When 21-year-old Kathleen Heilman took a job as tax collector for Oaklawn, Ill., she discovered that her duties included serving as desk sergeant for the village's three-man police force. Above, "Sergeant" Heilman turns over a complaint slip to Patrolman Jack Livingstone, with orders to investigate. She also acts as dispatcher for Oaklawn's volunteer fire department.

## Conference Group To Be Set Up To Draft Law For Free City Of Trieste

### France Angry Because U. S. Withdraws Three Plans For Detailed Italy-Yugoslav Boundary

PARIS—(P)—The peace conference commission on Italian political and territorial questions decided Tuesday to set up an eight-nation sub-commission to draft a statute for the Free City of Trieste.

At the same time James C. Dunn, U. S. assistant secretary of state, withdrew three American proposals for a detailed delineation of the international zone and Italian-Yugoslav boundaries.

## Humble To Drill Wildcat In West Andrews Region

By JAMES C. WATSON  
Oil Editor

Humble Oil & Refining Company has filed application with the Railroad Commission to start drilling immediately on No. 1 Arthur Pinson et al. as a 10,600-foot wildcat to test the Ellenburger, in West Andrews County.

The location is 660 feet from north and east lines of section 13, block A-40, psi survey, and seven miles southeast of Eunice, N. M.

It is one half mile south of Shell Oil Company, Inc. No. 1 Nelson, discovery for Ellenburger production in the Nelson field, and it is the same distance east of Shell's No. 1 Pinson, recently abandoned on a total depth of 10,820 feet in the lower Ordovician, after finding slight shows of oil, and some water, in that formation.

### Pacific Western Coring

Pacific Western Oil Company No. 1 E. P. Cowden, 660 feet from south and west lines of section 4, block A-55, psi survey, and three-quarters of a mile northwest of the nearest Devonian producer in the Dollar Hide field was coring from 7,400 feet in line.

A core at 7,367-85 feet, had very fragmentary recoveries, showing extremely slight oil stains.

The Texas Company No. 1-Q State, 1,981 feet from south and 664 feet from west lines of section 15, block 12, University survey, in North-Southwest Andrews County, swabbed 149 barrels of oil, cut with 1.6 per cent sediment, and showing no water, in 22 hours from section at 7,111-7,245 feet, which had been treated with 2,000 gallons of acid. All the acid residue had been recovered.

At the end of the swabbing there was 1,000 feet of fluid in the hole. Operator was preparing to reacidize.

### 1-GG Plugged Back

Stanford Oil & Gas Company No. 1-GG University, Northeast Crockett County prospective Ellenburger discovery, 12 miles southeast of the Barnhart field, had plugged back to 8,364 feet, from total depth drilled to 9,284 feet, to try to eliminate sulphur water in the bottom.

The well had swabbed some new oil and some sulphur water from the section at 8,289-8,384 feet, and it is expected to make oil, without water from the zone left after the plug back.

The Plymouth Oil Company No. 1 Alford, Upson County revived wildcat, in east corner of section 50 1/2, block Y, P. B. Scott survey, which had been temporarily abandoned on a total depth of 16,384 feet, and which had drilled out to 9,805 feet, was going in the hole with rotary drill pipe to set a plug and perforator and test in the section at 9,660-90 feet.

A gamma-ray survey had shown indications of possible production in that horizon.

### Flowing By Heads

J. R. Sharp No. 1-D-A Crum, 660 feet from south and east lines of east half of southeast quarter of section 7, block B-2, psi survey, and one location west of the discovery for Devonian production on the southeast side of the Keystone field, in North Winkler County, was flowing by heads from 604 casing perforations in the Devonian above the total depth at 8,034 feet.

# Meat Shortage Hits Nation

## Wage Board Meets To Consider Ruling Which Touched Off Maritime Strike

By MAX HALL  
WASHINGTON—(P)—The government's Wage Stabilization Board met Tuesday for a second look at its ruling which touched off the AFL maritime strike.

Gravely aware that America's merchant fleet lies motionless, the six members opened new hearings on seafarers' wages.

The resumption of ocean shipping is at stake.

So, too, perhaps, is the future of the board itself and the whole government wage-price policy laid down last February 14.

Here is the board's dilemma: 1. If it sticks to its August 23 ruling that able-bodied seamen should get no more than \$17.50 a month as a wage increase, the strike might go on and on with dire results.

2. If it reverses its position it would be doing something which a majority of its members have said "would seriously weaken the whole stabilization program."

The White House, the Labor Department, the Maritime Commission, the Army, Navy and other agencies stood by. There were conferences, but no definite plan of government action emerged.

No "New Evidence"

One thing that could make the task easier for the Wage Stabilization Board is "new evidence."

Government officials close to the situation take the view that if important new facts were presented, the board might be able to reverse its ruling without wrecking its prestige or revamping the whole policy of wage and price control.

One obstacle to the "new evidence" solution, however, is that AFL leaders didn't seem anxious to provide any.

Harry Lundberg, boss of the AFL's West Coast sailors, refused to attend the hearing because he said all the union's arguments already have been made. John Hawk, leader of AFL seafarers at Atlantic and Gulf ports, also announced that he had been instructed not to appear.

Spokesmen for the ship operators, however, were on hand to argue for approval of the higher AFL wage increases.

They take the position that the higher pay rates were agreed upon during collective bargaining in return for a union offer to drop numerous other demands. These, they say, would have amounted to far more money had each been granted.

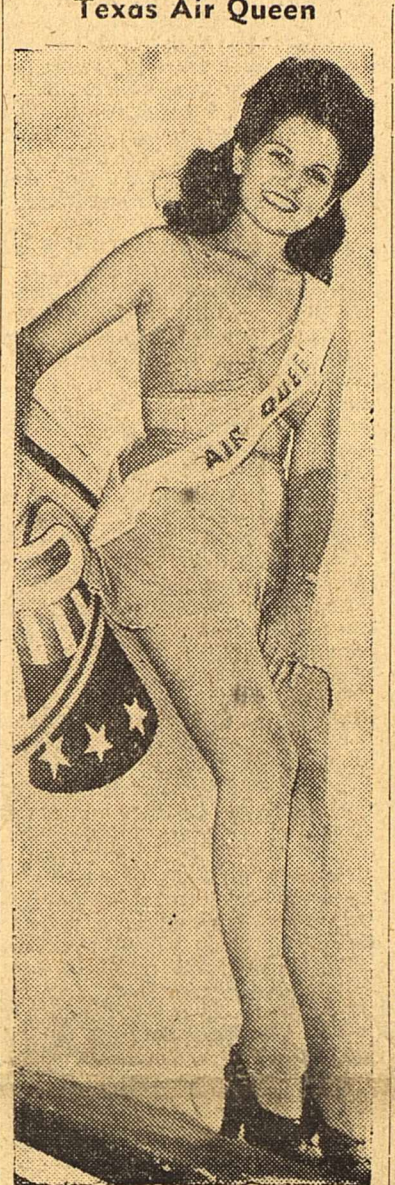

### SUPPLIES ALREADY SHORT--

## Drastic Shortage Of Meat In Midland Predicted Within Week

Midland faced a serious and almost drastic shortage of meat Tuesday as new OPA ceiling prices returned.

The consensus of butchers and packers was that: "Soon, very soon, the meat situation will be rough. Meat would be more than hard to get. The shortage will be serious."

## Chief Invites Public To Policemen's Ball

Police Chief Jack Ellington Tuesday issued a blanket invitation to Midland citizens to attend the annual Policemen's Ball to be held Tuesday evening at the Log Cabin Inn.

Hundreds of couples are expected to dance at the affair for which tickets are available at the door. Several hundred tickets already have been sold.

Harrison's Texans, well-known West Texas band will play the dance, which will get underway at 8 p. m.

The event annually draws a large attendance as citizens show appreciation of the officers and join them in the fun party.

Two of the dead were trapped in the cab of the tractor and were burned to death.

The other two perished when the automobile plunged off the highway into a ditch after the collision.

The highway patrol said the dead were Bonnie Lee Snyder, Frederick Okla., driver of the tractor, an unidentified man riding with him and Bill Anton Carter, 49, of Clinton, driver of the auto, and an unidentified woman riding in the car.

Some butchers predicted this would occur in a week. Others said two weeks at the most.

Retail selling prices returned at 12:01 Tuesday.

The effect was immediate. In fact Monday meat supplies were short here. A butcher department of a small neighborhood grocery immediately went out of business.

All butcher shops and departments felt the pinch. They cannot get enough meat. "It just isn't available," they said.

The buyers of a Midland packing company scoured the state Tuesday and telephoned efforts to get butcher cattle went fruitless. Only stocker calves not ready for butchering, were coming in.

One Odessa butcher shop called a Midland butcher Monday and offered to buy "any meat you can let us have. We are sold out. Don't have a pound."

At one butcher shop Tuesday four men were idle. One quit, saying, "Somebody will have to go now and it may as well be me."

A survey of the situation by a Reporter-Telegram reporter showed fresh pork, none available; cured meats almost impossible to find; some beef on hand but a critical shortage expected and not long off; meat supplies to all butchers expected to grow extremely short; half of the butcher shops in Odessa even Monday were out of meat; Midland butchers were seeing the meat on hand going fast with meager stocks to come in; packers in Midland reporting "they would be in business but barely"; the overall situation was growing worse.

One seller promised a Midland market one pork loin and one shoulder for next week. This would furnish about one large family, the butcher commented.

A run on meat, especially cured meats, occurred last week when it became known retail ceiling prices were coming back. Supplies already were bad.

One butcher said: "I try to get meat, black market or otherwise. I want to get meat for my customers. I'll do my best to get it."

By livestock receipts over the nation now are reported running from eight to 50 per cent of normal.

Almost 5,000 packinghouse workers have been laid off at Omaha alone, and the United States Employment Service said many were applying for different jobs.

Typical Reports

These were typical reports in a nationwide survey:

Los Angeles: City faces most critical meat shortage in history; Cincinnati: Most meat counters displaying only cold cuts and poultry; Oklahoma City: Supplies estimated only five per cent of normal; New Orleans: Butcher shops report stocks from "zero" to "fair"; Boston: Only three cars of beef reported arriving Tuesday compared with 70 last week.

There were a few oases in the meatless desert—

Chattanooga: Butchers foresaw no immediate shortages and livestock receipts were normal; Little Rock, Ark.: Livestock trading was "brisk" Monday and expected to continue so for a week. Farmers were reported shipping their stock because pasture lands were burned up.

There were various estimates as to when supplies might be more plentiful. Death of feed was expected to result in lean stock, however.

Some Atlanta meat handlers predicted no improvement for a "year's time". They said farmers had sold their stock to take advantage of high prices and now will have to wait for hogs and calves to fatten.

Washington State Agriculture Director Fred Martin, forecast "there will be plenty of beef this Fall" after the 1946 stock goes to market.

St. Louis OPA officials began checking meat supplies in cold storage plants. Officials said they hoped to guard against the meat finding its way into black market channels.

## New Ceilings Are Meaningless Since Counters Are Bare

WASHINGTON—(P)—Meat went back under OPA ceilings Tuesday—and housewives in many cities had to turn to poultry and fish markets to round out their menus.

Even the Army, the world's biggest single customer, said it may have to do likewise unless the meat shortage abates.

The new butcher shop prices average 12 per cent higher than on June 30 when meat began its 71-day period in the free market. They are lower than most recent prices, but the ceilings are meaningless in many communities because counters are bare.

How long the shortage will last became a prime topic not only among OPA and Agriculture Department experts but among Army food buyers as well.

Any return to consumer rationing appeared to be out.

One remedy being talked at the Agriculture Department is a possible price boost to encourage greater production on the farms, ranges and feed lots.

But no action appeared imminent.

The Agriculture Department—given the last word over such matters in the price control extension law—was unwilling to concede that a long severe shortage is in prospect. A spokesman said department meat experts think the meat famine may be over in a month or so and that in any event it is too early for any decision.

Officials admittedly were watching the meat reconrol program closely as a guide to the whole future of peacetime price controls.

## Bandit Kills Texas Rail Agent During Holdup At Plano

PLANO—(P)—Collin County and Dallas police Tuesday are searching for clues in the slaying Monday night of Ernest Teichmann, 58, veteran telegrapher for the Cotton Belt and Southern Pacific lines at Plano.

Teichmann was shot to death by a bandit who looted the station safe of between \$25 and \$30 and took his victim's wallet containing \$35 or \$40.

Collin County officers are being aided in the search by Dallas Chief of Detectives Will Fritz and Chief Deputy Sheriff Bill Decker of Dallas County.

At 7:40 p. m. Miss Paralee Bryan, Plano telephone operator, received a message from an unidentified person, who said, "Send Dr. (O. T.) Mitchell to the station at once." The telegrapher was dead when Dr. Mitchell arrived.

Teichmann was shot twice, once through the back and once through the jaw, with a .38 caliber pistol.

Blood on the soles of Teichmann's shoes indicated that he had taken at least a few steps after the shooting. Officers said that blood on the telephone and the telephone stand indicated Teichmann might have made the call for help himself.

Fritz said the safe door evidently was open when the slayer entered the office.

Mrs. Teichmann was visiting in Itasca, Texas, where she was advised of her husband's death.

J. F. Howell, station agent, said Teichmann had been with the Cotton Belt and Southern Pacific for 18 years.

## Midland Schools Have Record Enrollment, 348 More Than Last Year

Midland schools enrolled a record number of students Monday and reported an increase of 348 students over the first day last year.

The total enrollment for all schools Monday was 2,572 as compared with 2,224 last year.

Supt. Frank Monroe believes this figure will be even larger later in the fall when greater enrollment will come to the Latin-American and negro schools.

School enrollment ran true to the expectations of school officials. The Junior High enrollment was not as high as expected with a little more than 1,100 enrolling there. The High School enrollment increased as did that of the elementary schools.

## Attlee Says Nation Not Committed To Divide Palestine

LONDON—(P)—Prime Minister Attlee opened the London conference on Palestine Tuesday with the assurance Britain was not committed to the controversial British-American experts' plan to divide Palestine into a federal state of four zones.

Addressing Arab leaders, the British prime minister appealed to both Arabs and Jews to "make concessions necessary for peace" in the Holy Land where fresh violence flared.

Jews did not join in the parley, but indications grew that they might participate later, though not at the same table with the Arabs.

An informed Jewish source said the Jewish Agency would join the talks later this week if Britain "showed a willingness to concede." A British government official predicted that both the Jewish Agency and non-agency Jews would attend later on. British cabinet ministers were reported considering a "certain formula" under which the Jewish Agency has offered to participate.

## Paving Project Progresses As JayCees Sign Up Home Owners

A report on Midland's paving program was heard by directors of the Midland Chamber of Commerce at their regular meeting in the Scharbauer Hotel Monday evening.

Fred Fromhold, a representative of the paving contractor, W. L. Johnson Company, said the program is progressing well and that several blocks already have been partially signed up for paving. He predicted that a number of blocks will be completely signed up by the end of the week.

Fromhold reported Midland Jay-Cees Monday evening started an active campaign among property owners for participation in the program. Paving contract forms were received Monday.

The Chamber of Commerce will act as a stake holder in the paving program.

Current problems facing the city were discussed.

Clint Dumanan, vice-president, presided at the meeting in the absence of O. C. Harper, president.

Reports on the Labor Day Calf Roping and the junior college project were heard.

Continuation of the Junior Canteen program and the building problem confronting the organization were discussed, but no action was taken.

The resignation of P. W. Howell as a director of the Chamber of Commerce was announced. Howell recently was transferred from Midland.

The monthly financial report was read by John P. Butler, treasurer.

## Howard Hughes Flies Plane Toward N. Y.

CULVER CITY—(P)—Howard Hughes, still bearing the scars of his fiery crash in an experimental plane July 7, Tuesday took off in a converted B-23 transport for New York "to challenge the revocation of the seal of approval" announced Monday by the Motion Picture Producers Association for his movie, "The Outlaw."

Piloting the twin-engine craft himself, Hughes was accompanied only by a mechanic, Earl Martyn, and a passenger, John Sleet. The plane left the Hughes Aircraft Plant's Culver City airfield for Albuquerque, N. M.

The millionaire plane and movie maker hoped to get "seven or eight hours sleep" at Albuquerque, he said, before going on to New York.

Hughes suffered several broken bones and a crushed chest in his July accident and spent many weeks in a hospital before being removed to the home of a friend to recuperate.

Hughes' hop was a surprise even to company officials. A spokesman said he had no further identification of the mechanic and the passenger. Sleet, he said, lives "somewhere in the East" and was "simply flying home" with Hughes.

## Midland NAA Chapter Meets Tuesday Evening

The regular monthly meeting of the Midland Chapter of the National Aeronautics Association will be held at 8 p. m. Tuesday in the Private Dining Room of the Scharbauer Hotel.

M. T. Smith, president, said Fall and Winter activities would be discussed.

Cloudy Wednesday morning with slight decrease in temperature. Scattered clouds in afternoon. Maximum temperature Monday was 95 degrees, minimum 64 degrees.

## Democrats Urged To Work Together Against Inflation, Threat Of War, And Communism

SAN ANTONIO—(P)—Democrats of Bexar County, who warned the Democrats not to take the blessings of Democracy for granted to fall prey to "cynical totalitarian philosophy."

Gov. Coke Stevenson was named parliamentary by the chair in place of Mrs. Ovetta Culp Hobby of Houston, who could not be on hand.

O'Daniel's Name Boed

The reading of the name of Sen. W. Lee O'Daniel as one of the former governors named as an honorary vice-chairman brought a roar of prolonged boos from the convention floor.

Major Hensley, in his welcoming address, said an ideological war has been declared against the United States.

"Like parachute troops in the night, fear, hate, intolerance, disunity, alien concepts are attempting to steal into our homes, our public offices and our communities," the be-ribboned major declared.

"We must minimize the hazard, we cannot not take our blessing for granted and we must not fall prey to the cynical, totalitarian philosophy of divide and conquer."

Tom Tyson of Corsicana responded to the welcome.

He said the Democrats accepted in the same fine spirit it was expressed, the welcome of Major Hensley.

"We come here intent on the purpose of restoring the spirit of harmony in the Democratic Party," Tyson said.

Jester's administration had hurdled the preliminary barriers, and most of the signs on the eve of convention opening pointed to at least a passable road along the "people's path" advocated by the governor-to-be.

Jester himself let it be known that he expected the convention to roll along with him. He noted that the electorate had given him a whopping big majority at the polls, and said he thought the convention would listen to the people's mandate.

The governor-nominate said that he wanted no "condemning resolutions," that he wanted no extremists from either Left or Right Wings of the party to be honored with high party offices, that he believed his campaign platform and the official party program would dovetail, that he would welcome into the party any citizens—even Republicans—if they were willing to become "good Democrats."

### LATE NEWS FLASHES

WASHINGTON—(AP)—Continuation of the AFL's paralyzing maritime strike until the Wage Stabilization Board reverses its wage limitation decision was forecast by Assistant Secretary Philip Hannah. Hannah reported on his failure to win a truce, as AFL maritime leaders snubbed a stabilization board hearing on operator pleas for permission to pay higher wages.

PITTSBURGH—(AP)—A court order, stressing the public interest and welfare, brought a quick end Tuesday—at least temporarily—to a strike of electric power employes which had threatened paralysis of an 817-square mile area embracing 1,500,000 persons.

JERUSALEM—(AP)—The curfew at Tel Aviv was lifted late Tuesday after the city's 200,000 Jewish residents had been under house arrest for 16 hours following a wave of terrorism in which three persons were killed, a number of others injured and heavy property damage caused.

### UN Council Ready For Showdown On Ukraine Charges

LAKE SUCCESS, N. Y. —(AP)—The United Nations Security Council was ready for a showdown Tuesday on the Soviet Ukraine charges against Greece, with a vote due on Australia's flat demand that the complaint be thrown out of court.  
The United States has rejected the Ukraine's contention that Greece was preparing for aggressive action against peace in the Balkans, but has not stated which way she will vote on the Australian motion. Surprise statements Monday forced the whole issue near a vote.  
From comments by delegates so far, it was noted that Australia already had the possibility of three supporting votes. Great Britain has been opposed to the complaint from the first, while the Netherlands has questioned sharply every step taken and frequently has termed the whole case "unsubstantiated." It was still open to question whether the United States actually would vote to kill the complaint.  
Paul Hasluck, returning to the leading role Australia played in council affairs when Dr. Herbert V. Evatt was sitting, lashed out at the Ukraine's charges as "unsubstantiated" and said the prestige of the council would be endangered should it act on such a case.  
Herschel V. Johnson, United States representative, made one of his strongest speeches to the council as he examined the Ukraine charges point by point and rejected them or declared them "unsubstantiated."  
In concluding, he declared that he only charges which, if backed up, would concern the council were that the Greeks had aggressive intentions against northern neighbors in connection with border incidents and that Greece was persecuting national minorities in preparation for aggressive action.  
Of the aggressiveness charges, Johnson declared:  
"My government rejects this contention as entirely beyond the realm of credibility."

PEIPING —(AP)—Fourteen survivors of Truce Team No. 11, straggled August 31 by two Chinese government planes, were flown here Tuesday.  
T-3 Thomas Haugen, Denison, Texas, radio operator, was disclosed as the critically burned American. He suffered severe burns and slight flesh wounds when .50 caliber machinegun bullets fired a gasoline drum on the truck on which he was riding and he was swept by a sheet of flames. He was rushed from the airfield to the U. S. Marine Hospital here.  
Shen Hsiang, Chinese civilian who was interpreter for the U. S. members of the team, suffered leg burns.  
No other U. S. personnel was reported injured, although Communist reports previously said three were.  
Five Chinese were killed.

Gas-oil ratio was 827-1. The flow was through a one-half inch choke.  
Superior No. 4-B-12 University, another Block 12 extension, and located 1,980 feet from north and 660 feet from east lines of section 16, block 12, reported a 24-hour flowing potential of 266.8 barrels of 31.6 gravity oil, flowing through a 2 3/4 inch choke. Gas-oil ratio was 531-1. The pay section at 7,063-7,235 feet, had also been treated with considerable acid.  
These are the second and third wells to be completed in the field.

It had only slight shows of oil and gas.

**Ceilings Off Heavy  
Trucks, Motorcycles**  
WASHINGTON —(AP)—JPA price ceilings were lifted Tuesday from most heavy trucks, all motorcycles, and assorted paper and casein plastic products.  
OPA said the items were freed from control because they have "little effect on either business or living costs."  
The trucks affected are those of 30,000 pounds gross weight and above, which OPA said include 10-ton trucks.  
Paper products freed from ceilings include decorative novelties, garment hangers, gift tying tape, flower pots and boxes made of paperboard, milk bottle caps and hoods, luggage and items for industrial use.  
Casein plastic materials suspended from control are those used chiefly in making buttons.

### Yugoslavia Agrees In Principle To Pay Indemnity For Fliers

WASHINGTON —(AP)— Undersecretary of State William L. Clayton said Tuesday that Yugoslavia has tentatively agreed to the principle of paying an indemnity for the loss of five American lives in the forced crashes of two American planes last month.  
Yugoslavian officials, in preliminary conversations with U. S. Ambassador Richard C. Patterson, have raised a question as to whether they should pay also for the loss of the planes, Clayton told a news conference.

The undersecretary in charge at the State Department in the absence of Secretary Byrnes and Undersecretary Dean Acheson—said no conclusive agreement has been reached with Marshal Tito's regime on the reparations matter.  
All that the State Department has received from Patterson thus far, he said, has been the first Yugoslav reaction to the ambassador's preliminary presentation of the issue.  
He added that the State Department has indicated to Patterson the amount the United States believes suitable for the indemnity payment, but he declined to make the figure public.  
Clayton reiterated the position taken by the government Monday that it would not intervene to halt UNRRA shipments to Yugoslavia because of American differences with Tito.  
He said the department was sorry to see the AFL longshoremen's union take matters into its own hands and refuse to load ships with UNRRA supplies destined for Yugoslavia.  
This is a matter, Clayton said, which should be decided either by UNRRA or the State Department.

**Girl Accidently Shot  
At Pre-School Party**  
DENTON —(AP)— Patricia Doyle, 11, was accidentally shot to death Monday at a pre-school party at the home of her mother, Mrs. Mary Jane Doyle, at Ponder, Texas, six miles west of Denton.  
City Policeman H. B. Oliver said the girl was shot in the chest by the accidental discharge of a .22 caliber rifle with which her older brother, Teddy Joe, had been hunting earlier in the day.  
Oliver said an eight-year-old boy, guest at the party, was playing with the rifle when it accidentally fired.  
The girl died en route to a Denton hospital.

**Stocks Dip, Rally,  
Then Flop Again**  
NEW YORK —(AP)— Stocks dipped, rallied smartly and flopped again Tuesday in another one of the most active sessions of the past year.  
The decline was extended at the start. A flood of bids then stemmed the slide, reduced or canceled early losses and brought numerous recoveries with the ticker tape late for an interval. There was a slow-down until another burst of selling around midday again caused the recording machinery to lag. Activity once more slackened but minus signs of fractions to 9 points or so predominated near the fourth hour.  
One word that brokers could agree upon as describing the market was "fittery." They said that some early short covering and quickturn buying was based on the thought that a technical recovery was in the cards. Commission men still blamed liquidation on the belief of many that the lengthy bull push may have come to an end, in addition to apprehension over labor disputes and international problems.

### Smallest Cotton Crop In Texas Since 1889 Is Forecast By USDA

AUSTIN —(AP)— The smallest cotton harvest in Texas since 1889 was forecast Tuesday by the United States Department of Agriculture.  
Making its September 1 monthly cotton report, the USDA Cotton Reporting Board cut its August 1 forecast by 125,000 bales.  
This would mean a cotton crop of 1,775,000 bales of 500 pounds gross weight. The crop last year was 1,794,000 bales.

Reasons for the reduction in prospective production of Texas cotton were the continued drought and excessive temperatures which prevailed throughout the state during most of August, said the report.  
The hot, dry weather severely damaged the growing crop and caused much premature opening of bolls. Serious effects were felt particularly in North and Northwest Texas, where the crop entered the fruiting stage under adverse weather conditions, the USDA report continued.  
Moisture supplies were low in most areas of the state a month ago, and in the high plains and the low rolling plains the crop was beginning to deteriorate at that time.  
Abandonment of acreage from the 6,350,000 acres in cultivation is estimated at 4.5 per cent, leaving 6,064,000 acres for harvest.  
A yield of 141 pounds per harvested acre is indicated compared with 146 pounds per acre in 1945 and 166 pounds for the 10-year average, 1935-44, the USDA reported.

### Unusual Accident

ALTOONA, PA. —(AP)— An unusual accident claimed four lives Monday, including those of a 36-inch tall, 65-year-old midget who was perched on a guard rail in front of a cemetery and an aged woman who died when she learned her son also was a victim.  
State police said a truck swerved into a guard rail on which the midget, Guy Slippey, was sitting at nearby Geeseytown, as the driver attempted to avoid striking a four-year-old boy.  
The truck then careened head-on into an automobile and overturned, crushing Slippey to death.  
Two occupants of the car, Oscar Meyer, 72, and Hiram Lockard, 59, both of Altoona, died in the crash which also injured Norman Glen Lockard, 10, and his brother Warren Dean Lockard, 4, other passengers. Hiram Lockard's mother, Mrs. Lillie Lockard, 88, fell dead of shock when she was told of the tragedy.

## MRS. BUTLER HURLEY DIRECTS STUDY AT DORCAS CIRCLE MEET

"Becoming Disciplined Witnesses" was the topic of the Bible study presented by Mrs. Butler Hurley at a meeting of the Dorcas Circle of the Woman's Auxiliary of the First Presbyterian Church Monday afternoon at the home of Mrs. R. DeChicchio, 1601 West College. Mrs. N. D. McKee, chairman, conducted the business period.

Members read Bible passages in connection with the study topic after which Mrs. W. P. Knight gave a talk from the "Presbyterian Survey" entitled "Women of the Church—Our High Calling."

Present were Meses. J. M. Armstrong, Bill Collins, M. B. Bell, L. G. Byerley, J. M. Devereux, Hurley, McKee, L. A. Robey, Knight, and DeChicchio.

## Episcopal Auxiliary Entertains With Tea At Hal C. Peck Home

Opening the fall season for the Woman's Auxiliary of the Trinity Episcopal Church was a tea from 3 to 5 p. m. Monday at the home of Mrs. Hal C. Peck, 1200 West Missouri, honoring new communicants of the church and guests.

The house party was composed of officers of the Auxiliary. An antique lace cloth covered the tea table which was set with heirloom cutglass and china. A centerpiece of red verbenas and zinnias in a silver bowl was flanked with red tapers in silver holders.

Mrs. Peck, president, and Mrs. E. F. Alstrin, treasurer, alternated at the punch bowl. Guests were received by Mrs. Taylor Cole, secretary, and Mrs. J. D. Dillard, chairman of the committee in charge of arrangements for the entertainment.

Those calling during the afternoon were Meses. J. C. Noles, Dan Hudson, M. F. Turner, Fred M. Cassidy, Chappell Davis, C. L. Griffin, J. H. Holt, Dave Henderson, William H. Potts, K. A. Mygdal, Payton Anderson, Robert Roark, Franklin Whitaker, Jr., Paul Kohn, John Darden, Paul Harris, Louis A. Bartha, William L. Kerr, Edwin Alstrin, H. Huffman, Lester S. Grant, Preston J. ## Plastic Comb Latest Aid To Hair-Do

The two rows of wavy teeth set in this new comb are said to encourage rippling waves in a coiffure and simplify hair styling.

By ALICIA HART  
NEA Staff Writer

Wavy teeth, set in two crosswise rows, describes not a dentist's nightmare but a comb.

New and humming with possibilities for creating prettier and softer coiffures is such a comb, made of plastic which is designed to aid women in their everlasting search for soft, rippling waves.

Its makers say that if used consistently, this comb will train and eventually rule your waves.

For setting hair with it, a gal needs only to dampen locks with water or wave lotion and shimmy the wavy-tooth comb through. The technique of using say the manufacturer, is to tilt the comb slightly back and up so that hair goes through both sets of wavy teeth.

## First Methodist WSCS Circles Meet Monday For Study Programs

Circles of the First Methodist WSCS met Monday afternoon at the homes of members for mission study programs.

Mrs. J. P. Ferguson was hostess to members of the Belle Bennett Circle at her home, 104 East Maiden Lane.

After the opening prayer by Mrs. Ferguson, Mrs. J. L. Tidwell, program leader, gave the lesson on "India". The meeting was closed with the group repeating the Lord's Prayer.

The hostess served refreshments to Meses. Tidwell, Dave Hoover, Mary Lou Snodgrass, J. L. Barber, Howard H. Hollowell, E. P. Birchhead, M. L. Wyatt and one visitor, Miss Frances Ferguson.

Mrs. Barney Barnard presented the first chapter of the new study book "India at the Threshold" by Lucy Bryce at a meeting of the Winnie Prothro Circle. Hostess for the occasion was Mrs. George Kirk. A talk on "Universities in India" was presented by Mrs. J. P. Carson, Jr., and concluding the afternoon session was a business period under the direction of Mrs. Everett Klebold.

Refreshments were served by Meses. A. D. Moore, Bill Wyche, C. H. Shepard, J. A. Andrews, Ben Smith, Bill Kenney, John A. Sewell, two new members, Mrs. John Hill and Mrs. E. M. Watkins, and one visitor, Mrs. Jack Ruten.

Mrs. J. W. Thorne led the opening prayer at a meeting of the Mary Scharbauer Circle held at the home of Mrs. J. C. Smith, 1001 West Kansas.

Mrs. Odie Ligon, chairman, welcomed a new member, Mrs. W. C. Cartwright, and also conducted the business session. She stressed a penny-a-day collection Mrs. Thorne distributed names for members to visit in connection with the revival opening Wednesday.

The study on "India at the Threshold" was presented by Mrs. F. W. Prothro.

**Monthly Study Topic Introduced At Meet Of First Baptist WMU**

The topic for the month "Christian Foundation for Good Neighbor Policy" was introduced at the regular mission study program of the First Baptist WMU Monday afternoon at the church. Mrs. Vernon Yearby was director of the program.

Opening the meeting was a prayer by Mrs. J. M. White and a song "We've a Story to Tell to the Nation" by the group. After the devotional was conducted by Mrs. White, Mrs. Mae Ward offered a prayer.

The remainder of the program was as follows: Talk, "Neighbor Nation," Mrs. Thurman Pylant; "Religious Liberty for All," Mrs. R. C. Chanslor; song, "The Light of the World is Jesus"; talk, "Christ for the Land of Tomorrow," Mrs. J. S. Griffith; and prayer, Mrs. Yearby.

During the business session Mrs. Frank Gittis was elected recording secretary and reporter.

Present were Mmes. John Godwin, Cecil Craft, S. L. Alexander, Art O. Walker, A. P. Scharbauer, Fred A. Wycoff, William H. Pomroy, Jr., Leif Olson, W. H. Spaulding, Raymond Green, Griffith, H. S. Collins, O. L. Stalcup, Ernest Neill, R. E. Galvin, Raymond Leggett, V. A. Walton, Yearby, Goins, Ward, J. E. McCain, White, Chanslor, Pylant, and George Morgan.

**Acute Food Shortage Looms In New York As Truck Strike Continues**

NEW YORK — (AP) — An acute shortage of food and possibility of the lay-off of thousands of industrial workers loomed Tuesday in the Metropolitan area as a result of the intensification of the week-old strike of 25,000 truckmen.

A prediction of the complete shut-down of chain store outlets Tuesday and the closing of bakeries by the end of the week, plus suspension of operations of a large sugar refining company, highlighted developments.

Mayor William O'Dwyer placed blame for the general situation on the union, local 807, International Brotherhood of Teamsters (AFL), saying "the trucks would roll in an hour" if the union would negotiate with motor carriers. He maintained the city's supply of food and medical necessities was "adequate."

The mayor announced that 2,000 new policemen would be placed on duty within the next week as a result of the emergency created by the trucking strike and a walkout of AFL seamen.

Asked if he expected to assign any of the new patrolmen to trucks for movement of vital commodities, O'Dwyer replied:

"No such plans are contemplated."

**Cynics get a setback in the experience of Lewis A. Drury of St. Louis, Mo., who, in three years of operating two "honor system" parking lots, is convinced that 95 per cent of his fellow-citizens are honest. To pay for parking, drivers just put the money in an envelope and drop it in a receptacle, as demonstrated above by Louis A. Zimmerman.**

**Britisher Says French Drive Fought As Planned**

LONDON — (AP) — Field Marshal Viscount Montgomery said in an article published as a supplement to the official London Gazette that his entire campaign in France after D-Day was fought "exactly as planned before the invasion."

Commenting on the article, The London Evening News said it was an answer to the American Author Ralph Ingersoll, whose book, "Top Secret," criticized Montgomery for delays in attacking on the Allied east flank after D-Day.

Montgomery wrote that his delaying tactics at Caen immediately after D-Day were designed to draw off German reserves while U. S. Gen. Omar N. Bradley smashed the weakened German lines to the west.

Montgomery was over-all land forces commander of the Allied invasion for about three months, from D-Day until Sept. 1, 1944, after which General Eisenhower, the Allied commander-in-chief, took over.

**THIN GIRL NEEDS MID-DAY SNACKS**

By ALICIA HART  
NEA Staff Writer

Lots of rest, a couple of extra "little meals" a day, and more fat in her diet are what a thin girl, who wants to upholster her curves, needs.

Rest? Ten hours of sleep a night are not too much. There should be a minimum of eight. There should be an hour's rest taken after each meal, if possible. Standing, which increases weight loss, should be minimized.

Little meals? Take these at mid-morning and mid-afternoon. Make the first a glass of whole milk with buttered toast or a glass of malted milk. Make the second a cup of tea with cream, taken with butter wafers.

Fatty diet? The more fat you include—and are able to digest, of course—the more weight you will gain. Take butter on toast and cream in cereal. Eat cream soups. Give your salads generous helpings of mayonnaise, French dressing or olive oil. Put extra butter on vegetables. Help yourself to ice cream or chocolate desserts.

# DEVIL'S LAUGHTER

By Alice M. Laverick Copyright, 1946, NEA SERVICE, INC.

XX  
OVER and over in my mind I have turned the events of that day, the last day of summer, the day that this shadow fell, and wondered if I couldn't have done something to avert the disaster.

The day began quietly enough. Cousin Ellen had decided at last to put away Mrs. Fitzgerald's clothes, a thing she had not had the heart to do before, and I was helping her. We worked all afternoon, Cousin Ellen weeping now and then over the lovely silks and velvets, the priceless lace that Honora had loved, telling me for the hundredth time through her tears what a proud, handsome woman herself had looked wearing them.

Toward evening, Ellen sent me down to the kitchen to get things started for dinner. It was getting late, and we were expecting Beatrice.

I saw Mark, as I passed his study door, but I gave no thought to the fact that Charlotte and Colin were not about. I did not miss them until Beatrice arrived and they were not there to greet her.

Beatrice came into the kitchen, as was her friendly custom, and asked where everyone was. She was casual about it and she sat talking to me, while I gazed in admiration at her lovely dinner dress, a soft rose color and most becoming.

"I just got it, Cecelia. Do you like it?" she said. "It has a little train, isn't it regal?" She walked

across the floor to show me the little train sweeping behind her, giving it a gay little kick, as she turned.

She said softly, "Do you think they'll like it, Cecelia?"

And I told her I was sure they would.

I think it was while we were discussing the dress that Cousin Ellen called from upstairs, "Cecelia, do you bring me the little key you'll find hanging inside the cupboard door. It'll be the one with the blue tag that says 'black leather trunk.'"

And Beatrice said, "I'll take it up to her, Cecelia. You stay here and watch your biscuits, I'm too fond of them to let you burn them."

We were both laughing as she trailed the rose-colored train up the back stairs.

I was putting a blueberry pie on the window sill to cool, when I saw them, Miss Charlotte and Colin, coming slowly up from the river together. There was something in the way they walked, the way they looked at each other, the way they did not seem to know where they were going, that made me unable to look away, as they passed close by the window where I stood.

And I remembered, then, how Beatrice Harrington, her sweet face alight with eagerness, had said softly, "Do you think they'll like it, Cecelia?" Only, of course, what she had meant was, "Do you think he'll like it? Do you think Colin Fitzgerald will like it?"

## Three Midlanders Enlist in Navy

SAN ANGELO—Three Midlanders were among 11 men to enlist in the Navy in August in the San Angelo recruiting district, the Navy substation at San Angelo reported Tuesday.

They are Kelly Boy Smith, Darrell William Daughtry, and Thomas Lenard Spratt.

The Navy also reported that it had canceled the road trips to Midland and other West Texas towns for September. Navy enlistments are now for a period of 4 to 6 years, effective as of September 1, it was reported, except that a person 17 years of age shall enlist until his 21st birthday.

## McKENNEY ON BRIDGE

By WILLIAM E. MCKENNEY  
America's Card Authority

A new event was put in play in the summer session of the national championships tournament this year, the masters' mixed team-of-four. The open mixed team event was moved to California, and replaced in the summer nationals by a masters' event, a three-session contest.

A new record for mixed teams-of-four was established when 39 teams entered. The winners were Bertram Lehar Jr., of New Rochelle, N. Y., and Mrs. Ralph Kampner of Chicago, paired with Samuel Katz of Milburn, N. J., and Mrs. Lehar.

Lehar is treasurer of the American Contract Bridge League, and received a tremendous hand when she was dealt.

And without quite realizing why I did it, I hurried to the front hall to tell Colin and Charlotte that Beatrice had come.

But I didn't tell them. For, when I opened the door, they were standing there close together, looking into each other's eyes. And just then, as I hesitated, Colin, with a sound like a groan, swept Charlotte into his arms and held her close. And without a word, Charlotte lifted her face, and they kissed, oblivious of everything around them.

And at that moment, I looked up and saw Beatrice come hurrying to the top of the stairs. And just as she was about to descend, she saw them there, Colin and Charlotte in each other's arms.

She tried to take a step backwards, tripped on the train of the rose-colored gown and plunged headlong down the stairs.

It was Mark who picked her up, rushing from his study before any of the rest of us could move. And even I realized instantly that she was dead.

And somehow in those first horrible moments, while Mark shouted at Colin to call the doctor, while Ellen clutched the railing at the top of the stairs and screamed, while I struggled to keep from fainting, I was aware that Charlotte Brent had not moved nor spoken. Then, suddenly I heard her laugh, that shrill, peculiar laugh of hers, over and over.

And I was never to forget the terrible look of horror turning slowly to the blankness that wiped her face empty of expression. The blankness that had come to stay.

The shadow had fallen over Innisfall.

## Germans Write Texas POW For 'Kind Word'

RICHLAND.—(P)—E. F. Lewis of Richland Springs has not decided whether or not he will fulfill a request made of him by a German citizen who had fed him and two other GIs a few days between the time the German army was retreating and the Allies were capturing Braunfels, Germany.

Lewis, who was a prisoner of war in Germany, said he had received a letter from the man asking for a "kind word" as to his anti-Naziism and goodwill towards America.

## WORRIES, AIRBORNE

SEATTLE.—(P)—County Treasurer Carroll Carter, used to worry about dents in the car fenders but now he worries about scars on the family airplane.

When Carter met his wife and two teen-age daughters on their return from a Florida flight he found several patches on his plane. Daughters Mary and Sue explained they had an argument with a gas pump in Wyoming, a forced landing in Idaho—and an encounter with a bull in Florida.

The recent stock market "crash" was all a plot, deliberately manipulated by Republican financiers to enrich GOP campaign chests and hurt the administration in the November elections, according to Democratic Rep. **San Diego Club Head Releases Pepper Martin**

SAN DIEGO, CALIF. —(P)—Release of John (Pepper) Martin, at his own request, as manager of the Pacific Coast League's San Diego Padres, was announced Thursday by Padre President William Starr. Starr said the release was effective Tuesday, and that Jim Brillheart, veteran Padre pitcher and coach, will be acting manager the rest of the 1946 season.

Martin, who is en route here with the Padres from Seattle, was said by friends to be interested in obtaining a managerial job in the Texas League.

**Bulldogs Practice With Monahans**

The Midland High Bulldogs scrimmaged the Monahans Lobes Monday afternoon. Desiring the competitive angle, the coaches arranged the practice scrimmage set to here at Midland. Midland scored several touches, via passing and running. Monahans did not score. How did they look? Fans can see for themselves in the high school stadium Friday evening when Midland engages Ysleta. Plenty of hard work is in store for the Bulldogs in practice drills the remainder of the week, Coach Barnes Milam said. "Somebody is going to want to play football around here," he dropped as a hint. A glaring weakness of Midland was "not charging." In other departments the Purples looked pretty good but were not setting the world on fire.

**No Favorite Rules In East Texas Playoff**

By The Associated Press Favorites are hard to find in the East Texas League championship play-off which begins Tuesday night at Henderson and Texarkana. During the regular season, the four teams finishing in the first division, Henderson, Texarkana, Tyler and Greenville, kicked each other around so that no one club can be tabbed as a probable winner. At Henderson, the Oilers are slated to start Elton Davis against Garry Grishman, Greenville hurler. At Texarkana, the probable pitchers are Vallie Eaves for the Bears and Jim Winfield for Tyler. Henderson and Greenville will play again Wednesday night at Henderson, while Texarkana and Tyler will transfer their battle to Tyler.

8—THE REPORTER-TELEGRAM, MIDLAND, TEXAS, SEPT. 10, 1946

**Norton Has Talent Galore With 36 Lettermen Returning To Aggieland**

By HAROLD V. RATLIFF COLLEGE STATION.—(P)—Aggieland has had its homecoming with an army of football players surging back from the far-flung battle fronts of the world to see what can be done about a return to Southwest Conference glory. It looks good, folks, it looks very, very good.

A balanced offense—terrific ground game and passing to match—is coming up at Texas A. and M. The Aggies could run last year but they couldn't move through the air. But chances are that the opposition won't feel like throwing any eight-man lines at A. and M. this fall.

First off, A. and M. has the ingredients of a great forward wall—two of the finest tackles in America with a couple of fellows

almost as good backing them up. Coach Homer Norton will think there's something wrong with the method of selection if Monte Moncrieff doesn't make All-America in 1946. The big, speedy fellow, playing his fourth varsity campaign, fully recovered from a broken leg that handicapped his efforts part of last season, is a defensive wonder. His mate, huge Leonard Dickey, distinguishes himself in tackle play with his offensive efforts. Don Luethy, who starred in 1942, and Bob Tullis of 1941 are good enough that they'd be starting on most any other team.

Excellent Corps of Ends Then, A. and M. has an excellent corps of ends—strong defensively and good at pass-receiving, notably Clarence (Cotton) Howell, a sensation at catching the ball two years ago. Norton Higgins, playing his third varsity campaign; Charles Wright and Marion Sette-gast of the celebrated "Whiz Kids" of 1943, and Charley Year-gain of the past two campaigns are top hands.

**Best Hurlers To Open West Texas-NM Playoff**

By The Associated Press Four West Texas-New Mexico League teams Tuesday night will use their best hurlers in the opening round of the Shaughnessy plan to decide the league championship. At Abilene, the crippled Abilene Blue Sox will meet the Lubbock Hubbers, while at Pampa, the Gassers will clash with the Amarillo Gold Sox.

The Blue Sox, who finished the regular season in first place, are expected to send Johnny Hal to the mound to face Paul Hinrichs of the Hubbers. Both are right handers. Hall won 20 games over the full season route and Hinrichs 11 after joining the Hubbers in late June.

At Pampa, it will be Southpaw Bill Garland, who has 23 games to his credit this season, on the hill for Pampa and Right-hander Bill Evans, winner in 27 games, for Amarillo. After two games in Abilene and Pampa, the teams will shift to Lubbock and Amarillo for three games. Sixth and seventh clashes, if necessary, will be played at Abilene and Pampa.

**Phils Beat Giants In Lone Contest**

By RALPH RODEN Associated Press Sports Writer The do or die stage for the St. Louis Cardinals and the Brooklyn Dodgers in the National League pennant race gets underway Tuesday with the Redbirds beginning a 15-game road trip at Philadelphia while the Dodgers entertain the Cincinnati Reds.

The American League's Eastern clubs take their last journey through the west with the pace-setting Boston Red Sox needing only to defeat the Detroit Tigers Tuesday to clinch their first pennant since 1918.

Leading the Dodgers by two games, the Cards will play the Phils twice and then invade Flatbush for a three-game series. Brooklyn hurling, paced by Rookie Joe Hatten and Veteran Kirby Higbe, and the return to form of Pete Reiser, have increased the Brooks' confidence in their chances of overhauling the Redbirds.

The Cardinals pitching staff has fallen off somewhat, with Howie Pollet and Murry Dickson hit exceptionally hard in their last outings. The Redbird hitters are enjoying some of their biggest days of the season at the plate. Enos (Country) Slaughter has taken a commanding lead in the runs-batted-in department, and Stan Musial continued to pace the league in batting.

In the only game in either league Monday, the Philadelphia Phillies nosed out the New York Giants, 5-4, under the lights at Philadelphia.

**Pinney Elected Head Of 36th Association**

FORT WORTH.—(P)—Col. Carl L. Pinney of Dallas was named president at the closing session of the 36th Division Association convention here Monday.

He succeeds Brig. Gen. H. Miller Ainsworth of Luling.

Maj. Gen. Preston A. Weathered of Dallas was named honorary president. Others holding this title include Brevet Lt. Gen. John A. Hulen, Lt. Gen. George P. Rains, Maj. Gen. Claude V. Birkhead, Lt. Gen. Fred L. Walker, and Brig. Gen. John E. Dahlquist.

General Ainsworth and Col. Andrew F. Price of Fort Worth were named as board directors. Vice-presidents elected include 1st Sgt. Arthur G. Hartman, San Antonio; Brig. Gen. Nat. S. Perrine, Fort Worth; Sgt. Richard D. Bass, Santa Anna; Col. John J. Gandy, Corsicana; and Sgt. Lester E. Chumley, San Antonio. Harry D. Kelton, division adjutant general of San Antonio, was named secretary-treasurer.

**TEXAN WINS SECOND IN LEGION CONTEST**

WASHINGTON.—(P)—Levern E. Larson, former B-29 gunner from Robbinsdale, Minn., Tuesday was named winner of a \$1,000 first prize in a nationwide "Jobs for all" essay contest conducted by the American Legion. Isaac B. Pendergraft of Brenham, Texas, won second prize of \$500.

**Fort Worth Cats And San Antonio Favored In Texas Loop Playoff**

By The Associated Press Fort Worth, the full-season leader, and San Antonio, who held down first spot during the early stages of the campaign and then slipped to third place, are favorites in the Texas League playoff, which gets underway Tuesday night at Fort Worth and Dallas.

Fort Worth will meet the Tulsa Oilers, fourth position full-season winner, while the San Antonio club will take on the Dallas Rebels, runners-up to Fort Worth.

But the Rebels and Oilers are not conceding any ground and should provide the two expected record breaking crowds and the favored squads plenty of baseball.

At Fort Worth, more than 6,000 tickets had been sold late Monday and club officials were expecting the city's largest baseball crowd in 20 years. At Dallas, Rebel officials said that practically all tickets for Tuesday night's game had been sold.

The cats, who defeated the Oilers 17 times in 22 games during the regular season, will send John Van Cuyk, left-hand strikeout ace, to the mound against the Oilers' smooth right-hander, Mack Stewart. Dallas will start Hawaiian Hank Oana, who rang up 24 victories to lead the league. The Alamo City crew will have Sigmund Jakucki on the mound. The teams will play in Dallas and Fort Worth again Wednesday night, and then switch to San Antonio and Tulsa for three games. If sixth and seventh games are necessary, they will be played at Dallas and Fort Worth.

**Engineer Hurt As Pipe Pierces Train**

SAN ANTONIO.—(P)—The Southern Pacific's Argonaut, operating between New Orleans and Los Angeles, grazed a trailer-load of oil field pipe between here and Houston Monday, one length piercing the engine cab and knocking the engineer off his feet.

Although semi-conscious, the engineer applied the air brakes and the train came to an abrupt halt. Another pipe damaged the engine. A substitute engine pulled the train into San Antonio. The unidentified engineer suffered a deep head gash which required several stitches.

**Aims To Check Votes But Grants Divorce**

DALLAS.—(P)—District Judge John J. Rawlins went to the basement of the records building here to act as an official observer in a voting machine recheck. He wound up granting a divorce. While waiting for the check of tabulations to begin, Rawlins was approached by a man who wanted to see him about getting a divorce.

Rawlins sat down at a desk that was surrounded by barrels of soap and fly spray. He convened court, heard two witnesses and granted the divorce.

**Bowles To Run For Connecticut Governor**

NEW HAVEN, CONN.—(P)—Ending several weeks of speculation, Chester Bowles, former national OPA chief and economic stabilizer, Tuesday announced his candidacy for the Democratic nomination for governor of Connecticut. Bowles, stating that his decision "has not been easy," declared, "I'm deeply convinced that the election this fall will mark a turning point in our history.

"As I see it," he said, "the vote of our citizens in November—both here in Connecticut and throughout the nation—will decide whether we are to move ahead to ever greater heights of prosperity for all of our people, to a future free from want and free from fear—or whether we are to repeat the same old dreary cycle of inflationary booms followed by economic heartbreak and depression."

The party's state convention will be held next Monday and Tuesday at Hartford. Two others seek the same nomination, Lieut. Gov. Wilbert Snow, a Wesleyan University professor, and Thomas J. Dodd, U. S. prosecutor in the Nurnberg war guilt trials.

**WICHITA COUNTY TO VOTE ON ALCOHOLIC BEVERAGES**

WICHITA FALLS.—(P)—Wichita County residents will vote October 5 on legalizing the sale of alcoholic beverages. The election was ordered Monday in answer to a petition signed by 1,685 persons. The county has been dry since 1942.
