

## State Department Faces Investigation

### Students Demonstrate Against Talmadge

(NEA Telephoto)

As Acting Governor M. E. Thompson refused to quit his post, 1200 students staged a demonstration on the grounds of Georgia's capitol in Atlanta against Herman Talmadge who now occupies the governor's chair by outmaneuvering retiring Governor Arnall last week. The students hanged Talmadge in effigy on the capitol grounds shortly after he announced that the controversy over the governorship should be decided in a "Democratic white primary election."

### TESCO Head Will Address C Of C Banquet Thursday

J. B. Thomas of Fort Worth will deliver the principal address at the annual banquet and membership meeting of the Midland Chamber of Commerce in the Crystal Ballroom of Hotel Scharbauer at 8 p. m. Thursday.

"Looking Ahead With the Permian Basin Area," will be his subject. Thomas is president of the Texas Electric Service Company and is a well-known West Texas civic leader. He arrived here early Thursday.

A capacity attendance of more than 250 persons is expected. The affair is informal. Both men and women are invited.

R. L. Miller, general chairman, announced at noon that more than 250 reservations had been made. He said city, county and chamber representatives from Monahans, Lamesa, Kermit, Stanton, Odessa, Big Lake, Fort Stockton, Wink, Big Spring, Pecos and Andrews had accepted invitations to attend.

Ulmer is toastmaster and C. Ulmer will be the toastmaster and will introduce Thomas.

A vocal solo by Mrs. Earl Glasie, accompanied by Mrs. Ben Datsby; a flute solo by Miss Ruth Wehner, and piano selections by Miss Mary Fern Bray will feature the special program of music.

Officers and directors for 1947 will be elected, and awards will be presented the "Top Wranglers of 1946."

### Escapes Abductor

(NEA Telephoto)

High school senior, Alice Devine, 16, daughter of socially prominent Mr. and Mrs. John Edward Devine of Lodi, Calif., for whom a statewide search was made when she was kidnapped from her home in Lodi on January 20. The next day she broke away from her abductor in Sacramento, Calif. An intense search is on for the kidnaper who demanded \$10,000 for the girl's return.

### San Franciscan Is Cleared As Kidnap Suspect

LODI, CALIF. — (P) — Alice Dean Devine Thursday met and exonerated Earl Shelton, a San Francisco ex-convict and studio operator, in her kidnapping, and her search was redoubled for a smooth-talking, middle-aged man who held her a day and demanded \$10,000 ransom.

"This is not the man," declared the pretty 17-year-old Lodi High School student upon confronting Shelton.

Her mother, Mrs. John Edward Devine, who said she had seen the man who sent for Alice Dean to have her picture taken Monday night when the girl disappeared, joined in exonerating Shelton.

Shelton, 40-year-old operator of a photographic and modeling studio in San Francisco, came to Lodi voluntarily with Lodi Police Sgt. Pat Coon Wednesday night to be cleared by the girl. She earlier had said his picture "looked like" her kidnaper.

He met Alice Dean and other members of the wealthy Devine family secretly at 12 a. m. (CST) on a rural road west of here and confronted her in the glare of automobile headlights.

Coon arranged the meeting and accompanied Shelton later to an interview with reporters at the Lodi police station.

Shelton said little at the interview and departed soon after for San Francisco. He was not under arrest or detention in the case. Earlier his explanation of his whereabouts was backed up by 30 models who said they were taking a dancing lesson from him Monday at the time of the girl's disappearance.

### GOP Will Use Government Bureau As Stepping Stone To Ferret Out Communists

WASHINGTON — (P) — Republicans running the House Committee on Un-American Activities talked Thursday of using the State Department as the starting point of their hunt for Communists in government.

Several members told a reporter privately they think this should be one of the first big projects of the committee under GOP guidance.

But while the committee is committed to "exposing and ferreting out" Communists and their sympathizers in government, Chairman J. Parnell Thomas (R-N. J.), plans to move in another direction first.

"The first order of business will have to be something else," Thomas advised newsmen. "It is as hot as a hot potato and will break in about two weeks."

He gave no clues, even to rank and file committee members, as to what he has in mind.

Various members named two reasons why they think a quick look at the State Department might be in order:

1. Under new Secretary George C. Marshall, it is logical to assume there will be some reorganization. And a new broom might sweep out more Communists or Communist sympathizers than an old one.

2. The department looks like a fertile field for an inquiry because of the indictment here this week of one of its employees, Carl Aldo Marzani. Marzani was accused of making false statements in denying Communist connections when he transferred to the department from the wartime office of strategic services.

The department still is screening and investigating some 3,000 employees who came to it from other government agencies. It has acknowledged that one has been fired and several others have been asked to resign.

Long distance calls from Welch to the east and west coast have been made and reported as satisfactory.

The project in this county, which travels the calls over 19 to 21 miles of power line, is thought to be the longest experiment tried to date. Seven similar projects are under way in various parts of the nation. The Southwestern Associated Telephone and the Lyntegar Electric co-operative put in the installation here.

In outward appearance the new telephone set-up resembles any other service but each telephone box actually is a complete radio receiver and transmitter.

Long distance calls from Welch to the east and west coast have been made and reported as satisfactory.

Two A&M Extension Service agents will visit the county agent's office in the Midland County courthouse Friday.

They are W. I. Marshall who will confer with County Agent Vernon Young on the 1947 program in the county; and Mrs. Myrtle Negy who will talk with Mrs. Netty B. Messick on plans for a district Girls 4-H camp this summer.

Also coming here to meet with Mrs. Negy at 10 a. m. Friday are Mrs. Leslie Wray of Reeves County, Mrs. Hazel McCoy of Tom Green County, and Mrs. Mary Drummond of Mitchell County.

The wheeled helicopter lost Wednesday was starting a reconnaissance flight in good weather when it suddenly went outside from the carrier. Admiral Cruzen said he had no details.

LOS ANGELES — (P) — With no immediate prospect of untangling their snarled marital affairs, beautiful actress Laraine Day goes to work on a new motion picture Thursday while Leo Durocher, her new hubby, prepares to leave for Florida, Cuba, and the comparative peace and quiet of a Brooklyn Dodgers training camp.

MISSOURI — (P) — With no immediate prospect of untangling their snarled marital affairs, beautiful actress Laraine Day goes to work on a new motion picture Thursday while Leo Durocher, her new hubby, prepares to leave for Florida, Cuba, and the comparative peace and quiet of a Brooklyn Dodgers training camp.

LOS ANGELES — (P) — Homicide detectives admitted Thursday "we're right back where we started" in their investigation of the multiple murder last week of attractive, black-haired Elizabeth Short, 22-year-old girl-about-town.

Sheriff W. B. McNerlin said Krueger is charged with striking H. M. Mills, Southern Pacific Railroad fireman, of El Paso, in the back of the head with a flat iron in an attempt to knock him out and take his car.

Mills had picked up the hitchhiking foursome just east of El Paso Wednesday. He stopped at a Monahans service station about 5:30 a. m., filled up with gas and had driven about two blocks when he was attacked. The blow failed to knock him out and he stopped the car and shouted for help. City Policeman Otis Barton rounded up the two men and women who had jumped from the car and lodged them in jail.

Krueger told Sheriff McNerlin that he intended to knock Mills out, dump him along the road and make off with the car. Mills was not badly hurt and after receiving first aid treatment continued his journey.

PICKETS FAIL TO KEEP PRESIDENT FROM THEATER

WASHINGTON — (P) — Eight pickets failed to keep the Truman family and their party from a performance of "Blossom Time" at the National Theater Wednesday night.

The "committee for racial democracy in the nation's capital" promptly issued a statement declaring Press Secretary Charles Ross and the secret service had sought to "effect the sneak entrance of the President of the United States into a Jim Crow theater."

The pickets, protesting refusal of the National to admit negroes, were herded to one side by police along with others on the sidewalk when the President, Mrs. Truman, their daughter, Margaret, and a group of her friends arrived.

Screen Actress Laraine Day and Leo (The Lip), Durocher, manager of the Brooklyn Dodgers are shown at their hotel in El Paso after their return from Juarez, Mexico, where she obtained a divorce from J. Ray Hendricks. Shortly after this picture was made the pair were married by a justice of peace in El Paso.

AUSTIN — (P) — The 50th Legislature was in recess Thursday, taking a weekend holiday extending from Wednesday at noon until Monday morning.

### Gulf Wildcat In Crane Shows For Oil Discovery

By JAMES C. WATSON

Oil Editor

Gulf Oil Corporation No. 1-HH University, East Crane County wildcat, about three and one-half miles north of closest production in the Block 31 field, and 11 miles northwest of Crane, was bottomed at 8,948 feet in Devonian lime and chert, and was to take a drillstem test.

Located 1,980 feet from east and 2,054 feet from north lines of section 3, block 31, University survey, this prospector has shown fair indications that it will make an oil well on several tests taken since it entered the Devonian.

More Shows Logged

Informed sources reported that the section above current total depth logged more signs of oil and gas. It is expected that this project will prove for commercial petroleum from the Devonian. It is contracted to go to 10,000 feet, or thereabouts, to explore the Ellenburger, and probably will continue to that horizon before making production tests on the Devonian possibilities.

Stanolind Oil & Gas Company No. 1 E. L. Fisher, Southeast Hale County discovery from the Wolfcamp, lower Permian, is reported to have swabbed at the rate of about eight and one-half barrels of oil per hour from the zone at 8,935-8,992 feet, natural.

Unofficial observers reveal that gas was increasing and the recovery of oil was also greater than it had been earlier in the week.

Due To Acidize

Information from reliable sources indicated that operator was planning to acidize the pay section. So far no water has developed. The well is 660 feet from south and west lines of section 5, block CL, EL survey, and about six miles northwest of Petersburg.

Minerals about one and one-half miles away from the discovery are reported to have sold for around \$250 an acre during the last day or so.

Big Natural Production

Gulf No. 4-D-Z University, farthest out southeast well so far drilled in the Fullerton field in Northwest Andrews County, and 1,982 feet from north and 660 feet from east lines of section 42, block 13, University survey, was taking potential test on Devonian pay at 8,610-8,740 feet.

On a recent preliminary test the well flowed 1,250 barrels of clean oil in ten hours, natural, through open tubing.

Gulf No. 1-E-A University-Fogelson, Ellenburger exploration in Southwest Ector County, 680 feet from west and 662 feet from north lines of section 7, block 35, University survey, cored at 8,656-63 feet. Recovery was six and one-half feet of Simpson sand and shale. Operator was to make more hole. No shows of oil were reported from the specimen.

Davis To Plug Back

Humble No. 1 Davis, Northwest Scurry County wildcat swabbed salt water from the Ellenburger from above total depth at 8,027 feet, after treating with acid. Operator was to plug back to 7,840 feet to test slight indications of production in the Mississippian.

Humble No. 1 I. W. Boren is a new prospector to the Ellenburger in Southwest Kent County. It is 1,980 feet from east and 660 feet from north lines of section 5, block 31, University survey.

(Continued on Page 7)

### Roy S. Geiger, Marine Corps General, Dies

WASHINGTON — (P) — Lt. Gen. Roy S. Geiger, one of the top Marine Corps leaders of World War II, died Thursday in Bethesda (Md.) Naval Hospital.

His death, came only eight days before he was due to retire from active service. He was 61.

Geiger, who commanded the 10th Army on Okinawa and later the Fleet Marine Force in the Pacific, entered the hospital last Thursday. Physicians said he suffered from inflammation of the veins and pulmonary complications.

Geiger entered the Marines as an enlisted man and rose to general rank during 40 years of service in both world wars and assignments around the globe.

Pioneer in Marine Aviation

A pioneer of Marine aviation, he was known as a tough, hard-driving commander willing to take on any job he gave his men.

In World War II, he commanded the air forces in the invasion of Guadalcanal, and then led combined Army-Navy forces in their island-hopping assaults across the Pacific. He took over on Okinawa after Lt. Gen. Simon Bolivar Buckner, Jr., was killed and held the post until relieved by Gen. Joseph W. Stilwell of the Army.

He was a native of Florida. Surviving are his widow, Mrs. Eunice Renshaw Geiger of Rosemont, Pensacola, Fla., a son, Roy S. Geiger, who is in the Army at Fort Sill, Okla., and a daughter, Mrs. Robert J. Jackson, of Pensacola.

Committee Begins Work On Demands

WASHINGTON — (P) — A seven-member bargaining committee began assembling data Thursday to back up a demand by the National Federation of Telephone Workers for a \$12 weekly pay boost and other concessions for 300,000 telephone system employees.

In addition to the demand for a \$12 weekly pay hike across the board, the bargaining committee will seek a union shop, dues check-off, reduction in geographical differentials, improved vacations and pensions, and other concessions.

Receives Injuries In Auto Collision

W. E. Thompson of Midland received head injuries in an automobile collision on East Florida Street Wednesday, police reported. Injuries were not serious.

Thompson was driving a pickup truck and collided with a car driven by B. L. Way, officers said.

Thompson was treated at a Midland hospital.

QUAKE HITS PHILIPPINES

MANILA — (P) — A light earthquake was recorded Wednesday night at Tacloban, Leyte, and Cebu, Samar, the Philippine Weather Bureau reported Thursday. The feeble shock was the only indication of seismic activity in the island, the bureau added.

FIRST PROCLAMATION

AUSTIN — (P) — In his first official proclamation since assuming office, Gov. Beauford H. Jester urged all Texans to contribute to the March of Dimes campaign, January 15 to January 30.

### Bank Recognizes Thompson Acting Georgia Governor

ATLANTA — (P) — M. E. Thompson announced Thursday he had been recognized as "acting governor" of Georgia by the Fulton National Bank of Atlanta which cashed "without question" the first executive check drawn since he took office.

Thompson said the check, for \$50, was for postage and had been presented in person by Hal Landrum, Thompson's secretary of the executive department. It was drawn against approximately \$97,000 which was turned over to Thompson by retiring Gov. Ellis Arnall.

Herman Talmadge, rival "governor" by virtue of election by the Georgia General Assembly, said Wednesday in a news conference he expected to have custody of the executive funds in time to meet his payroll February 1. Thompson said Thursday: "I think this answers Mr. Talmadge."

Talmadge Hold Waning

Thompson's backers hailed legislative actions in both houses Wednesday as indicative of a waning Talmadge hold on the body which last week named him governor.

The House, balking at what some members termed "being shoved around," showed such opposition to immediate consideration of a white primary bill that Talmadge's floor leaders themselves proposed that it lay over until Monday's session.

Major Portion Of State Enjoys Good Weather

By The Associated Press

Light, drizzling rains in the San Antonio-Laredo section were the only departure from good weather in Texas Thursday.

The rest of the state was partly cloudy, except for the Panhandle, where skies were clear.

Overnight temperatures were higher, except in the extreme West. Amarillo and Lubbock had low overnight readings of 28 degrees and the mercury dropped to 30 at El Paso. Readings generally were above freezing in other sections.

Brownsville, with a low Wednesday night of 62 degrees, was the state's warmest point.

Weather

Partly cloudy to cloudy Thursday afternoon, night and Friday. Occasional light rains in some West Texas sectors Thursday. Slightly warmer in Panhandle Thursday afternoon. Maximum temperature Wednesday was 58 degrees, minimum 34 degrees. Minimum Thursday morning was 42 degrees.

• LATE NEWS FLASHES •

BOMBAY — (AP) — For the second time in 12 hours, police fired on riotous communal demonstrators Thursday, wounding three persons, but declined to interfere with an outlawed student celebration of the birthday of Subhas Chandra Bose, Indian political leader who joined the Japanese during the war.

WASHINGTON — (AP) — Legislation to give back to wheat growers approximately \$15,000,000 they paid to the government in 1941 and 1942 as penalty for exceeding their acreage allotments was proposed Thursday by Rep. Rizley (R-Okla.).

WASHINGTON — (AP) — T. P. Wright, Civil Aeronautics Administrator, contended Thursday that civilian airlines should accept more responsibility for preventing plane crashes. This would take some of the load off the government, he said.

PARIS — (AP) — Georges Bidault, back in his old post of foreign minister, was reported Thursday to have been promised virtually a free hand at the Moscow Conference in a deal which brought his Popular Republican Movement (MRP) into the new French cabinet.

### Mother, 35, Holds Up Des Moines Bank

DES MOINES, IOWA — (P) — An attractive 35-year-old mother of two teen-age daughters was seized Wednesday less than an hour after she staged a daring daylight holdup of a downtown bank using as a weapon a hypodermic syringe filled with a mouthwash.

Police Chief Jack Brophy said the woman, Mrs. Opal Dixon, a waitress, signed a statement admitting the \$2,850 holdup of the Des Moines Bank and Trust Company and also the \$582 armed holdup of a downtown bank using as a weapon a hypodermic syringe filled with a mouthwash.

Shortly after 1 p. m. a woman, black-haired hatless and wearing a fur coat entered the bank, went to a teller's cage and startled 40 customers and 20 employees by shouting: "This is a stickup. This place is covered." Flourishing the syringe, she threatened to "blow this place to pieces."

Police Chief Jack Brophy said the woman, Mrs. Opal Dixon, a waitress, signed a statement admitting the \$2,850 holdup of the Des Moines Bank and Trust Company and also the \$582 armed holdup of a downtown bank using as a weapon a hypodermic syringe filled with a mouthwash.

### Britons Face Cut In Meat And Beer

LONDON — (P) — Austerity-ridden Britons learned Thursday they are to get less fresh meat and less beer and that cuts in bread and bacon rations may be necessary soon.

Food Minister John Strachey announced that the fresh meat ration was cut because of a drop in home production of beef and mutton, but added that extra supplies of corned beef would go on sale to keep the weekly ration at one shilling four pence (about 28 cents) worth of meat.

The output of beer, already so scarce that some pubs close early nightly because their supplies have run out, will be cut 25 to 50 per cent immediately because of the coal shortage, the brewers announced.

The possibility of cuts in bread and bacon rations was announced in the House of Commons by Lord Henderson, government spokesman, who said "acute shortages in the world supply of major foodstuffs would persist through the crop year of 1946-47."

El Pasoan Attacked At Monahans; Four Hitch-Hikers Held

MONAHANS — Walter R. Krueger and Raymond J. Brossart, both of Chicago, and their wives are being held in Monahans jail pending investigation of an assault with intent to murder charge filed against Krueger in Justice of the Peace J. B. Jordan's court here Wednesday.

Sheriff W. B. McNerlin said Krueger is charged with striking H. M. Mills, Southern Pacific Railroad fireman, of El Paso, in the back of the head with a flat iron in an attempt to knock him out and take his car.

Mills had picked up the hitchhiking foursome just east of El Paso Wednesday. **War Crimes Court Has Sentenced 221 Germans To Death**

DACHAU —(P)—The sentencing of 15 Flossenburg concentration camp operators to hang has brought to 221 the number of Germans given death sentences by American war crimes court, trial officials said.

Of the 40 convicted of participation in Nazi cruelties at the Flossenburg Camp, where more than 25,000 prisoners died of starvation and abuse, 11 were sentenced to life imprisonment and 14 others to prison terms ranging from one to 30 years. More Flossenburg Camp operators are scheduled for trial soon.

A total of 55 Germans have now been tried by American war crimes courts. Of these 660 have been convicted, with 221 sentenced to die and 438 given prison terms. Only 95 were acquitted.

HILLSBORO —(P)—L. W. Hartsfield has resigned as president of Hillsboro Junior College and Vocational Institute, with which he has been connected since 1930.

**Bronchial Coughs!**  
Due To Colds or Upper Bronchial Irritations

Spend a few cents today at any good drug store for a bottle of Buckley's CANADOL Mixture (Triple Acting). Take a couple of sips at bedtime. Feel its instant powerful effective action spread thru throat, head and bronchial tubes. It starts right away to loosen up thick, choking phlegm, soothe irritated membranes and ease hard coughing spells.

Sufferers from those persistent, nasty irritating coughs due to colds find Buckley's brings quick and effective relief. Don't wait—get Buckley's CANADOL Mixture—at all drug stores—today. Midland Drug, Service Drugs.

**Discovery Indicates Transition From Ape To Man, Group Told**

NAIROBI, KENYA COLONY—(P)—Wilfrid Le Gros Clark, British anatomist, told the prehistory conference recently that the bones of a creature found in South Africa in 1938 belonged to a survivor of a group, including great apes, from whom man descended.

Clark, an Oxford University professor, said he was "astounded by results of my study" of the skull and limb bones discovered near Sterkfontein and that there was no escape from the conclusion that the creature was closely related to man.

He told the congress the discovery indicated that a transition from ape to man probably took place in Africa.

The South African discovery, he said, definitely was "man in the making."

**UNIVERSITY OF ARKANSAS SELECTS NEW PRESIDENT**

FAYETTEVILLE, ARK. —(P)—The University of Arkansas has selected Dr. Lewis Webster Jones, president of Bennington College of Vermont, as its new president succeeding Dr. A. M. Harding, resigned.

Eire, which was called the "poorhouse of Europe" in 1840, today has one of the highest per capita wealths in Europe.

Prewar Wurttemberg was called the Detroit of Germany because of its automobile production.

**TB Executive Speaks At HD Club Meeting**

Mrs. Linnie Davidson, executive of the Tuberculosis Association, spoke on the work of the county association at the meeting of the Garden Addition Home Demonstration Club Wednesday afternoon. The club met at the home of Mrs. W. C. Murphy, 102 Club Drive.

Mrs. Joel M. Suchman gave a report of the work at the health clinic here.

Texas State Home Demonstration Club dues were paid by every member of the club.

Others present were Mrs. C. P. Robinson, Mrs. Robert Hord, Mrs. O. D. Reven, Mrs. Roy Long, Mrs. Mae Simmons and Mrs. H. O. Allen.

**Survey Shows Veterans Spend Money Usefully**

WASHINGTON —(P)—If the places where jobless war veterans cash their unemployment compensation checks is any measure, the American Legion has reported, it appears that most of them spend the money usefully.

A one-state survey by the Legion's National Employment Committee showed that of 3,859 checks, 1,861 were cashed in banks, 457 in clothing or merchandise stores and 340 in food shops.

Well down the list with 270 checks cashed were pool halls, theaters and other places of amusement.

**LEGAL NOTICE**

CITATION BY PUBLICATION THE STATE OF TEXAS TO: ARTHUR DUNN

GREETINGS:

You are hereby commanded to appear before the 70th District Court of Midland County, Texas, in the Court House of said County in the City of Midland, Midland County, Texas, at or before 10:00 o'clock a. m. of the first Monday after the expiration of forty-two (42) days from the date of issuance of this citation; that is to say, at or before 10:00 o'clock a. m. on Monday, the 3rd day of March, 1947, then and there to answer a petition filed in said Court on the 14th day of January, 1947, in a suit numbered 4433 on the docket of said Court, wherein Rosa Dunn is plaintiff, and Arthur Dunn, to whom this citation is issued and directed, is defendant, the nature of which said suit is as follows:

Plaintiff prays for a judgment of defendant, dissolving the marriage between plaintiff and defendant and for general and special relief, at law or in equity.

If this Citation is not served within ninety (90) days after the date of its issuance, it shall be returned unserved.

Issued this 14th day of January, 1947.

NETTIE C. ROMER  
Clerk of the District Court of Midland County, Texas

Given under my hand and seal of said Court at office in Midland, Midland County, Texas, this 14th day of January, 1947.

(SEAL) NETTIE C. ROMER  
Clerk of the District Court of Midland County, Texas.

(Jan. 6-23-30-Feb. 6)

**Cherubs Charm In Crisp Blouses**

Starchy white blouses for little girls draw their ruffled silhouettes and embroidered accents from Scandinavian peasant styles. Ruffles around the high collars and full sleeves of blouses, left, are banded in bright whipcord. The young girl, right, wears a blouse which boasts a standing collar and push-up sleeves and embroidered inserts on sleeves and yoke.

**American Legion Auxiliary Meets**

Mrs. H. C. Hannaford, president, directed the meeting of the American Legion Auxiliary at a meeting Tuesday evening in the home of Mrs. Bob Preston, 707 North Marlenfield Street.

Mrs. O. M. Luton was appointed to work with the welfare council. The membership committee was urged by the president to make a drive for new members.

The meeting was closed with the singing of the "Star Spangled Banner".

Games were played following the meeting.

Present were Mrs. J. F. Friberg, Mrs. Charles Romer, Mrs. Mae Ward, Mrs. Floyd Rhoden, Mrs. Rayne Carroll, Mrs. O. D. Reven, and Mrs. Mae Clark and Mrs. John Dean of Lubbock, visitors.

**MIDLANDER ATTENDS FT. WORTH WEDDING**

Mrs. Dell Taylor of Midland was listed among the out-of-town guests attending the wedding ceremony in Fort Worth Monday of Alice Widner and Capt. George J. Iannacito, both of Midland.

Also present were Mrs. A. D. Widner of Weatherford, mother of the bride, Salvatore Iannacito, father of the bridegroom, and Richard Iannacito, brother of the bridegroom, of Denver, Colo., Mrs. and Mrs. Frank Averitt and Mrs. Hattie Howell of Fort Worth, Capt. and Mrs. Ernest St. Claire of Lubbock, and Capt. and Mrs. James Myers of Fort Worth, the wedding attendants.

The bridal couple were entertained with a wedding breakfast immediately following the ceremony at the Virginia Lodge in Fort Worth. Mr. and Mrs. Averitt were hosts.

Nearly a score of American towns are named El Dorado.

**SOCIETY**

THE REPORTER-TELEGRAM, MIDLAND, TEXAS, JAN. 23, 1947-3

**Theater Seeks Man For 'Mean Man' Role**

Who's the meanest man in Midland?

Well, the Community Theater is hunting him to play the role of Papa Aukamp in the new stage production of "Papa Is All". Roles in this first play of 1947 season will be cast at 8 p.m. Friday in the City-County Auditorium.

Anyone interested in acting or stage work is invited to attend the casting session, Art Cole, director, said Thursday.

If the name of the play "Papa Is All" is confusing, here's a tip. "Papa Is All" in Pennsylvania Dutch means Papa is the law, and in the Aukamp family—he really cracks the whip. That's why the "meanest man in Midland" is needed to play the role.

Other roles include Mrs. Yoder, Emma Aukamp, her brother, Jake, and State Trooper Brendle.

A casting committee of Community Theater members will hear all who wish to tryout for these roles before any selections are made. The tryouts are open to the public.

The casting committee is composed of Joe Koehler, Norris Creath, and Mickey Fitting of Community Theater, and Miss Verna Harris, English and speech instructor in Midland High School.

**Three Present Program At Beta Delta Meeting**

Mrs. A. A. Jones spoke on "The Modern Conception of Our Universe" at the meeting of the Beta Delta Chapter of the Beta Sigma Phi, Tuesday, at the home of Mrs. W. I. Pratt, 911 West Kansas Avenue.

Also on the program were Louise Cox, who talked on "Earth, Land and Sea," and Lila Stewart, who discussed "Life and Earth." Mrs. A. L. Barr was in charge of the program.

Faye Powers announced that the Big Spring chapter has invited the Midland chapters of the Beta Sigma Phi to a dance February 8 at the Settles Hotel.

The meeting adjourned with the closing ritual.

Others present were Mrs. Wayne Ashmore, Mrs. Howard Alwater, Mrs. Noel D. Cason, Reta Seights, Louise Cox, Mrs. Art Dimmy, Betty Elliott, Mrs. G. B. Hallman, Wilma Ruth Holmes, Janie Johnson, Mrs. Marion Taylor, Charlotte Kimsey, Elizabeth Knox, Aileen Maxwell, Mrs. S. R. McKinney, Mrs. J. Howard Hodge, Ruby Millard, Carolyn Cates, Madelee Roberts, Ruth Simmons and Lillie Mae Stovall.

**Beware Coughs from common colds That Hang On**

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

**CREOMULSION** for Coughs, Chest Colds, Bronchitis

**Mrs. Cecil Waldrep Elected President Of Progressive Club**

Mrs. Cecil Waldrep was elected president of the Progressive Study Club Wednesday at a meeting in the home of Mrs. John V. Norman, 1110 West Indiana Avenue.

Others elected are Mrs. George J. Byrne, vice president; Mrs. R. J. Hickman, recording secretary; Mrs. A. A. Jones, corresponding secretary; and Mrs. W. E. Cox, treasurer.

The newly elected officers will take office in September.

**Plan Bake Sale**

During the business meeting directed by the president, Mrs. Lindley Latham, plans were made for a bake sale to be February 13.

It was also announced that Dr. F. E. Sailer will be the guest speaker when the club is the hostess group for the federation meeting in March.

Mrs. Jones directed a parliamentary drill.

Others present were Mrs. John Hill DeFord, Mrs. John L. Hart, Mrs. W. C. Kimball, Mrs. C. W. Ledebur, Mrs. E. A. McCullough, Mrs. A. W. Cole, Mrs. J. M. Thomas, Jr., Mrs. James C. Clarey, Mrs. Thomas B. Grimes, Mrs. V. M. Cummings, Mrs. Burl Self and Mrs. W. B. Yarbrough.

**Silk Screen Process Of Printing Used By Creative Arts Group**

Members of the Creative Arts Group of the American Association of University Women engaged in their first silk screen printing when they met Tuesday evening at the studio of Mrs. W. M. Thompson, 1008 West Indiana Avenue.

The group has been studying the silk screen process of printing and are completing designs for use on linens, wall hangings and drapes to be applied by silk screen in various colors.

Silk screening has long been in use commercially in advertising but only in the past four years has it been developed as a fine arts medium. It is derived from China.

Mrs. Charles Henderson and her guest, Mrs. Keith Stuart, ran off 50 posters for the play "Aladdin" by the silk screen process in 30 minutes. This justifies silk screening as a time saver.

Others present were Mrs. William Cox, Mrs. Earl Johnson, Mrs. W. T. Magee, Mrs. Samuel Ellison, Mrs. Eugene Powell, Mrs. L. C. Thomas, Mrs. Bill Schneider, Mrs. Thompson and Mrs. R. L. Clarke.

**Coming Events**

**FRIDAY**

The McMurry Chanters from McMurry College in Abilene, will present a program at 7:30 p. m. in the First Methodist Church.

The Midland County Museum will be open from 2:30 to 5 p. m.

Mrs. Irby Dyer, Mrs. Barney Greathouse and Mrs. R. L. Wright will be hostesses for the luncheon meeting of the Ladies Association of the Country Club. The luncheon will be followed by a progressive bridge party.

Tryouts for the Community Theater's first production of 1947, "Papa Is All," will be held at 8 p. m. in the City County Auditorium.

The Belmont Bible Class will meet at 3 p. m. at the home of Mrs. Maude Newham, 1007 West Missouri Avenue.

**SATURDAY**

The Midland County Museum will be open from 2:30 p. m. to 5 p. m.

Children's Theater Group I will meet at 10:30 a. m. and Group II will meet at 1:30 p. m. The Junior Workshop of the Community Theater will meet at 3:15 p. m.

The Junior Canteen at the Midland High School gym will be open from 2 to 5 p. m. and 7 to 11 p. m.

The population of France increased from 35 million to more than 40 million between 1840 and 1940.

**Federation Officer, HD Agent Speak At Fine Arts Club Meet**

Mrs. Nettie B. Messick, county home demonstration agent, and Mrs. J. Howard Hodge, first vice president of the state federation of Women's Clubs were speakers at the meeting of the Fine Arts Club Wednesday.

The group met in the home of Mrs. O. J. Hubbard, 2001 West Texas Avenue.

Mrs. Messick, a guest of the club, discussed "Nutrition and Human Welfare".

Mrs. Hodge spoke on "Building the Peace Economy".

**Tea Hour Held**

Following the program Mrs. Hubbard entertained with a tea. The refreshment table was centered with an arrangement of red gladiolas, Norma Jean Hubbard, daughter of the hostess, poured.

Present were Mrs. E. H. Barron, Mrs. T. Paul Barron, Mrs. Tom C. Bobo, Mrs. L. G. Byerley, Mrs. J. G. Carner, Mrs. Alden Donnelly, Mrs. Fred H. Fahrman, Mrs. George Kidd, Mrs. Selman J. Lones, Mrs. Henry Murphy, Mrs. Foy Proctor, Mrs. Nelson Puetz, Mrs. B. R. Schabarum, Mrs. Fred Wemple and Mrs. Y. D. McMurry.

**Methodist Class Plans To Pack Box For Greece**

Plans were made to pack a box for a Greek family when the Friendly Builder's Class of the First Methodist Church met Tuesday evening at the home of Mrs. R. F. Duffield, 1811 West College Street.

The box will be packed at Sunday School, Sunday.

Mrs. S. H. Hudkins gave the devotional on "Faith as Portrayed in the Life of Abraham".

Others present were Mrs. Nell Duffield, who assisted in entertaining, Mrs. Jess Barber, Mrs. Effie Sanders, Mrs. Grandison Vaughan, Mrs. Pat Barber, Mrs. Velma Smith, Mrs. Mike Conner, Mrs. H. C. Watson and Mrs. E. J. Vollia.

**BACK FROM SILVER CITY**

Bill Kelley, manager of the C. G. Morrison and Company store here, has returned from a business trip to Silver City, N. M.

**VISITOR FROM UTAH**

George S. Stewart of Ogden, Utah, arrived Tuesday for a visit with his sister, Mrs. E. C. Hitchcock and Mr. Hitchcock, 704 North Pecos Avenue.

**'The McMurry Chanters' To Present Concert At Midland First Methodist Church Friday**

"The McMurry Chanters," a choral group of 30 men and women from McMurry College, Abilene, will present religious and secular songs in a concert at the First Methodist Church Friday at 7:30 p. m.

The Chanters are now at their full strength following the war and the quality of their music is close to that of its presentations previous to the war, the Rev. Howard Hollowell, pastor of the First Methodist Church said.

The traveling group is selected from a campus organization of nearly 100 voices. Mrs. Gypsy Ted Sullivan Wylie is the director.

On the present tour, the group will go as far west as El Paso with concerts also in Las Cruces, Carlsbad and Artesia, N. M. They will return to Abilene via Monahans, Odessa and Colorado City.

**Insurance Executive Visits In Midland**

Robert Schulman, vice-president of the Reserve Loan Life Insurance Company of Texas, Dallas, is the guest in Midland of C. E. (Bud) Bissell, company representative.

Schulman will attend the Midland Chamber of Commerce banquet Thursday evening.

**Make This Home Recipe To Take Off Ugly Fat**

It's simple. It's amazing, how quickly one may lose pounds of bulky, unsightly fat right in your own home. Make this recipe yourself. It's easy—no trouble at all and costs little. It contains nothing harmful. Just go to your druggist and ask for four ounces of Liquid Barconate (formerly called Barcol Concentrate). Pour this into a pint bottle and add enough grapefruit juice to fill the bottle. Then take two table-spoonfuls twice a day. That's all there is to it.

If the very first bottle doesn't show the simple, easy way to lose bulky fat and help regain slender, more graceful curves; if reducible pounds and inches of excess fat don't just seem to disappear almost like magic from neck, chin, arms, bust, abdomen, hips, calves and ankles, just return the empty bottle for your money back. Follow the easy way endorsed by many who have tried this plan and help bring back alluring curves and graceful slenderness. Note how quickly bloat disappears—how much better you feel. More alive, youthful appearing and active.

**Salesman's Sensational SALE OF DUPLER'S FURS**

**DON'T WAIT FUR PRICES WILL BE HIGHER**

*Thanks, Boss...*

"Thanks for the promotion and the pay raise, Boss. It comes at just the right time. My wife and I have been worrying about how we were going to meet expenses, pay for our home and save a little, something for the future. This will help a lot."

"That's fine, Jim. But don't forget you earned it. We've had our eyes on you for some time, Jim. You're the kind of employee we need and want to keep in this business—steady, reliable, conscientious and loyal."

"Well, I just try to do what's right, Boss. I figure if people can't depend on you, you're not apt to get very far in work or business or anywhere else."

"Right, Jim. I wish everybody felt that way."

"Oh, I'm not taking any credit, Boss. We were just brought up that way—my wife and I. I guess it's part of our religion. You see, we are church people, and we believe that a good conscience and a right mind are more important than anything else."

"That's true, Jim. If everybody took their church and their religion more seriously, we could solve most of the problems we face in our human relations."

**THE CHURCH FOR ALL...  
ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend and support the church of his choice. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church on Sunday and read your Bible daily.

### Banner Creamery Installs Short-Time Pasteurizing Unit In Midland Plant

Banner Creamery, 300 East Texas Street, has installed a new and modern pasteurizing unit which pre-warms, pasteurizes, and cools milk in less than 60 seconds.

#### Checker Cabs Offer Quick, Safe Service

When it rains, when it snows, when it's hot, when it's cold, night and day, Checker Cabs are at the service of Midland citizens, to transport them any where they want to go.

Owned by D. A. Dodson, Checker Cab Company, 210 North Colorado Street, is noted for its fast, dependable, courteous, safe transportation.

Service is as near as your telephone. A call to Number 70 or 211 brings a Checker in a jiffy. "Don't take a chance, take a Checker."

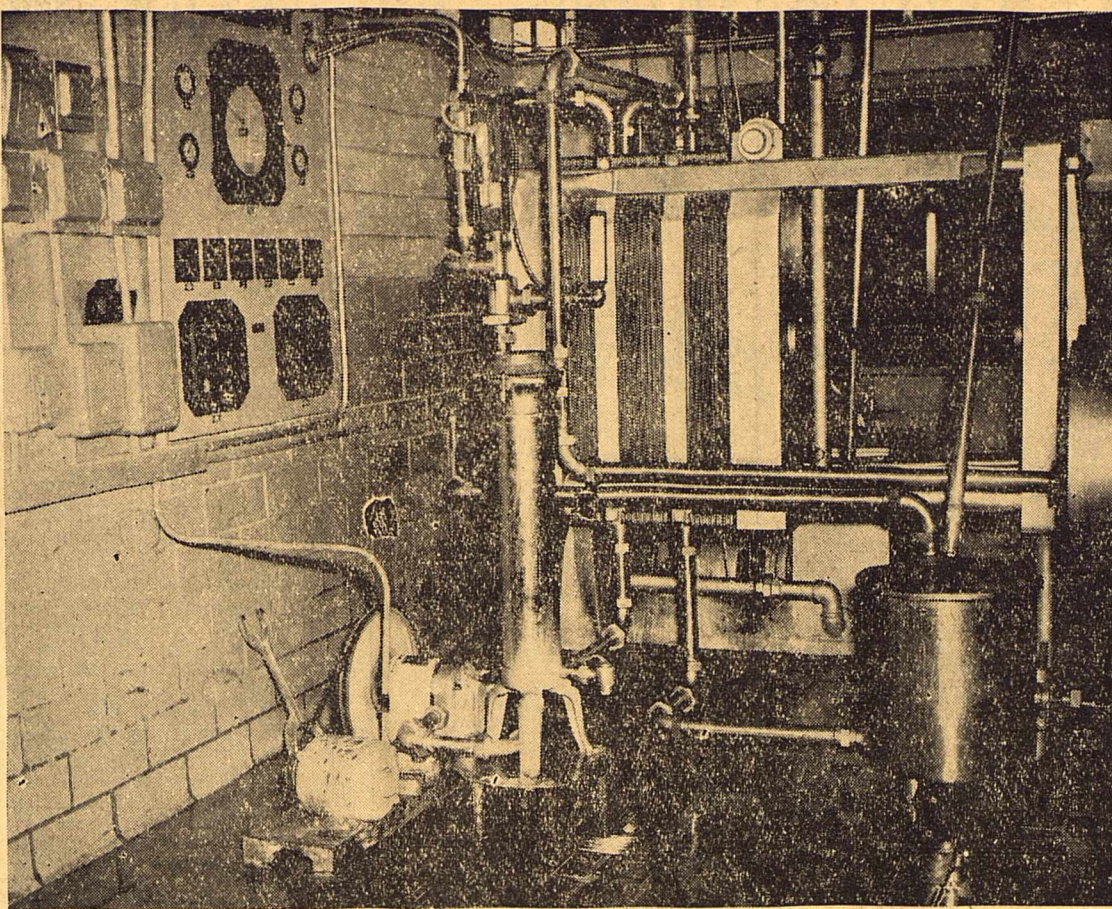

Buddy Stobaugh, district manager, announced.

The unit is a new development which has proved a great time saver in pasteurizing milk. Under the old vat system, 30 minutes were required to warm, pasteurize, and cool milk from the time it entered the pasteurizing room. Now the process is one continuous operation.

Three Sets Of Coils  
The milk goes through three sets of coils (seen in the picture just right of center) in a continuous flow. When going through another set it is heated to 161 1/2 degrees for 15 seconds, and through the other it is cooled. The milk is piped to a bottling machine where it is automatically bottled and capped.

The new units are just now going on the market, Stobaugh said. Only two units were available to Banner Creameries over West Texas during the war. The War Department gave the creameries at Abilene and Brownwood priorities because of the large near-by Army camps to which they supplied milk.

Stobaugh has been with Banner Creameries 16 years.

A new, modern pasteurizing unit recently was installed at Banner Creamery, 300 East Texas Street, which warms, pasteurizes, and cools milk in less than a minute. The unit sends milk through three sets of coils (just right of center in the picture) in a continuous flow. The first warms the milk, the second holds the temperature at 161 1/2 degrees for 15 seconds, and the third cools the milk. It then flows to the bottling machine where it is bottled and capped.

### Hargrove's Supplies Parts For All Cars

If auto parts have you worried—your worries will be ended with a visit to the Hargrove Automotive Store, 208 South Main Street. Nine chances out of ten, Hargrove's has the part you need on its well-stocked shelves, and if it doesn't it'll order the part for you—but fast.

Hargrove's handles the best makes of parts for all types of automobiles. If you don't believe it, drop into the store and see for yourself. You'll be convinced that Hargrove's lives up to its motto: "We have the parts to keep your car going."

### Joe Roberson Gives Superior Service

Need a superior car wash job? Do your car lights need replacing? Does the car battery need recharging? Need a change of oil? How about some gas? Joe Roberson Service Station, 320 West Wall Street, can supply all these needs—using a peerless pressure washer, GE Mazda sealed-beam lights, quick or 24-hour chargers, and Sinclair oils and gasoline. Quick service goes with them all at Joe Roberson's.

**LARGEST WHEAT CROP MEXICO CITY—(P)**—The Agricultural Department reports that with good weather Mexico will produce the largest wheat crop in history this year. The Department said 41,187 acres already had been planted in the Northern wheat-growing states with 2,788,436 pounds of seed.

## MIDLAND BRAKE SERVICE

W. J. HANNAFORD  
H. C. (Hank) HANNAFORD  
108 W. Missouri Phone 478

### Drive Cautiously Says Midland Brake Service

Good brakes are a necessity at all times of the year but especially so in winter when vision often is marred by murky weather and roads are covered with snow and ice.

Of course precaution should be used in applying brakes on snow and icy roads, say H. C. (Hank) and W. J. Hannaford, owners of the Midland Brake Service, 108 West Missouri Street.

"Brakes never should be jammed on suddenly on slick roads," they warned. "To slow up on bad roads, the driver should lightly tap the brake and release it several times." The Midland Brake Service offers complete service in checking and relining brakes on all makes of cars. A \$1,800 brake-drum lathe recently was added to the equipment.

Brazil's unit of money, the cruzeiro, is named for the Southern Cross.

### Midland Feed Store Urges Stock Care

Using properly prepared feed for livestock and poultry is especially important in the winter when they are unable to find adequate feed on the ranges and pastures, says A. L. Stevens, owner of Midland Feed Store.

The Midland Feed Store, East Wall and Terrell Streets, handles the Red Chain line of feeds which are made in Texas to suit Texas livestock and poultry needs.

Corn, wheat, barley, and other ingredients are sufficiently fortified with vitamins A, E, C and D and have won favor with Texas dairy, livestock and poultry men.

### Experience Aids Sanders Furniture

It takes time to acquire the skill and artistic ability required to properly upholster, repair, and re-finish furniture, and Mr. and Mrs. John B. Sanders, owners of the Sanders Furniture and Paint Shop, have been in the business in Midland 19 years. And their experience in building and repairing fine furniture goes back much longer than that.

The shop is located on Marienfield Street just south of the Service Drugs.

From the finest materials available Sanders make slip covers, draperies and curtains; upholster lounge chairs, divans and other furniture; make car seat covers; and re-cover car door panels. The firm has six experienced employees.

Canned foods prepared for dogs, cats, and other meat-eating animals may now be federally inspected, when packers request and pay for this service, according to the U. S. Department of Agriculture.

Gulf Wildcat

(Continued from page 1) from south lines of section 46, block 5, H&GN survey. That puts it one location north of the discovery well of the Polar field. It will drill to about 8,000 feet—or production of water in the deep pay at a shallower depth.

Devonian Oil Company No. 1 Federal-Browne, extreme Northeast Lea County, New Mexico, wildcat, had swabbed at the rate of about seven barrels of oil per hour from pay at 4,926-5,012 feet, after treating with 4,000 gallons of acid, for the second shot. The first injection was 1,500 gallons.

The well now has been treated with 10,000 gallons of acid, and was swabbing to cleanout and test. No formation water has been reported. It appears that the project will be completed as some sort of an oil well and a discovery from the San Andres-Permian.

Standard Oil Company of Texas No. 26-13 Baird, North Winkler County exploration now testing the middle Permian, about four miles northwest of Kermit, swabbed at the rate of about two barrels of sulphur water, per hour, with from a trace, to 10 per cent oil, from perforated section at 5,301-5,399 feet, which had been treated with acid.

Operator will squeeze off those holes and perforate and test at 6,200-6,250 feet. Stanland No. 1-TT University, Northeast Crockett County Ellenburger wildcat, was at 8,350 feet, in lime, shutdown while making machinery repairs.

It had drillstem tested to the current bottom, and had failed to show any indications of production in the Ellenburger. As soon as the equipment is back in condition more hole will be made.

Mr. and Mrs. H. G. Bedford and Captain and Mrs. William P. Beckers left Thursday afternoon on a trip to Marlin and San Antonio.

Mr. and Mrs. Berte R. Haigh have returned from Mayo Brothers Hospital in Rochester, Minn., where Mrs. Haigh underwent treatment.

Dr. Hal P. Bybee of Austin, geologist in charge of University Lands, is a Midland visitor this week.

61 Persons Complete Foodhandlers School, Sanitation Stressed

Sixty-one individuals completed the foodhandler's short training course concluded at the City-County Auditorium Thursday, Dr. F. E. Sadler, director of the Midland-Ector-Howard County Health Unit, announced.

At Thursday's session the importance of good dishwashing and sanitization of utensils, and the exercise of good personal hygiene on the part of all workers in food establishments were stressed. A film, "Twixt The Cup And The Lip," was shown.

Dr. Sadler pointed health practices which the customers notice that indicate the amount of sanitation at eating establishments or soda fountains. They include proper dispensing of straws and tooth picks so that the customer does not touch those left in the container; the waitress' wearing of caps and bandettes to keep hair from the food; wearing clean uniforms; keeping hands and fingernails clean; covering food on display, including sugar, to protect against contaminating insects and customers coughing or sneezing; keeping hands off surfaces of utensils touched by the customers' mouths; using butter tongs and ice scoops; keeping the tables and working surfaces clean; and retraining from putting glasses over the top of milk bottles or soda pop bottles.

Mr. and Mrs. H. G. Bedford and Captain and Mrs. William P. Beckers left Thursday afternoon on a trip to Marlin and San Antonio.

Mr. and Mrs. Berte R. Haigh have returned from Mayo Brothers Hospital in Rochester, Minn., where Mrs. Haigh underwent treatment.

Dr. Hal P. Bybee of Austin, geologist in charge of University Lands, is a Midland visitor this week.

A marriage license was issued in the county clerk's office Wednesday to Cleo Joseph Scheffler and Doris May Mudd.

Mr. and Mrs. Larry Harlan of San Angelo are visiting in Midland and will attend the Chamber of Commerce banquet Thursday evening.

Our truck will be in Midland each Wednesday. Leave calls at MIDLAND HOME & FURN. CO. or BARROW FUR. CO.

Congressman May Of Kentucky Is Indicted On Fraud Charges

WASHINGTON (AP)—Attorney General Clark announced Thursday the indictment of former Rep. Andrew J. May (D-Ky.) and three officials of a wartime munitions combine on charges of conspiring to defraud the government.

Clark said those named with May in the indictment, returned by a grand jury here, are: Henry M. Garsson, Murray Garsson and Joseph F. Freeman, all former officers and employees of the Erie Basin Metal Products, Inc., Elgin, Ill., and of Batavia Metal Products, Inc., Batavia, Ill.

He said one count charges that May, wartime chairman of the House Military Committee, "did agree to receive" from these firms "a total of \$53,634.07."

May was defeated in last Fall's election after a campaign in which his relations with the Garsson brothers had figured. Now 71, he had served in Congress since 1930.

The indictment was returned to Chief Justice Bolivia Laws of the federal district court. Clark said that a conviction under the Conspiracy Statute provides for a maximum of \$10,000 fine and for imprisonment of not more than two years.

A delegation representing the Livestock Sanitary Commission and the industry conferred with him Wednesday.

SENATE APPROVES APPOINTMENT WASHINGTON (AP)—The Senate has confirmed the appointment of Douglas B. McGregor of Texas as assistant attorney general. He had been serving under a recess appointment.

DALLAS GROCER IS INDICTED DALLAS (AP)—Theft of sugar ration stamps from the First National Bank of Dallas last August has been revealed by a federal grand jury which indicted Charles A. Bowen for possession of stolen government property. He is a grocer.

CONFERENCE TO BE HELD WASHINGTON (AP)—Rep. Thomason (D-Texas) said Wednesday night that justice department officials have informed him that a conference would be held in Mexico City within 10 days on the problem of using Mexican farm laborers in the United States.

Men, Women Over 40 Don't Be Weak, Old Feel Prettier, Years Younger Take Outex. Contains tonic after needed after 40—by bodies weak, old solely because lacking iron. Food Is Tax Free At March Of Dimes Dance

There will be no tax on food and drink at the Log Cabin Inn the night of the March of Dimes annual dance, January 31, it was announced.

Facilities of the night club are being donated for the evening. The Junior Chamber of Commerce is sponsoring the dance.

Tickets went on sale Thursday. A new orchestra will open a stand the evening of the ball.

VFW Post To Meet Thursday Evening The Midland Post of the Veterans of Foreign Wars will meet at 8:30 p. m. Thursday at the lodge hall on North Main Street.

New members are invited. Old members are urged to renew memberships for 1947.

Better attendance is urged.

STOCKMEN, JESTER CONFER ON HOOF, MOUTH DISEASE AUSTIN (AP)—The emergency situation facing the Texas livestock industry because of the outbreak of hoof and mouth disease in Mexico recently has been presented to Gov. Beauford H. Jester with a view to obtaining emergency funds for more inspectors.

A delegation representing the Livestock Sanitary Commission and the industry conferred with him Wednesday.

SENATE APPROVES APPOINTMENT WASHINGTON (AP)—The Senate has confirmed the appointment of Douglas B. McGregor of Texas as assistant attorney general. He had been serving under a recess appointment.

DALLAS GROCER IS INDICTED DALLAS (AP)—Theft of sugar ration stamps from the First National Bank of Dallas last August has been revealed by a federal grand jury which indicted Charles A. Bowen for possession of stolen government property. He is a grocer.

Marfa Judge Says 'Human Relationship' Is Greatest Problem

District Judge Hunter Metcalfe of Marfa told Midland Rotarians at their meeting Thursday noon in the Scharbauer Hotel that "human relationship" is the "greatest problem" in the world today, instead of Russia, the UN, Congress or legislators.

"How to get along together in patience, tolerance and understanding is our problem," the judge asserted, in his address, "A Country Lawyer's Philosophy of Life."

Urge Faith "Have faith and confidence in yourself. Carry your part of the load. Improve yourself. Increase your efficiency.

"The trouble today is that we are too cocky in our method of living and too cocky in our course of thinking."

Judge Metcalfe discussed the value of friendships and the value of religion, urging Rotarians to "do good" and well as "be good."

Believe in your community, your country and in your fellowmen. Guy Breneman, vice president, presided at the meeting and Richard Brooks was program chairman.

VET LEGISLATION INTRODUCED WASHINGTON (AP)—Legislation to raise salary limits for veterans participating in the government's on-the-job training program has been introduced by Senator Pepper (D-Fla.).

SENATE APPROVES APPOINTMENT WASHINGTON (AP)—The Senate has confirmed the appointment of Douglas B. McGregor of Texas as assistant attorney general. He had been serving under a recess appointment.

DALLAS GROCER IS INDICTED DALLAS (AP)—Theft of sugar ration stamps from the First National Bank of Dallas last August has been revealed by a federal grand jury which indicted Charles A. Bowen for possession of stolen government property. He is a grocer.

CONFERENCE TO BE HELD WASHINGTON (AP)—Rep. Thomason (D-Texas) said Wednesday night that justice department officials have informed him that a conference would be held in Mexico City within 10 days on the problem of using Mexican farm laborers in the United States.

ALL-STAR COLLEGE BASEBALL GAME PLANNED

COLLEGE STATION (AP)—Plans are being worked out for an all-star college baseball game at the end of the 1947 season with teams to be drawn from the East and West, with the Mississippi River as the dividing line. Lil Dimmitt, Texas A&M baseball coach and first vice-president of the American Association of Baseball Coaches, said Thursday.

ROME, GA. (AP)—W. P. (Bill) White, 57, one-armed athlete and one time baseball coach at the University of Georgia, died Wednesday at Battery State Hospital. Funeral services will be Friday at Riverside Cemetery in Columbus, Ga.

Do False Teeth Rock, Slide or Slip? FASTEREETH, an improved powder to be sprinkled on upper or lower plates, holds false teeth more firmly in place. Do not slide, slip or rock. **Bam at Best**

People are inclined to remember athletes as they were in the twilight of their careers, Babe Ruth, a balloon on toothpicks, for example. The Bambino was perfectly proportioned, however, when he joined the New York Yankees in 1920 at 25. The old home run king is recuperating at New York's French Hospital following a serious neck operation.

**Hall Of Fame For Boxers Is Planned By Writers Group**

NEW YORK (AP)—Survivors of the New York Boxing Writers' Annual Eating and Drinking Derby were buzzing Thursday with talk of a hall of fame for the sport and a campaign to curb punch-drunkenness.

Actually, Thursday night's party in Ruppert's Brewery was put on to present the Edward J. Neil Memorial Award to middleweight champion Tony Zale as the man who did the most for boxing in 1946.

The trophy is awarded in memory of The Associated Press sports writer and war correspondent killed during the civil strife in Spain in 1938.

Former Postmaster General James A. Farley, a one-time New York boxing commissioner, made the presentation.

**Jacobs Wins Trophy**

In addition, the Gary, Ind., steel-mill puddler also took home the Ring Magazine's award as 1946's "Fighter of the Year." Promoter Mike Jacobs, now recovering from a cerebral hemorrhage, won the boxing writers' trophy for "long and meritorious service" to the sport.

But aside from the post-throwing for Zale and "Uncle Mike" Jacobs, the large hangover from the oratorical eruption was left by the suggested plans for the hall of fame and the drive in New York to keep fighters from winding up with bells ringing in their heads.

Abe J. Greene, president of the NBA, came up with the suggestion for the hall of fame, built something along the lines of the baseball shrine at Cooperstown, N. Y., and Brigadier General John Reed Kilpatrick, president of Madison Square Garden, offered a part of the proposed new block-square garden as the site for the hall.

**Longhorn League Directors Chosen**

ABILENE—Directors of the new Class D Longhorn League have been named.

They include a representative of each club. The directors follow: Big Spring, Joe Langston; Ballinger, Bill Moore; Midland, Harold F. Webb; Sweetwater, Hal Sayles; Odessa, A. D. Ensey; Vernon, R. E. (Bob) Huntley.

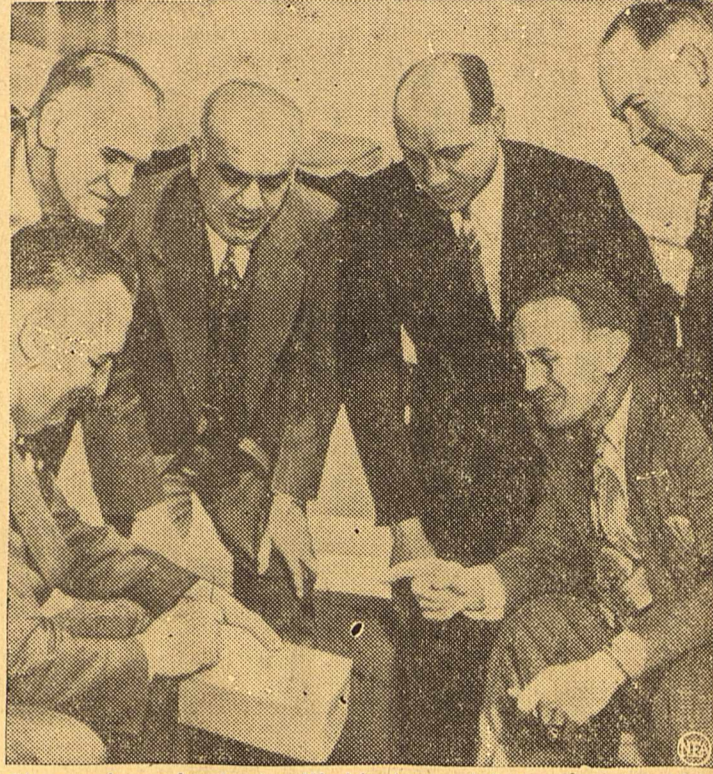

Sayles, sports editor of the Abilene Reporter-News, is making his first baseball venture after 14 years as a scribe. He is vice president and general manager of the Sweetwater club which is affiliated with Shreveport of the Texas League.

The original El Dorado was a fabulous land of gold and silver which 16th century Spaniards believed existed somewhere in the Andes highlands.

**SPORTS**

8—THE REPORTER-TELEGRAM, MIDLAND, TEXAS, JAN. 23, 1947

**Old Iron Men**

Six members of unbeaten Washington and Jefferson unit which went full 60 minutes holding California Wonder Team to scoreless tie in Pasadena Rose Bowl, Jan. 1, 1922, recall play that shook Wayne Brenkert loose for touchdown that was called back. Left to right: Sheriff Russ Stein, Warren, O.; Al Crook, Wheeling, W. Va.; Judge Ralph Vince, Cleveland, O.; Charles West, Alexandria, Va.; Wayne Brenkert, Detroit, and Harold (Swede) Erikson, Minneapolis.

**Exams Occupy Bulldogs Who Play Friday**

The Midland High School Bulldogs Thursday are in the midst of mid-year examinations.

Friday the Bulldogs enter the Reagan Tournament at Big Lake. First opponent of Midland will be the winner of the Rocksprings-Mertzon game. The tourney continues through Saturday.

The Purple gets back into conference competition next week against Abilene Tuesday night. Looking around 3-AA:

Team	Standing	Won	Lost
Big Spring	1	4	0
San Angelo	2	3	0
Abilene	3	2	1
Odessa	4	2	2
Midland	5	2	3
Lamesa	6	1	3
Sweetwater	7	0	5

Big Spring plays at Abilene Friday night of this week and Lamesa goes to Abilene Saturday night. A Midland-Sweetwater tilt was rescheduled for February 8. Previously it was booked here Saturday night.

**DOWN SPORTSLANE**

**TANNER LAINE**

We have it pretty straight that this week will bring the announcement of the enrollment of several 3-AA stars in Texas Christian University.

These youngsters are Bobby and Billy Moorman of Odessa, Hayden Fry of the same team, and Abe Lincoln of Sweetwater.

Despite the fact they have supposedly nabbed Lincoln the Horned Frogs are after Jimmy Edwards of Midland. We don't blame them, because we believe Jimmy could make Abe hunt a bench seat, that is, with a little weight and, maybe, without even that.

The Moormans were great ends. However we think Troy Stone of Sweetwater "is" a better catch than either. He's bigger and rangier and that's good recommendation for a Texas end, anywhere.

Now Fry, the young man under the center in the famed Odessa T-formation, will be a good buy by TCU uses any T. If not then Fry would be just another good kid out for football.

Lincoln reportedly is good in his books. That will be to his advantage in getting higher education.

Page 34 of this month's HUNTING AND FISHING magazine has a picture of a Midlander, Wendell Hine, who made quite a fishing catch at Detroit Lakes, Minn.

Explanations of the picture state Hine and Edwin Allen of Newport, Ind., aided and abetted by their mates, took the big mess of northerns, bass and sunfish in two and one-half hours. Hine and gang spoke highly of live frogs and Heddon Zig-Wags to make the catch.

ROUNDIN' UP THE STRAYS... Uniforms have been ordered for Midland's baseball entry in the Longhorn League. Rex Partridge, Odessa grid great in 1945, lettered this year at Tulane. A Greenie Wavie was out this way not long ago looking for more talent. Why Texas is out front in the SW Conference along with Arkansas—average points per game is 57.5. Baylor really is going out in a big way for football glory next fall. Oh yeah and so are all the others.

It's dog-eat-dog every year in that loop. Army's track coach says Glenn (Junior) Davis would be better at 220 yards or longer sprints. . . Try to tell that to Army's football opponents and you get the comeback, he did well enough at just short yards. . . Members of the Midland Tennis Club are: W. H. Allen, J. J. Bailey, Leo Brady, Cary Butcher, Bill Crothers, Ronald DeFord, C. W. Hendel, Dave Henderson, John McHills, J. A. Jorgensen, A. B. Kelley, Stella Mae Lanham, M. H. McKinsey, H. D. Pennel, W. H. Pomeroy, V. W. Rogers and Joe Scheffler. . . 30.

**BOWLING**

Tot's Gulf widened its lead in the major bowling league of Midland Wednesday night at Plamor Palace by taking two games from Honolulu Oilers.

Continental Airlines is in a spin or slow roll and dropped two to Scharbauer Hotel. Midland Tire won a couple off Burl's Standard and Guy Mabee Drilling copped two from Permian Well.

Albright of Scharbauer Hotel rolled high series with 541 and Bornean of Burl's Standard kegged high game with 220.

Scharbauer Hotel had high team series score with 2,458 and Tot's Gulf took high team game honors with 859.

The league standing:

Team	Won	Lost
Tot's Gulf Service	29	22
Continental Airlines	26	22
Honolulu Oil Co.	26	22
Burl's Standard	25	23
Permian Well	24	24
Scharbauer Hotel	23	25
Midland Tire Co.	22	26
Guy Mabee Drilling Co.	17	31

**Records Give Little Help In Predicting S'West Conference**

By The Associated Press

Basket ball fans who like to make their predictions on a comparison of scores found little help Thursday in the records of Southwest Conference teams.

Arkansas, which currently shares the conference lead with the University of Texas, dropped a close game to Oklahoma A&M Wednesday night at Little Rock, 42 to 38.

The Oklahoma Aggie team defeated Texas, by a one-point margin, 40 to 39, at the All-College Basketball Ball Tournament held in Oklahoma City during the Christmas holidays.

Whether that makes Texas better than Arkansas was a question likely to stir up some hot arguments.

In Wednesday night's only conference game Rice scored its first victory in four games. The Owls defeated Baylor's Bears, the defending champions, 55 to 49.

**Football Equipment Should Be Returned**

Athletes of Midland, who drew football equipment to play in the cancelled New Year's Day bowl game, are urged to return this equipment to the high school athletic department immediately.

This equipment was loaned in courtesy to the Junior Chamber of Commerce and in good faith. It must be returned.

The athletic department is making repairs on its equipment and must have the gear which was loaned for the all-star game.

**SAN ANTONIO MISSIONS TO CONFER WITH BULLDOG**

SAN ANTONIO (AP)—An architect from St. Louis is expected here Thursday for conferences with Charles Dewitt, road secretary of the Browns, and William Osley, president of the San Antonio Missions baseball club, concerning a ball park for the Texas League team.

The St. Louis Browns, owners of the Missions' franchise in the Texas League, are proceeding with plans to build a new ball park. It is understood that one question to be studied at the conferences Thursday is the problem of moving the grandstand at Tech Field to a new site.

Persons, who purchased tickets to the Gravel Bowl game scheduled in Midland, January 1, and which never was played, should return these tickets and be refunded their money.

JayCee officials urged the ticket purchasers to return the tickets and receive the refund of purchase price at the Midland Chamber of Commerce office.

**Dick Metz Suspended From Golf Tourneys**

PHOENIX (AP)—Officials of the Professional Golfers Association announced early Thursday that Dick Metz of Arkansas City, Kas., has been suspended from competing in the next two PGA-sponsored golf tournaments.

The disciplinary action came as the aftermath of an incident at Carmel, Calif., two weeks ago in which, it was charged, Metz struck Fred J. Corcoran, PGA Tournament Bureau manager.

The two tournaments which Metz may not enter are the \$10,000 Phoenix Open which starts Friday and the \$10,000 Tucson, Ariz., Open the following week.

**High School Rivalry Continues In College**

BLOOMINGTON, IND.—(NEA)—If you know anything about the Jefferson-New Albany High School basketball rivalry in Southern Indiana, you will appreciate this. When Branch McCracken took freshman Lou Jensen of New Albany on Indiana's first trip, the coach assigned him to room with peagrens Lou Watson and Charley Meyer of Jeffersonville.

"You can't leave me in that room alone with those two!" exclaimed Jensen.

"Why not?" asked McCracken.

"They're from Jeff, coach," came the reply. "They're liable to kill me if they get me in there alone."

Despite Wall Street's traditional superstition about numbers, the late J. P. Morgan maintained a home at No. 13 Princes Street, London.

### Service Officer Urges Veterans To Renew Lapsed Policies

Veterans in West Texas who have let their National Service Life Insurance lapse or become inactive, Thursday were reminded by Merritt F. Hines, Midland County service officer, that they have until February 1 to reinstate policies without physical examinations.

Reinstatement can be made in most cases by the veteran signing a statement that his health is as good today as it was when his insurance lapsed.

After February 1, term policies which have lapsed more than six months or permanent policies, such as Ordinary Life, which have lapsed more than three months, will require a physical examination, Hines said.

All or part of the policy may be renewed and back payments do not have to be paid on the term insurance. Only two monthly premiums on the account to be reinstated must accompany the reinstatement applications, which can be obtained at any VA contact or regional office, Hines pointed out.

**Policy Must Be Converted**  
National Service Life Insurance policies issued for war-time service can be converted to any of the standard permanent forms of insurance during the term period. Insurance issued prior to January 1, 1946, may be carried for eight years from the date of issue.

Policies issued since January 1, 1946, may be carried for five years or converted during the five years to a permanent plan of insurance.

Under liberalized provisions, veterans may designate any beneficiary to receive the proceeds of their policies in a lump sum, if they so desire. The government bears all administrative costs of the insurance.

### He Has Faith of His Convictions

Proving his faith in the bullet-proof vest manufactured by his firm, Leo Krause stands calmly, permitting Bernard Spooner, president of the firm, to fire a .45-caliber Thompson submachine gun at his armored midriff. Demonstration was made at White House pistol range for benefit of District of Columbia police. P.S. Human target was unhurt.

### Medicine Man Slain Because He Stalled

**JALGAON, INDIA—(P)**—A "holy man" who had promised to bring back to life a boy killed by a cobra was beaten to death by an infuriated crowd in a village near here recently because he stalled at the last minute.

The boy had been dead several days when the conjurer, known locally as the Bengal Baboo, said he could bring the boy back. No fee was specified but naturally one was expected.

Police said the crowd numbered "many thousands," and that the ground about the site of the expected miracle was strewn with lemons, as requested by the conjurer.

When at the last minute he said the ceremony must be postponed two days, the crowd fell upon him and beat him to death.

**Use One Arrow, Then Be Careful**  
**RAWLINS, WYO.—(P)**—One interested but cautious archer sent the following to the Rawlins Chamber of Commerce which is sponsoring a one-arrow Buffalo hunt:  
"I would like some reliable opinion as to what reaction one could expect from a wounded buffalo."  
"While I have hunted other wild game, I've never seen a wounded buffalo. How closely may they be approached on foot? Will they charge? How far will they carry their charge?"  
The answer, roughly, was: "Be careful."

### May Have New Eyes

(NEA Telephoto)  
Final drops are put into Bert Deady's eyes by Nurse Velma McCarty of Reno, Nev., before the Nevada prison guard is taken to surgery for an operation designed to improve his eyesight. The vitreous from the eye of Paul Maynard Skaug, who was executed for murder at dawn on January 10 in the Nevada gas chamber, will be transferred into Deady's eyes. Skaug will have his eyes go to the prison guard, who was injured when a gun accidentally exploded at the prison last year. Doctors who performed the operation Friday said it would be about two months before they could tell if the operation was successful.

### Katy Railroad Designs System Of Credit Cards

**NEW YORK—(P)**—A new wrinkle in railroad travel, under which passengers could ride and dine on credit and receive a bill at the end of each month, was announced by the Missouri-Kansas-Texas Lines.

R. J. Morfa, chairman of the "Katy" system, said he hoped the distribution of credit cards to passengers could be started within two or three weeks. A proposal for the plan already has been filed with the Interstate Commerce Commission.

"Under our plan, which so far as we know is the first attempt to do such a thing, a passenger could call up any single 'Katy' ticket office and if he had a credit card could have his reservation delivered to him at his home or office," Morfa said.

"He would not have to pay a nickel for his traveling until we billed him at the end of the month. We are going to offer this service on a coast-to-coast basis provided any part of the trip is made over a 'Katy' line. Card holders will only have to sign their checks in the dining car, and personal checks will be cashed for those who have credit cards."

Morfa, close personal friend of Robert L. Young and a former official of two of Young's railroads, the Pere Marquette and Nickel Plate, stole a march on his former boss.

Young recently announced a plan whereby train reservations could be

### Government Will Help Ranchers Pay For Water Wells Controlling Erosion

James A. Boyd, Agriculture Conservation Administration officer for Midland County, Thursday pointed out that ranchers and farmers may receive payments for drilling water wells on non-crop pasture and range lands when the wells distribute the watering places for livestock.

Wells drilled to separate the watering places are justified as contributing to erosion control, Boyd pointed out. If watering places in a pasture are too far apart, livestock will tend to overgraze the area near the water and will beat out trails walking distances from water to grass. This overgrazing will cause soil erosion, and the trails tend to wash into

gullies. Wells drilled in proper locations in a pasture inadequately watered will remove the causes of this type of soil erosion, Boyd explained.

Payments for justified well practices are as follows:  
Wells with casings of less than four inches in diameter—\$1 per linear foot.  
Wells with casings of four inches but less than six inches in diameter—\$2 per linear foot.  
Wells with casings of six inches or more in diameter—\$3 per linear foot.

Boyd explained that wells drilled to furnish water at feed pens, barns, or dwellings or to furnish water to livestock grazing on cropland do not qualify for payments because they do not contribute to erosion control.

Michigan State Relays Will Be Staged Feb. 8

**EAST LANSING, MICH.—(P)**—The twenty-fifth annual Michigan State relays, foremost early season collegiate indoor track and field meet, will be staged February 8 in Michigan State's mammoth field-house.

Announcements of the meet are being dispatched to more than 300 colleges, and the entry list is expected to top all previous ones. Sixteen events will be held, including six relays, eight running and four field events.

ordered by telephone, with payment made after passengers had boarded their trains.

### Policeman Helps Mutes Tell It To The Judge

**BALTIMORE—(P)**—When deaf-mute lawbreakers "tell it to the judge," Patrolman Joseph C. Sandbeck does the interpreting.

He learned sign language at the age of eight, when an older brother was a student at the Maryland State School for the Deaf.

Sandbeck says jurists have called on him more than 100 times in the past 28 years to expedite "hearings" for offenders who can only talk with their hands.

If two deafmutes charged with assault on each other start arguing it out before the magistrate with their fingers, Sandbeck is called in to do the talking.

"I enjoy the job," he says. "It means an extra \$5 a week when my services are needed in other than local police courts."

Of the 20 most serious fires in this country since 1900, none burned on a Friday the 13th.

### Kidneys Must Remove Excess Acids

Help 15 Miles of Kidney Tubes Flush Out Poisonous Waste

If you have an excess of acids in your blood, your 15 miles of kidney tubes may be overworked. These tiny filters and tubes are working day and night to help Nature rid your system of excess acids and poisonous waste.

When disorder of kidney function permits poisonous matter to remain in your blood, it may cause nagging backache, rheumatic pains, leg pains, loss of pep and energy, getting up nights, swelling, puffiness

### U. S. Steel Production Reaches 72.2 Per Cent Capacity During 1946

NEW YORK—(AP)—The steel industry handicapped by three major strikes in 1946 managed to turn out 66,363,848 net tons of steel representing an average operating rate of 72.2 per cent of capacity, and the highest peacetime output for any year prior to 1940, the American Iron and Steel Institute announced.

The 1946 production was 17 per cent below the 79,701,624 tons turned out in 1945 when operations averaged 83.5 per cent of capacity.

December production, the institute said, aggregating 5,700,997 tons equivalent to 73.2 per cent of November output of 6,409,675 tons with operations averaging 84.8 per cent.

Monthly production exceeded the six million-ton mark only six of the 12 months because of the steel and coal strikes.

### HUGE WAGONS

In the time of the emperor Kublai Khan, Mongolians had wagons so large that it required 22 oxen to pull them, and the space between the wheels measured 20 feet.

### FAKES DEATH

The hog-nosed snake shams death by faking a death scene and then rolling over on its back. If it is turned over on its stomach, it quickly turns over on its back again.

Sunday:

9:45 a. m.: Sunday School.  
11:00 a. m.: Morning worship and sermon "Truth."  
The Golden Text is: "It is the Spirit that beareth witness, because the Spirit is Truth" (1 John 5:6).

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Teach me thy way, O Lord; I will walk in thy truth" (Psalm 86:11).  
The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "If God, the All-in-all, be the creator of the spiritual universe, including man, then everything entitled to a classification as truth, or Science, must be comprised in a knowledge or understanding of God, for there can be nothing beyond illimitable divinity" (Page 127).

### Winter Is Showtime For Texas Ranchers

By WILBUR MARTIN  
Associated Press Staff  
If chores seem almost necessary weather. With the advent of winter, the showtime for the ranchers in Texas.  
Everybody from Junior to Grandpa can have a hand in these livestock shows and usually does. Practically every county in the state has one planned with its chance to show the best efforts of farm and ranch; to chin with neighbors and maybe pick up a little prize money.  
Most shows this year will be bigger than ever, with new divisions, more prizes and stiffer competition.

### Has Brother-In-Law Arrested By Mistake

TULSA, OKLA.—(AP)—Mrs. Jessie Ell of Tulsa was embarrassed when she went before City Judge J. A. Denny to ask dismissal of charges against two young men whom the night before she asked police to arrest when they paid a "call" at her home.  
Mrs. Ell told the judge she discovered after the arrest that the men were her husband's brothers, John and Grover Ell, in town for a visit.  
"I just didn't know my brother-in-law," she confessed.  
Two county shows the last of January have announced complete plans. New events and bigger prize money have been added to the McCulloch and Coleman affairs.

### BUTTER SMUGGLER

A woman smuggler in Germany was a cycling fan. She was arrested for smuggling five pounds of butter into the country from Lithuania in the tires of her bicycle.

### Property Housing Soviet Embassy In U. S. Is Being Sold

NEW YORK—(AP)—Former Republican Congresswoman Ruth Baker Pratt is selling her East 61st Street property housing the Soviet Consulate, raising the possibility the Russians will have to find new quarters when their lease expires June 30.

The purchaser is Mrs. M. Hartley Dodge, dog fancier and niece of the late John D. Rockefeller, who is reported to have signed a contract to buy the five-story structure for \$200,000.

Several court proceedings and threatened international complications have stemmed out of city housing and building department complaints in connection with the building's two elevators, and only last Thursday building inspectors removed padlocks from the lifts to permit their operation.

### Public Debt Soared Through Troublous Times

Newschart above shows how the U. S. public debt, already rising through the era of depression and recovery, shot to monumental heights during the war years and declined but little since the peak in fiscal year 1946. President Truman's estimate for fiscal 1948, which begins July 1, is higher than the \$260,000,000 estimated for the current, 1947, fiscal year.

### 28,723 Dependents Of Servicemen Sent Overseas In 1946

WASHINGTON—(AP)—A total of 28,723 wives and children of servicemen were sent overseas in Army Transportation Corps ships and airplanes to join their husbands in 1946.

Maj. Gen. Edmond H. Leavy, Chief of the Army Transportation Corps, said 16,829 went to the Mediterranean; 4,289 to Japan and Korea; 3,535 to the Central Pacific; 1,852 to the Western Pacific; and 478 to the China-Burma-India area.

During the same period the transport service brought to the United States from overseas theaters 61,344 dependents, the majority of them war brides.

General Leavy's announcement said that the backlog of dependents waiting to join overseas personnel now has been cleared up.

### Pickets Pickets

BRAZIL, IND.—(AP)—Mrs. Ethel James, proprietor of the Mission Inn, picketed the pickets at her eating house recently.

The Hotel and Restaurant Employees and Bartenders Union (AFL), charging Mrs. James refused to permit her employees to join the union, placed pickets in front of the restaurant. Mrs. James, wearing a fur coat and a jaunty hat, marched in step with the pickets, wearing a sandwich board which said:

"This is not a saloon."

### High Speed, Multi-Bulb Flash Unit Issued Navy

WASHINGTON—(AP)—A new high speed portable flash unit with a repeating bulb good for 10,000 pictures is being issued to Navy photographers, it is announced.

Lighter than a commercial model now on the market, it weighs 11 1/2 pounds and is expected to retail when available to the public for \$100, a Navy spokesman said.

### PAID FOR TROUBLE, NOT NERVOUS STRAIN

INDIANAPOLIS—(AP)—Vestal Stenson, 25, of Indianapolis, who took an unscheduled automobile trip to Anderson, 35 miles North-east, was well paid for the wear and tear on his car but not for the wear and tear on his nervous system.

Stenson told police that one of two men whom he picked up drew a knife and ordered him to take them to Anderson. When they arrived the men got out and one of them handed Stenson a \$5 bill.

You can't have soaps, woolens, tires, without fats... there's still a world-wide shortage of fats and oils!

Let's all turn in every drop of used fats...they're needed today, more than ever before. SAVE USED FATS!

### Army Increases Recruiting Campaign In Midland; New National Goal Set

Plans for intensifying the Army recruiting campaign in Midland were announced Thursday by M/Sgt. James C. McNeill, who said that the nation-wide drive is now aimed at a goal of 40,000 volunteers each month.

Sergeant McNeill, who opened a permanent recruiting office on the third floor of the courthouse this week, explained that although one million volunteers had joined the Regular Army by last October, nearly half were short-term men who signed up for periods of one year and eighteen months. Their enlistments expire during the coming year and those who leave the Army must be replaced.

In addition, Sergeant McNeill pointed out that the standards of the Regular Army are constantly being raised and that men unsuited for further military training or for Army careers are being weeded out. The new Army of technicians requires quality as well as numbers, he said.

1,070,000 Is July Goal

For these reasons, 40,000 volunteers are needed each month if the Army is to be stabilized at 1,070,000 by July 1, the strength deemed necessary to carry out effectively occupational commitments overseas and to provide for the national defense, Sergeant McNeill said.

The recruiting campaign is being stepped up here, as well as throughout the country, at a time service in the Regular Army offers three important things basic to any good job, Sergeant McNeill explained.

He listed them as high pay, security and a chance for advancement.

Over and above these, he said, today's Regular Army soldier has an opportunity to obtain higher education, to travel and to retire after twenty years on half pay, or after thirty years on three-quarters pay.

'Unhappy' Public Servants

"There are only two happy days for a man in public life," said James Francis Byrnes the evening after his resignation as secretary of state. "The first is the day he is elected. Then it's pressures, criticisms and hard work until that second happy day—the day he quits."

Byrnes, by his own testimony, has been a profoundly unhappy man. He has spent 30 of the past 36 years in public life as an elected or appointed official. And now his friends are said to be predicting that, after a much-needed rest, he will run for the Senate again in 1948.

No doubt Byrnes meant what he said at the time. He had put in an arduous year and a half of strenuous travel and activity, of wearying, nerve-wracking negotiations whose results were of an importance that scarcely could be overemphasized. He was ill, and happy to be free of the even more delicate and fateful negotiations that lie ahead.

Still, it wouldn't be surprising to see Byrnes back in there next year. The war horse is notoriously unwilling to be pastured next to the field of battle. To Byrnes and to many excellent public servants like him, the satisfactions of public life outweigh its rigors. The satisfactions may come from a sense of duty fulfilled, or from the fascination of an intricate game, or the excitement of public attention. But whatever the reason, those who have chosen public service as a profession have a way of staying with it as long as they can keep going.

Probably in no one is that sense of satisfaction stronger than in those who have held their country's highest office. Although Franklin D. Roosevelt was the only one of them who departed from the two-term tradition, it is unlikely that many of his predecessors left the White House without regrets.

The accumulated evidence of those who have been close to other occupants of the executive mansion indicates that almost all of them have given up their high honor reluctantly. Even such impassive men as Coolidge and Hoover are said to have enjoyed being President. It would be unnatural if all of them had not been conscious of the importance that reflected upon them from their important position.

But the fact remains that the tradition of two-term tenure in this enjoyable job has been broken. Broken traditions don't mend themselves. So the new Republican Congress proposes to bolster tradition with legislation which would forbid any one man's residence in the White House for more than two terms.

There is an excellent chance of this legislation's being passed, and it seems to us a good thing. For a wise law should protect the public against the most unhappy and perilous eventuality in the province which it covers.

So long as there exists the possibility that this country might one day arrive at a period of chaos or extreme discontent in which a dangerously ambitious man might see his opportunity, there exists a need of limiting the number of times that one man can hold the office of President.

Or, if you prefer to string along with Byrnes, you might say that the proposed law is designed to limit the unhappiness of our highest officer to eight years.

Room For Economy

At the very end of the three-inch-thick, five-pound Federal Budget—back in Appendix Six, on pages 1406-8—there is a summary of government expenses year by year for 10 years. It starts with 1939 and gives actual expenses through 1946, and estimates for 1947 and 1948.

If the Republican Congress does what its leaders say it will do, the 1948 figures won't look anything like the President's numbers. But here is the best possible list of symptoms from which to make a diagnosis of the causes for the government's 10-year headache of rising expense.

This fever chart shows that total government expenses rose from \$9,000,000,000 in 1937 to a peak of \$100,000,000,000 in 1945. Then they drop to \$63,000,000,000 in 1946, \$42,000,000,000 in 1947, \$37,000,000,000 in 1948. The 63 per cent drop in the last three years is notable.

But the fact that federal expenditures in 1948 will be by the President's estimates be 400 per cent above what they were in 1939 is also notable. And this is where an economy-minded Congress will have room to perform any operations deemed necessary to cure the government's spendthriftitis and end the headache.

Foolish Economy

At a time when air accidents due to bad weather are a national concern, the Civil Aeronautics Administration is being forced to shut down 57 radio weather stations, close control-landing towers in three cities, and curtail service in six others. Why? Because the CAA, by order of the Budget Bureau, must save \$800,000 this year.

Obviously this is a foolish sort of economy which Congress might well look into, with an eye to greater efficiency and the elimination of clearly expendable personnel rather than a wholesale lopping of appropriations.

In fact, Congress might well approach the whole subject of government economy through a slow and careful screening of operations in various departments. Naturally, it is easier to promise the elimination of government employes in job lots. But the technique seems even more inefficient than the bureaucratic inefficiency that many congressmen are forever complaining about.

Without doubt there is overstaffing and duplication of effort in government operations. But it would be better to make an intelligent search for it, even if it takes some time, than to allow such potentially dangerous cuts as that in the CAA budget. We can afford to pay high taxes a little longer much better than we can afford to take chances with lives.

Three's A Crowd

Supply Shortage Threatens German Youth Program

BERLIN—(P)—A shortage of supplies threatens the United States Army's popular German youth program and material help must be sought from youth-serving organizations in the United States to set up a new program, the American Military Government said. German Governments also have been told they must contribute economic support if this program for re-education and democratization of German youth is to continue, said Dr. Norman E. Himes, head of the AMG's special education agencies.

**750,000 Membership**  
The current membership is about 750,000 German youths, enrolled in nearly 8,000 groups. G. I. participation has ranged from teaching German children to organizing and supervising permanent community youth clubs.

Youth activities have flourished with supplies drawn from excess U. S. Army stocks, but now these are nearly spent, Dr. Himes said. Future supplies must come from captured stocks or from current German production, which has been small.

Dr. Himes said the Military Government would request the War Department to call a conference in Washington of the chief American youth-serving organizations to draft plans for a new program.

**Cooperation Is Needed**  
He said this program would call for voluntary co-operation with the council of relief agencies licensed to operate in Germany (CRALOG) in rendering material assistance.

"It is an essential point of Military Government policy to strengthen the leadership of German youth groups," Dr. Himes said, "but it is neither the job of the Army nor of the Military Government to carry out the details of this job. However, we will continue to give assistance and exercise supervision over this program until we are convinced that it is operating in a fully self-sufficient and satisfactory manner."

Decline Of Women Workers Reported

WASHINGTON—(P)—One million fewer women were employed last November than in November, 1945, the Labor Department reports. Most of the decline resulted from women voluntarily quitting work. The number of women workers in November, 1946, was 17,000,000; about 410,000 were unemployed.

From where I sit... by Joe Marsh

Willie Goes to School at 23

Everybody's joshing Willie Wells about going back to school. They remember when Willie would hide out in the woodshed—scared to bring his report card home to Pa.

But under the G. I. Bill of Rights, Willie (who has a wife and baby) is getting a free education at the Agricultural College. And Uncle Sam is giving him a fine report: "Department, excellent; Progress, above average."

That goes for all those undergraduate veterans. Like Willie, they appreciate an education more than

ever now. They're industrious and well-behaved—their favorite beverage is milk, or a temperate glass of beer. For them the "three R's" seem to mean: Responsibility, Resourcefulness, Restraint.

From where I sit, cynical folks who thought veterans wouldn't want to return to school—wouldn't stick to steady habits of work and moderation—have their answer in "undergraduates" like Willie.

Americans Are Not On Credit Binge, But It Is Expected

CHICAGO—(P)—Byrd Henderson, president of Household Finance Corporation said "the prevalent impression that the American consumer has gone on an installment credit binge is erroneous," but added credit "can be expected to increase."

The president of the personal loan company said in a statement, "we have not noticed any startling increase in borrowing caused by spending spurs. In fact we notice a greater interest in budgeting than ever before."

Installment sales and loans outstanding in the United States increased from the low of \$1,800,000,000 in early 1944 to about \$3,900,000,000 at the end of 1946, Henderson said.

While this increase equalled 117 per cent, Henderson said it would have had to be over 250 per cent to reach the peak of \$6,400,000,000 installment sales and loans outstanding in August, 1941.

"It is evident," he said, "that the demand for loans is as great as in 1941. However, since the national income and the cost of living are much higher than in 1941, the volume of loans has not yet reached a normal balance. It can be expected to increase as durable goods come into greater production."

JACKPOT BACKS UP

CARLSBAD, N. M.—(P)—A number of motorists here recently complained, not too heartily, that they were unable to deposit coins in city parking meters, and got free parking. City officials explained the meters were just full of money.

DISTANCE GIVES STRENGTH

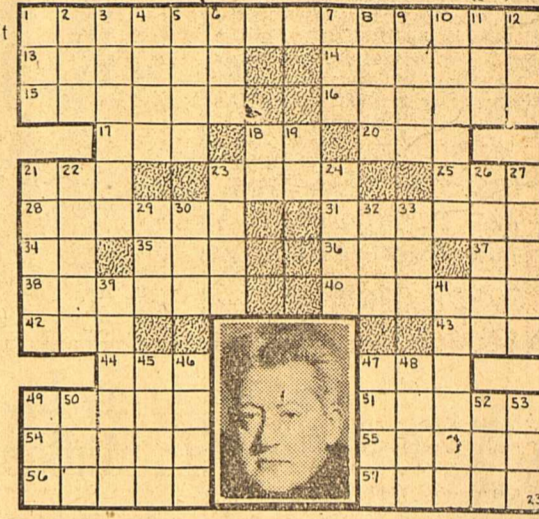

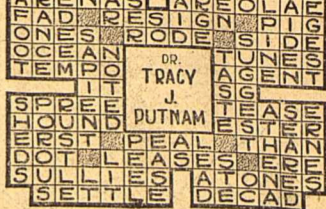

Although the sun is three million miles farther away in summer than it is in winter, the summer sun has six times as much burning power.

(NEA Telephoto)  
Home from France to re-enter school at the Ursuline Academy for Girls at Dallas, Texas, is Marie France Chombart, 6 1/2 years old, whose father Louis G. Chombart of Houston, is registering the child with Miss Cornelia Baird of the Ursuline registrar's office. After spending eight months in Paris, France, with her parents, Marie brought back the French language with her and is now having to re-learn her native tongue of English.

**Navy Gets World's Largest Floating Crane As War Prize**

WASHINGTON—(AP)—The Navy is pleased as a small boy with a big floating crane it got as German war booty and is putting together at San Pedro Calif.

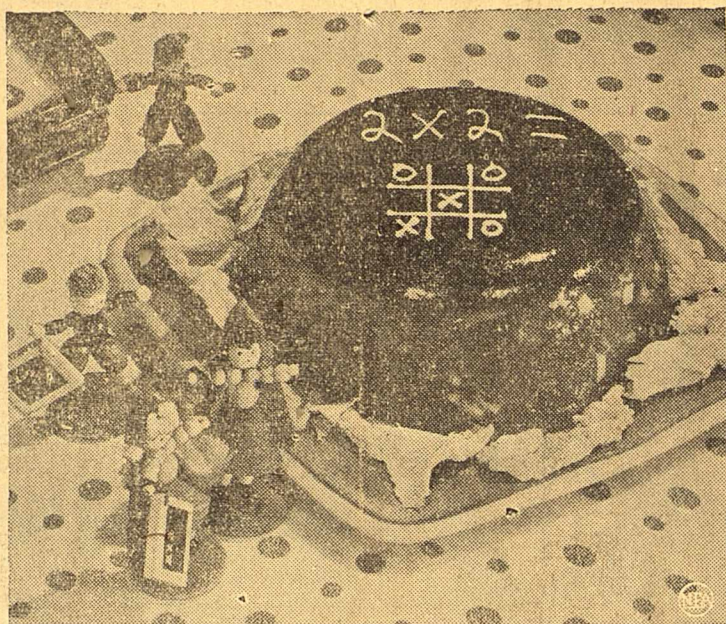

Proclaiming it "the largest-type self-propelled floating crane ever built," the Navy recounted that it can lift 350 tons from 114 feet away, has three driving motors, five lifting hooks, a three-story machinery house, and a driver's cab perched 100 feet above the water.

A crew of 23 men cook eat, and sleep in the pontoon base, which is so big it just barely squeezes through the Panama Canal.

One of four identical cranes built by the Germans and valued at \$3,000,000 each, it was acquired in a division of Nazi naval assets. It will go to work on the Pacific Coast at a total cost to the Navy of \$100,000.

Compared to smaller American cranes, it is too slow, the Navy said. It will be used for heavy work only where brawn is more important than speed.

**Molded Salad Makes Novel Dish**

Molded cranberry chicken salad for a party.

By GAYNOR MADDOX  
NEA Staff Writer

Looking for a party novelty that looks gay, tastes good and has food value? Here it is:

**Molded Cranberry Chicken Salad**  
(Serves 8-10)

One 17-ounce can cranberry sauce, 1 cup water, 2 envelopes plain unflavored gelatin, 1/2 cup cold water, 1 teaspoon salt, 1 cup diced chicken (leftover lamb or veal may be used), 1/2 cup diced celery, 1 1/4 cup diced green pepper, 1 teaspoon lemon juice.

Crush cranberry sauce with fork until smooth. Add 1 cup water and heat thoroughly. Soften gelatin in 1/2 cup cold water. Combine heated cranberry sauce, gelatin, lemon juice and salt. Stir until dissolved. Pour half this mixture into a round mold which has been rinsed in cold water. Set aside, to thicken. When the remainder of the cranberry gelatin mixture starts to thicken, stir in chicken, celery, green pepper and pour over the first mixture. Chill. When firm, unmold on lettuce or watercress. To make design on top of mold, use a pastry tube filled with whipped cream or a mixture of whipped sour cream and mayonnaise.

**Orange Refrigerator Cookies**  
(Yield: 4 dozen cookies, 1 1/2 inches in diameter)

One-half cup shortening, 1/2 cup sugar, 2 teaspoons grated orange rind, 1/2 cup bran, 1 3/4 cups sifted flour, 2 teaspoons baking powder, 1/4 teaspoon salt, 1/3 cup milk. Blend shortening and sugar; add orange rind. Crush bran into fine crumbs. Sift flour, baking powder and salt together; mix with bran. Add to first mixture alternately with milk; mix well. Shape dough into rolls about 1 1/2 inches in diameter. Wrap in waxed paper and chill until firm. Slice thin and bake on ungreased baking sheets in moderately hot oven (425 degrees F.) about 10 minutes.

**Thomason, Marshall Are Personal Friends**

By TEX EASLEY

WASHINGTON—(AP)—One member of the Texas congressional delegation, El Paso's Rep. Ewing Thomason, has been closely associated with, and is a personal friend of, the new Secretary of State, Gen. George Marshall.

Long before the war the two became acquainted because of the Texans' place on the House Military Committee.

During the war, while Marshall was chief of staff, he frequently confided in Thomason because of the latter's position next to the committee chairmanship and because of his own high regard for the El Pasoan. Thomason was one of Marshall's most ardent supporters as legislators debated the course of events in the early days of the war.

Unlike many individuals who exaggerate their relationship with men in high position, Thomason modestly disclaims any idea that he has been an intimate friend of the new cabinet member. Nevertheless, the two have been close associates and their wives likewise count each other as personal friends.

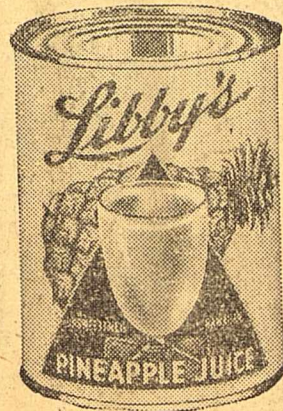

Thomason, who spent his youth in Gainesville, was once speaker of the Texas House of Representatives and was mayor of El Paso before coming to Congress.

**Father Shows Sons That He Knows Best**

NEW YORK—(AP)—Three members of the Sverdrlove family are on the list of winners for New York State War Service scholarships, but the happiest of the trio is Louis Sverdrlove, who showed his two grown sons that papa really knows best—and the most.

Louis, a veteran of World War I, and sons Robert and Charles, vets of World War II, won the scholarships in competitive examination. But the father's score was the highest.

All three are college graduates. The two youngsters took the exam "just for the heck of it," they said, and don't plan to use the \$350-a-year scholarships, good for four years. But dad plans to take courses at Columbia University.

# Love Has Two Faces

By Irene Lonnen Ernhart

Copyright, 1947, NEA SERVICE, INC.

THE STORY: Cassie Fletcher is the main support of her family and feels such a burden of responsibility toward them that she turns down Mike Cargill's proposal of marriage, even though she is in love with him. When Leni, her spoiled 17-year-old sister, and wealthy Lon Cavendish try to elope, they are headed off by Cassie and Parker Hamilton, a friend of Lon's. The next day Leni vows she'll get even. Parker Hamilton telephones Cassie.

VII  
PARKER HAMILTON asked about Leni. "I've a note for her, from Lon. You—you knew they left today, didn't you?" "Yes."

Cassie didn't mean to sound unkind. It was just that she felt antagonistic toward all the Hamiltons and Cavendishes of the town.

"Could I bring the note out? I want to explain about last night." "Yes, I guess so." "About eight?" Parker Hamilton was taller than she had remembered. Of course she'd been too excited last night to pay much attention to him. His brown eyes were pleasant and there was a kind look to his firm mouth.

He stood at the screen door, as embarrassed as she. Papa took his pipe out of his mouth and frowned from beneath beetle brows. Mama stopped her rocking, her fat face ruddy, her lips drawn into a thin line of disapproval. Cassie introduced him. His face reddened as he stood there in the uncomfortable silence. And finally he said, "I thought maybe you'd like to go for a drive—"

Leni. It was in a small envelope of thick vellum. "The Cavendish family were up last night when I took Lon home," he explained. He grinned. "They finally pumped the story out of us. They high-pressed Lon into promising he wouldn't see Leni again until Christmas."

"They didn't need to worry about Leni making a fuss. Nor about our letting Leni marry him. Why she's still in high school!" Cassie said bitterly. "And anyway, he isn't the sort we want Leni to marry."

"She's awfully pretty," Parker offered.

CASSIE was silent. Her hands were nervously creasing the edges of the envelope he had given her. "But I—you're even prettier," he reddened again, as he had back on the Fletcher front porch. "I'm horribly sorry about the whole thing, and I'm especially sorry we had to meet under such unpleasant circumstances."

"It's all right," Cassie said. "Everything's okay. Now if you'll just drive me home—or I can get out here. I wanted to stop at the drugstore anyway."

"You don't dislike me, do you, on account of what happened?" He glanced at her as he swung the car around a corner and across the creek bridge. Here was where Mike had asked her to marry him—only yesterday. Was it only yesterday? Her heart pulsed, remembering. Mike was probably gone by now, on that six o'clock train. Mike. Oh Mike!

"No, I don't particularly dislike you. Why should I?" She turned her brown eyes toward his. "Then why do you act so hostile?" He pulled the car to a stop at the tiny corner drugstore. "I wasn't aware of being hostile. I'm worried. I have troubles. If you were in my shoes you wouldn't be affable either. And anyway, what business is it of yours?"

"Well," he spread his hands out helplessly. "I guess it isn't. Only I hate to see you so upset. I really think Leni will get over thinking about Lon, eventually, if that's what you're worried about."

"It doesn't interest me, what you think!" Cassie said. She opened the car door and got out, and started across the walk. "Thanks for bringing the note," she said. She didn't go into the store after all, but started toward home.

SLOWING her steps as she took the shortcut across the commons and across the footbridge over the creek, she began to dredge up out of her memory all the things she'd ever heard or read about Parker Hamilton.

His father was president of the bank, she knew that, and the Hamiltons owned the old Machine Works. They had plenty of money and Parker was the only child. His mother was dead. Parker, she recalled, had been married once and divorced. He'd been in service, too, right after Pearl Harbor, in the Navy, and wounded, and then mustered out because of the injury.

She shrugged. Her hand felt again the crisp envelope of Lon's note in her pocket. Oh well, what if she had been beastly, she'd never see Parker Hamilton again, so what did it matter? Leni was up when Cassie got home. She sat at the kitchen table, eating a bowl of the chili Mama had saved for her. Her eyes were red-rimmed, her face blotchy and swollen. She looked somehow older than 17.

Her hair, a pinkish tangle, was tied with a pink ribbon and she was wearing the new pink housecoat Cassie had gotten for Christmas and never worn. Mama hovered at the sink, drying the dishes for Sid. "I let Leni put on your new housecoat, because I thought it would make her feel better, Cassie."

Leni, the sixteen-year-old, peeped over her face, did a look up. Cassie handed her the envelope and in an instant she slid from the chair and flew to the bedroom, tearing the note open as she went. (To Be Continued)

# McKENNEY ON BRIDGE

By WILLIAM E. MCKENNEY

America's Card Authority (Written for NEA Service)

When the mixed pair scores were posted at the recent national tournament at Hollywood, Fla., we were not surprised to see Miss Charlotte Sidway of Buffalo in second place with Herbert Sherman of New York. Miss Sidway has long been rated one of the stronger women players of the country. She is cool and collected and has what is called "a poker face."

She will never give away anything by her expression, she is quiet and an ideal partner. This was her first game with Mr. Sherman.

When I asked Miss Sidway for an interesting hand from the mixed-pair event, she gave me the one shown today, saying that she always enjoyed a hand where she could use her trumps separately.

Miss Sidway	♠ A Q 5	♥ None	♦ K J 10 8	♣ Q 10 7 5 2
Herbert Sherman	♠ J 9 8 2	♥ A Q J 10	♦ 5 4	♣ 7 3
Dealer	None	None	None	None

When I asked Miss Sidway for an interesting hand from the mixed-pair event, she gave me the one shown today, saying that she always enjoyed a hand where she could use her trumps separately. The point in this hand is that declarer must discard a spade on dummy's ace of clubs. A diamond must be discarded so that both of dummy's losing diamonds can be ruffed. Declarer must not lead trump because two of dummy's trumps are needed to ruff West's two small spades. Dummy's club ace won the first trick and Miss Sidway discarded a diamond. She played a small spade and put on the nine-spot from her hand. North won with the ace, and when he did not lead a trump, his partner realized that he had none. The second club trick was trumped by Miss Sidway and another spade led. North played the queen but South overtook with the king so he could lead trumps. Miss Sidway won the heart lead in her own hand, ruffed a spade in dummy, and another spade in dummy, making her contract of four hearts doubled and redoubled, with an overtrick.

POLAND'S PRESS  
WASAW—(AP)—Poland now has over 500 different publications. These include 50 daily newspapers, 99 weeklies, 70 bi-monthlies, 232 monthlies and 22 quarterly papers.

# DISSERVICE WITH A GRIN

CHICAGO—(AP)—A pair of grinning gunmen who took \$500 from David Ruma's clothing store came back ten days later, greeted the proprietor with a cheerful "We're back again," snatched \$210 and left with a good-natured promise to "See you again soon."

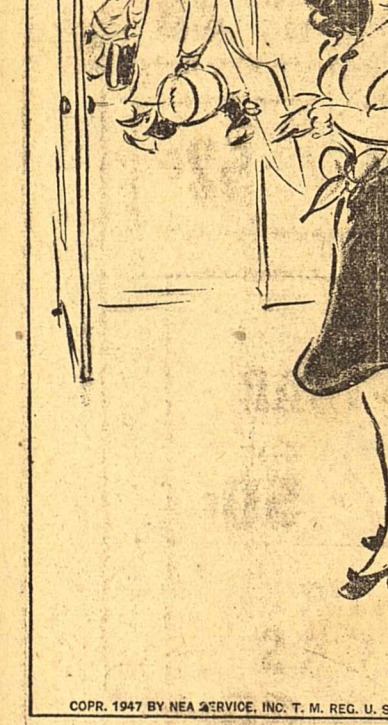

# STREET RUNS TOO FAR

SANTA FE, N. M.—(AP)—Camino de las Vacas—Street of the Cows—has been lost or has strayed in this ancient city. The Santa Fe city council was notified that the street is 40 feet south of where it was originally established 60 years ago. The city street committee was assigned the task of corralling the straying street.

# Bohemian Mining Town Honors Slain American

KLADNO, CZECHOSLOVAKIA—(AP)—This little Bohemian mining town has unveiled, for the second time, the bronze tablet that marks the birthplace of one of its favorite sons, the late Mayor Anton Cermak of Chicago, slain in the assassination attempt upon President Roosevelt. Several hundred of Kladno's citizens turned out for the ceremony and there were speeches by U. S. Ambassador Laurence Steinhardt, Prof. J. B. Kozak, formerly of Columbia University, and now of Charles University, Prague, and by officials of Kladno. The Germans had removed the tablet and brought it to Prague to be melted down with other bronze for gun manufacture. Residents of Kladno came to Prague, stole the tablet and hid it.

# Radio Equipped Cab Summons Police Aid

LEWISTON, ME.—(AP)—Radio equipment installed in cabs by the Union Square Taxi Company to expedite office-drivers' communication has proved an unexpected ally of public safety. When a cabbie was shot January 4 in a holdup attempt by two passengers the slightly wounded driver called for police help by radio, and the pair were quickly captured. A driver who saw an 18-year-old girl injured by a truck January 8 radioed the taxi dispatcher to send police, who arrived three minutes later to hospitalize the girl.

**UNRRA Relief Supplies Total \$2,281,759,000**

WASHINGTON—(AP)—UNRRA reported that shipments of relief supplies through December 31 totaled 19,257,970 tons costing \$2,281,759,000.

These supplies were from all sources, including the United States. Remaining to be shipped to wind up the UNRRA program are supplies costing \$661,949,000.

Officials of the U. N. relief agency estimated that shipments would continue to Europe probably until April and to China until July.

**Individual Service Is Pleasing**

Danish shepherd's pie served in individual dishes.

By GAYNOR MADDOX  
NEA Staff Writer

Put a touch of individuality into the family dinner. Cook the main dish in individual dishes and serve in the same dishes.

**Danish Shepherd's Pie**

(Serves 4)

One pound ground beef, 1 diced onion (medium size), 1 tablespoon fat, 1 teaspoon salt, 1/8 teaspoon pepper, 2 cups cooked corn, 2 cups mashed potato, parsley, paprika.

Brown meat and onion in fat. Add salt and pepper. Arrange meat and onion in bottom of four heat-resistant glass deep pie dishes. Then spread a layer of corn on top of the meat. Top with fluffy mashed potato and set in a moderate oven (350 degrees F) for 20 minutes or until potato is browned. Garnish with parsley and paprika. Individual desserts please everyone. Here's a steamed pudding that

will lend itself to individual serving.

**Fruit Pudding**

(Serves 12)

One cup melted bland lard, 3 eggs, 1 cup brown sugar, 1/2 cup molasses, juice and grated rind of 1 lemon, 2 cups fine bread crumbs, 1 cup sifted flour, 1/2 teaspoon soda, 1 teaspoon salt, 1/2 teaspoon nutmeg, 1 teaspoon cinnamon, 1 cup white raisins, 1 cup currants, 1/2 pound citron.

Beat eggs until fluffy. Add melted bland lard, sugar, molasses, lemon juice and rind. Beat together. Add bread crumbs. Sift flour, soda, and salt with spices. Combine with raisins, currants, and chopped citron and stir in well. Rub individual molds with bland lard. Fill 2/3 full with batter. Cover with waxed paper. Tie securely. Place in steamer. Cover and steam about 1 1/2 hours.

**Malnutrition Faced By White Russia If UNRRA Food Cut Off**

MOSCOW—(AP)—Theodore Waller, Acting United Nations Relief and Rehabilitation Administration Chief in White Russia, said that with UNRRA food cut off, much of White Russia's population faced malnutrition.

Waller estimated at a news conference that 15 per cent of White Russia's village population would require outside aid and that the remaining village population was barely self-supporting. He predicted consumption of fats and oils would drop to less than nine pounds a person—one-sixth previous.

He said collective-farm peasants this year would receive as payments in kind only about half the grain they received before the war, and that potato and vegetable yields still were substantially lower than before the war. He reported a shortage of tractors and fertilizer, and said only about a fourth of White Russia's fruit orchards still stood.

Waller said UNRRA had been given full freedom of inspection and distribution and had been widely publicized in White Russia.

Waller, reporting "tremendous progress" in White Russian housing, said only about 20,000 of 250,000 rural people homeless at war's end still were in dugouts.

**Friends, Dogs Come To Postman's Rescue**

TULSA—(AP)—When residents on Tulsa's Southside learned that Postman Dick Denham was to be transferred from their mail route after 25 years service, they petitioned Postmaster George Watkins to reconsider.

Along with the names of 100 persons, the petition contained the "paw prints" of five dogs Denham had befriended on his twice-daily tours of the neighborhood.

**POSITIVE PROOF**

CHAMPAIGN, ILL.—Minnesota beat Illinois to fulfill coach Dave McMillan's prophecy that the Gophers were a better basketball team than a lot of people suspected.

Saavedra, who discovered New Guinea in 1528, gave it the name of Isla de Oro—Island of Gold.

**Registration Of All Firearms Recommended**

WASHINGTON—(AP)—Federal law requiring registration of all firearms except sportsmen's small-caliber rifles and shotguns were recommended by Attorney General Tom C. Clark.

In a report to Congress, Clark said the war had made guns easier to obtain and thousands of revolvers and automatic pistols originally issued to members of the armed forces "are in the possession of persons who do not appear to have acquired them legitimately."

**FACING METHUSELAH**

HIALEAH, FLA.—Bill Obert, old-time living active jockey, keeps his age to himself. But Jimmy Butwell of the Gables Association forces, who celebrated his 60th birthday, says Obert was riding for 10 years before he donned silks.

**'Flying Spearhead' of the Future**

Many designers believe the fast-as-sound, tailless air liner of tomorrow will have super-thin, swept-back wings to reduce and delay deadly compression that tears conventional planes to pieces. Tailless trans-ocean liner of the future, above, was sketched by Geoffrey Smith, British jet propulsion authority. This plane would be flown by four gas turbine jet engines in trailing edges of wings, which have 45-degree sweep-back.

**SHIPMENTS ARE RISING**  
AUSTIN—(AP)—Recovering from losses incurred by waterfront strikes, the unloading of Texas freight cars for export and coastwise shipments continues on the rise, the Bureau of Business Research reported, recently.

**'Aladdin' Tickets Placed On Sale**

Tickets for the Clare Tree Major Children's Theatre production of "Aladdin and His Wonderful Lamp," to be staged at 7 p. m. Tuesday in the high school auditorium, went on sale Thursday. The performance here is sponsored by the American Association of University Women. Tickets may be bought from Mrs. W. A. Walston, phone 782-W, and Mrs. E. H. Scobey, phone 2376-W.

The AAUW is sponsoring the play because as a civic and educational organization it wishes to contribute to the intellectual and artistic development of the children by offering them the joy, color and glamor of the theater, Mrs. Scobey, AAUW president, said.

"The need for the ethical and cultural qualities inherent in performances of classic children's stories cannot be emphasized too strongly in view of the appalling increase of juvenile delinquency all over the country," she added. "Ideals offered by the plays of the Children's Theater reinforce the teaching of parents and educators in their fight to prevent delinquency."

**India Lawyers Seek End Of Jury System**

MADURA, INDIA—(AP)—The lawyers conference of Madras Province, one of the most reputable legal organizations in India, has appealed for abolition of the jury system on the grounds that the evils it leads to "are much greater than the benefits."

Numerous publications have claimed that the jury system, brought in by the British, was not suited to the Indian mentality. Most commentators have asserted that the opportunity for "fixing" a jury was much greater than "fixing" a judge, and that juries in India are more inclined to be biased toward friends and neighbors.

**HUGE POPULACE**  
New York City has a greater population than that of nine states combined: Arizona, Delaware, Idaho, Nevada, New Mexico, North Dakota, Rhode Island, South Dakota, and Wyoming.

**RFC Will Sell Jap Cotton Goods To The Netherlands**

WASHINGTON—(AP)—The Reconstruction Finance Corporation has announced completion of arrangements to sell about 40,000,000 yards of Japanese cotton goods to the Netherlands, for distribution in the Netherlands East Indies.

The RFC announcement said the transaction was being handled by an RFC subsidiary, the U. S. Commercial Company. It will represent approximately \$10,000,000.

The RFC also announced that Great Britain has purchased an additional 3,500,000 yards of Japanese textiles for use in Hong Kong.

The RFC said the purchases were made by the Crown Agents for the Colonies of Great Britain, at a cost of approximately \$900,000.

In addition, the RFC said in a press release, the U. S. Commercial Company, an RFC subsidiary, has concluded sales of approximately 3,300,000 pounds of Japanese manufactured yarn to Burma and to Hong Kong.

**Ruling By Judge Does Not Affect Rationing**

WASHINGTON—(AP)—Federal District Judge F. Dickinson Letts ruled Wednesday that OPA's "historical use" base for rationing sugar to industrial users is invalid.

Charles W. Quick, chief counsel for OPA's Sugar Division, called the ruling preliminary and said it does not affect sugar rationing at this time.

**Automatic Gauges Broadcast Reports**

VINITA, OKLA.—(AP)—Automatic gauges and radio transmitters which turn themselves on broadcast daily reports to keep engineers of the Grand River Dam Authority posted on water levels of three major streams flowing into the big North-eastern Oklahoma reservoir.

The gauges broadcast coded signals over the radio from perches on bridges spanning the Elk River in Missouri, the Spring near Quapaw, and the Neosho near Commerce, Okla.

Transmissions are recorded in field headquarters at Pryor and at the Pensacola dam, where the information is used in computing the "head" that will be available to drive the power plant's five hydroelectric turbines.
