I've been in this business long enough to know what subjects readers will identify with most readily.

So I suspected that my May 13 column about the death of our family cat, Rainbow, would strike a few responsive chords.

But the spoken and written feedback has been more than I expected. So far I've heard from other pet owners as far away as Abilene, Houston, Louisiana and Delaware, in addition to a lot of local readers.

Four persons so far have suggested that I send the story to *Reader's Digest*.

I just may do it. It would be an appropriate tribute to Rainbow, who was a member of our family almost 17 years.

In the June issue of *Texas Monthly* magazine, look on Page 41.

It's a full-page ad for the *Houston Chronicle's* new "Extra Card" program. Subscribe to the *Chronicle* for a year, and you'll be issued a card that entitles you to a discount of 10% to 30% or more at 7,000-plus stores in the Houston area.

There's a picture of the Extra Card in the middle of the page. The name on the card is our son Nathan's.

It's his program. He was hired by the *Chronicle* last summer to develop the new Extra Card program after having developed a similar one for a Dallas-area daily.

With more than 7,000 participating stores, the Extra Card program is the largest of its type in the US.

I just knew you'd want to know that.

It's good to see syndicated columnist Lewis Grizzard back on the editorial pages again.

The salty Atlanta columnist had extensive heart surgery in early April—I think it was his third or fourth such surgery—and they lost him. His heart had been taken out and stopped while the surgery was in progress, and they couldn't get it started again.

But finally, it started ticking.

The surgeons told him later that it was only by a miracle, and not because of anything they had done, that he survived.

Grizzard announced before going in that he would have his surgery in Emory University Hospital in Atlanta. I contacted our son-in-law, Larry, who is a chaplain in the cardiac intensive care unit there, and asked him to wish Grizzard good luck for me.

VICTIM OF THREE-WHEELER—Emergency medical technicians apply a pressure brace to the leg of Ashley Ward, who was injured in a three-wheeler accident last Thursday in the front yard of the Garland Coleman home, 1006 Cleveland. Also

injured in the accident was Emily Roberson, who was on the three-wheeler with Ward when it overturned and fell on them. Both girls were treated at Plains Memorial Hospital.

Nazareth Country Rodeo set Friday through Sunday

The *Wildest Rodeo in the Texas Panhandle* will be held in Castro County this weekend.

The 17th annual Nazareth Country Rodeo and Wild West Show will kick off Friday night, with a second performance Saturday night and a matinee show Sunday afternoon.

Nightly performances are scheduled to begin at 7:30 p.m. while Sunday's events will begin at 3 p.m.

The rodeo, which will be held at Marvin Schulte's Arena, located five miles east of Nazareth on Highway 86 behind Elmer's Package Store, will feature traditional rodeo events including: bareback

riding, saddle bronc riding, bull riding, bull dogging, girls' break away roping, calf roping, barrel racing, team roping and single steer roping. Wild west events will include the wild horse race, wild cow milking contest, kids' calf scramble and kids' steer riding.

Admission is \$5 for adults and high school students and \$2 for students, 12 years to high school age. Children under 12 will be admitted free.

All proceeds will go to benefit the Nazareth Volunteer Fire Department.

Marvin Schulte, organizer of the

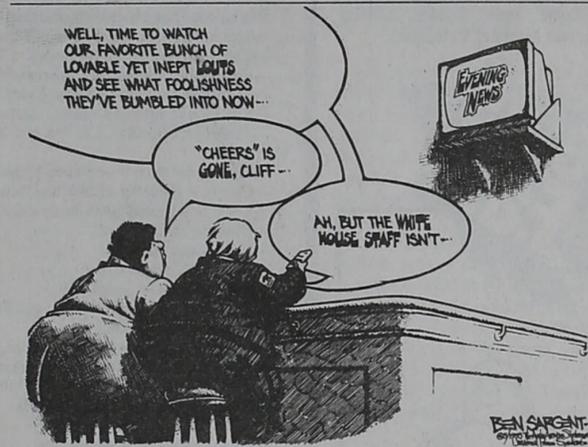

event, said the "show will go on as scheduled, rain or shine."

The rodeo is sanctioned by the Texas Cowboys Rodeo Association. Bucking stock will be furnished by Maverick Rodeo Co. of Tulia, with timed event stock being furnished by Nazareth Country Rodeo.

Trophy buckles will be awarded in all events.

In addition to the rodeo, a dance will be held Saturday night in the Nazareth Community Hall following the rodeo.

Music for the dance will be provided by Slo Motion of Amarillo.

News featuring Sargent cartoons

Pulitzer Prize winner for editorial cartooning, Ben Sargent, is now being featured on the *News'* Op-Ed pages.

Sargent was born into a newspaper family in Amarillo, Texas, in 1948 and began drawing cartoons for the *American-Statesman* in August 1974, and now has his editorial cartoons distributed by Universal Press Syndicate and appears in nearly 75 newspapers across the country.

Sargent learned the printing trade starting at age 12, and by age 14 he was working for the local daily as a proof runner. He holds a bachelor of journalism degree from the University of Texas at Austin.

In addition to the Pulitzer, Sargent is the winner of numerous other awards including the 1981 Women in Communications Inc. Outstanding Communicator award;

the 1982 Texas Women's Political Caucus media award, the 1983 Headliner's Club special journalism award; the 1988 Free Press Association's Mencken Award; the 1989 University of Texas Outstanding Young Texas Exes award; and the 1990 Common Cause of Texas public service award in journalism.

He is a member of the Association of American Editorial Cartoonists, having served as vice president (1986-1988) and as president (1988-89).

Sargent is the author of two books, *Texas Statehouse Blues* (1980) and *Big Brother Blues* (1984), both published by Texas Monthly Press.

He is married to Diane Holloway, an *American-Statesman* critic, and they have two children, Elizabeth and Sam.

Kenley's solo earns first place at state

Nikki Kenley of the Dimmitt High School Choir earned a first division rating and a gold medal for her performance of a French art song, *Le Berceuse*, at the state solo and ensemble contest Saturday.

Linda Fuentes, also of Dimmitt, received a second-place mark and silver medal for her Italian operatic aria, *Pieta Signore*, at the state competition.

Kenley completed her senior year at DHS, and was the class valedictorian.

She has had great success in her music activities in the DHS choir for four years. She has received four gold medals for UIL solo, one gold medal for an ensemble event at Greater Southwest Music Festival in Amarillo, and two gold medals.

Storm forces three-hour power outage

A severe thunderstorm Saturday evening caused a power outage for two-and-a-half hours throughout parts of Dimmitt.

Lightning struck a pole behind Dimmitt Consumers shortly after 7 p.m. causing the power outage. A crew from Hereford had to be brought in with their truck to return lights in the city.

The power outage caused Town & Country and Allsup's convenience stores to lock their doors for nearly three hours.

Voters will elect new US Senator in Saturday runoff

Voters across the state will go to the polls Saturday to elect a new United States Senator—either Kay Bailey Hutchinson or Bob Krueger.

Hutchinson and Krueger were the top vote-getters in the May 1 general election, and that placed the pair into a runoff.

Polling places will be open Saturday from 7 a.m. to 7 p.m., according to Joy Jones, county clerk.

Jones said all polling places will be open Saturday and they are, as follows:

PRECINCT 1: Hart Golden Group Building in Hart.

PRECINCT 2: Driver's License Office in the courthouse at Dimmitt.

PRECINCT 3: District Courtroom in the courthouse at Dimmitt.

PRECINCT 4: Adult Probation Office in the courthouse at Dimmitt.

PRECINCT 6: Flagg Fertilizer at Flagg.

PRECINCT 7: Frio Baptist Church.

PRECINCT 8: Community Building in Nazareth.

Jones said early voting in the special runoff election has been slow, with approximately 90 ballots cast.

City-wide garage sale is Saturday

Bargain hunters can "shop till they drop" Saturday in Dimmitt as the fifth annual City-Wide Garage Sale gets underway.

More than 100 family sales, sidewalk sales and a flea market are planned Saturday.

Maps with listings of the locations of sales will be given out at 8 a.m. Saturday at the courthouse square. Maps also will be available at the Chamber of Commerce Office and at businesses sponsoring the map.

There's still time to plan a garage sale for Saturday's event and have your sale listed on the map. Deadline to sign up with the Chamber is today (Thursday) and cost is \$10. The money raised will help pay advertising costs in approximately 14 communities within a 75-mile radius of Dimmitt.

Those signing up will receive a yard sign to draw attention to their sale.

The annual city-wide garage sale is sponsored by the Dimmitt Chamber of Commerce and it draws many out-of-town visitors, according to Chamber Executive Director Delores Heller.

Heller encourages those having sales to obtain a good supply of change before the sale and to have those individuals call KDHN Radio at 647-4161 and let them know of special items you have to sell.

A truck from the Salvation Army will be stationed at the courthouse square at 4 p.m. to pick up any sale "leftovers" that vendors would like to get rid of. Unwanted items to be donated to Salvation Army should be boxed up and taken to the courthouse square, Heller said.

She also asks that vendors report their gross sales to the Chamber so it can measure the day's success.

DO YOU HAVE ONE OF THESE? If you are planning to hold a garage sale Saturday and haven't signed up with the Dimmitt Chamber of Commerce's annual city-wide garage sale, you don't, according to Delores Heller. Today (Thursday) is the last day to have your sale listed along with the 100-plus sales planned in Dimmitt Saturday. Call Heller at 647-2524 to be listed.

Four retired teachers attended the Texas Retired Teachers Association-AARP drive-in workshop on May 26 at West Texas State University in Canyon.

Castro County residents attending were Jackie McElroy, Mary Small, Cleo Forson and Elizabeth Huckabay.

Theme for the meeting was "TRTA Membership — An Investment." Guests were greeted by Kenneth Gipson, president of Amarillo District 16.

It was a very informative meeting. After the general session, special interest groups met. Among these were topics, memberships, legislature, retirement, community participation, informative and protective services and health care.

Consultants stressed the importance of every school retiree being a member of TRTA. We all reap benefits of the organization and we can help support it by becoming a member.

We would like to report Castro County as having 100% of its retired teachers in TRTA when the May 1994 meeting is held.

The Dimmitt ISD school bus drivers and their spouses had an enjoyable evening last Friday at the home of E.L. and Mildred Washington.

A delicious barbecued meal of spare ribs, chicken and sausage was served, along with several covered dishes and ice cream.

Those attending were E.L. and Mildred Washington, Darrell and Patricia Washington and family, Ruby Gowdy, Jack and Clara Patton, Joe and Frances Ortega, Hank and Syd Lynn, Andrea De La Cruz and her husband, the Gene Penney family, Gwen Sears, T.D. Davila and Gwendolyn Pevehouse.

Other guests attending were Prentiss Washington and Jesse and Jim Washington Tenorio; Vickey Davilla, mother of T.D. Davila.

It was a time of fellowship, fun and pure relaxation for all the bus drivers as well as for E.L., the bus supervisor.

The 1993 senior party was held at the Expo Building on May 27 from 11:30 p.m. to 4:30 a.m.

Parents conducted casino games, spade tournament, and gave many door prizes. They also had a calendar girl competition and sponsored an auction.

Food and fun was enjoyed by seniors and their parents.

The Quilters Guild met Monday evening at the Senior Citizens Center and worked on a quilt which will be given away during Harvest Days.

Rosetta Bellinghausen served a mixed vegetable plate, assorted crackers and soft drinks. Twila West served hot rolls and cinnamon rolls.

Members present were Joyce Davis, Daisy Langford, Doris Lust, Yvonna Hays, Nell Humphries, Darlene Collins, Tommie Sue Nisbett, Twila West and Rosetta Bellinghausen.

The Thursday Bridge Club met

at the Senior Citizens Center with Susie Reeves as hostess.

They all brought brown bag lunches and Susie served banana bread and candy. Dude McLauren won high score and Ina Rae Cates was second. Others playing were Neva Hickey, Elizabeth Huckabay, Helen Braafladt, Cleo Forson, Louise Mears, Fern Dickey, Edith Graef, Virginia Crider and Johnnie Vannoy.

A group from the Town and Country Extension Homemakers Club drove to Littlefield Thursday and toured the American Cotton Growers Denim Plant.

This is a very interesting factory. Two cotton trucks haul 90,000 bales of West Texas cotton annually. This cotton is processed into approximately 28 million yards of 60-inch denim. It took us about an hour and a half to tour the plant from the area where bales of cotton are separated into small tufts to the area where the finished product is turned out.

Members of the club making the trip were Claudine Langford, Oneida Hutto, Diane Hatla, Betty Freeman, Ann Pevehouse, Margaret Womack, Mildred Washington and Mary Edna Hendrix.

Sylvia Stein, the district chairman of Extension clubs from Plainview, met us at the plant. Just before we left, we saw Mary Lou Schmucker, who was there on business.

We ate lunch at the Catalac Restaurant. After lunch we went to the home of Joyce Dilbert, Diane Hatla's mother, who gave us a tour of her beautiful garden and home.

She has pretty flowers, shrubs and trees in her backyard with red cardinals and blue jays flying from tree to tree.

The interior of her home is decorated with silk flowers everywhere and tiny lights are entwined among strands of flowers. Votive candles throughout the house and a water fountain in the patio. She has a collection of beautiful dolls and there are many in every room of the house. She showed us some of the party dresses she has made as well. She's a very talented lady.

The Museum Board members held their monthly meeting last Thursday night with Dale Winders presiding. Clara Vick showed pictures and gave us a report on the Italians' visit to Dimmitt, Hereford, UMBERGER and Amarillo. One wanted to go on to Dumas since he had worked in a plant there when he was a prisoner of war.

Cherry cobbler, iced tea and soft drinks were served to Madge Robb, Robert Duke, Ralph Lambright, William and Rosetta Bellinghausen, Lon and Mary Woodburn, Florene Leinen, Mary Edna Hendrix, Clara and Dale.

Out-of-town visitors at the museum last week were Bob Tabbot, Ron Howell and V. Heimer of Lubbock; Tracy Dickson of Plainview; Pat Fisher and daughter and granddaughter, Nancy and Kate Denison of Hereford; Jeff Niemeyer of Madison, Wis., and Rod

Reisener of Milwaukee, Wis.

Jeff and Rod were in this area searching for meteorites which may have fallen. Tests on the meteorites may reveal information which could be valuable to science and the pieces found are purchased for good prices.

Just before the rain storm on Saturday I visited with Sharla Ragland and her mother, Nancy Beard of Lubbock, in a local restaurant.

Joe and Gladys Benson entertained friends, Ruth and Duward Robinson of Truth or Consequences, N.M. over the weekend. The Robinsons were here for the Hereford class reunion, of which they were both members.

Elbert and Mary Lois Summers were here from the Austin area to attend a family reunion which was held in Plainview.

A joint meeting with all the churches was held Sunday evening at Lee Street Baptist Church in Dimmitt.

The meeting was sponsored by the Ministerial Alliance and a large crowd attended. Charles Doss was the master of ceremonies, Johnny Robertson led the singing, Beth Jones was pianist, Beth Casas sang several selections, Dr. Bill Murphy sang a solo, Ricky Reyes gave his testimony, members of the Ministerial Alliance sang a special song, led by Bill Newland and Bud Corless brought the message.

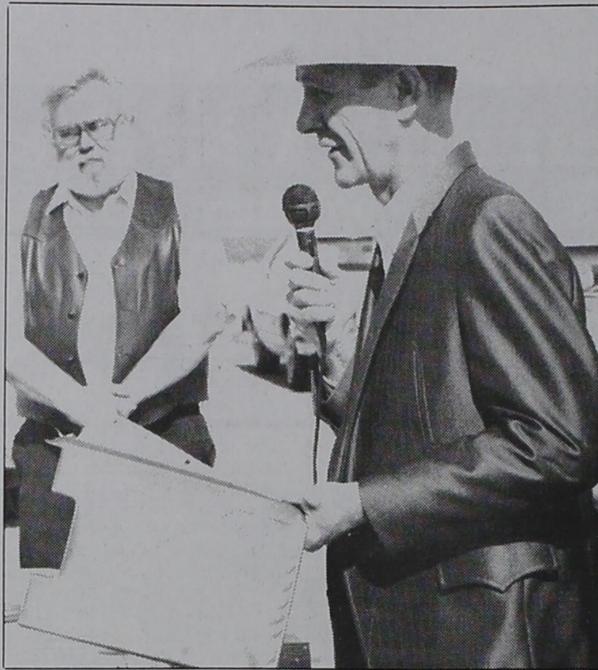

Pastors who participated were Johnny Robertson from the First United Methodist Church, Paul Kenley of First Baptist Church, John Hazle Jr. of Sunnyside Baptist Church, Claude Hendricks of First Assembly of God, Bill Newland of First Baptist Church, Ed Freeman of the Presbyterian Church, Bud Corless of the First Christian Church and Ruben Velasquez of La Asamblea Christiana.

A fellowship and serving of sandwiches, chips and desserts followed the services.

Helping Alice Farris of Sentinel, Okla., celebrate her 100th birthday recently were Retta Cluck, Billie Cluck, Jewell Scott, all of Dimmitt; Joye Smith of Happy; Loyd Farris and Jimmy Cluck, both of Hart.

The celebration was held May 22 at the First Baptist Church in Sentinel. Alice is a sister-in-law of Retta, Jewell and Loyd.

Ken and Rachel Ferguson of Cape Coral, Fla., visited with Jewell Scott, the Clucks and Farris last week.

Breast screening clinic is scheduled July 9

The Don and Sybil Harrington Cancer Center and High Plains Baptist Hospital Mobile Mammography Unit will be in Dimmitt at Plains Memorial Hospital, 310 West Halsell on Friday, July 9, from 10:00 a.m. to 2:30 p.m.

Examinations will be performed by appointment only. For information, or to schedule an appointment call 1-800-377-HOPE (4673) or (806) 359-4673.

The total cost of the screening is \$70.00, which includes the x-ray, physical breast exam, and the radiology fee for reading the mammogram. Funding has been provided by the Texas Department of Health

to allow for free breast screenings for women who qualify.

The major goal of the clinic is the early detection of breast cancer. The clinic provides low cost screening which includes a breast exam by a RN trained in breast cancer detection, teaching of breast self examination, and a mammogram. Currently, the most effective method known to win the battle against breast cancer is early detection. Guidelines for early detection are:

1. Learn and perform breast self examination every month.
2. Have a physical examination every year.
3. Have a mammogram according to the recommendations by age: 40, one baseline mammogram; 40 to 49, A mammogram every one to two years; 50 and over, yearly mammograms.

Spanish Club lists members

The Sociedad Honoraria Hispanica initiated its charter members Tuesday night, May 25. Dimmitt's chapter of the national Spanish honorary, established February 23, 1993, has been named the Toledo chapter. The initiates became eligible for membership by earning an average of 93 in Spanish for their first 3 semesters. This year's honored initiates are: Wendy Finke, Angelica Garcia, Claudia Herrera, Nikki Kenley, Adriana Lopez, Shad McDaniel, Stacy McDaniel, Alma Moctezuma, Carlo Ontiveros, Joanna Quiroz, Janie Robles, Lorena Silva, and Michael Velasquez.

Court campaign reform

By LLOYD DOGGETT

It is critical that we enhance public confidence in the Texas judiciary. This means both updating ethical standards—as urged in the unanimous, bipartisan recommendations of the Texas Supreme Court Task Force on Judicial Ethics—and strengthening state campaign and ethics laws.

The impact of campaign contributions on the quality of justice in Texas courts has been the subject of countless speeches and repeated editorials. Fortunately, the Texas Senate has responded constructively with passage of the Judicial Campaign Fairness Act.

This measure, ably sponsored by Sen. Rodney Ellis of Houston, represents significant reform by:

* Banning PAC - Man and PAC - Woman. Until recently, political action committees that have dominated legislative races had little impact on the judiciary. But in 1992, these special interests directly contributed almost \$1 million to five Supreme Court candidates. Now is the time to permanently stop this influence.

* Prohibiting gigantic contributions from law firms. Some individual law firms have contributed more than \$100,000 to a single candidate. While some of us have imposed voluntary contribution limits, the playing field is hardly level when an opponent is unrestrained. The new law would restrict contributions for both individual lawyers and law firms, including every employee. An individual limit without an overall firm limit would be meaningless. While its aggregate permissible amounts remain too high at \$25,000 for statewide races, the bill will certainly reduce existing excesses.

* Providing candidate incentive to discourage "independent" expenditure. While citizen participation is desirable, largely hidden, back-door "independent" expenditures have increasingly been employed in a well-coordinated effort to control the outcome of judicial contests. This permits a candidate to give the appearance of avoiding the same big-bucks contributors who are providing separate supportive campaign mailings and advertising. In 1992, political action committees used this device to contribute another half-million dollars in Supreme Court races that was not even reflected on the candidates' campaign reports.

* Combining expenditure and contribution limit. Limiting contributions while expenditures are unlimited represents no real improvement. Because directly restricting expenditures has been declared unconstitutional by the US Supreme Court, this legislation imposes a voluntary limit. However, any candidate who refuses to "volunteer" must tell the voters about the rejection in all campaign materials. Any enforcement penalties collected will be used for a voter information fund.

* Offering more public information about judges. Judges will be required to disclose additional information concerning appointments and special relationships with lawyers or others.

Unfortunately, the vocal opposition Ellis encountered in the Senate can be expected to continue in the Texas House, where the bill is sponsored by Rep. Debra Danburg of Houston. Instead of yielding, the House should strengthen this reform.

The most direct response to lawyer contributions in Supreme Court campaigns would be to prohibit them from any person affiliated with a law firm that has a cause pending for decision on argument before the Supreme Court. That is the point in the lengthy judicial process when a final decision is being made by our state court of last resort. If ever there is a time when contact between judges and lawyers should be limited, it is as these nine justices determine what may be a closely divided final outcome. The Texas House of Representatives should consider an amendment adopting this additional step on the road to reform, thereby strengthening an already worthwhile Senate measure.

This bill will not remove all the big money from court contests, but it constitutes a major step forward. Mandated reporting, restricted fund-raising, and incentives for voluntary expenditure limits will bring more fairness to judicial campaigns and increase the opportunity for justice for all Texans.

Justice Lloyd Doggett serves on the Texas Supreme Court and chairs its Task Force on Judicial Ethics.

Don't 'hatchet' Hatch Act

The Hatch Act was originally passed in 1939 in the face of instances when employees of the Works Progress Administration—a New Deal jobs program—were assigned to spend the election season campaigning for candidates who backed President Franklin D. Roosevelt. In Kentucky, some employees were threatened with the loss of their jobs if they didn't contribute to the reelection effort of a US Senator.

But the law doesn't just protect federal workers from coercion. It also shields citizens from political pressure applied by members of the public sector. Reed Larson, president of the National Right to Work Committee, said, "Imagine an IRS agent going over your tax return. That evening, the same IRS agent appears at your door 'suggesting' you sign a political petition."

Those are the things the act was meant to deal with, but attempts to "reform" the act are underway in Congress, through Senate Bill 185/House Resolution

20. Other attempts to change the act have been proposed under the argument that it violates the free speech rights of federal employees.

However, the Supreme Court has three times upheld the Hatch Act, including a 1973 ruling that stated, "It is in the best interest of the country, indeed essential, that the political influence of federal employees on others and on the political process should be limited."

The Hatch Act does not prohibit federal workers from voting, joining political parties or contributing to campaigns. It simply provides a modicum of protection for workers and citizens alike to ensure that serving the public interest, not partisan politics, prevails.

We cannot risk the formation of a "partisan army" of federal employees at the very time the nation needs to trim the federal work force.

This act could be rendered ineffective if you do not voice your opinion to your legislators.

TPGA opposes energy proposal

The Clinton Administration's proposed energy tax will unfairly penalize Texans, and especially rural Texans, warns John B. Danks, executive director of the Texas Propane Gas Association. Among the hardest hit will be Texas communities dependent on agriculture.

"Propane customers will see the cost of their propane fuel rise 2.38 cents per gallon under the proposal," he said. "This will increase these families' home heating, cooking and water heating bills, and if they are farmers, the cost of farming operations and maybe even transportation costs."

Added to that, he said, will be an additional 7.5 cents for a gallon of gasoline, 8.3 cents more for a gallon of diesel and about 4.6 % more for each kilowatt of electricity, according to the Texas Dept. of Agriculture. Average production costs on a typical 1,300-acre Texas cotton farm will increase to between \$2,500 and \$2,800, or a minimum of \$2 an acre in direct costs. The Texas Railroad Commission estimates the proposed energy taxes will cost the average household anywhere from \$301 to \$475 a year in direct and indirect costs.

Because the Texas economy, including agriculture, is energy-intensive, Texans will pay a disproportionate amount of tax over those states that have a service economy, Danks said. In addition, Texans—especially rural Texans—do more driving from town to town than do any other Americans. And many rural Texas families fall into the middle- and lower-income categories, which are hardest hit by the tax because they spend relatively more of their income on energy than families with higher incomes.

"No tax should so disproportionately fall on one segment of the country over another," Danks said. "During these next crucial weeks as Congress debates the issue, rural Texans should make known in Washington their feelings about this unfair energy tax proposal."

The Texas Propane Gas Association represents more than 800 propane marketers, suppliers and producers who serve one million Texas customers. TPGA is a member of the Affordable Energy Alliance, a broad-based coalition of companies and business organizations opposing British thermal unit (Btu) taxes.

Letter

A tribute to Dimmitt Cemetery Association

Dear Editor:

As a daughter and granddaughter of two of our pioneer families in Castro County, I would like to pay tribute and publicly acknowledge the hard work of members of the Dimmitt Cemetery Association.

As a child growing up in Dimmitt I remember that on Memorial Day families who had loved ones buried there had to be responsible for their own individual lots. They worked all day hoeing weeds and grass and cleaning their lots to make them a little more attractive.

Most people do not realize the hard work and tireless effort of those few people who have made

our cemetery attractive and neat for our community.

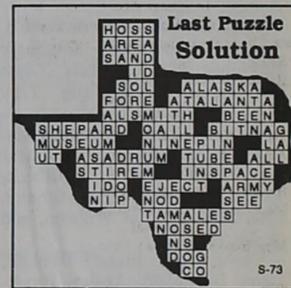

Also, those who have worked on this project through the years have done so as volunteers. They worked because they cared about Dimmitt and the people who live here.

Those who are serving on the board at the present time are D.C. Taylor, president; Dorothy Sheffy, secretary; Melvin Summers, vice president; and members J.B. Moore, Billy Hackelman, Bill Birdwell, Louise Mears and Jerry Liley.

There are many other people who have worked hard, but have

not necessarily served on the board. Again we say thank you.

Double-ring ceremony unites Albracht, Huseman

A formal, double-ring ceremony performed by Father Neal Dee Saturday at Holy Family Church in Nazareth united in marriage Shelly Dawn Albracht and Michael Joseph Huseman.

The bride is the daughter of Ralph and Evelyn Albracht of Nazareth. Parents of the groom are Louis and Virginia Huseman, also of Nazareth.

The altar was decorated with wedding ring candelabras accented with silk flowers of blue, ivory and mauve; and a unity candle. The pews were marked by candles and bows.

Musicians were Greg and Glenda Birkenfeld, Marcia Hoelting, Mary Lynn Olvera and Dwayne Kleman. The group accompanied Melinda Schmucker as she sang *The Rose* and *Love Will Be Our Home*. Ralph Albracht and Stacy Wilhelm, the bride's father and sister, respectively, sang *Only a Shadow*. The Birkenfelds performed *Long Line of Love, In This Life* and *Standing on Holy Ground*.

The bride, given in marriage by her father, wore a fitted, candlelight gown designed with a trumpet skirt. Scalloped lace accented the top of the gown and formed the sweetheart neckline. The long, tapered sleeves featured beads and lace. Her full train was accented with lace appliques.

She wore a hat trimmed with pearls and beads which held a veil of illusion.

She carried a single ivory rose accented with ivory ribbon.

For "something new," the bride wore her wedding gown. She "borrowed" a string of pearls from her sister-in-law. A gold medal from her maternal grandmother served as "something old," and "something blue" was her garter.

Matron of honor was Stacy Wil-

helm of Amarillo, sister of the bride. Bridesmaids were Melissa Albracht of Clovis, N.M., the bride's sister-in-law; Dana Gerber of Amarillo and Cindy Albracht of Canyon, cousins of the bride; Susan Bybee of Amarillo and Kalina Pohlmeier of Nazareth, friends of the bride.

Each attendant wore a two-piece dress featuring a portrait neckline and mid-calf straight skirt of ivory with a mauve, burgundy and blue floral print.

They carried single burgundy roses accented with blue, ivory, mauve and burgundy ribbons.

Best man was Bart Huseman of Amarillo, brother of the groom. Groomsmen were Raef Albracht of Clovis, brother of the bride; Damian Wilhelm of Amarillo, the bride's brother-in-law; and Paul Huseman of Nazareth and David Huseman and Greg Huseman, both of Amarillo, brothers of the groom.

Tyler Albracht of Clovis, nephew of the bride, was ring bearer. Flower girl was Monica Ramos of Tulia, the groom's niece.

Renee Huseman of Amarillo and Elaine Verkamp of Lubbock, friends of the bride, lighted candles.

Guests were seated by Ryan Gerber of Childress, cousin of the bride; Adam Ramos of Tulia, nephew of the groom; and Scott Huseman and Frankie Huseman, both of Amarillo, cousins of the groom.

Following the wedding the couple were honored with a reception in the Nazareth Community Hall.

The tables were covered with mauve and ivory cloths and held centerpieces made of candles and candle rings of ivory, burgundy, mauve, blue and pink.

The bride's and groom's tables were accented with ivory tablecloths. The bride's cake was decorated in ivory and the groom's table held a lemon cake.

Following a wedding trip to Jamaica, the couple will make their home in Canyon.

The bride is a 1991 graduate of Nazareth High School. She is a junior majoring in psychology at West Texas A&M University.

The groom is a 1986 graduate of Nazareth High School. He holds a bachelor of science degree in agriculture economics from Texas Tech University in Lubbock and he currently is employed with First National Bank of Amarillo.

Bailey feted with shower

Jennifer Bailey, bride-elect of Shawn Ewing, was honored Saturday with a bridal shower in the home of Betty Jones.

Guests were greeted by Mrs. Jones and were presented to the honoree and her mother, Romona Bailey; and the prospective groom's mother, Sharon Ewing.

The 20 hostesses assisting with the shower presented the honoree with a set of Revere Ware cooking utensils and a flower arrangement.

The serving table was covered with an ecru lace tablecloth and it held an arrangement of pink hyacinths and mauve tiger lilies, and silver appointments.

Guests were served fresh fruit, assorted miniature bread muffins, iced almond tea and coffee by Leigh Hyman and June Ewing, the prospective groom's aunt.

Special guests were the honoree's mother, her grandmother, Peg Bailey, and her aunt, Kathy Fuller, all of Amarillo. Also in attendance were Murl Ward and Edna Ewing, the prospective groom's grandmothers.

The Book Shelf

School's out and it's time for fun summertime activities!

The library's bookmark contest runs now through June 26.

Here's how it works. Pick up a contest form at the library, draw a bookmark, and fill in your name and address. The bookmark can be based on the summer reading theme, *Lions and Tigers and Books...OH MY!* or on anything that strikes the artist's fancy. After all the bookmarks are handed into the library on June 26, a winner will be chosen and sent to Amarillo for printing. By August, printed bookmarks will be available at the library.

We will choose two winners this year. Last year's winners were Taryn Hays and Mandy Hoelting.

Then, on June 29, we start summer reading! And yes, kids, the *Principal Challenge* is being taken by principals Les Miller, Darla Baggett, and Glen Waldo. They've pledged to sit on the school roofs two minutes for each student who participates in summer reading. More details on summer reading later.

For adult summer readers, the library has a nice selection of popular books.

Mary Higgins Clark does her scary stuff once more in *I'll Be Seeing You*, a story about the repercussions of a lovely young reporter covering the stabbing death of a young woman who is her physical double. The two had never met but the connection is both real and shocking. As usual in Clark's work, there's more to the story than meets the casual eye.

For readers of historical novels, Eugenia Price follows bestselling *Bright Captivity* with *Where Shadows Go*. Heroine Anne Fraser and her British husband struggle with the human issues involved with slavery. John does not believe in slavery but nevertheless becomes head of a plantation. Anne re-examines her Southern Belle beliefs after tragedy strikes and her closest friend just happens to be Eve, her black maidservant.

Perfect is just what Julie Mathison, heroine of Judith McNaught's newest novel, wants her life to be now that she's escaped an unhappy childhood. But convict Zachary Benedict kidnaps Julie during his prison escape, upsetting all Julie's carefully laid plans. Is Zach really innocent? Will love conquer all?

Who's New?

Jim and Sally Bradford of Dimmitt are the parents of a new baby girl, Wendy Leigh, who was born at 12:40 a.m. May 14 at Northwest Texas Hospital in Amarillo. She weighed 8 lbs., 3-1/2 oz. and was 20 inches long at birth. She has a big sister, Molly, who is 2-1/2. Grandparents are Mr. and Mrs. James Bradford of Dimmitt and Mr. and Mrs. King Graf of St. Louis, Mo.

Out-of-town

It's a girl for Adalberto and Lupita Castro of Nazareth. Alicia Alaffa entered the world on April 26 at Northwest Texas Hospital in Amarillo. She weighed 7 lbs., 11 oz. and measured 21 inches. Her grandparents are Ignacio and Carmen Castro, and Fausto and Elva Gonzalez, all of Mexico.

MRS. RODNEY BOHR
... nee Michele Schulte

Mr. and Mrs. Rodney Bohr establish home in Groom

Mr. and Mrs. Rodney Bohr are home in Groom after a wedding trip to the Bahamas.

The bride is the former Michele Schulte, daughter of Luke and Mona Acker of Nazareth. Parents of the prospective groom are Bill and Linda Bohr of Groom.

The couple exchanged wedding vows in a formal, double-ring ceremony on May 8 at St. Thomas the Apostle Catholic Church in Amarillo with Msgr. Joseph Tash officiating.

The bride was given in marriage by her father. Dianne Huseman of Nazareth served as matron of honor. Bridesmaids were Tammy Mendez, Kathy Esquivel and D'Ann Berry, all of Amarillo; Sabrina Acker of Nazareth, sister of the bride; and Donna Barnett, sister of the groom.

Best man was Aaron Wieberg of Irving. Groomsmen were Doug Theissen of Austin; Todd Bourquin of Arizona; Bill Ragsdale of Pampa; Alan Acker of Amarillo, brother of the bride; and John Bohr of Groom, brother of the groom.

Flower girl was Candace Schulte, daughter of the bride. Ring Bearer was Blake Barnett, nephew of the groom.

Ushers were Virgil Huseman of Nazareth, Daniel Acker of Elgin, Douglas Acker of Terrell and Scott Fields of Groom.

After the wedding, the couple was honored with a supper, reception and dance in the church's hall.

The bride is a graduate of Nazareth High School, Plains Memorial Hospital Nursing School and Amarillo College. She is employed as a licensed vocational nurse by Kimberly Quality Care.

The groom attended Groom High School and Texas Tech University. He is employed by Farmers Equipment as a service manager.

School trustees attend workshop

Trustees from Hart, Nazareth, and Dimmitt were among 88 West Texas school board members to attend the Texas Association of School Boards (TASB) Canyon Spring Workshop at West Texas State University in Mid-May.

School Board members who attended from Hart ISD included David Smith, Lester Aven, and Danny Carson.

Those who attended from Nazareth ISD were Carroll Gerber and Sidney Birkenfeld. N. Dean Johnson, superintendent at Nazareth, also attended the workshop.

Frank Welch, Gracie Abrego, Debbie Annen, and Earl Behrends were school board members who attended from Dimmitt ISD.

The annual spring training is offered by TASB as a benefit of membership in the Association. School board members can attend

workshops at one of 22 locations across the state and earn board member training credit for completing the sessions.

"One of the reasons we offer the workshops in the spring is to give new board members a chance to begin their training before the next school year," said TASB training Consultant Virginia Trchalek. "But we also cover subject areas such as school governance and finance, policy issues, and budgetary matters that are more applicable to experienced board members."

Attendees at the Canyon workshop participated in sessions exploring a variety of issues including school finance, board and superintendent relations, superintendent evaluation, and site-based decision making. The training sessions are conducted by TASB staff.

German Festival to be held July 10

Reservations are being accepted for those who wish to rent space at the Nazareth Art Club's arts and crafts show, which will be held in conjunction with the annual German Festival on Saturday, July 10.

The show will be held in the school cafeteria from 10 a.m. to 4:30 p.m. on July 10 and those reserving space will be allowed to begin setting up their exhibits at 7:30 a.m. that day.

The 8 x 10-foot booths will include a table and two chairs and will rent for \$15. When reserving a booth, exhibitors are asked to specify whether they prefer a wall or center booth and they must include a description of items which will be on display.

Booths will be assigned on a first-come basis and deadline for reserving booths will be July 3.

Those interested should contact Lucille Drenup, P.O. Box 3, Nazareth 79063, phone 945-2562; or Rose Mary Wilhelm, HCR 2, Box 13, Nazareth 79063, phone 945-2583.

Other highlights of the celebration will be the annual German sausage dinner, Suds and Sounds concert and dance, performances by Sky Tone (a barbershop quartet) and the Texas Cloggers, games and more.

The annual German sausage meal will be served from 11:30 a.m. to 3 p.m. in the Nazareth Community Hall.

During the meal, Sky Tone and

the Cloggers are scheduled to perform.

The Maines Brothers Band will headline a host of performers at the annual Suds and Sounds concert, which will begin at 4 p.m. at the Nazareth Community Center, located east of town on Highway 86.

Proceeds from the concert will benefit the Nazareth Community Hall and the Texas Deaf Program, sponsored by the Knights of Columbus and Nazareth's Rough Riders band.

4-H Fun Day set June 29

The Castro County 4-H will hold a family fun day Tuesday, June 29, with the highlight of the outing to be a trip to Wonderland Park in Amarillo.

All 4-H families are encouraged to attend and bring friends. The group will meet at the Extension office in Dimmitt at 5 p.m. Each family will need to bring their own picnic dinner.

The Parent-Leader Association and 4-H Council will hold short meetings before departing for Amarillo and the park.

The group rate for admission to Wonderland is \$6 per person, and a minimum of 15 people must attend to earn that rate.

'LIFT EVERY VOICE'—Dimmitt Postmaster Bill Sava sings the patriotic song, *Lift Every Voice*, during Memorial Day services at Castro Memorial Gardens Monday morning. The event, attended by approximately 50 people, also included the annual meeting of the Dimmitt Cemetery Association. Photo by Don Nelson

They said to him, "Where is Sarah your wife?" And he said, "She is in the tent." The Lord said, "I will surely return to you in the spring, and Sarah your wife shall have a son." And Sarah was listening at the tent door behind him. Now Abraham and Sarah were old, advanced in age; it had ceased to be with Sarah after the manner of women. So Sarah laughed to herself, saying, "After I have grown old, and my husband is old, shall I have pleasure?" The Lord said to Abraham, "Why did Sarah laugh, and say, 'Shall I indeed bear a child, now that I am old?' Is anything too hard for the Lord? At the appointed time I will return to you, in the spring, and Sarah shall have a son." But Sarah denied, saying, "I did not laugh"; for she was afraid. He said, "No, but you did laugh." Presbyterian Church

Sunday school classes will meet Sunday at 10 a.m.

This Sunday is Trinity Sunday and Pastor Edward D. Freeman will preach on the subject "The Mystery of the Trinity" during the morning worship service at 11.

"Control Your Tongue," from James 3:1-12, will be the subject of the mid-week Bible study Wednesday at 7 p.m. at the manse.

Ministerial Alliance

New officers have been elected for the Ministerial Alliance because the president and vice president had moved.

New officers include Pedro Gonzales, president; Bud Corless, vice president; and Johnny Robertson, who will continue as secretary-treasurer.

About 150 people attended the first county-wide all-church Pentecost service Sunday evening at Lee Street Baptist Church. There were people from at least eight churches at the worship service.

Immaculate Conception Catholic Church

Communion services will be held Thursday and Friday at 7 and 8 p.m., respectively. The Saturday

LEHA show is Saturday

The Llano Estacado Horse Association (LEHA) will hold its Castro County show Saturday.

Books will open at 7:30 a.m. and the show will begin at 8:30 a.m. Judge for this year's show will be Jennifer Shaver of Texas Tech University.

A clean-up day for the show will be held today (Thursday) at 5:30 p.m. and each Horse Club member and his or her family must attend and are asked to bring shovels, rakes, hoes, water hoses and trash bags.

After the arena is cleaned, those working will enjoy a hamburger cookout.

confessions and 5:30 p.m. mass have been cancelled.

Nikki Kenley

Kenley to serve as missionary

Nikki Kenley, daughter of Paul and Barbara Kenley of Dimmitt, will serve two weeks as a missions volunteer along the Rio Grande as part of the Texas Baptist River Ministry's first-ever Helping Hands Brigade.

Kenley will work in the Rio Grande Valley on both sides of the Texas-Mexico border. She will do manual labor and personal evangelism, including leading vacation Bible schools.

The Helping Hands Brigade is a pilot missions program being launched this summer by the River Ministry of the Baptist General Convention of Texas. The program offers Southern Baptist youths who have completed their junior or senior years in high school an opportunity for hands-on missions experience along the Rio Grande.

Since 1967, the River Ministry has helped to coordinate and facilitate the work of Southern Baptist churches in missions enterprises along the Texas-Mexico border, including agricultural-economic development programs, health care services, church planting and evangelism.

The River Ministry is funded by the Mary Hill Davis offering for State Missions, taken each autumn in the 5,500 Southern Baptist congregations in Texas, and by the Cooperative Program, the Baptist General Convention of Texas' unified budget plan for missions support.

Schmucker to play in Greenbelt Bowl

Michael Schmucker of Nazareth has been selected to play in the 44th annual Greenbelt Bowl All-Star Classic football game, which will be Saturday in Childress.

The all-star game will kick off at 6:30 p.m. Saturday at Bobcat Stadium in Childress.

The 56 all-stars playing in the game will be coached by Hardin-Simmons University Coach Jimmy Keeling (South) and Sul Ross State University Coach Steve Keenum (North).

Schmucker quarterbacked the Swifts for four years and earned honorable mention all-state honors as a junior and senior. He was named all-South Plains quarterback for two years and was named the District Offensive Most Valuable Player this year.

During his senior year the 6-1, 190-lb. quarterback completed 114 of 194 passes for approximately 1,620 yards and 18 touchdowns.

Schmucker has signed a letter of intent to play football for Hardin-Simmons University this fall, and he will be coached in the Greenbelt Bowl by his future coach, Keeling.

Each player competing in the game selected a "queen" to represent his home town in the annual Greenbelt Bowl Queen Pageant, and Schmucker selected Kandal Derrick, a junior at Nazareth High School.

Schmucker reported for workouts and publicity sessions in Childress Tuesday morning and he will go through morning and evening workouts until Saturday.

On Friday, players, coaches, parents and candidates for the "Greenbelt Bowl Queen" will be honored at a banquet. After the banquet, the Queen pageant will be held.

On Saturday, Schmucker and the rest of the all-stars will enjoy lunch with the Dallas Cowboys Cheerleaders, who will be featured during halftime of the game.

Michael Schmucker

Sheryl Swoopes, an all-American forward for the national champion Texas Tech Lady Raiders' basketball team, will receive the Darrell K. Royall Award in pre-game ceremonies.

Eight people will be inducted into the Greenbelt Bowl Hall of Fame, including Paul "Buddy" Horne and Jerry Vandegriff of San Angelo; Grant Teaff of Waco; Harold Mayo of Hamlin; and Sam Carmack, Jackie Jones, Alex Saied and Janet Smith, all of Childress.

Joining Schmucker on the South squad will be Daniel Johnson, Kelvin Ross and Sergio Zapata, all of Lubbock Dunbar; Ryan Prater and Cory Sanders, both of Tulsa; Eric Smith and Chris Markham, both of Rotan; Michael Henderson and Scott Crader, both of Floydada; Stacy Ward of Plainview; Pat Ortiz and Craig Hamilton, both of Spur; Mike Patterson of Abilene Cooper; Reggie Jackson of Graham; Jason Bellar of Sudan; Danny Williams of Burkburnett; Michael Washington of Wichita Falls Hirschi; Todd Iglehart of Snyder; Charles Jenkins of Hamlin; David Brister of Evant; Bradley Price of Valley; Craig Edwards of Harrold; Andrew Jones of Slaton; Jason Menasco of Holliday; and Bo Hutchison of Olney.

Summer basketball begins Monday

The 1993 girls' summer basketball league in Castro County will feature players from Dimmitt and Nazareth as well as a few from Hereford, Vega and Lazbuddie, and play kicks off Monday and will continue through July 27.

Each player must pay a \$10 fee to play. If a player cannot make her team's scheduled game, she must find a replacement.

Teams will play 20-minute halves and four games will be played each night, beginning at 6 p.m. at the Dimmitt Middle School gym.

Eight teams will compete in this year's league and members of those teams include:

LAKERS: Dolores Dimas, Emily Roberson and Marcella Flores, all of Dimmitt; Carie Wethington, Sabrina Acker and Robin Schulte, all of Nazareth; Lori Coronado and Misty Dudley, both of Hereford; Monica Rodriguez of Vega; and Dawnda Magby of Lazbuddie.

Pohlmeier wins PPA scholarship

The Panhandle Press Association has awarded \$500 scholarships to six area high school seniors, including Jill Pohlmeier of Nazareth.

The scholarships are awarded for the first year of college to students who plan to major in journalism.

A PPA scholarship committee ranked the six 1993 winners as the best applicants from across the region, based on achievement in high school, potential, citizenship, and need.

Pohlmeier is the daughter of J.C. and Jocelyn Pohlmeier. She served on the journalism and yearbook staffs at Nazareth High School. She is class valedictorian. School activities she participated in include basketball, University Interscholastic League writing competition, cross-country, tennis, track, FFA, FHA, student council, theater, and the National Honor Society.

Adrian Farris to be honored

Adrian Farris, son of Ricky and Suzanne Farris, will be recognized today (Thursday) at 12 noon by the Amarillo Chamber of Commerce Sports Achievement Committee for his success in tennis this year.

The awards luncheon will be held at the Holiday Inn in Amarillo.

Farris, a 1993 graduate of Nazareth High School, is a repeat winner of the award.

He is a two-time Class A state champion in boys' singles, winning the crown in 1991 and 1993. He qualified for the state tournament for four years, finishing in the semifinals as a freshman and in the finals his junior year.

Gruhlkeys graduate

Jay Gruhlkey and Cody Gruhlkey, sons of Perry and Phyllis Gruhlkey of Plainview, formerly of Dimmitt, recently graduated from college and high school, respectively.

Jay graduated from Texas A&M University with a bachelor of science degree in chemistry. He plans to enter Texas Tech Medical School or the University of Texas Health Science Center in Houston.

Cody graduated from Plainview High School and received a \$500 scholarship from the FFA Booster Club to study agriculture at either Clarendon College or West Texas A&M University.

Local 4-H'ers to attend state Roundup

Local 4-H members will be among 2,500 outstanding youth from across the state to compete in the 1993 Texas 4-H Roundup at Texas A&M University, Monday through next Thursday.

The following students from Castro County will be attending:

-Horse Judging: Kodie Bagley, Kori Bagley, Zach Smith, and John Fuller.

-Livestock Judging: Shad McDaniel, Tawnee Matthews, Moriah Olson, and Justin Gleghorn.

-Method Demonstration: Shawn Pohlmeier

-Fashion Show: Brandi Rice

Roundup, the biggest 4-H event held each year, gives 4-Hers' an opportunity to gain educational experiences in 4-H projects, demonstrate skills and practice leadership at the state level. Outstanding 4-Hers' compete in 44 contests that showcase their speaking abilities, decision-making skills and talents.

This year, more than \$800,000 in scholarships sponsored by the Texas 4-H Foundation will be awarded. Shad McDaniel will be interviewed for one of these scholarships. Texas has the nation's largest 4-H scholarship program, which receives tremendous support from private donors.

The young people applying for scholarships are judged on their 4-H experiences, leadership skills, projects, community service, personal needs and other qualifications, including high school academic performance and college entrance exam scores. Scholarships are granted in agriculture, life sciences and unrestricted categories.

A new addition to 4-H Roundup this year is the Texas 4-H Fashion Show. Over 100 contestants will have an opportunity to exhibit their knowledge and skills in purchasing, garment construction and modeling.

The Texas 4-H Food Show is also conducted during 4-H Roundup week. Senior 4-H members who have won county and district 4-H food shows qualify to prepare their favorite recipes in one of four categories — nutritious snacks and desserts, fruits and vegetables, breads and cereals and main dish. Each first-place winner receives a \$750 scholarship from the Morrison Milling Company.

Memorial Day ceremonies began Monday with a flag raising by the American Legion Auxiliary, followed by mass in Holy Family Church and a special service at Holy Family Cemetery.

Breakfast followed at the American Legion Hall for members of the Legion, and Auxiliary.

Meta Stork spent the weekend here with LeRoy and Dorothy Pohlmeier and she attended Memorial Day services and the breakfast with them.

Jerry and Tricia Rose and children of Amarillo, K'Lynn and Virgie Gerber, spent the weekend in Odessa with Gene and Susie Gerber. They spent time at the swimming pool, trying to win at card games, enjoying good food and visiting and a golf game.

They returned home through Lubbock and stopped at Methodist Hospital to see the newest member of the family, Miriah Belle Gerber.

Congratulations to Kevin and Melinda Gerber of Plainview on the birth of a daughter, Miriah Belle, on May 30 at Lubbock Methodist

Hospital. Grandparents are Robert and Maxine Yeary of Morton and Virgie Gerber. Great-grandmothers are Gran Belle of Lorenzo and Meta Stork.

Congratulations to Kelly and Teresa Sewell of Midland on the birth of a son, Ian Sol, on May 12 at Odessa Women's and Children's Hospital. He has a brother, 6-year-old Evan. Grandparents are Jerome and Margaret Brockman of Nazareth and Howard and Mary Sewell of Wolfforth. Great-grandparents are Elma Schacher and Agnes Brockman of Nazareth and Granny Hiit of Lubbock.

Margaret Brockman has returned home after spending a week with the Sewell family in Midland.

Congratulations to Roger and Deanna Schulte of Lubbock on the birth of a boy, Derek Scott, April 1 in Lubbock Methodist Hospital. He has two brothers, Josh and Jason. Grandparents are Floyd and Dorothy Schulte and Clyde and Bea Hoelting, all of Nazareth. Great-grandparents are Louise Braddock, Lizzie Hoelting and Joe and Amy Schmucker, all of Nazareth.

Derek Scott Schulte was baptized Sunday in Holy Family Church with Rev. Neal Dee officiating. Sponsors were Leroy and Dana Schulte. Dinner was enjoyed at the Floyd Schulte home after the baptism, hosted by the Schultes and Hoeltings for the great-grandparents, Father Neal Dee, Johnny and Kim Schmucker and children and Marilyn and Gail Wilson.

A bridal shower honoring Missy Brockman, bride-elect of Mark Kleman, was held recently at the home of Vicky Kleman. She received many nice gifts.

Many friends and relatives attended the wedding mass for Mike Huseman and Shelly Albracht Saturday in Holy Family Church. A reception and dance followed at the Nazareth Community Hall.

Tanya Herring is home to recuperate after having surgery in Plainview's Methodist Hospital.

Beth Sams Graduates

Elizabeth Starr Sams graduated from the University of Texas at Austin with a Bachelor of Art degree in Middle Eastern Studies. The ceremonies were held Saturday, May 22 in the Frank Erwin Center.

This summer she will study Arabic at the University of Jordan in Amman, Jordan.

Beth is the daughter of Liz Sams of Canyon, formerly of Dimmitt, and the granddaughter of Mary Johnson of Memphis and A.C. Sams of Lubbock.

TEXAS CORN FOR JAPANESE SNACKS — Robert Harrell of Edmonson Wheat Growers shows yellow food-grade corn to representatives of Koikeya Co., Ltd. of Japan who bought 40,000 pounds of yellow food corn from Edmonson Wheat Growers food corn division in Hart recently.

Japanese purchase yellow food-grade corn at Hart

It may not dent the US trade deficit to Japan, but the Texas Corn Producers Board (TCPB) believes this month's sale of high quality yellow food corn to a subsidiary of the giant Mitsubishi conglomerate could be a new market breakthrough for Texas corn farmers.

In what was believed to be the first ever purchase of Texas food corn by Japanese company, Koikeya Co., Ltd. bought 40,000 pounds of yellow food corn from the Edmonson Wheat Growers food corn division in Hart. Koikeya is Japan's second largest snack food manufacturer. The sale, which was completed May 19, resulted from a tour

of Texas food corn country hosted by the TCPB.

"We have always promoted Texas food corn as the highest quality of its kind in the nation," said Carl King, TCPB executive vice president. "We have the research to back up our claims. We feel that's the reason the Japanese firm purchased our corn."

Robert Harrell of Edmonson Wheat growers, a farmer-owned cooperative, said Koikeya is apparently testing corn from Texas and other states to determine which will best suit its needs.

"They want to start making corn

chips," he said. "The hardness of our corn, which has always been popular among American snack food companies, was attractive to them."

A trade team from Koikeya visited the Edmonson plant April 21. It was part of a tour that included Dimmitt Agri Industries in Dimmitt, Corn Processors, Inc. in Uvalde and Frito Lay in Hereford. Hereford Grain Corp. in Hereford also was on the agenda.

"Our corn producers board has hosted foreign trade teams for more than a decade," said King. "And we have made some sales that have benefited our state's farmers."

"Even though this is a small purchase by the Japanese company, it could turn into a monthly program. And it could certainly lead to bigger and better markets once the Japanese public gets a taste of corn snack food products."

County agents discuss agricultural situation

Crops in Castro County are off to a good start.

The average county rainfall to date for April and May has been .024 of an inch, with temperatures averaging 79 degrees for a high and 40 for the low.

Many corn fields have been through a very stressful stage primarily due to adverse weather conditions.

I have checked several fields where plants were purplish in color and appeared somewhat wilted. These signs are due to the cool temperatures.

In some cases, hard pans have developed and plants were suffering from lack of oxygen. With moisture and warmer weather, plants should resume healthy growth.

Beets are generally off to a good start. Some replanting occurred in mid-April due to hail and cool temperatures.

Overall, county wheat looks really good.

Some wheat received hail damage on April 16. The hail seemed spotted. The Easter and Hart areas received the heaviest damage. Several heavily damaged fields were cut for hay.

Wheat, which will be harvested for grain, is expected to have good yields.

Cotton is emerging, but like corn, warm weather is needed.

Sorghum is currently being planted throughout the county.

The final rule requiring pesticide use record keeping for applicators using restricted use pesticides was published in the Federal Register April 9, 1993.

Effective May 10, 1993, certified applicators, including private applicators, will now have to keep records on the pesticides they use.

There is not a designed pesticide use record keeping form. Data that must be recorded for each restricted use pesticide application includes:

1. Brand or product name
2. EPA registration name
3. Total amount of restricted use pesticide applied
4. Location of treatment
5. Size of area treated
6. Crop
7. Month, day, and year of application
8. Certification number of applicator

All commercial applicators are required to provide a copy of restricted pesticide applications to customers within 30 days of each treatment.

Individuals keeping pesticide use records in compliance with federal law are not required to submit the information to any government entity. Applicators will be surveyed at a later date by officials responsible form developing a national pesticide use report.

Several community ag-related businesses have allowed me to put a Bulletin Board in their business. The purpose of these boards are to

The first program of the Upper High Plains Texas Bug Report will be broadcast on Monday, June 7. Local broadcast will be on KDHN, 1470 AM. Reports will be broadcast daily through September 10.

Motor oil, transmission fluid, hydraulic fluid, gasoline, and other petroleum substances may be highly flammable, as well as toxic.

Used oil is the largest single source of water pollution in the nation. However, the oil drained from cars can be reprocessed and reused, conserving petroleum resources and preventing contamination of the environment.

Used motor oil should be placed in a sealed container and taken to an oil recycling center.

Gary Davis, Program Manager for the Texas Water Commission's Recycling Section, says although gasoline solvents and some paints are petroleum products, they should never be mixed with oil intended for recycling.

Other products that should never be mixed with oil that is to be recycled are non-petroleum products such as pesticides or other household chemicals. However, transmission fluids are similar to motor oil and can be added.

To dispose of kerosene, diesel fuels, lamp oil, and fuel oil, use them for their intended purpose.

Call the office or the Texas Water Commission if you have any questions.

Beets good despite forced replantings

The cooler-than-usual spring weather coupled with extended periods without rain, forced some 4,000 acres of sugar beets to be replanted this year. But despite the early problems, the crop looks good now.

"Cool weather has put us a little behind where we normally are," said Dennis Printz, ag manager at Holly Sugar in Hereford. "The crop still is looking good and we expect it to progress well."

About 40,000 acres of beets in the area are under contract to Holly this year and that's the normal acreage for the Panhandle-South Plains area.

Printz said growers must make sure their cultivation practices are timely. "Cultivation is extremely important right now," he said. "Light, frequent cultivations will help bring the crop along faster."

For more information on cropping techniques or other questions regarding this year's campaign, contact any Holly agriculturist at 364-6475.

PCG Cotton Talks

New federal pesticide record keeping requirements have recently been finalized to implement portions of the 1990 Farm Bill, according to Plains Cotton Growers, Inc. (PCG) of Lubbock.

PCG officials note that the new regulations apply to certified private and commercial applicators of pesticides the Environmental Protection Agency has classified as "restricted use."

"The new record keeping equipment is an important change for producers who haven't been required to keep records on pesticide applications in the past," said Bill Rogers, pesticide specialist with the Texas Dept. of Agriculture in Lubbock.

"Since the 1990 Farm Bill requires that these records be kept for a minimum of two years it is important that producers keep them as accurately as possible."

Rogers adds that producers are required to update their records within 30 days following the application of a restricted use pesticide. Application information required

by the new regulations for restricted use pesticides includes the following:

1. The brand or product name and Environmental Protection Agency registration number of the restricted use pesticides applied.
2. The total amount of the restricted use pesticide applied.
3. The location of the application, size of treated area and the crop, commodity, stored product or site treated.
4. The month, day and year of application.
5. The name and certification number of the certified applicator.

One or more spot applications of a restricted use pesticide in an area totaling less than one-tenth of an acre on the same day requires keeping a record that includes product name, EPA registration number, total amount applied, specify "spot application" for location description, and the date.

For more information about the new regulations producers can contact their county Extension agents, PCG or TDA at 799-8555.

Record book workshops are planned

Two workshops have been planned to help county 4-H'ers who are planning to complete record books this summer.

The first workshop will be held today (Thursday) at the First State Bank in Earth and it will be conducted by Dr. Martha Couch.

A second workshop will be held in Dimmitt at 9:30 a.m. on June 19 at the Dimmitt High School Computer Room.

4-H'ers must have their national report forms and 4-H stories completed before the workshop.

A final workshop will be held on July 1.

Completed record books must be turned in at the Extension office on July 8 and will be judged on July 12.

For more information contact a county agent at 647-4115.

Cotton planting in full swing

Recent rains across the area have brought renewed optimism and new activity among cotton farmers in the nation's biggest cotton patch, the Texas High Plains.

Memories of last year's devastating spring weather, coupled with sparse rainfall and cooler than usual days this spring are giving way to full-speed planting in the area.

Cuts in the federal Acreage Reduction Program (ARP) have area crop watchers predicting that close to 3.24 million acres of cotton will be planted on the High Plains this season. That's about 90,000 acres more than was anticipated in the area last year, before erratic weather throughout the growing season wiped out about two-thirds of the crop.

About 60 to 65% of the planting is completed, according to Kater Hake, cotton agronomist with the Texas Agricultural Extension Service in Lubbock. "The greatest delays are in the western part of the South Plains."

Although subsoil moisture was generally good across the region

this spring, surface moisture was lacking in most of the dryland area which makes up about 55% of the cotton acreage. Growers who irrigate began planting in late April, but cool weather has delayed emergence. A few dryland growers "planted dry," hoping for rainfall to germinate the seed and get it to a stand.

During the week of May 15-20, wide-ranging thunderstorms swept across the area. Of 28 official weather reporting stations across the High Plains cotton area, only six reported no rainfall in that period while stations at Crosbyton, Lubbock and Post reported an inch or more.

"But many dryland fields in Cochran, Bailey and Hockley counties are still too dry to plant," Hake said. He added that the southernmost part of Dawson County

also is dry.

Because of the cool weather, many fields are taking 10 to 14 days for emergence, according to Hake. He said this is evident by the small size of the cotyledons, the first leaves which emerge from the sprouted seed. Hake noted that Dr. Dan Krieg, agronomist at Texas Tech University, has found that the longer cotton takes to emerge, the smaller will be the cotyledons and the more vulnerable they will be to subsequent stress.

"At this time, the emerged crop is highly vulnerable to adverse weather," Hake cautioned. "If the last days of May are hot, with temperatures near 95 degrees Fahrenheit, many plants with seedling disease will dry out and die. If the weather stays cool and wet, more plants will become infected and existing infections will become severe," he said.

Ragland says bagworms must be controlled now

Bagworms are one of the major pests of junipers and other trees and shrubs in Texas and the spring hatch of the insect began in early May on the South Plains this year.

Hatching is usually completed in about three weeks. Insecticide control is most effective in late May and early June when the bagworms are small, according to County Extension Agent J.D. Ragland.

In the spring, bagworm larvae emerge from hatching eggs inside last year's bags and begin feeding on foliage. They soon begin to construct their own protective bag of silk, twigs and leaves, making them camouflaged and hard to see. As the larvae and their bags continue to grow, control becomes more difficult.

Bagworms feed throughout the summer months, building their bags until the bags are about 1-1/2 inches long, Ragland said.

In the fall, bagworms become adults, mate and the females lay eggs inside their bags. Then they overwinter in these bags in the egg stage on trees and shrubs. Each overwintering female bag on a tree contains from 500 to 1,500 eggs.

"Since the bagworm only com-

pletes one generation a year and spreads very slowly from plant to plant, picking the bags off of infested plants in the winter will help a lot toward controlling the pest," Ragland said. "But if bagworms were present on plants last year and control measures were not applied, chances are very good that an insecticide will be needed this spring."

Insecticides which can be used to control bagworms include sevin, dursban, diazinon, malathion and orthene. The biological insecticide Bacillus thuringiensis also can be used.

To obtain effective control, thorough coverage of the foliage is important. The addition of a small amount of liquid soap or surfactant to the spray solution will improve control because it helps adhere the insecticide to the treated trees and shrubs.

Ragland added that label directions on insecticides should be read and followed carefully.

Three earn SPC degrees

Lisa Braddock, of Nazareth, and Carla Pybus and Juan Flores, both of Dimmitt, recently received degrees from South Plains College in Levelland.

South Plains College conferred the Associate of Arts, Associate of Science and Associate of Applied Science degrees and certificates of proficiency during the college's 35th commencement exercises Friday, May 14, in the Texan Dome.

Braddock received a certificate of proficiency with highest honors in vocational nursing.

Receiving the Associate of Applied Science degree are Carla Pybus, fashion merchandising, and Juan Flores, law enforcement technology.

"We congratulate you for reaching this educational milestone in your lives," said Dr. Marvin L. Baker, president of South Plains College, during the ceremony. "I want to commend you for selecting a community college to continue your education, and I want congratulate you for selecting South Plains College, which we feel is among the best community colleges in the nation."

Ag census drive begins

The US Bureau of the Census has started a drive to round up report forms which have not been returned by farmers and ranchers in the 1992 Census of Agriculture.

According to George Pierce, assistant chief of the Census Bureau's Agriculture Division, "... the completeness and accuracy of the census depends on each individual filling out the census report form."

Just as important is the time element, he said, adding that a true picture of the nation's agricultural industry cannot be presented until the forms are returned.

Agricultural producers received their census forms last December and most have completed and returned them.

The census is the only source of comprehensive, consistent agricultural data for each county in the nation. It is the basis for major decisions by farmer organizations, marketing associations, cooperatives, Congress, the US Dept. of Agriculture, and federal and state agencies. Data also is used widely by farm organizations.

Individual reports are confidential by law and are used only to tabulate totals.

Advance reports for all counties, states and the nation will be published this fall. Reports will be available through the US Government Printing Office as well as many universities and depository libraries.

Sales tax rebates are issued

The sales tax rebate to Nazareth declined 28.54% this month, while checks issued to Dimmitt and Hart rose 4.17% and 2.84%, respectively.

Nazareth received a check for \$1,274.06, but that payment was lower than the May 1992 rebate of \$1,782.93. It brought the yearly total to \$4,459.35, which is 34.82% lower than payments through the same time period during 1992 (\$6,841.54).

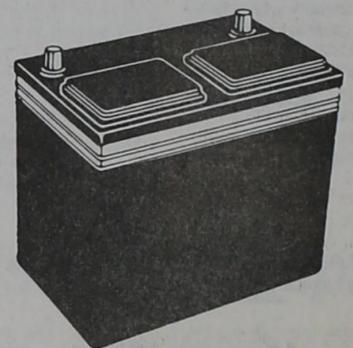

Dimmitt was issued a rebate for \$27,805.26 during May, 4.17% higher than the 1992 payment of \$26,692.27. During the first five months of 1992, Dimmitt received rebates totaling \$125,542.04. So far this year the city has earned a total of \$121,367.23.

Hart's rebates so far this year have totaled \$7,236.39, up 15.97% from payments the first five months of 1992. This month, the city received a check for \$1,668.85, which was 2.84% higher.

METEORITES FOUND IN CASTRO COUNTY are shown by Rob Reisener (right) and Jeff Niemeier, students from the University of Wisconsin. Reisener is a geology student gathering information for his senior thesis.
Photo By Linda Maxwell

Look, up in the sky . . .

What brings two students from the University of Wisconsin to Castro County?

Things that fall from the sky—meteorites to be exact.

Rob Reisener, a geology major, came to study the mineral composites from outer space, and write his senior thesis on his findings. Jeff Niemeier came along as photographer and traveling companion.

The two have been camping out across the county, investigating fence lines and fields, and talking to farmers and sky watchers.

"We check the fence rows, because that is generally where larger rocks get cast aside when a farmer is plowing a field," Reisener said.

How did the two decide to come here?

"I have a book from the British Museum that lists where all reported meteorites have been found," Reisener said. "It lists 21 from Dimmitt. I also have a statement from a meteorite collector who says he has 365 from this area."

He said he thought it would be a good place to investigate.

Reisener said he was given two large specimens and some smaller ones from Kevin Acker, who farms near Nazareth. Acker reportedly found some of the samples two miles east of Dimmitt, and the rest on his farm at Nazareth.

When he returns home, Reisener said he plans to cut thin slices from the samples—slices thin enough to see through—and analyze the mineral contents.

"I'm interested to see if a lot of these are related or if they are individual falls," Reisener said. "This is some of the oldest material known, and further research can show how this material came together to form (planetary) bodies."

The two students said it has been an interesting experience. Niemeier said he had tried some Mexican food and liked it. Reisener said they had fun camping out, except for the rain.

"We never did see any 'shooting stars,' though," he noted, with an air of regret.

THE POTASSIUM LINK
If the word "sodium" comes up, our first reaction is to snatch the salt shaker off the table. We Americans have been taught that too much sodium can elevate high blood pressure in some people, thus making them more susceptible to heart disease or strokes.

However, when we mention "potassium" nothing registers. Yet potassium works with sodium in controlling blood pressure and also helps regulate heart rhythm. Just as there are good reasons to avoid too much sodium in the diet, there are good reasons to eat foods that contain plenty of potassium.

There is already evidence that if a diet is rich in potassium, hypertension (high blood pressure) chances lessen. The scientific theory is that it has to do with a proper sodium-potassium balance. Moreover, if you have potassium-rich foods in your diet, there's a good chance it is more healthful in general. Good sources of potassium also contain many other nutrients. Beef, poultry and fish are high in potassium, vitamins and iron. Just choose lean cuts to hold down the fat.

Fruits and vegetables are also good sources of potassium. Take the plain potato. One baked potato with skin has only 5 milligrams of sodium, yet contains several hundred grams of potassium, vitamin C, and 4 grams of fiber. Bananas, cantaloupe, broccoli, oranges, tomatoes, dried beans and peas are high in potassium also.

Processing is where this story changes. Take that wonderful potato again. When it becomes a potato chip, the sodium soars. A one-ounce bag of chips has about 200

300 milligrams of sodium (50 times the amount of the plain potato). It also has 10 grams of fat—90 calories. You also get much more sodium and fat in frozen vegetables with added items like sauces than in plain frozen vegetables. So for a high-potassium, low-sodium diet, the less highly-processed foods, the better.

The way to increase your potassium intake is through an improved diet. Potassium in pill form or a potassium-containing salt substitute should not be used without a doctor's orders. You can't overdose on potassium in food, BUT too much in a supplemental form can cause life-threatening irregularity in the rhythm of the heart.

For more information on good nutrition, contact the Castro County Extension office at 647-4115, or stop by in the basement of the courthouse.

Panhandle Vets HOF seeks names

The Panhandle Veterans Hall of Fame is seeking nominations for Panhandle veterans to be inducted for 1993.

Honorees will be recognized at the Fourth Annual Panhandle Veterans Hall of Fame Banquet set for Aug. 20 at 7 p.m. at the M.K. Brown Auditorium in Pampa.

Nominations must be submitted no later than July 26.

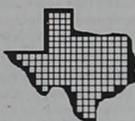

FLAG RAISING CEREMONIES at the Nazareth CCD Building Monday signalled the beginning of Memorial Day activities. Gilbert Schulte (left) and William Hochstein hoist the flag on behalf of the Nazareth American Legion. After the flag raising, a mass was read in Holy Family Church, then Memorial Day services were held at Holy Family Cemetery. A breakfast for Legionnaires and Auxiliary members was held at the Legion Hall.

Police Calls

A rash of accidents marked the beginning of summer vacation in Dimmitt this week.

The Dimmitt Police Dept. investigated five accidents, including a three-wheeler accident which sent two Dimmitt teenagers to Plains Memorial Hospital last Thursday afternoon.

The three-wheeler was driven by 13-year-old Ashley Ward of Dimmitt and 15-year-old Emily Roberson, also of Dimmitt, was a passenger on the vehicle.

The girls had been operating the three-wheeler in the 1000 block of Cleveland when it overturned and fell on them.

Both were treated and released from Plains Memorial Hospital. Roberson suffered from abrasions on her head and cuts and scrapes on her legs; and Ward suffered injuries to her leg, according to police reports.

A two-vehicle accident last Wednesday resulted in light damage to two vehicles.

A 1972 Dodge Charger operated by Rosa Isela Carrasco Dones of Dimmitt attempted to back up from a space in a private parking lot when it struck a 1983 Buick LeSabre owned by Domingo Rosalez of Dimmitt, which also was parked in the lot. Damage to both vehicles was rated as light.

A Dimmitt youth was ticketed for failing to yield right of way after an accident last Wednesday morning.

Jason Wooten was driving a 1982 Chevrolet Silverado Pickup westbound on Belsher when he pulled out in front of and struck a 1989 Ford Custom Pickup which was traveling south on Southwest Third. The Ford, driven by Ponciano Romero Aranda of Dimmitt, suffered light damage to the left back quarter. The Chevrolet suffered light damage to the front right side.

A 1984 Dodge 600 operated by Justin Damron of Dimmitt collided with a 1993 Honda Civic DX driven by Neal Bryan of Dimmitt last Wednesday at 5:20 p.m.

The Dodge attempted to make a

left turn onto Western Circle Drive when it pulled into the path of the Honda, which was headed east in the 1500 block of Western Circle Drive.

Damron's vision was obstructed by bushes, according to police reports. He was cited for not having a driver's license.

Damage estimates were light on the Dodge and light to moderate on the Honda.

An accident on the parking lot of Dimmitt Agri Industries Friday morning resulted in light damage to the front left of a 1985 Mack Econodyne truck and to the front right of a 1981 Peterbilt 359 truck.

Both vehicles were parked facing north and each started moving toward the scales in front of Dimmitt Agri. The Econodyne truck stopped in front of the second truck, and the Peterbilt continued, striking the Econodyne on the left front bumper.

The Econodyne truck was operated by Andres Bermea of Nazareth and the Peterbilt truck was driven by Elmer Schulte of Dimmitt.

A 26-year-old Dimmitt woman was arrested on charges of assault and family violence Friday.

The victim in the incident told police that the suspect had "hit her several times with a broom handle on the back and hands and hip." Investigators discovered the victim also had suffered a cut on her back.

Florencia Castaneda told police that someone had taken a video cassette recorder, without permission, from 604 W. Allen, sometime after 12:45 p.m. Friday. The VCR was valued at \$300.

On Saturday between 10:30 p.m. and 12 midnight, someone broke a window and entered the residence at 706 SW Fifth Street. The window was valued at \$50.

During the past week police investigated two cases of disorderly conduct, and arrested four individuals on public intoxication charges and two others for driving while intoxicated.

HART AMERICAN LEGION POST 311 preform the ceremonies at Hart Cemetery on Memorial Day. J.C. Miller and Dub King fasten the flag at half mast, followed by Vivian Bennett singing the "National Anthem." The veterans of the Hart community were remembered as the names were read by Claude Ray. Jerry Jansa played "Taps" and Vivian Bennett sang "God Bless America" and Gerald Aalbers said the benediction. HOT NEW FISING LINE

After hearing rumors about a new "super line," I finally laid my hands on a single 100-yard spool. The key ingredient is something called Spectra fiber. Developed in Germany and now produced under license by Allied Signal, Spectra fibers are braided into a revolutionary new fishing line.

Unlike popular monofilament lines, this new line has virtually no stretch or reel memory. It is very sensitive, super strong, and very thin. The 40-pound line has a diameter similar to most 12-pound monofilament! This line comes in several sizes including 35, 40, 70, or 80 pound. It is so abrasion-resistant that a nail clipper can barely cut it, and anglers are warned against trying to cut it by biting. Sounds too good to be true, doesn't it?

Remember the good old days of setting the hook hard enough to "cross their eyes"? This new line has virtually no stretch, and anglers are warned to modify their hook set or risk breaking those high-dollar graphite rods. My package also suggested anglers should "carry a small dowel to wrap line around when trying to free" hung up lures.

Several major companies are working overtime in order to supply eager anglers with this new line. It will soon be available in quality tackle stores and major catalogs under several brand names, including Lazer or Tuf line.

Anchor Marine in Amarillo received a small, preview supply called LAZER LINE from Phantom Products and quickly sold out. This new line will not be cheap, but it should out-fish that old kinky stuff

Volunteers are honored

Volunteer workers at the Hart schools were recently honored with T-shirts, recognizing their hours of volunteer work.

Those honored include Socorro Beanes, Erica Beanes, Lupe Morales, Letty Longoria, Maria Rocha, Flor Herrera, Maria Rey, Suzanne Dyer, Marta Guerrero, Mickey Mendoza, Carmen Lopez and Fernanda Corrales.

Hart ISD and Coca-Cola worked together to provide the shirts, which bore product logos on the front and the HISD motto, "Together We Will," on the back.

Volunteer activities included making learning games, preparing supplies for teachers, attending open houses, working at session stands, volunteering in classrooms, and attending or conducting parent education programs.

Six Good Reasons To Vote For Kay Bailey Hutchison For U.S. Senate

1. Her budget as State Treasurer is down by 8%, yet she still earned more for the taxpayers than ever in the state's history.
2. As a small business owner, she will fight taxes and push for more spending cuts.
3. Her #1 priority is reducing the federal deficit by cutting spending, not by raising taxes.
4. She's for across-the-board cuts in the \$300 billion the Federal government spends for overhead and has a plan to save \$1 trillion by limiting the growth of spending.
5. Kay is a strong supporter of term limits and reform of Congress.
6. She wants to stop frivolous lawsuits that clog our courts and drive up health care costs.

More about

Storm forces . . .

(Continued from Page 1)
 "We couldn't do anything. We had no gas, or freezer, and we couldn't cook anything," said the manager of Town & Country.

After discovering the source of the power outage, repair crews from Hereford were called in to take care of the problem.

The search and ensuing travel

time required by the crews resulted in the delay.

Saturday's storm resulted in .35 of an inch of rainfall in Dimmitt, and light amounts in surrounding areas.

"The crew did a real good job of getting to the problem as soon as possible," Calvin Marsh, manager of the local SPS office, said. "Mother nature does what it wants to, we just have to fix it."

It was a couple of weeks after the surgery before Grizzard could have any visitors—even a chaplain. Meanwhile, the fan mail came in to his room by the boxfuls.

Later, Larry reported back: "I told him what you asked me to, and he said, 'Tell your father-in-law thanks from one country editor to another.'"

"It's a new world out there," my friend said.

dals for solos in the same competition. Kenley also has received three gold medals in the state solo/ensemble competition.

She was a member of the Texas All-State Choir for three years, earning first chair the last two years in that event. She has been selected as a member of the Baptist All-State Choir for two years and leaves for her final tour with the group today (Thursday).

Fuentes, who completed her sophomore year at Dimmitt High School, has been a member of the choir program since seventh grade. She has received gold medals for her solo entries in UIL events every year since she began.

He's the kind of dad who gets invited to his son's college graduation bash.

"How do you mean, a new world?" I asked.

"Well, what did you drink at your college graduation bash?" he asked.

"I dunno. Beer, I think. That's what we usually drank when we partied. It was all we could afford."

"Have you ever heard of a Jell-O jiggler?" he asked.

"A Jell-O jiggler?"

"Yeah. They take any flavor of Jell-O, and instead of mixing it with water, they use the booze of their choice. Then they pour it into these little paper bathroom cups and put it in the refrigerator."

"Do they put sticks in 'em like a lollipop, or what?"

"No, they just take the paper cup and squeeze the stuff into their mouths."

"Gosh, except for the Jell-O, those things are a hundred percent —"

"You got it. A couple of them could knock you on your ear."

"Were they careful with them?"

"Well, yeah. That's one reason I was there. I didn't want them killing themselves."

Obituary

Charles E. Culp

Services for Charles E. Culp, 57, of Amarillo, were held Tuesday morning in the Ivey Chapel at Foskey Funeral Home in Dimmitt with Rev. Paul Kenley, pastor of Dimmitt's First Baptist Church, officiating.

Burial followed in Westlawn Memorial Park under the direction of Foskey Funeral Home.

Mr. Culp died at 7:15 p.m. last Wednesday at West Valley Hospital in Canoga Park, Calif. after a brief illness.

He was born in Glover, Okla., and lived in Terre Haute, Ind. before moving to Amarillo a year ago. He married Jo Hankins on April 23, 1987, in Victorville, Calif.

Survivors include his wife; three brothers, Arthur Culp of Terre Haute, Bob of Glover, and Ray of Paris; four sisters, Una Chester of Portland, Ore., Barbara Zurcher of Georgia, Alice Jane Powers of Idabel, Okla., and Waunelle Ammerman of Terre Haute.

I'll bet those kids are growing strong, germ-free fingernails now.

No, I'm not going to editorialize on the US Senate runoff election.

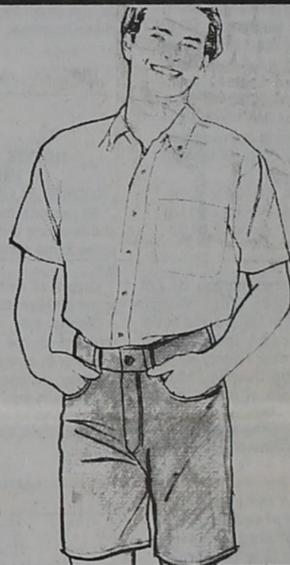

I'm going to vote for Krueger because he's imminently more qualified for the job. But I'm afraid the outcome is a foregone conclusion.
