled in the schools, with 46 in the high school. There is a faculty of eight, five of whom hold degrees. There is probably not another school in the state having such a large percent of the faculty holding degrees as has the Happy schools.

Mr. Martin was in the University of Texas last year and is well acquainted with the work of Oscar Eckhardt, new assistant coach of athletics in the College. He described Mr. Eckhardt as an all-round athlete, very popular in the university, with great interest in all activities in the university, and above all, a man with a high character standing for the best things in life.

EAGLES WILL MEET AMARILLO HIGH ON SEPT. 24th AT FAIR

The Canyon high school Eagles will open the season with a game with the Amarillo high school at the Amarillo fair grounds at 10:30 a. m. Wednesday, Sept. 24.

Coach Nay Hale stated yesterday that the team was getting in fine shape and was developing as well as he had hoped after one week's workout.

DAY-BURNETT WEDDING.

Miss Beulah Day of Petersburg and R. B. Burnett of this city were married Sunday morning at Idalou. The young couple came to Canyon during the day and will make their home in the new home Mr. Burnett had furnished.

The bride was a student in the College last year, and is well known in College circles and among the town people. The groom is the son of Rev. J. T. Burnett and this has been his home of many years. He holds a responsible position with the First National Bank of this city.

The many friends of the bridal couple extend hearty congratulations and best wishes.

FEDERATION GIVES THANKS.

The City Federation asks the News to thank the people of Canyon for cooperating with the Federation in cutting weeds and cleaning up the curbs and alleys. The women of the Federation asks that all weeds in the city be cut at once.

CUT THE WEEDS—NOW!

Buy a Season Ticket

County Fair time is here once more, and with the Fair comes excellent prospects of splendid entertainment.

The men who are backing the County Fair are going to a big expense to give the people something worth while. If the Fair is a success, it will be necessary to sell a large number of season tickets. These tickets will be sold for \$1.00. Every person in Canyon owes it to the County Fair to invest a single dollar in the enterprise which means a great deal to the town.

Buy YOUR Season ticket.

EX-SERVICE MEN REQUESTED TO BE IN UNIFORMS FRIDAY

All ex-service men are urged to be in uniform Friday-afternoon for the Defense Day program.

Ex-soldiers will please wear the helmets.

Ex-service men who do not have uniforms are urged to join in the parade either with Company M, or with the ex-service men.

SMITH-JOHNSON WEDDING.

Miss Clementine Smith of Bronte and Lee Johnson of this city were united in marriage at the home of the bride's parents on Monday evening, September 1st. Mr. Johnson's home is at Gomaz, but he has been in Canyon the past several years attending the College.

The bride was a student in the College for three years and is well known to many in the city. The groom is the popular and efficient manager of the College Book Store in addition to his work in the College. Both will attend the College the coming year.

Their many friends in Canyon extend hearty congratulations.

CUT THE WEEDS—NOW!

INCREASED NUMBER ENROLLED IN PUBLIC SCHOOLS

SCHOOL OPENED MONDAY WITH ALL GRADES CROWDED.

339 Enrolled in Grades and 249 Enrolled in High School—Increase of 59 Over Last Year.

The Canyon public school opened Monday with an increased attendance over the enrollment of the first week last year.

Supt. A. D. Payne states that the work has been well organized in all of the grades of the school and that the classes are progressing very satisfactorily considering that this is the opening week.

Both the Express and Music Departments have started out with good enrollments, but are able to take care of more pupils.

The first seven grades have an enrollment of 339, compared with 313 in these grades last year. There are 249 in the high school, compared with 219 last year.

The following is the enrollment by grades:

1st grade	35
2nd grade	44
3rd grade	37
4th grade	43
5th grade	40
6th grade	60
7th grade	62
Total for grades	339
8th grade	85
9th grade	56
10th grade	67
11th grade	41
Total for high school	249

ROOM FITTED FOR TEACHERS

The Parent-Teachers Association has furnished one of the rooms in the old high school building for the teachers. The beautiful color scheme is carried out in the decorations of the shades, curtains and walls. The room with its practical furnishings makes the room look the most inviting in the building.

TRADES DAY POSTPONED UNTIL FRIDAY, SEPTEMBER 19, WHICH IS LAST DAY OF THE RANDALL COUNTY FAIR

Owing to the fact that farmers are very busy this time of the year, it was deemed advisable to consolidate the monthly Trades Day with the Randall County Fair, and therefore, Trades Day which was scheduled for Monday, Sept. 15, will be held on Friday, Sept. 19, the last day of the Fair.

The lots will be given away on Friday, as was planned for Monday.

All citizens of Randall County are urged to come to the County Fair, and to take advantage of Trades Day on Friday, Sept. 19th.

BIGGEST COUNTY FAIR EVER HELD IN CANYON WILL BE HELD ON FRIDAY AND SATURDAY, SEPTEMBER 18-19 AT THE COLLEGE GROUNDS—BIG EXHIBITS AND AMUSEMENT PROGRAM TO FEATURE THE FAIR.

The Fifth Annual Randall County Fair will be held next Thursday and Friday, Sept. 18-19 at the Fair Pavilion on the College grounds.

Several meetings of the Fair Association have been held the past two weeks, and everything is said to be in fine shape for the biggest Fair the county has ever had.

There will be a greater number of general exhibitors on the ground this year than in the past. The stock show will be large, as in past years.

The amusement program will full and complete with good wholesome entertainment, but no objectionable shows. Two big night programs will be given, consisting of races, boxing and wrestling.

Thursday afternoon there will be a baseball game between the Fats and the Leans, while Friday afternoon the high school Eagles will meet an All-Star team. A big rodeo will be given in connection with the Fair.

The exhibits will be opened to all and farmers of Randall county are urged to bring in something to exhibit that will make the Fair a bigger and better Fair.

General Manager J. W. Jennings is getting the exhibits lined up and ready for the Fair next week.

The citizens of Randall County are urged to come to their Fair next week. The business houses are extending a cordial invitation to all to come for the two days, and more especially for the Trades Day on Friday of next week.

Woman's Department.

The women of the City Federation of women's clubs has taken charge of the women's department, and this promises to be by far the greatest exhibit the Randall County Fair has ever had. Mrs. John S. Humphreys, president of the City Federation, is general chairman of this department, and has appointed several women to have charge of various departments.

This exhibit will be held in the College building, so that women need not fear for the safety of any exhibit they may bring to the Fair. Comfortable quarters will be arranged for the exhibits, and this offers the greatest opportunity the women of Randall county has ever had to get together at the Fair.

At the meeting of the City Federation Saturday afternoon, the work of the Fair was entered into enthusiastically and more than twenty women are working this week to make this department a great success.

The women of Randall county are urged to make exhibits in the various departments. Cash prizes and ribbons are being offered as in all other departments.

Poultry Department.

The Randall County Poultry Association is giving every possible encouragement to the poultry show during the Fair. T. W. Duffel, secretary of this Association, is superintendent of the Poultry Department during the Randall County Fair, and has issued the following statement to the poultry raisers:

To Randall County Poultry Raisers: Please support us in our County Fair. There will be no entry fee. All birds must be in place by 12 o'clock Thursday. Will accept birds in any kind of coops with open front. All exhibitors must furnish own coops. Judges

will be done Friday. Enter birds with me at my place of business. I will appreciate your co-operation. First money, second and third ribbons are offered.

T. W. DUFFEL,
Secretary-Treasurer Randall County Poultry Association.

Futurity Show.

The Duroc Jersey Futurity Show will be one of the big events of the Fair, as in past years. The Futurity Show this year will not have so many herds entered as last year, but the competition will be very keen throughout the Fair.

The Poland China breeders are not having a futurity show this year, but a large number of hogs will be exhibited, as will hogs of other breeds. All breeders of registered hogs are invited to exhibit at the Fair.

College Band Will Play.

Prof. C. E. Strain, director of the College Band, will have his Band at the Fair, and will entertain the visitors at the Fair.

A large percent of the regular Band is in the city, and add much to the entertainment program.

Forty and Eight Booth.

One of the interesting booths of the Fair will be put on by the local Forty and Eight Society. The boys of this Society will have a large variety of entertainment for the visitors.

Concession For Sale.

The Fair Association will have a number of concessions for sale during the Fair. H. C. Gamble and Louis F. Hart are in charge of the concessions.

Rodeo to be Held.

The biggest and best rodeo ever staged in Canyon will be held north of the exhibit grounds. The rodeo is in charge of C. O. Edwards, and under his direction a great show is promised. The rodeo is under the direction of the Fair Association, but owing to the great expense of this attraction a separate charge will be made to enter the rodeo grounds. The rodeo will be worth the while of all to see.

Committees Named.

At the meeting of the Fair Association Tuesday night, President T. C. Thompson named a number of general committees and superintendents.

J. W. Jennings is general manager of the Fair. His assistants are C. W. Warwick and H. C. Roffey.

Frank R. Phillips is superintendent of live stock.

Representative Lee Satterwhite of this district is spending a great amount of time in Austin, lining up the forces of the lower House in his campaign for the speakership. Mr. Satterwhite states that he is not a member of the Klan, and that if elected Speaker will give proper cooperation with the Governor to see that the affairs of the state are properly administered. Mr. Satterwhite makes one very valuable suggestion, and one that should be endorsed and enacted. He would pass the general appropriations bill in the regular session, and not allow special appropriations to come up until the regular bills have been passed. The legislature has been doing the very opposite. It has passed every kind of special appropriation that the members could work through, and by the time the regular bills were reached there was not sufficient money left for the existing state institutions. In addition to this great mistake, the appropriations bills were usually rushed through both houses at the last minute, and the legislature adjourned, leaving the bills to the mercy of the governor. Mr. Satterwhite has proposed a reform, which should be adopted by the next session of the legislature.

An effort is being made to deport Luis Firpo. He attempted to bring a young woman into their country, but she was turned back. Why was not the fighter? Was it because he was a prominent fighter, that he was able to evade the government authorities.

We feel very certain that the state convention went too far last week in its condemnation of the Klan. The Klan members should not be read out of the democratic party unless they continue to be a political rather than a moral and fraternal organization, as was the first announced intention. But those who attended the convention felt, and no doubt rightly felt, that had the results of the primary been different, the anti-Klansmen would have suffered as rough treatment at the hands of the Klansmen as was handed their opponents in the state convention. Politics is a funny thing, but the situation in Texas is serious and is constantly growing more serious. The Klan should get out of politics, as it has caused only turmoil and distrust since it attempted to run politics. The state convention brought out a wonderful display of old time politicians, who seemed to run true in form to their old time prowess in manhandling their enemies and rewarding their friends.

Dr. Geo. C. Butte, dean of the Law Department of the State University, has been nominated by the republicans for governor, and it is stated will make an active campaign. Dr. Butte is said to be one of the most brilliant educators in Texas, and would have become president of the university had he not been a republican, which disqualified him for this position, in the eyes of the board of regents. Dr. Butte is eminently qualified to be governor, but will hardly likely to be governor of Texas. The only deplorable thing of his nomination, as we see it, may lead to the resumption of the fight between the university and the Fergusons, should it develop that the university had anything to do with bringing out Dr. Butte. This assumption is not likely, although it has been raised, and will be raised again and again in the campaign.

School is in session once more, and for the Canyon schools there is every prospect of a very successful term. Most of the pupils will work under very pleasant surroundings, and all will have faithful and well trained teachers to direct their work. The school is fortunate in having a wide-awake Parent-Teachers Association which has the interest of the school at heart. The trustees are trying to give the faculty and students every advantage possible to make the school more profitable, and at the same time protect the interest of the taxpayers from an unnecessary burden. All forces are working harmoniously to make the school year a great success. If this pleasant cooperation continues, the year's work will be the best the district has ever had. Cooperation on the part of all interested in the school will go a long way toward making a great school year.

With all of the talking of bolting the ticket in November, we confidently expect to see Mrs. Ferguson elected Governor by a majority of from 200,000 to 300,000. Furthermore, we expect that the Ferguson administration will be one of the best the state has ever had. No one questions the ability of Jim Ferguson, nor does any one question his wonderful grasp upon the complex problems confronting the state. The Fergusons will go into the executive office determined to wipe out the blot of impeachment caused by the impeachment of the former governor. Those citizens who expect any other than a good administration will find themselves greatly pleased at the end of two years over the great success of the first woman Governor in the United States.

Hon. Lynch Davidson has indicated his willingness to become a candidate for governor in 1926. We supported Mr. Davidson in the first primary and believe that he was by far the superior candidate in the race. The announcement of Mr. Davidson is encouraging to the extent that it shows the principles for which he fought are still right after the greatest mud-slinging campaign the state has ever had. But the announcement is a little premature. Mrs. Ferguson has not been given a chance, and the chance that most of us believe will lead to a great and successful administration.

Every American citizen will unite in the Defense Day program Friday with a view of making it a great patriotic occasion. There is nothing military in defense, any more than there is something atrocious in having a police department, or a fire department. National Defense Day is a call to Americans to devote a few hours in thinking about and considering the welfare of their nation—the greatest nation on earth.

Canyon needs a great weed cutting campaign before the opening of the College. The streets and alleys are very ragged as a result of the fast growing weeds. Some of the citizens have taken an interest in cleaning up their property while others have taken no steps to cut the weeds.

Come to Canyon for the Randall County Fair Sept. 18-19.

Sam Braswell and Fred Story of the Clarendon News have bought the Childress Post. Mr. Story has moved to Childress and taken charge. Both are experienced newspaper men and are certain to make a great success of their new newspaper property. This paper regrets very much to hear that the Post was sold owing to the serious illness of Editor J. C. Thomas, who has been the owner for seventeen years. We trust that his usual good health will soon be restored.

In spite of the fact that ducks are destroying hundreds of dollars worth of grain in the Panhandle, the law says that they may not be shot until Oct. 16. This places the farmers at bad advantage. If they were tame ducks and belonged to his neighbor, the farmer could shoot them if the neighbor refused to keep them at home. But since they are wild game and protected by state law, the wild ducks may continue their devastation unmolested.

The republicans and the democrats are worried over the strength of La Follette in the middle west. From what we saw and heard in this section last month, the two old parties have something to worry over. La Follette is very likely to sweep this section of the country unless the voters materially change their minds before November.

The citizens of Wichita, Kansas, are probably no better or are they worse than the average run of Americans so far as proper care of their automobiles is concerned. Yet, it is found in Wichita that only one car in thirteen is safe to drive, so far as the brakes are concerned. The city is carrying on free inspection of all cars in order to eliminate so many accidents.

A recent dispatch quoted Henry Ford as endorsing the Klan, which he immediately repudiated as being unauthorized, and not his sentiment. Be that as it may, Henry Ford did more than the Klan has ever done to stir up racial antagonism by his fight on the Jews.

The monthly Trades Day in Canyon has been postponed until Friday, Sept. 19, the last day of the Randall County Fair. Be sure to come to Canyon on that day—both on account of Trades Day and for the County Fair.

KARNAK KEPT HER ABLE TO GO SAYS MRS. MINTER

Declares That If It Had Not Been for Andre's New Medicine She Would Still Be in Bed

"If I hadn't gotten Karnak three weeks ago when everything else had failed me I firmly believe I would still be in bed," declares Mrs. W. O. Minter, 1413 W. Eighth St., Oklahoma City. "Stomach and kidney trouble had made me almost a complete

wreck. I had dieted and starved and taken medicines without a particle of benefit. My stomach seemed as sore as a boil, I had awful pains through my back and was so nervous I could not get any restful sleep.

"But two bottles of Karnak has me feeling like a new person. I am now up and able to get about, my strength is returning every day and I feel fine. Karnak is wonderful."

Clears Complexion

"Oh! how clear and beautiful your complexion is today, my dear!"

THERE is a certain joy—a certain pride—in knowing you are admired, whether it be from father, brother, husband or sweetheart! And back of that joy is the satisfaction of knowing all is well.

Men are fascinated by the charms of beauty. Women gaze with envy, secretly jealous, perhaps, wondering—hoping—praying for that attractiveness which is not theirs. But why the wondering—the hoping—the praying for that clear skin—that beauty. A clear skin—is the barometer of one's condition. A healthy skin radiates beauty. Pure, clean blood means a clear skin.

S.S.S. is waiting to help you. It will rid your blood of its impurities and give you that clear complexion. Since 1826 S.S.S. has been ridding people of blood impurities, from pimples, from blackheads, boils, eczema and from rheumatism, too. Because S.S.S. is made from fresh herbs and barks, it may be taken with perfect safety. Try it yourself. You will not only look better, but you will feel better, too.

S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical.

Eastland Church Very Greatly Regrets Loss of Kunze as Pastor

Rev. W. C. Kunze arrived in the city last week, and Sunday morning started his pastorate of the local Presbyterian church.

Rev. Kunze has been pastor of the Eastland Presbyterian Church for the past three years, and the congregation passed the following resolutions regarding his ministry there:

Whereas, Rev. W. C. Kunze, who has faithfully served our church as pastor for the past three years, is about to leave us for a new field of work, and

Whereas, his work as a pastor has been efficient and greatly appreciated and his work in the pulpit has been able and scholarly and highly appreciated and enjoyed by our people and those who have had the privilege of hearing his sermons, and

Whereas, Mrs. Kunze has been a faithful and efficient worker, both in the women's work of the church and in the Sunday School, and

Whereas, we all keenly regret the loss which we are about to sustain by our pastor and his good wife leaving our midst, and

Whereas, we realize that not only our church organization but the entire community will suffer by reason of the loss of such a useful man and his wife in religious work and as citizens and neighbors,

Now therefore be it resolved, that we, the congregation of the First Presbyterian church of Eastland, assembled for morning worship on this 21st day of August, 1924, hereby express to Rev. and Mrs. W. C. Kunze our true gratitude for the splendid work which they have performed in our church and community while in our midst, and our deep felt regret that they have chosen to leave us, and that we extend to them our sincere good wishes for their success and happiness in whatever field they may hereafter occupy.

The following editorial appeared in the Eastland Daily Oil Belt News:

In the removal of Rev. W. C. Kunze to Canyon, Texas, not only the local Presbyterian Church suffers a keen loss, but the entire city as well. Mr. Kunze was universally loved, respected and esteemed by his fellowtownsmen, without regard to religious sect or political creed.

During his pastorate here various things have occurred that has marred many friendships among our townspeople, but nothing seems to have detracted from the Christian character of this good man. He has that peculiar personal charm and graciousness of spirit that endeared him to all. You could meet the plain Mr. Kunze or the Rev. Dr. upon exactly the same basis. His activities and ministrations were sacred to him and in his quiet modest way "he went about doing good." The church securing the services of this polished gentleman is indeed fortunate. Both he and his good wife will make a valuable contribution to the Christian

Gas in Filibuster

Lieut.-Gov. Toupin of Rhode Island sat in the presiding chair of the State Senate—49 continuous hours in the effort to break a filibuster which had lasted since Jan. 1, and finally brought to a head when the Senate chamber was gassed, nearly causing the death of two senators.

citizenship of any community. The good wishes of an entire city follow them.

Campbell Notes

Mrs. C. J. Williams who is teaching a singing school at the Campbell school house, will give a musical concert at the school next Saturday night, Sept. 13, and will also have a box supper. Mr. Head and his two sons will assist in the concert. Everybody is invited. Be sure to come and bring a box.

J. O. Covington and family from Sudan, Lamb County, visited D. E. Covington and family Sunday afternoon, Sept. 13, and will also have a box supper. Mr. Head and his two sons will assist in the concert. Everybody is invited. Be sure to come and bring a box.

Misses Neva and Wilma Burgan have gone to Wellington where Miss Wilma is teaching school. Miss Neva is taking her vacation and visiting her aunt, Mrs. Martin.

Miss Beatrice Burgan is teaching in Panhandle this year.

W. E. Bennett and wife, living north of Canyon were visitors at the T. A. Dowlen home Sunday.

Miss Jewell McLeod of Amarillo returned home Monday. She has been visiting Miss Bernice Dowlen.

The following guests were entertained Sunday at the home of Mrs. D. E. Covington where a bountiful dinner was served: O. S. Brown and family, G. R. Stratton and family, L. D. Covington and family, Mr. and Mrs. L. C. McCaskey, Miss Estelle Foster, Eunice and Lester Dowlen, Obart and Bernard Head.

Miss Marjorie Gordon-Cumming is teaching school at Morton, Texas.

"Prose should gush from the pen like a never-ending torrent," observes a writer. As from artesian wells.—The Passing Show (London).

This may be the dawn of a new era, but it feels more like the morning after.—Columbia Record.

Happy Happenings

Mr. and Mrs. Tom Bandy and children left Friday for points in Georgia, where they will visit for a several weeks visit.

Mr. and Mrs. Morris and daughter, Blanche, of Idalou, moved here Monday and will make their home here for the present.

Hurley Maynard returned Monday from the sanitarium in Plainview, where he has been for the past two weeks and underwent an operation. He is improving nicely.

Mrs. M. B. McManigal returned to her home Tuesday after visiting the past three weeks in Nebraska with relatives.

Miss Ma Mae Hastings of near Canyon is visiting with Ora Avery this week, by Wednesday.

Ernest Miller of Canyon was in Hampton Miller and Catherine Rahlis spent the week end in the H. A. Grounds home in Amarillo.

Virgie Maynard left Sunday for Tulsa where she will attend school for the coming year.

Mr. and Mrs. C. L. Grounds and family spent Sunday in the W. H. Brown home.

Tillman Carter left Thursday for Clarendon where he will attend school there this term.

O. R. Bridges and Mr. Martin were Canyon callers Tuesday.

Mr. and Mrs. C. A. Akers left Monday for Keystone, Iowa, where they will make their home.

Mr. and Mrs. O. O. Baker and Mr. and Mrs. C. A. Akers spent Sunday in the J. W. McCreery home at Wayside. Mr. and Mrs. Lois Gillham and daughter, Edith, spent Sunday in the J. O. Gillham home here.

Miss Irene Wrenn left Sunday for Vigo Park where she will teach school this term.

W. H. Brown and Mr. Morris were Amarillo callers Thursday.

In 1923 the wheat output of this country was 781,737,000 bushels while in 1850 it was only 100,000,000 bushels. The greatest production of 967,979,000 bushels occurred in 1919, due to the pressure of war.

Randall County Fair, September 18 and 19

"Class Will Tell"

As in livestock—so with men's clothes. It is the small detail of perfection which marks the thoroughbred from the rank and file of the "average."

Dress accessories are just as important as the suit or overcoat itself—but to be well-dressed is to have all apparel fashioned by master designers and made by expert tradesmen.

Suits, Overcoats, Hats, Shoes and furnishings are the best and are worn by the well-dressed men in Randall County.

Dress up for the Fair—bright new merchandise is here awaiting your selection. Go to the Fair knowing that your apparel stamps you the thoroughbred.

Fall Suits, \$15.00 and up.
Shirts, \$1.50 and up.

Hats, \$3.00 and up.
Shoes, \$1.25 to \$10.00.

BUFFALO TRAINING CAMP STARTED YESTERDAY

OSCAR ECKHARDT,
Assistant Coach.

S. D. BURTON,
Head Coach.

Assistant Coach,
W. E. LOCKHART.

ALVIN JACKSON,
Assistant Coach.

COACH S. D. BURTON WELL PLEASED WITH PROSPECTS—13 LETTER MEN

"You may say that I well pleased with the opening of the training camp," stated Coach S. D. Burton yesterday afternoon.

Coach Burton clearly showed that he meant every word in this brief statement.

Captain Grady Burson was all smiles as he looked over the likely squad of fifty-one men who were booting the football over the Buffalo field yesterday, and while making no statement, clearly showed that he was well pleased.

Assistant Coach W. E. Lockhart stated that the Buffaloes never had a better squad of men since he has been at the College.

The new assistants, Oscar Eckhardt and Alvin Jackson were busy getting the new men uniformed and starting the daily grind. While they have not had an opportunity to know their men as has Burton and Lockhart, they are free to approve the material with which they have to work.

Fifty-one huskies were in uniform yesterday and half a dozen additional men will show up today. This is the biggest crew that has ever started a Buffalo training camp—and, in the words of a Buffalo follower of many

years, "The best looking bunch the Buffaloes have ever had—absolutely none excepted."

The coaches will have thirteen letter men in the squad, all of them men who have fought in some of the hardest games the Buffaloes have fought.

The wealth of material among the new men is promising. A large number of outstanding high school men have reported for service, and are going to make the letter men fight to hold their places on the team.

Two daily practice will be held until the College opens on the 24th. The men start to work at nine in the morning and at three in the afternoon. In the intermissions, the coaches hold conferences and work out the problems that develop during the practice periods.

The football fans who were at the opening of the training camp yesterday expressed very great delight over the prospects, and have unlimited faith in the coaching staff and the men who will defend the Buffalo honor during the season.

To beat Simmons on Home Coming Day was the battle cry yesterday among the letter men as they bonned the uniform!

has continued WORKING. Men like trees die at the top. They are all right while the top is green.

After a while civilized human beings will decide that rats and mice don't pay, and take the trouble to get rid of them along with mosquitoes, flies and other nuisances that Father Noah might well have left out of the Ark.

An English scientist demonstrated that rats suffer from foot and mouth disease and, frequenting stables, infect the cattle.

Moral for farmers, use cement and copper and keep out the rats.

Clarence Darrow, a lawyer, who thinks and feels, and consequently earns little in proportion to his great ability, tells the Court that to hang the two young men whom he defends, Loeb and Leopold, "would be a worse crime than they committed."

And that is the truth, exactly. If a red Indian tortured a white man for twenty-four hours, that would not excuse white men for torturing that red man even for twenty-four minutes. The greater the intelligence and responsibility, the greater the crime.

This column, too lightly, compared Moses' forty-year trip across the desert with the four-hour trip of a small American automobile, and the one and one-half-hour trip of a flying machine, across the same desert.

Many writers send learned comment.

Hyman Bodner, of Passaic, New Jersey, says, "You needn't wait to get information from Moses in heaven. He kept the children of Israel in the desert for forty years because they were not qualified to conquer the Promised Land. They practically all died. The new generation, educated and drilled, led by Huslma, won their Promised Land by fighting."

Max Himoff, of Long Island City, writer, said that Moses had to let his old followers die off while he raised a new generation "who knew nothing about Egypt and prepared them for their task."

Can anybody give more exact information about the fighting leader, Huslma?

Divers working ninety feet below the surface have recovered thirty-five million dollars of gold and silver bullion from the steamship Laurentic, sunk by a German submarine.

Thousands of tons of "liquid gold" are in the water through which steamers plow as they go back and forth. Some day men may retrieve it.

This Week

By Arthur Brisbane

NOT READING.—THINKING. JOY ON MARS. YOUNG AT 102. TWO YOUNG MEN.

The World Federation of Education Associations organizes a world war against illiteracy. For this war the Crown Prince of Japan has appropriated a million yen. China has adopted the slogan "China a Literate Nation in One Generation."

It is preposterous that any human beings, outside of actual barbarism, should grow up unable to read.

But teaching them to read and write is only the first step. The next is teaching human beings TO THINK, which is considerably more difficult and important.

It isn't what you READ that counts. It's what you THINK AFTER YOU READ that improves government and civilization.

It was a Frenchman, and an old one, Camille Flammarion, to say that the people on Mars are much more JOYFUL than we are.

The Martian year is twice as long as ours. A man there fifty years old has lived 100 years, nearly. The climate is better and the planet being smaller, everything is lighter. An ordinary Martian could easily carry his mother-in-law upstairs in his arms, even if she weighed 400 pounds. Millions of years older in their civilization than earth men, the Martians are far ahead of us in knowledge, and that means happiness. In fact it's the only solid happiness.

John A. Stewart, called "Grand Old Man of Wall Street," who knew Abraham Lincoln, and is now head of an important bank, celebrated his 102nd birthday last week. To us, that seems old. A thousand years hence, 125 will seem young as sixty is now. Men will die out gently like fading twilight.

Mr. Stewart continues living, intellectually young, because he

Canyon Is Growing

That Canyon is steadily growing no one will doubt, taking the number of new houses continually under construction as an index.

The public utility men are the ones who realize more than ever how much the city is growing.

A. J. Arnold stated Tuesday that his company was adding an average of ten new light and power consumers per month, and had been adding them at this rate for many months. The company has passed the five hundred mark of customers.

The telephone company reports an increase in customers in like proportion, as does the city in water customers.

Taking the increase of public utility customers as an index, it is safe to estimate that Canyon is increasing in population at the rate of five hundred per year.

CALL MADE FOR PRECINCT CONVENTION FOR SATURDAY

A democratic precinct convention is hereby called to meet in the district court room at the court house in Canyon on Saturday, September 13th at 2:00 o'clock p. m. for the purpose of electing delegates to the democratic county convention which elect delegates to a convention for the seventh Supreme Judicial convention which is called to nominate a candidate for Associate Justice of the Seventh Court of Civil Appeals.

A. N. HENSON, Chairman,
Precinct No. One.

PROCLAMATION

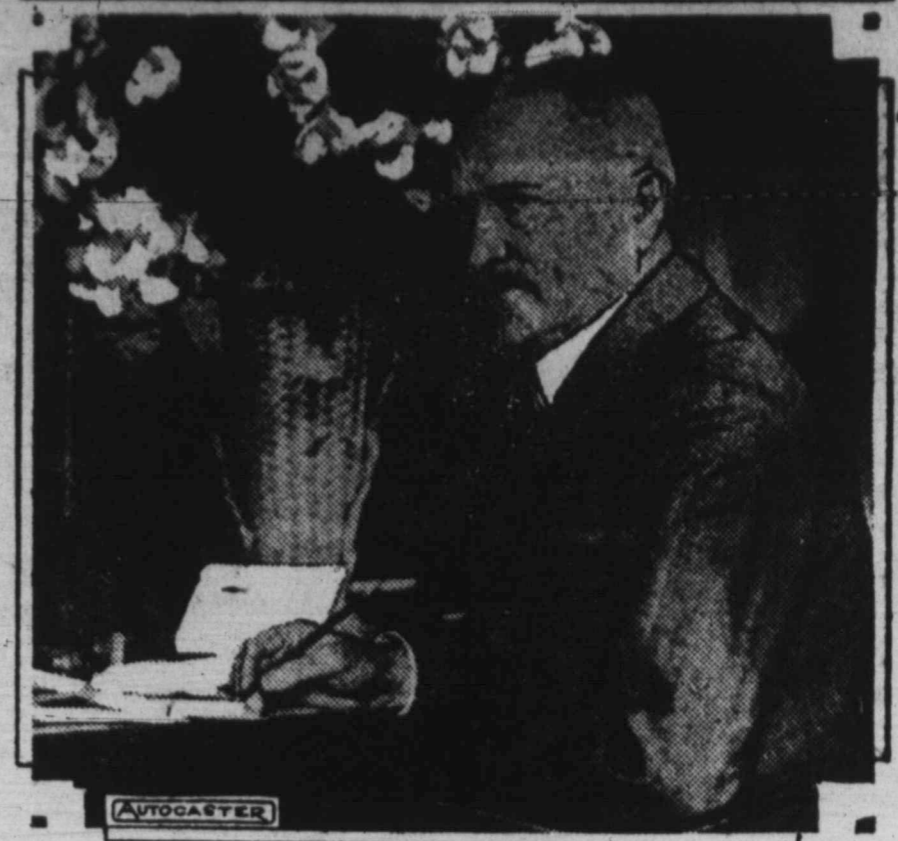

Whereas the policy of this nation has always been one of protection without militaristic demonstration, of reliance on its sovereign, free and patriotic manpower for National Defense:

And Whereas President Calvin Coolidge, chief executive of our nation, has proclaimed Sept. 12, anniversary of the St. Mihiel victory and the day of the retirement of our illustrious commander-in-chief, Gen. John J. Pershing, as National Defense Day, for a show of defensive strength:

Therefore proclaim we for the City of Canyon, State of Texas, September 12 as deserving of special attention and consideration by the citizens of Canyon, and hereby call upon them, upon military and civic organizations of the city, and upon the rising generation in the schools to cooperate with the local committee in every way to make the day a success as a showing of defensive strength, in accordance with the wishes and command of our President.

(Signed) C. N. HARRISON,
Mayor, Canyon, Texas

Our World War General Retires

Gen. John J. Pershing will celebrate his sixty-fourth birthday Saturday, September 13, and retire to private life. Full national honor and tribute is his reward, publicly given in a great meeting at New York September 10.

The amount of exhilaration W. J. Bryan gets out of a convention can not fail to cause curiosity as to whether he gets any real enjoyment out of life during the rest of the four years.

—Washington Star.
A genuine conservative is a man who thinks the West rather impudent to lift its voice concerning political matters.—Baltimore Sun.

Mussolini's idea of being nice to the Italians is giving his concert for them to listen in on the radio all they want to.—Macon Telegraph.

An exchange asks: "What did we get out of the World War?" It will be time to answer that, just possibly, after we get out.—Detroit News.

Tom Taggart says: "I am personally wet and politically dry." So are others.—Philadelphia Record.

PHONE THE NEWS.
The Randall County News is very anxious to get all of the news of Randall county. Much valuable news is liable to escape if you do not assist us a little. We will appreciate it very much if you will phone us all of the news during 1924. This would mean a better newspaper and a more valuable newspaper for Canyon and Randall county.

ANNOUNCEMENT

We have bought the PALACE CAFE and assure you we will give you the best and most prompt service.

Eat with us during the Randall County Fair and at all other times. We appreciate your business.

PALACE CAFE

CANYON PEOPLE IN SANITARIUM.

Those taken from Canyon last week to undergo operations in the Northwest Sanitarium at Amarillo were:

Miss Mary Frances Dunaway was operated on Tuesday for appendicitis. Conner Oden was taken last Thursday for an operation for appendicitis.

W. L. Browning was operated on Friday.

Miss Alice Fox was operated on Saturday for appendicitis.

All the patients are recovering rapidly.

PALACE CAFE SOLD OUT

J. S. McCormick sold the Palace Cafe last week of two prosperous young men from Coleman, Texas, D. J. Houston and I. T. Lane. They have had a number of years experience in this line of work and know how to serve the best of meals and be courteous to all. They took possession yesterday morning and want to assure each and every one that their business is appreciated.

HAS FINE PEACHES.

Joe Gamble sent the News a number of fine peaches Saturday, raised on his trees in town. One tree bore about five bushels this year, and the fruit was very delicious.

BOUGHT CANYON INN

George James of Amarillo bought the Canyon Inn and took possession September 1st. Mr. James has been in the restaurant business for the past fourteen years in Amarillo and understands the work thoroughly. He assures us that he will appreciate the patronage of all and will try and give the best and most prompt service at all times.

BROUGHT NEWS PLUMS.

Little Miss Louise Shirley brought the News a fine bunch of plums yesterday from the trees of her father, D. A. Shirley. The big blue plums were certainly delicious.

WILL SING IN AMARILLO.

Miss Mary McCormick will sing in Amarillo next Wednesday night at the Auditorium. Miss McCormick is an Amarillo girl, who has made a wonderful success in grand opera, both in this country and in Europe.

She will be under the auspices of the Federated Clubs.

CUT THE WEEDS—NOW!

NOTICE

We will keep boys at the Mid-Way Boarding House during fall and winter terms. Call or write for reservations. W. C. Squires, Box 463, Canyon, Texas. 241f

We are a thoroughly loyal Democrat, of course, but our opinion is that the Donkey can produce as much ivory as the Elephant.—Columbia Record.

The first volume of a revised dictionary of the French language has recently been finished by the French Academy. The volume which contains the letters from A to H has taken forty-six years to complete, having been started in 1878. If an equal amount of time is required to complete the remaining seventeen letters it will take a century to finish the work.

The most disastrous earthquake on record occurred in China in 1556, when 830,000 persons were killed.

The cost of living in the United States is 61.7 per cent higher than it was in 1914, and rents are 85 per cent higher than they were at that date.

The inevitable squaring of the circle is illustrated by the fact that those warships which had to be scrapped as a result of the Disarmament Conference were used for target practice.—Life (New York).

THE PASSING DAY

By Will H. Mayo, Department of Journalism, University of Texas.

THE PASSING DAY

The studious observer at a large political gathering is certain to reach the conclusion that most men are easily worked into a high pitch of excitement that subsides almost as rapidly as it is created. When under the influence of excitement they often do and say things of which they would be ashamed in their cooler moments. As a whole people appear to be swayed more by denunciation than by praise, and that which is almost tantamount to a mob spirit can be created by fiery invective. Orators are aware of the power of this appeal to the primordial instincts and in close contests nearly always resort to it. In the most recent campaign in Texas, culminating in the Austin convention, the hate appeal has been used by both sides for all that it has been worth.

Speakers and audience alike have not hesitated to give vent to their feelings, in unmistakable terms and often in language anything but polite. The very vehemence of their expressions, though, appear to have cleared the atmosphere somewhat, and to have paved a way that may lead to better understandings, just as pent-up anger when once turned loose, often results in creating friendships between hitherto antagonistic parties. That is certainly the hope of many who are keenly alive to the best interests of Texas, but who have not been violently partisan. There is great need in Texas for the people to work unitedly for the advancement of State and community interests, and this can not be accomplished where ill feeling predominates. Division means death to progress in localities where every ounce of energy is needed.

The pity is that it is so difficult to get capable persons in sufficient numbers to interest themselves in other than political movements. Even the church is made secondary to politics with nearly everyone when work is to be done. Community builders often find it impossible to get enough capable help in public matters to put any kind of a worthwhile proposition over. We learned how to do things co-operatively during the war, but in many places the people appear to have forgotten that war lesson. That is a good work for the American Legion if it would perpetuate its influence.

Some time ago in a public meeting the statement was made that the average farmer reads but little and therefore cannot have any clear conception of current events. That may once have been true, but farmers and farmers' families are now eager readers of local and state papers and magazines of the best type as well. They read even more closely than the city people and know better what is going on in the world. They are not perhaps as well informed as to the latest moving picture, but in all matters affecting the interests of the people they are well read, and are prepared to give their opinions on most worthwhile current topics. The automobile and good roads, together with a cheapening of papers and magazines, have given the farming class opportunities that are not surpassed in the cities. With these opportunities they are demanding and are getting a better type of reading matter than formerly.

That statements starts a thought as to what has become of the cheap class of publications that a quarter of a century ago could be found in almost every farmer's living room, papers that issued largely from Portland, Maine, and Chicago, and that smelled strongly of cheap ink and cheaper sentimental stories of adventure. Once these papers, printed on the coarsest of pulp paper, and filled with misleading advertisements, could be found almost everywhere, but now they are seldom seen even in the poorest homes. Their passing is evidence of an improved reading taste on the part of the people.

Better schools have had much to do with this, and the community without a modern school building is getting to be a rarity in most parts of Texas. Not long ago Texas school buildings were a disgrace to the State, being hardly fit for stabling farm animals, but gradually Texans have learned that children can be reared best in surroundings in which they can have a pride, and schools and homes alike have improved. Texans are learning, too, that they do not have to be wealthy in order to have at least clean and attractive places in which to live and in which to educate their children. Even the poorest homes are now being made attractive, and the most remote districts are erecting comfortable school houses.

John Randolph spent last week visiting on the North Plains.

YOUR BEST PARTNER

Your best partner, one you can always depend on, is a bank account in a good, strong, carefully selected bank. We offer you that kind of a bank. Our banking facilities are the best. Our officers and directors are careful, courteous, successful business men. Every dollar entrusted to us is carefully safe-guarded. That's the kind of a bank you need, the kind of men you want as business associates, the kind that makes your account at our bank a partner you can always depend on.

AGRICULTURAL EDUCATION PROGRESS IN WEST TEXAS IS GIVEN A REVIEW

One can gain some idea of the progress which has been made by one type of Agricultural Education if he compares the number of vocational agricultural departments which were on the plains in 1920 with the number at the present time. The comparison is two to twenty-three. The two schools with vocational departments for agriculture in 1920 were Miami and the High School Department of the West Texas State Teachers College. In addition to these, this type of agriculture has been added to over twenty other high schools in the last three years. The number of high schools offering work other than Vocational, or the Smith-Hughes type, is not known to the writer. Due to poor training of the average teacher of "General Agriculture," this course has often been a failure. Such failure may be illustrated by "Miss Q," a well-trained teacher for domestic Science who went from this college for the purpose of teaching Domestic Science in a certain high school. She was informed upon her arrival at the school that she must teach agriculture. Her statement that she had never studied an agricultural course in either college or high school brought forth this reply from the superintendent:

"That's all right, neither have I. I have taught it though, and so must you teach it here."

Vocational Agriculture Popular

The three major factors which have helped introduce vocational agriculture in West Texas are: first, the fact that the federal government pays a large part of the salary of the teacher. Second, teachers of this subject must have in addition to a bachelor's degree prescribed professional training sufficient to insure successful performance. With helpful supervision from the State Supervisor, such teachers have sold the department to their own and neighboring school systems. Third, efficient promotional work has been accomplished by the State Supervisor and members of the agriculture department of this college. While those in charge at the college are in no way responsible for the vocational program on the plains, they do feel that as the college is looked to by West Texas people for educational leadership, its agriculture department would fail to do its duty should it not call attention to the necessity of some form of agricultural education in the West Texas High Schools. The writer realizes that many West Texas schools will never have so-called "Smith Hughes teachers." He is persuaded that this particular department is not adapted to all local conditions which our schools must meet; nevertheless, he does submit the following facts for the consideration of high school superintendents:

1. The majority of our people will engage in some form of agricultural activity.
2. The live-stock type of farming, for which type fathers of our high school boys are well trained, is changing to a more difficult type.
3. There is no other social agency available which can give the boy adequate training for this new type.
4. Agricultural occupations are becoming more competitive.
5. Better transportation facilities have offered new markets; these present new marketing problems.
6. Modern scientific discoveries affecting agriculture make new practices necessary.
7. Greater opportunities in other vocations today attract rural young men as they have never done before. Consequently, farm life must be made more attractive, if we keep average brains in the country.
8. The compulsory attendance law is depriving children of farm training which their fathers received at home. We must recognize the fact that the country boy, like his city cousin, must be trained to carry his own economic load in society as well as become a useful citizen and employ his leisure wisely.
10. School administrators claim for agricultural education in West Texas the following results:
 - a. That it makes school life more vital.
 - b. That it has helped to hold older boys in school.
 - c. That it has encouraged boys to work for grades in other subjects equal to grades which they received in their agriculture, though they had a better perceptive basis for agriculture.
 - d. That it has helped sell the school to the patrons.

"More than ever in our history, we want today a generation of young men actuated by high ideals—young men who will think more of service than of self, young men with the capacity and power which is born of knowledge."—Sir W. L. Sleigh, Lord Provost of Edinburgh.

American exportation of \$75,000,000 worth of electrical machinery and apparatus in the fiscal year 1924, against \$25,000,000 in 1914, and \$10,000,000 in 1904, illustrates the rapid increase in the world use of electricity.

French Champion Loses First Race, But—

Epinar, four-year-old French champion, lost the first of his three scheduled races to the American horse, Wise Counsellor, but only by a half length, as shown in the picture of the finish. Carrying 130 pounds; the great horse outran Zev and the rest of the field, but could not hold a lead over Wise Counsellor.

Our Next President?

First returns from this newspaper's nation-wide Presidential poll shows Coolidge, Davis and La Follette so closely grouped that the possibility of the election being thrown into the House and Senate is easily within reason. In such event either Dawes or Bryan might be made president. This new picture, from Lincoln, Neb., shows the two Vice-Presidential candidates in friendly visit when Dawes called upon Governor Bryan.

Two Additional Members of College Faculty Named by President

President J. A. Hill has announced two new members of the College faculty for the school year which starts Sept. 24th.

Miss Angie Debo will take the work of T. M. Clark, who has been granted a year's leave of absence. Miss Debo holds an A. B. degree from Oklahoma and a M. M. from Chicago. She has been highly successful in public school work, both as principal and superintendent. She is unusually highly endorsed by the history department of the University of Chicago.

Miss Adelin White has resigned her position in the education department to accept work in the Teachers College of Columbia University to work on her Ph. D. degree. Harris Cook of Hattiesburg, Miss., has been selected for his position. Mr. Cook holds an A. M. degree from Peabody and has a year's work on his Ph. D. degree. He is a son of the president of the Mississippi Normal College for Women, and is a personal friend of Prof. R. P. Jarrett, head of the education department of the College.

Teachers Endorse Institute and Will Return Next September

The work of the consolidated Teachers Institute was heartily endorsed by the thousand teachers attending last week, and practically all of the counties will return for the institute next year.

A large percent of the visiting teachers attended the watermelon feed given Thursday night on the College campus.

The work of the institute closed Friday noon.

The following resolutions were adopted by the institute:

We, the committee on resolutions, submit the following report:

Resolved, first: That we as a body express our hearty appreciation and approval of the excellent work of Mr. Jarrett and the efficient corps of instructors whose faithful work has made the Institute a source of inspiration and value.

Second, That this Institute extend its thanks and appreciation to the West Texas State Teachers College, the people of Canyon and to the Canyon Chamber of Commerce who have contributed both in a financial and in a social way to make this week's work an outstanding success.

Third, That we extend our sincere appreciation and thanks to the Department of Education and to the University of Texas for sending their able representatives in the persons of Miss Lillian Peek, Mr. J. J. Brown, Prof. H. A. Miller and Mr. Roy B. Henderson to give their valuable services to this Institute, and that we heartily commend the efficient administration of State Superintendent S. M. N. Marrs.

Fourth, That we heartily endorse the work of the Interscholastic League as a whole, believing that it is one of the greatest and best factors in the bringing about of wholesome relations between our schools; that we commend Mr. W. E. Lockhart for his excellent work as Director General of this district and pledge him our hearty support during this school year.

Fifth, That this Institute goes on record as favoring legislation which will demand professional training as a prerequisite to the certification of public school teachers of Texas in the future.

Sixth, That we approve the action taken by the Executive Committee of this Institute to affiliate the organization with the National Educational Association.

Seventh, That we believe it the duty of every teacher of Texas to become a member of the Texas State Teachers Association.

Eighth, That we endorse the consolidated plan of holding County Institutes, and recommend that this Institute return to Canyon for next year's session.

Ninth, That a copy of these resolutions be furnished the publicity committee for publication.

(Signed) W. B. IRVIN, J. J. WILSON, C. L. NICKELL, A. D. PAYNE, E. L. HUNTER, Committee

CARD OF THANKS.

Book by Uncle John

"Uncle John," who writes a weekly prose-poem for this newspaper, is the author of a book of poems from The Hugh Stephens Press of Jefferson City, Mo. "The Water Witch" is its title—"a book of verse as human and understanding as 'Gene Field,'" says one reviewer. Uncle John in everyday life is Dr. J. J. Gains of Excelsior Springs, Mo.

A THOUGHT FOR THE WEEK

A HOME!—it is the bright, blessed, adorable phantom which sits highest on the sunny horizon that girdeth life! When shall it be reached? when shall it cease to be a glistening day-dream, and become fully and fairly yours? It is not the house, though that may have its charms; nor the fields carefully tilled and streaked with your own footpaths; nor the trees, though their shadow be to you like that of a great rock in a weary land; nor yet is it the fireside with its sweet blaze play; nor the pictures which tell of loved ones; nor the cherished books—but more far than all these—it is the Presence. The Lares of your worship are there; the altar of your confidence is there; the end of your worldly faith is there; and adorning it all and sending your blood in passionate flow, is the ecstacy of the conviction that here at least you are beloved; that there you are understood; that there your errors will meet ever with gentlest forgiveness; that there your troubles will be smiled away; that there you may unburden your soul, fearless of harsh unsympathizing ears; that there you may be entirely and joyfully yourself.—Donald G. Mitchell (Ik. Marvel).

Radiators painted white give twenty per cent more radiation than unpainted ones. Other colors in order of their radiation values are cream, red, green, yellow, black, aluminum and brown.

A ridge of coral rising only twenty-two feet above high tide Coral Sea, off Queensland, Australia, has been fitted with a lookout station to warn shipping by wireless of approaching storms.

The Order of St. Gregory the Great as best conferred by Pius XI on William C. Prout, leader of the United States Olympic forces in the games at Paris.

The main trouble about government is that the men who have wisdom enough to undertake it have wisdom enough to stay clear of it.—Columbia Record.

Isabel MacDonald is what Americans know as a college girl. She dresses in a simple fashion characteristic not of her alleged "working" class in society but of all British intellectuals.

MRS. CLARA MADDUX KILLS DIVORCEE WITH HER HUSBAND

Mrs. Annabel Barker was shot and killed Sunday in Childress by Mrs. Clara Maddux, wife of H. B. Maddux, deputy game warden.

Maddux was stationed in Canyon as deputy game warden for several months this spring and was well known to many people in the city.

Mrs. Maddux had followed the couple, according to information given out, and when she saw them together in the Maddux car at Childress, opened fire upon the woman, killing her instantly.

Maddux left Canyon about six weeks ago.

Mrs. Maddux is out on bond. Maddux is held under a charge of adultery.

TRAINING SCHOOL WILL OPEN MONDAY, SEPTEMBER 22nd

The Training School of the College from the kindergarten to the seventh grade, inclusive, will open on Monday, September 22nd.

President J. A. Hill states that the quarterly fee for the training school will be \$3.00.

Some whales travel twice a year more than a quarter of the distance around the world. They will be in the Arctic regions in the summer and on the other side of the equator in the winter.

DOES YOUR BACK ACHE? Bad Backs Bring Suffering to Many Canyon Folks.

Is that dull, constant backache making you old and miserable? Does your back throb and ache until it seems you just can't keep going? Do you suffer headaches, dizzy spells and urinary disorders; feel weak, tired and worn-out? Then look to your kidneys. Delay may mean serious kidney sickness! Use Doan's Pills—a stimulant diuretic to the kidneys. Doan's are recommended by Canyon folks.

R. E. Hileman, prop. bicycle and gun repair shop, 1402-8th Avenue, Canyon, says: "My kidneys were weak and acted too freely, especially at night when I had to get up several times. When I stooped, sharp, cutting pains took me in the small of my back. Headaches and dizzy spells were also very annoying. I felt tired and worn out. I began to take Doan's Pills, which I bought at the Jarrett Drug Store and they cured me. I have had no return of the trouble since."

Miss Carmen Brewer Asks Canyon Friends for Pageant Votes

Miss Carmen Brewer of Perryton was in the city Thursday soliciting friends in the College and in the city to give their support to her for the Hudson car which is to be given away during the Tri-State Fair, at Amarillo.

Miss Brewer was formerly a student in the College and has many friends in Canyon who will gladly give their influence to her candidacy.

She is described as "The Girl With the Indelible Smile," and those who know Miss Carmen best realize the fitness of this description.

Those who attend the Pageant of the Plains during the Tri-State Fair will have the opportunity of voting upon the most popular Duchess, who will be crowned Queen, and will receive the grand prize of the Hudson coach, together with a large number of special prizes offered by various Amarillo merchants.

The platform announced by Miss Carmen follows:

1. Don't vote for the prettiest Duchess.
2. Even if you should want to be Queen, so pick on me.
3. I do not believe in a third—especially if I win that Hudson Coach—no real Queen does.
4. Some Prohibitionists might object to having a BREWER for their Queen, but I might be able to change my name after I own the Hudson Coach. Anyhow, let's you and I ride to Perryton in the Queen's car. Can I depend on that?

The Sibylline books were a set of oracular writings which contained the history of the Roman State. They were burned in 404 and 408 A. D. An air of mystery has surrounded them because they were only consulted by members of the senate on special occasions, and whether they contained directions received from the gods or only predictions will always be a matter of conjecture.

Eleven major forest fires were blazing in California, Nevada, Oregon and Washington at one time during the first of August. They were supposed to be caused by lightning, and the largest blaze was said to be in the Chelan national forest where more than 600 acres of virgin timber burned.

Mother of three children tells experience with "Mother's Friend."

"I USED 'Mother's Friend' before my last baby came," writes Mrs. McCawick, Liberty St., Pontiac, Mich., "and brought him with very little discomfort. I am the mother of three children but I never had such an easy time with the other two. I recommend 'Mother's Friend' to all expectant mothers."

"Mother's Friend" is applied externally. It relieves that tight feeling; permits easier natural readjustment of uterus and nerves during expectancy and at child-birth.

FREE BOOKLET
Write Bradford Regulator Co., Dept. F-4, Atlanta, Ga., for valuable booklet sent free to expectant mothers. "Mother's Friend" is sold by all good drug stores. Start order today. Full directions as to its use will be found with each bottle.

Umbarger Notes

An entertainment was given at the E. J. Friemel home Sunday evening.

Mrs. Otto Skarke had the misfortune of badly spraining her leg last week. She was at the doctor's office in Amarillo Friday.

George Grimm and wife have moved to Amarillo where he will work in a printing office.

The farmers are busy sowing wheat. Some are starting to cut row crop.

Paul Artho and family, M. Hollenstein and family, O. J. Podzemny and family, Mrs. Skypola and family spent Sunday at the V. Skypola home.

Frank Vorwald and family spent Sunday at the R. Friemel home.

Miss Laura Berent's mother and sister left last week, after a short visit. Miss Annie Keeley is here to teach the Umbarger School, opening Sept. 8.

The famous Dogali monument, which was erected in Rome in honor of the first 500 Italian soldiers killed in the battle of Dogali during the Abyssinian War, is to be removed to another part of the city to make way for a street car line. The monument is a slender Egyptian obelisk, and has been admired by tourists for many years.

If an express train traveling at the rate of forty miles an hour were flung into the air it would reach the nearest star after seventy-five million years of continuous flight, with no stoppage or slowing down. This star is 276,000 times the distance that separates us from the sun, or twenty-five billion times from here.—Dreams of an Astronomer, by Camille Flammarion.

Old York and New York have been linked together by the unveiling of a tablet in the ancient city by the younger municipality, the Duke of York performing the ceremony.

And so insane are slipping into this country. Well, they won't be noticed.

Down through the ages the constant use of wood has proven it to be the best material for home-building. A lumber-built home with wood floors, wood mantles, staircase, window-frames and doors brings kindly memories to most of us because it was in such a home that we were born and raised. Lumber gives that "homey" atmosphere that all other materials lack. Use lumber to build your home. Lumber gives greater home comfort at more reasonable cost. Let us help you in planning and financing your home.

RANDALL COUNTY FAIR WILL BE HELD SEPTEMBER 18-19

(Continued from page one)

swine. T. M. Moore superintendent of agricultural exhibit.

T. W. Duffel superintendent of the poultry department.

Chas. Harter superintendent of the dairy section.

Tom Dowlen superintendent of the beef cattle.

H. C. Gamble and Louis F. Hart superintendent of concessions.

Irby Carruth, H. C. Gamble and J. W. Kleinschmidt superintendents of the night shows.

Louis F. Hart superintendent of exhibitors' booths.

Fats vs. Leans.

One of the bloodiest encounters ever staged on a field of conflict will be waged Thursday afternoon. The old Roman days of blood and thunder in which many a martyr shed his blood for the honor of his country will not compare to the battle between the Fats and the Leans. They will fight for the honors of the baseball world, and the winners will be declared and crowned undisputed world champions. The Fats will be headed by Grady Oldham, while the supreme tactician Dr. D. M. Stewart will direct the destinies of the Leans. Daily practices of these distinguished crews will start in secret, and when the game is uncorked Thursday afternoon, there will be many a thrill and surprise of the great throng which will witness this conflict.

Football Friday P. M.

The big amusement bill for Friday afternoon calls for a football game between the Canyon high school Eagles and the All-Star team. The Eagles are fast getting into shape under the direction of Coach Nay Hale, and this opener for the season will put them in shape for their first game with the Amarillo high school the week following during the Amarillo Tri-State Fair.

Two Night Programs.

Programs will be given both nights in the Buffalo Park, and will consist of boxing, wrestling, bicycle races, and other sports. This program is under the direction of Irby Carruth, H. C. Gamble and Wesley Kleinschmidt. "Checkbook" Anderson will face another good fighter Thursday night.

Other local boxers and wrestlers will enter the contest. Twenty-five boys will enter the bicycle races.

A dance will be given at the Legion Hall both night for the benefit of the Fair Association.

Merchants to Exhibit.

A large number of booths have been taken for display by the merchants of Canyon. Louis F. Hart is superintendent of this department.

The following business houses will have displays: Thompson Hardware Company, The Peoples Store, Canyon Lumber Company, Canyon Supply Co., Canyon Light & Power Co., Jarrett Drug Co., Kuehn & Farlow, Win. Schmitz, Randall County News, and others are asked to join.

Season Tickets on Sale.

Season Tickets will be placed on sale in charge of Louis F. Hart. Owing to the fact that the premium list runs high into money, it will be necessary to charge a small admission fee. This fee goes to the exhibitors, in order to make a better and bigger Fair. The season ticket are \$1.00 for adults and 50 cents for children. The season ticket will admit the holder to the fair grounds, and to add attractions on the fair grounds, both day and night, and to the baseball and the football games during the fair. The citizens of Canyon are urged to buy these season tickets in order to guarantee a good fair. It will mean a saving of money to those who will attend, and every citizen of Canyon should be interested in his fair and attend the attractions each day.

Premiums Offered.

The Randall County Fair will offer cash premiums on all exhibits in each and every class. Cash prizes will be for first place and ribbons for second and third places.

The following will be the schedules of premiums offered:

Live stock—\$2.00 first; ribbons second and third.

Poultry—\$1.00 first; second and third, ribbons, for pens; singles, 50c first, second and third ribbons.

Agricultural exhibits—50c first, second and third, ribbons.

Cash premiums paid in all classes where there is competition; no cash

prizes, but ribbons given, in case these is only one exhibitor.

A county fair is not complete without a big display of agricultural exhibits. Every farmer has something worth while to exhibit. Every farmer should bring in something for the agricultural display. This has been a good crop year in Randall county, and there is a world of things worthy of exhibit. The farmers are urged to help make the fair a big affair by exhibiting some of the many good crops they have.

Competent Judges Coming.

Competent judges will be furnished for each department. These judges cost the Fair Association a good sum of money, but the promoters want each exhibitor to feel that his entry has been judged according to its merit.

City Federation Will Have Charge of Women's Department

An Art Exhibit, consisting of hand-painted China, pictures, basket work, bead work, relics or curios, all kinds of fancy work, bakery, and a booth for children's work will be supervised by the City Federation during the two days of the Randall County Fair to be held Sep. 18-19.

The Federation is very anxious for the women of the town and county to place work in the exhibit. The Federation is cooperating with the Chamber of Commerce in arranging for the exhibition and cash prizes and ribbons will be awarded on the winners of all kinds of work on display.

Mrs. J. S. Humphreys, president of the City Federation, is general chairman of the exhibit, and the following women have been appointed heads of committees for the different departments.

Crochet—Mrs. C. R. Burrow.

China Painting—Mrs. John Fry. Mrs. C. N. Harrison.

Pastel, Water Colors, Oil, Pictures—Mrs. Geo. A. Farlow.

Embroidery—Mrs. Clarence Thompson.

Bedspreeds, quilts or fancy sheets—Mrs. F. P. Guenther.

Odd Curios, Antiques—Mrs. Thos. B. McCarter, Mrs. P. V. Winstead.

Knitting—Mrs. O. N. Gamble, Mrs. A. J. Arnold.

Hand Made Rugs—Mrs. R. A. Terrill, Mrs. F. M. Wilson, Mrs. M. S. Bishir.

Tatting—Mrs. Joe Black, Mrs. Chas. Harter.

Bead Work—Mrs. R. I. Graves.

Basket Work—Mrs. J. Angel.

Children's booth, embroidery or beaded work done by boys and girls under fifteen years of age. Small cash prizes and ribbons will be given to best pieces of work and a complimentary ticket to the Olympic Theatre for second prize. Mrs. Sanford Black and Mrs. W. J. Flesher will be in charge of this booth.

Mrs. C. W. Warwick is chairman of the bakery exhibits. Cash prizes will be given for the best cakes, bread or rolls. Prizes to be governed by the following classification: Cakes, white, dark and angel food; Bread, light, salt rising and rolls.

The Federation is very anxious to furnish the Club Room at the court House, which has been given to the clubs of the city. A bake sale will be given the second day of the Fair and the proceeds will be used to buy new draperies for the Club Room. If the ladies who exhibit their cakes or breads care to donate them for the sale it will be greatly appreciated by the Federation.

Information will gladly be given to any one calling the head of the department the article is to be entered in. All articles will be taken care of in the College building, and greatest care taken against accidents. During display hours, the articles will be carefully looked after and locked up at night.

MARRIAGE LICENSES

R. B. Burnett and Miss Beulah Day, September 6th.

TOILET PAPERS—Northern Tissue, 2 rolls for 25c; Sea Shell, 10c per roll; Astor, 2 rolls for 15c. Best quality and lowest prices. Good discounts in the case lot. At the News office. tf

FOR SALE—Lot in the west part of town given by A. S. Rollins to the new Methodist church. W. J. Flesher.

NAPKINS—Paper napkins at the News office: 75c, \$1.00 and \$1.25 per 1000. The biggest napkin bargains you can get. News office. tf

A DOUBLE WELCOME

RANDALL COUNTY FAIR

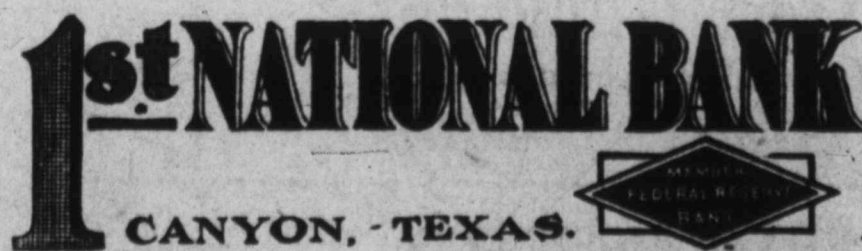

SEPTEMBER 18, 19, 1924

Farmers of Randall County will receive a hearty welcome not only at the Fair Grounds but in our banking rooms.

Make this bank your family headquarters while in Canyon. Rely on us for a helpful banking service or friendly general assistance. It will please us to be of service to you.

We hope you get a deal of good out of inspecting the exhibits at the Fair Grounds, seeing the better kind of live stock and labor saving machinery, and through exchanging ideas with friends and neighbors.

Here's to a successful County Fair in a social as well as in a business way.
