Court Begins Task Of Selecting Jury For Murder Trials

The long and tedious task of selecting jurors to hear two trials on charges of murder in 70th District Court in Midland began Monday as 180 persons reported to the court as a special venire. Judge Cecil C. Collings opened the session by interviewing persons seeking excuses from jury service. The panel of 180 Midlanders, prospects for jury service, represented many professions from all walks of life in the city. Docketed is the re-trial of Earl Hamilton Williams, charged with murder in connection with the death of his wife, Beulah, in a Glascock county ranch house on July 6. Judge Collings declared the first trial of this case a mistrial September 6 at Garden City after the jury failed to reach a verdict. Negro Case To Be Heard

Lillie Mae Pate, negro, will be tried on a charge of murder in connection with the fatal stabbing of her husband, Edgar Pate, in Midland May 8. The court opened its criminal docket Monday after two weeks of hearing civil cases.

Siam To Return Four Disputed Border Provinces To Indochina To End Five-Year Quarrel—Netherlands, Indochina Sign Truce

BANGKOK, SIAM—(AP)—Premier Thamrong Nawasawat announced Monday that the Siamese cabinet had decided to return four disputed border provinces to French Indochina, ending a territorial quarrel of nearly five years standing. A special emergency meeting of parliament was called for Monday afternoon to ratify the cabinet's action. Approval was considered certain, for the premier said the measure was backed by the leaders of both major political parties. The disputed territory represents some 20,000 square miles of the Indochinese states of Laos and Cambodia, which Siam obtained in 1941 under a Japanese-negotiated treaty with the Vichy French government. The postwar French government has refused to recognize the treaty. The disputed frontier has been the scene of sporadic fighting between Siamese and French colonial forces. The Siamese have accused the French of wanton aggression in the dispute and last July appealed to the United Nations Security Council to intervene. The cabinet's decision Monday followed the return of a special Siamese delegation to Washington and was said to have been taken on the basis of the mission's recommendations.

PARIS—(AP)—The Colonial Office confirmed reports Monday that France and Siam are working on an agreement for the restoration to French Indo-China of disputed border areas. Government sources said the areas involved are Dattambang, Siemreap and Sisophon in Cambodia, and Louang Prabang in Laos. End Hostilities BATAVIA—(AP)—The Netherlands government and the Indonesian Republic signed a truce agreement Monday calling for immediate cessation of the 14-month-old hostilities in the East Indies. No "cease fire" order has yet been issued, but the agreement stipulates that the truce between Indonesian and allied forces will be considered in effect as of Monday.

The joint truce commission, including Indonesian, Dutch and British representatives, will be charged with truce enforcement. The British members will withdraw after October 30, when the last of Britain's armed forces are scheduled to have left Indonesia. The Dutch military position in the Indies, meanwhile, was strengthened by the arrival at Batavia of the Karel Doorman, Holland's only aircraft carrier. (The doorman formerly was the British aircraft carrier Nairana.)

Meeting Ends Tuesday; Showdown Looms In NY PARIS—(AP)—Russian Foreign Minister V. M. Molotov Monday attacked as "unsatisfactory" many of the results of the Paris peace conference, presaging a showdown on pending issues in the four-power foreign ministers' New York meeting. Molotov, charging that the United States had dominated the conference, upheld the Soviet Union's right to \$300,000,000 reparations from Finland—a figure soon afterward ratified, over United States opposition, voiced by Sen. Arthur H. Vandenberg. The Michigan senator sought to reduce the reparations figure to \$200,000,000, but the conference voted this down 11 to 5. Molotov remarked that only portions of the draft treaties with Italy, Romania, Bulgaria, Hungary and Finland pleased Russia and indicated that many of the issues would be thrown back into the Foreign Ministers Council where decisions must be unanimous. He accused the United States, Great Britain and France of "violating their agreements" and "retreating" from four-power accord in the adoption of "a number of anti-Democratic measures" in connection with Trieste.

Russian Hits Results Voted At Conference

Blasts Free Danube Agreement

He spoke critically of guarantees written into Balkan treaties for free navigation of the Danube and complained that the conference had refused to fix Bulgarian boundaries as of January, 1941—an action which would have given Bulgaria some territory from Greece. The conference of 21 nations, taking action on the final draft treaty with Finland, prepared to adjourn Tuesday. The draft treaties then must be approved finally by the foreign ministers of the United States, Russia, Great Britain and France at meetings in New York. Sen. Arthur Vandenberg spoke before Molotov had demanded that the Finnish reparations bill be pared from \$300,000,000 to \$200,000,000—a move that kindled Molotov's anger. Foreign Minister Ernest Bevin of Great Britain upheld the Russian claim to \$300,000,000 from Finland. Says West Used Pressure Molotov asserted that Russia had avoided putting "pressure" on Finland for two years but that the Western Allies had not done likewise. "We draw the attention of Finland to the difference between a true and a scheming friendship," he said. Molotov spoke violently against criticisms of the veto power of the five leading Allied nations in the United Nations Security Council. "The right to veto is not involved, but a question of whether they desire unanimity and cooperation among the great countries." Says U. S. Lead Bloc Australia, Cuba and the president of the General Assembly of the UN, Paul Henri Spaak of Belgium, has voiced recent criticism of the veto. His speech contrasted with an address earlier by Bevin, who said the peace conference, given the job of going over the drafts submitted by the Foreign Ministers' Council, has accomplished this task and accomplished it well. Plymouth To Dig N-W Outpost To Andector Field

By JAMES C. WATSON Oil Editor

The Plymouth Oil Company No. 1-1 R. B. Cowden, 660 feet from south and west lines of west half of section 1, block 45, 1P survey, Y-2-N, and just inside the south line of Andrews County, is a one location stepout from Humble Oil & Refining Company No. 1-B Cowden, discovery for flowing production from the Ellenburger in Northwest Ector County, to open the Andector field.

It will drill to around 9,000 feet to test the lower Ordovician section. Clson Drilling Company has the contract.

Still In Shale And Lime

Humble No. 1-C R. B. Cowden, 660 feet from south and 1,980 feet from west lines of section 3, block 45, 1P survey, 7-2-N, and between the initial producer in the north side field and the North Goldsmith field, had progressed below 9,120 feet in lime and shale—likely the Simpson—and was continuing.

Humble No. 1 Turner, East Midland County wildcat, was drilling below 10,345 feet, in Strawn lime. Cores at 10,325-39 feet and at 10,339-342 feet had no shows of oil or gas.

Sun Oil Company No. 1-B McKinley, East Lea County, New Mexico, exploration on the north side of the Hobbs field, and between Hobbs and Lovington, was drilling ahead under 6,288 feet in lime. Only Scum Of Oil The section at 6,079-6,166 feet, in the upper Clear Fork of the Permian, had swabbed for about 48 hours on a production test, and developed only scums of oil on the drilled mud which was recovered. A small amount of free oil, and some oil and gas cut drilling mud were recovered in a drillstem test on that horizon.

Phillips Petroleum Company No. 1-C University, on the west side of the Block 12 area in North-Southwest Andrews County, and 1,932 feet from south and 1,935 feet from east lines of section 17, block 12, University survey, was slated to make more hole from 8,306 feet, in the Devonian.

Slight Signs Of Oil A drillstem test was taken for one hour and 35 minutes at 8,246-8,306 feet. There was a good blow of air throughout the period. Recovery was 45 feet of drilling mud slightly cut with gas. This report is from unofficial sources. Top of the Devonian has not been reported. It is understood to be low.

Stanolind Oil & Gas Company has made location for a 7,000-foot wildcat in Southeast Hale County, northwest of Petersburg. It will be the concern's No. 1 E. L. Fisher, and is 660 feet from south and west

Hearing On Colorado Dam Held In Austin

AUSTIN—(AP)—The State Board of Water Engineers will hear the applications of five West Texas cities for a permit granting water rights on the Upper Colorado River Monday. Big Spring, Colorado City, Snyder, Odessa and Midland seek permission to impound waters with a dam northwest of Colorado City for municipal and industrial use. Their application filed with the board shows that a 2,400 foot dam, 528 feet thick at the base and 103 feet high, is contemplated. It would impound 110,000 acre feet of water and cover a surface area of 4,400 acres. The estimated cost was set at \$10,000,000. Approximately 70 persons were expected for the hearing, one of the largest of the year before the water board.

Supreme Court Will Review Contempt Case

WASHINGTON—(AP)—The Supreme Court Monday granted three Texas newspapermen a review of contempt of court proceedings in which they were given three-day jail sentences. The contempt citation was based on news accounts and an editorial dealing with the trial of a civil case before Judge Joe D. Browning in the Neuces County Court, Corpus Christi, Texas.

Judge Browning ruled the news articles and editorials were "calculated to reflect upon the integrity of this court, to embarrass this court, to affect the course of justice x x x." The Texas Court of Criminal Appeals upheld the contempt action, with one judge dissenting. The newspapermen then appealed to the Supreme Court. They are Conway C. Craig, publisher of the Corpus Christi Caller-Times; Bob McCracken, managing editor; and Tom Mulvany, reporter. The jail sentences were stayed pending Supreme Court action of their appeal.

HOUSTON—(AP)—While deputy sheriffs searched Monday for some \$223 still missing from a \$42,000 theft, three area men were in county jail, charged with the theft. The money, all of it in large bills, was stolen from the pocket of a coat belonging to Carl Dittman, 80-year-old Goose Creek hotel and cafe owner, Sunday.

Kathleen Nash Durant, who was convicted by a military court at Frankfurt, Germany, of taking part in the theft of the Hesse crown jewels. Her attorney in a habeas corpus petition contended Mrs. Durant was discharged from the Army May 20, 1946, and as a civilian was unlawfully taken to Frankfurt for trial. Large Attendance Is Due For MGS Luncheon

A large attendance is expected for the Tuesday noon luncheon of the Midland Geological Society in the Crystal Ballroom of the Scharbauer Hotel.

A moving picture titled, "Oil for Tomorrow," will be shown. This film is said to be a very interesting and informative story on the past, present and future of the petroleum industry in the United States.

Truman Vs. Truman

Whether to scrap meat controls outright, as many Republicans and some Democratic leaders have demanded, or keep them unchanged. Or, whether to compromise on some relaxation of controls involving perhaps higher ceilings, a bonus plan to induce marketing of livestock, and possibly importation of meat. Truman is on record as firmly opposed to removal of OPA controls. He took this stand September 26, but at a news conference last week he declined to comment when asked whether he had changed his mind. Hints of Decontrol One indication that he may have come from a high official who is familiar with the problem. He hinted to a reporter that top aides helping prepare Truman's speech met at the White House Sunday night and that decontrol of meat is in the picture. There has been speculation, moreover, that Truman might deal with wage controls, too, and possibly scrap that program. On the other hand, among those playing an active part in drafting the President's statement are OPA Administrator Paul Porter and Reconstruction Director John R. Steelman. Porter has openly opposed removal of meat controls. Steelman, on the subject of controls generally, recently said that "let prices go" would be the "worst possible" course. Meanwhile, Representative Jenkins of Ohio, chairman of the Republican Congressional Food Study Committee, called for "immediate and permanent elimination of all OPA controls and price regulations over the livestock and meat industry." The committee reported that at hearings, it recently conducted in Sioux City, Kansas City and Tulsa, witnesses were "unanimous in declaring" that another temporary decontrol period "would be the most tragic and disastrous thing that could happen to meat production."

France Approves New Constitution

PARIS—(AP)—A constitution for France's Fourth Republic, providing for a powerful legislature overshadowing the president, bore the stamp of public approval Monday, given in the face of Gen. Charles de Gaulle's opposition. The people of continental France accepted the new constitution Sunday by a margin of some 1,212,000 votes—and a percentage of 53.6 in favor to 46.4 opposed. Voting was light, with 31.9 per cent of the registered voters staying away from the polls. General de Gaulle, wartime leader of the Fighting French, had contended that the charter was inadequate because under it the executive would be too weak. But the result of the referendum was taken as strong testimony to his continuing prestige. He nearly defeated the constitution despite the fact that it was backed by France's three major parties. The constitution will not take effect until early December, when parliament is scheduled to be seated. One chamber, the National Assembly of Deputies, will be elected November 10. The second, the Council of the Republic, is to be chosen by a complicated electoral college system. The charter will be effective from the day that two-thirds of the council's members are seated.

Streicher Urges Nazis To Be 'Brave, Strong'

NUERNBERG—(AP)—Julius Streicher, ranting Jewbaiter number one of the Nazi regime, Monday urged his condemned associates to be "brave and strong" in their last 48 hours of life. Streicher, once gauleiter of this Nuernberg area, will hang, too, on Wednesday, but he is seemingly untouched. The convicted Nazis were told officially Sunday that the Allied Control Council, their last court of resort, had denied their appeals for clemency, or—in some cases—for death by the firing squad instead of hanging. The prisoners, most of whom had heard the news previously from their wives, took it stoically.

Army Declares Draft Holiday For 1946

WASHINGTON—(AP)—With nearly 1,000,000 volunteers in uniform, the Army has declared a draft holiday for the rest of 1946. Maj. Gen. Lewis B. Hershey, Selective Service director, was notified by the War Department that some 20,000 men who already had been called up for induction the last half of October, and 15,000 men in the November quota, need not report. For December there will be no quota, but no promises were made beyond the first of the year. The War Department said the suspension did not prejudice its right to renew calls if future volunteer enlistments fail to maintain adequate military strength. Second Holiday of Year The holiday was the second this year; there were no calls in July and August. The action promised to figure in congressional debate if the Department should ask a further extension of the Selective Service Act beyond next March 31, its present expiration date.

Army Declares Draft Holiday For 1946

WASHINGTON—(AP)—With nearly 1,000,000 volunteers in uniform, the Army has declared a draft holiday for the rest of 1946. Maj. Gen. Lewis B. Hershey, Selective Service director, was notified by the War Department that some 20,000 men who already had been called up for induction the last half of October, and 15,000 men in the November quota, need not report. For December there will be no quota, but no promises were made beyond the first of the year. The War Department said the suspension did not prejudice its right to renew calls if future volunteer enlistments fail to maintain adequate military strength. Second Holiday of Year The holiday was the second this year; there were no calls in July and August. The action promised to figure in congressional debate if the Department should ask a further extension of the Selective Service Act beyond next March 31, its present expiration date.

Stalin's Change Of Attitude

We had been wondering, ever since Prime Minister Stalin answered those questions for The Sunday Times of London's correspondent, just what had happened in recent months to change the Soviet leader's attitude.

It seemed only yesterday that he was warning his people of capitalist encirclement and the inevitability of war. It seemed even more recent—in fact, it was the same day that Stalin's interview was made public—that Andrei Gromyko was accusing the United States of threatening world peace by keeping troops in China, Iceland, Brazil and Panama.

Yet here was Stalin saying that there was no real danger of a "new war". Here was Stalin denying that Britain and the United States could create a capitalist encirclement of the Soviet Union even if they wanted to—which he wasn't sure they did. Here he was saying that Russia didn't intend to use Germany as an instrument of ambition against the West, that political, trade and cultural ties would strengthen Anglo-Russian friendship, and that "communism in one country" and Big Three cooperation were possible.

Why the change? The same mood of intransigence, suspicion and mutual accusation seemed to possess the Paris conference and the Security Council. The wishes of smaller nations seemed ignored, and the differences among the major powers stood forth more sharply as a result.

Yet there was one difference. That was in the attitude of Secretary of State Byrnes. Since last May, when Stalin warned his people of inevitable war, the American minister had exchanged his role of compromiser for a more adamant part. It is this change that called forth Henry Wallace's denunciation and precipitated the recent cabinet crisis. It is a change which, presumably, many Americans disapprove.

But how else is Stalin's change of attitude to be explained? The easiest explanation is to say that, on the recent day of conflicting statements, Stalin was talking through his own hat, not Gromyko's.

To say that, however, is to go against logic and past performance and insist that Stalin's own pronouncements are not the key to Russian policy. It is more sensible to admit that the prime minister's words carry more weight than either Gromyko's or Molotov's, and to note that since his recent interview had wide circulation throughout the Soviet Union as well as the rest of the world, it is possible that Stalin was giving his people a new predestined, compulsory line of thought.

The western world will wait, of course, for actions to back up Stalin's words. But it is possible to believe today that, as a result of Byrnes' firmness, Stalin has concluded that his own tactics have carried him farther toward a showdown than the spirit of his people and the state of his industry will permit.

There is an obvious danger in being too optimistic, for future events may prove us wrong. Yet there are indications today that Stalin may be drifting toward that amiable and mutually agreeable deadlock, or status quo, on which the immediate peace of the world would seem to depend.

Consider the bee! He's so busy making honey he forgets to get out of the way of an auto radiator.

lesser powers to achieve its own ends", said:

"In all votes in the conference, it was enough for the American delegate to vote and another 12 or 13 votes were assured."

He referred also to Stalin's recent pronouncements saying he believed in the possibility of friendly cooperation with the Western powers. Molotov declared:

"This is the policy to which the Soviet Union adheres."
Referring to Secretary of State Byrnes' insistence on an early peace conference, Molotov said "certain delegations" insisted on a conference before there was complete agreement.

"Now we are faced with the lack of preparation" which was "due to their refusal to exert themselves for a joint agreement," the Russian diplomat declared.

Dislikes Frontier Decision
"The voting on the Greek-Bulgarian frontier is a serious political error likely to create trouble," he warned, "it is a service to those who may long for new aggression. It will not serve world peace."

On the question of international guarantees of free navigation on the Danube, bitterly opposed by the Soviet Union, Molotov said "that Norway, Ethiopia and India had cast the deciding 'aye' votes under 'external pressure'."

On the vote by which the conference failed to agree to fix Bulgaria's frontiers at the line of January, 1941, Molotov thundered:

"This voting could not be approved prior to the conference. I should like to assure Bulgaria your frontiers will remain unchanged."

WHY GET UP NIGHTS DUE TO KIDNEYS?

FLUSH THEM OUT THIS DOCTOR'S WAY
If you get up nights—have frequent desire to pass your water—but have only scanty passages—yes, and have backache, due to excess acidity in the urine, be glad you're reading this:
Three generations ago Dr. Kilmer, a famous doctor, found hundreds of his patients with this trouble. Painstakingly he made a medicine of 16 herbs, roots, vegetables, balsams—Nature's own way to relief. He called it "Swamp-Root" and millions of grateful men and women have taken it—often with amazing results.
Swamp-Root goes right to work to flush out kidneys... increases flow of urine, helping relieve excess acidity... so the irritated bladder gets a good flushing out, too. Many report getting a good night's sleep after the first few doses. Caution: take as directed.
For free trial supply, send to Dept. T, Kilmer & Co., Inc., Box 1255, Stamford, Conn. Or—get full-sized bottle of Swamp-Root today at your drugstore.

Visiting Mr. and Mrs. W. L. Sanders of Midland are their son, Walter L. Sanders, Jr., and Mrs. Sanders who were married in Glendale, Calif., October 5.

The bride, the former Martha Garetto, is the daughter of Mr. and Mrs. D. Garetto of Burbank, Calif.
The couple was married in a double ring ceremony read in the Glendale Methodist Church by Dr. Edmund Ellis. The altar was flanked by fern, palms and candelabra.

Attending the bride was her sister, Mrs. Wallace Dean, and Mr. Dean served as best man.
Mrs. Sanders wore a brown suit with brown accessories and a double orchid corsage.

Following the ceremony a reception was hosted by the bride's parents at their home where the bridal couple cut a five-tiered wedding cake.

Immediately after the ceremony the couple left for the Old Mission Inn in Riverside, Calif.
The bride attended schools in Burbank, Calif., and until her marriage was employed by a designer in Los Angeles. The bridegroom is a graduate of Odessa High School and a business college in Lubbock. He is now employed as a certified public accountant for an oil company in Los Angeles.

Mr. and Mrs. Sanders will return to California via El Paso, Old Mexico and the Carlsbad Caverns.

Hull Considered Out Of Danger

WASHINGTON —(AP)— Former Secretary of State Cordell Hull, seriously ill for two weeks, is now considered to be "out of danger", Bethesda Naval Hospital reported Monday.

Reflecting the gains made by the 75-year-old retired Cabinet officer, the hospital said it is discontinuing its twice-a-day regular bulletins on his condition.

Texas-Arkansas Tilt Enters Spotlight As Top Southwestern Loop Attraction

By MAX B. SKELTON
Associated Press Staff Writer

Shoving intersectionals and the national pigskin picture aside, Southwest Conference elevens this week get down to serious home-front business with only Baylor not competing against a conference opponent.

Undefeated and untied Texas again appears in the top attraction, entertaining the tied but unbeaten Arkansas Razorbacks at Memorial Stadium in Austin.

Texas A&M plays Texas Christian at College Station and Rice and Southern Methodist meet in a night game at Houston.

Baylor, after losing its first two conference games against TCU and Arkansas, goes to Lubbock to clash

with the Texas Tech Red Raiders, victors over two Southwest Conference teams, Texas A&M and SMU. Arkansas, with wins over TCU and Baylor, presently leads the conference campaign, but Texas rates a favorite's role in the Saturday clash. The Longhorns rolled over Oklahoma A&M, 54-6, while the Porkers had to rally late to gain a 21-21 tie.

The Razorbacks are potent, however, and take advantage of any breaks thrown at them. Outcome of the game, which is expected to attract another 40,000-plus Austin crowd, may depend on the condition of the two squads.

Arkansas, considered one of the best conditioned outfits in the country, received a setback while trimming Baylor 13-0, Saturday when Clyde Scott, the former Navy player, received a hip injury which may prevent him from seeing action against the Steers.

It remains to be seen how many Longhorns were banged up in the grueling Cotton Bowl tilt Saturday against Oklahoma. None of Dana X. Bible's players received serious injury but undoubtedly there were many bruises. Those Sooners fought all the way before succumbing, 13-20, and they seemed to place emphasis on every tackle.

Rice, flying high after trouncing Tulane, 25-6, and SMU, upset victor over Oklahoma A&M, 15-6, meet in a game that should see the ball sailing all over the field.

Big Ike Eikenberry's tosses were the most effective weapon against the Green Wave for Rice, while young Frank Payne completed seven for seven to lead the Mustangs against the Aggies.

It should be a thriller, with pre-game records giving the Owls an edge.

Toughest game to pick probably will be the Aggie-Horned Frog clash. A month ago, few people would have given Dutch Meyer's Frogs a chance. The Aggies were supposed to have had a powerful line and a star-studded backfield, but successive defeats at the hands of Texas Tech, Oklahoma and Louisiana State have wrecked pre-season predictions.

Both teams were defeated last week in intersectionals, the Aggies by Louisiana State, 9-33, and TCU by Miami, 12-20.

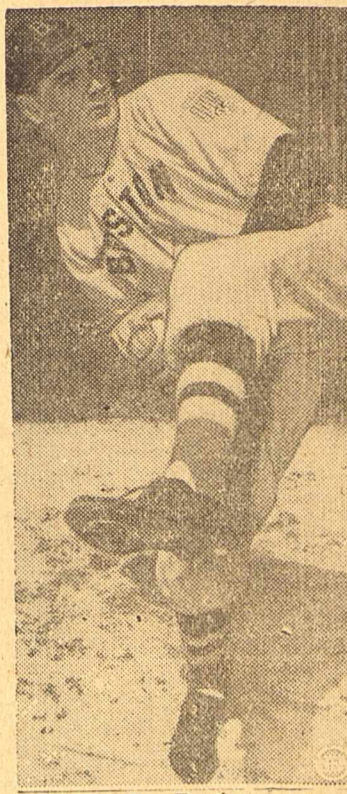

The Little Dutchman from Fort Worth delights in firing up his Frogs for Aggie games, and this Saturday affair could be a repeat performance.

Baylor's Bears, still crippled, do not have anything pleasant to look forward to in traveling to Lubbock. The record of the Red Raider squad will make them a favorite and Tech will be out for a third win over the big boys of the Southwest Conference.

Last Saturday, Tech met its first defeat, bowing to Tulsa, 6-21.

Boston Highly Favored To Win Final Game Behind Boo Ferriss' Pitching

By JACK HAND

Boo Ferriss

ST. LOUIS —(P)—Sam Breadon is selling tickets Monday for a seventh World Series game at Sportsman's Park because his St. Louis Cardinals have as many lives as a cat—Harry "The Cat" Brecheen.

If it weren't for the game little lefthander from Oklahoma, the Boston Red Sox would have been measured for series rings long ago and the Redbirds would be scattered to the four winds instead of playing strategy for Tuesday's finale.

There is room for a solid suspicion that "The Cat" and the Cards spent their last life in a 4-1 win Sunday. The Sox have Dave (Boo) Ferriss, their 25-game winner, primed for a second straight shutout bid.

The odds definitely are against the home club which will have Murrey Dickson on the mound.

Rest Benefits Cards
However, an extra day of rest will benefit the Cards. Marty Marion is playing with an aching back. Howie Pollet, if needed, will have more time to let his torn side muscle mend and Enos Slaughter, who played gamely in the sixth contest despite a painfully swollen right elbow, will be more like his usual self.

Slaughter was the last Card to face the lefthander Harris who yielded five hits, all in the third, before he was replaced by Tex Hughson. The big Texan turned back St. Louis with two hits before he went out for a pinch batter and was replaced by Lefty Earl Johnson, against whom the Redbirds made one run in the eighth.

The Sox had given Brecheen a rocky first and second inning before Harris blew up.

After that Brecheen steadied down and pitched the same kind of masterful game he had turned in a week ago. He retired 10 men in a row from the second to the fifth and yielded only seven hits in all. Rudy York's triple off the left-centerfield wall followed by Doerr's fly to Harry Walker broke his string of 15 shutout innings in the seventh.

While Bulldogs Rest B Team And Pups Will Play Lamesa Thursday

The Midland High School "B" Bulldogs and the John M. Cowden Junior High Bullpups will play a double-header of football games in the high school stadium here Thursday night.

The varsity Bulldogs have an off date this week but will undergo hard drills beginning Monday afternoon.

Lamesa furnishes the opposition for both the B Bulldogs and the Pups. The starting gametime has not been announced but is expected to be around 7:15 p. m.

The Pups rested last weekend while the "B" Bulldogs were losing to Big Spring, 24 to 0.

Abilene is next on the senior Bulldog schedule at Abilene, October 25.

Officials, Coaches To Talk Over Rules

The Midland Coaches and Officials Association will meet at 8 p. m. Tuesday in the high school building.

Much discussion is expected to center around the decisions made by officials in the Sweetwater and other weekend games.

The association meets weekly to re-hash rules passed on in games of the preceding Friday.

Any Midland sportsman or fan is invited to attend meetings.

aplenty with Roswell and if Ysleta beats El Paso it will be considered "in" since Austin crushed Bowie (El Paso), the other district member, 34-0.

Galveston's victory over South Park was particularly noteworthy. It made the undefeated, untied Island City team the top favorite in District 14.

Austin still rates the No. 1 ranking in the state and Corpus Christi looks like No. 2. However, these teams have to meet inside their own district so only one could be a state finalist.

Amarillo-Odessa Game Rates Top Billing In State

By HAROLD V. RATLIFF

Associated Press Sports Editor

The Texas schoolboy football campaign moves into the stretch this week with 32 conference games in 14 districts, but the big battle is an interdistrict struggle between unbeaten, untied powerhouses of West Texas—Amarillo and Odessa—in Amarillo.

This game will match teams long mentioned as quarter-finalists in the state play-off and boasting similar records. Best comparison is the fact that each beat Abilene by two touchdowns.

Vying with the Amarillo-Odessa tilt for the top spot in the state's schedule will be Gainesville at Sherman. Favored teams for the District 5 championship and unbeaten and untied, this game will be the most important in the title race.

Corpus Christi plays Thomas Jefferson at San Antonio in a headliner of District 15. Corpus Christi is undefeated and untied, Jefferson is unbeaten but tied.

There are 49 games on the schedule and the slate is dotted with important tilts with the perfect record list due to dwindle to possibly 10 schools.

Last week found the undefeated, untied teams being cut to 15 while six have escaped defeat but have been tied.

With unscathed records are Amarillo, Borger, Graham, Odessa, Gainesville, Sherman, North Side (Fort Worth), Marshall, Milby (Houston), Galveston, Orange, Austin, Brackenridge (San Antonio), Corpus Christi and Edinburg.

Undefeated but tied are Wichita Falls, Pasadena, Sweetwater, Laredo, Thomas Jefferson and Lamar (Houston).

Amarillo was held to a 7-0 victory over winless and scoreless Brownfield as one of the mid upsets. Wichita Falls roared on by trimming highly-respected Paschal (Fort Worth) 21-12. Oklahoma Coach Says Texas Stronger Than Army, Because Of Speed, Power

By HAROLD V. RATLIFF

DALLAS —(P)—Big Jim Tatum takes Texas, suh.

The coach of Oklahoma's double-tough Sooners, who gave both Army and Texas a terrific battle, declared Monday "both are real champions, but if they played three games I'd pick Texas to win two of them. Army is tougher defensively but Texas has more speed and more reserve strength."

The drawing mentor of the eleven that lost to Army 21-7 September 28 and bowed to Texas 20-13 here Saturday said he would "sure like to see these two teams play. It would be a wonderful game."

Conscious that his statement "might bear" heavily on whether Texas or Army ranks No. 1 in the national poll, he commented that Oklahoma got more breaks against Texas than Army. "We fumbled 12 times against Army," he pointed out. "We didn't fumble a time against Texas."

"Texas' strength is in its passing but it can run, too, when the passing spreads out the opposition's defense," he asserted. "Texas could lose Bobby Layne and still be just as much in the ball game although I never saw but one man before who was a better passer than Layne. That was Sid Luckman. Yet Texas has the replacements—others who can throw that ball, too. But if Army lost Glenn Davis it would be greatly weakened."

Both Were Surprised
Tatum declared both Army and Texas were "surprised at our strength. But when we met Army they were well-organized and we just didn't make a mistake they didn't turn into a touchdown. We are much stronger now."

He declared Army did not have

the overall speed of Texas although Davis is faster than any back Texas can trot out. "But Army doesn't have near the passing of Texas. In fact, they are two different kinds of ball clubs. Army is a ground team; Texas is a passing team. But Army can pass some. We throttled Army's running but we didn't have the pass defense we threw up against Texas. Army will pass on you if you don't have a real defense."

Texas completed 18 passes for 240 yards against Oklahoma's well-knit defense.

Army has a perfect T formation backfield, Tatum said, with Davis and Doc Blanchard filling the bill to a T. And it also has two big ends to make a perfect set-up for the T.

Cashes in on Mistake
"But Texas has twice as much reserve strength," he said. "We had Army beaten down at half-time and I thought we'd taken them by two touchdowns. But one of our boys made a mistake and Army cashed in on it and got new life."

Tatum said he thought his team should have beaten Texas Saturday. And it came pretty close. Trailing only 14-13 at one stage, he saw Texas score a quick touchdown then Oklahoma came bouncing back to drive to the Longhorn nine-yard line before being stopped.

A crowd of 50,000—largest ever to jam the Cotton Bowl—watched the game. "I think they'd all like to

see us play again," Tatum said. Then he paused for a moment. "I'd like," he mused, "to play both of those teams later in the season."
