The Fourth Republic

Adolf Hitler set out to rule or ruin, and on the continent of Europe he was partially successful in doing both. His rule prevailed until the Normandy invasion and the subsequent Russian advance. The ruin, which left Germany battered and broken and her neighbors exhausted, endures today.

It remains to be seen whether that ruin is permanent and whether the one-time center of world affairs is to become an area of minor satellite states. The answer undoubtedly lies with France, and the determining factors in that answer may soon become apparent.

France now has a permanent government, at least on paper. The period of provisional rule has ended with the adoption of a new constitution and the selection of Vincent Auriol as president and Paul Ramadier as premier. With the proclamation of the Fourth Republic France becomes—again, on paper—the strongest country on the European continent west of Russia.

Her principal rivals, Germany and Italy, are out of

Current High Salaries Will Ruin Baseball

high baseball salaries, particularly fabulous sums being paid to Bobby Feller, Hal Newhouser, and Ted Shooter Sco Williams, will "ruin" the game, says General Manager Herb Pennock of the Philadelphia Phillies.

It can't last—the way players are digging into clubowners' billfolds, Herb commented, adding gloomily that the Phils might go bankrupt in a year or two-if game attendance falls and player pay checks fail to deflate.

Pennock, who observed his fiftythird birthday Monday, was speak-ing of salaries generally but he said he had in mind particularly the \$80,000 which he thought the Cleveland Indians were paying Feller, and the \$65,000 and \$60,000 which he figured Newhouser and Williams would get from Detroit and Boston.

Rickey Labels Himself As 'Durocher Man;' Denies Managerial Change At Ebbets Field

BROOKLYN—(P)—Leo Durocher has a vote of confidence from the man who counts most, Boss Branch Rickey of the Brooklyn Dodgers. Labeling himself a "Durocher man", Rickey bluntly denied rumors there might be a managerial change at Ebbets Field in 1947 as the result of "what happened in California".

Durocher, long absent from Flatbush, is due Friday for a series of

conferences with Rickey on "developments about the ball club". Anticipating a press conference query, Rickey insisted, "none of the dozen subjects we must discuss has anything to do with what happened in

Among the matter before Durocher for decision is the choice of players from the farm system that he wishes to take to the Havana training camp, players who are not on the Dodgers' active list. It is expected that two will be advanced from the Fort Worth list for closer

Rickey admitted he had talked over the Durocher case briefly with Commissioner A. B. Chandler, adding that the commissioner had a sound understanding of Leo's difficulties.

The Dodgers' president said he was much more interested in any possible effect the situation might have on Durocher's frame of mind.

Navy's 'Mites' Prepare To Meet West Virginia's Undefeated Mountaineers

ANNAPOLIS, MD.—(A)—Navy's "Mighty Mites" are going to put to a severe test Wednesday evening the theory "the bigger they come the harder they fall".

Merry Tune

The Middies are out to chop down to their size the

*West Virginia basket ball five — undefeated in 12 game and a leader in the country. Only the Mountaineers and Duquesne are without defeat as the season swings into its last month.

The Navy, a peanut-sized outfit among today's skyscraping hoopsters, has earned top recognition in the East, at least, by winning all but one of a dozen games—the last nine in a row.

Coached by Ben Carnevale, in his first year at Navy, the Middies average three inches less than the conventional six feet while West Virginia's five goes for an average of six feet, three inches. The dynamo of Carnevale's bee-busy outfit is Capt. Kenny Shugart.

They call the Navy leader "sugar' and he's a sweet player according to Carnevale. The coach says flatly "Ken is the greatest little guy I've ever seen on a basket ball

Fred Schaus Is Key Man On the other extreme for West Virginia is a towering first-yearling Fred Schaus. The six-foot, four-inch forward is one of three freshmen who ousted holdovers from last year's Mountaineer squad that was good enough to go to the semi-finals in the National Invitation Tournament in Madison Square

Garden. Both teams are primed for the contest. Navy knowing a victory will wipe out that one loss to George Washington and leave no further doubt of its position among the nation's best. West Virginia, al-though under the strain of its unbeaten record, need only to be reminded by Coach Patton the Middies handed the Mountaineers one of its only two losses last year to go all-out to brush off the "Mighty Mites"
