**EXCLAMATION POINTS!**  
**Jane Withers And Her  
Fiance From Odessa  
Stop At Airport Here**

Only five persons were at the Midland airport here Thursday evening to greet William (Bill) Moss and Jane Withers when they alighted from the Continental Air Lines plane.

But, that's just the way all concerned wanted it.

Bill, son of Mr. and Mrs. Paul Moss, Odessa, and the noted motion picture actress are engaged to be married next Valentine's day.

Bill was bringing his bride-to-be home to meet the folks.

And, Janie, as Bill calls the former child star, didn't even need the formality of an introduction to know his fiance's mother. Almost before Miss Withers' feet were off the plane's ramp, she and Mrs. Moss were in each other's arms.

Others greeting the party were Alex Ogilvy, Odessa businessman, and Mr. and Mrs. O. E. Scott, longtime friends of Bill Moss. Bill Shoopman, Odessa photographer, and a Midland Reporter-Telegram reporter were present.

Miss Withers' first exclamation was, "Oh, this wonderful wind. I love it." (This reporter remembers her as a screaming, laughing tomboy who was the apple of his own son's eyes not too many years ago. It was nice to see she had grown up into a lovely, vivacious young woman who may not screech now, but who laughs and talks with exclamation points at the end of her words.)

**DEKALB WILL DRILL WILDCAT  
IN SOUTHWEST GAINES**

DeKalb Agricultural Association, Inc., of Lubbock, is to drill a 7,500-foot wildcat in Southwest Gaines County, starting immediately.

It will be that concern's No. 1 E. T. Reyes, and is located 660 feet from south and east lines of labor 6, league 285, Schleicher County School Land survey. That puts it 22 miles southeast of Seminole.

**COSDEN WILL DEEPEN  
NE HOWARD PROJECT**

Cosden Petroleum Corporation of Big Spring has filed a supplemental application with the Railroad Commission, for a permit to deepen its No. 1 N. H. Reed, Northeast Howard County wildcat, to at least 4,200 feet, to explore the lower Permian.

It is 330 feet from south and west lines of section 19, block 30, TP survey, T-1-N, and three miles north of Coahoma. This project was originally started by Norman and Roche, under a permit to drill to 3,500 feet.

At last report it had bored below 3,500 feet in dry lime, and was going ahead.

Apparently Cosden has acquired control and operation of the exploration.

**MIDLAND PROSPECTOR  
PLUGGED OFF DEVONIAN**

Humble Oil & Refining Company No. 1 Mabel M. Floyd, deep wildcat about 15 miles southeast of Midland, in East Midland County, and 660 feet from north and 1,980 feet from east lines of section 16, block 37, TP survey, T-3-S, has apparently failed to develop any sort of commercial production from the Devonian, above a total depth reached of 11,322 feet, in lime and chert.

Operator has plugged the project back to 9,600 feet, with cement, and plans to test indications of production logged between 9,500 feet and 9,600 feet, in a zone understood to be in the lower Permian.

**PETERSBURG OUTPOST HAD  
NO SHOWS**

Standard Oil Company of Texas and Humble No. 1 Hunt, one-quarter of a mile west of the discovery well of the Petersburg field, in Southeast Hale County, and 660 feet from south and east lines of section 6, block OL, EL survey, is bottomed at 7,175 feet, in Cisco lime, topped at 7,155 feet, on an elevation of 3,315 feet.

A drillstem test was taken at 7-156-75 feet for one hour and 15 minutes. There was a very slight blow of air during the period. Recovery was 80 feet of drilling mud, with no shows of oil, gas or water.

**SW ECTOR EXPLORATION  
TOOK A DRILLSTEM TEST**

Humble No. 1 Yarrowborough and Allen, Southwest Ector County wildcat to around 11,000 feet, to explore the Ellenburger, and located 660 feet from north and 1,980 feet from east lines of section 18, block B-14, ps1 survey, was making a blow below 8,445 feet in Devonian lime and chert.

A drillstem test was taken at 8-346-8445 feet, for one hour. There was a slight blow of air at the surface for a part of the time. Recovery was 150 feet of drilling mud, with no shows of oil, gas or water.

This prospector has shown possibilities of producing some amount of oil from higher sections of the Devonian.

**CROCKETT DISCOVERY TO  
TEST LOWER IN SECTION**

Cities Service Oil Company, The Plymouth Oil Company and Humble No. 1-B Owens, West Crockett County discovery for Wolfcamp, had squeezed off perforations in that zone at 5,645-50 feet, and will perforate and test a little lower in the formation.

During an eight-hour flowing test on that zone, through a five-inch bottom hole choke, and a one-inch top choke, on 3 1/2-inch drill pipe, the well made 1454.2 barrels of oil cut with an average of 1.1 per cent sediment and mud, plus two-twentieths of one per cent drilling water.

Maximum gas volume, during the eight hours, was at the rate of 4,410,000 cubic feet per day. Average gas-oil ratio was 9,755 cubic feet of gas per barrel of oil produced.

Operators decided that the well was showing too much gas for the amount of oil being produced. It is thought that by going a little lower in the section the gas-oil ratio can be better balanced and the well completed as a discovery and a good flowing producer.

The well is at center of southwest quarter of northwest quarter of section 6, block GG, H&OB survey.

**SCOTLAND YARD REPORTS  
MORE 'BOMB' LETTERS**

LONDON—(AP)—Scotland Yard reported Friday nine new letter bombs for Britons had been found in the mails, making a total of 20 discovered since early this week.

Reliable sources said all 20 of the "murder by mail" letters had been posted in Turin, Italy. Dispatches from Jerusalem, meanwhile, said the so-called Stern Gang, Palestine Jewish underground group, had announced its European branch has been sending the bombs.

Scotland Yard said some of the new bombs were addressed to former cabinet ministers, but refused to name any of them or to say whether Churchill was among them.

A Churchill spokesman said the explosive minister had no knowledge of any bombs having been sent him.

**CAR CRASH KILLS ONE**

WACO—(AP)—T. E. Ivy, insurance salesman of Jewett, was killed instantly Thursday night in an automobile accident on Highway 84 near Teague. His neck was broken.

**COLLISION KILLS FOUR  
IN TRAGEDY NEAR MART**

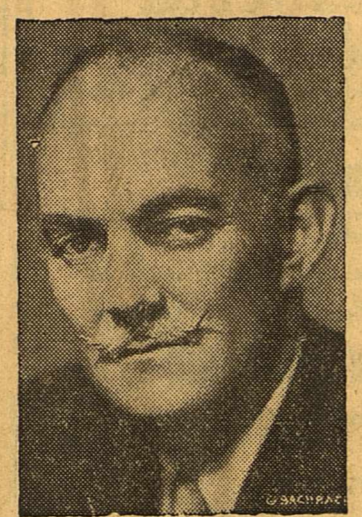

WACO—(AP)—The number of dead as the result of an automobile collision near Mart Saturday had risen to four Friday following the death Thursday night of Mrs. Arthur Bennett of Mart.

Mrs. Bennett's three-year-old daughter, Jennifer, and Leslie Wisniewski 16, of Mart, were killed instantly in the collision. Tuesday night the third victim, Mrs. Emma Wisniewski, mother of Leslie Wisniewski, died of injuries.

**Communist Brags  
Coup Made While  
U.S. 'Rubbed Eyes'**

BUDAPEST—(AP)—Matyas Rakosi, Hungary's No. 1 Communist and virtual dictator, has told factory workers his party took over control of this country "before the United States could rub its eyes."

**To Speak Here**

Cedric Foster, nationally known news commentator, will speak in the Midland High School Auditorium at 8 p. m. Tuesday, under the auspices of the Midland Junior Chamber of Commerce. Foster also will visit Odessa, and following his noon broadcast from that city, he will come to Midland to board an airplane for a flight over the Permian Basin oil fields as a guest of Midland oil men. Tickets for the Midland lecture are on sale at the Chamber of Commerce office in the Scharbauer Hotel.

**Postal Services  
Are Drastically  
Curtailed Here**

Drastic curtailment of services at the Midland Post Office for the remainder of this month because of inadequate funds for normal operation was announced Friday by N. G. Oates, acting postmaster.

Oates said he had requested additional operating funds, but that his request was denied due to insufficient appropriations.

Beginning Friday, only three windows are open in place of the usual five. The stamp window is closed and stamps may be purchased at the parcel post window. Money orders and registry will be handled from one window.

No Special Delivering

The post office will be closed each Saturday, starting this week.

There will be no delivery of magazines and circulars, and the postmaster said it will be useless to call at the office for such mail. He urged merchants to refrain from mailing advertising matter during June. First class parcel post and newspapers will be delivered as usual.

Special delivery service has been halted, and special delivery mail will be delivered as ordinary mail.

Oates said he hoped allowances will be sufficient to again operate under normal conditions starting July 1.

**By Land, By  
Air, By Sea  
Went D-Day**

The English Channel looked like a gutter after a rain with broken sticks and toy boats floating in the runoff water—on D-Day.

We saw it.

And we are sure there are Midlanders here this day, three years from D-Day, who saw it even closer.

Every plane that could fly, flew D-Day.

General Eisenhower told his ground troops "no need to look up the planes will be ours." That was sure true. The invasion of Hitler's arsenal Europe was not contested in the air.

But the ground fight was bloody.

It made a catch in your throat to see the old Battleship Texas out there in the channel lobbing in the shells, striking at Hitler.

D-Day cost plenty. By land, by sea, by air, the cream of American manhood went. The Germans knew they were coming. But they couldn't stop 'em.

The police before the strike was dramatic. England's island was bristling. Oh, how the Germans wanted pictures of it to judge the strength. Why didn't they get them—we will tell you why—the air over Europe already belonged to us.

There was D-Day before V-Day, believe us.

And the funny thing, yet not so funny, at the end of that great day, the boys had one interest.

What was that?

It was this: How did the news affect America. How did you at home take it? It helped a lot that radios said the American people have gone to churches since morning to pray—on D-Day.

**Crowd Record Set**

**Fast, Furious  
Rodeo Events  
Are Thrillers**

By STANLEY FRANK

Estimated at 5,000 or more persons, the largest opening-night crowd in the history of the event crowded the stands Thursday night to see the inaugural performance of Midland's 12th Annual World Championship Rodeo.

The customers were not disappointed. By their hearty applause they demonstrated their approval of the fast and furious contests between outstanding cowboys and unnamed livestock, the thrilling specialty acts, the flashing color of the West on dress parade.

Show officials predicted the remaining four performances—one nightly Friday and Saturday and

**Endless Rows Of White Crosses Are  
Reminders Of D-Day's Anniversary**

CHERBOURG—(AP)—Driving through the checkerboard pattern of hedgerows in Normandy on this third anniversary of D-Day, the breathtaking sight of endless rows of white crosses beneath the apple trees impresses one more than anything else.

When elements of five American divisions landed in Normandy—two by air and three by sea—on June 6, 1944, they opened one of the greatest, if costliest, military campaigns in American history.

Westing the Cherbourg peninsula from the German forces gave the Allies a major seaport and enough space to load the continent with a striking force powerful enough to sweep to Paris within one month after the break through at St. Lo.

But the men who secured the Cherbourg peninsula had to do it the hard way, and nearly 90,000 of them paid with their blood. There are nine U. S. military cemeteries in Normandy where 28,462 white crosses mark the sleeping places of American soldiers dead.

Hedgerow fighting and the hard luck the paratroopers ran into on D-Day are generally accepted as the reason for this overwhelming figure.

The Nazi machine gunner, lying in wait behind the hedgerows, and the Boche, who turned his ack ack fire into the clouds of white silk that were American paratroopers, took a toll of approximately five to one.

There are only about 5,000 Germans buried in Normandy.

**Colorful Parade  
Opens '47 Rodeo**

Which facet on a sparkling blue diamond shines most brilliantly? Which color shaft in a Western sunset is more beautiful than which others? Whose baby has the cutest smile? Which drop of rain is more important when a drouth is broken? Well, that's the way it was with the parade which opened the 12th Annual World Championship Midland Rodeo Thursday's bright afternoon.

Horses, people, contrasting colors in clothes, and the throng that lined the route were blended in a spectacle splash which defies description.

(All this may be an attempt to cover up an inability to describe what was seen, but, if so, so be it.)

One thing seemed to be unanimous. Everybody, in the parade and out of it, appeared to sense here was the official opening of the rodeo. It is like having an ice cold bottle of pop in your hand in 90-degree weather—you know you've got something to quench your thirst, but until it is opened, until the lid is off, anticipation is the only enjoyment possible.

That's what the parade, one of the biggest and certainly one of the most colorful in the event's history, was to the 12th Annual Rodeo in Midland.

The weeks of work and readying for the show had stirred anticipation to a high pitch, but until it was opened officially by the parade, it still wasn't rodeo time in Midland.

Hundreds of people paused to witness the official opening with more than 225 riders, lined the streets along the way, jammed the area on Main between Missouri and Texas. And, they were refreshed under a blistering sun. The sight was worthwhile, and the 12th Annual Rodeo had started in its traditionally glorious and spectacular way.

Traffic slowed gradually to a complete stop along the way as motorcycle police escorted the line followed by flag-bearers, mounted and unmounted.

Up front there was Old Glory, the Lone Star Flag, and music played by the resplendently-clad Midland High School Band. There's a combination to stir the heart of any man. Add some prancing, spotlight-conscious horses, and you've got a West Texan's delight.

Cowgirls with smiles as dazzling as their dress tossed their heads saucily in rhythm timed to their ponies' motion.

Dignitaries, officials and judges. Railroad Commissioner Bill Murray Mayor R. H. (Rusty) Gifford, the JayCees and the Wranglers passed by, waving and joshing.

Too, there was the genuine article—real cowpokes, lean and tanned. As they swayed easily in their saddles, you realized why you never can think of a cowboy without his horse.

And, the oldtimers went by—beards still young showing clearly through weather-and-sun-toughened skin. They were riding along, right down Main Street, so, there couldn't be much wrong with the world.

Youngsters, boys and girls, rode along on full sized mounts with here and there a Shetland.

And, it wasn't too difficult to pick out the contestants. They were the ones with the spirit of competition glowing in careless glances. They could wait another few hours until they got their chance to ride, rope or steer-wrestle with the payoffs in cash to the winners.

The parade ran its course, and the contrast between the chuckwagon and the sleek, new automobile pointing up the fact that a part of the heritage of the Old West lives on in today's rodeo which is more than entertainment. They are vibrant, rough and tough traditions in the flesh, man and horse.

**Argentina's Premier  
Threatened By 'Voice'**

BUENOS AIRES—(AP)—President Juan D. Peron Friday was confronted by new opposition at home, apparently because of policies he adopted to restore friendly relations between Argentina and the United States.

An unidentified voice mysteriously broke into a new for the presidential broadcast Thursday night with the shout: "death to Peron," and there were indications the interrupter was an extreme Argentine Nationalist affronted by the resignation Wednesday of federal police chief Juan Filomena Velazco.

**Polio Incidence Runs  
Low In May For Texas**

AUSTIN—(AP)—An unexpected low in the number of poliomyelitis cases Friday was announced by the state department of health.

The department reported only five cases for the week ending May 31, compared with 26 for the corresponding week last year. During this May 15 cases occurred compared with 51 cases in May, 1946.

"Poliomyelitis continues to remain well below the expected seasonal incidence," the report said.

**Young Jap-American Is  
Held For Wartime Acts**

LOS ANGELES—(AP)—A young Japanese-American, dramatically trapped by an alert ex-GI prisoner, was held without bail Friday on treason charges, accused of being a wartime foreman in a Japanese prison camp on Honshu Island.

Trilled by the Federal Bureau of Investigation for eight months after he was spotted here by the former soldier, Tomoya Kawakita, 25, a native of Calexico, Calif., was arrested late Thursday.

Squat, bespectacled Kawakita was ordered held for the federal grand jury which will consider indictment June 11.

U. S. Attorney James M. Carter declared Kawakita will face the testimony of "close to 100" former American servicemen who were subjected to "unspeakable indignities" in Oeyama Camp on Honshu.

**Midland Bus Line  
Hearing Scheduled**

SAN ANGELO—A Texas Railroad Commission hearing on the application of the Kerrville Bus Company to operate a line from Midland, via Garden City, to Sterling City, will be held in San Angelo June 25.

The commission last fall granted a permit for the Midland-Sterling City route to Robert McKissick, but this certificate was never operated. A hearing was held last month on the application of Bayonet Coaches to purchase the McKissick certificate.

**Odessa American Is  
Sold To J. N. McKean**

ODESSA—(AP)—J. N. McKean Friday became editor and publisher of the Odessa American. George H. Marsh Thursday transferred title of the newspaper to McKean and Ridder Publications.

McKean, former manager of the Monahans Chamber of Commerce and personnel director for the Cagets, and partner in West Texas, was formerly on the staff of the Henderson, Texas, Daily News and the Journal of Commerce, New York.

Marsh will be retained by the new owners as a consultant to the American. Jon Ford will continue to be managing editor.

McKean was a major in the Marine Corps during World War II.

**Midland JayCees  
Talk Up Rodeo**

The Midland JayCees talked up the Midland World Championship Rodeo at a luncheon meeting Friday noon in the Scharbauer Hotel.

The Junior Chamber of Commerce is handling concessions at the annual event. Various workers reported on this project.

Special guests were introduced: Charles G. Cotten of Fort Worth and Woody Wilson of El Paso. Both lauded Midland's Rodeo.

James Mims reported JayCees are sponsoring an appearance of Cedric Foster, noted commentator, in Midland. Frank True reported DDT spraying equipment of Midland will be loaned to Stanton for use in spraying that city, through courtesy of the JayCees (A Red) Pety gave details of the sponsor's dance and popularity contest.

**Bank Robber Was  
Midland Worker**

James Clifton Wheeler, who has admitted he single-handedly robbed a Weatherford bank, worked in Midland just previous to the robbery. He is being held in custody of Fort Worth police.

He was working with a crew laying underground telephone cables along Wall Street.

And, of all things, when he arrived in Midland Wheeler stopped at the police station to get directions to the company for which he worked.

**Murray Protests  
Labor Measure**

WASHINGTON—(AP)—Senator Murray (D-Mont) said Friday the Taft-Hartley labor bill "constitutes a declaration" of the National Association of Manufacturers "is to be the unquestioned spokesman of our economic system."

Murray assailed the bill to restrict union activities as the Republican leadership drove for a final Senate vote and dispatch of the legislation to the White House by nightfall Friday.

Murray lost the chairmanship of the Senate Labor Committee to Senator Taft (R-Ohio) when the Republicans took control of Congress.

Taft stood pat on his prediction the bill will become law even if President Truman vetoes it. That Murray lost the chairmanship of the Senate Labor Committee to Senator Taft (R-Ohio) when the Republicans took control of Congress.

**Clark Flares Up Over  
Vote Fraud Question**

WASHINGTON—(AP)—Senators Friday asked three federal judges and a U. S. attorney to investigate the government's failure to act against alleged Democratic vote frauds in Kansas City.

The witnesses are District Attorney Sam Wear and Judges Albert L. Reeves, Albert A. Ridge and John Caskie Collet.

Senator Kem (R-Mo) declared at the Senate Judiciary Subcommittee hearing the Justice Department failed to make a full inquiry and "there was an effort to whitewash the situation."

Attorney General Tom Clark flushed as he replied: "It is very unbecoming of you, Senator, to indicate I'd try to whitewash anyone. I've prosecuted many big people including two who were in Congress, and big corporations. For you to say it is a whitewash is untrue. I denounce that."

**LATE NEWS FLASHES**

WASHINGTON—(AP)—With President Truman's approval the State Department has drafted a hotly worded note to Russia, accusing the Soviets of illegal interference in Hungarian affairs.

BERLIN—(AP)—German Social Democratic sources Friday said they had information from the Russian occupation zone that hundreds of German youths there were fleeing or going into hiding to escape being taken by the Russians for compulsory labor in Uranium mines in Saxony.

ATHENS—(AP)—Reports reaching here Friday said Greek guerrillas killed and mutilated 30 gendarmes Thursday in a successful attack on a village.

VATICAN CITY—(AP)—Monsignor Carlo Respighi, prefect of apostolic ceremonies and prelate who directed all the ceremonies in which the Pope participated, died this morning.

WASHINGTON—(AP)—Senator Taft (R-Ohio) Friday declared President Truman has "created all the basic conditions which compel high prices."

## Lady Lobbyists

We were surprised to read that there are only 56 women among the nearly 800 persons who have registered as congressional lobbyists. The reason there aren't more Mata Haris in the Capitol corridors is that the pay of women lobbyists is, in a word, lousy.

The highest-salaried of the special-pleading ladies gets \$7,000 a year. Another gets \$6,400. Quite a number are in the \$3,500-4,500 bracket. Then the pay drops off sharply.

Two of the girls get less than \$1,500 a year for buttonholing congressmen. They could make more than that buttonholing in the needle trades. The Civil Liberties Union representative gets \$10 a day when she works, which apparently isn't too often. Several feminine lobbyists get no salary at all.

Even the registered lobbyist of the industrious WCTU receives only \$2,400 a year for promoting the return of prohibition.

Contrast these salaries with what the masculine exhorters draw down in Washington, and you will see why glamor girls like Helen Gahagan Douglas and Clare Boothe Luce run for Congress instead of trying to be the power behind the committee chairman's throne.

The top-paid man in his class draws \$65,000 annually for his efforts. There's a handful getting \$40,000 a year, and quite a few make \$25,000. All these figures are the lobbyists' own, of course. But the evidence remains that the female lobbyist is the victim of rank discrimination.

What's the reason? Surely it can't be that the firms and groups who hire lobbyists don't think that a woman can persuade a man as well as a man can. No, we rather suspect it has something to do with congressmen's wives.

Most congressmen do have wives, you know. The average congressional missus knows that her husband is the target of all sorts of appeals and pressures. Various eager people are bound to corner him and grab his lapel. But the missus would never believe his explanation if he came home with that lapel smelling of perfume.

So we can understand, on sober reflection, why the pressure groups just don't dare risk putting lobbying in glamorous hands. Which probably explains why so many of our pretty girls go to Hollywood or secretarial school instead of Washington.

**HELPS KIDNEYS**  
Remove Harmful Impurities

Backache, loss of the old pep, getting up nights, and headache are often caused by nothing more than improper kidney action due to excess acid in the urine. The kidneys are one of Nature's ways of removing impurities from the blood. And when these impurities back up, trouble may start.

So if you have these troubles, give your kidneys and bladder a good flushing out by taking Dr. Kilmer's Swamp-Root. It works on the kidneys to flush them out, increasing the flow of urine to help relieve that excess acidity and ease that burning sensation when you pass water. . . . helps that bladder irritation that makes you get up nights.

Made of 16 herbs, roots, vegetables, and balsams, Swamp-Root is absolutely non-habit forming. Millions have taken it for three generations . . . often with wonderful results. Caution: take as directed.

For free trial supply, send to Dept. X, Kilmer & Co., Inc., Box 1255, Stamford, Conn. Or—get full-sized bottle of Swamp-Root today at your drugstore.

## JESUS THE WORLD'S GREATEST TEACHER

### YOU IN THE CHURCH THE CHURCH IN YOU

Character is a byproduct of the church. It is here that young and old alike are showered with benedictions that fortify and influence for a better citizenship and a stronger democracy. In the church the ministerial are molding religious character. Statesmen today declare that the church alone can furnish leadership to handle the affairs of state in these perilous times. Then we with our children should go to the church of our choice on Sunday. "You in the Church and the Church in you"—form a combination for good.

Copyright 1946 by  
Williams Newspaper Features  
Box 413, Fort Worth, Texas

Whether judged by subject matter, the method of its presentation, or effectiveness in influencing life, Jesus enjoys preeminence among teachers. The truths which He presented were then, as they are now, of paramount interest and importance. His utterances, without revision, are pertinent to modern life and make universal appeal. In them are heights that no man has scaled; depths which no man has sounded; reaches of length and breadth which no man has explored.

Not only was his word with power to his contemporaries; but it is equally powerful now. Larger numbers of people are learning of him today than ever before; and an increasing host find in him the solution of their problems, and the supply for their needs. He gives accurate and authoritative information concerning man's most serious problems. Millions are now saying: "There was the true light, even the light which lighteth every man, coming into the world." Each will do well to attend the church of his choice each Lord's day and sit at His feet and learn of Him!

Just another reason why the sponsor event of the Midland World Championship Rodeo is so popular and always draws such large entries.  
At a special breakfast for the cowgirl sponsors Saturday morning at 10 a. m. at the Scharbauer Hotel, the young ladies will all receive gift compacts from Cox Department Store in Fort Worth.

**Legislature Passes Vet Bill In Closing**

AUSTIN—(AP)—The State of Texas ran out of money and the 50th Legislature ran out of time a few minutes after noon Friday, bringing the session to a close.  
Presiding officers of both the House and Senate announced the session was over except for the formalities of signing bills and similar matters.  
As the minute hand on the clock crawled past the last five minute mark on the dial, the Senate mustered a 23 to 0 vote to pass the only veterans legislation measure of the session. It had been approved earlier by the House 112 to 0.  
The measure would create a five-man commission to replace the present veterans state service office.

**Four British Citizens See First Rodeo Here**

A. G. Simon and C. P. Coppack of London, England, were interested spectators at Midland Rodeo Thursday night. It was their first rodeo and they were very much impressed with the performance—especially the cowgirls' trick riding. The Englishmen are visitors in the Shell Oil Company area officers in Midland this week.  
Other Britishers who saw their first rodeo here Thursday were Mr. and Mrs. R. A. C. Kindall of Swanton, Cambridgeshire, England, who flew to Midland with Roy Stilwell, Marathon rancher. They are guests of Stilwell who met them while stationed in England during World War II.

**ATC HALTS C-54S FOR TAIL ASSEMBLY INSPECTION**

NEW YORK —(AP)— All C-54 planes of the Army Air Transport Command were grounded throughout the world for one hour Friday while ground crews inspected vertical stabilizer bolts and attached fittings.  
The inspections, requiring little time, would not affect flight schedules, the Atlantic division of the ATC reported.  
In Honolulu, where temporary suspension of the big four-engine transport planes was announced earlier, it was said field reports had found stabilizer bolts and attached fittings "loose and sheared."  
ATC said this condition never had been encountered in inspections of the C-54 fleet which has flown more than 745,000,000 miles in the past 18 months without a passenger fatality.

**McKENNEY ON BRIDGE**

By WILLIAM E. MCKENNEY  
Written for NEA Service  
In the Midwest men's pair event at St. Louis I had the pleasure of playing with an old friend of mine, Jack Simon, associated with one of the oldest brokerage firms in St. Louis. But the best we could do was third.  
Simon's play helped us to get a good score on today's hand. Many of the declarers put too much faith in East's vulnerable overcall. They figured that East had to have either the king or queen of hearts to justify his bid.  
But Simon did not care where the king and queen of hearts were.

He won the opening spade lead in dummy with the ace, took three rounds of trumps, then cashed three diamonds.

Now he simply led a spade. East won the trick with the nine-spot and came back with a heart. West won with the queen, but he found himself end-played. Simon had stripped his own hand and dummy of both spades and diamonds. If West returned a heart, Simon would lose no heart tricks.  
A diamond was the return West made, and Simon ruffed in dummy, discarding the losing heart from his own hand.

League Leading—

**Indians Slap  
 Odessa, 14-3**

Longhorn leaders, the Midland Indians gleefully walloped the Odessa Oilers, 14 to 3, here Thursday afternoon for their 18th victory in the last 20 games and a clean sweep of a three-game series with the visitors.

Welden Stewart kept the Oilers completely hand-cuffed while his mates were hitting quite potently. He struck out nine Oilers and gave only two walks.

The Midland Indians were entertained with a chicken barbecue after the game Thursday. Several fans contributed and got together to give the party. It was held in the city park by Pagoda Pool. Being good to the Indians and giving the event were: C. A. Churchill, O. W. Stice, Doran and Son, Doc Foreman, Chad Gravette, Bill Davis, Melvin Haney, A. B. McCain, E. E. English, J. Bay Roberson, C. C. Hiett, and Stone of Park Inn Cafe.

Midland started the submission of Odessa early. In the last half of the first inning, Alvis hit a home run over the leftfield fence with Eddie Melillo on board.

The Indians got four tallies in the third with Ramsdell hitting a double and scoring E. Melillo and Davis. Nipp hit scoring Prince and Ramsdell.

Odessa got one run in both the fourth and fifth frames. Berez scored on an error in the fourth and Womack hit scoring Roussos in the fifth.

Four more Midland tallies came in the sixth. Alvis spanked out a ball which was error and Stewart scored. Prince hit scoring H. Melillo and Davis. Alvis scored on a high fly to center by Ramsdell.

"Webbsters" Hit Hungry  
 This was not enough. The "Webbsters" wanted more, and got four in the seventh. Davis tripled, scoring Stewart and E. Melillo. Alvis hit double and scored Davis. Prince hit, scoring Alvis.

Odessa got its final run in the first of the ninth. Pearce hit and got on base. Jakes hit a ball which was error and Pearce came

charging home. Alvis, Indian third sacker, had quite a day. He got three hits in four trips including two doubles and a homer and also he hit a sacrifice bunt. Stewart, the pitcher, got two hits.
