GAINES PROSPECT SHOWS SOME OIL; TO RE-TREAT

Cities Service Oil Company No. 1 Riley, possible wildcat discovery in West Gaines County, about 15 miles west and south of Seminole, and at center of northeast quarter of northeast quarter of section 361, block G, CCSD&RNGG survey, was slated to re-treat with third shot of acid in open hole at 7,040-7,251 feet.

That zone was treated with 1,000 gallons of acid. Operator swabbed six hours and recovered all the load and residue from the acid.

The project was then re-treated with 4,000 gallons of acid. After the load from the treatment was lifted the well swabbed and flowed to pits for five hours. It then flowed 18 barrels of oil to tanks in five hours and died.

While waiting for acid for the third injection to reach the location operator was swabbing. No signs of water had been observed.

ALBAUGH SPUDS 'HOT' S-E DAWSON WILDCAT

Ray A. Albaugh No. 1 Graves, Southeast Dawson County, wildcat to 6,500 feet, in southeast corner of section 43, block 34, TP survey, T-4-N, had spudded and was drilling ahead with rotary.

Dave Duncan of Big Spring has the drilling contract. This prospector is on a spread which is supposed to be a "hot" spot.

COKE PROSPECTOR HAS DRILLING IN LIVE ZONE

Sun Oil Company No. 1 Fred Jameson, one-quarter of a mile south of the discovery well of the Silver field in Northwest Coke County, was reported by operator to be drilling at 6,333 feet in an unidentified line.

Many interested observers are hoping that the Ellenburger will be entered shortly. It, and when that formation is entered, a drillstem test likely will be under-taken soon as it is definitely certain that the horizon has been penetrated.

It is 1,980 feet from west and 660 feet from north lines of section 315, block A-1, H&C survey.

MIDLAND WILDCAT TO TAKE DRILLSTEM TEST

Humble Oil & Refining Company No. 1 Floyd, wildcat in East Midland County, about 15 miles south-east of Midland, and 660 feet from north and 1,980 feet from east lines of section 16, block 37, TP survey, T-3-S, was bottomed at 10,256 feet in lime and chert of a formation, of unreported age, and was slated to run a drillstem test.

Operator had not reported having logged any indications of production between the bottom of the 7-inch casing, cemented at 10,215 feet, and the current total depth.

DOSS FIELD EXTENDER COMPLETES AS OIL WELL

King, Warren and Dye No. 2 Phillips, one quarter of a mile east of the nearest producer on the northeast side of the Boss field in South Gaines County, about 12 miles southwest of Seminole, completed a 24-hour flowing potential of 508 barrels of oil, with gas oil ratio of 461-1.

The pay at 6,973-7,144 feet had been treated with 6,000 gallons of acid in a single stage. The new producer is 660 feet from south and east lines of the west half of section 2, block A-24, ps1 survey.

The same operators started drilling at once on its No. 1-B-39 Kloh, on the northeast side of the TXL-Ellenburger field, in West Ector County.

It will be 660 feet from south and 1,980 feet from east lines of section 39, block 45, TP survey, T-1-N. It is to drill to 10,000 feet, unless it gets production in the Ellenburger, at a lesser depth.

FLANKER STAKED ON N-E SIDE OF TXL FIELD

Continental Oil Company has filed application to start drilling at once on its No. 1-B-39 Kloh, on the northeast side of the TXL-Ellenburger field, in West Ector County.

It will be 660 feet from south and 1,980 feet from east lines of section 39, block 45, TP survey, T-1-N. It is to drill to 10,000 feet, unless it gets production in the Ellenburger, at a lesser depth.

VENTURA EXPLORATION MADE SULPHUR WATER

Ventura Oil Company No. 1 Williamson, wildcat in Northwest Andrews County, about three-quarters of a mile east of the Union field, and at center of southeast quarter of southwest quarter of section 15, block 26, ps1 survey, was making hole below 3,268 feet in an unidentified line.

A three-hour drillstem test was taken at 8,080-8,180 feet. Recovery was 6,900 feet of sulphur water, with no shows of oil or gas.

SINCLAIR PROJECT GETS O G SIGNS IN SILURIAN

Sinclair Petrol Oil Company No. 1-A Walker, in the northwest side of the Keystone field, in North Winkler County, and 660 feet from north and 1,980 feet from east lines of section 20, block 77, ps1 survey, ran a one hour and 30 minute drillstem test at 8,131-8,235 feet.

Gas showed at surface in 40 minutes. Volume of the flow was not reported. Recovery was 210 feet of gas cut drilling mud, and 300 feet of oil and gas cut mud. Operator was preparing to take another drillstem test to current total depth of 8,296 feet.

A test on the zone at 8,020-8,135 feet, was open one hour and 37 minutes. Gas showed at surface in 25 minutes. Recovery was 30 feet of free oil and 270 feet of oil and gas cut drilling mud.

Fire Drama

Raymond Bemis, above, who arrived home to find his rooming house in flames, pleads frantically with firemen as they restrain him from entering the blazing building in search of his wife and small daughter. Later Bemis discovered his family watching the fire along with the crowd. Four lives were lost.

TB Association Plans For Annual Meeting In April

A nominating committee composed of Ferd Rhodes, Mrs. John Hills, and Mrs. J. M. Devereux was appointed by Dr. Homer B. Johnson, president, at a meeting of directors of the Midland County Tuberculosis Association Tuesday night. The committee will give a report and new officers will be elected at the annual meeting in April.

Curtis Curry, Mrs. Tom Bobo, W. L. Simmons, and Mrs. Max David will be in charge of arrangements for the annual meeting.

Simmons and Curry were elected to the board of directors at the Tuesday session.

Mrs. Lennie Davidson, executive secretary, reported that tuberculin patch testing of students in the first, fifth, eighth and twelfth grades of the North and South Elementary schools, Junior High and High School had been completed. Students of West Elementary School will be patch tested later this month. The program this week is underway in Carver School. Approximately 500 students have been tested this year.

Seal Sale Report

Mrs. Davidson's monthly report showed that admittance to the State Sanitorium had been obtained for one patient; 25 X-rays had been sent to Austin for reading; orders for four X-rays had been given, and doctors had been furnished material for patch testing.

John J. Redfern, Jr., presented a complete report on the 1946 Christmas seal sale.

Dr. Johnson advised he had contacted George Elliott, state representative, requesting support of a bill to appropriate money for two new state sanitoriums.

The association in the future will obtain comparative price lists on organization purchases.

Stock Show To Open

FORT WORTH — (AP) — United States Attorney General Tom Clark and his wife were scheduled to arrive here by plane from Austin Wednesday and a half hour later were to lead the downtown parade officially opening the Southwest Exposition and Fat Stock Show.

UN May Take Troubled Palestine Case

British May Hand Issue To Council Wednesday

By JOHN A. PARRIS, JR.
 LAKE SUCCESS, N. Y.—(P)—Great Britain was reported reliably Wednesday to be prepared to toss the complicated Palestine case into the lap of the United Nations without further delay.

Authoritative sources said Sir Alexander Cadogan, British delegate to the UN Security Council, might even hand the case to Secretary General Trygve Lie Wednesday.

"If not today," one high source said, "it certainly will be turned over to the United Nations within the next couple of days. The British want action."

At the same time, sources within the British delegation said Britain would accept the appointment of a "fact-finding" commission composed of members of the United Nations to delve into the Holy Land situation.

"We will welcome whatever recommendation the United Nations may have for solving the Palestine situation," one British source said. "We are most anxious to turn the case over to the United Nations. Perhaps it can work out something that will satisfy both the Arabs and the Jews and bring an end to the violence that is now sweeping the Holy Land."

UN officials were reported to have taken preliminary steps to expedite an immediate inquiry into the Palestine problem when and if the Big Five powers give the go-ahead.

Informed sources said Arkady Sobolev, assistant secretary general in charge of political affairs, already had directed his aides to begin "pulling together basic, factual material."

Watch Over Jerusalem

From the roof of the former German Embassy in Palestine, which is now RAF Regimental headquarters, a gunner watches for possible outbreak of new warfare in this strife-torn city where a score died in the bombing of the officer's club by Jewish terrorists. In the center can be seen the ancient Damascus Gate, leading to the Arab quarter of the old city in background.

Census Takers Count 2100 Scholastics In First Day's Canvass

More than 2,100 scholastics were enumerated Tuesday afternoon as the taking of the 1947 school census got underway in the Midland Independent School District, Mrs. Gladys L. Tolbert, director, said Wednesday.

The job was not completed, and follow-up work will continue this week until workers canvass every home in the district.

Schools were dismissed Tuesday afternoon, and faculty members volunteered for the project.

The figures must be complete, Mrs. Tolbert said, since the state school apportionment is based on the 1947 census figures.

French Cabinet Ousts Commander In Indochina

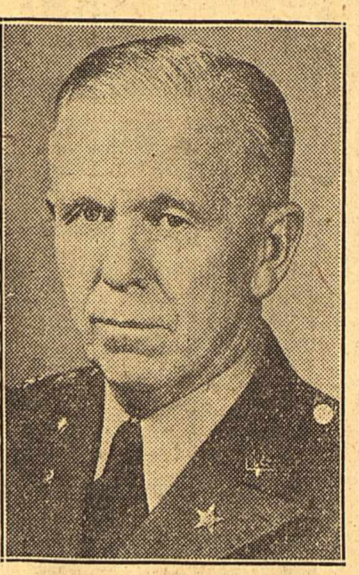

PARIS—(P)—Adm. Georges Thierry D'Argenlieu was ousted by the French cabinet Tuesday as high commissioner for war-torn Indochina.

Emile Bollaert, former prefect of the Rhone region, was named to replace him.

Admiral D'Argenlieu, whose position has been under attack since Viet-Nam groups began large scale attacks at Hanoi December 19, did not resign, cabinet informants said.

He recently returned from Saigon, under orders from the French government, to engage in "consultations" on the status of Indochina's troubles, which flared after the breakdown of negotiations between Viet-Nam delegates and the French at Versailles a year ago.

Conference Bound

Secretary Of State Marshall

Secretary of State Marshall left Wednesday for the Big Four foreign ministers meeting in Moscow, openly expressing doubt that a peace treaty for Germany can be written there.

He forecast success, however, for a second aim of the momentous gathering—the drafting of a peace agreement for Austria.

Preliminary talks have laid the groundwork for an Austrian accord. But Marshall said the Big Four—France, Russia, Great Britain and the United States—are still in disagreement on the fundamentals of a German treaty.

This preview of the Moscow meet was given reporters just before Marshall's plane took off at 8:11 a. m., CST. The secretary added in a dictated statement:

"If we are successful in reaching agreements on major fundamental principles I would be very much pleased."

Momentous Consequences

In any event, Marshall said, he is conscious that the negotiations will be "extremely difficult and their consequences momentous."

Marshall was accompanied by Benjamin B. Cohen, State Department counselor, and Charles E. (Chip) Bohlen, Russian expert and interpreter.

A second plane carried several top advisors, including John Foster Dulles, Republican foreign affairs expert. Aboard a third plane in the party were 11 news and radio correspondents.

In a statement for newscasts, Marshall said "we owe a great responsibility to the American people in the endeavor to secure peace."

Will Stop in Paris

The secretary planned to stop Thursday in Paris for an overnight visit with President Vincent Auriol of France. This will give him an opportunity to get French views on many issues involving the future of Germany.

From Paris, he arranged to go to Berlin for a conference with U. S. occupation authorities. He is scheduled to stay there Friday night and possibly Saturday.

This would put him in Moscow one day ahead of the first formal meeting with the foreign ministers of France, Russia and Great Britain next Monday.

Doubts Reich Peace Treaty Will Be Made

WASHINGTON — (P)— Secretary of State Marshall left Wednesday for the Big Four foreign ministers meeting in Moscow, openly expressing doubt that a peace treaty for Germany can be written there.

Red Cross Fund Drive Underway Here Wednesday

Midland's 1947 Red Cross fund campaign is underway, and volunteer workers hope to complete the job in the downtown sector by Thursday night.

More than 75 men and women attended the kickoff breakfast which launched the annual campaign Wednesday morning. The breakfast was held in the Crystal Ballroom of the Scharbauer Hotel, with John J. Redfern, Jr., campaign chairman, presiding.

The volunteer workers were briefed as to their duties, assignments were made, and materials distributed. The volunteers, representing civic and service organizations, started their work immediately following the breakfast.

Redfern said Midland's quota this year is \$10,936. Sixty-one per cent of the total contributions will be retained by the Midland chapter, and 39 per cent will go to the national organization.

Mrs. Lillian Corbett, executive secretary of the Midland County Chapter of the American Red Cross, outlined briefly the chapter's program and needs. She said the case load at present is greater than at any other time in the last three years. She discussed the services available at the Red Cross office.

C. W. Van Alstyne, Luther Tidwell and Alfred Petty, committee chairmen, introduced the members of their groups.

All business firms, professional men and women employes and individuals will be solicited, Redfern said.

Armed Jews Hold Up Jerusalem Theater

JERUSALEM—(P)—Three armed men held up the cashier of a motion picture theater in downtown Jerusalem shortly after 9 a. m. Wednesday and escaped with \$800, touching off a flurry of military activity that whipped the city into intense excitement.

Shrilling sirens sent British armored cars racing through the streets, security barriers were closed, all traffic was halted and troops rushed to guard posts in strategic areas.

Police said the robbers were "three young Jews armed with revolvers," who drove up to the Orion Theater in the heart of the modern Jewish quarter.

After the trio fled, the cashier telephoned police, who gave orders to sound sirens usually used to halt traffic in the event of an outbreak of violence by the Jewish underground.

The all clear was sounded after about 20 minutes.

Connally Flies To Texas For Ceremony

HOUSTON—(P)—Senator Tom Connally arrived here Tuesday night from Washington by plane, warmly greeted members of his family and made these two predictions to newsmen:

1. The Senate will approve the nominations of Herbert E. Arnold of Dallas as collector of internal revenue for North Texas and Joe B. Dooley of Amarillo to be a federal judge. Both men, endorsed by Connally, have been attacked by Senator W. Lee O'Daniel.
2. The United States, "interested in maintaining a Democratic form of government in Greece," will extend a helping hand to that economically paralyzed nation.

Connally returned to Texas to attend ceremonies Thursday at Baylor University at which President Truman will receive an honorary degree.

Horse Racing Bill Defeated Second Time

AUSTIN—(P)—An effort to re-refer Rep. John J. Bell's controversial horse race betting bill to the House Committee on Livestock and Livestock Raising was defeated Wednesday by a 68 to 63 vote.

The measure would legalize parimutuel betting at Texas race tracks.

Rep. Cecil Storey's bill to prohibit strikes by public employes against the state or any political subdivision got a 13 to 1 favorable vote from the Labor Committee. He said the bill would cover all phases of state, county, and municipal government, including school boards and teachers.

The committee voted 9 to 3 to recommend passage of Rep. Frank Staudenmann's bill to make labor unions responsible for damage caused by strikes or picketing. The bill was presented by Rep. Marshall Bell, whose "open shop" bill passed the House Tuesday.

Texans Face Sentences For Car Conspiracy

HOUSTON—(P)—Gooch Motley used car dealer whose name was mentioned by Senator O'Daniel in his fight on the nomination of Herbert E. Arnold to be collector of internal revenue for the North Texas district, pleaded guilty Tuesday to charges of conspiracy to sell and selling used cars above ceiling prices.

Motley and his auditor, Harry K. Edwards, Jr., are to be sentenced by Federal Judge Allen B. Hannay Wednesday.

Motley became involved in the fight over the Arnold appointment when Senator O'Daniel last week before a Senate committee criticized Arnold's buying and selling of new automobiles.

One of the cars was a Pontiac which Arnold sold to a Dallas used car dealer for \$2,400. The Dallas dealer sold the car to Motley, who sold it back to Arnold for \$2,000.

Motley said Arnold called him up and said he would lose his job if he did not get the car back.

Evangelist Speaks To Midland Lions

"I believe in God because there is design and order in the universe," the Rev. Raymond Alber, evangelist, told Midland Lions club members Wednesday at the luncheon meeting in the Scharbauer Hotel.

Mrs. Alber was introduced and did a musical picture. David C. Cook played violin numbers, accompanied by Roy DeWolfe.

W. E. Price was program chairman. John Redfern announced Lions were participating in the Red Cross Drive.

Ten Disabled Vets Hear Laws Discussed

Ten Midland disabled veterans Tuesday night heard Dewitt T. Kirby, adjutant of the Texas division of the Disabled American Veterans organization, discuss legislation and laws helpful to disabled veterans.

Organization of a Midland chapter of the DAV was postponed until a later date.

Two Midland Men Are Charged With Forgery

Two Midland men were charged with forgery in complaints filed Tuesday with Justice of the Peace B. C. Girdley by L. F. Lively, operator of an insulation company. The men formerly were employed by Lively.

The complaints charge the men forged Lively's name to checks totaling several hundred dollars. The checks were cashed in Midland and Odessa.

Another complaint charged one of the men with theft by bailie, asserting he took possession of an automobile owned by Lively and which he had loaned the employee.

The Sheriff's Department has warrants for the arrest of both men.

Banking Sub-Committee Would Increase Rates

WASHINGTON—(P)—Legislation allowing a general 10 per cent increase in rents was approved 3 to 2 Wednesday by a Senate Banking Subcommittee.

Senator Buck (R-Del.), chairman of the subcommittee, told reporters the full banking committee probably will consider the proposal Thursday.

The measure would continue rent controls through this year, but take their enforcement from OPA and give it to the National Housing Agency.

Republican leaders are aiming at winding up OPA's life June 30.

Up in the Senate Wednesday is a bill giving it a death sentence then and a \$17,000,000 appropriation with which to close out its activities.

Hit-Run Automobile Knocks Down Negro

A hit-and-run car struck Andrew Thompson, negro youth, at an intersection on East Highway 80 in Midland Tuesday night, knocking him down but not injuring him seriously.

Police Wednesday were searching for the driver of a Midland automobile, which reportedly was the one involved in the accident.

The negro youth is an employee of a service station.

Stock Exchange Strike Settled in New York

NEW YORK—(P)—Business was resumed Wednesday in quiet, orderly dealings on the New York Cotton Exchange, reopened after a one day-strike of clerical workers.

Exchange officials and Local 205 of the Office Employers International Union (AFL) reached a wage agreement shortly before midnight, boosting weekly salaries \$6 to \$26 and giving clerical workers a bonus when daily trading exceeds 250,000 bales.

Houston Woman Charged In Death Of Husband

HOUSTON—(P)—Mrs. Ersell Brown Wheeler, 38, was free under \$10,000 bond Wednesday and facing a charge of murder in connection with the slaying of her husband, Richard L. Wheeler, 44, owner of a Houston night club.

Wheeler's nude body, a single 38 caliber bullet wound in the head, was found shortly after 2 a. m. Wednesday, stretched across a bed in the Wheelers' duplex apartment.

LATE NEWS FLASHES

HAWTHORNE, N. J.—(AP)—This Borough's 98 teachers were reported Wednesday to be writing out their resignations after municipal officials rejected the teacher's demand for a \$500 salary increase Tuesday night.

ROME — (AP) — A government decree published Wednesday provided that if former King Vittorio Emanuele and Umberto ever returned to Italy they would be turned over to the police and, as "foreigners, expelled from the territory of the state."

AUSTIN — (AP) — The House Wednesday voted 70-64 to recommit Rep. John J. Bell's horse race betting bill to the Committee on State Affairs. Bell is chairman of that committee.

BOSTON — (AP) — A Coast Guard plane dived over the grey North Atlantic and along foaming Main Beaches Wednesday, questing for some trace of the Canadian freighter Novadoc whose radio flashed a brief appeal for help in Sunday's storm and then fell silent.

Sponsors Say 4,000 Rabbits Die In Drive

Sponsors of the rabbit drive staged in South Midland County said Wednesday approximately 4,000 rabbits were killed during the morning and afternoon. They said their crops now will have a much better opportunity to make this season.

They expressed appreciation to all hunters and to persons who assisted in making the drive a success.

A barbecue was served at noon at Cloverdale Park.

Weak, Watery Blood Blamed for Making Men and Women Look and Feel Older THAN THEIR YEARS

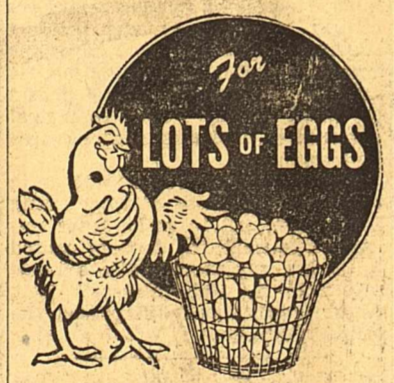

How do you feel at the end of a day? Is that old time pep and drive lacking? Have you checked-up on your blood strength lately? Thousands now regain glowing good looks and vitality through the release of vibrant energy to every muscle, fibre, cell.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a general run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloat and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

Fashion Minded Midland To View Latest Spring Fashions For 1947

Fashion-minded Midlanders will turn to thoughts of Spring Wednesday when the Woman's Auxiliary of the Trinity Episcopal Church sponsor their annual style show, the "Easter Parade of '47". The show, which officially opens the Spring season in Midland, will be presented twice, at 7:30 and 9:30 p. m. Wednesday in the YuCCA Theater. Tickets are on sale at the theater.

Week Of Prayer Observance Held At Calvary Church

Members of the Woman's Missionary Society of the Calvary Baptist Church and the young people's groups met Monday and Tuesday in first observance of a Week of Prayer for home missions. Mrs. Allen Heard is mission chairman for the week. Chairman for the WMS program Monday was Mrs. C. O. Watts.

Mrs. W. L. Chapman was in charge of the program Tuesday. The Wednesday evening observance at 8 p. m. will be directed by the business women of the church. Mrs. Walter Smith will be chairman Thursday, Friday, a prayer session will be held from 10:30 a. m. to 3 p. m. with Mrs. Hoyt Burris as leader.

A gift was presented to Mrs. Watts, Monday. Mrs. Watts will move to Vincent, where the Rev. C. O. Watts will be pastor of the Baptist Church.

Those attending the opening session were Mrs. L. P. Moore, Mrs. J. R. Hill, Mrs. B. F. Ward, Mrs. L. E. Cook, Mrs. Chapman, Mrs. Harold Phipps, Mrs. Watts, Mrs. Pearl Cardwell, Mrs. Burris, Mrs. John Davis, Mrs. N. A. Boyd, Mrs. Walter Smith, Mrs. Nettie Tisdale, Mrs. Heard, Mrs. Rowena L. McFadin, Mrs. W. G. Flourney, Mrs. Fred McPherson and Eva Lois Harmonson.

The young people of the church met in a joint session Tuesday afternoon at the church.

Examples of the latest fashion trends for every type figure will be shown, including originals of some leading designers. The stage setting will be in the garden of an estate.

General Chairman
Mrs. Hal C. Peck is general chairman for the show, with Mrs. Roy E. Kinsey as co-chairman.

Models are Mary Louise and Ruth Ann Erskine Jaynan Edwards, Virginia Lou Wilkinson, Ann Brown, Diane Barber, Susan Petzel, Jan Covey, Carol Ann Douglas, Jimmy Blunt, Alice Hicks, Mackie Gibbs, Brenda Carol Sealy, Marilyn Johnson, Sharon Watts, Shirley Watts, Mimi Speed, Robert English, Ben Gray, Lynn Penn, George Mayes, John Morrow, Patsy Lou Arrington, Norma Jean Hubbard, Mary Martha Sivalis, Jeannine Stephens, Jean McMillian, Pat Pryor, Alma Faye Cowden, Betty Phipps, Mexcal Wilson, Mrs. George Byrne, Mrs. J. M. Conner, Mrs. Harvey Herd, Mrs. Ben Black, Mrs. Carl McAdams, Mrs. Robert Roark, Mrs. William Potts, Mrs. Ray Rhodes, Mrs. Tom Sealy, Mrs. James Smith, Mrs. Jack Wilkinson and Mrs. J. C. Velvin.

Ushers will be Janice Slough, Susan Hemphill, Enid Wheeler, Donna Manning, Dorothy Turner, Joyce Howell, Peggy Whitson, Maurine Benton, Marylee Cowden, Lyla Dell Moore, Sarah Lew Link, and Royce Rae McKeel.

TO VISIT STOCK SHOW

Ruby Gilbert and Clara Belle Keltion will leave Thursday for a social visit in Fort Worth. While there they will visit the Fort Worth Fat Stock Show.

The weaving of woolen cloth was an important industry in ancient Babylonia.

Midland Girl Listed As Honor Roll Student

Glenna Graham, daughter of Mr. and Mrs. W. T. Graham of Midland, was one of 155 students of Trinity University, San Antonio, in a student body of 1,458 to achieve the honor roll, according to the first semester tabulations released by C. H. Perea, registrar.

Miss Graham, a sociology major, assisted in preparing the Trinity University survey of juvenile delinquency in San Antonio. She is a member of the Spurs, girls' social club, of the International Relations Club, the Symposium, and the Mary Catherine Hall Council.

Miss Graham, a transfer from Christian College of Missouri, is a senior in Trinity University.

STATE OFFICIAL HERE

Gus Herzog, inspector of the Texas Foods Division, of Austin, was a business visitor in Midland Tuesday.

RETURNS TO WORK

Ed Edwards, chief deputy sheriff, returned to work Wednesday after an illness of several days.

Virginia Sale Recital Scheduled Wednesday

The Midland Concert-Lecture Association will present Virginia Sale, entertainer and screen and radio star, in a recital in the Midland High School Auditorium at 7:45 p. m. Wednesday.

The recital will be dismissed in time for association members to attend the second performance of the Episcopal Style Show at 9:30 p. m. at the YuCCA Theater.

Relief At Last For Your Cough

Creomulsion relieves promptly because it goes right to the seat of the trouble to help loosen and expel germ laden phlegm, and aid nature to soothe and heal raw, tender, inflamed bronchial mucous membranes. Tell your druggist to sell you a bottle of Creomulsion with the understanding you must like the way it quickly allays the cough or you are to have your money back.

BAPTIST YOUTHS HAVE PRAYER WEEK PROGRAMS AT CHURCH

Mrs. C. H. Yater, assistant counselor, told the Sunbeams of the life of Annie Armstrong, pioneer officer of the Woman's Missionary Union of the Southland, for whom the Home Mission offering is named, at a meeting Monday.

The Sunbeam counselor, Mrs. E. R. Colvin, told a story based on the famous picture "The Hope of the World" by Harold Copping. Each Sunbeam made a candle to represent his part as a light in spreading the story of Jesus.

Present were Topper Pylant, Joe Pylant, Ruth Ann Erskine, Sandra White, Danny McCain, Billy Catchpole, Frank Ryan Monroe, Judy Aday, Joe E. Jones, Mary Helen Yater, Mary Louise Erskine, Jimmie Jones, Lallajo Wright, Marilyn Johnson, Mary Elizabeth Monroe, Patricia Ann Aday, Sissy Jones and Gretchen Scharbauer.

The Girls' Auxiliary met Monday afternoon to observe the Week of Prayer for Home Missions by making 40 corsages for patients in the Western Clinic Hospital. The girls visited the hospital.

The program was directed by Rossella Green, counselor. Taking part were Lamana Havins, Joy Dale Havins, Wanda Lou Steele, Karis Baker and Barbara Long. Barbara Thomas and Barbara Long were appointed to make meeting announcements.

Others present were Atrelle Pace, Laverne Wingo, Virginia Cutbirth, Wanda Lee Farmer, Petsy Edgmon, Mary Row, Joyce Baxter and Rozanne Yearby. Wanda Lee Towery was introduced as a new member. Next Monday Mrs. S. L. Alexander will review the new mission book, "Everywhere Teaching the Word."

The Home Mission play "From Sea to Shining Sea" was practiced by members of the Howard Bryant Royal Ambassador chapter at their meeting Monday. The play will be given Wednesday at the church prayer service.

Present were Rip Griffith, John Charles Godwin, Ralph Powell, Charles Lawhon, Pat Anderson, Don Davis, Joe Pogue, James Upham and Dwight McDonald.

ENDS FURLOUGH
 Sgt. Bill Noyes will leave Thursday for Scott Field, Ill., where he will enter radio school. Sergeant Noyes has been visiting in Midland on a 10-day furlough.

Survivors include the husband, H. B. Allen; the parents, Mr. and Mrs. A. B. Collier of Midland; three brothers, Barnett Collier of Midland, Rolley Collier of San Saba and Charlie Collier of Rochester; and three sisters, Mrs. Vera Kinkin of Midland, Mrs. Modie Hancock of Houston, and Mrs. Irene Irvin of Rochester.

Mrs. Jester Urged As 'Texas Mother'

Midland clubs, church societies, and other organizations, are being urged by these types of organizations in other sections of the state to endorse and support Mrs. George T. Jester of Corsicana for the Texas Mother of 1947.
 She is the mother of Beauford Jester, governor of Texas. She is an active church worker in Corsicana. Organizations can send endorsements to Mrs. Dolliee Davis Smith of Cleburne. This must be done by Friday.

St. Ann Altar Society Has Business Meeting

The St. Ann Altar Society of the St. George Catholic Church met with Mrs. James N. Chapple, 909 West Storey Street, Monday afternoon.

Mrs. J. B. Coughlin, president, directed the meeting. The cedar chest which the society will pack to give away at a game party was on display and tickets were distributed for the party. Plans were made for the chest to be displayed in town.
 Assisting Mrs. Chapple in entertaining was Mrs. Doyle Patton. Ann Alexander of California, a guest, and 20 members were present.

6—THE REPORTER-TELEGRAM, MIDLAND, TEXAS, MARCH 5, 1947

Midland Bulldogs Included In State Baseball League

AUSTIN—(P)—Four hundred and seventy teams playing in 61 districts will make up the field as the Texas Interscholastic League inaugurates baseball as a sponsored sport.

The list announced Wednesday by R. J. Kidd, athletic director of the league, shows an overwhelming response. Every sized school in the state is fielding a diamond team.

The race this year will go no farther than district championships. However, with the large turnout the first year—more than half as many schools as participate in football—baseball followers anticipate it won't be many seasons until a state campaign will be launched.

The annual state high school invitation tournament is expected to be held at Dallas again this year and P. C. Cobb, director, says plans are to use district champions of the Interscholastic League race as competing teams. "They will be selected on the basis of strength, however, and not just because they are district champions," he said. "We will have to have elimination among them."

Some of the districts follow virtually the same lines as in Class AA football. The Dallas, Houston and Fort Worth schools have separate districts and El Paso's schools are in the same district as Ysleta while Abilene, Big Spring, Lamesa, Midland, Odessa, San Angelo and Sweetwater form a district. Gladewater, Henderson, Kilgore, Longview, Marshall, Texarkana and Tyler are grouped together and so are Bryan, Hillsboro, Jacksonville, Palestine, Temple, Waco and Waxahatchie, and another district takes in Beaumont, Conroe, Goose Creek, Orange, Port Arthur and South Park (Beaumont).

The kerosene tree of the Queensland, Australia, bush, burns readily even when freshly cut.

Bulldogs Hold Second Workout

Working out a little of the soreness, the Midland Bulldogs conducted drill session number two of Spring football training Tuesday.

The pattern of the workout was much like the first day with activity humming. All hands were on deck.

Game condition scrimmages are scheduled weekly and it is believed the gridsters will be in condition for the first head-knocking by Friday.

Two Texas Cagers On All-Southwest Team

DALLAS—(P)—The 1947 All-Southwest Conference basketball team selected by the seven coaches averages better than 6-foot-2 and has rolled up 1,403 points.

Four members of the team were unanimous choices. They were Al Williams, Arkansas; and John Hargis, Texas, forwards; Tommie Tomlinson, Southern Methodist, center; and Jackie Robinson, Baylor, guard.

The other member of the team is Al Madsen, Texas guard.

It is the first club since the pre-war days that doesn't carry a freshman but there are three sophomores—Williams, Robinson and Madsen. Hargis and Tomlinson are seniors.

Tallest man is Williams at 6-6 while Tomlinson reaches up 6-4. Hargis is 6-2 1/2 and Robinson an even six feet. Madsen is 5-foot-10.

Williams led the conference in season scoring with 384 points and Hargis was second with 366. Tomlinson pitched in 316, Robinson 256 and Madsen 181.

Texas Beats SW All-Stars, 64-52

AUSTIN—(P)—A fired-up University of Texas basketball team turned in a first class performance against top-notch opposition here Tuesday night in downing the Southwest Conference All-Stars 64-52.

The All-Stars, made up of eight of the top 10 conference scorers, forged ahead early in the game to take an 11-7 lead. Then the Longhorns, paced by John Hargis, and Roy Cox, staged an attack that ran the Texas score to 24 points while holding the All-Stars to three additional points.

After this surge the Longhorns were never seriously threatened during the game. Hargis was high man for the night with 17 points and was closely followed by Cox who turned in a fine floor game in addition to running up 16 points for the evening.

DUQUESNE FALLS AS UNDEFEATED CAGE TEAM NEW YORK—(P)—It took a long time, but Wednesday there is no undefeated college basketball team in the country. Duquesne, the last holdout, fell before Georgetown University Tuesday night, 57-39.

Baker Oil Company Is Distributor For Kelly Springfield Products

R. B. Baker, owner of the Baker Oil Company, 1409 East Wall, has been made Midland County distributor for Kelly-Springfield tires, tubes, batteries and accessories. The company now offers 24-hour service for motorists. Seventeen different oils are stocked by the company. They include Pari-Fine, Diamond D-X, Pennzoi, DeeDol, Conoco, and others. Baker is jobber for Tide Water and Mid-Continent products. Baker says he has plenty of tires, tubes, batteries and all types of automobile accessories. Prompt and courteous service is given by Tom Presley, Red Arnett and Bill Dawkins. Dawkins is the night operator.

The name "turkey" is a corruption of the Hebrew word "tukki", which means peacock. Hebrew merchants in Europe, to whom Spaniards in the Americas sent the fowl, mistook the birds for peacocks.

Mims And Crane Offer Oil Production Loans

Mims and Crane are equipped to give the best possible service in connection with insurance problems, F.H.A. and conventional loans, and real estate. The owners say the firm sells insurance, not policies. They say you may ask, "What is the difference?" and this is the explanation: "Insurance is a complex and intricate business. It takes years of schooling and experience to digest over one hundred types of insurance, each policy contract being different in phraseology and coverage. All this is necessary to properly cover the many hazards to which businesses are exposed. "Therefore, you see it is absolutely essential for insurance personnel to be thoroughly qualified." The owners compare their business with that of a doctor: "Let me ask you a question—If you had an illness which persisted for several days, would you consult a reputable doctor?—I'm sure you would. "And the doctor would not blindly prescribe for your ailment. He would diagnose your case and then would prescribe proper medicine to eliminate the cause." Insurance Much The Same The identical situation prevails in the insurance business, it was stated. "The insurer must be properly qualified to prescribe for your insurance needs, following which, he recommends the proper insurance program, because all businesses do not need the same type. That is why Mims and Crane are qualified to render the best of service." Members of the Mims and Crane firm have spent 19 years with some of the world's largest insurance companies in every capacity in an effort to acquire background and experience to properly prescribe insurance needs for the public. "We believe that this will mean a great deal to you down the line," it was explained. Clifford E. Hogue, who has charge of the loan department, said the firm's conventional and F. H. A. loan service is complete. "There have been many instances

where 24-hour service was given on loans. By that we mean loan commitments have been made in that period of time. Give us a chance on your loan." Fred Schooler is in charge of the real estate and oil production loan service. The oil production loan is available to operators and drillers to finance loans for production and drilling purposes. No oil production loan under \$1,000,000 is made. Schooler says the firm has calls from many property buyers each day and would like to receive your properties for listing.

Southern Ice Company Is Distributor For Coolerator Iceboxes

The Southern Ice Company, 310 South Main, is distributor for the Coolerator Icebox and several are on display in the company office. The icebox has a six cubic feet capacity and will hold 75 pounds of ice. L. W. Sandusky, manager, said the plant is equipped to produce 66,000 pounds of ice each day. During the winter months the production was approximately 16 tons. Ready crushed ice in water-proof containers is available at all times for parties, socials and outings. A limited supply of one-gallon ice cream freezers for spring and summer home needs is on sale.

Midland Plumbing Co. Retains Policy

Even though the Midland Plumbing Company, 203 South Main, is under new management, the policy, name and employees remain the same. C. E. Smith, former owner of the plumbing firm, announced the sale Saturday to Harvey Beauchamp and Bob McProud of Pecos. Smith is entering the field of industrial plumbing. Beauchamp and McProud said there will be no change in personnel. O. C. Hamlin is foreman. Other employees are A. W. Booth, Frank Goodie, Al Trouber, J. Earl Hill, Charles Hill, Allie Layman, W. D. Chandler, and two apprentices, B. T. Tisdale and Foy Rotan. Beauchamp and McProud are

owners of the Pecos Plumbing and Heating Company. They have been associated with the plumbing business many years. Beauchamp has been a resident of Pecos since 1928, and McProud moved there in 1932. McProud will manage the Midland company. Mrs. McProud and daughter will join McProud here when housing facilities are available. One-half of one per cent of the petroleum produced in the United States, if converted into synthetic rubber would produce an amount equal to all U. S. rubber requirements.

Cold Cash Safe In Hot Bank

OKLAHOMA CITY —(AP)—Patrolman R. C. Williams hurriedly placed a call for reinforcements after he thought he heard a blow torch being used in the dead of night at the Oklahoma National Bank. With guns drawn and silently entering the bank, the officers confronted a steam boiler that had become overheated. Excessive pressure escaping sounded like a blow torch. Russian Lullaby

A threadbare truism has it that people are pretty much the same the world over. If that is so, we'd like to try out the State Department's first hour-long broadcast to Russia on American listeners and have Hooper or Crossley rate their reactions.

Our guess is, after reading a printed English translation of the lead-off program, that few Americans would have been listening at the finish. And we can well imagine a similar reaction in Russia—unless some pretty dull English copy comes out sparkling and dramatic in the Russian language.

This much is certain. A few programs like the first one should counteract the frequent statements by Russian writers that Americans are a jazz-mad, movie-mad, money-mad tribe. The sprightliest vision part of the State Department's radio premiere—aside from recordings of "Turkey in the Straw" and "Night and Day"—was a discourse on pyribenzamine, the new synthetic chemical treatment for hay fever and similar allergies.

It may have been a cold night in Russia, and the hay fever season may have been seven months away, but they got the detailed, polysyllabic works on pyribenzamine. At the end the listeners were told that "at the present time pyribenzamine is being produced in limited quantities and is released only on demand by a physician".

We don't mean to put undue emphasis on this part of the broadcast. There were also news dispatches, a long, instructive talk on the structure of the United States government (first of a series), another learned description of a new method of photographing the infra-red spectrum of stars, and two more musical selections.

We don't mean to be bitter about the program, either. We just feel a little let down after the State Department's buildup of the series. When it was trying unsuccessfully to buy the United Press and Associated Press news service, it rather gave the idea that these broadcasts were to constitute a sort of diplomatic Book of Revelations.

They were going to carry the truth and the real American behind the iron curtain. They would counteract critical propaganda by being purely factual. They would promote an understanding of the American common man by his Russian counterpart, and so on.

Well, the first broadcast was truthful except for one minor slip. The script said "Each state has its legislative organ, consisting of two Houses"—forgetting, of course, Nebraska's one-house legislature.

Perhaps we are unfair to judge by the first offering. But since the State Department attaches such importance to the series, we hope those in charge will not underestimate their first objective—to keep the Russian listener interested and coming back for more.

If the department wants our two-cents' worth, we would suggest they consider cutting the program to a half hour, and calling in an experienced, imaginative radio program builder to give it a little more variety and punch. That's what they probably would do if they were trying to sell soap to American listeners.

The State Department is trying to sell a pretty important product to Russia. But no matter how badly the Russian listener needs it, it's doubtful that he will buy it in an unattractive package.

Why is it that some people think standing on their dignity makes them look bigger.

The worst enemy of diet is an invitation out to dine.

Houston CIO Compress Workers Vote To Strike

HOUSTON —(P)— A projected strike of CIO compress workers at six Houston plants will be backed by 12,000 members of the Houston area Industrial Council, D. A. Kimme, president, announced.

"I am not yet prepared to announce the form of this support as I don't feel that we will gain anything in tipping our hand in advance," he declared. He said that most CIO workers in Houston would lend support.

Local 75 of the CIO Food, Tobacco, Agriculture and Allied Workers of America voted Sunday to strike six compress companies unless demands for a 20-cent cost-of-living hourly wage increase are met. The strike would take effect next Sunday midnight.

Grocers Foresee No Cut Soon In Prices

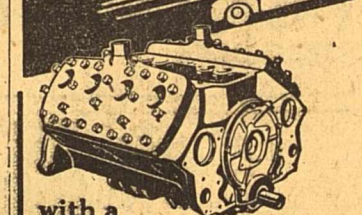

DALLAS —(P)— Two Texas grocers voiced little hope for any price reductions for food in the immediate future.

Speaking at the Texas Wholesale Grocers' Association meeting here, Harry D. Shuford, of Tyler, predicted higher freight rates, wages and sugar prices would make further price increases for some canned goods and vegetables inevitable. Rufus G. Starnes, of Abilene, agreed with Shuford that prices may "level off" in two years, but said they probably will not show any "appreciable" drop for a long time.

PUBLIC POWER NEEDED SAYS RECLAMATION EXPERT

WASHINGTON —(P)— Reclamation projects without public power would be four times as costly as they now are, and too expensive for average farmers, Oscar L. Chapman, acting secretary of the interior, said.

World's Telephones Total 51,500,000

NEW YORK —(P)— The American Telephone and Telegraph Company reports the world now has 51,500,000 telephones in use.

Stockholm ranks next to San Francisco as the city having the most telephones per individual resident in the world, although New York City, with 2,218,000 instruments, has the greatest number of telephones.

No one city in the United States contains as much as eight per cent of the total number of the nation's 27,687,000 telephones. However, Brussels, Copenhagen and Paris each contain about one-third of their country's telephones.

Britain, with 3,925,000 telephones, has more than three times as many as Soviet Russia's 1,272,500.

More than 115,000,000 miles of telephone wire are in use in the United States, of which nearly 60 per cent is in underground cable.

Dog-Rustlers Steal Berlin's Best Pups

BERLIN —(P)— There's a new breed of dog-catcher in Berlin — thieves who steal likely-looking dogs for sale in the black market. The dog-rustlers operate chiefly in the better boroughs of the American and British sectors. Sometimes they brazenly attempt to sell dogs to soldiers who hope to take their pets home when they are redeployed. Prices as high as \$500 have been paid.

THE STORY: Sherry and Mona rent a cottage together in one of Hollywood's beautiful low courts. Mona is sleek and sophisticated. She works in an insurance office and is making a play for her married boss, George Brothers. Sherry keeps house, wants to write, worries about Mona's interest in Brothers. She becomes friendly with the three boys who live at the end of the court. Sandro, who is French, wants to act in the movies; Austrian Tony wants to direct and Danish Kris hopes to become a producer. Tony takes Sherry for a drive on Halloween. He confides his bitterness and hopes. Sherry thinks she is in love with him.

EVER since Halloween Sherry had been getting ready for Christmas, and now it was less than a week away. She turned off the boulevard and headed north. The blast of cold wind that met her almost shook the bundles from her arms. Sherry wished Mona could stay home afternoons and go shopping with her, but Mona thought that unless you had a lot of money Christmas was a nuisance. Sherry had met her downtown Saturday night, and they had had lunch and a glorious afternoon in the crowded stores. As she passed the first cottage Marcia Stone rapped on the window and then opened it a crack. "Come have tea with me," she said. "We'll have chocolate."

Sherry said, "I'll be over in a minute," and hurried past to Hidden House. She let herself in and gingerly dropped the packages one by one on theavenport. Then she ran over to Marcia's. The two front houses were bigger than the others and were almost twice the rent. Marcia's living room was larger than Sherry's, and she had two bedrooms and a dinette. Sherry stood in front of the fire and warmed her hands. Marcia brought in a lovely chocolate service on a tray, and a plate of cakes. "Where's your foreign legion tonight?" she wanted to know. Sherry said, "Out. Tony had an interview this afternoon about an assistant director's job, and they had met him at the Biltmore, and he and Mona had had

Sandro's working. I don't know where Kris is." Marcia put the tray down on a brass table. She said, "Eat most of the cakes, won't you? If I gain another pound I won't be able to wear my new broadcloth." Sherry laughed and said she thought she could eat all of them, and the telephone rang. Marcia answered it and talked to a man about business. She said, "Never mind the excuses, Smith. That deal was set, till you gummed it up!"

SHERRY sipped her creamy chocolate and thought it would be nice to be a business woman and say, "Never mind the excuses, Smith," to men. Marcia was nearly forty though, and that made a difference. When Marcia was finished she came back to the fire and sat down. "Was it very important?" Sherry wanted to know. "No more than my right arm," Marcia told her, "but I'll pull it out of the fire yet."

Then she told Sherry about it and what she did. How she took trips around in the mining country and found good gold properties and took options on them. Then she either sold the option or got people to operate the mine and had herself cut in. It all sounded lovely to Sherry, especially the trips through the mountains and the deserts and the big trees. She told Mona about it that night. "I've got a lot of respect for that woman," Mona said. "She knows what it's all about."

Sherry said, "Don't you think it would be nice to ask her to our Christmas party?" Mona shrugged. "O. K. by me, honey." Sherry flew to the telephone. She asked Marcia to dinner at 3 o'clock Christmas Day and Marcia accepted. "Sweet," she said, "I'll bring the champagne." Sherry ran back to the kitchen. She said, "Mona, guess what! Marcia's going to bring champagne!" Mona said, "The party begins to sound like a party." (To Be Continued)

Amarillo School Paper Reveals Drinking

AMARILLO —(P)— The Amarillo High School paper, The Sandstorm, said recently a survey it made revealed that 32 per cent of the high school boys drink intoxicating liquor. The paper said about seven per cent of the girls drink. It said it had contacted 1,440 students in the poll. Fifty-eight per cent of the students said they drank mainly to show off. Other reasons given included "out of a thrill," "boredom," and "parents indulge, why shouldn't we?" Three per cent of the students said they believed it was all right to drink; 21 per cent said drinking in moderation was all right; 29 per cent said they believed drinking was wrong and 36 per cent said they thought it was "very wrong." Nine per cent had no opinion.

David Lilienthal Has Run TVA His Way And In Doing So Won Political Foes, Including Senator McKellar

By DOUGLAS LARSEN
WASHINGTON—(NEA)—"He is a big man, a stout man in the root sense of the word, a pleasant, round-faced man, spectacled. He grins, wide and shrewd, and there is none of the wide-eyed staring of the Utopian in his eyes. He can laugh as well as talk."

That is a capsule impression of David E. Lilienthal by a Southerner who has had good opportunity to watch his career with the Tennessee Valley Authority. It is the same Lilienthal, nominated by the President to head the Atomic Energy Commission, who is under bitter attack by another Southerner. What in Lilienthal's record qualified him as Truman's choice for the vital post as custodian of one of the greatest of all scientific discoveries? And what in this man's record aroused such antagonism that certain senators should stake their political futures, perhaps, in an effort to get him out of public office? The Southerner who painted the graphic word miniature of Lilienthal is North Carolina's Jonathan Daniels, who studied Lilienthal from his vantage point as newspaperman and one-time White House advisor. The Southerner who is spearheading the battle against Lilienthal is Tennessee's Senator Kenneth Mc-

Kellar, who has been fighting Lilienthal and the TVA almost since TVA's birth. Went To TVA In 1933. Lilienthal went to TVA in 1933, when Congress authorized it. Franklin Roosevelt appointed him one of

Senator McKellar: He has a long-time battle with Lilienthal.

three co-directors. TVA's goal was a social and economic uplift for approximately 1,350,000 persons. How this goal was to be achieved, naturally was doomed to be a highly controversial matter, with Lilienthal in the middle. Looking back, experts now agree that Lilienthal stood for getting voluntary cooperation of local peoples affected by TVA, to achieve its ends. Impatient with this approach, critics and foes would have had TVA set methods and standards, believed to be best for the people, and insist on compliance. Lilienthal eventually had his way and what TVA has accomplished, good or bad, has mostly been done in his manner, simply expressed in his statement that he has "no confidence in progress that comes from plans concocted by supermen and imposed upon the rest of the community for its own good."

One of Lilienthal's main theories in running TVA was that its management should be as non-political as possible. "TVA" if politically managed could become a curse to this valley," he said. Insistence on this point won Lilienthal his most ardent enemy, Senator McKellar, since TVA started, has fought for a right to have a major say on just what was to get on TVA's payroll. Most of McKellar's efforts in this direction were blocked by Lilienthal. At the start of the war Lilienthal had another major brush with McKellar. Lilienthal decided to build a new dam which would produce 100,000 kilowatts of power for production of aluminum. The project involved flooding approximately 12,000 acres of fruit land owned by the canning industry, which had always faithfully supported McKellar. McKellar was unsuccessful in blocking construction of the dam.

David Lilienthal: He has a long-time reputation as a fighter.

He retaliated by unsuccessful efforts to abolish TVA's revolving fund and by other means. Long A Utility Expert. Lilienthal was appointed to TVA on the reputation he had made as a member of the Wisconsin Public Service Commission, a job he got in 1931 when he was already a recognized expert on utility legislation. This knowledge he used to reorganize the Commission and revise the State's utility laws so they became a model for many other states.

Before he took his Wisconsin job, Lilienthal was a fairly well known figure in Chicago. Working part time for the city government, he had won a \$20,000,000 refund for the town's telephone subscribers by proving to the satisfaction of the U. S. Supreme Court that the telephone company had made that much overcharge. He also wrote for legal journals and practiced law. Practically everything Lilienthal has done has contributed to his reputation as a fighter. At DePauw University in Indiana he fought for and won a Phi Beta Kappa key, and more literally, won a reputation as a light heavyweight boxer. He was graduated from Harvard Law School in 1923.

He was born in Morton, Ill., July 8, 1899. He and his wife, the former Helen Marian Lamb, have two children, a daughter, Nancy Alice, a graduate of Radcliffe College, who works for the Department of Labor, and a son, David Eli, Jr., a student at Harvard. Lilienthal is of the Jewish faith, his wife a Methodist. Efficiency and energy are his long suits. He still rides, plays a fast game of badminton and boxes. He thinks so fast he has mastered shorthand to get his thoughts down on paper. His shorthand is so perfect it can be easily read by any competent stenographer. He loves movies. When he's in a theater other friends in the audience know it, because he laughs so loudly.

In his book, "Democracy On the March," he writes: "I believe that through the practice of democracy the world of technology holds out the greatest opportunity in all history for the development of the individual, according to his own talents, aspirations, and willingness to carry the responsibilities of a free man."

It is this idea, Lilienthal thinks, which should guide men in their use of atomic energy. Finnian haddock is smoked and salted haddock.

Tell-It to Ball

David Dubinsky, left, president of the International Ladies' Garment Workers Union (AFL), and Matthew Woll, right, AFL vice president, tell Sen. Joseph Ball what's wrong with restrictive labor legislation the Minnesota Republican is championing in Congress.

THRICE PROUD PAPA

EAST LANSING, MICH.—(P)—After Paul, Dave and Jack Seibold, all brothers, turned in event winning performances during Michigan State's swimming victory over Wisconsin, Badger coach Joe Steinauer exclaimed. "Yeah, me," chirped Gus Seibold, father of the boys who was standing within hearing distance gripping a stop watch and wearing a broad smile.
