Sunday School Lesson

by Rev. Charles E. Dunn

Peter Heals a Lame Man. Lesson for February 24th. Acts 3:1-10.

Golden Text: Acts 3:6. There is something very appealing about "the Beautiful Gate of the Temple" where the cripple of our lesson begged for alms. It is a symbol of the highly important fact that one of the surest paths to God is beauty. To be sure, there are other equally significant avenues to the divine life. There is, for example, the highway of truth. There is also that exacting course we call righteousness.

But the approach to God through beauty must not be ignored. Consider nature. How lovely is this fair world! No wonder the author of the first chapter of the Bible wrote that "God saw everything that he had made, and behold it was very good." Think of art. The world's greatest music, its finest paintings, its most inspired poetry are saturated with a sense of divine radiance. Remember Saturday night.

Who was little "Lucky" walking with Sunday afternoon? Was it Helen or Mary?

We hear some of the girls exclaim, "We can't go anywhere next week." We wonder why. Could it be six weeks' exams? One of the Sophomore boys has fallen down in his work since Elien left. Could it be Ben? What's this about Ray Cheek's Fairy episode? This business of "whispering" is getting to be a habit with "some people."

Who is so scary looking that he made Jean, Jane and Martha flee for the house Sunday night? Lillian and Mary Hob were attracted by King's singing Sunday in Hamilton. Lusk rushed a grammar school girl over the week end. Peggy just can't let Caesar rest his mind lately. Wonder why? Margaret is really getting to be an excellent candy maker. Ha! What Junior boy was left holding the bag last Saturday night? Lucille just had to take it—a battle of Vick's Saive!

What's that I hear about Eral's and Anna Lee's boy friends from Dublin? Why does Ratha and Anna Lee like to drive around in a certain Chevrolet on Saturday night by themselves? Whose could it be? What Freshman girl is J. L. W. stuck on? Could it be R. T.?

Theorem I.
If I love you, you love me.
Given: I love you.
To prove: You love me.
Proof: I love you (Hyp.)
Then: I am a lover.
All the world loves a lover.
You are all the world to me.
You love me.

Cranfill's Gap

By JAS. H. KNIGHT

We are glad to join the whole community in noting the return of Ed Skramstad from Temple where he has been under treatment for some time. He is an old timer and has many friends in these parts.

Mark Williamson who recently traded his farm near Shallow Water, on the Plains, to Jim Richardson for his farm near Mt. Pleasant, was here Saturday and seemed to be favorably impressed with our town. He has the appearance of an intelligent farmer and will, no doubt, make good on the splendid farm he lately has become the owner of.

Mrs. E. P. Rohne of the Boggy community was taken to Waco last week where she underwent a very serious operation. We are glad to report that this splendid lady is on the road to recovery.

The little girl of Mr. and Mrs. Clifford Stubbs was seriously injured by getting kicked on the head by a mule last week. It is reported that she is on the road to recovery.

Dr. Demson and family left here for Cameron, their future home, Saturday, where the doctor will go into partnership with his father. They had many friends here who regretted to see them leave. Dr. John Talley and family now occupy the home made vacant by the Demsons. Dr. Talley is making good as a doctor and he and his estimable wife are making many friends here.

J. P. Richards had a man out here Friday assisting in filling up some bad "chuck holes."

We regret to announce the death of Mrs. Dickerson of the Perchal community and Mrs. Buck Griffin, who lived a few miles north of the Gap, last Friday.

Rev. J. Mangus Rohne of Princeton, Minn., preached at the Lutheran church Sunday. Mangus is a product of this section and we all feel proud of him. He came down to be with his mother, Mrs. E. P. Rohne, who underwent a serious operation in a sanitarium at Waco. He was accompanied by his sister, Mrs. Canute Jensen, of Milam, Minn.

Two weddings at the Lutheran parsonage Sunday. Fount Benfer and Miss Helma Rohne, and Ingemar Rohne and Miss Ada Mae Sorley.

E. A. Roestad died in Dallas Sunday and was brought here for interment Tuesday. Bernt as those of us who knew him best called him, was born on the farm near here some 3 years ago. He had made the old farm his home most of his life, going to Dallas some few months ago to make his home with Alfred Anderson whom he had raised. If anyone had caught against him I never heard of it. Deceased and this writer were schoolmates in the good old days and warm personal friends in other days. A good man has gone to his reward.

Mr. and Mrs. Sam Sorley went over to Evans to visit their daughter, Mrs. Cleo Tillman, last Friday. They were accompanied by their two daughters, Mrs. Wanda Rude and Mrs. Weldon Goar. Master Rude went along also.

Mr. and Mrs. W. T. Tergerson, Mr. and Mrs. H. F. Hanson and M. J. Bertelson were in Dallas the first of the week, where Mrs. Tergerson went to have her eyes treated by a specialist.

HICO F. F. A. MEET JUDGES

In recognition of their ability to judge and identify meat, Otis Holliday, Max Ragsdale, Jack Hollar, and Joe Powers have been chosen to represent Hico F. F. A. at the Meat Identification and Judging contest to be held at John Tarleton College next Saturday, Feb. 23. These boys will have to compete with hundreds of other F. F. A. boys from schools over the state.

The awards that will be given the winners are: High team, Gold F. F. A. watch fob each and Tarleton banner for chapter; high man, gold watch fob if not member of high team; and Tarleton banner for chapter; second high man, F. F. A. pin of degree held and Tarleton banner for chapter; third to tenth high man inclusive, pin of degree held; and high ten percent of individuals, a certificate of merit in meat judging and identification.

A. J. Spangler, F. F. A. Area Adviser, and H. N. Smith, professor of Dairy Husbandry at John Tarleton College, have charge of the contest.

The Hico F. F. A. members were pleased to have their chapter recognized by the state F. F. A. paper, the Lone Star Farmer, which is published each month in Austin for the F. F. A. activities throughout Texas. One column was devoted to Hico's work, such as "F. F. A. Brings Christmas Cheer to Needy," "Hico F. F. A. Makes Rope," "Hico F. F. A. Boys Are Working on Supervised Practice Jobs," "Hico F. F. A. Initiates Green Hands," and "Supervised Farming Report."

The Hico reporter plans to have one or more articles in the Lone Star Farmer each month.

Traveling, Some.
Four thousand, four hundred and forty miles were traveled by nine V. A. teachers during January and \$276.32 was paid for expenses in visiting 98 farm boys, 197 adults farmers and making 11 other official trips. After traveling more than five times the distance across Texas, these V. A. teachers have found time to supervise the teaching of 205 boys in all day classes, 68 boys in part time classes, and 68 evening school classes.

Thirty-seven miles of terrace lines have been run by F. F. A. boys in the Brazos Valley District during the month.

The wire must go and be replaced by home made rope, says the F. F. A. boys. Our fourth mile of rope and 22 rope machines have been made. The economical phrase of this is that a 65 cent ball of twine will produce \$2.10 worth of rope at the custom price that rope is sold for.

Seventy-three calves were dehorned and 35 head of cattle were vaccinated by the F. F. A. boys. Northern buyers will not consider feeder cattle unless they have been dehorned and vaccinated, says Frank Reeves of Chuch Waggon Gossip.

Some work was also done to improve the home orchards. One hundred and twenty-six fruit trees were pruned and six pecan trees were top worked.

In first year V. A., there are 283 boys enrolled in projects and 82 different supervised practice jobs; in second year V. A. there are 20 boys enrolled with 29 supervised practice jobs; and in third year V. A., there are forty enrolled in projects and 68 supervised practice jobs as found in a summary report of V. A. 3 form made by Ben Cook of Tolar for Brazos Valley district Area IV. This report was sent to J. B. Rutland, state supervisor of V. A. at Austin.

"ON POETRY QUOTERS"

To me one of the most boring, nerve-racking, soul-shattering days of your life can be spent with a poetry quoter, a person who cries, "Lord on Macduff" as you start out. Later while driving through the park he cries, "What is so rare as a day in June (in August)," closely followed by "God's in His Heaven—all's right with the world." He turns on the radio with an allusion to "Music soothes the savage beast." Maybe you aren't savage and beastly by then. Then about an hour later when you are beginning to think your escort is reasonably handsome and rather good company, he tenderly takes your hand and murmurs, "For through the south, the custom still commands, the gentlemen to kiss the lady's hand." And then as you come back with a slap from the lily white hand he carols, "Bless the hand that dealt the blow." By that time you jump in the car and scream to go home. You get there at about 12 o'clock and he calls out, "12 o'clock and all's well," at which you let the flower pot nearest your hand go, and scream, "All's well that ends well."

—CONTRIBUTED.

The Track Meet Approaches.

The annual Interscholastic League "Jousts" are nearing swiftly. On March 17, the Hico athletes will, like the knights of old, dash gallantly forth upon the field of strife and whip Hamilton's cars into the dampness of the deep sod.

Due to the late defeat that the Antelopes suffered from Hamilton on the Bulldog gridiron, said Antelopes are gnashing their teeth and lashing their—well, they are aflame with determination to carry off the honors of the meet with no exceptions. Not only is Hamilton's doom written, but the Hico contestants in each and every event wish, now and hereby, to forewarm each and every school in the county to have its wreath picked and in the making when the 1935 County Interscholastic League Meet takes place.

Carleton, Fairy—all beware!

Hico Debate Team Picked.

Wayne Boatwright and J. W. Dohoney took first and second places respectively, according to the decision of three disinterested Bosque County judges whose duty it was to pick the two debaters to represent Hico at the coming Hamilton County Meet. Three entries from Hico were listed, the third being Otis Holliday, who debated last year.

The contest was held at Iredell Wednesday evening, Feb. 13, at the Iredell High School. The Iredell debaters, consisting of Worrels and Alexander were invited to return the visit in the near future and have a practice debate with the Hico boys.

Senior News.

Leighton Guvton left for Dallas Sunday afternoon with Miss Zora McAnelly, who is an instructor of nursing in that city. It is reported that Leighton will be favored with an audition over radio station KRLL during his visit there. He is expected to be back in our midst either Wednesday or Thursday.

Junior Jots.

The Junior Class owns one of the most studious boys in school, Wayne Boatwright. Wayne always knows his lessons when no one else does. He is still solving a corollary which only one student has solved in the past few years. Wayne also has time to take part in County debate. We are sure he is going to win first place.

Sophomore News.

The Sophomore class is very glad to have Miss McElroy back with us. She has been very ill for the last week. Miss Persons was her substitute while she was absent. We, the Sophomore class think there is nothing like having your own teacher.

Freshmen News.

The Freshman Class rendered the program for assembly Wednesday morning. Roline Forgy sang a popular number, accompanied by Miss Mattie Lee Good. In the piano, and the members of the class presented a pantomime of "Lord Ullin's Daughter."

Campus Hawk.

Wonder what broke the party up at 9 o'clock Friday night? It seems that Mary Jane had suddenly decided that she had had enough. Instead of her usual Monday night party at the cemetery, she had a party at her home.

Miss Ethridge (Etta) Williamson entered Fairy high school Tuesday morning, making a grand hit with all athletes in school. The volley ball court had her in its midst the first thing Tuesday morning. She was said to have been the best basket ball player on the team from which she came. How the girls wish she could have entered a little sooner!

“Star” Sick In Bed.
Elton Freeman, one of the stars on the Tiger basket ball team is, at present, very ill. His school mates wish for him a speedy recovery.

Relief Men at Work.
The FERA men are rapidly giving our school ground a finishing touch by setting out pecan trees. Fairy! Fairy! Climbing! Climbing!

Tiger Island.
The camera now switches its spotlight over to Tiger Island where dwells the “Hamilton County Champion Boys Basket Ball Team.” Who said Fairy did not have a basket ball team and the right spirit with which to handle one? Well, they did it, and they showed it by going to Gatesville Saturday morning and playing off the final game of the season, winning against Union by a 21 to 19 score.

The county basket ball tournament was scheduled to be played in Hamilton Feb. 8th and 9th but due to bad weather only a few games, in which the Fairy boys did not compete, were played. The officials met and agreed that the continuation of these games should be carried on in the Gatesville gym on the following Monday. The completion of the tournament was held in Gatesville last Saturday morning. All teams were defeated except Fairy who won four straight games. Fairy who had defeated Union only once had to play them in the final game. The Tigers first defeated Hamilton by a score of 35 to 15, then Liberty by 23 to 27, next Union by a score of 24 to 17, and the final game against Union by a score of 21 to 19.

Our record this year shows

that we have played thirty-five school games, won twenty-two of them and lost thirteen. We have scored 821 points during the battles we have fought. Out of the 821 points, Clayton has made 272, Allison 270, Miller 131, Davis 96, Freeman 34 and Russell 18.

Fifteen Cheers for the Coach!
The reports from all the boys are “Had it not been for Coach Miller's stickability during the year, we would never have been able to have reached the heights of basket ball fame.” The boys are not the only source from which comes praise to the coach. The High School girls, teachers and even the entire community send congratulations to him who has worked, lost sleep, spent money and been patient for the successful end which his boys have now come to. Coach Miller, rah! rah! rah!

I have enjoyed being the boys' captain during the year, and wish to say that I have pleased them to the greatest. I have enjoyed writing the successful ball games up during the year, and wish to say that I have not written about a more sports bunch of boys than the Union boys. We all have to lose sometimes and last Saturday it came Union's time to lose and the Tigers time to win.

Here's hoping Fairy's basket ball fame will be held high on down through the ages.

Fairy Pags Tribute.

Two hundred-three years ago today, United States' greatest man was born, and it is to him—the Great George Washington—that the Fairy school, today, raises its flag of tribute. To have had a man so great and honored in the ranks of the members of the U. S. A. constitutes the cause of our having bidden so great a nation—"a nation divided to never fall." Colonel Washington had a desired goal to which he could climb. He had determination and courage, stickability and faith. He loved his neighbors and worked in their behalf, as well as his own, and in the end, he was rewarded by having the honor of filling the first place of president. After having been elected first president of the United States, he won valour and fame, by his faith and truthfulness. His interest taken in the nation, won for him many friends from the Atlantic to the Pacific and from Canada to the Gulf of Mexico. Since his death, he has been loved and praised by his fellowmen generation after generation.

Are you the sort of person who will set a desired goal to which you can work and stick to it as George Washington did?

The Miller's Entertain.

A Valentine social, honoring the Junior and Senior classes of Fairy High School, was most graciously sponsored Thursday evening, Feb. 14, by Mr. and Mrs. Homer Miller at their home in Fairy.

The house was beautifully decorated throughout, bearing Valentine colors and emblems.

There having been so many different kinds of entertainment, it was quite a difficulty to choose the "fun" that was desired. Bunced was the main feature of the evening, with Ada Mae Blakley and Jack Thompson winning high honors.

A small chart had been erected in the living room by Mrs. Miller for the purpose of judging each person's heart. J. W. Blakley was the only one present with a normal heart.

Contents of "live letter writing," "making Valentines," "putting puzzles together," "making others say 'yes' or 'no,'" and "describing each girl," were supervised.

At 9:15 o'clock, refreshments of tuna fish sandwiches, Valentine cookies and hot chocolate were served.

Those to enjoy the splendid and successful affair were: J. D. Patterson, Vance Blakley, Carol Akin, Essie Mae Duncan, J. W. Blakley, Merrienne Christenson, Wynard Allison, Ada Mae Blakley, W. F. Clayton, Jr., Louise Seago, Sammy Davis, Thelma Jameson, Ray Miller, Margaret Blacklock, Wendell Wolfe, Jack Thompson, Mrs. Neomi Stringer Tipple, Mr. and Mrs. W. E. Goyno and the hostesses, Mr. and Mrs. Homer Miller and children and Miss Vada Martin.

In the Ray of the Spotlight

J. D. Patterson is one of the Junior Class' socialistic characters. He makes a great hit with bridge players from everywhere, and at the same time has the sort of "get-up" about him that allows his association with everyone he meets to be quite friendly. When an entertainment is mentioned, J. D. is right there. He believes in a good time and whether clouds or sunshine engulf him, he wears a sunny smile. This smile has won for him a host of friends.

Owl Park is what one would call a young lady through and through. She has lived in Fairy all her life, and during the seventeen years of her life, she has accomplished something—not only many friends, but a good reputation.

Elton Freeman is Fairy's "wild man." He always manages to have a girl, though it is rather strange that he should be courting a freshman at present, but such things must be. Elton is one of "those fighting tigers," and can he fight? His basket ball fame is growing higher and higher. Some day, if his fame keeps increasing, he will be one of the best. His friendly schoolmates wish for him years of success.

Previews From the Campus

Lately, Ruby has had a far away, dreamy look on her face in school. Is it school work? No! when years of happiness are starting a girl in the face, how can she say "no" to a fine young man when she is asked to be a companion?

A new girl eh? And a fresh man at that! Well, "Freeman" Sweetie!

Ray certainly is a swell hand at changing girls every week. Once it's Ruby, next it's Lillian, then it's Ruth. Now it's a brand new one. Guess who?

How's Donnie and Pee Wee? Is Pee Wee still on Donnie's side of the dash-board, or has he jumped over on Evadean's side again? Huh! You can't tell by looking.

Of all things on earth! Did you see who J. D. was courting Sunday night? "Red," watch your step!

Say! Who is this Gum Branch boy that W. F. is jealous of? Well, "Pockets" that won't ever do. Why not show someone who's boss?

What's this "Lazy Bones" has to say concerning a man's rights? Loyd, you're pretty clever to say a man has a right to vote.

"I wish John Tarleton would have more holidays," says Juanita.

A CHILD'S LAXATIVE SHOULD BE LIQUID

(Ask any doctor)

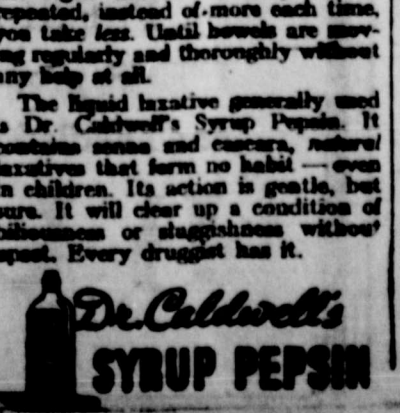

For your own comfort, and for your children's safety and future welfare, you should read this:

The bowels cannot be helped to regularly by any laxative that isn't regulated as to dose. That is why doctors use liquid laxatives.

A liquid laxative can always be taken in the right amount. You can gradually reduce the dose. *Reduced dosage is the secret of real and safe relief from constipation.*

The right liquid laxative does give the right amount of help. When you take less, instead of more each time, you take less. Until bowels are moving regularly and thoroughly without any help at all.

The liquid laxative generally used is Dr. Caldwell's Syrup Pepsin. It contains saline and cathartic, natural laxatives that burn no salubri— even in children. Its action is gentle, but sure. It will clear up a condition of biliousness or sluggishness without upset. Every druggist has it.

Vocational Education.

Vocational work is one of the most interesting and beneficial phases of school work. There are several types of vocational work offered in public schools, but the most common are Home Economics and Manual Training.

Of course all subjects taught in public schools have their purpose and are of great benefit to the students, but the vocational work is of more real value to the boy or girl. In this phase of work they learn to solve the problems and perform the duties that confront them in every day life. In Home Economics girls are taught to cook and sew and all phases of keeping the home in a neat and attractive condition. Likewise the vocational work for boys deal with things they will need to know and practice in every day life.

There are many helpful and educational subjects taught in public schools today, but vocational work is superior to any of them.

Governor Alfred Tuesday signed a bill reorganizing the Brazos River Conservation and Reclamation District. "This district is a public corporation," Alfred said, "controlled by a board of 21 directors. It has been through the instrumentalities of this organization that the public has been able to retain the ownership of the water rights in the Brazos and its tributaries." The Brazos is today the only major stream in the State in which the people still own the majority of the water rights.
