PIONEER Castro County farmers, Edwin (Goose) Ramey, left and his twin brother, Edgar will jointly celebrate their 75th birthday on January 14, 1965. See story.

Ramey Twins To Celebrate Seventy-Fifth Birthday

EDITORS NOTE: The following article concerning the well-known Ramey twins was written by Fred Tripp of the "Amarillo Citizen." Come Jan. 10, a couple of grand old men over in Castro County are going to have a birthday party. There will be a big dinner, a birthday cake, a gathering of

friends and relations, a carload of congratulatory messages and good wishes. Then the guests of honor will take over. Edwin (Goose) Ramey, one of the more accomplished after-dinner speakers in these parts, will rise to the occasion by remarking that

while 75 years is a good many, they will hardly bear comparing with the accretion of wisdom displayed by a certain carp with which he once was practically on speaking terms, so to speak.

Before the talk expands to include the migratory pattern of the Canada goose and the housekeeping talents of the honeybee, Ramey's twin brother, Edgar, former mayor of Dimmitt and unofficial historian of the town, will oblige the company by updating them on the latest events.

At least that's the way we hope it will be, because few gatherings these days are privileged to have both the Ramey boys on hand at the same time.

Edwin and Edgar have only missed spending one birthday dinner together. They missed celebrating their January 14, 1918 birthday together. This was during World War I and Edgar was stationed in Balboa Park, California with the U. S. Navy and Edwin was feeding cattle in Dimmitt.

Edwin and Edgar Ramey, retired farmers who live in Dimmitt and own a spread "on the divide between Dimmitt and Nazareth," arrived there with their parents and two brothers and two sisters

from Madill, Okla., in 1904. The twins attended school at Dimmitt and Clarendon "enjoyed the benefits of herding sheep and cattle for free," and in due time married and settled down to living with the economics of a time when winters were hard, farm prices erratic, irrigation unknown and "a dollar pretty hard to come by."

Edgar got into the farm machinery business in Dimmitt. Edwin ran the farm - a happenstance which, he says, was all to the good, since it allowed him time and means of developing a hobby while brother Edgar was town-bound, minding the store.

One day in 1913 Edwin winged a wild goose. He nursed it back to health, and the bird decided to stay around. He (or she) was a handsome voyager from the North, an inveterate gabbler, and Edwin thought it would only be fair to provide some company. So he tried winging a few more of the flyway visitors, and presently he had a flock of 30 ringnecked Canada geese.

"Well," says Edwin, "you know how it is with a hobby. It just grows on you." He set himself to becoming an expert on these great travelers which annually make the roundtrip from Canada to the South of the United States. He read up on them corresponded with hunters and naturalists, watched his wildly independent flock.

Word of his interest and knowledge got around, and one day he was invited to talk about wild geese to a gathering which later became the nucleus of the Panhandle - Plains Historical Society.

"Henry Ansley - he was editor, or something, of the Amarillo paper at that time - was in the audience," says Edwin, "and when he wrote up the meeting he referred to me as 'Goose' Ramey. Well, the name stuck, and that's what I've been called ever since."

The name by now has traveled far and wide as the birds on which Ramey is an authority. Geese banded on the Ramey farm have been found in all parts of the country, and for many years Ramey was busy answering correspondence from hunters and sportsmen.

Moreover, combining expert knowledge with the physical appearance and speaking style of Will Rogers, our farmer turned-naturalist found himself in demand as an after-dinner wit whose hobby was also a source of entertaining anecdotes.

"It was a good thing I had the farm," he says. "I paid for the geese and all the other things. I guess I've made speeches from Fort Worth on west, I don't know how many times."

Typical of the Ramey delivery on his favorite subject is his story of the \$50 gosling. "Once back in the early days, the late Gene Howe of the Amarillo newspaper heard I had some wild Canada geese. He was a great sportsman, and he wanted one of the geese, so he offered me \$50

and a year's subscription to the Amarillo Daily News. I turned it down, though, because the goose was setting on four eggs. Only one hatched, and I'll always remember it as my \$50 bird."

Howe bided his time, however, and presently learned that Ramey had produced another conversation piece in the shape of a carp that he had thrown in a stock tank and kept as a pet.

"He was real friendly, that carp," says Ramey. "Age, food and gentling brought him around, as it will anything, from a woman on down. So Howe wrote a piece in his column about how I had a carp that hopped in and out of the tank, walked around the farmyard, even talked to me. Well, it was a right smart carp, anyhow. It lived for 22 years before it accidentally flopped out of the tank and died."

Despite these distractions the Ramey farm prospered - surviving "81 wheat, 10-cent cotton and 8-cent hogs." Among other operations the Rameys were some of the first farmers to summer-fallow their land, resting it between crops and watching the market with a canny eye.

They also developed a deep interest in their community. Edgar Ramey served as the second mayor of Dimmitt from 1929 to 1932 and was instrumental in setting up the first public water system. Edwin became president of the school board, master of the Castro County Masonic Lodge, and a member of the board of directors of the Masonic Children's at Fort Worth.

Edwin also found time to serve as a volunteer weather observer - a job which enables him now to declare with authority that rainfall has decreased while Panhandle winters have become warmer and twisters less frequent.

Edgar retired from the farm implement business in 1944 and Edwin bade farewell to active farming a few years ago. Edwin still keeps a few wild geese on his farm property, but at the moment his interest has turned to bees.

"Nobody's going to give you much trouble with bees," he says. "You just stick a hive by a fence post, and that's that."

Meanwhile Edgar keeps in touch with local events. He likes to stroll around town and keep tab on who's who and what's what," says Edwin. He's also a right smart hand at collecting contributions for Boys Home. He's got the folks educated to paying up."

As for having a twin, it's in a way wonderful and in another way embarrassing," says Edwin. "When he ran the store and I was on the school board, teachers were always coming in and telling Edgar their troubles. Edgar would listen till they were finished, then say they probably ought to speak to his brother about all that."

When I asked him why he didn't talk up sooner, he'd just say he didn't think it was polite to interrupt people until they finished."

Edwin Ramey is married to the former Lena Tate of Dimmitt. They have two children, Mrs. O. J. Beane of Friona, who will be hostess for the birthday party, and Bub Ramey of Amarillo.

Edgar Ramey is married to the former Edith Buchanan of Hereford.

As for the future, Well," says Edwin, the main business is taking things easy. I work pretty hard at it, and my brother helps me."

BYRDS VISIT

Mr. and Mrs. Jackie Byrd and children visited his parents, Mr. and Mrs. Jack Byrd at Halfway recently.

The world's leading acoustical experts made the test.
The U. S. Auto Club certified the results:
at 20 mph... at 40 mph... at 60 mph...

The 1965 Ford rides quieter than a Rolls-Royce!

...and now let's talk about some other Ford surprises...

Test-drive a Ford—and you're in for some surprises. Leading acoustical consultants conducted tests in which 1965 Fords (Galaxie 500 Sedan, XL and LTD Hardtops) with 289-cu. in. V-8 engines rode quieter than a Rolls-Royce. These tests were certified by the U. S. Auto Club.

When you feel a 1965 Ford in action—with the strongest Ford body ever... a revolutionary new frame that "tunes out" vibration... new ultra-soft coil spring suspension—you're bound to be impressed. But the ride is only one of Ford's surprises...

■ New swept-back instrument panel adds five inches extra knee room. ■ Transmission tunnel is lower for extra foot room. ■ Trunk has more space than ever—holds four 2-suiters standing upright. ■ Handy new "reversible" ignition key—works either side up.

■ Hot, but hushed, 289-cu. in. V-8 is standard equipment in XL and LTD models. ■ Smooth, thrifty all-new Six in other models—the most powerful standard Six offered by any car in Ford's class. ■ V-8 options to 425 hp.

■ All Ford automatic transmissions have three speeds, not two as in some competing cars. Result: you pass faster, shift smoother, save on gas. ■ Fully synchronized manual transmissions—you can even shift down to first without clashing gears. ■ New Ford LTD 4-door hardtops have 10 courtesy lights, 5 ash trays. Upholstery treated to keep its beauty with Scotchgard® stain repellent. ■ Luxuries you'd expect only in the highest priced cars.

Surprised? You will be... when you visit your Ford Dealer and test-drive the Quiet One. Do it soon! ©TM 3M CO.

Hart BB Teams Attend Tourney

Hart boys and girls teams attended the Farwell Tournament this past weekend. The Longhorns won third place trophy after defeating Bovina. Hart lost to Friona in the first game of the tournament for the Longhorns. Final score was 69-12. Gary Heller was high point for the Longhorns with 8. Friona made 29 field goals and Hart made four. In Saturday action, the Longhorns defeated Bovina 41-40 in an exciting game. Hart jumped into a 15-10 lead.

At halftime Hart was still leading, 20-19. In the third period, Bovina took over the lead, 26-29. The score was 39-40 in favor of Bovina when Larry McKay was fouled just as the final buzzer sounded. McKay came through for the Longhorns with two beautiful looped free shots. Larry McKay was high point Longhorn with 21. Gary Heller hit 17 to aid the Longhorns. Hart girls met Dimmitt Bobbies Thursday and lost 63-28. Connie Bailey was high point girl with 16. The Hart girls made 11 field goals. They hit 6 out of 18 free shots for 33 per cent. On Friday, the Hart girls downed Farwell, 40-33 to go into the consolation finals. Connie Bailey was

NEWS FROM NAZARETH

Mr. and Mrs. Bill Warren, Ginger Donnie Ray and Mary Beth of Woodward, Okla., spent Christmas weekend with her mother, Mrs. Margaret Schmucker and other relatives. Mrs. Margaret Schmucker, Mr. and Mrs. Bill Warren and family of Woodward, Okla., Mr. and Mrs. Albert Hartman and family had Christmas dinner with Alvin Schmucker and family of Hereford. Mr. and Mrs. Rodney Green and son Peter of Fort Worth, Mr. and Mrs. Dan Koelzer, Kevin and Catherine of Friona, Andrew Hanson and buddy, James Schilling of Fort Sill, Okla. spent Christmas Day with Marie Hanson and family. Mr. and Mrs. Albert Gerber took their daughter, Donna, to Amarillo Saturday to St. Anthony's Hospital where she is in nurses training. She has 5 months left before she will graduate. She spent her 2 weeks vacation visiting her family and helping out at Plains Memorial Hospital in Dimmitt. Mr. and Mrs. Jack Aldridge of Anton spent several days during the holidays with her parents, Mr. high point with 25. Dixie Kendrick hit 15 to aid the Hart girls. In the consolation finals, Bovina defeated Hart, 57-38. Hitting in the double figures for Hart girls were Connie Bailey with 17 and Dixie Kendrick with 11.

Dimmitt FFA To Exhibit At Ft. Worth Stock Show
Fort Worth (Sp) - Dimmitt FFA has entered 6 lambs; 8 barrows in the jr. livestock department of the Southwestern Exposition and Fat Stock Show, January 29 thru February 7, 1965. Entries in the 1965 Stock Show for cattle, horses, sheep and swine are still being counted. Stock Show President-Manager W. R. Watt is optimistic over the prospect of topping last year's record number of entries in these four departments. Poultry, pigeon and rabbit exhibitors have until January 15, 1965 to submit entries. Watt is enthusiastic, and not cautiously either, over the signing of the Judy Lynn Show as guest stars of the 1965 Stock Show Rodeo. Watt said, "The Judy Lynn troupe will provide our rodeo audiences with real first class entertainment. The Stock Show Boss signed the Judy Lynn Show for the rodeo after a special trip to Las Vegas to hear them. He said, "I was impressed with the group the minute I heard them, they have a wide repertoire which includes all types of music." The Judy Lynn Show will be coming to the Rodeo direct from extended engagements at the Golden Nugget, Las Vegas; Harrah's Reno and Lake Tahoe; and The Trade Winds Hotel, Fort Lauderdale. Copies of the 1965 Premium List are available from the Southwestern Exposition and Fat Stock Show, P. O. Box 150, Fort Worth, Texas, 76101. Rodeo tickets are available from the same address and mail orders are now being taken.

WICHITA VISITORS
Mr. and Mrs. Cecil Curry and Janice spent the holidays with their daughter and family, Mr. and Mrs. Robert McIlroy and Meri Lynne in Wichita Falls. Mr. and Mrs. Donald Curry and young son, Carl Don of Fort Worth were also there for a visit.

TONI LEA HOOD

Newmans Entertain Special Guest

Toni Lea Hood, 16-year-old girl, was special guest in the Joe Newman home at Hart during the Christmas holidays. She lives at Buckner Baptist Children's home in Lubbock.

Toni is a sophomore at Monterrey High School in Lubbock. She is co-sponsored by Esther Sunday School class of First Baptist Church in Hart. Teacher of the class is Mrs. Joe Newman.

The class has sponsored Toni since August, 1964. They send her special gifts on her birthday and also on other special occasions. The class provides her with an allowance.

The personable teenager has been living at the Buckner Baptist Home since February, 1964.

According to Mrs. Newman, the Sunday School class has received a great benefit from sponsoring Toni. There has been a lot of interest created and the members of the class have found that it is more blessed to give than to receive according to their teacher.

Soybean, Cottonseed Support Announced

Charley E. Hill, Office Manager of the Agricultural Stabilization and Conservation Castro County Office today announced support prices to be in effect for 1965-crop oilseeds. The national average supports will be \$2.25 per bushel for soybeans and \$43.00 per ton basis (100 grade and county support rates with adjustments for grade and quality difference will be announced later.

"In determining the support prices for soybeans, and cottonseed, several factors were considered. Among these were the supply of the commodity in relation to demand, the ability of the Commodity stocks acquired under price support, and the support levels for other commodities. The law also provides that whenever the price of cottonseed or soybeans is supported, the support price of the other must be kept at a level which enables these commodities to compete on equal terms on the market."

The 1965-crop levels compare to supports for 1964 crops of \$2.25 per bushel for soybeans and \$44.00 per ton for cottonseed.

The decrease of \$1 per on in the support price for cottonseed reflects the smaller market premiums for cottonseed oil for use in salad oils in the United States now than a few years ago. A lower support level for cottonseed relative to soybeans is appropriate to assure that the two oilseeds enter the market on equal competitive terms.

The price support announced today for soybeans is expected to encourage production of soybeans at levels high enough to supply domestic and foreign demand and to help maintain prices and income to growers. Eligible producers can receive price support on their 1965 crop soybeans through warehouse and farm storage loans and purchases, as individuals or through their cooperative marketing association. Application for support will be available at the Castro ASCS County Office through January 31, 1966. Loans will mature on July 31, 1966.

Cottonseed price supports is carried out primarily by means of a product purchase program as it was for the 1964-crop. The price announced today is the support to producers. The level to ginners will reflect an added amount to cover costs at the gin. Purchases of cottonseed from ginners and farmers may be made from the earliest date of ginning through February 1966. Tenders of products from participating oil mills will be received through 1966 or a later date approved by the Commodity Credit Corporation.

Under the soybean support operation, the methods of support is substantially the same as those authorized for the 1964 crop in which simplified procedures made farm storage loan money available more promptly after harvest, provided earlier price support coverage, and simplified County ASC Committee administration. Charley E. Hill, Office Manager, Castro County A. S. C. S.
