Dimmitt, Castro County, Texas, [hursday, February 3, 1949

NUMBER 13

Local Boy Scout Week, Feb. 6-12

Together with other troops all over the nation, the local Boy Scout Troop No. 67 will celebrate the coming week from February 6th to 12th as Boy Scout Week. To start the week off, all Scouts will attend the church of their choice on Sunday and those Scouts who have uniforms will wear them on this occasion.

During the week the three patrols will each have an exhibit in downtown store windows with prizes awarded for the best exhibits. The patrols are divided as follows: Flaming Arrow Patrol: Bill Murphy, Patrol Leader, Bobby Jones, Assistant Patrol Leader; John Gilbreath, Scribe; Elmo Blackwell, David Burkett, Roy Murphy and Joe Paul Weatherford.

Wolf Patrol: Wayne Brown, Patrol Leader, Jackie Copeland, Assistant Patrol Leader; Melvin Witt, Scribe; Bennie Gollehon, Hubert Maples, Fawayne Murphy

and Clarence Rogers.

Bat Patrol: Dale Maxwell, Patrol Leader, Billy Gregory, Assistant Patrol Leader; Richard Wood, Scribe, Roger Buckmaster, Kenneth Fulfer, Ray Murphy, and Jerry Vandiver.

On Saturday, February 12th Mayor L. G. Manning has agreed to turn the city government over to the Scouts, as is the annual custom. All fines collected by the Scouts will go into the local Boy Scout Fund to provide needed equipment and also to provide part of the expenses of the Troop during Summer Camp.

Any help and cooperation which the citizens of Dimmitt can give to these Scouts to show that we all believe in the Scouting-Movement will be greatly appreciated by the Troop Leaders, J. Lewis Ellison, Scoutmaster, and Joe Cowen and Jack Gladman Assistant Scoutmasters. The local Boy Scout Troop is sponsored by the Dimmitt Lions Club.

Griping for Ideas? Give Gloves for Gifts!

PRACTICAL. — A pair of smart, American-made gloves are a must for every well-dressed man. These are cape-skin. They are pull-on glace gloves with the vent on the wide and hand sewing around the wrists—a perfect gift for Christmas. You can get them lined with fur or wool too. You won't go wrong if you select a turf tan leather. It'll harmonize with almost everything.

One gitt-always popular, always welcome, is a pair of fine leather gloves.

This Christmas they will be doubly so because American manufacturers have created a wide selection of leather gloves for both men and women to make even more luxurious gift items than ever before. Best of all, these creations boast fine detailing and styling.

Any woman will welcome an addition to her glove wardrobe for Christmas. Following the fashion trends, some of the dress gloves in fine doeskin and capeskin (glace) are nipped in at the fashion trends, some of the dress gloves in fine doeskin and capeskin (glace) are nipped in at the fashion trends, some of the dress gloves for Christmas. Wrinkles This Fall with an

LAND LEVELER and DIRT MOVER

Every former knows how costly rough fields can be...the high spots burn out, the low ones drown out. Uneven fields waste irrigation water, wash out crops, cause lots of extra back breaking labor.

That's why it will pay you to iron out the wrinkles this fall with an EVERSMAN. The EVERSMAN levels land AUTOMATICALLY—when wheels go on high place blade lowers to take a cut, when wheels go into a low place blade raises to release dirt-breaks clods, firms and packs the surface, forming a finely pulverized seed bed as the machine

Same machine is fastest dirt mover on the market today for power juired. Excellent for rebuilding fields. After dirt is moved it can be aded down and AUTOMATICALLY LEVELED with the same machine. ere's an ALL-PURPOSE machine used for dirt moving, leveling, for

ards, health, recreation, and years a new approach toward providing fish and game has been gaining support. It is based upon the premise that we can have naximum fish and game popula tions, without the aid of artificial stocking, where food, shelter and general conditions of habitat are There is little use in stocking either game or fish in areas where they can scarcely survive, let

alone reproduce. It is shockingly expensive. One state game con mission estimates that every tro ut stocked at a mature size cost \$4.75 in fishing license money. Providing adequate wildlife

abitat requires the proper use of land and forest, the establishment of clear streams and lakes, and

conditions lies primarily in the hands of the farmer, but the sportsman can play a great role in educating the public and helping the farmer to do his part of

Soil conservation and good forests are necessary to the econom of the nation, but they are als vital to the interest of all those who want good hunting and fish-

Timely Hints For Dairy Checkups

as dairymen are on the lookout lanes will offset some of the gains made by good care and feeding. R. E. Burleson, assistant exten-sion dairy husbandman of Texas

Profit and loss in a dairy herd can be checked on about this time year--at income tax time. If you have records available, they can give the figures on the status of dairy. And they will answer such questions as "Where am I making or losing money?" or "Is the size of my operation an el
