Thompson Flays Gas Flaring But Defends Gas Hike

SAN ANTONIO —(AP)— Advances in gasoline prices were defended by Col. Ernest O. Thompson, chairman of the Texas Railroad Commission, in an address before the Western Petroleum Refiners Convention here Wednesday.

"The companies—large and small—have been very reasonable," Thompson declared, "and I think the price hikes are in line, considering increased cost of production and other factors."

More than a year ago, he asserted, the commission warned the refiners and oil operators of Texas that there was then a billion cubic feet of casinghead gas being flared daily into the air, and "we intended to see this fuel is saved and utilized."

He explained that an increased amount of flared gas will be used in making gasoline. He said the commission has ordered many producers to limit flares to the minimum as a conservative measure.

Texas Has Two-thirds

"Proven reserves of liquid hydrocarbons and other natural gas liquids in the United States as of December 31 totaled 3,321,027,000 barrels of which Texas has nearly two-thirds," he declared.

"Of the nation's 24,194,587,000 barrels of liquid hydrocarbons reserves, Texas has 11,646,360,000 in crude oil and 635,037,000 in condensate or a total of 11,476,294,000 barrels," the commission chairman asserted.

He declared that "in the Seeligson Field alone, more than 1,000 barrels of liquid hydrocarbons are being wastefully burned in flares daily. Our order effective April 1 will stop that practice."

He declared there is no shortage of oil. Texas he said has 200,000 barrels additional daily oil producing capacity in fields exclusive of West Texas where pipe lines are filled to top capacity.

Orders of the Railroad Commission have been backed by the Texas and U. S. Supreme Court, Thompson asserted, in criticizing as unnecessary some of the proposed bills now before the legislature, which would make every act of the board subject to individual lawsuit, he asserted.

Monahans C. Of C. Projects Listed In Annual Report

MONAHANS — The varied and far-reaching activities and accomplishments of the Monahans Chamber of Commerce during the last year are listed in an attractive annual report distributed last week at the organization's annual meeting.

"We have tried to make the Chamber a headquarters and clearing house for all who wish to work toward a common objective—a progressive, prosperous, clean, healthful, happy town," the report said.

Glenn Ratliff was the 1946 president, and E. T. Harris has been elected president for this year.

Projects listed in the report include a county hospital, special U. S. Census, T&P anniversary luncheon, city paving, housing, county roads, highway improvement, hotel, airport, Ward County VJ-Day Celebration, new fire engine, municipal bond issue proposal, new post office, publicity, ranching-livestock-farming, clean up campaign, football banquet, and general activities. The report also includes a financial statement.

Molotov Agrees To Marshall's Proposal On China Situation

MOSCOW —(AP)— Soviet Foreign Minister V. M. Molotov, retreating from his demand that the Foreign Ministers Council discuss the situation in China, agreed Wednesday to Secretary of State Marshall's proposal for a written exchange of information on the subject under the 1945 Moscow Conference protocol.

Molotov emphasized, however, that he still believed informal discussions by the Big Three would be a more suitable way to deal with the Chinese problem.

The Russian foreign minister made known his views in a letter to Marshall. He also presumably communicated his views to British Foreign Secretary Ernest Bevin, who called on Marshall at 1 p. m. at the U. S. embassy, where they conferred briefly.

The subject of this talk was not disclosed, but it was believed to deal with the China question. The Molotov letter was delivered Tuesday night.

The proposal that the Chinese situation be taken up during the present conference in Moscow was broached by Molotov at the very outset of the foreign ministers' meetings.

Marshall's position was that he could not consent to a discussion of Chinese problems unless representatives of China were invited to sit in on the talks—a position with which Molotov did not agree. Marshall then proposed that the ministers exchange written information by April 1, making copies available to the Chinese government.

Frozen Food Lockers Available At A&M Packing Company

Spring months bring thoughts to Midlanders' minds of the value of frozen food lockers which are available at the A and M Meat Packing Company.

Out of the 1,459 lockers in the plant, 100 are available at present. When the peas and beans, which are now being planted by Midland gardeners, begin to produce the value of these lockers will be even more greatly realized.

As for meat, the packing company now has selected young fed calves prepared especially for locker use. These are available to anyone.

The plant is now slaughtering, dressing and processing approximately 30 animals daily.

Repairs have been made on the present building and the planned \$75,000 building will be started as soon as materials are available.

The packing company, which is the only federally-inspected plant between Fort Worth and El Paso, is owned by S. L. Alexander and managed by Henry Brooks.

Convict Proves He's Law Abiding

SALT LAKE CITY — (P) — A stranger lugging a suitcase and a guitar showed up at the state prison's main gate. "Go tell the warden I'm here," he told the guard. "He's expecting me." The warden was, too. It seems that Judge Will L. Hoyt at Nephi, Utah, had sentenced the man to prison and with the view of saving the state some transportation expense, put the defendant on his honor to report to the prison. He hitchhiked the 90 miles from Nephi to keep his promise.

Deck Table In Easter 'Finery'

Now for Easter: triple-decker shortcake, postwar design in Irish linen, crystal dessert plates.

Famous FORT WORTH food expert *Edith Alderman Deen* gives her favorite grapefruit juice recipe.

Grapefruit Jelly with Sherry

Soak 2 1/2 tablespoons gelatine in 1/2 cup cold water. Stir over heat until sugar is dissolved:
 1/2 cup water
 1 cup sugar
 Dissolve the gelatine in hot syrup. Cool it. Add the contents of:
 2 (9 1/2 oz.) cans grapefruit juice
 3 tablespoons lemon juice
 1/2 cup sherry
 1/4 teaspoon salt
 Pour these ingredients into a well-oiled 9-inch ring mold. Chill the jelly until it is firm. Turn it out on a platter. Fill the center with watermelon balls. If watermelon is not available, substitute soft cream cheese balls rolled in chopped nuts. Garnish the outer edge of the platter with alligator pear slices alternating with skinned grapefruit or orange sections on watercress or shredded lettuce. Sprinkle it with pomegranate seeds. Serve the salad with mayonnaise and French dressing.

By GAYNOR MADDOX
NEA Staff Writer

Spring and Easter — that's a double call for freshness, newness and delicacy to the menu planner. For dessert, try a new old-fashioned triple-decker shortcake with the early strawberries.

Southern Triple-Decker Shortcake (Serves 6)
 Two cups sifted cake flour, 2 teaspoons baking powder, 1/2 teaspoon salt, 1/8 teaspoon powdered cloves, 8 tablespoons fortified margarine or butter, 4 to 5 tablespoons ice water.

Sift together flour, baking powder, salt, cloves. Add 4 tablespoons fortified margarine or butter and cut into flaky bits through the flour, using pastry blender or 2 knives. Stir in ice water sufficient to make a well blended but not soft dough. Roll out to 1/4 inch thickness. Spread with half the remaining margarine or butter. Fold in thirds. Again roll out to about 1/4 inch thickness. Spread with remaining 2 tablespoons margarine or butter, fold in thirds. Roll out 1/4 inch thickness. Cut with scalloped cutter, making 18 little shortcakes. Bake on biscuit sheet in hot oven (400 degrees F.) about 10 minutes. Brush or spread with extra margarine or butter. Put together as triple decker with crushed, sweetened strawberries between and over the top.

For the table—centerpiece low and modern, of pink and white carnations, drawn pink roses with blue lace flowers to accent. Arrange in a crystal bowl. Place on Irish linen cloth in new postwar design. Use the lovely new crystal dessert plates and goblets. Then bring on your special Easter menu, planned by Gertrude Blair, outstanding food authority:

Shrimp salad, spring lamb with rosemary, mint sauce, new potatoes with parsley butter, green lima beans, tossed green salad with tart French dressing, poppyseed rolls, butter or fortified margarine, triple-decker strawberry shortcake, coffee.

ARMED FORCES HELP RAILS
 It is estimated that 40 per cent of the total U. S. railroad passenger traffic in 1944 consisted of members of the armed forces and a substantial portion of the remainder represented movements of the families of service people.

Finding WHAT WE LOOK FOR

You and I usually find in life what we look for. And what we find is often a reflection of what we are.

A man who looks for trouble can find it in abundance. The person who looks for truth and beauty somehow seems always to come upon it.

One of the remarkable qualities of Jesus was that insight which enabled Him to see men not only as they were, but also as they might become. He saw Matthew, the successful business man. He also saw Matthew, the loyal disciple, writer of a Gospel story that would never die. And He said, "Matthew, follow me." And Matthew left all and followed Him.

There is much of evil and wrong in the world about us. Much that is discouraging! Much that is cruel! Much that is unkind! God needs men and women through whom He may work to help make right the wrong things of earth. He has given us His Church through which we may work effectively.

Go to Church next Sunday and enlist your services in this great endeavor. The Church needs you even as you need the Church!

**THE CHURCH FOR ALL . . .
ALL FOR THE CHURCH**

The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend and support the church of his choice. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church on Sunday and read your Bible daily.

Taste Thrill Tops Easter Dinner

Ice-cream surprise makes delicious dessert.

By GAYNOR MADDOX
NEA Staff Writer
Strawberries hidden in white and green ice cream bring Easter dinner to a beautiful and nutritious climax. Ice Cream Surprise is easy to prepare. Get the ice cream from the corner store. The strawberries can be either fresh or quick frozen.

Easter Ice Cream Surprise
(Serves 10-12)
Two boxes strawberries (fresh or frozen), 1 quart vanilla ice cream (bulk), 1 quart pistachio ice cream (bulk).

If fresh strawberries are used, cover with sugar and allow to stand until juicy. (Defrost frozen berries.) Set aside half of strawberries. Slice or mash remaining berries. Line a refrigerator freezing tray with heavy wax paper. Fill a second tray with the pistachio ice cream. Put both trays in freezing compartment; set control at freezing.

The P-52 twin Mustang, a twin-engine, twin-fuselage, low-wing fighter which is the most versatile of its type ever built, can climb almost 7000 feet a minute and boasts a top speed of nearly 500 mph.

Researches in the Western Colorado oil shale area reveal 300,000,000 barrels of oil per square mile, 15,000,000,000 in all.

ing and leave until ice cream is very firm. To Serve: Hit out vanilla-Strawberry block and cut in half; place one-half on dessert dish; top with second half, strawberries in center. Cover side and top completely with long spoonfuls of pistachio ice cream. Surround with whole berries and juice and serve at once. Note: ingredient quantities can be cut in half, if desired to serve 5-6. Serve with maple sugar cookies.

Maple Sugar Cookies
1 One-half cup butter, 1 cup maple sugar, sifted, 2 eggs, beaten, 1/2 teaspoon lemon extract, 1 tablespoon milk, 2 1/2 cups sifted cake flour, 1 teaspoon salt, 2 1/2 teaspoons baking powder, sugar icing (optional).

Cream butter with maple sugar. Add eggs, lemon extract and milk. Sift together the flour, salt and baking powder. Add in small amounts to first mixture, beating well between each addition. Chill 1/2 hour in refrigerator. Roll 1/4-inch thick, dust with brown sugar and cut with cookie cutter. Place on buttered baking sheet; bake in moderate oven (350 degrees F.) about 15 minutes. When cool, cookies may be decorated if desired; make by boiling together 1/2 cup sugar with 2 tablespoons water until it threads, then partly cool and beat until creamy.

U. S. Banks On 'Trust' In Trieste

TRISTE—(P)—A new abbreviation you might as well get used to is "TRUST."

That will be the U. S. Army's short name for the force of 5,000 GI's which, along with like-sized British and Yugoslav detachments, will be stationed in the Trieste Free City zone to help its governor—yet to be named—keep order at the start.

It is derived from "Trieste United States Troops," official designation of the force.

However, the Army admits that soldiers are likely to give the force its unofficial handle, "Blue Devil Brigade," derived from the nickname Axis Sally hung on the brigade's parent division, the 88th, for the fury of its fighting during the Italian campaign.

The 88th is now the major American occupation force in Venezia Giulia, the area on Italy's northwestern frontier which the Italian peace treaty divides up among Italy, Yugoslavia, and the Trieste Free City.

Major Gen. Bryant E. Moore, commanding the 88th, will also command "TRUST," at least until the division ships out for home, with Brig. Gen. Ridgely B. Gaither, now assistant divisional commander, active commander of the brigade itself, and Col. Numa A. Watson, now 88th chief of staff, commanding the infantry regiment which will be its backbone.

Present plans call for most U. S. troops to be billeted in the northern part of the free zone, with few in Trieste itself. However, Army and Red Cross are vying with each other to provide recreational facilities in Trieste, and the Triesteini will see plenty of off-duty GI's.

While British troops will police most of Trieste itself, the Americans will have dock and warehouse privileges on the waterfront, and a large, well-equipped hospital.

Press Gag Boomerangs With Rumors Unbridled

RANGOON, BURMA—(P)—Police Commissioner F. F. Wemyss recently issued an order that no information concerning police activity should be released to the press except through his police publicity officer, who would be available for one hour every day from noon to 1 p. m.

The order boomeranged. The following day four Rangoon newspapers published stories that Wemyss—who was and is very much alive and well—had committed suicide. Beneath the report the papers carried a note explaining that Wemyss' own order prevented them from checking the accuracy of the report.

'George Dixon' Strike Looms On Labor Front

SALT LAKE CITY—(P)—The editor read the sentence again: "Because the CIO and AFL unions are campaigning for George Dixon at the Geneva plant, Gov. Herbert B. Maw has declined an invitation to speak before either group."

Said the slot man to the rewrite man: "Who in the heck is this guy Dixon?"

"I dunno. That's the way the reporter phoned it to me."

The reporter, run to earth, said he didn't say "George Dixon." He said "jurisdiction."

Roaring Fork Railroad Highballs Last Time

NORTON, VA.—(P)—The Roaring Fork railroad has roared its last roar.

The line, which began operation in 1904, was organized as a subsidiary of the Blackwood Coal and Coke Company and once carried a lot of coal as well as passenger trains. Large railroads gradually extended their lines into Virginia's coal fields and the Roaring Fork pulled in its steel tentacles. When the Southern extended a line to Calvin the Roaring Fork let its engine fires die and became a paper railroad.

It's last act was payment of a \$5 fee to the state corporation commission for a dissolution certificate.

Beth Admits She's A Regular Cut Up

ST. LOUIS—(P)—Three-year-old Beth accompanied her parents, Mr. and Mrs. Kenneth Moore, on a visit one evening to the home of friends. The host, anxious to keep the little girl contented, said, "Why don't you take this stack of new magazines off into a corner?"

"What's the use," Beth replied, "I didn't bring my scissors."

Monte Carlo Fete

MONTE CARLO—(P)—Six days of fete, celebrating the 25 years Prince Louis II has reigned in the principality of Monaco, have been arranged for June 25-30.

Australia Satisfied With Its Dakotas

CANBERRA—(P)—Air Minister Arthur A. Drakeford declared recently he and officers of the Australian Civil Aviation Department were satisfied Dakota aircraft were "as safe as any."

Answering a question in the House of Representatives, the minister said Dakotas were used largely in Australia and there had been "very few crashes."

Meanwhile chairman A.W. Coles of the National Airlines Commission said on his return to Australia from a world tour that the Dakotas at present used on the government-operated Trans-Australia Airlines eventually would be replaced with planes mostly of British manufacture.

Vienna Children Still Undernourished

VIENNA—(P)—An examination of approximately 50 per cent of Vienna's schoolchildren by the Vienna health board has revealed that at least 75 per cent of them are undernourished.

In spite of American, Swedish and Swiss programs for providing at least one hot meal daily to each pupil, at least 32 per cent are suffering from "serious" undernourishment, the health board reported.

Musician Lives In Past And Makes Good

CHICAGO—(P)—Herbie Mintz lives in the past, and makes a good living at it, too. Five nights a week he brushes away the cobwebs of time, sits down at a piano in a radio studio, plays a few old tunes, and talks of by-gone days.

He may, for example, gently finger out "Tea For Two." Then noodling softly, he'll recall it was the hit song of "No, No, Nanette." Featured Louise Groody and Charles Winninger. Played here in 1924. Chicagoans were dancing to the music of Isham Jones and Ted Lewis. Sophie Tucker was in town with a five-piece jazz band. The Duncan Sisters were doing "Topsy and Eva."

Mintz aims to "start a chain of recollections." He speaks in conversational tones to create the impression he's in "your front room, playing especially for you."

Mintz is 44 now, but he started in radio when neither he nor the industry was long out of knee pants. As a Northwestern University student and leader of a campus band, Mintz was hanging around Station KYW on Feb. 12, 1922. A scheduled speaker failed to appear. A straw-grasping announcer pushed Mintz up to a studio piano, and thus pushed him into a career.

Radio Has Changed. Radio has changed considerably since the heyday of the Coon-Sanders Kansas City Nighthawks, Graham McNamee, Billy Jones and Ernie Hare. But the appeal of an old favorite tune never changed. Mintz, sensing this, figured there was a fine future in the past.

There were some misgivings in the front office when he went on the air Sept. 23, 1942, with a medley of nostalgic songs and chatter. Mintz harked back to the show "Rosie Marie" and said it had played at the Woods theater. This, fortunately, was a mistake.

The studio switchboard was overtaxed by calls from people who insisted they had seen the musical at the Colonial. This convinced the management that there was a market for memories.

Mintz, on Station WENR at 10:15 p. m. c. s. t. Monday through Friday in a program called "But Not Forgotten," has been hearing from the public ever since. He has received, among other things, 6,000 theater programs dating as far back as 1868, 12,000 pieces of sheet music, and stacks of venerable photographs and newspaper clippings.

"Whenever anybody cleans out the attic," he says, "I get another load of stuff."

U. S. Resumes Cultural Relations With Austria

WASHINGTON—(P)—The State and War Departments have announced resumption of normal cultural relations between the United States and Austria.

A joint announcement released simultaneously in Washington and Vienna said the U. S. hopes this will encourage organizations and institutions in both countries to promote cultural exchanges.

The U. S. move was made in accordance with the Moscow declaration of 1943 regarding Austria and with terms of the Four Power Agreement on new control machinery for Austria of June 28, 1946.

Higher Education For Army Cooks

CAMP LEE, VA.—(P)—The Army thinks it can improve on its chow. With this in view a completely new program of cook training is being planned at the quartermaster school here. The course will last 12 instead of 8 weeks.

Approximately 36 percent of the world's gold supply comes from the Union of South Africa.

Australia Has Favorable Trade

SYDNEY—(P)—Australian trade with the United States showed a large Australian export surplus for the seven months ended January 31, according to Commonwealth Statistician Dr. Roland Wilson. Largely because it is purchasing more Australian wool than any other country, the United States took exports amounting to approximately \$93,176,000 during the seven months.

Imports from the United States amounted to \$64,265,400, leaving an export surplus for the seven months of approximately \$28,910,600.

Costa Rica exported more than 150 tons of live turtles in 1945.

Boy Finds Police Efficiency Slipping

SPRINGFIELD, MO.—(P)—Seven-year-old Bobby Joe McCord's confidence in the police department was shaken when he went to the station for the second time in three months to report a stolen bicycle and the officers took six hours to find it. He was in tears last Christmas day when he first related to police the theft of the bicycle he had received as a present only a few hours earlier. But he left the station wide-eyed that time after officers, who already had found the bicycle, turned it over to him.
