HUMBLE TO DIG ANOTHER MIDLAND COUNTY WILDCAT

Humble Oil & Refining Company has filed application to drill a 5,000-foot wildcat in East Midland County, about 15 miles southeast of Midland.

It is to be Humble No. 1 Dixon, and is located 660 feet from south and 1,380 feet from east lines of section 9, block 37, TP survey, T-3-S. According to the application, drilling is to start at once.

Some maps show the lease to have been owned recently by Fuhrman Petroleum Corporation. Apparently Humble has acquired it.

The new location is 1,320 feet due north of Humble No. 1 Floy, which is now coming out with a core from 9,10-20 feet, in a lime and shale section.

DST AT FLOY GETS SMALL SHOWS OF OIL AND GAS

That prospector, which is 660 feet from north and 1,980 feet from east lines of section 16, block 37, TP survey, T-3-S, took a drillstem test for 70 minutes at 9,475-9,510 feet. There was a blow of sweet gas at the surface in three minutes after the tool was opened. It was estimated at 80,000 cubic feet per day.

Recovery, when the drill pipe was broken down, was 145 feet of 41-gravity green oil and 450 feet of heavily oil and gas cut drilling mud.

Recovery, when the drill pipe was broken down, was 145 feet of 41-gravity green oil and 450 feet of heavily oil and gas cut drilling mud. Age of the section showing the small indications of possible production has not been reported by operator. This section is different from either of the other two formations which are producing small quantities of oil in two other deep wells on Humble's large block in that region.

OUTPOST TO DISCOVERY

Stanford Oil & Gas Company No. 1 Celia A. McGee, in extreme Central-West Andrews County, and 10 miles southeast of Eunice, N. M., is to be a semi-wildcat to 10,900 feet, to try to develop production in the Ellenburger.

It is one quarter of a mile east of Humble No. 2 Sims, discovery for Ellenburger production—and up to now the only well—in the Freund field. Drilling with rotary is to start at once.

SPIRITED LEASE PLAY IN FLOYD COUNTY

A spirited leasing play has developed in South Floyd County. The activity was set off by the showings made at Stanford Oil & Gas Company No. 1 Fisher, discovery for flowing oil from the top of the Pennsylvanian in Southeast Hale County, six miles northwest of Petersburg, from pay at 6,881-6,992 feet.

Informed sources report that a large number of independent lease men have been working in South Floyd County and it appears that several wildcat blocks are in process of being formed.

So far as has been reported none of the major companies have officially appeared in the Floyd County play.

Most of the buying that has been done is said to have been on the basis of one dollar per acre bonus, for ten-year commercial leases, with fifty cents per acre annual rentals. Up to now no announcements have been made regarding plans for drilling of any wildcats in the South Floyd County sector.

CROSBY WILDCAT STARTED

Humble has started drilling on its No. 1 Thomas Montgomery, in North-Central Crosby County, in southeast corner of section 21, block 2, B&B survey. It is contracted to 10,000 feet. The shows made by this prospector will be watched closely by those who are interested in the possibilities of petroleum being produced in South Floyd County.

ANDREWS OUTPOST

Fred Turner, Jr., No. 2-A Ralph Ogden, 660 feet from north and east lines of section 15, block A-36, ps1 survey, is a one-quarter of a mile north stepout from the nearest oil well in the Shafter Lake sector of North Andrews County.

It is to be drilled to 5,000 feet, with rotary, starting at once.

Turner No. 1-A Ogden is swabbing to test above total depth of approximately 4,410 feet. It has indicated that it will make a producer. The same operator has two wells on the Fisher lease, in the same area, which are completed as producers, but are now shut in on account of lack of pipe line outlet.

California Blast Kills 15, Injures 158

LOS ANGELES—(P)—After a night spent probing beneath glaring searchlights, police Friday fixed the death toll from the city's worst explosion in 37 years at 15. Of the 158 injured sufficiently to require hospitalization, several were feared dying.

The scene, as police and firemen shifted the blasted rubble of an electroplating plant, resembled a garishly lit nighttime movie set. Except that there was nothing fictional about the carnage.

The one-story brick plant of the J. J. O'Connor Corp., a mile from the center of downtown Los Angeles, blew apart in a blinding flash of chemicals Thursday. It was hours before a clear picture of the disaster could be pieced together.

Police and fire officials finally agreed that it was caused by the detonation of perchloric acid, an extremely unstable substance kept under pressure in refrigeration because at room temperature it is a seething, heavy liquid. But how the acid was set off remained a mystery.

O'Connor told reporters "we were doing something for the government."

Most of the victims of the city's worst blast since the Los Angeles Times dynamiting killed 20 men in 1910 were in the plant or adjacent heavily damaged buildings, although a 10-year-old negro riding his bicycle several blocks away died under a plummeting piece of metal.

Four houses were almost completely wrecked, windows were broken within a mile's radius, glass shattered as far distant as 70 blocks, and the entire downtown district was jolted as if by earthquakes, sending terrorized citizens to telephones, quickly jamming police and newspaper lines.

Twelve fire companies battled the resultant blaze and a dozen spots fire started by flaming debris in the neighborhood.

A lowering cloud of smoke, which many witnesses likened to that in newsreels of the Bikini atom bomb blast, mushroomed up, hung over the area for minutes.

Britain Opposes Columbian Proposal

LAKE SUCCESS—(P)—Great Britain Friday opposed a Columbian proposal to refer to the International Court of Justice Britain's complaint that Albania is responsible for the deaths of 44 seamen in two Royal Navy destroyers blasted by mines in Corfu Channel October 22.

The international court is "not a police court," British Delegate Sir Alexander Cadogan remarked tartly as the United Nations Security Council prepared to meet and resume debate on the Albanian case.

The British delegation said it was not against sending the issue to the court at The Hague for a judgment on principles involved, but insisted that the immediate case should be treated as a crime trial. British demands for an apology and compensation are satisfied.

Eduardo Zuleta Angel, Colombian delegate, announced his intention of proposing a settlement by the international court, which has yet to receive a case from the Security Council or the General Assembly. Syrian Delegate Faris El Khoury said he would support such a proposal.

A terrific explosion rocked downtown Los Angeles, leaving a whole city block leveled. One hundred and fifty-eight persons were injured and 15 were killed when an electro-plating plant exploded. This is an over-all view of the burning debris.

AFL Official Favors Labor Legislation

WASHINGTON—(P)—George Q. Lynch, an AFL official, told Congress Friday that workers who strike to force employers to violate the law should be deprived of their rights under the Wagner Labor Relations Act.

Lynch is vice president of the AFL Metal Trades Department. In taking this stand he became the first union official to testify in favor of any major provision of legislation before the Senate Labor Committee.

Committee members have criticized other labor witnesses sharply. He said, without elaboration, "and failure to offer suggestions on how the laws might be changed to check industrial strife. These witnesses included CIO President Philip Murray and AFL Chief William Green.

Lynch's endorsement had a resounding effect for what he called a "negative" in his prepared statement, that when "evenness of administration" has been established under the rules of NLRB procedure, "then it will be reasonable to require unions to abide by board certification without recourse to strikes for the purpose of coercing employers to violate the law of the land."

Taft Calls For Senate Showdown

WASHINGTON—(P)—Senator Taft (R-Ohio) called for a Senate showdown Friday on whether to offer federal agencies—principally the Army and Navy—\$1,500,000,000 more than the House did in voting 239 to 159 to trim \$8,000,000,000 off President Truman's budget.

Taft, who heads the Republican Policy Committee, told a reporter he sees no reason why a decision should not be reached quickly on the proposal by Senator Millikin (R-Colo) to put a ceiling of \$39,000,000 on government cost in the year beginning July 1.

The House specified a "limit" of \$31,500,000,000 compared with Truman's request for \$37,500,000,000.

Oil Workers Approve Wage Agreement

LOS ANGELES—(P)—Workers registered 97 per cent approval Friday of an agreement between two major oil companies and the CIO Oil Workers International Union, and definite end to a strike threat which would have curtailed both transportation and natural gas heating in five western states appeared assured.

A 10 cents an hour increase on basic pay, plus a \$17.70 per month cost of living boost until next December 31. Effective date would be last January 1.

CONCEDE DEFEAT

MOSCOW—(P)—Russia's supreme Soviet scheduled debate Friday on a 1947 budget calling for the Soviet Union to devote only 18 per cent of her total budgeted expenditures to the armed forces, compared with 24 per cent last year.

Informed onlookers, judging by past performances, saw no reason why the budget should not pass both houses—the Council of Nationalities and the Council of the Union—as submitted by Finance Minister Arseni G. Zverev to a joint session Thursday night.

Zverev recommended that the Soviet Union this year spend \$74,250,000,000. Of this, he proposed that \$13,400,000,000 be spent on defense.

Oil & Gas News—

ANOTHER COKE LOCATION

Sun Oil Company has made location for its fourth exploration in the Silver field in Northwest Coke County. It is to be Sun's No. 2 Fred Jameson, located 1,990 feet from south and east lines of section 315, block A-1, H&TC survey.

That puts it one half mile due south of same company's No. 1 Fred Jameson, which is now coring from 6,310 feet, in a lime and shale section.

This project ran a drillstem test at 6,280-6,300 feet. It was open one hour. There was a slight blow of air for a part of the period. Recovery was 90 feet of gas-cut drilling mud. No appreciable shows of oil, and no water were developed in the test.

This investigation was taken after a core at 6,290-6,300 feet recovered four feet of section. Top one foot was gray shale, the next foot was lime, with spots of fluorescence. The next foot was shale, and the last foot was lime, with some signs of oil.

That core had previously been reported, through error, as having all been shale.

After the drillstem test at 6,280-6,300 feet, operator cored at 6,300-10 feet. Recovery was four feet of material, with the upper three feet being shale and the bottom one foot being lime, with shows of petroleum.

Pigs Are 'Black Gold' To Farmers

CHICAGO—(P)—The pigs coming to market now-a-days are the most valuable combination of meat and lard ever to land in the stockyards.

With prices experiencing a persistent upturn, pigs are "black gold" to the farmer who reared them and a mighty wallop to the pocketbook of the consumer who will eat the meat that comes off them.

Average price of all hogs sold on the union stockyards Thursday was the highest in history at approximately \$26.50 a hundred pounds. Top price of \$27.50 matched the all-time record high set last October 15. A year ago the OPA ceilings on live hogs was \$14.85.

Responsible for the price advance, livestock sources said, were small receipts and a continued good demand for pork from housewives, who still haven't met up with the retail prices which correspond to the quotations live hogs have brought this week.

RUB ON VICKS VAPORUB

Three generations ago Dr. Kilmer, a famous doctor, found hundreds of his patients with this trouble. Painstakingly he made a medicine of 16 herbs, roots, vegetables, balsams—Nature's own way to relief. He called it "Swamp-Root" and millions of grateful men and women have taken it—often with amazing results.

Swamp-Root goes right to work to flush out kidneys... increases flow of urine, helping relieve excess acidity... so the irritated bladder gets a good flushing out, too. Many report getting a good night's sleep after the first few doses. Caution: take as directed.

For free trial supply, send to Dept. T, Kilmer & Co., Inc., Box 1255, Stamford, Conn. Or—get full-sized bottle of Swamp-Root today at your drugstore.

FLUSH THEM OUT THIS DOCTOR'S WAY

If you get up nights—have frequent desire to pass your water—but have only scanty passages—yes, and have backache, due to excess acidity in the urine, be glad you're reading this:

Sul Ross College President Speaks To Midland City-County Federation

"Education is the best insurance we have against dictatorship," Dr. Richard M. Hawkins said Thursday afternoon, when he spoke to members and guests of the Midland City-County Federation of Women's Clubs in the home of Mrs. Andrew Fasken, 1511 West Missouri Avenue.

Dr. Hawkins, president of Sul Ross College, Alpine, discussed the four great freedoms of human freedom. He listed them as the Renaissance, freedom of mind; the Reformation, freedom of spirit; the French and American Revolutions, freedom of politics; and the Industrial revolution, freedom of economics.

Dr. Hawkins said that "too often we apologize for the imperfections of America and too often we fail to understand the moral and spiritual force in America."

The guest speaker was introduced by Mrs. William Kerr. The meeting was directed by Mrs. Ernest Neill, president of the federation. Mrs. Ernest Sidwell is president of the Woman's Wednesday Club which was the hostess group.

The group decided to send flowers and a note to Lydie Watson, a member of the federation who is ill and to contribute \$2 toward a gift for Mrs. R. S. McCracken, of Marfa, district president.

Mrs. Sidwell and Mrs. J. Howard Hodge poured during the tea hour which followed the meeting. The table was centered with an arrangement of pastel colored sweetpeas in a crystal holder on a mirror reflector. The floral arrangement was flanked with pink candles. Snapdragons, stock and sweetpeas were used in other arrangements about the house.

Mrs. C. M. Goldsmith presided at the registry.

The Wednesday Club hospital committee includes Mrs. Al Cowden, Mrs. Fasken and Mrs. C. W. Chancellor.

*The
LOST
CHILD*

It's a big world! And it never seems bigger to anyone, than it does to the child who is lost.
Some instinct compels her to go on . . . but she does not know where she is, or where she is going.
Millions of American children are lost. They are growing up to face life without the *sense of direction* that makes all the difference between happiness and hopelessness.
The simple religious truths that a child learns in Church—though they seem so elementary to parents—are the foundation of fruitful living. Faith in God, a knowledge of right and wrong, a sense of purpose in living . . . with these no one can be lost.
What are you doing to help the Church to show your child the Way?

**THE CHURCH FOR ALL . . .
ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend and support the church of his choice. They are: (1) For his own sake of his community and nation. (2) For the sake of the Church itself, which needs his moral and material support. Plan to go to church on Sunday and read your Bible daily.

Love Has Two Faces By Irene Lonnen Ernhart Copyright, 1947, NEA SERVICE, INC.

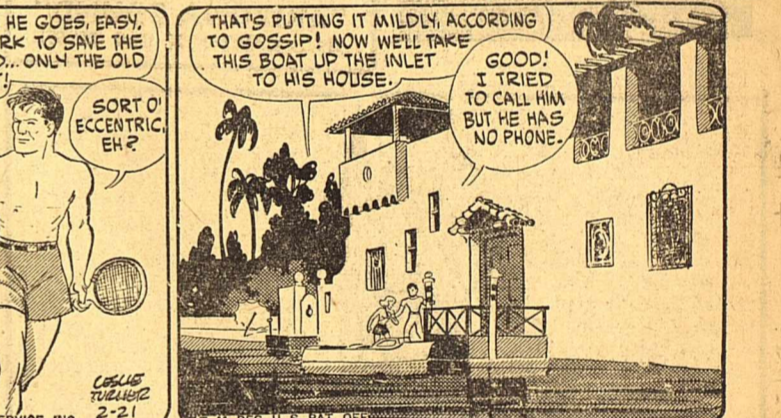

XXXII LOTS of people got air-sick. It didn't mean anything. It couldn't, Cassie thought. Reno was crowded and the tiny room in the hotel was stuffy and overheated. The wild reckless atmosphere of the whole town made her feel slightly ill. And she hated the chilly-eyed lawyer Mike had contacted for her. Cassie had never before known what loneliness was. Not real loneliness. It was part of the air she breathed. Every breath hurt. It ached in her chest and stayed in sort of a lump in her throat. And the worst of it was that it was Parker she longed for. Parker with his thin brown face, and his strong hands, and his brown eyes. But it was useless to think of Parker. Useless to want him now. Too late. Four weeks crept by. Mike wired her he was coming the 27th. That was the day before Thanksgiving. She had to make up her mind what to do about Mike. Funny how she had always imagined Mike to be the only love—the one real love of her life. She was fond of him. His gayety and recklessness were attractive—they would be to any woman. But there was no depth to the feeling she had for him. It had no roots at all. An adolescent dream—was all that it had ever been, a dream she had clung to through her marriage, like a glittering bauble clutched in a child's hand. And now it seemed to be all that was left. THE day Mike was due, she put on a new black dress and a three-strand pearl choker necklace and the crazy new black hat that looked like the leaning tower of Pisa, and lots of make-up. She met him at the airport. She was glad to see Mike. She would have been glad to see anyone who could dispel in the least the cold feeling she had of being so alone. Mike took her in his arms at once and kissed her soundly, and she kissed him back. There was a flash then and she heard a reporter say to another, "That's Parker Hamilton's wife—you know—that new radio show in the East that's making such a hit. She's out here for the brush-off." They got into the taxi, and Mike turned and looked at her, his blue eyes examining her face shrewdly. "For Pete's sake, baby!" he said. "What's happened to you? Are you sick?" She shook her head. "I've been so lonesome I could have screamed. Every night the same thing over and over, lying awake, thinking, and no one to talk to." He held her hand and stared at her. "Cassie, you're lying to me." "No, Mike. I haven't felt too good, but—"

"Well, I—I haven't been feeling so hot." "That's what I thought. Why didn't you wire me? Have you been to the doctor? Cassie, you look like a ghost!" "Mike, I—I might as well tell you and get it over with. You aren't going to like it a bit." Mike looked at her and she could tell in an instant that he knew. "You're going to have a baby. That's it, isn't it?" "It was funny—Mike saying it in that gentle way. There didn't used to be any patience or gentleness in him, Cassie thought crazily. "I found it out after I got here—for sure I mean." She twisted her handkerchief in her hands. Mike gulped the rest of his drink and signalled the waitress for two more. "Well, I guess that doesn't make any difference, does it? If that's what's worrying you, baby. I never counted on anything like that, but as long as it's you and me from now on—nothing else matters—not even that." "No, Mike. I've—changed my mind." "About me or about the divorce?" "Not about the divorce—about marrying you," she said quietly. Mike picked up the cherry from an empty glass and twirled it by its stem. "I guess maybe you're still in love with Parker, after all. Is that it?" "He was trying hard to keep his voice casual but she could see that his face was very white." "Yes," she agreed reluctantly. "I guess that's it." "I suppose you've heard every broadcast since you've been out here, and bawled yourself to sleep every night." "I'm going ahead with the divorce," she told him. "But we're all washed up—you and me." "Oh Mike—I'm so sorry. I'm so stupid, and I've made such a mess of everything, but I never wanted to hurt you, Mike. Never." "Why go ahead with the divorce at all if you're in love with him? Why?" Stanton Buffs Are District Cage Champions

STANTON — The fast-stepping Stanton Buffaloes defeated the Courtney Eagles 28-24 for the second time in a row in Courtney Wednesday night to win the basketball championship of District 21-B.

The Stanton cagers nosed out the Eagles 33-31 in the first game of the championship series in Stanton Tuesday night.

Billy Ray Avery and LeRoy Gregg led the attack for Stanton in the final game. Avery scored 10 points and Gregg seven. B. J. Smith and Benny Kelly got six points each for the Eagles.

The second Stanton victory eliminated the possibility of a third game which would have been played in Midland Friday.

Stanton now is eligible to compete in the Regional Two tournament in Abilene February 28 and March 1. The Buffaloes will be one of eight district winners competing. The regional champions will be eligible to participate in the state tournament.

At 2:30 p. m. Abilene was slated against Big Spring.

The Midland-San Angelo scrap was a toss-up.

Frank Olgin Wins Over Cecil Wilson In Boxing Bout

Bang-away good fights were the results of boxing matches conducted by the physical education department of Midland High School in the gymnasium Wednesday.

In the feature bout, Frank Olgin, 134-pound Mexican puncher from John M. Cowden Junior High, outpointed Cecil Wilson, also 134 pounds, from Midland High.

Olgin rallied to win. Wilson hurt him at first with nice rights to the body in the short-meet region. The junior high puncher won the decision with a flurry of punishing left hooks and right uppercuts.

This main bout lasted three rounds.

Pairings Listed
In other matches of two rounds: T. A. Devore, 155, fought Bob Hunter, 142; W. R. Dale, 135, slugged with Joe Davis, 132; Michael Steig, 172, sparred Fred Harvey, 135; Roy Floyd, 145, tangled with Jimmy Roberts, 135; and A. C. Treadway, 133, mixed with Randal Smith, 144. No decisions were given in these fights.

Students were turned out of classes for the boxing matches at the high school and Junior High sent over a delegation. These fights will be made an annual feature. They concluded a three-weeks program of boxing taught by Earl Glasie.

Ken Kearns officiated the bouts and Jack Mashburn was time-keeper. Glasie coached.

The main event each year will be the best fighter from Junior High in his weight against a fighter from the High School of that weight.

Graziano Is Free To Fight Outside New York; Who Will Fight

NEW YORK — (P) — Rocky Graziano is free to fight outside of New York state, but who will fight him? Anyone who does may meet the same fate as the leading middle-weight contender who had his New York license revoked several weeks ago on a charge of failure to report a \$100,000 offer to throw a fight.

Col. Eddie Egan, chairman of the New York Commission, has maintained a discreet silence on this angle since the National Boxing Association announced on Tuesday that its member states were free to disregard the New York ruling.

It seems clear that any fighter now licensed to fight in New York, and this includes all the topnotchers, would run a grave risk in disregarding the commission ban and meeting Graziano anywhere while Rocky is on the shelf. Anything that might keep them from appearing in Madison Square Garden, where the big purses are, usually makes a fighter and his manager think twice.

Finds Profitable Use For Surplus Army Pajamas

DALLAS — (P) — Even used Army pajamas are good for something, the War Assets Administration found out. O. W. Bell, of Hobbs, N. M., bought and turned 13,000 pounds of them into ready for cleaning oil machinery. He made a profit, too, on reselling them to oil companies.

A&M Directors Meet To Decide Two Problems

COLLEGE STATION — (P) — The Texas A&M College board of directors met Friday with two highly controversial matters—a protest from the cadet corps over disciplinary rules and dismissal or retention of the head football coach—coming before it along with a full agenda having to do with administration of the institution.

Four yearlings by Mahmoud, imported gray horse foaled in 1933, averaged \$33,750 per head during 1946 auction sales.

ABILENE — (P) — Hardin-Simmons' little all-America Rudolph "Little Doc" Mobley received a bonus and contract for between \$7,500 and \$10,000 to play professional football with the Baltimore Colts.

Sayles said Mobley told him over the telephone from Houston "the offer simply was too good to turn down."
