

Relief Program for Silverton Underway Here

\$1,579 had been collected in Dimmitt by 6 p.m. Thursday to help provide disaster relief for tornado-stricken Silverton. Clothes, food and more money are still needed.

Trucks will leave from the courthouse square as fast as they are filled with food and clothing. The first truck is scheduled to leave Friday morning at 10.

Funds will go directly to Silverton townspeople. Bob McLean, C. J. Mapes, and Edgar Ramey were appointed Thursday afternoon to turn contributions over to an authorized committee of Silverton businessmen as soon as such a committee is formed. These men will use the money to buy food, clothing, and vaccine for residents of the stricken city.

Red Cross, Salvation Army, and voluntary workers sent out a plea Thursday morning for funds with which to continue relief work. There wasn't enough money to feed workers, a report from the disaster area said.

Red Cross, Salvation Army, and voluntary workers sent out a plea Thursday morning for funds with which to continue relief work. There wasn't enough money to feed workers, a report from the disaster area said.

How You Can Help

Dimmitt people are doing nearly all they can to help the neighboring city. Churches will accept donations of food and clothing, funds will be solicited at the DHS junior play Friday night, and a truck will be parked in front of the high school auditorium during the play. County home demonstration club women are collecting food and clothing; money will be solicited, totaled, and sent directly to Silverton; and at least three trucks will be kept on the road between Dimmitt and Silverton.

An emergency meeting was called for Thursday at 4 p.m. to plan a disaster relief program for the Briscoe County city. Those attending the meeting passed the following program:

- (1) A truck will be posted at all times on the north side of the court house square in Dimmitt. Those wishing to send food or clothing to Silverton may bring their donations directly to the truck. A sign will be hung on the sideboards to mark the disaster-relief truck.
- (2) All clothing donated must be clean and ready to wear. Sizes should be marked on paper and pinned to clothing.
- (3) The relief fund committee will buy grocery staples to supplement canned and cooked foods.
- (4) Announcements will be made at regular intervals over Amarillo, Hereford, and Tulia radio.

Schacher, Huseman Chosen Delegates To Boys, Girls State

The Nazareth American Legion this week chose Rosalie Schacher and Edwin Huseman to represent Nazareth at Girls State and Boys State, respectively.

Girls State, which is held in Austin, is a moot government in which these representatives take over the government and its positions. Boys State is set up in the same manner.

Representatives are selected on the basis of leadership, scholarship, character, general ability, and the ability to meet others socially. They were also judged on a three-day telling why they would like to win this trip. Both Nazareth representatives are juniors in Nazareth High School.

DHS Teachers Decline Larger Schools' Offers

Two Dimmitt High School departmental directors announced Thursday they have declined offers from larger schools.

J. D. Covington, head football coach and athletic director, announced that he has turned down an offer to become assistant dean of men at West Texas State College.

Ralph Smith, Bobcat Band director, was offered the head bandmaster's position at Yuma, Ariz., but declined the offer Wednesday.

a crushed nose, a leg fracture, and severe abrasions on the scalp. She was brought to Dimmitt by Dennis Funeral Home about 2 a.m. Thursday.

A four-year-old Latin American boy was brought from the overcrowded Swisher County Hospital to Dimmitt Wednesday night by Dr. Carl Page. The boy was identified Thursday afternoon as Ramon Rivas, Eva's younger brother. He suffered a broken arm, a broken hand, and a torn ear. His condition is listed as critical.

Ramon and Eva have a two-year-old sister, who is in a Plainview hospital. All other members of their family were killed during the tornado. Besides their father and mother, they are believed to have had four other sisters and

brothers.

Dimmitt JayCee-Ettes are sitting with young Ramon day and night until his condition is no longer listed as critical.

The third patient transferred to the Castro County Hospital was C. L. Thompson, 46, Silverton gasoline dealer. He was brought to Dimmitt by Sheriff Jack Cartwright.

Mr. Thompson suffered severe abrasions, cuts, and bruises. His wife was transferred from Tulia to an Amarillo hospital; his two children are still in the Swisher County Hospital.

Mrs. C. L. Thompson was reported to have died Thursday afternoon; this radio report was erroneous. Dimmitt hospital authorities said she underwent abdominal surgery Thursday after-

noon in Amarillo and was able to talk by 7 p.m. Thursday. Her condition is listed as very critical; a piece of lumber had pierced her abdomen during the tornado.

An elderly lady died while being transferred to the Castro County Hospital. Her name was given only as Mrs. Thompson, no relation to the C. L. Thompson family.

Swisher County Hospital received all persons injured in the Silverton tornado until its last bed was filled at 11:45 p.m. Wednesday, an hour after the storm. Cots were then set up in the halls and patients were transferred to hospitals in Dimmitt, Tulia, and Amarillo.

Dimmitt doctors and nurses worked continuously Wednesday night until the rush of injured patients ended. They worked in

Dimmitt and Tulia hospitals, and had prepared the Castro County Hospital for maximum emergency service by 2 a.m. Thursday.

Dimmitt persons began Thursday morning to offer bedrooms in their homes for relatives of tornado victims in the Castro County Hospital.

They can only rely on their neighbors.

Latest report on the Silverton tornado toll is 21 dead and 86 injured. These victims comprise almost one-tenth of the city's population of 890.

The tornado, described as "a cloud with a low belly," hit Silverton at 10:35 p.m. Wednesday.

According to Allan Webb, who flew over the area Thursday morning, the funnel had cut a five-mile-long path before reaching the city. Silverton people apparently received no warning that the tornado was approaching.

The funnel cut a swath four city blocks wide, Webb said. A path two blocks wide meted total destruction, and homes were damaged for a city block on each side of the destruction path.

The tornado entered the southwest corner of the city, traveling in a northeasterly direction. It flung debris for three and four miles as it tore into the lower-income-bracket homes, then leveled an addition of modern brick homes. Twenty-five houses were torn to the ground.

Another target of the tornado was a large gin on the outskirts of the city. The gin was completely leveled and tin was peppered for miles over the countryside.

Earl Brock, who lived in Silverton for seven years before moving to Dimmitt, said he left Dimmitt as soon as he heard of the disaster. When he arrived in Silverton at 2 a.m. Thursday, Salvation Army workers were already busy serving coffee and performing relief work.

The twister lifted a huge gas storage tank of about 8,000 gallon capacity—larger than a railroad tank car—and deposited it in a lake almost a mile from the city. The tank was apparently undamaged.

Brock talked briefly with C. L. Thompson in the Castro County Hospital Thursday. Brock said Thompson related this story of the tornado's effects:

"All I had time to do was jump under the bed. I felt like I was being lifted way up, and I seemed to be looking at all the destruction going on below.

"When the tornado passed over, I found myself in about the same place I had been, so I don't know whether it took me up or not. I stayed on the floor for a minute, then stood up. After I stood up, a rock came straight down and hit me on the shoulder. It must have really been carried high."

Brock said most of the Silverton people were still dazed by the sudden disaster when he left the city Thursday morning. "They probably won't realize the full effect of it for a day or two," he said.

The tornado leveled 25 homes. At one time Thursday Silverton was jammed with 5,000 persons, most of whom a State Highway Department official said "were just here to sight-see." All persons who don't have a definite mission have been asked to stay out of Silverton.

in all. Relief was scarce, since Red Cross and Salvation Army relief funds have been exhausted by recent floods and tornadoes in Central Texas.

Brock said that when a tornado hit Crowell some years ago, Silverton people were the first to send a relief truck full of food and clothing.

And now they must depend on people from Dimmitt, Hart, Nazareth, and other neighboring towns. They have no other source of aid.

Three committees were appointed Friday night to study means of controlling encephalitis in Castro County this summer.

Members of these committees will attempt to formulate a county-wide cooperative program to help control the disease. No standardized program for encephalitis control has yet been formed in any of the areas plagued with the mosquito-spurred disease.

Dr. J. W. Spencer Jr., Castro County health officer, was elected chairman of the organization; E. B. Noble, Dimmitt city secretary, will serve as secretary-treasurer.

Finance, mass meeting, and publicity committees were organized to plan a campaign which could be presented at an all-county meeting. Tentative date for the meeting was set for June 7.

Members of the finance committee are Don Gladman, Noble Armstrong, Willis Hawkins, Sr., and Bill Hochstein. These men will study ways of financing an all-county encephalitis control program.

The committee to make arrangements and plan a program for the mass meeting includes Joe Cowen, chairman, Andy Behrends, Dr. James E. Wohlgenuth, L. M. Blanton, Clifford Johnson, and Vern Lust.

Co-chairmen of the publicity committee are Don Nelson and Mrs. Sybil Stringer. They will appoint publicity workers throughout the county as they are needed.

Named to represent Dimmitt at Boys State and Girls State, besides Fortner and Miss McElroy, were juniors Gary Cleaver and Alice Waggoner.

Sixteen members of the Dimmitt Bobcat basketball squad were presented letter jackets by Johnny Ethridge, head basketball coach. These girls were congratulated for having won district, bi-district, and regional championships, and for placing third in the UIL state tournament.

Miss Cooke was given the valedictory award and also received the outstanding student award in senior English.

Miss McCormick was named top student in world history and was cited for her outstanding grade average in journalism.

Further received the outstanding student award in American history and was cited for having been chosen a representative to Boys State.

Miss McElroy was named best actress in this year's one-act play, "Gloria Mundi," and is a representative to Girls State. She had previously been named best actress in district one-act play competition, and also received a superior rating at the Eastern New Mexico University Drama Festival.

Named outstanding senior athlete of the year was Monty Boozler, a three-year letterman in football, basketball, and track.

Jonalyn Alldredge, newly elected vice-president of the Student Senate, received the John Philip Sousa Award for her work in the Bobcat Band.

Carol Cossert, a freshman, was given recognition for having won fourth place in the Interscholastic League state typing contest.

Those winning scholastic awards as outstanding students in one subject were Jo Beecher, sophomore, speech; Sandra Leeth, sophomore, second-year typing; Lee DeLozier, junior, third-year English; Edna Follis, senior, home-making; Edward DeLozier, senior, vocational agriculture; Elmer Hershey, sophomore, algebra; and LaNelle Blanton, freshman, first-year English.

Those receiving two individual awards each were seniors Leon Crum, Mary Cooke, and Maxine McCormick, and juniors Ronald Fortner and Charlotte McElroy.

Crum was named outstanding senior boy in commercial subjects and best actor in this year's senior play.

Miss Cooke was given the valedictory award and also received the outstanding student award in senior English.

Miss McCormick was named top student in world history and was cited for her outstanding grade average in journalism.

Further received the outstanding student award in American history and was cited for having been chosen a representative to Boys State.

Visit Parents Mr. and Mrs. Joe Gollehon of House, N. M. were guests of their parents, Mr. and Mrs. Robert Gollehon Sunday. They all attended the Methodist dedication service.

Return Home Mrs. W. T. Beck returned home this week after a two-month visit with her sons, Frank and Stely, in Compton and Green Valley Lake, Calif.

TV Interference By MISS JACK FLYNN Among with the TV interference, we had quite a bit of TELEPHONE interference on our line Monday. Early Monday morning all the phones on our line started to "ding, ding, ding, ding."

Bruegel and Mr. Jack Flynn, II, were among the pupils who participated in Mrs. G. G. Hyatt's P. A. Recital.

She may be right, but WRONG. A SHE Goose lays the eggs! And not the HE Gander.

IF you're looking in the low-price field

READ THIS STARTLING FACT 5 out of 10 Smaller Cars wear a Pontiac Price Tag - yet none give you Any of Pontiac's Advantages

PONTIAC'S PERFORMANCE TOPS THE BEST OF THE SMALL CARS CAN OFFER - BY A WIDE MARGIN!

Not one of the smaller cars can measure up to Pontiac performance. Whether you judge a power plant by engineering statistics or on-the-road performance, Pontiac's Strato-Stream V-8 stands head and shoulders above anything in the low-price field.

PONTIAC GIVES YOU UP TO 8.5% MORE SOLID CAR PER DOLLAR!

Not one of the smaller cars can give you the heavy-duty construction, the soundness and solid security that surround you in every Pontiac. Yet Pontiac's the nimblest, heaviest weight you ever managed - and your Pontiac dealer can show you more than six dozen advanced engineering reasons why! Pontiac has gone all out to make this genuine big car the most flexible package of right you ever expect to see. You'll find Pontiac's exclusive Precision-Tech Controls make steering and braking the easiest, easiest you've ever experienced. Park it, cruise it, try it in stop-and-go traffic - it is driving the smaller jobs can't possibly equal.

PONTIAC GIVES YOU 4 TO 7 INCHES MORE WHEELBASE!

The small cars extend bumpers and fenders to look big - but Pontiac puts the extra length where it counts - between the wheels! Here's extra length that secures the bumps instead of riding on them. And this extra length shows up inside, too, in stretch-out space for six fenders. Add to Pontiac's bonus in length its all-new suspension system and you have an exclusive low-line Ride no car at any price can surpass - and a built-in sense of direction and security that will apply you for the smaller cars forever!

-AND PONTIAC HAS ALWAYS BEEN FAMOUS AS ONE OF AMERICA'S TOP TRADE-INS!

Maybe it comes as a surprise to you that so many of you who trade in their cars are the ones you've seen on the smaller cars. But there's the fact! And Pontiac is a wonderful investment, too. As you know, it has always commanded a top trade-in. So why not step out of the small-car class and into a Pontiac - there's nothing in power any. Your Pontiac dealer has the keys and an eye-opening offer waiting for you right now!

So why not look and feel like a million - instead of a million others?

"Can You See, Hear, Stop Safely? ... Check Your Car-Check Accidents."

SEE YOUR AUTHORIZED Pontiac DEALER TRADING'S TERRIFIC RIGHT NOW!

Friday evening, Mr. and Mrs. Charles Rickerd and Mrs. M. Teakell left for Oklahoma where they visited Mrs. Rickerd's parents, Mr. and Mrs. Edler Miller of Rosevelt, Okla. The Rickerds returned late Sunday. Mrs. Teakell visited her parents, Mr. and Mrs. R. C. Pillow of Altus, Okla. Mr. and Mrs. Pillow brought Mrs. Teakell home Sunday afternoon and returned to Oklahoma Monday.

Miss Rita Holcomb visited with her parents, Mr. and Mrs. H. T. Holcomb over the week-end. Miss Holcomb is attending Texas Tech in Lubbock.

The writer has been asked several times about Mr. "Wild" Gantier. Your local dealers Mr. "Wild" Gantier and POOR Mr. "Tame" Gander. The situation remains about the same. The new family is still strutting about, but POOR Mr. "Tame" Gander is still as sad and forlorn as ever.

Geese is a low stung bird. With mostly feathers and fat Geese is equipped with a balloon

After more questioning, Mrs. Howell came up with an interesting story. It seems that her son, Charles Henry of Friona, and many are co-workers in this town, which was imported from Sweden. It set the boys back quite a bit, financially, that is, hence, as they knew motherhood was approaching, they took turns "visiting" with her. It all paid off when she presented them with 10 little pigs.

Mrs. Howell also said that Mr. Howel and son Jimmy had just returned from Pie Town, N. M., with a load of cattle. While there, she reported that her son, Jimmy, had 13 little pigs.

The phone button was used again and Mrs. George Bagwell answered. I had quite a time convincing her that I didn't have large jars and it was just the phone and that she sounded quite the same way. Somewhere the sound had been distorted so that the voice sounded quite a bit different. After we settled the matter, Mrs. Bagwell said that she and Mr. Bagwell visited their daughter and her husband, Mr. and Mrs. George Sides of Lubbock Friday evening and Saturday Sunday evening. Mr. and Mrs. Bill Holland and daughters of Amberst visited in their home.

While talking to Mrs. Bagwell, Mrs. Brian Sinclair answered her phone. She was asked what they had been doing. She reported that she and Mr. Sinclair had accompanied Mr. and Mrs. Fate Shannon to the Fairview Sunday for a get together at the home of Mr. Shannon's brother, Mr. Albert Shannon, in honor of their mother, Mrs. Heater Shannon.

Sunday morning, Mrs. Heater Shannon and 26 of her children, daughters-in-law, sons-in-law, and grandchildren attended church services in Plainview. What a grand way to honor one's mother, attending church with her!

Mr. and Mrs. Albert Sinclair and daughter were in Tulsa Saturday, visiting Mrs. Sinclair's sister and family, the Roy Spears. They called on Mrs. Sinclair's family, Mr. and Mrs. George Book of Nazareth, Mother's Day.

Finally the operator in town was reached and she got Mrs. Fred Bruegel on the line. Mrs. Bruegel was baking a cake, but took time out to give me some news. She reported that she and Mr. Bruegel, Fred Jr., Sandy, and Mike, and Mr. Karl "Unc" Bruegel were Sunday dinner guests of their son and nephew and family, Mr. and Mrs. Carl Bruegel and children. Also present were the family of Mrs. Carl Bruegel, Mr. and Mrs. G. O. Garrison and Brenda of Childress.

THE DOCTRINE OF BALAAM For the account of Balaam in the Old Testament, read Numbers 22-24. In these chapters we learn that Balaam was a prophet of God. Being a prophet, God spoke through him. He was requested to curse Israel, but the Lord said no. The request was repeated and he went to see what the Lord would say "more."

23 Knights of the Altar Receive Promotions in Nazareth Ceremony

NAZARETH—(SPL) — After Mass, on May 8, 23 Knights of the Altar were awarded pins to indicate their advancement and their service in the various sections of Mass serving as outlined by the national headquarters. These promoted to Pages are: Denis Hoelling, Tom Brockman, Ronnie Bradlock, Ronald Dohmeier, Richard Schaefer, Edmund Backus, James Leinen, Gerald Leinen, Alen Dohmeier, Andrew Hansen, Thomas Wehring, and Gerald Gerber. Howard Schalte, Fred Acker, Leroy Hoelling, Edwin Hueman, Joe Ed Polmeyer, and Dan Behmucker were promoted to Knights. Sam Bart, Pat Bradlock, Ronnie Hoelling, and Gerald Acker were promoted to Knight Commanders, which is the second highest award given. Gerald Acker's pin was accepted by his mother, Mrs. Andrew Acker, because he had been in the hospital with a broken leg, which he suffered in a recent baseball game. Very Reverend Peter Moreth made the presentation. The Nazareth Swifts continued their winning streak by first defeating the Hart Longhorns on May 3 by a score of 5-2, and then by defeating the Adrian team 16-2.

Bob Estes Named Savings Bond Head

Judge Robert Estes, County Judge for Castro County, is the new Savings Bonds Chairman for Castro County. The announcement of the appointment was made by Nathan Adams, Chairman of the State Savings Bonds Committee. Judge Estes will direct all phases of promotion and the sale of Savings Bonds in his county. He becomes a member of a statewide volunteer organization whose efforts are contributed to public service. "Today, and as far into the future as we can look, we are facing times as critical as any we have known in the last quarter of a century. That is why it is more essential than ever that every one of us must do what we can to keep ourselves strong and also our country strong and our nation strong," Adams said. "Fortunately, there is a way that makes it possible for every one of us to participate in achieving this strength by purchasing Savings Bonds. Bonds are a safe investment because the interest and principal are fully guaranteed by the United States Government, and now they are 3 1/2 per cent interest, compounded semi-annually when held to maturity." Judge Estes is a native of Castro County and has been County Judge for nine years. He graduated from West Texas State College and the University of Texas. He is married and has three children. "Judge Estes has an outstanding record as County Judge and civic worker and I know that our program will benefit greatly from his leadership and direction," State Chairman Adams said.

Shriner Crippled Children's Clinic To Be Held Saturday in Hereford

The Oasis Shrine Club of Castro, Farmer, and Deaf Smith Counties will conduct its annual free crippled children's clinic Saturday in Hereford. This clinic is designed to give free medical attention to all handicapped children in this area. Registration will begin at 9 a.m. Saturday in the Hereford Clinic, 343 N. Miles St. All children with any physical defects such as bad eyesight, cleft palate, bone and muscular disorders, speech difficulties, nerve disorders, or any other physical handicap, have been invited to be checked at the clinic. Also, all persons knowing children with any physical defects have been asked by Shriners to tell the children's parents about the free clinic. Local Shriners are selling donation tickets to help with clinic expenses. Holder of the winning ticket will receive an expense-paid vacation to Hawaii. Included in the medical staff are five professors of Southwestern Medical School in Dallas, a noted neurosurgeon from St. Louis, and doctors from Lubbock, Amarillo, Dallas, and local cities. Shriners of the Oasis Club will help register children and give instructions. Dimmitt Shriners who will participate are W. W. "Punk" Gilbreath, Bruce Woodard, O. T. Vardell, T. A. Singer, and Edgar Ramsey. Shriners' wives will prepare lunch for the children.

Visits Mother Here

Mr. and Mrs. Ronda Hackleman of Amarillo visited his mother, Mrs. Ina Hackleman, and his brother and sister-in-law, Mr. and Mrs. Billy Hackleman, Sunday. Visit Richburgs Mr. and Mrs. Eddie Braddock of Canyon visited over the weekend with Mr. and Mrs. Lowell Richburg.

Senior Boy of the Week: If you see about 220 pounds of pigging at you down the hall in the morning, you know it is none other than Ronald Cook, but he has been about 216 pounds lighter. He came to school at Dimmitt all of his 12 years. He works for the Castro County News in the afternoon. After Ronald finishes school, his ambition is to be a printer. Some of his favorites are: Food: Fish, Color: Black, Subject: Biology, Movie: Magnificent Obsession, Actor: Rock Hudson, Sport: Jane Wyman, Past Time: Playing Hockey, Pastime: Working.

Senior Present Class Day Program: In gala shirts, shorts, slacks, and skirts, the 1957 Senior Class of their Senior Day Program last Thursday, chanting parodies on hymns. They were answered by the class of 1958 with their own chant. Dressed in a gay teen-age Rob Hood costume, Leon Crum, class president, emceed the program and read the class prophecy. The setting for this vision into the future was the smoke-filled boiler room. The predictions were not serious, but many were surprising. Karen Bell, class secretary, read the history of the class. Teachers, sponsors, and activities of the 12 years were reviewed. Humorous comments on the personality and work of various members brought applause from the students.

Senior Girl of the Week: This week's senior girl is Shirley Stalcup, daughter of Mr. and Mrs. Hiram Stalcup. She was born in Dimmitt August 14, 1939. Shirley is a member of the DHS Bobcat Band and the F.H.A. Some of her favorites are: Subject: Band, Food: Chicken, Movie: The Eddie Duchin Story, Song: Who Needs You, Singer: Elvis Presley, Actress: Jane Wyman, Actor: Rock Hudson, Pastime: Reading, Pet Peeve: Hateful people.

THANKS

We wish to thank the band parents, citizens, and businesses of Dimmitt for making possible the Bobcat Band's trip to the Tri-State Music Festival. We believe Dimmitt made a fine showing at the Festival, and we are proud of our band for winning the Outstanding Concert Band award. We also express our appreciation to members of the Bobcat Band, who conducted themselves excellently during their trip. They represented Dimmitt well, and in realizing their responsibility to the people of Dimmitt, they created a fine impression by conducting themselves as ladies and gentlemen. The Festival was wonderful experience for our band students and was excellent publicity for Dimmitt and its schools. To all who made the trip possible, we extend our thanks and appreciation.

4-H CLUB NEWS

4-H'ers Planting Vegetable Gardens

Vegetable gardening is the demonstration attracting most attention of 4-H girls at this time. The sites having been selected and the ground prepared and fertilized where necessary, they are ready for the planting of varieties they have decided best suited for this locality. This information is available in "Vegetable Gardening—E-T" distributed by the Texas Agricultural Extension Service.

Some tips the girls are following are:

1. Seed should be planted deeper in light soils than in heavier soils.
2. Mixing coarse sand with very small seeds prevents sowing them too thickly.
3. Plant in a moist (not wet) row, covering immediately and firming the soil well. Mulching on top of the planted row is desirable in dry areas.

Seed treatment has for its chief purposes to control diseases borne on the seed coat and to aid germination of seeds under adverse weather conditions. The most effective disease control program is prevention, and seed treatment is only one of these. Having sites clear of diseased crop residue, practicing site rotation, using good seeds, planting resistant varieties and keeping the plants in good growing conditions have great influence in minimizing disease damages.

Dimmitt 4-H Girls Learn to Prepare Yeast Batter Rolls

DIMMITT 4-H GIRLS

The Dimmitt Girls 4-H Club met last Wednesday. Their program was on quick batter rolls, given by Marilyn McRee and Gwen Dunn.

There were two new members, Amy Helen McSpadden and Jan Brown. The old members present were Mary Helen Maples, president, Gwen Dunn, Gaynell Tate, Mary Graham, Estelle Pesina, Mona Dell Hunter, Gail Layman, Marilyn McRee, Glenn Ann Maples, and Mrs. Glen Maples, leader.

Inoculation of legume vegetable seeds, such as peas and beans is done by placing nitrogen gathering bacteria in the soil. Response to this varies but its use is good insurance. Small inexpensive packages may be obtained at most seed and drug stores. The inoculating material should not be exposed to sunlight longer than necessary as light destroys the value of the inoculant.

For non-legume seeds, commercial organic mercury compounds are effective. Care should be exercised in the use of these materials by following directions and using precautions given on the container.

Both inoculating dust and mercury compounds cannot be used on the same seed and the two treatments should not be confused.

The use of the modern garden practices and proper care are the best assurance of a successful gardening project.

My 4-H Story

Nazareth 4-H Club

In 1955 I joined the 4-H. At first it seemed like the program was big and hard, but with good leaders and teachers I soon learned what to do and how to do it.

My first project was baking. First I had a hard time. It seemed to take so long and was so much work. I learned how I gain in time and also soon made much better muffins, and cookies. I entered them in the Bake Show and earned second place.

In 1956 I was taught the need of keeping records. It seemed so useless at first, but by the end of the year I was able to tell just what I did during the year, in my garden, sewing, yard improvement, and landscaping.

The record book is one of the most important phases of the 4-H because without it, it is impossible to remember how much I gained from 4-H. Also it is needed at the end of the year for the leaders to tell who is to win the awards on achievement night. I was very happy to receive two trophies, one for Jr. Garden and the other for Jr. Yard Improvement.

My Home Demonstration Agent and leaders have helped me very much. I am eager to learn anything new that may be of help to me.

EASTER NEWS

Mrs. Ruby Stone and Mrs. Ethel Farmer returned from a two weeks visit with their sister and brother-in-law in Henryetta, Okla. Mrs. Stone and Mrs. Farmer are visiting the first of the week in Pampa, Texas.

Mr. and Mrs. Roscoe Ferguson of Amarillo visited with the Epworths this week.

Mr. and Mrs. John H. Burnett visited Sunday in Duke and Mangum, Oklahoma.

Jay Johnson was entertained with a birthday party Monday afternoon. Those attending were Sandy and Kay Terrell, Brenda English, Debbie and Diana Smith, Jack Baily, Reba Hall, A. C. Johnson, Ricky and Randy Gordon from Lubbock, Joe King, Mrs. A. C. Cox, and Mrs. O. B. Cox from Anson and Mesdames Terrell, Smith, Gordon and Johnson. Mrs. Clifford Johnson, reporter

Visit Grandparents

Rockne and Randy Alexander of Happy visited their grandparents, Mr. and Mrs. H. E. Hershey, from Wednesday through Sunday. Their parents, Mr. and Mrs. Dempsey Alexander, accompanied the Happy High School seniors on their senior trip. Mr. Alexander is head football coach at Happy; Mrs. Alexander is the former Thelma Hershey.

Walter Rogers' WASHINGTON NEWSLETTER

ALASKA-HAWAII STATEHOOD

The perennial scrap about statehood for Alaska and Hawaii has been progressing in due order during the first three months of this session. As a member of the Interior Committee which has jurisdiction in this measure, this is my third time to hear these arguments. Much of the testimony is repetition, but the fine people of Alaska and Hawaii are leaving no stone unturned in their persevering efforts to obtain the passage of legislation granting statehood to both territories. Each year they come forward with new approaches and additional information. However, the opponents of statehood are equally as alert and overlook nothing in bringing forward new information and in answering the new and additional claims of the proponents.

The Committee had before it at its last session on Hawaiian statehood Dr. Fred Schwarz, who was born in Brisbane, Queensland, Australia, in 1913. He is a graduate of the University of Queensland where he subsequently lectured in mathematics and science, and completed a medical course, graduating in medicine and surgery.

He presently maintains a general practice in Sydney, Australia, but devotes most of his time to the war against international communism. As a Christian lay preacher, Dr. Schwarz is particularly and ably equipped to battle world communism. He has a standing challenge to debate any communist on any platform in any part of the world. He has brought to our Committee to testify relative to the communist threat in the Hawaiian Islands. His testimony was most informative and most interesting. He was quick to point out that it was not his intention to convey the thought that the Hawaiian Islands were harboring a large number of communists, but that the communists who were in Hawaii had gained control of the International Longshoremen's and Warehousemen's Union and were able to influence the civil life of the Hawaiian Islands and to be in virtual control of the economy of the Islands. I was especially interested in his views on this particular phase of the problem, because when these bills were before a prior session of Congress, I had argued that one of the greatest dangers with relation to the Hawaiian Islands was the fact that Harry Bridges, who heads the ILWU could, by the issuance of a directive of his own choosing, virtually throttle the entire economy of the Hawaiian Islands.

Dr. Schwarz pointed out that the ratio of communists in New York or California, to the total population of those states, is probably much greater than the ratio in the Hawaiian Islands; but, that the difference in the danger lies

in the fact that communists in New York and in California are ineffective because they do not have control of any organization. On the other hand, the smaller percentage of communists in Hawaii poses a greater threat because of their control of the ILWU, the organization in Hawaii to which a great many of the inhabitants belong. To substantiate this he pointed out that there are 30 members in the lower House of the Hawaiian Legislature and at least 18 of those were open and notoriously endorsed by the ILWU in their elections. Whether or not such endorsement influences the Members of the Legislature is, of course, a debatable question.

Dr. Schwarz emphasized that the Hawaiian Islands are the only place where testimonial dinners have been given by civic groups in honor of leaders of the ILWU, such as Jack Hall, who has been repeatedly accused of present day communistic leanings, as well as a general communistic background. He called the attention of the Committee to one particular dinner that was attended by the then Attorney General of Hawaii. This Attorney General was dismissed by the Governor of the Hawaiian Islands, allegedly for attending the dinner in honor of Jack Hall. Incidentally, Jack Hall is second in command to the notorious Harry Bridges.

I wish I had the space in this newsletter to give you more detail of Dr. Schwarz's testimony, because it confirmed in my mind many fears that I have had in the past concerning the power of Harry Bridges and the ILWU to control indirectly the destinies of the Hawaiian Islands. It is my feeling that this stranglehold on the economy of these islands must be shaken loose before further consideration can be given to the application for statehood.

ALASKA

I had a most interesting visit with Governor Gruening, the former Governor of Alaska. Governor Gruening is one of the most devoted, the most dedicated, the most patriotic, and certainly one of the most patient men I have ever known. He has fought the battle for Alaskan statehood with great skill and with great earnestness. His call to my office concerned my opposition to the statehood bills. Although he did not convince me to change my position, his presentation was most appealing.

I told him at the conclusion of our conference that one of my colleagues was heard to remark: "If the present trend of this government toward centralization and concentration of power in Washington is not halted, it will soon become necessary for all of the

states to file applications to be granted statehood." I quite agree with that conclusion, because unless the present pace of the federal government in usurping and encroaching upon the rights of the states is not arrested, there will be no time to file for statehood in the future.

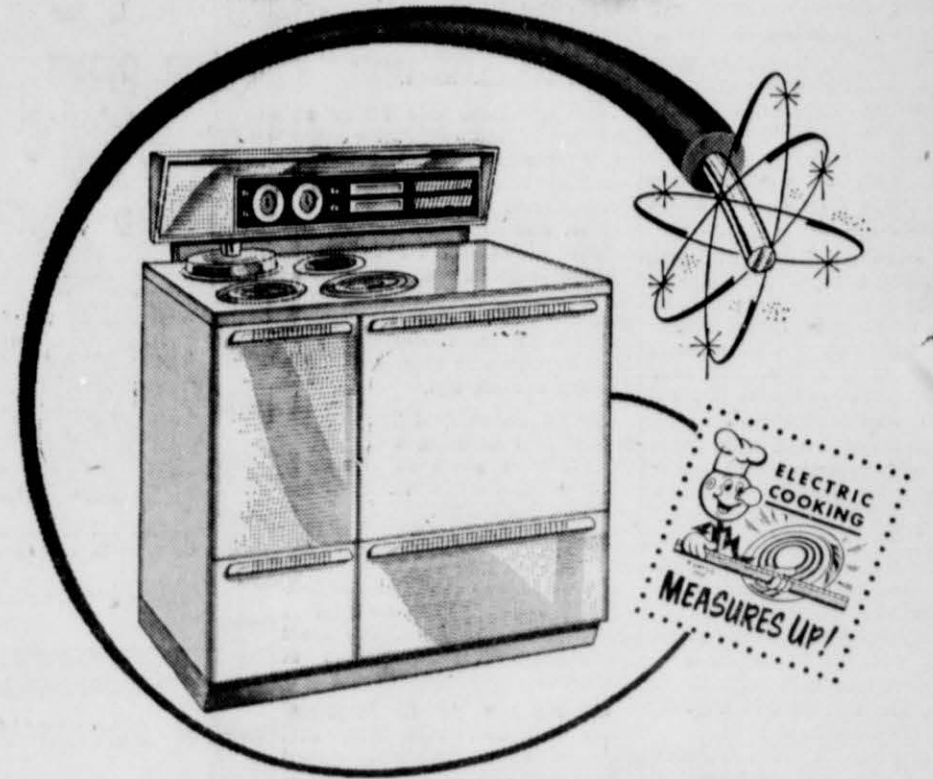

ELECTED TO HONOR SOCIETY

Gerald F. Alldredge, junior physics major at Texas Tech, was one of 56 students elected to membership of Phi Kappa Phi, national scholastic honor society. Only students ranking in the top eight per cent of the senior class and top two per cent of the junior class are eligible for the society.

Hosts at Dinner

Sunday dinner guests visiting in the home of Mr. and Mrs. Lowell Richburg were Mr. and Mrs. Hooper Shaw, Mr. and Mrs. Ernest Shaw and girls, Terrye, Susie and Diane, and Mr. and Mrs. Edie Braidfoot of Canyon.

ELECTRIC COOKING IS AS CLEAN AS A PIECE OF Copper Wire!

You've seen a shining piece of smooth copper wire. It looks so clean and, of course, electric cooking is just as clean. For shining copper wires bring the power to run your electric range. There's simply no way for dirt to be carried into your beautiful electric range. And the range itself... so clean to use. Electric elements clean themselves and drip pans wash easy as a saucer. Ask your neighbor about the cleanliness of electric cooking... she'll agree - it's as clean as a piece of shining copper wire.

New Chevrolet station wagons have Body by Fisher, of course. Above, the Bel Air 4-door Townsman.

They're eager-beaver beauties... these Chevrolet wagons!

Talk about hard-working wagons! Chevrolet offers you the handsomest line-up of all. Whether you hanker for a wagon for do-it-yourself projects, to tote outdoor gear, or as an all-around family car—here are eager beavers to see. There are two-door and four-door models, with six- or nine-passenger capacities. They convert in a flash to take up to half a ton of cargo. The tailgate opens first, so there are

lots of loads you can slip in without having to open the topgate. Being Chevrolets, they have the performance, too; up to 245* V8 horsepower that's frisky, smooth and quiet. The one you choose will be a joy to handle with its steady way of going, its easier steering and alert response. See your wagon at your Chevrolet dealer's soon!

*Optional at extra cost. 270-h.p. high performance V8 engine also available at extra cost.
