PURE AND HUMBLE WILDCAT GETS FREE OIL IN DST

The Pure Oil Company and Humble Oil & Refining Company No. 1 Cowden, wildcat in extreme Southwest Andrews County, three-quarters of a mile north and one-half mile east of the Devonian producers in the Dollar Hide field, was drilling ahead below 6,780 feet, in lower Permian lime, after taking a drillstem at 6,700-80 feet.

The tool was reported to have been open two hours. An unmeasured amount of gas showed at the surface in 20 minutes after the tool was opened.

Recovery was the 1,000-foot water blanket and 1,860 feet of 41-gravity oil. The bottom 100 feet of the oil was slightly cut with drilling mud.

Open flowing bottom hole pressure was 850 pounds. After taking a little more section operator likely will try another drillstem test.

This wildcat, located 1,980 feet from west and 660 feet from north lines of section 24, block A-52, ps1 survey, was originally started to drill to around 10,500 feet to explore the Ellenburger.

Operator representatives have not revealed whether the project will be continued to the deeper zones if it develops enough oil to make a commercial producer from the zone now being investigated.

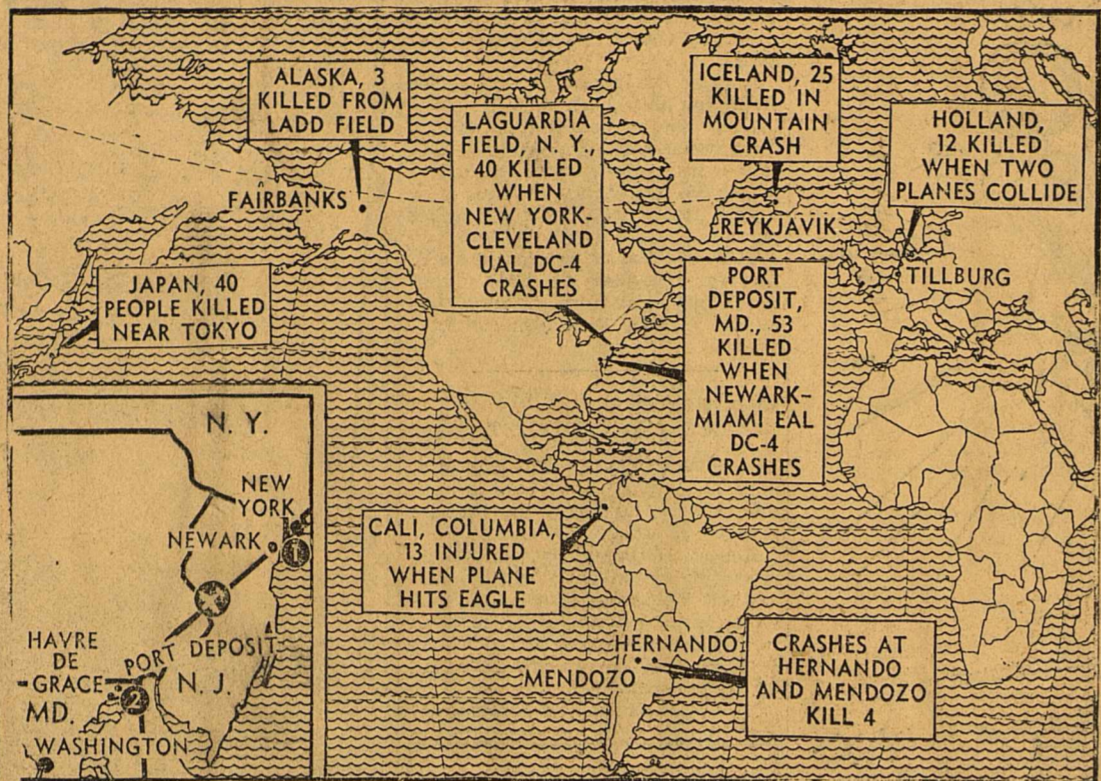

Some of the wells in the Dollar Hide field, which have been finished from the Devonian, have shown possibilities of production from the section which is producing the oil in the Pure and Humble wildcat.

## Where Plane Crashes Took 177 Lives In Two Days

(NEA Newsmap)  
Large map shows where at least 177 persons died in airplane crashes throughout the world in less than two days, marking the most disastrous period in peacetime aviation history. Three worst crashes, at New York; near Port Deposit, Md.; and Tokyo, involved American planes. Inset map shows closeup of areas where 40 died when a Cleveland-bound UAL DC-4 crashed in take-off from LaGuardia Field, N. Y., (1) and 53 were killed in crash of Newark, N. J.-Miami, Fla., EAL DC-4 near Port Deposit, Md. (2).

# Marshall Cuts Off Credit To Hungary

## Miners' Stand May Influence Labor Bill Ok

WASHINGTON (AP)—Congress may have to cut short its summer vacation if (1) the threatened coal strike develops and (2) the labor disputes bill up for final passage this week becomes law.

Predicting last week's collapse of wage negotiations will "stimulate" President Truman to sign this bill, Senator Ellender (D-La.) said Congress in any event may have to take a direct hand if John L. Lewis calls his United Mine Workers out of the pits.

In the absence of a new law, Lewis could do this after June 30 without the threat of federal intervention. That is the date expiration of the Smith-Connally plant seizure law forces the government to turn the mines back to private ownership.

The miners already are scheduled to go on a 10-day vacation beginning June 27, so any walkout under their traditional "no contract-no work" policy would be delayed beyond that point.

Under terms of the bill, an injunction sought by the attorney general would hold for a total of 90 days. After the first 60 days, the National Labor Relations Board would be required to hold an election among union employees to determine whether they wanted to accept the latest management offer or go on strike.

A vote to strike would send the matter to the President, who would be directed by law to submit the question to Congress with recommendations for "appropriate action."

## How Coal, Steel Wages Compare

# New Red Regime Blamed

WASHINGTON (AP)—Secretary of State Marshall Monday ordered suspension of an unused half of a \$30,000,000 credit to Hungary, where a pro-Communist regime has just been set up with Russian support.

In a statement Marshall also said the United States "wishes every success" for the new non-Communist Italian regime formed by Prime Minister Alcide de Gasperi. He said:

"We shall continue to give aid to the Italian people who have demonstrated their sincere and abiding faith in Democratic processes for the preservation of their individual liberties and basic human rights."

The \$30,000,000 credit was granted Hungary Feb. 15, and about \$15,000,000 has not yet been utilized.

The Hungarian credit was granted for the purpose of buying American surplus property.

The suspension of the unused half was announced as a tentative step, pending clarification of developments in Hungary, where Premier Ferenc Nagy and other non-Communist government officials were ousted last week.

In addition, Hungary recently promised a \$7,000,000 credit to buy American cotton. A State Department official said the status of this has not been decided.

## World's Top Cowhands Vs. World's Toughest Stock In Midland's Rodeo Event

The world's top cowhands against the world's toughest rodeo stock will assure thrills, spills and excitement galore for spectators attending the 12th Annual World Championship Midland Rodeo opening Thursday at the plant of Midland Fair, Inc., on East Highway 80. The big show will continue through Sunday night.

The rugged rodeo stock, furnished by Everett Colborn and Gene Aulry of the World Championship Rodeo Corporation, arrived in Midland Monday and is ready to match wits and spirits with the contestants who are anxious to share in the prize money which totals more than \$7,500.

Officials said many of the nation's outstanding rodeo performers have filed entrance fees or have advised Midland Fair, Inc., they will be here to take part in the Western events.

Cowgirl Sponsor Contest entries still were being received at the Chamber of Commerce Monday and Hollis Tyson, contest chairman, predicted more than 40 cowgirls will vie for the attractive prizes valued at more than \$1,250.

Opening Day Parade  
A mammoth horsemen's parade at 4 p. m. Thursday will officially open the 1947 celebration. William Murray, Texas Railroad Commissioner, will be among the dignitaries in the parade, which will be led by the Midland High School Band, official musical organization for the rodeo. H. G. Bedford, parade chairman, Monday invited all riders to enter the parade. He said everyone in the parade, however, will ride at his own risk.

Midland Rodeo is the talk of the city and section as rodeo week gets underway here. The decorating of the downtown section is practically complete and hundreds of citizens are attired in rodeo regalia.

Rodeo tickets are being sold at a rapid clip in the advance ticket sale campaign. Johnnie B. Mills, general chairman, said his volunteer workers are meeting with unusual success in ticket sales in Midland. J. D. Dillard and Hal Peck did a "land office" business among oil and supply companies in Midland and Odessa last weekend. Rodeo tickets are on sale at the Chamber of Commerce office in the Scharbauer Hotel.

The opening rodeo performance will be at 8:30 p. m. Thursday. Other performances are scheduled Friday, Saturday and Sunday nights and at 2 p. m. Sunday.

## Two States Count At Least 43 Dead After Tornadoes

By The Associated Press  
Storm-lashed Arkansas and Oklahoma Monday counted at least 43 dead and hundreds injured from tornadoes which swept through rural areas causing thousands of dollars of property damage.

Hardest hit was a heavily populated agricultural region near Pine Bluff in Southeastern Arkansas. Thirty-seven bodies were reported recovered and about 15 persons were believed missing.

A large proportion of the dead were children.

Hundreds were injured Sunday as the twister leap-frogged across the rich Arkansas farming area, narrowly missing Pine Bluff, a city of 40,000.

In Oklahoma, three-fourths of the town of Leedy, population 600, was leveled Saturday night. Six persons were killed and about 25 injured.

In Sunday's Arkansas storm, estimates of the number of homes destroyed ranged as high as 1,000.

So great was the force of the wind bridges "were literally blown away across bays" and trees were ripped to splinters.

Whole Families Wiped Out  
"Whole families—negro and white—were wiped out," said Pine Bluff Mayor George Steed. "I saw 10 negroes all in one heap. The buildings were leveled and the only evidence some had ever stood were the foundations."

The storm moved over a 20-mile course, across flat country broken only by bays and hardwood timber stands in the lowlands. Mayor Steed said the storm area extended roughly from 10 miles Southwest of Pine Bluff to 10 miles Southeast of the city.

Some rural communities in the path of the storm were reported virtually wiped out. Many frame houses of tenant farmers were in the area. The National Guard was called out to prevent possible looting.

The alertness of Jack Sapp, a telephone worker, was credited with holding down the death toll in the Leedy, Okla., storm. He saw the twister approaching and turned on the town's fire siren and shouted warnings over a loud-speaker system.

Leedy is south of Woodward, Okla., where 102 were killed April 9 by a tornado. Saturday's twister entered Northwestern Oklahoma from Texas and passed near Gage and Arnett, Okla., before striking Leedy.

## House Approves July 1 Starting Date For Tax Cut

WASHINGTON (AP)—The House Monday stamped its final approval on Republican-backed legislation to reduce income taxes July 1 by \$4,000,000,000 annually. Routine Senate sanction is expected to follow Tuesday.

The bill then would go to President Truman, confronting him with one of his biggest decisions since the GOP took control of Congress—the question whether to veto it. The President has contended this is not the time for tax-cutting.

The legislation, first introduced in the House when Congress convened in January, would trim individual income taxes from 10.5 to 30 per cent, beginning July 1.

## Turtle Bites Midland Girl; Conducting Test For Possible Rabies

Latest Midland animal to fall under suspicion of having hydrophobia is a turtle.

The reptile, belonging to the dry land turtle family, bit seven-year-old Andrea Bea Cole, daughter of A. B. Cole, Jr. Next day the turtle died.

Thinking of the possibility the turtle had been bitten by a rabid dog or varmint, the girl's father and W. M. Howard of the health unit here sent the reptile's body to Austin Sunday for laboratory examination.

## Dry Win Temporary Stall In House

AUSTIN (AP)—A legislative wet-dry fight ended in at least temporary victory for the drys Monday as the House refused to concur in a Senate amendment to a liquor regulation bill allowing wet elections by justice precincts or incorporated towns in dry counties.

The House voted 62 to 60 to send the measure, by Rep. Augustine Celaya of Brownsville, to a free House-Senate committee to work out an agreement.

## Texas Senate Passes New Parole Measure

AUSTIN (AP)—The Senate Monday unanimously passed a complete rewrite of a House-approved bill designed to tighten the state's parole and probation laws.

Senate opinion agreed the bill is still not in its final form and will have to be worked out in a Senate-House conference committee.

Meanwhile, the House passed and sent to the Senate a resolution calling for a 10-man legislative committee to investigate Texas' prison system between sessions.

The Senate-passed version of the parole and probation bill by Rep. George Parkhouse of Dallas embodies sweeping changes from the original writing. The bill does not change the present system of issuing pardons, dealing only with paroles and probation.

## Yugoslavia Rejects U. S. Protest On Property

WASHINGTON (AP)—Yugoslavia has rejected a United States protest against removal of "important and valuable" Italian property from the Yugoslav occupation zone at Trieste.

The State Department Monday disclosed Marshall Tito's government replied May 12 the property belonged to "Fascists" and the United States had permitted such removals from its own occupation zone.

## Britain's Plan Given To India; No Bloodshed

NEW DELHI (AP)—Britain's plan for withdrawal from India after a century and a half was placed before seven Indian leaders by Viceroy Lord Mountbatten Monday as heavily armed troops and police stood by to prevent new outbreaks of communal violence.

Despite fears the conference might be the signal for fresh demonstrations by this teeming country's widely divided political and religious faiths, no incidents had been reported here up to mid-day when the smiling but tight-lipped Indian leaders emerged from the vice-regal palace.

None of the Indian conferees—who included representatives of the predominantly Hindu Congress party, the Moslem League and the Sikhs—gave any indication of the nature of the plan presented to them or of their reaction to it.

## SW Hale Wildcat Said To Be Low To Irish Field

Union Oil Company of California No. 1 McCutchen, wildcat in Central Coke county, about three miles east of Robert Lee, and in section 44, block I-A, H&TC survey, was bottomed at 6,746 feet, in an unidentified formation, and was taking a Schlumberger survey, according to operator's report.

No official information has yet been released regarding any shows which may have been logged, or concerning the future program for this prospect.

## Weather

Fair Monday afternoon, night and Tuesday. Not much change in temperature. Maximum temperature Sunday in Midland was 94 degrees, minimum 66 degrees. Minimum Monday morning was 64 degrees, climbing to 85 degrees at 11 a. m.

## LATE NEWS FLASHES

WASHINGTON (AP)—The Senate Judiciary Committee Monday approved the nomination of Rep. Robert Ewing Thomason (D-Tex) to be U. S. district judge for West Texas.

TROYES, FRANCE (AP)—Fire which started Monday in gasoline storage tanks here caused damage estimated at 300,000,000 Francs (\$2,500,000).

LONDON (AP)—Herman Darewski, 64, Russian-born composer and band leader died here Monday.

PARIS (AP)—A bakery strike closed 40 per cent of the Paris bread stores Monday.

BEIRUT, LEBANON (AP)—Beirut newspapers Monday reported five persons were killed Sunday in clashes growing out of protests registered by opposition candidates over the conduct of the May 25 parliamentary elections.

## Unification Of Armed Services May Get Attention Before Consideration Of Plan For Universal Military Law

WASHINGTON—Supporters advanced an armed services unification bill as a partial answer—and probably the only one Congress will give this year—to a Presidential commission's call for an immediate universal military training law.

With lawmakers sharply split over the training question, Senator Hill (D-Ala.) told a reporter the commission's assertion that American military forces have become "a hollow shell" presents a "powerful argument" for speedy passage of the unification measure.

The commission said in its report, made public Monday night, either the United States inaugurates a \$1,750,000,000 to \$2,000,000,000 a year military training system and spends more billions on preparedness or it invites possible "extermination" in atomic warfare.

It recommended a six months basic course for most young men of 18, with several alternates by which they would acquire the equivalent of six months advanced training. While some of these would permit inductees to continue their schooling, it was evident the report failed to allay the fears of some legislators on this score.

Chairman Andrews (R-NY) said the House Armed Services Committee may open hearings on the commission report within two weeks, but he agreed the prospects for any action this year are virtually nil.

But Hill said he is certain Congress will act favorably on the pending unification bill, expected to be sent formally to the Senate floor Wednesday after a final vote by the armed services committee.

## Hollowell And Hester Returned As Pastors Of Midland Churches

The Rev. Howard H. Hollowell and the Rev. Lennox Hester were returned as pastors of Midland's First Methodist and Wesleyan Methodist Churches, respectively, at the close of the 38th session of the Northwest Texas Methodist Conference in Amarillo Sunday.

The Rev. O. P. Clark was returned as superintendent of the Sweetwater District of which Midland is a part.

## Midland Fliers Boost Rodeo Again Sunday

Aerial boosters of Midland's rodeo made another successful flight Sunday, visiting Lamesa, Lubbock, Spur, Stamford, Abilene, Sweetwater and Big Spring.

Members of the flying caravan reported excellent response at every stop, and all persons and planes returned safely to Midland on schedule.

## Supreme Court Holds Boston Mayor Guilty

WASHINGTON (AP)—The Supreme Court in effect upheld the conviction of Mayor James M. Curley of Boston on mail fraud charges.

The high tribunal refused a request by Curley that it review and reverse a decision by the U. S. Court of Appeals here which affirmed his conviction. The refusal leaves the Court of Appeals decision in effect.

The 72-year-old mayor was sentenced to 6 to 18 months in jail and fined \$1,000.

Curley's attorneys may ask the Supreme Court to reconsider its refusal, but such requests are rarely granted. Court rules allow them 25 days to act.

## Private Utilities Buy Government Electricity

WASHINGTON (AP)—The Bureau of Reclamation Monday said privately owned utilities were its best customers for electricity during the last fiscal year.

A survey for the year ended June 30, 1946, showed private utilities paid 42 cents of every dollar received by the bureau from the sale of its hydroelectric power.

## Lubbock County Wage Hike Unconstitutional

AUSTIN (AP)—The attorney general Monday ruled a legislative-enacted bill authorizing Lubbock County to grant salary increases up to 20 per cent for certain of its county officials is unconstitutional.

The bill applied to deputies, clerks and assistants of district, county and precinct officials.

The bill stipulated its provisions applied only to counties in a population bracket of 51,782 to 52,500 inhabitants, according to the last preceding decennial census.

## Tired, "All-In"—Listless Feeling Brought To Halt

As Vibrant Energy Is Released To Every Muscle, Fibre, Cell

Do you get up in the mornings still tired, feel down-and-out all day? Have you checked-up on your blood strength lately? Overwork, undue worry, cold, flu or other illness often wears down the red-blood-cells.

Every day—every hour—millions of tiny red-blood-cells must pour forth from the marrow of your bones to replace those that are worn-out. A low blood count may affect you in several ways: no appetite, underweight, no energy, a run-down condition, lack of resistance to infection and disease.

To get real relief you must keep up your blood strength. Medical authorities, by analysis of the blood, have by positive proof shown that SSS Tonic is amazingly effective in building up low blood strength in non-organic nutritional anemia. This is due to the SSS Tonic formula which contains special and potent activating ingredients.

Also, SSS Tonic helps you enjoy the food you eat by increasing the gastric digestive juice when it is non-organically too little or scanty—thus the stomach will have little cause to get balky with gas, bloating and give off that sour food taste.

Don't wait! Energize your body with rich, red-blood. Start on SSS Tonic now. As vigorous blood surges throughout your whole body, greater freshness and strength should make you eat better, sleep better, feel better, work better, play better, have a healthy color glow in your skin—firm flesh fill out hollow places. Millions of bottles sold. Get a bottle from your drug store. SSS Tonic helps Build Sturdy Health.

## Annual Meeting Of First Church Of Christ, Scientist, Held In Boston

BOSTON, MASS.—Affirming that God rules the affairs of man, the Christian Science board of directors told the annual meeting of the First Church of Christ, Scientist, in Boston, that neither fear nor animality can give evil power to boast itself over good.

Supporting this challenge, Mrs. Helen Chaffee Elwell, newly elected president of the mother church, urged both pulpit and press to unite in a crusade of righteousness. The hour has struck, she indicated, "for the church to dare to be a David."

To "the harassed employer and the dissatisfied worker" and to nations generally, the directors and the president of the church held out the hope of harmony, not as a miracle, but rather as a simple witnessing to the fact that amity springs naturally from the application of spiritual power.

Not only improved industrial relations and better government, but also the health of the individual can be attained through spiritual understanding, the directors contended.

Continuing in this theme, Mrs.

### IF BACK ACHES DUE TO KIDNEYS

Flush Them Out This Doctor's Way

If excess acidity of your urine makes your back ache so you groan... so you get up 3 or 4 times a night to pass water, now be of good cheer.

Three generations ago a famous doctor noticed that hundreds of his patients had this backache. He developed a medicine made of exactly the right amount of 16 herbs, roots, vegetables, balsams—truly Nature's own way to relief.

Now millions have used it. The medicine is Dr. Kilmer's Swamp-Root. Instantly you take it, it starts to work flushing out those excess acids that may be causing your backache... increasing the flow of urine to help ease that burning sensation when you pass water... and bladder irritation that makes you get up nights. Caution: take as directed. You'll say it's really marvelous.

For free trial supply, send to Dept. W, Kilmer & Co., Inc., Box 1255, Stamford, Conn. Or—get full-sized bottle of Swamp-Root today at your druggist.

MRS. HELEN C. ELWELL  
Incoming President of the First Church of Christ, Scientist, in Boston, Massachusetts.

Elwell said: "There are those who see little hope for amity among the nations, who even despair of establishing harmony, peace, or even friendliness among the families of the earth. Their world is dark, indeed."

The directors' and the mother church president's remarks highlighted one of the largest annual meetings in years, with members of the church in session from various parts of the world.

The Christian Science Monitor, the trustees disclosed, attained new circulation peaks in 1946 and gained an increase of 2,500 new ad-

## CHIROPRACTIC...

is founded upon truth and the correct application of a basic law. So fundamentally sound is the principle of Chiropractic that it conquers disease and restores health to tiny babies.

The Chiropractor does but one thing. He clears the nerve channels in the spinal column and sets free nature's forces. He gives her the go sign and that is all that is needed. Nature knows what she is about and with the nerve channels clear, she is not long getting you well.

CUTS FROM CASES:

V. L. Case Number 11,538, woman, age 28, had a low back pain and her legs were weak. She was nervous and often had headaches and trouble about concentrating. She had no energy and just had to drive herself to work. Then someone induced her to try Chiropractic and it made a great change. The life forces within were set free and she was soon feeling fine.

## UMT Plan Awaits Final Action By Legislatures

By JAMES MARLOW  
WASHINGTON —(P)— There'll be much talk now, but don't expect the sore subject of universal service to be settled this year.

Talk of such a program was revived with a big bang over the holiday weekend. It can't happen until, or unless, Congress passes a law.

But Congress, which wants to quit for 1947 by August 1, is already loaded down with work without tackling this problem.

There's been talk of compulsory training for the past two years, but this is how it broke about again over the weekend.

A special commission, created by President Truman six months ago to study the subject, made its report.

**Suggests One Year**  
The report recommended about a year of military training for young men. It said we need trained men in case of a "sneak" atomic attack.

Last Friday a group of Republican senators issued a statement of their own, saying they were making a study of the whole problem of national defense.

When will the Republicans' full study, which seems to be paralleling that of the President's commission, be ready?

Some time before Congress goes home for the summer, probably.

One of the Republicans, Senator Dworshak of Idaho, said a staff of senators' assistants has been working on the study three or four months.

Since it seems certain Congress can't do anything about either study until 1948, which is a presidential election year, this writer asked Dworshak:

"Do you think compulsory military training may be a campaign issue in 1948?"

The senator said: "No. No one would let his country's welfare, the national defense, get involved in politics."

Barnsdall Oil Company No. 1 Elliott-Federal, one mile north and the same distance west of the Drinkard field, in East Lea County, New Mexico, ran a two-hour-and-ten-minute drillstem test at 6,635-6,709 feet.

Gas showed at the surface in two hours and seven minutes. It was insufficient to measure.

Recovery was 35 feet of drilling mud, 180 feet of oil and gas cut mud and 390 feet of salt water.

Operator was to run 7-inch casing to 6,800 feet, and cement it there with 500 sacks. A short plug will be set on bottom to try to eliminate the water, and then efforts will be made to develop the shows above the plug, and below the casing seat, into some sort of commercial production.

PRESTIGE

It is one of the priceless satisfactions, when you own a Cadillac, to know that people everywhere approve of your choice. Wherever roads lead and wheels turn, there is general agreement that Cadillac is first among the world's motor cars. Naturally, such prestige could only come from unquestioned leadership over a long period of time—for time is the basic ingredient in a motor car's reputation.

If you are waiting for a new Cadillac—please be assured that every effort is being made to further production. Demand is so great, however, that some delay in delivery is still inevitable. But hold to your purpose! There is no substitute for a Cadillac.

### Items Culled From Other Newspapers

**By JACK RUTLEDGE (Associated Press Staff)**  
The alert Gainesville Register was told by local police a Sherman bank had just been robbed. The Register promptly tipped the Associated Press so we could go to work on the story.  
A quick long distance call was put through to the Sherman Democrat. No, they had heard of no such robbery, they said. But they double-checked. Still no robbery.  
Out of curiosity, the Democrat checked back on the rumor: Gainesville police, they found, had heard it from Denton officers. Denton officers got it from McKinney. Just where McKinney picked it up was not determined.

The Tyler Courier-Times-Telegraph put out a half-page extra edition the day the telephone strike ended. They just didn't have enough paper for more, but wanted the local citizenry to know the good news.

When it rains in the San Angelo area, the San Angelo Standard-Times always prints a growing red rooster on Page 1—growing justly about the beneficial moisture. The rooster has become a tradition, and when it rains, and the paper fails to print the thing, readers protest.

The mascot for the East Texan staff is a cat named Deadline. The paper, published at Commerce by the East Texas State Teachers College, says Deadline is their first feline reporter.

The sports editor of The Bryan Eagle is also a Baptist preacher. He is Milton Maloney, and always takes Saturday off to whip up his sermons. Then he delivers them at two nearby Baptist rural churches on Sundays.

The Dallas Times-Herald had a red face during a recent political campaign. It endorsed the city council candidates of the Citizens Charter Association. But several newsboys inserted pamphlets endorsing the all-Dallas-GI-Veterans party, delivered them to about 200 readers.

The paper carried a Page 1 box explaining that the circulars were unauthorized.

was a fifth member on the team which finished in a tie for fourth place. One afternoon I kibitzed the St. Louis team of A. S. Novack, Pat Ochs, A. E. Stein, James Epstein, and Robert Woodworth, who won the Midwest team-of-four championship, nosing out the famous Chicago team that holds the men's national title.

Look over today's hand and see if you can think of any way to beat five diamonds. Pat Ochs found a way. When his partner led the king of spades, Ochs (West) overtook with the ace and immediately returned the deuce of spades, East winning with the ten-spot.

Back came the queen of spades. Of course overtaking your partner's trick with the ace and leading back the deuce means that you have no more spades, so declarer, who was also out of spades, decided that the percentage favored his trumping the queen of spades with the ace of diamonds, and taking the diamond finesse. This lost to the singleton queen, and down he went, one trick.

**B. Maxwell Outfires Van Ligon, 5 And 3; Wins Midland Invite**

By TANNER LAINE  
A couple of steadies stroked at each other in the finals of the annual Midland Invitation golf tournament Sunday, and bronzed, freckled, 17-year-old Bill Maxwell of Abilene, won over husky Van Ligon of Midland, five and three.

In the semi-finals Sunday morning, Maxwell eliminated Charley Tims of Arlington, defending champion, five and four. Ligon beat out Bill Davidson of Odessa, three and two.

Both Maxwell and Ligon were steady in the finals, but the far-driving and better putting youngster beat the older man. Maxwell was two up on Ligon at the end of the first nine. He shot a one-over-par 37 for the first nine. Ligon shot a 39.

**Ends On 15th Hole**  
Maxwell won the 10th hole and they halved the 11th, 12th and 13th. Maxwell won the 14th and on the 15th he got Ligon. They both got long drives off the tee on 15. Ligon got out of the rough beautifully and edged the green. Maxwell on shot two was just to the left of the green. Ligon pitched on but was short. Maxwell pitched up very close. It was a sweet shot. Ligon conceded Maxwell the next shot for a four and the hole.

Going out, they halved the first two holes with pars. Maxwell took three and four with a par and a birdie as Ligon's putter acted up. They halved the fifth, the sixth, the seventh, the eighth and the ninth holes.

**Scores, going out:**

**Flight Winners:** First flight—Don Starnes of Penwell beat Buster Tuttle of Lamesa, five and four; second flight—Ralph Neal of Odessa beat Harry Lawson of Midland, one up; third flight—John Beatty of Fort Worth beat A. G. Barnard, Sr., of Lamesa, one up; fourth flight—Sam Hefner of Big Spring beat Bill White of Lamesa, one up; fifth flight—Gib Jackson of Odessa beat T. L. Todd of Wickett, one up; sixth flight—O. L. Howard, Jr., of Texon beat Ray Beville of Midland, three and two.

Bill McMahon of Odessa won the consolation championship, beating Bob Maxwell of Abilene, one up. Jimmy Smith of Midland was first flight consolation champion, beating Leian Davison of Midland, one up.

**Other results of the meet:**  
First flight: Chapman beat Paulowsky, 4 and 3; Tuttle Talley, 2 and 1; Starnes beat Barnard, 1 up, 19 holes; Burke beat Farmer, 2 and 1. Semi-finals: Tuttle beat Chapman, 3 and 2; Starnes beat Burke, 4 and 3. Finals: Starnes beat Tuttle, 5 and 4.

Second flight: Neal beat Bullock, 1 up; Black beat Prescott, 2 and 1. Lawson beat Henderson; Bray beat G. Mackey, 7 and 5. Semi-finals: Neal beat Black, 5 and 4; Lawson beat Bray, 2 up. Finals: Neal beat Lawson, 1 up.

Third flight: Beatty beat Green, 4 and 3; Brady beat Markham, 4 and 3.
