

AUTOMOBILE TAX PAYABLE DURING MONTH DECEMBER

MUST TAKE CAR INFORMATION TO COLLECTOR'S OFFICE.

Seven Hundred Ninety Cars Registered in Randall County During the Current Year.

The new automobile plates have been received at the office of W. C. Black, sheriff and tax collector, and automobile owners must provide themselves with new plate to be placed on their cars January 1st, or be subject to a fine.

Car owners must bring to the collector's office last year's receipt, and in case they do not have this receipt, they must furnish the engine number and the figures shown on the present number plate. The new plate cannot be issued without this information, and it would take an unlimited amount of time to dig up this information from the records in the collector's office for each car in the county.

A new plate is issued this year instead of seals. The plate is of dark brown with six figures in raised white, with a star separating groups of three, as in the old plates. At one end of the plate is the word "Texas," and at the other end "1925."

The county was furnished with 1,000 plates, starting with number 602*051. Cars registered in the county during the current year number 790. Worth A. Jennings is looking after the collecting for Mr. Black until his time expires the first of the year, when Jno. Fry becomes the new Sheriff and Tax Collector.

Poultry Show Largest Ever Held by the Breeders of County

The poultry show sponsored by the Randall County Poultry Association Monday, Tuesday, and Wednesday was the largest ever held in Canyon by this Association.

More than three hundred birds were in the show and the quality was exceptionally high.

The judging was completed yesterday afternoon, but the listing had not been checked and available for publication in this issue of the News.

Poultry was here from Amarillo, Tulla and Hereford.

CARL BARTLETT WANTED

Nell Bartlett of Oak Hill Sanitarium, Warrensburg, Mo., writes Mayor C. N. Harrison asking information about her brother, Carl Bartlett, who worked in or near Canyon during the summer. He came to Canyon from Breckenridge, and worked here for some time. Letters addressed to him at Canyon have been returned, and the family has not heard from him since July. Any one knowing of him will do his family a great service by writing to the above address.

TEXAS COMPOSER COMING.

David W. Gulon, composer and pianist, will appear in joint recital with Wallace R. Clark, head of the music department of the College, in a lyceum number to be given at the College on December 13, at 8 p. m.

SHIPPED FIRST COTTON SEED.

The first car of cotton seed that was ever shipped from Canyon went out Monday evening. At the same time 50 bales of cotton were shipped which had been bought by the gin.

Dendy Whipping Case Reversed by Court of Criminal Appeals

A criminal case must be tried over in the coming term of District Court on account of a mistake in the initials of J. M. Dendy, barber of Amarillo, who was whipped on the highway of Randall county in the summer of 1922.

Under the indictment, Dendy's name was given as "J. B." instead of his correct name, J. M. Dendy. John Short was convicted of having had a part in the whipping, and was fined \$1,000. The case against Short will come up in the term of district court in January.

Help Get Canyon Clean!

J. A. Cheatham Dies Tuesday Night; Well Known Citizen of City

J. A. Cheatham, well known citizen of Canyon for the past six years, died Tuesday night at 11 o'clock at his farm southwest of the city. He was found in his car by neighbors about four o'clock in the afternoon and stated that he was poisoned. Physicians were called and worked continually with him until he passed away. He suffered greatly up to the time of his death.

Mr. Cheatham was of an unusually pleasing personality, and had many friends in the county who were shocked to hear of his death. He has always taken great interest in all public affairs, and served as a member of the school board for one term when the school was having a great period of expansion.

The funeral services will be held at the Baptist church this afternoon at three o'clock, conducted by Revs. B. F. Fronbarger and Lyn Claybrook.

Mr. Cheatham was survived by his wife and two children, Roy and Frieda, and by three brothers and one sister. Mrs. Brookmore of Charleston is his sister, and the brothers are A. J. Cheatham and G. A. Cheatham of Paris, and W. S. Cheatham of Deport. Their mother died in Canyon during the past summer.

Heart felt sympathy is extended to the family by a large circle of friends in their hour of great sadness.

NEWSPAPER MAN HIGHLY PLEASSED WITH CANYON

W. E. Root, a newspaper man from New Mexico was in the city Tuesday and spent a few hours at the News office. Mr. Root states that he has taken several months' vacation and has been driving over the West in his car seeing the country.

Mr. Root states that he had not seen a cleaner or better looking town on his trip than Canyon. He complimented the buildings and the general appearance of the town very much. He said that he noted there were lots of weeds along the streets, but did not object to these as this signified that the soil was rich and that there had been sufficient moisture during the past year.

Methodist Students Conduct Services in Five Towns Sunday

Sunday was visiting day with the Methodist Student Federation and five teams were sent out under the direction of Mrs. T. C. Delaney, student secretary. The following towns were visited: Panhandle, Vega, Happy, Wayside and Vigo Park. Services were conducted in the Methodist churches in all of these towns.

It is planned that teams shall visit other Methodist churches of this section during the coming few months in order that the work of the student federation may be brought to all of the Methodist churches.

It is possible that students from other churches will make similar trips to churches of their denomination during the coming few weeks, as practically all students in the college are organized under the directions of workers in the local churches.

LETTERS TO SANTA

Canyon, Texas, Nov. 30, 1924.
Dear Santa Claus:
Please bring me a little train, a car, and a big Christmas tree, and lots of nuts and candy.

Sincerely yours,
PAUL FOSTER, JR.

Happy, Texas, Nov. 20, 1924.

Dear Santa Claus:
I want a doll and some candy. I want a pair of stockings and a pair of snow shoes. I want some bananas and apples and oranges.

SUE CEONA KNOX.

Dear Santa Claus:

We have tried to be good girls this year and we want you to bring us each an "American Beauty Doll" and some oranges, candy and nuts. We hope you are well. Your little friends,
Faye and Fern Nickson.

DUBLIN MAN BUYS FARM.

Eula Bell of Dublin has bought a farm three and one-half miles north of Happy for \$30 per acre. There are 547 acres in the farm. Mr. Bell plans to move here during the winter.

BOARD OF CONTROL RECOMMENDS NEW \$175,000.00 SCIENCE BUILDING; CUTS APPROPRIATIONS OF COLLEGE

The Board of Control has recommended to the legislature a new science building for the College to cost \$175,000.00. President Hill and the board of regents asked for an Education building to cost this amount, but the Board of Control say fit to change the recommendations to a science building.

The board of control will recommend to the legislature an appropriation of \$429,290 for the first year and \$224,815 for the second year. The board cut more than \$200,000 from the budget submitted by the faculty and approved by the regents. The total for the two years is \$654,104. The recommendation for the new Tech College is \$845,320.

Mr. Hill saw his budget while in Austin Saturday and states that very material cuts were made by the board of control in many items. The summer school suffered the large cut, and Mr. Hill was unable to see how the summer school could run on the appropriations recommended.

Mitchell Jones Gets Honorable Mention by Denton's Coach

Bulldog Jones, the fighting guard of the Buffalo team was given a place on the All T. I. A. A. team by Coach Fouts of Denton. Jones was the only Buffalo given honorable mention by the down-tate coaches who have so far presented their choice for places on the mythical eleven.

Coach S. D. Burton makes the following selection for the All T. I. A. A. eleven: Ends, Mitchell (West Texas) and Miller (North Texas); tackles, Fronn (North Texas) and Adams (West Texas); guards, Santy (West Texas) and McInnis (Daniel Baker); center, Thompson (West Texas); quarter, Kimbrough (Simmons); halves, Brock (Daniel Baker) and Slack (North Texas); fullback, Burson (West Texas).

STUDENT HAS LOSS IN FIRE.

Eric Ming, a student in the College, lost most of his clothing and books Thursday afternoon in a fire at his place south of Mrs. Conner's home.

Mr. Ming was not at home at the time and is unable to account for the fire.

FIRST SNOW OF SEASON.

A light snow is on the ground this morning as a result of a norther during yesterday and a fall of temperature last night. The snow is of little consequence, and the temperature not severe.

Big Party Will be Pulled in Canyon With Completion of the Depot

The biggest party that Canyon as a whole has ever pulled off will be staged early in February when the new \$65,000 depot is completed. Santa Fe officials have promised to attend this gathering. The new White Way will be in operation by that time, and officials from the Texas Utilities Company will be here. Officials of other public utilities will be urged to come to Canyon upon this occasion.

The News is planning to publish a special illustrated edition about this time, giving a review of the many improvements being made in the city.

FIFTH PUBLICATION MAKES ITS BOW FROM NEWS OFFICE

The fifth publication to be printed by the News makes its bow this week, Grain Sorghum Facts. This publication is the official newspaper of the Grain Sorghum Growers Association, which has a membership of more than 3500 leading farmers in Texas, New Mexico, Oklahoma, Colorado and Kansas. Facts will carry the Association's news to the members and to many others.

The News is now publishing four weekly newspapers, the Randall County News, The Prairie, Happy Herald, San Jacinto Booster, while Facts will be a monthly until early in 1925 when it will change to a semi-monthly publication.

DODSON FUNERAL FRIDAY.

A. J. Dodson, 68, died Thursday at his home south of Happy, and the body was brought to Canyon for burial in Dreamland cemetery Friday morning.

Shirley and Burton to T. I. A. A. Meeting to be Held Dallas Friday

D. A. Shirley and S. D. Burton left today for Dallas to attend a meeting of the T. I. A. A. officials. Mr. Shirley is vice president of the association.

Coach Burton will arrange basketball and baseball games while attending a meeting of the coaches. On the return home he will make a trip into Oklahoma to arrange for wrestling matches.

While in Dallas equipment for the new gymnasium will be bought by Mr. Shirley and Mr. Burton.

Warren Buys Bellah Building and Will Enlarge Shoe Dept.

W. A. Warren has bought the Bellah building, now occupied by the variety store, and is just north of the double building Mr. Warren is occupying with the Peoples Store.

Mr. Warren states that in buying this building he has in mind to open about the first of February an exclusive shoe department in this building. He plans an opening between his present store and the new building, and will put in one of the biggest shoe stocks in the Panhandle.

The addition to the store will give Mr. Warren a sixty-foot front.

Only \$80.25 Collected in the Red Cross Roll Call Closing Thursday

Dr. D. M. Stewart, chairman of the Red Cross Roll Call states that only \$80.25 was collected during the Roll Call.

Sixty men and women took annual memberships at \$1.00 each, which one took a supporting membership of \$25.

Dr. Stewart states that he wished to thank very much all of the women of the Federation who worked during the Roll Call. Several of these women gave considerable time to the cause during Thanksgiving week.

SHOWER FOR MISS KEISER.

Mrs. Wallace R. Clark entertained Saturday afternoon in honor of Miss Phyllis Keiser. The occasion was a shower for the bride-elect who will be married to H. K. Stanfield of Amarillo next Wednesday afternoon. A color scheme of pink was carried out, with beautiful decoration of cut flowers and pink favors. Bridge was enjoyed during the afternoon, Miss Keiser winning high score, and Mrs. Carruth the consolation prize. A two course salad and ice course luncheon was served by the hostess. The following were the guests: Misses Phyllis Keiser, Erna and Anndel Guenther, Elizabeth Shaw, Pauline Brigham, Corrine Hamill, Mesdames C. O. Keiser, A. W. Hamill, S. L. Ingham, Millard Word, C. N. Harrison, I. B. Carruth, C. W. Warwick and Wallace R. Clark.

BURNETTS HURT IN WRECK.

Mr. and Mrs. R. B. Burnett were run into Thursday evening about seven o'clock near Tulla by a large car which turned over their car, badly wrecking it, and injuring both of them badly. Mr. Burnett had accepted a position with the First National Bank at Amarillo and was to have started to work Monday but was unable to go to his new position.

Help Keep Canyon Clean!

EAGLES TRIM THE FLOYDADA WHIRLWINDS THURSDAY

ONE OF FASTEST GAMES OF THE SEASON.

Eagles Keep Record Clear by Suffering No Defeats on Home Grounds During Two Years.

The Canyon Eagles closed a most successful season Thursday by defeating the Floydada Whirlwind team by a score of 19 to 7. The game was one of the fastest and the most thrilling seen on Buffalo field this year. The continual fumbling of the Eagles cost them at least two touchdowns. These fumbles were the most costly the Eagles have suffered during the past season, and there greater in number than in all the other games combined.

The game was largely by the overhead route so far as both teams were concerned. While the Eagles time and again plowed through the Floydada line for long gains, the favorite method was the air route, which was worked successfully by the Eagles as well as by the visitors, who had a short pass which kept the Eagles guessing throughout the game.

The Eagles score first in the opening period, but failed to kick a goal.

Floydada took a decided brace in the second period, and threatened to carry the ball over. As the quarter ended the visitors were on the Eagles' ten yard line.

A fumble on the first play of the third quarter gave Floydada the ball in the Eagle territory, and it was advanced to the ten yard line where the Eagles held. The play was largely in Eagle territory until near the end of the period when Brown got away with a 50-yard pass, carrying the ball to the 10-yard line, and it was taken over for a touchdown and goal was kicked, making the Eagles' score 13 to 0.

An Eagle fumble in the fourth quarter gave the visitors the advantage, which netted them a touchdown and goal was kicked, making the score 13 to 7.

A few minutes later the visitors were on the Eagles' 12-yard line and a pass was executed over the goal line, but was called back with a Floydada man was off-side. The Eagles braced, took the ball and rushed it by a series for another touchdown, making the score 19 to 7.

Without a doubt the Eagles put up the best game the team has played on the home field this year, and barring the fumbles, the playing was highly satisfactory to the large number of fans.

HAPPY GIN CAUGHT ON FIRE MONDAY—NO DAMAGE DONE

The Happy gin was on fire Monday afternoon, but owing to quick work on part of the crew and citizens, no particular damage was done.

The fire first caught in a stand, and this was thought to be extinguished, but a little later fire broke out in the hulls, which threatened the gin. A careful watch was kept on the plant Monday night. The gin was shut down only a short while on account of the fire.

GOT GOOD HAUL ON GEESSE.

In four days this week twenty-seven geese have been killed by local hunters on one lake near the city.

On Thanksgiving Hud and Sherman Frichard, T. S. Maxwell, Ed Mickle and Sanford Black killed 17 geese on the lake, and Monday Ed Mickle and Grady Oldham got 10 geese.

Oberst Ships Five Bales from 15 Acres and Will Pick Sixth Good Bale

E. A. Oberst states that he has shipped five bales of cotton from his 15 acres planted to cotton this year, and will easily have another bale to pick. The five bales weighed 2410 pounds. He believes there will be a full 500 pound bale from the last picking.

Mr. Oberst states that he planted a bushel of Mebane seed to the acre, and did not plant too deep. He believes that most of the farmers made the mistake of not planting enough seed.

This is the first time Mr. Oberst has ever raised cotton and he is highly pleased with the venture.

According to a report published in the News last week from the School Survey Commission, this body is calling for a closer relationship between the teachers colleges and the local schools in the towns in which these colleges are located. It was pointed out that a closer relationship would be of very great benefit to both the college and the local schools. The plan has been thoroughly tried out in many instances in other states, hence the suggestion that it be applied to Texas. School magazines of late have been making favorable reports from the large number of instances in which a very close relationship exists. Whatever relationship exists between colleges and local school system must by all means be amicable and mutually helpful. If the local schools in which the Texas teachers colleges are located have not taken full advantage of the opportunities afforded by a closer bond of friendship and mutual understanding, it does not mean that the local communities do not highly appreciate the presence of these colleges or appreciate the splendid work being done by these colleges. Having such great institutions right at home may have lead the towns to overlook some of the benefits, which the survey commission points out, and this sin of omission will no doubt be corrected through a closer cooperation.

It was the good fortune of the News man to visit Panhandle Sunday with a bunch of students from the College, and there see the wonderful improvements that are being made in the town since Panhandle has become prominent as an oil center. Editor Lee Satterwhite, State Representative from this district, has just completed a new building for the Panhandle Herald, and is planning a special edition of his newspaper for Christmas at the time of the opening the Thompson Inn. The new Inn is the main attraction of Panhandle just now, and is truly a credit to any town. The new hotel will cost, fully equipped, \$75,000.00. Col. Ernest O. Thompson of Amarillo is owner of the new enterprise. A most cordial reception was given the Canyon party by the people of Panhandle, and a big turkey dinner was furnished by E. E. Carhart, cashier of the Panhandle Bank, who was joined by his wife, daughter and granddaughter in the entertainment. Panhandle is one of the enterprising towns of the Plains

and hopes soon to start a paving program as the results of an election held Saturday to secure the sentiment of the people on this question.

On account of being such a silent man, most Americans have been lead to believe that the President is an amateur in politics, and just happened to be elected vice president, and then became president by the untimely death of Warren G. Harding. Such is not the case. The President has been elected to public office twenty times, and has never been defeated. He was first elected to public office in 1899, the office being city councilman of Northampton, Mass. Since 1909 Coolidge has never been out of public office. The following is his public office record: 1. City councilman, 1899; 2. City solicitor, 1900; 3. Clerk of courts, 1904; 4. House of Representatives, Massachusetts, 1906; 5. Re-elected to House, 1907; 6. Mayor of Northampton, 1909; 7. Re-elected mayor, 1910; 8. State Senate, 1911; 9. Re-elected, 1912; 10. Re-elected, 1913; 11. Elected president of Senate, 1913; 12. Re-elected to senate, 1914; 14. Lieutenant Governor of Massachusetts, 1915; 15. Re-elected, 1916; Re-elected 1917; Governor, 1918, Re-elected Governor, 1919. 19. Vice President of the United States, 1920; 20. President, 1924. Perhaps if Coolidge had been a talkative man, he would have been defeated in some of his numerous campaigns. He has been sticking to his job, and doing his work, letting the other fellows do the talking.

For many years Amarillo has boasted that there was no cemetery in Potter county. The Amarillo dead were buried in Randall county. Randall is a very gracious neighbor and made no objections. Now comes Randall county again to the aid of Amarillo. Amarillo needs water, and must have water. Amarillo cannot long continue to grow without an adequate water supply, and this water supply is to come from Randall county. Land on the Palo Duro, a few miles west of Canyon will be bought by Amarillo and will furnish the Amarillo water supply. We are good neighbors, and are glad that we are in position to accommodate our neighbors. However, to be perfectly honest in this matter, we wish Amarillo would come across and help us a little by sending us a pipe line for the gas in exchange for this water. Canyon is the largest accessible user of the big gas supply, and is growing very much every year. Amarillo has more gas than she needs, and we need it. Why not come across, Amarillo?

Canyon needs a City Park the worse way, and the next few months should be devoted to serious thought on this question. A city park is one of the requirements of an up-to-date city, and the quicker it is bought, the more the city will save. Real estate values increase rapidly in a growing city, and it is expected that Canyon will continue the very great growth witnessed during the past few years. Getting a city park now, and putting it in proper shape for the pleasure of our citizens and visitors should be the problem of all our people during the coming few weeks.

The Plainview News has installed a new press which carries an eight page paper, the same size as the big daily newspapers. It is the first weekly newspaper to print such a large sized page. Editor J. M. Adams announces in last week's paper that he will start on December 31st an a trip around the world, spending a year in travel. He will try to fill some of these big pages with letter of his travels, and being a very interesting writer, will give his readers a splendid word picture of what he sees and does.

Shop early this year. Every year most of our people decided that they will certainly shop early next year, and then forget all about the resolution until a few days before Christmas. The advertisements in the News will carry a message to the Christmas shoppers, and prepare them for early buying. Read the advertisements for Christmas goods, and then make your selections early.

The Panhandle is enjoying the finest fall weather it has had in twenty years say the old time residents. There has been very little cold weather, and the rains have been sufficient and at just the right intervals. The Panhandle cannot be excellent in the quality of weather usually enjoyed by our citizens.

The Republicans have read out of the party La Follette, Brookhart, Ladd and Frasier, and will keep them out of the Republican parties and off of important committees. These four will use this as a club of sympathy and will no doubt profit from the rebuffs of the party. At least the Democrats, or not many of the Democrats want these four in their party.

It is reported that Mrs. Ferguson has 900 applicants to fill 50 jobs which are at the disposal of the Governor-elect. On political years it is the right of every American to run for office if he so chooses, and to ask for appointive offices if he so chooses.

A SERMONETTE.

The following timely editorial appears in the Lubbock Plains-Journal, and is applicable to Canyon:

Last week representatives of five large printing concerns, whose establishments are located in other cities, were in Lubbock transacting business for their firms. And all of them got business—printing business out of Lubbock, from Lubbock business houses—to be completed in other cities by workmen whose salaries are spent in those other cities and for employers who have invested their money and who contribute to the welfare of those other cities. There would be a method in letting such orders to foreign concerns were it not for the fact that there is not another city in several hundred miles of Lubbock where a larger volume of printing can be turned out and no other city in farther away that that where printing can be turned out more artistically.

Every once in a while a man comes to the Plains Journal for an estimate on a printing job, and when he receives the estimate, based on honest prices, good workmanship and good service,

he will raise his eyebrows and say: "Whew! Your price is high! Why, I can get Smith, Jones and Brown, of Kalamazoo, to do it for fifty cents less than your price!"

And with that he will sally forth and send a mail order to Smith, Jones and Brown, in Kalamazoo, Oshkosh, or what have you?

In a few days that same man, or one of his friends, will come into the Plains Journal for a donation, either in money, publicity or commercial printing. Sometimes it is for a worthy cause—something that everyone is glad to help on. Sometimes, however, it is for the Amalgamated Order of I Will Arise or something else equally as unimportant. If the cause is a worthy one he gets his money—for his firm, like almost ever other in Lubbock, is glad to further just causes and movements that will better Lubbock. But what that man ought to be told when he asks for favors, is:

"Sorry, but we can't do anything for you today. Write to Smith, Jones and Brown, in Kalamazoo. They'll be glad to help you in return for your business favors." And if he did write to Smith, Jones and Brown, we'd be tickled to death to match their donation to his cause.

This sermon is not applicable to the printing trade alone, but to every other branch of business, dry goods, groceries, furniture and everything else. The good merchants of Lubbock, aiding and furthering every civic cause from Tech celebrations to the Protective Order of Nothing At All, have as their greatest enemies the foreign houses, which by purchasing in large quantities and dealing in wholesale rather than retail, can afford to do work or sell goods at a little less cost than the local business man.

The old adages of "An Eye for an Eye and a Tooth for a Tooth," or "Boost Your Friends and Kick Your Enemies," were never in better form than they are when it comes to trading at home.

Think it over.

Ceylon is very nearly the size of Ireland. It is a separate political entity, possessing its own constitution, legislative council, and governor. It is expected that the total value of its merchandise trade for 1923 will be upward of \$20,000,000.

Gaston, Doumergue, the new president of France, is a Calvinist, which is similar to being a Presbyterian in the United States.

The common shrew is smaller than the house mouse, and is one of the fiercest and most indomitable of creatures. The lion is a cowardly skulking brute beside this wee atom of fur and vitality that is called the common shrew.

On a small field of about two acres, there was recently made the largest find of sapphires ever recorded in Ceylon, the gems including yellow, gold, purple and blue stones of 20 to 700 carats, some of them weighing as much as half a pound.

PLAN TO COMPLETE NEW METHODIST CHURCH

THE NEW METHODIST CHURCH
An open letter:

For the information of the membership and friends of the church who have helped us, I wish to give some facts as they stand today.

Two years ago now we began seriously to plan the building of the much needed church. A dream became a great desire in the hearts of some of the most heroic and sacrificial souls that it has been my privilege to know.

Encouraged by our General Board of Church Extension, we began the great enterprise under very favorable circumstances financially. To date we have succeeded far beyond the expectations of some of our most loyal members and most faithful friends.

Today we are nearing the goal, yet there remains a very hard task for us if we succeed in finishing and occupying the church any time in the near future.

Financing has been a problem for stout hearts, and remains a problem not easy to solve.

A few days ago about one dozen of our most loyal men obligated themselves personally for a sum sufficient to put in the heat and settle a small debt that we had incurred. They did this believing that the loyal membership and good friends would rally to their support to the extent that the church might be finished and occupied in the very near future, and we believe their confidence is well placed.

So don't let anybody get the idea that we do not need help or that we have unlimited resources. Such is not the case.

We are asking all our friends to stand by us in this the crucial time of our building. We hope everyone who is a subscriber will pay all or part of their subscription. We hope many who have already paid will help us once again where it is at all possible.

We need three or four thousand dol-

lars of new money in addition to our unpaid pledges. With this amount we can make the grade.

We are not the least embarrassed in telling you these facts and expressing our confidence in the Canyon people, none the less giving thanks for what they have already done.

We are now in the hardest pull of all and simply tell you so. Stay with us for the next few weeks and we will be in the nice new church you have so loyally helped to build.

PRAY, STAY and PAY a little longer and we are done.

We thus frankly, gratefully, and expectantly submit our cause.

Yours Fraternaly,

M. M. BEAVERS.

The most powerful machine gun ever perfected is the new .50-caliber Browning machine gun. It fires a bullet weighing a quarter of a pound, firing 500 shots a minute and has a maximum range of 9,000 yards. It is said to be the most formidable enemy of the airplane, because its caliber is such that it will destroy one two miles away.

Of the total registration at Harvard this year, 224 of the students come from foreign countries. European students lead with a total of 106; 21 are Japanese; 22 Latin-Americans; 9 East Indian, and 17 miscellaneous.

The number of silver dollars in use dropped from \$84,000,000, in 1919, to \$54,000,000 on July 1, 1924.

The Federal Government collected as its share of the World Series \$109,310 in amusement tax.

The Mercure de France, a very important Paris publication, is published without the use of a telephone. All business is carried on by personal interview or mail.

Arabian women go to war with their men, but they do not fight and are not permitted to share in the plunder. Neither may they be slain except by accident.

Deeds Filed This Week Transferring Randall County Land

The following deeds as furnished the News by the Randall County Abstract Company, have been recorded in the County Clerk's office:

J. L. Steen to F. W. Axtell, sections 134 and 135, block G. Consideration \$9,958.40.

T. C. Thompson to F. A. Scott, west 100 feet of northwest quarter, block 17, Victoria addn to Canyon.

J. G. Evans to W. R. Yocham, southwest quarter section 42, block M-6. Consideration \$5,892.30.

J. G. Evans to W. R. Yocham, northwest quarter section 42, block M-6. Consideration \$5,292.30.

Samantha H. Robinson, n. k. quarter section 51, block M-8. Consideration \$2,400.

J. A. Cheatham to W. A. Satterwhite section 64, block 1. Consideration, \$29,000.

More than \$30,190,035 worth of diamonds were mined in South Africa alone last year. In spite of the fact that this is three times the amount mined in 1922, the sales exceeded the production by 531,175 carats.

Nero's bath house, the largest of the Roman period yet discovered, has been excavated at Agnano, near Naples. The building is six stories high and 1,125 feet long. Individual steam baths were reserved on the three topmost galleries.

In Japan, where there is less than 2 per cent illiteracy, all the children go to school.

An old Lettish proverb reads: "He who cares for the land will be fed by the land."

Help Keep Canyon Clean!

President Hill Is Made Life Member Of State P-T Body

At the meeting of the Texas Parent Teachers Association in Wichita Falls recently President J. A. Hill of the West Texas State Teachers College was made a Life Member of the Association. This membership was tendered President Hill through the courtesy of Mrs. S. M. N. Marrs, the retiring president, but was given in the name of the Parent-Teachers Association of the Eighth District. This honor was conferred in recognition of the assistance which President Hill and the College over which he presides have tendered to Parent-Teachers Associations of the Panhandle section of Texas.

A stranger is accepted as a guest in an Arab home for three days without question, after which time the host may inform himself as to who he is and whence he comes.

A secret ink has been invented in Italy which makes it possible to print advertisements of bread without affecting its edibility.

BACK BAD TODAY?
Then Find the Cause and Correct It As Other Canyon Folks Have.

There's little rest or peace for the backache sufferer.

Days are tired and weary—Nights bring no respite.

Urinary troubles, headaches, dizziness and nervousness, all tend to prevent rest or sleep.

Why continue to be so miserable? Why not use a stimulant diuretic to the kidneys?

Use Doan's Pills.

Your neighbors recommend Doan's. Read this Canyon case:

S. E. Johnson, carpenter, 1906-3rd Ave., says: "I suffered with a sharp cutting pain in the small of my back. My kidneys acted too freely, also. I took Doan's and they regulated my kidneys and cured me of backache."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Pills—the same that Mr. Johnson had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

Efforts are being made by members of the veterans of the Navy and Marine Corps for the preservation of "Old Ironsides," which is reported to be disintegrating at the Charlestown, Massachusetts, navy yard.

Canyon High Girls Meet Two Opponents Thanksgiving Games

In the gymnasium of the Canyon high school on Thanksgiving day there took place two very interesting basketball games.

At two o'clock the Floydada girls' team beat the Canyon girls' team by a score of 22 to 20. Though the score represents an actual victory for Floydada, the Canyon team did excellent playing which was characterized throughout by first-class team work.

At seven o'clock in the evening the second game was played, the contestants being Vega and Canyon. It was a very close game; at the end of the first quarter the score was tied, 5 to 5; at the end of the second quarter, 8 to 8; at the end of the third quarter 13 to 14 in favor of Vega; and at the close of the game the score had changed to 14 to 15 in favor of Canyon. The remarkable team work of Canyon was rivaled by that of Vega, but Vega is to be congratulated upon its clean sportsmanship as well as its ability. The spectators of the games received good entertainment.

WHEAT PROFITS DEPEND ON HIGH YIELDS.

"The average yield of wheat in the United States (14 1/2 bushels per acre) scarcely pays the cost of production," says H. M. Balmer, director of The Southwestern Wheat Improvement Association. "This is especially true when labor, interest, depreciation and decrease in soil fertility are considered. It may be interesting to know that this yield of 14 1/2 bushels is less than half that of the oldest farming countries of Europe: Germany averages 28.8 bushels per acre, Sweden 28 bushels, Great Britain 32.2 bushels, and Denmark 44.7 bushels.

While it may not be practical to follow an intensive system of farming like these countries, yet it is practical to follow a system that will produce the highest yield at minimum expense. For example poor seed costs almost as much as good seed, and good seed is known to increase the yield from 3 to 10 bushels per acre.

There is very little difference between the cost of early preparation and late preparation, but repeated demonstrations and experiments show that July plowing or listing increases the yields from 2 to 7 bushels per acre over the same kind of work done in September.

"Where livestock is kept and manure is available, 10 tons per acre as a top dressing to wheat will often double the yield.

"It costs no more to raise wheat in rotation, occasionally with a legume, than it does to grow the crop continuously, and a good rotation will increase the yield from 5 to 10 bushels per acre. To include summer fallow in a rotation system every third year, especially in sections where the rainfall is limited, will often double the wheat yield. For example: Seven years work at the Hays Experiment Station, in western Kansas, shows an average yield of 11 1/2 bushels of wheat per acre immediately after kafir, but during the same time, where summer fallow was practiced between the kafir and the wheat, the average yield was increased to 25 1/2 bushels per acre."

ANIMAL PRODUCTION CLASS IS BUILDING MILK HOUSE

The eight young men who compose the Animal Production class at the West Texas State Teachers College are building, under the direction of Professor T. M. Moore, a milk house.

This work is being done as a regular part of the class exercises. The structure is frame and the lumber which is being used was formerly used in a windbreak which protected the hogs. The new building, which has been needed for a long time, will cost the College almost nothing. The young farmers in the class made the plan for the building.

After a study of the biographical sketches of people who appear in the 1923-24 edition of "Who's Who in America," it has been found that 25.9 per cent of present-day American notables were born on farms; 24.5 per cent in villages and towns; 24.8 per cent in small cities; 20.6 per cent in large cities and 4.1 per cent in suburbs.

Footprints of dinosaurs have been found in Neska-Nizadi canyon in Northern Arizona, by the G. L. Bernheimer expedition of New York. The ground in this region is petrified and at least thirty traces of three-toed animals are easily perceptible.

Hall's Catarrh Medicine is a Combined Treatment, both local and internal, and has been successful in the treatment of Catarrh for over forty years. Sold by all druggists.
F. J. CHENEY & CO., Toledo, Ohio

INCOME PUBLICITY

Randall County News: While the News never expects to have so large an income that the publishing of our returns would cause much excitement in the financial world, we do not see the advantage of the law allowing such publication, and see no justice in it.

State Press: The publicity feature of the law was inserted in order that the owners of large incomes might be held up to public derision and help the aspirants for office whose appeal was to the great common people. But it hasn't worked out very well. The large payers have made no fuss about it, but a good many heartburnings have been caused among small payers who have been exposed as four-flushers. State Press was in hopes his income would be blazoned forth in great headlines, and he himself be held up to public disapprobation by reason of his gross riches in contrast to his tight-waddy contributions to good works. But not a line has appeared in the public press concerning S. P.'s fortune. Excepting those who read this piece, the general public probably will go ahead believing that S. P. is a poor and struggling young man, envious of the slick rich and disposed to socialism. If the publicity feature of the income tax statute shall be repealed, nobody will ever know that S. P. is a millionaire in disguise, for he will never tell it himself, lest the whole burden of the Community Chest, devolve upon him and Mike next year. Publicity has brought out the fact that the richest man in the country is H. Ford of Detroit, Michigan. It is worth something to have had a settlement of the doubt as to whether the biggest fortune was in a provincial capital or in New York. New York loses.

MARRIAGE LICENSES.

William S. Covington and Miss Eunice Evelyn Dowell, December 3rd.

Spain's first woman mayor has taken office at Cuayatre Tondeta, in the district of Concentina. She is Marie Perez, and her election is considered significant, because Spain has no law giving suffrage to women.

LOCAL NEWS

John Burgan returned home Sunday from California after having been there the past three months.

Mrs. W. H. Hicks was called to Stephenville on account of the illness of her sister.

T. F. Reid spent the week-end in Hereford.

Mr. and Mrs. Elmer Prichard and children of Canadian spent Thanksgiving and the week-end with Mrs. Prichard's sister, Mrs. P. V. Winstead.

Frank P. Hicks left Monday for Waco to attend the Grand Chapter.

Dr. Joseph P. Boone, secretary of the Baptist Students Union work in Texas came in Saturday to conduct the revival meeting which begun at the Baptist Church Sunday.

Mr. and Mrs. McKay and daughter, Miss Alberta, of Panhandle spent Thanksgiving with Mrs. Lottie Williams.

Mrs. G. S. Ballard of Amarillo spent Tuesday with her parents, Mr. and Mrs. John Rowan.

J. C. Dowd was a business caller in Amarillo Monday.

Mrs. Frank Hicks spent Monday night with Mrs. Hamrick in Amarillo.

Miss Florence Smith, who is teaching at Rotan, Texas, this year, was a visitor at the College Saturday.

Virgil Dodson of Silverton, Texas, was in Canyon Saturday.

Of fourteen teachers employed in Perryton, nine are former students of this college. L. L. Hill teaches mathematics; Mrs. L. L. Hill teaches second grade; Faye Christopher teaches seventh grade; Ruth Allen, fifth grade; Dewey Allen, history; Vera Stambaugh, sixth grade; Ida Lotten, third grade; Carmen Brewer, music; and Emma Cearley, science.

Miss Ann Mansell entertained Misses Margaret Maxson and Fay Lockhart at dinner Thanksgiving day at Cousins Hall.

Miss Lucille Loyd, Baptist Student Secretary, arrived in Canyon Saturday.

Frances Ann Hall has accepted a position to teach in Channing, Texas, and left Monday to take up her work.

Professor T. M. Moore spent last Monday in Hereford acting as judge in the poultry show which was held there.

Misses Hallie and Vivian Adams had as their guests on Thanksgiving day their mother, Mrs. Pearl Adams of Amarillo and their sister and brother-in-law, Mr. and Mrs. Noel Latham.

Burleson Atkins, who is teaching in Chillicothe this year, spent the Thanksgiving holidays in Canyon with his mother.

Mrs. Robert Boston and daughter, Mary of Memphis, Texas, visited Mrs. T. C. Delaney Saturday. Mrs. Boston is a sister of Mrs. Delaney's.

At her home Wednesday evening, the following being present: Misses Hazel McQueen, Mabel McQueen, Zella Livingston, Ruth Kilpatrick, Amy Daniels, Ann Mansell, and Marie Fronabarger. Amy Daniels won high score. Dainty refreshments of tea, cakes, and candy were served.

The Apache Indian of Arizona is a highway builder, using stone as he did a half-century ago. Many of the state's most scenic highways were made by Apache labor. The Apache is not a government charge, having left the reservation nearly twenty years ago.

One kilowatt hour of electrical energy will perform the following duties: Drive a sewing machine for 20 hours, clean 15 steel table knives for a year, clip 5 horses or 25 sheep and churn 440 pounds of butter.

The common desk telephone is made up of two hundred and one parts.

The proper method to estimate the range of a radio receiving set is to see how far the set can receive signals in the daytime, between 11 o'clock in the morning and 4 o'clock in the afternoon. Stations that can be picked up regularly between these hours are the ones upon which the receiving set should be based.

Mexico claims the world's largest tree, a huge cypress at Tule, in the state of Oaxaca. This tree measures 154 feet in circumference. The California big trees grow higher, however.

A heavy blast fired in a stone quarry in Central Pennsylvania blew a hole in the bottom and struck a spring, which in twenty-four hours made a lake approximately four hundred feet wide and from five to seventy feet deep.

The Kimberly diamond fields are well guarded. Each mine is fenced in and the inclosure is roofed with fine wire to prevent the native laborers from throwing diamonds over the fence to confederates on the outside. No boots, shoes or other hard materials may be taken out—only clothing which has been minutely searched.

HANSFORD COUNTY EXES FORM ASSOCIATION THERE

The following report has been received from Hansford County:

"The Hansford County Teachers Institute opened November 3 at Spearman with twenty-nine teachers present.

"The Institute was conducted by Supt. A. H. Wilcox. We were fortunate in having Miss Anna I. Hibbets of Canyon with us for the week. The teachers were greatly impressed with Miss Hibbet's work and the practical way in which she presented it. Everyone was benefitted and felt that the work taught here in the future would be more efficient.

"Seventeen of the teachers present were ex-students of W. T. S. T. C. There were: Ethel Crawhorn, Allen King, Mrs. Grace Periman King, Virgie Richardson, Ruby Little, Vesper Watson, Josephine Hart, Ann Beck, Jewell Cantrell, Nina Sherer, Opal Jameson, Mrs. Violet Watson Burrows, Mrs. Robert Alexander (Nella Beth O'Brien), and Nellie Hart, all of whose address is Spearman, Texas, and Sammie Jones of Spurlock, Jannette Combs and Ethel Womble of Guymon, Oklahoma.

"The ones listed above organized an ex-student association. The officers elected are: Allen King, president; Nellie Hart, vice president; Ann Beck, secretary and treasurer. Called meetings will be held."

WE'RE GETTING WISER

There is one thing this country has learned in the last century or so, and that is that no matter who is elected President the nation isn't going to the dogs, property is not going to be used for bonfires and anarchy is not going to leave its bloody footprints on our doorsteps. In fact, the wise old gentlemen who laid the foundation for this country did such a good job of it that it would continue to function and be a great country even if Charlie Chaplin should be elected President.

We have also learned that "getting all het up" over the outcome of an election doesn't get us anywhere, and doesn't make us richer, either in money or friends. The recent presidential election did not go to suit everyone and yet that is no reason why the ones on the losing side should lose still more by moping over something they cannot control. We've lived under presidents of both the old-line parties, and we've seen the country keep right on growing greater and better. And so it is going to be in this case.

The one thing that is doing more to promote prosperity in this country than anything else is the refusal of a vast majority of our people to take their politics too seriously. It is now hard to find one of those old hide-bound citizens who once thought that everything was going to smash if his party wasn't in power. By refusing to take politics too seriously they are making prosperity as they go along, just as we hope they will continue to do.

HAVE YOU AN UNDERSTANDING PARTNERSHIP WITH YOUR BANK?

If you have a business problem that needs solving; if you want to make a change in your business; even though it is not of great importance, if it has a vital bearing on your future, talk it over with your banker.

This bank holds in strict confidence the problems of depositors.

Why hesitate to take advantage of your banker's counsel, especially when the service costs you nothing?

Corner of Section No. 77 in Block M-6, said County; Thence North nine miles; Thence West five miles; Thence North to the North line of said County; Thence West along the North boundary line of Randall County, Texas, to the North west corner of said County; Thence South along the West line of said County to the South West corner of Randall County to the place of beginning.
And whereas, hogs, shall be permitted to run within the above territorial limits between the fifteenth day of November of each year and the fifteenth day of February each year both

days inclusive.
And the Commissioners Court of Randall County, Texas, ordered an election to be held on the 29th day of December 1924 at the following places to-wit:
Umbarger, Highland and Jewell school houses in said County.
RECTOR LESTER,
3574
County Judge.

ELECTION NOTICE

THE STATE OF TEXAS,
County of Randall:
That whereas, a petition was presented to the Commissioners Court of Randall County, Texas, asking them to order an election to see whether or not horses, mules, jacks, jennets and cattle shall be permitted to run at large in the following described subdivision in Randall County, Texas, to-wit:
Beginning at the S. W. Corner of Randall County, Texas; Thence East along the South boundary line of said County to the Southeast corner of Section No. 77 in Block M-6, said County; Thence North nine miles; Thence West five miles; Thence North to the North line of said County; Thence West along the North boundary line of Randall County, Texas, to the North West corner of said County; Thence South along the West line of said County to the South West corner of Randall County, Texas, to the place of beginning.

And the Commissioners Court of Randall County, Texas, ordered an election to be held on the 29 day of December, 1924, at the following places to-wit:
Umbarger, Highland and Jewell school houses in said County.
RECTOR LESTER,
3574
County Judge.

THE STATE OF TEXAS
To the Sheriff or any Constable of Randall County, Greeting:
You are hereby commanded, to cause to be published once each week, for a period of four consecutive weeks before the return day hereof, in a newspaper of general circulation, which has been continuously and regularly published for a period of not less than one year in the County of Randall, and State of Texas, a copy of the following notice:

THE STATE OF TEXAS
To all persons interested in the estate of James M. Leavitt, deceased, S. V. Wirt, as administrator with will annexed, of said estate, has filed in the County Court of Randall County, Texas, an application for an order to sell the following described property of said estate, all situated in Randall County, Texas, to-wit:
First Tract: All of Survey No. 199, Original Grantee S. K. & K. Certificate No. 422, in Blk. M-6, containing 640 acres;
Second Tract: All of the N. 1/2 of Survey No. 200, Original Grantee S. K. & K. Certificate No. 422, Blk. M-6, containing 320 acres.
Which said application will be heard at the next term of said Court, commencing on the first Monday in Jan-

uary, 1925, the same being at the Court House thereof in the city of Canyon, at which time all persons interested in said estate are required to appear and show cause why such sale should not be made, should they choose to do so.

Herein fail not, but have you before said Court, on the said first day of the next term thereof, this writ, with your return thereon, showing how you have executed the same, and you are also commanded to post copies of this notice at three public places in Randall County, Texas, one of which shall be at the Court House door of said County, and no two of which shall be in the same town, city, or village, for a period of thirty days before the return day hereof.

Witness my hand and seal of said Court, at office in Canyon, Texas, this 13th day of November, 1924.
(Seal) ETHEL WOODS, Clerk,
County Court, Randall County, Texas.

Reid Favors Increase of Gasoline Tax and Lowering Auto Tax

Austin, Texas, Nov. 29.—J. W. Reid of Canyon, Senator-elect from the Thirty-First District was in Austin Saturday and announced that he will favor a bill increasing the gasoline tax from 1c to 2c per gallon and make a corresponding reduction in the motor vehicle license fees. Senator Reid also favors a strict law regulating grade crossings so as to reduce the number of accidents.

It is the opinion of Senator Reid that the Board of Control has constructed a highly acceptable budget of appropriations and that the Legislature should consider same immediately upon convening with the idea of passing the money bills at the regular session.

FIRST CHURCH OF CHRIST SCIENTIST

15th Street and 7th Avenue.
Services every Sunday at 11 o'clock and Wednesday evening at 7 o'clock, when testimonies and remarks on Christian Science are given. Sunday school at 9:45. All under twenty years of age are invited to attend. Subject for Sunday: "God, The Only Cause and Creator." A reading room is maintained in the church on Tuesday, Thursdays and Saturdays from 2 to 4 o'clock, where the Bible and all authorized Christian Science literature may be read, purchased or borrowed. The public is cordially invited to attend these services and make use of the reading room.

In China, the ballroom floors are divided into squares, each of which bears a sign of a bird, fish or some other form of nature. Dancers must keep to their own squares and if they fail to do so are stamped with a colored disc. Three failures to keep within the square assigned results in the penalty of leaving the place.

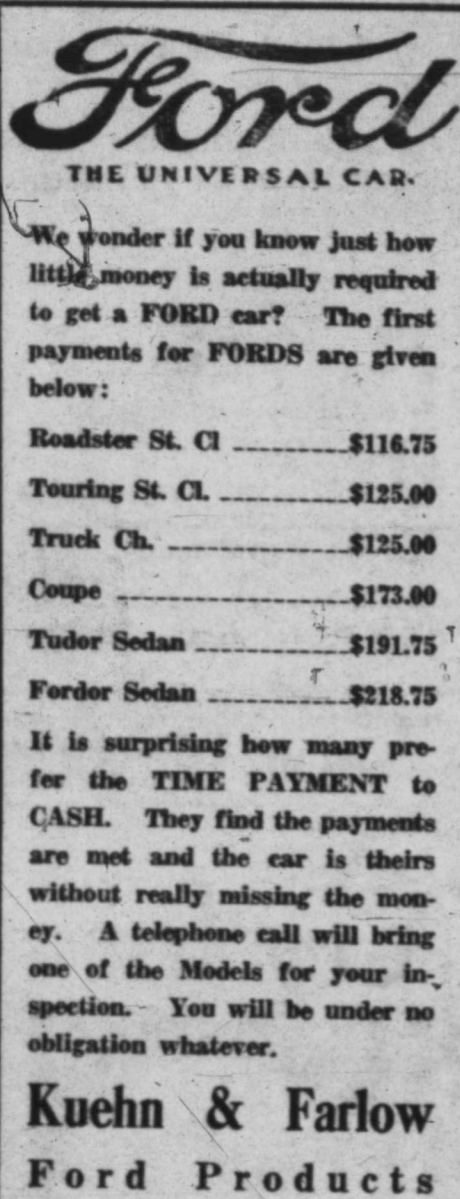

An airplane to and from Paris every 30 minutes for passenger and freight, is included in the program of development which the British air lines have drawn-up for the near future. The British lines have several 16-seater airplanes under construction at this time.

Out of 146 homicides, taken at random, only one person paid the death penalty, according to a published report of the Metropolitan Life Insurance Company.

It is doubtful whether the American Indians in what is now the United States exceeded the present number at any time since the advent of Columbus, according to the Interior Department.

Buying on the Spoken Word

THE FAITH THAT MEN HAVE in each other is evidenced nowhere as strongly as the dependence that is nowadays placed on the spoken word.

The seller in a distant city hears a voice over the telephone and though a record of details goes out with the hanging up of the receiver thousands of dollars of goods are rushed to fill the needs of the man who has asked for them. Faith that the man will stand by his message is seldom, if ever, misplaced.

Without this faith the telephone would lose its effectiveness in business. But with it the mouth-piece on your desk puts you in immediate touch with the great sources of supply and brings to your office such service and assistance as you may desire.

Is it any wonder, then, that the telephone, in daily touch with this evidence of the faith of men, is anxious to serve its users and serve them well.

BURROW LUMBER CO.

THE PASSING DAY

By Will H. Mayes, Department of Journalism, University of Texas.

The Texas State Board of Control has issued a statement that its recommendations for legislative appropriations for educational institutions in Texas will almost equal the combined cost of all the departments and other institutions. This is as it should be. It is generally conceded that in every country the cost of running courts, caring for prisoners, operating asylums, and providing for the helpless, decreases in proportion to the increase in the literacy of the people. The most Texas spends for education, the less it will be required to spend for these things that indicate a low intellectual and moral standard. Education, therefore, whatever it costs, is the cheapest investment a State can make.

Miss Ruth Cross, the Texas girl who has suddenly attained national fame as the author of "The Golden Cocoon," and who was an obscure girl struggling for a living until her book stamped her

Power in the Blood!

You will be compelled to admit that the results of S. S. S. are really amazing!

MAN'S GLORY is his strength—yet how few there are who are really as strong as they should be. The blood thins, gets weaker, blood cells wear out—general weakness and a gradual break-down of the system results.

We know there is one thing that puts power in the blood, and that is more red-blood-cells! S.S.S. builds them by the million! We know that as blood cells increase in number, blood impurities vanish! But have you ever actually taken advantage of this wonderful fact? Thousands just like you have never thought of it. So-called skin eruptions—pimples, boils, blackheads, eczema all pack up and go when the tide of blood cells begins to roll in. Blood cells are the fighting giants of Nature. S.S.S. is one of the greatest blood cell builders, blood cleansers and body builders known to us mortals. Here is your opportunity! S.S.S. contains only vegetable medicinal ingredients. Because S.S.S. does build red-blood-cells, it rids rheumatism, builds firm flesh, fills out hollow cheeks, beautifies the complexion, builds you up when you are run-down.

Start taking S.S.S. today and get back that power in your blood!

S.S.S. is sold at all good drug stores in two sizes. The larger size is more economical. **S.S.S. Makes You Feel Like Yourself Again!**

Are you Insured?

The INSURANCE Question

The question of insurance is a haunting spectre to the man who delays securing this vitally important protection of life, property, and loved ones. Learn the freedom from worry and care that the protection of insurance gives. Settle this important question now by consulting us on your insurance matters.

J. D. GAMBLE
Insurance—Real Estate

as a success, in an address at the University of Texas, stated that it is easier to live a failure than the successful life. She meant thereby that one who succeeds has so much more demands on his time and on his talents than one who is content to remain a failure. It is very true that one has to pay for success both before and after it is attained. Any success that is not followed by continued effort is not success after all. Success carries with it a suggestion of increased usefulness, and the person who becomes useless relapses at once into failure.

The cross-word puzzles in the newspapers have all at once become as popular as the colored "comic" pages have been for so long. It is to be hoped that they may entirely supplant those abominations. There is little that is funny, and nothing that is artistic, elevating, or instructive in the hideous color daubs that the papers are sending out. It is seldom that one of them provokes even a smile from the most simple-minded and every parent I have ever heard express an opinion on the subject regards them as unfit for children and grown people as well. The papers that use them know that this is true, and they use them only because other papers do and they are afraid that some circulation might be lost by dropping them. Parent-teachers associations of the country should inaugurate a movement to have the papers discontinue these hideous and demoralizing supplements.

The cross-word puzzle has something to commend it to all classes. It may be a time-killer, but there is something to be learned thereby. It increases the vocabulary and acquaints the puzzle worker with definitions. In fact the best of these puzzles teach something of history, geography, anthropology, grammar and almost every other branch of study. They have a fascinating hold upon nearly all members of the family that causes the paper to be kept until such time as the puzzles may be worked, and the paper's value as an advertising medium is enhanced thereby. Let's start a movement to rid the newspapers of the so-called "funny papers," even though we do not substitute therefor the enticing word puzzle.

Thanksgiving seems to be getting away from the purpose for which it was originally intended. When instituted as a holiday and for many years thereafter, it was a day of worship and thanksgiving for God's infinite goodness. Every one went to church to spend at least a part of the day in His service. This was followed by family gatherings and feasts, where there was still a spirit of thankfulness prevalent. The day has been converted into a time for sporting contests and noisy demonstrations over athletic victories; for dancing and frolics and dress parades. The people are too busy for home-coming Thanksgiving dinners in the cherished associations of home, and so they dine out hurriedly at restaurants and cafes in the rush from one event of the day to another, retiring in the wee small hours of the next morning exhausted and thankful that the day is at last over.

WHEAT-EXPORT MAKING NEW-HIGH RECORD

Total wheat exports and flour during the present crop year are likely to run in excess of 200,000,000 bushels, says the United States Department of Agriculture in an analysis of available export figures. Exports last year were 156,430,000 bushels.

The department's estimate is based on the increased exports over last year since the beginning of the crop year July 1 and up to the end of October. Preliminary returns from the Department of Commerce indicate exports of 118,000,000 bushels during the four months this year, as compared with 73,800,000 bushels in 1923 which was 47% of the total exports for that year. Exports during the same period in 1922 were 115,000,000 bushels or 52% of the exportable crop in that year.

Wheat exports during October promise to exceed those of any preceding month since August, 1921, the Department of Agriculture says. Estimates based upon preliminary returns give the exports from the principal ports during October at 41,800,000 bushels, compared with 32,662,000 in September. Exports of flour during October are estimated at the wheat equivalent of 8,200,000 bushels. Total exports of wheat and wheat flour are estimated at 50,000,000 bushels compared with 39,000,000 bushels in September.

The Roman Emperor Nero never executed certain persons incurring his disfavor. He merely told them to put themselves out of his way. A man with a death warrant in his hand would go to the public baths and, immersing himself in the "tepidarium" bath, permit a skilled physician to open the veins in his arms. While bleeding slowly and comparatively painlessly to death, he would converse cheerfully with his friends.

President Hill Criticizes Treatment of Teachers Colleges by the Survey

During the session of the State Teachers Association at San Antonio, President J. A. Hill criticized the finding of the State School Survey Commission, in regard to its treatment of the Teachers Colleges of the state.

Dr. George A. Works' reiteration Friday of his criticisms of Texas' educational system brought a statement from J. A. Hill, president of the West Texas State Teachers College. Dr. Works was director of the survey.

The survey, Mr. Hill said, assigns a very small niche in the Texas educational system to teachers' colleges and it does not, he declared, properly evaluate the work they are doing.

"We are not going to stand for it," he declared, at the same time asserting that he spoke for most of the State teachers' college presidents.

At a meeting of the State teachers' college section Friday both Mr. Hill and R. B. Cousins, president of the new Texas Teachers' College at Kingsville, attacked the findings of the commission. Mr. Hill pointed out that the survey asserted the Agricultural and Mechanical College at College Station and the College of Industrial Arts at Denton each needed dormitories and other buildings but did not mention the needs of the Teachers' Colleges, which, Mr. Hill said, were much greater than those of the two just mentioned. He asserted that no investment in any teachers' college in the state equalled the State appropriation for the upkeep of A. & M. for this year.

He disclaimed any intention of attacking either of the schools. He wanted, he said, to see them get all the support they needed, but he could not refrain from saying that the teachers' colleges wanted what they needed.

Calling attention to another feature, Mr. Hill said the educational survey commission had recommended that each teachers' college be made the headquarters of some single branch of teacher training-agriculture in one classroom work in another, etc. The suggestion, Mr. Hill asserted, was impracticable because of the size of the State was not properly considered by the commission.

"You can not," he declared, "build a Texas school system on the scale of a Massachusetts map."

Oriental rugs, woven in a score of refugee camps on native wooden looms, are now on their way to New York from Armenian and Greek child refugees in Palestine and Greece. They are for exhibition in New York City during the Christmas season and are an expression of gratitude from these children.

Crabs, lobsters, shrimp, oysters, clams, and other crustaceans and mollusks are both a preventative and a cure for golter, according to the executive secretary of the United States Fisheries Association. High iodine content in these classes of marine inhabitants renders them particularly valuable for this treatment.

Officials of the Bank of Millstadt, in Millstadt, Illinois, are said to have taken unusual precautions, inaugurating a "safety-before-business" policy. Persons having business in the bank are required to pay for admission. After the cashier has satisfied himself as to the identity of the patron he is permitted to enter.

Baptist Students Have Thanksgiving Sunrise Breakfast

More than fifty Baptist students braved the cool atmosphere of Thanksgiving morning in order to enjoy a sunrise breakfast at Wragge's Pleasure Park. The students met at the west entrance of the College building and hiked to the park north of town, where games were played for an hour. Fires were made and sandwiches prepared as the sun came up over the bluff on the east side of the camp.

When breakfast was finished, Lillian Atkins, president of the local Baptist Student Union, introduced Mrs. J. A. Hill. Mrs. Hill delightfully told the story of Thanksgiving Day and explained its present significance. She read from Washington's proclamation and compared it with the late messages of Coolidge and Neff.

The party returned in time to hear the community service at the First Baptist Church.

DON'T GET EXCITED

We've recently read several articles to the effect that the country is about to enter a boom period, though none of the writers give any specific reason for such a belief. We hope it is true, so long as it is not the kind of a boom that gives us great prosperity for a few months and then leaves the country in worse shape than it was before. Too many people, and we have some of them in this town, cannot realize that all boom periods are of short duration. They commence to find money coming in more plentifully, and they take it for granted that it is always going to come easy. As a result the boom eases off and they haven't anything, except possibly a lot of debts, to show for it. This is a good time to work hard and get your share of whatever prosperity is going around, but while you are at it, it also is a good idea to salt a little of it away and remember that this country never struck a prosperous or a boom season but what it also saw a tightening up a little later on.

BETTER GET BUSY

We don't intend this as a threat, but the local merchant who wants to get all that is coming to him ought to drop around to the postoffice and get a glimpse of the mail, the kind of mail, that is now coming in. He'll find that a large part of it consists of catalogues and circular appeals, offering everything for fall and the holiday season that the buying public is going to want. Right now the mail order houses are laying their lines for capturing the greatest holiday trade they've ever known. They haven't anything better, nor any cheaper than home merchants can offer—but it's up to the home merchant to make the buying public realize that fact. And he isn't going to do it by word of mouth. The mail order people know how. They've learned the secret of selling goods—and you only have to go to the postoffice and see the class of mail coming through to realize it. Their secret is no longer a secret to the wise merchant. It is nothing more than "Use Printer's Ink." If he doesn't get his share of the business this season it's because he isn't as wise as the mail order man.

Great Lakes freight boats have lost one-seventh of their carrying capacity because they cannot load so deeply as formerly. Something has lowered the lake levels.

WEDGWOOD GIFTS FOR THE BRIDE

You expect to give her solid silver. The only question is, what design? If you have seen the Wedgwood that question is easily answered! This new and lovely all-over pattern makes of solid silver something delicate as lace, something filigree in its fineness, especially worthy of a bride!

The Berry Spoon is one of many beautiful Wedgwood pieces represented in the complete table service which await you here. You are cordially welcome to inspect them at your early convenience.

Buffaloes Defeat Montezuma College on Thanksgiving Day

East Las Vegas, N. M., Nov. 27.—The West Texas State Teachers College Buffaloes defeated the Montezuma Mountaineers, 14 to 0 here this afternoon, in one of the best played games seen here this season.

One of the surprises of the game was the playing of the rejuvenated line of the Mountaineers. That this section of the local eleven was playing its best game was demonstrated on four occasions when the locals held the Buffaloes for downs with the ball in less than 1 yard of the goal line.

Through a series of end runs and line plunges the Buffaloes carried the ball to within 2 feet of the goal in the first quarter. Burston took the ball over. Burston scored another touchdown in the final period.

Adams, right tackle for the Buffs, pulled the feature play of the game in the last quarter, when the ball struck him squarely in the chest and bounced away from him, he recovered and raced to within two feet of the line before being pulled down.

The line-up:

Buffaloes	Position	Mountaineers
Anderson	R. E.	Brown
Adams	R. T.	Dexter
Jones	R. G.	Willis
Thompson	C.	Payne
Santy	L. G.	Florence
Golden	L. T.	Witherspoon
Vaughn	L. E.	Woodruff
Bivins	Q.	Jeffries
Scott	R. H.	Pipkin
Jennings	F. H.	Raper
Burston	F. B.	Parker

SENATOR ELECT MAY NOT OFFER ANY MEASURES

Amarillo News: Dr. J. W. Reid of Canyon, senator-elect from the 31st senatorial district, who was in Amarillo yesterday for the ceremonial of Khiva Temple, said that it is doubtful whether he will offer any bills at the next session of the legislature.

The former professor in the West Texas State Teachers College believes that Texas has far too many laws at present and hopes that some plan can be made to reduce the number.

However, he admitted that the two things nearest his heart are good roads and education. He has contributed liberally to the campaign of the Texas Highway Association and hopes that a plan may be worked out to have a network of good highways in Texas.

Dr. Reid called attention to his native state of North Carolina which had a network of good roads. They were built largely through a gasoline tax of two cents a gallon. The tax was really not a tax for the good roads reduced the upkeep of the automobiles more than that amount, he said.

As a teacher for many years, Dr. Reid said it is natural that his heart should be in educational affairs. There is great agitation today for pensions to teachers, and he said that he was opposed to such a proposition. He declared that every other profession was entitled to a pension as much as is the school teacher. He believes it is wrong to pension ministers. The solution, he holds, is for the teachers and ministers to be well qualified and to save money.

"When I was earning \$60 a month, I was saving some money," he said.

One hundred and thirty busy streets of the city of New York have been closed to traffic this year to provide informal playgrounds for the children of the neighborhood.

A school for prison officials is to be opened in Peking as part of a general preparation for the coming of the judicial commission to investigate China's fitness for assuming authority over foreigners now vested in foreign consular courts.

A German diver in a new diving apparatus went down to a depth of 459 feet. At this depth he could see about eighteen inches, a further sixty feet resulting in total darkness.

The Soviet authorities have prohibited the importation into Russia of books about ants and bees in which "queens" are mentioned. They object to the description of colonies of these insects as helpless when lacking the ruling power of their queens.

Human hair is being used in London by some women to decorate their coat collars, cuffs, and blouses, according to a dispatch from that city.

Licenses to build power dams on the Klamath River in California are granted only on condition that the Bureau of Fisheries approves the plans.

Wayside Items

Last Sunday quite a large crowd gathered at the school building to celebrate the day with an all day singing. A goodly number came from Canyon, some from Tulla, Vigo Park and other places. The singing was most excellent and led by a number of good leaders. A bountiful dinner was enjoyed at the noon hour. Mrs. Delaney from Canyon with her band and a number of others of Student Activities of the W. T. S. T. C., gave a most interesting program which was highly enjoyed by all.

Mr. and Mrs. R. L. Grigsby from Abernathy visited with J. R. Stockett and wife from Thursday until Sunday afternoon.

W. C. McGehee and wife made a trip to Amarillo Saturday.

M. C. Sluder left for Amarillo Tuesday afternoon.

J. C. Knox, wife and four children of Slaton, spent the week end with his brother, J. B. Knox near Wayside.

Mr. and Mrs. M. L. McGehee made a trip to Canyon Friday afternoon and on to Amarillo the next day.

W. R. Franklin went to Happy Monday afternoon, spending the night with D. J. Graham, returning Tuesday.

Grady Franklin, wife and three children, Mr. and Mrs. Sidney Franklin from Olton, J. G. and Bonnie Sluder and three little ones from Amarillo, W. R. Franklin, wife and daughter and Herbert Franklin enjoyed the hospitality of the paternal Franklin home Saturday and Sunday. A home coming for the boys which had not been enjoyed for a number of years. All enjoyed the turkey dinner served on Sunday. A few friends were also entertained.

J. S. Sluder spent Saturday night with home folks.

M. C. Sluder has been hauling grain for Frank Walters.

Mrs. Della Walters from Happy and Mrs. Serena Bryan of Fairview spent Sunday night with Frank Walters and family.

Miss Leta Gillham and Kelly McGehee spent Saturday night with Ewing and Merle McGehee.

George Gillham is at work for J. T. McGehee.

J. C. Payne and wife carried cotton to the Happy gin last Monday, returning that night.

Mr. and Mrs. Bisliir, Mr. and Mrs. Mack Gillham, Mrs. L. J. McGehee and O. P. Thomas of Canyon came out Wednesday afternoon visiting with W. C. McGehee and family. Most of the party had a good time goose hunting.

Happy Happenings

Miss Winnie Grounds of Amarillo spent Thanksgiving here with home folks.

Mr. and Mrs. B. F. Maynard and children, Virgie and Deatherage, spent Thanksgiving with their daughter, Mrs. Walter Welch and family in Dimmitt.

Mrs. W. B. Walters spent Sunday and Monday with her son, Frank Walters and family near Wayside.

Mr. and Mrs. J. O. Gillham are the proud parents of a little daughter, born Sunday morning, November 30.

Mr. and Mrs. O. O. Baker visited friends at Wayside Sunday.

Miss Alice Mulkey who is teaching near Muleshoe, spent the week end with her parents, Mr. and Mrs. B. J. Mulkey.

Mrs. Ruth Grounds spent the week end in the C. L. Grounds home west of town.

Miss Lura Will Haney spent the week end with friends in Amarillo.

Dyer and Virgie Maynard spent Sunday with relatives in Dimmitt.

Miss Alma Wade returned Sunday from San Antonio where she spent the past week attending a State Teachers Convention.

Winfield Miller, who is attending school in Canyon spent the week end with home folks here.

Mr. and Mrs. E. C. Shuman visited relatives in Canyon Sunday afternoon.

Alden Mann was a Canyon caller Monday evening.

Gary Redman of Santa Fe, N. M., is visiting with his father S. J. Redman, here this week.

Mrs. Martha Lemmons was transacting business in Lubbock Saturday.

Everett Dison, who is attending the College in Canyon, spent the week end with home folks here.

Mrs. Frances Mitchell and little daughter, Myrtle Frances, spent the week end with relatives in Tulla.

Mrs. R. B. Gist and sister, Mrs. Ethel Wesley and little daughter, Maxine, were Tulla callers Wednesday.

Wash Bungle of Tulla was a caller here Thursday.

Miss Margaret Gist, who is attending school in Amarillo, spent the week end with home folks north of town.

About eighteen members of the Student Federation of the College and several citizens of Canyon came in a body to the Methodist church here Sunday morning. Quite a nice program was rendered by the young people and was very much enjoyed by all present. We hope to have this band of people with us again in the near future.

Mr. and Mrs. Sam Hembree and children of Hereford visited with friends here Sunday.

Mrs. Waller Cochran of Lubbock spent Sunday with her parents, Mr. and Mrs. L. D. Lockett.

J. H. McRee spent the week end in Amarillo.

Miss Lucille Hogge, who is attending school here, spent the week end with home folks at Arney.

Miss Leta Gillham spent the latter part of last week with her sister, Mrs. Ewing McGehee at Wayside.

Charles Evans spent the week end with relatives in Canyon.

Mr. and Mrs. Robert Evans visited relatives in Tulla Sunday.

Mr. and Mrs. G. B. Barnard and children, Elsie and Marion spent Sunday with their son, U. V. Barnard and wife.

Mr. and Mrs. Brummett are the proud parents of a baby girl born December 1.

The Methodist Ladies will have a bazaar Saturday, December 6, at Tom Bandy's Store. All kinds of useful articles suitable for Christmas presents will be sold.

Campbell Notes

Chas. Dowlen of Happy entertained twenty-one guests to a turkey dinner Thanksgiving. Among those present were T. A. Dowlen and family.

Mrs. Chas. Tadlock of Amarillo and Miss Neya Burgan of Canyon spent Thanksgiving with their parents, Mr. and Mrs. A. N. Burgan. They had as their guest, Christine Prescott.

Miss Marjorie Gordon-Cumming and C. Jones of Littlefield motored to the Gordon-Cumming home for Thanksgiving. Before returning they motored to Amarillo, accompanied by Mrs. Gordon-Cumming.

Mr. and Mrs. Martin of Los Angeles, Mr. and Mrs. C. Kropff, Mr. and Mrs. Herrington, Kathleen Gordon-Cumming, Bob Teed and Garland Martin of Amarillo spent Sunday at the Gordon-Cumming home.

J. W. Reeler of Amarillo and party spent Sunday at the Gordon Country Club.

J. O. Turner returned from Kansas City where he had shipped some cattle.

Miss Bernice Dowlen visited Christmas Gist of Amarillo last week, who returned with her and stayed over Sunday.

Mrs. R. O. Allison, who has been confined to her bed for some time is no better.

A counterfeit dollar bill, a rug reproducing a silver certificate, with finely woven portraits of Lincoln and Grant, was seized by Secret Service agents when it arrived in New York City from Greece where it was made.

Health Brings Beauty

Roanoke, Texas—"I was ill for weeks, not able to do my work. I had feminine trouble of a serious nature. At evening I would have high fever and my back and head would ache day and night. The doctor wanted to give me treatments, but my druggist advised my husband to get a bottle of Dr. Pierce's Favorite Prescription. Before I had taken the first bottle I felt so much better I bought another, and before I was thru taking that I was well."—Mrs. R. E. Cunningham, Route 1.

All medicine dealers. Tablets or liquid. No harmful ingredients.

J. G. Evans Tells How He Raised Cotton—Has Faith in the Crop Here

I have measured ground, where we have picked over and found it was making two-thirds of a bale strong. The reason for my cotton being so good as it is, I disc my land and listed early in the winter. I began to harrow those beds with a sharp drag harrow. I thoroughly kept all vegetation down and held my moisture with that sharp harrow until about the 10th of May when I started planting with all the speed possible. The secret of raising cotton or any thing else is to do things well and at the right time.

I had two prominent cotton farmers from Runnels county last week. They made the statement that they were convinced that the Happy country was a cotton country, as well as a wheat country; said there was no cotton in Runnels county this year that would out yield cotton raised here. They will be back in a few days when they will be prepared to buy farms near Happy.

Agriculture Department Is Giving Aid to Farmers of Section

Farmers of this part of the Panhandle of Texas are coming to depend more and more upon the help of the agriculture department of the West Texas State Teachers College to help them solve their problems; in order to help them the department is now building up what will soon become one of the most complete files of agricultural bulletins to be found in any school in the Southwest.

Small filing boxes have been made by the shop work class. In these are placed bulletins on poultry, hogs, cattle, dairying, marketing and hundreds of additional subjects. A stenographer is kept busy adding valuable publications to the collection and arranging them so they will be easily available.

In addition to this, hooks are arranged in the class-room on which are placed several copies of free farmers' bulletins. Visitors may come in, find those that answer their needs, and take them. This has been found advisable since farmers, like other folk, dislike to write letters and often fail to write to the department of agriculture for the bulletins they need. Moreover, many people do not know of the Government's free bulletin service, and by the device used in the Teachers College agricultural department they learn to help themselves.

The department, in charge of Prof. Frank R. Phillips and T. M. Moore, is also keeping milk records, poultry records and hog records, which will in a short time become very valuable. A stenographer does much of the routine work of this kind, as both these men are kept very busy.

A file of agricultural newspapers is also kept; these are used by visitors who would not think of going into the college library.

Charts of many kinds are kept by

the department, and these are sent out to schools or communities over the Panhandle, the users paying only the carriage charges for the use of them. This means that a small amount of equipment is serving many people, that the school boys and girls and their parents in this portion of the State are receiving valuable vocational training at a very small cost.

On the top floor of the New York Cotton Exchange Building in the Cotton Board room is a large map of the United States on which current weather conditions are kept posted. News of storms, hot and cold spells and rainfall are marked on the map which influences the cotton trading.

XMAS MONEY FOR YOU

Search Your Attic for Confederate Envelopes.

This is a new and easy way to get Xmas money without trouble or work or expense.

Among the old letters of many Southern families are hundreds of very rare stamps and envelopes. Many have been found and sold for small fortunes. Single envelopes have been sold for as high as \$700.00. Many have brought upwards of \$50.00 each. It sounds "fishy," but it's true. They are valuable because they are rare. They are rare, not because there are only a few, for there are many of them, but simply because most of them are forgotten, being stored away in old trunks and closets.

Make a thorough search through your attic for these old war letters. Fortunes in rare stamps have been found in old safes which no one ever dreamed contained anything of value. Many an old trunk or chest contains letters that may bring the finder a profitable reward. Send these to Mr. Harold C. Brooks, Box 226 Marshall, Michigan, and he will immediately write you, stating whether they are of value and, if so, will offer you full value for them. He is a private collector of rare stamps and envelopes and will pay more for those he is seeking than a dealer. Besides the Confederate issues, certain United States and foreign stamps are wanted provided they are on the original envelopes and mailed between 1845 and 1870. Although the rare issues are especially desired, he also buys many of the commoner kinds, and many people are in this way getting Christmas money with but very little trouble and no expense.

The Advertising Manager of this paper has known of Mr. Brooks for many years and you may place fullest confidence in his integrity. He will advise you frankly, offering what he regards the envelopes, as worth to him and in case the envelopes are not satisfactory they will be returned to the sender.

As so many stamps are similar in appearance, Mr. Brooks cannot quote values from written descriptions, but must see the envelopes. Furthermore, the condition of a stamp or envelope has an important bearing on its value. Confederate money, old documents or coins he does not collect.

If envelopes are sent in a bunch they should be very carefully wrapped—if possible between cardboard to protect them from becoming wrinkled or creased. Do not cut the stamps from the envelopes, but send the complete envelope. Also take care not to tear the stamps or put pins through them. Such damage greatly reduces the value of any stamp. If you have reason to believe your envelopes contain any of great value send them by Registered Mail.

This notice will not be printed again, so make a thorough search now before the address is lost or forgotten. Tell your friends or ask permission to look over their old war letters. Many elderly people have kept hundreds of such letters. Mr. Brooks' address is as follows:

HAROLD C. BROOKS,
Box 226 Marshall, Michigan.

KILLED THE LAST DEER

Clyde Gilbert, in company with his brother, Dick, and Oscar Cobb, killed a large deer Monday in Palo Duro Canyon. This was the largest buck deer ever seen by those who viewed it Monday night in I. N. Collins' store. He weighed 158 pounds after the entrails had been removed. Mr. Gilbert estimated that he must have weighed, when killed 225 pounds, and was at least fifteen years old. He had seven points and was a fine specimen of the deer family.

On the inside of the right fore foot was a scar which Mr. Gilbert, who brought him down on the third shot, said was the result of a rifle shot seven years ago, at which time Mr. Gilbert made an unsuccessful effort to kill the deer.

Mr. Gilbert said he missed the deer on the first shot, hit him in the middle of the back on the second and the third shot broke the deer's left front leg. The second shot ploughed through the deer and lodged just under the skin on the right side.

After killing the deer the boys had to carry him three miles to their automobile.

This is probably the last of the deer in Palo Duro Canyon, so Mr. Gilbert thinks.—Claude News.

Oxford and Cambridge universities are embarrassed by the great number of wealthy young Americans who are applying for admission. For the most part these young graduates are sons of wealthy parents who desire to spend a few months in Europe and have no serious intentions of studying. However, these universities welcome gladly those Americans who wish to follow the regular degree courses and who will study hard to win their degrees.

"No man can produce great things unless he is thoroughly sincere in dealing with himself."—Lowell.

Tourists spent \$136,000,000 in Canada last year.

The largest and most nearly complete library of strictly educational literature in America is maintained by the United States Bureau of Education at Washington.

A silver penny of the days of Edward I (1272-1307) was found recently on the top of Large Law, a hill in Scotland.

RELIABLE CHRISTMAS GIFTS

In choosing your gifts for Christmas, remember that you can NEVER go wrong in purchasing good jewelry such as we sell.

The Hamilton watch pictured above sells for \$48.00. It, as well as every other in our store, is American made, for American people. The names spell durability and high class material. All our other products are on an equal plane.

W. L. BROWNING
JEWELER—OPTOMETRIST

Subtle Alluring Odours

Exquisite is the only word which describes these wonderful perfumes adequately—so delicate and fascinating are the odors—so dainty and graceful the crystal bottles—so lovely the silk-lined Christmas boxes in which they are packed.

And if you wish a complete set, you may have your powder, rouge, lipstick of the same delightful scent as your perfume.

We also have a large stock of MAMA-DOLLS and numerous other toys for the kiddies—such as Mechanical Trains, Automobiles, Dishes, and Games and Books of all kinds. Most anything in the toy line and story books the kiddies would desire. Come look 'em over, and come early before it is too late.

Jarrett's Drug Co.

CHRISTMAS TIME

There is no greater pleasure than that which comes in selecting the things for Mother, Father, Brother or Sweetheart.

Our Great Closing out Sale affords you the opportunity to select the things you want at prices that will be easy for you to pay.

We will appreciate your visits to this store during the coming Holidays.

The Leader
ED. GERALD, OWNER.

Umbarger Notes

The wheat is looking fine. The weather has been cold the past week. A son was born to Mr. and Mrs. Alois Erdman on the 23rd of November. A dance was given at the E. J. Friemel home on Thanksgiving evening. Misses Laura Berent and Annie Kerley spent Sunday at the Henry Hadenhorst home. Frank Vorvald and R. Friemel left for Wisconsin to visit and attend to business affairs. Mr. and Mrs. Otto Skarke left for Tulsa, Oklahoma, where he will work in his brother's garage. Hugo Skarke and family have returned after a few weeks visit with friends in Schulenburg, Texas. E. J. Friemel made a business trip to Amarillo Monday.

W. O. W. TO ELECT.

The annual election of officers of the W. O. W. lodge will be held Monday night, Dec. 8. All members are urged to be present. Refreshments will be served.

It takes us 36,000 years, at the speed at which light travels, to see certain stars. There are a lot of film stars like that, too.—The Passing Show.

PARENT TEACHERS PROGRAM

Friday at 3:15. Devotional, Mrs. John Knight. Piano Solo—Mary Orton. The Secondhand Boy—Harold Lair. Piano Solo—Barbara Horton. The Mustard Plaster—Jake Harrison. Teaching Old Fashioned Subjects—Mrs. M. S. Biehr. Report from State meeting at Wichita Falls. Business.

FIVE CANYON HONOR STUDENTS

Five of the twelve students whose names appear on the student honor roll for the summer session, 1924, live in Canyon. These are students who made an average of "A" in as many as five subjects. The names are Ura Crawford, Winnie Mae Crawford, L. W. Blau, Joe J. Lancaster, and Jim Webb. Winnie Mae Crawford now teaches in Canyon High School, Jim Webb taught there last year. Ura Crawford now teaches in Minneapolis, Joe Lancaster is in the Junior High School, Amarillo, and L. W. Blau is pursuing his college work. Come to Canyon to live!

The Kansas City Star notes that no babies have been named after Bob La Follette. Few babies have that much hair.—Detroit News.

A ROUGH-AND-READY PARTY

Last Thursday evening Mrs. I. W. Huber entertained a number of young people at her home on Third avenue with a supper party, or a rough-and-ready party. Mrs. Huber was assisted by her daughter, Cecil, and Miss Cassie Thompson, and a three course supper was served as follows: Hors d'oeuvres Scalloped potatoes—Cream peas Turkey Nut Meat Salad Hot Punch and Cake. The tables were arranged with the first course upon them, and were decorated with green and white. After the guests had arrived and seated at their correct places at the tables, instructions which were written upon the place cards, to be carried out during the supper hour by the different guests were followed and the supper was soon over. A number of songs were then sung and Miss Anderson gave a number of pieces on the piano, while the tables were being prepared for games. Bryant Baker and Miss Ruth Dison seemed to be the winners during the evening. At a late hour the guests departed expressing their appreciation for the gracious hospitality of Mrs. Huber and wishing that they might come again in the near future. The guests were: Misses Margaret Anderson, Ruth Di-

son, Ora Lee Bray, Dan Huber, Vera Denton, Mrs. Faye Perry, and Messrs. Bryant and Obed Baker, J. M. Boone, George Carnes, Olden, Fryer, and Claude Johnson.

SPECIAL MEN'S SERVICE LECTURE HALL SUNDAY AFTERNOON

There will be a service for "Men Only" in connection with the evangelistic services of the Baptist church, next Sunday afternoon at 3:30 in the assembly room of the Legion Hall. Dr. J. P. Boone will speak on the subject "The Supreme Tests of Life." Mr. John B. Crockett will be in charge of the music. A men's quartette will render a number of selections. A real uplift is promised every man who attends this service. Advantage why in no way be taken of any one and no one will be in any way embarrassed. This will be a real service for men and boys.

ALASKAN CURIOS SECURED

A number of Alaskan curios were added to the collection of the Panhandle-Plains Historical Society recently by Felix Phillips, a student of the Teachers College here. The articles included a pair of tiny fur moccasins, a walrus tooth which an Eskimo wore around his neck to ward off evil spirits, a bear's claw, and an eagle's claw. These objects were collected during a visit which the donor paid to Alaska about five years ago.

BAPTIST REVIVAL GROWING IN INTEREST AND ATTENDANCE

The evangelistic services which began at the Baptist church last Sunday are growing in interest and in numbers. There were eight additions to the church the first day of the meeting. The preaching and magnetic personality and deep earnestness of Rev. Mr. Boone is attracting the interest and commanding the hearing of the citizenship of Canyon and community. Mr. John B. Crockett, who is in charge of the music is making an invaluable contribution to the attractiveness of these services. Those who come are being lifted to higher heights of Christian living by the gospel in song. The public is cordially invited to attend these services. "What will you be profited, my brother man or woman if you gain the whole world and lose your soul. What will you exchange for the most priceless possession, your soul, in the day of judgment if you neglect Jesus and live for one world?"

There are approximately 52,000 post offices in the United States, or one to every fifty-eight square miles. In foreign countries there is a post office to every two or three square miles.

CITATION BY PUBLICATION THE STATE OF TEXAS, County of Randall:

To the Sheriff or any Constable of Randall County, Texas, Greeting: You are hereby commanded to summon all of the heirs at law of W. A. Donaldson deceased, and all of the heirs at law of Frank Johnson and Frank Johnson, and the unknown heirs their heirs and legal representatives, respectively, of all of the above defendants by making publication of this citation in some newspaper published in your county, if there be a newspaper published therein, but if not then in the nearest County where a newspaper is published, once in each week for four consecutive weeks previous to the return day hereof to appear at the next regular term of the District Court of Randall County, to be holden at the Court house thereof in Canyon, Texas, on the first Monday in January 1925, the same being the 5th day of January 1925, then and there to answer a petition filed in said Court on the 3rd day of December 1924, in suit numbered on the Docket 1020 of said Court, wherein S. A. Shotwell is Plaintiff and all of the heirs at law of W. A. Donaldson deceased, and all of the heirs at law of Frank Johnson, and Frank Johnson, and the unknown heirs, their heirs and legal representatives, respectively of all of the above defendants. The petition alleging that Plaintiff is in possession and the owner of the fee simple title to the following described lots tracts or parcel of land situated in Randall County, Texas to-wit: All of Lot Number Eleven (11) and Twelve (12) in Block No. 39 in the original Town of Canyon City, Texas according to the map or plat of said Original Town Plat as it appears on file and of record in the office of the County Clerk of Randall County, Texas being a subdivision of Section No. 34 Block B, 5, Certificate No. 15-3556 H. & G. N. R. Co., land Patented to L. G. Conner, December 9, 1898, Volume 17 patent No 282 containing 640 acres of land. Plaintiff sets out his chain of title to said land and pleads the five and ten years statute of limitation and prays for title and possession and removal of clouds upon his title against defendants and each of them. Herein fail not but have before said court on the 1st day of next Term thereof this writ with your return thereon showing how you have executed the same. Witness Ethel Woods, Clerk of the District Court of Randall County, Texas. Given under my hand and seal of office of said Court in Canyon, Texas this 3rd day of December 1924. (Seal) ETHEL WOODS, Clerk of the District Court of Randall County, Texas. By R. C. Brown, Deputy. A true copy I certify. W. C. BLACK, Sheriff Randall County, Texas.

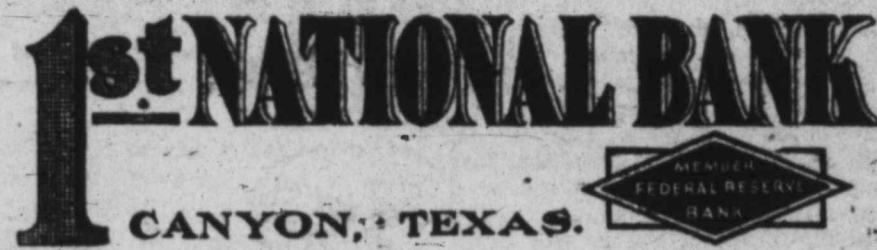

== Idle Dollars ==

are dollars gathered but not working; they are dollars which are removed from circulation by being withheld from deposit in the bank.

The only logical way that money can be kept at work; that the welfare of the community may be preserved, and that financial aid may be extended to farmers and other business, is through the bank.

Good business and good citizenship demand that idle dollars be deposited in the banks.

J. W. Reid, President G. E. Nance and Oscar Hunt, Vice Presidents O. W. H. Cook, Cashier.

An Epic Drama of Great Hearts and Mighty Events

"Your breed was strong enough to take that land from the claws of the wilderness, but none could be strong enough to keep it from the gentle fingers of progress."

Theodore Roosevelt

SUNDOWN

By Earl Hudson

The cattle barons, the men who blazed the trail across weary miles of prairies, who hewed their way through impenetrable forest, fought through fire and flood to conquer the Southwest, felt, even in Roosevelt's time, that they were slowly being pushed out by the homesteaders. The fingers of progress were too strong even for these hardy pioneers—and finally began the egress across the border of these unconquered hearts, seeking new ranges for their great herds.

That is the story of Sundown, set in dramatic scenes of an amazing drive of 100,000 cattle. The story of their toils in which they paid in blood and suffering, their daring and heroic deeds, their wonderful romances, will set the blood atingle. One of the biggest pictures, with the biggest idea of the period.

FRIDAY AND SATURDAY, DECEMBER 5-6. SHOW STARTS AT 6:45. ADMISSION 25c-50c.

Olympic Theatre
